PAPER.—Mr. Mutch laid upon the Table the following Paper:—Amended By-laws of the University of Sydney respecting the Women's College.

Referred by Sessional Order to the Printing Committee.

URGENCY.—SUSPENSION OF STANDING ORDERS:—

(1.) Mr. Lang moved, without Notice, That it is a matter of urgent necessity that this House should forthwith consider Notice of Motion No. 1, on the Notice Paper for To-Day, respecting the Sessional Order—Business Days and Precedence of Business.

Question put. The House divided.

Ayes, 45.

Noes, 38.

And so it was resolved in the affirmative.
2. Mr. Lang moved, without Notice, That so much of the Standing Orders be suspended as would preclude the consideration forthwith of Notice of Motion No. 1, on the Notice Paper for To-day, respecting the Sessional Order—Business Days and Precedence of Business.

Question put.

The House divided.

And so it was resolved in the affirmative.

4. Business Days—Precedence of Business (Sessional Order):—Mr. Lang moved, pursuant to Notice—

1. That, during the present Session, unless otherwise ordered, this House shall meet for the dispatch of business at 10 o'clock, a.m., on Tuesday, Wednesday, Thursday, and Friday in each week. Government Business shall take precedence of Government Business on Tuesdays until 12 o'clock noon; on Wednesdays, Thursdays, and Fridays Government Business shall take precedence of General Business.

2. The House shall not sit later than 6 o'clock, p.m., on each sitting day, and the proceedings on any business under consideration shall be interrupted as hereinafter provided:

(a) If the interruption be in the House the debate shall stand adjourned at 5.50 p.m., and the Speaker shall call upon the Member in charge of the business to name the date for the resumption of the debate, and the Member speaking shall have pre-audience on such resumption.

(b) If the interruption be in Committee, the Chairman at 5.45 o'clock, p.m., shall leave the Chair, report progress, and ask leave to sit again on a day fixed by the Member in charge of the business under consideration, no debate or amendment being allowed.

At the moment of interruption, motions for the adjournment of the House under Standing Order 19, or of the Debate, or in Committee that the Chairman leave the Chair, or report progress, or that a clause be postponed, shall lapse without Question put.

Provided that if, at the moment of interruption, a Division be in progress, such division shall be completed and the result announced.

3. The Speaker shall then put the Question (without debate) "That this House do now adjourn."

4. Nothing in this Sessional Order shall operate to prevent the House from adjourning at an earlier hour.

Point of Order:—Mr. Levy, referring to the Point of Order taken on a similar motion on 27th August, 1925, submitted that this motion for the passing of a Sessional Order impinged upon the Standing Orders. The Standing Orders provided that in certain instances there should be no Debate, but when the Standing Orders were silent upon the subject it was the duty of the Speaker to exercise the discretion of the rights and privileges of the House to rule in favour of liberty of speech. This motion purporting by a Sessional Order to take away the right to speak on the motion, "That this House do now adjourn," while he admitted that this could be done by a Standing Order which received the approval of His Excellency the Governor, it could not be done by a Sessional Order which impinged upon the Standing Orders of the House.

Mr. Speaker said that nothing new had been advanced differing from the point taken by Mr. Bruce Walker on 27th August last, when he gave his decision. Since then he had had an opportunity for further consideration, and he was satisfied that his previous decision was correct. He ruled against the point of order.

Debate ensued.

Dr. Bavin moved, That the Question be now put.

Question put,—"That the Question be now put."
At the moment of interruption, motions for the adjournment of the House under Standing
Question, adjourn,"—put and passed.

And it appearing by the Tellers' Lists that the number in favour of the motion, being a majority consisted of "at least thirty Members,"—
And Mr. Levy requiring that the Resolutions be put seriatim.

Question put.

1. That, during the present Session, unless otherwise ordered, this House shall meet for the despatch of business at 10 o'clock, a.m., on Tuesday, Wednesday, Thursday, and Friday in each week. General Business shall take precedence of Government Business on Tuesdays until 12 o'clock noon; after that hour, and on Wednesdays, Thursdays, and Fridays Government Business shall take precedence of General Business. Notices of Motions and Orders of the Day of General Business shall precede the House divided on the resumption of the business under consideration, no debate or amendment being allowed.

