For greater accuracy, he had obtained a copy, which he laid upon the Table of the House and ordered that it be recorded in the *Votes and Proceedings*, as follows:—

HONORABLE MEMBERS OF THE LEGISLATIVE COUNCIL, AND
 MEMBERS OF THE LEGISLATIVE ASSEMBLY,—

It is with pleasure that I call you together for the discharge of your important duties in the Fifth Session of the present Parliament.

The financial and economic conditions of the State continue to show steady improvement. The satisfactory financial position, following upon the measures of adjustment undertaken, has made it possible substantially to reduce governmental charges which were hampering operations of industry, as well as governmental charges which were hampering operations of industry, as well as

26th April, 1934.

The decrease in the number of those seeking work is due mainly to renewed activity both in the primary and secondary industries; and my Advisers are earnestly devoting their efforts to those measures which will promote further development and stimulate increased employment. In this connection, as early as possible in the Session, a Bill will be introduced for the establishment of a special organisation whose activities will be supplementary to those now existing.

Primary producers and the whole community have benefited substantially by the rise in the price of wool, as well as by internal measures of adjustment, stimulating legislation, and useful concessions granted by the State.

The attention of my Ministers is at present specially directed towards problems connected with the sale overseas of certain primary products other than wool, and they are confident that in association with the Governments of the Commonwealth and other States a basis will be reached upon which satisfactory markets for such products will be preserved. Appropriate measures will be submitted to you at an early date which will secure improvements in existing legislation in regard to the marketing of primary products.

The increase in the national income and the resulting greater spending power of the public, have been responsible for a notable expansion of the secondary industries. This is reflected in increased sales, both wholesale and retail, and renewed activity in constructional and heavy industries.

HONORABLE MEMBERS OF THE LEGISLATIVE COUNCIL,—

This occasion is made memorable by the reconstitution of the Legislative Council, and I should like to express my good wishes to Honorable Members in the important duties they will be called upon to discharge.

HONORABLE MEMBERS OF THE LEGISLATIVE COUNCIL, AND
MEMBERS OF THE LEGISLATIVE ASSEMBLY,—

The Legislative programme to be submitted to you will include a number of measures, the presentation of which my Ministers have delayed pending the reconstitution of the Legislative Council.

Legislation will be introduced to amend the provisions of the Western Lands Act. This measure will, amongst other things, provide additional land for lessees in the Western Division of the State, who at present do not possess living areas.

The Sydney Corporation Act will be amended in a manner that my Advisers believe will result in a sounder statutory foundation for the future administration of the City's affairs.

Special consideration has been given by my Advisers to the need for restraining the activities of disloyal organisations, and appropriate legislation will be introduced.

A Bill will be introduced to provide for the incorporation of certain Returned Soldiers' organisations.

A measure will be introduced to amend the Rural Bank Act with a view to strengthening the position of that Bank, and affording relief to its debtors. The recovery of this institution, as evidenced by the remarkable public response to its recent Loan application, is regarded by my Advisers as an indication not only of the improved conditions generally but of an increasing measure of appreciation of the stability of the Bank's and, therefore, of the State's position.

Consideration has been given to important matters relating to the health of the community, and several measures of major importance will be submitted for your consideration. These will relate to public health administration generally, and to hospital, medical and dental services.

There will be presented for your consideration a Bill to amend the Companies Act. This measure, based on the English Act, is designed to bring the Company law of the State up to date, and to remove many obstacles to the conduct and extension of joint stock enterprises, as well as to provide protection for investors therein.

My Advisers have closely investigated the administration of the Metropolitan Water, Sewerage, and Drainage Act, and will present for your consideration an amending measure aiming at the reconstitution of the existing Board.

A Bill to amend the existing fishery laws will be submitted to you. It will provide for the improvement and more efficient regulation and control of the fisheries of the State, which are becoming an increasingly valuable asset.

My Ministers will place before you a Forestry Bill, which is designed to place forestry on a sound basis, safeguard the timber industry, and facilitate the absorption of a substantial number of unemployed men.

A Bill will be introduced to amend and consolidate the existing Arbitration laws. It will also deal with the apprenticeship of youths.

26th April, 1934.

The problem of Law Reform has received the earnest attention of my Advisers, and a Bill will be brought forward dealing with it. This will be supplemented by a measure to amend the Legal Practitioners Act intended to secure the safety of trust funds.

