LEGISLATIVE ASSEMBLY.  
NEW SOUTH WALES.

DEPARTMENT OF PUBLIC INSTRUCTION.

(MINUTE OF THE PUBLIC SERVICE BOARD REGARDING AN INCREASE IN THE SALARY TO MR. J. W. TURNER, SUPERINTENDENT OF TECHNICAL EDUCATION.)

Presented to Parliament pursuant to the provisions of Regulation No. 149 under the "Public Service Act, 1902."

*Printed under No. 1 Report from Printing Committee, 10 July, 1907.*

Public Service Board,  
50, Young-street, Sydney, 7 May, 1907.

DEPARTMENT OF PUBLIC INSTRUCTION.

Salary of Mr. J. W. Turner, Superintendent of Technical Education.

THE Public Service Board have had under their consideration the accompanying application by Mr. J. W. Turner, Superintendent of Technical Education, for an increase of salary. Mr. Turner, who for some months had held the position of Acting Superintendent of Technical Education, was permanently appointed to the position as from the 1st January, 1907, on the recommendation of the Board in their minute of the 15th idem, with a salary of £650 per annum, ranging to £700 per annum, in terms of Public Service Regulation No. 149. The higher rate was that paid to Mr. Turner's predecessor, Mr. G. H. Knibbs, and is the rate which Mr. Turner now asks to be granted to him. This request is favourably recommended by the Under Secretary, who, at an interview with the Public Service Board, has stated that Mr. Turner has now obtained a thorough insight into his duties at the Sydney Technical College, and has been doing very good work there.

In all the circumstances, the Public Service Board have determined, in pursuance of the provisions of section 14 of the Public Service Act, 1902, that Mr. Turner's salary shall be at the rate of £700 per annum, subject to the necessary provision being made therefor by Parliament, to take effect from the 1st July, 1907. This rate is higher than would be payable under the ordinary operation of Regulation 149; and in terms of the last paragraph thereof, the reasons for the departure from the specified scale of increments should be laid before Parliament as quickly as may be.

C. DELOHERY, Member of the Public Service Board.

C. J. SAUNDERS, } Deputy Members of the  
FREDERICK W. NEITENSTEIN, } Public Service Board.

Department of Public Instruction, Sydney, 24 April, 1907.

Gentlemen,

I beg to invite attention to the fact that, although I have been fulfilling the duties of Director of Technical Education since 18th June, 1906, the voted emoluments of the office have not yet been granted to me. I presume that a formal application on my part is necessary, and I have therefore the honor to apply that the salary paid to my predecessor, Mr. Knibbs, may be paid to me from the date upon which I took up the duties of my present office.

Mr. Knibbs was not a member of the Public Service when appointed to the Technical College, and had, therefore, no personal claims on account of service. The salary granted to him, therefore, by the Public Service Board may be regarded as a definite valuation of the duties which now devolve upon me. My total service comprises forty-three years, in the capacities of Public School Teacher, Educational Commissioner, Assistant Under Secretary, and Director of Technical Education. In addition, therefore, to the value of the work performed in my present position, I can reasonably urge my strenuous work in the past as a further reason why no invidious distinction should be made between my predecessor and myself in the matter of remuneration.

In the reorganisation of the College and the extension of Technical Education throughout the State, work of a compelling and highly responsible nature is devolving upon me, and I feel it is only due to myself that the voted salary for the office should be paid to me from the date that I took up the work, namely, 18th June, 1906.

J. W. TURNER,

Superintendent.

The Public Service Board.

Submitted. I think Mr. Turner's request for increase of salary to £700 is a reasonable one. This salary was attached to the position when Mr. Knibbs held it, and Mr. Turner, since taking over the duties, has shown that his management of the institution merits the salary that was previously paid for it. I recommend that Mr. Turner be paid at the rate of £700 a year, and that provision accordingly be made on the forthcoming estimates.—P.B., 25/4/7.

Refer to Public Service Board.—B.B.O., 26/4/7.

**BETTERMENT-TAX—RAILWAYS.**

(MINUTE BY THE COLONIAL TREASURER REGARDING NON-ENFORCEMENT OF, ON CERTAIN LINES.)

*Printed under No. 1 Report from Printing Committee, 10 July, 1907.*

## Treasury Minute.

The Treasury, New South Wales, Sydney, 6 June, 1907.

