That amendments must be relevant, and must not be subversive of the principle of the original Motion; and the amendments which dealt with the remodelling of the Commonwealth Constitution and the creation of an Australian Convention were out of order. The amendments, however, which dealt with (a) subdivision of the State, as incidental to the subdivision of the Commonwealth; and (b) the creation of a State in Northern New South Wales and the consideration by a Federal convention of the Legislative powers between the States and Commonwealth were in a different category and were relevant, 99, 122.

S

SPEAKER (continued) :—

RULINGS OF (continued) :—

CERTIFICATE OF CHAIRMAN OF COMMITTEES UNDER STANDING ORDER No. 281 :—

Mr. Speaker stated that such certificate should be furnished by the Chairman of Committees and not by a Temporary Chairman, 96.

STAGE UPON WHICH A POINT OF ORDER MAY BE TAKEN THAT AMENDMENTS ARE BEYOND SCOPE OF BILL :—

That a Point of Order that the Eight Hours (Amendment) Bill was beyond the order of leave, could not be entertained at the stage—Motion for the adoption of the Report from Committee of the Whole on the Council's amendments, 96.

SYDNEY HARBOUR BRIDGE BILL—ON POINTS OF ORDER ARISING IN CONSEQUENCE OF NATURE OF AMENDMENTS MADE IN COMMITTEE :—

That he could not uphold the contention that the Bill should be ruled out of order in consequence of amendments made in Committee on the grounds,—(a) That the scope of the Bill had been exceeded by the insertion of the words "or arch"; (b) that the Bill as so amended was "substantially a different Bill"; (c) that the taxation would be increased if the work were constructed upon the arch principle; (d) that the question of building an arch bridge had not been referred to the Parliamentary Standing Committee on Public Works in accordance with Section 24 of the Public Works Act, 177.

ON POINT OF ORDER REPORTED FROM COMMITTEE OF THE WHOLE—SYDNEY HARBOUR BRIDGE BILL :—

That he upheld the ruling of the Chairman,—That an amendment which altered the area of impost and augmented Taxation was out of order, notwithstanding that it seemed anomalous that the Committee should not be able to define the area of Taxation, 170.

ON MOTIONS FOR ADJOURNMENT UNDER THE 49TH STANDING ORDER :—

That motion in regard to penalties for reckless motor driving anticipated debate on a motion already on the paper and was out of order, 23.

That motion in regard to punishment of persons guilty of cruelty to animals, anticipated a motion in much the same language already on the Paper, and was out of order 30.

That Debate on question raised at a certain hour under, automatically closes when interrupted by Government Business taking precedence under Sessional order, 192.

That motion in regard to increasing cost of foodstuffs and other commodities was not definite and was out of order, 30.

That motion in regard to development of immigration and land settlement was not restricted to a single specific matter of recent occurrence, and was out of order, 53.

That the urgency of a motion was decided by five members rising in their places, and that being so he could not rule as to whether the motion dealing with the decision of the Government to charge High School Fees was one of urgent public importance or not, 84.

That motion in regard to the action of the Government in making Ministerial statements during Question time was not definite and was out of order, 111.

That motion in regard to the lowering of the basic wage for women workers could be discussed on the Estimates and was out of order, 149.

That the motion in regard to the lowering of the basic wage for women could have been discussed on the Estimates of the Department of Labour and Industry, and was out of order at the present time, 169.

That motion—The recent imposition of fines upon motor-omnibus drivers for overcrowding—was definite and in order, 180.

That motion—The necessity for the Honorable the Premier of the State to urge on the Federal authorities the immediate discontinuance of the Federal control acquired under the War Precautions Act over vital industries in this State—was definite and in order, 192.

That motion respecting the filling of casual vacancies anticipated a motion on the same subject on the Notice Paper, the Premier having assured him of the probability of such motion coming before the House within a reasonable time, 210.

DISSENT FROM RULING :—

That the Point of Order "That the Eight Hours (Amendment) Bill was beyond the order of leave," could not be entertained on the stage—motion for the adoption of the Report from Committee of the Whole on the Council's amendments, negatived (*Mr. Molesworth*), 102.

RULINGS OF DEPUTY :—

That he could not uphold the contention that the motion to appoint a Select Committee to inquire into and report upon new railway carriages was out of order on the ground that the matter was *sub judice*, because a Royal Commission was sitting on Railway Management, 60.

SPECIAL ADJOURNMENT (See "ADJOURNMENT").
