ADJOURNMENT (continued):—

ON THE HOUSE UNDER THE 40TH STANDING ORDER (continued):—

ACQUIRED.

Urgent necessity for amending the law in regard to evidence submitted to Royal Commissions being insubstantial in cases coming before the law Courts [Mr. Price], 37.

To call the attention of the Government in our next sitting to the action of the Attorney-General in connection with the appointment of Mr. James to the Supreme Court Bench.—Point of Order.—That it was not competent to discuss the qualifications of a gentleman who had been created a Judge—except on substantive motion.—Mr. Deputy-Speaker ruled that the question was "the action of the Government," and that the qualifications of Mr. James could not be discussed under this motion.—Point of Order.—That as the discussion of Mr. James's qualifications was inseparable from "the action of the Government," the matter could only be referred to under a substantive motion.—Ruled against by Mr. Deputy-Speaker. Mr. Speaker pointed out that the discussion was not definite, and allowed the mover to amend it [Mr. Periccle], 38.

The Odious and contemptuous attitude in refusing the request of the Commonwealth War Museum Committee to provide accommodation for the display of New South Wales' share of war trophies.—Point of Order.—That the subject was not one of urgent public necessity [Mr. Vearne], 99.

The neglect of the Government in the matter of making available houses for the people as provided in the Housing (Extension) Act, 1919 [Mr. Yeo], 120.

The denial of the Government in refusing to permit farmers to engage labour for the coming harvest excepting through the State Labour Exchanges.—Point of Order.—That this motion, having been ruled out of order on the ground that the debate would anticipate discussion on the Estimates of the Department of Labour and Industry, and that those Estimates having been taken at the previous sitting, it could not be brought forward again. A Further Point of Order. That the motion was not definite.—Overruled by Mr. Speaker [Mr. Bell], 149.

The threatened industrial trouble in the State Trawling Industry [Mr. Davison], 166.

The immediate necessity of the Government taking the necessary steps for the proclamation under Section 37 of the Liquor Amendment Act, 1919, being the day for the taking of a ballot in respect of prohibition, with compensation, as required by the said Act [Mr. Lecston], 216.

Ruled out of order.—

The injury to the dignity and authority of Parliament involved in the Government's declared intention of referring to a Judge the power of deciding what Members' Parliamentary allowances should be, and the menace to the public well by the Premier's attempted intimidation on this and other matters to make the Judiciary subserve the political ends of his Government; Mr. Speaker ruled the motion was not specific, and was therefore out of order [Mr. Ley], 92.

The necessity for providing an additional payment to New South Wales married and widowed soldiers, as to make an adequate living allowance, and for assisting women with certain railway and tramway privileges.—Point of Order.—That the motion dealt with two different matters—overruled by Mr. Speaker. Further Point of Order.—That the motion was not definite.—Overruled by Mr. Speaker [Mr. Johnstone], 138.

That an increase in the allowance be granted to beneficiaries under the Miners' Accident Relief Fund [Mr. Speaker ruled the motion out of order on the ground that it was not a specific matter of urgent occurrence [Mr. William Dunks], 146.

The action of the Government in refusing to permit farmers to engage labour for the coming harvest excepting through the Government Exchanges.—Point of Order.—That the motion would anticipate discussion which could take place on the Estimates—upheld by Mr. Speaker [Mr. Hall], 146-7.

The failure of the Government to provide adequate funds to enable the Metropolitan Board of Water Supply to meet reasonable public requirements—ruled out of order as not being definite [Mr. Thomas Hiendley], 153.

The Government to proceed with the Motherhood Endowment Bill during the Session.—Point of Order.—That the motion would anticipate discussion on the Order of the Day relating to this subject on the Notice Paper for to-day—upheld by Mr. Speaker [Mr. Arthur], 226.

That in view of the distress prevalent at the present time the Government take immediate steps to provide employment throughout the State [Mr. Gosling], 226

Clerk informs the House of unavoidable absence of, and Deputy-Speaker takes Chair, 58.

Announces that the Parliamentary Select Committees (Agricultural and Metalliferous Industries) Enabling Bill would not rule the motion 'That this House regards as a grave breach of privilege the holding of a By-election under the existing law, and the duty of the Speaker regarding the issue of a Writ, 13-15.

Indicates that motion for adjournment of House under 49th Standing Order is not definite and allows mover to amend it, 58.

Calls attention to nature of amendments made by Cornell in certain Bills, 236, 241.

Enters the House and takes Chair after commencement of Sitting, 58.

RULINGS OF

That the Profiteering Prevention Bill was not beyond the Order of Leave, there being no rule affected by the passage of a Bill, 84.

That the contention that the Profiteering Bill proposed to restrict certain trade operations between the States, and was ultra vires the Commonwealth Constitution, involved a legal point, and he could not rule the Bill out of order on that ground, 96.

That the parliamentary Elections (Casual Vacancies) Bill—confounded pseudo force to rules relating to Bills—and he was not prepared to rule the Bill out of order on the ground that it was unconstitutional and ultra vires this House, 113.

That it was no rule which prevented member—from whom charges were being investigated, from going to the Bar, 114.

