- (e) the cost associated with available ways of preventing, eliminating or minimising the risk, including whether the cost is grossly disproportionate to the risk.

Division 3 Principles that apply to biosecurity duties

17 Principles that apply to duties

This Division sets out the principles that apply to all biosecurity duties that persons have under this Act.

18 Duties not transferable

A biosecurity duty cannot be transferred to another person.

19 Person can have more than one duty

A person can have more than one biosecurity duty.

20 More than one person can have a duty

- (1) More than one person can concurrently have the same biosecurity duty.
- (2) Each person who has a biosecurity duty must discharge that duty to the standard required by this Act even if another person has the same duty.
- (3) If more than one person has a biosecurity duty in relation to the same thing, each person:
 - (a) retains responsibility for the person's duty in relation to the thing, and
 - (b) must discharge the person's duty to the extent to which the person has the capacity to influence and control the thing or would have had that capacity but for an agreement or arrangement purporting to limit or remove that capacity.

21 Duty to prevent, eliminate or minimise biosecurity risk

A duty imposed on a person to prevent, eliminate or minimise a biosecurity risk so far as is reasonably practicable is a duty:

- (a) to prevent or eliminate a biosecurity risk so far as is reasonably practicable, and
- (b) if it is not reasonably practicable to prevent or eliminate the biosecurity risk, to minimise the biosecurity risk so far as is reasonably practicable.

Part 3 General biosecurity duty

22 Biosecurity duty—dealings with biosecurity matter and carriers

Any person who deals with biosecurity matter or a carrier and who knows, or ought reasonably to know, the biosecurity risk posed or likely to be posed by the biosecurity matter, carrier or dealing has a biosecurity duty to ensure that, so far as is reasonably practicable, the biosecurity risk is prevented, eliminated or minimised.

23 Offence of failing to discharge biosecurity duty

- (1) A person who fails to discharge the person's biosecurity duty under this Part is guilty of an offence.
- (2) An offence against this section is a category 1 offence if:
 - (a) the failure is intentional or reckless, and
 - (b) the failure caused, or was likely to cause, a significant biosecurity impact.
- (3) In any other case, the offence is a category 2 offence.
- (4) An offence against this section is an executive liability offence.
- (5) A person who is guilty of a category 1 offence or category 2 offence against this section because the person fails to discharge the person's biosecurity duty under this Part:
 - (a) continues, until the duty is discharged, to be required to discharge that duty, and
 - (b) is guilty of a continuing offence (of the same category) for each day the failure continues.

24 Mandatory measures

- (1) The regulations may require persons who deal with biosecurity matter or carriers to take specified actions to prevent, eliminate or minimise a biosecurity risk posed or likely to be posed by the biosecurity matter, carrier or dealing. Those requirements are **mandatory measures**.
- (2) The mandatory measures may apply in relation to all or any specified class of persons, dealings, biosecurity matter or carriers.
- (3) A person who deals with biosecurity matter or a carrier and who contravenes any mandatory measures that are applicable to the biosecurity matter, carrier or dealing is taken to have failed to ensure that, so far as is reasonably practicable, the biosecurity risk posed or likely to be posed by the biosecurity matter, carrier or dealing is prevented, eliminated or minimised.

Note. Accordingly, the person could be charged with an offence under section 23 in respect of that failure.
- (4) The mandatory measures may be specified to be minimum mandatory measures, in which case compliance with those measures does not, of itself, demonstrate that a person ensured that, so far as is reasonably practicable, the biosecurity risk posed or likely to be posed by the biosecurity matter, carrier or dealing was prevented, eliminated or minimised.
- (5) In this section, **actions** include:
 - (a) refraining from doing a thing, and
 - (b) adopting any procedures or programs.

25 Offence of failure to comply with mandatory measures

- (1) A person who deals with biosecurity matter or a carrier in contravention of any mandatory measures that apply to that biosecurity matter, carrier or dealing is guilty of an offence.

