VOTES AND PROCEEDINGS OF THE LEGISLATIVE ASSEMBLY.
18th July, 1916.

The House resumed pursuant to adjournment,—Mr. Speaker took the Chair.

5. RETIREMENT OF RICHARD ALDOUS ARNOLD, ESQUIRE, FROM THE POSITION OF CLERK OF THE LEGISLATIVE ASSEMBLY.—Mr. Speaker reported that he had received from Mr. Arnold a letter, which he then read to the House, as follows:—

"The Honorable R. D. Moogheen, M.L.A.,
"Cooya, Macdougall-street, North Sydney,
"24th March, 1916.

"Dear Mr. Speaker,

"I am twelve months' leave of absence, prior to my retirement, granted by the Government on your generous recommendation, will terminate at the end of next month; I therefore now apply to be allowed to retire from the Public Service on the 30th April next, and that the necessary steps be taken to have computed the pension to which I shall be entitled as from the 1st May next.

"The records will show that on 3rd January, 1867, I entered the Roads Office of the Public Works Department, and shortly afterwards was appointed to the staff of the Legislative Assembly as Clerk in Charge of Printed Papers, and served in every position up to that of the Clerk of the Legislative Assembly, in all forty-eight years and four months. In view of my exceptionally long service, I respectfully urge that, following numerous precedents, no abatement of pension by deduction in respect of early service be made in my case.

"In making this application to sever my connection with the Public Service, I desire respectfully to tender my sincere thanks to you, Mr. Speaker, for the trust invariably reposed in me, and for the many acts of kindness and consideration shown by Speakers, by Ministers of the Crown, and by Members during our close official connection.

"I am, dear Mr. Speaker,

"Yours sincerely,

(Signed) RICHARD A. ARNOLD."

Mr. Speaker said he found that Mr. Arnold's first appointment in the Public Service was to a position in the Roads Branch of the Public Works Department in the year 1867; but shortly afterwards he was transferred to the staff of the Legislative Assembly, on which he served for a period of over forty-six years, during twenty-eight of which his duties entailed his attendance at the Table of this Assembly, and therefore brought him in close touch with Honorable Members. Apart from his work in the actual business in the Chamber, Mr. Arnold, during his long period of service, was responsible for the preparation and issue of several publications which are of great use to Honorable Members and to the Staff. As Clerk Assistant, he assisted to compile for the Standing Orders Committee, under the Chairmanship of the late Mr. Speaker Abbott, the present code of Standing Orders, which, with very few amendments, have stood the test of the past twenty years. He would like to acknowledge his own debt of gratitude for the kindly assistance always ungrudgingly given him on all occasions by Mr. Arnold. He felt that he had earned the respect and esteem of Honorable Members and all with whom he had come in contact, and he carried these sentiments with him in his well-earned retirement. He would like to have the permission of the House, by resolution, to place the letter which he had just read, and the remarks he had made, upon the permanent records of the Assembly.

"I am, dear Mr. Speaker,

"Yours sincerely,

(Signed) RICHARD A. ARNOLD."

Mr. Speaker moved, That the letter from Richard Aldous Arnold, Esquire, on his retirement from the position of Clerk of this House, as read by Mr. Speaker, and Mr. Speaker's remarks with reference thereto, be entered in the "Votes and Proceedings."

The motion having been seconded by Mr. Wade,—

And Mr. Thrower, Mr. Cochran, and Mr. Perry having also addressed the House,—

Question put and passed.

6. THE CLERK OF THE LEGISLATIVE ASSEMBLY.—Mr. Speaker reported that he had received a Commission in favour of William Stewart Mowle, Esquire, who had been appointed, by the Governor and Executive Council, Clerk of the Legislative Assembly. Mr. Speaker then administered to Mr. Mowle the Oaths of Allegiance and of Office as Clerk of the Legislative Assembly of New South Wales respectively.

7. TEMPORARY CHAIRMEN OF COMMITTEES.—Mr. Speaker, pursuant to Standing Order No. 28, nominated,—

Richard Thomas Ball, Esquire,
Ernest Durack, Esquire,
William Roy Clifford Ragnall, Esquire,
George Roy William McDonald, Esquire; and
John Storey, Esquire,
to act as Temporary Chairmen of Committees during the present Session.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—
1. It is with pleasure that I call you together for the opening of this the fifth Session of the
23rd Parliament of New South Wales,
2. In the theatre of war the troops of the Allies have been making substantial progress, and
their efforts, coupled with the magnificent achievements of the British Fleet, should contribute
materially towards hastening the termination of the war. It is gratifying to know that Australia's
troops have been afforded the opportunity of taking a part in these operations.
3. The recent bounteous fall of rain is a matter for profound thankfulness, and will have the
effect of assuring a good harvest for the ensuing season.
4. The public continues to subscribe liberally to the various patriotic and charitable funds.

industrial resources at the disposal of the Government of the Commonwealth. The Acting Prime
Minister of the Commonwealth and the Premiers and Ministers of the various States recently met
in Conference in Adelaide, and subsequently in Melbourne, and, amongst other things, plans have
been drawn up for assisting the Commonwealth Government in the duty of providing work and
assistance for returned soldiers. The Government of New South Wales is providing at Randwick
a permanent home capable of accommodating over a thousand disabled soldiers, and proposes to
supplement the financial assistance which the Commonwealth Government is providing, and which
will be made available through the Trustees of the Repatriation Fund, and Parliament will be
asked to approve of this proposal.
6. Since the last Session of Parliament additional Members have proceeded on active military

from war conditions, my advisers have succeeded in making such arrangements as will secure a
continuance of the developmental works authorised by Parliament. These works will result in a
material extension of the agricultural areas of the State, and embrace the continuance of the policy
of main lines duplication now in operation, and the increase of the engine power and rolling stock
at the disposal of the Railway Commissioners.

2. SUPPLY BILL:—The following Message from His Excellency the Governor was delivered by Mr. J. H. Cann, and read by Mr. Speaker:—

G. STRICKLAND, Governor.

In accordance with the provisions contained in the 46th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to apply certain sums out of the Consolidated Revenue Fund towards the Services of the year 1916-1917, and out of the Public Works Fund; and out of the General Loan Account for Services to be hereafter provided for by Loan.

State Government House;
Sydney, 24th July, 1916.
Ordered to be referred to the Committee of Supply.

3. POSTPONEMENT:—The Order of the Day for the resumption of the adjourned Debate, on the motion of Mr. Biggall, "That the Address in Reply to the Governor's Opening Speech, as read by the Clerk, be now adopted by this House," postponed (by consent) until after Notice of Motion No. 1.

