15. PARLIAMENTARY STANDING COMMITTEE ON PUBLIC WORKS:—

(1.) Mr. Speaker drew the attention of the House to the provisions of the Public Works Act of 1912, in reference to the steps required to be taken for the election of the Parliamentary Standing Committee on Public Works. Under section 9, paragraph (1), the Speaker has, within fourteen days after the commencement of the first Session of each Parliament, to appoint a date up to and including which he would receive nominations of Members of the Assembly for election and appointment as Members of the Committee—subsequent proceedings are also provided for under the Act. On the 23rd December, he had appointed Tuesday, 30th December, 1913, as the date up to which nominations would be received—and certain nominations, nine in all, were received—but the consideration intervened before that date, which, of course, quashed all proceedings taken. There seemed to be no provision for an election of the Committee in any other than the first Session of each Parliament.
3rd March, 1914.

Ministerial Statement

Mr. Holman said that this matter had also been under the consideration of Ministers, and it was their proposal to submit a short Enabling Bill of two or three clauses—which he believed his colleague, Mr. Flowers, would introduce first in the Legislative Council—to permit any acts or things that by law should be done in the first Session of Parliament to be done in this Parliament during the second Session as if during the first Session, in that way avoiding certain legal difficulties which might occur in connection with other things, as well as those arising from the fact that the first Session of this Parliament was only a Session of one day's duration.

Pro Forma Bill—Law of Evidence Bill

Mr. Holman presented a Bill, intituled "A Bill to amend the Law of Evidence,"—and moved pro forma, That this Bill be now read a first time. Bill read a first time.

The Governor's Opening Speech

Mr. Speaker reported that the House had this day attended the Governor in the Legislative Council Chamber, when His Excellency was pleased to deliver an Opening Speech to both Houses of Parliament, of which, for greater accuracy, he had obtained a copy,—which he read to the House as follows:

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND
GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. It affords me much pleasure to call you together for the discharge of your high and important duties.

2. The State continues to enjoy prosperous seasons. In some districts anxiety has been felt at the prolonged absence of rain, but it is a matter for congratulation that the industry of our people continues unabated and that agricultural and pastoral enterprise develops steadily.

3. In December last, immediately upon the exercise by the constituencies of their privilege in the election of a new Legislative Assembly, a brief session of the new Parliament, opened by Commission, was held for the purpose of voting Supply for the Public Services.

4. The Public Finances have received earnest attention, and when the Financial Statement is placed before you it will be found that my Advisers are prepared to take effective steps for the maintenance of financial stability.

5. Estimates of Expenditure for the current year, framed with due regard for the needs of the Public Service and for the avoidance of unnecessary disbursements, have been prepared for your consideration.

6. My Advisers, in pursuance of the policy proclaimed by them prior to the last General Election, will invite you to consider Bills to amend the Income Tax Acts and the Stamp Duties Law, as well as a measure relating to the collection of Harbour Dues.

7. A proposal to impose a super-tax on land, a matter that was embodied in the Closer Settlement (Amendment) Bill presented to Parliament recently, will be again brought forward. There will also be presented to you a measure providing for the amalgamation of the Savings Bank of New South Wales with the Government Savings Bank, a proposal which has received the consideration of Parliament on previous occasions, and which, in addition to affording a State guarantee to all depositors, will effect substantial savings in administrative expenses.

8. A Bill to authorise continuance of the work of providing modern workmen's dwellings in model suburbs will be placed before you.

9. Short measures giving temporary relief to certain settlers at Yanco, and removing certain difficulties which have arisen in connection with the work of the Industrial Arbitration Court will be introduced.

10. Certain other measures which have already received the consideration of Parliament, but have not been carried to completion, will also be introduced and advanced as circumstances warrant. Such measures as are essential to the continuance of the Public Works policy of my Advisers, and to efficiency in the administration of the Departments, will also demand your attention.

11. I now leave you to the discharge of your high and honorable duties, with the earnest prayer that, under Divine guidance, your deliberations may tend to further promote the welfare and add to the happiness of all classes of the community.

Mr. Lang moved, and Mr. Thrower seconded, the motion,—

VOTES AND PROCEEDINGS
OF THE

LEGISLATIVE ASSEMBLY.