The Speaker shall then put the Question (without debate) "That this House do now adjourn,"—put and passed.

And so it was resolved in the affirmative.

Page 14 and 15, which omits clauses 29 and 31, because these amendments are contrary to the policy of the Government.

Disagrees to the amendment in clause 7, which omits all the words in paragraph (b) from the letter and brackets “(b)” in line 14, to the word “employees” in line 27 and inserts new words instead thereof, but proposes to amend it—

(1) by leaving out from page 4, lines 19 and 20, the words “or any defined area thereof,” because it is advisable that the declarations as to the living wage shall have State-wide application, instead of for sections of the State. The practice of declaring different rates for separate areas has been abandoned.
STATEMENT OF ERROR IN DIVISIONS LIST I—Mr. Keegan drew attention to the omission of his name and is adopted from the Queensland Act, and is consistent with many Federal and State awards.

because it is reasonable to vest the commission with discretion to reconsider the standard of living as well as the living wage;

(3) by leaving out in line 37 the words "and shall" and inserting the words "the commission may" as consequential on the above.

Disagrees to the amendment in clause 16, subclause (1) which omits paragraph (ii), but proposes to amend it by inserting before the word "fixed" the words "wages so" to correct an obvious error.

Disagrees to the amendment which omits clause 18, but proposes to amend it—

(1) by leaving out from lines 34 and 35, and lines 40 and 41, the words: "or shall have applied to be admitted as a member;"

because it is the policy of the Government that preference shall be granted only to those persons who are actually members of industrial unions;

(2) by inserting after the word "Act" on page 11, line 3, the words— provided, however, that the court or board may exempt the Australasian Conference "Association, Limited, from any award made under this section, with respect to any of its employees who are adherents to the denomination of Seventh-day "Adventists,"

because preference to unionists is the policy of the Government, but it is considered reasonable to respect the teachings of this religious body, whose employees are students in training for religious work, and not employees in the general sense of the term.

Disagrees to the amendment which omits paragraph (i) of clause 24, but proposes to amend it by leaving out the paragraph and inserting the following words to stand as paragraph (i)—

(1) by adding at the end of subsection one the words:— Any officer of an industrial "union of employees authorised in writing by the President and Secretary of such union shall have the right to enter any place or premises or any ship or vessel of any kind whatsoever, wherein members of such union or persons in the same calling as such members are engaged, for the purpose of conversing with or interviewing the employees in such place, premises, ship or vessel; Provided that such officers shall not wilfully hamper or hinder the employees during their working time, and may interview any employee or converse with them any lunch hour or non-working time.

(2) by leaving out from lines 34 and 35, and lines 40 and 41, the words: "or shall have applied to he admitted as a member,"

because, as a matter of policy, the Government considers that the employees should have a more ready method of getting particular information as to employees’ working conditions, and the original clause in the Bill provided that method. The alternative proposal now provided by the amendment is adopted from the Queensland Act, and is consistent with many Federal and State awards.

Disagrees to the amendment which omits clause 30, but proposes to amend it by inserting after the word "unions" in line 30, the words "of employees" to correct an obvious error.

Disagrees to the amendment on pages 16, 17, 18, and 19 which omits the Schedule, but proposes to amend it—

(1) by leaving out from page 16, line 50, the words "Cutters and Trimmers Union of New South Wales";

because this union does not now exist:

(2) by leaving out from page 17, lines 21 and 22, the words "Federated Furnishing Trade Society of Australasia, New South Wales Branch, Sydney, No. 1," and inserting the words "The Furnishing Trades Society of New South Wales";

and

(3) by leaving out from page 18, line 22, the words "New South Wales Association of Operative Plasterers"; and inserting the words "Operative Plasterers Federation of Australia, New South Wales Branch";

because the names of these unions have been changed.

Proposes to further amend the Bill as follows—

Page 3, clause 6, subclause (6), line 36, by inserting after the word "Commissioner" the words "Deputy Commissioner" to correct an obvious omission; the Deputy Commissioner should take the oath of office as well as the Commissioner.

Agrees to the other amendments made by the Council in the Bill.

And the Assembly requests the concurrence of the Legislative Council in its disagreements from and amendments upon the Council's amendments, and in its consequential and further amendment in the Bill.