- (3) An offence against this section is an executive liability offence.
- (4) A person who is guilty of an offence against this section because of a contravention of any mandatory measures:
 - (a) continues, until the mandatory measures are complied with and despite the fact that any specified period or time for compliance has expired or passed, to be required to comply with the mandatory measures, and
 - (b) is guilty of a continuing offence for each day the contravention continues.
- (5) A person cannot be found guilty of both an offence against section 23 and an offence against this section in respect of the same conduct.
- (6) In proceedings for an offence against section 23 in which it is alleged the person charged with the offence contravened any mandatory measures, if the court is not satisfied that the offence is proven, but is satisfied that the person committed an offence against this section, the court may find the person guilty of an offence against this section. The person is liable to punishment accordingly.

Part 5 Emergency orders

Division 1 Emergency orders

44 Emergency order

- (1) The Secretary may, by order in writing (an *emergency order*):
 - (a) declare a biosecurity emergency, and
 - (b) establish measures to respond to that biosecurity emergency.
- (2) The Secretary may make an emergency order only if the Secretary is satisfied, or reasonably suspects, that there is a current or imminent biosecurity risk that may have a significant biosecurity impact.
- (3) The principal objects of an emergency order are:
 - (a) to isolate an emergency zone or biosecurity matter, and
 - (b) to prevent the spread of the biosecurity matter, and
 - (c) to eradicate the biosecurity matter (if practicable).
- (4) However, the principal objects of an emergency order do not limit the matters that may be provided for by an emergency order.

45 Content of emergency order

An emergency order is to specify the following:

- (a) the biosecurity matter, biosecurity risk or biosecurity impact that is the subject of the emergency,
- (b) the emergency zone or zones,
- (c) the emergency measures,
- (d) the persons or class of persons to whom the emergency measures apply,
- (e) the duration of the emergency order.

46 Notice of emergency order

- (1) The Secretary is to give notice of an emergency order by causing a copy of the order to be published on the website of the Department or in the Gazette (or both).
- (2) The Secretary is to take reasonable steps to ensure that persons who are likely to be directly affected by the order are made aware of the order.

47 Notice of property specific order

- (1) The Secretary may, if the Secretary considers it appropriate in the circumstances, give notice of an emergency order that is property specific by causing a copy of the order to be served on the owner, occupier or person apparently in charge of the affected property (instead of by publishing the order on the website of the Department or in the Gazette).
- (2) An emergency order is *property specific* if it relates to specified premises, specified biosecurity matter or any other specified thing (each of which is *affected property*).

48 Duration of emergency order

- (1) An emergency order remains in force for the period specified in the order, not exceeding 6 months from the date the order is made.

- (2) The Secretary may, by making an order that amends an emergency order, extend the period during which an emergency order remains in force for a further period (not exceeding 6 months).
- (3) The period during which an emergency order remains in force may be extended any number of times.

Division 2 Matters for which emergency order may provide

49 Emergency zone

- (1) An *emergency zone* is the principal area or areas in relation to which, in the opinion of the Secretary, measures are required to be implemented under the emergency order.
- (2) An emergency zone may be:
 - (a) any specified premises or specified part of premises, or
 - (b) any specified area, or
 - (c) the whole or any specified part of the State.
- (3) An emergency order may provide for more than one emergency zone and for different classes of emergency zone.

50 Emergency measures

- (1) The *emergency measures* are the measures that the Secretary establishes under an emergency order to respond to a biosecurity emergency.
- (2) The Secretary may specify, as emergency measures, any measures that the Secretary decides are reasonably necessary to respond to the biosecurity emergency concerned.
- (3) The emergency measures are to be no more onerous than the Secretary considers necessary having regard to the nature of the biosecurity emergency.
- (4) In deciding on the emergency measures, the Secretary is to have regard to the principal objects of an emergency order and any other matters the Secretary considers are relevant.
- (5) The emergency measures may apply:
 - (a) within an emergency zone, and
 - (b) outside an emergency zone, but only if the Secretary considers that reasonably necessary having regard to the nature of the biosecurity emergency.
- (6) The emergency measures may:
 - (a) prohibit, regulate or control the doing of any thing, or
 - (b) require or authorise the doing of any thing.
- (7) A power to require the doing of a thing includes a power to require a person to arrange for that thing to be done.

