Public Health Amendment (Vaccination of Children Attending Child Care Facilities) Bill 2017

Explanatory note

This explanatory note relates to this Bill as introduced into Parliament.

Overview of Bill

The object of this Bill is to amend the *Public Health Act 2010* to prevent unvaccinated children being enrolled at child care facilities if the only reason that they are unvaccinated is a parent's conscientious beliefs.

Outline of provisions

Clause 1 sets out the name (also called the short title) of the proposed Act.

Clause 2 provides for the commencement of the proposed Act on the date of assent to the proposed Act.

Clause 3 amends the *Public Health Act 2010* with the effect that the principal of a child care facility must not enrol, or permit to be enrolled, an unvaccinated child at the facility if the only reason provided for failure to vaccinate the child is that the parent of the child has a conscientious belief that the child should not be vaccinated in respect of specified vaccine preventable diseases. The proposed amendments also make it an offence (with a maximum penalty of \$5,500) for the principal of a child care facility to enrol a child at the facility if the principal has not been provided with a vaccination certificate or a medical contraindication certificate.
