

Agreement in Principle

Mr JOHN AQUILINA (Riverstone—Leader of the House) [11.50 a.m.], on behalf of Mr Morris lemma: I move:

That these bills be now agreed to in principle.

These bills were introduced in the other place on 18 June 2008. The second reading speech appears at pages 1 to 6 in the *Hansard* galley for that day. The bills are in the same form as introduced in the other place. I commend the bills to the House.
