That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.

That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.

5. MR. HART to move, That this House, having had under its consideration the Report of the Select Committee of the Assembly upon the case of Mr. William Sims Bell, laid upon the Table on the 2nd day of December, 1862, is of opinion:—
 - (1.) That it clearly appears by the Evidence appended to the said Report, that the land forming the subject of the Petitioner's claim was granted to his father, Mr. Archibald Bell, by Letters Patent under the hand of Lieutenant-Colonel Paterson, bearing date the 3rd day of October, 1809, and was never formally surrendered to the Government by the Grantee, or by the Petitioner.
 - (2.) That the Government having taken possession of the said land for public purposes, and not upon the ground that the Petitioner or his father had ever forfeited their right thereto, the said William Sims Bell is entitled to compensation for the land so resumed.

(1.) That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony, and must lead to pernicious consequences.

(2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.

(3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.

NOTICES OF MOTION :—

1. MR. SADDLEIR *to move*,—
 - (1.) That for the more efficient and economical working of the Railways, and with a view to encourage private enterprise—lessen the system of Government centralization, so liable to abuse—it is the opinion of this House that the present system of Railway management be abandoned, and said Railways be farmed out, so that they may be worked by contract.
 - (2.) That with a view to relieve the Consolidated Revenue of the Colony from a large and capricious expenditure of the public funds for local purposes, calculated to vitiate the independence of the Representatives of the people, to encourage a vicious system of patronage and centralization, it is, in the opinion of this House, desirable to establish throughout the Colony, having regard to local population, County or District Councils (being elective), empowered to carry out local taxation, aided by proportionate annual grants from the Legislature, for local purposes.
 - (3.) That the foregoing Resolutions be presented, by Address, to His Excellency the Governor.

OTHER

OTHER BUSINESS—NOTICES OF MOTION:—

1. **MR. MORRIS** to move the following Resolutions *seriatim*:—
That in the opinion of this House it is desirable,—
 - (1.) That the Western portion of New South Wales,—to be defined by the following bounds, viz.:—On the north by a portion of the southern boundary of Queensland; on the west by a portion of the western boundary of South Australia; on the south by a portion of the northern boundary of Victoria; and on the east and north-east by a line to be fixed under the authority of the Governor and Executive Council,—be declared a Province, to be called the Riverine Province, with provision for separate Local Administration.
 - (2.) That a Government Superintendent should be appointed to reside at the most convenient place within the said province.
 - (3.) That a branch of the Supreme Court, with Judge, officers, and its appendages; a Registrar's Office; a branch Land and Survey Office; and Commissioner of Crown Lands Office; and all other necessary public offices; be established in the said province.
 - (4.) That immediate and efficient steps should be taken for canalizing and clearing the Darling, and clearing the Murrumbidgee and Murray Rivers (precedence being given to the clearing and canalizing the Darling), and for erecting necessary public offices and other improvements.
 - (5.) That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.
 - (6.) That the Riverine Province should return ten Members to the Legislative Assembly.
 - (7.) That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.
 - (8.) That in order to encourage the investment of capital in pastoral pursuits, a more secure tenure than that at present existing should be granted, and that a measure by which renewable leases may be provided, at a rental to be periodically adjusted by valuation of the capabilities of runs, should be enacted.
 - (9.) That an Address be presented to His Excellency the Governor, embodying the foregoing Resolutions.
2. **MR. HART** to move,—
 - (1.) That, with a view of developing the natural resources of the Western and South Western portions of this Colony, of affording a rapid and regular mode of transit to the Inhabitants of those Districts, and of securing the trade which will otherwise be diverted to the bordering Colonies of Queensland, South Australia, and Victoria, in the opinion of this House it is desirable and necessary that a main trunk line of Railway should be carried from the proposed Terminus at Bathurst to Fort Bourke.
 - (2.) That a survey of the country between those points should immediately be made to determine the most desirable route.
 - (3.) That an Address be presented to His Excellency the Governor with the foregoing Resolutions.
3. **MR. HART** to move for leave to bring in a Bill to amend the Jurisdiction in Insolvency.
4. **MR. HART** to move, That this House, having had under its consideration the Return laid upon the Table, on the 3rd July, 1863, relative to the disposal or management of the Old Burial Ground in George-street, is of opinion that the same ought to be set apart as a Reserve for the Inhabitants of Sydney.
5. **MR. HART** to move, That this House, having had under its consideration the Report of the Select Committee of the Assembly upon the case of Mr. William Sims Bell, laid upon the Table on the 2nd day of December, 1862, is of opinion:—
 - (1.) That it clearly appears by the Evidence appended to the said Report, that the land forming the subject of the Petitioner's claim was granted to his father, Mr. Archibald Bell, by Letters Patent under the hand of Lieutenant-Colonel Paterson, bearing date the 3rd day of October, 1809, and was never formally surrendered to the Government by the Grantee, or by the Petitioner.
 - (2.) That the Government having taken possession of the said land for public purposes, and not upon the ground that the Petitioner or his father had ever forfeited their right thereto, the said William Sims Bell is entitled to compensation for the land so resumed.
 - (3.) That an Address be presented to His Excellency the Governor, embodying the foregoing Resolutions.
6. **MR. GARRETT** to move, That there be laid upon the Table of this House, a Copy of the Letter addressed by the Collector of Customs to the Officers of his Department, dated the 18th November last, relative to the obtaining of pecuniary assistance from Custom House Agents by the Officers of Customs.

7. MR. STEWART to move,—

(1.) That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony, and must lead to pernicious consequences.

(2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.

(3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.

OTHER BUSINESS—NOTICES OF MOTION :—

1. MR. MORRIS to move the following Resolutions *seriatim* :—
- That in the opinion of this House it is desirable,—
- (1.) That the Western portion of New South Wales,—to be defined by the following bounds, viz. :—On the north by a portion of the southern boundary of Queensland; on the west by a portion of the western boundary of South Australia; on the south by a portion of the northern boundary of Victoria; and on the east and north-east by a line to be fixed under the authority of the Governor and Executive Council,—be declared a Province, to be called the Riverine Province, with provision for separate Local Administration.
 - (2.) That a Government Superintendent should be appointed to reside at the most convenient place within the said province.
 - (3.) That a branch of the Supreme Court, with Judge, officers, and its appendages; a Registrar's Office; a branch Land and Survey Office; and Commissioner of Crown Lands Office; and all other necessary public offices; be established in the said province.
 - (4.) That immediate and efficient steps should be taken for canalizing and clearing the Darling, and clearing the Murrumbidgee and Murray Rivers (precedence being given to the clearing and canalizing the Darling), and for erecting necessary public offices and other improvements.
 - (5.) That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.
 - (6.) That the Riverine Province should return ten Members to the Legislative Assembly.

(7.)

(7.) That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.

(8.) That in order to encourage the investment of capital in pastoral pursuits, a more secure tenure than that at present existing should be granted, and that a measure by which renewable leases may be provided, at a rental to be periodically adjusted by valuation of the capabilities of runs, should be enacted.

(9.) That an Address be presented to His Excellency the Governor, embodying the foregoing Resolutions.

2. MR. HART to move,—

(1.) That, with a view of developing the natural resources of the Western and South Western portions of this Colony, of affording a rapid and regular mode of transit to the Inhabitants of those Districts, and of securing the trade which will otherwise be diverted to the bordering Colonies of Queensland, South Australia, and Victoria, in the opinion of this House it is desirable and necessary that a main trunk line of Railway should be carried from the proposed Terminus at Bathurst to Fort Bourke.

(2.) That a survey of the country between those points should immediately be made to determine the most desirable route.

(3.) That an Address be presented to His Excellency the Governor with the foregoing Resolutions.

3. MR. HART to move for leave to bring in a Bill to amend the Jurisdiction in Insolvency.

4. MR. HART to move, That this House, having had under its consideration the Return laid upon the Table, on the 3rd July, 1863, relative to the disposal or management of the Old Burial Ground in George-street, is of opinion that the same ought to be set apart as a Reserve for the Inhabitants of Sydney.

5. MR. HART to move, That this House, having had under its consideration the Report of the Select Committee of the Assembly upon the case of Mr. William Sims Bell, laid upon the Table on the 2nd day of December, 1862, is of opinion:—

(1.) That it clearly appears by the Evidence appended to the said Report, that the land forming the subject of the Petitioner's claim was granted to his father, Mr. Archibald Bell, by Letters Patent under the hand of Lieutenant-Colonel Paterson, bearing date the 3rd day of October, 1809, and was never formally surrendered to the Government by the Grantee, or by the Petitioner.

(2.) That the Government having taken possession of the said land for public purposes, and not upon the ground that the Petitioner or his father had ever forfeited their right thereto, the said William Sims Bell is entitled to compensation for the land so resumed.

(1.) That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony, and must lead to pernicious consequences.

(2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.

(3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.

GOVERNMENT BUSINESS—ORDER OF THE DAY :—

1. Treasury Bills Bill; third reading.

OTHER BUSINESS—NOTICES OF MOTION :—

1. MR. MORRIS to move the following Resolutions *seriatim* :—
That in the opinion of this House it is desirable,—
 - (1.) That the Western portion of New South Wales,—to be defined by the following bounds, viz. :—On the north by a portion of the southern boundary of Queensland; on the west by a portion of the western boundary of South Australia; on the south by a portion of the northern boundary of Victoria; and on the east and north-east by a line to be fixed under the authority of the Governor and Executive Council,—be declared a Province, to be called the Riverine Province, with provision for separate Local Administration.
 - (2.) That a Government Superintendent should be appointed to reside at the most convenient place within the said province.
 - (3.) That a branch of the Supreme Court, with Judge, officers, and its appendages; a Registrar's Office; a branch Land and Survey Office; and Commissioner of Crown Lands Office; and all other necessary public offices; be established in the said province.
 - (4.) That immediate and efficient steps should be taken for canalizing and clearing the Darling, and clearing the Murrumbidgee and Murray Rivers (precedence being given to the clearing and canalizing the Darling), and for erecting necessary public offices and other improvements.
 - (5.) That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.
 - (6.) That the Riverine Province should return ten Members to the Legislative Assembly.
 - (7.) That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.
 - (8.) That in order to encourage the investment of capital in pastoral pursuits, a more secure tenure than that at present existing should be granted, and that a measure by which renewable leases may be provided, at a rental to be periodically adjusted by valuation of the capabilities of runs, should be enacted.
 - (9.) That an Address be presented to His Excellency the Governor, embodying the foregoing Resolutions.
2. MR. HART to move,—
 - (1.) That, with a view of developing the natural resources of the Western and South Western portions of this Colony, of affording a rapid and regular mode of transit to the Inhabitants of those Districts, and of securing the trade which will otherwise be diverted to the bordering Colonies of Queensland, South Australia, and Victoria, in the opinion of this House it is desirable and necessary that a main trunk line of Railway should be carried from the proposed Terminus at Bathurst to Fort Bourke.
 - (2.) That a survey of the country between those points should immediately be made to determine the most desirable route.
 - (3.) That an Address be presented to His Excellency the Governor with the foregoing Resolutions.
3. MR. HART to move for leave to bring in a Bill to amend the Jurisdiction in Insolvency.