Matters affecting the relationship of landlords and tenants will also be dealt with in an amending measure.

Many other measures will be submitted for your consideration, amongst which are those relating to Public Service salaries; Public Service superannuation; medical practitioners; the regulation of charitable collections and art unions; the suppression of lottery syndicates; metropolitan transport; maritime services; the mining industry, and theatrical agencies.

I now leave you to the discharge of your important duties with the earnest prayer that, under Divine guidance, your labours may conduce to the welfare and happiness of all.

Mr. Gollan moved, and Mr. Yeo seconded the motion, That the following Address-in-Reply to the Speech which His Excellency the Governor has addressed to both Houses of Parliament on opening this Session of the Parliament of New South Wales, be now adopted by this House:—

To His Excellency Sir PHILIP WOOLCOTT GAME, Knight Grand Cross of the Most Excellent Order of the British Empire, Knight Commander of the Most Honourable Order of the Bath, Companion of the Distinguished Service Order, Air Vice-Marshal on the Retired List of the Royal Air Force, Governor of the State of New South Wales and its Dependencies in the Commonwealth of Australia.

MAY IT PLEASE YOUR EXCELLENCY,—

We, His Majesty's loyal and dutiful subjects, the Members of the Legislative Assembly of New South Wales, in Parliament assembled, desire to express our thanks for Your Excellency's Speech, and to assure you of our unfeigned attachment to His Most Gracious Majesty's Throne and Person.

2. We beg to assure Your Excellency that our earnest consideration will be given to the measures to be submitted to us, and that the necessary provision for the Public Service will be made in due course.

3. We join Your Excellency in the hope that, under the guidance of Divine Providence, our labours may be so directed as to advance the best interests of the State.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

Additionally, it is noted that regular audits are essential to identify any discrepancies or errors early on. This proactive approach helps in maintaining the integrity of the financial statements and prevents any potential issues from escalating.

The second section focuses on the role of technology in modern accounting. It highlights how software solutions can streamline the process, reduce manual errors, and provide real-time insights into the company's financial health.

However, it also cautions against over-reliance on technology. It stresses that while tools are helpful, they cannot replace the expertise and judgment of a skilled accountant. A balance between manual oversight and automated processes is key to success.

The third part of the document addresses the challenges of budgeting and cost control. It suggests that setting realistic goals and monitoring actual performance against these targets is crucial for staying on track.

It also discusses the importance of identifying areas where costs can be reduced without compromising the quality of goods or services. This involves a thorough analysis of the supply chain and internal operations to find opportunities for optimization.

Finally, the document concludes by emphasizing the need for continuous learning and adaptation. The business environment is constantly changing, and accountants must stay updated on the latest trends, regulations, and technologies to provide the best possible service to their clients.

By following these guidelines, businesses can ensure that their financial management is sound, efficient, and compliant with all relevant laws and regulations.

Mr. Vincent laid upon the Table the following Papers:—

(1.) Proclamation declaring lithium to be a mineral within the meaning of the Mining Act, 1906.

Referred by Sessional Order to the Printing Committee.

2. REDUCTION OF MEMBERS OF THE LEGISLATIVE ASSEMBLY:—Mr. Lee moved, pursuant to Notice, That, in the opinion of this House a Bill should be introduced to amend the Parliamentary Elections Act to provide that the number of Members of the Legislative Assembly should be reduced to fifty-six or a number equal at all times to two Members per Federal electorate.

Debate ensued.

Mr. Henry moved, pursuant to Standing Order No. 142A, That the Honorable Member for Tenterfield, Lieut.-Col. Bruxner, be allowed to continue his speech for a further period of twenty minutes.

Question put and passed.

Debate continued.

Mr. Loughlin moved, That the Question be amended by adding the following words:—“or ‘alternatively’ that Members now constituting the House should be ‘given a greater share in the business of the House through committees ‘appointed to assist the Minister of each Department during the term of each ‘Parliament.’”

Question proposed,—That the words proposed to be added be so added.

Point of Order:—Mr. Lang submitted that the amendment was irrelevant and opposed to the principle of the original motion.

22nd May, 1934.

Further Point of Order:—Mr. Main submitted that the original motion contemplated the amendment of the Parliamentary Electorates and Elections Act, to provide that the number of Members of the Legislative Assembly should be reduced, whereas the amendment dealt with matters outside the scope of the motion and would involve amendments of the Constitution Act and possibly of the Standing Orders. He therefore contended that the amendment was out of order.

