179; Mr. Gould, 181; amendment agreed to, 182; Mr. Neild (who moved an amendment, that Mr. Speaker shall nominate at the commencement of every session a panel of not more than five members to act as temporary chairmen of committees when requested by, or in the absence of the Chairman of Committees"), 182, Mr. Garrard, Mr. Wall, amendment and motion, as amended, agreed to, 183; Mr. Ninian Melville appointed Chairman of Committees, 219.

CHAIRMAN OF COMMITTEES—ASSEMBLY [MR. NINIAN MELVILLE, *Northumberland*], OPINIONS OF:

Appeals from Chairman's Decisions: Obs., 1409.

Appropriation Bill: Her Majesty's name and the Governor's name should not be introduced into debate, 1840; an amendment by Mr. Wise limiting the appropriation to the months of January, February, March, and April could not be accepted on the grounds laid down in "May," page 562, 10th edition, 1840; on the same authority, must decline to receive an amendment to reduce the item, "Pensions, £1,455," by £55, 1842; members of one branch of the legislature cannot attack members of the other branch, 1850, 1851; amendment to clause 3 limiting its application to four months was clearly out of order, as the effect would be to increase the expenditure, 1854.

Australasian Rights Purchase Bill: As to amendment by Mr. Houghton on motion to report progress, 850.

Bank-notes Bill: Debates upon amendments made by the other House could not extend to the merits of the bill, 2013; the bill, which was stopped by the prorogation, having been restored to the paper this session, speeches made on the bill last session could be quoted, 2015; on the motion that the Chairman leave the chair, Mr. Haynes could not discuss the bill, 2021.

Betting and Loans (Infants) Bill: Proposed amendment by Mr. J. H. Young on clause 1 was in order, 2717.

Consolidated Revenue Fund Bill: *Obs.* of Mr. Garvan in reference to the butter industry were relevant, 194.

Disorder: The Serjeant-at-Arms directed to remove Mr. Rae from the Chamber for interfering with the orderly course of debate, 996.

Glen Innes to Inverell Railway: Amendment to omit the words "Glen Innes," and insert the word "Guyra," not being relevant, was out of order, 2077; an hon. member having given his voice with the "noes" his vote must be so recorded, 2245; the proposed amendment by Mr. Lyne was not substantially the same as one already dealt with, 2247; the authority quoted that an amendment could not be moved which included another bill on the business-paper referred to the second reading stage, 2248.

17 January to 11 June, 1894.

ASSEMBLY (continued):

CHAIRMAN OF COMMITTEES, OPINIONS OF (ctd.):

Homestead Protection Bill: Point of order that certain clauses were beyond the order of leave should have been taken on the second reading, 1946.

Hospital Acts Further Amendment Bill: Proposed amendment by Mr. A. Campbell in clause 2 to insert the words "treasurer, auditors, and medical officer" after the word "committee" was in order, 3535.

Labour Settlements Act Amendment Bill: New clause proposed by Mr. Schey was out of order, 3135.

Loan Bill: The question of privilege raised by Mr. Neild could not be dealt with by the Committee, 2265.

Mortgages Suspension Bill: Could not accept motion to report progress, 1684; proposed amendment by Mr. Carruthers on clause 1 could not be accepted, 1685; under the circumstances would accept motion that the Chairman leave the chair, 1686; Mr. Edden must withdraw certain remarks concerning the Premier, 1688; Mr. Cook must withdraw an expression reflecting upon the Chair, 1688; the bill was in a singular position; it was in charge of no one but himself, and he must go on with it, 1691.

Noxious Trades and Slaughter-houses Bill: Motion by Sir George Dibbs "That the Chairman leave the chair, and report the bill without amendment," was in order, 2777.

Parliamentary Elections Bill: Amendment by Mr. C. A. Lee, on clause 1 was not in order, 3004; amendment by Mr. Cann not relevant to the clause (4), 3099; proposed new clause by Mr. Haynes providing that electors outside their district might vote personally or by post was outside the scope of the bill, 3103; new clauses proposed by Mr. G. D. Clark, Mr. Haynes, and Mr. Cann, out of order, 3109.

