instant, attended the Governor in the Legislative Council Chamber, when His Excellency was
pleased to deliver an Opening Speech to both Houses of Parliament, of which, for greater accuracy,
he had obtained a copy,—which he read to the House as follows:—

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND
GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. It affords me sincere pleasure to call you together for the discharge of your important
duties, and to congratulate you upon the present favourable outlook for another prosperous season
for the primary industries of the State.

2. An epidemic of smallpox, recently broken out amongst us, has given occasion for much
public anxiety. It is satisfactory to be assured that the form of the disease is exceptionally mild,
carrying with it, up to the present, neither fatal consequences nor any serious cases of illness. My
Advisers, confronted with this visitation, have applied vigorously and promptly all the powers of
the existing law, and the precautions taken have apparently succeeded in checking its wider spread.
They deem it necessary, however, to ask Parliament to amend the Law of Evidence, so that the
existing law, and the precautions taken have apparently succeeded in checking its wider spread.

3. Satisfactory arrangements have been made with the Federal Government for the transfer
to them of Cockatoo Island and the Docks and Workshops thereon—a step equally advantageous to the
Commonwealth and this State.

4. The recent abundant wheat harvest has served to again illustrate the need for modernising
the methods of transporting this important product. As expert in this subject has recently
visited the State at the invitation of the Government, and has furnished a valuable report based
upon local conditions and requirements. This will be laid before you in due course, together with
the proposals of the Government for the erection of grain elevators and the necessary provision of
rolling stock.

GENTLEMEN
Gentlemen of the Legislative Assembly,—

5. You will be invited to make necessary provision for carrying on the Public Service pending the assembling of the next Parliament.

Honorable Gentlemen of the Legislative Council, and

Gentlemen of the Legislative Assembly,—

6. The great complexity of the Statutes governing the Crown Lands of the State has occupied the attention of my Advisers for upwards of two years. During the preparation of the necessary Consolidating Statute it became apparent that its successful completion involved the previous passing of an Amending and Declarationary Act to remove anomalies and harmonise discrepancies which the labours of the Commission appointed had detected. The passage of such a declaratory Bill through all its stages last Parliamentary Session has permitted the task of consolidation to be carried forward uninterruptedly, and the completed measure, accompanied by the certificate of the eminent counsel engaged upon it, will be among the earliest presented to you for consideration.

7. A number of important measures introduced during the last Session of Parliament, which were not carried to finality, will be reintroduced at the respective stages reached, and will be proceeded with.

8. My Advisers intend to ask you to devote further attention to the problem of landlord settlement. They will introduce a short Amending Land Bill, and also other measures defining tenant-right, authorising the Commissioners of the Government Savings Bank to make advances on leaseholds, and providing for a super-tax on certain large estates.

9. As the result of recommendations tendered by the Royal Commission on Food Supply, you will be asked to pass into law measures to regulate the meat supply and to deal with Monopolies within the State.

10. The growing congestion of metropolitan traffic has been watched with deep concern by my Advisers, who will invite you to consider proposals respecting an underground City Railway and the Vehicular Ferry Services between Sydney and North Sydney.

11. The vital question of housing accommodation for the people has also been closely considered, and the necessary steps will be taken to authorise the creation of additional Model Suburbs, both in the metropolis and in certain country industrial centres.

12. Important measures, investing the Government Savings Bank Commissioners with wider powers to assist workmen to secure their own homes, and establishing tribunals for the fixing of fair rents for dwelling-houses, will also be submitted forthwith.

13. The establishment of a Superannuation Fund for the Public Service—a question of much complexity—has been the subject of prolonged investigation by an expert committee. You will be invited to consider a Bill for this important purpose, based upon information thus obtained.

14. A Bill which will provide a Board of Appeal for the Police, thus removing certain existing discontent, without impairing the discipline essential to that important Force, will be laid before you; as will also a measure to amend the law relating to Railway Appeals.

15. You will also be asked to devote attention to measures to protect Deserted Wives and Children, to deal with the question of Testator's Family Maintenance and to constitute a Public Trustee.

16. You will be asked to improve the working conditions in various industries by assisting in the passage of an Eight Hours Bill, a Coal Mines Regulation Bill, and Bills to amend the Industrial Arbitration law. Measures to amend the Mining Acts and the Minimum Wage Act will also be submitted.

17. My Advisers further intend to lay before you measures relating to the questions of a Greater Sydney and Workmen's Compensation, and a Bill which they have gladly adopted on the invitation of the Government of the Commonwealth of Australia for the prohibition of the use of White Phosphorus in the manufacture of matches.

18. Proposals for the construction of certain urgent public works will be referred to the Public Works Committee.

19. I now leave you, Gentlemen, to your important labours, and trust that, under the guidance of Divine Providence, they may conduce to the welfare and prosperity of the State.

Mr. McGirr moved, and Mr. Thrower seconded the Motion,—

(1) That a Select Committee be appointed to prepare an Address in Reply to the Speech which His Excellency the Governor has addressed to both Houses of Parliament on opening this Session of the Parliament of the State of New South Wales.

(2) That such Committee consist of Mr. Hickey, Mr. Peters, Mr. Lynch, Mr. Gus Miller, Mr. McNeill, Mr. Burgess, Mr. Grahame, and the Mover.

Deliberations ceased.

Question put and passed.

The Committee retired to prepare the Address.

And Mr. McGirr having brought up the Address prepared by the Committee, the same was read by the Clerk, by the direction of Mr. Speaker, as follows:—

To His Excellency Sir Gerald Strickland, Count della Colena, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor of the State of New South Wales and its Dependencies, in the Commonwealth of Australia.

