6. APPOINTMENT OF TEMPORARY CHAIRMEN OF COMMITTEES.—Mr Speaker, pursuant to Standing Order 28A, nominated—
 Harold George Coates, Esquire,
 Evelyn Douglas Darby, Esquire,
 James Caird Bruxner, Esquire,
 Daniel John Mahoney, Esquire, and
 James Bernard Southee, Esquire,

to act as Temporary Chairmen of Committees during the present Session.

7. PETITIONS.—

And Mr Ferguson seeking to present a Petition—

Mr Speaker said that he understood that Members had been inquiring why Petitions were not presented on Opening Day. In the House of Commons Petitions were never received on the first day of a Session when the Queen's Speech had been delivered (*May, 17th Edition, at page 852*) and the Legislative Assembly of this State had always followed that practice. The Clerks, accordingly, very properly had advised a number of Honourable Members to that effect. However, as it would seem that the reason for the House of Commons' rule did not exist here: in the House of Commons there were no Questions, with or without notice, on the Opening Day, whereas in this Parliament Questions had always been permitted; and as this House had always followed the other requirements of Standing Order 74 relating to the Routine of Business, the Speaker said that he was at some loss to understand why the presentation of Petitions should have been the only exception. After close consideration of the matter he had come to the conclusion that the House of Commons' practice should not be followed. Accordingly, he proposed to allow Petitions.

(1) FARE INCREASES.—Mr Ferguson presented a Petition from certain citizens of New South Wales representing their protest against astronomical fare increases imposed by the government; that these fare increases impose a hardship on the community; and praying that the Legislative Assembly will take the necessary action to revoke these harsh fare increases as advocated by the Trade Union Movement under the leadership of the New South Wales Labor Council. Petition received.

(2) RAIL FARE INCREASES.—The following Petitions representing that the increase in rail fares is inequitable and disproportionate; that undue hardship will be caused to the average wage earner and people on junior rates of pay; that the increase in pensioners' concessions particularly should be avoided; and praying that the Legislative Assembly will re-examine the whole proposals to see if possible some alternative could be arrived at to alleviate the increases that will adversely affect people living on the outer metropolitan areas of Sydney, were presented by the Members named:

- (1) By Mr Quinn—from certain citizens of New South Wales.
- (2) By Mr Southee—from certain citizens of New South Wales.
- (3) By Mr Barnier—from certain citizens of New South Wales.

Petitions received.

(3) FARE INCREASES.—Mr Mahoney presented a Petition from certain residents of the Electorate of Parramatta representing that the increase in government transport fares imposes severe hardship on members of the public who use public transport; and praying that the Legislative Assembly will have fare increases revoked.

Petition received.

(4) ABORTION LAWS.—Mr Petersen presented a Petition from certain citizens of New South Wales representing that there is growing concern in the community regarding existing laws against abortions; and praying that the Legislative Assembly will take the necessary steps to amend the present law and so permit legalized abortion and the operation of free birth control and sex education centres in New South Wales.

Petition received.

15. THE GOVERNOR'S OPENING SPEECH.—Mr Speaker reported that the House had this day attended the Governor in the Legislative Council Chamber, when His Excellency was pleased to deliver an Opening Speech to both Houses of Parliament. For greater accuracy, he had obtained a copy, which he laid upon the Table of the House, and ordered that it be recorded in the *Votes and Proceedings*, as follows:

HONOURABLE MEMBERS OF THE LEGISLATIVE COUNCIL, AND
MEMBERS OF THE LEGISLATIVE ASSEMBLY,—

I am pleased to have the opportunity of addressing you today at the opening of the Second Session of the Forty-Third Parliament of New South Wales.

Following the General Election held earlier this year and its return to office the Government is in the process of implementing its programme. I shall give some particulars later in my address.

At this stage I extend my congratulations to newly-elected members of the Legislative Assembly.