Public Works Betterment Bill: Amendment by Mr. A. Hutcheson applying the provisions of clause 1 to works already carried out was out of order, because it introduced a new principle not contemplated on the second reading, 3290; amendment by Mr. J. H. Yeung in the same clause was in order, 3295; amendment by Mr. Haynes providing that the county of Cumberland shall be deemed to be part of every improvement area was in order, 3298; proposed amendment by Mr. G. F. Hutchinson, exempting holders of original conditional purchases, conditional leases, and homestead leases from the betterment rate was not in keeping with the clause, 3491; amendment by Mr. Hayes exempting water and sewerage works was not within the scope of the clause, 3492; amendment by Mr. Lyne to insert the words "board of assessment" instead of "constructing authority" was in order, 3494; when the question "That the words proposed to be omitted stand part of the question" is put, all debate is closed unless an amendment is moved to add words to the clause, 3494.

ASSEMBLY (continued):

CHAIRMAN OF COMMITTEES, OPINIONS OF (ctd.):

Privilege: Question raised by Mr. Neild could not be dealt with by the Committee, 2265.

Randwick and Coogee Tolls Abolition Bill: Proposed amendment by Mr. Crick in clause 2 was out of order on the ground that it introduced matter not anticipated at the second reading, 3463.

Supply: The discussion must be confined to the particular item before the Chair, 514; would not continue to receive amendments similar in substance, 529; would decline to hear Mr. Schey any further, 519; did the hon. member rise to apologise, 526; as to disorderly remarks by Mr. Schey, 531; the railway policy could not be discussed under the estimates of the Railway Department, 1333, 1334, 1335, 1342, 1343, 1344, 1347; a proposed reduction must be of an amount adequate to indicate the intention of the Committee, 1407; could not accept motion to report progress, as it was obstructive, 1511, 1535; Mr. Haynes could not discuss the contents of a report of which the Committee had no knowledge, 1511; the estimates for the Military and Naval Forces were properly before the Committee, 1546; point of order submitted to Mr. Speaker, 1547.

Temporary Absence: Obs., 709.

Ways and Means: Mr. Neild would be out of order in referring to certain remarks of the Premier, 1737.

CHAIRMAN OF COMMITTEES, DEPUTY—ASSEMBLY:

Supply: As to relevancy of remarks by Mr. Cook on the item "Trades Disputes, Councils of Conciliation and Arbitration," 1147; *obs.* concerning the appointment of another Deputy-Chairman to take the chair, 1190; the interpretation of the new standing order in reference to the appointment of temporary chairmen should rest with Mr. Speaker rather than with one of the temporary chairmen, 1191, 1192; could not receive motion to report progress, which, he held, would be obstructive, 1527, 1531.

DEBATES OF THE LEGISLATIVE COUNCIL:

Obs. respecting by Mr. Speaker, 2137.

ELECTIONS AND QUALIFICATIONS COMMITTEE:

Sessional orders passed, 138-147.

SPEAKER, MR. [HON. SIR JOSEPH PALMER ABBOTT,

KT., *Wentworth*], RULINGS AND OPINIONS OF:

Adjournment, Motions of: Debate on auction land sales was not out of order by reason of a notice of motion on the business-paper in the name of Mr. G. D. Clark, 509; can be moved after the orders of the day have been called on, 1276; motion by Mr. Dickens on the subject of land legislation for the western division was out of order, 1332; as to the relevancy of remarks by Mr. Rose on the attitude of the Ministry towards the policy of protection, 2696; the question of urgency rests with those who rise in support of the mover, 3082; hon. member must confine his remarks to the subject-matter of the motion, 3267, 3271; there was nothing in the point of order taken by Sir George Dibbs on motion of adjournment by Mr. Haynes in reference to the condemned men, Montgomery and Williams, 3334; as to motion by Mr. Haynes in regard to the attitude of the Government towards the exercise of the constitutional right of petition, 3379, 3381, 3386; motion by Mr. Fegan to discuss the question of financial assistance to municipalities was not anticipated by notice of motion by Mr. Hassall, 3643.