May it please Your Excellency,—

We, His Majesty's loyal and dutiful subjects, the Members of the Legislative Assembly of New South Wales, in Parliament assembled, desire to express our thanks for Your Excellency's Speech, and to assure you of our unfeigned attachment to His Most Gracious Majesty's Throne and Person.

2.
2. We beg to assure your Excellency that our earnest consideration will be given to the
measures to be submitted to us, and that the necessary provision for the Public Service will be
made in due course.

3. We join Your Excellency in the hope that, under the guidance of Divine Providence,
our labours may be so directed as to advance the best interests of the State.

Whereupon Mr. McGirr moved, and Mr. Hickey seconded the Motion, That the Address in Reply
to the Governor's Opening Speech, as read by the Clerk, be now adopted by this House.

Debate ensued.

Mr. Wade moved, That the Address be amended by the addition of the following words to stand
as paragraph 4:—"That your Advisers do not possess the confidence of this House."

Question proposed, That the words proposed to be added to the Address, be so added.

Mr. Speaker said there could be no doubt that the Crown Lands Consolidation Act of 1913 was not in existence; but, following a ruling given in reference to the Local Government Extension Bill on the 20th September, 1905, he ruled that the motion sufficiently indicated the general scope and purport of the Bill intended to be brought in, and, moreover, the motion was for a resolution to be considered in Committee of the Whole. W. P. CULLEN,

By despatch from His Excellency the Governor.

In accordance with the provisions contained in the 46th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to provide a State Provident Fund for persons employed by the State or by certain public bodies, and for the families of such persons; to provide a system of voluntary saving by such persons; for the above purposes to amend and repeal various Acts; and for purposes consequent thereon or incidental thereto.

State Government House,
Sydney, 12th August, 1913.

Ordered to be referred to the Committee of the Whole on the Bill.

Ordered to be printed.

4. ADJOURNMENT:—Mr. Speaker stated that he had received from the Honorable Member for Gordon, Mr. Wade, a Notice, under the 49th Standing Order, that he desired to move the adjournment of the House, to discuss a definite matter of urgent public importance, viz. —“The necessity for the Premier to give this House forthwith the opportunity to deal with Motion No. 6 standing in his name on to-day’s Business Paper.”

And
And the motion for the adjournment of the House being supported by five other Honorable Members,—
Mr. Wade moved, That this House do now adjourn.

Point of Order:—Mr. Cann contended that the motion for adjournment was out of order—the notice referred to a Notice of Motion on the Business Paper, and obviously the present motion could not be discussed without discussing the notice on the paper, and thus the well-known rule against two debates being held on the same subject in the same Session would be broken.

Debate ensued.
Mr. Speaker said "May's Parliamentary Practice" lays down that discussion cannot be raised on a motion for adjournment on any matter already appointed for consideration or of which notice had been given, and as he considered that the motion of the Honorable Member for Gordon anticipated discussion on a motion already on the Business Paper, he upheld the Point of Order.

5. Liquor (Local Option) Amendment Bill:—The Order of the Day having been read,—Bill, on motion of Mr. Holman, read a third time, and passed.

On motion of Mr. Griffith, the resolution was read a second time.
Mr. Griffith then moved,—That the resolution be agreed to.
Question put.
The House divided.
Ayes, 34.
Mr. Meehan, Mr. T. S. Crawford, Mr. S. S. Robinson, Mr. T. S. Crawford, Mr. Pasley, Mr. James, Mr. Griffith, Mr. Trefle, Mr. Cann, Mr. R. C. And so it was resolved in the affirmative.
7. Crown Lands Amendment Bill:—
(1.) The Order of the Day having been read,—Mr. Trefle moved, That Mr. Speaker do now leave the Chair, and the House resolve itself into a Committee of the Whole to consider the expediency of bringing in a Bill to amend the Crown Lands Consolidation Act, 1913; to provide for the granting of grazing leases and of leases of town lands; for the protection of survey marks; and for purposes consequent thereon or incidental thereto.

Point of Order:—Mr. Lee submitted that the motion was out of order as it was to consider the expediency of bringing in a Bill to amend the Crown Lands Consolidation Act, 1913, which was not in existence; the Bill for that Act not having been finally dealt with by both Houses.

Debate ensued.

Mr. Speaker said he was not called upon to decide whether the "Crown Lands Consolidation Act" is an Act or not—it was sufficient for him that the motion thoroughly described the Bill proposed to be brought in. In accordance with previous rulings, he ruled the motion in order.

Question put and passed.

Mr. Speaker left the Chair; and the House resolved itself into a Committee of the Whole accordingly.

Mr. Speaker resumed the Chair; and Mr. Thower, Temporary Chairman, reported that the Committee had come to a resolution.

Ordered, on motion of the Temporary Chairman, That the report be now received.

The Temporary Chairman then reported the resolution, which was read a first time, as follows:—

Resolved,—That it is expedient to bring in a Bill to amend the Crown Lands Consolidation Act, 1913; to provide for the granting of grazing leases and of leases of town lands; for the protection of survey marks; and for purposes consequent thereon or incidental thereto.

On motion of Mr. Trefle, the resolution was read a second time, and agreed to.

(2.) Mr. Trefle then presented a Bill, intituled "A Bill to amend the Crown Lands Consolidation Act, 1913; to provide for the granting of grazing leases and of leases of town lands; for the protection of survey marks; and for purposes consequent thereon or incidental thereto," which was read a first time.

