"Given under my hand at the Legislative Assembly Chamber, Macquarie-street, "Sydney, this fourteenth day of November, in the year of our Lord one thousand eight hundred and seventy-one.

"W. M. ARNOLD,

"Speaker."
7. **ORDNANCE LAND ACT AMENDMENT BILL**—Sir James Martin having presented this Bill, Mr. Speaker, intimated "A Bill for confirming the Transfer to the Secretary of War in England from the Principal Officers of Ordnance there of certain Lands in New South Wales and for amending the Ordnance Land Act of Council 1840," read a first time, pro forma.

8. **THE GOVERNOR'S OPENING SPEECH**—The Speaker reported that the House had this day attended the Governor in the Legislative Council Chamber, when His Excellency was pleased to deliver an Opening Speech to both Houses of Parliament, of which, for greater accuracy, he had obtained a copy, which he read to the House as follows:—

**HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—**

1. The great length to which the last Parliamentary Session was prolonged, and the magnitude of the questions subsequently calling for consideration, have rendered it necessary that I should call you together at a later period of the year than usual.

2. Among other measures of importance which have been under the consideration of the Government, are Bills for the consolidation and amendment of the Laws regulating the Occupation and Sale of Crown Lands—for the extension of Municipal Institutions—for the amendment of the Laws for the Regulation of the Gold Fields—and for the amendment of the Impounding Laws.

3. These Bills, with the exception of the Gold Fields Bill, will be submitted for your consideration without delay.

4. Shortly after the Proclamation it was thought desirable to endeavour to enter into some arrangement with the Governments of the Colonies of Victoria, South Australia, Tasmania, and Queensland, for the establishment of a Mail Service, that would afford the Colonies interested the means of more frequent communication with other parts of the World than they have at present.

5. With that object, the Attorney General, the Colonial Treasurer, and the Postmaster General proceeded to Melbourne, to attend a Conference called at the instance of this Government, and the deliberations of that Conference have resulted in the making an Agreement, subject to the sanction of the Parliaments of the Colonies represented there, which it is thought will, if carried out, be generally advantageous.

6. The approaching termination of the Agreement made in 1867 between this Colony and the Colony of Victoria, in reference to goods imported into and exported from the Colony, across or by way of the River Murray, rendered it incumbent upon the Government to make a new Arrangement, which, while securing to this Colony the duties to which it is fairly entitled, would keep the trade in question free from all injurious or irritating restrictions.

7. At the Conference at which the question of the Mail Service was disposed of, this matter of the Murray River trade was considered by the Representatives of this Colony and the Colonies of Victoria and South Australia, but no agreement for the renewal of the existing arrangement on equitable terms could be arrived at.

8. The proceedings of the Conference will be forthwith submitted to you for your consideration.

**GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—**

9. I am able to congratulate you on the state of the Public Finances. The Loan of £374,380, which the Act of Parliament 35 Vic. No. 5 authorized the Government to raise for the prosecution of various Public Works, was obtained without difficulty in Sydney, at a premium. The Treasury Bills, amounting to £334,600, which the Government were empowered by the Act 35 Vic. No. 5 to dispose of to meet the deficiency on the Consolidated Revenue Account, have not been offered, as the money has not been required. The income of the Country has so increased as to enable the Government, with a due attention to economy, to meet all engagements, without any resort being had to additional taxation.

10. The Estimates of Expenditure have been prepared, and will be immediately submitted to you.

**HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—**

11. It is hoped that the measures which I have enumerated, with some others, amongst which may be included a proposal for the extension of the Railways, may be disposed of without much delay, with a view to the commencement of the next Session at an early period of the year.

12. There is every reason to believe that the Colony is now on the eve of a period of great prosperity. A favourable season has given an impulse to our Agriculture; whilst the yield from our Gold Fields has increased, and is still increasing. Mining industries are springing up in various directions, and the price to which our chief staple has risen in Europe and America has caused a marked improvement in pastoral affairs.

13. I trust that, under Divine Providence, your labours will give a further impulse to the prosperity of which we now see the beginning.

Mr. Smith then moved, and Mr. Clarke seconded the motion.

(1) That a Select Committee be appointed to prepare an Address in reply to the Speech delivered by His Excellency the Governor on opening this Session of the Parliament of New South Wales.

(2) That such Committee consist of Sir James Martin, Mr. Robertson, Mr. Allen, Mr. Clarke, Mr. Dodds, Mr. King, Mr. Moss, Mr. Terry, and the Mover.

Question put and passed.

And the Committee retired to prepare the Address.

And Mr. Smith having brought up the Address prepared by the Committee, the same was read by the Clerk, by direction of the Speaker as follows:—

"To
"To His Excellency the Right Honorable SOMERSET RICHARD, EARL OF BELMORE, a Member of Her Majesty's Most Honorable Privy Council in Ireland, Governor and Commander-in-Chief of the Colony of New South Wales, and Vice-Admiral of the same.

May it Please Your Excellency,—

We, Her Majesty's loyal and dutiful subjects, Members of the Legislative Assembly of New South Wales, in Parliament assembled, desire to express our loyalty and unfeigned attachment to Her Most Gracious Majesty's Person and Government, and to offer our respectful thanks for Your Excellency's Speech.

