The Hon. D. Clyne,

Speaker,

Legislative Assembly of New South Wales.

Dear Sir,

It is with feelings of profound gratitude that I write to you, to express my appreciation of the brochure which you sent me, containing so many fine tributes to the memory of my late husband. It will always be one of my most cherished possessions.
May I ask you to convey to the members of the Legislative Assembly my grateful thanks for their many kind expressions of sympathy contained therein, and also for the Resolution of Sympathy which they passed in the House.

(Signed) FERND M. WILSON.

4. APPOINTMENT OF TEMPORARY CHAIRMEN OF COMMITTEES.—Mr. Speaker, pursuant to Standing Order No. 28 (c), nominated,—

William Henry Lamb, Esquire,
Robert Emmet O'Halloran, Esquire,
Edward Lloyd Sanders, Esquire,
Major James Barclay Shand, V.D., and
Thomas John Shannon, Esquire,

in temporary of the Committees during the present Session.

5. QUESTIONS WITHOUT NOTICE.—SUPPLEMENTARY QUESTIONS.—Mr. Speaker directed the attention of Honourable Members to Standing Order No. 78 concerning the asking of questions without notice.

Mr. Speaker said that in accordance with the provisions of the Standing Order, a Member might rise in his place and put a question to a Minister, without notice. Before that question was answered by the Minister, it had been the custom to allow a second question to be asked on the same subject.

However, he had noticed over a period of many years, as a Member of the House, and particularly during his occupancy of the Chair, that the importance of the original question had often been overshadowed by the second question—the Minister's attention being arrested by some significant feature of that question. The result was that the first question had not been always adequately answered.

As Speaker, he was definitely of opinion that any Member asking an appropriate question which concerned a matter he deemed important was entitled to receive from the Minister a direct answer thereto.

He had therefore decided that, in future, a second question would not be allowed until the Minister had replied to the original question, and then, should it so happen that the Member who had asked the question, or any other Member, was not satisfied with the answer given, a supplementary question on the same subject might be asked immediately, but normally such supplementary questioning would be limited to one question upon each subject.

Honourable Members would appreciate that not only did the alteration in practice preserve to Members the opportunity to ask questions, but would ensure an answer being based upon the subject-matter of the first question as asked.

The right of asking a second question would also be preserved, but the second question would in future be termed a Supplementary Question and must be asked after the Minister had replied to the original question.

6. PAPER.—Mr. McKell laid upon the Table the following Paper:—Papers respecting remedial measures for Burrinjuck Dam, including Report and Supplementary Report by Mr. J. L. Savage, Consulting Engineer, Denver, Colorado, dated 20th March, 1912, and 30th July, 1942, respectively, together with Files from the Premier's Department, Mines Department, Crown Solicitor, The Treasury, and the Water Conservation and Irrigation Commission.

Referred by Sessional Order to the Printing Committee.

7. PRO FORMA BILL.—LAW OF EVIDENCE BILL.—Mr. McKell presented a Bill, intituled "A Bill to amend the Law of Evidence," and moved, pro forma, That this Bill be now read a first time.

Question put and passed.

Bill read a first time.

9. THE GOVERNOR'S OPENING SPEECH:—Mr. Speaker reported that the House had yesterday attended the Governor in the Legislative Council Chamber when His Excellency the Governor was pleased to deliver an Opening Speech to both Houses of Parliament. For greater accuracy he had obtained a copy, which he laid upon the Table of the House, and ordered to be recorded in the Votes and Proceedings, as follows:—

HONOURABLE MEMBERS OF THE LEGISLATIVE COUNCIL, AND MEMBERS OF THE LEGISLATIVE ASSEMBLY,—

The Third Session of the present Parliament of New South Wales begins under the shadow of an even graver threat than that which loomed over us when you were last called together.

Then, the fight for our liberties and our birthright was taking place in distant lands. Now, a new, and, for Australia, a more immediately dangerous enemy has been added to Germany and Italy. Japan’s entry into the war has brought hostilities to our own land. We have a front line to-day on Australian territory. Australian towns, including Sydney and Newcastle, have been subjected to enemy attacks. Australian lives have been lost on Australian soil.

HONOURABLE MEMBERS OF THE LEGISLATIVE COUNCIL, AND MEMBERS OF THE LEGISLATIVE ASSEMBLY,—

When you were last called together, I said that my advisers felt strongly that New South Wales should play an active and prominent part in furthering the national war effort in collaboration with the Commonwealth Government. This view has not changed. War needs, and the mobilisation of all the resources of the State to meet these needs, have been the first consideration of the Government.

