(25.) That the expenditure by the Government, without even the pretended sanction of a Vote of any kind, of the sum of £238 15s. 11d. upon the Customs Station at Botany, was a misappropriation of public money, which calls for the condemnation of this House; and that the subsequent Supplementary Vote of £5,969 19s. 8d. for repairs, alterations, and additions to Public Buildings generally, by which such expenditure is said to have been covered, does not, in any way, relieve the Government from its just liability to such condemnation.

No. 54.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

WEDNESDAY, 23 SEPTEMBER, 1863.

I. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Suspension of Works upon the Windsor and Richmond Railway:—Mr. Cunneen asked the Secretary for Public Works, pursuant to Notice No. 1,—

(1.) Is the Government aware that the Contractor for the Windsor and Richmond Railway (Mr. Randle) has suspended the Works upon the line, and payment to his Workmen?

(2.) If so, what course will be taken by the Government in order that no delay may take place in completing the Railway as soon as possible for the trade of the Hawkesbury?

(3.) What amount of money is due (if any) to Mr. Randle for work done upon the line?

(4.) Can the Government protect the interest of the unpaid workmen upon the line, by paying their wages out of any sum that may be due to the Contractor?

Mr. Arnold answered:—

(1.) I beg to inform the Honorable Member, that the Government is aware of the failure of Mr. Randle, the Contractor, to carry on his works upon the Windsor and Richmond Railway.

(2.) Immediately upon becoming aware of this, the Government took steps for carrying on the work without delay, and the result of a negotiation with the sureties for the completion of this work has been, I believe, although the contract is not yet signed, that the works will be resumed by Mr. Randle's sureties, and completed.

(3.) The amount by the last certificate due to Mr. Randle was £245 4s., but beyond this there is a large amount of retention money, the per-centage, which becomes due only on the completion of the work. The amount of retention money is rather over £1,000.

(4.) As to the interests of the Workmen, the Government has nothing whatever to do with anyone but the Contractor. The Contractor makes his arrangements with the men, and the men with the Contractor: the Government has nothing to do with the men, nor does it intend, in this case or in any other, to interfere; and it desires that it shall be as widely known as possible to the workmen, that whatever arrangement it makes it is exclusively with the Contractor—the Government will not interfere in any way. Still, in this case, I have reason to believe the workmen will be paid.

(2.) Court and Watch-house at Walgett:—Mr. Dangar asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) How long was Mr. Henry Matthews allowed for the completion of his contract for the Court-house and Watch-house at Walgett?

(2.) Do the Government intend to take any steps against the Contractor to enforce the completion of his contract, as recommended by the Bench of Magistrates when he asked for extension of time?

Mr. Arnold answered:—I beg to inform the Honorable Member, that the Contractor for the Court-house and Watch-house at Walgett has, from time to time, been allowed extensions of the period for the completion of this work, and this has been done upon the recommendation of the Bench of Magistrates at this place. It was a work for which the Government had great difficulty in obtaining

obtaining a contract at all, and the Government has felt justified in making considerable allowances to the Contractor for the great difficulty of procuring material and workmen, and completing a work of this kind at so great a distance from the ordinary means of procuring either material or workmen. The last application from the contractor was dated from Walgett, 10th August last. He then sent this letter, which I will read to the House:—

“ Sir, I take the honour of writing to inform you that it will be an impossibility to finish the Court-house and Lock-up at this place in the given time. Owing to the continued flooding of the country, I am not able to get any timber, as it lies along the banks of the rivers, to which there is no approaching. I am already a loser of 500 slabs, carried away by the floods, and I am not able to say when there will be any likelihood of its falling. At the present time it is rising, and I believe there is a great deal more water to come down. The drays, loaded with sashes and lining boards, cannot travel, though they have been loaded better than two months from Maitland. I must, therefore, leave it to your best consideration to allow me as much more time as possible, and no exertion shall be wanting on my part to finish the work as soon as I can get the materials to hand.” In reply to that letter the Colonial Architect sent the following note, “ Sir, In reply to your letter of the 10th ultimo—received this day—I have to state that I shall not object to such extension of time for completion of the Court and Watch-house, Walgett, as may have been rendered necessary by the floods, and not from want of proper foresight on your part; but it must be understood that every exertion must be made to complete the buildings at the earliest possible period.” Honorable Members will see that it is quite impossible for the Colonial Architect or any one else, at the moment, to judge of the reasonableness of this request, and therefore the Colonial Architect although he gives him the further time, does not pledge himself not to exact the penalties if it is found the carrying on of the work within the time has not been impossible.

(3.) Petition of T. C. Bentley :—Expense of printing Evidence and Appendices last Session.—Pay of Shorthand Writers:—Mr. Dalgleish asked the Colonial Treasurer, pursuant to Notice No. 3,—

(1.) At what rate per day are Shorthand Writers, who attend Select Committees of this House, paid?

(2.) What does the printing of Evidence, taken before Select Committees of this House, cost per page?

(3.) What cost was incurred by printing and composing the Evidence and Appendices in the Bentley case last Session?

Mr. Smart answered :—

(1.) In answer to the Honorable Member, I beg to inform him, in reply to his first Question, that Shorthand Writers receive £2 2s. for each day's attendance, and one shilling per folio for transcribing Evidence.

(2.) To the second Question, I would say £3 3s. per sheet of 4 pages, or 15s. 9d. per page, printed in the usual type (Long Primer); but as it is perhaps intended to embrace Reports of Select Committees with Evidence, Proceedings of Committees, and Appendices, the average price per page would generally be higher than this, varying according to the type used, and other circumstances.

(3.) In reply to the third Question, I would beg to inform the Honorable Member, that 48 pages of Appendix to Evidence in the Bentley case were printed in September, 1862, at a cost of £36, all of which became available in the final printing during the present Session.

(5.) Cost of Papers connected with Petition of T. C. Bentley :—Mr. Burdekin asked the Colonial Treasurer, pursuant to Notice, No. 5,—What is the Estimated Cost of the Printing and preparation of the Papers connected with Mr. Bentley's Petition?

No. 56.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

FRIDAY, 25 SEPTEMBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Timber used in Construction of Bridges on the Windsor Railway:—Mr. Lucas asked the Secretary for Public Works, pursuant to Notice No. 1,—

(1.) Whether Mr. Weaver has directed that the Bridges required on the Windsor Railway shall be constructed with Colonial Beech?

(2.) If so, is it the opinion of Mr. Weaver that this timber is the most desirable for the construction of Bridges?

Mr. Arnold answered:—I beg to inform the Honorable Member, in reply to his Question, that the Timber known as "colonial beech" is being used in the construction of the Trusses of the South Creek Viaduct, on the Windsor and Richmond line; and for this portion of the work the Engineer (Mr. Weaver) considers this to be preferable to any other Timber obtainable.

(2.) Land purchased for Public Cemetery:—Mr. Lucas asked the Secretary for Lands, pursuant to Notice No. 2,—

(1.) Is it the intention of the Government to hand over to the different Denominations portions of the Land purchased by the Government for a Public Cemetery?

(2.) If so, will the Honorable Gentleman inform the House when?

Mr. Robertson answered:—

(1.) It is the intention of the Government to deal with this Land in accordance with the provisions in the Minute of the Executive Council which has been laid before the House—certainly, not necessarily to hand it over to the Denominations.

(2.) In reply to the Question when this will be done, I can only say, it will be done as speedily as it is possible for me to carry it out.

(Mr. Eagar not putting the Question standing in his name No. 3, it dropped.)

(3.) Amount due for Work done on the Southern Railway—Bond—Sureties:—Mr. Dalgleish asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) What amount of money is due, if any, to Mr. Randle, for work done upon the Southern Railway?

(2.) Has the Government obtained a Bond from Mr. Randle for carrying on the work?

(3.) What is the amount of the Bond, and the names of the Sureties?

Mr. Arnold answered:—

(1.) I beg to inform the Honorable Member, in reply to his first Question, that Mr. Randle has been paid all that was due to him up to the last measurement.

(2.) The usual Bond and Contract have been executed by Mr. Randle.

(3.) The amount of Bond is £5,000; the names of the Sureties are Mr. George Doyle and Mr. Charles Beecham.

(4.) Place of Residence, and Travelling Expenses of District Court Judges:—Mr. Daugar asked the Colonial Secretary, pursuant to Notice No. 5,—

(1.) If it is the intention of the Government to order that the District Court Judges shall reside in their respective appointed Districts?

(2.) Are the Government aware that great inconvenience and loss accrues to suitors through the continual absence of these Gentlemen from their Districts, or supposed Head Quarters?

(3.)

(3.) Are Travelling Expenses allowed to District Court Judges and Crown Prosecutors, from their usual place of residence to their appointed Circuits, every three or six months?

(4.) How many miles is a District Court Judge supposed to travel per day, and are these Judges allowed Travelling Expenses whilst attending in Court, or from leaving their home, until their return to their usual place of residence?

Mr. Darvall answered:—

(1.) I think I may properly answer the Question put by my Honorable Friend. There is no immediate intention on the part of the Government to order the District Court Judges to reside in their respective appointed Districts; but inquiries into the working of the District Courts are pending, and if it should appear that the public convenience would be met by such an arrangement, no doubt the Government will make the necessary order.

(2.) The Government are aware that some inconvenience and loss does accrue to suitors from the absence of these gentlemen from their Districts, but there are advantages arising from their non-residence within their Districts, and the inconvenience would not be entirely met unless the District Court Judge could always be present at each town where a District Court is held, and where, therefore, his presence would be occasionally convenient for the purpose of issuing process.

(3.) The Travelling Expenses allowed to District Court Judges, and Crown Prosecutors, are paid during such time as they are occupied in the discharge of their duties. In one case, the District Court Judge receives his travelling allowances from Sydney to his District, because it was ascertained, in that exceptional case, that it was the most economical way of employing that Judge, and of paying his travelling expenses. I find that that matter was inquired into by the Chief Secretary and the Auditor General, and that they came to that conclusion.

(4.) The number of miles per diem that District Court Judges are supposed to travel must depend upon the difficulties or conveniences which may arise in the performance of their duty, and, as I said before, their expenses are paid during the time they are occupied in the performance of their duty, it being presumed that no more than the necessary time will be expended in the performance of their journeys.

(5.) Tenders for Completion of fourth Section of Great Western Line of Railway:—

Mr. Cummings asked the Secretary for Public Works, pursuant to Notice No. 6,—

(1.) When will the pegging out plan of the fourth section of the Great Western Line of Railroad be complete?

(2.) Will the Government at once call for Tenders when said plan is finished?

Mr. Arnold answered:—The necessary survey of the fourth section of the Great Western Line of Railway is being carried on, but before we can call for tenders the matter will require to be brought under the consideration of the Executive Council, unless, in the meantime, greater progress is made with the Estimates than I anticipate, as the funds already voted by Parliament will probably be exhausted by the contracts which have already been taken.

(6.) Date of Contract Bond for Stone-work of Nepean Bridge:—Mr. Cummings asked the Secretary for Public Works, pursuant to Notice No. 7,—The date of Contract Bond for the stone-work of the Nepean Bridge; date when said expires by effluxion of time; what progress has the Contractor made with the work; the amount advanced on the work, if any?

