Ordered, on motion of Mr. G. A. Lloyd, to be printed.

The Governor in the Legislative Council Chamber, when His Excellency was pleased to deliver an Opening Speech to both Houses of Parliament, of which, for greater accuracy, he had obtained a copy,—which he read to the House, as follows—

Honorable Gentlemen of the Legislative Council, and Gentlemen of the Legislative Assembly,—

1. It is a matter for regret that it is necessary to call you together so soon after the labours of the late protracted Session, and I participate in the hope, which I am sure you must entertain, that the business of Parliament for the year may be confined to such limits as will not require you to give attendance to your public duties for the greater part of the twelve months,—an exertion of your time of which you too frequently have had occasion to complain. Every exertion will be made by the Government to consult your wishes by bringing the present Session to an early close.

2. The speedy transaction of business is rendered the more desirable by the approaching termination of Parliament itself as the result of special legislation. My Advisers, having due regard to the Act of last Session originated in the Legislative Assembly to abridge the term of its own existence, will abstain from laying before you any measures of a comprehensive character except such as have already been submitted for your consideration, in order that the sense of the Constituencies may be taken at the earliest convenient date on the several large questions now waiting to be determined. Among the principal of these may be included a thorough reform of the abuses of the present Land system, improvements in the law for establishing Municipalities, the construction of cheap Railways, and such an extension of the provisions of the Public Schools Act as will bring the benefits of Education within the reach of every family. In the present state of political affairs it is obvious that measures so momentously affecting the public welfare should be submitted to the judgment of the electors.

3. The Bill of last Session for extending and improving the representation of the people in the Legislative Assembly will be again introduced, and I confidently rely upon your attachment to the principles of the Constitution to pass it into law. The important changes for which it provides will render substantial justice to Districts for years past inadequately represented, and will enable the intelligence of the electoral bodies generally to be much more effectively expressed in the electoral results.

4. The Bill to reconstruct the Legislative Council on a basis of popular election will also be re-introduced without delay.

5. Other measures of last Session which were not then proceeded with, such as the Bills for consolidating and amending the Criminal Law, for securing an adequate supply of Water to the Metropolis and other parts of the Colony, for making better provision for the care and treatment of the Insane, and for other purposes of public utility, will be again submitted; and Bills will be introduced to improve the management of the Australian Museum and the Sydney Infirmary.

Gentlemen of the Legislative Assembly,—

6. The exposition of the financial condition of the Colony will be made, and the Estimates of Revenue and Expenditure for the year 1875 will be laid before you almost immediately.

7. The returns of Revenue for the current year, I am happy to say, show a satisfactory surplus; and you will be invited to consider the expediency of setting apart annually fixed amounts to be applied in the reduction of the Public Debt and in the construction of works of permanent improvement.

Honorable Gentlemen of the Legislative Council,

AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

8. During the recess an important acquisition to British territory has been made in intimate connection with Australian interests. For some time past the people of this Colony have manifested a deep concern in the settlement of the Fiji Islands; and this Government, acting in accord with the general feeling, has made repeated representations to the Secretary of State in favour of their colonization by Great Britain. After much inquiry and consideration, and in response to appeals from Fiji herself and from other quarters, it was decided by the Imperial Government to accept the responsibility of adding the Islands to the Possessions of the Crown, if the Native Chiefs were prepared to unreservedly acquiesce in the transfer of authority. The task was entrusted to me to conduct the final negotiations, and I have the satisfaction to inform you that my labours...
labours have resulted in the unconditional cession of those valuable and beautiful Islands to Her Majesty the Queen. The new Colony, planted in the van of Polynesia, cannot in its progress fail to exercise an influence over the whole of the Islands of the Pacific; and the advantages to the commerce of New South Wales, in common with the other Australian Colonies, will be manifold and may be expected to steadily increase. Papers explanatory of the subject, so far as the authorities of this Colony have been concerned, will be laid before you.

The Mining Department called into existence by the Act of last Session is being carefully organized. Arrangements have been made to ensure the early survey of lands for mining purposes and the undelayed issue of leases; and in the course of a short time the officers of the Department throughout the Colony will be able to deal with all cases as they arise. Some defects in the law will, however, require legislative remedy.