SECOND SESSION OF THE TWENTY-THIRD PARLIAMENT.

TUESDAY, 10 MARCH, 1914.

1. The House met pursuant to adjournment. Mr. Speaker took the Chair.

LEAVE OF ABSENCE TO MEMBERS:—Mr. Holman (by consent) moved, without Notice, That leave of absence for the remainder of the present Session be granted to the Honorable Member for Darling Harbour, Mr. John Patrick Cochran, and the Honorable Member for Murray, Mr. Robert Seobie, owing to illness. Question put and passed.

2. ISSUE OF "HANSARD".—Mr. Speaker referring to a question put to him last week by the Leader of the Opposition as to the feasibility of a daily issue of the Report of the Parliamentary Debates, said he had received a report on the question from the Principal Shorthand-writer, who pointed out that—

This matter was brought under the notice of Mr. Speaker Morton on the 29th July, 1913, by Mr. Fitzpatrick who asked a question to the same purport as that asked by Mr. Wade. Mr. Speaker Morton's statement on the subject will be found at p. 518 of Hansard, vol. 50.

From a report made at Mr. Speaker Morton's request, he quoted the following:—

The question is to decide between two conflicting objects, (1) the earliest possible publication of the report, and (2) the affording an opportunity for correcting speeches before publication. If time is to be allowed as at present for Honorable Members to make corrections, a daily issue is impracticable; if a daily issue is desired no opportunity can be afforded for making corrections in that issue.

When the daily issue was instituted, the intention was to restrict it to Members only, a revised and corrected publication comprising the daily numbers being issued to the public at the beginning of the following week. In practice, however, the interim issue was more widely distributed and there were therefore two reports, one incomplete and unauthorised and the other revised, corrected, and authentic. In this connection, moreover, the item of expense is worthy of consideration, inasmuch as the weekly publication involved an additional expenditure of about £800, which is saved under the present system.

It is very undesirable that official reports should go forth to the public without revision by the staff in proof form, apart from the question of giving an opportunity to Honorable Members to correct errors in their speeches. The rapidity with which the transcription of the reporters' notes has to be carried on by dictation to typists, the little time that is available for reading over the manuscript, added to the unfavourable position in which the Hansard gallery is situated for hearing the speeches of Members of the Opposition side of the House, make it impossible to avoid errors, or to check motions, divisions, quotations, &c., in a manner essential to an official record.

It has always been regarded by a large section of Members as a grievance that they were not, until recently, allowed before publication to correct errors that had crept into their speeches, even when they had been supplied with proofs, and no system which forbids that, as a daily issue would do, would be regarded with satisfaction.

The suggestion made by Honorable Members that a Member should be able to obtain a proof of the speech of another Member, is open to the objection that such speech would be uncorrected, and therefore might contain errors on the part of either speaker or reporter, which errors, although subsequently corrected, might be seized upon and made the text of adverse criticism. Any alterations subsequently made by way of correction, although perfectly proper, would afford room for the allegation that the report had been tampered with.
The remarks in the last paragraph would equally apply to a speech in an uncorrected daily issue.

There is no practical difficulty in reverting at once to a daily publication if desired. The point to determine is whether the advantage of having a report in the rough on the day following a debate outweighs the advantage of having a revised, corrected, and therefore more reliable record on the second day.

He had ascertained that the practice of the Federal Parliament was that the debates of Wednesday and Thursday were not available until Saturday, and those of Friday and Tuesday until the following Thursday. He agreed with the views expressed by the Principal Shorthand-writer; it seemed to him that if Mansard was obtainable on the second day after each sitting, Honorable Members having been afforded ample opportunity to make corrections, that would not only meet the views of Honorable Members, but would facilitate the public convenience.

3. MINISTERIAL STATEMENT.—Mr. Holman made a Ministerial Statement outlining the Business intended to be taken by the Government this week, and stated that he proposed to make the Financial Statement on Thursday next.

4. THE GOVERNOR’S OPENING SPEECH.—The Order of the Day having been read for the resumption of the adjourned Debate, on the motion of Mr. Lang, That the following Address in Reply to the Governor’s Opening Speech, as read by the Clerk, be now adopted by this House:

"To His Excellency Sir Gerald Strickland, Count della Catena, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor of the State of New South Wales and its Dependencies, in the Commonwealth of Australia.

