Rules on—

Action of the Chairman of Committees in Regard to the Honorable Member for Phillip.—
Mr. Shannon proceeding to move, pursuant to Notice, that, in the opinion of this House, the action of the Chairman of Committees in ordering the removal of the Honorable Member for Phillip from the House whilst in Committee, on Thursday, 23rd November, was unjustified and an infringement of the rights and privileges of Members.—Mr. Speaker said that, as the Honorable Member, under that motion, simply sought to discuss the question whether the Chairman of Committees was right or wrong in exercising the discretion vested in him by the Standing Orders, he must rule that the matter proposed to be raised by the Honorable Member was one of Order and not of Privilege, and therefore the motion was out of order, 107.

That, although there was a suit pending before the Supreme Court of New South Wales in its Equity Jurisdiction respecting the validity of certain legislation relating to the constitution of the Legislative Council, and the Constitution Amendment (Legislative Council Elections) Bill, then being considered, proposed to amend such legislation, the House was dealing with the second reading of the Bill, and it could not be said that the second reading of the Bill under consideration was a matter which was then before the Court. On previous occasions the sub judice rule had been applied in proper cases, but this was an instance in which that rule had no application whatsoever. Therefore, on the information available, the point of order could not be sustained, 31.

That, although the order of leave contemplated an annual salary at a rate less than that appropriated by the Principal Act, and the Minister had stated the appointment would be for six months (and the amount of salary to be paid to the acting commissioner for the period would be £1,250, and therefore in excess of the amount already provided for by the appropriation under the Principal Act), he could not sustain a point of order, that, because the Forestry (Amendment) Bill provided a fixed salary of £1,250 for the acting commissioner and not an annual appropriation, the Bill was consequently out of order, 46.

That, as the Railway and Transport Commissioners had applied to the Industrial Court for a variation of the hours of work for all employees under their control (and the Premier having given an assurance that a case involving specifically the matter proposed to be discussed was before the Court), the question of the increase of hours of Railway and Tramway employees was sub judice, and, therefore, could not be discussed on a motion for the second reading of the Supply Bill, 80.

That he could not uphold the contention that under Standing Order No. 116 only the Speaker was entitled to decide when the Question, on a motion of dissent from the Speaker's Ruling, should be put, and then only when the Debate had exceeded thirty minutes, and that, therefore, a motion for the application of the closure " could not be entertained, 88.

That a Point of Order by the Leader of the Opposition—That, as a ruling had been given with respect to another matter, that where a matter was sub judice, no debate could take place, nor could any proceedings be taken in respect thereof; and that, as he (Mr. Lang) had contended that should such appeal be upheld, the whole procedure now taking place would be null and void, and that, as the action now being taken would affect one of the applicants before the Privy Council, the matter now before the House should be held to be sub judice, — could not be sustained nor considered, insufficient as he (Mr. Speaker) was only carrying out the specific directions contained in Division II of the Fourth Schedule contained in the Constitution (Legislative Council Elections) Act, 1932-33. The only question that could be argued was whether he, as Speaker, should or should not carry out the directions of such Act of Parliament, which definite statutory directions he was bound to follow, 109.

S

SPEAKER (continued):

RULES OF (continued):

On motion for adjournment under 40th Standing Order:—

Mr. Speaker said that with respect to the recent eviction of Mr. W. P. Kennedy from his residence, he ruled of opinion that it was not competent to move a motion of adjournment under Standing Order No. 49 for the discussion of such a matter at this stage, as the Estimates had been laid upon the Table, and the Budget Debate was pending. An opportunity for a discussion of the matter would therefore occur without undue delay, and, for that reason, and in accordance with previous decisions, he ruled the motion out of order, as anticipating a discussion that could take place on the Financial Statement or on the Estimates, 124.

DISCUSSION ON RULES OF:

Motion on Business Paper, in name of Mr. Lang, Member for Auburn (relating to increase in hours of railway and tramway employees).—Mr. Speaker pointed out object of desisting from a Ruling by the Speaker, and said that, as a statement by the Premier that the subject-matter of the original motion was actually sub judice, had remained unchallenged by Mr. Lang, he, as Speaker, in accordance with established practice, was bound to uphold a Point of Order, and to refuse to permit discussion upon a matter which was sub judice. As no reference or allusion was allowed in Debate to such matter, his Ruling was unquestionably correct. If Mr. Lang desired to decide the accuracy of the Premier's statement or to elicit, in this Assembly, the generally recognised usage and practice of all Empire Parliaments, respecting matters which were sub judice, he would require to take other action, but he would not be permitted to debate on a motion of dissent. Whereupon motion made (Mr. Lang).—That this House dissent from the Ruling of Mr. Speaker, given on Friday, 29th September, 1933, a.m., when, having been given an assurance by the Premier that a case involving a question of the increase of hours for railway and tramway employees was before the Court, he ruled that he had to regard the question as sub judice, and that, therefore, the Honorable Member for Auburn, Mr. Lang, could not proceed to discuss the matter. Point of Order (Mr. Larmor).—That under Standing Order No. 161 only the Speaker was entitled to decide when the question, on a motion of this character, should be put, and then only when the Debate had exceeded thirty minutes—and that a motion for the application of the "closure" could not now be entertained,—overruled by Mr. Speaker.—Motion negatived, 87-88.

Motion made (taken as Formal) (Mr. Larmor), That this House dissent from the recent ruling of, given during the discussion of a Motion of Dissent under Standing Order No. 161, moved by the Honorable Member for Auburn, that Mr. Speaker could accept, and did accept, a motion "That the Question be now put." Mr. Speaker pointed out effects of Standing Orders Nos. 161 and 175, and said that, in view of the clear and unambiguous terms of those Standing Orders, it was difficult to justify the action of the Honorable Member in putting on the Notice Paper a Motion of Dissent, and that the closure having been moved under Standing Order No. 175,—i.e., as Speaker, was bound to put the Question to the House.—Motion negatived, 115-116.