The various measures to which Your Excellency refers, and particularly the Bill for the Consolidation and Amendment of the Laws relating to the Occupation and Sale of Crown Lands, shall receive our most careful consideration.

The proceedings of the recent Conference, held in Melbourne, shall receive our attention when the papers are laid before us.

We are glad to learn that the Public Finances are in a satisfactory condition.

We join Your Excellency in the hope that, under Divine Providence, our labours may aid in advancing the general prosperity.

Mr. Smith then moved, and Mr. Clarke seconded the motion, That the Address in reply to the Governor's Opening Speech, as read by the Clerk, be now adopted by this House.

Debate ensued.

Mr. Parnell moved, That the Address be amended by the addition after the first paragraph:

'Ve regret that owing to the late period at which we have been called together, sufficient time will not be afforded to consider the Estimates of Expenditure in detail, without great public inconvenience, and that we shall be deprived of the opportunity of properly dealing with other important questions in which legislation is urgently required, and of inquiring into certain appointments made during the recess.'

Debate continued.

Question put,—That the words proposed to be added be there added.

The House divided.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 21 NOVEMBER, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

QUESTIONS:

(1.) Immigration:—Mr. G. A. Lloyd asked the Colonial Secretary, pursuant to Notice No. 1,—Have the Government any intention of introducing a measure during the present Session to encourage a stream of Immigration to this Colony?

Mr. Robertson answered,—Not this Session.

(2.) Bridges over Parramatta River and Long Cove:—Mr. Tunks asked the Secretary for Public Works, pursuant to Notice No. 2,—Is it the intention of the Government to take any steps to carry into effect the following Resolution, agreed to by this House on the 1st April, 1870:—"That an Address be presented to the Governor, praying that His Excellency will be pleased to authorize provision to be made by Bill for the erection and maintenance of a Bridge over the Parramatta River, and a Bridge over Long Cove, and for the resumption and sale of the Field of Mars Common, with a view to meet the cost of such works?"

Mr. Byrnes answered,—This matter has not before been brought under the notice of the present Government. I will make inquiries into the case, and inform the Honorable Member of the intention of the Government as early as practicable.

(3.) Land for Asylum for Deaf, Dumb, and Blind:—Mr. Stewart asked the Attorney General, pursuant to Notice No. 3,—Is it true that a piece of land vested in the Council of Education has been alienated, or promised, to the Asylum for the Deaf, Dumb, and Blind?

Mr. Wilson answered,—In the year 1859 the land in question was granted to the National Board of Education for an Industrial School, but the Board, or the Council of Education, not having made use of the land, it was last year given by mistake—as I am willing to admit—to the Deaf and Dumb and Blind Institution, and they had commenced to erect buildings upon it before the error was discovered. I may add that the Government are in correspondence with the Council of Education on the subject, with the view of settling this matter as amicably as possible.

(4.) The Outer Domain:—Mr. Stewart asked the Colonial Secretary, pursuant to Notice No. 4,—(1.) Whether Ministers are aware that on the last birthday of His Royal Highness the Prince of Wales the public were excluded from the Outer Domain, except on payment of money for admission?

(2.) By whose orders, and for what purpose, were members of the police force stationed at the gates where toll was demanded, and entrance prevented?

Mr. Wilson answered,—(1.) The Honorable Member has been misinformed if it has been stated to him that on the Prince of Wales last birthday the public were excluded from the Outer Domain. A person named Simpson received permission to give an exhibition of fireworks on the evening of that day, in the Outer Domain, on the express understanding that the public were not to be prevented from passing in or cut at will.

(2.) In accordance with the usual practice a few constables were placed on duty at the Domain to preserve order amongst a large assemblage of people, but in no way to enforce the payment of any charge at the gate.
(5.) Goods Traffic—Southern and Western Railway.—Mr. Hoskins asked the Secretary for Public Works, pursuant to Notice No. 5.—What was the amount of tonnage of goods forwarded monthly from Sydney to the Goulburn, Wallerawang, and Rydal Stations, respectively, for the six months ending October 31st, 1871, and what was the number of trucks used monthly in the conveyance of such goods?

Mr. Byrnes answered,—The information asked for by the Honorable Member will be found in the Return which I will presently lay upon the Table.

(6.) The Financial Year.—Mr. Fitzpatrick asked the Colonial Treasurer, pursuant to Notice No. 6.—Whether the attention of the Government has been directed to the expediency of altering the currency of the Financial Year?

Mr. Lord answered,—This subject has been under the consideration of the Government, but no steps can be taken to carry it into effect during the present Session.

(7.) Sewerage and Water Supply.—Mr. Tunics asked the Colonial Treasurer, pursuant to Notice No. 7.—When will the Return be furnished which was ordered by this House on the 18th April last, to contain an annual debtor and creditor statement of the amount of money due to the Government by the Municipal Council of Sydney, on account of Sewerage and Water Supply for the City, Port, and Suburbs of Sydney?

Mr. Lord answered,—The Return, which is a tedious one, is in course of preparation, and will be laid upon the Table as speedily as possible.

Mr. Tunics withdrew Question No. 8.

(8.) Superannuation Act.—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 9.—Is it the intention of the Government to introduce any measure during the present Session to alter or amend the Superannuation Act?

Mr. Robertson answered,—Yes.