51 Examples of emergency measures

Without limiting the powers conferred on the Secretary by this Part, emergency measures may include provisions that prohibit, regulate or control, or that require or authorise, any of the following:

- (a) activities that involve biosecurity matter, a carrier or a potential carrier,

- (3) Subsection (2) does not prevent emergency measures being imposed in relation to any biosecurity matter, premises, activity or thing that have an impact on the

movement of a person but that are not imposed for the purpose of restricting the movement of a person.

Note. For example, emergency measures could prohibit persons from taking a particular animal or plant out of premises. This measure may have an impact on the movement of a person but is not imposed for that purpose.

Division 3 Limitations that apply to emergency order

53 Treatment of persons

- (1) An emergency order cannot require any treatment measure to be carried out on a person, other than an external treatment measure.
- (2) An emergency order cannot require a person to provide samples of the person's blood, hair, saliva or any other body part or body fluid.

- (b) to shake, or otherwise move, the person's hair.

55 Destruction requirements

- (1) An emergency order cannot require or authorise the destruction of biosecurity matter or any other thing unless:
 - (a) the Secretary is of the opinion that the destruction is reasonably necessary to prevent, eliminate or minimise a significant biosecurity impact, or
 - (b) the biosecurity matter to be destroyed is an animal and the Secretary is of the opinion that the destruction is necessary to ensure that the other emergency measures provided for by the emergency order do not have or continue to have an adverse effect on animal welfare.
- (2) To avoid doubt, distress or likely distress to an animal is an adverse effect on animal welfare.
- (3) Part 2B of the *Prevention of Cruelty to Animals Act 1979* does not apply to the destruction of an animal as required or authorised by an emergency order.

56 Persons directly affected by destruction requirement to be advised of requirement

If an emergency order requires or authorises the destruction of any biosecurity matter or other thing, the Secretary must ensure that a copy of the order is given to the owner or person in charge of the biosecurity matter or thing, unless:

- (a) there appears to be no one immediately in control of it, and the owner or person in charge cannot, after such search and inquiry as is reasonable in the circumstances, be located, and
- (b) the Secretary considers that, in the circumstances, the order must be carried out without prior notice to the owner or person in charge.

Division 4 Effect of order

57 Order prevails over other instruments

 - (b) is guilty of a continuing offence (of the same category) for each day the contravention continues.
- (7) Subsection (6) does not apply to the extent that a requirement of an emergency order is revoked.
- (8) A person does not commit an offence against this section of contravening an emergency order unless:
 - (a) the order was published on the website of the Department or in the Gazette, or
 - (b) the person was served with a copy of the order.

59 Secretary may authorise required actions and recover costs

- (1) If a person (the *liable person*) fails to comply with an emergency order, the Secretary may authorise any person to enter premises and take any actions in relation to those premises, or any thing on those premises, that the liable person is required to take by the order or that are otherwise necessary to remedy that failure.
- (2) The Secretary may charge the liable person a fee for action taken under this section.

- (7) The notice must specify the day on which the premises are intended to be entered and must be given before that day.
- (8) Notice is not required to be given if:
 - (a) entry is made with the consent of the occupier of the premises, or

Division 5 General

60 Amendment or revocation of emergency order

- (1) The Secretary may, by order in writing, amend or revoke an emergency order.
- (2) An amendment to an emergency order may make provision for any matter for which an emergency order may make provision.
- (3) An amendment to, or revocation of, an emergency order takes effect, and is to be notified, in the same way as an emergency order.