Appeals from Chairman's Decisions: It would be a good thing to revert to the old practice, 1410.

Appropriation Bill: Motion by Sir George Dibbs to suspend the standing orders was in order, 1795; on motion to suspend the standing orders it was not regular to discuss the merits of the bill, 1801, 1803; a resolution suspending the standing orders for the purpose of appropriating part of the consolidated revenue could not be said to be an appropriation of that revenue, and an amendment proposing a monthly supply bill, instead of an appropriation bill, not being a step towards the passing of a bill to appropriate revenue, did not require a message from the Crown, and was therefore in order, 1810; but the amendment was not relevant, and could not be entertained, 1819; an hon. member was in order in discussing the principles of a bill on the motion, "That the bill be printed and now read the second time," 1837, 1838; on the point of order submitted from Committee, whether a reduction in the amount appropriated by clause 1 could be moved, while it would appear inconsistent to reverse a former decision given in Committee of Supply, on the other hand it would seem an absurdity that the House should go into Committee on the Appropriation Bill without having power to

ASSEMBLY (*continued*):SPEAKER, MR., RULINGS AND OPINIONS OF (*ctd.*):

make any alteration; while he was inclined to think that the Chairman of Committees was right in declining to receive the amendment, he thought it would be better to follow the course hitherto taken until further consideration could be given to the point, 1846.

Australasian Rights Purchase Bill: Motion "That the consideration of the Legislative Council's amendments stand an order of the day for to-morrow," was not open to debate or amendment, nor could a division take place, 177, 178; would fix the date without the question being proposed, 178; on motion for the consideration of amendments by the Legislative Council the bill itself could not be discussed, 846, 847, 848; *obs.* on giving casting vote, 849.

Bank-notes Bill: On motion to consider Council's amendments, could not discuss the merits of the bill, 2010; this was practically a new bill of this session, and not an old bill of last session, so that hon. members could refer to the debate of last session, 2018; hon. members cannot refer to debates in the other House under any circumstances, 2018.

Betting (Infants) Bill: The third reading might stand an order of the day for a later hour, 3228.

Chairman of Committees: As to election of, 149, 150; would leave the House to decide with reference to motion for the appointment of Chairman of Committees, "for this day only," 172; *obs.* on motion by Sir George Dibbs for adoption of standing order, 180, 181, 182.

Charges against Members of Parliament: It has been decided by the Privy Council that colonial legislatures have no powers beyond those conferred upon them by their Constitution Act, and those legislatures have not the powers acquired by the House of Commons throughout a series of years, 257; if the House desired additional powers in reference to dealing with strangers it would have to obtain them, but could not obtain them by standing order, 257; the standing orders require that notice should be given of a motion for the appointment of a select committee, 260; amendment by Mr. Carruthers not relevant, 261; motion by Mr. Carruthers to summon the editor of the *Daily Telegraph* to the bar of the House could not be moved without notice, 266.

Charges by Mr. McMillan: Mr. Cotton would be in order in moving in the matter, 2526; Mr. McMillan asked if his remarks were correctly reported, 2581; for the future would not allow a newspaper article containing charges against hon. members to be read in the House unless it had first been brought under his notice, 2647.

Children's Protection Act Amendment Bill: The bill was not out of order; it could hardly be said that it affected trade, 840.

Constable Andrews: If the matter under debate were being investigated by a court of law it should be allowed to drop, 2218.

17 January to 11 June, 1894.

ASSEMBLY (continued):

SPEAKER, MR., RULINGS AND OPINIONS OF (ctd.):

Country Towns and Hunter District Water Supply and Sewerage Acts Amendment Bill: Not inclined to prejudge the conduct of the Chairman of Committees, 1739.

Crown Lands Act of 1889 Declaratory Bill: As to motion to suspend the standing orders to admit of the bill being read the third time, 3332.

Debates in the Legislative Council: Could not be referred to under any circumstances, 2018; allusion to them has been allowed by Speaker of the House of Commons; would not stop hon. members from referring to debates in the Legislative Council, 2137.

Disorder: So long as an hon. member is orderly debating the subject before the House cannot rule him out of order because he is sane or insane, drunk or sober, 53.

