

Agreement in Principle

Mr JOHN AQUILINA (Riverstone—Leader of the House) [4.17 p.m.], on behalf of Mr Nathan Rees: I move:

That this bill be now agreed to in principle.

The bill was introduced in the other place on 4 June 2008 and the second reading speech appears in *Hansard* at pages 8,064 to 8,067 for that day. The bill is in the same form as when introduced in the other place. I commend the bill to the House.