(9.) Nimboy Bridge.—Mr. Farnell asked the Secretary for Public Works, pursuant to Notice No. 10.—(1.) Have the Government obtained a private tender from Messrs. Smithyman and Bartholomew for the erection of the Nimboy Bridge?

(2.) If so, what is the amount of the tender, and do the Government intend to accept the same?

(3.) If no tender has been accepted, do the Government intend to call for tenders for the erection of the Nimboy Bridge, or do they intend to erect the said bridge by day labour, under the supervision of their own officers?

Mr. Byrnes answered,—(1.) Messrs. Smithyman and Bartholomew tendered to erect both Nimboy and Urana Bridges.

(2.) They object to the amount of their tender being made public, as the Government have not accepted it.

(3.) The Government invited tenders for the erection of those bridges in the first instance, and the lowest, that of Messrs. Bell and Franklin, was accepted. Those gentlemen, however, asked to be allowed to decline, as the long interval pending construction of ironwork did not suit their arrangements. Under all the circumstances of the case, it is considered most advisable to carry out the erection of those two bridges under the direct control of the Department.

(10.) Warders, Yass Gaol.—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 11.—(1.) Is it true that some of the Warders in Yass Gaol have not been paid their salaries for the last three months?

(2.) If this is true, will the Colonial Treasurer put an end to this state of affairs without delay?

Mr. Lord answered,—£37 4s. was placed to the credit of the Sheriff on the 1st September, £37 4s. on the 7th October, and £30 on the 1st November, to enable him to pay the salaries of the Warders in Yass Gaol, for August, September, and October, respectively. I may state that inquiry as to the cause of delay, if any, is being made by the Sheriff.

(11.) The “Vernon.”—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 12.—Is it true that Mr. Arkey has petitioned the Government to deliver to him his two boys at present on board the “Vernon,” and that Mr. Arkey, the father of the boys, is anxious to have them under his own charge, and that the Colonial Secretary refuses to give Mr. Arkey the custody of his children?

Mr. Robertson answered,—It is true that Mr. Arkey did petition for the release of his two boys from the “Vernon,” and it is true that that petition was refused. The reason of the refusal was, that on referring the matter to the Inspector General of Police, to know what manner of man the father was, and what were the circumstances of the case, the Inspector General advised that he should not have these boys, because he had charged the elder boy with stealing £8 from him, and generally that such a step was undesirable. Subsequently, however, upon other representations made to me, and upon such testimony as I thought was reliable, I learned that Mr. Arkey is a very respectable man, and quite able to support these boys. That being so, I determined to recommend that they should be released. That release has been authorized by the Governor and Executive Council, upon condition that the elder boy, who had been charged with the theft of £8, shall be apprenticed to some trade, which the father is willing to agree to, thus getting over all the difficulties, as it seems to me, in the way of letting these boys out.

(3.) Insolvency of Government Officers:—Mr. Stewart asked the Colonial Secretary, pursuant to Notice No. 3,—Whether there is any rule or custom which requires Government officials to retire from the Service on becoming insolvent?

Mr. Robertson answered,—There is no rule requiring Government officials to retire from the Service on becoming insolvent, but the practice is, if an employee of the Government become insolvent, to call the attention of the Chief Commissioner of the Insolvent Court to the case, and he reports upon it. If he reports that there is nothing discreditable or dishonorable in the conduct of the officer he remains in the Service; if otherwise, he is removed.

(4.) Land Titles Department:—Mr. Greville asked the Colonial Secretary, pursuant to Notice No. 4,—Referring to the Minutes of the then Attorney General with reference to the Report of the Commission of Inquiry into the Land Titles Department, quoted by Mr. Cowper in reply to a Question put by the Honorable Member for Braidwood, on the 29th November, 1870,—Do the complaints referred to in Sir William Manning's Minute still continue to be made; and if so, do the Government intend to renew the inquiry into the working of the Department, or to take any other course with reference thereto?

The compilation of the whole, which is the last portion of the work, I am informed is not likely to be completed until early in April next.

(2.) The Population of the district of Bourke is 1092 males, 416 females—in all 1508. Of Walgett, 1040 males, 390 females—in all 1434.

QUESTIONS:—

(1.) University Fees.—Mr. Stewart asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) By what authority the University of Sydney charges a fee of two pounds for examination of persons who are not University students, nor candidates for any of the degrees which the University is authorized to confer?

(2.) What becomes of the fees taken at the recent Civil Service examinations?

Mr. Robertson answered,—

(1.) The Registrar of the University informs me that the authority upon which this charge is made is the By-laws of the University, made by the Governor and Executive Council.

(2.) On the same authority, I am informed that they are paid into the funds of the University.

(2.) Kidnapping in the South Seas.—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Has the Government taken any steps, and if so, what steps, to contradict or counteract the effects of the statement contained in a Book lately published by Captain Palmer, late of H.M.S. "Rosario," entitled "Kidnapping in the South Seas," to the effect that the Government of this Colony had placed difficulties in his way when conducting legal proceedings in the case of the "Daphne," seized for alleged Kidnapping in the South Seas?

(2.) What was the cost of the proceedings in question?

(3.) Has the Colony been reimbursed for the same by the Imperial Government?

