VOTES AND PROCEEDINGS OF THE LEGISLATIVE ASSEMBLY.
20th December, 1926.

2. The House shall not sit later than 6 o'clock, p.m., on each sitting day, and the proceedings on any business under consideration shall be interrupted as hereinafter provided:

(a) If the interruption be in the House the debate shall stand adjourned at 5.50, p.m., and the Speaker shall call upon the Member in charge of the Business to name the date for the resumption of the debate, and the Member speaking shall have pre-audience on such resumption.

(b) If the interruption be in Committee, the Chairman at 5.45 o'clock, p.m., shall leave the Chair, report progress, and ask leave to sit again on a day fixed by the Member in charge of the business under consideration, no debate or amendment being allowed.

At the moment of interruption, motions for the adjournment of the House under Standing Order 49, or of the Debate, or in Committee that the Chairman leave the Chair, or report progress, or that a clause be postponed, shall lapse without Question put.

Provided that if, at the moment of interruption, a Division be in progress, such division shall be completed and the result announced.

3. The Speaker shall then put the question (without debate) "That this House do now adjourn."

4. Nothing in this Sessional Order shall operate to prevent the House from adjourning at an earlier hour.

Question put and passed.

S. BUSINESS DAYS—PRECEDENCE OF BUSINESS (Sessional Order)—Mr. Lang moved, without Notice—

1. "That, during the present Session, unless otherwise ordered, this House shall meet for the despatch of business at 10 o'clock, a.m., on Monday, Tuesday, Wednesday, Thursday, and Friday in each week, and Government Business only shall be dealt with.

Provided that if, at the moment of interruption, a Division be in progress, such division shall be completed and the result announced.

3. The Speaker shall then put the question (without debate) "That this House do now adjourn."

4. Nothing in this Sessional Order shall operate to prevent the House from adjourning at an earlier hour.

Mr. Burin moved, That the Question be amended by leaving out all the words after the word "That" and inserting the following words instead thereof,—

"in view of the fact that Supply was granted for four months on the definite understanding of the Premier that Parliament would be dissolved, this House regards the action of the Government in calling Parliament together for the despatch of business as a grave breach of faith, which renders the Government unworthy of the confidence of this House; and that this House further records its emphatic protest against the unconstitutional and illegal action of the Government in advising His Excellency the Governor to summon Parliament at a date prior to the expiry of the period for which Parliament was prorogued by the Proclamation of the 3rd day of December, 1920."

Question proposed, That the words proposed to be left out stand part of the Question.

Point of Order—Mr. McTiernan submitted, that the amendment was foreign to the proposal before the House, and therefore out of order.

Debate ensued.

Mr. Speaker upheld the Point of Order, and ruled the amendment out of order as irrelevant.

Debate ensued.

Mr. Baddeley moved, "That the Question be now put."
Question put,—"That the Question be now put."
The House divided.

W. S. MOWLE, 
Clerk of the Legislative Assembly. 

JAMES DOOLEY, 
Speaker.
WEDNESDAY, 22 DECEMBER, 1920.

1. The House met pursuant to adjournment. Mr. Speaker took the Chair.

PARLIAMENTARY STANDING COMMITTEE ON PUBLIC WORKS.—Mr. Frank Burke, as Chairman (in accordance with the provisions of the Public Works Act) laid upon the Table, Report, together with Minutes of Evidence relating to the proposed Railway from Hogan's Hill to Dural. Ordered to be printed.

2. PAPERS:

3. CLOSURE—ALLOCATION OF TIME FOR DISCUSSION—(STANDING ORDER 175A):
   Mr. Speaker said he had given consideration to the point raised by the Leader of the Opposition in regard to the Notice given by the Premier on Monday, 20th December, in accordance with Standing Order 175A. Honorable Members would see that there was a difference between Standing Orders 175 and 175A read together, and Standing Order 175A. Standing Orders 175 and 175A, read in conjunction, limited the application of the Closure to the last Question stated from the Chair, and, in accordance with rulings from the Chair, an Honorable Member could not be interrupted in his speech by the question "That the Question be now put." Standing Order 175A provided a method whereby every Question necessary to bring to a close any discussion might be put at a specified time either in the House or in Committee of the Whole. For the purpose of bringing the discussion to a close, a Member might be interrupted in his speech by the question "That the Question be now put." It did not follow that because the same time was fixed in the Notice for the completion of the various stages of a Bill that all the Questions must be put in the House because the Closure had been carried in Committee. If, for example, a Member desired to discuss in the House the motion that a Resolution (from Committee) be agreed to, he might do so until the Closure had been moved upon that stage, and then the carrying of thatClosure would affect every subsequent Question. When Bills were of the same kind and arising out of resolutions reported from Committee and agreed to by the House, he would hold that it was in order to give notice of the Closure for the same time in regard to the stages in the House and in Committee, as had been done in the case under consideration, but if notice had been given to closure bills of a different character at the same time, he would hold that such a notice was not in order.
4. Messages from the Governor:—The following Messages from His Excellency the Governor were delivered by the Ministers named, and read by Mr. Speaker:—

