Overview of Bill

The objects of this Bill are:

The Bill arises from a National Competition Policy Review of the *Veterinary Surgeons Act 1986* and incorporates the following reforms:

- (a) to create an offence for a person to carry out restricted acts of veterinary science if the person is not a veterinary practitioner (with certain exceptions),

Outline of provisions

Part 1 Preliminary

Clause 1 sets out the name (also called the short title) of the proposed Act.

Clause 2 provides for the commencement of the proposed Act on a day or days to be appointed by proclamation.

Clause 3 sets out the object of the proposed Act.

Clause 4 defines certain words and expressions used in the proposed Act. For instance, ***veterinary practitioner*** is defined to mean a person who is registered as a veterinary practitioner under the proposed Act. ***Firm*** is defined to mean a partnership or other unincorporated association of persons.

Clause 5 provides that notes in the proposed Act do not form part of the proposed Act.

Clause 6 provides that the proposed Act does not limit or otherwise affect the operation of the *Mutual Recognition Act 1992* of the Commonwealth or the *Trans-Tasman Mutual Recognition Act 1997* of the Commonwealth.

Part 2 Restricted acts of veterinary science

Clause 7 provides that the expression ***restricted act of veterinary science*** means an act of veterinary science declared by the regulations to be a restricted act of veterinary science. Such regulations are to be made only after advice has been sought from an advisory committee established by the Minister. The advisory committee may also make recommendations that such a regulation should be made. Certain acts of veterinary science set out in **Schedule 1** that may currently be performed by unregistered persons cannot be declared by the regulations as restricted acts of veterinary science.

Clause 8 requires the Minister to establish an advisory committee for the purposes of clause 7.

Part 3 Practice of veterinary science

Clause 9 makes it an offence for a person to do a restricted act of veterinary science unless the person is registered as a veterinary practitioner, is the owner of the animal concerned or is an employee of the owner and the act was done incidentally to the primary duties of that employment, is a veterinary student under the direct supervision of a veterinary practitioner, is acting in an emergency or is otherwise acting in circumstances prescribed by the regulations. The offences relating to cruelty to animals in the *Prevention of Cruelty to Animals Act 1979* and the defences to those offences are not affected.

Clause 10 prevents a person from recovering fees or charges for doing restricted acts of veterinary science unless the person is a veterinary practitioner, is the holder of a veterinary hospital licence or falls within certain specified exceptions.

Clause 11 makes it an offence for an individual (with specified exceptions) who is not a veterinary practitioner to be represented to be a veterinary practitioner.

Clause 12 makes it an offence for a person to represent that he or she has qualifications entitling the person to be granted registration as a veterinary practitioner unless the person has such qualifications.

Clause 13 makes it an offence for a person to represent that he or she is registered as a specialist under the proposed Act unless the person is registered as a specialist.

Clause 14 makes it an offence for a corporation or firm (with specified exceptions) to be represented to be a veterinary practice unless the controlling interest in the corporation or firm is held by one or more veterinary practitioners.

Clause 15 makes it an offence for a person who is not a veterinary practitioner to sign a certificate that is required by law to be signed by a veterinary practitioner.

Part 4 Registration of veterinary practitioners

Division 1 Registration procedures

Clause 16 provides for the granting of registration as a veterinary practitioner by the Board under the *Licensing and Registration (Uniform Procedures) Act 2002* and makes certain modifications as to the way in which that Act applies to registration matters.

Clause 17 specifies the circumstances in which the Board may refuse to grant registration as a veterinary practitioner.

Clause 18 enables the Board to impose conditions on registration as a veterinary practitioner having regard to certain matters.

Clause 19 specifies the duration of registration as a veterinary practitioner.

Division 2 Qualifications for registration

Clause 20 specifies the qualifications required for a person to be granted full registration as a veterinary practitioner.

The proposed section also enables the Board to approve the institutions in Australia from which academic qualifications will be accepted and requires the Board to review those approvals every year.

The proposed section also enables the Board to require a person with overseas qualifications to pass an examination prescribed by the regulations.

Clause 21 specifies the qualifications required for a person to be granted honorary registration as a veterinary practitioner.

Clause 22 provides for the grant of limited registration as a veterinary practitioner. The circumstances in which such registration might be granted include where a person has overseas qualifications and is doing research work or has not yet passed the requisite examination for full registration.

Clause 23 enables the grant of provisional registration to persons who have the requisite academic qualifications for full registration but are awaiting the conferring of the actual academic award.

Clause 24 specifies the qualifications required for the grant of registration as a specialist.

Division 3 Cancellation and suspension of registration

Clause 25 provides that a person ceases to be registered when the person's name is removed from the Register and that the person is taken not to be a veterinary practitioner during any period of suspension of the person's registration.

Clause 26 specifies circumstances in which the Board must cancel registration as a veterinary practitioner and other circumstances in which registration as a veterinary practitioner may be cancelled (including for failure to pay annual registration fees or to lodge an annual return).

Division 4 Register of veterinary practitioners

Clause 27 requires the Board to keep a Register of veterinary practitioners.

Clause 28 requires the Board to make the Register available to the public and contains other provisions relating to the way information is recorded in the Register.

Clause 41 requires the Board to investigate complaints and provides for how multiple complaints may be dealt with.

Clause 42 provides that, for the purposes of investigating or determining a complaint, the Board is not bound to observe the rules of evidence but may inform itself of any matter in such manner as it thinks fit. It also enables the Board to pursue alternative dispute resolution to assist in resolving issues raised by a complaint.

Clause 43 enables a person to be summoned to appear before the Board to give evidence and produce documents for the purposes of investigating or determining a complaint. It also enables the Board to take evidence on oath or affirmation.

Clause 44 enables the Board to require a veterinary practitioner to produce documents and assist in an investigation of a complaint.

Clause 45 enables the Board to dismiss certain complaints.

Clause 46 provides that, after the investigation of a complaint, the Board may take certain action.

If the Board is satisfied that the veterinary practitioner is not guilty of professional misconduct or unsatisfactory professional conduct, it must dismiss the complaint.

If the Board is satisfied that the veterinary practitioner is guilty of professional misconduct, it must apply to the Tribunal for a disciplinary finding against the veterinary practitioner and it may, pending the determination of the application, suspend the veterinary practitioner's registration.

If the Board is satisfied that the veterinary practitioner is guilty of unsatisfactory professional conduct (but not professional misconduct), it may apply to the Tribunal for a disciplinary finding against the veterinary practitioner or it may itself take any one or more of the following actions against the veterinary practitioner:

- (g) require the veterinary practitioner to pay specified costs relating to the hearing.

Clause 47 enables a person against whom a disciplinary finding has been made by the Board to apply to the Tribunal for a review of that finding and any action taken against the person by the Board.

Clause 48 enables the Board to delegate its functions under the proposed Part to specially constituted committees of the Board.

Division 3 Applications to Tribunal for disciplinary findings

Clause 49 enables the Board to apply to the Tribunal for a disciplinary finding against a veterinary practitioner with respect to a complaint against the veterinary practitioner.

Clause 50 provides that on any such application the Tribunal is to determine whether or not the veterinary practitioner is guilty of professional misconduct or unsatisfactory professional conduct. If the Tribunal finds that the veterinary practitioner is guilty of either, the Tribunal may make any one or more of the following orders against the veterinary practitioner:

- (a) an order reprimanding or cautioning the veterinary practitioner,
- (b) an order suspending the veterinary practitioner's registration for a period not exceeding 12 months,

Clause 52 enables a person whose registration has been suspended or cancelled to have the registration restored in certain circumstances.

Clause 53 requires the Registrar of the Tribunal to notify the Board of any orders the Tribunal makes under clause 50 and requires the Registrar of the Board to keep a record of all proceedings and decisions under the proposed Part.

Division 4 Confidentiality issues

Clause 54 provides that a veterinary practitioner may disclose confidential information to the Board, a committee of the Board or the Tribunal despite any duty of confidentiality.

Clause 55 provides that the Tribunal is not required to include confidential information in its statement of a decision. If the statement would be false or misleading without the confidential information, the Tribunal is not required to provide the statement. However, a confidential information notice must then be provided indicating that confidential information is not given or the statement will not be provided.

Division 5 Co-operation with other jurisdictions in respect of disciplinary action

Clause 56 requires the Board to notify various veterinary practitioner professional registration authorities in Australia and New Zealand of the taking of disciplinary action against a veterinary practitioner.
