Submission No 24

INQUIRY INTO ROAD TOLLING

Name: Name suppressed

Date received: 23 February 2017

Partially Confidential

I am against the imposition of tolls on the M4 as it adds extra burden on our already stressed lives. we use the M4 regularly as its the fastest route to many places and it will be cruel to us and others who live in western Sydney to pay again for using the road. Tolls just rake in money even after the work has been paid off and this means we have to cut down our travelling. thank you