4. MR. HART to move, That this House, having had under its consideration the Return laid upon the Table, on the 3rd July, 1863, relative to the disposal or management of the Old Burial Ground in George-street, is of opinion that the same ought to be set apart as a Reserve for the Inhabitants of Sydney.
5. MR. HART to move, That this House, having had under its consideration the Report of the Select Committee of the Assembly upon the case of Mr. William Sims Bell, laid upon the Table on the 2nd day of December, 1862, is of opinion :—
- (1.) That it clearly appears by the Evidence appended to the said Report, that the land forming the subject of the Petitioner's claim was granted to his father, Mr. Archibald Bell, by Letters Patent under the hand of Lieutenant-Colonel Paterson, bearing date the 3rd day of October, 1809, and was never formally surrendered to the Government by the Grantee, or by the Petitioner.
- (2.) That the Government having taken possession of the said land for public purposes, and not upon the ground that the Petitioner or his father had ever forfeited their right thereto, the said William Sims Bell is entitled to compensation for the land so resumed.
- (3.) That an Address be presented to His Excellency the Governor, embodying the foregoing Resolutions.
6. MR. GARRETT to move, That there be laid upon the Table of this House, a Copy of the Letter addressed by the Collector of Customs to the Officers of his Department, dated the 18th November last, relative to the obtaining of pecuniary assistance from Custom House Agents by the Officers of Customs.
7. MR. STEWART to move,—
- (1.) That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony, and must lead to pernicious consequences.
- (2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.
- (3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry; and will thus add to the wealth of the Colony and improve the condition of the working classes.

 - (2.) That the Riverine Province should return ten Members to the Legislative Assembly.
 - (3.) That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.
 - (4.) That immediate and efficient steps should be taken for canalizing and clearing the Darling, and clearing the Murrumbidgee and Murray Rivers (precedence being given to the clearing and canalizing the Darling), and for erecting necessary public offices and other improvements.
 - (5.) That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought ; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.
 - (6.) That, in as much as doubts have arisen as to the right of the pastoral tenants of the Crown, to leases renewable at the expiration of the term granted by the Crown Lands Occupation Act of 1861, and as these doubts materially tend to discourage the investment of capital in pastoral pursuits, steps should be taken to remove such doubts ; and that the leases be declared renewable in accordance with the spirit and intent of the said Act.

That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony, and must lead to pernicious consequences.
 - (2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.
 - (3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.

 (5.) That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought ; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.
 (6.) That, in as much as doubts have arisen as to the right of the pastoral tenants of the Crown, to leases renewable at the expiration of the term granted by the Crown Lands Occupation Act of 1861, and as these doubts materially tend to discourage the investment of capital in pastoral pursuits, steps should be taken to remove such doubts ; and that the leases be declared renewable in accordance with the spirit and intent of the said Act.

That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony ; and must lead to pernicious consequences.
 (2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.

(3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.

That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.
 (4.) That immediate and efficient steps should be taken for canalizing and clearing the Darling, and clearing the Murrumbidgee and Murray Rivers (precedence being given to the clearing and canalizing the Darling), and for erecting necessary public offices and other improvements.
 (5.) That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.

That, in as much as doubts have arisen as to the right of the pastoral tenants of the Crown, to leases renewable at the expiration of the term granted by the Crown Lands Occupation Act of 1861, and as these doubts materially tend to discourage the investment of capital in pastoral pursuits, steps should be taken to remove such doubts; and that the leases be declared renewable in accordance with the spirit and intent of the said Act.

(2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.

(3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.

 (2.) That the Riverine Province should return ten Members to the Legislative Assembly.
 (3.) That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.
 (4.) That immediate and efficient steps should be taken for canalizing and clearing the Darling, and clearing the Murrumbidgee and Murray Rivers (precedence being given to the clearing and canalizing the Darling), and for erecting necessary public offices and other improvements.
 (5.) That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.
 (6.) That, in as much as doubts have arisen as to the right of the pastoral tenants of the Crown, to leases renewable at the expiration of the term granted by the Crown Lands Occupation Act of 1861, and as these doubts materially tend to discourage the investment of capital in pastoral pursuits, steps should be taken to remove such doubts; and that the leases be declared renewable in accordance with the spirit and intent of the said Act.

 (3.) That an Address be presented to His Excellency the Governor with the foregoing Resolutions.

 (1.) That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony, and must lead to pernicious consequences.
 (2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.
 (3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.

27. MR. SADLEIR to move,—
 (1.) That for the more efficient and economical working of the Railways, and with a view to encourage private enterprise—lessen the system of Government centralization, so liable to abuse—it is the opinion of this House that the present system of Railway management should be abandoned, and said Railways be farmed out, so that they may be worked by contract.
 (2.) That with a view to relieve the Consolidated Revenue of the Colony from a large and capricious expenditure of the public funds for local purposes, calculated to vitiate the independence of the Representatives of the people, to encourage a vicious system of patronage and centralization, it is, in the opinion of this House, desirable to establish throughout the Colony, having regard to local population, County or District Councils (being elective), empowered to carry out local taxation, aided by proportionate annual grants from the Legislature, for local purposes.

Forster answered:—The subject has been under my consideration, but the Government having announced their determination not to introduce during the present Session other than certain urgent and necessary measures already submitted to and approved by this House, I cannot say that it is my present intention to deviate from that determination unless it should appear to be absolutely necessary for financial reasons, which are not obvious at this moment; and

 - (2.) That the Riverine Province should return ten Members to the Legislative Assembly.
 - (3.) That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.
 - (4.) That immediate and efficient steps should be taken for canalizing and clearing the Darling, and clearing the Murrumbidgee and Murray Rivers (precedence being given to the clearing and canalizing the Darling), and for erecting necessary public offices and other improvements.
 - (5.) That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought ; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.
 - (6.) That, in as much as doubts have arisen as to the right of the pastoral tenants of the Crown, to leases renewable at the expiration of the term granted by the Crown Lands Occupation Act of 1861, and as these doubts materially tend to discourage

courage the investment of capital in pastoral pursuits, steps should be taken to remove such doubts; and that the leases be declared renewable in accordance with the spirit and intent of the said Act.

(7.) That an Address be presented to His Excellency the Governor, embodying the foregoing Resolutions,—

Moved,—

OTHER

OTHER BUSINESS—NOTICES OF MOTION:—

1. MR. HART to move,—
 - (1.) That, with a view of developing the natural resources of the Western and South Western portions of this Colony, of affording a rapid and regular mode of transit to the Inhabitants of those Districts, and of securing the trade which will otherwise be diverted to the bordering Colonies of Queensland, South Australia, and Victoria, in the opinion of this House it is desirable and necessary that a main trunk line of Railway should be carried from the proposed Terminus at Bathurst to Fort Bourke.
 - (2.) That a survey of the country between those points should immediately be made to determine the most desirable route.
 - (3.) That an Address be presented to His Excellency the Governor with the foregoing Resolutions.
2. MR. STEWART to move,—
 - (1.) That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony, and must lead to pernicious consequences.
 - (2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.
 - (3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.
3. MR. MACPHERSON to move, That there be laid upon the Table of this House, A Return of all Lands held on 2nd February, 1864, under Pastoral Occupation in each of the formerly Intermediate, but now Settled, Intermediate, and Unsettled Districts of the Colony grouped into Districts, distinguishing between Leases, or *quasi* Leases, granted before and after 2nd February, 1858; such Return to be in a tabular form, and shewing in each District numerically the names of the present Lessees; the date of the commencement of each Lease; the time it has to run, classifying Leases for eight and for fourteen years; the approximate extent of land comprised in each Lease; the name of each Run; its approximate grazing capability in cattle and sheep; the amount of annual Rent; also, the extent of land within the limits of each Lease which has been alienated under pre-emptive right, and under conditional purchase or otherwise, under separate heads; also, the area of each Reserve, proclaimed or unproclaimed, (within each Lease), for alienation, or for public purposes; also, as an annex to the Return for each District, a Return of the Runs which have been forfeited and vacated, distinguishing between each and between those forfeited or vacated prior to and since the passing of the Occupation and Alienation Land Acts of 1861, with all the foregoing particulars as to extent, capabilities, &c.; the Return also to contain a remark column, explanatory of particular circumstances connected with each particular District, or any particular circumstances connected with any particular Run; and the Return also to shew the totals in each District under the heads designated, with a summary of the information in each District, and a general summary of the whole information at the end of the Return.
4. MR. SADLEIR to move,—
 - (1.) That for the more efficient and economical working of the Railways, and with a view to encourage private enterprise—lessen the system of Government centralization, so liable to abuse—it is the opinion of this House that the present system of Railway management should be abandoned, and said Railways be farmed out, so that they may be worked by contract.
 - (2.) That with a view to relieve the Consolidated Revenue of the Colony from a large and capricious expenditure of the public funds for local purposes, calculated to vitiate the independence of the Representatives of the people, to encourage a vicious system of patronage and centralization, it is, in the opinion of this House, desirable to establish throughout the Colony, having regard to local population, County or District Councils (being elective), empowered to carry out local taxation, aided by proportionate annual grants from the Legislature, for local purposes.
 - (3.) That the foregoing Resolutions be presented, by Address, to His Excellency the Governor.
5. MR. SADLEIR to move, That the Progress Report of the Select Committee in the case of Mr. John Busby, laid on the Table on 17 December, 1863, be now adopted by this House.

 - (1.) The amounts, in all instances, during the continuance in office of the Donaldson Ministry (from the 6th June, 1856, to the 25th August, 1856), in which payments were made from the Public Funds of the Colony without the authority of Parliament.
 - (2.)

- (2.) The amounts, in all instances, during the continuance in office of the Parker Ministry (from the 3rd October, 1856, to the 6th September, 1857), in which payments were made out of the Public Funds of the Colony without the consent of Parliament.

15. Railway Communication; Resumption of the Adjourned Debate, on motion of Mr. Samuel:—
 - "(1.) That in order more satisfactorily to carry out Railway Communication in the Colony, this House is of opinion that it is desirable that Contracts should be made with some responsible Contractor or Contractors, for the completion of present and further extensions; and with this view, some well known responsible Contractor or Contractors should be requested to prepare an Estimate and submit a Tender to the Government, for constructing certain Railways in New South Wales, in accordance with the following conditions:—

" (3.) That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.

" (4.) That immediate and efficient steps should be taken for canalizing and clearing the Darling, and clearing the Murrumbidgee and Murray Rivers (precedence being given to the clearing and canalizing the Darling), and for erecting necessary public offices and other improvements.

" (6.) That, in as much as doubts have arisen as to the right of the pastoral tenants of the Crown, to leases renewable at the expiration of the term granted by the Crown Lands Occupation Act of 1861, and as these doubts materially tend to discourage the investment of capital in pastoral pursuits, steps should be taken to remove such doubts; and that the leases be declared renewable in accordance with the spirit and intent of the said Act.