10. The contractors for the Pacific Mail Service have failed to carry out their temporary contract, and the necessary instructions have been given to enforce payment of the penalty of £25,000 secured by bond for non-performance. In the meantime measures have been adopted to continue the monthly postal communication between Sydney and San Francisco without interruption. It is satisfactory that the Government of New Zealand is prepared to bear half the expenditure of the interim contract now entered into, and has cordially agreed to co-operate with the Government of this Colony in firmly establishing the most efficient Service that can be obtained.

11. I rejoice that, in now leaving you to the performance of your Parliamentary duties, I can congratulate you on the continued prosperity of the Colony; and I earnestly hope that, under the guidance of the Almighty, your labours may largely tend to increase the blessings of freedom and good government for all classes of the people.

Mr. Cooper then moved, and Mr. W. C. Browne seconded the motion,—

(1.) That a Select Committee be appointed to prepare an Address in reply to the Speech delivered by His Excellency the Governor on opening this Session of the Parliament of New South Wales.

(2.) That the Committee consist of Mr. Moore, Mr. Clarke, Mr. Cunneen, Mr. De Salis, Mr. Greville, Mr. Levy, Mr. O'Connor, and the Mover.

And the Committee retired to prepare the Address.

And Mr. Cooper having brought up the Address prepared by the Committee, the same was read by the Clerk, by direction of Mr. Speaker, as follows:—

To His Excellency Sir Hercules George Robert Robinson, Knight Commander of the Most Distinguished Order of Saint Michael and Saint George, Governor and Commander-in-Chief of the Colony of New South Wales and its Dependencies, and Vice-Admiral of the same.

May it please Your Excellency,—

We, Her Majesty's loyal and dutiful subjects, Members of the Legislative Assembly of New South Wales, in Parliament assembled, offer to Your Excellency the expression of our loyalty to Her Most Gracious Majesty, and of our thanks for your Excellency's Speech.

2. We are glad to learn that measures for improving the state of the law respecting the public Lands, the extension of Municipalities, the construction of Railways, and the provision for public Education, are engaging the attention of the Government.

3. We shall be prepared to give our earnest and careful consideration to the Bill for improving the representation of the people in this House.

4. The other Bills to which our attention is invited shall be fully considered at our hands.

5. We are much gratified to be informed that the Public Revenue continues to show a surplus, and we can promise our cordial assistance to mature any proposals that may be submitted to us for reducing the public debt and carrying out permanent improvements in the country.

6. The cession of the Fijian Archipelago to the British Crown is an event fraught with important consequences to the English communities in Australasia; and we congratulate your Excellency on your success in the difficult mission for which you were selected by Her Majesty's Government.

7. We shall give our best attention to any proposals for improving the Mining interests of the Colony whenever our attention is invited to the subject.

8. The information which will no doubt be laid before us respecting the Pacific Mail Service will enable us to give that just consideration to the matter to which its importance entitles it.

9. We join in your Excellency's congratulations on the prosperity of the Colony, and we earnestly hope that we may be permitted by our labours to promote the general happiness.

Mr. Cooper then moved, and Mr. Moore seconded the motion, That the Address in reply to the Governor's Opening Speech, as read by the Clerk, be now adopted by this House.

Debate ensued.

Mr. John Robertson moved, That the Address be amended, by the insertion, after the first paragraph, of the following paragraphs:—

"2. It is a matter for regret that your Excellency has not been advised, in view of the exigencies of the Public Service, and the state of public affairs requiring legislation, to call Parliament together at an earlier date. We doubt the possibility of this Parliament being able now to bestow a sufficient amount of care and attention on the important measures intended to be submitted by your Excellency's Advisers.

3. With reference to the intimation contained in the second paragraph of your Excellency's Speech, we attribute the unfortunate result in this case to the injudicious selection of a contractor made by your Excellency's Advisers.

