

New South Wales

Environmental Planning and Assessment Amendment (Affordable Housing) Bill 2000

Explanatory note

This explanatory note relates to this Bill as introduced into Parliament.

Overview of Bill

The principal object of this Bill is to amend the *Environmental Planning and Assessment Act 1979* so as to authorise expressly:

- (a) the granting of development consents under that Act that require, in certain circumstances, the dedication of land and the making of monetary contributions to be used for the purpose of providing affordable housing, and
- (b) the making of environmental planning instruments with respect to the retention of affordable housing.

The term ***affordable housing*** is defined in the 1979 Act as meaning housing for very low income households, low income households or moderate income households, being such households as are prescribed by the regulations under that Act or as are provided for in an environmental planning instrument.

South Sydney Local Environmental Plan 1998 (Amendment No 2)—Green Square was declared to be wholly invalid by the Land and Environment Court on 18 February 2000. That local environmental plan contained (among other amendments to the 1998 plan) amendments establishing a scheme for the imposition of conditions on certain development consents to require the dedication of land or the making of monetary contributions to be used for the purpose of providing affordable housing in the Green Square locality (the **Green Square scheme**).

The decision in the case concerned (*Meriton Apartments Pty Ltd v Minister for Urban Affairs and Planning & Or* [2000] NSWLEC 20) is the subject of an appeal to the New South Wales Court of Appeal.

The Bill proposes to remake and validate the local environmental plan described above, with minor amendments, as *South Sydney Local Environmental Plan 1998 (Amendment No 6)—Green Square* and to validate a development control plan approved for, and any consents already granted under, the Green Square scheme.

The Bill also validates:

- (a) certain other instruments that have established two similar schemes relating to the provision of affordable housing for land in the City West region and in the Willoughby City area at St Leonards, and any consents already granted under them, and to continue those schemes and the Green Square scheme for a limited period, and
- (b) certain contributions plans, and provisions of such plans, that authorise provisions to be made with respect to affordable housing, and any consents already granted in accordance with them.

The Green Square, City West and St Leonards affordable housing schemes make dedications or contributions for affordable housing compulsory (that is, not within the discretion of the consent authority). New schemes of the same type would not be authorised under the amendments to be made to the 1979 Act by the proposed Act.

Apart from the above, the Bill validates generally anything (such as the granting of a development consent subject to conditions relating to the provision of affordable housing) already done or omitted to be done that would have been lawfully done if the 1979 Act had then included certain amendments extending the objects of that Act to cover the provision and maintenance of affordable housing and a specific power to make environmental planning instruments with respect to the provision, maintenance and retention of affordable housing. The relevant amendments are set out in Schedule 1 to the *Environmental Planning and Assessment Amendment Act 1999* and Schedule 1 [1] to the proposed Act.

Outline of provisions

Clause 1 sets out the name (also called the short title) of the proposed Act.

Clause 2 provides for the commencement of the proposed Act on the date of assent to the proposed Act.

Clause 3 declares that the *Environmental Planning and Assessment Act 1979* is referred to in the proposed Act as the Principal Act.

Clause 4 is a formal provision giving effect to the amendments to the Principal Act set out in Schedule 1.

Clause 5 makes the general validation referred to above in the Overview.

Clause 6 is a formal provision giving effect to Schedule 2 which sets out detailed provisions that have the effect of making *South Sydney Local Environmental Plan 1998 (Amendment No 6)—Green Square* (set out in Schedule 3) and of validating each of the three affordable housing schemes and other provisions relating to affordable housing as referred to above in the Overview.

Clause 7 provides for consents for development to be granted in accordance with the Green Square, City West and St Leonards affordable housing schemes (or in accordance with provisions of certain contributions plans) validated by the proposed Act. Such a consent may be granted only if the development application is made, with respect to land to which those schemes or provisions originally applied, while the relevant scheme or provisions continue in force and within a maximum of 2 years after the date of assent to the proposed Act.

Clause 8 makes it clear that any environmental planning instrument validated by the proposed Act may be repealed or amended under the Principal Act, except as provided by proposed section 7.

Clause 9 confirms that the *Land Acquisition (Just Terms Compensation) Act 1991* does not apply if land is acquired under the validated Green Square, City West or St Leonards affordable housing scheme.

Schedule 1 Amendment of Environmental Planning and Assessment Act 1979

Schedule 1 [1] restates section 26 (1) (d) of the Principal Act to confirm that environmental planning instruments can provide for the retention of affordable housing.

Schedule 1 [2] makes an amendment consequential on inserting proposed sections 94F and 94G into the Principal Act, which are explained below.

Schedule 1 [3] inserts Division 6A into Part 4 of the Principal Act, which consists of the following proposed sections:

Section 94F, which allows conditions to be imposed on development consents requiring the dedication of land or the payment of monetary contributions for the purpose of providing affordable housing. Such a condition may be imposed only if a State environmental planning policy identifies a need for affordable housing within the local government area and the condition is authorised to be imposed by a regional or local environmental plan.

Such a dedication or contribution must be reasonable, having regard to:

- (a) the extent of the need in the area for affordable housing, and
- (b) the scale of the proposed development, and
- (c) any other dedication or contribution required to be made by the applicant for consent.

Section 94G, which requires the consent authority to make land dedicated available, or to apply money contributed, for the purposes of affordable housing under such a condition for that purpose within a reasonable time.

Alternatively, the Minister may give directions to a consent authority to transfer land or pay money contributed for the purposes of affordable housing to a person nominated by the Minister. In such a case, the land or money must be made available or applied by that person for those purposes within a reasonable time.

Schedule 2 Validation of affordable housing schemes

This Schedule validates the following instruments, and provisions of instruments, and things that have been done or omitted to be done in accordance with them:

South Sydney Local Environmental Plan 1998 (Amendment No 6)—Green Square (which is taken to be made as set out fully in Schedule 3),

South Sydney City Council Green Square Affordable Housing Development Control Plan,

Sydney Regional Environmental Plan No 26—City West (Amendment No 4—Affordable Housing),

Revised City West Housing Program,

Willoughby Local Environmental Plan 1995 (Amendment No 21),

Willoughby Development Control Plan No 23—Willoughby Local Housing Program,

The provisions of *North Sydney Council Section 94 Contributions Plan—Affordable Housing,*

The provisions of Randwick City Council's section 94 contributions plan relating to affordable housing,

Part 5 of Waverley Council's section 94 contributions plan, titled *Loss of Affordable Housing.*

Schedule 3 Green Square local environmental plan

Schedule 3 contains proposed *South Sydney Local Environmental Plan 1998 (Amendment No 6)—Green Square*, which includes the Green Square affordable housing scheme and which is taken to be made on the commencement of the proposed Act (as referred to above).