61 Protection of emergency actions

65 Notice of property specific order

- (1) The Minister may, if the Minister considers it appropriate in the circumstances, give notice of a control order that is property specific by causing a copy of the order to be served on the owner, occupier or person apparently in charge of the affected property (instead of by publishing the order on the website of the Department or in the Gazette).
- (2) A control order is *property specific* if it relates to specified premises, specified biosecurity matter or any other specified thing (each of which is *affected property*).

66 Duration of control order

- (5) The control measures may apply:
 - (a) within a control zone, and
 - (b) outside a control zone, but only if the Minister considers that reasonably necessary having regard to the nature of the biosecurity risk or biosecurity impact.
- (6) The control measures may:
 - (a) prohibit, regulate or control the doing of any thing, or
 - (b) require or authorise the doing of any thing.
- (7) A power to require the doing of a thing includes a power to require a person to arrange for that thing to be done.

69 Examples of control measures

78 Authorisation of person to make control orders

The Minister may authorise a person to exercise any functions of the Minister under this Part.

Part 7 Biosecurity zones

Division 1 Biosecurity zones

79 Biosecurity zones

- (1) The regulations may establish one or more biosecurity zones for the purpose of preventing, eliminating, minimising or managing a biosecurity risk or biosecurity impact.
- (2) The principal object of a biosecurity zone regulation is to provide for the long term management of a biosecurity risk or biosecurity impact.
- (3) Subsection (2) does not limit the matters that may be provided for by the regulations.

80 Matters to be specified

A biosecurity zone regulation is to specify the following:

- (a) the biosecurity matter, biosecurity risk or biosecurity impact in relation to which the biosecurity zone is established,
- (b) the biosecurity zone or zones,

 - (c) the whole or any specified part of the State.
- (2) The regulations may provide for more than one biosecurity zone and for different classes of biosecurity zone.

82 Regulatory measures

Note. For example, a regulatory measure cannot prohibit a person from leaving premises but could prohibit a person from taking a particular animal or plant out of premises. This measure may have an impact on the movement of a person, but is not imposed for that purpose.

85 Destruction requirements

- (1) A biosecurity zone regulation cannot require or authorise the destruction of a thing unless:
 - (a) the thing is, or is reasonably suspected of being, prohibited matter, or

- (e) the thing is, or is reasonably suspected of being:
 - (i) abandoned, and
 - (ii) biosecurity matter to which the regulations relate or a carrier of biosecurity matter to which the regulations relate.

 - seized thing* means a thing seized by an authorised officer under this Part.
- (2) For the purposes of the Division, the continued retention of a seized thing in custody is *not justified* if and only if:

- (4) A receipt must describe generally the seized thing and its condition.
- (5) This section does not apply if it is impracticable or would be unreasonable to give a receipt given the nature, condition or value of a seized thing.

107 Return of seized things

- (1) An authorised officer must return a seized thing to its owner if the authorised officer is satisfied that:

108 Certification of inability to return seized thing

- (1) An authorised officer may certify in writing that the authorised officer is unable to return a seized thing to its owner if:
 - (a) the authorised officer cannot find the owner of the thing after making any inquiries it is reasonable to make in the circumstances, or
 - (b) the authorised officer cannot, for any other reason, return the thing to its owner after making any efforts to do so that are reasonable to make in the circumstances.
- (2) Regard is to be had to a thing's nature, condition and value in deciding:
 - (a) whether it is reasonable to make inquiries or efforts, and
 - (b) what inquiries or efforts (if any) are reasonable in the circumstances.

- (3) The Secretary may give directions as to the inquiries or efforts that are to be made by authorised officers in relation to the return of any seized thing or class of seized things.
- (4) Compliance with any such directions is evidence that all reasonable inquiries or efforts were made.

 - (b) it is lawful for the person to have possession of the thing, and
 - (c) the continued retention of the seized thing in custody is not justified.
- (3) In deciding an application the court may do any one or more of the following things:

 - (7) However, it is not necessary to serve the notice on the apparent owner of the thing if an authorised officer has certified in writing that the authorised officer is unable to return the seized thing to its owner.
- Note.** Notice of the intention to make the declaration gives the owner of the thing an opportunity to seek a court order for the return of the thing.

