SYDNEY CORPORATION (ELECTIONS) BILL (*continued*):—

Election of
aldermen.

Clause 2. (1) The triennial election of aldermen of the City of Sydney directed by section nineteen of the Sydney Corporation Act, 1932, to be held on the first day of December, one thousand nine hundred and thirty-three, and postponed by the Sydney Corporation (Amendment) Act, 1933, is hereby further postponed until the first Monday in December, one thousand nine hundred and thirty-four.

(2) The aldermen of the City of Sydney in office at the commencement of this Act may, subject to the provisions of the Sydney Corporation Act, 1932, as amended by subsequent Acts, including this Act, remain in office until the election of aldermen on the first Monday in December, one thousand nine hundred and thirty-four, is held, and shall then retire from office, but may at such election be re-elected if otherwise qualified.

[*Read.*]

Question proposed,—That the clause, as read, stand part of the Bill.

Point of Order:—Mr. Lang submitted that Standing Order No. 187 laid down that no question shall be proposed which is the same in substance as one which in the same session has been resolved in the affirmative or has been negatived, and that as this clause was identical with subclauses (1) and (2) of the Sydney Corporation (Amendment) Bill then before the Legislative Council, it was out of order,—The Chairman ruled that the Point of Order should have been taken at the second reading stage. The Bill having been referred to the Committee, it was presumed that all its clauses were in order. A Bill could not be ruled out of order in Committee. He overruled the Point of Order.

Motion made (*Mr. Baddeley*) to leave out from line 37 the word "Monday" with a view of inserting the word "Saturday."

Question proposed,—That the word proposed to be left out stand part of the clause.

PART I.—PRELIMINARY.

PART II.—HOMES FOR UNEMPLOYED TRUST.

PART V.—GENERAL.

SCHEDULE.

[Read.]

Question proposed,—That the clause, as read, stand part of the Bill.

Motion made (Mr. Walker) to leave out the words “PART II.—HOMES FOR UNEMPLOYED TRUST.”

Amendment ruled out of order by the Temporary Chairman, Major Jarvie, as being in conflict with the principles of the Bill as read 2^o and as nullifying the resolution of the House on the second reading.

Mr. Lang moved, That the Chairman leave the Chair to report a Point of Order, and ask leave to sit again, so soon as the Point of Order has been decided by the House,—

*The Point of Order is,—*That the Temporary Chairman was wrong in ruling that he could not accept an amendment to omit from clause 2 the words “PART II.—HOMES FOR UNEMPLOYMENT TRUST” because such amendment would nullify the resolution of the House as agreed to at the second reading.

DENTISTS BILL (continued):—

Clauses 6 and 7 having been dealt with,—

Clause 8. (1) Where a person registered in the dentists' register has—

(a) been convicted, either in New South Wales or elsewhere, of an offence which, if committed in New South Wales, would be a felony or misdemeanour; or

(b) been adjudged by the Board, after an inquiry as hereinafter provided, to have been guilty of misconduct in a professional respect,

Removal of
name on
account of
misconduct,
etc.

cf. Act No.
26, 1912, s. 8.

the Board may remove his name from the register or suspend his registration for such period as the Board shall think fit.

(2) Without limiting the meaning of the expression "misconduct in a professional respect" a dentist shall be guilty of such misconduct who—

- (a) is a habitual drunkard; or
- (b) is habitually addicted to any drug to which Part VI of the Police Offences (Amendment) Act, 1908, applies; or
- (c) contravenes the provisions of subsection six of section ten of this Act; or

- (d) carries on the practice of dentistry under a name other than his own name except whilst he is acting as the duly appointed locum tenens of another registered dentist; or
- (e) allows the use of his name in connection with the practice of dentistry at premises at which he or his duly appointed locum tenens is not in regular attendance for the purposes of practice and supervision during the hours in which such premises are open for the practice of dentistry; or
- (f) advertises otherwise than in accordance with the regulations, or advertises in contravention of the regulations; or
- (g) practises in dentistry in contravention of any regulation made under paragraph (d) of subsection one of section thirteen of this Act; or
- (h) for fee, salary or other reward is employed by or associates himself with a person who is not a registered dentist in carrying on the practice of dentistry.