Legislative Assembly Chamber, Sydney, 17th February, 1926.

6. STATEMENT OF ERROR IN DIVISIONS LIST—Mr. Keegan drew attention to the omission of his name from the Ayes in the Division List in Committee of the Whole on the Question, "That the Committee disagree from the Legislative Council's amendment omitting the Schedule of the Industrial Arbitration (Amendment) Bill, and stated that he was present in the Division.

Mr. Speaker directed that Mr. Keegan's statement be entered in the Votes and Proceedings.

Method of voting on postal ballot-papers, or absent voters' ballot-papers.

An elector shall record his vote on a postal ballot-paper or an absent voter's ballot-paper by writing opposite the square containing the figure 1 the name of the candidate for whom he desires to give his first preference vote.

The elector may, if he so desires, give contingent votes for all or any of the remaining candidates by writing opposite the squares containing the figures 2, 3, 4, and so on, the names of the respective candidates, to indicate in numerical sequence the order of his preference.

**SCHEDULE EIGHTEEN.**

Method of counting votes.

(a) The Returning Officer shall count the total number of first preference votes given for each candidate.

(b) The candidate who has received the largest number of first preference votes shall, if that number constitutes an absolute majority of votes, be elected.

(c) If no candidate has received an absolute majority of first preference votes the Returning Officer shall make a second count.

(d) On the second count the candidate who has received the fewest first preference votes shall be excluded, and each unexhausted ballot-paper counted to him shall be counted to the candidate next in order of the voter's preference.

(e) If a candidate then has an absolute majority of votes he shall be declared elected, but if no candidate then has an absolute majority of votes, the process of excluding the candidate who has the fewest votes and counting each of his unexhausted ballot-papers to the continuing candidate next in the order of the voter's preference shall be repeated by the Returning Officer until one candidate has received an absolute majority of votes.
(6) The candidate who has received an absolute majority of votes shall be declared elected.

2. In the process of counting, exhausted ballot-papers shall be set aside as finally dealt with, and shall thenceforth not be taken into account in ascertaining the result of the poll.

3. (a) When a candidate is excluded, each ballot-paper counted to him shall be deemed to be exhausted if there is not indicated upon it a next preference for one continuing candidate.

(b) Next preference in the last preceding sub-paragraph includes the first of the subsequent preferences marked on the ballot-paper which is not given to an excluded candidate.

Provided that where there is a break in the consecutive numbering of preferences marked on a ballot-paper, only those preferences preceding the break shall be taken into account.

4. In this Schedule 'continuing candidate' means a candidate not already excluded from the count.

5. If any count two or more candidates have an equal number of votes, and one of them has to be excluded, the Returning Officer shall decide by lot which shall be excluded.

6. In this Schedule an absolute majority of votes means a greater number than one-half of the whole number of ballot-papers other than informal and exhausted ballot-papers. The casting vote of the Returning Officer, given in pursuance of subsection two of section one hundred and twenty-six of this Act, shall be included in reckoning an absolute majority of votes.

Regulations made under this Act may prescribe the methods by which the enrolment of such inmates shall be carried out.

BUSINESS UNDISPOSED OF AT THE CLOSE OF THE SESSION.

(Proregular 25 March, 1926.)

QUESTIONS:

1. Mr. ARKINS to ask THE SECRETARY FOR PUBLIC WORKS AND MINISTER FOR RAILWAYS,—
   (1.) What is the approximate cost per year for the past five years and the true cost for the past six months for replacements and repairs to axles, bearings, fractured horn cheeks, fractured engine frames, brasses and pads on engines and rolling stock under the control of the Commissioner?
   (2.) Also, what is the approximate cost caused through express and mail trains not running to schedule time as a result of hot-boxes?
   (3.) What is the approximate cost and loss to the Department by reason of engines being taken out of running through troubles directly or indirectly connected with the above faults (lubrication)?
   (4.) Is it not a fact that the latest type of engine (C 36 class) has had several major and minor troubles in this direction, what were they, and what was done to adjust and rectify troubles?
   (5.) Is it not a fact that a railway engineer of long service has invented a lubricating system which enormously overcomes the above trouble?
   (6.) Has this patent been tried and found satisfactory on engines No. 3230 and 3244 of the P class; Nos. 5173 and 5272 T class, and that they have run a minimum of 150,000 miles with every satisfaction?
   (7.) Also, has this lubrication system been tried and found satisfactory on the C 36 class engine?
   (8.) Is it not a fact that W. S. Roberts (the inventor) has had his invention under the review of the Department for fifteen months, for a full test in every possible way?
   (9.) As the tests have apparently proved satisfactory, what is the cause of delay, and as the inventor is an old servant of thirty-seven years' service with the Department, and as such invention would prove an enormous saving to the State, will the Department in all fairness make a definite statement for or against the invention?