OTHER

OTHER BUSINESS—NOTICES OF MOTION:—

1. MR. HART to move,—
 - (1.) That, with a view of developing the natural resources of the Western and South Western portions of this Colony, of affording a rapid and regular mode of transit to the Inhabitants of those Districts, and of securing the trade which will otherwise be diverted to the bordering Colonies of Queensland, South Australia, and Victoria, in the opinion of this House it is desirable and necessary that a main trunk line of Railway should be carried from the proposed Terminus at Bathurst to Fort Bourke.
 - (2.) That a survey of the country between those points should immediately be made to determine the most desirable route.
 - (3.) That an Address be presented to His Excellency the Governor with the foregoing Resolutions.
2. MR. STEWART to move,—
 - (1.) That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony, and must lead to pernicious consequences.
 - (2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.
 - (3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.
3. MR. MACPIERSON to move, That there be laid upon the Table of this House, A Return of all Lands held on 2nd February, 1864, under Pastoral Occupation in each of the formerly Intermediate, but now Settled, Intermediate, and Unsettled Districts of the Colony grouped into Districts, distinguishing between Leases, or *quasi* Leases, granted before and after 2nd February, 1858; such Return to be in a tabular form, and showing in each District numerically the names of the present Lessees; the date of the commencement of each Lease; the time it has to run, classifying Leases for eight and for fourteen years; the approximate extent of land comprised in each Lease; the name of each Run; its approximate grazing capability in cattle and sheep; the amount of annual Rent; also, the extent of land within the limits of each Lease which has been alienated under pre-emptive right, and under conditional purchase or otherwise, under separate heads; also, the area of each Reserve, proclaimed or unproclaimed, (within each Lease), for alienation, or for public purposes; also, as an annex to the Return for each District, a Return of the Runs which have been forfeited and vacated, distinguishing between each and between those forfeited or vacated prior to and since the passing of the Occupation and Alienation Land Acts of 1861, with all the foregoing particulars as to extent, capabilities, &c.; the Return also to contain a remark column, explanatory of particular circumstances connected with each particular District, or any particular circumstances connected with any particular Run; and the Return also to shew the totals in each District under the heads designated, with a summary of the information in each District, and a general summary of the whole information at the end of the Return.
4. MR. SADDLEIR to move,—
 - (1.) That for the more efficient and economical working of the Railways, and with a view to encourage private enterprise—lessen the system of Government centralization, so liable to abuse—it is the opinion of this House that the present system of Railway management should be abandoned, and said Railways be farmed out, so that they may be worked by contract.
 - (2.) That with a view to relieve the Consolidated Revenue of the Colony from a large and capricious expenditure of the public funds for local purposes, calculated to vitiate the independence of the Representatives of the people, to encourage a vicious system of patronage and centralization, it is, in the opinion of this House, desirable to establish throughout the Colony, having regard to local population, County or District Councils (being elective), empowered to carry out local taxation, aided by proportionate annual grants from the Legislature, for local purposes.
 - (3.) That the foregoing Resolutions be presented, by Address, to His Excellency the Governor.
5. MR. SADDLEIR to move, That the Progress Report of the Select Committee in the case of Mr. John Busby, laid on the Table on 17 December, 1863, be now adopted by this House.

 - (1.) The amounts, in all instances, during the continuance in office of the Donaldson Ministry (from the 6th June, 1856, to the 25th August, 1856), in which payments were made from the Public Funds of the Colony without the authority of Parliament.
 - (2.)

(2.) The amounts, in all instances, during the continuance in office of the Parker Ministry (from the 3rd October, 1856, to the 6th September, 1857), in which payments were made out of the Public Funds of the Colony without the consent of Parliament.

15. Railway Communication ; Resumption of the Adjourned Debate, on motion of Mr. Samuel :—
 - " (1.) That in order more satisfactorily to carry out Railway Communication in the " Colony, this House is of opinion that it is desirable that Contracts should be made " with some responsible Contractor or Contractors, for the completion of present " and further extensions ; and with this view, some well known responsible Con- " tractor or Contractors should be requested to prepare an Estimate and submit a " Tender to the Government, for constructing certain Railways in New South Wales, " in accordance with the following conditions :—

Mr. Holroyd answered :—The Honorable Member for Morpeth put a similar question to my predecessor, and I cannot do better than answer this in his words :
 “The £10,000 voted last year for Wharves and Coal Shoots will be expended as soon as it is determined to what point the extension of the Great Northern Line to Morpeth shall reach. If the House agree in opinion that this extension shall be carried to the point to which I have alluded, then the money will be expended in the construction of Coal Shoots at that spot which is particularly favourable to the purpose.”

(1.) The Government Banking business is conducted by the Bank of New South Wales only, for a period of five years, the terms to be reconsidered at the end of thirty months from the commencement of the agreement. The Bank pays the Government 4½ per cent. per annum, computed on the average weekly balance of moneys in the hands of the Bank, and undertakes to keep the Government accounts according to existing regulations.

- (1.) It was deemed necessary, owing to the wish of the public, and particularly of the working classes, who were desirous of making excursions into the suburbs and country on Sundays.

 - (3.) That an Address be presented to His Excellency the Governor with the foregoing Resolutions.

 - (1.) That, in the opinion of this House, it is the duty of the Government to provide an adequate Revenue within the year to meet the current expenses of the year, and any expedient, either by loan or otherwise, to supply a deficiency of Revenue is unwise, injurious to the credit of the Colony, and must lead to pernicious consequences.
 - (2.) That such an adequate Revenue can be obtained by duties on Foreign Imports without injuring our Commerce, by selecting articles of luxury, and such as can be produced or manufactured in the Colony.
 - (3.) That such import duty would be the means of developing the resources of the Colony, by encouraging agriculture and the establishing of manufactories, and afford full employment for the people, and facilities for training our youth to habits of industry, and will thus add to the wealth of the Colony and improve the condition of the working classes.

5. MR. SADLEIR to move,—
 - (1.) That for the more efficient and economical working of the Railways, and with a view to encourage private enterprise—lessen the system of Government centralization, so liable to abuse—it is the opinion of this House that the present system of Railway management should be abandoned, and said Railways be farmed out, so that they may be worked by contract.
 - (2.)  - (2.) That with a view to relieve the Consolidated Revenue of the Colony from a large and capricious expenditure of the public funds for local purposes, calculated to vitiate the independence of the Representatives of the people, to encourage a vicious system of patronage and centralization, it is, in the opinion of this House, desirable to establish throughout the Colony, having regard to local population, County or District Councils (being elective), empowered to carry out local taxation, aided by proportionate annual grants from the Legislature, for local purposes.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

TUESDAY, 1 MARCH, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Damage done by Floods to Roads and Bridges near Tamworth:—Mr. Burdekin asked the Secretary for Public Works, pursuant to Notice No. 1.—When will steps be taken to repair the damage done by the recent Floods to the Roads and Bridges near Tamworth?

Mr. Holroyd answered:—All the damages are now being repaired. The Bridge over the arm of Goonoo Goonoo Creek (built in 1856) which was swept away, has been let, at same rates, to the contractor who had just completed the Bridge over South Arm; his pile engine and all plant are on the ground, and the work is to be completed in two months.

- (2.) Wollongong Harbour Works:—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) Did the Plan exhibited to Contractors, when Tenders were invited for the Wollongong Harbour Works, indicate a length of 450 feet for the Dock Basin, or 315 feet only?

(2.) Did the said Plan indicate an average depth of 28 feet, or 18 feet only?

(3.) Did the said Plan shew a total excavation of 69,000 cubic yards, as stated in Reply to Questions, (*i. e.*, 55,000 cubic yards excavated prior to present Contract, and 14,000 cubic yards still to excavate), or 37,000 cubic yards only?

(4.) Did not Mr. Gibbons undertake to Superintend those Works for 5 per cent. on the outlay; if so, is the sum paid to him, £1,065, calculated at that rate, or has he been overpaid?

(5.) Did the Specification exhibited for these Works *state* that there were 14,000 cubic yards to excavate, or only 8,000; if so, the cause of the discrepancies?

Mr. Holroyd answered:—

(1.) The plan exhibited to Contractors when Tenders were invited for the Wollongong Harbour Works indicated a length of 300 feet, but the length was subsequently increased to 450 feet, and some other alterations in original plan, undertaken in compliance with the prayer of Petitions, signed by the Coal Companies and Proprietors, and by the Mayor of Wollongong, on behalf of the Inhabitants.

(2.) The plan indicated a depth, on an average, of something over 28 feet from surface of ground, or about 18 feet from high water mark to bottom of Basin.

(3.) The said plan could not of course shew the larger quantity of excavation, which was only subsequently determined upon, neither did it shew any such quantity as 37,000 cubic yards.

(4.) Mr. Gibbons undertook to superintend these works at a commission of 5 per cent. He has been somewhat over paid—a special advance having been allowed him by the authority of the Minister for Works at the time; but there are more than enough funds of his on other accounts in the hands of the Government to cover the advance.

(5.) The specification stated no quantity.

2. Motions Withdrawn:—Mr. Piddington, on behalf of Mr. Burns, withdrew the Motions standing in the name of Mr. Burns, Nos. 8 and 9 on the Notice Paper of Other Business for to-day.

3. Bank of New South Wales Incorporation Act Amendment Bill ("*Formal*" *Order of the Day*—being Order No. 2 of Other Business), on motion of Mr. Martin, read a third time and *passed*.

[Being the first of a series of Resolutions to be put *seriatim*, viz. :—

That in the opinion of this House, it is desirable,—

" (1.) That the Western portion of New South Wales,—to be defined by the following bounds, viz. :—On the North by a portion of the southern boundary of Queensland ; on the west by a portion of the western boundary of South Australia ; on the south by a portion of the northern boundary of Victoria ; and on the east and north-east by a line to be fixed under the authority of the Governor and Executive Council,—be declared a Province, to be called the Riverine Province, with provision for separate Local Administration.

" (2.) That the Riverine Province should return ten Members to the Legislative Assembly.

" (3.) That after providing for the support of local Government, and Judicial institutions, &c., and the payment of the fair quota of the cost of the postal service, and of the expense of the General Government, and of the interest on the Colonial debt, the balance of the revenue of the Riverine Province should be expended therein upon public works under the supervision of local boards.

" (4.) That immediate and efficient steps should be taken for canalizing and clearing the Darling, and clearing the Murrumbidgee and Murray Rivers (precedence being given to the clearing and canalizing the Darling), and for erecting necessary public offices and other improvements.

" (5.) That, in lieu of a pre-emptive lease of an area thrice that of the land conditionally bought, the conditional purchaser should be granted an indefeasible lease for fourteen years, with an absolute pre-emptive right over an area of thrice that of the land conditionally bought ; but that the land purchased by the conditional purchaser, and held by such pre-emptive lease, should be securely fenced within two years from the date of such selection, and that until such fencing be made and completed no power of impounding off such land by such purchaser should exist or be allowed.

" (6.)

" (6.) That, in as much as doubts have arisen as to the right of the pastoral tenants of the Crown, to leases renewable at the expiration of the term granted by the Crown Lands Occupation Act of 1861, and as these doubts materially tend to discourage the investment of capital in pastoral pursuits, steps should be taken to remove such doubts; and that the leases be declared renewable in accordance with the spirit and intent of the said Act.

“ Colonial Secretary’s Office,

“ PERQUISITES OF OFFICE.

“ It having been recently brought under the notice of the Government that, in some instances, the Regulation prohibiting the receipt of money by Clerks of Petty Sessions, or others, as perquisites or gratuities, is not duly observed, the attention of Heads of Departments, Police Magistrates, and Benches of Magistrates, is called to the Circular Letter issued from this Department on the subject, on the 30th November, 1850, by which it will be perceived that no person in the Public Service is permitted to receive, at any time or place, for his own use or advantage, any perquisite or gratuity whatsoever, for any service directly or indirectly connected with the duties of his office, even though such service may have been performed at his private residence, and after office hours.

“ The attention of the Government having been drawn to the circumstance of Officers of the Civil Service in this Colony acting in the capacity of paid Directors of Public Companies, His Excellency the Governor General, with the advice of the Executive Council, directs it to be notified, that, in future, it is to be considered a General Regulation of the Service, that no Head of a Department, or Subordinate Officer of the Government, shall be permitted to hold any office in connexion with any Banking, Insurance, or other Company, which shall be incompatible or interfere with the full and proper performance of his public duties.

On the 25th of last month, the day on which I became aware of the case referred to, I directed a letter to be written to the Police Magistrate of Maitland, requesting him to send me a copy of the depositions; I received such copy of the depositions this day. I have read them, but have not yet made up my mind whether or not I shall direct any further proceedings to be taken, and the case is now under my consideration. No useful object could be accomplished by placing copies of the depositions upon the Table of this House, and the due course of justice might be interfered with by any such step being taken. 1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Want of Magistrate at Clarence Town:—Mr. Allen asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) Is he aware that in the important inland shipping township of Clarence Town, on the Williams River, there is but one resident Magistrate?

(2.) That sometimes, for nearly three months together, a Court cannot be formed for want of a second Magistrate?

(3.) Has the Colonial Secretary any intention of appointing a Police Magistrate for the District of the Williams?