Mr. Arnold answered:—I beg to inform the Honorable Member, that the date of the bond for the stone work of the Nepean Bridge is the 4th November, 1862. The date of the term allowed for the completion of the work, is 24th March, 1864. The progress made by the Contractor up to this time, has been in those preliminary proceedings, which, although they do not do anything towards the work itself, are in works of this kind of a very difficult and expensive character before a single stone can be laid. In this case they have been of a peculiarly difficult character, because the anticipations of the Contractor and Engineer, with regard to the bottom, have not been entirely verified. Some difficulties have occurred which were not anticipated, and I understand the outlay by this Contractor has been very large indeed—I believe somewhere about £7,000—although up to the present time not a single stone has been laid. One coffer dam has been got in, and pumped out sufficiently to enable them to see the bottom; and that is all. So that I can hardly say any progress at all has been made in the actual work. The work has been in the preliminary proceedings. The amount advanced upon the work has been £1,000, which has been given within the last few days, taking into consideration the peculiar circumstances of the case.

2. Message:—The Speaker reported that the following Message had been received, on Wednesday last, from the Legislative Council:—

Commercial Banking Company's Act Amendment Bill:—

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

TUESDAY, 29 SEPTEMBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

(*Mr. Dalgleish not asking the Question standing in his name, No. 1, it dropped.*)

- (1.) Burning down of the Residence of Patrick O'Meally :—Mr. Lucas asked the Secretary for Lands, pursuant to Notice No. 2,—

(1.) Is it true that the late Residence of Patrick O'Meally, situated in the Wedden Mountain, has been burned down by the Police?

(2.) If so, did the Police proceed as provided by the 32nd Clause of the Crown Lands Occupation Act of 1861?

(3.) If they did not so proceed, will the Honorable Gentleman inform the House under what authority the Police burned down the said House, and the circumstances connected with this case?

Mr. Robertson answered :—

(1.) In reply to the Honorable Member, I would say that I understand that it is true that the Police have burned down the house referred to in the Question of the Honorable Member.

(2.) With regard to the second Question, I would say that an authority was issued on the 23rd March, 1863, to Mr. Patrick Hill Crosby, to prefer an information, under the 32nd Clause of the Crown Lands Occupation Act of 1861, against any person or persons being in the unlawful occupation of Crown Lands within his leasehold.

(3.) I have looked in the Crown Lands Occupation Act, and I cannot see under that law anything that would, in my opinion, at any rate, whatever that may be worth, justify the Police in burning down the house. That Act provides that Justices, after inquiring into the case of a trespasser, may "issue their warrant, addressed to the Commissioner of Crown Lands, or to any Chief or District Constable, or other proper officer, requiring him forthwith to dispossess and remove such person from such land, and take possession of the same, on behalf of Her Majesty, and the person to whom such warrant is addressed shall forthwith carry the same into execution." That is, as I understand it, he might take possession of the house, and expel the occupant, but not burn it down.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

WEDNESDAY, 30 SEPTEMBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Public Contractors on Railway Works :—Mr. Piddington, on behalf of Mr. Eagar, asked the Secretary for Public Works, pursuant to Notice No. 1,—When will the Return, in reference to Railway Contractors, in terms of Motion of 4th August, be laid upon the Table of this House?

Mr. Arnold answered :—I shall endeavour to lay the papers on the Table of the House on Friday next.

- (2.) Road from Quirindi to Corrobubala :—Mr. Dangar asked the Secretary for Lands, pursuant to Notice No. 2,—

(1.) When Tenders will be invited for the £500, voted in 1863, for the Road from Quirindi to Corrobubala, as promised in March last?

(2.) Has Mr. Johnstone, Minor Road Superintendent, reported, since the 21st July last, respecting the Corrobubala line of road, and called for Tenders, as requested?

Mr. Robertson answered :—In reply to my Honorable Friend, I would say that Mr. Superintendent Johnstone was communicated with on the subject in July last, and on the 1st ultimo he reported that, owing to the pressure of other important works, he had been unable up to that time to take the necessary steps in the matter. Mr. Johnstone was again written to on the subject on the 28th instant.

- (3.) Police Magistrate of Grafton :—Mr. Dangar asked the Colonial Secretary, pursuant to Notice No. 3,—What steps do the Government intend to take in reference to the charges made against the Police Magistrate of Grafton?

Mr. Cowper answered :—I was not aware that the Honorable Member had put the Question, nor had my attention been drawn to the fact that notice of such Question had been given, until the paper was put into my hand just now; but I may say, that there are no distinct charges, at present, against the Police Magistrate of Grafton. An intimation was made to me with reference to some irregularities that had taken place, and this intimation proceeded from a gentleman who had been dismissed from the Public Service. I transmitted the statement to the Police Magistrate at Grafton, and he met it by a simple denial. Since then some matters have been stated to me in rather an informal way, and I have them still under consideration; but the Government have not arrived at any distinct decision, in the first place, whether there is any necessity for enquiring into these charges; and in the second, if there be, what would be the proper course of investigation. The matter is not in a satisfactory state, and I can only inform the Honorable Member that it shall not be lost sight of.

2. Road from Nelligen to Braidwood :—Mr. Garrett presented a Petition from certain Inhabitants of the Town and District of Braidwood, representing the great interruption caused to the traffic along this line of road; and praying that it may be proclaimed a Main Road.

Petition received.

3. Weight of Bread sold by Bakers :—Mr. Dalgleish presented a Petition from certain Bakers and others, Inhabitants of Sydney and Environs, praying such a modification of the Law as will remove from the individual Loaf the restriction respecting the weight thereof.

Petition received.

4. Motion for Adjournment :—Mr. Piddington moved, That this House do now adjourn.

Debate ensued.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

THURSDAY, 1 OCTOBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Police Officers present at the burning of Patrick O'Meally's house:—Mr. Lucas asked the Colonial Secretary, pursuant to Notice No. 1,—The names of the Police who were engaged in burning down the residence of Patrick O'Meally?
Mr. Cowper answered:—I am informed the following are the names of the officers and constables who formed the party of Police who ejected O'Meally, and were present at the burning of his house:—Sub-Inspectors Roberts and Brennan, Constables Hudson, Stepp, and Musgrove, and two black trackers.
- (2.) Telegraph Line from Sydney to Newcastle:—Mr. Hannell asked the Secretary for Public Works, pursuant to Notice No. 2,—When the second Telegraph Line from Sydney to Newcastle will be completed?
Mr. Arnold answered:—In answer to this Question, I may say, that I am afraid it involves matter of opinion. As far as my opinion goes, it will be finished in a month.
- (3.) Sheds on Wharf at Newcastle:—Mr. Hannell asked the Secretary for Public Works, pursuant to Notice No. 3,—Is it the intention of the Government to erect Sheds or Stores, at or near the Steamers' Wharves, for the reception of imported and exported Goods, at Newcastle?
Mr. Arnold answered:—The Government are desirous of affording this accommodation, and preparation for the erection of these sheds has been made. Perhaps I shall have an opportunity, before long, of forming an opinion whether the House consider it desirable that the expense of these works should be paid out of the funds voted for the formation of Wharves.
- (4.) Accident to Ships "Humboldt" and "Montmorency," at Newcastle:—Mr. Hannell asked the Colonial Treasurer, pursuant to Notice No. 4,—Has any inquiry been made into the causes of the Accident, and the extent of Damage sustained, by the ships "Humboldt" and "Montmorency," in the Harbour of Newcastle; if so, will the Government place upon the Table of this House a copy of any Report they may have received relating thereto?
Mr. Smart answered:—I beg to inform the Honorable Member, that the accident to the "Humboldt" was duly reported by the Harbour Master at Newcastle, and a complaint was lodged by the Captain of the vessel, against the Pilot, demanding an explanation; this explanation was forwarded to him, with an intimation that an inquiry would be held in Sydney, whilst the Harbour Master of Newcastle was here; the Captain failed to attend, and the matter remains in abeyance accordingly. The case of the "Montmorency" was reported by the Harbour Master, but the Captain made no complaint. It is understood that the vessel received no damage.
- (5.) Wharf Regulations for Port of Newcastle:—Mr. Hannell asked the Colonial Treasurer, pursuant to Notice No. 5,—Has the Harbour Master at Newcastle forwarded, for the approval of the Government, a Code of Regulations for the Control and Management of the Public Wharves at Newcastle; if so, will the Government place upon the Table of this House a copy of the proposed Regulations, for public information?
Mr. Smart answered:—I beg, in answer to the Honorable Member's Question, to state, that the Superintendent of Pilots has not received any information of the kind from the Harbour Master of Newcastle.

(6.)

(6.) Deficiency in Votes for Police for 1862 :—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 6,—With reference to an item in the Supplementary Estimates for 1863, under the heading “Chief Secretary,” entitled “Deficiency in Votes for Police generally, for 1862,”—

(1.) Has the money been appropriated ?

(2.) If so, under what circumstances, and for what special purposes ?

Mr. Cowper answered :—I beg to say, that the amount has been appropriated as stated, and although the memorandum I hold in my hand has been suddenly prepared, in consequence of the short notice given of this question, I believe this will be found an approximate, if not a strictly accurate, statement :—Travelling expenses, paid under a revised scale—this will be a decreasing charge, as stations are formed at which men travelling can be accommodated—£3,103 16s. 11d. Fuel, light, and water—the scale of allowances reduced in the latter part of the year—£865 8s. 4d. Re-mount horses, in consequence of the heavy demand for horses throughout the District—£2,356 14s. Medical attendance, gaols, lock-ups, &c., £332 15s. Conveyance of prisoners and police—owing to the large number of prisoners having to be moved to gaols at distant places, to await their trial, and the system of marching prisoners being discontinued as unsafe and unadvisable—£2,194 9s. 7d. Burial of paupers, £64 3s. Incidental expenses, £592 13s. 1d. Gold Escort Vote generally, principally caused by the new contract with Cobb & Co., for weekly conveyance of gold from Forbes to Young, £2,685 10s. 6d. Forage—in consequence of the heavy rise in the market rates, for forage, increase authorised as Mounted Force, for escort and other purposes, in Districts where forage was dearest—£11,990 19s. 7d. Unclassified Votes—Advertising, £2,213 17s. 11d. Ditto, estimated amount required, £686 18s. Making a total of £27,087 5s. 11d. Leaving on other Votes, £2,123 0s. 7d. Balance, total deficit, £24,964 5s. 4d.

(7.) Defaulting Contractors :—Mr. Dangar asked the Secretary for Public Works, pursuant to Notice No. 7,—When will the Return, in reference to Defaulting Contractors, as ordered 1st September last, be laid on the Table of the House ?

Mr. Arnold answered :—Since the Order of the House, directions have been given to the different heads of branches to prepare this Return, but it is found to be one not very easy to prepare satisfactorily, and I can only inform the Honorable Member that it is in course of preparation. To enable the Honorable Member to see the difficulty, I may state that it is sometimes not an easy matter to know who is the contractor. In many cases tenders have been sent in for certain works, and the tenderer has subsequently discovered that he has overlooked or misunderstood some important portion of the conditions, and has in consequence declined to undertake the works upon the terms offered in his tender, and in some instances the Government have had no option but to give way ; these, however, would be very few as compared with the total number of contractors.

(8.) Claims of Workmen on Great Southern Line of Railway :—Mr. Macpherson asked the Secretary for Public Works, pursuant to Notice No. 8,—Whether the Government intends to take any further steps, and if so, what, and when, towards facilitating the Settlement of the Claims of the Workmen on the Great Southern Line of Railway, amounting with their families to about four hundred individuals who are at present in a state of destitution at the Rocky Water Holes in consequence of the Insolvency of Messrs. Randle and Gibbons ?

Mr. Arnold answered :—The Honorable Member asks what the Government are prepared to do in consequence of an assumed state of things which, I believe, does not exist. I am not officially informed of the Insolvency of Messrs. Randle and Gibbons, and until I am, I am not prepared to state what steps the Government will take in consequence.

(9.) Wreck of the Steamer “Mimosa” :—Mr. Dalgleish asked the Colonial Treasurer, pursuant to Notice No. 9,—If the Government intend to cause inquiry to be made into the wreck of the “Mimosa,” steamer, lately wrecked on the coast ?