Mr. Deputy-Speaker said the leading principle of the motion was the reduction of the number of Members of the Legislative Assembly, and inasmuch as the amendment was subversive of that principle, he must rule it out of order.

Debate continued.

Mr. Hocking moved, That the Question be amended by leaving out the words "fifty-six" and inserting the words "twenty-eight,"—instead thereof.

Question proposed,—That the words proposed to be left out stand part of the Question.

Debate ensued.

Ordered, That the Debate be adjourned until Tuesday, 29th May.

And it being Six o'clock, Government Business proceeded with, under Sessional Order adopted on 3rd May, 1934.

3. LIBRARY COMMITTEE:—Mr. Deputy-Speaker reported that he had received a letter from Dr. Webb, resigning his membership of the Library Committee of this House.

Question put and passed.

(5.) Bill read a second time.

Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of the Bill.

Mr. Speaker resumed the Chair, and the Chairman reported the Bill without amendment.

Mr. Spooner moved, That the Report be now adopted.

Point of Order:—Mr. Lang directed attention to clause 2 of this Bill and pointed out that the words of the clause were precisely the same as the words of subclauses (1) and (2) of clause 3 of the Sydney Corporation (Amendment) Bill agreed to by this House during the present Session. He referred to Standing Order No. 137, and submitted that the same question, not only in substance but in identically the same words was being proposed twice during the same Session and contended that the Bill must therefore be ruled out of order.

Mr. Speaker said that the point of order should have been taken on the second reading, but, although irregular at the present stage, he would not refrain from giving a ruling upon such an important matter. He understood that the Honorable Member submitted that the Bill raised the same question as clause 3 of the Sydney Corporation (Amendment) Bill, which had been read a third time by this House and transmitted to the Legislative Council, and that the well-known Parliamentary rule "that the same question could not be twice offered in the same Session" had thereby been infringed, and, therefore, the Bill should not be proceeded with by this House. He pointed out to the House that, while it was a rule in both Houses that no question should be offered which was substantially the same as one upon which their judgment had already been expressed in the current Session the important point was that judgment must have been expressed—consequently the rule did not apply as between the various stages of Bills. The different stages were intended as so many opportunities for reconsideration. Hence decisions made in Committee might be reversed upon the Report stage, and these again on consideration of Council's amendments. As Honorable Members were aware, the Legislative Council might amend clause 3. This House would then be called upon to again consider clause 3 in relation to such amendments, which indicated that this House could not be held to have passed judgment on a Bill by having agreed or disagreed to certain clauses only. Judgment must be expressed on the Bill as a whole. He therefore ruled that the passage of the Sydney Corporation (Amendment) Bill was only pending, and it was competent for this House to proceed with this Bill which embodied some of the provisions of clause 3 of the Sydney Corporation (Amendment) Bill which was then before the Council.

Question put,—That the Report be now adopted.

The Question,—"That the Question be now put,"—having been previously agreed to in Committee under Standing Order No. 175B (Committee and Report Stages),—

Question put,—That the Report be now adopted.

The House divided.

Point of Order (In Division):—Mr. Lang, referring to certain of the amendments inserted in the Bill in Committee—and particularly to new clause 8—said that the clause provided for a reduction of the interest rate from which the Crown would not be exempt; that the provisions of the clause were not contemplated by the Order of Leave, and submitted that the amendments to which he referred, and especially new clause 8, were outside the scope of the Bill, and that therefore the Bill should be ruled out of order.

Mr. Deputy-Speaker quoted a ruling given by the Deputy-Speaker on 11th September, 1924, and said that even if the clause referred to were out of order, he had no power to recast it or have it taken out of the Bill; that could be done only by recommitting the Bill. He pointed out that it was not the practice to rule Bills out of order after they had been committed simply because of an irregularity which was capable of being corrected in Committee, or upon recommittal, and intimated that either of those courses might be properly adopted by the House in this case. For those reasons he would not rule the Bill out of order.