Ordered to be printed, and read a second time on Tuesday next.

G. STRICKLAND,
Governor.

In accordance with the provisions contained in the 49th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to amend the Public Instruction Act of 1880; to provide for the establishing of continuation schools; to enforce the attendance of children at schools, and for dealing with truancy; to amend the Factories and Shops Act of 1912; and for purposes consequent thereon or incidental thereto.

2. REPRESENTATIVE OF THE LEGISLATIVE ASSEMBLY ON THE SENATE OF THE UNIVERSITY OF SYDNEY:—

Mr. Speaker informed the House that he had received a letter from the Premier intimating that the Honorable Ambrose Campbell Carmichael had resigned his position as Fellow of the Senate of the University of Sydney representing the Legislative Assembly, and that it was now open to the House to fill the vacancy on the Senate thus created; the University Amendment Act being silent as to the course to be pursued, he suggested to the House that the most convenient method to be adopted would be the same as for the election of the Chairman of Committees, namely, that notice of motion be given of the name to be submitted for election, which would be put from the Chair in due course and a vote taken—if more than one name be proposed each name would be put to the vote until a majority be obtained.

SUSPENSION OF STANDING AND SESSIONAL ORDERS:—Mr. Holman (by consent) moved, without Notice, That so much of the Standing and Sessional Orders be suspended as would preclude the consideration forthwith of Notice of Motion No. 10 of General Business on the Notice Paper for to-day, and the continuation of the discussion of such motion after 6.30 p.m.

(2.) That the above resolution be conveyed by Address to His Excellency the Governor.

Debate ensued.

Mr. Fell moved, That the Question be amended by leaving out all the words of the first paragraph after the word “works” and inserting instead thereof the words “raises important financial issues which are well worthy of mature and calm consideration devoid of party feeling, and that rather than affirm or deny without such deliberation, it would have been wiser to have referred the scheme to a Select Committee for report, particularly in view of the generally recognised necessity for the outlay of large sums of Loan capital upon urgent public works such as the duplication of railway lines, North Coast Railway, wheat elevators, &c., the redemption of Loans, and the growing requirements in connection with the City Railway Scheme and North Shore Bridge, and the fact that no practical financial policy to embrace the foregoing has been outlined or indicated by Members on either side of the House.”

Question proposed,—That the words proposed to be left out stand part of the Question.
Point of Order:—Mr. Price submitted that the amendment was not relevant to the Question, and therefore out of order.

Mr. Speaker upheld the Point of Order, as he considered that the amendment went too far; he could not accept it.

Debate continued.

Mr. Carmichael moved,—That the Question be now put.

   Point of Order:—Mr. Cohen asked for a ruling whether the Bill was in order as it proposed to do something which was against the law; clause 11 provided that any purchases or reconstructions of land should be paid for in cash, or by Inscribed Stock, or Treasury Bills, whereas section 15 of the Commonwealth Constitution Act enacted that a State should not coin money nor make anything but gold and silver a legal tender in payment of debts.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FIFTH SESSION OF THE TWENTY-SECOND PARLIAMENT.

TUESDAY, 9 SEPTEMBER, 1913.

1. The House met pursuant to adjournment. Mr. Speaker took the Chair.

LOAN (RAILWAYS) BILL:—The following Message from His Excellency the Governor was delivered by Mr. Cann, and read by Mr. Speaker:

G. STRICKLAND,
Governor.

In accordance with the provisions contained in the 46th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to authorise the raising of a loan for railway purposes; to amend the Audit Act, 1902; and for purposes consequent thereon or incidental thereto.

State Government House,
Sydney, 5th September, 1913.

Ordered to be referred to the Committee of the Whole on the Bill.

REPRESENTATIVE OF THE LEGISLATIVE ASSEMBLY ON THE SENATE OF THE UNIVERSITY OF SYDNEY:—

Mr. Speaker stated that the Ballot for the Representative of the Legislative Assembly on the Senate of the University of Sydney would be conducted on the system laid down in the Tasmanian Electoral Act for preferential voting, and all the votes would be counted before the result was announced. Ballot-papers would be issued by the Clerk up to 10 o'clock this evening, or the close of the sitting, whichever first occurred, and the Ballot would then close. The scrutiny and counting of the voting papers would be conducted by the Clerk, and the result announced from the Chair to-morrow. This procedure was adopted to avoid the necessity of suspending the ordinary business of the House during the progress of the Ballot and the scrutiny and counting of the voting papers. Although the Ballot was set down as an Order of the Day for 7.30 p.m. this evening, he saw no reason, if it was any convenience to Honourable Members, why they should not obtain their Ballot-papers and cast their votes prior to that hour.

3. PAPERS:—

Mr. Carmichael laid upon the Table,—By-laws of the University of Sydney under the University (Amendment) Act, 1912. Referred by Sesssional Order to the Printing Committee.

Mr. Trefle laid upon the Table,—
(1.) Particulars of Western Lands Leases issued under the provisions of the Western Lands Acts to the 3rd September, 1913. Referred by Sesssional Order to the Printing Committee.
(2.) Particulars respecting the proposed acquisition by the Government, for Closer Settlement Purposes, of the Beecraill Estate and adjoining Improvement Leases, on the Wyalong to Lake Cudgellos authorised Railway. Ordered to be printed.