4. With regard to the failure of the Temporary Contract for the Pacific Mail Service, we attribute the unfortunate result in this case to the injudicious selection of a contractor made by your Excellency's Advisers."
"5. For the foregoing and other reasons we feel bound to express our dissatisfaction with the present administration of the Government of the Colony."

Debate continued.

Question put,—That the words proposed to be inserted be so inserted.

The House divided.

2 QUESTIONS—

(1.) Messieurs Rochefort and Grousset.—Mr. Buchanan asked the Minister acting for the Postmaster General, pursuant to Notice,—

(1.) Was there a letter addressed as follows, namely:—“Messieurs Rochefort et Paschal Grousset, Suisse au Belge, eves de la Nelle, Calendemie, Faire Suivre,” posted at the General Post Office, Sydney, sometime about the month of April or May last?

(2.) Was this letter, instead of being sent on to the persons to whom it was addressed, delivered by the Post Office authorities of Sydney to the French Consul resident here?

(3.) If this is so, will the Minister acting in this House for the Postmaster General state by whose authority this was done?

Mr. Parkes answered,—The authorities of the General Post Office have no knowledge whatever of any circumstance answering to that alleged to have had existence by the Honorable Member’s question.

(2.) Furniture for Court-house at Molong.—Mr. J. S. Smith asked the Secretary for Public Works, pursuant to Notice,—

(1.) Has any communication, or have any communications, been received by the Government in reference to Furniture for the Court-house at Molong within the last twelve months?

(2.) If so, on what date or dates, by whom, and the nature of such communication, or communications?

(3.) Do the Government intend to take any action in the matter; and if they do, when?

Mr. Sutherland answered,—

(1.) A requisition for Chairs and Forms was received in February, and a letter on the subject from Mr. Smith, M.L.A., in October last.

(2.) The requisition referred to was received early in February, and the letter on 12th October last.

(3.) The supply of the Furniture has been authorised by the Government, but in consequence of the papers having been mislaid a delay occurred. The articles are however being made, and will be ready in a few days.
(3.) Railway Trial Surveys.—Mr. J. S. Smith asked the Secretary for Public Works, pursuant to Notice.—
(1.) What Trial Surveys have been ordered by the Government for the extension of the Great Western Line of Railway from Orange?
(2.) If any Trial Surveys have already been made, will the Government inform the House what they have been, and the report or reports of the Surveyors thereon?
Mr. Sutherland answered,—
(1.) The Honorable Member will find the information he seeks in the Papers on the subject of Trial Surveys, which were laid upon the Table of the House, and ordered to be printed, on the 25th June last.

Mr. Parkes answered,—Immediately after the vote of this House was obtained, communications were made to the Agent General in London to make the necessary inquiries in order to engage the services of an engineer such as was wanted for the purposes of the Colony. Nothing yet has been finally decided on, and I have reason to believe that the Agent General at the present time is utterly incapacitated for the discharge of business, and probably some delay will arise in consequence.

(5.) Instructions to Warden of Gulgong.—Mr. Buchanan asked the Minister for Mines, pursuant to Notice.—If he has sent any instructions to the Warden of Gulgong, and if so, what those instructions were, in reference to the Warden having granted a prohibition in the case of Kitchen and Berand, and his failure to enforce it?

(6.) Bridge over Saumarez Creek.—Mr. Terry asked the Secretary for Public Works, pursuant to Notice.—When will the Bridge over Saumarez Creek be commenced, the money for which work was voted by Parliament two Sessions ago?
Mr. Sutherland answered.—A tender has been accepted for the erection of Saumarez Creek Bridge, but the work has been delayed in consequence of disputes respecting the site. Further information can be afforded the Honorable Member on the return to Sydney of the Commissioner for Roads, who has recently visited the locality.

(7.) Armidale Gaol.—Mr. Terry asked the Colonial Secretary, pursuant to Notice,—Is it the intention of the Government to place a sum of money on the Estimates this Session for the purpose of enlarging the Armidale Gaol, in accordance with a previous promise given by the Colonial Secretary in answer to a question asked by Mr. Terry on the 3rd February, 1874?