111 Dealing with forfeited things

- (1) When an order is made by the Secretary declaring a seized thing to be forfeited to the Secretary, the seized thing is forfeited to the Secretary and becomes the property of the Secretary.
- (2) The Secretary may deal with the thing in any way the Secretary considers appropriate.
- (3) Without limiting subsection (2), the Secretary may destroy, sell or dispose of the thing or authorise its destruction, sale or disposal.

 - (b) the authorised officer considers that, in the circumstances, the function must be exercised without prior notice to the owner or person in charge.

117 Defence to contravention

- (1) In proceedings in which a person is charged with an offence of contravening a requirement made of the person by an authorised officer exercising a function conferred by this Part, it is a defence to the prosecution of the offence if the person charged proves that the person had a reasonable excuse for the contravention concerned.
- (2) Subsection (1) does not apply to a requirement made under Division 2.

- (4) In this Division:
permit holder includes a former permit holder.

348 Conditions for insurance cover

The conditions of a permit may require the permit holder to take out and maintain a policy of insurance that indemnifies the permit holder against any liability to which the permit holder may become subject as a result of conduct engaged in under, or purportedly under, the permit.

 - (a) a bank guarantee,
 - (b) a bond,
 - (c) a form specified by the regulations,

352 General grounds for suspension or cancellation of permit

- (1) Each of the following constitutes grounds for suspending or cancelling a permit:

- (a) a relevant decision-maker is of the opinion that the permit holder has contravened a requirement imposed by or under this Act,
 - (b) a relevant decision-maker is of the opinion that the permit holder is not a suitable person to engage in the conduct authorised by the permit,
 - (c) a relevant decision-maker receives information about the permit holder and the relevant decision-maker is of the opinion that, had the information been received at the time when the application for grant or renewal of the permit was made, the relevant decision-maker would have refused the application,
 - (d) any other grounds prescribed by the regulations.
- (2) A decision about the suitability of the person for a permit may be made having regard to any of the following:

 - (b) give notice in writing of that decision to the permit holder.

 - (a) give notice in writing to the permit holder of the relevant decision-maker's intention to cancel the permit and the proposed grounds for doing so, and
 - (b) invite the permit holder to make a submission to the relevant decision-maker about the proposed cancellation, and
 - (c) take into account any submission made to the relevant decision-maker by the permit holder before the deadline for the making of a submission.

 - (i) the permit holder was given an opportunity to make a submission about the suspension before the suspension took effect, or

Part 2 Provisions consequent on enactment of Act

Division 1 General

2 Definitions

In this Division:

relevant instrument means any order, notice, proclamation, declaration, notification, direction, warrant, undertaking, delegation or other instrument made, given, granted or issued under a repealed Act.

repealed Act means an Act repealed by Schedule 6.

Secretary includes any person exercising the functions of the Secretary under the repealed Act.

3 Continuation of instruments and powers under repealed Act

- (1) A repealed Act continues to have effect in respect of:
 - (a) any relevant instrument in force immediately before the repeal of the repealed Act, and
 - (b) anything done (before or after the repeal of the repealed Act) under or in connection with such a relevant instrument.
- (2) A relevant instrument in force immediately before the repeal of a repealed Act:
 - (a) continues to have effect (despite the repeal of the repealed Act), and
 - (b) may be withdrawn, varied, revoked or cancelled in accordance with the repealed Act (as if that Act remained in force), and
 - (c) ceases to have effect as provided for by the repealed Act (as if that Act remained in force) or as provided for by this clause (whichever happens first).