Environmental Planning and Assessment Amendment (Affordable Housing) Bill 2000

No , 2000

A Bill for

An Act to amend the *Environmental Planning and Assessment Act 1979* to make further provision for affordable housing; to make or validate certain instruments and to validate other matters relating to affordable housing; and for other purposes.

The Legislature of New South Wales enacts:	1
1 Name of Act	2
This Act is the <i>Environmental Planning and Assessment Amendment (Affordable Housing) Act 2000</i> .	3 4
2 Commencement	5
This Act commences on the date of assent.	6
3 Interpretation	7
(1) The <i>Environmental Planning and Assessment Act 1979</i> is referred to in this Act as the Principal Act.	8 9
(2) References in this Act to anything done include references to anything purporting to have been done.	10 11
4 Amendment of Environmental Planning and Assessment Act 1979 No 203	12 13
The Principal Act is amended as set out in Schedule 1.	14
5 General validation	15
Anything:	16
(a) that was done or omitted to be done before the commencement of this Act, and	17 18
(b) that would have been lawful if the Principal Act, as amended by:	19 20
(i) Schedule 1 to the <i>Environmental Planning and Assessment Amendment Act 1999</i> , and	21 22
(ii) Schedule 1 [1] to this Act,	23
had been in force when the thing was done or omitted to be done,	24 25
is as valid as it would have been had that Act, as so amended, been in force when the thing was done or omitted.	26 27
6 Validation of certain affordable housing schemes	28
Schedule 2 has effect.	29

7	Future application of certain affordable housing schemes	1
(1)	The following provisions, as validated by this Act, are taken to be repealed on the second anniversary of the date of assent to this Act unless sooner repealed by an environmental planning instrument:	2
(a)	Part 4 of <i>Sydney Regional Environmental Plan No 26—City West</i> ,	3
(b)	Division 3 of Part 4 of <i>South Sydney Local Environmental Plan 1998</i> ,	4
(c)	clause 25B of <i>Willoughby Local Environmental Plan 1995</i> ,	5
(d)	the provisions of the section 94 contributions plans validated by Schedule 2.4–2.6.	6
(2)	If a provision referred to in subsection (1) (a)–(d) applies to a development application when the application is made, the provision continues to apply to that application until the application is finally determined.	7
(3)	Sections 94F and 94G of the Principal Act, as inserted by this Act, do not apply to a development application to which a provision referred to in subsection (1) (a)–(d) applies.	8
8	Amendment or repeal of validated provisions	9
	Except as provided by section 7, nothing in this Act prevents or restricts the amendment or repeal of any provision of an environmental planning instrument validated by this Act.	10
9	Compensation	11
	To remove any doubt, the <i>Land Acquisition (Just Terms Compensation) Act 1991</i> does not apply to anything done or required to be done pursuant to a consent granted before or after the commencement of this Act in accordance with a provision referred to in section 7 (1) (a), (b) or (c).	12

Environmental Planning and Assessment Amendment (Affordable Housing) Bill 2000

Schedule 1 Amendment of Environmental Planning and Assessment Act 1979

Schedule 1	Amendment of Environmental Planning and Assessment Act 1979	1
		2
	(Section 4)	3
[1]	Section 26 Contents of environmental planning instruments	4
	Omit section 26 (1) (d). Insert instead:	5
	(d) providing, maintaining and retaining, and regulating any matter relating to, affordable housing,	6
		7
[2]	Section 80A Imposition of conditions	8
	Insert “or 94F” after “section 94” in section 80A (1) (h).	9
[3]	Part 4, Division 6A (sections 94F and 94G)	10
	Insert after section 94E:	11
Division 6A	Conditions requiring land or contributions for affordable housing	12
		13
94F	Conditions requiring land or contributions for affordable housing	14
		15
	(1) This section applies with respect to a development application for consent to carry out development within an area if a State environmental planning policy identifies that there is a need for affordable housing within the area and:	16
		17
		18
		19
	(a) the consent authority is satisfied that the proposed development will or is likely to reduce the availability of affordable housing within the area, or	20
		21
		22
	(b) the consent authority is satisfied that the proposed development will create a need for affordable housing within the area, or	23
		24
		25
	(c) the proposed development is allowed only because of the initial zoning of a site, or the rezoning of a site, or	26
		27
	(d) the regulations provide for this section to apply to the application.	28
		29

-
- (2) Subject to subsection (3), the consent authority may grant consent to a development application to which this section applies subject to a condition requiring:
- (a) the dedication of part of the land, or other land of the applicant, free of cost to be used for the purpose of providing affordable housing, or
 - (b) the payment of a monetary contribution to be used for the purpose of providing affordable housing,
- or both.
- (3) A condition may be imposed under this section only if:
- (a) the condition complies with all relevant requirements made by a State environmental planning policy with respect to the imposition of conditions under this section, and
 - (b) the condition is authorised to be imposed by a regional environmental plan or local environmental plan, and is in accordance with a scheme for dedications or contributions set out in or adopted by such a plan, and
 - (c) the condition requires a reasonable dedication or contribution, having regard to the following:
 - (i) the extent of the need in the area for affordable housing,
 - (ii) the scale of the proposed development,
 - (iii) any other dedication or contribution required to be made by the applicant under this section or section 94.
- (4) A consent authority that proposes to impose a condition in accordance with this section must take into consideration any land or other sum of money that the applicant has previously dedicated free of cost, or previously paid, for the purpose of affordable housing within the area otherwise than as a condition of a consent.

- (5) Nothing in this section prevents the imposition on a development consent of other conditions relating to the provision, maintenance or retention of affordable housing. Such conditions may require, but are not restricted to, the imposition of covenants (including positive covenants) or the entering into of contractual or other arrangements.

