LEGISLATIVE COUNCIL

Reproductive Health Care Reform Bill 2019

Second print

Proposed amendment

No. 1 **Pain-relief for foetus**

Page 4. Insert before line 12—

8 Analgesia to be administered to foetus

- (1) This section applies if a medical practitioner is performing a termination, under section 5 or 6, on a person who is—
 - (a) 20 weeks pregnant or more, or
 - (b) if a lesser number of weeks is prescribed by the regulations, that number of weeks pregnant or more.
- (2) The medical practitioner must, during the termination, ensure analgesia is administered to ensure the foetus does not experience pain.