(1.) Bridges across Parramatta River and Iron Cove Creek:—Mr. Tunks asked the Secretary for Public Works, pursuant to Notice,—When will the erection of the Bridges across the Parramatta River and Iron Cove Creek be commenced?

(2.) Fortifications and Military Roads:—Mr. Tunks asked the Colonial Secretary, pursuant to Notice,—What Department of the Government is charged with the care and preservation of the Fortifications and Military Roads on the north side of the Harbour of Port Jackson?

Mr. Parkes answered,—The Colonial Architect's Department is understood to be charged with the care and preservation of these works, subject to the supervision of the Defence Commission.

(3.) Duty on Gold:—Mr. Baker asked the Colonial Treasurer, pursuant to Notice,—Is it the intention of the Government to bring in, during the present Session, a Bill to abolish the Duty on Gold?

(4.) Old Post Office in Wynyard Square:—Mr. Raphael asked the Secretary for Public Works, pursuant to Notice,—When does the Government intend to remove the old wooden Post Office in Wynyard Square?

Mr. Parkes answered,—It is the intention to remove the Old Post Office without any inconvenient delay, but there are one or two questions which will have to be determined before that step is taken.

(5.) Road over Mount Manning:—Mr. Cunneen asked the Secretary for Public Works, pursuant to Notice,—

(1.) What has caused the delay in the execution of the works for the improvement of the Road over Mount Manning, between the Wollombi and Macdonald Rivers, for which money has been appropriated?

(2.) When will the work be commenced?

Mr. Sutherland answered,—The Road Superintendent was instructed some time back to carry out this work. I am not aware of any cause for delay, and have directed that a telegram be sent to the Roads Officer to ascertain why the delay has occurred. As soon as a reply has been received, a copy will be furnished to the Honourable Member.

(6.) Grants for erection of Churches:—Mr. Webb asked the Colonial Secretary pursuant to Notice,—

(1.) Has any sum, or sums, of money been paid by the Government during the Recess towards the erection of a Church, or Churches, or any other place or places of Worship?

(2.) If so, to whom?

(3.) What amount?

(4.) From what fund, and by what authority?

Mr.
Mr. Parkes answered,—Two separate sums, each of £1,000, have been paid to the authorities of the Roman Catholic Church towards building Churches at Albury and at Ginninderra. The question will best be answered by a statement of the facts. Some few months ago a Solicitor in the city, by searching in the books of the Treasury, discovered that two sums of money, each of £1,000, were payable to the Roman Catholic Church. In consequence application was made for these sums. This came under my notice, and I caused, at a great deal of trouble, all papers referring to this matter to be collected. It was then discovered that by the provisions of the Church Act, and during the time it was in force, these sums had been actually appropriated according to law for this purpose, and set aside in the books of the Treasury for the parties. The Governor at the time was Sir William Denison, the Colonial Secretary was Mr. Riddell, and the Clerk of the Executive Council, Mr. Fitzpatrick, now a Member of this House. On ascertaining this state of facts I wrote out a case, setting them forth for the opinion of the Attorney General, more particularly asking him whether the appropriation of this money had been in any way interfered with by subsequent legislation, and whether it was incumbent upon the Government to pay these sums. The opinion of the Attorney General was, that as these sums had been actually appropriated according to law, and set aside to the credit of the parties to whom they were appropriated, and who had simply neglected to take the money, it must be paid, and it was paid, I believe from the Church and School Lands Fund, but I am not certain upon that point.

(7.) Cabbage-tree Bay:—Mr. W. C. Brown asked the Secretary for Lands, pursuant to Notice,— (1.) Has any report been received from Mr. Surveyor Riden in reference to Cabbage-tree Bay as a harbour of refuge? (2.) If so, will he lay the same on the Table of the House? Mr. Farewell answered,— (1.) Yes; a report and plan have been received and referred for the opinion and report of the Engineer-in-Chief for Harbours and Rivers. (2.) So soon as the Engineer-in-Chief for Harbours and Rivers shall have reported on the matter, the Papers will be laid upon the Table of the House.