Disorder in Committee: Obs. addressed to Mr. Schey, 531, 537; what has occurred in Committee cannot be detailed in the House, 533; with regard to whatever takes place in Committee, as in the House, the presiding officer must be the judge, 1006; as to the removal from the Chamber of Mr. Rae, 1006, 1008, 1009.

Exclusion of Strangers: Mr. Danahey could not as a matter of privilege move that a report in the *Sydney Morning Herald* be read by the clerk, 364.

Formal Motions: If hon. members wished to object they should rise in their places, 175, 2843; Sir George Dibbs not in order in his remarks, 176.

Glen Innes to Inverell Railway: Could not move an amendment to omit the words "Glen Innes" and insert the word "Guyra," because it was not relevant to the question, 2097; it is laid down in "May" that the motion that the bill be committed is a sequel to the second reading, 2242.

Government Contracts—Subletting: Clauses of resolution had better be put seriatim, 289; an hon. member not allowed to read the criticism of an outside person on anything being done in the House, 302.

Hawkers, Peddlers, and Carriers Regulation Bill: Mr. Neild could not take the objection that it was not in the power of a private member to propose a measure imposing a tax until he saw the bill, 2723.

Homestead Protection Bill: On the motion "That the report be now adopted" was inclined to think that the bill could be referred to a select committee, 1951.

Immigration of Inferior Races: Motion by Mr. Waddell was out of order on the ground that a motion by Mr. O'Sullivan (for Mr. Sheldon) substantially similar had already been discussed, 1462.

Immigration Restriction Bill: Beyond the order of leave, 2347.

Labour Settlements Act Amendment Bill: Certain amendments proposed to be moved in Committee by Mr. Schey were out of order, 3131.

ASSEMBLY (continued):

SPEAKER, MR., RULINGS AND OPINIONS OF (ctd.):

Mining on Private Lands Bill (No. 2): The Minister had consulted him with regard to amendments, 2601; the bill was in order; ruling based on decision by Mr. Speaker Peel (*Hansard's Debates* Volume 278, page 92), 2606.

Mortgages Suspension Bill: Sir George Dibbs could not read the opinions of people out of doors, though he could quote from a document if it had been laid upon the table, 1664, 1665.

Municipal Gas Act Amendment Bill: Urgency having been pointed out, and the probable early close of the session, would put the question for the third reading of the bill, 3505.

Narrabri to Moree Railway: Amendment by Mr. Brunker upon motion by Secretary for Public Works was not in order, 2463.

Notice of Motion: Would not allow Mr. Neild to give notice of a motion setting out precedents, 2345; every question or notice of motion is subject to the supervision of the Speaker, 2371.

Order of Business: Motion by Sir George Dibbs could not be put without violation of the standing orders, 3619; would put the motion with concurrence, 3619; must rule notice of motion out of order, 3691.

Parliamentary Electorates and Elections Act Amendment Bill: It has been the custom to allow the first reading of a bill to be moved when it is presented, 1749; on progress being reported, and leave given to sit again, would allow the question to be again put, so that the Premier might move as an amendment that the order of the day be discharged, but this decision must not be taken as a precedent, 3007; amendments must be relevant to the subject-matter of the bill altogether apart from the title, 3094; new clause by Mr. Haynes proposed in Committee providing that electors outside their district might vote personally or by post was not relevant to the bill, and therefore out of order, 3109; Mr. Haynes could not move the recommitment of the bill to consider a new clause indicated as it was beyond the scope of the bill, 3112; as to observations by Mr. Garrard on point of order submitted from Committee, 3234.

Parramatta Street-watering Bill: In order, 1300.

Petition: Saw no objection to petition presented by Mr. Chanter, the House having sanctioned the reading of it, 3157.

ASSEMBLY (*continued*):SPEAKER, MR., RULINGS AND OPINIONS OF (*ctd.*):

Pitt Town Labour Settlement: Motion of adjournment by Mr. G. D. Clark was in order, 2440.

Prisoners Montgomery and Williams: There was nothing in the point of order taken by Sir George Dibbs on motion of adjournment by Mr. Haynes, 3334.