4. SUSPENSION OF STANDING ORDERS:—Mr. J. H. Cann moved, pursuant to Notice, That so much of the Standing Orders be suspended as would preclude the appointment forthwith of the Committees of Supply and of Ways and Means, and the passing of a Bill, intituled "A Bill to apply certain sums out of the Consolidated Revenue Fund towards the Services of the year 1916-1917, and out of the Public Works Fund; and out of the General Loan Account for Services to be hereafter provided for by Loan,"—through all its stages in one day, and would also preclude the resolutions of the Committees of Supply and of Ways and Means respectively, whereon the Bill is proposed to be founded, being received on the same day on which they were come to by the said Committees respectively. Debate ensued. Question put and passed.

5. COMMITTEE OF SUPPLY:—Mr. J. H. Cann moved, That this House will, at a later hour of the day, resolve itself into the Committee of Supply. Question put and passed.

6. COMMITTEE OF WAYS AND MEANS:—Mr. J. H. Cann moved, That this House will, at a later hour of the day, resolve itself into the Committee of Ways and Means. Question put and passed.
7. PAPERS:—Mr. Estell laid upon the Table the following Papers:
(1.) Amended Regulation No. 78, under the Mining Act, 1906.
(2.) Amended Regulations under the Mining Act, 1906.
Referred by Sessional Order to the Printing Committee.

8. SUPPLY.—The Order of the Day having been read,—Mr. J. H. Cann moved, "That" Mr. Speaker do now leave the Chair, and the House resolve itself into the Committee of Supply,—and Question proposed.

Mr. Wade, under Standing Order No. 335, moved, That leave be given to propose an amendment,—That this House is of opinion that no discrimination should be made in favour of Members of Parliament owing to any technical interpretation of the recent referendum; and, further, that fermented and spirituous liquors should not be supplied in Parliament House after 6 p.m.

Question proposed,—That all the words after the word "That" in the motion "That Mr. Speaker do now leave the Chair, and the House resolve itself into the Committee of Supply," be left out with a view of inserting the words "this House is of opinion that no discrimination should be made in favour of Members of Parliament owing to any technical interpretation of the recent referendum; and, further, that fermented and spirituous liquors should not be supplied in Parliament House after 6 p.m."

Point of Order:—Mr. Cohen, referring to a statement that the carrying of the motion would block Supply, submitted that if the motion were put as a contingent motion and not as an amendment, it would not have the effect suggested. Standing Order No. 335 had been adopted so as to allow a motion of this kind to be brought forward without blocking Supply.

Mr. Speaker said he could not see any other way of stating the matter than as an amendment to the words after the word "That." There was no other constitutional method. He referred to a precedent on 13th August, 1889, on a motion moved under similar circumstances, when the Speaker, in giving his casting vote, stated that the carrying of the motion would have the effect of taking the Business out of the hands of the Government. It was well to understand that in procedure under Standing Order No. 335 there were two stages: First the leave to propose an amendment, then the proposing of the amendment bv the method he had adopted. In the case referred to as having occurred on 20th October, 1911, the matter had not proceeded beyond the first stage. The position in this instance was the same as that which had occurred on 21st December, 1910, when the late Mr. M'Court, who had occupied the Speaker's Chair for ten years, succeeded in carrying a motion for leave to move an amendment. The amendment was then put in the way he had proposed, namely, to leave out all the words after the word "That," and insert other words. He must put the question in the same form as ex-Speaker M'Court had adopted.

Amendment, by leave, withdrawn.

Question,—That Mr. Speaker do now leave the Chair, and the House resolve itself into the Committee of Supply, put and passed.

Whereupon Mr. Speaker left the Chair, and the House resolved itself into the Committee of Supply accordingly.

Mr. Deputy Speaker resumed the Chair; and Mr. Ball, Temporary Chairman, reported progress, and obtained leave to sit again.

The Temporary Chairman also reported that the Committee had come to a resolution.

Ordered, on motion of the Temporary Chairman, That the report be now received.

The Temporary Chairman then reported the resolution, which was read a first time, as follows:—

(1.) Resolved,—

That there be granted to His Majesty a sum not exceeding £3,942,850, being £1,991,500 to defray the expenses of the various Departments and Services of the State during the months of July and August, or following month of the financial year ending 30th June, 1917, to be expended at the rates which have been sanctioned for the financial year ended 30th June, 1916, subject to the rate of any reduction that may hereafter be made in the expenditure of the year 1916–17; and £1,058,300 payable out of the Consolidated Revenue Fund for the following Services, viz.:-

£100,600
9. WAYS AND MEANS:—The Order of the Day having been read,—on motion of Mr. J. H. Cann, Mr. Deputy-Speaker left the Chair, and the House resolved itself into the Committee of Ways and Means.

Mr. Deputy-Speaker resumed the Chair; and Mr. Ball, Temporary Chairman, reported progress, and obtained leave to sit again.

The Temporary Chairman also reported that the Committee had come to a resolution.

Ordered, on motion of the Temporary Chairman, that the report be now received.

On motion of Mr. Cann, the resolution was read a second time, and agreed to.

Cann, that a Bill be brought in, founded on Resolution of Ways and Means (No. 1), to apply certain sums out of the Consolidated Revenue Fund towards the Services of the year 1916-1917, and out of the Public Works Fund; and out of the General Loan Account for Services to be hereafter provided for by Loan.

CLOSING OR LIQUOR BAIS:—Mr. Wright presented a Petition from certain residents of the Electoral Districts of Sturt and Willyama, representing that great numbers of men in the Barrier District are employed on afternoon and night shifts; that the complete isolation of the Barrier District, from the rest of New South Wales, and the different conditions there prevailing, entitles the residents to special consideration; that a very large proportion of the workers are forced to spend much of their leisure hours on the streets and in the open air in the intense heat and severe dust-storms for which the District is so noted; that for men so situated it is a matter of absolute necessity that some legal provision should be made for obtaining refreshments up to a later hour than 6 p.m.; that the Poll taken at the recent Referendum showed a substantial majority against 6 o'clock and in favour of 9 p.m. in the two Electorates; and praying that the House will be pleased to amend the provisions of the Liquor Act and Liquor Referendum Act so as to permit licensed premises in the Electorates of Sturt and Willyama to remain open for the sale of liquor until at least 9 p.m. on ordinary days.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FIFTH SESSION OF THE TWENTY-THIRD PARLIAMENT.

THURSDAY, 17 AUGUST, 1916.

1. The House met pursuant to adjournment. Mr. Speaker took the Chair.

PAPERS:

Mr. Ashford laid upon the Table the following Papers:—

Referred by Sessional Order to the Printing Committee.

Mr. Black laid upon the Table the following Paper:—Return giving information respecting raids made upon Chinese premises and European premises (a) in the city, and (b) in the centres outside, during 1914, 1915, and 1916.

Referred by Sessional Order to the Printing Committee.

2. Questions to Mr. Speaker:—Mr. Eden asked Mr. Speaker by what authority he and the President of the Legislative Council could close the bar of the Parliamentary Refreshment Room at Six o'clock, without first consulting the Members of both Houses.

Point of Order:—Mr. Holman asked Mr. Speaker to consider whether questions addressed to the Speaker, without Notice, were in accordance with the Standing Orders. He had consulted the Standing Orders and could not see any provision for questions being asked without Notice, and he assumed that if questions could not be put with Notice, they could not, except under very unusual circumstances, be addressed to the Speaker without Notice. He realised that it had always been permissible to call the attention of the Speaker to some difficulty that might have arisen in the management of the House, or in connection with some arrangements which were intended for the convenience of Members; but the House would be on its guard against the growing practice of addressing interrogations to Mr. Speaker as a matter of right. He asked that a clear ruling be given so that Members might know what their position was and have their rights defined.

Mr. Speaker said the Premier was correct in his assumption. There were precedents in the Imperial Parliament for addressing questions to the Speaker on matters affecting the interests of Members of the House, but these questions were rare, and related to matters of extreme urgency. In this House he had, as a matter of courtesy, answered questions addressed to him in connection with the business of the House. He did not want to appear captious in any authority he might exercise. The procedure was clearly laid down in "May," 10th edition, page 236, as follows:—"As regards questions addressed to the Speaker, no written or public notice of such a question is permissible; nor can any appeal be made to the Chair by a question save on Points of Order as they arise, or on a matter which "urgently concerns the proceedings of the House." He was prepared to take a liberal view of the word "proceedings," although, strictly interpreted, it would refer to what took place in this Chamber. If in future any Honorable Member desired to obtain any information in regard to any Department under his sole control, or under the dual control of the President and himself, he could have the open sesame to the Speaker's room, and be assured Honorable Members that he would give them the fullest information. In future he would not answer any question in the House, except on Points of Order or proceedings arising in the House.
3. MOLONG TO DURBO RAILWAY BILL,(Formal Order of the Day),—on motion of Mr. J. H. Cann, read a third time, and passed.

Ordered to be printed, and read a second time To-morrow.

11. WOMEN'S LEGAL STATUS BILL:—The Order of the Day having been read,—Mr. D. R. Hall proceeding to move, That this Bill be now read a second time,—

Point of Order:—Mr. Waddell pointed out that it had always been recognised when a Bill was introduced the Order of Leave should contain a description of what the Bill intended to do; that its main principles should be mentioned in the Order of Leave. This Bill very materially altered the Electoral Law, and what was clearly the intention of the Constitution Act, without mention in the Title. He submitted that the Bill was out of order.

Debate ensued.

Mr. Speaker said the Point was one which there was ample precedent for dealing with. The test which the Attorney-General had asked should be applied was whether anyone would be taken by surprise on reading the Order of Leave and then perusing the Bill. If the Order of Leave had been to remove all disabilities which women suffer at the present time no one would be taken by surprise, but when the Order of Leave was to remove certain disabilities, one must to a large extent be in darkness until having seen the Bill and ascertained what those disabilities were. There was a ruling by Mr. Speaker McCourt, in which in declaring the Women's Franchise Bill in order he ruled that the Order of Leave was sufficiently comprehensive to cover the matter referred to in the clauses. In that case the Order of Leave clearly set forth that the purpose of the Bill was to extend the Franchise. He quoted rulings which he, as Deputy-Speaker, had given in ruling out of order the Sydney Corporation (Amendment) Bill and the Sydney Corporation (Amendment) Bill (No. 2) in Session 1912. The Order of Leave described this Bill as one to remove certain disabilities, and it was not until the Bill had been seen that the nature of those disabilities could be discovered. In view of the precedents mentioned and the provisions of the Bill itself, there could be no possible doubt that the Bill was out of order.

On motion of Mr. Griffith, Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of the Bill. Mr. Speaker resumed the Chair; and Mr. Durack, Acting Chairman, reported the Bill with amendments.

12. Local Government (Amending) Bill:—The Order of the Day having been read,—Mr. Griffith moved, that this Bill be now read a second time. Debate ensued.

Point of Order:—Mr. Cohen pointed out that Standing Order No. 248 provided that every Bill should be prepared in accordance with the Order of Leave. The Title of this Bill contained the words "to regulate within the city of Sydney buildings and erections." He submitted that the Bill was not prepared in accordance with the Order of Leave, as it did not regulate buildings and erections within the city of Sydney, and would practically repeal or seriously amend the City of Sydney Improvement Act, and no power was taken in the Order of Leave to do so. He submitted that Bill was therefore out of order.

Debate ensued.

Mr. Speaker said the test that one must apply was to read the Order of Leave and then peruse the Bill and ask whether anyone was prejudiced or taken by surprise through the clauses of the Bill being of an absolutely different character from that which was set forth in the Order of Leave. The whole question gyrated upon the word "regulate." He was not prepared to take upon himself the definition of regulation. The Order of Leave set forth that the Bill was to "regulate within the city of Sydney, buildings and erections." That was an extremely wide term. Clause 2 provided that buildings within the city of Sydney might be built, enlarged, or altered wholly or partly of a material of certain composition which was set forth, and subject to conditions which might be prescribed by the City Council which were of course subject to ratification by the State Executive. The tests which had been applied by his predecessor, Mr. McCourt, could not properly be applied to the Point which the Honorable Member for Petersham had taken. The tendency of recent years in the Imperial Parliament was not to strictly construe the clauses of a Bill with the Order of Leave but to allow as much latitude as possible. Following this precedent he did not take it upon himself to hold that the word "regulate" did not comprise what was set forth in clause 2. For those reasons he held the Point to be untenable and the Bill to be in order.

Debate continued.

Question put. The House divided.

Ayes, 27

Speaker.
1. The House met pursuant to adjournment. Mr. Speaker took the Chair.

2. ADJOURNMENT—Mr. Speaker stated that he had received from the Honorable Member for Wollondilly, Mr. Fuller, a Notice, under the 49th Standing Order, that he desired to move the adjournment of the House, to discuss a definite matter of urgent public importance, viz. —"The position of the permanent employees in the Railway Service who are compelled to exist on short "pay, and who in consequence are prejudiced by reason of the provisions of sections 70 and 80 of "the Government Railways Act, No. 2, 1912."
And the motion for the adjournment of the House being supported by five other Honorable Members,—

Mr. Fuller proceeding to move, That this House do now adjourn,—

Point of Order,—Mr. J. H. Cann submitted that as a Financial Statement would be made in Committee of Supply to-morrow, an opportunity would be afforded for discussion of this matter. The object of the Standing Orders was to prevent a dual discussion, and the motion was therefore out of order.

Debate ensued.

Mr. Speaker said that the only thing of which he could take official cognisance was the Business Paper containing the Order of the Day for the resumption of the Committee of Supply. He referred to a ruling by Mr. Speaker McCourt, on 14th August, 1902, when he refused to uphold a somewhat similar objection. It was perfectly clear that had a different ruling been given, Standing Order No. 49 would be meaningless and valueless, because after the disposal of the Address in Reply, and the placing of Supply upon the Business Paper, no question could be discussed under that Standing Order. He ruled the motion in order.

Mr. Fuller then moved, That this House do now adjourn.

Debate ensued.

Question put and negatived.

State Government House,
Sydney, 30th August, 1916.

Ordered to be referred to the Committee of Supply.

4. Sales by Trustees Confirmation Bill.—The Order of the Day having been read,—Bill, on motion of Mr. Holman, read a third time, and passed.

Mr. President,—

13. Early Closing Bill:—The Order of the Day having been read,—Mr. Estell proceeding to move, That this Bill be now read a second time,—

Point of Order:—Mr. Cohen asked Mr. Speaker's ruling on a Point of Order. This Bill was first introduced on the 27th August, 1915, and the Order of Leave did not mention the repeal of any laws which had been passed lately. Clause 8 provided that the closing time for shops mentioned...
mentioned in Part 3 of Schedule 2 (except newsagent's shops within the Metropolitan Shopping District) should be 11 o'clock on each week-day. Part 3 of Schedule 2 included public-houses, hotels, and wine-shops. The House passed an Act quite lately which compelled public-houses, hotels, and wine-shops to close at 6 o'clock until six months after the end of the war. This Bill, if it passed, would repeal the Liquor Referendum Act, and hotels, public-houses, and wine-shops would be able to remain open till 11 o'clock at night. While it was not necessary to specify every Act in the Order of Leave, at the same time, if people were liable to be taken by surprise because the Order of Leave did not intimate the real nature of the Bill, then the Bill went beyond the Order of Leave.

Debate ensued.

Mr. Speaker said with regard to the Point taken by the Honourable Member for Petersham in connection with public-houses, hotels, and wine-shops referred to in Part 3 of Schedule 2, he must say that no one on reading the Order of Leave would have the remotest conception that this Bill would amend a specific Act like the Liquor Act or the Act passed recently. He quite admitted that the tendency in the Imperial Parliament was not to insist that every Act should be set forth in the Order of Leave, but where vital principles were involved the Order of Leave must certainly state what Acts were proposed to be amended. In 1912, when he was Deputy Speaker, the Honourable Member for Petersham took a Point of Order in connection with the Sydney Corporation Bill. He said that one clause was a specific amendment of the Trustee Act and another was a specific amendment of the Real Property Act, and there were in no way indicated in the Order of Leave. In order to be in conformity with that ruling he had no other course open to him than to uphold the Point of Order taken and to rule this Bill out of order.

On motion of Mr. Estell, the Order of the Day was discharged.

Ordered, That the Bill be withdrawn.

14. COAL MINES REGULATION (AMENDING) BILL:—The Order of the Day having been read,—Mr. Estell moved, That this Bill be now read a second time. Debate ensued.

Because the function to be exercised by the Board being judicial, it is expedient that the presiding officers should have had judicial experience.

Mr. President,—

The Legislative Assembly having had under consideration the Legislative Council's Message, dated 6th September, 1916, requesting its concurrence in certain amendments made by the Council in the Testator’s Family Maintenance and Guardianship of Infants Bill,—

Disagrees to the amendment in clause 5, page 2, line 33, which omits the word "twelve" and inserts the word "six"—because the omission of a consequential amendment in the proviso to clause 5 would render such proviso inoperative; and because it is thought twelve months is a short enough period in the circumstances.

Agrees to the amendment which inserts a new clause to follow clause 19, but proposes to amend the amendment by the addition of the words, "Provided that applications under this section shall be heard in camera."

Agrees to the other amendments made by the Council in the Bill.

SPECIAL TAX TO PROVIDE ENDOWMENT TO FAMILIES:—Dr. Arthur moved, pursuant to Notice,—

That, in the opinion of this House,—

1. The welfare and proper development of the children should be of supreme importance to the State.

2. The principle of equal payment to all workers engaged in the same occupation, irrespective of their conjugal and family conditions, though economically sound, discourages and penalises marriage, leads to the restriction of the birthrate, and is detrimental to the physical well-being of children the members of large families.

3. For the good of the general community and the future generation, it would be equitable to compel those citizens who have no dependents, or only small families, to contribute to the maintenance of larger families.

4. To effect this a special income tax should be imposed on all net incomes of over £2 a week, single persons to pay double the tax that married persons do.

5. From the revenue so obtained an endowment should be paid to the mother of every child after the first until the age of 14 years.

6. Such a system of endowment should not be taken into account in determining the minimum wage in any industry for a man with wife and two children.

13. LIQUOR (AMENDMENT) BILL:—The Order of the Day having been read,—Mr. D. R. Hall proceeding to move, That this Bill be now read a second time,—

Point of Order:—Mr. Robson directed attention to the Order of Leave which proposed among other things to make provision for determining the hour of closing of licensed premises and registered clubs after the expiration of the Liquor Referendum Act, 1916. When the Minister first moved to introduce the measure it did not contain the above provision, but it was inserted by the Committee. The Bill had not been introduced in accordance with the Order of Leave, and he submitted that under Standing Order 248 it was out of order.

Debate ensued.

Mr. Deputy-Speaker said he found that in the past it had been regarded by Speakers that it was more important a Bill should be well within the Order of Leave than that it should be less than the Order of Leave provided for. In this particular case he could not ignore the fact that the Order of Leave had been dealt with in a somewhat unusual manner. The resolution came down to the Committee in a certain stage. It was reported to the House in an entirely different stage. He had to consider in what way the resolution was altered in Committee, and he found it was altered by inserting the words "to make provision for determining the hour of closing of licensed premises and registered clubs after the expiration of the operation of the Liquor Referendum Act, 1916." He had therefore to apply the test to this Bill as it was prepared of seeing whether it would be competent for the Committee to insert an amendment in the Bill as the Committee evidently intended to do when the Order of Leave was altered. It had been laid down that this House could only have one opinion. If the Committee extended the Order of Leave and a Bill was introduced at a later stage, which did not come up to the requirements of the Order of Leave, it would then be necessary for the Committee, after all the stages were passed, to amend the Title of the Bill by withdrawing the very words which had been inserted. Quite recently in the Bill to amend the Special Deposits (Industrial Undertakings) Act the Minister in charge of the Bill struck out a clause which was within the scope of the Bill, and within the Order of Leave. The Minister having struck that out decided afterwards it was necessary to amend the Title by striking out that portion of the Title which permitted him in the first place to insert that clause. If no clause were inserted in this Bill under the amendment added by the Committee, it would be necessary for the Minister to afterwards excise those words from the Title, and therefore negative what the Committee had already decided to do. In Committee he would feel that no course was possible but to rule such an amendment, notwithstanding the action of the Committee, and that it was within the Order of Leave, as entirely outside the scope of the Bill, and, therefore, out of order. Holding these views, and having no definite precedent to guide him, he must say that this Bill, in his opinion, was not prepared in agreement with the Order of Leave, and he must rule it out of order.

On motion of Mr. Hall, the Order of the Day was discharged.

Ordered, That the Bill be withdrawn.

4. ADJOURNMENT:—Mr. Speaker stated that he had received from the Honorable Member for Newtown, Mr. Hollis, a Notice, under the 49th Standing Order, that he desired to move the adjournment of the House, to discuss a definite matter of urgent public importance, viz.:—"The action of the Railway Commissioners in refusing to pay to their lowest-paid employees on the tramways at Broken Hill the Is. 9d. per day increase which his Honor Judge Higgins, in the Arbitration Court, decided was necessary to keep body and soul together at Broken Hill, and thereby causing suffering and loss of wages to other employees, and inconvenience to the public."

MR. PRESIDENT,—

The Legislative Assembly having had under consideration the Legislative Council's Message, dated 26th September, 1916, requesting its concurrence in certain amendments made by the Council in the Workmen's Compensation Bill,—

Agrees to the amendment which inserts a new clause 3, but proposes to amend the amendment by the omission of the words "the Employers' Liability Act, 1897, and" and to further amend the amendments by the omission of the word "are" and the insertion of the word "is" instead thereof.

Disagrees to the amendment in clause 13, page 7, which inserts the word "five" and the words "and the total liability in respect thereof shall not exceed five hundred pounds,"—because, firstly, the words of the clause are taken from the English Act, but are of apt use only in a measure which contemplates the preservation of the Employers' Liability Act, 1897, and because, secondly, of the ambiguity imported into the paragraph by the use of the word "worker."
And the Assembly requests the concurrence of the Legislative Council in its disagreements from and amendments upon the Council's amendments in the Bill, including the amendment upon the Council's amendment and consequential amendment in the Title.

Legislative Assembly Chamber, Sydney, 1st November, 1916.

"(4.) To effect this a special income tax should be imposed on all net incomes of over £2 a week, single persons to pay double the tax that married persons do.

"(5.) From the revenue so obtained an endowment should be paid to the mother of every child after the first until the age of 11 years.

"Further, inasmuch as this State is now confronted with the prospect of financial stringency, industrial disturbance, and, in some quarters, a growing and dangerous disregard for law and order, the time is now opportune for all who have at heart the welfare of this State to loyally unite, irrespective of party ties, in the formation of a National Party, with a programme based on broad democratic lines."—instead thereof.

Mr. SPEAKER,-

The Legislative Council has this day agreed to the Bill, returned herewith, intituled "An Act to make further provision with respect to resumptions by the Municipal Council of Sydney, and proceedings in connection therewith; to amend the Sydney Corporation Amendment Act, 1905, and certain other Acts; and for purposes consequent thereon or incidental thereto,"—with the amendments indicated by the accompanying Schedule, in which amendments the Council requests the concurrence of the Legislative Assembly.

FRED. FLOWERS,
President.

Schedule of the Amendments referred to in Message of 14th November, 1916.

W. L. S. COOPER,
Clerk of the Parliament.

Pages 4 and 5. Omit clause 6, and insert new clause as follows:—6. The following section is inserted next after section twenty-one of the same Act:—

21A. Any tenant or occupier of land resumed by the council, who would not be entitled under the other provisions of this Act to compensation in respect of such resumption, by reason of his tenancy being weekly or monthly only, may within ninety days from the publication
publication of notification of resumption (or in the case of resumptions, notification of which was published on or after the first day of June, one thousand nine hundred and sixteen, and before the commencement of this Act), send in a claim in manner hereinafter provided, which claim shall be considered and dealt with by a stipendiary magistrate who shall have full power to deal with such claim and to assess and award compensation to the claimant, or to refuse compensation. The cases in which compensation may be granted under this section shall be limited to the cases where the tenant can prove—

ADJOURNMENT:—Mr. Speaker stated that he had received from the Honorable Member for Newcastle, Mr. Gardiner, a Notice, under the 49th Standing Order, that he desired to move the adjournment of the House, to discuss a definite matter of urgent public importance, viz.:- “The failure of the Government to act promptly in the public interest with a view to immediately ending the present disastrous strike in the coal-mining industry.” And the motion for the adjournment of the House being supported by five other Honorable Members,—

Mr. Gardiner moved, That this House do now adjourn.

Point of Order:—Mr. Price submitted that the industrial dispute, being one which concerned the Federal Government—disputes affecting more than one State having been transferred by the Commonwealth Constitution Act to the Federal Parliament—the matter could not at this stage be dealt with by this House.

Mr. Speaker said it would be seen that industrial laws were of a composite character, State and Federal. His predecessor, Mr. Speaker McCourt, had held that where a matter could be dealt with by both the State and Federal Parliaments, it might be discussed under Standing Order No. 49 on a motion for adjournment. He quoted from rulings by Mr. Speaker McCourt on 14th August and 9th September, 1902, and ruled the motion in order.

W. S. MOWLE, Clerk of the Legislative Assembly.

R. D. MEAGHER, Speaker.
1. The House met pursuant to adjournment. Mr. Speaker took the Chair.

MINISTERIAL STATEMENT:—Mr. Holman informed the House that to-day he had waited on His Excellency the Governor and informed him of the resignations of the Honorable John Henry Cann, Secretary for Public Works, the Honorable George Black, Colonial Secretary and Minister for Public Health, and the Honorable Henry Clement Hoyle, Minister for Railways and Assistant Treasurer. His Excellency had received the resignations with regret, and upon his (the Premier's) recommendations had been pleased to make the following appointments:

- The Honorable George Warburton Fuller, as Colonial Secretary;
- Mr. Richard Thomas Ball, as Minister for Public Works and Railways;
- Mr. John Charles Lucas Fitzpatrick, as Secretary for Mines and Assistant Treasurer;
- Mr. Augustus George Frederick James, as Minister for Public Instruction; and
- Mr. David Storey, as Minister without portfolio.

His Excellency had also been pleased to appoint the Honorable John Garland, M.L.C., as Minister of Justice and Solicitor-General, and also to appoint Mr. George Stephenson Beeby as a Member of the Legislative Council and Minister for Labour and Industry.

The new Ministry was, with the approval of His Excellency, now re-constituted as follows:

- The Honorable G. W. Fuller, M.L.A., Colonial Secretary.
- The Honorable J. D. Fitzgerald, M.L.C., Vice-President of the Executive Council and Minister for Public Health and Local Government.
- The Honorable R. T. Ball, M.L.A., Secretary for Public Works and Minister for Railways.
- The Honorable D. Storey, M.L.A., Minister without portfolio.
- The Honorable J. C. L. Fitzpatrick, M.L.A., Secretary for Mines and Assistant Treasurer.
- The Honorable W. C. Graham, M.L.A., Minister for Agriculture.
- The Honorable G. S. Beeby, Minister for Labour and Industry.
- The Honorable A. G. F. James, M.L.A., Minister of Public Instruction.

The steps to swear in the new Ministers to their portfolios would be taken to-morrow. There had been certain small formal difficulties which had prevented that step from being taken to-day, and that being so he was going to ask the House to rise.

2. ADJOURNMENT:—Mr. Holman moved, That this House do now adjourn. Debate ensued.

Notice was taken that there was not a Quorum present.

Mr. Speaker counted the House, and there being only seventeen Members present, exclusive of Mr. Speaker, namely,—Mr. Boston, Mr. Thomas Brown, Mr. Burgess, Mr. J. H. No. 46.

VOTES AND PROCEEDINGS
OF THE

LEGISLATIVE ASSEMBLY.

FIFTH SESSION OF THE TWENTY-THIRD PARLIAMENT.

THURSDAY, 16 NOVEMBER, 1916.

1. The House met pursuant to adjournment. Mr. Speaker took the Chair.

PAPERS:—
Mr. Ashford laid upon the Table the following Papers:—
(1.) Abstract of Crown Lands intended to be dedicated to Public Purposes, under the Crown Lands Consolidation Act, 1913.
(2.) Gazette Notices setting forth the mode in which it is proposed to deal with the Dedication of certain Lands, under the Crown Lands Consolidation Act, 1913.
Referred by Sessional Order to the Printing Committee.

2. DISSENT FROM MR. SPEAKER'S RULING:—Mr. McGirr moved, pursuant to Notice, That this House dissents from the action of Mr. Speaker, whereby he gave leave to the Honorable the Attorney-General, on the 15th November, 1916, a.m., to move that leave be given to withdraw the motion for the adoption of the report from Committee of the Whole on the Legislative Council's amendments on the Liquor (Amendment) Bill (No. 2) after the Division bells had been rung and the Bar closed.

Mr. Speaker said the position had not been accurately stated by the Honorable Member. It was confined in a very circumscribed space. It would be remembered that the Liquor Amendment Bill (No. 2) had been in the Committee stage. It was recognised that the Speaker could take no cognisance of what took place in Committee unless it was formally reported to him in accordance with the Standing Orders. Therefore, what views were taken by Honorable Members, or what was the position of parties in the House, had not the remotest bearing on his ruling. When he took the Chair, the Attorney-General moved the adoption of the report, and the Honorable Member for Goulburn, or some other Honorable Member on his left, stated that he understood there was one clause which the Attorney-General intended to have recommitted. The Attorney-General practically admitted that in his speech as recorded in Hansard. He could not allow this House to be misled by any gentleman who was even misleading it unintentionally, and it was the province not only of the Speaker of this Assembly, but of anyone who was directing order in any civilised community to allow no question to be put under a misapprehension. The Honorable Member had seen fit to say that if that motion had been put a discredited Government would have been in a minority. Whether it was an accredited or discredited Government forrued no part of his investigation. The fact remained that an objection was made by the Honorable Member for Goulburn, and the Attorney-General, in accordance with the usages that exist between gentlemen of honor, agreed that that objection had been raised in Committee. He had no official cognisance of what took place in Committee, but judging by what took place by way of remark between the Attorney-General and the Honorable Member for Goulburn, it was admitted by the Attorney-General, who moved the adoption of the report, that the point put forward by the Honorable Member for Goulburn was a sound one. It was his duty as Speaker to see that no Division was taken under a misapprehension. The Honorable Member for Lyndhurst corroborated the statement of the Honorable Member for Goulburn. He desired to say that if he had been present during the Committee stage, and had been permitted by the forms of the House to take cognisance of what had taken place in Committee, he would, of his own volition, have declared the motion off, but as he was not present he was prepared to trust the judgment of the House. Therefore, assuming that personal power, for which there were innumerable precedents in the Imperial Parliament, and which allows the Speaker to, so to speak, clothe the Standing Orders with
with the flesh and blood of common sense and judgment—he had clothed this position with
the flesh and blood of judgment, so as not to allow the House to vote on a false issue.
He had permitted the House to exercise its judgment as to whether, in view of what had
apparently taken place, the Attorney-General should be permitted to withdraw his motion. He
had put that question to the House, and the decision of the House was that the voting
being 37 to 10. The House allowed the Attorney-General to withdraw the motion, and within
a few seconds the same motion was again proposed by the Minister for Lands in order
to enable the question of the recommittal of the Bill to be decided. A Division having been
called for, and the bells having been rung, he, as Speaker, at that stage could not permit an amendment
to be moved on the motion "That the report be now adopted," that the Bill be referred back to
the Committee for the reconsideration of a specific clause. That was constitutionally impossible, but
the whole Gordan knot was cut by the House of its own volition. He was one of those who held
that the House was master of its own business, and the result was that the House, as master
of its own business, decided that the question should be again put. He accordingly put the
same question again, and an amendment was then moved by the Attorney-General to the effect that the
Bill be recommenced for the consideration of the Legislative Council’s amendment inserting
a proviso in clause 30. Nobody had been prejudiced. The only people who could possibly
be prejudiced would be those who desired to take advantage of a misapprehension and raise
a false issue. The House, as a whole, however, was supposed to come to its decisions on
a clear issue. All that he had done was in accordance with practice immemorial—
that was, as Speaker, to see that the decisions of this House were obtained, not by trick Divisions,
but on fair and open issues. He had nothing further to add except to say that the records of the House
showed that the Honorable Member for Yass could not be prejudiced by the motion which
was put and on which the Division bells were rung because that motion was before the House a few
seconds afterwards. He wished to make it clear that, of his own volition, he could have called off
the Division had he so desired, and if it had been a matter which had transpired in the House while
he was in the Speaker’s Chair he would have exercised that power. But as the misapprehension
occurred in Committee, the proceedings of which he could take no cognizance of, he was prepared
to leave it to the judgment of the House. He allowed the House in its judgment to say whether
the motion should be withdrawn. The House having decided that the motion should be withdrawn,
he could only let the matter remain on record and indicate his views.

Debate ensued.

Question put and negatived.

3. URGENCY—SUSPENSION OF STANDING ORDERS—

(1.) Mr. D. R. Hall moved, without Notice, That it is a matter of urgent necessity that a Bill,

Electric Lighting Act, and of the Gas Act, 1913; and for purposes consequent thereon or incidental
thereto,"—be brought in and passed through all its stages in one day.

GOVERNMENT RAILWAYS (AMENDMENT) BILL:—Mr. Holman moved, That the following Message be carried to the Legislative Council:—

Mr. President,—
The Legislative Assembly having had under consideration the Legislative Council's Message, dated 2nd November, 1916; requesting its concurrence in certain amendments made by the Council in the Government Railways (Amendment) Bill,—
Disagrees to the amendments in clause 6,—because the Assistant Commissioners will be chosen for their fitness for certain duties, and the Government will at the time of their appointment have a better knowledge of their capabilities than the Chief Commissioner. Any possible reallocation of duties at a later stage should be made on the recommendation of the Commissioners, who, under clause 5, are the authorities to carry out the Act and not the Chief Commissioner.

Disagrees to the omission from clause 10, page 5, which omits lines 1 to 15,—because the fact that the Chief Commissioner had to put in writing, for presentation to Parliament, his reasons for over-riding his colleagues, would prove a valuable safeguard against any tyrannical exercise of his reserve power.

Disagrees to the omission of paragraph (a),—because in any case where Parliament or the Executive directs the Commissioners to do certain things, such as the carriage at special rates of starving stock, or the conveyance of fodder to drought-stricken districts, the Government ought, in justice to the reputation of the Commissioners, to recoup them any loss which may result, but agrees to the omission of paragraph (c).
Mr. Fuller moved,

4. DISALLOWANCE OF BY-LAWS UNDER MEAT INDUSTRY ACT, 1915:—Mr. Bruntnell moved, pursuant to

Edward Bruntnell

And it being after half-past Six o'clock, Government Business proceeded with under Senatorial Order

Mr. Price moved, That the Question be amended by inserting after the word "by-laws" the figures "5, 7, 11, 12, 18, and 31."

Charles Price

Question proposed,—That the figures proposed to be inserted be so inserted.

Mr. Brinsley Hall moved, That this Debate be now adjourned.

And it being after half-past Six o'clock, Government Business proceeded with under Senatorial Order adopted on Friday, 28th July, 1916.

5. LIQUOR (AMENDMENT) BILL (No. 2):—The Order of the Day having been read, Mr. Fuller moved,

Mr. Fuller

"That," the report from Committee of the Whole on the Legislative Council's amendments be now adopted.

"That," the report from Committee of the Whole on the Legislative Council's amendments be now adopted.

Mr. D. R. Hall moved, That the Question be amended by leaving out all the words after the word "That," and inserting the words "the Council's amendments be recommitted for the reconsideration of the proviso at the end of clause 20," instead thereof.

Dennis R. Hall

Question then,—That the Council's amendments be recommitted for the reconsideration of the proviso at the end of clause 20,—put and passed.

On motion of Mr. Hall, Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole accordingly.

Mr. Speaker resumed the Chair, and the Chairman reported that the Committee had agreed to the Council's amendment with a further amendment.

Order,
Ordered, That the following Message be carried to the Legislative Council:—

Mr. President,—

The Legislative Assembly having had under consideration the Legislative Council's Message, dated 8th November, 1916, requesting its concurrence in certain amendments made by the Council in the Liquor (Amendment) Bill (No. 2),—

Disagrees to the amendment in clause 2, subclause (1),—because a stipendiary or police magistrate would be competent for the work, and in country districts the applications would be more expeditiously heard by magistrates than by a District Court Judge.

Agrees to the new proviso to follow paragraph (c) in clause 3, subclause (1), but proposes to amend it by adding after the word "revoke" the words "or vary."

Agrees to the amendments of the proviso to clause (3), subclause (1), but proposes to further amend the proviso by inserting the word "principal" after the word "rent," as consequential upon the acceptance of the Council's amendment in paragraph (b) of the clause.

Agrees to the amendments in clause 4, but proposes to further amend the clause by inserting "after the word "rent" in subclause (2) the word "principal" as also consequential upon the acceptance of the Council's amendment in clause 3 subclause (1), paragraph (b).

Disagrees to the amendment which inserts a new heading and two new clauses to follow clause 7,—because it would enable a company to own a number of hotels.

Disagrees to the further proviso to clause 9, subclause (3),—because it contravenes decision of electors at referendum vote.

Agrees to the proviso to clause 17, but proposes to amend it by omitting the word "eighteen," and inserting the word "twelve."

Agrees to the other amendments made by the Council in the Bill.

And the Assembly requests the concurrence of the Legislative Council in its disagreements from and amendments upon the Council's amendments and the Assembly's consequential amendments in the Bill.

Mr. Speaker said his attention had been directed by the Clerk of the House to the following final paragraphs of the Report of the Free Conference held upon this Bill:

He thought it was his duty to point out that this was a novel proposition for which he could find no precedent so far as this House was concerned. It was perfectly clear that there was no Standing Order which permitted the House to alter or suspend the forms of the House in order to allow of the recommendation being given effect to. There was a Standing Order which provided that in the absence of special provision we might look to the usages of the Imperial Parliament. “May” set forth the usages of the Imperial Parliament in regard to the position of a joint conference which had taken upon itself to deal with a matter not specifically referred to. The Conference met in order to find a solution of certain disagreements respecting a Bill between the two Chambers, and the particular items of conflict formed the basis of the deliberations of the Conference. The reason why either House had agreed to the amendments made by the other House was not in issue. The only matter in issue was that in respect of which there was antagonism between the two Houses. He might briefly give a chronological view of this Bill. It passed this Assembly some months ago, and there was in it a clause providing that it should come into operation in the month of July of the present year. The Council altered the month of November to the month of January, and on the Bill being returned to this Chamber the House agreed to accept the amended date of the Bill coming into operation. The Bill was returned with certain other amendments with which the Assembly did not agree, and the Council after consideration insisted upon its amendments, and it was the insistence of the Council upon those amendments which precipitated the Conference of Managers which was held last evening. The amendment respecting the date of the Bill coming into operation was agreed to and formed no part of the issue which was under the consideration of the Managers of the Free Conference. At the Conference it was agreed for reasons which there was no need for him to traverse that it would be more appropriate if the Bill came into operation in the month of July, of the coming year, and that recommendation was set out in the paragraphs which he had read. "May," 10th Ed., p. 478, stated: “It is also a rule that neither House may, at this time, leave out or amend anything which they have already passed themselves; unless such amendment be immediately consequent upon the acceptance or the rejection of an amendment of the other House.” It was perfectly clear that this was no consequential amendment. It was never in issue from the time the Assembly accepted the amendment of the Council. "May" proceeded to state: “In 1678, it was stated by the Commons at a Conference, 'that it is contrary to the constant method and proceedings in Parliament to strike out anything in a Bill which hath been fully agreed and passed by both houses.' Although that was several centuries old, he thought we could subscribe to the high constitutional reasons which underlie it. “And in allowing consequential amendments, either by way of the Bill, or in the amendments, the spirit of the rule is still maintained. So 'binding, indeed, has it been held that in 1850, a serious oversight, as to the commencement of the Act, having been discovered in the Pirates' Head Money Bill, before the Lords' amendment had been agreed to, no attempt was made to correct it by way of amendment, but a separate Act was passed for the purpose." Clearly construing the procedure as laid down by "May," he should say that there was no necessity by which a Free Conference could bring in new matter. But,
But, looking at the whole subject in the light of the approaching close of the Session, and the Message he had received from the Legislative Council showing that that House had practically unanimously agreed to the resolutions adopted by the Free Conference as set forth in the Report of the Managers, together with the fact that it was obvious that there was a unanimous desire to have this Bill passed into law as soon as possible, it would be a technical waste of time if he were to compel the Government to bring in a short Bill to fix the date. Viewing the whole matter in the light of the exceptional circumstances, he considered that the Report of the Managers of the Free Conference might be fully dealt with by Committee of the Whole, but he desired to make it clearly understood that this was not to be regarded as a precedent.

On motion of Mr. D. R. Hall, Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole accordingly.

Mr. Speaker resumed the Chair; and the Chairman reported progress, and obtained leave to sit again at a later hour of the day.

Mr. Speaker,—

The Legislative Council having had under consideration the Legislative Assembly's Message, dated 21st November, 1916, in reference to the Government Railways (Amendment) Bill,—

...
Does not insist upon its amendment in clause 9, page 5, which omits lines 1 to 15 inclusive, but proposes to amend the clause by the omission of the words "for presentation to Parliament" at the end of the first and second paragraphs on page 5, because the responsibility of presenting records of such disagreement to Parliament should be a matter for Ministers, who will consider whether the public interest will be served thereby, and who will accept such responsibility and be answerable therefor.

Insists upon its amendment which omits clause 20,—because under the existing law and by virtue of contract and arrangement made with the railway officers concerned, they are entitled to a gratuity under the Public Service Act, their contributions to the Public Service Fund have been held for very many years by the Government or the Trustees of that Fund, and an avoidance of the liability will be a breach of good faith.

And the Council requests the concurrence of the Legislative Assembly in such further amendments.

Agrees to the Assembly's amendment upon the Council's amendment in clause 23.

And does not insist upon its other amendments disagreed to by the Assembly in this Bill.

Mr. Speaker said there were a number of decisions of his predecessor, the late Mr. McCourt, that it was out of order to anticipate discussion which might take place in Committee of Supply and Ways and Means. He therefore ruled the motion in order.

Debate ensued.

(7.) Why was the Burrell Engineering Company who furnished a report on bulk-handling of wheat in 1915, not asked to furnish plans if competition was invited; why was their report thrown over when Metcalfe appeared on the scene; is it a fact that the Burrell Engineering and Construction Company is a bigger firm of elevator constructors than J. S. Metcalfe & Co.?

GENERAL
1. Special Tax to provide Endowment to Families; resumption of the adjourned Debate, on the motion of Dr. Arthur, "That, in the opinion of this House,—
   "(1.) The welfare and proper development of the children should be of supreme importance to the State.
   "(2.) The principle of equal payment to all workers engaged in the same occupation, irrespective of their conjugal and family conditions, though economically sound, discourages and penalises marriage, leads to the restriction of the birthrate, and is detrimental to the physical well-being of children the members of large families.
   "(3.) For the good of the general community and the future generation, it would be equitable to compel those citizens who have no dependents, or only small families, to contribute to the maintenance of larger families.
   "(4.) To offset this a special income tax should be imposed on all net incomes of over £2 a week, single persons to pay double the tax that married persons do.
   "(5.) From the revenues so obtained an endowment should be paid to the mother of every child after the first until the age of 14 years.
   "(6.) Such a system of endowment should not be taken into account in determining the minimum wage in any industry for a man with wife and two children."

2. Claims of Samuel Alfred Hutchinson; resumption of the adjourned Debate, on the motion of Mr. Thomas Brown,—
   "(1.) That a Select Committee be appointed to inquire into and report upon the claims of Samuel Alfred Hutchinson, respecting 15 acres of land, part of portion 7, parish Baratta, county of Cunningah, under section 11 of the Mining on Private Lands Act of 1896.
   "(2.) That such Committee consist of Mr. Estell, Mr. Eden, Mr. Thomas, Mr. Nicholson, Mr. Stuart-Robertson, Mr. Dooley, Mr. Henley, Mr. Price, and the Mover.
   "(3.) That the Minutes of Proceedings and Evidence of the Select Committees of Sessions 1911 and 1911-12, and the Report from the Select Committee of Session 1912, together with the Proceedings of the Committee and Minutes of Evidence, be referred to such Committee."

3. Glebe Wharfe Lands Bill; to be further considered in Committee. [Mr. Keegan.]

4. Statue or Monument to perpetuate the Triumph of our Liberties; resumption of the adjourned Debate, on the motion of Mr. John Storey,—
   "(1.) That, as it is clear the time is fast approaching when the flag of victory will fly from the ramparts of the nation, the Government should take steps to add to the beauties of our harbour a statue or monument to serve as a palladium perpetuating the triumph of our liberties.
   "(2.) That such structure should have inscribed thereon the name or symbol of the nations constituting our allies, also the names of the brave manhood of Australia that fell in the cause of freedom."

5. Case of Thomas McDonnell and Edward O'Donnell; resumption of the adjourned Debate, on the motion of Mr. John Storey,—
   "(1.) That a Select Committee be appointed to inquire into and report upon the case of Thomas McDonnell and Edward O'Donnell, who were recently dismissed from the Police Force for having assaulted J. E. Chinnery, and for which alleged offence they were sentenced to a term of imprisonment.

   "Upon which Mr. Price had moved, That the Question be amended by inserting after the word "by-laws" the figures "5, 7, 11, 12, 18, and 31.""

NOTICES OF MOTIONS:—

1. Mr. Cusack to move, That, in the opinion of this House, in order to preserve inviolate the democratic will of the people as expressed through the ballot-box, legislation should be introduced to secure—(1) the abolition of all political organisations or executives that constitute themselves the masters, and the Members of the Legislative Assembly the servants, of such bodies, except where such organisation or executive is composed entirely of constituents of the Member it seeks to control; (2) that the Electoral Act be amended to provide that members of political organisations or executives be rendered ineligible as candidates to contest vacancies that they themselves created.