Now I should like to pay tribute to the late Major-General John Rowstone Stevenson, C.B.E., D.S.O., E.D., who served this Parliament with distinction over many years, particularly since his appointment as Clerk of the Parliaments and Clerk of the Legislative Council in 1954. I share with Honourable Members their deep regret at his passing.

In aggregate terms, 1970–71 saw a continuing upsurge in many spheres. Average wages rose at an exceptionally high rate and this was a major factor in the inflationary pressures which developed throughout Australia.

Overseas reserves rose to more than 2,000 million dollars and unemployment was at a very low level, the percentage unemployed in New South Wales at the end of June last being the lowest in any State.

However, these favourable factors were in direct contrast to the serious situation in the rural sector. Falling wool prices, combined with actual and potential loss of markets for other primary products, have created a critical position.

The disastrous droughts which occurred in this State in recent years were followed by widespread floods and the plight of primary producers presents a grave challenge.

The developments to which I have referred posed major problems in the field of public finance in 1970–71.

Despite valuable assistance provided by the Commonwealth Government, the year closed with a deficit of 7.8 million dollars.

The Government has already announced a number of measures it has been forced to adopt in order to increase State revenue, but it is clear that there are still major problems in meeting the ever-increasing costs of providing vital community services.

With the aim of increasing marketing outlets for the State's goods and to attract appropriate investment, the series of trade missions sponsored by the Government in conjunction with leading manufacturing, commercial, and export groups was continued with visits to East Asia, the Pacific Islands and Europe in 1970 and 1971.

4 August, 1971

The Minister for Decentralisation and Development recently led a successful trade mission to Europe during which valuable contacts with a potential for future industrial investment in Australia were made.

To ameliorate rural dislocation and increase urban employment opportunities in country areas a record amount of 5.7 million dollars was expended from the Country Industries Assistance Fund during 1970-71.

The recent adoption of common regions of the State for all administrative purposes was the first stage of a comprehensive regional reorganization programme aimed at establishing a common pattern of balanced State development.

The world-wide changes which have occurred in cargo handling techniques have brought about the need for substantial commitments on port development in this State.

The letting of a 32 million dollar contract by the Maritime Services Board earlier this year marks the commencement of a project which is a milestone in our history of port development. This work, Stage 1 of the development of Botany Bay as a major port and industrial complex, will provide Sydney with two ports—Port Jackson and Botany Bay—and shippers will be offered a full range of facilities.

World-wide tenders will be invited shortly for a dredging and rock removal project which will increase the port depth at Port Kembla to about 50 feet and is estimated to cost 23 million dollars.

In addition, I am advised that feasibility studies are being carried out by the Department of Public Works into the possible development of major new ports at Port Stephens and also at Jervis Bay where a substantial investment in steel making is expected.

Water and sewerage services are being expanded as rapidly as finances will allow and the total expenditure of 69 million dollars by the Metropolitan Water Sewerage and Drainage Board in the last financial year resulted in very substantial progress.

The Board expects to extend the water supply to more than 80,000 people and sewerage services to more than 110,000 in the current financial year.

Additionally, the allocation of 10 million dollars towards treatment works at Malabar and North Head will significantly advance the Board's programme to control beach pollution.

The problems of pollution and environment control pose an enormous and growing challenge throughout the world and the need for effective control and remedial measures is fully recognized by my Government. A full-time Minister for Environment Control has been appointed and the State Pollution Control Commission which has been established will function under the Minister's administration. The Commission will co-ordinate pollution control activities of public authorities in New South Wales and ensure that practical measures are taken to prevent and control pollution of the environment generally.

A Metropolitan Waste Disposal Authority has also been established to control and organize the disposal of household, trade and industrial waste in the Sydney Metropolitan Waste Disposal Region.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY

SECOND SESSION OF THE FORTY-THIRD PARLIAMENT

TUESDAY, 10 AUGUST, 1971

The House met pursuant to adjournment. Mr Speaker took the Chair.

Mr Speaker offered the Prayer.

1. PETITIONS.—

(1) **KANANGRA-BOYD NATIONAL PARK.**—Mr Ruddock presented a Petition from certain supporters of The Colong Committee representing that there is a major public controversy over the Government's decision to mine limestone in the Colong Caves Reserve and plant pines in place of eucalypts on the Boyd Plateau; that despite the serious charges and evidence produced by The Colong Committee, there has been no public enquiry authorised by the Government to investigate this matter; that the present boundaries of the Kanangra-Boyd National Park do not form a geological and ecological unit of Australian bushland; and praying that the Legislative Assembly will at once, in the public interest, revoke Special Lease 444 for mining limestone in the Colong Caves Reserve, and reject the plans to plant pines on the Boyd Plateau, so that by rescinding all past decisions of any former governments that hindered dedication of these areas as Parklands, they may be added forthwith to the Kanangra-Boyd National Park.

Petition received.

(2) **CLUTHA DEVELOPMENT PTY. LIMITED AGREEMENT ACT.**—Petitions representing that the Clutha Development Pty. Limited Agreement Act was passed without proper public knowledge and discussion; does not provide adequate protection against pollution; and that the normal avenues of objection to the resumption of citizens' land are excluded under the Act; and praying that the Legislative Assembly will repeal the Clutha Development Pty. Limited Agreement Act because the Act fails to ensure (i) that normal avenues of objection to the proposed resumption of land are made available to citizens affected by any such resumption under the Act; (ii) that all laws applicable to the community in general are binding upon the company; and (iii) that the State's investment in ports and Government Railways be provided with complete protection—were presented by the following Members—

- (1) By Mr Jackson—from certain citizens of New South Wales.
- (2) By Mr L. B. Kelly—from certain citizens of New South Wales.
- (3) By Mr Coady—from certain citizens of New South Wales.

Petitions received.

10 August, 1971

(3) PORTLAND DISTRICT HOSPITAL.—Mr K. J. Stewart presented a Petition from certain citizens of Portland and District representing that since or about 5 February, 1971, when Doctor and Mrs Banik commenced duty as Honorary Medical Officers of Portland District Hospital, the only people eligible for admission to the Hospital are the patients of the said Doctor and Mrs Banik; that as a result, patients in a critical state of health are being treated at Lithgow Hospital, 18 miles distant, while several people are being treated at home even though the nature of their condition warrants hospitalisation; and praying that the Legislative Assembly will request the Minister for Health and the Hospitals Commission to take the steps necessary to ensure that all persons in the district have the use of the Hospital, a public institution, and retain the right to nominate the local doctor of their choice.

Petition received.

(4) RECREATION RESERVE—CANOON ROAD, TURRAMURRA.—Mr Cameron presented a Petition from certain citizens of New South Wales representing their concern for the preservation of the bushland adjacent to Canoon Road, Turramurra, and objecting to the proposed sporting complex planned by Ku-ring-gai Municipal Council for the upper part of the Lane Cove River Valley, in the vicinity of Canoon Road to Cove Street, Turramurra; and praying that the Legislative Assembly will take action to prevent the unnecessary alienation of the natural bushland in this area for a sporting complex.

Petition received.

(5) HENRY HEAD, LA PEROUSE.—Mr Haigh presented a Petition from certain citizens of New South Wales representing that there is no reserve of native Australian flora in the eastern suburbs of Sydney; that 63 acres at Henry Head, La Perouse, contain many species of plants, collected by Sir Joseph Banks, for which Captain Cook named Botany Bay; that the extensive port developments and industrialisation of some Botany Bay suburbs renders the provision of adjacent open space a matter of urgency; and praying that the 63 acres of ex-defence land at Henry Head be declared a reserve for the preservation of native plants, under the administration of the National Parks and Wildlife Service.

Petition received.

2. QUESTIONS.—Mr Speaker called on Questions without Notice.

3. URGENCY—WORKERS' COMPENSATION.—Mr Hills moved, That it is a matter of urgent necessity that this House should forthwith consider the following Motion, viz.: That this House dissociate itself from the statement made by the Chief Secretary and Minister for Tourism and Sport that if full pay would be made the basis for workers' compensation it would not be of value to anyone except the person who is a genuine loafer, shirker, or bludger.