*Subject:—Betterment Tax—Railways.*

THE Colonial Treasurer reports to Parliament the non-enforcement of the Betterment Tax, provided for in the Statutes authorising the construction of the railway lines specified hereunder, viz. :—

RAILWAY.	RATE OF TAX.
<i>Gundagai to Tumut</i> (Act 64 Vic. No. 43)...	<p>(a) 1d. in £ on the unimproved value of land within 10 miles of line; and</p> <p>(b) <math>\frac{1}{2}</math>d. in £ on unimproved value of land beyond 10 and within 15 miles; and</p> <p>(c) <math>\frac{1}{4}</math>d. in £ on unimproved value of land beyond 15 and within 20 miles of line.</p> <p>And for every year thereafter, and until the Railway Commissioners certify that the receipts for the line during the next preceding year are sufficient to meet the working expenses and interest, at the rate of 3 per centum per annum, on the cost of construction of the line, the said Commissioners shall impose and collect a tax in respect of the said land, at a rate not exceeding that hereinbefore set out, so that the net proceeds of such tax, together with the receipts of the line during the then next preceding year, will amount to, but not exceed by more than 10 per centum, the working expenses of that year and interest as aforesaid on the cost of construction of the line.</p>
<i>Temora to Barellan</i> (Act 2 Ed. VII No. 89)	<p>The rate of tax is similar to that provided in connection with the Gundagai to Tumut Railway.</p>
<i>Bogan Gate to Bulbodney</i> (Act 2 Ed. VII No. 88).	<p>(a) <math>1\frac{1}{2}</math>d. in £ on the unimproved value of land within 5 miles of the line; and</p> <p>(b) 1d. in £ on unimproved value of land beyond 5 and within 10 miles of line; and</p> <p>(c) <math>\frac{1}{2}</math>d. in £ on unimproved value of land beyond 10 and within 20 miles of the line.</p> <p>And for every year thereafter, and until the Commissioners certify that the receipts for the line during the next preceding year are sufficient to meet the working expenses and interest, at the rate of 3 per centum per annum, on the cost of construction of the line, the said Commissioners shall impose and collect a tax in respect of the said land, at a rate not exceeding that hereinbefore set out, so that the net proceeds of such tax, together with the receipts of the line during the then next preceding year, will amount to, but not exceed by more than 10 per centum, the working expenses of that year and interest as aforesaid on the cost of the construction of the line.</p>

RAILWAY.	RATE OF TAX.
<i>Byrock to Brewarrina</i> (Act 62 Vic. No. 42)	½d. per acre for Crown lands within district to be proclaimed, up to such time as the receipts from the railway equal or exceed the working expenses, together with the amount of interest payable on cost of construction.
<i>Grafton to Casino</i> (Act 64 Vic. No. 82)	Revenue from Crown lands within the district to be transferred to the Railway Commissioners up to such time as the receipts from the railway equal or exceed the working expenses, together with the amount of interest payable on cost of construction.
<i>Koorawatha to Grenfell</i> (Act 62 Vic. No. 41)	Every owner of land and every lessee from the Crown of lands within the district declared by proclamation to have been served by the said work shall—in the year in which the line is completed and opened for traffic, and in every succeeding year up to and including the year in which the amount of the receipts from the said line of railway equals or exceeds the amount of the working expenses, together with the amount of the interest payable on the cost of construction, but no longer,—pay, in addition to any sum which he is liable under any Act relating to Crown lands to pay as rent for such land, 1d. per acre within a distance of 5 miles on each side, ½d. per acre within a distance of 10 miles, and ¼d. per acre within a radius of 15 miles.
<i>The Rock to Green's Gonyah</i> (Act 64 Vic. No. 13) (Act 62 Vic. No. 40).	The provisions are the same as those in connection with the Koorawatha to Grenfell Railway, with the exception that the land for a distance of 5 miles from the Rock Station on the main Junee-Albury line was especially excluded.

A Committee appointed by the See Government to investigate the matter reported, on the 12th January, 1904, that after full and complete consideration and discussion of the question of a Betterment Tax in general and of the several Acts in particular which attempt to impose such a tax in special cases, they had arrived at the following conclusions:—

1. That insuperable difficulties exist both in imposing and collecting the taxes hereinbefore dealt with.
2. That the Acts (with the exception of Grafton to Casino, but which should not be taken as a fair example to follow) are unworkable; and—
3. That, with a view to ensuring uniformity and certainty both in amount of taxation levied and in the mode of collecting it, a comprehensive measure is necessary, superseding those under consideration, legislating afresh on the subject of betterment for the lines referred to, and laying down a scheme for dealing with any future similar taxes that may be decided upon.
4. A draft of the Bill should be submitted to all the Departments concerned before being introduced.
5. We are also unanimously of opinion that before any Bill is introduced into Parliament imposing statutory duties on a Government Department, the head of that Department should be consulted, and his views obtained as to the workableness of the proposed provisions.

The Colonial Treasurer considers the principle of a Betterment Tax in connection with railways so unsound that he will not introduce a Bill to deal with it. The construction of lines of railway undoubtedly increases the value of lands in their vicinity; but the reassessment, for taxation purposes, of the lands served by the lines appears to be the only practical way of securing, for the purposes of government, a share of this increment. As the Land Tax has passed to the Shires, it is true that the Central Government would derive no direct advantage from such reassessment; but the revenues of the Shires would benefit thereby, and their funds are expended for public purposes.

J. H. CARRUTHERS,  
Colonial Treasurer.

## RAILWAYS, COMO-HURSTVILLE DEVIATION.

(RETURN RESPECTING.)

*Printed under No. 1 Report from Printing Committee, 10 July, 1907.*

RETURN to an *Order* of the Legislative Assembly, made on the 5th December, 1906,—That there be laid upon the Table of this House, in connection with the Como-Hurstville deviation,—

“(1.) Copies of all papers which enabled the Commissioners, in answer to a certain question, to state, in a Return laid upon the Table of this House, that a locomotive engine of a given power could haul, at a speed of 20 miles an hour, 24 per cent. more between Como and Hurstville in consequence of the grade on the deviation being easier for engines to negotiate than the grade on the old line.

“(2.) A return showing:—

“(a) The class and number of the engine used in the above trial, the boiler pressure employed, the weight of the train hauled, and time occupied travelling between Como and Hurstville.

“(b) The total cost of operating the South Coast line for (a) the twelve months prior to using the deviation between Como and Hurstville, and (b) the first twelve months after using the deviation.

“(c) The cost per ton per mile of operating the South Coast Railway for (a) the twelve months prior to using the deviation between Como and Hurstville; and (b) the first twelve months after using the deviation.”

*(Mr. Broughton.)*

(1.) The return was based on information given by the Chief Mechanical Engineer.

(2.) (a) Prior to the grades being altered on the section, Como to Hurstville, the load for a “T” class engine was equal to 387 tons behind the tender; the running time for the section was 13 seconds, which gives a speed of about 15½ miles per hour. Since the grades were altered, the “T” class engine takes a load of equal to 60 of general goods, or 540 tons behind the tender, and the time allowed is 20 seconds, giving an average speed of about 10½ miles per hour; this is an increase of 39·5 per cent. in the load formerly taken; but as the question asked concerns a load at 20 miles an hour, a “T” class engine will haul a load of 24 per cent. more between Como and Hurstville at this speed on account of the alteration in grade.

(b) The total cost of operating the South Coast line for the year ended 30th June, 1905 (twelve months prior to using the deviation between Como and Hurstville), was £155,469, and for the year ended 30th June, 1906 (twelve months after using the deviation), £164,796. The expenditure during the latter year was unduly heavy owing to the large amount of relaying which was done during that period, viz., an increase of £9,175 over the corresponding period in the previous year. It may, however, be pointed out that the cost of locomotive working shows a decrease of £3,453.

(c) The cost per ton per train mile cannot be given, as the goods and passenger traffic is carried in mixed trains, and it is not practicable to separate the expenditure. The cost per train mile working is the only available test, and this for the year ended 30th June, 1906, exclusive of the special relaying expenditure referred to, is 37·85d., as compared with 39·79d. for 1905.

RAILWAY FROM BROKEN HILL TO MENINDIE.

(PETITION FROM CERTAIN RESIDENTS AND ELECTORS OF BROKEN HILL AND WESTERN DISTRICTS,  
IN FAVOUR OF A.)

*Received by the Legislative Assembly, 5 July, 1907.*

To the Speaker and Honorable Members of the Legislative Assembly for the State of New South Wales,  
in Parliament assembled.

The Petition of the undersigned,—

HUMBLY SHOWETH:—

1. That the residents and electors of Broken Hill and Western Districts deem it absolutely essential that a light line of railway be constructed between Broken Hill and the River Darling at Menindie.
2. That such a line would be of incalculable benefit to the residents of this town and surrounding districts, as it would be the means of connecting Broken Hill with almost an unlimited supply of wood, which could be obtained at a comparatively small cost to the inhabitants.
3. That it would lead, at no distant date, to the establishment of important irrigation settlements at or near Menindie. The industrial products of such settlements would naturally find a ready market at Broken Hill, a city at present containing a population of about 36,000 souls, and daily increasing.
4. That it would be the means of connecting Broken Hill with the nearest permanent water supply in the event of a water famine.
5. That this line could be constructed expeditiously and cheaply.
6. That as the cost of maintenance would be small the line must give a handsome profit.
7. That the work of developing the Western Division under the administration of the Western Land Commissioners is very much retarded by the non-construction of this line.
8. That its construction would give a great impetus to settlement in the Western District, and to the development of the well-known mineral resources of the Barrier.
9. That the people of Broken Hill and surrounding districts would be able, owing to water carriage being cheaper than railway, to procure merchandise and the necessaries of life at greatly reduced rates.
10. Your Petitioners, therefore, humbly pray that your Honorable House will be pleased to take the necessary steps towards the construction of a line of railway between Broken Hill and Menindie.
11. And your Petitioners, as in duty bound, will ever pray, &c.

## RAILWAY FROM COBAR TO WILCANNIA.

(PETITION FROM CERTAIN RESIDENTS OF THE WESTERN DIVISION, IN THE VICINITY OF THE DARLING RIVER, IN FAVOUR OF A.)

---

*Received by the Legislative Assembly, 11 July, 1907.*

---

To the Honorable the Speaker and Members of the Legislative Assembly of the State of New South Wales, Sydney.

The humble Petition of the undersigned residents of that portion of the Western Division of the State of New South Wales in the vicinity of and west of the Darling River,—

SHOWETH :—

1. That the residents and electors of this great Western District desire and are very much in need of a regular and speedy means of communication with Sydney and the other centres of population in the State.
2. That the means sought is the immediate construction of the line of railway from the Cobar terminus to Wilcannia, sanctioned by Parliament, and which has already been surveyed, marked, and started.
3. That the necessity for the line is now of the greatest urgency on account of the large increase of the flocks and herds in the district, as it would assist lessees in time of drought to save their stock.
4. That the work of developing the Western Division under the administration of the Western Land Commissioners will be greatly assisted by the construction of this line.
5. That by the construction of this line of railway a great impetus will be given to settlement in the Western District, and to the development of its well-known mineral resources.
6. That the construction of this line will virtually keep the whole of the trade of this district in our own State.
7. That this line of railway is a necessary link in the extension of our State's railway system connecting Sydney with Broken Hill.

Your Petitioners, therefore, humbly pray that this their Petition may receive earnest consideration, and that the request contained therein may forthwith be given effect to.

And your Petitioners will ever pray, &c.

## MUTINY PENSIONS FROM THE INDIAN GOVERNMENT.

(MINUTE BY THE COLONIAL TREASURER REGARDING SUSPENSION OF ONE OF THE PROVISIONS OF THE OLD-AGE PENSIONS ACT, 1900, IN THE CASE OF CERTAIN OLD-AGE PENSIONERS.)

*Printed under No. 1 Report from Printing Committee, 10 July, 1907.**Subject*:—Suspension of one of the provisions of the "Old-age Pensions Act, 1900," in the case of certain old-age pensioners receiving Mutiny Pensions from the Indian Government.

The Treasury, New South Wales, Sydney, 2 July, 1907.

EARLY last year the Government of India intimated that it had been decided to grant Indian Mutiny Pensions (hitherto confined to residents of India) to indigent Indian Mutiny veterans residing in the British colonies, and the request was made that steps be taken to give the fact full publicity. The promulgation of this information resulted in a number of applications being received from persons resident in this State, some of them being in receipt of an old-age pension from this Government. After investigation, the applications were forwarded to India, accompanied by a report as to the circumstances of each applicant.

The Indian Government subsequently notified this Government that life pensions, ranging from £8 6s. per annum to £48 per annum, had been granted to twenty-five veterans, specifying the amount of pension in each case, and adding that the Mutiny Pensions had been graduated on the consideration that the old-age pensions would continue to be paid.

Under the "Old-age Pensions Act, 1900," a pensioner may hold a full pension of £26 per annum, and at the same time be in receipt of an income from exterior sources not exceeding a similar amount. When, however, the full pension and the exterior income together exceed the total of £52 per annum, a deduction of £1 for every £1 of such excess is made.

Although the old-age pensioners, to whom the granting of the Mutiny Pensions has caused their exterior income to exceed £26 per annum, should, in the ordinary course, have a deduction made from their State pension, the Colonial Treasurer considers that the wish of the Indian Government—that no reduction be made in the old-age pension in the cases referred to—should be met, for the following reasons:—

- (1) That the old-age pension is a recognition of civic duties rendered to our own community by—to quote the preamble to the Old-age Pensions Act—"deserving persons who, during the prime of life, have helped to bear the public burdens of the Colony by the payment of taxes and by opening up its resources by their labour and skill," and who, through misfortune, &c., have fallen into necessitous circumstances.
- (2) That the Indian Mutiny Pension is a special recognition of Imperial military service—that is to say, services rendered to the empire as a whole, in the protection of its possessions, distinct from civic services rendered to the Colony or State in which the pensioner subsequently resided.
- (3) That it would be inequitable to deprive a man of his civil right to an old-age pension because he receives a reward to which he is entitled for special military service rendered by him beyond the limits of our own State, and to the empire as a whole.

As the direction given by the Colonial Treasurer, on the grounds of public policy, not to take into consideration the Indian Mutiny Pension in determining the income of any old-age pensioner, involves the suspension of the provisions of section 11, subsection 2 (a), of the "Old-age Pensions Act, 1900," the matter is hereby reported to Parliament.

J. H. CARRUTHERS,  
Colonial Treasurer.