(4.) Or any objection to appoint the present Clerk of the Bench, if in accordance with the wishes of the Inhabitants, to discharge the duties of Magistrate for the present?

Mr. W. Forster answered:—

(1.) Information to that effect has reached the Government.

(2.) I am aware that the want of a second Magistrate has sometimes prevented the adjudication of cases requiring more than one Magistrate.

(3.) The subject is under consideration, but I cannot say that I have any such intention at present. The Government, however, would nominate any eligible persons to the Commission of the Peace if formally recommended.

(4.) It appears to me objectionable as a general rule to combine in one person the offices of Police Magistrate and Clerk of Petty Sessions, and to appoint a Clerk of Petty Sessions Police Magistrate at the same Bench where he has been long acting as Clerk of Petty Sessions.

- (2.) Naval Brigade:—Mr. Dangar asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) The amount paid by the Government for forming the Naval Brigade?

(3.) What is the amount paid monthly to each Non-Commissioned Officer and man?

(4.) What duty do the Naval Brigade perform for the pay received monthly?

(5.) What has the Naval Brigade cost the Government since its enrolment?

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 11 MARCH, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

(*Mr. Burns withdrew the Question standing in his name, No. 1.*)

- (1.) David Moores, late Foreman in Storekeeper's Department: Mr. Dangar asked the Colonial Treasurer, pursuant to Notice No. 2,—

(1.) Do the Government intend to allow compensation to David Moores, late foreman in the Storekeeper's Department?

(2.) Is it not usual to grant one month's pay for every year of servitude to officers of Government when so discharged?

(3.) Will the Government have any objection to re-appoint David Moores to employment in the Government, suited to his qualifications and competency?

Mr. Eagar answered :—Perhaps the Honorable Gentleman will relieve me from the necessity of answering his questions *seriatim*, which will enable me to give the required information in a more definite shape. On the re-organization of the Storekeeper's Department by the late Government, Mr. David Moores was removed from his position as Foreman. In cases involving the abolition of office, it is usual to allow a gratuity—which may be termed compensation—on the principle of one month's pay for each year of service, if continuous, and provided the removal from office be not occasioned by the fault of the person so removed. In the case of Mr. Moores, the question of the usual gratuity has not yet arisen, as I have repeatedly informed Mr. Moores of my intention to appoint him to the first vacancy (suitable to his age and capacity) which may occur in any department under my control.

- (2.) Officers of Sydney Mint:—Mr. Dangar asked the Colonial Treasurer, pursuant to Notice No. 3,—

(1.) The amount of salaries, including travelling expenses and quarters, paid in 1863, to the Officers of the Sydney Mint, including the Master of the Mint?

(2.) The names of Officers receiving salaries, describing the amount received by each?

(3.) The amount of Gold Duty and other Revenue received at the Sydney Mint for 1863, as paid into the Colonial Treasury?

Mr. Eagar answered :—Having regard, Mr. Speaker, to your observations of yesterday, in reference to Questions asked of Members of the Government, I would suggest to my Honorable friend opposite, whether he would give notice of these Questions in the shape of a motion for next Tuesday. If it were then regarded as a formal motion, I should, upon its being put from the Chair, be prepared to lay the return on the Table; my object being not to encumber the Votes and Proceedings with unnecessarily lengthy replies.

- (3.) Expenditure on Road between Pitt Town and Wiseman's Ferry :—Mr. Cunneen, *with the concurrence of the House*, asked the Secretary for Lands, pursuant to Notice No. 4,—Why have the Government, in their proposed distribution for Subordinate Roads for 1864, reduced from £10 to £7 per mile the Expenditure upon the part most used of Wiseman's Road, namely,—between Pitt Town and Wiseman's Ferry, while they still propose to expend £10 per mile upon it between Wiseman's Ferry and the Wollombi?

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 15 MARCH, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Classification of Roads :—Mr. Shepherd asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Is there any fixed rule or principle by which the Government are guided in defining and classing the various Roads throughout the Country, and on which Public Money is expended?

(2.) If so, what rules are acted on in defining and classing those Roads on which Public Money is expended?

(3.) Do any other than proclaimed Roads come within the category of Minor Roads, and on which portions of the Public Money are set apart to be expended?

Mr. Wilson answered :—

(1 and 2.) The principle kept in view in the Classification of Minor Roads, is their relative importance to the public, so far as it can be estimated, and the amount of traffic on them; and, in certain cases, the greater or less demands of particular Roads or portions of Roads, having regard to the greater or less natural difficulty of formation.

(3.) It has been found unavoidable to classify many Roads which are not yet surveyed or proclaimed. If this were not done, the public would suffer inconvenience.

(Mr. Garrett not asking the Questions standing in his name, Nos. 2 and 3, they dropped.)

- (2.) Gold Escorts :—Mr. Dangar asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) The amount of salaries, including travelling expenses and quarters, paid in 1863, to the Officers and Men in charge of Gold Escorts?

(2.) The names of Officers or Men in charge of Gold Escorts, describing the amount received by each?

(3.) The amounts received for Conveying Gold from the Northern, Southern, South-Western, and Western Gold Fields for 1863?

(4.) The amount received by the Government from Gold Escorts, and paid into the Colonial Treasury during the year 1863?

Mr. W. Forster answered :—

(1.) For salaries, £3,016 2s. 11d.; Travelling expenses, £1,130 1s. 9d.

The escort men are not provided with quarters, but receive double pay for every day's journey in the coach. In addition to the above expense, the mounted men on the lines of road accompany the escort, and receive 3s. per night travelling allowance when absent from their stations.

	Pay.	Travelling Allowance.
(2.)		
Sergeants or Conductors in charge of Escorts	M'Clure.....	£72 4 0
	Green	79 15 6
	Smith.....	96 18 0
	Brookes.....	88 7 0
	Parker	58 10 0
	Devonald	20 18 0
	Pearson	9 0 6
	9s. 6d. per diem...	

The escort service having been reduced, the three conductors last named have been transferred to police stations.

(3.)

(3.) Amount received during the year 1863 as Escort Fees for conveyance of gold £1,228 12s. 10d. (The amounts received for conveyance from each District cannot be given, as such information is not contained in the vouchers furnished by the Deputy Master of the Mint.)

(4.) Total amount of Escort Fees received during the year 1863, £2,384 6s.

(Mr. Burns withdrew the Question standing in his name, No. 5.)

(3.) Treasury Balance:—Mr. Piddington asked the Colonial Treasurer, pursuant to notice No. 6,—

(1.) What was the amount of the actual Cash Balance at the credit of the Government in the Bank of New South Wales, on the 21st day of March, 1863?

(2.) Is the sum of £445,106 7s., the correct Cash Balance at the above date, as stated in Return signed by John Wells, Accountant?

Mr. Eagar answered:—

(1.) In answer to Question No. 1, I beg to state, for the information of the Honorable Member, that the actual Cash Balance at the credit of the Government in the Bank of New South Wales, on the 21st day of March, 1863, was, as shewn by certificates which I hold in my hand,—

On General Account	£264,549	9	7	
On Suspense Account		9,547	17	5

Making a total of..... £274,097 7 0

(2.) In answer to Question No. 2, my Honorable Friend will perceive, if he refer to the source whence he obtained his figures, that the Cash Balance of £445,106 7s., certified by the Accountant to the Treasury, as on 21 March, 1863, "is chargeable with the expenditure under the system of bank credits." It is consequently a gross balance, and as such is perfectly correct. The difference between the gross balance of..... £445,106 7 0

And the net available balance in the Bank 264,549 9 7

Amounting to £180,556 17 5

consists of cheques of public officers, paid by the Bank up to 21st March, 1863, but not brought into the books of the Treasury at the same point of time. The transfer of these cheques into the books of the Treasury is made once a month, after examination by the Auditor General, and on the warrant of His Excellency the Governor. There is thus, under the existing system, always a difference between the Cash Balance in the Bank and that shewn by the books of the Treasury at any given period of time.

(Mr. Sudleir not asking the Questions standing in his name, Nos. 7 and 8, they dropped.)

(4.) Punt or Ferry Boat at Singleton:—Mr. Dangar asked the Secretary for Public Works, pursuant to notice No. 9,—

(1.) If the whole sum, voted in 1862, for the construction of a Punt or Ferry Boat at Singleton has been expended?

(2.) Will the Government recommend a sum of money to be placed on the Estimates for 1864, for the construction of a Punt at Singleton, for the conveyance of goods across the River from the Railway Station, until the Bridge is completed?

Mr. Holroyd answered:—

(1.) No.

(2.) No; the Bridge will be opened before a Punt could be made available. The ford will be put in order when the weather permits.

2. Tommy or Truck and Sly Grog-shops on Railway Lines—Railway Contract System:—Mr. Leary presented a Petition from the Tradesmen, Publicans, Masons, Quarrymen, and Labourers, Inhabitants of the District of Bathurst, complaining of the existence of the Shops alluded to, on Railway Lines; and praying for the revision of the Railway Contract System, with a view to the security of the men employed, against fraud in the matter of their wages.

No. 125.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 16 MARCH, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

(1.) Dr. Douglass :—

(1.) Mr. R. Forster asked the Colonial Secretary, pursuant to Notice No. 1,—If Dr. Douglass, the Acting Sheriff, has issued an order compelling the Warders of the Sydney Gaol to remain on duty for thirty-six consecutive hours ?

Mr. W. Forster answered :—The order, to which the Honorable Member appears to refer, was to the effect, that the Warders should remain on the spot for the time mentioned—thirty-six hours—but not, by any means, that they should remain without sleep. Their orders were to take duty four hours at a time; but, in the intervals, they were allowed to sleep or take any rest they liked; they were not interfered with. There was no order at all that they should do the duty of watching for thirty-six hours at a time.

(2.) Mr. R. Forster asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Does Dr. Douglass hold any office under Government besides that of Acting Sheriff; if so, what is the office; and, is there any salary attached to it ?

(2.) Does he perform the duties of the office; if not, who does; and, who receives the salary of the office, if any ?

Mr. W. Forster answered :—The Honorable Member seems to be under some misapprehension, and perhaps it will be as well for me to explain that Dr. Douglass is not now Acting Sheriff; he has returned to his former office of Visiting Magistrate. The former Sheriff, Mr. Uhr, has resumed his duties, but I presume the Honorable Member refers to the position of Dr. Douglass previous to Mr. Uhr's resumption of office. While Dr. Douglass was Acting Sheriff he held no other office under the Government, excepting the office, if it can be called so, of a Member of the Medical Board of Visitors to the Lunatic Asylums of Tarban Creek and Parramatta; for that he was paid by fees when he choose to attend, which was not very often, at the rate of £2 2s. 6d. a visit. He held no other office whatever, while he was Acting Sheriff; he neither performed any other duty, nor received any pay. While he was Acting Sheriff, Captain North did the duty of Visiting Justice. Mr. Uhr has, within the last few days, returned to the duties of Sheriff.

(2.) Railway Returns :—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 3,—

(1.) What was the total amount of Receipts on the Southern, Western, and Northern Railways, respectively, during the months of December, 1862, and January and February, 1863 ?

(2.) What was the total Expense of working those Lines for the months named ?

(3.) What was the total amount of Receipts on the Southern, Western, and Northern Railways, respectively, during the months of December, 1863, and January and February, 1864 ?

(4.) What was the total Expense of working those Lines for the months last named ?

Mr. Holroyd answered :—The information which the Honorable Member requires is in the course of preparation, and will be laid upon the table of the House as early as possible, probably in the course of a few days.

(Mr. Garrett withdrew the Question standing in his name, No. 4.)