(8.) Court-house at Gundaroo:—Mr. Forster asked the Secretary for Public Works, pursuant to Notice,— (1.) What has been the result of inviting tenders for the new Court-house at Gundaroo? (2.) Were any such tenders received, and how many? (3.) Was any such tender accepted? (4.) Has any contract been made with or without tender? (5.) If no tender has been accepted or contract made, is it the intention of the Government to call for fresh tenders? (6.) If so, will the plan and specifications be published at Gundaroo, or Goulburn, or both places? (7.) If none of the above named courses be taken, what other course have the Government taken, or do they intend taking, in the matter? Mr. Sutherland answered,—In reply to the Honorable Member's questions, I desire to say, as the result of inviting tenders for the erection of a new Court-house at Gundaroo, that three tenders were received, of which one has been accepted.

(9.) Road between Braidwood and Warri:—Mr. Forster asked the Secretary for Public Works, pursuant to Notice,— (1.) Have the Government promised, or do they intend, to spend or appropriate a sum of money, equivalent to the usual expenditure for several years, or about £4,000, on the road between Braidwood and Warri? (2.) Has such an amount been actually so spent, or authorized to be spent? (3.) In either case, by what authority, and from what fund? Mr. Sutherland answered,— (1.) No, the Government have not promised, neither do they intend to expend any sums beyond those voted by Parliament. (2.) Such an amount has not been spent, but a large sum has been authorised. (3.) By the authority of the Secretary for Public Works; from the special vote of £4,000 for Road, Goulburn to Braidwood, and the annual vote of £1,800 for Road, Tarragoullo to Braidwood, both of which votes include the portion referred to.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 12 NOVEMBER, 1874.

1. The House met pursuant to adjournment: Mr. Speaker took the Chair.

QUESTIONS:—

(1.) Murray River Customs Duties:—Mr. Macintosh asked the Colonial Treasurer, pursuant to Notice,—

(1.) The amount of Duties collected on Merchandise entered for consumption in New South Wales by way of and across the Murray River during each month of 1873, and to the 1st November, 1874?

(2.) The number of Bales of Wool exported from New South Wales by way of and across the Murray River during each month of 1873, and to the 1st November, 1874?

(3.) The number of Sheep, Cattle, and Horses, exported from New South Wales by way of and across the Murray River during each month of 1873, and to the 1st November, 1874?

Mr. G. A. Lloyd answered,—I have caused a Return to be prepared, which I will presently lay upon the Table, which will give the information asked for in Question No. 1. It will not be possible to answer Questions Nos. 2 and 3, because no statistics were taken during those periods.

(2.) Gates Act:—Mr. Greville asked the Secretary for Lands, pursuant to Notice,—When will action be resumed under the Gates Act?

Mr. Parnell answered,—I propose as soon as other business will admit to introduce a measure for remedying the difficulty that has arisen with reference to the Act referred to.

(3.) Mineral Selections:—Mr. Terry asked the Minister for Mines, pursuant to Notice,—

(1.) What course does he intend taking in the matter of Mineral Selections, and especially with reference to the prayer of the Petition presented by Mr. Terry on the 27th January last, from certain Selectors of Mineral Lands in the Districts of Armidale and Inverell, for amendment of the law which authorizes the retention by the Government of deposits made by unsuccessful applicants for Mineral Selections?

(2.) Is it the intention of the Minister for Mines to take any steps to procure the refund of the moneys retained by the Government in such cases?

Mr. Abbott answered,—

(1.) The Petition referred to by the Honorable Member has been dealt with by this House, and the course which the Government will take on the general question will be in accord with the decision then arrived at by the House.

(2.) No.

(4.) Commission of the Peace:—Mr. Forster asked the Minister of Justice and Public Instruction, pursuant to Notice,—

(1.) Were any persons resident in the District of Queanbeyan lately recommended by the Police Magistrate of Queanbeyan for appointment to the Commission of the Peace?

(2.) Who were those persons?

(3.) Were any other persons recommended, and by whom?

(4.) Who were those persons?

(5.) Of the persons recommended in both cases, who were appointed?