Privilege: Would follow a precedent laid down by Mr. Speaker Murray, that as the disorderly conduct complained of did not occur in the House or in Committee, the Speaker did not consider himself called upon to interfere, 2272; there was a great difference between the lobby and the refreshment-room, 2294; would not allow Mr. Neild to place on the business-paper an argumentative notice of motion, 2345; for the future would not allow a newspaper article containing charges against an hon. member to be read in the House unless it had first been brought under his notice, 2647.

Privilege—Newspaper Article: When an order of the day is called on it is competent for any hon. member to move that it be discharged, 339; when an item of business is made an order of the day it becomes the property of the House, 341.

Public Works Betterment Bill: Amendment proposed in Committee by Mr. A. Hutchison applying the provisions of clause 1 to works already carried out was not in order, as it was not relevant to the object and scope of the bill, 3293.

Punishment of Strangers for Contempt: Document laid upon the table (Opinion of Counsel), 275.

Pymont and Glebe Island Bridges: It was not Mr. Speaker's province to decide a question raised as to resolution referring these works to the Public Works Committee, 231.

Pymont Bridge: Mr. Kelly could not make a speech and then withdraw his motion, 152.

Randwick and Coogee Tolls Abolition Bill: Amendment proposed in Committee by Mr. Crick to prevent any toll from being erected by the borough of Randwick on a road other than those referred to in the clause, was beyond the scope and object of the bill, 3466.

Relevancy: Remarks of Mr. Danahey on address in reply not relevant, 120.

Special Trams and Trains: Only the definite subject of motion of adjournment could be discussed, 134; motion by Mr. Frank Farnell was in order, 643.

Speech by Mr. Hindle: Have nothing to do with the utterances of hon. members outside the Chamber, 815; question of privilege could be raised, 816; as to the course taken in Mr. Crick's case, 816; attention of Mr. Hindle directed to terms of resolution, 817; business having intervened, motion by Sir George Dibbs could not be proceeded with, 819; proposed amendment by Mr. Neild, on motion by Sir George Dibbs, was in order, 871; an extract relevant to the

ASSEMBLY (*continued*):SPEAKER, MR., RULINGS AND OPINIONS OF (*ctd.*):

matter before the House, and not referring to debates of the present session, would not be ruled out of order, 875; Mr. Hindle could not drag into the debate statements from newspapers which amount to reflections upon members of the House, 879; had requested Mr. Hindle, after being heard in his place, to withdraw, 886; Mr. Wise was out of order in saying, even inferentially, that attempts had been made to buy up votes in the House, 895; also in saying it had been imputed that members had given their votes on critical divisions in return for some benefit, 895; the resolution which the House had just dealt with was moved upon notice of motion, and the proposed motion by Sir George Dibbs, "that Mr. Speaker do reprimand the hon. member for Newtown, Mr. Hindle," ought not to be sprung upon the House without notice, 937; the motion was not consequential, and therefore ought not to be received without notice, 939.

Stamp Duties Acts Amendment Bill: The Bank-notes Bill having been withdrawn in error, instead of the Stamp Duties Bill, can be reinstated on the paper, 1436.

Supply: The Committee had no power but to deal with the estimates as they were sent to it by the House, 1551.

Temora to Wyalong Railway: Adopt the ruling of Mr. Speaker Young as to whether a motion referring a railway proposal to the Public Works Committee was properly before the House, 1898; the mere fact of referring a work to the Public Works Committee did not appropriate money, 1907.

Temporary Chairman of Committees: A temporary chairman, if the Chairman of Committees is not absent from the House, has not power to ask another temporary chairman to take his place; the Deputy-Speaker and the Deputy-Chairman of Committees must vacate the chair when the Speaker or the Chairman of Committees, as the case may be, comes into the House to resume his place, 1223; the temporary chairmen, while they occupy the chair, have all the power of the Chairman of Committees for the time-being, 1223.

Working of Collieries: Reference to proceedings in the other Chamber was out of order, 1469.

SPEAKER, DEPUTY [MR. NINIAN MELVILLE, *Northumberland*] RULINGS AND OPINIONS OF:
