- (2) An industry contribution fund is to be called the “[*name of designated disease*] industry contribution fund”.
- (3) Money in an industry contribution fund is under the control of the Director-General and can be expended by the Director-General only for the purposes authorised by this Act.

10 Purpose of industry contribution fund

- (1) The purpose of an industry contribution fund is to provide a means by which the relevant designated livestock producers can make an appropriate contribution to fund the designated disease control service provided to them.
- (2) Contributions to an industry contribution fund are voluntary.

11 Payments into industry contribution fund

- (1) There is payable into an industry contribution fund:
 - (a) monetary contributions to the fund by the relevant designated livestock producers, and

- (2) Before approving the payment from the fund of the costs of the relevant designated disease control service, the Minister is to have regard to the advice of the relevant industry advisory committee about the policies and priorities for expenditure from the fund.

Part 4 Compulsory industry funding

13 Imposition of industry levy

- (1) The Minister may (but need not) authorise the imposition of an industry levy to assist the funding of any designated disease control service.
- (2) The Minister may give such an authorisation if satisfied, having regard to the advice of the industry advisory committee concerned, that the relevant industry contribution fund may not be sufficient to fund the necessary service.

14 Liability for industry levy

- (1) An industry levy is a rate levied on the occupiers of all ratable land on which livestock in respect of the designated disease control service concerned is raised by or on behalf of designated livestock producers. The rate is to be levied according to the carrying capacity of the land.
- (2) However, an industry levy is not payable by a person in respect of a levy period if the person has, during that period, contributed at least the relevant minimum contribution to the industry contribution fund established for the designated disease control service.

- (3) For the purposes of this section, the *relevant minimum contribution* is the amount specified, or determined in the manner specified, in the order imposing the industry levy or in a subsequent order of the Minister published in the Gazette.

15 Levy period

- (1) An industry levy is payable in respect of each financial year commencing 1 July.
- (2) However, the Minister may, by the order imposing the levy or by a subsequent order published in the Gazette, direct that the levy is payable in respect of a different period.
- (3) The period in respect of which the levy is payable is called the *levy period* for the purposes of this Act.

16 Amount of industry levy

- (1) The amount of an industry levy is to be calculated by the Director-General at the rate fixed by the Minister in the order authorising the levy or in a subsequent order of the Minister published in the Gazette.
- (2) The rate fixed by the Minister may provide for a minimum or maximum amount of levy to be payable, or for no amount to be payable if the carrying capacity of the ratable land does not exceed a minimum carrying capacity.

17 Refunds of levy to contributors to industry contribution fund

- (1) If a person has paid an industry levy in respect of a levy period and has also made a contribution during that period, of at least the relevant minimum contribution referred to in section 14, to the industry contribution fund established for the designated disease concerned, the person is entitled to a refund from the industry levy fund of the amount of the industry levy paid by the person.
- (2) The Director-General is responsible for making refunds under this section.
- (3) Applications for, and payment of, the refund are to be made in accordance with such procedures as the Director-General determines.

18 Separate fund for industry levies

- (1) The Director-General is to establish a separate industry levy fund for money collected from each industry levy.

22 Obtaining information from boards

- (1) The Director-General may, by notice in writing, require a rural lands protection board to supply to the Director-General such information with respect to ratable land and other matters as the Director-General requires for the purposes of the imposition and collection of industry levies.
- (2) Any such board is required to supply that information within the time and in the form required by the Director-General despite any restriction imposed by law on the disclosure of that information by the board.

23 Boards required to collect industry levies

- (1) The Director-General may, by notice in writing, direct a rural lands protection board to collect the industry levies imposed by the Director-General in respect of ratable land in the district for which the board is established.
- (2) A rural lands protection board is to collect any such industry levy in the same manner as it collects a rate imposed under the *Rural Lands Protection Act 1989*.
- (3) Any amount collected by any such board is to be paid to the Director-General within such time and in such manner as the Director-General directs.
- (4) Any such board is to be paid such amount for the collection of industry levies as the Minister determines having regard to the advice of the board and the relevant industry advisory committee. The arrangements for that payment may include the retention by the board of a percentage of industry levies collected by the board.

- (5) A failure by any such board to collect or pay the levy, or to comply with any requirement made by or under this Act with respect to the levy, is taken to be a contravention by the board of the *Rural Lands Protection Act 1989* and may be dealt with accordingly.

24 Application of Rural Lands Protection Act 1989

- (1) The *Rural Lands Protection Act 1989* applies, for the purposes of the collection of an industry levy, as if the industry levy were a rate imposed by a rural lands protection board under that Act.
- (2) That Act so applies with any necessary modifications and with such modifications as are prescribed by this Part or the regulations.
- (3) The regulations may provide that a function exercisable by a rural lands protection board under that Act may be exercised by the Director-General in connection with industry levies under this Act.
- (4) In this section, *modifications* includes additions and omissions.

25 Reviews of decisions of Director-General by ADT

- (1) A person who is required to pay an industry levy under this Act may apply to the Administrative Decisions Tribunal for a review of any of the following decisions of the Director-General with respect to the levy:
- (a) a decision that the person is liable to pay the levy,
 - (b) a decision as to the amount of the levy that the person is liable to pay,