Mr. Smart answered :—I beg to inform the Honorable Member that the subject is under the consideration of the Crown Law Officers, and until I get their opinion, I cannot tell what course the Government will take. It was referred some four or five days ago.

2. Proposed Wharf at Terrara, Shoalhaven River :—Mr. Robertson presented a Petition from certain Producers, and others interested in this work, representing the eligibility of Terrara as the Site of a Wharf, and praying that such Site may not be altered.

Petition received.

3. Paper :—Mr. Robertson laid upon the Table “Government Public Notice in reference to Sydney Common,” dated 5th October, 1811.

Ordered to be printed.

Question put and passed.

Question put and passed.

The Chairman reported the following Resolution :—
Resolved,—That, in the opinion of this Committee, it is desirable to introduce a Bill to provide a Superannuation Fund, and to regulate the granting of retiring and other allowances and gratuities in respect of public services.
Mr. Cowper moved,—That this House do now adopt this Resolution.
Question put and passed.
(2.) Mr. Cowper then moved for leave to bring in this Bill,—
Question put and passed.
(3.) Mr. Cowper having *presented* this Bill, Bill, intituled, “*A Bill to provide a Superannuation Fund and to Regulate the Granting of Retiring and other Allowances and Gratuities in respect of Public Services*,”—read a first time.

1. Public Service Superannuation Bill ; second reading.
-

New South Wales.

No. 60.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

FRIDAY, 2 OCTOBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Road from Molong to Wellington:—Mr. Samuel asked the Secretary for Public Works, pursuant to Notice No. 1.—

(1.) When is the New Line of Road from Molong to Wellington, marked and surveyed by Mr. Chippendale, to be opened to the public?

(2.) Why has the erection of a Bridge over Kite's Swamp, at Molong, not been proceeded with?

Mr. Arnold answered:—

(1.) I beg to inform the Honorable Member, that the Line of Road from Wellington, surveyed by Mr. Johnson, will be opened, with some changes, as soon as funds are available from the Votes of 1864.

(2.) In reply to the second Question, I would say, that the Bridge over Kite's Swamp will be proceeded with as soon as final surveys have been received. An improvement in direction of road has been under consideration, which has delayed this work. The timber has been contracted for, for some time, and it is hoped the work will be completed before the end of the year.

- (2.) Police Officers present at the Burning of Patrick O'Meally's House:—Mr. Lucas asked the Attorney General, pursuant to Notice No. 2,—Whether it is his intention to institute Criminal Proceedings against the Police, who burned down the residence of Patrick O'Meally?

Mr. Darvall answered:—I am not aware under what circumstances the house was burned down, or by whose authority; when I am it will be time enough to consider whether any proceedings shall be taken by the Attorney General, *ex officio*, to punish the offenders. It is very seldom that the Attorney General is required, *ex officio*, to initiate proceedings for the punishment of crime. At present I cannot say under what circumstances this act has been committed, and I am therefore unable to say what steps shall be taken.

- (3.) Reception of Goods at Railway Station, Redfern:—Mr. Dangar asked the Secretary for Public Works, pursuant to Notice No. 3,—Why are not Goods taken into Store at the Railway Station, Redfern, after five o'clock and up to six p.m., as at all the Companies' Steamers Wharves?

Mr. Arnold answered:—The reason why the public are not entitled to require that goods shall be received after five o'clock, is, because there is a bye-law, No. 28, to this effect,—“The Goods Warehouses will be open, for receipt of goods, from six a.m. to five p.m., Sunday, Christmas Day, Good Friday, and proclaimed holidays, excepted.”

2. Municipalities Law Amendment Bill:—Mr. Garrett presented a Petition from the Mayor and Aldermen of the Municipal Council of Wollongong, under the Seal of the Corporation, praying that a Bill of this nature may be passed.
Petition received.
3. Paper:—Mr. Arnold laid upon the Table, Return to Order in reference to “Public Contractors on Railway Works,” made by this House on motion of Mr. Eagar, on 4th August, 1863.
Ordered to be printed.

GOVERNMENT BUSINESS—ORDER OF THE DAY:—

1. Public Service Superannuation Bill; second reading.

New South Wales.

No. 61.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

TUESDAY, 6 OCTOBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

(*Mr. Dalgleish Withdrew the Question standing in his name, No. 5.*)

- (1.) Mr. Randle's Southern Railway Contract, No. 3:—Mr. Morrice asked the Secretary for Public Works, pursuant to Notice No. 7,—If it be true, that Mr. Randle has abandoned his No. 3 Contract on the Southern Railroad; and, if so, what arrangements have the Government made for carrying on the same?

Mr. Arnold answered:—I beg to inform the Honorable Member, that Mr. Randle has ceased to make satisfactory progress upon the Contract alluded to in this Question, and in consequence the Government have advertised for fresh Tenders for this Contract, with a view to its cancellation.

- (2.) Fencing of Proclaimed Roads through Private Property:—Mr. Faucett asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) When a new road is made and proclaimed by the Government through private property, does the Government make any, and if so, what, provision for fencing such road, so as to protect the private interests of the occupants or owners of the lands through which the road is made?

(2.) Does it make any difference, in making such provision, whether the land through which the road passes is enclosed or unenclosed?

Mr. Robertson answered:—In reply to the Question of the Honorable Member, I would say, that the practice of the Government is, on the proclamation of a road, to leave it unfenced, unless where the road goes through lands enclosed before the proclamation. If the lands are enclosed before the proclamation, the practice has been to fence both sides of the Road, and this House has never refused to vote money for that purpose.

(*Mr. R. Forster Withdrew the Question standing in his name, No. 2.*)

- (3.) Gaol at Port Macquarie:—Mr. R. Forster asked the Secretary for Public Works, pursuant to Notice No. 3,—

(1.) Has the Government received any information from the Authorities at Port Macquarie, or through any other channel, of the present insecure state of the Gaol at Port Macquarie?

(2.) If so, is it intended to have the Gaol put in a state of repair?

Mr. Arnold answered:—I beg to inform the Honorable Member, that very recently representation has been made to Government, by the Police Authorities, of the insecure state of the Lock-up used as a Gaol at Port Macquarie; and in consequence of this representation, the matter was forwarded, in the ordinary course, to the Colonial Architect for Report, and that Report has been received only this morning. No determination has yet been arrived at, but I have no doubt the determination will be to put the Lock-up in a state of repair, as I find the cost proposed is exceedingly small.

- (4.) Requirement of Lighthouse on Seal Rock, between Sydney and Port Macquarie:—Mr. R. Forster asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) Has the Government had its attention drawn to the necessity there exists for the speedy erection of a Lighthouse on a dangerous Rock in the ocean, situate directly in the track of all vessels sailing between Sydney and Port Macquarie, and known as the Seal Rock?

(2.)

(2.) If so, is it intended to erect a Lighthouse on the Seal Rock, or in that locality?

Mr. Arnold answered:—I understand that some representations have been made to the Government of the dangerous character of this Rock, but the preliminary inquiries with regard to the necessity for Lighthouses are usually conducted by the Pilot and Navigation Board. I can only say, so far as I am concerned, that no determination has yet been arrived at to erect a Lighthouse upon the Seal Rock.

(5.) Terminus of Great Northern Railway:—Mr. R. Forster asked the Secretary for Public Works, pursuant to Notice No. 6,—Has the Government resolved that the Great Northern Line of Railway is to terminate at Murrurundi?

Robert M'Intosh:—Mr. Lucas presented a Petition from Robert M'Intosh, of Marsh Bank, Botany Road, near Sydney,—setting forth his claim to certain Premises in Sydney, which formed the subject of a Petition, presented to this House in September last, by one James M'Intosh, which last-mentioned Petition was referred on the 29th September to the Select Committee now sitting on a Petition of Mr. John Busby;—and praying that the said Petitioner, Robert M'Intosh, may have leave to appear in person, or by Counsel, or Attorney, before the said Select Committee, in reference to the Petition of the said James M'Intosh.

Mr. Lucas then (*with the concurrence of the House*) moved, without notice, That the Prayer of the said Petition of Robert M'Intosh, be granted.

4. Orders of Sequestration in Insolvency Validating Bill:—Mr. Darvall moved, That the following Message be carried to the Legislative Council:—

MR. PRESIDENT,—

The Legislative Assembly having had under consideration the Legislative Council's Message, dated the 30th September, 1863, requesting its concurrence in certain Amendments made by the Council in the Orders of Sequestration in Insolvency Validating Bill,—

Disagrees to the said Amendments for the following reasons:—

1st. That the Amendments in Clause 1 do not clearly make legal and effectual the proceedings proposed to be rendered valid, but only say that they shall not be deemed unlawful, and make good affidavits,—whereas the documents in question have been decided not to be affidavits, and that the 1st Clause is rendered ambiguous, and the proposed Amendments are not required.

2nd. That the new Clause proposed is foreign to the scope and intention of the Bill, and refers to doubts which have not been shown to exist.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

WEDNESDAY, 7 OCTOBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Reward offered for Apprehension of Mudjee Mail Robbers:—Mr. Piddington asked the Colonial Secretary, pursuant to Notice No. 1,—Has any portion of the Reward offered for the Apprehension of the Mudjee Mail Robbers been paid by the Government, and to whom?

Mr. Cowper answered:—The Government offered no special reward for the apprehension of the Mudjee Mail Robbers. The reward offered by the Australian Joint Stock Bank has not yet been received for distribution. There is a standing Government Reward of £50, for the conviction of offenders in each "case" of mail robbery, with violence. The officers of Police have been requested to state in what proportions any of the rewards payable for the capture of Lowry and Foley should be divided. Immediately the amount is received from the Bank it will be divided among the Police entitled to receive it.

- (2.) Escort Fees on Gold Dust:—Mr. Piddington asked The Colonial Treasurer, pursuant to Notice No. 2,—

(1.) What is the sum, per ounce, charged for Escort Fees on Gold Dust brought to Sydney by the Government Escort?

(2.) Is it the practice of the Government not to charge Escort Fees on Gold Dust brought to the Sydney Mint for Coinage?

Mr. Smart answered:—In reply to the Question of the Honorable Member, I beg to state that 8d. per ounce is the price charged for Escort Fees upon Gold Dust brought to the Mint by the Government Escort, and that there is no charge made for the coinage of the gold, except the Escort Fees.

- (3.) Quarters for Police, or Allowance in Lieu:—Mr. Cunneen asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Do the Government provide Quarters for the Police?

(2.) If not, do they make any allowance to them in lieu of such quarters?

Mr. Cowper answered:—

(1.) There is no fixed rule; the Government does not undertake to provide the Police with Quarters. In Sydney, the stationary Police, with few exceptions, find themselves in Quarters, and in the Country, generally, the married men do the same; but, where practicable, station buildings are provided, in order that the Police may be kept together, in case required on emergency.

(2.) A lodging allowance of 5s. per night to officers, and 2s. for men, is paid when Police are "temporarily" stationed at places where there are no quarters.

- (4.) Inspector of Land Offices:—Mr. Dangar asked the Secretary for Lands, pursuant to Notice No. 3,—

(1.) What are the duties of the New Office, styled Inspector of Land Offices?

(2.) What is the amount of Salary, and other Allowances, attached to this new office?

(3.) What are the qualifications of the recently appointed Inspector of Land Offices?

(4.) Is not the Gentleman appointed a near relative of a Minister of the Crown?

Mr.