2. Paper:—Mr. Martin laid upon the Table, Despatch from the Duke of Newcastle, dated 15th January, 1864, announcing that Her Royal Highness the Princess of Wales was, on the 8th of that month, happily delivered of a Prince;—
And the same having been read at length by the Clerk, by direction of the Speaker,—

Ordered to be printed.
5. Motion Withdrawn:—Mr. Terry withdrew the Motion standing in his name, No. 4 on the Notice Paper of Other Business for to-day.
6. Bank of New South Wales Incorporation Act Amendment Bill:—The Speaker reported the following Message from the Legislative Council:—

MR. SPEAKER,

The Legislative Council having this day agreed to the Bill, intituled “*An Act to amend an Act intituled ‘An Act to incorporate the Proprietors of a certain Banking Company called ‘The Bank of New South Wales’ and for other purposes therein mentioned,*” returns the same to the Legislative Assembly without Amendment.

Agrees to the Amendment which inserts in page 5, after line 6, new paragraph (4).

Agrees to the Amendments in page 5, clause 20, line 23, adding “s” to the words “name” and “ship.”

Disagrees from the Amendment in page 5, clause 20, line 23, which omits the words “and of the Master”;—Because it would be as unreasonable to compel seamen to serve under a master un-named as in a ship un-named.

Adds the letter “s” to the word “Master” in page 5, clause 20, line 23, as immediately consequent upon the Amendments of the Council in the same line which had been agreed to.

Disagrees from the Amendment which omits clause 21 on page 5;—Because its retention is necessary to facilitate the re-engagement of seamen, and for carrying out the objects of the Bill.

Agrees to the Amendments in page 7, clause 34.

Agrees to all the Amendments in pages 8, 9, 10, 11, 12, and 15, clauses 36, 37, 41, 44, 48, 49, 53, 54, 58, 59, 60, and 61.

Agrees to the division of clause 41 into two clauses, and the insertion after clause 41, of two new clauses.

Amends the Amendment in page 16, clause 66, line 12, by omitting therefrom the words “drunkenness or other”—in which amendment it requests the concurrence of the Legislative Council.

Disagrees from the Amendment which inserts in page 16, after clause 70, two new clauses;—Because this being a Bill to consolidate the law it is not advisable to refer to former Acts as in new clause 71; and because in respect to new clause 72 it is unadvisable to impose such duties upon the Masters of such vessels.

Agrees

Agrees to the Amendment in page 16, which inserts "Part VI" above the word "discipline."

Disagrees from the Amendments in page 17, clause 72;—Because either of the punishments is deemed sufficient.

Disagrees from the Amendment which inserts in page 17, after clause 73, two new clauses;—Because sufficient power to deal with and punish seamen is otherwise provided.

Agrees to the Amendment in page 18, clause 74, line 2.

Disagrees from the Amendment in page 18, clause 74, lines 3 and 4:—Because the agreement should be reciprocal.

Disagrees from the Amendment in page 18, clause 79, line 54:—Because unnecessary.

Agrees to all the Amendments in page 19.

Agrees to the Amendments in page 20, First Schedule, line 3.

Amends the Amendment in page 20, First Schedule, line 6, by omitting therefrom the words "fourteen both inclusive the whole of sections seventeen to,"—in which Amendment it requests the concurrence of the Legislative Council.

No. 127.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

TUESDAY, 22 MARCH, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Products of the Colony approved at Great Exhibition in London:—Mr. Garrett asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) The names of the persons who received Prizes and Honorable Mention for the products of this Colony, exhibited at the late Great Exhibition in London, together with a statement of the Articles for which such Prizes &c., were awarded?

(2.) What has been done with the Articles exhibited: if sold, what were the proceeds in each case, and to whom have they been paid?

Mr. W. Forster answered:—In reply to the Honorable Member's Questions, I think it my duty to state, without intending him the slightest disrespect, and upon no grounds whatever special or personal to himself, that this is one of the cases in which it appears to me desirable to decline supplying the information asked for, unless in obedience to an Order of the House. My reasons for this view are:—Firstly,—The complicated character of the information asked for, which is such as can only be prepared and communicated at some trouble and expense. Secondly,—That this information affects private individuals. Thirdly,—That it can only be procured, in the main, from a gentleman not actually under the orders of the Government, namely, the late Secretary to the Exhibition Commissioners: and, Fourthly,—That it cannot at present be rendered in a complete form, the distributions not having been yet, though they are very nearly, completed. I see no objection, however, to the production of the information in the form of a Return, which might, perhaps, embrace other particulars of interest not included in the Honorable Member's Question. But I do not absolutely pledge myself that no objection can be made, until I can better ascertain the opinions of other Honorable Members, and of the House, on the subject.

(Mr. Burns withdrew the Question standing in his name, No. 2.)

(2.) Auriferous Land at Rocky River, sold to Mr. John Crapp:—Mr. R. Forster asked the Secretary for Lands, pursuant to Notice No. 3,—

(1.) Was the 10 acre block of land at the Rocky River Gold Fields, near Uralla, and sold to Mr. Crapp, of the Rocky River, duly advertised for sale by auction prior to being sold?

(2.) What is the date of the advertisement?

(3.) On what date was it sold?

(4.) Where was it put up for sale?

(5.) If not sold by auction—when was the application made for the said land by Mr. Crapp?

(6.) Did he allege in his application that the improvements on the land were made by himself?

(7.) If not, through whom did he claim the right to obtain the said 10 acres of land?

Mr. Wilson answered:—

(1, 2, 3, 4.) It was not advertised for sale by auction.

(5.) His application is dated 18th September, 1862, for the 10 acres, but he had previously applied on the 14th December, 1861, for a larger area.

(6.) No; he alleged that he had become the proprietor of the improvements.

(7.) This application does not state through whom he claimed.

(3.)

(3.) Bridge at Singleton:—Mr. Dangar asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) What date the Contract expires for the completion of the Bridge at Singleton?

(2.) Do the Government believe the Bridge will be finished by the time stipulated in the Contract?

(3.) Are the Government aware that much delay and loss to the Contractor will accrue in the completion of the Bridge, from the late floods, and that a punt would be of great benefit?

(2.) No.

(3.) The Government are not aware of it.

And that His Excellency, thanking the Assembly, had promised to forward the Addresses to their destination without delay.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 24 MARCH, 1864.

1. The House met pursuant to adjournment ; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

(*Mr. Wisdom withdrew the Question standing in his name, No. 1.*)

- (1.) Inundations of the River Hunter :—Mr. Burns asked the Attorney General, pursuant to Notice No. 2,—Have the Government considered the necessity of introducing, next Session, some measure for preventing the devastating inundations to which the alluvial lands of the Hunter are exposed ?

Mr. Martin answered :—The matter to which the Honorable Member's Question refers is one of very great importance. It would be impossible for the Government, without previous careful inquiry by competent persons, to indicate what steps ought to be taken with a view to prevent devastation by floods in the Valley of the Hunter. The Government however recognize the propriety of giving their attention to the matter ; and they hope that, during the recess, they may be enabled to take the necessary steps to enable them, early in the next Session of Parliament, to submit, for its approval, some plan by which the flood waters of the River Hunter may be provided with the means of a more speedy exit to the sea than they have at present.

- (2.) Church and School Lands Trust Bill :—Mr. Egan asked the Honorable the Premier, pursuant to Notice No. 3,—Whether the Government intend to support the Church and School Lands Trust Bill now before the House, that Bill having passed the second reading ?

Mr. Martin answered :—The course which the Government, or individual Members of the Government, may take in reference to the Church and School Lands Trust Bill now before the House, will appear whenever a division takes place on any of the details of that Bill. Previously to such division taking place the Government will have the advantage of the discussions which may be expected to precede and influence such divisions. Until such discussions are over, any public expression by the Government of their intentions would, as it seems to me, be irregular and premature.

- (3.) Government Advertisements :—Mr. Garrett asked the Colonial Treasurer, pursuant to Notice No. 4,—

(1.) Has it been determined by the Government to confine the public advertising to the *Sydney Morning Herald* ?

(2.) If not, to what papers are the public advertisements to be given ?

Mr. Eagar answered :—The Government have not considered the subject as suggested by the Honorable Member, and have therefore arrived at no determination upon it.

2. Motion for Adjournment :—Mr. Egan moved, That this House do now adjourn.
Question put and negatived.
3. Motion Withdrawn :—Mr. Morris withdrew the Motion standing in his name, No. 11 on the Notice Paper of Other Business for to-day.
4. Queensland Steam Navigation Company's Incorporation Bill :—Mr. Leary presented a Petition from the Queensland Steam Navigation Company, praying for leave to introduce a Bill to incorporate the said Company,—
And Mr. Leary having produced the *Government Gazette*, and the *Sydney Morning Herald*, and *Empire*, Newspapers, containing notices for four consecutive weeks in the months of February and March, 1864, of the intention to apply for such Bill,—
Petition received.
5. Bathurst Market Bill :—Mr. Driver presented a Petition from the Municipal Council of Bathurst, bearing the signature of the Mayor, and the Seal of the Corporation, praying for leave to introduce a Bill to transfer the Bathurst Market to the said Municipal Council,—

And

And Mr. Driver having produced the *Government Gazette*, and the *Sydney Morning Herald*, and the *Bathurst Free Press*, Newspapers, containing notices for four consecutive weeks in the months of February and March, 1864, of the intention to apply for such Bill,—

Petition received.

6. Cattle Export Bill (“*Formal*” *Order of the Day*), on motion of Mr. Wilson, read a third time and *passed*.

Whereupon, Mr. Wilson moved, That this Bill be carried to the Legislative Council with the following Message:—

Sydney, 24th March, 1864.

Speaker.

Question put and passed.

7. Paper:—Mr. Eagar laid upon the Table, Return, shewing the Actual Expenses in the year 1862, chargeable on the vote of £4,200, for Fuel and Light for Public Departments within the District of Sydney, together with an Estimate of the Expense for the year 1864 for same services. (*In continuation of Schedule ordered to be printed on 2nd March, 1864.*)

Ordered to be printed.

8. Special Adjournment:—Mr. Martin, *with the concurrence of the House*, moved without notice, That this House, at its rising, do adjourn until *Tuesday next*, at Three o'clock.

Question put and passed.

9. Motion Withdrawn:—Mr. Eagar withdrew the Motion standing in his name, No. 1 on the Notice Paper of Government Business for to-day.

10. Supply:—The Order of the Day for the resumption of the Committee of Supply having been read;—on motion of Mr. W. Forster, the Speaker left the Chair, and the House resolved itself into the said Committee.

The Chairman reported progress, and obtained leave to sit again at a later hour.

The Chairman also reported the following *Point of Order*:—

The Estimate of “*Grants in aid of Public Institutions,*” (consisting of many items), amounting to £2,925, being under consideration, the Colonial Secretary had moved £200, the amount proposed for the Australian Museum, in satisfaction of this Estimate;—and this item having been negatived, an Honorable Member, *not of the Government*, had moved the whole Estimate of £2,925.

The Chairman expressing his opinion that this motion was admissible, exception was taken to his ruling; and the matter was referred to the House for the Speaker’s decision.