The help which my Ministers have been able to give to the Commonwealth has not been confined to New South Wales. Within the past year, hundreds of men, and plant valued at half a million pounds, have been sent by the Government to distant parts of Australia to perform tasks of major strategic importance. When the Government of the United States asked for the means to carry out a project of vital urgency in a certain part of the Pacific, the Government of New South Wales responded to the appeal of the Commonwealth Government and carried out the work in its entirety. At this very moment, nearly two thousand New South Wales workmen, with great quantities of New South Wales plant, are engaged outside this State on one of the most important projects being carried out in Australia to-day, a project which has been entrusted to a New South Wales Government Department with the full concurrence of my Ministers.

Co-operation between State and Commonwealth extends to most fields of governmental activity. My Ministers have participated with the Commonwealth in planning for the production on a large scale of vegetables and other essential foodstuffs. State farms and skilled staff have been made available for these purposes. Aerodromes, strategic roads, and military camps, costing millions of pounds, have been constructed on behalf of Commonwealth Authorities. Other State instrumentalities, under the direction of my Ministers, have been working unremittingly to establish Civil Defence organisations
which it is hoped to make as efficient as any in the world. The training of men
and women to fill the ever-increasing demand for technicians has received
constant attention. The dockyard and shipbuilding facilities of Newcastle
have been restored to full use. Great munition works have been erected, in
the construction of which this Government has participated and a portion of
the cost of which it has borne. A State industry has been brought into being,
designed to assist in the vital task of conserving petrol, an industry whose
output in substitute fuel is now the equivalent of over 15,000,000 gallons of
petrol a year.

My advisers have been mindful of the fact that a nation's strength, in
time of war, lies not only in the production of armaments but also in the morale
of its citizens. They are of opinion that, so far as the abnormal conditions
permit, social reforms, both legislative and administrative, should proceed.
Thus, however great the sacrifices that may be necessary to ensure national
survival, the people will be heartened by evidences of the sincere determination
to achieve social justice and equity when victory shall be ours.

MEMBERS OF THE LEGISLATIVE ASSEMBLY,—
You will be asked early in the Session to consider the Budget for the
present financial year.

HONOURABLE MEMBERS OF THE LEGISLATIVE COUNCIL, AND
MEMBERS OF THE LEGISLATIVE ASSEMBLY,—
It is the intention of my Ministers, during this Session, to carry on,
to far as rapidly changing-conditions will allow them to do so, the policy of
social and industrial reform which was instituted when they took office.

You will be asked to consider and approve many important Bills
designed to carry this policy into effect.

There will be introduced a measure amending the Factories and Shops
Acts so that there may be a more effective control of conditions in factories
and workshops. There will also be submitted to you a Bill which will have as
its object an extensive revision of the existing arbitration machinery in New
South Wales.

With the object of fully safeguarding workers and others from risk of
accident, a careful review has been made of the provisions of the Scaffolding
and Lifts Act. It is felt by my Ministers that the existing provisions of the
law are not adequate to ensure that cranes, hoisting appliances, lifts and
scaffolds shall be safe in use, and early in the Session amendments of the Act
will be submitted to you.

More adequate provision for the granting of legal aid in civil cases to
persons in necessitous circumstances is felt to be desirable, and a Bill to make
this possible is being drafted.

My advisers feel that rural reform should be proceeded with, and early
in the Session my Ministers will submit Bills designed to carry further the
rural policy on which they were elected.

You will be asked to consider a measure designed to promote, by means
of the imposition of a graduated tax based on the unimproved capital value of
land, the subdivision of large estates. A Western Lands (Amendment) Bill
will be submitted to you and a Closer Settlement (Amendment) Bill will be
introduced to provide for conversion of settlement and group purchases into
leasehold tenure.

There will be measures of general importance which will be placed
before you early in the Session. These will include a Bill designed to bring
about the more effective functioning of the Government Engineering and
Ship-building Undertaking at Newcastle, and another, made necessary by
recent legislation of the Commonwealth Parliament, to suspend the collection
of State Income Tax.

My advisers also consider it desirable to create inexpensive machinery
to enable unexpended charitable funds, at present lying dormant in New
South Wales, to be utilised and applied to useful purposes. A Bill designed
to achieve this object will be placed before you.

At a later stage in the Session, you will be asked to give consideration
for a constitutional measure of great importance. My Ministers will place
before you a Bill, the purpose of which will be to effect the transformation of
the Legislative Council, as it is at present constituted, into a body elected by
the people.