Mr. Robertson answered :—

(1.) In reply to the Honorable Member I would say, that the duties of the Inspector of Land Offices comprise the examination of the accounts of the Land Agents throughout the Country. There are eighty-five Land Offices, and the Government cannot but perceive that there was no proper control under past arrangements for proper examination of the accounts, and care that the whole of the money collected in the Land Offices came to the Treasury. Some years ago some £4,000 or £5,000 was lost by want of some precautions of this kind, and it was thought desirable to appoint an officer, or to extend his duties—for this is rather the extension of the duties of a former officer, than the appointment of a new office—to the inspection of these Land Offices.

(2.) The amount of Salary will be £500 a year—that is, assuming the Assembly shall concur in that amount. Travelling expenses will, of course, be allowed only when travelling under orders, and will be in accordance with the scale adopted by the Government, and approved, I think, by the House : Second-Class Officers £1 a day while actually travelling under orders.

(3.) The qualifications of this gentleman are some twelve years service in the Treasury and in the Lands Department, charged with kindred duties. This gentleman is an accomplished accountant, and I think it will not be denied by any one who knows anything of him or of the department, that there is not a more suitable person in the Country for the appointment.

(4.) What his relationship may be to any Member of the Government, I have not inquired—do not intend to inquire—and should think it a piece of impertinence for me to make the inquiry.

2. Reservations upon Runs in Tumut District :—Mr. W. Forster (*with the concurrence of the House*), moved, without notice,—That the Return to Order, in reference to “Reservations upon Runs in Tumut District,” made by this House, on motion of Mr. W. Forster, on 22nd July, 1862, and laid upon the Table on 27th August, last, be referred to the Select Committee now sitting on that subject.

Question put and passed.

3. Paper :—Mr. Cowper laid upon the Table, Statistical Register of New South Wales, for the year 1862.

5. Ways and Means :—On motion of Mr. Smart, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole, further to consider of Ways and Means.

The Chairman reported Progress, and obtained leave to sit again this day fortnight.

6. Member of Legislative Council as Witness :—The Speaker reported the following Message from the Legislative Council :—

MR. SPEAKER,

In answer to the Message from the Legislative Assembly, dated the 30th September, 1863, requesting leave for the Honorable Charles Kemp, a Member of the Legislative Council, to attend and be examined before a Select Committee of the Legislative Assembly, appointed “to inquire into, and report upon, the “allegations contained in the Petition presented on the 26th August from the “Shareholders in the Newcastle Wallsend Coal Company,” the Council acquaints “the Assembly that leave has been granted to its said Member to attend and be “examined by the said Committee, if he think fit.

Legislative, Council Chamber,

T. A. MURRAY,
President.

“LEGISLATIVE ASSEMBLY.

“By the Honorable the Speaker of the Legislative Assembly
“of New South Wales.

“Pursuant to the power in that behalf vested in me, as Speaker of the Legislative
“Assembly of New South Wales, by the Electoral Act of 1858, I do hereby
“appoint

“Augustus Morris, Esquire,

“being a Member of the said Assembly, to be a Member of the Committee of
“Elections and Qualifications in the said Act referred to, during the present
“Session of the Assembly aforesaid.

“Given under my Hand, at the Legislative Assembly Chamber,

3. Questions on Notice Paper for to-day:—

(1.) Church and School Estates:—Captain Moriarty asked the Honorable the Premier, pursuant to Notice No. 1,—Is it the intention of the Government to bring in a Bill this Session to give legal effect to the Resolutions affirmed by this House on the 25th July last, relative to the Church and School Estates, viz.:—

“ (1.) That, in the opinion of this House, the Church and School Estates ought to
“be sold by auction at the earliest possible period that they can be conveniently
“disposed of, and the proceeds thereof appropriated for the purposes of Religion

Mr. Martin answered:—If my Honorable and gallant friend will permit me, I will answer his question in the course of the explanation I am about to make to the House.

(Mr. Dalgleish not asking the Question standing in his name, No. 2, it dropped.)

(2.)

- (2.) Post Office and Money Order Office at Redbank :—Captain Moriarty asked the Colonial Treasurer, pursuant to Notice No. 3,—Has he as yet decided on giving effect to the arrangement made by his predecessor for the establishment of a Post Office and Money Order Office at Redbank, where over 3,000 of the Inhabitants of the Araluen Valley are now located, and from which place over 1,000 ounces of gold are forwarded to Sydney weekly ?
- Mr. Eagar answered :—I beg to state, in answer to the question of the Honorable and gallant Member, that, on reference to the papers in this matter, I find that no arrangement had been made by my Honorable predecessor for the establishment of a Post Office and Money Order Office at Redbank. The decision, under these circumstances, resting with myself, I have decided that in the present condition of our finances I am not justified in adding to the public burdens by any new expenditure save of the most urgent character, and the proposed Post and Money Order Offices do not appear to me to come within that category, there being already the usual postal convenience at Crown Flat, within two miles of the suggested locality.

- Mr. Holroyd answered :—In reply to the Honorable Member's question, I may state that there is an additional sum of £9,000 on the Estimates for 1864, for the construction of a High Level Bridge (the estimated cost of which is £15,000), and as soon as the Estimates are passed tenders will be called for. In accordance with the Vote taken in the Estimates for 1862, page 64, the item was in these terms, " Bridge over Hunter, at West Maitland, in lieu of Dam there."

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 4 DECEMBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Public Buildings at Port Macquarie :—Mr. R. Forster (*with the concurrence of the House*) asked the Colonial Secretary, pursuant to Notice No. 1,—Cannot the Government devise some measure whereby the Public Buildings at Port Macquarie, capable of accommodating some hundreds of Prisoners, may be occupied beneficially to the country, and thus prevent their gradual decay and ruin?

Mr. W. Forster answered :—The Government have not yet devised any such scheme, but will take the subject into consideration.

- (2.) Northern Road, from Bendemeer to Falconer :—Mr. R. Forster asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) How much money has been expended on that portion of the Northern Road extending from Bendemeer to Falconer?

(2.) Is he aware that, on many parts of the road indicated, works have been suspended when about half finished?

(3.) Have the repairs on the road indicated been performed by contract or not; if not, to whom was the expenditure of the money intrusted?

Mr. Holroyd answered :—

(1.) The sum of £1,850 17s. 11d. has been expended between Bendemeer and Armidale, where the Main Northern Road terminates, during the present year. The road from Armidale to Falconer is not in charge of the department.

(2.) No works have been suspended when half finished on the portion of the road above referred to, that is, the portion in charge of the Department of Works.

(3.) The sum of £1,039 4s. was spent on contract, £682 1s. 10d. by task agreement, and £129 12s. 1d. by day labour and on maintenance, under the superintendence of Mr. Bayley, the officer in charge.

- (3.) Post Office Building at Armidale :—Mr. R. Forster (*with the concurrence of the House*) asked the Colonial Treasurer, pursuant to Notice No. 3,—Is the Honorable Minister aware,—

(1.) That only two rooms out of five in the Post Office Building at Armidale are devoted to the use of the Postal Department, the remaining three rooms being devoted to the use of the Telegraph Department?

(2.) That, when Armidale was a repeating station, the whole business of the Colony of Queensland and of this Colony was satisfactorily performed in one room in the Court House?

(3.) That the room in the Court House can still be had for the use of the Telegraph Department, it not being required by the local officials for any other purpose?

(4.) That the Postmaster, his wife, and five children, are compelled to sleep and victual in the Post Office, whilst there are other rooms in the building not required, although used, by the Telegraph Department?

(5.) That the Telegraph Officials claim the right to control admission to the building, there being but one front door, and that in consequence great inconvenience is occasioned to the public generally?

(6.)

(6.) Does the Honorable Minister intend to alter the arrangements; and if so, when?

Mr. Eagar answered:—By the communications of the Honorable Member to my predecessors, I have been made aware of the insufficient accommodation alluded to in the Honorable Member's questions, and I shall be prepared to remedy the inconveniences complained of when the House passes the Supplementary Estimate for the present year.

(4.) Colonial Beech Timber:—Mr. Lucas (*with the concurrence of the House*) asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) If he is aware that Colonial Beech, of Brisbane Water growth, is specified to be used in the laminated arches of South Creek Viaduct?

(2.) Is the Secretary for Public Works aware that Colonial Beech is very inferior timber to Blackbutt, Ironbark, or Blue Gum?

(3.) Is the Secretary for Public Works aware that Colonial Beech of sufficient scantling cannot be obtained?

(4.) Will the works be delayed by this timber not being procurable?

(5.) Has not the Engineer for this work been absent for nearly two months?

Mr. Holroyd answered:—

(1.) The specification provides for the use of Colonial Beech, which is being used in the construction of the trusses of the South Creek Viaduct.

(2.) Colonial Beech is particularly adapted for the purpose for which it is to be used. The Engineer considers it preferable to any other timber obtainable.

(3.) It has been so stated; but the Engineer-in-Chief for Railways, in the absence of the Engineer for the Line, thinks it is procurable.

(4.) If it should be found that Colonial Beech, of sufficient scantling, cannot be obtained, arrangements will be made for substituting other timber; but no unnecessary delay will be permitted from this cause.

(5.) The Engineer has been absent from Sydney since the 22nd October last, and a Telegram has been received stating that he has been detained in Victoria by a severe accident. He is expected in Sydney next week.

(5.) Railway Fares Refunded:—Mr. Driver asked the Secretary for Public Works, pursuant to Notice No. 5,—

(1.) Is it true that a sum of money paid by the Colonial Treasurer on the 31st day of October last, for Railway Fares to and from Picton, was refunded to that gentleman, on any such ground as that the lodgings he had taken, or engaged at Picton, were not available for his family?

(2.) Was the opinion of the Crown Law Officers taken before the said money was refunded?

(3.) Will there be any objection to lay upon the Table of this House, the original application for such refund, with any minutes thereon?

Mr. Holroyd answered:—

(1.) Mr. Eagar travelled to Picton and back with his family, and paid for a return ticket for himself, and single fares for his family. Under the regulations he could have taken return tickets. The difference was refunded, as he, with his family, returned within the prescribed time for return tickets.

(2.) The opinion of the Crown Law Officers was not taken.

(3.) There will be no objection to lay the papers on the Table of the House.

(6.) Government Gold Escorts:—Mr. Piddington asked the Colonial Treasurer, pursuant to Notice No. 6,—

(1.) What is the total (estimated) cost of the Government Gold Escorts for 1863?

(2.) What is the total estimated receipts from the Government Gold Escorts for 1863?

Mr. Eagar answered:—

(1.) The total estimated cost of the Gold Escort for 1863, is £22,363; the Supplementary Estimate is £4,559 2s. 6d.; making a total of, £26,922 2s. 6d.

(2.) The fees for escort and conveyance of gold, as per part No. 1 of Ways and Means, 1863-4, are £2,499.

(7.) Rockley and Isabella Road:—Mr. Driver asked the Secretary for Lands, pursuant to Notice No. 7,—

(1.) What is the cause of the delay in issuing the Proclamation for the Rockley and Isabella Road, surveyed some months since by Messrs. Arthur and Machattie?

(2.) Will the Government take immediate steps to open up that line of road?

Mr. Wilson answered:—

(1.) The road has been proclaimed; the confirmation is delayed in order that an improvement, recommended in the line of road by Mr. District Surveyor Fisher, might be surveyed.

(2.) Pending the confirmation, the road cannot of course be opened.

(8.) Free Selections of Land made by Representatives of Minors:—Mr. Dangar asked the Secretary for Lands, pursuant to Notice No. 8,—If the Government will confirm the free selections made by the representatives of Minors, and issue grants, under the Crown Land Alienation Act No. 1, at the expiration of the three years from date of selection, provided the residence has been established?