The Legislative Assembly having this day passed a Bill, intituled "*An Act to dissolve the Western Land Board of New South Wales; to provide for the appointment of a Western Lands Commissioner, and for the exercise and discharge by such Commissioner of the powers, authorities, duties and functions of the said Board; to extend such powers and authorities in certain respects; to provide for the establishment of administrative districts in the Western Division and of local land boards to deal with certain matters; to empower the chairmen of such boards to exercise and perform certain powers, authorities, duties and functions; to confer certain additional powers as to withdrawal of lands held under lease, and to provide for the extension of the terms of certain leases of land in the Western Division upon certain conditions; to impose certain restrictions on dealings with leases; and for these and other purposes to amend the Western Lands Act of 1901, the Wild Dog Destruction Act, 1921, and certain other Acts; and for purposes connected therewith,*"—presents the same to the Legislative Council for its concurrence.

Legislative Assembly Chamber,

Sydney, 2nd August, 1934, a.m.

6. PRINTING COMMITTEE:—Mr. Ness, as Chairman, brought up the Tenth Report from the Printing Committee.
7. SYDNEY CORPORATION (AMENDMENT) BILL:—The Order of the Day having been read, on motion of Mr. Spooner, Mr. Deputy-Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of the amendments made by the Legislative Council in this Bill.

And the Committee continuing to sit after Mid-day,—

THURSDAY, 2 AUGUST, 1934.

Mr. Speaker resumed the Chair, and the Chairman reported that the Committee had disagreed with some, disagreed with and amended another, agreed to and amended some, and agreed to the remainder of the Council's amendments, including the amendments in the Title.

On the motion of Mr. Spooner, the Report was adopted.

The following message sent to the Legislative Council:—

Mr. PRESIDENT,—

The Legislative Assembly having had under consideration the Legislative Council's Message dated 1st August, 1934, requesting its concurrence in certain amendments made by the Council in the Sydney Corporation (Amendment) Bill, acquaints the Legislative Council as follows:—

Amendment No. 35: Disagrees to the amendment,—because this amendment is superfluous in view of the Council's amendments Nos. 32 and 33.

Amendments Nos. 55, 56 and 57: Disagrees to these amendments,—because it is considered undesirable and unreasonable that an alderman or officer or servant should be compelled to appeal to the Court of Petty Sessions or the District Court where the surcharge is £500 or less; and also because where the surcharge is for a small amount the costs involved may deter the lodging of an appeal. Moreover, the person surcharged may also prefer to appeal to the Governor because of the publicity involved in an appeal to the Court in a matter in which he may be technically wrong but may have an excellent case for redress.

Amendment No. 58: Disagrees to the omission of the word "Governor," and agrees to the insertion of the word "Court," but proposes to amend the amendment by inserting before the word "Court" the words "or the,"—as consequential upon its disagreement with the amendments Nos. 55, 56 and 57.

Amendment No. 59: Disagrees to the amendment,—because it is considered advisable that the Minister should have power to take proceedings for the recovery of a surcharge if the council fails to do so. A ratepayer or creditor may hesitate to risk his private funds in taking action to protect the interests of the ratepayers.

VOTES AND PROCEEDINGS OF THE LEGISLATIVE ASSEMBLY.

1st August, 1934.

Amendment No. 69: Disagrees to the amendment,—because the qualifications needed by the person appointed would vary according to the purpose of the inquiry. The clause as passed by the Legislative Assembly would not prevent the appointment of a Judge or a retired Judge to hold an inquiry where that course was found to be desirable. The amendment made by the Council would prevent the appointment of a suitable person to hold an inquiry in a case where technical or other special qualifications were deemed necessary.

Amendment No. 62: Agrees to the amendment, but proposes to amend it by omitting the word "twenty-five" and inserting the word "fifteen."

Amendment No. 94: Agrees to the amendment, but proposes to amend it by inserting before the words "nominated by" the words "selected by the Governor from three architects who shall be."

Amendment No. 95: Agrees to the amendment, but proposes to amend it by inserting before the words "nominated by" the words "selected by the Governor from three structural engineers who shall be."

Amendment No. 96: Agrees to the amendment, but proposes to amend it by inserting before the words "nominated by" the words "selected by the Governor from three master builders who shall be."

Amendment No. 97: Agrees to the amendment, but proposes to amend it by inserting before the words "nominated by" the words "selected by the Governor from six architects who shall be."

Amendment No. 98: Agrees to the amendment, but proposes to amend it by inserting before the words "nominated by" the words "selected by the Governor from six structural engineers who shall be."

Amendment No. 99: Agrees to the amendment, but proposes to amend it by inserting before the words "nominated by" the words "selected by the Governor from six master builders who shall be."

Agrees to the other amendments made by the Council in the Bill, including the amendments in the Title.

And the Assembly requests the concurrence of the Legislative Council in its disagreements from and its amendments upon the Council's amendments in the Bill.

11. GOVERNMENT RAILWAYS (FREE PASSES) AMENDMENT BILL:—The Order of the Day—"Consideration in Committee of the Whole of the Legislative Council's amendment"—having been read,—

Mr. Speaker said that, as custodian of the rights and privileges of this House, he deemed it his duty to direct attention to the amendment made by the Legislative Council in this Bill. Although, under section 5B of the Constitution Act, the Council may have acquired certain powers in regard to making of amendments in Bills, he was of opinion that it had certainly not acquired the right to make an amendment which involved additional expenditure and which would, under the Constitution Act, 1902, require a preliminary message from the Governor. Notwithstanding an interpretation that the Bill as introduced provided for the issue of a pass in the instance covered by the amendment, he had considerable doubt upon that point, and consequently directed attention to the amendment in order that the House in its judgment might take such steps as it deemed necessary.

Mr. L. O. Martin said that on the second reading debate it was made apparent that this House was of opinion that the case indicated by the amendment came within the benefits sought to be conferred by the Bill, and the Council's amendment merely made that intention clear. No actual extra monetary charge would be imposed upon the Government by the acceptance of the Council's amendment.

On motion of Mr. Martin, Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of the amendment made by the Legislative Council in this Bill.

Mr. Speaker resumed the Chair, and the Chairman reported that the Committee had agreed to the Council's amendment.

On motion of Mr. Martin, the Report was adopted.

Legislative Assembly Chamber,

VOTES AND PROCEEDINGS OF THE LEGISLATIVE ASSEMBLY:

19th-21st December, 1934.

23. PUBLIC WORKS (PORT KEMBLA ELECTRICITY) AMENDMENT BILL:—The Order of the Day having been read, on motion of Mr. Weaver, Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of the amendments made by the Legislative Council in this Bill.

And the Committee continuing to sit after Midnight:—

FRIDAY, 21 DECEMBER, 1934, A.M.

Mr. Speaker resumed the Chair, and the Chairman reported that the Committee had agreed to the Council's amendments.

Mr. Stevens moved, That the Report be now adopted.

Point of Order:—Mr. Lang directed the attention of Mr. Speaker to the amendment made by the Legislative Council in this Bill; and pointed out that the amendment imposed a charge upon the Crown, and that such an amendment required a Message from the Governor. He submitted that the Legislative Council had not the right to make an amendment which required a preliminary Message from the Governor, and that therefore the amendment should not be entertained by the House.

Mr. Speaker said, that the practice and usage of the House over a long period, supported by several rulings by previous Speakers, clearly showed that it was not competent to take a point of order upon an amendment made by the Legislative Council in a Bill after the report of the Committee had been made to the House.

Question put,—That the Report be now adopted.

The House divided.

The Honorable the Speaker and Members
of the Legislative Assembly of New South Wales,—

I have to thank you very sincerely for your Address of congratulation upon my appointment as His Majesty's Representative in this State, and for the extremely cordial and kind terms in which your congratulations are expressed.

First of all, Gentlemen, I would like to assure you that I consider it a great honour to be His Majesty's Representative in this part of His Dominions, and since I arrived in Australia nearly seven years ago I have realised what a glorious heritage we possess in our Empire. I know each member of the partnership is free and independent and controls its own affairs, but, thank God, we are all united in one aim, and that is in devotion and allegiance to the Throne and Person of His Majesty the King—a Monarch who commands the affection of his subjects all the world over. The ties which bind us together would otherwise be intangible, but they are deep-rooted in our hearts, and this was proved conclusively to a staggering world in those dark days when the best of our blood from all parts of the Empire suffered the supreme sacrifice, which ever lives in our memories and will do so for all time.

I welcome this occasion as an opportunity to become personally acquainted with Members of the Legislative Assembly. While I shall always strive to maintain the high traditions of the office of Governor, I am anxious to know New South Wales and its people, its problems, its public men and its legislators. I hope, therefore, that you will give me an opportunity of going into your respective electorates and of meeting your constituents—rich or poor—in my efforts to gain their friendship and appreciate their problems.

Mr. Speaker and Gentlemen, I beg to assure you that in the fulfilment of my duties it will be my constant and anxious desire to promote the welfare and prosperity of the State of New South Wales in every possible way.

Government House, Sydney.