Among other measures you will be asked to consider are: a Bill dealing
with the marketing of fish; a Pastures Protection (Amendment) Bill;
amendments to the Aborigines Protection Act designed to improve the
conditions of these people and to assist in their assimilation into the general
community; a Bill to amend the Australian Red Cross New South Wales
Division Incorporation Act; amendments to the Jury Act, the Companies Act and the Registration of Births, Deaths and Marriages Act; a State Coal Mines (Amendment) Bill; amendments to the Government Railways Act and the Main Roads Act and a Local Government (Amendment) Bill.

Other Bills of importance, the provisions of which are now receiving the consideration of my Ministers, will be placed before you later in the Session.

Honourable Members of the Legislative Council, and

Members of the Legislative Assembly,—

The new session coincides with the beginning of the fourth year of war. You have arduous tasks before you, but you will, I am sure, face your responsibilities without flinching, always bringing to your deliberations an appreciation of the needs of the hour, and continuing to spare nothing that will contribute to the vigorous prosecution of the war.

The nation will certainly have to undergo severe trials, which will test to the utmost the fortitude and the fighting qualities of our people.

There is no doubt of our ability to make any sacrifice that may be demanded of us, nor of our willingness to respond to any call for service. Our confidence in final victory is complete.

The Parliament of New South Wales stands for those democratic institutions, and those British liberties, which we are fighting to maintain. While the representatives of the people continue to meet and deliberate for the national good, for so long will the objective of the enemy be unfulfilled, and for so long shall we be able to hope that social justice, full equality of opportunity, and a peaceful security for all the people may yet reign upon earth.

I now leave you to the discharge of your important duties with the earnest prayer that under Divine Guidance your labours may conduce to the welfare and happiness of all sections of the community.

Mr. Sheehan moved, and Mr. Nott seconded the motion, That the following Address-in-Reply to the Speech which His Excellency the Governor has addressed to both Houses of Parliament on opening this Session of the Parliament of New South Wales be now adopted by this House:—

To His Excellency the Right Honourable John de Ver, Baron Wakehurst, Knight Commander of the Most Distinguished Order of Saint Michael and Saint George, Captain in the Reserve of Officers of the Territorial Army, Governor of the State of New South Wales and its Dependencies.

May it please Your Excellency,—

We, His Majesty’s loyal and dutiful subjects, the Members of the Legislative Assembly of New South Wales, in Parliament assembled, desire to express our thanks for Your Excellency’s Speech, and to assure you of our unfeigned attachment to His Most Gracious Majesty’s Throne and Person.

2. We beg to assure Your Excellency that our earnest consideration will be given to the measures to be submitted to us, and that the necessary provision for the Public Service will be made in due course.

3. We join Your Excellency in the hope that, under the guidance of Divine Providence, our labours may be so directed as to advance the best interests of all sections of the community.

Mr. O’Halloran moved, pursuant to Standing Order No. 142A, That the Honourable Member for Yass, Mr. Sheehan, be allowed to continue his speech for a further period of twenty minutes.

Question put and passed.

Mr. Mair moved, That this debate be now adjourned.

Question put and passed.

Ordered, That the Debate be adjourned until Tuesday next, and take precedence of other business.

THURSDAY, 22 OCTOBER, 1942.

The House met pursuant to adjournment. Mr. Speaker took the Chair.

Mr. Speaker offered the Prayer.

1. URGENCY—SLAUGHTERING AT STATE ABATTOIRS.—Lieut-Colonel Bruxner moved, That it is a matter of urgency that this House should forthwith consider the following Motion, viz.:—“That, in the opinion of this House, the failure of the Government to immediately and effectively cope with the slaughtering requirements at the State Abattoirs is—

(a) detrimental to the war effort and is occasioning delay in providing vital food supplies to the Forces; and

(b) increasing prices to the consumer and damaging to the interests of the primary producer.”

Point of Order:—Mr. Lang submitted that an Honourable Member, in moving a Motion of Urgency under Standing Order No. 395, should confine his remarks to the question of Urgency.

Mr. Speaker said that the Honourable Member must confine his remarks to the Question of Urgency. He was not entitled at this juncture to discuss the merits of the substantive Motion.

Further point of Order—

Mr. Lang also contended that the Motion proposed to be submitted by the Honourable Member was out of order, as a discussion on such Motion would anticipate the Debate that could take place on Order of the Day No. 1 on the Business Paper for the 3rd November dealing with “The Abattoirs and Homebush Saleyards.”

