Clause, as read, agreed to.

24013
Clause 13 and the Schedule having been dealt with—

Postponed clause 9. The Principal Act is further amended—

(a) by inserting next after section eighty-eight the following new sections:

Further amendment of Act No. 2, 1940.
New secs. 88a, 88b.

88a. The commission or a committee may on an application or reference to it in that behalf prescribe by award that absolute preference of employment shall be given to the financial members of the industrial union or unions specified in the award.

Question proposed,—That the clause, as read, stand part of the Bill.

Motion made (Mr. Moir) to leave out new section 88a with a view of inserting—

"88B. The commission or a committee shall prescribe by award made or deemed to have been made under this Act that absolute preference of employment shall be given to returned members of the Force."

In this section 'returned member of the Forces' means a person who, at the time of his or her appointment or enlistment, was either resident or domiciled in Australia and who was on active service during either the war of 1914-19 or the present war between His Majesty and Germany and her Allies; or has had his or her appointment terminated or has received his or her discharge; but does not include any person the termination of whose appointment or whose discharge was due to misconduct or incapacity resulting from his or her own default."

Point of Order:—That the amendment was outside the order of leave.

The Chairman ruled that the class of persons referred to in the amendment were specifically covered by existing legislation and the latter portion of the amendment was appropriate to section 2 of the Returned Soldiers and Sailors' Employment Act, that it was outside the scope of the Bill and out of order.

Mr. Treatt moved, That the Chairman leave the Chair to report a Point of Order; and ask leave to sit again, so soon as the Point of Order has been decided by the House. The Point of Order is,—"That the Chairman was wrong when he ruled that an amendment moved by the Leader of the Opposition to clause 9, page 29, lines 15 to 20, which proposed to omit new section 88b and insert a new provision (as set out above) was not in order."

(1) Subject to sub-paragraph two of this section, in addition to the special general deduction provided for in section five of this Act, the Commissioner, upon the recommendation of an advisory board, shall, during each and every financial year for which settlement promotion tax becomes payable, grant a further deduction from the unimproved value in the circumstances and to the extent mentioned hereunder—

(b) where land belonging to an owner is bona fide leased upon terms and conditions approved by an advisory board upon the prescribed application, to a person who in the opinion of such board, does not, with the land so leased, hold substantially more than a home maintenance area, a further deduction equal to the unimproved value of the land so leased shall be allowed during the currency of the lease.