And a discussion arising upon the *Point of Order*,—

The Speaker gave his opinion to the following effect:—The Question was one of great importance and difficulty. The decision which had been referred to as given here in January, 1859, had been much questioned, and partly overruled by the House itself at the time. It had been given with reference to the re-commitment of a Vote, and had been found to place the Committee in a position of great embarrassment. It might therefore be fairly open to re-consideration. With this view, if we referred to the House of Commons for a precedent, it would be found that though the case was not a likely one to arise there, yet that it had been contemplated as a possible one, and means taken to preclude it. He would read a passage from “*May,*” p.p. 529–30, which explained this, and, at the same time, stated the general principle on which the question depended. That passage had first appeared in the 4th edition of Mr. May’s work, and had therefore not been available on the occasion of the decision referred to. “*A Grant, recommended by a Message from the Crown, or proposed in the Annual Estimates, presented by Command of Her Majesty, cannot be increased. On the 8th December, 1857, in Committee on the Queen’s Message for granting £1,000 a year to Sir Henry Havelock, for the term of his natural life, a Member desired to propose that the Pension should be continued to his son; but the Chairman intimated that he would not be able to put any such amendment without the recommendation of the Crown. In 1858, the new Ministry, having proposed reductions in the Army and Navy Estimates prepared by their predecessors, a question arose, whether, in Committee of Supply, the Votes proposed by them might not be increased to the amount of the original Estimates. To obviate these doubts, revised Army Estimates were prepared, and the Order for referring the original Army Estimates to the Committee was discharged; but, as regards the Navy Estimates, no such precaution was taken.*” From this passage it seemed reasonable to infer, that if a similar claim to that now made had been put forward it must have been admitted. If, indeed, as in Committee of Ways and Means, no sum had been specified by the Crown, otherwise than through a Minister, or if, as happened in the House of Commons, in Supply, in March, 1863, with respect to the number of men to be voted as the strength of the Army, no figures had been set down;—it would be different, and the ruling of the Speaker of this House, already referred to, would apply. But here

we

we had the Message from the Crown, covering Estimates and recommending, not only the various purposes for which supply was required, as prescribed by the Constitution Act, but also the amounts required for each head of service. These Estimates, thus in possession of the House, had been referred to the Committee for consideration, and to the extent of the purposes and amounts specified, the Committee had power to deal with them; and therefore, in admitting an amendment on the proposal of a Minister, so that such amendment did not vary from the purpose, or exceed the amount in the Estimates, he considered that the Chairman had ruled rightly.

Whereupon, on motion of Mr. W. Forster, the Committee resumed.

And the Committee having continued to sit till after Midnight,—

FRIDAY, 25 MARCH, 1864, A.M.

The Chairman reported progress, and obtained leave to sit again on Wednesday next.

The House adjourned, on motion of Mr. Martin, at one minute after Twelve o'clock A.M.—*standing adjourned until Tuesday next, at Three o'clock P.M.*

JOHN HAY,
Speaker.

Often, indefiniteness of application; necessity for measurement; necessity for report of Gold Commissioner as to the claim of the applicant; necessity for appraisalment of the value of the land; approval by the Executive Council of the sale to applicant; the period of time allowed for payment. VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 30 MARCH, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Mr. Dillon, Postal Inspector :—Mr. Dangar asked the Colonial Treasurer, pursuant to Notice No. 1,—

(1.) How many days Mr. Dillon, the Postal Inspector, remained at Inverell; and the amount allowed him for Travelling Expenses, during his visit at that town, on his last inspection to the North?

(2.) Will the Colonial Treasurer have any objection to lay on the Table of the House, the Inspector's Diary, kept by him during his last journey?

(3.) What duties has Mr. Dillon to perform whilst in Sydney?

Mr. Eagar answered :—

(1.) Mr. Dillon, the Postal Inspector, arrived at Inverell on the 23rd and left on the 28th December last, during which time he was allowed 20s. a day for Travelling Expenses.

(2.) I have every desire to furnish the Honorable Member and the House with the information he requires; but there is this inconvenience attending the laying this document upon the Table—that if I do so it becomes the property of the House, and is no longer a record of the department. Looking to its bulk, I should not be justified in asking the House to consent to its being printed; but if, after examining these documents, the Honorable Member thinks it worth his while to make a formal Motion that they be printed, I shall not object.

(3.) The Postal Inspector reports on applications referred to him by the Postmaster General as to changes in the Time Table, and forms new Time Tables when required to do so—he is now employed in preparing his Report for 1863. Besides these, I am not aware that he has any specific duties when in town.

- (2.) Baradine Reserve :—Mr. Dangar asked the Secretary for Lands, pursuant to Notice No. 2,—

(1.) When will the Government have measured and proclaimed for sale allotments of land at the Baradine Reserve, part of Mr. Walker's Old Run, on the road from the Namoi to Coonabarabran?

(2.) Has any report been received from the surveyor, if so employed; the name of the surveyor, and when it is likely this land will be offered for sale?

Mr. Wilson answered :—Some delay has been occasioned in the survey of this village by the protracted illness and death of the surveyor (Mr. Wilson) who was instructed to measure. Instructions have now been issued to the District Surveyor to have the matter attended to, so that no further delay that can be prevented will occur.

2. Papers :—

(1.) Mr. Wilson laid upon the Table, Abstract of Lands intended to be dedicated to Religious and Public Purposes, since the passing of the Constitution Act, and in accordance with the 5th section of the Act, 25th Victoria, No. 1.

Ordered to be printed.

(2.) Mr. W. Forster laid upon the Table, Despatch dated 26th January, 1864, from the Duke of Newcastle, respecting Transportation and Penal Servitude.

Ordered to be printed.

3. Motion Withdrawn:—Mr. Morris withdrew the motion standing in his name, No. 9 on the Notice Paper of Other Business for to-day.

- (1.) That the Queensland Steam Navigation Company's Incorporation Bill be referred to a Select Committee for consideration and report.
- (2.) Such Committee to consist of Mr. Bell, Mr. Terry, Mr. Alexander, Mr. Garrett, Mr. Egan, Mr. Samuel, Mr. Sadleir, Mr. Burns, Mr. R. Forster, and the Mover.
- Question put and passed.
6. John Leopold Young—Administration of Justice:—Mr. Darvall presented a Petition from John Leopold Young, of Kent-street North, in the City of Sydney, in the Colony of New South Wales, Master Mariner, representing that he has been reduced to destitution by his detention in Sydney as a witness in the case of the late trial of T. C. Chubb for forgery;—and praying relief.
- Petition received.
7. Motions Withdrawn:—
- (1.) Mr. Holroyd withdrew the Motions standing in his name, Nos. 1 and 2 on the Notice Paper of Government Business for to-day.
- (2.) Mr. Eagar withdrew the Motion standing in his name, No. 3 on the Notice Paper of Government Business for to-day.
8. Supply:—On the Order of the Day for the Resumption of the Committee of Supply being read,—Mr. Eagar moved, That the Speaker do now leave the Chair.
- Mr. Darvall proceeding thereupon to move the *Contingent* Amendment standing in his name on the Notice Paper for to-day,—
- Mr. Piddington raised, as a *Point of Order*, the Question, whether the said Amendment were not substantially the same as was negatived by this House during the present Session, namely, on 5th January, 1864, and therefore inadmissible under the 130th Standing Order of the House of Commons, and the ruling of that House, as laid down in May, 4th Edition, page 280;—and moved,—That the Amendment proposed is substantially the same Question as the Motion decided in the negative on the 5th of January, 1864, on resuming the Committee of Ways and Means—and is irregular.
- Debate ensued.
- Mr. Piddington, by leave, withdrew his Motion, leaving the Point of Order for the decision of the Speaker.
- The Speaker said, that the Question involved in the Amendment now on the Paper was so far substantially the same as that of the 5th January, 1864, as to have placed it within the 130th Rule of the House of Commons,—if the latter had in fact been negatived. That Rule was as follows:—“No Question or Amendment may be proposed which is the same in substance as any Question which, during the same Session, has been resolved in the affirmative or negative.”—Now, on reference to the Votes and Proceedings, it appeared that the sense of the House had never been taken on that Amendment,—the Question then decided being, simply whether the words of the Original Question proposed to be excluded in order to make way for that Amendment should stand part of the Original Question, which, being carried in the affirmative, entirely prevented the Question involved in the Amendment from being resolved in the affirmative or negative: The Amendment now on the Paper was therefore not precluded by the 130th Rule of the House of Commons.
- Question then proposed,—“That” the Speaker do now leave the Chair.
- Mr. Darvall moved, pursuant to the *Contingent* Notice standing in his name, That the Question be amended by omitting all the words after the word “That,” with a view to inserting in their place the words,—“in order to equalize the burden of taxation, and maintain the public credit, and provide means to meet the increased public expenditure, it is just and expedient to collect a graduated tax on all incomes over £200 a year, and to have recourse to other direct taxation.”
- Debate ensued.
- Question,—That the words proposed to be omitted stand part of the Question,—put and negatived.
- Question,—That the words proposed to be inserted in the place of the words omitted be so inserted,—put and passed.
- Whereupon Question put,—That in order to equalize the burthen of taxation, and maintain the public credit, and provide means to meet the increased public expenditure, it is just and expedient to collect a graduated tax on all incomes over £200 a year, and to have recourse to other direct taxation.

4. MR. MORRICE *to move*, That this House will, on Friday, the 8th April, resolve itself into a Committee of the Whole, to consider of an Address to His Excellency the Governor, praying that a sum of money not exceeding £750, equal to public contribution, may be placed on the Supplementary Estimates for this year, to relieve the Agricultural Distress in the District of Camden, arising out of Rust in Wheat and recent Floods.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 1 APRIL, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Land Claimed under Purchase by Rev. Dean Hanley :—Mr. Hart asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Under what circumstances the Government have caused 49 acres of Land at Burrowa, purchased by the Rev. Dean Hanley on the 6th November, 1862, as a site for a glebe or residence, and paid for by him, to be re-advertised for sale by auction ?

(2.) Has any Correspondence taken place upon the subject; and, if so, is there any objection to lay it upon the Table ?

Mr. Wilson answered :—

(1.) The Land alluded to had, at one time, been advertised for sale by auction, but it was never offered to sale, having been withdrawn. In November, 1862, the Rev. Dean Hanley applied to select it without competition, under the impression that it had already been put up and not bid for. But this not being the case, the sale is not legal, and the Land is now again advertised for sale by auction, to afford the Rev. Dean Hanley an opportunity of acquiring a good title to it. If he does not become the purchaser, he will be at liberty, at all events, to remove his improvements, and the money already paid will be returned to him. Perhaps, although it is not a part of the question of the Honorable Member, I may be allowed still further to explain that the present Land Agent has only lately been appointed at Burrowa—the previous one, Captain Bates, being dead. He had left no record in his office that this Land had not been put up to auction; consequently the present Land Agent, when applied to to sell the Land by selection, did so under an impression, which was erroneous, that it had been so put up.

(2.) I may state that I am not aware of any Correspondence on the subject.

- (2.) Particulars respecting Newspapers :—Mr. Garrett asked the Secretary for Finance and Trade, pursuant to Notice No. 2,—

(1.) Have Messrs. Fairfax and Sons, proprietors of the *Sydney Morning Herald*, obtained an Order from the Secretary for Finance and Trade on the Postmaster General to receive 30,000 Stamped Wrappers for Newspapers, or Penny Stamps, without being required to pay for the same in cash ?

(2.) Have the Chiefs of the several Departments of Government, or any of them, received instructions from the responsible Ministers of such Departments, or any of them, to discontinue advertising the Public Notices in all of the City Newspapers excepting the *Sydney Morning Herald* ?

(3.) Under what authority, and for what reasons, have the Government called upon those unofficial Country Postmasters, who have hitherto acted as Newspaper Agents, to resign such Agencies ?

(4.) Upon what terms have the Government decided that Newspapers are to be conveyed to the respective Stations along the several lines of Railway from Sydney, Newcastle, Maitland, and Singleton ?

Mr. Eagar answered :—

(1.) In answer to the Honorable Gentleman's question No. 1, I beg to read a Minute, addressed by me to the Postmaster General on 24th March, which explains the whole circumstance. The Minute is as follows :—

“ Pending a reference to the Cabinet on the question of constituting
“ Newspaper Proprietors Licensed Vendors of Stamps, at a commission of 5 per
“ cent.