Mr. Griffith laid upon the Table,—
(1.) By-laws of the Modball and Crabbes Creek Swamp Drainage Trust under the Water Act, 1912.
(2.) Return showing the estimated cost of the different sections of the North Coast Railway, and also the other lines included in the proposed agreement with Griffiths & Company, Contractors, Australia, Limited. Referred by Sesssional Order to the Printing Committee.
4. POSTPONEMENT.—The Order of the Day, "Establishment of a State Lottery; resumption of the "Debate, on the motion of Mr. Osborne, That, in the opinion of this House, the question of "establishing a State 'Lottery' should be referred to the electors of this State by way of "referendum on next General Election Day."

"Upon which Mr. J. C. L. Fitzpatrick had moved, That the Question be amended by leaving out "all the words after the word 'Lottery'":—postponed until Tuesday next.

5. ADJOURNMENT.—Mr. Speaker stated that he had received from the Honorable Member for Newcastle, Mr. Gardiner, a Notice, under the 49th Standing Order, that he desired to move the adjournment of the House, to discuss a definite matter of urgent public importance, viz. —"The recent taking "away of the power to give certificates of successful vaccination from the local authorities at "Newcastle."

The motion for the adjournment of the House being supported by five other Honorable Members,—

Mr. Gardiner moved, That this House do now adjourn.

Point of Order.—Mr. Price submitted that on a motion for adjournment moved on the 28th August last by Dr. Arthur to discuss "The necessity for immediate steps being taken by the "Government to stamp out the epidemic of smallpox," every phase of the question, including the sad now drawn attention to, was discussed, and therefore this motion was out of order. Debate ensued.

Mr. Speaker pointed out that the present motion was essentially different from that moved by Dr. Arthur, and ruled that it was in order.

Point of Order.—Mr. Peters contended that the motion was out of order, as the complaint was directed against the action of the Federal authorities and the grievance could not be redressed by this House.

Mr. Speaker said the Commonwealth Constitution Act certainly handed over the question of quarantine to the Federal Government, but it did not take from this State the right to protest against any action of the Federal authorities and the grievance could not be redressed by this House.

Mr. Speaker said the Commonwealth Constitution Act certainly handed over the question of quarantine to the Federal Government, but it did not take from this State the right to protest against any action of the Federal Government in connection with powers handed over to it. He could not uphold the Point of Order.

Debate ensued.

Interruption.

6. REPRESENTATIVE OF THE LEGISLATIVE ASSEMBLY ON THE SENATE OF THE UNIVERSITY OF SYDNEY:—

The Order of the Day having been read for the Ballot for the election of a Fellow to represent the Legislative Assembly on the Senate of the University of Sydney.—Mr. Speaker repeated the statement made by him as recorded in Entry 2 hereto, and reminded the House that the Ballot would close at 10 o’clock, or at the rising of the House, whichever first occurred.

And it appearing by the Tellers’ Lists that the number in favour of the Motion, being a majority, consisted of "at least Thirty Members,"—

Mr. J. C. L. Fitzpatrick moved, That the Honorable Member for Newcastle, Mr. Gardiner, be not further heard.

12. NEWCASTLE TRADES HALL SITE VESTING BILL :—Mr. Cann, on behalf of Mr. Carmichael, moved, pursuant to Notice, That this House will, on its next sitting day, resolve itself into a Committee of the Whole to consider the expediency of bringing in a Bill to vest in His Majesty certain land, being the site for the Newcastle Trades Hall; to amend the Act 56 Tic. No. 35, and to repeal the Act No. 27, 1905; and for other purposes.

Question put and passed.

Mr. Speaker resumed the Chair; and Mr. G. R. W. McDonald, Temporary Chairman, reported the Bill with amendments.

Ordered, That the report be adopted To-morrow.

14. CROWN LANDS CONSOLIDATION BILL :—The Order of the Day having been read,—Mr. Treble moved, That this Bill be now read a third time.

Debate ensued.

Point of Order :—Mr. Cohen submitted that this Bill was not a merely Consolidating Bill as described in the Title, but included certain amendments and additions; he pointed out certain provisions in the Bill which were not to be found in any of the Acts sought to be consolidated, and contended that, as the Title did not indicate that the measure proposed amendments, the Bill was out of order.

Debate ensued.
Mr. Speaker ruled that the Bill was within the Order of Leave and in conformance with its Title; but beyond that, "May" (10th Edition, p. 440) was clear that any objection as to a Bill not being prepared in accordance with the Order of Leave should be taken before the second reading stage, as an omitted any irregularity could be cured. For the reasons given he could not uphold the Point of order.

Debate continued.

Question put and passed.

Bill read a third time, and, on motion of Mr. Trefil, passed.

Mr. Trefil then moved, That the Title of the Bill be "An Act to consolidate the Crown Lands Acts and certain other Acts or parts thereof dealing with the alienation occupation and management of Crown Lands."

Debate ensued.

And the House continuing to sit after Midnight,—

WEDNESDAY, 10 SEPTEMBER, 1913, A.M.

Debate continued.

Question put and passed.

Bill read a second time.

On motion of Mr. Cann, Mr. Deputy-Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of the Bill.

Mr. Deputy-Speaker resumed the Chair; and Mr. Thower, Temporary Chairman, reported progress, and obtained leave to sit again To-morrow.

17. ADJOURNMENT:—Mr. Cann moved, That this House do now adjourn.

Debate ensued.

Question put and passed.

The House adjourned accordingly, at twenty-five minutes after One o'clock, a.m., until Four o'clock, p.m., This Day.
The House met pursuant to adjournment. Mr. Speaker took the Chair.