94G Provision of affordable housing

- (1) Land dedicated in accordance with a condition imposed under this Division must:
- (a) be made available by the consent authority for the purposes of affordable housing within a reasonable time, or
 - (b) be transferred by the consent authority in accordance with any applicable direction under subsection (3).
- (2) A consent authority must:
- (a) hold any monetary contribution paid in accordance with a condition imposed under this Division (and any additional amount earned from its investment) for the purpose for which the payment was required and apply the money for the purposes of affordable housing in the area or an adjoining area within a reasonable time, or
 - (b) pay the monetary contribution in accordance with any applicable direction under subsection (3).
- (3) The Minister may give a direction, that applies generally or in any particular case or class of cases, to a consent authority:
- (a) requiring it to transfer land to a person nominated by the Minister, if it imposes a condition under this Division requiring dedication of the land, or
 - (b) requiring it to pay a monetary contribution to a person nominated by the Minister, if it imposes a condition under this Division requiring the payment of the monetary contribution.
- (4) A person nominated under this section by the Minister must:
- (a) make available any land transferred to the person under this Division for the purposes of affordable housing within a reasonable time, and

-
- | | | |
|-----|---|---|
| (b) | apply any monetary contribution paid to the person | 1 |
| | under this Division (and any additional amount earned | 2 |
| | from its investment) for the purposes of affordable | 3 |
| | housing in the area concerned or in an adjoining area | 4 |
| | within a reasonable time. | 5 |

Schedule 2	Validation of affordable housing schemes	1
	(Section 6)	2
2.1	Green Square affordable housing scheme	3
(1)	The instrument set out in Schedule 3 is taken:	4
(a)	to have been duly made in accordance with the Principal Act as a local environmental plan, and	5 6
(b)	to have been duly published in accordance with the Principal Act on 28 May 1999, and	7 8
(c)	to have commenced on 28 May 1999.	9
(2)	The instrument cited as <i>South Sydney City Council Green Square Affordable Housing Development Control Plan</i> , as approved by South Sydney City Council on 10 February 1999, is taken:	10 11 12
(a)	to have been duly made and approved in accordance with the Principal Act as a development control plan, and	13 14
(b)	to have had effect on and from 28 May 1999.	15
(3)	Without limiting subclauses (1) and (2) or section 5, anything done or omitted to be done on or after 28 May 1999 and before the commencement of this Act (including the granting of a development consent) is as valid as it would have been had the instrument set out in Schedule 3 and the development control plan referred to in subclause (2) been in force when the thing was done or omitted.	16 17 18 19 20 21
2.2	City West affordable housing scheme	22
(1)	The instrument cited as <i>Sydney Regional Environmental Plan No 26—City West (Amendment No 4—Affordable Housing)</i> and published in Gazette No 23 of 3 March 1995 at pages 1123–1131 is taken:	23 24 25 26
(a)	to have been duly made in accordance with the Principal Act as a regional environmental plan, and	27 28

(b)	to have been duly published in accordance with the Principal Act on 3 March 1995, and	1 2
(c)	to have commenced on 3 March 1995.	3
(2)	The instrument cited as <i>Revised City West Housing Program</i> , as adopted by the Minister on 21 July 1996, is taken:	4 5
(a)	to have been duly adopted as an official program for the purposes of Part 4 of <i>Sydney Regional Environmental Plan No 26—City West</i> , and	6 7 8
(b)	to have had effect on and from 21 July 1996.	9
(3)	Without limiting subclauses (1) and (2) or section 5, anything done or omitted to be done on or after 3 March 1995 and before the commencement of this Act (including the granting of a development consent) is as valid as it would have been had the regional environmental plan referred to in subclause (1) and the official program referred to in subclause (2) been in force when the thing was done or omitted.	10 11 12 13 14 15 16
2.3	St Leonards affordable housing scheme	17
(1)	The instrument cited as <i>Willoughby Local Environmental Plan 1995 (Amendment No 21)</i> and published in Gazette No 137 of 3 December 1999 at pages 11714–11720 is taken:	18 19 20
(a)	to have been duly made in accordance with the Principal Act as a local environmental plan, and	21 22
(b)	to have been duly published in accordance with the Principal Act on 3 December 1999, and	23 24
(c)	to have commenced on 3 December 1999.	25
(2)	The instrument titled <i>Willoughby Development Control Plan No 23—Willoughby Local Housing Program</i> , as approved by Willoughby City Council on 8 March 1999 is taken:	26 27 28
(a)	to have been duly made and approved in accordance with the Principal Act as a development control plan, and	29 30
(b)	to have had effect on and from 3 December 1999.	31

- (3) Without limiting subclauses (1) and (2) or section 5, anything done or omitted to be done on or after 3 December 1999 and before the commencement of this Act (including the granting of a development consent) is as valid as it would have been had the local environmental plan referred to in subclause (1) and the development control plan referred to in subclause (2) been in force when the thing was done or omitted.

2.4 North Sydney affordable housing contributions plan

- (1) The provisions of the instrument titled *North Sydney Council Section 94 Contributions Plan—Affordable Housing*, as approved by North Sydney Council on 13 November 1995, are taken:
- (a) to have been duly made under the Principal Act and approved in accordance with that Act as provisions of a contributions plan, and
- (b) to have had effect on and from 13 November 1995.
- (2) Without limiting subclause (1) or section 5, anything done or omitted to be done on or after 13 November 1995 and before the commencement of this Act (including the granting of a development consent) is as valid as it would have been had the provisions referred to in subclause (1) been in force when the thing was done or omitted.

2.5 Provisions of Randwick affordable housing contributions plan

- (1) The provisions set out on pages 29 and 30 (headed “Loss of Affordable Housing”) of the instrument titled *Randwick City Council Section 94 Contributions Plan* and known as Policy No 6.01.30, as approved by Randwick City Council on 20 August 1999, are taken:
- (a) to have been duly made under the Principal Act and approved in accordance with that Act as provisions of a contributions plan, and
- (b) to have had effect on and from 20 August 1999.

