SPEAKER (continued) —

Of Motions for Adjournment under the 49TH STANDING ORDER (continued) —

That it was competent to discuss a motion dealing with "The failure of the Government to make adequate provision for widows and distressed children," notwithstanding that a notice appeared on the Notice Paper for the introduction of a Bill for the promotion of the objects of the Royal Society for the Welfare of Mothers and Babies, as he could not take cognizance of what might be the scope of a Bill to come before the House, 442.

That subject of motion, "That drastic action be taken by the Government to handle and control the increasing cost of living, more particularly with regard to producing," was not a specific matter of recent occurrence, and was therefore out of order, 154.

That motion "That it is a matter of urgency that the Public Health Act should be amended to provide greater protection to the public in the matter of infection from contagious diseases" —did not embrace a specific matter of recent occurrence, and was out of order, 109.

That a Notice of Motion for Adjournment of the House having been drawn from the box and ruled out of order before being moved—he would treat it as a nullity—and draw a second motion from the box without motion being moved, 109.

That motion "The dismissal of the application by Judge Curlewis of the miners' section of the A.W.U. to have an agreement registered in the Arbitration Court—dealt only with the decision of a judge, and was in order—but comments on the conduct of the judge would be out of order, 169.

That motion "The failure of the Government to deal effectively with the conditions arising from this most calamitous drought" —did not deal with a single matter of recent occurrence, and was out of order, 169.
