RULINGS:
Adjournment Under 49th Standing Order:
Ruled out of order on the ground that matter was not one that "should have urgent consideration", 80.
SPEAKER (continued):

RULINGS (continued):

Bills—Explanatory Note:
The Speaker drew attention to the explanatory note to the Institute of Rural Studies Bill which he declared to be clearly inadequate. The Speaker observed that the purpose of the provisions of Standing Order 244, which required that an explanatory note "shall be prefixed to all Bills when presented in pursuance of leave granted", seemed obvious: that Honourable Members may become immediately aware of the objects of a Bill. The Speaker said that he did not propose to rule the Bill out of order, but that he hoped that Ministers and their officers would take note of his observations, 64.

Dissent from Ruling:
That it was out of order to ask a question concerning the payment of secret corn-commissions to certain officials of registered clubs in respect to the purchase of poker machines, negatived, 47.
That the sub judice rule should apply to proceedings before a Royal Commission, negatived, 90.
(Before calling on Mr Hills to move the motion, Mr Speaker stated that it was not to be taken as a precedent that when the Speaker replied to a question in the form of a statement for the guidance of the House it necessarily followed that the statement may be dissented from. However, in view of the great importance of the matter, Mr Speaker said that he would not restrain the Member.)
That the Honourable Member for Heathcote was out of order in raising a matter of Privilege as that matter had not suddenly arisen, negatived, 115.

Privilege:
Mr K. J. Stewart, as a matter of Privilege, drew attention to an article published in the "Daily News", Murwillumbah, purporting to have been written by the Member for Byron which contained the phrase "it was curious to observe the impact their speeches had on the Communist Members of the House".
Mr Speaker said that in this case he would follow the practice which in debate flowed from the Standing Order, viz: That because the term had been applied generally and not to an individual he would rule that no prima facie case of privilege had been made out, 79.

Statements by Speaker:
Mr Speaker stated that is was not to be taken as a precedent that when the Speaker replied to a question in the form of a statement for the guidance of the House it necessarily followed that the statement may be dissented from, 90.

Sub judice Rule:
The Speaker said that in response to a request by the Leader of the Opposition he had given some close consideration to the application of the sub judice rule and Royal Commissions. He recited some local precedents, referred to the practice in the United Kingdom and in Victoria which, he said, confirmed his opinion that the sub judice rule should apply to proceedings before a Royal Commission, 86.

ACTING-SPEAKER:
Mr Acting-Speaker Duncan directs Serjeant-at-Arms to remove Member, 126, 127.

DEPUTY-SPEAKER:
Directs Serjeant-at-Arms to remove Member, 124.
Resumes Chair at hour named, 2.