2. Mr. BENNETT to ask THE MINISTER FOR EDUCATION,—
   (1.) How many 3B teachers are in charge of 5th Class schools?
   (2.) How many of these have over twenty-two years' service?
   (3.) How many 3A teachers are in charge of 5th Class schools?
   (4.) How many of these have over twenty-two years' service?
   (5.) How many of these were promoted to 5th Class schools during the last five years?
   (6.) How many 2B teachers are in charge of 6th Class schools?
   (7.) How many of these have over twenty-one years' service?
   (8.) How many of these were promoted to 5th Class schools during the last four years?
   (9.) How many 2A teachers are in charge of 6th Class schools?
   (10.) How many of these have over twenty-two years' service?

3. Mr. CAHILL to ask THE MINISTER FOR PUBLIC HEALTH,—
   (1.) Has his attention been drawn to the report of Dr. Emiliani Checconi, which was presented to the first International Malarial Congress held at Rome in October, 1926, dealing with the experiments carried out on 4,250 malarial patients by 600 physicians, which show that excellent and satisfactory results had been obtained in 4,070 cases (95 per cent.) by the Smalarini Cremonese method of treatment?
   (2.) In view of the many returned soldiers in the State at present suffering with malaria, and also of the extent to which malaria is prevalent in Australia, will he make arrangements for tests of the Smalarini Cremonese treatment to be carried out with the object of affording relief to malaria sufferers in the State?
4. Mr. Drummond to ask The Premier,—
(1.) Is it a fact that, on 19th January, the Premier stated, in reply to the question asked by the Honorable Member, Mr. Drummond, whether he had received a request from the New England Labour Council to redeem his promise to construct the Guyra Inverell Railway, and if he proposed to refer the proposal to the Works Committee that Session; his reply to the New England Labour Council was awaiting his signature and that a copy would be sent on to the Honorable Member, Mr. Drummond. If so, as no letter has reached the Honorable Member, Mr. Drummond, will he inform the House whether the letter is still awaiting his signature?
(2.) If not, or in any case, is it the settled policy of the Premier to deny to the House information on public affairs, which he makes available to outside bodies?

5. Sir George Fuller to ask The Premier,—
(1.) Has the Government come to a decision in regard to the Migration Agreement?
(2.) If so, will the Premier inform the House what it is?

6. Mr. Hill to ask The Minister of Justice,—
(1.) Has his attention been drawn to the Annual Report of the Police Department which was laid upon the Table yesterday?
(2.) Is it a fact that the Report states there is a large increase of crime, particularly among young people?
(3.) Is he aware that the Honorable Member, Mr. Hill, has drawn attention to this increase of crime on several occasions?
(4.) In view of the Police Report does he not recognise that the Annual Report of the Prisons Department was, and is, a most misleading document?
(5.) In view of the increase of crime among young people, will he obtain a special report on all prisoners under 21 years, convicted last year, showing whether they are Australian-born, if educated, and to what extent; also stating whether educated at Public Schools?

7. Mr. Kilpatrick to ask The Minister for Local Government,—
Will he give instructions to the Local Government bodies that preference should be given to Australian-made Bowers, which have been proved to be superior to the imported, with the view of giving continuity of employment to our Australian workers?

8. Mr. Kilpatrick to ask The Minister for Justice,—
Alteration of Hours for Trading in Hotels:
In view of the promise made by the Holman Government when they reduced the hours of trading during the Great War, will he give consideration as to an alteration of hours from 8 to 8 as a public convenience instead of 6 to 6 as now existing?