Mr.
26

Mr. Parkes answered.—Four persons were recommended for appointment to the Commission of the Peace by the Police Magistrate at Queanbeyan, and by Mr. Thomas Rutledge. The names of the persons so recommended were Mr. William Forster Rutledge, Mr. Pat Hill Osborne, Mr. Henry G. Powell, and Mr. Nathaniel S. Powell. Another person was recommended by 108 residents, who signed their names to a petition, and separately by Mr. Leopold Fane de Salis. For some months past the Government has, in every case where a gentleman has been recommended for appointment to the Commission of the Peace, caused a Circular Letter to be addressed to him. The following are extracts from that Circular.—The Colonial Secretary has lately had his attention "called to the fact that a large number of gentlemen holding the Commission habitually neglect their duties as Magistrates, and he has determined, for the future, not to advise the appointment of "any person who is not prepared to give a fair amount of attention to the business of the Bench in "the District wherein he resides." I am directed to ask whether, in this view of the position and "duties of the Magistrate, you are willing to accept appointment to the Commission." This Circular was addressed to Mr. William Forster Rutledge, to Mr. Pat Hill Osborne, and to Mr. Henry G. Powell. The Circular was not sent to Mr. Nathaniel S. Powell, because it was understood the two latter gentlemen were brothers, and it was deemed unadvisable to appoint two brothers to the Commission in the same place. Mr. Henry G. Powell acknowledged the receipt of the Circular, and agreed to accept the Commission, and he was subsequently appointed. Mr. Pat Hill Osborne has taken no notice whatever of it. In the case of Mr. William Forster Rutledge, his father, Mr. Thomas Rutledge, replied on his behalf, stating that his son would give a fair amount of attention to the business; but the Government, in so serious a matter as the appointment of a Magistrate, were not prepared to accept a father's assurance for his son.

(5.) Railway Station at Wallsend.—Mr. Hannell asked the Secretary for Public Works, pursuant to Notice,—

(1.) Is the Government aware that additional accommodation for Goods and Passenger Traffic is urgently required at the Railway Station at Wallsend?

(2.) Whether for the purpose of providing this additional accommodation any attempt has been made to arrange with the Wallsend Coal Company for the construction of the buildings and other necessary works; and if so, with what result?

Mr. Sutherland answered,—

(1.) I am aware that platform accommodation is required at Wallsend, and when on a visit there the Deputation who waited upon me on the subject undertook to obtain from the Wallsend Company a site for the same.

(2.) As soon as sufficient land for the purpose is conveyed to the Government, the requisite accommodation will be afforded.

(6.) Swamps, Macleay River.—Mr. R. B. Smith asked the Secretary for Lands, pursuant to Notice,—

(1.) Has a Report been forwarded to the Government by Mr. Licensed Surveyor Herborn, of West Kempsey, with reference to certain large alluvial Swamps on the Lower Macleay River, and the best means to make them available for pastoral and agricultural purposes?

(2.) Have the Government taken into consideration the suggestions and recommendations contained in the Report?

(3.) Will the Government have any objection to lay the Report, with the plan annexed, upon the Table of this House?

Mr. Farnell answered,—

(1.) Yes.

(2.) Yes; provision will most probably be made for dealing with the reclamation of swamp lands on the introduction of any Bill upon land legislation.

(3.) No; a copy of the Report and plan will be laid upon the Table in the course of the afternoon.

(7.) Wharf Accommodation—Circular Quay.—Mr. Oakes asked the Secretary for Public Works, pursuant to Notice,—

(1.) What steps have the Government taken during the recess to provide increased shipping facilities for the Port of Sydney?

(2.) When will the Government be prepared to submit to the House a plan for the improvement of Circular Quay?

Mr. Sutherland answered.—The Evidence and Correspondence relating to this work have been issued from the Government Printing Office only a few days, and they are now under consideration. Plans will be laid upon the Table of this House as early as possible.

(8.) Government Banking Account.—Mr. Stephen Brown asked the Colonial Treasurer, pursuant to Notice,—

(1.) Is there any agreement existing between the Government and the Bank of New South Wales with reference to the management of the Government Banking Account; if so, is there any objection to lay a copy of such agreement, with any subsequent additions or alterations, on the Table of the House?