(2) Without limiting subclause (1) or section 5, anything done or omitted to be done on or after 20 August 1999 and before the commencement of this Act (including the granting of a development consent) is as valid as it would have been had the provisions referred to in subclause (1) been in force when the thing was done or omitted.	1 2 3 4 5
2.6 Provisions of Waverley affordable housing contributions plan	6
(1) The provisions of Part 5 (Loss of Affordable Housing) of the instrument titled <i>Waverley Council Section 94 Contributions Plan</i> , as approved by Waverley Council on 22 September 1998, are taken:	7 8 9
(a) to have been duly made under the Principal Act and approved in accordance with that Act as provisions of a contributions plan, and	10 11 12
(b) to have had effect on and from 22 September 1998.	13
(2) Without limiting subclause (1) or section 5, anything done or omitted to be done on or after 22 September 1998 and before the commencement of this Act (including the granting of a development consent) is as valid as it would have been had the provisions referred to in subclause (1) been in force when the thing was done or omitted.	14 15 16 17 18

Schedule 3 Green Square local environmental plan	1
(Schedule 2.1)	2
 South Sydney Local Environmental Plan 1998 (Amendment No 6)—Green Square	 3
	4
1 Name of plan	5
This plan is the <i>South Sydney Local Environmental Plan 1998 (Amendment No 6)—Green Square</i> .	6 7
2 Land covered by this plan	8
(1) This plan applies to the part of the Green Square redevelopment area shown coloured on the map marked “South Sydney Local Environmental Plan 1998 (Amendment No 2)—Green Square—Zoning” deposited in the office of South Sydney City Council.	9 10 11 12 13
(2) However, this plan does not apply to the land identified on that map as “deferred matter”.	14 15
3 Aims of this plan	16
The aims of this plan are:	17
(a) to capitalise on the strategic location of Green Square in the City South Region, and	18 19
(b) to maximise the use of the new Green Square Railway Station and the New Southern Railway infrastructure, and	20 21
(c) to provide opportunities for the redevelopment of industrial land for a range of residential and business land uses, and	22 23
(d) to establish the planning principles and integrated planning controls which seek to achieve the vision for Green Square set out in the Green Square Structural Masterplan which is available for inspection at the office of South Sydney City Council, and	24 25 26 27 28

(e)	to encourage a variety of housing types and tenures (including affordable housing) to accommodate a range of income groups close to employment and services, and	1 2 3
(f)	to ensure that low to moderate income households can live in Green Square through requiring development to provide an appropriate proportion of affordable housing, and	4 5 6
(g)	to facilitate the development of a vibrant and sustainable community, which is based on accessibility, reduced car dependence, a mix of land uses, friendly and safe streets, high quality public domain and active commercial centres, and	7 8 9 10
(h)	to protect the amenity of the existing residential communities around Green Square, and	11 12
(i)	to reinforce the focal role of the Green Square Railway Station through the establishment and support of an active commercial and residential core within walking distance from the Station, and	13 14 15 16
(j)	to protect the integrity of adjoining land zoned for industrial purposes, and	17 18
(k)	to ensure the planning, assessment and implementation of development in Green Square draws on an equal and integrated consideration of social, environmental, economic and urban design issues.	19 20 21 22
4	Relationship to other plans	23
	This plan amends:	24
(a)	<i>South Sydney Local Environmental Plan 1998</i> as set out in Schedule 1, and	25 26
(b)	<i>City of Sydney Planning Scheme Ordinance</i> and <i>South Sydney Local Environmental Plan No 114 (Southern Industrial and Rosebery/Zetland Planning Districts)</i> as set out in Schedule 2.	27 28 29

Schedule 1	Amendment of South Sydney Local Environmental Plan 1998	1
		2
	(Clause 4 (a))	3
[1]	Clause 9 Zones indicated on the map	4
	Insert at the end of clause 9:	5
	Zone No 10 (a) Mixed Uses “A” Zone	6
	Zone No 10 (b) Mixed Uses “B” Zone	7
	Zone No 10 (c) Mixed Uses “C” Zone	8
	Zone No 10 (d) Mixed Uses “D” Zone	9
[2]	Clause 15 Zoning controls for Zone No 5—the Special Uses Zone	10
	Insert at the end of clause 15 (1) (c):	11
	, and	12
	(d) for land in the zone and within Green Square, in addition to the above:	13
	(i) to reflect and reinforce the need for proper recognition of community land and facilities as part of a robust public domain in the Green Square locality, and	14
	(ii) to recognise that protecting and improving the quality, accessibility and impact of the public domain makes a fundamental contribution to the social, economic, environmental and urban design outcomes for the area, and	15
	(iii) to ensure that development contributes to a sustainable, vibrant community, and reflects equal and integrated consideration of social, economic and environmental design issues.	16
		17
		18
		19
		20
		21
		22
		23
		24
		25
		26
		27

[3] Clause 16 Zoning controls for Zone No 6 (a)—the Local Recreation Zone	1 2
Insert at the end of clause 16 (1) (e):	3
, and	4
(f) for land in the zone and within Green Square, in addition to the above, to ensure that development contributes to a sustainable, vibrant community, and reflects equal and integrated consideration of social, economic and environmental design issues.	5 6 7 8 9
[4] Clauses 21A–21D	10
Insert after clause 21:	11
21A Zoning controls for Zone No 10 (a)—the Mixed Uses “A” Zone	12
(1) What are the objectives of the zone?	13
The objectives of Zone No 10 (a) are:	14
(a) to protect and enhance the historical character and amenity of the existing residential neighbourhoods within Green Square, and	15 16 17
(b) to identify those localities which are primarily residential and where in future primarily residential infill development is to occur, and	18 19 20
(c) to ensure that building form, including alterations and additions, is in character with the surrounding built environment and does not detract from the amenity and environmental quality enjoyed by nearby residents, and	21 22 23 24
(d) to allow up to 15% non-residential uses on each development site, and	25 26
(e) to offer limited opportunities for non-residential development, which provides goods, services or employment for residents and is of a type and scale that is compatible with existing or planned residential development and does not detract from the amenity and environmental quality enjoyed by nearby residents, and	27 28 29 30 31 32

Environmental Planning and Assessment Amendment (Affordable Housing) Bill 2000

Schedule 3 Green Square local environmental plan

(f)	to minimise any adverse impact, including social impact, on residential amenity by devising appropriate design assessment criteria and applying specific impact mitigation requirements by the use of development control plans, and	1 2 3 4 5
(g)	to ensure that development contributes to a sustainable, vibrant community, and reflects equal and integrated consideration of social, economic and environmental design issues.	6 7 8 9
(2)	What does not require consent?	10
	Development for the purpose of:	11
	home businesses, minor building works.	12
(3)	What requires development consent?	13
	Development for the purpose of:	14
	bed and breakfasts, boarding houses, child care centres, commercial signs*, community centres, dwelling houses, educational establishments, home industries, hospitals, local businesses, local shops, multiple dwellings, non-structural advertisements*, places of public worship, professional consulting rooms, public buildings, restaurants, roads, under awning signs*.	15 16 17 18 19 20 21
(4)	What is prohibited?	22
	Development not included in subclause (2) or (3).	23
	Note. * Refer to Part 5 (Performance based exemptions) to determine whether you need to obtain development consent.	24 25
21B	Zoning controls for Zone No 10 (b)—the Mixed Uses “B” Zone	26
(1)	What are the objectives of the zone?	27
	The objectives of Zone No 10 (b) are:	28
(a)	to provide urban housing and a range of compatible vibrant non-residential uses, such as shops, offices, retail and studio-type workshops, and	29 30 31