9. Mr. Lee to ask The Minister for Education,—
(1.) In reference to the statement of the Minister in the House on 22nd December, 1925, that his Department regards Mr. S. D. Alldis' translation of selections from Catullus as one of the most excellent text-books on the subject,—(i) Who are the Departmental experts whose judgment in a matter of Latin scholarship the Minister has preferred to that of the Professor of Latin at Sydney University? (ii) Which, if any of these Departmental experts obtained a University degree with (a) First-class Honours in Latin; (b) Second-class Honours in Latin; (c) Third-class Honours in Latin? Did the Director of Education, on or before 3rd April, 1923, write to Mr. Alldis expressing the Department's official disapproval of either of his Catullus or of any other of his publications; if so, what has happened meanwhile to cause the Department to change its opinion?
(2.) In reference to the statement of the Minister in the House on 21st January, 1926, that Mr. S. D. Alldis' translation of selections from Catullus is being used in the schools of his Department with the knowledge and approval of the Department, is it a fact that all sound educational opinion condemns the use of translations by school children, and that accordingly the official sanction of the use of Mr. Alldis' " crib " to Catullus in the State High Schools of New South Wales is likely to bring those schools into contempt?
(3.) Will he explain why, and for what purpose, a translation of Latin poems which have not been set for any examination since 1923, and do not form a part of the school curriculum, is nevertheless used now with official approval in the schools of his Department?
(4.) Will he furnish a list of the Departmental schools in which Mr. Alldis' translation is now being used?
(5.) Will he name some of the "great number" of Latin scholars in this State who, as he has informed the House, do not share Professor Todd's opinion of Mr. Alldis' book?
(6.) Will he state whether these numerous scholars are willing to stake their professional reputations on their denial that Mr. Alldis' book is a bad book?
(7.) Will he state whether his Department sanctions the use of translations generally or only of Mr. Alldis' translation?

10. Mr. Levy to ask The Minister for Education,—
(1.) In reference to the statement of the Minister in the House on 22nd December, 1925, that his Department regards Mr. S. D. Alldis' translation of selections from Catullus as one of the most excellent text-books on the subject,—(i) Who are the Departmental experts whose judgment in a matter of Latin scholarship the Minister has preferred to that of the Professor of Latin at Sydney University? (ii) Which, if any of these Departmental experts obtained a University degree with (a) First-class Honours in Latin; (b) Second-class Honours in Latin; (c) Third-class Honours in Latin? Did the Director of Education, on or before 3rd April, 1923, write to Mr. Alldis expressing the Department's official disapproval of either of his Catullus or of any other of his publications; if so, what has happened meanwhile to cause the Department to change its opinion?
(2.) In reference to the statement of the Minister in the House on 21st January, 1926, that Mr. S. D. Alldis' translation of selections from Catullus is being used in the schools of his Department with the knowledge and approval of the Department, is it a fact that all sound educational opinion condemns the use of translations by school children, and that accordingly the official sanction of the use of Mr. Alldis' " crib " to Catullus in the State High Schools of New South Wales is likely to bring those schools into contempt?
(3.) Will he explain why, and for what purpose, a translation of Latin poems which have not been set for any examination since 1923, and do not form a part of the school curriculum, is nevertheless used now with official approval in the schools of his Department?
(4.) Will he furnish a list of the Departmental schools in which Mr. Alldis' translation is now being used?
(5.) Will he name some of the "great number" of Latin scholars in this State who, as he has informed the House, do not share Professor Todd's opinion of Mr. Alldis' book?
(6.) Will he state whether these numerous scholars are willing to stake their professional reputations on their denial that Mr. Alldis' book is a bad book?
(7.) Will he state whether his Department sanctions the use of translations generally or only of Mr. Alldis' translation?
12. Mr. D. Murray to ask The Minister for Railways,—
(1.) Has his attention been drawn to the statement made re increase in price of meals at Railway Refreshment-rooms by the manager, Mr. Hunt, and that it was on account of the granting of forty-four hours?
(2.) Is it a fact that the refreshment bar, which supplies liquor and light ales, has not passed on the increase? Is this considered a luxury?
(3.) Is it a fact that the same hours worked in the refreshment bars, viz. forty-four, are in operation in luncheon rooms, and no increase passed on to general public?
(4.) Is it further a fact that the profits for last year were in or about £70,000?
(5.) Will he ascertain if the statement is true that a manager and his wife at some stations, in the lower grade, are paid less than basic wage for keep of both persons?
(6.) Will he take steps to ascertain the number of employees at each refreshment-room in control of the Commissioners prior to the introduction of forty-four hours, and the number of extra hands that each room controlled by the Commissioners has since the alteration of hours to forty-four?
(7.) Will he take steps to separate the management of refreshment rooms from that of the estate agency, so as to allow of the management of this important department in the interest of the general public?