Referring to a ruling given on the 5th June, 1930, by Speaker Levy to the effect that when a Motion of Urgency was under discussion a ruling may be given only on the question of Urgency—Mr. Speaker said that if the substantive Motion were moved and the Point of Order again submitted, he would then consider the question as to whether the Motion was out of order on the ground of anticipation.

Lieut.-Colonel Bruxner having concluded his remarks on the question of urgency. And Mr. McKell having made a statement in reply,—

Question put.

1. QUESTIONS WITHOUT NOTICE:—Mr. Speaker made some observations upon the asking of Questions without Notice. He said that this was a matter upon which he found his predecessors, Speakers Meagher, Cohen, Levy and Weaver had offered comment at considerable length. Their remarks were recorded in the Votes and Proceedings for Honourable Members to read.

On this occasion, however, he merely wished to again ask Honourable Members, when presenting Questions without Notice, to confine such questions to matters which were of an urgent nature and important character.

He asked Honourable Members to be concise and to refrain from incorporating in their questions preambles and comment, and also to eliminate statements of fact.

The value of a question should lie principally in the answer received. Honourable Members would, therefore, realise that unless they co-operated with the Chair, observing the Rules of the House by framing their questions in a concise and simple form, Ministers were unable to supply readily the information sought.

In the interests of all Honourable Members of the House, he therefore, in future, intended to allow only such Questions without Notice as were urgent, important and concise. Long and involved questions obviously necessitating departmental research must be placed on the Notice Paper.

Mr. Speaker reminded Honourable Members that recently the Standing Orders were amended specifically to permit Questions without Notice to be read, and he added that for the information and convenience of Honourable Members the Rules governing the asking of questions were printed on the back of the Notice of Questions forms available on the Table of the House.

2. ABOLITION OF STATE PARLIAMENTS:—Mr. Fitzgerald proceeding to move, pursuant to Notice, That, in the opinion of this House, a referendum should be taken on the question of the abolition of State Parliaments; and that representations be made to the Commonwealth Government to have the question included when the proposal to alter the Commonwealth Constitution is submitted to the people of Australia,—

Point of Order:—Mr. Shannon pointed out that the proposal, referred to in the motion, to alter the Commonwealth Constitution by submitting certain questions to the people was unlikely to be given effect to, and in view
of the fact that the Commonwealth Powers Bill, when passed by all the State Parliaments, would transfer the necessary powers to the Commonwealth, without a referendum, he submitted that the motion was out of order.

Mr. Speaker said he was not disposed to uphold the Point of Order—the position could be met by leaving out the word “the” before the word “proposal” and inserting the word “any” instead thereof.

Motion amended, by consent, accordingly.

Mr. Fitzgerald then moved the motion as amended.

Debate ensued.

Mr. Vincent moved, That the Question be amended by leaving out all the words after the word "House" with a view to the insertion of the following words:—

"a representative constitutional convention, on an elective basis, should be held within a period of two years of the signing of peace, to formulate proposals for a redistribution of powers as between the Commonwealth and the States, with a view to such proposals being submitted by referendum to the people.

That this resolution be conveyed to The Right Honourable the Prime Minister by The Honourable the Premier, and that copies be forwarded to the Premiers of the other States of Australia,"—instead thereof.

Point of Order:—Mr. Storey asked Mr. Speaker to rule the amendment out of order on the ground that the terms of the motion dealt with the question of the abolition of State Parliaments, whereas the amendment proposed to deal with matters generally outside the terms of the motion.

Mr. Speaker ruled that the amendment was relevant and in order.

Question proposed, That the words proposed to be left out stand part of the Question.

Ordered, That the Debate be adjourned until Tuesday, 6th April.

Point of Order:—Mr. Baddeley pointed out that, at the present moment, certain matters which related to the Bakers (Cumberland) Award, and which had a direct bearing on the question of supplies of bread to the public, were before the Industrial Commission and submitted that the matter raised by the motion should be regarded as sub judice.

