SPEAKER (continued):—

LEGISLATIVE COUNCIL OF NEW SOUTH WALES—

ELECTION OF MEMBER TO:—

Message from Lieutenant-Governor, announcing issue of Writ for (and forwarding copy thereof to Legislative Assembly), reported: Writ read by Clerk, 125—126, 129, 96—97. 

Directs that taking of votes of Members of the Legislative Assembly for, be not shown as an Order of the Day for the day appointed for the holding of (and take precedence), 125, 171, 397. 

Directs Clerk to read order of Day for; declares Ballot open; directs that doors be locked, and later, unloked; requires at the appointed hour, whether any Member present desires to vote and declares Ballot closed, 167, 187, 429. 

RULINGS OF:—

That he could not accept a motion, "That the Petition be read," as it was contrary to the terms of Standing Order No. 98, which provided that "the only question which shall be entertained by the House, on the presentation of any Petition, shall be 'That the Petition be received,' " 65. 

That a Point of Order that clause 2 of the Sydney Corporation (Electoral) Bill constituted the same question, not only in substance but in identity the same words as sub-clauses (1) and (2) of clause 3 of the Sydney Corporation (Amendment) Bill already agreed to by the House during the present Session should have been taken on the second reading, but, although irregular at the first stage, he would not refrain from giving a ruling upon an important matter. He pointed out to the House that, while it was a rule in both Houses that no question should be offered which was substantially the same as one upon which their judgment had already been expressed in the current Session, the important point was that judgment must have been expressed upon the Bill as a whole—consequently the rule did not apply as between the various stages of Bills, the different stages being intended as so many opportunities of reconsideration. He therefore ruled that the passage of the Sydney Corporation (Amendment) Bill was only pending, and it was competent for this House to proceed with the Bill which embodied some of the provisions of clause 3 of the Sydney Corporation (Amendment) Bill which was then before the Council. 93. 

That, although an amendment made by the Legislative Council in the Public Works (Port Kembla Electricity) Amendment Bill might impose a charge upon the Crown and require a Message from the Governor, the practice and usage of the House over a long period, supported by several rulings by previous Speakers, clearly showed that it was not competent to take a point of order upon an amendment made by the Legislative Council in a Bill after the report of the Committee had been made to the House, 207. 

DEPUTY:—

Adjourns House, pursuant to Sessional Order at 10-30 p.m., 29, 35, 39, 47, 46, 50, 54, 55, 58, 88, 90, 108, 110, 127, 130. 

Adjourns House pursuant to Sessional Order, 6 p.m., 120. 

Allows 3° of Bill to be taken forthwith, 73, 150, 228, 424, 425, 499. 

Lays Paper on Table, 178. 

Offers Prayer, 111, 115, 119. 

Orders Council’s amendments to be considered forthwith, 176, 361; To-morrow, 210, 234, 425, later hour of day, 270(6). 

Orders 3° of Bill for To-morrow, 199(6), 208, 209, 217, 220, 228, 228 (?), 257, 313, 317, 425, 493; on specified day, 193. 

RULINGS OF:—

That the motion before the House was for the introduction of a Bill to provide for the reduction of the Members of the Legislative Assembly from 59 to 56, the leading principle of the motion being the reduction of the number of Members of the Legislative Assembly. Issuing, therefore, as the amendment to add certain words was subversive of that principle, he ruled it out of order, 48. 

That, although it was after the time (10-20 p.m.) appointed by the Sessional Order for the interruption, in the House, of the proceedings on any Business then under consideration, he could not uphold the contention that under the operation of the Sessional Order no other Business could be transacted after 10-20 p.m., and that it was therefore not competent for the Minister to give notice of the guillotine—and ruled that a verbal intimation under Standing Order No. 1790 of the Business to be dealt with To-morrow, under that Standing Order, was not Business of the House in the ordinary sense, and it was competent for the Minister to give such notice, 72. 

That, even if new clause 8 inserted in the Farmers’ Relief (Amendment) Bill in Committee were out of order because it provided for a reduction of the interest rate from which the Crown would not be exempt, he had no power to reject it or have it taken out of the Bill; that could be done only by recommitting the Bill. It was not the practice to rule Bills out of order after they had been committed simply because of an irregularity which was capable of being corrected in Committee, or upon recommittal, and either of these courses might be properly adopted by the House in this case. For those reasons he would not rule the Bill out of order, 116. 

That, although there might be no proposal to issue a regulation which would impose a license fee upon fruit grown for domestic purposes, as was suggested in the motion sought to be discussed, the motion now before the House was that of "Urgency," and, therefore, he proposed to put that motion to the House, 211.