Limited Agreement Act because the Act fails to ensure (i) that normal avenues of objection to the proposed resumption of land are made available to citizens affected by any such resumption under the Act; (ii) that all laws applicable to the community in general are binding upon the company; and (iii) that the State's investment in ports and Government Railways be provided with complete protection.

Petition received.

(3) **RAIL FARE INCREASES.**—Mr O'Connell presented a Petition from certain citizens of New South Wales representing that the increase in rail fares operating from 1 July, 1971, is inequitable and disproportionate; that rail passengers are being required to provide almost all of the additional revenue to be raised; that undue hardship will be caused to the average wage earner and people on junior rates of pay; that the increased charges to pensioners particularly should be avoided; and praying that the Legislative Assembly will have the whole fare structure re-examined so as to avoid the extreme hardships that will apply while ever the present fare structure operates.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY

SECOND SESSION OF THE FORTY-THIRD PARLIAMENT

WEDNESDAY, 15 SEPTEMBER, 1971

The House met pursuant to adjournment. Mr Speaker took the Chair.

Mr Speaker offered the Prayer.

1. SUPPLY BILL.—The following Message from His Excellency the Governor was delivered by Mr Askin, and read by Mr Speaker:

K. W. STREET,

By Deputation from His Excellency the Governor. Message No. 31.

In accordance with the provisions contained in the 46th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to apply certain sums out of the Consolidated Revenue Fund, the Government Railways Fund, the Government Railways Renewals Fund, the Road Transport and Traffic Fund, the Metropolitan Transport Trust General Fund, the Newcastle and District Transport Trust General Fund, the Maritime Services Board Fund and the Maritime Services Board Renewals Fund, towards the services of the Year 1971–1972.

Government House,

Sydney, 2 September, 1971.

2. SCOPE OF DEBATE ON ADJOURNMENT TO TERMINATE SITTING.—Mr Speaker stated that in the course of the past six years a number of rulings given by him and intended to enlarge the scope of the debate, appeared to have had the opposite effect of creating a wall of precedents which operated as a barrier rather than as an aid to broad discussion.

His rulings appeared to have become shackles to bind rather than precedents to guide and the situation had become exacerbated by the inclination occasionally of Honourable Members on one side or the other to take points of order which, although based on the rulings, sometimes appeared to be captious and designed to exhaust the time of the Honourable Member speaking on the adjournment and prevent him making full use of the limited time available to him.

Mr Speaker said that he was taking advantage of the recent amendment of the Standing Orders to review the scope of the permissible debate.

15 September, 1971

In future therefore, Honourable Members speaking on the adjournment would be permitted to discuss any one matter of local or general interest and could deal with the subject in such manner as they thought fit subject only to the normal rules of debate including the *sub judice* rule and the rules relating to anticipation and duplication of debate.

The ruling would supersede all prior rulings concerning debate on the motion for the adjournment of the House.

1. PETITIONS.—

(1) **KANANGRA/BOYD NATIONAL PARK.**—Mr F. J. 3. NOTICE OF MOTION EXCLUDED FROM THE BUSINESS PAPER.—Referring to the absence from the Business Paper of the Notice of Motion given by the Honourable Member for Tamworth at the previous sitting, that a Notice of Motion on the Paper in the name of another Honourable Member be expunged, The Speaker expressed the view that such Notices could lead to a state of chaos wherein for every Notice on the Paper, whether a private Member's or a Government Notice, there could be a second Notice seeking the expunction of the first; more absurdly, were the practice permitted, a score of Notices could be placed on the Paper each one seeking to expunge an earlier Notice while, at the same time, being the object of a Notice in similar terms itself.

In any case, as the motion of which the Honourable Member for Tamworth had given Notice would have had the effect of voiding certain provisions of the Standing Orders and the established procedure of the House it was out of order and, consequently, he had exercised the right of the Chair and had left it off the Notice Paper.