- (3) Accordingly, any function conferred on any person under a repealed Act in connection with a relevant instrument (including a power to give directions or to seize or destroy any thing) may continue to be exercised after the repeal of the repealed Act as if that Act remained in force.
- (4) The Secretary may, by order in writing, declare that a relevant instrument is a superseded instrument.
- (5) A relevant instrument that is declared to be a superseded instrument ceases to have effect when the order takes effect.
- (6) This clause does not apply to the following:
 - (a) a permit or exemption granted or issued under a repealed Act,
 - (b) a licence or registration granted under a repealed Act.

Note. Other provisions of this Part provide specifically for the transition of the instruments referred to in subclause (6).

4 Continuation of regulations

- (1) Any regulations made under a repealed Act, as in force immediately before the repeal of the repealed Act, are taken to continue to have effect in relation to the relevant instruments and anything done under or in connection with the relevant instruments.
- (2) The power to make regulations conferred by Part 1 of this Schedule includes power to amend or revoke any regulation under a repealed Act that is taken to continue to have effect under this clause.

5 Obligations under repealed Act continue to apply

- (1) If a provision of a repealed Act continues to have effect, any liability or obligation imposed on a person by, under or in connection with a contravention of, that provision also continues to have effect.
- (2) Accordingly, a person may incur liability for an offence under a repealed Act after the repeal of the repealed Act.

Note. For example, if the Minister declares an infected area under section 23 of the *Apiaries Act 1985* before the repeal of that Act, the repealed Act continues to have effect in respect of that declaration. Accordingly, a person who, after the repeal of the repealed Act, enters the infected area in contravention of the order could be found guilty of an offence under section 23 (6) of that Act.
- (3) However, a person cannot be found guilty of both an offence against this Act and an offence against a repealed Act in respect of the same act or omission occurring on the same occasion.

6 Continuation of permits

- (1) A permit granted or issued under a repealed Act and in force immediately before the repeal of the repealed Act continues to have effect on that repeal.
- (2) The permit remains in force for the period for which it was granted or issued under the repealed Act, unless it is sooner cancelled.
- (3) On the repeal of the repealed Act, this Act applies in respect of the permit as if it had been granted by a relevant decision-maker under Part 21 of this Act.
- (4) The permit is authority to engage in the conduct authorised by the permit for the purposes of both the repealed Act (to the extent that it continues to have effect) and this Act (to the extent it would otherwise prohibit the conduct concerned).
- (5) Any conditions of the permit imposed by the Minister, the Secretary, an inspector or authorised officer under the repealed Act that were in force immediately before the repeal of the repealed Act are taken on that repeal to be conditions of the permit under

this Act (as if they had been imposed by a relevant decision-maker under section 347 of this Act).

- (6) To avoid doubt, a permit is also subject to any conditions prescribed by the regulations or imposed by a relevant decision-maker under this Act.

7 Applications for permits

- (1) An application for a permit or a renewal of a permit that was duly made to the Minister, the Secretary, an inspector or an authorised officer under a repealed Act before the repeal of the repealed Act and not finally determined before the repeal of that Act is to be dealt with as an application for a permit or renewal of a permit under Part 21 of this Act.
- (2) A relevant decision-maker may require the applicant to comply with any requirement relating to the application that the applicant would have been required to comply with if the application had been made under section 341 or 345 of this Act.

8 Seizure of property

- (1) A repealed Act continues to have effect in respect of anything seized, taken or removed under a power conferred by the repealed Act whether before or after the repeal of the repealed Act. Accordingly, such a thing is to be dealt with as provided for by the repealed Act (as if that Act remained in force).
- (2) This clause does not continue the operation of Part 7 of the *Animal Diseases and Animal Pests (Emergency Outbreaks) Act 1991*.

Note. See Division 2.

- (3) Any instrument of authority as an inspector or authorised officer issued under a repealed Act is taken to be sufficient evidence of authority as an authorised officer under the *Biosecurity Act 2015*.
- (4) However, the Secretary is to issue each inspector or authorised officer appointed as an authorised officer under this clause with evidence of their authority to exercise functions as an authorised officer under the *Biosecurity Act 2015* as soon as practicable.
- (5) This clause does not apply to police officers.