Mr. Robertson answered,—

(1.) The Crown Solicitor addressed a letter to His Excellency the Governor on the subject, so also has the present Colonial Secretary; those letters have been forwarded to the Secretary of State for the Colonies by His Excellency. Already a portion of the Papers is before Parliament, and ordered to be printed. I hope to be able to complete the subject by laying further Papers upon the Table of the House on Tuesday next.

(2.) The cost to the Government was £179 5s. 5d.

(3.) Yes. £100 by the Imperial Government, and £79 5s. 5d. by Captain Palmer.

(3.) Kidnapping in the South Seas:—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 3,—

(1.) What was the cost of the Commission appointed by the Government of this Colony, at the instance of the Imperial Government, to inquire into the question of alleged Kidnapping or Slavery in the South Seas?

(2.) Has the Colony been reimbursed for the same by the Imperial Government; or if not, what steps have been, or are intended to be, taken by the Government of this Colony to obtain such reimbursement?

(3.) What has been the result, if any, of such inquiry?
Mr. Robertson answered,—

(1.) It is scarcely accurate to say that the Commission was appointed at the instance of the Home Government. What occurred was, the Secretary for the Colonies asked this Government to make inquiries with a view to clear up and to reliably report as to the true state of that very objectionable trade. This Government, believing that they would best carry out the wishes of the Home Government, and at the same time meet the necessities of so grave and important a matter, appointed a Commission consisting of:

- Samuel Bennett, Esq.,
- J. L. Montefiore, Esq.,
- The Honorable W. B. Dalley, Esq.,
- John Fairfax, Esq.,
- The Reverend J. D. Lang, D.D.,
- F. Mitchell, Esq., J.P.,
- Thomas S. Mort, Esq.,
- C. Rolleston, Esq., and
- Charles Smith, Esq., all of this city. These gentlemen declined to accept remuneration; yet there was a cost of £169 2s. 4d., incurred mainly, if not wholly, for a Secretary and Shorthand Writer, and for printing.

(2.) No; the Imperial Government declined payment—the plea assigned being that the Secretary of State requested only that inquiries should be made, and not that a Commission should be appointed.

(3.) The Report of the Commission is before this House, and ordered to be printed.

(4.) Medical Practitioners:—Mr. Hart asked the Colonial Secretary, pursuant to Notice No. 4,—Is it the intention of the Government to introduce a Bill, during the present Session, enabling persons requiring medical aid to distinguish qualified from unqualified medical practitioners?

Mr. Robertson answered,—No.

(5.) Postal Time-table, Brewarrina:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 5,—

(1.) Has the Honorable the Postmaster General received a Petition from the inhabitants of Brewarrina, praying that an alteration may be made in the time-table so as to catch the outgoing mail to Wallgett?

(2.) Will the Honorable the Postmaster General cause any immediate steps to be taken to remedy this great evil?

Mr. Robertson answered,—

(1.) A Petition was received in May last, from the inhabitants of Brewarrina and district, praying that the departure of the mails from Wallgett be delayed until the arrival of the mail from Brewarrina.

(2.) It is not intended to interfere with existing arrangements. In framing tables the Postmaster General has to consider the general interests in preference to those of the residents at one particular locality.

(6.) Omnibus Accident:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 6,—

(1.) Is the Colonial Secretary aware that an accident was occasioned to one of the new omnibuses the other day by some one maliciously removing one of the bind wheels is kept in its place?

(2.) If the Colonial Secretary is not aware of this, will he make himself master of the facts, and if they bear out the above statement, will the Government offer a reward for the apprehension of the ruffian who could be guilty of such an act?

Mr. Robertson answered,—I was not aware of the occurrence until notice of this question. The Inspector General of Police informs me that he has had no complaint on the subject, but he has now ascertained that the driver of an omnibus on finding, in the presence of a policeman, that a nut was missing, made no charge of malice in the matter.

Mr. Buchanan withdrew Question No. 7.

(7.) St. John's College:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 8,—

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 28 NOVEMBER, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

QUESTIONS:—

(1.) The late Mr. Thomas Smith:—Mr. Punk asked the Secretary for Public Works, pursuant to Notice No. 1,—Is it the intention of the Government to give effect to the recommendation in the Report of the Select Committee on the Petition of the late Mr. Thomas Smith, adopted by this House on the 2nd February, 1869?

Mr. Byrne answered,—The Government are quite prepared to adopt the plan of converging lines for the reclamation of the mud flats in Pyrmont Bay, as originally proposed by the Government, and recommended in the Report of the Select Committee on the Petition of the late Thomas Smith, but, insomuch as nearly all the owners of waterside properties in the Bay are opposed to the arrangement, which they have petitioned against, Government do not feel that under the circumstances they would be justified in forcing on those persons an arrangement to which they have expressed themselves as averse. The case shall have the fullest and most favorable consideration from the Government, should there appear to be any prospect of a satisfactory arrangement being effected with the adjoining proprietors.

(2.) Road between Harden and Murrumburrah:—Mr. Baker asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) Are the Government aware that some eight or ten months ago a promise was made that a new line of road should be surveyed between Harden and Murrumburrah, and that the District Surveyor has now for some time had instructions to make such survey, but has failed as yet to do so?

(2.) Will the Secretary for Public Works state when this long promised survey will be made?