C. PASTURES PROTECTION (AMENDMENT) BILL:—The Order of the Day having been read, on motion of Captain Dunn, Mr. Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of the amendments made by the Legislative Council in this Bill. Mr. Speaker resumed the Chair, and the Chairman reported that the Committee had not agreed to one, and had not agreed to but had amended another, and had agreed to the remainder of the Council's amendments. On motion of Captain Dunn the Report was adopted. The following Message sent to the Legislative Council:—

Mr. President,—

The Legislative Assembly having had under consideration the Legislative Council's Message, dated 18th March, 1943, requesting its concurrence in certain amendments made by the Council in the Pastures Protection (Amendment) Bill,—

Amendment No. 3. Does not agree to the amendment because,—

(i) it is the policy of the Government that the Minister should be vested with discretion in these matters;
(ii) the procedure in seeking approval of both Houses of Parliament to withdrawal of a reserve from the control of the Board as provided in the Principal Act is unwieldy and unsuitable; and
(iii) the system proposed provides a Pastures Protection Board with the machinery to state its objections before an impartial tribunal, viz., a local Land Board, which is most competent to investigate and report upon the merits of a case. The Minister, under this system, is thus enabled to gain the fullest information after inquiry by the most competent authorities in order to guide him in making his decision.

Amendment No. 4. Does not agree to the amendment because the provisions of section 163 of the Principal Act have no application inasmuch as the only sections which require information with respect to any large stock or sheep provide their own penalty, and the words proposed to be inserted cover all information required both by the Act and by the Regulations,—but proposes to amend the words proposed to be inserted by inserting before the word "gives" the words "wilfully or negligently."

Agrees to the other amendments made by the Council in the Bill.

And the Assembly requests the concurrence of the Legislative Council in its disagreements from and amendment upon the Council's amendments in the Bill.

Legislative Assembly Chamber,
Sydney, 6th April, 1943.

   appeared in the Sydney Morning Herald and the Newcastle Morning Herald and Miners' Advocate of
   the 9th April, and alleged to have been made by the Honourable Member for Ashfield, Mr. Richardson,
   and the Honourable Member for Tenterfield, Lieut.-Colonel Bruxner.
   Mr. Speaker read the articles to the House, and asked the Honourable Member
   for Tenterfield if the statements attributed to him were substantially correct.
   The Honourable Member stated that they were not substantially correct, but
   admitted making a statement to the Press. The Honourable Member for Ashfield
   not being present—
   Mr. Speaker said,—I deprecated the course adopted by both Honourable
   Members in making attacks upon the Speaker in statements to the Press, as
   such a course was improper and contrary to the traditions of Parliament. The
   Standing Orders and Parliamentary Practice provide means whereby an exception
   may be taken to the action of the Chair.
3. NATIONAL WAR EFFORT—CO-OPERATION BETWEEN STATE AND COMMONWEALTH GOVERNMENTS.—Mr. Renshaw moved, pursuant to Notice,—

(1.) That, in the opinion of this House—
(a) there has been a high degree of co-operation between the State and Commonwealth Governments in connection with services relating to the war effort; and
(b) notwithstanding such co-operation, greater effectiveness in the national effort would be capable of achievement by more extensive use of the services of State instrumentalities than by the over-development of Commonwealth organisations.

(2.) That it be a recommendation to the Federal Government that an examination of the operations of Commonwealth instrumentalities be conducted by the Federal Public Service Commissioner, with a view of ensuring—
(a) that the most effective use is made of national resources, including personnel and finance;
(b) that overlapping of services be avoided; and
(c) that efficiency be promoted.

Ordered, That the Honourable Member for Castlereagh, Mr. Renshaw, be allowed to continue his speech for a further period of twenty minutes.

Debate ensued.

Mr. Macdonald moved, That the question be amended by leaving out all the words after the word "examination" with a view to the insertion of the following words:—"be made with a view to making fuller use of State Departments and activities and to ensure also that suitable personnel be co-opted so as to promote greater efficiency in the national effort,"—instead thereof.

Question proposed.—That the words proposed to be inserted, be so inserted.

Mr. Hill moved, That the Debate be now adjourned.

W. R. McCOURT, 
Clerk of the Legislative Assembly.  
D. CLYNE,  
Speaker.
The House met pursuant to adjournment. Mr. Speaker took the Chair.

Mr. Speaker offered the Prayer.

1. DISSENT FROM MR. SPEAKER'S RULING:—Lieut.-Colonel Bruxner moved, pursuant to Notice, That this House dissents from the action of the Speaker on Thursday, 8th April, in

(1.) declaring "lost" the Question "That the Honourable Member for Corowa be granted an extension of time for a further period of twenty minutes," notwithstanding that a Division was called for on such Question, and

(2.) then putting the Question for the second reading of the Settlement Promotion Tax Management Bill, and declaring it "carried," without allowing an opportunity for further Debate and Division thereon.