10 Functions of authorised officers under this Act

- (1) An authorised officer under this Act may exercise any function of an inspector or authorised officer under a provision of a repealed Act or a relevant instrument that continues to have effect. Accordingly, a reference in a repealed Act or relevant instrument to an inspector or authorised officer is taken, on the repeal of a repealed Act, to include a reference to an authorised officer under this Act.
- (2) The powers conferred on an authorised officer by subclause (1) are subject to any conditions or limitations that apply to the person's appointment as an authorised officer under this Act.

- (3) Any evidence of authority as an authorised officer issued under this Act is taken to be sufficient evidence of authority to exercise the functions of an inspector or authorised officer under a repealed Act.

- (1) A person who, immediately before the repeal of a repealed Act, was an analyst under the repealed Act is taken, on that repeal, to have been appointed as an authorised analyst under this Act.

12 Chief Veterinary Officer

The Chief Veterinary Officer under this Act may exercise any function of the Chief Veterinary Officer under a provision of a repealed Act that continues to have effect after the repeal of that Act. Accordingly, a reference in a repealed Act to the Chief Veterinary Officer is taken to include a reference to the Chief Veterinary Officer under this Act.

13 General saving

Except as expressly provided for by this Act or the regulations under this Schedule, the repeal or amendment of any Act or regulation by this Act does not affect the continued operation of that Act or regulation:

- (a) in respect of a relevant instrument or anything done under or in connection with a relevant instrument, or
- (b) in respect of any appeals or other proceedings arising under or in connection with a repealed or amended Act or regulation.

26 Definitions

In this Part:

relevant instrument means any order, notice, declaration, notification, direction, warrant, undertaking, delegation or other instrument made, given, granted or issued under a repealed provision.

repealed provision means a provision of this Act repealed by the *Biosecurity Act 2015*.

27 Continuation of instruments and powers under repealed provisions

- (1) This Act, as in force immediately before its amendment by the *Biosecurity Act 2015*, continues to have effect in respect of:
 - (a) any relevant instrument in force immediately before the repeal of a repealed provision, and
 - (b) anything done (before or after the repeal of a repealed provision) under or in connection with such a relevant instrument.
- (2) A relevant instrument:
 - (a) continues to have effect (despite the amendments made by the *Biosecurity Act 2015*), and
 - (b) may be withdrawn, varied, revoked or cancelled in accordance with this Act (as if those amendments had not been made), and
 - (c) ceases to have effect as provided for by this Act, as in force immediately before those amendments were made, or as provided for by this clause (whichever happens first).
- (3) Accordingly, any function conferred on any person under a repealed provision in connection with a relevant instrument (including a power to give directions or to seize or destroy any thing) may continue to be exercised after the repeal of the repealed provision as if that provision remained in force.
- (4) The Secretary of the Department of Industry, Skills and Regional Development may, by order in writing, declare that a relevant instrument is a superseded instrument.
- (5) A relevant instrument that is declared to be a superseded instrument ceases to have effect when the order takes effect.
- (6) This clause does not apply to a permit issued under a repealed provision.

28 Continuation of regulations

- (1) Any regulations made under or relating to a repealed provision, as in force immediately before the repeal of the repealed provision, are taken to continue to have effect in relation to the relevant instruments and anything done under or in connection with the relevant instruments.
- (2) The power to make regulations conferred by Part 2 of this Schedule includes power to amend or revoke any regulation that is taken to continue to have effect under this clause.

29 Obligations under repealed provisions continue to apply

- (1) If a repealed provision continues to have effect, any liability or obligation imposed on a person by, under or in connection with a contravention of, that provision also continues to have effect.
- (2) Accordingly, a person may incur liability for an offence under a repealed provision after the repeal of the repealed provision.
- (3) However, a person cannot be found guilty of both an offence against this Act and an offence against the *Biosecurity Act 2015* in respect of the same act or omission occurring on the same occasion.