(2.) Does the agreement, if any, embrace equally the Consolidated and Loans Account?

(3.) On what amount of Government Funds, in the hands of the Bank of New South Wales in Sydney and London, is the Government at present receiving interest, and at what rate?

(4.) What were the respective balances on all accounts, to the credit of the Government in the Bank of New South Wales in Sydney and London, at latest dates, on which no interest was paid on 30th June, 1870; 31st December, 1870; 30th June, 1871; 31st December, 1871; 30th June, 1872; 31st December, 1872; 30th June, 1873; 31st December, 1873; 30th June, 1874; 31st October, 1874?

(5.) Does the Government derive any special advantage from the Bank of New South Wales having a monopoly of the Government Banking business?

(6.) When does the present agreement with the Bank of New South Wales expire, and is it the intention of the Government to renew such agreement with the Bank of New South Wales?

Mr. G. A. Lloyd answered.—Most of the information asked for by the Honorable Gentleman will be given in my Financial Statement, which will be made at an early period. I shall be happy to give all the other information soon after the Financial Statement is made.

(9.)
(9.) Aid to Agricultural Societies.—Mr. Watson asked the Colonial Secretary, pursuant to Notice,—Is it the intention of the Government to place a sum of money on the Supplementary Estimates for the year 1874 in aid of the Agricultural Societies throughout the Colony; and if so, will such sums be provided for those Societies that applied during the present year, but owing to the insufficiency of the late Vote were unable to obtain their share of the Grant? Mr. Parkes answered,—It has been decided to place a sum of money on the Estimates, upon the condition that certain sums be raised in the various localities.

(10.) Gaol at Young.—Mr. Watson asked the Secretary for Public Works, pursuant to Notice,—When will tenders be invited for the erection of the Gaol at Young? Mr. Sutherland answered,—Plans and estimates have been prepared, and tenders will be invited as soon as the required funds are voted by Parliament.

(11.) Wharf Accommodation—Circular Quay.—Mr. Watson asked the Colonial Secretary, pursuant to Notice,—Have the Government arrived at any, and what decision, on the evidence taken by the Select Committee on Improvement of the Wharf Accommodation at the Circular Quay, and is it their intention to submit, during the present Session of Parliament, any proposal for making the necessary improvements? Mr. Sutherland answered,—The Honorable Gentleman's Question has been answered by the reply given to Mr. Oakes's Question, No. 7.

(12.) Telegraph to Murrumburrah and Cootamundra.—Mr. Watson asked the Colonial Secretary pursuant to Notice,—Is it the intention of the Government, in view of the early opening of the Railway to Murrumburrah and Cootamundra, to give the residents of those towns the benefit of Telegraphic communication, the Telegraph wires passing through, or within a short distance of both towns? Mr. Parkes answered,—At present it is not considered that the Government would be justified in incurring the expense of establishing Telegraphic communication with Murrumburrah and Cootamundra, unless the residents of those places give the usual undertaking, guaranteeing the Government against loss.

1. The House met pursuant to adjournment: Mr. Speaker took the Chair.

VACANT SEAT:—Mr. Speaker informed the House that he had received a letter from James Rodd, Esquire, resigning his Seat as Member for the Electoral District of Gold Fields North.

Whereupon Mr. Parkes moved, That the Seat of James Rodd, Esquire, Member for the Electoral District of Gold Fields North, hath become, and is now vacant, by reason of the resignation thereof by the said James Rodd, Esquire.

Question put and passed.

2. QUESTIONS:—

(1.) Sites for Presbyterian Schools:—Mr. Stewart, on behalf of Mr. Buchanan, asked the Minister of Justice and Public Instruction, pursuant to Notice,—

(1.) What Grants of Land, as Sites for Presbyterian Schools, within the City or its Suburbs, were made on the application of the late Reverend Dr. John McGarvie, of St. Andrew's Scots Church, Sydney?

(2.) Were any, and if so, how many, of these grants intended for the exclusive use of the particular congregation over which Dr. McGarvie presided, and not to meet the requirements of the denomination generally?

