B

BAN ON WOOL SHIPMENTS:—

Motion of Urgency made (Mr. Street) to suspend Standing Orders to consider following Motion:—That this House is of the opinion:—(1) That the ban imposed by a sectional group of the Clerks' Union on the handling of wool in the Port of Sydney, has caused serious hardship to workers in New South Wales and by obliterating wool trade will mean the loss of jobs to thousands of workers and valuable trade to Australia. (2) That while the Government should see that the best possible legal machinery is available to citizens who seek to improve their conditions of work by lawful means, it is inept to its duty if it does not afford the fullest protection to workers against dictatorial tyranny of Communist union leaders. (3) That as a first step towards protecting the people of this State against the small band of revolutionaries whose armed object is to wreck the economy of this country, the Government should immediately take all necessary action to enable rank and file members of the Shipping Section of the Federated Clerks' Union to express their views by secret ballot.—Point of Order (Mr. Sheahan): That matter was sub judice. Mr. Speaker, not being immediately assured by the Premier and Attorney-General that such was the case, said that, in the circumstances he would allow Motion of Urgency to be determined by the House, negatived, 117-115.

NATIONALISATION OF BANKING:—
PROPOSALS FOR A REFERENDUM:—
Motion of Urgency made (Mr. Treatt) to suspend Standing Orders to consider motion:—
That this House is of opinion—(1) That Nationalisation of Banking throughout Australia with the setting up of a Governmental banking monopoly is harmful to the interests of all sections of the people of New South Wales, imperils personal freedom and will destroy liberty of the individual, etc.,—negatived, 3-4.

Motion of Urgency made (Mr. Treatt) to suspend Standing Orders to consider following motion:—"That this House is of opinion—(1) That the overwhelming verdict of the people at the Victorian elections was a vote for the preservation of personal freedom against dictatorial Government and a denunciation of Federal banking legislation which would deprive both the people and State Governments of their existing rights to bank with the trading banks thereby diminishing their financial independence. (2) That the Government of New South Wales as a step towards the protection of the democratic right of the people of this State to choose their own way of life should now hold a referendum of the electors in New South Wales on the issues involved in the Federal Government's banking legislation. (3) That the Government of New South Wales as a co-ordinate and independent unit under the Federal system should safeguard the constitutional and sovereign rights of this State by joining with the Governments of Victoria, South Australia and Western Australia in their proposed challenge to the Federal Government's banking legislation as soon as it becomes law."—Point of Order (Mr. Sheehan): That motion was out of order in that the matter of banking legislation was outside the constitutional limits of the State. Mr. Speaker, pointing out that the motion before the House was one of urgency, said the point should have been taken on the substantive motion. Even so, if (with the consent of the House) certain amendments were made the motion could be properly submitted to the House.—Motion, negatived, 67-8.

NO QUORUM:—
In House, after commencement of Business (on motion for Adjournment), 65.