"May it please Your Excellency,—

"We, His Majesty's loyal and dutiful subjects, the Members of the Legislative Assembly of New South Wales, in Parliament assembled, desire to express our thanks for Your Excellency's Speech, and to assure you of our unfeigned attachment to His Most Gracious Majesty's Throne and Person.

"2. We beg to assure Your Excellency that our earnest consideration will be given to the measures to be submitted to us, and that the necessary provision for the Public Service will be made in due course.

Mr. Speaker said although the motion was in the name of a private Member, it had always been the custom for the House to appoint in this way an officer who was essential in the process of Government. purposes consequent thereon or incidental thereto.

Question put and passed.

8. CLOSER SETTLEMENT (AMENDMENT) BILL—The Order of the Day having been read for the resumption
of the adjourned Debate, on the motion of Mr. Trefle, "That this Bill be now read a second time."

And the Question being again proposed. —

The House resumed the said adjourned Debate.

Point of Order.—Mr. Cohen submitted that this Bill went beyond the Order of Leave,
and directed attention to clause 20 which provided for reduction of the capital value of
settlement purchases (Boree Creek Estate) which was not indicated in the Title; he further
contended that the provision of that clause proposed to compound a debt due to the Crown,
which was in conflict with Standing Order No. 247, except under conditions which had not
been complied with. The Bill was therefore out of order, first because it went beyond the
Order of Leave, and secondly because it did not comply with the Standing Orders.

Debate ensued.

Mr. Speaker said a dual objection had been taken—he would deal with the first that the Bill
was beyond the Order of Leave; reading the Title one certainly could not find any indication
of the matter set forth in clause 20, which, without any hesitation, he held should have been
set forth. Without considering the second point raised, he thought the point taken that
clause 20 was an integral portion of the Bill, should have been set forth in the Order of
leave, was perfectly sound; he therefore ruled the Bill out of order.

On motion of Mr. Trefle, the Order of the Day was discharged.

Ordered, That the Bill be withdrawn.

S. CROWN LANDS AND IRRIGATION (AMENDMENT) BILL—The Order of the Day having been read for the
resumption of the adjourned Debate, on the motion of Mr. Trefle, "That this Bill be now read a second time."

And the Question being again proposed. —

The House resumed the said adjourned Debate.

Bill read a second time.

On motion of Mr. Trefle, Mr. Speaker left the Chair, and the House resolved itself into a
Committee of the Whole for the consideration of the Bill.

Mr. Speaker resumed the Chair; and the Chairman reported the Bill with amendments.

On motion of Mr. Trefé, the report was adopted.

Ordered, That the Bill be read a third time To-morrow.

10.
10. **Parliamentary Committees Election Enabling Bill.**—The Order of the Day having been read,—

Mr. D. R. Hall moved, That this Bill be now read a second time.

Debate ensued.

Question put and passed.

Bill read a second time.

On motion of Mr. Hall, Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of the Bill.

Mr. Speaker resumed the Chair; and the Chairman reported the Bill without amendment.

On motion of Mr. Hall, the report was adopted.

3. PRINTING COMMITTEE:—Mr. Kearsley, on behalf of Mr. Henley, Chairman, brought up the Second Report from the Printing Committee.

4. COMMITTEE OF ELECTIONS AND QUALIFICATIONS:—

(1.) Maturity of Warrant reported:—Mr. Speaker reported that his Warrant, appointing Robert James Stuart-Robertson, Esquire, to be a Member of the Committee of Elections and Qualifications for the present Session, laid upon the Table on Wednesday, 11th March, 1914, not having been disapproved by the Assembly in the course of the three next following days on which the Assembly met for the despatch of business, had now taken effect as an appointment, and intimated that it was therefore open to the Honorable Member to be sworn at the Table by the Clerk, in accordance with the 159th section of the Parliamentary Electorates and Elections Act, 1912.

(2.) Member Sworn:—Robert James Stuart-Robertson, Esquire, came to the Table, and was sworn by the Clerk as a Member of the Committee of Elections and Qualifications.

(3.) First Meeting of Committee:—Pursuant to the requirement of the 159th section of the Parliamentary Electorates and Elections Act, 1912, Mr. Speaker appointed the first meeting of the Committee of Elections and Qualifications to take place at Twelve o'clock noon, on Tuesday next, in No. 2 Committee Room.

(4.) Election Petitions:—Mr. Arthur Griffith moved, That the following Election Petitions, laid upon the Table of this House on Tuesday, 3rd March, 1914, be referred to the Committee of Elections and Qualifications:

(1.) From John Patrick Lynch, with reference to the election and return of Arthur Hetherington Grimm as Member for the Electoral District of Ashburnham.

(2.) From Walter Bennett, with reference to the election and return of William Brown as Member for the Electoral District of Darlington.

(3.) From Reginald Walter D'Arey Weaver, with reference to the election and return of Thomas Henry Thrower for the Electoral District of Macquarie.
Point of Order.—Mr. Cohen submitted that the Petition of Walter Bennett was irrelevant and not decorous or respectful. Standing Order 91 laid down that all Petitions should be in respectful and decorous language. No Petition could be decorous or respectful when the Petitioner assumed the position of royalty. The Petition said: "To His Excellency our trusty and well beloved Sir Gerald Strickland, our Governor of our State of New South Wales." No one was entitled to use those words but the King himself. The other Petitions were worded in respectful language. He admitted that this was a technical point, but one had to be careful in such matters. He could conceive of nothing more arrogant or impertinent than for any subject of the realm to use language which could only be used by the King or his Representative.

Mr. Speaker said the Point of Order taken by the Honorable Member for Petersham was of a highly technical character. On looking at the Petition he found that it certainly was not in accordance with the usual form required by the Standing Order; at the same time, seeing that as the Elections and Qualifications Committee was a semi-judicial tribunal, and as the question of representation was of itself of great importance, he did not consider that it was his duty as Speaker to prevent the issues raised from being fully considered by the proper tribunal by reason of what seemed to him to have been a misapprehension, or some clerical error in connection with the preparation of the Petition. Under these circumstances, he ruled the Petition to be in order.

Question put and passed.

The House adjourned, at seven minutes before Eleven o'clock, until Tuesday next, at Four o'clock.

On motion of Mr. Hoyle, the resolution was read a second time, and agreed to.

7. INCOME TAX (FURTHER AMENDMENT) BILL:—

On motion of Mr. Hoyle, a Bill was brought in, founded on resolution of Ways and Means (No. 2), to amend the Income Tax Act, 1911, the Income Tax (Management) Act, 1912, the Income Tax (Amendment) Act, 1912, the Public Service Act, 1902, the Arrest on Mesne Process Act, 1902, and certain other Acts; and for other purposes.

Point of Order: Mr. Cohen submitted that the Bill could only be founded upon a resolution passed in Committee of Ways and Means; but the Minister could not, on his resolution, bring in any extraneous matter. He admitted that the proper method of bringing in the Bill was in Committee of Ways and Means, but to do that it must be based only on the resolution from Committee of Ways and Means, and must not include the amendment of the Acts dealt with in the motion of which this House had had no notice.

Debate ensued.

Mr. Speaker said the point raised by the Honorable Member for Petersham was that the Bill proposed to be presented was not in accordance with the resolution carried in Committee of Ways and Means. There could be no doubt that the title of the Bill, as it was now presented, could not possibly appear on the Business Paper, because it was clearly laid down in "May" that any Bill for the purpose of imposing taxation to meet deficiency in the revenue could not be brought up by a Notice of Motion to be considered in Committee of the Whole, but should be considered in Committee of Ways and Means. The only other question was the resolution which had been read. It stated that it was a Bill to amend the Income Tax Act, the Income Tax (Management) Act, 1912, the Income Tax (Amendment) Act, the Public Service Act, 1902, and the Arrest on Mesne Process Act. He took it that these various Acts were sui generis, and at the present stage should raise the Bill in order; but if it appeared that foreign matter was introduced he should consider the matter at a later stage.

Question put and passed.
3. PARLIAMENTARY STANDING COMMITTEE ON PUBLIC WORKS.—DATE FOR RECEIVING NOMINATIONS OF CANDIDATES.—Pursuant to the requirement of the 9th section of the Public Works Act, 1912, and of the Parliamentary Committees Election Enabling Act, 1914, Mr. Speaker appointed Tuesday, the thirty-first day of March, 1914, as the date up to and including which he would receive nominations of Members of the Legislative Assembly for Election and appointment as Members of the Parliamentary Standing Committee on Public Works; such nominations, made and signed by at least five Members, to be delivered to the Clerk, together with the written consent of the Member nominated.

9. WAYS AND MEANS.—The Order of the Day having been read,—on motion of Mr. Hoyle, Mr. Speaker left the Chair, and the House resolved into the Committee of Ways and Means. Mr. Speaker resumed the Chair; and the Chairman reported progress, and obtained leave to sit again.

The Chairman also reported that the Committee had come to certain resolutions. Ordered, on motion of the Chairman, That the report be now received.

The Chairman then reported the resolutions, which were read a first time, as follows:

5. URGENCY—SUSPENSION OF STANDING ORDERS—SUPPLY BILL:

Question put and passed.

(2.) Mr. Cann then moved, without Notice, That so much of the Standing Orders be suspended as would preclude a Bill, intituled "A Bill to apply certain sums out of the Consolidated Revenue Fund towards the Services of the year 1913-1914, and out of the Public Works Fund, and out of the General Loan Account for Services to be hereafter provided for by Loan," being brought in and passed through all its stages in one day.

Debate ensued.

Question put and passed.

6. INCOME TAX (FURTHER AMENDMENT) BILL:

The Order of the Day having been read, Mr. Hoyle moved, That this Bill be now read a second time.

Debate ensued.

Point of Order.—Mr. Cohen asked for a ruling whether this Bill was in order; a resolution from Committee of Ways and Means which set forth the details of the proposed taxation, had been reported and agreed to, and the House ordered "That a Bill be brought in founded on Resolution of Ways and Means (No. 2), to amend the Income Tax Act, 1911, the Income Tax (Management) Act, 1912, the Income Tax (Amendment) Act, 1912, the Public Service Act, 1902, the Arrest on Mesne Process Act, 1902, and certain other Acts; and for other purposes,"—he contended that the Bill should be founded only on the Resolution from Ways and Means, and that the proposed amendment of the Public Service Act and of the Arrest on Mesne Process Act were matters outside the terms of that resolution and not connected with the imposition of the proposed taxation; for these reasons he submitted that the Bill was out of order.

Debate ensued.

Mr. Speaker said the Bill before the House proposed to amend not only several Acts relating to the imposition and collection of the Income Tax, but also the Public Service Act and the Arrest on Mesne Process Act—the Message from the Governor recommending this Bill did not mention either of the two latter Acts—the resolution for the imposition of the tax was carried in Committee of Ways and Means and agreed to by the House, and on that resolution was founded leave to bring in the Bill to carry out what the Committee of Ways and Means had agreed to, and also to amend the Public Service Act and the Arrest on Mesne Process Act. He had searched and failed to find a precedent of any taxation measure which included the amendment of other Acts foreign to the subject. The practice had invariably been, both with regard to the imposition of Stamp Duties, Land and Income Taxes, that the machinery portions had been included in a Bill brought in through a Committee of the Whole, and the Taxation Bills had been founded on resolutions from Committee of Ways and Means. The inclusion of foreign matter, such as the Public Service Act and the Arrest on Mesne Process Act, seemed to him to be traversing beyond the basic principle which governed the procedure in regard to the introduction of measures for taxation purposes only. The line of demarcation between the Legislative Council and the Legislative Assembly was so clearly drawn that it would lead to confusion and disorder if machinery and other extraneous matter were tacked on to what was essentially a taxation measure. He had looked into this matter from every point, but was compelled to conclude that a resolution of Ways and Means must deal purely with taxation, and no question of public policy or extraneous matter could be allowed to be introduced directly or indirectly through the instrumentality of such a measure. For those reasons he ruled the Bill out of order.

On motion of Mr. Hoyle, the Order of the Day was discharged.

Ordered, That the Bill be withdrawn.

7. STAMP DUTIES (AMENDMENT) BILL. The following Message from His Excellency the Governor was delivered by Mr. Hoyle, and read by Mr. Speaker—

G. STRICKLAND,
Governor.

In accordance with the provisions contained in the 46th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to impose certain stamp,
probate, and other duties; to amend the Stamp Duties Act, 1898, the Stamp Duties Amendment Act, 1900, the Companies (Death Duties) Act, 1901, the Stamp Duties (Amendment) Act, 1904, the Stamp Duties (Reduction) Act, 1904, the Public Service Act, 1902, and certain other Acts; to repeal the Probate Duties (Amendment) Act, 1899; and for purposes consequent thereon or incidental thereto.