Point of Order:—Mr. Sheehan contended that it was not competent for the motion to be moved in the terms in which it had been brought before the House. The Honourable Member’s motion sought to dissent from the action of Mr. Speaker and not from a ruling by the Chair. Under Standing Order No. 161 provision is made only for dissent to be moved from a ruling by the Chair. He therefore submitted that the motion was out of order.

Mr. Speaker said that the Point of Order would appear to be well taken. However, he was of the opinion that the motion of dissent now before the House was not a motion of dissent from the Speaker’s Ruling within the strict meaning of Standing Order No. 161. He had, however, always endeavoured to interpret the spirit as well as the letter of the Standing Orders, and as he had made two declarations in connection with the matters referred to in the motion, he was of opinion that such declarations constituted a ruling within the spirit of the Standing Order referred to. Therefore, in the circumstances, he did not propose to rule the motion out of order. Furthermore, he believed that the matter should be ventilated with a view to the removal of any misapprehension.

Debate ensued.

Question put.

5. **STATEMENTS BY PROFESSOR JOHN ANDERSON, PROFESSOR OF PHILOSOPHY, SYDNEY UNIVERSITY, RELATIVE TO RELIGION AND EDUCATION:**

Mr. Speaker announced that he had received the following letter from the Chancellor of the University of Sydney:

The University of Sydney, 4th May, 1943.

The Honourable the Speaker of the Legislative Assembly,

The Parliament of New South Wales,

Sir,

The Senate of the University, at its meeting on 3rd May, gave consideration to the resolution adopted by the Legislative Assembly on 6th April. The resolution reads:

"(1) That, in the opinion of this House, certain statements relative to religion and education made by Professor John Anderson, Professor of Philosophy at Sydney University, in the course of an address to the New Education Fellowship on 1st April, 1943, and subsequently published in the press, are unjustified, inasmuch as they present a travesty of the Christian religion and are calculated to undermine the principles which constitute a Christian State.

"(2) That the terms of this Resolution be remitted by Mr. Speaker to the Senate of the University of Sydney."

The Senate assumes that the resolution was transmitted to it, not simply for its information, but with a view to some action being taken and would, therefore, with all respect, point out that any action would, to be effective, require the imposition of some test, or some limitation, on Professor Anderson's utterances.

As regards the first, it is laid down in the University and University Colleges Act that no religious test shall be applied to the teachers or the students of the University and yet, without it, it is manifestly impossible to ensure that the views put forward by teachers and students will always be generally acceptable. The Senate desires to affirm its conviction that no such
test should be imposed and remembering, as it does, the results which have followed the regimentation of Universities in other parts of the world, it is also strongly of the opinion that nothing but harm would follow the stifling in a University of the spirit of free enquiry. As regards the imposing of limitations, the Senate has in the past relied, and must continue to rely, on the intellectual integrity, and the good sense and the good taste of its staff to approach all problems in as objective, disinterested, and scientific a spirit as possible, and so to state and argue them as not to inflame people's minds to no good purpose.

The Senate desires also to inform the Legislative Assembly that every facility and encouragement is given to societies and groups within the University whose object it is to foster the Christian religion and to promote the knowledge and observance of Christian principles.

Yours faithfully,
(Sgd.) C. BICKERTON BLACKBURN,
Chancellor.

2. MESSAGES FROM THE LEGISLATIVE COUNCIL:

Mr. Speaker reported the following Messages from the Legislative Council:

(I.) Pastures Protection (Amendment) Bill:

Mr. SPEAKER,—

The Legislative Council, having had under consideration the Legislative Assembly's Message, dated 6th April, 1943, in reference to the Pastures Protection (Amendment) Bill,—

Insists upon its Amendment No. 3, disagreed to by the Assembly in the Bill, because,—

(1) The Pastures Protection Boards are the bodies best qualified, by reason of their local knowledge, to deal satisfactorily with such matters, and it would not be in the public interest that their decisions in these matters should be susceptible to Ministerial control.

(2) The necessary material for determination of the matter can be submitted to each House of the Legislature in most cases with no greater difficulty than to the Minister. The decisions of the Pastures Protection Boards with reference to local matters are of such importance that they should be regarded as final unless overruled by Parliament.

(3) A report by a Local Land Board, as proposed, would have no decisive effect, and would still leave the matter subject to unfettered Ministerial control. Mere advice by a Local Land Board would be no effective substitute for the decisions of Pastures Protection Board directors elected, by reason of their intimate local knowledge, by the Pastures Protection ratepayers in the district.