Mr. Wilson answered:—While it is satisfactory that the Honorable Member implies a long tenure of office to the present Government, I do not consider it advisable to answer the Honorable Member's question, as an opinion now given would not be binding on any future Government. But each case will be dealt with on its merits as it arises.

- (9.) Further Railway Extension (Western and Northern) :—Mr. Cummings asked the Secretary for Public Works, pursuant to Notice No. 9,—What is the cause of no money being placed on the Estimates for 1864, for the further extension of the Western and Northern Lines of Railway?
Mr. Holroyd answered :—Because it is believed the balance of the amount already voted will be sufficient to meet the outlay on the Western and Northern lines during next year.
- (10.) East Maitland Reserve :—Mr. Darvall asked the Secretary for Lands, pursuant to Notice No. 10,—When the Grant of the East Maitland Reserve will be issued?
Mr. Wilson answered :—I believe the Grant will be issued within a week or ten days.
- (11.) Drainage from Town of West Maitland :—Mr. Darvall asked the Secretary for Public Works, pursuant to Notice No. 11,—When a sufficient drainage from the Town of East Maitland, under the road, and the embankment of the Railway, will be carried out?
Mr. Holroyd answered :—I am informed by the gentleman in whose branch of the department this is, that the drainage under the Railway is sufficient. The culvert under the road will be enlarged when the Estimates for 1864 have passed the Assembly. This alteration to the road culvert will not, however, protect the lands in question from floods, as they are below the flood waters in the Hunter River.
2. Papers :—

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

FRIDAY, 11 DECEMBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Pleuro-pneumonia in Northern Districts :—Mr. Robertson asked the Secretary for Lands, pursuant to Notice No. 1,—What information has he as to the spread of Pleuro-pneumonia in the Northern Districts of the Colony; and has he any objection to lay any such before the House, particularizing the cases in each District?

Mr. Wilson answered :—The only official information that I have with reference to the question of the Honorable Member, is a letter dated December, 1861, from Mr. Edward Hely. It is dated from Lake Macquarie, and is to the following effect :—
“ It being now an undoubted fact that Pleuro-pneumonia has commenced its ravages in our Colony, and that the Government are adopting decisive and stringent measures to arrest its progress and prevent its spread, I consider it my duty to direct your attention to this part of the country, where for some time past a disease of an anomalous character has been destroying the cattle in large numbers. I do not mean to say it is Pneumonia (in the British type), but knowing as I do how much circumstances tend to alter the diagnosis and even character of the disease, I feel assured that this matter requires scientific investigation. It is so insidious in its course, and truly typhoid in its character, that it escapes ordinary observation till actual disorganization has proceeded to such an extent that the animal is beyond all human assistance. I am led more particularly to make these remarks, and to bring the matter prominently before you, in consequence of the great similarity between the symptoms of this complaint and the sixth case reported by Mr. P. S. Michie (dated from Sydney, 29th November, 1861,) the *post mortem* examination of which proved a more perfect development of the disease in its true state than any of the others in which the signs were more apparent.”

- (2.) Selection of Crown Land by Minister other than Mr. Holroyd :—Mr. Lucas asked the Secretary for Lands, pursuant to Notice No. 2,—

(1.) Whether any Member of the present Government, other than Mr. Holroyd, has taken up any Land under the Crown Lands Acts of 1861?

(2.) If so, when was the selection made?

(3.) Where is the Land situated?

(4.) What is the description of the Land?

Mr. Wilson answered :—A selection for a Mineral lease of twenty-one acres near Moruya, in the County of Dampier, was made by Mr. Martin on the 2nd September, 1862, and the lease issued by the late Government.

- (3.) Pleuro-pneumonia in District of Monaro :—Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 3,—

(1.) Has he any official information as to the existence of Pleuro-pneumonia amongst the herds of Horned Cattle in the District of Monaro?

(2.) If so, has he any objection to lay the information before the House?

Mr. Wilson answered :—The only official information I have with regard to Pleuro-pneumonia in Monaro is contained in a petition signed by over fifty Squatters of Monaro. The petition is to the following effect :—“ The Honorable John Robertson, Esquire, Minister for Lands, &c. The petition of the undersigned, sheweth—That the disease known as Pleuro-pneumonia in Cattle has appeared in the outskirts of this district. They would therefore urge upon the Minister for Lands the pressing necessity of taking immediate steps for the prevention of the spread of the disease throughout the district, by the appointment of Inspectors. They would beg leave to recommend Mr. Kenneth Mackenzie, as a person fully qualified to act as an Inspector.”

(4.)

- (4.) Box Tree Flat and upper Page Roads :—Mr. Dangar asked the Secretary for Lands, pursuant to Notice No. 4,—
- (1.) If the Government will authorize Mr. Surveyor Derby, a Licensed Surveyor in the Liverpool Plains District, now employed at Murrurundi, to survey and mark the Box Tree Flat and Upper Page Roads, as promised by the late Government, on Petitions presented by him ?
 - (2.) Were not instructions given to Mr. Surveyor Oliver to mark these roads, previous to his resignation ?
- Mr. Wilson answered,—
- (1.) Mr. Licensed Surveyor E. P. Mann was instructed, on the 21st October last, to report on, and if necessary to survey the best lines of roads from Box Tree Flat to Blandford, and from farms on the Upper Page to Murrurundi.
 - (2.) Mr. Oliver was never instructed in these matters, his intended resignation having been intimated at the time.
- (5.) Law relating to Lunatic Asylums :—Mr. Driver asked the Attorney General, pursuant to Notice No. 5,—Have the Government determined upon taking any steps to amend the Law relating to Lunatic Asylums; if so, will any measure be introduced during the present Session ?
- Mr. W. Forster answered :—The Government have not determined to take any such steps, being unwilling to interfere with the action of the Select Committee sitting upon the subject.
- (6.) Rider of Jury in the case of "Scott v. Hanson and another" :—Mr. Driver asked the Attorney General, pursuant to Notice No. 6,—
- (1.) Have the Government taken into consideration the Rider of the Jury upon the trial of the case of Scott *versus* Hanson and Bennett ?
 - (2.) Have any and what steps been taken therein ?
- Mr. W. Forster answered :—The House will be asked to refer the matter to the Select Committee on Lunatic Asylums.

The Chairman reported progress, and obtained leave to sit again at a later hour this day.

The following Resolution being under the consideration of the Committee:—

“*That*” towards raising the Supply granted to Her Majesty, there shall be charged, in lieu of the Duties on Spirits and Wines, including all such Spirits and Wines now in Bond, imposed by the Act 19 Victoria, No. 14, the Import Duties following, namely:—

	£	s.	d.
“ On <i>Spirits</i> or <i>Strong Waters</i> of all kinds not being sweetened “ or mixed (so that the degree of strength cannot be ascer- “ tained by the Hydrometer) of the strength of proof and “ in proportion for any greater or less strength—the gallon	0	10	0
“ On <i>Spirits</i> or <i>Strong Waters</i> sweetened mixed or perfumed “ Cordials Liqueurs and all mixed liquids under whatever “ name containing a greater proportion than thirty <i>per centum</i> “ of alcohol—the liquid gallon	0	10	0
“ On <i>Sam Shou</i> and other spirituous mixtures containing not “ more than thirty <i>per centum</i> of alcohol—the liquid gallon	0	5	0
“ On <i>Wine</i> containing more than fifteen and not more than “ twenty-five <i>per centum</i> of alcohol—the liquid gallon	0	3	0
“ On <i>Wine</i> containing not more than fifteen <i>per centum</i> of alcohol— “ the liquid gallon	0	1	6
“ On <i>Spirits</i> distilled within the Colony, when made and distilled “ from Sugar which shall have paid Customs Duties—for “ every proof gallon thereof	0	9	5
“ On such <i>Spirits</i> when made or distilled wholly or in any pro- “ portion exceeding ten <i>per centum</i> of the whole from “ materials which are not subject to any Duty of Customs— “ for every proof gallon thereof	0	10	0”

The Honorable Member for Braidwood (Capt. Moriarty) had proposed, by way of Amendment thereto, that all the words after the first word “*That*” be omitted, with a view to inserting in their place the words “in the opinion of this Committee the Tariff submitted by the Colonial Treasurer is, in some instances, at variance with all sound principles of taxation, and, if carried in its integrity, will be injurious to the best interests of the Colony.

The special instances alluded to are:—

- “ 1. viz., No. 1. The equalization of duties on Spirits.
- “ 2. „ No. 2. The *ad valorem* duty of ten *per cent.*
- “ 3. „ No. 3. The *ad valorem* duty of five *per cent.* on all other articles with
“ the exceptions stated.
- “ 4. „ No. 4. The charge of one penny on all Newspapers”;

And he (The Chairman) relying upon the Parliamentary Rule laid down in May, 4th Edition, pages 530 and 531, had objected to the proposed Amendment, on the ground of its irrelevancy to the Resolution under consideration.

The Speaker said,—In this case the proposed Amendment was strictly relevant to the subject under reference to the Committee, but not to the Resolution then before it. It had however been proposed from the Chair, and as there was no clear rule or authoritative dictum on which he could found a positive ruling, his duty was to state the practice and leave the House to decide.

The general principle was, that no Committee could entertain any Resolution which was not strictly relevant to the subject-matter referred to the Committee. The Committees of Supply and of Ways and Means were, however, subjected to farther restrictions, and in the latter he could not find that any Amendment had been at any time dealt with in the House of Commons unless strictly relevant to the Resolution before the Committee; although he found that on one occasion an Amendment, not thus relevant, though within the reference to the Committee,

had

had been without objection *proposed* from the Chair, though on other grounds withdrawn, and therefore not finally *put* (Dec. 10, 1852, 3 Hans. 123). It was, indeed, not quite certain how far the relaxation in this respect might now be permitted; but the true principle applicable was, so far as he could gather, that which he had stated on a previous occasion during the present Session, viz., "That an Amendment in Committee of Ways and Means must be strictly relevant to the Resolution proposed." (Votes and Proceedings, 10 Sept., 1863.)

Mr. Hart then moved, That the aforesaid Amendment moved by the Honorable Member for Braidwood, in the Committee of Ways and Means, not being relevant to the Resolution submitted to such Committee, ought not to be put.

Question put and passed.

Whereupon, on motion of Mr. Eagar, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole, further to consider of Ways and Means.

The Chairman reported progress, and obtained leave to sit again to-morrow.

The House adjourned, on motion of Mr. Martin, at Twenty-five minutes before Twelve o'clock, until To-morrow, at Three o'clock.

JOHN HAY,
Speaker.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

WEDNESDAY, 23 DECEMBER, 1863.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Customs Duties collected at Sydney during the last Month:—Mr. Robertson asked the Colonial Treasurer, pursuant to Notice No. 1,—Whether the Government have any objection to lay upon the Table of this House forthwith, Abstracts of the several lists of Customs Duties collected, without sanction of law, at the Port of Sydney, during the last month; distinguishing such as were so imposed (if any) before having been submitted to this House?

Mr. Eagar answered:—The Government will be happy to furnish the information asked for if required to do so by an order of the House.

- (2.) Mr. Perry, late Official Assignee in Insolvency:—Mr. Dangar asked the Attorney General, pursuant to Notice No. 2,—

(1.) Why was not Bail taken for Mr. Perry's surrender at the next Criminal Sessions, in addition to himself?

(2.) Do the Government intend to place Mr. Perry on his trial at the next sittings of the Criminal Court?