-
- | | | |
|-----|---|--|
| (b) | to promote mixed use planning by encouraging the location of facilities such as housing, places of employment and shops in close proximity to each other and so as to be accessible by public transport, and | 1
2
3
4 |
| (c) | to allow up to 25% non-residential uses on each development site, and | 5
6 |
| (d) | to ensure non-residential uses are environmentally compatible with residential uses, and do not adversely affect residential amenity, within the zone, and | 7
8
9 |
| (e) | to minimise any adverse impact, including social impact, on residential amenity by devising appropriate design assessment criteria and applying specific impact mitigation requirements by the use of development control plans, and | 10
11
12
13
14 |
| (f) | to ensure that the nuisance generated by non-residential development, such as is caused by operating hours, noise, loss of privacy, vehicular and pedestrian traffic or other factors, is controlled, so as to preserve the quality of life for residents in the area, and | 15
16
17
18
19 |
| (g) | to ensure that development contributes to a sustainable, vibrant community, and reflects equal and integrated consideration of social, economic and environmental design issues. | 20
21
22

public buildings, roads, recreation areas, recreation facilities, restaurants, serviced apartments, shop, under awning signs*.

Any other development not included in subclause (2).

Note. * Refer to Part 5 (Performance based exemptions) to determine whether you need to obtain development consent.

21C Zoning controls for Zone No 10 (c)—the Mixed Uses “C” Zone

(1) What are the objectives of the zone?

The objectives of Zone No 10 (c) are:

- (a) to promote mixed use development in the Green Square Centre by encouraging urban housing in conjunction with appropriate business activities which contribute to economic growth and employment opportunities, and
- (b) to require the provision of a minimum of 25% non-residential uses on each development site, and
- (c) to promote the vitality of the public domain by encouraging the location of active retail and entertainment uses at ground level, particularly in areas fronting the Green Square Railway Station, and
- (d) to ensure through the design of a high quality public domain that a high level of amenity is provided for pedestrians, shoppers and workers within the zone, and
- (e) to minimise any adverse impact, including social impact, on residential amenity by devising appropriate design assessment criteria and applying specific impact mitigation requirements by the use of development control plans, and
- (f) to ensure that the nuisance generated by non-residential development, such as is caused by operating hours, noise, loss of privacy, vehicular and pedestrian traffic or other factors, is controlled so as to preserve the quality of life for residents in the area, and
- (g) to ensure that development contributes to a sustainable, vibrant community, and reflects equal and integrated consideration of social, economic and environmental design issues.

(2) What does not require development consent?	1
Development for the purpose of:	2
home businesses, minor building works.	3
(3) What requires development consent?	4
Development for the purpose of:	5
advertising structures, backpackers' hostels, bed and	6
breakfasts, boarding houses, clubs, child care centres,	7
commercial premises, commercial signs*, community	8
centres, dwellings attached to, or within, a building used	9
or intended to be used for a land use which is	10
permissible within the zone, educational establishments,	11
high technology industries, home industries, hotels, light	12
industries, local businesses, medical centres, multiple	13
dwellings, non-structural advertisements*, places of	14
assembly, places of public worship, private hotels,	15
public buildings, recreation areas, recreation facilities,	16
restaurants, roads, serviced apartments, shops, under	17
awning signs*.	18
Any other development not included in subclause (2).	19
Note. * Refer to Part 5 (Performance based exemptions) to determine	20
whether you need to obtain development consent.	21
21D Zoning controls for Zone No 10 (d)—the Mixed Uses "D" Zone	22
(1) What are the objectives of the zone?	23
The objectives of Zone No 10 (d) are:	24
(a) to establish a predominantly employment based zone	25
while allowing not more than 15% residential use of	26
each development site, but only if it supports those	27
employment uses, and	28
(b) to encourage appropriate business activities which	29
contribute to economic growth and employment	30
opportunities within the Green Square area, and	31

Division 2 Development at Green Square	17
27A Vision for Green Square	18
(1) The vision for Green Square is to transform Green Square into an attractive, vibrant and sustainable urban place by capitalising on the opportunities created by:	19 20 21
(a) the area's strategic location between Sydney's most significant economic gateways: the Central Business District, Kingsford Smith Airport and Port Botany, and	22 23 24
(b) the construction of the New Southern Railway and Green Square Railway Station.	25 26

- (2) Four key concepts sustain this vision: 1
- (a) **Diversity** 2
- This applies to the development of a mix of land uses, 3
a range of building types, diverse public spaces, and 4
employment and housing choices, which will support a 5
socially diverse community, underpinning a vibrant city 6
that offers complex experiences and social contact. 7
- (b) **Connectivity** 8
- This applies to an accessible network of public spaces 9
and public streets, which integrate existing and future 10
landscapes and buildings. 11
- (c) **Interdependency** 12
- This applies to the need for compatibility between land 13
uses, to the high quality urban design response of 14
buildings to public spaces, the interdependency of the 15
social and physical environment, and the relationship of 16
the Green Square area to the City South Region. 17
- (d) **Long-term growth** 18
- This applies to the development of an urban strategy 19
that can accommodate and support renewal and growth 20
of Green Square into a compact sustainable urban area 21
over a long period of time. 22
- 27B Planning principles for Green Square** 23
- The planning principles for Green Square are set out in 24
Schedule 4. Those principles are underpinned by the key 25
concepts of diversity, connectivity, interdependency and 26
long-term growth. 27
- The Council must take those principles into consideration 28
before granting consent to any development within Green 29
Square. 30