By Mr. George Cann,—

(1.) Mental Defectives Bill:—

D. R. S. de CHAIR, Governor.

Question put and passed.

Point of Order:—Mr. Levy submitted that Mr. Speaker had not announced that he had received the certificato of the Chairman of Committees as required by Standing Order No. 281.

Mr. Speaker assured the House that he had a certificate from the Chairman of Committees that the Bill was in accordance with the Bill which passed through the Committee.

Privilege:—Mr. Bavin proceeding to move, "That this House records its opinion that it is of vital importance that the provisions of Standing Order No. 281 should be strictly complied with, and that a failure to inform the House before Members are called upon to vote upon a motion for the third reading of a Bill, that the Bill is in all respects in accordance with the Bill as agreed to in Committee and as reported, is a breach of the privileges of this House."

Point of Order:—Mr. Lang submitted that the Question which had arisen was one of order, and not privilege, and that Mr. Bavin's motion was out of order.

Debate ensued.

Mr. Speaker upheld the Point of Order.

Bill read a third time.

Mr. Lazazzini moved, That the Bill be carried to the Legislative Council with the following Message:—

5. URGENCY—DISSENT FROM MR. SPEAKER'S RULING:—Mr. Levy moved, without Notice, that it is a matter of urgent necessity that this House should forthwith consider the following motion:—That so much of the Standing Orders be suspended as would preclude the discussion forthwith of the following motion:—'That this House disagrees with the action of Mr. Speaker on the 17th February, when he allowed the Police Regulation (Amendment) Bill to be read a third time before the Speaker announced to the House that he had received from the Chairman of Committees a Certificate under Standing Order 231, that the Bill was in accordance with the Bill as agreed to in Committee and reported.'

Point of Order:—Dr. Evatt drew attention to the terms of the Sessional Order which provided that Government Business only should be dealt with, unless the Sessional as well as the Standing Orders were suspended no private Member could bring business before the House. Mr. Speaker ruled that the motion was in order.

6. URGENCY.—ACTION OF THE GOVERNMENT IN REGARD TO THE FAMILY ENDOWMENT BILL.—Mr. Bavin proceeding to move, without Notice, That it is a matter of urgent necessity that this House should forthwith consider the following motion:—

"That this House records its strong disapproval of the action of the Government in forcing through this House a measure of the great importance of the Family Endowment Act, which imposes heavy burdens on the community, without adequate opportunity for discussion."

Point of Order.—Dr. Evatt asked Mr. Speaker's ruling if the motion was in order, and whether the rights and privileges of Parliament were not being abused, with the clear object of defying a Sessional Order regarding Government Business. He submitted that the leader of the Opposition was abusing the privileges of this Chamber, and asked whether Mr. Speaker had not power to stop this procedure so that the business of the Government might be proceeded with.

Debate ensued.

Mr. Speaker said he thought it was very doubtful whether the motion was not for the purpose of obstructing the business of the House. He did not think the point raised with regard to the Sessional Order was a good one, but the question of motions of this description coming up regularly and delaying the business of the House was a very serious one. He had perused the motion moved by the leader of the Opposition. One motion of urgency had already been moved—not exactly the same, but to a similar effect—and he considered that this motion was trifling with the House. He ruled the motion out of order.

7. LOCAL GOVERNMENT (AMENDMENT) BILL.—

(1.) Mr. Fitzgerald moved, pursuant to Notice, That leave be given to bring in a Bill to extend the franchise in Local Government Areas; and for this and other purposes to amend the Local Government Act, 1929, and certain other Acts; to validate certain notifications, proclamations, and certain other matters; to repeal the Municipal District of Wrightville Naming Act of 1902; and for purposes connected therewith.