(3.) Has it ever been the practice of the Government to grant more than one site within the City for the erection of schools in connection with one particular congregation?

Mr. Farnell answered,—

(1) Portions of land have been granted for Presbyterian Church purposes in the parishes of Willoughby, Alexandria (five portions), Paddington, St Philip, and St. Andrew.

(2) The grants were in some instances given to meet the exigencies of particular congregations, but were to the Presbyterian body generally.

(3) More than one site has been granted in some instances, as stated in reply to Question 1. Further information on the subject may be found in a Return relating to Religious Endowments, ordered by the Legislative Assembly to be printed, 13 December, 1859.

(2.) Public School at Tarlo:—Mr. Stewart, on behalf of Mr. Buchanan, asked the Minister of Justice and Public Instruction, pursuant to Notice,—Has the Public School at Tarlo, near Goulburn, been shut up for the last two months, and if so, will the Minister state the reason?

Mr. Allen answered,—The Public School at Tarlo has not been closed at any time within the last two months.

(3.) Police Protection, Wheeo:—Mr. Fitzpatrick asked the Colonial Secretary, pursuant to Notice,—(1.) Whether any application has been made within the last twelve months for Police protection at Wheeo?

(2.) What was the nature of the reply, if any?

Mr. Parkes answered,—An application of the kind has been made by a number of residents at Grabben Gullen, and the Inspector General of Police informs the Government, on the report of Mr. Superintendent Zouch, that further police protection in that part of the Colony is not required; but information has reached me which will lead me to make further inquiry before any decision is arrived at.

(4.)
(4.) Municipal Council of Sydney:—Mr. Macintosh asked the Colonial Secretary, pursuant to Notice,—
(1.) Has the Colonial Secretary received from the Town Clerk of Sydney a statement setting forth the financial position of the Municipal Council of Sydney up to the 31st December, 1874?
(2.) If so, what steps have the Government taken, or intend to take, to place the Council in a position to meet their engagements, and carry out the more efficient improvement and good government of the City?
Mr. Parkes answered,—
(1.) A memorial of the kind spoken of has been received by the Government.
(2.) I cannot recognize that it is a duty incumbent upon the Government to place the Council in a position to meet their engagements; but I admit that the case is one requiring serious consideration, though not very easily dealt with. It is under consideration, but as yet no decision has been arrived at.

(5.) Site for Presbyterian School, Erskine-street:—Mr. Macintosh asked the Secretary for Lands, pursuant to Notice,—
(1.) Is the Government aware that a building is in the course of erection at the foot of Erskine-street on a piece of land granted as a site for a Presbyterian School, and for no other purpose whatsoever?
(2.) If so, will the Government exercise the powers retained by them in the Deed of Grant of 1847?
Mr. Farrell answered.—The following information has been furnished by the Trustees:—
(1.) A school was built on a portion of the grant ten years ago by the Trustees, from contributions, and the rent accruing from the lease of the remaining portion, and was put under the old Denominational Board. Subsequently it was recognized by the Council of Education as a Certified Denominational Presbyterian School, and since then it has been kept in repair, and all the requirements of the Council met by funds accruing from the remaining portion of the grant now under lease, and on which a building is being erected. The rent of the leased portion is the only fund available to the Trustees to defray the expenses of keeping the school in repair.
(2.) This is a matter which will require further inquiry and consideration, especially under the explanation given in the preceding answer.

(6.) Pilot Service, Port Jackson:—Mr. Booth asked the Colonial Treasurer, pursuant to Notice,—
(1.) Have the Government had under their consideration the expediency of making alterations in the present Railway Time Table, more particularly as regards the Mail and Goods Trains?
(2.) If so, will the Minister state the nature of any such contemplated alterations?
Mr. Sutherland answered.—No; but the plan of carrying goods by the Mail Trains was adopted as a temporary measure only, rendered necessary by the want of adequate engine power, and the Secretary for Public Works is not unmindful of the intention he expressed at that time to abolish the combined system as soon as the locomotives then ordered had been supplied. Some of the engines having now been delivered, an amended Time Table has been prepared, but has not yet been approved by the Government.