In this paragraph "person" includes a body or corporation (other than the Crown, a public hospital, or charitable or philanthropic institution).

(3) For the purposes of this section no person shall be deemed to be a duly appointed locum tenens unless—

- (a) he is appointed in writing by another registered dentist; and
- (b) he is a registered dentist at the time of taking up his duties; and
- (c) he is employed only during the temporary absence of his employer and for a period not exceeding three months or for such further period as the Board may in any particular case permit.

A dentist who is engaged in the practice of dentistry as a member of a partnership shall, subject to the foregoing provisions of this subsection, be entitled to appoint his partner or one of his partners as his locum tenens.

(4) In the case of a conviction for an offence as aforesaid, no person shall have his name removed from the register or have his registration suspended on account thereof if such offence does not, either from its trivial nature or from the circumstances under which it was committed, render such person unfit in the public interest to practise dentistry.

(5) In the case of a charge of misconduct in a professional respect the Board, in making due inquiry, shall sit as in open court, and the person charged shall be afforded an opportunity of defence either in person or by counsel.

(6) Every person, other than a member of the police force or a member of the public service, who makes a complaint to the Board alleging misconduct in a professional respect against any person, shall deposit with the Board the sum of five pounds at the time of lodging his complaint.

If after considering the complaint the Board is of the opinion that the complaint is vexatious or frivolous in its nature it shall so declare, and thereupon the sum so deposited shall be forfeited.

In the absence of such declaration the sum so deposited shall be refunded to the complainant.

(7) For the purpose of an inquiry in the case of a charge of misconduct in a professional respect the Board and the President or member of the Board presiding at the inquiry shall have the powers conferred by the Royal Commissions Act, 1923, on a commissioner and the chairman of a commission respectively appointed under Division 1 of Part II of that Act, and the said Act, section thirteen and Division 2 of Part II excepted, shall, mutatis mutandis, apply to any witness summoned by or appearing before the Board.

(8) Whenever the registration of a dentist is suspended under the provisions of this section the Registrar shall enter in the register a memorandum of that fact and of the date and cause thereof.

(9) Any person aggrieved by the removal of his name from the register or by the suspension of his registration or by any refusal or failure to register his name in the register may, within three months after the date on which notice is given to him by the Registrar that his name has been so removed or his registration suspended, or within six months after the date on which he applied to be registered, as the case may be, appeal against the removal or suspension or the refusal or failure, as the case may be, to the Supreme Court,

Every such appeal shall be in the nature of a rehearing, and shall be made in accordance with rules of court.

Upon any such appeal, the Supreme Court may summon witnesses, hear evidence, and determine the matter, having regard to this Act, the regulations, the circumstances of the case, and the public interest, and may make such order as it deems fit.

The decision of the Supreme Court upon any such appeal shall be final, and shall be binding upon the Board and the appellant, and for the purposes of this Act shall be deemed to be the final decision of the Board.

If in any decision by the Supreme Court under this section costs are awarded, such costs may be enforced and recovered in like manner to costs awarded in a judgment of the Supreme Court.

The jurisdiction conferred on the Supreme Court by this section may be exercised by a single judge thereof.

CHARITABLE COLLECTIONS BILL (*continued*):—

Clauses 11 to 19 having been dealt with,—

Clause 20. (1) The State Lotteries Act, 1930, is amended—

(a) by inserting next after section six the following new section:—

6A. (1) Any person who for hire, gain or reward promotes or takes part in the formation of a syndicate for the purchase of a ticket in a State lottery shall be liable on summary conviction to a penalty not exceeding *one hundred pounds*.

(2) Any person who by any means advertises that he will receive money for a share in a ticket to be purchased in a State lottery shall be liable on summary conviction to a penalty not exceeding *one hundred pounds*, and any person who prints or publishes any such advertisement shall be liable on summary conviction to a like penalty.

* * * * * [Read.]

Question proposed,—That the clause, as read, stand part of the Bill.

Motion made (*Mr. Lee*) to add in line 42 after the word "penalty" the words

"Provided that nothing in this Act will prohibit the Hospitals Commission giving permission to any Country or Metropolitan Hospital organisation the right to conduct a Share Lottery. The profits of the sale of any such Share Lottery to be the property of the Hospital to which permission has been given by the Hospitals Commission."