"cent. on the sale thereof, I have no objection to the issue of thirty thousand Penny Postage Stamps to Messrs. Fairfax and Son, without present cash payment, on the clear understanding that should they not be declared Licensed Vendors the value of such stamps is to be paid, without deduction, to the Treasury."

I may add, for the Honorable Gentleman's information, that the Government, having considered the matter, see no reason to refuse Vendors' Licenses to Newspaper Proprietors or Publishers upon the same terms as to other Licensed Vendors.

(2.) In answer to Question No. 2, I can of course only speak as to my own department. The impression sought to be conveyed by this question is quite erroneous. The sole instructions which I have issued to the heads of my departments are comprised in a circular, bearing date the 16th November, 1863, which I now read:—

"I am directed to inform you that the Treasurer has had under his consideration the present method of advertising in Newspapers for the Public Service, and is of opinion that the great expense hitherto incurred is unnecessary, and may be much diminished by the adoption of the following rules:—

"1. To insert *summaries* only, making reference to the *Government Gazette* for further particulars.

"2. To submit every such summary for the approval of the Treasurer, with a suggestion as to the Newspapers in which it should be published, and the number of insertions.

"I am accordingly to request that you will *at once* initiate the proposed system."

"I have the honor to be, &c."

(3.) In answer to Question No 3, I beg to state, that in December, 1863, the Proprietor of the *Maitland Mercury* wrote to the Postmaster General, stating very candidly his intention to avoid the contemplated Newspaper Postage as far as he was able to do so, and pointing out various modes of evasion, upon which he desired the Postmaster General's opinion as to whether they would constitute a breach of the Post Office Regulations. I quote a portion of the letter referred to:—

"My present intention is to forward my papers by steamer, train, or hand, to every locality where I can make certain of their delivery, and thus avoid the penny; of course this will have to be done through the Agents."

On 24th February, 1864, the Postmaster General addressed to me the following letter:—

"I enclose two letters addressed to me by Mr. Falls, Newspaper Proprietor, of Maitland, raising questions necessary to be considered by the Honorable the Minister of Finance on the Tax on Newspapers being confirmed.

"2. It appears to me that an undesirable anomaly will present itself when Newspapers are *charged for*, in the capacity of Postmaster, and *delivered free* in the capacity of Agent. It may happen also that a Mailman would convey a Packet of Newspapers for a Postmaster that he would not do for any one else; and, on the whole, I am disposed to recommend, that a circular should be sent to Postmasters, informing them, that they cannot act as Newspaper Agents after the 31st proximo.

"I have the honor, &c.,

"W. H. CHRISTIE,
Postmaster General."

I concurred in the recommendation of the Postmaster General, believing that the Revenue might suffer, unless the existing arrangements were altered. I find, however, upon further enquiry, that the number of Postmasters acting as News Agents is very limited; and having had from the House an expression of opinion which appears to be unfavourable to the course taken, unless accompanied by an increase of salary to non-official Postmasters, I have no hesitation in acceding to what I understand to be the wish of the House, and have given instructions to withdraw the circular which had been issued on the subject.

(4.) For an answer to Question No. 4, I refer the Honorable Member to my Honorable Colleague, the Minister for Works, who will now inform him upon the matter.

And Mr. Holroyd added:—It has been arranged that single newspapers bearing a penny stamp will be carried by Railway free of charge. Newspapers in packages will be carried at the present parcel rates.

(3.) Government Advertisements:—Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 3,—

(1.) Upon what date, and by whom, and upon what authority, were instructions issued to the several Heads of Branches under the Lands Department, to discontinue the ordering for insertion of Government Advertisements in the Public Newspapers?

(2.) Is there any objection to lay a copy of any minute or memorandum, if any exists, containing such instructions, on the Table of this House?

Mr. Wilson answered:—

(1.) Instructions were issued to the Acting Surveyor General and Chief Commissioner of Crown Lands, by the Under Secretary for Lands, to the effect, that in future

future no advertisements whatever were to be inserted in any newspaper, unless submitted to and by the special order of the head of the Department. These instructions were given personally on the 14th November, 1863, and were repeated officially on the 20th November, and they were so given by direction of the Chief Secretary, acting for me, and with my concurrence.

(2.) The following is a copy of the Minute of the Chief Secretary:—"Let no advertisements whatever be inserted in future in any newspaper, from the Department of Lands, unless submitted to and by the special order of the head of the Department. November 14, 1863. W. F." I may be allowed to state that, at the time that Minute was written by my Honorable Friend the Chief Secretary, I was unavoidably absent from Sydney.

(4.) Rights of Conditional Purchasers of Land:—Mr. Shepherd asked the Secretary for Lands, pursuant to Notice No. 4,—

(1.) Will the Government protect those persons who have conditionally purchased Land under the Crown Lands Alienation Act (and who have complied with the conditions stipulated to be performed by the purchaser), until they are furnished by the Crown with such legal title as shall enable them to protect themselves?

(2.) Or are free selectors to understand that the Government will not interfere between those who have complied with the conditions under the Act, and adverse occupants who merely pretend to claim?

Mr. Wilson answered:—

(1.) The Government do not contemplate any special protection in regard to conditional purchasers, nor can they recognise the necessity for any such protection.

(2.) The 26th clause of the Regulations issued under the Alienation Act of 1861, provides a mode of dealing with conflicting selections by different conditional purchasers.

2. Paper:—Mr. W. Forster laid upon the Table, Return to Address, in reference to "Mr. Michael O'Connell—Administration of Justice," adopted by this House, on motion of Mr. Burns, on 16th February, 1864.

Ordered, on motion of Mr. Wilson, to be referred to the Select Committee now sitting on the Present State and Management of Lunatic Asylums.

3. Messages:—The Speaker reported the following Messages from the Legislative Council, received while the House was in Committee of Supply yesterday:—

(1.) Moruya Silver Mining Company's Incorporation Bill:—

MR. SPEAKER,

The Legislative Council having this day agreed to the Bill, intituled "*An Act to incorporate the 'Moruya Silver Mining Company,'*" returns the same to the Legislative Assembly, without Amendment.

*Legislative Council Chamber,
Sydney, 31st March, 1864.*

GEORGE ALLEN,
Chairman Presiding.

(2.) Seamen's Laws Amendment and Consolidation Bill:—

MR. SPEAKER,

The Legislative Council having had under consideration the Legislative Assembly's Message, dated the 16th March, 1864, in reference to the Seamen's Laws Amendment and Consolidation Bill,—

Agrees to the Assembly's Amendment upon the Council's Amendment in page 4, clause 15, line 40,—

Insists upon the Council's Amendment in page 5, clause 20, line 23, which omits the words 'and of the master,' because it cannot adopt the opinion that it would be in any respect unreasonable to allow seamen to engage, under the circumstances provided for, to serve in ships named in the agreement, although the names of the masters of all such ships may not be so named; and because by the maritime law a seaman under an agreement to serve in any ship is bound to fulfil such agreement, although the master, whether named or not, may be removed by death or otherwise, it being no part of such a contract in ordinary cases that a seaman shall only serve under the master named in the agreement; and because it may not in all cases provided for in this clause be known, who, at the time of entering into the agreement, are the masters of all the ships to which it relates; and because the provision in question does not make it compulsory on any seaman to enter into such an agreement, and therefore cannot justly be said to compel a seaman to serve under a master unknown to him at the time of entering into it; and because the amendment of the Council brings this provision into conformity with the Imperial maritime law, on the same subject, as at present existing by virtue of the English Act, 17th and 18th Vict., cap. 104, section 156,—

Disagrees to the addition of the letter 's' to the word 'master,' in page 5, clause 20, line 23, as consequential upon the Council's insisting on its amendment in the same clause, which omits the words 'and of the master';—

Insists upon the Council's Amendment which omits clause 21, in page 5, because it seems to the Council unreasonable to allow masters or owners of ships and seamen to enter into any number of new agreements under the provisions of the Bill, without payment of any fees, the duties to be fulfilled being the same with respect to these as to original agreements; and because the clause if retained would require considerable amendment to make it consistent with other parts of the Bill, particularly with regard to the provisions introduced by

by amendments of the Council which have been agreed to by the Assembly, respecting discharges and licenses to ship; and because the provision contained in this clause is without precedent; and because the Council cannot agree that its retention is necessary to facilitate the re-engagement of seamen or for carrying out the objects of the Bill; and because the retention of the clause would render consequential amendments necessary in new clause 94, inserted by the Council and agreed to by the Assembly without amendment,—

Disagrees to the Assembly's Amendment upon the Council's Amendment in the latter part of new clause 33, because it seems to the Council to be reasonable that a small fee should be paid for granting a license to ship; and because unless some such fee is charged seamen will not be careful to preserve their discharges, and will be liable to the temptation of giving their discharges to deserters, if they can at once procure a document equally available for themselves without any cost,—

Agrees to the Assembly's Amendment upon the Council's Amendment in page 16, clause 66, line 12,—

Insists upon the Council's Amendment which inserts in page 16, after clause 70, two new clauses, because the new clauses are merely in substance retentions of the law of the Colony as at present existing by virtue of the Act 13th Vict., No. 28, sections 21 and 22, the whole of which Act is proposed to be repealed by section 3, and the first schedule of the present Bill; and because without such new clauses the Regulations therein contained (which the Council thinks useful and desirable) would cease to be law; and because if the provisions in this Bill, whereby the whole of the Act 13th Vict., No. 28, is repealed, are retained, it is necessary in order to continue the provisions of sections 21 and 22 thereof to re-enact them, which course the Council thinks desirable and convenient, as it saves the trouble of referring at all in future to the repealed Act; and because the reference in new clause 71 to a former Act is necessary on account of the peculiar wording of section 21 of the 13th Vict., No. 28, proposed to be repealed as before mentioned (and for which new clause 71 is a substitution), and if such a reference were not made, it would be doubtful whether the 6th section of the original Water Police Act, 4th Vict., No. 17, (with which this Bill is not intended in any way to interfere) would not by implication be repealed by the express repeal of the clause in question, which in a peculiar way refers to and incorporates with itself the above mentioned section of the Water Police Act; and because no difficulty or inconvenience can arise from the reference in the present Bill to that clause; and because the Council does not consider the re-enactments contained in the new clauses 71 and 72, of sections 21 and 22 of the 13th Vict., No. 28, to be new impositions of any duties upon masters of ships, whether coasting vessels or otherwise, inasmuch as the same are at present and have for the last fourteen years been in force in this Colony, and the Council sees no reason for abrogating them; and because the omission of these two new clauses would render consequential amendments necessary in new clause 94, inserted by the Council and agreed to by the Assembly without amendment,—

Insists upon the Council's Amendments in page 17, clause 72, because they in the main merely carry out principles of maritime law, which are and have been in force with respect to all British ships for many years, being now part of the Imperial Code by virtue of the English Act 17th and 18th Vict., cap. 104, section 243, and of this Colony by virtue of our own Act 13th Vict., No. 28, sections 6, 7, and 9; and because the whole punishments in question are not excessive for cases of aggravated misconduct, and it is left to the discretion of the tribunal adjudicating upon the case, to apportion the punishment to the nature and degree of the offence proved; and because it is undesirable to create a conflict on these subjects, between the general law of the Empire and that of this Colony, more especially as all British ships, except our own, are and will continue to be subject to the Imperial regulations in these respects even whilst in the Colony, and our own ships are and will continue to be also subject to them when out of it,—

Insists upon the Council's Amendment which inserts in page 17, after clause 73, two new clauses, because the Council is not satisfied that sufficient power to deal with and punish seamen is otherwise provided; and because the provisions therein contained are mere adoptions of sections 246 and 248 of the English Act, 17th and 18th Vict., cap. 104; and because the principle of them has long been in force, both under the Imperial Code and that of this Colony by the English Acts, 7th and 8th Vict., cap. 112, section 6, the 13th and 14th Vict., cap. 93, sections 70 and 71, and the 17th and 18th Vict., cap. 104, sections 246 and 248, and our own Acts 13th Vict., No. 28, section 6, the 16th Vict., No. 25 (respecting Foreign ships), section 3, and 17th Vict., No. 36, sections 17 and 18; and because it is undesirable to create a difference on these subjects between the general law of the Empire and that of this Colony, more especially as all British ships except our own are and will continue to be subject to the Imperial regulations in these respects even whilst in the Colony, and our own ships are and will continue to be also subject to them when out of it; and because the omission of these two new clauses would render consequential amendments necessary in new clause 94, inserted by the Council and agreed to by the Assembly without amendment,—

Insists

Insists upon the Council's Amendment in page 18, clause 74, lines 3 and 4, because the agreement for the breach of which the seaman is to be dealt with must have been once reciprocally entered into between him and the master or owner; and because it is a principle of justice to a large extent carried out by British law, to compel the performance of contracts, rather than merely to leave to the injured party a right to sue for damages from, or the infliction of punishment upon, the offending party, a right which is in many cases, and would always in the one now in question, be wholly illusory to the party injured; and because it seems to the Council contrary to every principle of justice to give to the offending party an absolute veto upon the question whether he shall be compelled to perform his contract or not; and because without the amendment the provision would be a piece of unnecessary legislation, inasmuch as if the performance by the seaman of his contract is to depend upon the conjoint desire of the master and the consent of the seaman himself, it would in fact depend upon a mutual agreement of the parties, which would require no aid from the Legislature to carry it out; and because without a power to compel performance by the seaman of his contract, the interests of ship and cargo, owners and passengers, and others interested in the punctual sailing of ships would occasionally be greatly prejudiced; and because without the amendment the clause would be a piece of new legislation alike at variance with the Imperial Code and that of this Colony now existing respectively, by virtue of the English Act 17th and 18th Vict., cap. 104, section 247, and our own Act 13th Vict., No. 28, section 6; and because it is undesirable to create a difference on this subject between the general law of the Empire and that of this Colony, more especially as all British ships except our own are and will continue to be subject to the Imperial regulation in this respect even whilst in the Colony, and our own ships are and will continue to be also subject thereto when out of it,—

Agrees to the Assembly's Amendment upon the Amendment of the Council, in page 18, clause 78, line 43,—

Insists upon the Council's Amendment in page 18, clause 79, line 54, because it appears to the Council to be necessary to prevent deserters secreting themselves with the intent in question in any way whatever, whether by means of hiding themselves on board ships, or in any other place, or in any other manner; and because the Council considers the amendment necessary to effect the object desired,—

Disagrees to the Assembly's Amendment upon the Council's Amendment in page 20, first Schedule, line 6, because the Council is of opinion that sections 15 and 16 of the Act 17th Vict., No. 36, ought not to be repealed without the provisions contained therein being re-enacted, which is not done by the present Bill; and because the Council conceives those provisions establish proper regulations which it is therefore desirable to continue in force as law; and because inasmuch as it is not deemed advisable, and has therefore not been proposed by either House to repeal the whole of the last mentioned Act, the appropriate method of preserving those regulations as law is to omit the two sections referred to from the enumeration of the clauses intended to be repealed,—

And insists upon the Council's Amendment which adds two new Schedules after the eighth Schedule, because, as the Council insists on the retention of new clauses 71 and 72, it is necessary, in order to carry out the objects of those clauses, to retain such two new Schedules.

*Legislative Council Chamber,

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 20 APRIL, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

(1.) Incorporation of the Town of Singleton :—Mr. Wisdom (on behalf of Mr. Harpur) asked the Colonial Secretary pursuant to Notice No. 1,—

(1.) Whether a Petition to His Excellency the Governor from the Inhabitants of Singleton, praying for the Incorporation of that Town, has been received?

(2.) Whether such Petition has been presented to His Excellency; and, if so, has it been published in the *Government Gazette*?

Mr. W. Forster answered :—

(1.) Yes.

(2.) The Petition was neither presented nor published in the *Government Gazette*, in consequence of its having been followed by a representation signed by some of the subscribers to the original Petition, to the effect that the boundaries as set forth in the petition were incorrectly described, and not such as would be acceptable to the Inhabitants. It became accordingly a matter for consideration, whether it would not be desirable that the proceedings should be recommenced *de novo*. But on full consideration it has been decided to publish the Petition, leaving the parties concerned in the movement to take their own course. I may however add, for their information, that unless further proceedings be adopted, the Government would scarcely feel justified in recommending the proposed Incorporation.

(2.) Expenditure of Money granted for Repair of certain Roads :—Mr. Cunneen asked the Secretary for Lands pursuant to Notice No. 2,—

(1.) Whose duty was it to expend the several amounts of Money granted for the Repair of the following Roads for last year (1863) :—

(3.) If not, what amount of the Grant for each of the said Roads (for last year) is still unexpended?

(4.) Are the unexpended amounts (if any) still available for the Repair of the said Roads?

Mr. Wilson answered :—The Expenditure of the money voted in 1863, for the repair of the Roads in question was intrusted to Mr. Superintendent Keele. The votes for the three lines first mentioned, respectively, have not been expended, and are still available for their repair. FRIDAY, 22 APRIL, 1864.

1. The House met pursuant to *special* adjournment; The Speaker took the Chair.
Questions on Notice Paper for to-day:—

(*Mr. Emanuel not asking the Question standing in his name, No. 1, it dropped.*)

- (1.) Punt for Aberdeen:—Mr. Dangar asked the Secretary for Public Works, pursuant to Notice No. 2,—

- (1.) Do the Government intend to establish a Punt at Aberdeen on the Hunter?
(2.) Are the Government aware that lives have been recently lost at the Aberdeen Crossing-place—from the want of a Boat or Punt?
(3.) How long will it take to complete the Railway Extension to Aberdeen *via* Muswellbrook, and when will the Railway Bridge be commenced at one of those places?

Mr. Holroyd answered:—

- (1.) The Government have no present intention of establishing a Punt at Aberdeen.
(2.) There has been no report received in the office, of any lives having recently been lost at the Aberdeen Crossing-place.
(3.) The survey of the Railway Extension has been completed as far as Murrurundi, and the propriety of proceeding between Muswellbrook and Murrurundi I shall bring before the notice of the Government during the Recess.
(2.) Public Reserve on the Flag Staff Hill:—Mr. Love asked the Secretary for Lands, pursuant to Notice No. 3,—By whose authority a portion of the public Reserve, on the Flag Staff Hill, has been recently fenced in and added to the Garden of the Astronomer's residence?

Mr. Wilson answered:—This is the first information the Government have received of any such encroachment on the Reserve at Flag Staff Hill. There is no record in the office on the subject, but I can assure the Honorable Gentleman that the matter shall be inquired into.

- (3.) Mr. Dillon, late Postal Inspector:—Mr. Dalglish asked the Colonial Treasurer, pursuant to Notice No. 4,—How Mr. Dillon, late Postal Inspector, accounts in his diary for his time during a stay of seventeen days at Glen Innes?

Mr. Eagar answered:—Perhaps the best mode of answering the Honorable Gentleman's question will be to read from the diary itself, which I have brought with me for the purpose. The Postal Inspector arrived at Glen Innes at 8:30 p.m., on the 29th December, 1863, and left at 4:45 p.m., on the 16th January, 1864. I shall now read from the diary how the gentleman accounts for his time:—
“Wednesday, 30th December—Inspected office at Glen Innes; John Proctor, Postmaster; George Hall, Assistant; office in room off store used for other purposes; not many letters; mail-book not kept up since January, 1863; misapprehension as to mode of keeping registration book; stamp impression book not kept up; date stamp only changed on mail days; monthly contract reports not sent in; letter-box, but not locked; roadside letters only charged one penny; dead letter notice not exhibited; stamps on hand:—600, 1d.; 450, 2d.; 98, 6d.; 28, 1s.; 50 registered; salary, £25, which is too much compared with what is given to some Postmasters on the main roads; office very fairly conducted. Thursday, 31st December—Time Table. Friday, 1st January, 1864—New Year's Day. Saturday, 2nd January—Took a holiday. Sunday, 3rd January —. Monday, 4th January—Rode out to Farguharabad Station, to ascertain by personal observation how far it was off the road, and whether Contractor was justified in refusal to call there. Tuesday, 5th January—
“Having been informed that postmaster had sent goods in mail-bag, and favoured,
“ by

" by not reporting him in time-bill, the particular Contractor, I inquired into the matter, and saw Postmaster, who denied having done so, nor could I find anything to justify the charge. Wednesday, 6th January, Thursday, 7th January—Unwell. Friday, 8th January—Spoke to Contractor Price to call at Farquharabad; saw various persons on postal matters. Saturday, 9th January—Applied by telegraph, for time-bills for last half-year of 1863, for Armidale and Glen Innes, Glen Innes and Wellingrove, and Wellingrove and Inverell lines; saw Commissioner of Crown Lands, and Superintendent of Roads, as to line from Tenterfield to Grafton; having ascertained that Contractor Price had not called at Farquharabad Station, called upon him to explain. Sunday, 10th January, —. Monday, 11th January—Engaged on time-table. Tuesday, 12th January—Did intend leaving to-day, but weather threatening, and towards evening rain set in. Wednesday, 13th January—Heavy rain nearly all day. Thursday, 14th January—Sent in diary to 31st December, 1863; more or less rain. Friday, 15th January—Still raining; roads very bad."

16. Prorogation Speech:—After which, His Excellency was pleased to make to both Houses of Parliament the following Speech:—

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. It affords me much gratification to be able at last to release you from your legislative duties.

2. At the close of a Session of unusual length, you must look forward with a feeling of relief to the cessation of labours so severe and continuous as those which you have undergone.

3. Although those labours have not resulted in the passing of many new laws, they have in all probability paved the way for the more easy solution, in the ensuing Session, of questions of importance which still remain unsettled.

4. That those questions have not been yet disposed of, is to be attributed in some degree, perhaps, to the recent change of Ministers, and the difficulties by which such changes are not unfrequently attended.

5. In the midst of those difficulties, the zeal and industry which you have displayed cannot fail to be appreciated by the Country.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

6. I thank you for the provision which you have made for the various exigencies of the Public Service.

7. Large reductions have been already made in the Public Expenditure; and, during the recess, it is hoped that steps may be taken by which further reductions may be carried out.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

8. The maintenance of the public credit is one of the first duties of every Government.

9. With a view to maintain unimpaired the credit of this Colony, measures were submitted to Parliament having for their object the increase of the public income.

10. Those measures Parliament has not, in its wisdom, seen fit to adopt, and the task of equalizing our Income and our Expenditure still remains to be accomplished.

11. I have every confidence that another Session will not be permitted to elapse, without the necessary enactments being passed for the purpose of placing our financial affairs in a sound and satisfactory condition.

12. The disastrous floods with which so many portions of the Colony have been visited, and the previous failure of the wheat crop, have caused a large amount of distress throughout the country districts.

13. It is impossible for distress so great, and so widely spread, not to act, to some extent, prejudicially upon other classes than those whose interests are directly affected.

14. Under Divine Providence, the more favourable seasons which we may now look for, after such a long continuance of rainy weather, may be expected to aid our Agriculturists in recovering from their late reverses.

15. The resources of the Country are more than sufficient to enable us to sustain, without difficulty, a greater strain than it has been subjected to by any calamities which it has hitherto encountered.

16. I rely upon the assistance of Parliament, in the next Session, in the endeavour to perfect measures by which those resources may be developed, the general welfare promoted, and the public credit fully and honorably maintained.

17. I now prorogue this Parliament to Tuesday, the twenty-first day of June next.

JOHN HAY,
Speaker.