WATER AND SEWERAGE RATING SYSTEM IN THE METROPOLITAN AREA.—Mr. Sanders presented a Petition from the Royal Park Progress Association, Chatswood, representing that the present method of imposing rates upon the assessed annual value of ratable property by the Metropolitan Board of Water Supply and Sewerage, is unjust and oppressive, inasmuch as it forces up and maintains rents at an excessive figure; lessens employment; promotes speculation in land, and requires inequitable guarantees from pioneer householders to obtain necessary extension of water mains; and praying for the adoption of legislation imposing rates upon the unimproved capital value of land in the same way as Municipal and Shire rates are imposed.

Government House, Sydney, 22nd February, 1927.

3. DISSENT FROM MR. SPEAKER'S RULING:—Mr. Bavill moved, pursuant to Notice, That this House dissents from the ruling of Mr. Speaker given on the 17th February last, when he ruled that the motion on the question of urgency under Standing Order No. 395, moved by Mr. Bavill, was out of order because it would have the effect of taking the business out of the hands of the Government, and that it was within the discretion of the Speaker to allow or disallow any motion to be moved under the said Standing Order.

Mr. Speaker said that his ruling given on this matter on the 17th instant was distinctly contrary to the point taken by the Honorable Member Mr. Bavill in his motion that the House should dissent from the Speaker's ruling. Nevertheless, he did not wish to rule the motion out of order.

He did not say that the Speaker had discretion to allow or disallow any motion under Standing Order 395, but he did say that he considered the motion was trifling with the House. The question to be decided was whether the Speaker should or should not have discretionary power in certain cases.

The main point was that the motion the Honorable Member moved, having reference to a question already disposed of, was distinctly out of order. The Family Endowment Bill had already passed its third reading when the Honorable Member moved his motion. It has been held that when a question has already been disposed of, not merely on the same day but even during the same session, a motion on the same question cannot be discussed, and is distinctly out of order.
He had the following ruling of Mr. Speaker Abbott on the Crown Lands Bill given in 1804 to guide him:

"A matter shall not be discussed which has already been discussed during the present session, whether upon a previous motion for adjournment, upon a distinct motion or upon an order of the day, nor upon matters under notice for discussion or standing as an order of the day, although notice or order be previously withdrawn at the same meeting."

He therefore held that that was practically a direction that a motion once disposed of at that period could not again be discussed, and he considered that he was perfectly justified in so dealing with the question and in ruling that the motion was out of order on the ground that it was trifling with the House, and dealt with a question which had already been disposed of.

Debate ensued.

   Any determination of a standard of living shall be in accordance with the provisions of section seven of the Industrial Arbitration (Amendment) Act, 1926. In any declaration of a living wage for male adult employees such living wage shall be based on a standard of living so determined and on the requirements of a man and wife without children.

Examined—

B. R. O'Connor
Chairman of Committees.

Ordered, by Mr. Speaker, That the amendments made by the Legislative Council in this Bill be taken into consideration forthwith.

(2.) The Order of the Day having been read,—On motion of Mr. Lang, Mr. Speaker left the Chair; and the House resolved itself into a Committee of the Whole, for the consideration of the amendments made by the Legislative Council in this Bill.

Mr. Speaker resumed the Chair; and the Chairman reported that the Committee had disagreed to some, and agreed to the remainder of the Council's amendments.

On motion of Mr. Lang, the Report was adopted.

Ordered, That the following Message be carried to the Legislative Council—

Mr. PRESIDENT,—The Legislative Assembly having had under consideration the Legislative Council's Message, dated 24th March, 1927, requesting the concurrence in certain amendments made by the Council in the Family Endowment Bill,—

Disagrees to the following amendments:—

Page 3, clause 3, which inserts a new paragraph after paragraph (d), as follows:—

"(e) any child of an employee working under an award made under an Act of the Parliament of the Commonwealth of Australia;" and

Page 3, clause 3, line 41, which adds a new paragraph after the word "business" as follows:—

"Employee" does not include any employee working under an award made under an Act of the Parliament of the Commonwealth of Australia;—

because as the Assembly in agreeing with the amendment on page 10, it is submitted in accordance with the opinion of the majority of the Free Conference, that the main reason for excluding employees under Federal awards and their children has been removed. If both the amendments, i.e., the amendments with respect to Federal Awards and the amendment on page 10, be retained, the result may be, that in many cases, the families of New South Wales citizens working under Federal awards, may receive less than the amount which is agreed to be necessary for their subsistence.

Page 21, clause 39, which omits all the words after the word "manner" in line 26 to the end of line 29 and inserts the words "such sum in respect of each male adult employee employed by him and such sum in respect of each female adult employee employed by him as may be fixed by Parliament in respect of adult male and adult female employees respectively;—because this amendment though it does not directly originate a tax, virtually imposes upon the Assembly the duty of originating a tax different from that contemplated in the Bill, and therefore is open to question.

Agrees to the other amendments made by the Council in the Bill.

And the Assembly requests the concurrence of the Legislative Council in its disagreements from the Council's amendments in the Bill.

Legislative Assembly Chamber,
Sydney, 24th March, 1927.

By His Excellency's Command,

JOHN T. LANG.

GOD SAVE THE KING!
NEW SOUTH WALES,
LEGISLATIVE ASSEMBLY.

BUSINESS UNDISPOSED OF AT THE CLOSE OF THE SESSION.
(PROROGED 4 APRIL, 1927.)

QUESTIONS:—

   If he will have prepared and presented to this House a statement showing:
   (1.) (a) The number of pupils presented for the last Intermediate Examination in Latin by each school in the State; (b) the number of A Passes and number of B Passes from each school; (c) percentage of passes from each school.

   (6.) Similar information as requested in Question (5) with regard to (a) other languages, (b) all other subjects that are included in the curriculum of our High Schools.
   (7.) Is he satisfied that Latin is being taught at the University in such a manner that students will gain a taste for classical literature and study?
   (8.) Is it a fact that the method employed in teaching Latin at the University is arid and imposes upon students a soul-deadening drudgery that is almost valueless?

3. Mr. ALLOTS to ask THE MINISTER FOR RAILWAYS,—
   (1.) Is it a fact that, following upon the retirement of Engineer Cowdroy and Inspector Silcocks, of the Tramway Per.-Way Department, new positions were created, such as Track Superintendent and Night Inspector, which are not justifiable; and that the persons appointed to these positions are attempting to make their positions justifiable by irritating tactics similar to those which brought about the 1917 strike?
   (2.) Will he approach the Commissioners with a view to asking them to justify these appointments?
   (3.) Is it a fact that Departmental punishment was meted out to eight employees lately, and that the appeals of all were upheld by the Appeals Board, and following upon these decisions, did not the Commissioner have the Track Superintendent brought before him and reprimanded for his conduct towards these employees?
   (4.) Is it a fact that whilst former officers have no means of conveyance the new Officers have; has the Track Superintendent a motor-car and the Night Inspector a motor cycle with side-car attached?
   (5.) Is it a fact that there is no need for a Night Inspector, because formerly the gangers were held responsible for all work performed at night?

   (7.) What are the duties of the Track Superintendent?
   (8.) Did any of the appointees fail to get his certificate as an Engineer or Draughtsman, and, if so, was he appointed to this position over the heads of officers with longer service and very good credentials, and, if so, why?
4. **Mr. Davidson** to ask **The Secretary for Public Works and Minister for Railways**—

(1.) Is it a fact that the Government bores in the far west, where the Government have previously spent a large amount of money in locating water for travelling stock, have been allowed to drift into such a state of disrepair, and have been so neglected that they have actually become useless?

(2.) Is it a fact that the stockowners are now finding it almost impossible to remove stock out of the drought affected country because they cannot procure water? Particularly does this apply to Milparinka and Wanaaring districts?

(3.) Will he have an inquiry made as to the condition of these bores, and if the facts are as stated see that they are immediately attended to?

5. **Mr. Doe** to ask **The Minister for Lands**—

In view of the fact that there are only twelve Pastures Protection Boards in the Western Division and that those wish to obtain annually copies of the Balance-sheet associated with the Wild Dog Destruction Act, which funds are almost wholly supplied by themselves and those whom they represent, will he kindly meet this reasonable request; if not, will he state what is the objection to supplying the taxpayers' representatives with this information?

