Speaker.
VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

THURSDAY, 9 DECEMBER, 1858.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Papers:—Mr. Cowper laid upon the Table the undermentioned Papers:

(1) Immigration Agent's Report on Immigration for the years 1856 and 1857.

(2) Correspondence relating to the appointment of a Board of Visitors for the Observatory.

Ordered to be printed.

2. Crown Lands Alienation in certain cases Bill:—Mr. Robertson having presented this Bill, moved, pro forma, that this Bill be now read a first time.

Debate ensued.

And the Speaker explaining that the motion was one which is made, unopposed, on like occasions in the House of Commons, in assertion of its right to deliberate without reference to the immediate causes of Summons,—

Question put and passed;—

And Bill, intituled, "A Bill to authorise the granting of Crown Lands for public purposes and the alienation and sale in certain cases of Crown Lands otherwise than at Auction, and also to prevent the unauthorized occupation of Crown Lands, and to alter in certain respects the regulations relating thereto,"—read a first time.

Mr. Robertson then moved, That the Bill be printed, and that its second reading stand an Order of the Day for to-morrow.

Debate ensued,—

And the Speaker explaining that the motion was one of form merely,—

Question put and passed.

3. Question of Privilege:—Mr. Forster adverting to the interruption given, on the day of the last prorogation, to his motion in reference to the Crown Law Officers as Cabinet Ministers, by the Speaker's immediate compliance with the summons, delivered by the Usher of the Black Rod, to attend the Governor General in the Legislative Council Chamber,—and adverting also to the Speaker's Speech in that Chamber, upon presenting to the Governor General, for the Royal Assent, the Appropriation Bill for 1857-8, in which speech, he said, opinions were expressed which this House had no opportunity of questioning, supposing them to be questionable,—

The Speaker said that if Honorable Members would look into the practice of Parliament, they would find, that when the Usher of the Black Rod knocks at the door of the House of Commons he is immediately let in, without any notice given by the Sergeant-at-Arms to the House, or any question put for his admission, and as soon as he knocks all other business, of what kind soever, immediately ceases, the doors are opened, and when he has delivered his message, the Speaker and the House go, without debate or delay, to attend the Queen in the House of Lords,—

And as the first section of the Standing Orders binds this House, in otherwise unprovided cases, to the observance of the rules, forms, and usages of the Imperial Parliament, so far as they can be applied to its proceedings,—he had simply complied with this Standing Order, as it had been complied with by him on all previous occasions of a like nature;—

And as regarded his speech on presenting to the Governor General, for the Royal Assent, the Appropriation Bill for 1857-8, he had, in like manner, merely conformed to a practice of the Imperial Parliament, and enumerated the chief measures of the Session, but if it should be found he had given expression to opinions, contrary to his intention, and these opinions had not the concurrence of the House, then he was responsible for them to the House in the present Session.

4. The Governor General's Opening Speech:—The Speaker reported that this House had yesterday attended His Excellency the Governor General in the Legislative C
Chamber, where His Excellency delivered an Opening Speech to both Houses of Parliament, of which, for greater accuracy, he had obtained a copy, which he then read to the House at length, as follows:

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND  
GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

I am sensible that your attendance upon Parliamentary duties at the present time must seriously interfere with the attention which you desire to give to your private business, and the recreation which you require after a Session of unprecedented duration and labour, and I therefore regret that the exigencies of the Public Service compel me after so short an interval again to call you together. It is, however, of paramount importance that the Supplies for the year 1859 should be voted previously to its commencement, in order that the expenditure of the Public Revenues may be made according to Constitutional principles.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

The Estimates of Expenditure for 1859 shall be laid before you forthwith. The time allowed for their preparation has been very limited, and any measure of general departmental reform was, under the circumstances, impossible; I trust, however, you will find that economy has not been overlooked. Some reductions have been made, and wherever additions are proposed, with a view to increase the efficiency of the Public Service, the expenditure is estimated at the lowest possible rate.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND  
GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

Conceiving it to be expedient and right that all further Legislation should be confined to the Parliament which will be convened under the Electoral Act recently passed, it is not my intention to submit to you any measure whatever which shall in the least degree interfere with the great Constitutional object for which I have called you together, and the accomplishment of which I now confidently commit to your discretion.