13. Mr. Sanders to ask The Secretary for Public Works,—
(1.) Is it a fact that the employees of the State Brick Works are asking for increased wages, and also unreasonable conditions?
(2.) Is it also a fact that those employees now enjoy pay and conditions equaling those existing in like industries privately owned?

14. Mr. Sanders to ask The Minister for Railways,—
(1.) Is it a fact that sand boxes on the railway engines at Milson's Point are seldom filled and five out of every ten trains have great difficulty in negotiating the big climb out of the station?
(2.) Will he ask the Commissioners to issue instructions to engine-drivers to stop the unnecessary opening of the drain cocks during shunting operations, especially after business hours at night?
(3.) Is it a fact that the shunting of coal trucks could take place long before midnight, considering there are only about six trucks in all to be dealt with, which at the present time frequently take two to three hours to weed out from among the engines after business hours?
(4.) Will he ask the Commissioners to issue instructions for the immediate cessation of this noise, so that residents of the locality may obtain sleep at night?
(5.) Is it a fact that the residential area of this locality is seriously affected owing to these unnecessary and unbearable noises?

15. Mr. Thorby to ask The Minister for Agriculture,—
(1.) Is it a fact that a large quantity of various classes of steelwork has been lying in heaps in the weather adjacent to country wheat silos for some years?
(2.) If so, will he inform the House if it is the Government's intention to use this steelwork for the purpose for which it was intended?
(3.) Also, is it a fact that the amount of bar steel at these silos is gradually growing less through theft?
(4.) Furthermore, if it is not the intention of the Government to use the said material, will he have it placed where it will not be stolen?

16. Mr. Thorby to ask The Colonial Treasurer,—
(1.) Is it a fact that in the June Quarter of 1925, New South Wales issued £1,200,000 of 6 per cent. Securities at £98 10s.?
(2.) If so, why was the stock issued at £98 10s. seeing that a Commonwealth 6 per cent. loan issued at £99 had just previously been over-subscribed and closed before the intended closing date?
(3.) Why was £1,773,000 of 6 per cent. New South Wales ten-year Stock issued in July, 1925, at such a low price as £98 10s., seeing that according to the weekly reports of the Melbourne Stock Exchange, the net market price of 6 per cent. Commonwealth ten-year Securities ranged from £103 10s. to £105 1s. during July, 1925?
(4.) Was the yield to the investor of this £1,773,000 equal to 6% 4s. per cent., as compared with 5½ per cent. paid by the Commonwealth on the War Conversion Loan issued during the same month?

17. Mr. Thorby to ask The Colonial Secretary,—
(1.) Is it a fact that a number of persons are carrying on business in New South Wales, principally in Sydney, as private detectives?
(2.) Is it also a fact that some of the persons referred to are of bad character?
(3.) Will he call for a report from the Inspector-General of Police as to the (a) number of such persons carrying on business in Sydney as "Private Detectives"; (b) the character of such persons generally; (c) the desirability of passing legislation or regulations to prevent unauthorised persons using the word detective in any form whatever?
GENERAL BUSINESS—NOTICES OF MOTIONS:

1. Mr. Levy to move, That the refusal of the Minister for Education to answer Question No. 1 on the Business Paper, in reference to Latin text-book, published by Mr. S. D. Alldin, B.A., is a violation of the well-recognised obligation of Ministers of the Crown to give information on Departmental matters under their control, and is worthy of the censure of the House.

2. Mr. Bavin to move, That the Government, by its action with regard to the Legislative Council and by the methods adopted for the passage of legislation, has forfeited the confidence of this House.

3. Mr. Stuart-Robertson to move, That the Report from the Select Committee on the case of Alfred Edward Short, tram-guard, deceased, brought up on the 13th December, 1925, be now adopted.

GOVERNMENT BUSINESS—ORDERS OF THE DAY:
