WORKMEN'S COMPENSATION (SILICOSIS) BILL.—(Recommitted for the re-consideration of Clause 2).

Clause 2. (1) The Minister may, by scheme, provide for the payment of compensation by the employers of workmen in any specified industry or process or group of industries or processes involving exposure to silica or other dust—

(a) who are certified in such manner as may be prescribed by the scheme to have suffered death or total disablement from the disease known as fibroid phthisis or silicosis of the lungs (in this Act referred to as silicosis) or from that disease accompanied by tuberculosis, or from any other disease of the pulmonary or respiratory organs caused by exposure to silica or other dust; or

(b) who, though not totally disabled, are found on medical examination to be suffering from silicosis, or from silicosis accompanied by tuberculosis, or from any other disease of the pulmonary or respiratory organs caused by such exposure, to such a degree as to make it dangerous to continue work in the industry or process, and are for that reason suspended from employment:

Provided that—

(i) in the case of silicosis accompanied by tuberculosis, provision shall not be made by the scheme for the payment of compensation unless the silicosis was so far advanced as to make such workman specially liable to tuberculosis infection, or, though not so far advanced, was likely to accelerate materially the progress of the disease; and

(ii) any such workman at the date of death or incapacity—

(a) has been continuously resident in New South Wales during the five years immediately preceding the date of death or incapacity, and has been employed in any employment specified as aforesaid for not less than three hundred days during such period of five years; or

(b) has been resident in New South Wales for not less than five years out of the seven years immediately preceding the date of death or incapacity, and has been employed in any employment specified as aforesaid for not less than five hundred days during such period of seven years.

(c) any workman who has been absent from New South Wales upon any kind of service or duty in connection with the late war shall be deemed to have been continuously resident in New South Wales during the period of such absence; and

(d) any beneficiary under this Act who leaves New South Wales shall not on that account forfeit his rights.

(2) The scale of compensation fixed by the scheme in the case of death or total disablement due to silicosis unaccompanied by tuberculosis shall be that prescribed by the Principal Act as amended by any subsequent enactment, and in any other case shall be such as may be prescribed by the scheme.
(3) Provision may be made by the scheme—
(a) for the establishment of a general compensation fund, to be administered either through a mutual trade insurance company or society of employers, or in such other manner as may be provided by the scheme;
(b) for requiring employers to subscribe to the fund, and for the recovery of such subscriptions, and for the payment and recovery out of the fund of all compensation under the scheme, and of any expenses arising under the scheme which are directed by the scheme to be so paid, subject to such exceptions in special cases as may be made by the scheme;
(c) for the settlement of claims and other matters arising under the scheme by committees representative of both employers and workmen, with an independent chairman, and for the procedure to be adopted before such committees;
(d) for the appointment and remuneration of medical officers and advisory medical bodies, and for their duties and powers in connection with the scheme;
(e) for requiring workmen to whom the scheme applies—
(i) to submit themselves to such periodical medical examination, and
(ii) to furnish such information with respect to their previous employment in any industry specified in the scheme, as involving exposure to silica dust, as may be prescribed by the scheme, and for making the right of the workman to compensation conditional on compliance with such requirements, and for the suspension from employment of workmen who are found to be suffering from silicosis, or from silicosis accompanied by tuberculosis; and
(f) for the application with the necessary modifications of any of the provisions of the Principal Act, or of any enactment relating to compensation thereunder, and for defining the industries or processes to which the scheme applies, and generally for such further or supplemental matters as appear necessary for giving full effect to the scheme.

(4) Any scheme made under this Act may be extended or varied by any subsequent scheme made in the like manner, and shall have effect as if enacted in this Act.

No. 2.
Wheat Marketing Bill.—(Further considered.)

Clause 2. In this Act, unless the context or subject matter otherwise indicates or requires,—

"Authorised agent" means any person (including firm or corporation) authorised by the Board to take delivery of any wheat on its behalf in exercise of its powers under this Act, and includes any agent, employer, or servant of an authorised agent empowered by such authorised agent to act on his behalf in taking such delivery, and any agent, employer, or servant of such agent.

"Blended wheat" means wheat of the harvest of the season 1930-1931 in which has been blended or mixed any old wheat.

"Board" means the State Wheat Board appointed under the provisions of this Act.

"Certificate"
"Certificate" means any document in the prescribed form issued by the board or its authorised agent as evidence of the delivery of the wheat by a grower to the board.

"Deliver to the board" means deliver or tender or cause to be delivered or tendered to an authorised agent for acceptance on account of the board any wheat of which it is intended to yield possession to the board.

"Grower" means the person by whom any wheat was actually grown and, where such wheat was grown pursuant to any share-farming agreement, includes the parties to such agreement; and "grown" has a corresponding interpretation.

"Minister" means the Minister of Agriculture or any Minister to whom the administration of this Act is for the time being committed by the Governor.

"Old wheat" means wheat harvested before the season 1920-1921.

"Person" includes any body or person corporate or unincorporate.

"Prescribed" means prescribed by this Act or by any regulation made thereunder.

"Regulations" means regulations made under this Act.

"States" means the States of Victoria, Queensland, Tasmania, South Australia, and Western Australia, and where not inconsistent with the context, includes the State of New South Wales.

"Wheat" means wheat harvested during the season 1920-1921, and includes wheat harvested during any previous season which has not been delivered to any pool formed by the States for the purpose of marketing wheat of such harvest.

The Clause having been amended as indicated,—

Mr. Ball moved to insert after line 12 the following new definition:—

"Payment" means a first payment of at least 7s. 6d. per bushel to the grower for wheat on delivery at any Railway Station or Siding, or Flour Mill in New South Wales and subsequent payments as may be directed by the Board.

The Chairman ruled the amendment out of order on the ground that the Bill made no provision for payment by the Government.

Mr. Ball moved—That the Chairman leave the Chair to report a Point of Order, and ask leave to sit again, so soon as the Point of Order has been decided by the House.

The Chairman of Committees ruled the amendment out of order for the reason that the Bill made no provision for payment, and the amendment imposed a further financial obligation on the Government not contemplated in the Message.