(1.) Mr. Speaker reported that he had received from the Deputy Registrar-General a certified copy of the Certificate of death, which took place on 3rd September, 1913, of Andrew Joseph Kelly, Esquire, lately serving in the Legislative Assembly of New South Wales as Member for the Electoral District of The Lachlan.

(2.) Mr. Holman then moved, That the Seat of Andrew Joseph Kelly, Esquire, lately serving in this House as Member for the Electoral District of The Lachlan, hath become, and is now vacant, by reason of the death of the said Andrew Joseph Kelly.

The motion having been seconded by Mr. Wade, and Honorable Members and Officers standing in their places,—

(3.) Mr. Holman (by consent) moved, without Notice, That this House desires to place on record its sense of the loss it has sustained by the death of Andrew Joseph Kelly, Esquire, Member for The Lachlan.

The motion having been seconded by Mr. Wade, and Honorable Members and Officers standing in their places,— Question put and passed.

2. MINISTERIAL STATEMENT:—Mr. Holman made a Ministerial Statement with regard to the probable course of business, and the duration of the Session, and said he did not propose to ask Honorable Members to sit after the first week in October; if the Government were able to make the progress it anticipated it might close the business of the Session a week earlier; but, in any case, Honorable Members might take his assurance that they would not be asked to sit after the first week in October. He then detailed the measures which it was intended to deal with before the close of the Session.

3. ELECTORAL DISTRICT OF THE LACHLAN—NON-ISSUE OF WRIT:—Mr. Speaker referring to the vacancy for the Electoral District of the Lachlan, said:—After weighing this matter in all its aspects, he considered it unnecessary to issue a Writ for the election of a Member for the Electoral District of The Lachlan, in room of the late Andrew Joseph Kelly, Esquire, deceased, for the following reasons:—

(1.) The probable early closing of the Session, and the likelihood that if the Writ were immediately issued, and the shortest reasonable periods allowed between the issue of the Writ and the nomination, and between the nomination and the polling day, the Writ could not be returned until the second week in October, when, in all probability, according to the Statement just made by the Premier, Parliament would be in recess without likelihood of being again in Session before the present Parliament expired by effluxion of time on the 10th November next.

(2.) The State of New South Wales being now distributed into new Electorates, under the resolution passed on 2nd December last, approving of the Report of the Commissioners appointed for that purpose, and the old districts under which this Election would have to be held having been practically superseded, and the Returning Officers to those districts having ceased to hold office, before an Election to fill this vacancy could be held the electoral machinery would have to be reconstituted, and the State would be put to considerable expense, and the electors to trouble and inconvenience, without any appreciable advantage to either.
4. COUNCIL OF THE MUNICIPALITY OF ASHFIELD LOAN AUTHORISATION BILL:—Mr. Speaker reported the following Message from the Legislative Council:

Mr. Speaker,—

The Legislative Council having this day passed a Bill, intituled "An Act to authorise the Council of the Municipality of Ashfield to borrow, upon certain conditions, the sum of thirty thousand pounds from the Australasian Temperance and General Mutual Life Assurance Society, Limited, notwithstanding the provisions of the Local Government Act, 1906, and the Local Government (Amending) Act, 1908, and the ordinances and regulations made thereunder, and for other purposes in connection therewith,"—presents the same to the Legislative Assembly for its concurrence.

Legislative Council Chamber, Sydney, 10th September, 1913.

Ordered to be printed, and read a second time tomorrow.

5. Mr. Holman having offered his congratulations,—

5. EARLY CLOSING BILL—Mr. Carmichael moved, pursuant to Notice, That the Early Closing "and "Saturday Half Holiday" Bill, forwarded to the Legislative Council during a previous Session of the present Parliament, not having been finally dealt with because of the prorogation of the Legislature, the following Message be sent to the Council:—To the Honorable Members of the Legislative Council:—We have to lay before you an Act for the consolidation and amendment of enactments relating to the early closing of "shops, the providing for a Saturday half-holiday in shops, and the regulation of the hours of employment in or in connection with shops ; to limit the hours of work in certain callings; and for purposes consequent thereon or incidental thereto,—forwarded to the Legislative Council for concurrence during a previous Session of the present Parliament, not having been finally dealt with because of the prorogation of the Legislature, the Legislative Assembly requests that the "said Bill be proceeded with under the Council's Standing Order in that behalf."

Debate
Debate ensued.

Point of Order:—Mr. Cohen submitted that the resolution indicated that the "Early Closing and Saturday Half Holiday Bill" had been forwarded to the Legislative Council during a previous Session, whereas the Bill which was actually sent was the "Early Closing Bill," and contended that such misdescription rendered the motion out of order.

Debate ensued.

Mr. Deputy-Speaker said the discrepancy pointed out was technical, and could be remedied by amendment without prejudice to either body of the Legislature; he regarded the motion as in order, subject to any amendment which might be moved.

Mr. Griffith moved, That the Question be amended by leaving out the words "and Saturday Half Holiday."

Question proposed,—That the words proposed to be left out stand part of the Question.

Point of Order:—Mr. Cohen submitted there was no necessity for the amendment which was absolutely irrelevant.

Mr. Deputy-Speaker said the operative words of the resolution were those within inverted commas—he would accept the amendment.

Question,—That the words proposed to be left out stand part of the Question,—put and negatived.

Debate, on the Question as amended, ensued.

In accordance with the provisions contained in the 46th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to amend the provisions of the Factories and Shops Act, 1912, relating to the minimum wage.