27C	Determination of development applications	1
(1)	The Council must not grant consent for development of any land within Green Square unless:	2
		3
(a)	there is a masterplan adopted by the Council for the development site comprising that land or within which that land is situated, and	4
		5
		6
(b)	the development is consistent with the masterplan.	7
(2)	The Council may waive the requirement for a masterplan because of the minor nature of the development concerned, the adequacy of other planning controls that apply to the proposed development, or for such other reasons as the Council considers sufficient.	8
		9
		10
		11
		12
(3)	If:	13
(a)	the Council has waived the requirement for the masterplan under subclause (2), or	14
		15
(b)	a draft masterplan for the development site has been submitted to the Council for adoption, and that draft masterplan:	16
		17
		18
(i)	has not been adopted by the Council before or within 60 days after the date on which the development application was lodged, or	19
		20
		21
(ii)	has been rejected by the Council,	22
	then subclause (1) does not apply, but when the Council assesses the development application it must have regard to the criteria in clause 27D (4) (a)–(l).	23
		24
		25
27D	Preparation of masterplans	26
(1)	A draft masterplan may only be prepared by or on behalf of the owner or lessee of the land concerned.	27
		28
(2)	The South Sydney Development Corporation may prepare a draft masterplan on behalf of the owners for the area shown in heavy red edging on the map marked “South Sydney Local Environmental Plan 1998 (Amendment No 2)—Green Square—Zoning”.	29
		30
		31
		32
		33

Schedule 3 Green Square local environmental plan

- (3) A draft masterplan should be prepared following consultation with the Council and any relevant public authorities or corporations. 1
2
3
- (4) A masterplan is to outline long-term proposals for the development of the land to which it applies, and illustrate and explain, where appropriate, the following: 4
5
6
 - (a) how those proposals address the vision for Green Square set out in clause 27A, the planning principles set out in Schedule 4, and any development control plan adopted for Green Square by the Council, 7
8
9
10
 - (b) design principles drawn from analysis of the site and its context, 11
12
 - (c) phasing of the development, 13
 - (d) distribution of land uses, including open space, 14
 - (e) pedestrian, cycle and vehicle access and circulation networks, 15
16
 - (f) parking provision, 17
 - (g) subdivision pattern, 18
 - (h) infrastructure provision, 19
 - (i) building envelope and built form controls, 20
 - (j) heritage conservation, 21
 - (k) site remediation, 22
 - (l) open space provision, its function and landscaping. 23
- 27E Consultation** 24
 - (1) Immediately after receiving a draft masterplan, the Council must advertise it in a newspaper circulating in the locality and exhibit it at the Council's offices for not less than 21 days for public comment. 25
26
27
28
 - (2) The Council must take into account any written submissions made about the content of the draft plan during the exhibition period. 29
30
31

27F	Adoption of masterplans	1
(1)	Following the exhibition of the draft masterplan, the Council may adopt it without variation, or adopt it with such variation made in response to submissions arising out of its exhibition as the Council considers appropriate, or reject it.	2 3 4 5
(2)	When a masterplan is adopted, the Council must advertise the adoption in a newspaper circulating in the locality.	6 7
(3)	A copy of the masterplan must be available for inspection at the Council's offices.	8 9
27G	Amendment of masterplans	10
(1)	A masterplan may be amended.	11
(2)	The Council may request the preparation of a draft amendment for the purpose of keeping a masterplan up-to-date.	12 13
(3)	This Division applies to the amendment of a masterplan in the same way as it applies to the preparation of a masterplan.	14 15
(4)	A masterplan may be amended or replaced by a subsequent masterplan.	16 17
27H	Masterplans may not implement certain planning standards	18
(1)	The Council may adopt a masterplan or an amendment of a masterplan even if the masterplan proposes development in accordance with planning standards that differ from those contained in a development control plan.	19 20 21 22
(2)	Before adopting such a masterplan or amendment, the Council must be satisfied that:	23 24
(a)	a better development solution will result, and	25
(b)	the land use mix proposed is consistent with the relevant zone objectives (including the desired mix of uses for the relevant zone), and	26 27 28
(c)	the total floor space of all buildings within a development will not increase above that allowed by the development control plan as a result of the masterplan, and	29 30 31 32

(d)	the total land available for public recreation areas within the site will not be reduced below that required by a previous masterplan or amendment.	1 2 3
27I	Application of zone objectives to masterplans	4
	For the purposes of applying the requirements made by zone objectives and clause 27J to land to which a masterplan applies, and in particular for the purposes of assessment of the percentage of the non-residential component of a site, the Council needs only to be satisfied that the overall percentage of non-residential use will be achieved over the whole of the land to which a masterplan applies, irrespective of its distribution in relation to individual allotments comprising the masterplan site.	5 6 7 8 9 10 11 12
27J	Non-residential development on development sites in Zones Nos 10 (b) and 10 (c)	13 14
(1)	Subject at all times to clause 27I, the Council must not grant consent to any development on land within Zone No 10 (b) until it is satisfied that no more than 25% of the total floor space proposed for a development site will be available for non-residential development.	15 16 17 18 19
(2)	Subject at all times to clause 27I, the Council must not grant consent to any development on land within Zone No 10 (c) until it is satisfied that at least 25% of the total floor space proposed for a development site will be available for non-residential development.	20 21 22 23 24
27K	Amusement centres in Green Square	25
	Despite any other provision of this plan, in order to protect the amenity of the Green Square locality, consent may be granted for development for the purpose of amusement centres on land within Green Square only if the centres are ancillary to another use allowed in the zone applying to the land.	26 27 28 29 30

Division 3	Affordable housing at Green Square	1
27L	Affordable housing aims and objectives	2
	Because land values in Green Square may reasonably be expected to increase when land in the area is developed in accordance with this plan, development in Green Square is to provide different kinds of housing, including affordable housing, to ensure that households on very low to moderate incomes may live in the area.	3 4 5 6 7 8
	Development in Green Square is to promote and retain a socially diverse residential population representative of all income groups.	9 10 11
27M	Meanings of “affordable housing”, “affordable housing provisions” and “total floor area”	12 13
	In this Division:	14
	<i>affordable housing</i> means rented housing occupied by very low, low and moderate income households provided and managed under the scheme provided by the Green Square Affordable Housing Development Control Plan adopted by the Council on 10 February 1999, and in accordance with the affordable housing principles.	15 16 17 18 19 20
	The gross incomes of such households fall within the following ranges of percentages of the median household income for the time being for the Sydney Statistical Division according to the Australian Bureau of Statistics:	21 22 23 24
	Very low income household less than 50%	25
	Low income household 50 or more but less than 80%	26
	Moderate income household 80–120%	27
	<i>affordable housing provisions</i> means the provisions of the Green Square Affordable Housing Development Control Plan, as adopted by the Council on 10 February 1999, setting out a scheme for the provision and management of affordable housing in the Green Square area in accordance with the affordable housing principles. Copies of the plan are available from the Council’s administrative offices.	28 29 30 31 32 33 34

- total floor area*** means the total of the areas of each floor of a building. The area of each such floor is taken to be the area within the outer face of the external enclosing walls, but excluding:
- (a) columns, fins, sun control devices, awnings and other elements, projections or works outside the general lines of the outer face of the external walls (other than balconies comprising the minimum balcony area required by the Council, and excluding any additional area), and
 - (b) the maximum ancillary car parking permitted by the Council and any associated internal vehicular and pedestrian access to that car parking, and
 - (c) space for the loading and unloading of goods.