That the motion respecting the necessity for providing an addition to the Federal payment and salaries, in issuing subpoenas requiring their attendance before a Royal Commission—recording their votes in the House, 150.

That the contention that the Unlawful Detention Bill if prepared in accordance with the Order of Leave would be out of order—could not be considered on the motion for leave to bring in the Bill, 128.

That the Parliamentary Select Committees (Agricultural and Metalliferous Industries) Enabling Bill (Council Bill) involved expenditure, and should have originated in the Assembly, and have been preceded by a message from the Crown and was therefore out of order, 227-228.

That the Parliamentary Select Committees (Agricultural Industry) Enabling Bill (Council Bill) involved expenditure, and should have originated in the Assembly and have been preceded by a Message from the Crown and was therefore out of order, 232.

That the Parliamentary Select Committees (Agricultural and Metalliferous Industries) Enabling Bill had been brought in in accordance with the usages of Parliament, and did not appear to contravene the Constitution, and that being the case, he would not rule the bill out of order on the ground that it interfered with the King's prerogative, 238.

That he would not rule the motion ‘That this House regards as a grave breach of privilege the holding of a By-election under the existing law, and the duty of the Speaker regarding the issue of a Writ, 13-15.

That the motion for a Select Committee in regard to a proposed new State was correctly before the Commonwealth Parliament, 165-9.

ON QUESTION OF ORDER—REFERENCE OF PETITION TO SELECT COMMITTEE:

That it was in the discretion of a Select Committee to decide whether it would hear Counsel—that the House could not take action until the matter was brought before the House from a report from the Committee, 149.

PRIVILEGES: SERVICE OF A SUBPOENA ON T. R. BATTY, ESQ., M.L.A., TO APPEAR AS A WITNESS BEFORE ROYAL COMMISSION ON ADOPTION OF MEMBERS' SALARIES:

He would not rule the motion 'That this House regards as a grave breach of privilege the action of the Royal Commissioner inquiring into the adequacy of Members' and Ministers' salaries, in issuing to Members of this House subpoenas requiring their attendance before the Commission under threat of penalties for contempt of court,' out of order on the ground that it sought to throw upon Members the duty of creating privileges, as while it was the duty of the Speaker to decide whether a matter was one of privilege it was the duty of the House to decide whether the privileges of the House had been invaded or not, 141.

ON MOTIONS FOR ADJOURNMENT UNDER THE 49TH STANDING ORDER.

Rules first motion out of order, and draws second motion from the box, 146.

That five Honorable Members having risen in the course of a motion that a vote 'be registered, was not of urgent public importance, 99.

That it was competent to discuss a motion 'relative to the Board of Trade continuing their Inquiry into the basic wage,' unless an honorable member desired to discuss matters now before the Board for judicial determination. That the contention that the motion would anticipate discussion on certain Orders of the Day on the Notice Paper, could not be upheld, 48.

That the motion 'The injury to the dignity and authority of Parliament involved in the Government's declared intention of remitting to a judge the power of deciding what Members' Parliamentary allowances should be, and the menace to the public weal by the Premier's attempted intimidation on this and other matters to make the Judiciary subservience the political ends of his Government,' was not specific, and was therefore out of order, 92.

That the motion respecting the necessity for providing an addition to the Federal payment and railway and tramway concessions to New South Wales insane and limbless soldiers—dealt with substantially one matter—but the motion was out of order on the ground that the subject anticipated discussion of the same matter on the Estimates, 138.
SPEAKER (continued):—

RULINGS (continued):—

ON MOTIONS FOR ADJOURNMENT UNDER THE 49TH STANDING ORDER (continued):—

That the motion "That an increase in the allowance be granted to beneficiaries under the Miners' Accidents Relief Fund" did not deal with a specific matter of recent occurrence and was out of order, 146.

That the motion "The action of the Government in refusing to permit farmers to engage labour for the coming harvest excepting through the Government Labour Exchanges," anticipated debate on the same subject on the Estimates and was out of order, 145.

That the motion "The action of the Government in refusing to permit farmers to engage labour for the coming harvest excepting through the State Labour Exchanges" was definite; that the motion could be discussed notwithstanding that it was ruled out of order at the previous sitting on the ground that it could be discussed on certain Estimates—and that those Estimates had been subsequently dealt with, 146.

That the motion respecting the provision of funds to enable the Metropolitan Board of Water Supply to meet reasonable public requirements was not definite and was out of order, 138.

That the motion "To discuss the failure of the Government to proceed with the Motherhood Endowment Bill this Session, anticipated Debate on the Order of the Day relating to this subject on the Notice Paper for To-day," and was therefore out of order, 226.

That the motion "That in view of the distress prevalent at the present time the Government take immediate steps to provide employment throughout the State" did not deal with a matter of specific recent occurrence, and was therefore out of order, 156.

RULINGS OF DEPUTY:

ON MOTION FOR ADJOURNMENT UNDER THE 45TH STANDING ORDER:—

That the motion "To consider the action of the Government in connection with the appointment of Mr. James to the Supreme Court Bench" dealt with "the question of the action of the Government" and was in order but no mention of Mr. James's qualifications to fill the position would be made upon a substantive motion, 26.