6. **Mr. Lee** to ask **The Premier**—

Referring to a question without notice asked by the Honorable Member Mr. Lee on the 18th February last and his reply thereto,—

8. **Mr. O'Halloran** to ask **The Attorney-General and Acting Minister for Justice**—

(1.) Will he obtain from the Licensing Board the reasons for refusing an hotel license for Long Bay recently, and why, in view of this refusal, a license was granted some little distance further away on Burmore-road in a comparatively uninhabited area?

(2.) Will he state the ages of the men on the Licensing Board?

(3.) Is any member beyond the retiring age, and, if so, why is he retained?

(4.) Will he consider whether, when a majority of those in the area to be served by an hotel have signed the requisite petition, that the Board should be permitted to negative the will of the majority?

9. **Mr. Sanders** to ask **The Secretary for Public Works and Minister for Railways**—

(1.) What amount of money has been paid to or is due to the contractors of the North Shore Bridge as at 1st March, 1927, over and above the amount provided for in the contract?

11. **Mr. Shelton** to ask **The Minister for Railways**—

(1.) On what date was the "P" class engine put into service on the New South Wales Government Railways?

(2.) On what date were the engine and logic springs of the "P" class engines altered from laminated to spiral springs?

(3.) What was the cost per engine for such alteration?
(4.) How many times, and on what dates, has each such engine been under repairs with broken and fractured engine frames since the installation of the spiral springs?
(5.) What has been the cost to the Department, directly and indirectly, of these engines being out of service with foregoing defects?
(6.) Is it a fact that instructions have been given to revert to the use of laminated springs on “P” class engines?
(7.) If so, for what reason?

12. Mr. SKELDON to ask THE MINISTER FOR RAILWAYS,—
(1.) What was the contract price per engine and tender for the “K” class and “TF” class locomotive engines built by the Clyde Engineering Company?
(2.) What was the extra cost for alterations during the construction of these engines and tenders after the designs and specifications had been accepted by the contractors, giving details?

(12.) How many of these bogie frames have been fractured, showing the number of fractures to each bogie, the dates they were under repair, and the cost?
(13.) How many new boilers were ordered for these engines from a private contractor, and at what cost per boiler?
(14.) How many of these boilers have been put into service on the “O” class engines?
(15.) If all have not been used, what became of the balance?
(16.) Is it a fact that Sir Sam Fay and Sir V. Raven considered it a waste of money to alter these engines, and that since that expression of opinion, no more alterations have been made?

13. Mr. SKELDON to ask THE SECRETARY FOR PUBLIC WORKS AND MINISTER FOR RAILWAYS,—
(1.) Is it a fact that the carrying of pedestrian passengers by the Stockton vehicular ferry “Mildred” is restricted to a number much below that pertaining two years ago?
(2.) Is it a fact that owing to the shallow water at the ferry wharves at Stockton, only small ferry steamers can be used for passenger traffic?
(3.) Is it a fact that representations have been made on many occasions for the restrictions on number of passengers carried by the “Mildred” to be lifted to a more reasonable number?
(4.) Is it a fact that representations have been made on several occasions for the deepening of the water at the Stockton ferry wharves?
(5.) Is it a fact that all such representations have been refused?
(6.) Is it a fact that the 7,000 residents of Stockton are seriously hampered in their business and school affairs by the fact that they are prevented from traveling by the “Mildred” except in very small numbers, and by the fact that larger ferry boats cannot be put on owing to the shallowness of the ferry berths?
(7.) Will he urgently consider these matters, and arrange for the restrictions on the “Mildred” to be lifted and the deepening of the ferry berths to be carried out at once?

4. Mr. SKELDON to ask THE MINISTER FOR RAILWAYS,—
(1.) Is it a fact that at least ten 036 class engines built at Clyde for the Railway Department have had fractured boiler tube-plates necessitating repairs at Eneleigh?
(2.) Is it a fact that all 036 engines built at Clyde had to be overhauled at Eneleigh and certain alterations effected before going into traffic?
(3.) Is it a fact that all these engines break leading bogie king-pin, and in many cases need renewal of same monthly?
(4.) Is it a fact that drivers had a deputation to the Commissioners complaining of the excessive roughness of these engines when in motion?
(5.) What time has been spent by each of these engines under repairs since first received by the Railway Department, and what has been cost of repairs to each?
(6.) What relief, if any, has been provided drivers against the excessive vibration experienced?
Mr. SLEMER to ask THE MINISTER FOR RAILWAYS,—