27N Affordable housing principles

- The affordable housing principles are as follows:
- (a) affordable housing is to be provided and managed in the Green Square area so that a socially diverse residential population representative of all income groups is created and maintained,
 - (b) affordable housing is to be made available to a mix of households on very low, low and moderate incomes,
 - (c) affordable housing is to be rented to eligible households at an appropriate rate of gross household income,
 - (d) dwellings provided for affordable housing are to be managed so as to maintain their continued use for affordable housing,
 - (e) affordable housing is to consist of dwellings constructed to a standard which in the opinion of the Council is consistent with other dwellings in the Green Square area and with an average total floor area of not less than 100 square metres.

27O	Matters for consideration by the Council	1
	Before granting consent to any proposed development of land within Green Square in Zone No 10 (a), 10 (b), 10 (c) or 10 (d), the Council must take into consideration the aims and objectives of this Division, the affordable housing principles and the following:	2
		3
		4
		5
		6
	(a) the need for development to provide different kinds of housing, including affordable housing, to ensure that households on very low, low and moderate incomes may be able to afford to live in Green Square,	7
		8
		9
		10
	(b) the impact of the proposed development on the existing mix and likely future mix of residential housing stock within Green Square.	11
		12
		13
27P	Inclusion of affordable housing in a building	14
(1)	Before granting consent to the carrying out of development (other than subdivision) on land in Green Square within Zone No 10 (a), 10 (b), 10 (c) or 10 (d), the Council must be satisfied that not less than the following amount of total floor area to which the development application relates will be used for the purpose of affordable housing, in accordance with the affordable housing principles in this Division and the affordable housing provisions for Green Square:	15
		16
		17
		18
		19
		20
		21
		22
	(a) 3% of so much of that total floor area as is intended to be used exclusively for residential purposes, and	23
		24
	(b) 1% of so much of that total floor area as is not intended to be used exclusively for residential purposes, and	25
		26
	(c) if the percentage required to be provided would be insufficient to provide complete dwellings, such extra amount of that total floor area as may be necessary to provide complete dwellings having an average total floor area of at least 100 square metres.	27
		28
		29
		30
		31
(2)	It does not matter whether the total floor area concerned was in existence before, or is created after, the commencement of this Division, or whether the area concerned replaces a previously existing area.	32
		33
		34
		35

- (3) Nothing prevents in a particular case the provision of some of the complete dwellings required by this Division to be provided for affordable housing and the provision of a proportion of the monetary contribution equivalent to make up for the rest of the complete dwellings. 1
2
3
4
5
- 27Q Contribution of money as an alternative to including affordable housing in a building** 6
7
- (1) Clause 27P does not require the provision of affordable housing if the Council is satisfied that: 8
9
- (a) a monetary contribution has been or will be provided, by or on behalf of the applicant for development consent, for use for the purpose of providing affordable housing within Green Square in accordance with the affordable housing principles and the affordable housing provisions, and 10
11
12
13
14
15
- (b) the amount of the contribution has been calculated, in accordance with this clause and the affordable housing provisions, as equivalent to the value of the total floor area that would otherwise be required by this Division to be provided for use for affordable housing, except any extra amount of area included to provide complete dwellings in accordance with that clause. 16
17
18
19
20
21
22
- (2) Demolition of a building or a change in the use of land does not give rise to a claim for a refund of any amount that has been contributed under this clause for use for affordable housing. 23
24
25
26
- 27R Conditions on development consent to give effect to this Division** 27
28
- (1) The Council may impose conditions on any consent for development for the purpose of achieving the affordable housing aims and objectives of this Division. 29
30
31
- (2) In particular, any such condition may be imposed to ensure that any affordable housing that is to be provided under this Division is provided in accordance with the affordable housing principles or that any monetary contribution that is elected or required to be provided for the purpose of any such affordable housing is provided in accordance with those principles. 32
33
34
35
36
37

27S	Development exempted from affordable housing	1
	This Division does not require the Council to ensure that	2
	affordable housing will be provided in the case of a	3
	development application seeking consent for development:	4
	(a) for residential purposes, if the proposed development	5
	will result in the creation of less than 200 square metres	6
	of total floor area, or	7
	(b) for non-residential purposes, if the proposed	8
	development will result in the creation of less than 60	9
	square metres of total floor area, or	10
	(c) for the purpose of public housing, or	11
	(d) for the purpose of affordable housing, if the applicant	12
	for consent is a community housing or non-profit	13
	organisation, or	14
	(e) for the purpose of community facilities, or	15
	(f) for the purpose of a public road, or a public utility	16
	undertaking or facility, and for no other purpose.	17
27T	Provision of affordable housing where subsequent development occurs	18
	A percentage of the total floor area to which a development	19
	application relates is not required to be provided under this	20
	Division for the purpose of affordable housing if the Council	21
	is satisfied that:	22
	(a) the total floor area is the same as or, because of	23
	redevelopment of a site, will replace an equivalent area	24
	that was the subject of a former development	25
	application granted consent after the commencement of	26
	this Division, and	27
	(b) the same percentage of that total floor area has already	28
	been provided for use for affordable housing as required	29
	by this Division, or a contribution has already been paid	30
	in relation to that floor area in accordance with the	31
	affordable housing provisions.	32

[12] Schedule 4 1

Insert after Schedule 3: 2

Schedule 4 Planning principles for Green Square 3

(Clause 27B) 4

(1) Regional role 5

Development in Green Square is to contribute to the status of the area as an important commercial and residential location, strategically positioned between Port Botany, Kingsford Smith Airport and the Sydney CBD. 6
7
8
9