State Government House,
Sydney, 27th March, 1914.

Ordered to be referred to the Committee of the Whole on the Bill.

Ordered by Mr. Speaker, That the amendments made by the Legislative Council in this Bill be taken into consideration To-morrow.

6. SYDNEY HARBOUR TRUST (WHARFAGE AND HARBOUR RATES) BILL:—Mr. Hoyle moved, pursuant to Notice, That this House will, on its next sitting day, resolve itself into a Committee of the Whole to consider the expediency of bringing in a Bill to provide for fixing and collecting inward and outward wharfage rates, and inward and outward harbour rates in the port of Sydney; to amend the Sydney Harbour Trust Act, 1900, the Sydney Harbour Rates Act, 1904, and the Sydney Harbour Trust and Navigation (Amendment) Act, 1908; and for other purposes.

Question put and passed.

7. INCOME TAX (FURTHER AMENDMENT) BILL (No. 2):—The Order of the Day having been read,—Mr. Hoyle moved, That this Bill be now read a second time.

Point of Order:—Mr. Cohen submitted that this Bill was out of order inasmuch as many of the clauses were merely machinery clauses tacked on to a taxation Bill and there were provisions affecting taxation which were not referred to in the resolution from Committee of Ways and Means; further, that the Bill was beyond the Order of Leave, as it proposed to amend the District Courts Act and the Small Debts Recovery Act by allowing privileges to the Commissioners of Taxation when suing for recovery of taxes which would not be available to other suitors and would circumscribe the defence to the action. On the grounds that management clauses were included in a taxation Bill, and that other provisions were beyond the Order of Leave, he contended that the Bill must be ruled out of order.

Debate ensued.

Mr. Speriker said the point raised was not exactly on all fours with that raised in connection with a previous Bill, and whilst he ruled then that it was desirable and had been the invariable rule that a taxation Bill should be dissociated from the machinery, he would not say that that would apply in every instance, as there were cases where the incidents of the tax and the machinery were so interwoven that it would be most difficult to separate the warp from the woof. But the proposed amendment of the District Courts Act and the Small Debts Recovery Act, which would circumscribe the defence which might be put forward to an action, was foreign to Income Tax legislation, was certainly not indicated in the Title, and was beyond the Order of Leave, and on that ground he ruled the Bill out of order.

On motion of Mr. Hoyle, the Order of the Day was discharges.

Ordered, That the Bill be withdrawn.
8. CLOSER SETTLEMENT (AMENDMENT) BILL (No. 2):—The Order of the Day having been read,—Mr. Trefle moved, That this Bill do now read a second time.

Point of Order:—Mr. Cohen submitted that there were clauses in this Bill which were not covered by the Order of Leave, and which amended very important Acts without specifying them. Clause 17 proposed to amend the Common Law Procedure Act and Judgment Creditors Remedies Act by curtailing the rights of the judgment creditors—certain action being subject to the Minister's consent.

Debate ensued.

Mr. Speaker said the point taken was of so highly technical a character that he would not be justified in ruling the Bill out of order.

Debate ensued.

Question put and passed.

Bill read a second time.

On motion of Mr. Trefle, Mr. Deputy-Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of the Bill.

Mr. Speaker resumed the Chair; and Mr. Ball, Temporary Chairman, reported progress, and obtained leave to sit again at a later hour of the Day.

And the House continuing to sit after Midnight,—

THURSDAY, 2 APRIL, 1914, A.M.

And the House continuing to sit after Midday,—

9. PAPER:—Mr. Cann laid upon the Table,—The report of the Department of Mines for 1913.

Mr. Speaker resumed the Chair; and the Chairman reported the Bill with amendments.

On motion of Mr. Trefle, the report was adopted.

Ordered, That the Bill be read a third time at a later hour of the Day.

11. INDUSTRIAL ARBITRATION (DECLARATORY) BILL:—

(1.) The Order of the Day having been read,—on motion of Mr. Estell, Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole to consider the expediency of bringing in a Bill to declare the meaning and effect of section 26 of the Industrial Arbitration Act, 1912; and for other purposes.