Mr. Wilson answered,—Instructions respecting this and other roads in this locality were issued to the District Surveyor in July last, but, having been engaged on important duties elsewhere, he has been unable to report upon this matter, but states he will be able to deal with it within a month.

(3.) Judges travelling by Railway:—Mr. Stewart asked the Secretary for Public Works, pursuant to Notice No. 3,—

(1.) Whether it is customary to allow any of the Judges the exclusive use of a railway carriage for themselves and such friends as may accompany them?

(2.) If so, which of the Judges?

Mr. Byrne answered,—No, it is not customary, nor, upon inquiry, can anything be learned of such a case having occurred.

(4.) Incorporation of Municipality of Hamilton:—Mr. Watson, on behalf of Mr. G. A. Lloyd, asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Have the Government received a Petition for the incorporation of the Municipality of Hamilton?

(2.) Has the necessary time required expired?

(3.) If it has, does the Government intend to proclaim the said proposed Municipality, and when?

Mr. Robertson answered,—

(1.) Yes.

(2.) Yes.

(3.) Yes, almost immediately.

(5.)
(5.) Importation of Wine from Melbourne.—Mr. Bawden asked the Colonial Treasurer, pursuant to Notice No. 5,—

What quantity of wine has been imported into this Colony from Melbourne, as the produce of New South Wales, during the year ending 30th September last?

(2.) What precautions are taken by the Government to prevent Victorian and South Australian wines being introduced by way of Melbourne into the seaports of this Colony as the produce of New South Wales?

Mr. Lord answered,—

(1.) 15,021 gallons. This large quantity being in transit to Sydney was not treated by our officers on the Murray as an export to Victoria, and that goes far, I think, to reconcile their Returns with the statements recently made by the Honorable Member for the Hume, as to the quantity of wine sent across the Border into Victoria during 1870, a very large proportion of which, it is clear, was intended for our own home consumption.

(2.) In all cases certificates are produced that the wine so imported is the produce of New South Wales. These certificates are usually signed by one of the officers of the Customs, and in some instances by Magistrates of this Colony.

(6.) Bridges over Fisher's and Castle's Creeks.—Mr. Watson asked the Secretary for Public Works, pursuant to Notice No. 6,—

(1.) What is the cause of the delay in calling for tenders for the erection of Bridges over Fisher's and Castle's Creeks, the money for which was voted in March last?

(2.) When will tenders be called for?

Mr. Byrnes answered,—

(1.) The Road Superintendent has reported that there is a good causeway at Fisher's Creek. Tenders have not been invited, pending inspection by the Commissioner for Roads.

(2.) Tenders will be at once invited for Bridge at Castle's Creek.

(7.) Roman Catholic School, Grenfell.—Mr. Watson asked the Colonial Secretary, pursuant to Notice No. 7,—Is he aware that the Council of Education recently refused to grant a Certificate to the Roman Catholic School at Grenfell; if so, is their refusal in accordance with the spirit of the Roman Catholic School Act, which provides that "applicants for a certificate to a Denominational School must provide a schoolhouse sufficient in all respects for the purpose, and suitably furnished." No schoolhouse was provided.

(8.) Sewerage of the City and Suburbs.—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 8,—Has any communication been received from the Municipal Council of Sydney suggesting the co-operation of the Government in the appointment of a Special Commission to inquire into the sewerage of the city and suburbs; if so, does the Government intend to take any steps in the matter, with the view to remedy the grievous nuisance now existing on the lower levels of the city, and the silting up of the harbour?

Mr. Robertson answered,—Such a communication was received, and is under the consideration of the Government.

(9.) Court House and Gaol at Young.—Mr. Watson asked the Secretary for Public Works, pursuant to Notice No. 9,—Has the Government had any communication with reference to the present dilapidated and unsafe state of the Court House and Gaol at Young; and if so, is it their intention to take any steps in the matter, with the view to remedy the grievous nuisance now existing on the lower levels of the city, and the silting up of the harbour?

Mr. Byrnes answered,—Yes, and they will as early as possible take the matter into consideration, and if found desirable, will authorize the erection of a new Gaol and Court House out of the General Vote for Gaols and Court Houses for 1872.

2. PAPER.—Mr. Robertson laid upon the Table a Despatch from the Secretary of State respecting insertion in Army List of names of Officers of Colonial Militia and Volunteers. Ordered to be printed.

Mr. Samuel having presented this Bill, and produced a Certificate of the payment of twenty-five pounds to the credit of the Consolidated Revenue of the Colony, Bill, intituled " A Bill to enable John Newlands Wark to construct Gas Works within the City and Suburbs of Bathurst and providing for the incorporation of The Bathurst Gas Company, (Limited),"—read a first time.

(2.) That Railways of a description more suited to the wants and means of the Country than the present costly lines, should be constructed with all possible celerity, along, or in the direction of, the most important lines of traffic.
(3.) That such railways should, in the first instance, be carried in the following directions:

QUESTIONS:

(1.) The Old Carters Barracks:—Mr. Stewart, on behalf of Mr. Buchanan, asked the Secretary for Lands, pursuant to Notice No. 1,—To whom was the ground known as the Old Carters Barracks granted, and for what purpose?