30 Continuation of permits

- (1) A permit issued by the Minister under a repealed provision and in force immediately before the repeal of the repealed provision continues to have effect on that repeal.
- (2) The permit remains in force for the period for which it was issued under the repealed provision, unless it is sooner cancelled.
- (3) On the repeal of the repealed provision, the *Biosecurity Act 2015* applies in respect of the permit as if it had been granted by a relevant decision-maker under Part 21 of that Act.
- (4) The permit is authority to engage in the conduct authorised by the permit for the purposes of both this Act (to the extent that the repealed provisions continue to have effect) and the *Biosecurity Act 2015* (to the extent it would otherwise prohibit the conduct concerned).
- (5) Any conditions of the permit imposed by the Minister under this Act that were in force immediately before the amendments made by the *Biosecurity Act 2015* are taken on the commencement of those amendments to be conditions of the permit under the *Biosecurity Act 2015* (as if they had been imposed by a relevant decision-maker under section 347 of the *Biosecurity Act 2015*).
- (6) To avoid doubt, a permit is also subject to any conditions prescribed by the regulations or imposed by a relevant decision-maker under the *Biosecurity Act 2015*.

31 Applications for permits

- (1) An application for a permit or a renewal of a permit that was duly made to the Minister under a repealed provision before the repeal of the repealed provision and not finally determined before the repeal of that provision is to be dealt with as an application for a permit or renewal of a permit under Part 21 of the *Biosecurity Act 2015*.
- (2) A relevant decision-maker may require the applicant to comply with any requirement relating to the application that the applicant would have been required to comply with if the application had been made under section 341 or 345 of the *Biosecurity Act 2015*.

32 Seizure and destruction of things

This Act, as in force before its amendment by the *Biosecurity Act 2015*, continues to have effect in respect of anything seized or taken under the power conferred by section 213 (whether before or after the repeal of that section). Accordingly, such a thing is to be dealt with as provided for by that section (as if it remained in force).

33 Fisheries officers may exercise biosecurity functions

- (1) A person who, immediately before the repeal of a repealed provision, was a fisheries officer under this Act is taken, on that repeal, to have also been appointed as an authorised officer under the *Biosecurity Act 2015*.
- (2) Appointment is subject to any conditions or limitations on the person's appointment as a fisheries officer.
- (3) Any instrument of authority as a fisheries officer issued under this Act is taken to be sufficient evidence of authority as an authorised officer under the *Biosecurity Act 2015*.

- (4) However, the Secretary under the *Biosecurity Act 2015* is to issue each fisheries officer appointed as an authorised officer under this clause with evidence of their authority to exercise functions as an authorised officer under the *Biosecurity Act 2015* as soon as practicable.
- (5) This clause does not apply to police officers.

34 Biosecurity officer may exercise fisheries officer functions

- (1) An authorised officer under the *Biosecurity Act 2015* may exercise any function of a fisheries officer under a repealed provision or relevant instrument that continues to have effect. Accordingly, a reference in a repealed provision or relevant instrument to a fisheries officer is taken, on the enactment of the *Biosecurity Act 2015*, to include a reference to an authorised officer under that Act.
- (2) The powers conferred on an authorised officer by subclause (1) are subject to any conditions or limitations that apply to the person's appointment as an authorised officer under the *Biosecurity Act 2015*.
- (3) Any evidence of authority as an authorised officer issued under the *Biosecurity Act 2015* is taken to be sufficient evidence of authority to exercise the functions of a fisheries officer under a repealed provision or relevant instrument.

35 General saving

Except as expressly provided for by this Act or the regulations under this Schedule, the amendment of any Act or regulation by the *Biosecurity Act 2015* does not affect the continued operation of that Act or regulation:

- (a) in respect of a relevant instrument or anything done under or in connection with a relevant instrument, or
- (b) in respect of any appeals or other proceedings arising under or in connection with a repealed provision.