Does not insist upon its Amendment No. 4, disagreed to by the Assembly in the Bill, because,—

Mr. President,—

The Legislative Assembly having had under consideration the Legislative Council's Message, dated 9th June, 1943, requesting its concurrence in certain amendments made by the Council in the Transport (Administration) Bill,—

Amendment No. 1. Does not agree to the amendment, because,—

(1) Under existing legislation, the sole control of the railway services—the largest industrial undertaking in the State—is, except in regard to a few formal matters requiring the approval of the Governor, in the hands of a public servant (the Commissioner), and it is considered that the Government should have powers of direction akin to those exercised by the directors of a private company over its general manager.

(2) The Legislative Council has accepted the principle of Ministerial control in respect of the Commissioner for Road Transport and Tramways and the Commissioner for Main Roads, and it would be quite logical and consistent that the same principle should apply to the Commissioner for Railways.

(3) The principle has been in operation in the Victorian and Commonwealth railways and in other parts of the world for many years and has been accepted in regard to other corporate bodies during the term of the previous Government, and
(4) The clause does not, as has been suggested, impinge on the functions of the Governor, but simply subjects the Commissioner in the exercise of his duties and functions, etc., to the direction and control of the Minister.

Amendment No. 3. Does not agree to the amendment, because it is desirable that the Chairman of the Promotions Committee should be free to exercise an impartial judgment. The Minister has undertaken that the appointment will be made from within the Service, and it is considered that there would be greater confidence in the impartiality of a Chairman who is not subject to appointment by the Commissioner.

Agrees to the remainder of the amendments made by the Council in the Bill.

And the Assembly requests the concurrence of the Legislative Council in its disagreements from the Council's amendments in the Bill.

Legislative Assembly Chamber,
Sydney, 23rd June, 1943.

Mr. PRESIDENT,—

The Legislative Assembly having had under consideration the Legislative Council's Message, dated 16th June, 1943, requesting its concurrence in certain amendments made by the Council in the Sydney Turf Club Bill,—

Amendment No. 1. Does not agree to the amendment, because the provision creating the Government guarantee was included in the Bill for the purpose of ensuring that proprietary racing clubs, and the shareholders of such clubs, would receive the full purchase price or compensation to which they are entitled under the Bill, as well as for the purpose of facilitating the acquisition of such racecourses. The elimination of the Government guarantee will not prevent the Sydney Turf Club from functioning but may operate not only to the detriment of that Club but also to the detriment of the proprietary racing clubs and their shareholders.

Amendment No. 2. Does not agree to the amendment, because it is reasonable that debentures guaranteed by the Government should be an authorised trustee investment, and further that the provision will facilitate arrangements for the acquisition of racecourses by enabling shareholders who are in fact trustees to accept debentures of the Sydney Turf Club in satisfaction of claims which the estates they represent may have in the purchase money or compensation paid upon acquisition of the racecourses.

Amendment No. 4. Agrees to the amendment, but proposes to amend the clause by omitting the words "each year" on page 19, line 7, and by inserting in lieu thereof the words "the year one thousand nine hundred and forty-six and in each succeeding year".

Amendment No. 8. Does not agree to the amendment, because the authority for the Colonial Treasurer to make advances is given for the purpose of enabling any deficiency in that Fund to be made up so that compensation may be paid promptly to proprietary racing clubs who are precluded by the operation of the Bill from obtaining a license for the year 1946—but proposes to amend the amendment by adding at the end of the amendment the following proviso:

"Provided that where the Colonial Treasurer has accepted as security for the repayment of any sum so advanced, debentures issued by the Club then any interest paid on such debentures shall, to the extent of such payment, be deemed a satisfaction of the interest payable under this subsection, and the sum charged on the Compensation Fund by this subsection shall be reduced by any amount realised upon the sale of such debentures and applied towards the repayment of the sum so advanced."

Agrees to the remainder of the amendments made by the Council in the Bill.
And the Assembly requests the concurrence of the Legislative Council in its disagreements from and amendment upon the Council's amendments and in its further amendment in the Bill.

Legislative Assembly Chamber,
Sydney, 23rd June, 1943.

Legislative Assembly Chamber,
Sydney, 23rd June, 1943.

6. COMMONWEALTH POWERS BILL
(Admitted to, under Royal Instructions) —The following Message from His Excellency the Governor was delivered by Mr. McKell, and read by Mr. Speaker:—

WAKEHURST,
Governor.

In a message dated the 24th day of December, 1942, the Governor notified his assent to a Bill, intituled "An Act to refer certain matters to the Parliament of the Commonwealth until the expiration of five years after Australia ceases to be engaged in hostilities in the present war." Subsequently the Governor was advised that doubts had arisen whether the Bill should not have been reserved under section 1 (subsection (1), paragraph (a)) of the Australian States Constitution Act, 1907, for the signification of His Majesty's pleasure thereon. To resolve those doubts, the Governor sought instructions from His Majesty to assent to the Bill. Instructions so to assent have now been received from His Majesty, and His Excellency, pursuant to paragraph (c) of the proviso to subsection (1) of section 1 of the Australian States Constitution Act, 1907, has accordingly, in the name of His Majesty, assented to the Bill and has this day transmitted it to the Legislative Council, to be numbered and forwarded to the proper Officer for enrolment, in the manner required by law.

7. MESSAGES FROM THE LEGISLATIVE COUNCIL:—Mr. Speaker reported the following Messages from the Legislative Council:—

(1.) Transport (Administration) Bill:—

Mr. SPEAKER,—
The Legislative Council, having had under consideration the Legislative Assembly's Message, dated 23rd June, 1943, in reference to the Transport (Administration) Bill,—

Insists upon its Amendment No. 1, because,—

(1) The existing distribution of the powers, authorities, duties and functions conferred upon the Commissioner into those to be exercised or performed either (a) by the Commissioner, solely, or (b) by the Commissioner, subject to the approval of the Governor, or subject to any other condition, is a distribution arrived at after full consideration of the Report of the Fay-Raven Royal Commission, the essential nature of the powers, authorities, duties and functions subject to the said distribution, and a full consideration of the system which, by experience, has shown itself best adapted to enter successfully for the comfort and convenience of the travelling public and the most economical carriage of freights generally and produce to the various markets, and any alteration in the existing control may detrimentally affect the management of the railways.

(2) The imposition of Ministerial control is not a matter of abstract principle which is to be made applicable or inapplicable in all cases. It can be determined only after a careful and detailed examination of the real nature of the matters in respect of which such control is to be imposed and should not be made dependent on features of other railway systems adapted to meet the exigencies of other establishments whether for transport or other public services either in Australia or other parts of the world.
226

VOTES AND PROCEEDINGS OF THE LEGISLATIVE ASSEMBLY.

22nd July, 1943.

(3) In some of the clauses, the powers, authorities, duties and functions are to be exercised or performed subject to the control and direction of the Minister and subject to the approval of the Governor. There the control is duplicated and calculated in some cases to cause uncertainty and confusion.

Insists upon Amendment No. 3, because the same governing considerations apply as in the reasons above, and especially because promotions within the service should not be susceptible to political influence.

Legislative Council Chamber, Sydney, 29th June, 1943.

E. H. FARRAR, Deputy-President.

Ordered by Mr. Speaker, That the Legislative Council’s Message be taken into consideration at a later hour of the Day.

(2.) Sydney Turf Club Bill:

Mr. Speaker,—

The Legislative Council, having had under consideration the Legislative Assembly’s Message, dated 23rd June, 1943, in reference to the Sydney Turf Club Bill,—

Insists upon its Amendment No. 1, because—

(a) In the opinion of this House the compensation to the proprietary clubs taken over by the new Turf Club should be provided by the new Turf Club alone;

(b) The present need for the careful marshalling of Government finance for Defence purposes precludes such financial commitments by the State as those suggested by the Government guarantee; and

(c) The possible operation of the enactment without Government guarantee to the detriment of the various clubs and their shareholders is a contingency which cannot be urged as a justification for a departure from reasons (a) and (b).

Insists upon its Amendment No. 2, because without such Government guarantee the debentures are such as to fall outside the categories of investments in which Trustees should be authorised by Statute to invest.

Insists upon its Amendment No. 8, and disagrees to the Assembly’s amendment thereon, because the proposed authority to the Colonial Treasurer to make the said advances is one which would authorise any of such advances to any extent and for any purposes set forth in subclause (5) of clause 15 of the Bill, and, as such, is covered by the reasons set forth above for insisting upon Amendments Nos. 1 and 2.

Agrees to the Assembly’s further amendment in the Bill consequent upon its agreement to the Council’s Amendment No. 4.

Legislative Council Chamber, Sydney, 29th June, 1943.

J. B. PEDEN, President.

Ordered by Mr. Speaker, That the Legislative Council’s Message be taken into consideration at a later hour of the Day.