Mr. Wilson answered,—The ground in question was never granted, but that portion of Carters Barracks originally known as the Debtors Prison was in 1848 placed at the disposal of a Society, of which Archbishop Polding was President, for a Magdalen Asylum. That portion known as the Old House of Correction was at the same time placed at the disposal of the Female Refuge Society for a similar purpose, but a grant was refused to either party unless the two Societies amalgamated, as in the case of the Benevolent Asylum. The following is a paragraph in the Executive Council Minute of 10th December, 1848:—"The Council therefore recommend that that building, being the portion of Carters Barracks known as the Debtors Prison, which it appears has been already placed in the possession of, and repaired by, the parties in question, should be allowed to remain in their occupation, and that the Old House of Correction should be placed at the disposal of the Female Refuge Society. This arrangement for the accommodation of the two Societies is sanctioned by the Council, in the earnest hope that the juxtaposition of their establishments, and the obvious advantage which would arise from their coalition as regards economy of management, will speedily lead to their union. The Council, however, think it necessary to state that they cannot advise as a permanent measure the adoption of an arrangement based upon the present division of the two Institutions; and they therefore recommend that both parties should be distinctly informed that, in allowing the use of the buildings which it is proposed to assign to them respectively, the Government does not make, nor intend to make, a final surrender of them to either party exclusively, but that, in the event of a coalition taking place between the two Societies, the Government will be prepared to make a permanent grant of the whole of the land for the purposes of the united Society."

The remainder of the site of Carters Barracks is occupied by the Mounted Police.

The House met pursuant to adjournment; the Speaker took the Chair.

QUESTIONS:

(1.) Electorate of Braidwood:—Mr. C. A. Lloyd, on behalf of Mr. Greville, asked the Colonial Secretary, pursuant to Notice No. 1.—Is it the intention of the Government to provide in their new Electoral Bill for increased representation for the Electorate of Braidwood, which contains 2,895 electors?

Mr. Robertson answered,—I think it extremely improbable that, with only 2,895 electors, an additional Member will be given. However, the matter has not been determined in the Cabinet.

(2.) Gold Fields Bill:—Mr. Baker asked the Secretary for Lands, pursuant to Notice No. 2.—Considering that the Report of the Gold Fields Inquiry Commission is now in the hands of the Government, will the Secretary for Lands state if it is the intention of the Government to introduce a new Gold Fields Bill during the present Session?

Mr. Wilson answered,—Considering the length of the Report of the Gold Fields Inquiry Commission, and the importance and magnitude of the suggestions contained therein, and also the necessity of well considering the report and recommendations of the Commission sent to the Western District, it is impossible for the Government to fix the time when a new Gold Fields Bill will be introduced, but there will be no unnecessary delay, and the suggested improvement in the Regulations shall not be neglected.

(3.) Grant for Repairs of Cessnock Road:—Mr. W. Forster, asked the Secretary for Lands, pursuant to Notice No. 3.—With reference to the Select Committee appointed on October 8th, 1859, to inquire into various charges made by the Warden of the Maitland District Council against Mr. J. Eckford, M.L.A., respecting the expenditure of the grant for the repairs of the Cessnock Road, for the year 1858; also on the charges made by Mr. Eckford against the Warden:—

(i.) Has the present Government instituted any inquiry into the said charges, or any of them?

(ii.) If so, what has been the result?

(iii.) If not, is it the intention of the present Government to institute any such inquiry, or are the charges considered to be abandoned?

Mr. Wilson answered,—The matter was allowed to drop by the late Government, the Honorable Member being the Secretary for Lands, and has not been reopened by the present, as their attention has not been called to the subject, the Committee not having reported.

(4.) Lake George Road:—Mr. Butler asked the Secretary for Public Works, pursuant to Notice No. 4.—How much money has been voted and paid by Government for the repairs of the Lake George Road, between Collector and Gundaroo, during the last twenty years?

Mr. Byrne answered,—The amount spent on this road has been very trifling and chiefly by Trustees; it is impossible to ascertain the amount at once. I will, however, answer the Question of the Honorable Member as soon as the information can be obtained.
(5.) Court House and Lock-up at Brewarrina.—Mr. Church, on behalf of Mr. Buchanan, asked the Secretary for Public Works, pursuant to Notice No. 5,—
(1.) Has the Government accepted the tenders for the erection of a Court House and Lock-up at Brewarrina?
(2.) If so, have the tenders been signed?
(3.) Who are the sureties?
(4.) How long have the Contractors to complete the work?
(5.) Is Government aware that prisoners for the most trivial offences have to be kept in chains in an insecure shack stable with bark roof?

Mr. Byrnes answered,—
(1.) Yes, on the 6th October last.
(2.) The bond was forwarded to the Police Magistrate at Fort Bourke by the Crown Solicitor, with a request that he would see it duly executed. It has not yet been returned.
(3.) Henry Collies and Joseph Beeker, both of Bourke.
(4.) Eight months from date of signing bond.
(5.) The Magistrates of Fort Bourke have drawn the attention of the Government to the inadequacy of the accommodation, and on their representation and that of the Member for the district, the Cabinet approved of a Lock-up being built at Brewarrina.

(6.) Mr. Edward Edwards, Warder in Darlinghurst Gaol.—Mr. Church, on behalf of Mr. Buchanan, asked the Colonial Secretary, pursuant to Notice No. 6,—
(1.) Is he aware that Mr. Edward Edwards, a warder in Darlinghurst Gaol, has been missing for four weeks?
(2.) Has he any information as to the cause of Mr. Edwards’s absence, or has he any reason to suspect foul play?

Mr. Robertson answered,—Warder Edwards, of Darlinghurst Gaol, was allowed leave of absence on account of ill-health. He proceeded, on the 16th November, to Sutton Forest, and left the Station for a place in the vicinity. He has not since been seen, although the country has been searched by police and large numbers of other persons. The Sheriff communicated the circumstances to the Inspector General of Police. It has been suggested that there has been foul play, but the idea seems to have no reliable foundation. Senior Sergeant Healy reported to the Inspector General of Police that, it having been deemed probable that Edwards got into a swamp, search was made by the police and several other persons. That has been continued, but he has not yet been discovered. I have no reason to suspect foul play.

(7.) Valuation of Fancy Goods and Jewellery.—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 7,—
(1.) Has the Government appointed Experts to value fancy goods or jewellery; if not, is it the intention of the Government to appoint such officers?
(2.) How is the value of fancy goods and jewellery ascertained at present?

Mr. Lord answered,—
(1.) No; but such is the intention.
(2.) When any doubt arises the Collector sends for some respectable jeweller (Mr. Hardy or Mr. MacDonnell,) whose opinions have been found very useful in checking the declared value.

(8.) Rowland Carr.—Mr. Dodds asked the Attorney General, pursuant to Notice No. 8,—Whether he has received any information as to the death of a person, known by the name of “Rowland Carr,” whose body was found about three miles from the “Sand Holes Station,” and about eight miles from “Goorah,” Gwydir District, under circumstances denoting foul play; will the Attorney General cause the necessary inquiry to be made?

Sir James Martin answered,—No information has reached me as to the death of Rowland Carr, under circumstances denoting foul play. I have received a communication respecting the death of a person whose name is not mentioned, but who, I believe, was the person to whom the Honorable Member refers. It was stated in such communication that there were no marks of violence on the body. Inquiry is being made by the police into the circumstances.

(9.) Volunteer Clothing.—Mr. Lackey asked the Colonial Secretary, pursuant to Notice No. 9,—
(1.) Has the contract for the supply of Volunteer Uniform Clothing for the present year expired; if so, when?
(2.) Has the contractor had permission to continue the supply of clothing until the end of the year; if so, on whose authority?
(3.) Have any previous contractors for Volunteer Clothing had an extension of time beyond the termination of their contract; if so, on whose authority?
(4.) When do the Government intend calling for tenders for Volunteer Clothing, and will all such tenders in future be called by the Volunteer authorities, or by the Treasury?

Mr. Robertson answered,—
(1.) Yes; the contract for the supply of clothing for the Volunteer Rifles for the present year expired on the 25th of September last, that for the supply of the Artillery expires on the 31st December, 1872.
(2.) The contractor has had permission to continue the supply of clothing to the end of the year, on the authority of the Government.
(3.) Yes; the Colonial Secretary.
(4.) Immediately, to commence from the beginning of the year. By the Treasury.

"LEGISLATIVE ASSEMBLY.

"By the Honourable the Speaker of the Legislative Assembly of New South Wales.

"Pursuant to the power in that behalf vested in me as Speaker of the Legislative Assembly of New South Wales, by the Electoral Act of 1858, I do hereby appoint

"Alexander Dodds, Esquire, being a Member of the said Assembly, to be a Member of the Committee of Elections and Qualifications in the said Act referred to, during the present Session of the Assembly aforesaid, in the room of Matthew Henry Stephen, Esquire, whose Seat as a Member of the Legislative Assembly was declared vacant on the 12th December, 1871, by reason of his resignation thereof. 5. PUBLIC SCHOOLS ACT ("Formal" Motion):—Captain Osmow moved, pursuant to Notice No. 3, That the Petition presented by him on the 12th December, from the Revd. Robert King, complaining of the operation of the 23rd clause of the Public Schools Act of 1866, be printed. Question put and passed.

Question put,—That the words proposed to be omitted stand part of the Question.

Mr. Lord moved, That the Question be amended, by omitting all the words after the first word "That," in the opinion of this House, the Government, before proceeding to collect Customs Duties on the Murray, should endeavour to effect an arrangement with the Government of Victoria to provide for the taking of an account by both Colonies, on the basis of existing tariffs, of all imports and exports across or by way of the Murray to or from South Australia, Victoria, and New South Wales, and that such account should be taken for a term of twelve months from the expiration of the present Treaty.

This House is of opinion,—

That the balance ascertained by the account so taken to be due to New South Wales by Victoria, and South Australia, shall be deemed to be the amount that this Colony is justly entitled to be paid.

That an agreement should be entered into with the beforenamed Colonies for such further period as may be deemed expedient, on the understanding that a sum not less than the aforesaid ascertained balance be paid to this Colony yearly, from 2nd February proximo, the date of expiry of the present agreement.

That the foregoing Resolutions be embodied in an Address and presented to His Excellency the Governor.

Mr. Lord moved, That the Question be amended, by omitting all the words after the first word "That," with a view to inserting in their place the words:—

"This House is of opinion,—

(1) That it is very desirable to avoid, if possible, the actual collection of duties on goods passing across or by way of the Murray into this Colony from Victoria, and into Victoria from this Colony.

(2) That the Government of New South Wales would be justified in abstaining from collecting duties on the Murray if, before the first of February next, the Government of Victoria binds itself to pay for the twelve months commencing from that date, the sum of £60,000 on the terms and conditions of the existing agreement, and such further sum quarterly as on taking an account on the basis of the existing tariffs may be found at the end of each quarter to be due to this Colony.

(3) That the Government of New South Wales ought, in conjunction with the Government of Victoria, to take immediate steps for obtaining the above information.

(4) That the foregoing Resolutions be communicated by Address to His Excellency the Governor." "This House is of opinion,—

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 25 JANUARY, 1872.

1. The House met pursuant to adjournment; the Speaker took the Chair.

QUESTION:—Cattle in Quarantine on Garden Island:—Mr. Nowlan asked the Secretary for Lands, pursuant to Notice,—

(1.) Is it a fact that persons have landed on Garden Island, and inspected the cattle represented to be placed in close quarantine there?

(2.) If so, under what circumstances?

Mr. Wilson answered,—

(1.) Yes; besides the officers of Government, Mr. Richard Hill, M.L.A., Mr. E. Vickery, his Superintendent, Mr. Hill, and Mr. John Stewart, M.L.A., visited Garden Island, and inspected some of the cattle.

(2.) The circumstances under which they did so were as follows:—When Mr. Hill landed on the Island he did so, I believe, under the impression that, as an Inspector of Sheep, he was entitled to do so, and he so stated to the person in charge (Mr. Yates), who then allowed him to inspect them. Mr. Vickery called at the Lands Office to obtain an order for himself and his Superintendent to see his bulls, which were in quarantine. He was told he could not land, but an order was given him directing Yates to lead the two animals out on the top of the bank, so that he might see them from the boat. It seems, however, that they did land, but did not touch or even approach these cattle, and saw none of the others. Mr. Stewart, at my request, accompanied me to Garden Island to inspect the cattle.

**QUESTION**—Imported Stock Act of 1871:—Mr. Nowlan asked the Secretary for Lands, pursuant to Notice,—

(1.) Is it the intention of the Government immediately to amend the Imported Stock Act of 1871, by bringing Pigs and Goats, animals susceptible of being affected with Epizootic Apatha, under its provisions?

(2.) Is it the intention of the Government to extend the period for the quarantine of healthy animals now on their way from Europe, hitherto fixed at fourteen days?

(3.) Is it the intention of the Government to act upon the resolutions passed at the meetings of stockowners held in Sydney and Singleton (conveyed to the Honorable the Minister for Lands), and issue a proclamation in terms of Section 10 of the Imported Stock Act of 1871, prohibiting for a time the introduction into this Colony of any stock from places beyond the Australian Colonies, except such as may be on the way previous to such proclamation reaching Europe?

(4.) What is the present state of the health of the imported cattle on Garden Island, and for what length of time is it proposed still to keep them in quarantine; what steps will be taken to ascertain whether they are incapable of communicating the disease?

Mr. Wilson answered,—

(1.) It is not the present intention of the Government to amend the Imported Stock Act of 1871, by bringing Pigs and Goats under its provisions.

(2.) The Government do not think there is any necessity to extend the period of quarantine that is fixed upon healthy animals.

(3.) The deputation from the meeting of stockholders that waited upon me were informed, and they coincided with me, that I did not think there would be any utility in prohibiting the importation of stock, unless the Governments of Victoria and Queensland adopted the same course. These Governments have been communicated with upon the subject, but we have not yet received a reply from them.

Question.—That the words proposed to be inserted in place of the words omitted be there inserted,—put and passed.

Main Question then.—That the following respectful Address be presented to His Excellency the Earl of Belmore:

The Legislative Assembly of New South Wales desire to represent to your Excellency the many inconveniences and dangers to the public interest arising from a dissolution of Parliament in the present position of public affairs.

That the settled policy of the Government of Sir James Martin, ratified by the passing of the Act 31 Vict. No. 1, which has been in force during the last five years, has been not to collect duties on the importation of goods from Victoria across the River Murray, but to accept a money consideration, in lieu of the duties, of the yearly sum of £200,000.

That a dissolution of Parliament at the present time cannot fail to prolong the present unhappy differences with Victoria, and to engender a feeling of hostility in the minds of a large portion of our fellow colonists settled upon the Border against the Government of New South Wales, who will feel that they are not under the administration of a Government which regards their interest and well-being, and the probable result of the dispute now subsisting will be the loss to this Colony of a large and valuable district.

The Legislative Assembly are desirous of entering upon the consideration of the Estimates of Public Expenditure, as well as of the Bill now before them relating to the amendment of the Land Laws, and other important measures, and they feel confident that any further delay in dealing with these measures will be most injurious to the public interests.

Deeply influenced by these various considerations, and anxious in particular to secure peace and the good-will of our fellow colonists upon the Border, the Legislative Assembly respectfully request that your Excellency will not dissolve Parliament at the present critical period.

That the above Address be presented to His Excellency the Governor by the Speaker and the House, at such time as it may please His Excellency to appoint,—put and passed.

The House adjourned, on motion of Sir James Martin, at twenty-one minutes after Twelve o'clock, A.M., until Four o'clock, P.M., This Day.

W. M. ARNOLD,
Speaker.