Development in Green Square is to promote a compact working and living environment to maximise the efficient use of resources and infrastructure provision. 10
11
12

Development in Green Square is to benefit, in a physical, social, economic and environmental manner, the existing communities within South Sydney and the people of the City South Region. 13
14
15

(2) Integrated planning and development 16

Planning and development in Green Square are to ensure that social, economic, environmental and urban design issues are considered together and with proper regard for their mutual and cumulative impacts. This principle of integration is to be reflected at all stages of the planning and development process—planning, implementation and evaluation. 17
18
19
20
21
22

The planning and development processes in Green Square are to take into account the impact and effect of development on the people of Green Square and the quality of the spaces in which they live and work and in which they become part of and contribute to successful urban communities. 23
24
25
26
27

- (3) **Public domain** 1
- Development is to define and contribute to the public domain so as to 2
create a high quality physical setting for buildings, which is safe and 3
accessible and can be enjoyed by residents and workers. 4
- Development of the public domain is to enhance the integration 5
between the precincts within Green Square and surrounding areas. A 6
system of interconnected streets, pedestrian/bicycle networks and open 7
space/waterway reserves and corridors is to provide the structural 8
framework of this public domain. There are two main axes to this 9
framework, formed by the E–W avenue linking Green Square Railway 10
Station to South Dowling Street, and the N–S links providing the 11
further connection to Moore Park. 12
- Development is to promote a street pattern that reinforces and 13
supplements the existing street pattern of some of the smaller blocks 14
in Green Square and integrates functional and environmental demands. 15
- Development is to facilitate the creation of a system of channels and 16
ponds to improve storm and ground water management, and to 17
develop a theme to enhance the public domain and image of Green 18
Square. 19
- (4) **Urban form** 20
- Urban form in Green Square is to reflect its location in relation to 21
transport nodes and existing residential precincts, be architecturally 22
rich and diverse, achieve a high level of amenity, define and enhance 23
the public domain and allow for mixed uses. 24
- Development is to provide a variety of building types selected to 25
complement the locality, landform and precinct character, and designed 26
to be responsive to environmental conditions such as noise, orientation, 27
aspect and air pollution. 28
- Building form within specific blocks is to be articulated both in height 29
and mass to provide interest, resolve urban design and environmental 30
issues and satisfy other planning principles for Green Square. 31
- Buildings are to be of high quality and adaptable to a variety of uses 32
over time, to ensure their long life. 33
- The integrity of heritage items, contributory buildings and significant 34
landscape elements is to be protected and enhanced. 35

(5) Economic and community life

Development is to provide a variety of housing (including affordable housing) to accommodate a range of income groups and social diversity, increase housing choice and flexibility, encourage employment-based activities and contribute to the creation of a range of precincts with character.

Development in Green Square is to provide an appropriate proportion of affordable housing to ensure that very low to moderate income households can continue to live in Green Square.

Development in Green Square is to contribute to an integrated mixed-use development pattern (both vertical and horizontal) containing a wide range of housing and employment opportunities, combined with educational, recreational and cultural facilities.

Development is to facilitate the increase and diversity of employment opportunities, which are to be compatible with achieving a high quality mixed living and working environment.

Activities along the main street frontage are to enhance the public domain and enrich pedestrian activity. There must be adequate provision of a range of small scale retail and neighbourhood facilities, concentrated along major pedestrian routes and around public spaces.

Development is to recognise and enhance the existing residential communities within Green Square.

Development is to facilitate the timely provision of recreational and community facilities and public open space within Green Square, to support the increase in residents and workers. These facilities and amenities are to be integrated with the pattern of distribution of existing facilities and amenities within Green Square and surrounding areas.

Potential conflict between existing and future land uses is to be managed (by design and operational controls) so as to minimise the impacts of one on the other, and so that future development within Green Square can co-exist with land uses in adjoining land zoned industrial under this plan.

- (6) **Transport and access** 1
- Green Square Railway Station is to be established as a focus for 2
inter-connecting transport facilities. Development in Green Square is 3
to contribute to and support this function. 4
- Development in Green Square is to promote the reduction of motor 5
vehicle dependency and actively encourage the use of public transport, 6
walking and cycling. 7
- Integrated public domain improvements and pedestrian and cycle 8
routes/facilities are to be provided throughout Green Square. 9
- A barrier free environment for people with disabilities and mobility 10
difficulties is to be created to ensure access equity. 11
- Parking provision and management in Green Square is to 12
acknowledge travel demand management principles, discourage 13
excessive car ownership and usage levels by residents, and discourage 14
car travel by commuters and other users. The location and intensity of 15
development is to be oriented towards maximum potential for use of 16
public transport. 17
- (7) **Environmental performance** 18
- Development is to create a safe and comfortable environment for 19
residents and workers in both the private and public space, by “best 20
practice” design to ensure buildings and spaces achieve maximum 21
environmental performance and minimum resources use. 22
- Development is to be designed having regard to: 23
- wind effect, reflectivity, noise attenuation, solar access and 24
 energy conservation, water conservation and re-use, stormwater 25
 management, use of recycled materials and waste reduction. 26
- The development of the public domain and open spaces must 27
contribute to greater bio-diversity, habitat protection and enhancement, 28
and air and water quality. 29

(8) Quality of design	1
Buildings and the public domain are to be of a high quality in both design and materials. The public domain, being the network of public spaces, streets and squares, is to be designed as purposefully as the built form. Buildings are to support and be integrated into this public domain network to achieve coherence and purpose. Buildings are to be of a high quality, articulated both in height and mass.	2 3 4 5 6 7
(9) Implementation	8
Through the redevelopment process, development is to efficiently use the existing infrastructure within Green Square and provide new physical and social infrastructure.	9 10 11
Schedule 2 Amendment of other environmental planning instruments	12 13
(Clause 4 (b))	14
2.1 City of Sydney Planning Scheme Ordinance	15
Insert after clause 1:	16
1A Excluded land	17
This Ordinance does not apply to land to which <i>South Sydney Local Environmental Plan 1998</i> applies.	18 19
2.2 South Sydney Local Environmental Plan No 114 (Southern Industrial and Rosebery/Zetland Planning Districts)	20 21
Insert after clause 2 (2):	22
(3) This plan does not apply to land to which <i>South Sydney Local Environmental Plan 1998</i> applies.	23 24
