RULINGS OF—

That notice having been given at the commencement of the Session for the appointment of Chairman of Committees, it was in order to propose the name of another Member, without notice, 34.

That notice having been given of a motion respecting statements made by the Hon. W. C. ON MOTIONS FOR ADJOURNMENT UNDER THE 49TH STANDING ORDER :—

That the fact that the case of "Claims of old Railway Servants on Retirement" might have been discussed on the Estimates should not preclude the raising of the subject on a motion for adjournment, 93.

That it was competent to discuss a motion dealing with the action of the Railway Commissioners, in accepting applications for stock trucks without insisting that a deposit of £1 per truck be lodged with applications, although a motion dealing with the administration of the Railway Commissioners was on the Paper, 97-8.

That the motion respecting the purchase of the useless timbers of a hulk and the use of Moreton Bay Fig Trees as timber by the Railway Commissioners, was not of a specific character, as it embraced two different matters, and was out of order, 103.

That the motion respecting action of the Board of Fire Commissioners in imposing disabilities on members of the A.I.F. and granting privileges to Imperial Reservists did not contain two separate matters, and was in order, 108.

- That it was competent to discuss a motion dealing with "The failure of the Government to make adequate provision for widows and distressed children," notwithstanding that a notice appeared on the Notice Paper for the introduction of a Bill for the promotion of the objects of the Royal Society for the Welfare of Mothers and Babies, as he could not take cognizance of what might be the scope of a Bill to come before the House, 142.

- That motion "The dismissal of the application by Judge Curlewis of the miners' section of the A. V. U. to have an agreement registered in the Arbitration Court—dealt only with the decision of a judge, and was in order—but comments on the conduct of the judge would be out of order, 160.
- That motion "The failure of the Government to deal effectively with the conditions arising from this most calamitous drought"—did not deal with a single matter of recent occurrence, and was out of order, 168.
- That subject matter of motion, "The failure of the Government to retain sufficient seed wheat for the forthcoming sowing, together with the Government's failure to retain sufficient wheat for flour for consumption by the citizens to carry the State on until the next harvest, together with their failure to supply necessitous farmers and other stock-owners throughout the State with sustenance and fodder," was not a single specific matter of recent occurrence, and was out of order, 176.
- That motion "The need for bringing in a Bill to provide for the establishment of Local Government for Greater Newcastle," anticipated discussion of an Order of the Day on the Notice Paper for the introduction of a Bill to constitute a Greater Newcastle, and was therefore out of order, 229.
- That motion "That Miners' Accident Relief Act be amended to provide an increase in payment to persons entitled to same"—did not deal with a specific matter of recent occurrence, and was therefore out of order, 239.