And the motion for the adjournment of the House being supported by five other Honorable Members,—

Mr. Cochran moved, That this House do now adjourn.

Debate ensued.

Point of Order.—Mr. Price submitted that as the House had already on two occasions debated the subject of vaccination this motion was out of order as duplicating those debates.

Mr. Speaker pointed out the difference in the terms of the two previous motions and that now under discussion; he said he could not link this with the other two motions, and held that the motion was perfectly in order.

Further Point of Order.—Mr. Price submitted that this motion was out of order as the debate would anticipate that on a Notice of Motion given by the Government, and on the Paper, for the introduction of a Bill to deal with vaccination.

Mr. Speaker said the notice given by the Government suggested dealing with a law which it was proposed to pass, whereas this motion referred to the action of authorities under the existing law, and he was inclined to rule that the Point of Order could not be upheld.

MR. PRESIDENT,—The Legislative Assembly having had under consideration the Legislative Council's Message, dated 28th August, 1913, requesting its concurrence in certain amendments made by the Council in the Government Railways (Appeal Board) Bill,—

Disagrees to the amendment in clause 2, lines 14 and 15,—because under it a subordinate officer might be appointed to review the decision of his superior officer, a circumstance which would not be in the interests of either discipline or justice.

Agrees to the amendment which inserts a new clause, repealing subsections one and two of section ninety-two of the Government Railways Act, 1912, and inserting subsections in lieu thereof.

Disagrees to the new clause which repeals subsection one of section ninety-three of the Government Railways Act, 1912, and inserts a new subsection in lieu thereof,—because it would defeat the object of the Bill inasmuch as it would permit of the officer inflicting the punishment appealing to the Chief Commissioner against a decision of the Board favourable to an appellant, thus allowing the Chief Commissioner to over-ride the Board's decisions. Under such circumstances an Appeal Board would be absolutely useless, as it would leave the Chief Commissioner the final arbiter in all cases.

And the Assembly requests the concurrence of the Legislative Council in its disagreements from the Council's amendments in the Bill.

Legislative Assembly Chamber, Sydney, 23rd September, 1913.

13. Industrial Arbitration Act—Amendment to Schedule One:—Mr. McGowen moved, pursuant to Notice, That this House will, on its next sitting day, resolve itself into a Committee of the Whole to consider the following resolutions:—

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FIFTH SESSION OF THE TWENTY-SECOND PARLIAMENT.

WEDNESDAY, 24 SEPTEMBER, 1913.

1. The House met pursuant to adjournment. Mr. Speaker took the Chair.

PAPERS:—
Mr. Carmichael laid upon the Table,—
(1.) Reports from the Engineers in charge of the various Railway and Tramway Construction Works respecting the alleged reinstatement of men discharged through incapacity.
(2.) Particulars of certain Works estimated to cost more than £20,000 which were commenced prior to the proposals being referred to the Parliamentary Standing Committee on Public Works. Referred by Sessional Order to the Printing Committee.

Mr. Trefle laid upon the Table,—
(1.) Abstract of Crown Lands intended to be dedicated to Public Purposes, under the Crown Lands Act, 1884.
(2.) Gazette Notices setting forth the mode in which it is proposed to deal with the Dedication of certain Lands, under the Crown Lands Acts of 1884 and 1889. Referred by Sessional Order to the Printing Committee.

2. PRIVILEGE—PROPOSED WAIVER OF PARLIAMENTARY PRIVILEGE:—Mr. Meagher moved, That this House is of opinion that the action of the Leader of the Opposition in agreeing to waive Parliamentary Privilege in respect to anticipated legal proceedings by the Minister for Works for statements made in this House is an abrogation of the rights of Members of this House.

Point of Order:—Mr. Wade contended that this motion could not be considered a matter of Privilege as it had not suddenly arisen—the statement referred to was made six days ago, and the Honorable Member had missed his opportunity to deal with the matter at yesterday’s sitting.

Debate ensued.

Mr. Speaker ruled against the Point of Order raised.

Further Point of Order:—Mr. Levy submitted that this was not a breach of Privilege—he quoted a passage from May’s “Parliamentary Practice,” 10th edition, page 69, in which breaches of Privilege were clearly enumerated and classified in four divisions—(1) Disobedience to general orders or rules of either House; (2) Disobedience to particular orders; (3) Indignities offered to the character or proceedings of Parliament; or (4) Assaults or insults upon Members or reflections upon their character and conduct in Parliament; or interference with officers of the House in discharge of their duty—and contended that the matter now sought to be dealt with did not come within any of those divisions, and could not therefore be brought forward as a matter of Privilege.

Debate ensued.

Mr. Speaker said, the Leader of the Opposition having admitted that he had offered to waive Parliamentary Privilege in a certain matter, he ruled that the action of the Leader of the Opposition in making that statement was a matter for the House to comment upon, as such statement made outside the House related to the action of the Honorable Member in the House, and would therefore constitute a breach of Privilege. For those reasons he could not uphold the Point of Order, and ruled the motion in order.

Debate ensued.

Mr. Trefle moved; That the Question be now put.

Question put,—“That the Question be now put.”

Point of Order:—Mr. Cohen admitted that it was provided in section 35 of the Public Works Act that every resolution of the Legislative Assembly declaring that it is expedient or not expedient to carry out any proposed work shall be notified in the Gazette. That provision precluded the Minister from introducing a Bill based on the resolution endorsing the recommendation of the Public Works Committee until the gazette of the resolution has taken place. The various steps which had to be taken in connection with public works schemes as set out in the Act were intended to safeguard the house so that proposals should not be rushed through with undue haste, and he contended that it was not competent to proceed as the Minister proposed, because the resolution must be published in the Gazette before the Bill was introduced. Debate ensued. Mr. Deputy-Speaker ruled the motion in order. Question put and passed.