Mr. Speaker resumed the Chair; and the Chairman reported that the Committee had come to a resolution.

Ordered, on motion of the Chairman, That the report be now received.

The Chairman then reported the resolution, which was read a first time, as follows:—

"(3.) That the Committee make no award as to costs.

The Committee also desire to bring under the notice of the Government,—

"That they strongly disapprove of the method in which the Election was conducted with regard to the initialling, signing, and counting of the Ballot-papers, and also of the want of care in packing and sealing the Ballot-papers after the Election.

"They also desire to call attention to the fact that a number of absent votes from other Electorates were initialled instead of being signed, and recommend that this fact should be brought under the notice of Returning Officers generally.

T. S. CRAWFORD,

No. 3 Committee Room, Legislative Assembly, Chairman.

Sydney, 6 April, 1914."

Mr. Crawford moved, That the Report and Minutes of Proceedings and Evidence be printed. Question put and passed.

11. COMMITTEE OF ELECTIONS AND QUALIFICATIONS—ELECTION PETITION—WEAVER V. THROWER—Macquarie):—

(1.) Mr. T. S. Crawford, as Chairman, brought up a Progress Report from, and laid upon the Table, the Minutes of Proceedings of the Committee of Elections and Qualifications to whom was referred, on the 19th March, 1914, the Petition of Reginald Walter D'Arcy Weaver, against the return of Thomas Henry Thrower, Esquire, as Member for the Electoral District of Macquarie.

And the said report was read at length by the Clerk, by direction of Mr. Speaker, as follows:—

"The Committee of Elections and Qualifications, duly appointed on the 3rd March, 1914, to whom was referred, on the 19th March, 1914, a Petition from Reginald Walter D'Arcy Weaver, against the return of Thomas Henry Thrower, Esquire, as Member for the Electoral District of Macquarie, beg to report to your Honorable House,—

"(1) That they are unable to conclude the inquiry during the present Session and recommend that the Petition be referred to the Committee next Session.

"(2) The Proceedings of the Committee are hereto annexed.

"T. S. CRAWFORD,

No. 3 Committee Room, Legislative Assembly, Chairman.

Sydney, 7th April, 1914."

Mr. Crawford moved, That the Report and Minutes of Proceedings be printed. Question put and passed.

(2.) Mr. T. S. Crawford moved, That the Committee of Elections and Qualifications have leave to adjourn sine die, the matters referred to them having been disposed of.

"Point of Order:—Mr. Wade submitted that when a Petition was once referred to the Elections and Qualifications Committee it must be disposed of in one way or the other; this Petition had been so referred and had to be disposed of, if not it must lapse, but the Committee had made a report which must be deemed to have determined the matter, and it could only be revived next Session by fresh Petition, but that would not be possible because the eight weeks within which the Petition had to be presented would have elapsed."

Debate ensued.

Mr.
Mr. Speaker said it was clear to his mind that the Elections and Qualifications Committee could not sit during recess. "May," in the 10th edition at page 45, said "The effect of the "prorogation is at once to suspend all business until Parliament shall be summoned again. "Not only are sittings of Parliament at an end, but all proceedings pending at the time are "quashed." The only question was as to the form the resolution should take; there was no precedent of a Petition not having been finally dealt with in the Session in which it had been referred to the Committee. It seemed to him, however, to be in accord with the Act that a progress report be brought up recommending that the Petition be referred to the Committee to be appointed next Session. He suggested that there should be added to the resolution the words, "and that the Petition be referred to the Committee next Session." If this was done he would have no hesitation in putting the resolution to the House, nor in ruling next Session that the matter would be properly before the Elections and Qualifications Committee.

Mr. Crawford then (by consent) amended his motion by adding the words "and that the Petition,— Weaver v. Thrower—Macquarie,—be referred to the Committee of Elections and Qualifications to be appointed next Session."

Whereupon Question,—That the Committee of Elections and Qualifications have leave to adjourn sine die, the matters referred to them having been disposed of, and that the Petition,—Weaver v. Thrower—Macquarie,—be referred to the Committee of Elections and Qualifications to be appointed next Session, put and passed.
