Motion made for, as a mark of respect, on death of Sir George Reid, and passed, 77.

OF THE HOUSE, UNDER THE 49TH STANDING ORDER:—

Resolved,—

The motion of section 19, subsection 100a, of the Railway Amending Act of 1916, by the issue of a direction by the Railway Commissioners to the effect that payment in lieu of holidays accrued is not to be made to dismissed employees (Mr. F. H. Burke), 23-28.

The determination in the temporary employees upon the permanent list of Government Servants (Mr. William Finlay), 30.

The necessity for this Government to make urgent representations to the Federal Government to at once utilise all the ships under their control and fit for overseas service for the carriage of wheat and other foodstuffs to America. Point of Order,—That this motion was not in order, seeing that a similar motion had already been given notice of,—Mr. Speaker and the House were entirely different, therefore the motion now before the House was quite in order.—Dr. Arthur), 35-4.

The failure of the Government to effectively intervene to settle the Abermain Colliery dispute (Mr. Knowle), 51.

The inconvenience and loss inflicted on the residents of the Lower Hunter through the imposition of a time-table at the Miller's Forest and Nelson's Plains Ferries (Mr. Bowd), 97.

The necessity for placing the New South Wales Government Railways Service Corporation Fund on a sound and solvent basis (Mr. Price), 115.

The injustice being inflicted on children attending non-State Schools under the regulations governing the conveyance of children to central schools (Mr. Longstaff), 120.

The change to the police of this State arising from the present quarantine arrangements of the Federal Government respecting Pneumonic-Influenza (Dr. Arthur), 192.

Rescinded out of Order:—

The failure of the Railway Commissioners to maintain an adequate train service to meet the needs of Newcastle and Districts. Point of Order,—That this matter was not one of recent occurrence, and was out of order,—upheld by Mr. Speaker.—(Mr. Gardiner), 26.

That the Government should take the earliest opportunity of bringing State Servants under Commonwealth Taxation. Point of Order,—That this motion was on the Notice Paper for the introduction of the State Salaries (Commonwealth Taxation) Bill; the motion for adjournment was therefore out of order,—upheld by Mr. Speaker.—(Mr. Walker), 55.

The refusal of the Railway Commissioners to allow holidays and railway passes to certain Railway and Tramway employees. Point of Order,—That this motion would anticipate, according to the Estimates which had been tabled,—upheld by Mr. Speaker.—(Mr. Symcooky), 59.

The prescribing of certain Engine-drivers, and their supersession by less qualified men in the Railway Service. Point of Order,—That at the Estimates the question had been raised whether this matter could be discussed on the Budget Speech,—upheld by Mr. Speaker.—(Mr. Lazzarini), 67-8.

The present discontent among tramway employees owing to faulty administration—Point of Order,—That this motion was already on the Notice Paper,—upheld by Mr. Speaker.—(Mr. Brunton), 121.

The further increase by the Railway Commissioners of rail and tram fares and freights—Point of Order,—That a similar motion was now on the Business Paper, and this motion could be discussed on the Budget Speech,—upheld by Mr. Speaker.—(Mr. Lazzarini), 67-8.

The further increase by the Railway Commissioners of rail and tram fares and freights—Point of Order,—That this matter was not one of recent occurrence. Further Point of Order,—That this motion could be discussed under the Fish Markets Site Vesting Bill already on the Notice Paper. Further Point of Order,—That as five Members had risen to support this motion, and the motion indicated that it was sufficiently important to be discussed,—Mr. Speaker said the first point taken was fatal, as a motion must be restricted to a single specific matter of recent occurrence. (Mr. Oakes), 260.

The threatened strike of Railway and Tramway employees. Point of Order,—That this motion would anticipate discussion upon a Notice of Motion already on the Business Paper.—upheld by Mr. Speaker.—(Mr. Symcooky), 216.

Interupted by Government Business taking precedence after 8-30 o'clock:—

(1) The negotiations by the Government in regard to the acquirement by them of anthrax vaccines; (2) the conditions of the McGai•vie Smith and Gunn anthrax gifts to the State; the need for fuller Governmental control over these bequests. (Mr. Oakes), 192-7.