The Order of the Day having been read,—on motion of Mr. Griffith, Mr. Deputy-Speaker left the Chair, and the House resolved itself into a Committee of the Whole to consider the expediency of bringing in a Bill to sanction the construction of certain breakwaters and jetties, and the carrying out of certain dredging at Coiff's Harbour; and for purposes consequent thereon or incidental thereto.

And so it passed in the negative.

Mr. Cann moved, That the words " the Bill be recommitted for the reconsideration of clause 2," be inserted in place of the words left out.

Question proposed,—That the words proposed to be inserted be so inserted.

Point of Order:—Mr. Wood said the practice was that when the third reading of a Bill was moved the amendment to recommit should be in specific terms—to omit certain words with a view of inserting other words as was moved in this instance,—and if it is wished to reconsider other clauses than those first proposed, they should be added to the amendment so that the whole matter of recommittal should be before the House as one question. The House had negatived the substantive amendment that the Bill be recommitted, and now it is sought to again test the House on the same question, which he submitted was not in order.

Debate ensued.

Mr. Speaker said words of the original motion having been left out, the House negatived the proposal to fill the blank with the words first proposed; it was now proposed to recommit for the reconsideration of a clause other than that first proposed, which was within the rights of the House. He ruled that the motion now proposed was in order.

Debate ensued.

Question,—That the words proposed to be inserted be so inserted,—put and passed.

Question then,—That the Bill be recommitted for the reconsideration of clause 2,—put and passed.

On motion of Mr. Carmichael, Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole accordingly.

Mr. Speaker resumed the Chair; and the Chairman reported the Bill 3° without amendment.

On motion of Mr. Carmichael, the report was adopted.

At the request of Mr. Carmichael, and in view of the statement made to the House by the Premier, that the close of the Session was imminent, Mr. Speaker said he would allow the third reading to be taken immediately—and supported his decision by the passages in May's " Parliamentary Practice," 10th edition, p. 472, to the effect that it was not unusual to take the third reading of a Bill immediately upon the report of the Bill from a Committee of the Whole House if reported without amendment—and further, when material amendments were desirable, the order for the third reading of the Bill may be discharged and the Bill recommitted, in such cases it has been customary to consider the Bill as amended, and to read it a third time immediately.

Mr. Carmichael moved, That the Bill be now read a third time.

Point of Order: Mr. Wood submitted that Standing Order No. 279 provided that the third reading of a Bill should be fixed for a future day, and the practice of the House of Commons if in conflict with the Standing Orders of this House could not override them.

Mr. Speaker said that he could not uphold the Point of Order.

Debate ensued.

5. **Moama to Moulaein Railway Bill**—Mr. Griffith moved, pursuant to Notice, that this House will, on its next sitting day, resolve itself into a Committee of the Whole to consider the expediency of bringing in a Bill to sanction and provide for the construction of a line of railway from Moama to Moulaein; to provide for the use of the line by the Constructing Authority, or by persons authorised by him; to amend the Public Works Act, 1912; and for purposes consequent thereon or incidental thereto.

Question put and passed.

6. **Agreement between the Government and Griffiths and Company, Contractors, Australia Limited**—Mr. Griffith moved, pursuant to Notice, that, in the opinion of this House, the terms of the agreement between the Minister for Public Works, for and on behalf of the Government of New South Wales, and Griffiths and Company, Contractors, Australia Limited, dated the sixth day of May, one thousand nine hundred and thirteen, should be approved.

Debate ensued.

Mr. Price submitted that the motion was out of order as it sought the approval of the House to the terms of an agreement which would involve the expenditure of public money, and it had not complied with the requirements of the Standing Orders and the Constitution Act.

Mr. Speaker said this was clearly an abstract motion, and only sought an expression of opinion by this House that a certain agreement should be approved—even the usual second paragraph transmitting the resolution by Address to His Excellency the Governor, was omitted; the carrying of this motion would not involve the expenditure of public money; before that was done the agreement would have first to be ratified in Committee of the Whole. He ruled the motion was properly before the House.

Mr. Beeby moved, that the Question be amended by leaving out the words "be approved," and inserting instead thereof the words "in order to allow a closer scrutiny and amendment of details, he submitted to Parliament in the form of a Bill, and that such Bill should contain the details of any arrangement as to the financing of Public Works included therein."

Question proposed,—That the words proposed to be left out stand part of the Question.

Point of Order:—Mr. Wood submitted that the amendment was out of order on the ground that it was a direct negative, and it was a well-known rule that no amendment could be entertained which was a direct negative of the motion under consideration.

Debate ensued.

Mr. Speaker ruled that the amendment was in order.

Debate continued.

And the House continuing to sit after Midnight,—

**FRIDAY, 3 OCTOBER, 1913, A.M.**

Debate continued.

Question,—That the words proposed to be left out stand part of the Question,—put and passed:—

Original Question put and negatived.

7. **Servants Registry Offices Bill**—The following Message from His Excellency the Governor was delivered by Mr. Carmichael, and read by Mr. Speaker:—

G. STRICKLAND,

In accordance with the provisions contained in the 46th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to provide for the licensing and regulation of servants' registry offices; and for purposes incidental thereto and consequent thereon.

Ordered by Mr. Speaker, That the amendments made in the Schedule by the Legislative Council be taken into consideration To-morrow.

And the House continuing to sit after Mid-day,—

FRIDAY, 3 OCTOBER, 1913.

9. PAPER.—Mr. Holman laid upon the Table,—Return showing the number of visits paid to the Hospital for the Insane, Callan Park, by Official Visitors, from January, 1908, to August, 1913. Referred by Sessional Order to the Printing Committee.

W. CITY RAILWAY BILL:—

U.) The Order of the Day having been read,—Mr. Holman moved, That Mr. Speaker do now leave the Chair, and the House resolve itself into a Committee of the Whole to consider the expediency of bringing in a Bill to sanction and provide for the construction of a railway, with tramway connections, for the City of Sydney; to provide for the use of such works by the Constructing Authority and other persons; and for the purposes consequent thereon or incidental thereto; and for such purposes to amend the Public Works Act, 1912.

Point of Order:—Mr. Cohen submitted that the City Railway could not be constructed for less than £20,000, and that being so, it was necessary that the proposal should first be submitted to the Parliamentary Standing Committee on Public Works—the provisions of the Public Works Act were being ignored because this work had not been, nor was there any proposal that it should be, referred to the said Committee.

Debate ensued.

Mr. Speaker quoted a ruling given by Mr. Speaker Young in 1890, to the effect that he could not accept the Public Works Act as governing the proceedings or limiting the power of this House, and held that on that ruling this motion was in order.

Further Point of Order:—Mr. Price took the point that this motion was not covered by a Message, and therefore did not comply with section 46 of the Constitution Act.

Debate ensued.

Mr. Speaker said he was just about to read the Message. Standing Order No. 218, directed, "Whenever the Assembly shall be informed that there is a Message from the Governor, the business under discussion shall forthwith be suspended ..." and under Standing Order No. 220 the Message should be immediately read to the House. He could not uphold the Point of Order, and would now read the Message to the House.

The following Message from His Excellency the Governor was delivered by Mr. Griffith, and read by Mr. Speaker:—

G. STRICKLAND,
Governor.

In accordance with the provisions contained in the 46th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to sanction and provide for the construction of a railway, with tramway connections, for the City of Sydney; to provide for the use of such works by the Constructing Authority and other persons; and for purposes consequent thereon or incidental thereto; and for such purposes to amend the Public Works Act, 1912.

State Government House,
Sydney, 9th September, 1913.

Ordered to be referred to the Committee of the Whole on the Bill.

Point of Order:—Mr. Wood submitted that the Message could not be referred at this stage as the House had initiated proceedings in relation to the resolution which was now before it, whereas the Message should have been read before such action was taken.

Mr. Speaker ruled that the Message could not start any business.

Question:—That Mr. Speaker do now leave the Chair, and the House resolve itself into a Committee of the Whole to consider the expediency of bringing in a Bill to sanction and provide for the construction of a railway, with tramway connections, for the City of Sydney; to provide for the use of such works by the Constructing Authority and other persons; and for purposes consequent thereon or incidental thereto; and for such purposes to amend the Public Works Act, 1912, —put and passed.

19. PUBLIC TRUSTEE BILL.—The Order of the Day having been read,—

Mr. Speaker said: Referring to the amendments made by the Legislative Council in this Bill, it was his duty as guardian of the rights and privileges of this House, to point out the character of those amendments, and in what way they infringed upon those rights and privileges as laid down in "May," 16th Edition, page 542 and following pages.—That all aids and supplies "and aids to his Majesty in Parliament are the sole gifts of the Commons; and all Bills for the granting of any such aids and supplies ought to begin with the Commons; and that it is the undoubted and sole right of the Commons to direct, limit, and appoint in such Bills the ends, purposes, considerations, conditions, limitations, and qualifications of such grants, which ought not to be changed or altered by the House of Lords. Other forms of amendment "made by the Lords have also been held to infringe on the privileges of the Commons such as "the addition of provisions for the payment of salaries to officers of the Court of Chancery out of the suitors fund; and alterations in a clause prescribing the order in which charges on the revenues of a colony should be paid."

Although this was not a money Bill some of the amendments, made by the Council, notably those inserting new clause 37 and leaving out clause 43, altered the liability of the Consolidated Revenue to meet certain charges which, in his judgment, clearly placed them in the category of amendments which would not be accepted by the House of Commons if made by the Lords. As, however, the effect in this case would be, apparently, to lessen the liability of the Crown, and it did not alter the intention that the Public Trustee should be guaranteed by the Consolidated Revenue, he thought the amendments might be considered by this House without loss of dignity.—if disagreed to, one of the grounds for such disagreement would be stated to be the interference with the rights and privileges of the Assembly, and, if agreed to, the usual paragraph should be added to the Message, that such agreement was not to be taken as any waiver of the rights and privileges by this House.

On motion of Mr. Holman, Mr. Speaker left the Chair; and the House resolved itself into a Committee of the Whole for the consideration of the amendments made by the Legislative Council in this Bill.

Mr. Speaker resumed the Chair; and Mr. Scobie, Temporary Chairman, reported that the Committee had agreed to the Council's amendments.

On motion of Mr. Cann, the report was adopted.

Ordered, That the following Message be carried to the Legislative Council:

Mr. President,—

In agreeing to such amendments as giving better effect to the intention of the Legislative Assembly, this House desires that such agreement may not be drawn into a precedent so as to warrant any supposition that the Assembly has waived any of its undoubted rights and privileges.

Sydney, 10th October, 1913.