Point of Order (*Mr. L. O. Martin*):—That the amendment was beyond the scope of the Bill.

Debate ensued.

The Chairman ruled that though the amendment might be within the order of leave, it was not within the scope of the Bill. New section 6A dealt solely with penalties for promotion of syndicates and advertising and the amendment was not relevant. The amendment might, perhaps, be appropriately linked up to section 3 of the State Lotteries Act, but that section was not being amended by the present Bill, and the proposed amendment was out of order.

Mr. Lee moved, That the Chairman leave the Chair to report a Point of Order, and ask leave to sit again, so soon as the Point of Order shall have been decided by the House,—

The Point of Order is,—That the Chairman was wrong in ruling that an amendment moved by the Honorable Member for Drummoyne to insert in clause 20, page 14 of the Bill, after line 20, the words "Provided that nothing in this Act shall prohibit the Hospitals Commission giving permission to any country or metropolitan hospital organisation the right to conduct a share lottery. The profits of the sale of any such share lottery to be the property of the hospital to which permission has been given by the Hospitals Commission,"—was not relevant, and beyond the scope of the Bill.

Motion made (*Mr. Weaver*), That the Legislative Council's amendment, as follows, be agreed to:—

Page 2 (*of the Bill*), clause 2, which *inserts* after line 27—

Any person deprived by this section of the benefit of any agreement lawfully entered into prior to the twelfth day of December, one thousand nine hundred and thirty-four, may recover from the Crown any moneys actually expended by him in respect of the carrying out during the period commencing on the first day of July, one thousand nine hundred and thirty-four, and ending on the twelfth day of December, one thousand nine hundred and thirty-four, of any such construction, establishment or extension.

The following table shows the results of the experiments conducted on the effect of the concentration of the solution on the rate of reaction. The concentration of the solution was varied from 0.1 M to 0.5 M, and the rate of reaction was measured by the time taken for the reaction to complete. The results show that the rate of reaction increases with increasing concentration of the solution.

Concentration of Solution (M)	Time taken for reaction to complete (s)
0.1	120
0.2	60
0.3	40
0.4	30
0.5	24

The above results indicate that the rate of reaction is directly proportional to the concentration of the solution. This is because a higher concentration of the solution means there are more particles available to react, leading to a faster rate of reaction.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author outlines the various methods used to collect and analyze the data. This includes both manual and automated processes. The goal is to ensure that the information is both reliable and up-to-date.

The third part of the document provides a detailed breakdown of the results. It shows that there has been a significant increase in sales over the period covered. This is attributed to several factors, including improved marketing strategies and better customer service.

Finally, the document concludes with a series of recommendations for future actions. It suggests that the company should continue to invest in research and development to stay ahead of the competition. Additionally, it recommends regular audits to ensure ongoing compliance with all relevant regulations.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author outlines the various methods used to collect and analyze the data. This includes both primary and secondary data collection techniques. The primary data was gathered through direct observation and interviews, while secondary data was obtained from existing reports and databases.

The third section details the statistical analysis performed on the collected data. It describes the use of descriptive statistics to summarize the data and inferential statistics to test hypotheses. The results indicate a significant correlation between the variables being studied, which supports the research objectives.

Finally, the document concludes with a summary of the findings and their implications. It suggests that the results can be used to inform decision-making and to guide future research in this area. The author also acknowledges the limitations of the study and offers suggestions for further investigation.

RESCISSION OF A STANDING ORDER.

THE STANDING ORDERS COMMITTEE OF THE LEGISLATIVE ASSEMBLY, to whom was referred for consideration and report on 16th May, 1934, the question of shortening the procedure relating to the initiation of Bills, has agreed to the following Report:—

Your Committee, having had under consideration the matter referred to it, is of opinion that it is expedient to shorten the procedure relating to the initiation of Bills and recommends to your Honourable House that, in view of the approach of the end of the session, the matter be again referred to your Committee during next session. Your Committee, however, has now the honour to present proposals for a new Standing Order, an amended Standing Order, and the rescission of a Standing Order, which, in its opinion, ought to be adopted for the improvement and shortening of the procedure of your Honourable House.
