CHAIRMAN OF COMMITTEES (See also "SPEAKER"):—

TEMPORARY:—

Speaker’s warrant nominating Temporary Chairmen, 22.

RULINGS:—

Local Government (Amendment) Bill:—
Notice had been given at a previous Sitting of intention to apply the Closure (the "Guillotine") under Standing Order 175—Committee and Report stages. The "Guillotine" had not been moved but the Closure under Standing Order 175 had been applied to an amendment for the recommittal of the Bill upon the Question "That the Report be now adopted". The Bill was recommitted and in Committee the Point of Order was taken that it was not competent for the Chair to permit debate or accept any amendment.
The Chairman ruled that as the "Guillotine" had not been moved, the Point of Order must fail.
A motion to refer the Point of Order to the House was defeated, 373.
In considering amendments made by the Legislative Council the use of the words "the fallacious claim that the Council is a House of Review" did not breach the provisions of the Standing Order. 149.
A motion to refer the Point of Order to the House was defeated, 412.
Constitution Amendment (Legislative Council Abolition) Bill:—
The Chairman pointed out that Standing Order No. 315, laid it down that "A Committee shall consider such matters only as shall have been referred to it..." and as long ago as 1906 Mr. Wood (then Chairman) had ruled that it was not competent for a Committee to discuss whether any matter referred to it was illegal or irregular, but if a Committee considered any resolution undesirable it was within the power of the Committee to reject it.
This had always been the practice of the Committee and he (the Chairman) proposed that it should be followed on this occasion. The Chairman said further, that in his view, the Committee was being asked, in effect, to report whether the House should or should not direct the Constitution Amendment (Legislative Council Abolition) Bill to a referendum, and he was, therefore, of the opinion that an amendment "That this House considers that the advice tendered to His Excellency the Governor relating to the procedures adopted under the Constitution Act, 1902, to bring about the abolition of the Legislative Council is unsound in law and consequently this House declines to give authority for illegal expenditure of public funds on matters relating thereto" was subversive of the resolution before the Committee and for that reason, he ruled the amendment out of order, 418.

RULES:

Public Accounts Committee:

A request by a Member who had been nominated for appointment to the Committee, to have his nomination withdrawn, did not constitute debate, 94.
A Member having been nominated for appointment to the Committee it was competent to ask the permission of the House to withdraw the nomination, 94.
Recommittal of Bill—motion for Speaker to leave Chair:

Although no motion had been moved for the Speaker to leave the Chair for the purpose of reconsidering a clause in a Bill, Mr. Speaker considered that the motion for recommittal constituted sufficient authority for him to leave the Chair, 146.
Anticipation of Debate:

Mr. Speaker stated that the motion for the establishment of an Education Commission, sought to be moved by way of urgency, would anticipate a Notice of Motion on the Business Paper, and therefore ruled the motion out of order, 125.

Constitution Amendment (Legislative Council Abolition) Bill (1959):

Apart from courtesy, there was no constitutional reason why this Bill should not originate in the House responsible to the people. Further, a Message had been received from the Governor in accordance with the 46th section of the Constitution Act, 1902, which provided that measures requiring expenditure must originate in the Assembly, 164.

Constitution Amendment (Legislative Council Abolition) Bill (1960)—(Re-introduced pursuant to Section 5a of the Constitution Act, 1902):

It was submitted that the Premier was not in order in moving for leave to again introduce this Bill under the provisions of Section 5a of the Constitution Act, 1902, at the original Bill had not been disposed of, and that it was not in order to again introduce the Bill until after an interval of three months and the Message from the Legislative Council was actually received by the Legislative Assembly.

Mr. Speaker stated that the provisions of Standing Orders Nos. 286 and 255 did not apply to the Message and Bill returned from the Legislative Council. The consideration of that Message could not be set down as an Order of the Day and it was in order to re-submit the Bill under Section 5a of the Constitution Act. The inclusion in the Notice of Motion of the introductory words “That pursuant to Section 5a of the Constitution Act, 1902, leave be given to again bring in a Bill” expressed the opinion of the Government that this was a Section 5a Bill and it was not within his province to give an opinion as to whether the action of the Legislative Council amounted to the rejection or failure to pass the Bill.

Mr. Speaker further stated that the procedure which applied to other Bills in respect to presentation to His Excellency the Governor for assent did not apply to this Bill, and he felt that the question regarding the time factor was one which was governed by the provisions of the Constitution Act and not by Parliamentary Practice and Procedure and that he should not be called upon to give an opinion.

He therefore ruled that the motion was in order, 282.

Debate having ensued, upon a motion that a Message be sent to the Legislative Council requesting a Free Conference, pursuant to Section 5a of the Constitution Act, 1902, and a Member requiring that the Managers be appointed by ballot, Mr. Speaker stated that the request should have been made when the motion was first proposed, and felt that a ballot could not be granted, 302.

Notice of Motions:

Mr. Speaker having called upon Notices of Motions and Questions—It was submitted that under Standing Order No. 79 opportunity must be afforded Members to give Notices of Motions. [All of Question time had been taken up by an urgent motion.]

Mr. Speaker agreed that Notices of Motions could be given, 214.
S

SPEAKER (continued):—

RULINGS (continued):—

Suspension of Standing and Sessional Orders to consider a motion forthwith:—

It was submitted that under the suspension of Standing and Sessional Orders agreed to by the House, the Honourable Member for Redfern was granted leave to have his motion debated and to have it concluded and that before any other proceedings were entered upon, the motion must be resolved.

Mr. Speaker stated that, under Sessional Orders, as Government Business must take precedence of General Business after 6 p.m. on Tuesdays, the suspension of the Standing Orders permitted the Motion to be considered forthwith, the House did not have to reach a decision, and the resumption of the debate had been fixed as an Order of the Day for to-morrow, 214.

Adjournment of House under Standing Order No. 49:—

Mr. Speaker stated that a motion for the adjournment of the House had been placed in the box, but as Government Business took precedence of General Business after six o'clock, p.m., the motion could not now be entertained, even though no opportunity had been afforded before then to move the motion, 214-5.

Subject sub judice:—

It was submitted that the North Shore bus strike, before the industrial tribunal, was sub judice.

Mr. Speaker stated that so long as the dispute was merely in the hands of a conciliator it was not sub judice. If the matter was in the hands of the Industrial Commission, which was a judicial body, it would alter the complexion of the matter, 217.

DISSENT FROM RULINGS:—

That the question of public transport in the Manly Electorate could not be debated upon the motion for the adjournment of the House as it should be discussed during the Address in Reply, negatived, 23-4.

Respecting a decision by the Speaker that the motion for the recommittal of a Bill having been agreed to was sufficient authority for the Speaker to leave the Chair without a resolution of the House. Mr. Speaker made a statement to the House, and motion, by leave, withdrawn, 156.

That the Premier, in introducing the Constitution Amendment (Legislative Council Abolition) Bill, for the second time, was in order, negatived, 286.