Mr. Hart then moved, and Mr. Rotton seconded the motion,—

(1) That a Select Committee be appointed to prepare an Address in reply to the Speech delivered by His Excellency the Governor General on opening the present Session of the Parliament of New South Wales.

(2) That such Committee consist of the following Members, viz. :—Mr. Jones, Mr. Flood, Mr. Byrnes, Mr. Piddington, Mr. Arnold, Mr. Owen, and the Mover and Seconder.

And Mr. Plunkett having required that the Committee be appointed by Ballot,—

Question (1)—That a Select Committee be appointed to prepare an Address in reply to the Speech delivered by His Excellency the Governor General on opening the present Session of the Parliament of New South Wales.—put and passed.

Whereupon the House proceeded to the Ballot, and the Speaker declared the following Members to be, with the Mover, the Committee duly appointed, viz. :—Mr. Piddington, Mr. Jones, Mr. Byrnes, Mr. Flood, Mr. Owen, Mr. Arnold, and Mr. Rotton.

The Committee then retired to prepare the Address,—

And Mr. Hart having brought up the Address prepared by the Committee, the same was read by the Clerk, on motion of Mr. Hart, as follows —

"To His Excellency Sir William Thomas Denison, Knight Commander of the
"Most Honorable Order of the Bath, Governor General in and over all Her
"Majesty's Colonies of New South Wales, Tasmania, Victoria, South
"Australia, and Western Australia; and Captain-General and Governor-in
"Chief of the Territory of New South Wales and its Dependencies, and Vice-
"Admiral of the same.

"MAY IT PLEASE YOUR EXCELLENCY :—

"We, Your Majesty's loyal and dutiful Subjects, the Members of the
"Legislative Assembly of New South Wales, in Parliament assembled, desire to
"express to Your Excellency our affection and loyalty to the Person and Govern-
"ment of our Most Gracious Sovereign; and to offer our respectful thanks for Your
"Excellency's Speech to this Assembly.

"We agree with your Excellency that it is a matter of deep importance that
"the Public Revenues should not be expended without the sanction of Parliament,
"and we are therefore prepared cheerfully to undertake the duty of considering
"the Estimates for 1859, notwithstanding the personal inconvenience which must
"result from attendance at this particular period of the year, and after so arduous
"a Session.

"In considering the Estimates, we shall be influenced by a due regard to
"economy on the one hand, and to the efficiency of the public service on the
"other.

"We cordially concur with your Excellency in the opinion that, as the law
"for introducing Electoral Reform is now in force, it will be desirable that all
"further legislation, should, as far as practicable, be entrusted to the Parliament to
"be called together under that Act."

Mr. Hart then moved, That the Address in reply to the Governor General's opening Speech, as read by the Clerk, be now adopted by this House.

Debate ensued.
Question put and passed,—

Whereupon Mr. Cowper acquainted the House that he had ascertained it to be the pleasure of the Governor General to receive their Address at Government House to-morrow, at three o'clock.

5. Committee of Elections and Qualifications:—The Speaker, pursuant to the requirement of the Electoral Act of 1851, laid upon the Table his Warrant appointing the Committee of Elections and Qualifications for the present Session, of which the following is a copy:—

"LEGISLATIVE ASSEMBLY.

"By the Honorable the Speaker of the Legislative Assembly of New South Wales.

DANIEL COOPER,
Speaker
The House met pursuant to adjournment; the Speaker took the Chair.

