Clerk's foreword

The work of Committees continues to be essential to the Legislative Council's functions relating to reviewing legislation and providing an effective check and balance on the Executive Government.

In the period covered by this annual report there were a number of changes in the membership of the Legislative Council Committees that resulted from the appointment of new members to the Legislative Council.

A number of public policy focussed inquiries were conducted that have covered a broad and occasionally high profile range of subject areas, including:

- Back-end home detention
- Issues relating to Redfern/Waterloo
- Juvenile offenders (Select Committee)
- Port infrastructure in New South Wales
- Public disturbances at Macquarie Fields.

Various oversight focused inquiries were also undertaken, including examinations of:

- 2005/2006 Budget Estimates
- Approval of the designer outlets centre – Liverpool
- Closure of Casino to Murwillumbah rail services
- Changes to the operation of Mona Vale Hospital
- Kariong Juvenile Justice Centre
- Management of the Sydney Harbour Foreshore Authority
- Murrumbidgee College of Agriculture
- Personal injury compensation legislation.

The details of all committee activity and outcomes from the inquiries are provided in this volume of the Annual Report.

The Inquiry began in May 2002 and the Committee published its first report in September 2002 (reported in the 2002-2002 Annual Report). The Committee examined the terms of reference with the assistance of several expert stakeholders and witnesses from the legal and justice profession. The Committee's analysis was limited by the short amount of time that the new pre-trial disclosure provisions have been available and their infrequent use. Nonetheless the Committee expressed support for the new scheme, particularly for its potential to positively impact on court delays, and made five recommendations to address issues and concerns raised in evidence. The Committee is yet to receive the Government's response, which was due on 8 June 2005.

¹¹ The terms of reference were later extended by the Attorney General to 24 December 2004.

Outcomes/comments

- 3.24** On 2 April 2004 terms of reference for an inquiry into community sentencing options for rural and remote communities and for special needs/disadvantaged groups was given to the Committee by the Attorney General, The Hon Bob Debus MP. In conducting the inquiries into back-end home detention and community based sentencing options concurrently, the Committee found that the core principles in relation to both terms of reference are interrelated. Believing that the back-end home detention inquiry terms of reference cover issues of great importance, the Committee considers that it will be more effective if recommendations and conclusions in relation to its specific issues are reported to the House and the Government as part of the broader policy review being undertaken through its Inquiry into community based sentencing options.

¹² Note that the reporting date was later extended by Resolution of the House to 15 July 2005, Legislative Council *Minutes of Proceedings No 105*, 25 May 2005, p 1396.

¹³ Referred to the Committee by the House on the motion of The Hon Greg Pearce MLC, Legislative Council *Minutes of Proceedings No 58*, 2 June 2004, pp 327-328.

- the NSW Government Ports Growth Plan, including any planned closure of shipping freight facilities in Sydney Harbour,
- the economic, social and environmental impact on the State, including on the proposed Port Botany upgrade,
- the employment implications for Sydney, the Hunter and the Illawarra regions,

- the future of public land at Millers Point, Glebe Island and White Bay on which shipping freight operations are currently located.

5.9	Take note debates	21 June 2005, 22 September 2005.
5.10	Government response	Due 17 December 2005.

Government response

5.11 In response to the Committee's Interim Report and its single recommendation, the then Minister amended the terms of reference for the Commission of Inquiry into the proposed construction and operation of a new container terminal and associated infrastructure at Port Botany to include 'an analysis of any potentially feasible alternatives at Port Botany to the carrying out of the development, including the alternative proposed by P&O Ports Limited.' The amendment was confirmed in the Government's response to the interim report tabled on