Mr. Martin answered:—Mr. Perry was, on the 17th of December instant, in a case, the prosecution of which I directed, committed to take his trial for embezzlement as Trustee, at the Court of Gaol Delivery, to be held at Darlinghurst on the 31st of March next, and was thereupon admitted to bail, himself in the sum of £200, and two sureties in the sum of £100 each, and he is now at large on such bail. Mr. Perry was at the time of such committal under bail himself in the sum of £200, and two sureties in the sum of £100 each, to appear at Darlinghurst at the late Gaol Delivery, to take his trial on an information filed by the late Attorney General, Mr. Hargrave. The trial of that information was postponed at my instance; and on such postponement no bail was taken in addition to Mr. Perry's own recognizance, because I did not think that bail in that case was necessary. The Government have no power to place Mr. Perry on his trial on any charge whatever; such power is vested in the Attorney General, not as a Member of the Cabinet, but on his own individual responsibility; and whether I, as Attorney General, shall put Mr. Perry on his trial either on the charge on which he stands committed or the charge in respect of which an information has been already filed, I do not feel myself called upon to inform the Honorable Member. An investigation has, at my instance, been commenced, and is now going on into the whole of the estates of which Mr. Perry was Official Assignee, and in most of which the objection taken at the late trial of Mr. Perry can not arise. Whether such inquiry will result in other prosecutions of Mr. Perry, beyond the two already mentioned, I cannot at this moment say; but I can say that in Mr. Perry's case, as in the case of any other person, prosecutions will take place in every instance where a case for prosecution is made out to my satisfaction.

- (3.) The Solicitor General:—Mr. Dangar asked the Attorney General, pursuant to Notice No. 3,—

(1.) Did not the Solicitor General delay the Criminal Business of the Country, on Friday last, by his absence as Crown Prosecutor?

(2.) Was not the Solicitor General employed as Counsel, and in attendance in a squatting case of arbitration—Rusden v. Bagnell—on that day, and not ill, as represented?

Mr.

Mr. Martin answered:—I am not aware that any delay in the Criminal Business of the Country was caused by the absence of the Solicitor General from Darlinghurst, on Friday last. On that day there were only two cases ready for trial, and as I arranged that both those cases should be tried in the Court where I myself was in attendance, the attendance of the Solicitor General was not required. One of those cases was conducted by me, and the other by Mr. Butler immediately after the termination of the first.

(4.) Increased Duties on Spirits and Wine:—Mr. Dangar asked the Colonial Treasurer, pursuant to Notice No. 4,—

(1.) What date did the Collector of Customs commence to demand the increased duties on Spirits and Wine at the Custom House, on Mr. Eagar's proposition?

(2.) What extra amount of duty has been collected since the duties were increased on Spirits and Wine?

(3.) What date was the collection of *ad valorem* duties discontinued on Mr. Eagar's proposition, and the gross amount received?

(4.) What date did the Collector of Customs commence to demand extra duties on Wine, under Mr. Martin's proposition, and for *ad valorem* duties?

(5.) Have not several Merchants protested, and tendered legal coin to the Collector of Customs, and threatened Law proceedings for his demands and collection?

Mr. Eagar answered:—The Honourable Member's questions convey inferences inconsistent with constitutional principles. I must therefore decline answering them in their present form.

2. Motion for Adjournment:—Mr. Dangar moved, That this House do now adjourn. Debate ensued.

Motion by leave withdrawn.

3. Motion Withdrawn:—Mr. Morris withdrew the Motion standing in his name, No. 8 on the Notice Paper of Other Business for to-day.

4. Alexander B. Black:—Mr. Harpur presented a Petition from Alexander B. Black, representing that, at the instance of the late Minister for Lands, he bestowed much time, labour, and expense in drawing up certain Reports having reference to Fisheries,—which Reports were laid before the Select Committee of this House on the Fisheries Protection Bill during the last Session, but remained inoperative in consequence of the Committee not having reported prior to the Prorogation of Parliament,—and praying relief.

Petition received.

5. Motions Withdrawn:—

(1.) Mr. C. Cowper, junr., withdrew the Motions standing in his name, Nos. 3 and 4 on the Notice Paper of Other Business for to-day.

(2.) Mr. Dangar withdrew the Motions standing in his name, Nos. 11, 12, and 17 on the Notice Paper of Other Business for to-day.

(3.) Mr. Wilson withdrew the Motion standing in his name, No. 1 on the Notice Paper of Government Business for to-day.

6. Postponements:—

(2.) The Order of the Day for the second reading of the Members of Parliament Railway Tolls Exemption Bill postponed, on motion of Mr. Holroyd, until this day week.

7. Supply:—On the Order of the Day for the Resumption of the Committee of Supply being read, Mr. Eagar moved, "That" the Speaker do now leave the Chair.

Mr. Robertson moved, pursuant to *Contingent* Notice, That the Question be amended by omitting all the words after the word "That," with a view to inserting in their place the words "in the opinion of this House, great injury to the Trade of the Colony has followed the unauthorized levying, by the Government, of vexatious imposts on imports, and that such injury has been much aggravated by frequent and capricious alterations of such imposts.

"(2.) That the conduct of the Government, in interfering with, and injuring the Trade of the Colony, by imposts and the collection of heavy *ad valorem* duties on articles of general use amongst the people, without first having the sanction of Parliament for such proceedings, deserves the condemnation of this House."

The visitors named travelled by this train, on my invitation. After inspecting the line we stopped at Parramatta, sent back the special, and waited for the ordinary train, by which we returned to Sydney.

(2.) The special was taken on Railway business, but all the charges for, and incident to the visitors, were, at my request at the time, included in my weekly account with the Railway, and paid for on Saturday last.

(3.) Mr. Rae informs me that on 1st July last, on the completion of the line to Pieton, it was intended, as usual on such occasions, to have an official opening, and to invite His Excellency the Governor, the Members of Parliament, and of the Sydney Corporation, and some other visitors, to be present. From some difficulty in the arrangements, the intention was subsequently abandoned, but not until some invitations had been issued; and the Commissioner understood that a free pass, for the purpose of viewing the line, might, on a future occasion, be issued to any Member of the House, or any of the proposed visitors, if they expressed a wish to do so. On this understanding, some Members of the Assembly, one Member of the Sydney Corporation, Mr. Dickson, and a few other visitors, had passes for one visit only, for that particular purpose.

(4.) The names of the Members to whom passes were issued, were Mr. Burns, Mr. Caldwell, and Mr. Rotton.

(5.) Some of the passes were written at the Assembly, on plain paper, and others in the office of the Works Department, on the printed forms.

- (2.) Contract No. 1 of Great Southern Railway :—Mr. Lucas asked the Secretary for public Works, pursuant to Notice No. 2,—

(1.) If Contract No. 1, Great Southern Railway, has been transferred by the Government from Mr. Ambrose Croshaw to Messrs. Murning and Brown?

(2.) If so, what is the date of such transfer?

(3.) Has the Government power, under the conditions of the Contract, to make such transfer?

(4)

- (4.) Does the Government know that Mr. Croshaw had other creditors besides Messrs. Murnin and Brown?
Mr. Holroyd answered:—
- (1.) The interest in the Contract No. 1, Great Southern Railway, has been transferred by Mr. Croshaw to Messrs. Murnin and Brown.
 - (2.) The date of the document is 13th August, 1863, as stated in a notice served upon the Commissioner.
 - (3.) There is nothing in the Contract to sanction or prevent such transfer.
 - (4.) The Government is aware that Mr. Croshaw has other creditors besides Messrs. Murnin and Brown.
- (3.) Mr. Police Superintendent Morisset—Robberies by Bushrangers:—Mr. Dangar asked the Colonial Secretary, pursuant to Notice No. 3,—
- (1.) Why Mr. Superintendent Morisset has not reached Maitland, to take charge of the Police in the Northern and Hunter Districts?
 - (2.) Are the Government aware that a Bushranger has recently committed several robberies within two miles of Maitland, remonstrating with a Constable, and ultimately escaping from four Mounted Policemen, refusing to surrender when demanded?
 - (3.) Has any information been received of the recovery of the six mail-bags stolen by two armed Bushrangers from the Tamworth down mail, on Sunday last, between Wallabadah and Murrurundi, or have the Bushrangers been captured?
- Mr. W. Forster answered:—
- (1.) Mr. Morisset has not reached Maitland because Mr. Lydiard, the former Superintendent of Police for that District, having obtained leave of absence for the purpose of removing his family to Bathurst, it has been thought proper to detain Mr. Morisset in Mr. Lydiard's place in the meantime.
 - (2 and 3.) I am informed that the only robbery committed near Maitland was taking 4s. worth of coppers from the Toll Bar, which was returned. Three persons were stopped, but nothing taken from them. The constable who is stated to have spoken to the bushrangers is suspended from duty, and will be brought before the Bench of Magistrates when the necessary witnesses can be procured. Only one mounted constable (Shannon) was in close pursuit of the bushranger; two were together until they came to the junction of the two roads—not knowing which the man had taken the constables separated. Senior Constable Shannon followed the bushranger for a considerable distance, both crossing the Hunter River. It was not until all trace was lost in the ranges that the constable returned. Constable Shannon had traced the man the whole way from the Goulburn River, he having stuck up and robbed the Merriwa mail. Shannon and others again went out. They picked up his track and are still out.
 - (3.) No information has been received respecting the mail bags stolen from the Tamworth mail on Sunday last. The Murrurundi police have not yet returned. The robbers overlooked the registered letters, also one containing £60, another £30, and a small bag of gold. It is thought that little, except correspondence, was taken from the mail.
- (4.) Insecurity of Life and Property:—Mr. Sadleir asked the Colonial Secretary, pursuant to Notice No. 4,—
- (1.) Whether any and what measures have been taken, by the present Ministry, to check the present alarming insecurity of life and property in the interior?
 - (2.) What number of highway robberies, mail robberies, attacks on houses and stores, have been officially reported to the Government to have taken place since the 20th of October, and, if possible, to specify the same?
 - (3.) Whether it is the intention of the Government to reorganize the Police Force, and thereby to diminish their expense and make them more efficient?
- Mr. W. Forster answered:—
- (1.) The subject has engaged and still engages the earnest consideration of the Government, but it is scarcely possible, in the form of an answer to a Parliamentary Question, to state fully what measures have been taken or are being taken to effect the object the Honorable Member has in view, nor perhaps would a detailed statement be desirable for public reasons. It may, however, be said, generally, that by the offer of valuable rewards—by the concentration of police upon the Districts most affected by, and exposed to outrage—and by the employment of special and supernumerary parties—the Government have endeavoured to check those depredations which have so much endangered life and property in the interior. But these measures, it may also be remarked, could scarcely be adopted without considerable expense in the first instance.
 - (2.) I will answer the Honorable Member's question by a Return to be presently laid upon the Table.
 - (3.) The Government are doing their utmost to render the police more efficient, by whatever means are found available. But it by no means follows that any large diminution of expenditure is possible in the first instance. The Government are of opinion that the first object to be aimed at is efficiency, which if once achieved, diminution of expenditure may, and no doubt will, be a natural consequence.
- (5.) Wills and Administrations:—Mr. Hart asked the Attorney General, pursuant to notice No. 5,—
- (1.) The number of Wills proved in the Supreme Court in the years 1860, 1861, 1862, and 1863 (to the present time), and the amount of personalty sworn to respectively?
 - (2.)

(2.) The number of Administrations granted during the same period, and the amount sworn to?

(3.) The amount of fees paid?

Mr. Martin answered:—By way of answer to the Honorable Member's Question, I have had prepared a return which contains the information asked for, down to the 30th June last, and which return I will presently lay on the Table of the House. Since notice was given of the question, sufficient time has not elapsed to enable the return to be prepared to the present time. The additional information required by the Honorable Member, will be laid on the Table at the earliest moment possible.

(6.) Proposed Postage on Newspapers:—Mr. Garrett asked the Colonial Treasurer, pursuant to notice No. 6:—Do the Government intend to collect the postage on newspapers on and after the 1st January next?

Mr. Eagar answered:—The Government do not intend to collect the postage on newspapers until the postage is sanctioned by law.

(7.) Re-survey of Grant to the late Mrs. Mary Reiby:—Mr. Sadleir asked the Secretary for Lands, pursuant to notice No. 7.—Is it the intention of Government to have a re-survey of the grant Buwa, to the late Mary Reiby?

Mr. Wilson answered:—It is not the intention of the Government to have a re-survey of the grant Buwa.

2. Motion for Adjournment:—Mr. Dalgleish moved, That this House do now adjourn. Debate ensued.

Question of Order.—The Speaker having given his decision upon a Point of Order referred to him by the Honorable Member for Shoalhaven (Mr. Robertson); and Mr. Robertson disputing that decision, and continuing to speak to the point of order;—the Speaker rose and addressed the Honorable Member on the subject. But the Honorable Member continuing to stand, he was ruled out of order, and several times directed by the Speaker to sit down.

Thereupon Mr. Robertson moved:—That the words of the Speaker, as applied to the Member for Shoalhaven, "That the Honorable Member will sit down," being unusually offensive, deserve the disapprobation of this House.

Debate ensued.

And Mr. Robertson desiring leave to withdraw his motion;—and the Speaker asking the pleasure of the House in the matter, and there being a voice dissentient from the leave so desired;—

Question put and negatived.

Debate on the Question for Adjournment resumed.

Motion by leave withdrawn.

President.

Ordered to be printed, and read a second time, on Friday week.

9. Postponements :—

10. Ways and Means :—On motion of Mr. Eagar, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole, further to consider of Ways and Means.

The Chairman reported progress, and obtained leave to sit again at a later hour this day.

The Chairman also reported the following *Point of Order* for the decision of the Speaker :—The Resolutions of which Mr. Eagar had given Contingent Notice, and which stand in his name on the paper for to-day, being under the consideration of

of the Committee, objection had been taken to the terms of the first of those Resolutions, viz.—“(1.) Resolved, That towards making good the Supply granted, “or to be granted, to Her Majesty for services to be defrayed out of the Consolidated Revenue of the Colony, it is expedient to authorize any number of “Treasury Bills to be made out at the Colonial Treasury for any sum or sums of “money not exceeding in the whole the sum of £400,000,”—on the ground that they infringed the Parliamentary rule, that the Committee of Ways and Means may not vote any sum in excess of the amount previously voted in Committee of Supply.

The Speaker gave his opinion, to the effect that the Resolutions might, with certain alterations, be proposed in Committee of Ways and Means without impropriety. While it was irregular, though not without precedents in the practice of the House of Commons, to authorize in Committee of Ways and Means the issue of money out of the Consolidated Fund in excess of the votes in Committee of Supply, there was not the same objection to authorizing the Government to raise money for the purpose of providing the means of meeting such votes, when afterwards duly passed for the service of the year; nor did he find that a restriction to that extent was enforced in the proceedings of the House of Commons.

He thought the alterations indicated were desirable, in order to bring the proposed resolutions nearer to the form used in that House.

Whereupon the Speaker counted the House, and there being a Quorum present, the Committee resumed.

On all other Spirits—the gallon	0	10	0

Mr. Eagar then moved, That this House do now adopt this Resolution.

Point of Order:—Mr. Garrett, taking exception to the entertainment of this Motion, on the grounds (1.) that, being now after Eleven o'clock p. m., it infringed the Sessional Order of this House, which prohibits New Business from being entered upon after that hour; and (2.) that it is contrary to the practice of the House of Commons (as shewn by the 405th Standing Order of that House) to receive a Resolution from the Committee of Ways and Means on the same day on which that Committee has agreed to it,—

The Speaker overruled the first objection, on the ground that the motion was of that consequential character, viewed in reference to the usual practice of this House, that it did not come under the definition of "New Business." But he coincided in the second objection; and, being pressed to rule in the matter, said that, in the absence of any positive decision to the contrary, he could not but consider this House bound, under its first Standing Order, by the 405th Standing Order of the House of Commons (see also May, 4th Edit., pages 358 and 533). As, however, the practice of this House had admitted of both the receipt and adoption of Resolutions from the Committee of Ways and Means (and Supply) on the day on which the Committee had agreed to them; and as the present Resolution had really been received by the House without question, he suggested to the Honorable Member to withdraw his objection, with a view to the fuller adoption of the practice of the House of Commons in future.

Mr. Garrett then withdrew his objection.

Whereupon, Question,—That this House do now adopt this Resolution,—put and passed.

The House adjourned, on motion of Mr. Martin, at twenty-eight minutes before Twelve o'clock, until To-morrow, at Three o'clock.

JOHN HAY,
Speaker.

No. 91.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 13 JANUARY, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Repair of Road near Township of Wallsend :—Mr. Tighe asked the Secretary for Lands, pursuant to Notice No. 1,—Have the Government carried out the promise made in July last, by the then Minister for Lands, in respect of authorizing Messrs. Kenrick, Harris, and Moffit to act as Trustees for expending, out of the Vote for Minor Roads, a sum of money sufficient to make the road leading from Newcastle to Brisbane Water passable in the vicinity of the township of Wallsend; and, if not, do the Government intend to do so, and when will the necessary funds be placed at the disposal of the Trustees?

Mr. Wilson answered :—The promise unofficially made by the late Government to make a special grant of £150 for this road, in addition to the sum on the Road Schedule for 1863, was not kept, simply because there were no funds available. But the Road Vote for 1864 will doubtless be shortly available, and then the promise will be redeemed. In the meantime, the sum on the Schedule for this road for last year (£63) can be granted at any moment.

- (2.) Timothy Corkery :—Mr. Harpur asked the Attorney General, pursuant to Notice No. 2,—Whether the attention of the Government has been called to the fact, that a blind man named Timothy Corkery, who has for years past stood at the south-east entrance of Hyde Park, was on Wednesday the 6th January, sentenced by the Bench of Magistrates at the Central Police Office, without any proof of his having solicited alms, to seven days imprisonment in Darlinghurst Gaol?

Mr. Martin answered :—I beg to inform the House, that, on inquiry, I have ascertained that on the 6th instant, one Timothy Corkery was, by Captain Scott, the Police Magistrate of Sydney, sentenced to seven day's imprisonment in Darlinghurst Gaol, for placing himself at the entrance to Hyde Park, from the South Head Road, to solicit alms. The conviction took place under the 2nd section of the Vagrant Act, 15 Vict., No. 4, which, amongst other things, declares it to be an offence for any person to place himself in a public highway to gather alms. The magistrate appears to have been satisfied that Corkery did so place himself, and with the intention mentioned, on the evidence of a constable who stated that he saw Corkery at the place alleged, sitting with his hand extended, as persons passed, and that he had for a long time past been in the habit of placing himself there in a similar way.

- (3.) Telegraph and Post Office at Young :—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 3,—

(1.) Do the Government intend to erect a Telegraph and Post Office at Young, for which a sum of money has been voted?

(2.) What decision has been arrived at with regard to the Tenders already received for this work?

Mr. Holroyd answered :—

(1.) There is no money voted for a Post Office at Young. The Colonial Architect is however preparing a plan and estimate of a Telegraph Station at that place.

(2.) Tenders were invited by the previous Government for the erection of a Telegraph and Post Office at Young, but the lowest tender was in excess of the estimate;—besides, the money for the Post Office (on Supplementary Estimate for 1863) not having been voted, tenders were declined.

(4.)

(4.) Tolls on Glebe Island Bridge:—Mr. Garrett asked the Colonial Treasurer, pursuant to Notice No. 4,—For what reason have the Government ceased to collect Tolls on the Glebe Island Bridge?

Mr. Eager answered:—The collection of Tolls on the Glebe Island Bridge ceased on the 31st December, as part of the new arrangements that came into operation on the first day of the present year, for the management of the Glebe Island Abattoirs. These arrangements comprehend,—

1st. The abolition of the Toll heretofore collected at the Bridge.

2nd. The reservation from annual lease of one half of the slaughter-houses, so as to admit of their being thrown open to the use of the public; and—

3rd. A reduction on the rates hitherto charged for slaughtering.

Under these arrangements it is expected that the Abattoirs will be more extensively used, and the aggregate revenue thereby increased.

(Mr. Dalgleish not asking the Question standing in his name, No. 5, it dropped.)

2. Proposed Postage Rate on Newspapers:—Mr. Emanuel presented a Petition from certain Inhabitants of the Village of Collector, against the proposed Postage Rate on Newspapers.

Petition received.

8. Postponements:—On the Order of the Day No. 1 of Government Business being read, Mr. Morris, *with the concurrence of the House*, moved, That the consideration of this Order of the Day, and of all the remaining Motions of which Notices are on the Paper, be postponed, until the Order of the Day No. 1 of Other Business shall have been disposed of.

Mr. Morris moved, That the Amendments made by the Legislative Council in the Bill for the Prevention and Cure of Scab in Sheep, and the further Amendments made by this House in the said Bill, be re-considered in Committee of the Whole.

Whereupon, on Motion of Mr. Morris, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole for such re-consideration.

The Chairman reported, that the Committee had withdrawn the Amendments made by the Legislative Assembly, in the 1st and 2nd Clauses of the Bill, and had agreed to the Legislative Council's Amendments in the said Bill without Amendment.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 14 JANUARY, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Court House and Lock-up at Rockley:—Mr. Driver asked the Secretary for Public Works, pursuant to Notice No. 1,—Is it intended to place any sum of money upon the Supplementary Estimates for the erection of a Court House and Lock-up in the Town of Rockley?

Mr. Holroyd answered:—A plan and estimate of a Court and Watch House at Rockley have been obtained from the Colonial Architect, and tenders will be invited when the £15,000 on the Estimates of the present year for “Gaols, Court Houses, and Lock-ups,” shall have passed the Legislature.

- (2.) Bridge at Pepper’s Creek, near Rockley:—Mr. Driver asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) Is it true that the Bridge across Pepper’s Creek, near Rockley, is at present in a highly dangerous condition, and altogether unsafe for traffic of any description?

(2.) Is it intended to take immediate steps for the repair of such Bridge?

Mr. Holroyd answered:—Nothing whatever is known, in either my Department or the Department of Lands, of the Bridge in question.

- (3.) Mr. J. C. Thornwaite—Post Office Stamps, Types, and Seals:—Mr. Driver asked the Colonial Treasurer, pursuant to Notice No. 3,—

(1.) Was Mr. J. C. Thornwaite the Contractor for the supply of all Dated Stamps, Types, and Seals, for the Post Office, for the year 1863?

(2.) Was all the work required for the Post Office during that year given to the said J. C. Thornwaite?

(3.) If not, to whom was the same given, and for what reason?

(4.) Has any interim Contract been entered into for 450 Seals, 450 Obliterating Stamps, and 50 extra sets of Type; if so, with whom, and for what amount?

(5.) Is not the amount of such last mentioned Contract very much in excess of the Contract of Mr. J. C. Thornwaite?

Mr. Eagar answered:—

(1.) He was the contractor at the beginning of 1863, but his contract was cancelled in the beginning of that year on account of bad work.

(2.) No.

(3.) To John Sands, the successful tenderer, on Thornwaite’s default.

(4.) A contract to that effect has been entered into with John Sands.

(5.) It is slightly in excess, but the stamps will be procured from England, and will be of a superior character.

- (4.) Harbour Steam Boat Accommodation near Queen’s Wharf:—Mr. Driver asked the Colonial Treasurer, pursuant to Notice No. 4,—

(1.) Is it true that the Colonial Treasurer has promised, on his own responsibility, to grant, gratuitously, a most valuable water frontage in the Harbour of Port Jackson, near the Queen’s Wharf, together with some adjoining land, for coaling purposes, for the exclusive use of the Steam-boats running between Sydney, Manly Beach, and Watson’s Bay?

(2.) Is there any objection to state to the House the reasons for making such promise?

Mr. Eagar answered,—The facts in connexion with this matter are not correctly stated by the Honorable Member. On the the 4th November last I received a Petition, signed by 2,000 citizens, complaining “of the very unsuitable position of that portion of the Circular Quay then set apart for the embarkation and landing of the numerous passengers by the Harbour steam packets, being at the extreme north end at the eastern side of the said Quay,” and requesting

requesting that a more convenient position, nearer to the terminus of the rail and tramway, might be reserved on again leasing the Quay. After consultation with the Superintendent of Harbours, I consented to reserve from lease a frontage of 157 feet at the old Queen's Wharf, giving up to the lessees in lieu thereof an equal frontage out of the Harbour steamer's reserve of 306 feet at the north-eastern extremity of the Quay. The site so allotted is reserved (in terms of the conditions under which the wharf is leased) "for the use of the Watson's Bay and Manly "Beach steamers, and such Harbour steamers as the Secretary for Finance and Trade "shall from time to time direct." * I may add that while the public convenience is greatly consulted in the change now made, no loss has accrued to the Revenue; on the contrary, the Circular Quay, which has been leased for three years, since the new site was reserved, now lets for £4,120 per annum, as against the previous rental of £3,260 per annum.

(5.) Price of *Government Gazette*:—Mr. Lucas asked the Colonial Secretary, pursuant to Notice No. 5,—Whether it is the intention of the Government to reduce the price of the *Government Gazette*?

Mr. W. Forster answered:—The Government have no such intention at present.

2. Prevention and Cure of Scab in Sheep Bill:—Mr. Morris moved, That the following Message be carried to the Legislative Council:—

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

FRIDAY, 15 JANUARY, 1864.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

(1.) Appeal *in re* Thompson *v.* Symes—Administration of Justice :—Mr. Buchanan asked the Secretary for Lands, pursuant to Notices Nos. 1 and 2,—

(1.) Will he lay upon the Table of the House, a copy of the opinion of the Crown Law Officers respecting the re-hearing, before the Appeal Court at Bathurst, of the case of Thompson *v.* Symes ?

(2.) Will he lay upon the Table of the House, a copy of the reason assigned by the Appeal Court at Bathurst, for their refusal to re-hear the case of Thompson *v.* Symes ?

Mr. Wilson answered :—

(1.) There will be no objection to lay a copy of the opinion on the Table.

(2.) So far as the Government is informed, the Court did not refuse to re-hear the case, and consequently did not assign any reason for their refusal. The Court, through their Chairman, merely stated a doubt that had arisen, and requested legal advice, which advice was given accordingly.

(2.) Restrictions on Chinese at Burrangong :—Mr. Egan asked the Secretary for Lands, pursuant to Notice No. 3,—Whether any Petition from the Inhabitants of Young, and others in Sydney, has been presented to the Executive Council, praying that the restrictions which prevent the Chinese from working the Gold Fields of Burrangong may be removed; and if so, whether the Secretary for Lands will have any objection to its being laid on the Table of the House ?

Mr. Wilson answered :—A Petition was received, but not as stated by the Honorable Member, from the Inhabitants of Young, and others. The parties signing the Petition are 5 Agents of Banks, 16 Storekeepers, 1 Builder, 1 Butcher, 1 Saddler, 1 Solicitor, 1 Commission Agent, 3 Sydney Merchants, 1 Goulburn Merchant, and 4 Chinamen residing in Sydney, making in all 34. There will be no objection on the part of the Government to produce the Petition.

(3.) Financial Particulars :—

Mr. Cowper asked the Colonial Treasurer, pursuant to Notice No. 4,—

(1.) Why the Treasurer's Statement of the Consolidated Revenue, which was laid upon the Table of the House on the 2nd December last, commences only on the 1st November instead of from the 15th October last, the day on which Mr. Smart handed over the Treasury to Mr. Eagar ?

(2.) What was the amount of the Cash Balance in the Bank at the credit of the Consolidated Revenue on that date ?

(3.) What was the amount of the Cash Balance in the Bank, at the credit of the Consolidated Revenue, on the evening of 31st December, 1863 ?

(4.) Why were not the sums of £14,654 15s. 2d. and £43,663 9s. 9d., described in the Treasurer's Statement as recoverable from the Loans Fund, for advances out of the Consolidated Revenue, paid over to the Consolidated Revenue Fund before that Statement was prepared ?

(5.) Why is a deduction made in the Treasurer's Statements of the sums of £2,444 18s. 6d. and £7,820 respectively, for Refunds and Charges of Collection, from the gross amount of Revenue received ?

Mr.

Mr. Eagar answered:—I beg to answer the Honorable Member's Questions as follows,—

- (1.) In making up my Statement of Consolidated Revenue, Part 1, it was necessary to fix upon a convenient date at which to ascertain the outstanding public engagements. Finding that the several Public Officers, authorized to draw against the Consolidated Revenue, furnished to the Treasury a monthly list of cheques drawn up to, and including the last day of each month, I considered the desirable course would be, to avail myself of existing arrangements; and I fixed accordingly upon the 1st November, as the point of time nearest to the 15th October when those arrangements could be made use of. On this determination, the Auditor General caused the whole of the cheques of Public Officers, advised as having been drawn to the 31st October inclusive, to be posted up in his Books, against the several Parliamentary Appropriations; and I was thus enabled to state accurately "the amount of outstanding Liabilities at 31st October, 1863, under Appropriation Acts, and the Schedule Reserves under the Constitution Act," as per Item No. 5, in Part 1. of Ways and Means.
 - (2.) The amount of the Cash Balance in the Bank of New South Wales, at the Credit of the Consolidated Revenue on the 15th October, 1863, subject to outstanding cheques of Public Officers not then presented, and to repayment of Advances in England out of Loan Funds for Revenue purposes, was £87,343 14s. 11d.
 - (3.) There was no Cash Balance in the Bank of New South Wales, at the credit of the Consolidated Revenue on the evening of the 31st December, 1863. On that evening, the Consolidated Revenue Account was overdrawn to the extent of £43,415 0s. 11d.
 - (4.) My knowledge of the sums referred to arose from a communication from the Auditor General, dated the 10th November, 1863, which I trust the Honorable Member will accept as a sufficient reason why the moneys were not paid over to the Consolidated Revenue before the 1st November, at which date the statement was commenced to be prepared.
 - (5.) Experience having shewn that the Revenue is subjected to certain "Refunds and Charges on Collection," altogether irrespective of the expenses of departments charged with such collection, it was considered the safer course, in estimating Revenue, to take those special deductions into account, and shew the Revenue "Net" instead of "Gross," as far as they were concerned.
- (4.) Lands Free Selected:—Mr. Driver asked the Secretary for Lands, pursuant to Notice No. 5,—Is there any objection to lay upon the Table of this House, a Return shewing the number of acres free selected in terms of the Crown Lands Alienation Act of 1861, specifying the Districts in which the same have been selected, and the amounts respectively paid thereon?
- Mr. Wilson answered,—The Return now in course of preparation on the Order of the House of Assembly on the 26th November last, on the motion of Mr. Piddington, contains all the particulars above desired, and even more. Its completion may be anticipated by the 31st March next.
- (5.) Licenses under 26 Vic., No. 16 :—Mr. Driver asked the Colonial Treasurer, pursuant to Notice No. 6,—
- (1.) How many Licenses have been issued under the provisions of the Act of Council, 26 Victoria, No. 16?
 - (2.) Is there any objection to lay upon the Table of this House, a Return shewing the Districts in which such Licenses were issued, and the amounts received thereon?
- Mr. Eagar answered:—
- (1.) The total number of Licenses is 49, and the amount received is £49.
 - (2.) As soon as I am able to do so by the forms of the House, I shall have much pleasure in laying the Return upon the Table.
2. Motion Withdrawn:—Mr. Hart withdrew the Motion standing in his name, No. 12, on the Notice Paper for to-day.
3. Papers:—
- (1.) Mr. Wilson laid upon the Table the undermentioned Papers:—
 - (1.) Return to Order, in reference to "Isbester and Harrison," made by this House, on motion of Mr. Redman, on 9 December, 1863.
 - (2.) Schedule of Lands authorized to be dedicated to Public Purposes, in accordance with the 5th Section of the 25th Victoria, No. 1, ("substituted for Document (erroneous) ordered to be printed on 22 July, 1863.") (*See Votes and Proceedings No. 18, Entry 2⁽³⁾.*)
Ordered to be printed.
 - (2.) Mr. Eagar laid upon the Table, Return, dated 14th January, 1864, shewing the number of Licenses issued, the Districts in which issued, and the Amounts received thereon, under the provisions of the Act, 26 Vict., No. 16.
Ordered to be printed.
4. Motion Withdrawn:—Mr. Piddington, on behalf of Mr. Burns, withdrew the Motion standing in the name of Mr. Burns, No. 30 on the Notice Paper for to-day.
5. Ways and Means:—On motion of Mr. Eagar, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole, further to consider of Ways and Means.

The Chairman reported progress and asked leave to sit again on Tuesday next. Question proposed, That the Committee have leave to sit again on Tuesday next. Debate ensued.

Motion made by Mr. Love, and Question put (after Debate), That the Question be amended by adding at the end thereof, the words, "to take precedence of all other Business."

Division called for:—But, there being no Tellers for the Noes, no Division could be had, and the Speaker declared the Question to have passed in the Affirmative.

Whereupon Question,—That the Committee have leave to sit again on Tuesday next, to take precedence over all other Business,—put and passed.

The Chairman also reported that the Committee had come to a Resolution.

Ordered, on motion of the Chairman, that the said Resolution be received on Tuesday next.

1. The House met pursuant to adjournment; The Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Crossing at Breeza :—Mr. Burdekin asked the Secretary for Public Works, pursuant to Notice No. 1,—Is any money available at present for improving the Crossing at Breeza?

Mr. Holroyd answered :—There is no money specially allotted for this purpose, but the Cost can be defrayed from the Vote for Unclassified Roads for 1864, so soon as the nature and extent of the repairs are known. An officer of the Road Department has been instructed to report as to the Improvements required.

- (2.) Mr. Kemp—Bailiff of Government Domain, &c. :—Mr. Dangar asked the Secretary for Lands, pursuant to Notice No. 2,—

(1.) By whose authority Mr. Kemp—Assistant to Mr. Moore, Director of the Botanical Gardens—was suspended?

(2.) Is there any charge pending against Mr. Kemp, Bailiff of the Government Domain and Hyde Park; if so, by whom made?

Mr. Wilson answered :—

(1.) By Mr. Moore's.

(2.) Yes; by Mr. Moore.

- (3.) Extra Tide-waiters and Landing-waiters :—Mr. Dangar asked the Colonial Treasurer, pursuant to Notice No. 3,—

(1.) How many extra Tide-waiters and Landing-waiters have been appointed to the Customs Department, since the 1st January, under the new Tariff?

(2.) What amounts have the Government paid for extra assistance in the collection of the new duties?

(3.) The names of the Officers appointed, since the Tariff was altered, permanent or otherwise?

Mr. Eagar answered :—

(1.) No Appointments have yet been made under the new Tariff.

(3.) The extra work has been performed by persons previously attached to the Department as supernumeraries or extra Tide-waiters.

(Mr. Egan withdrew the Question standing in his name, No. 4.)

- (4.) Sydney Mint Statistics :—Mr. Darvall asked the Colonial Secretary, pursuant to Notice No. 5,—