State Aid to Religion:—Mr. Plunkett having presented a Petition from certain Members of the Hebrew Faith, praying the House to favorably reconsider its Vote on the Resolution for Supplementing Schedule C to Schedule (1) of the Act of the Imperial Parliament, 18 and 19 Vict., Cap. 54,— And moved, That the Petition be received.—

And the Speaker stating his opinion, that the Petition was in the nature of a Petition for a grant of Public Money, and ought not to be received if the twenty-fourth Section of the Standing Orders was to be observed,—

And a Debate arising thereupon,—

And several Members desiring the Speaker to rule authoritatively in the matter,—

The Speaker said, that as the case was both new and important, and as it was argued that this was a Petition, not for a grant of money, but for a revision of a Vote, and as his decision would probably be appealed against by those Members who so argued, he would rather the House should decide, and so establish a precedent for all similar cases in future; but he would warn the House that, if this Petition were received, it would open the door to Petitions from all persons interested in the Votes on the Estimates for all time coming, or until a precedent be established,—

And the Debate continuing,—

Mr. Arnold moved, That a Point of Order having arisen as to the reception of this Petition, the Speaker be called upon to decide whether the Question for its reception is or is not in Order,—

And the Speaker stating that he had already given his opinion, and that, it remained for the House itself, if not satisfied with that opinion, to declare what shall be the practice in like cases in future—put the Question, That this Petition be received.

The House divided,—

And Mr. Donaldson taking his place with the Ayes,—

Mr. Jones claimed to have the Vote of Mr. Donaldson reckoned with the Noes; on the ground that when the Speaker declared his opinion that the Ayes had it, Mr. Donaldson called out "Divide," and had thus, by disputing the Speaker's opinion, virtually given his voice with the Noes,—

And Mr. Donaldson admitting that he had called out "Divide,"—

The Speaker, referring to such Precedents, in which it is said to be a very unpatriotic proceeding to divide the House for the sake of a division, ordered the vote of Mr. Donaldson to be counted with the Noes,—

Whereupon the Tellers reported the numbers as follows:—

Ayes, 18.

Mr. Jones, Mr. Gordon, Mr. Thornton, Mr. Weedon, Mr. Farr, Mr. Fawcett, Mr. Denison, Mr. Jenkins, Mr. Plunkett, Mr. Wild, Mr. Flood, Mr. Marks, Mr. Forster, Mr. Hart, Mr. W. Macnally, Mr. Egion, Mr. Oakes, Mr. Arnold, Mr. Robertson.

Noes, 7.

Mr. Cowper, Mr. Dalby, Dr. Alderson, Mr. G. Campbell, Mr. Donaldson, Mr. Piddington, } Tellers.

Mr. Jenkins.

Whereupon the Speaker left the Chair, and the House resolved itself into a Committee of the whole accordingly.

The Chairman reported that a point of Order had arisen in the Committee, and obtained leave to sit again so soon as the point of Order should be decided by the House.

The Chairman then stated the point of Order, as follows:—

On going into Committee under certain Instructions, the Colonial Secretary moved, That the Item to which those Instructions referred be withdrawn.

Mr. Martin moved, as an Amendment, the Item as found in the Estimates;—Upon which the Chairman ruled that the proposed Amendment could not be entertained until the motion for withdrawal of the Item should be first disposed of, and gave it as his opinion further, that it was not competent for a private Member to make the proposed motion, as the recommendation of the Crown acquired vitality by motion only of a Responsible Minister of the Crown,—

And a Debate arising thereupon,—

The Speaker ruled that the Chairman's view of the matter was the correct one. The motion for withdrawal must be decided before any other, because its object was the discontinuance of a burden on the people, whilst the Item on the Estimates recommended by the Crown could only be moved by a Minister of the Crown, responsible to this House and to the country, and with whom the House would know how to deal should the course he took be contrary to the wishes of the majority.

The Committee then resumed.

The Chairman reported that a point of Order had arisen in the Committee, and obtained leave to sit again so soon as the point of Order should be decided by the House.

The
The Chairman then stated the Point of Order, as follows:—

A motion for the withdrawal of so much of the £14,025 referred to in the instruction to the Committee as did not refer to the stipend of a Jewish Minister, having been negatived upon Division, and a subsequent motion for £200 as stipend for a Jewish Minister having been carried,—and the Colonial Secretary then proceeding to move, pursuant to notice on the Paper for to-day, the Vote of Credit for the current month of January,—the Chairman gave it as his opinion that the motion so offered would not be in order until the Committee had first reconsidered that portion of the Governor General's Message recommending the appropriation of £14,025, in Supplement to Schedule C. Whereupon the point of Order arose, whether the decision of the Question for withdrawal of the Item of £14,025, less £200, was a reconsideration of that portion of the Governor General's Message in the sense in which the instruction for such reconsideration was conveyed to the Committee,—

The Speaker ruled that the discussion and decision of the question for withdrawal of the £14,025, less £200, was a reconsideration of the portion of the Governor General's Message referred to in the instruction to the Committee, and added, that if any doubt were entertained, the circumstances that the Committee had afterwards, unchallenged, proceeded to and passed the Item of £200 as stipend for a Jewish minister, put the matter beyond doubt in his own mind.

And debate arising,—

Mr. Plunkett moved, That in the opinion of this House, the refusal by the Committee of the whole House, to consent to a withdrawal, by the Colonial Secretary, of the sum of £14,025, proposed in the Message of His Excellency the Governor General to be voted in aid of Schedule C, is not a reconsideration of such Message.

Debate ensued.

Question put.

The Speaker acquainted Mr. Faucett with the Resolution come to by the House, in reference to the words used by him yesterday whilst the House was in Committee on the District Courts Act Amendment Bill, and expressed a hope that the Honorable Member would see how desirable it was that he should now take the course indicated to him by that Resolution,—

And Mr. Faucett inquiring whether there had been any retractation of the contradictions which he said had provoked the use of the words excepted to,—

And several Members addressing the House thereupon,—

The Speaker ruled that the Debate which had arisen was altogether irregular, and again recommended the Honorable Member for King and Georgiana to comply unconditionally with the requirement of the Resolution come to by the House,—

Whereupon Mr. Faucett read to the House, and then handed to the Speaker, the following retractation of the words excepted to,—"The Honorable Member for the Northumberland Boroughs having stated that he had given provocation to me, and having withdrawn his contradiction of my statement, I beg to withdraw the words used by me, and pronounced by the House to be unparliamentary,"—upon which the matter dropped.

VOTES AND PROCEEDINGS
OF THE
LEGISLATIVE ASSEMBLY.

TUESDAY, 15 MARCH, 1859.

1. The House met pursuant to adjournment: the Speaker took the Chair.

Dr. Muller.—Dr. Denisney presented a Petition from Dr. Charles Muller, of Philip- street, Sydney, complaining of certain circumstances in connection with an Inquest held upon the body of one John Maloney, in the month of February or March last year, and praying relief.

Petition received.

2. Question of Privilege:—Mr. Forster—adverting to the Petition of Mr. Licensed Surveyor Sanderson, presented by him and received by the House on Friday, the 11th instant, and to the notice of motion he had given for printing that Petition,— requested the attention of the Speaker and the House to the circumstance that no record appeared on the Votes of the presentation and reception of that Petition, or of the notice of motion subsequently given; and declared it to be his opinion that if there was any irregularity in the Petition, objection ought to have been taken to it before its reception, when the ruling of the Speaker might have been reviewed and sustained or reversed by the House; and added that as that course was not taken, and as the Petition was received on motion made, and question regularly put, it was not, as he thought, competent for the Speaker to direct the omission of the record of its presentation and reception; it was rather for the House, if it saw fit, subsequently to rescind the vote for its reception.

Whereupon the Speaker informed the Honorable Member and the House, and cited several passages from Parliamentary authorities to show, that it was the practice of Parliament, whenever informality in the proceedings was discovered before the record was made, to omit all mention of such proceedings in the Votes, and this practice he had followed on the present occasion. The Question for the reception of the Petition had passed, no doubt; but before the House had proceeded to another Question the irregularity was discovered, and, as he recollected, he had stated to the House upon the discovery that no record of the irregularity would appear on the Votes, and it was at this time that the Honorable Member ought to have objected if he thought his ruling wrong. He would add, however, that if the irregularity had not been discovered until after the record had been made, it would not have been competent for him to have directed its omission;—it would then have been for the House to rescind the Vote for the reception of the Petition, if it saw fit.

The matter then dropped.

3. Railway Services of Thomas Woore, Esquire:—On motion of Mr. Murray, the Speaker left the Chair, and the House resolved itself into a Committee of the whole, to consider an Address to the Governor General, praying that His Excellency will be pleased to cause to be placed upon the Supplementary Estimates for 1859, the sum of £1,500, to be awarded to Thomas Woore, Esquire, in consideration of his Railway Services, and in accordance with the Report of a Select Committee of this House during its last Session.

The Chairman having reported that it was discovered upon a Division that there was not a Quorum present in the Committee, the House was counted, and there being twenty Members present, exclusive of the Speaker,—

The Committee resumed.

The Chairman having reported that there was not a Quorum present in the Committee, the House was counted, and there not being twenty Members present, exclusive of the Speaker, the Speaker adjourned the House, at twenty minutes after seven o'clock, until to-morrow, at Three o'clock.

4. Messages:—The Speaker reported that whilst the House was in Debate of the Question last before it, the following Messages were received from the Legislative Council:—

(1.) Treasury Bills Act Repeal Bill:—

Mr. SPEAKER,

The Legislative Council having this day agreed to the Bill, intituled, “An Act to repeal the Treasury Bills Act of 1857,” returns the same to the Legislative Assembly without Amendment.

Legislative Council Chamber, W. W. BURTON, President.

Sydney, 1st April, 1859.

(2.) District Courts Act Amendment Bill:—

Mr. SPEAKER,

The Legislative Council having had under consideration the Legislative Assembly’s Message, dated the 24th instant, requesting its concurrence in certain Amendments made by the Assembly in the District Courts Act Amendment Bill,—Agrees to so much of the Amendment in page 1 as proposes to omit Clause 3. Disagrees from so much thereof as proposes to insert new Clause 3.

1. Because it is unnecessary for the proper working of the District Courts Act of 1858.

2. Because it takes away from the Magistrates all powers of adjudication in Civil and other matters heretofore decided by the Chairman of General and Quarter Sessions in conjunction with the Magistrates on the Bench; and because it affirms an amendment, rejected after full deliberation during the discussion of the original measure in this House, and the Council considers it undesirable now to open a question which has been so recently decided.

3. Because it abolishes all the powers of Courts of General and Quarter Sessions without referring particularly to the various Statutes on the subject.

4. Because it is undesirable to abolish indiscriminately all Statutes or Acts regulating or in any way relative to such Courts.

5. Because, by a reasonable interpretation, it may be held to abolish Trials by Jury, and to vest in the Judges of the District Courts the powers of a Jury in Criminal matters.

Agrees to so much of the Amendment in page 2 as proposes to omit Clause 4. Disagrees from so much thereof as proposes to insert new Clause 4.—

1. Because the Clause is unnecessary for the proper working of the District Courts Act of 1858.

2. Because it gives power to Judges of the District Courts to grant criminal informations, and to adjudge upon other matters wholly foreign to the main objects of the District Courts Act.

3. Because it is inexpedient to grant to such Judges an extension of the powers vested in them by the said Act, until experience has been obtained of the operation of the powers already vested in such Judges.

Legislative Council Chamber, W. W. BURTON, President.

Sydney, 1st April, 1859.

Amendment, on motion of Mr. Cowper, ordered to be considered in Committee on Tuesday next.
5. Dr. Muller.—Mr. Deniehy moved, pursuant to notice, That an Address be presented to the Governor General, praying that His Excellency will be pleased to cause to be laid on the Table of this House, Copies of all Correspondence betwixt Charles Muller, of Sydney, Doctor of Medicine, and the Government, respecting certain alleged misconduct of the City Coroner for Sydney, whereof complaint was by the said Charles Muller formally made to the proper authorities in that behalf.

Question put and passed.

6. Motions Withdrawn:—
   (1.) Mr. Lord withdrew the motion standing in his name fourth on the Notice Paper for to-day.
   (2.) Mr. Deniehy withdrew the motion standing in his name fifth on the Notice Paper for to-day.

6. Loan Bill for 1859, on motion of Mr. Cowper, read a third time, and passed.

Mr. Cowper then moved, That the Title of this Bill be, "An Act to enable the Government to raise Loans for certain Public Works and to explain a former Loan Act."

Whereupon, Mr. Cowper moved, That this Bill be carried to the Legislative Council, with the following Message:—

MR. PRESIDENT,
The Legislative Assembly having this day passed a Bill, intituled, "A Bill to enable the Government to raise Loans for certain Public Works and to explain a former Loan Act," presents the same to the Legislative Council for its concurrence.

Legislative Assembly chamber, Sydney, 6 April, 1859. Speaker.

Question put and passed.

7. District Courts Act Amendment Bill:—On motion of Mr. Cowper, the Speaker left the Chair, and the House resolved itself into a Committee of the whole, for consideration of the Legislative Council's Message in reference to the Assembly's Amendments in this Bill.

The Chairman brought up the following Report,—

The Committee does not insist upon the Assembly's Amendments in this Bill disagreed to by the Legislative Council's Message, dated the 1st instant.
2

The Committee recommends that the Council's attention be invited to the
circumstance that there is, in the Message, no intimation of agreement or disagree-
ment to the proposed new clauses 5, 6, and 7.

The Committee recommends that exception be taken to that part of the
Council's second reason for disagreement to the proposed new clause 3, which reads
as follows,—"And because it affirms an amendment, rejected after full deliberation
by the legislative Council, is undesirable now to open a question which has been so recently decided,"—because
it believes it to be untenable as a reason for one House declining the consideration of
any Amendment proposed by the other, inasmuch as the House proposing any such
Amendment cannot constitutionally be aware of any discussions which may have pre-
viously taken place on a question not coming to it from the other.

Mr. Cowper then moved, That this House do now adopt this Report.

Question put and passed:—

Whereupon Mr. Cowper moved, That the following Message be carried to the Legis-

Mr. President,

The Legislative Assembly having had under consideration the Legislative
Council's Message dated the 1st instant, agreeing in part to some and disagreeing in
part to other of the Amendments made by the Assembly in the District Courts Act
Amendment Bill, does not insist upon its Amendments so disagreed to by the
Legislative Council.

The Assembly invites the Council's attention to the circumstance that there is
in that Message no intimation of agreement or disagreement to the proposed new
clauses 5, 6, and 7.

The Assembly takes exception to that part of the Council's second reason
for disagreement to the proposed new clause 3, which reads as follows,—"And because
it affirms an Amendment, rejected after full deliberation during the discussion of
the original measure in this House, and the Council considers it undesirable now
to open a question which has been so recently decided,"—because it believes it to be
untenable as a reason for one House declining the consideration of any Amendment
proposed by the other, inasmuch as the House proposing any such Amendment
cannot constitutionally be aware of any discussions which may have previously
taken place on a question not coming to it from the other.

Legislative Assembly Chamber,
Sydney, 6 April, 1859.

Speaker.

Question put and passed.

dated the 1st instant, on the subject of the Amendments of the Legislative Council
in the District Courts Act Amendment Bill, informs that House that the reference to
its Message therein made as dated "the 24th ultimo," should have been "the 24th
instant," and that the words "And agree to the remaining Amendments" should
have been inserted at the end of such Message, and requests that the Legislative
Assembly will cause these corrections to be made therein accordingly.

W. W. BURTON,

President.

Question put and passed.