26 November 2004. The Government response to the final report is due on 17 December 2005.

Outcomes/comments

- 5.12** The Inquiry into Port Infrastructure in New South Wales received considerable community, industry and government interest. In total, the Committee received 100 submissions, with The NSW Cabinet Office making a submission on behalf of the Government. In addition, the Committee heard evidence from 61 witnesses. The Committee also conducted site visits to the four major commercial ports in New South Wales: Port Jackson (Sydney Harbour), Port Botany, Port Kembla and the Port of Newcastle.
- 5.13** On 28 May 2004, the Committee tabled an interim report into port infrastructure in New South Wales. The report dealt specifically with one particular aspect of the inquiry – the proposed expansion of the Port Botany container terminal owned by Sydney Ports Corporation. At the time, this expansion was the subject of the Independent Commission of Inquiry into the Proposed Construction and Operation of a New Container Terminal and Associated Infrastructure at Port Botany.
- 5.14** The interim report made a single recommendation that the then Minister for Infrastructure, Planning and Natural Resources, The Hon Craig Knowles MP, ensure that any expansion of the Port Botany terminal facilities be undertaken only after the identification and rigorous evaluation of all viable alternatives. The Committee made this recommendation out of concern that alternative proposals to the Sydney Port Corporation’s Environmental Impact Study and Development Application for the expansion of the Port Botany facility may have less impact on the environment and be more commercially competitive.
- 5.15** On 17 June 2005, the Committee tabled its final report. The report examined in detail the provisions of the NSW Ports Growth Plan, which sets out the strategic direction for the future management of the four major commercial ports in New South Wales. In general terms, the report endorsed the Ports Growth Plan, which proposes further development of Port Botany as the primary container port in NSW, the transfer of general cargo stevedoring from Darling Harbour to Port Kembla as existing leases expire, and the future expansion of the Port of Newcastle as a major container terminal once Port Botany reaches capacity. At the same time, the Committee examined concerns about the environmental and social impact of the Ports Growth Plan, particularly in and around Port Botany. The Committee also examined the capacity of the infrastructure, especially the rail and road infrastructure, supporting the four major NSW Ports.

Standing Committee No. 3 to meet for the purpose of hearing evidence from youth workers and staff at Kariong Detention Centre.

2. That for the purposes of these hearings, the committee has leave to sit during the sittings of the House.
3. That the following witnesses be invited to appear before the committee

Mr Luke Falconer	Mr Brian Fitzpatrick
Mr Mark Fitzpatrick	Mr Peter Hawthorne
Mr Andrew Makay	Mr David Maryska
Mr Michael Pedavoli	Mr Mitch Walsh
Mr Greg Jones	Mr Byron Hill
Mr Tony Hansen	Mr Gary Hall
4. That additional witnesses may be called by order of the committee.
5. That all evidence be taken in camera, and only made public by order of the committee.
6. That the committee report to the House any evidence made public by the committee within seven days of the final hearing.

6.37 Referred by Legislative Council, 22 September 2004.

6.38 Status of Inquiry Completed.

6.39 Report tabled 18 November 2004.

Outcomes/comments

6.40 Following the 2004-2005 Budget Estimates hearing for the portfolio of Juvenile Justice and Western Sydney, the Legislative Council requested that the Committee meet for the purpose of hearing in camera evidence from specific youth workers and staff from Kariong Detention Centre.

6.41 The terms of reference for the inquiry were referred to the Committee by resolution of the House on 22 September 2004, and amended by a resolution on 27 October 2004 allowing the Committee to call additional witnesses.

6.42 Rather than issuing the Committee with a general “inquire into and report on” task within the terms of reference, the Legislative Council requested that the Committee take in camera evidence from particular witnesses, and then report back to the House any evidence it resolved to make public. A Witnesses named in the terms of reference were unable to be contacted and did not appear before the Committee.

- 6.43** The evidence received by the Committee on 12 November 2004 contained a large number of adverse reflections on third persons who were not present at the hearing. In usual circumstances, the Committee would offer an adversely named person the opportunity to respond to the allegations made against them before publishing a transcript.
- 6.44** On 3 November 2004 the Government announced that Kariong would be transferred to the administration and management of the Department of Corrective Services. In view of this the Committee considered that it would be redundant to pursue the matter further with additional witnesses. The Committee determined that it would not take further evidence in relation to Kariong Juvenile Justice Centre.
- 6.45** The Committee took the view that to publish the transcripts of evidence in full would have been manifestly unfair to those people adversely named who had not been afforded the opportunity to respond. Consideration was given to publishing the transcript with third parties de-identified, however the Committee was concerned that even with the suppression of names and job titles, identification of third parties would not be difficult.
- 6.46** The Committee resolved by majority vote that the transcript of evidence should remain confidential. The Committee resolved to publish in its report a summary of the issues raised by the witnesses.
