CHAIRMAN OF COMMITTEES:—				
John Jacob Cohen, Esquire, appointed, 31.				
Temporary Chairmen appointed, 38.				
<i>Mr. Parkes</i> proceeding to move, pursuant to Notice, That the manner in which the Honorable Member for Petersham, Mr. J. J. Cohen, discharges his duties as Chairman of Committees of this Assembly, exhibits a want of knowledge and understanding of Parliamentary procedure, and a general conduct which is destructive to full and necessary discussion of public questions and detrimental to the value of legislative work,—				
Mr. Speaker stated that, on this motion, the Honorable Member could not discuss the rulings of the Chairman of Committees; the proper place to deal with them was in Committee. Standing Order No. 162 clearly laid down the course to be pursued in taking exception to the Chairman's rulings, and they could not be traversed on such a motion as this. Whereupon Mr. Parkes declined to proceed, and the motion dropped, 146.

POINTS OF ORDER:— RULING OF SPEAKER:— That the Accountants Bill was improperly before the House, as it interfered with trade, and had not been brought in through Committee of the Whole, upheld by Mr. Speaker, 97. That the proposed amendment of Clause 6 of the Forestry Bill, not only obliterated Clause 6 but also practically Clause 7—no amendment could deal with two clauses at the same time, and in that respect it could not be relevant, referred from Committee of the Whole, 117. That it was within the function of this House to discuss any matter and make a recommendation thereon to the Federal Parliament—and motion was in order, 173. That the motion to grant a subsidy to the parents of every child born in the State was only abstract, and did not propose to appropriate or vote any expenditure, and therefore did not require to originate in Committee of the Whole, 173. That the new clause proposed to be inserted in the Defamation Bill was outside the scope of the Bill, and therefore out of order, 305. That Notice of Motion of Business Paper was altogether different to the Notice given in, and that the alterations were not in accordance with Standing Order No. 103. Mr. Speaker ruled the Motion in order, 407.				
ON MOTIONS FOR ADJOURNMENT:— That the wording of the motion should have stated definitely the matters taking place under the State Children Relief Act, and was therefore out of order, 104. That as it was desired to bring a specific case with reference to the State Children Relief Act, under notice the debate would be restricted to that case, 106. That a motion must be restricted to one specific matter of recent occurrence, and motion was therefore out of order, action of Fisheries Board re Oyster Leases, 116, 121. That motion would raise practically the same debate as that which took place on the 12th of August, and was therefore out of order, 163. That the motion for adjournment of the House to discuss the charging of Brewers' License Fees would anticipate a discussion which might take place on the consideration of the Estimates, and was out of order, 293.				
POISONS BILL:— Message from Governor, 292; Motion made (<i>Mr. Waddell</i>) for Committee of the Whole, 304.

S				
SPEAKER (continued):				
RULINGS OF:—				
That the Accountants Bill was improperly before the House, as it interfered with trade, and had not been brought in through Committee of the Whole, 97.				
That the proposed amendment of Clause 6, of the Forestry Bill, not only obliterated Clause 6, but also practically Clause 7—no amendment could deal with two Clauses at the same time, and in that respect it could not be relevant (<i>Referred from Committee of the Whole</i>), 117.				
That, on a motion to censure the work of the Chairman of Committees, the rulings of the Chairman could not be discussed; they should have been dealt with in Committee at the time they were given, 146.				
That it was within the function of this House to discuss any matter and make a recommendation thereon to the Federal Parliament, and motion recommending a bonus to parents of children born in the State was in order, 173.				
That the motion to grant a subsidy to the parents of every child born in the State was only abstract, and did not propose to appropriate or vote any expenditure, and therefore did not require to originate in Committee of the Whole, 173.				
That new clause proposed to be inserted in the Defamation (Amendment) Bill was outside the scope of the Bill, and was therefore out of order, 305.				
That the notice of motion on the Business-paper for the suspension of Standing Orders to admit of the Industrial Disputes (Amendment) Bill being passed through all its stages in one day was in order, as it had been altered in time to be correctly on the Business Paper used in the House, 407.				
ON MOTIONS FOR ADJOURNMENT:—				
That the wording of the Notice in reference to the State Children Relief Act was such that the whole of the Act could be discussed, it was not definite, and was therefore out of order, 104.				
That as it was desired to bring a specific case with reference to the State Children Relief Act, under notice, the debate would be restricted to that case, 106.				
That a motion under 49th Standing Order, must be restricted to a single specific matter of recent occurrence (action of Fisheries Board re Oyster Leases), 116, 117.				
That motion respecting the administration of State Children Relief Department would raise practically the same debate as that which took place on 12th August, and was therefore out of order, 163.				
That the motion for adjournment of the House to discuss the charging of the brewers of this State a license fee in addition to the license fee charged by the Commonwealth was out of order, as it would anticipate a discussion which might take place on the consideration of the Estimates of the Treasurer, 293.				
DISSENT FROM RULING:—				
Motion made (<i>Mr. Arthur Griffith</i>) in reference to ruling to the effect that it is not competent for an Honorable Member to move the adjournment of the House to call attention to the fact that certain definite statements made in the House by a Minister of the Crown were inaccurate and misleading, and negatived, 180.
