I have examined this bill and find it to correspond in all respects with the bill as finally passed by both Houses.

Assistant Speaker of the Legislative Assembly.

The Legislature of New South Wales enacts:

1 Name of Act

This Act is the *Statute Law (Miscellaneous Provisions) Act (No 2) 2011*.

2 Commencement

- (1) This Act commences on 6 January 2012 except as provided by subsection (2).
- (2) However, the amendments made by the Schedules to this Act commence on the day or days specified in those Schedules in relation to the amendments concerned. If a commencement day is not specified, the amendments commence in accordance with subsection (1).

3 Explanatory notes

The matter appearing under the heading “Explanatory note” in any of the Schedules does not form part of this Act.

Schedule 1 Minor amendments

1.1 Building Professionals Act 2005 No 115

Section 97 Review of Act

Omit “5 years” wherever occurring in section 97 (2) and (3).

Insert instead “7 years”.

Explanatory note

The proposed amendment to the *Building Professionals Act 2005* (**the Act**) provides that the statutory review of the Act (being the review to determine whether the policy objectives of the Act remain valid and whether the terms of that Act remain appropriate for securing those objectives) is to be undertaken as soon as possible after the period of 7 years, rather than 5 years, after the date of assent to the Act (which occurred on 7 December 2005). The report on the outcome of the review is to be tabled in each House of Parliament within 12 months after the end of that 7 year period (that is, within 12 months after 7 December 2012).

1.2 Commercial Agents and Private Inquiry Agents Act 2004 No 70

Schedule 4 Savings, transitional and other provisions

Insert after Part 3:

Part 4 Provisions consequent on establishment of Security Licensing and Enforcement Directorate

The delegation by the Commissioner under section 36 of this Act dated 6 April 2006 is taken to include, and to have included from 21 March 2011, a delegation to the persons holding the following offices in the Security Licensing and Enforcement Directorate, State Crime Command, NSW Police Force:

- (k) Senior Assessment Officer,
- (l) Assessment Officer,
- (m) Adjudication Officer.

Explanatory note

The proposed amendment to the *Commercial Agents and Private Inquiry Agents Act 2004 (the Act)* makes it clear that the restructure within the NSW Police Force that included the replacement of the Security Industry Registry with the Security Licensing and Enforcement Directorate does not and did not affect the delegation of the Commissioner's functions under the Act.

1.3 Community Land Management Act 1989 No 202

Section 78 Order by Tribunal substituting schedule of unit entitlements

Insert "(2) or" after "subsection" in section 78 (1).

Explanatory note

The proposed amendment to the *Community Land Management Act 1989* makes it clear that section 78 (1) of that Act (which specifies the circumstances in which certain orders of the Consumer, Trader and Tenancy Tribunal can be made) applies in relation to orders made in accordance with both subsections (2) and (3) of that section (as also suggested by the language used in subsection (1) of that section).

1.4 Companion Animals Act 1998 No 87

Section 5 Definitions

Omit the definition of *dog* in section 5 (1). Insert instead:

dog means an animal (of either sex, or desexed, and whether or not domesticated) of a species with the scientific name *Canis familiaris*, *Canis lupus familiaris*, *Canis lupus dingo*, *Canis familiaris dingo* or *Canis dingo*, or a synonym of any of those names, and including a hybrid of any of those species.

Note. The *Wild Dog Destruction Act 1921* continues to apply to dingoes in the Western Division within the meaning of the *Crown Lands Act 1989*. Section 26 of the *Wild Dog Destruction Act 1921* creates an offence if a person has in the person's possession any dingo or half-breed dingo without the written authority of the Wild Dog Destruction Board.

Explanatory note

The proposed amendment to the *Companion Animals Act 1998 (the Act)* updates the definition of *dog* in the Act to include certain new species names of dingoes so as to ensure that dingoes continue to be regulated in accordance with the Act.

1.5 Consumer, Trader and Tenancy Tribunal Act 2001 No 82

Section 28 Procedure of Tribunal generally

Omit “Subsection (5) (g)–(i)” from section 28 (7).

Insert instead “Subsection (5) (g) and (i)”.

Explanatory note

The proposed amendment to the *Consumer, Trader and Tenancy Tribunal Act 2001* makes it clear that proceedings in the Consumer, Trader and Tenancy Tribunal arising under the *Strata Schemes Management Act 1996* and the *Community Land Management Act 1989* can be withdrawn by the applicant (the same as any other type of proceedings in the Tribunal).

[3] Section 115Y Environmental assessment requirements for approval

Omit “in the form approved by the Director-General” from section 115Y (2).

Insert instead “in the form prescribed by the regulations”.

Explanatory note

Item [1] of the proposed amendments to the *Environmental Planning and Assessment Act 1979 (the Act)* amends a provision that deals with the modification of development consents granted by the Land and Environment Court in order to make it consistent with provisions that deal with development consents that are granted by a consent authority. Currently, section 96 (5) of the Act provides that restrictions on the modification of development consents granted by consent authorities (being restrictions relating to threatened species and biobanking statements) do not apply to State significant development. The amendment provides for a similar exemption where the development consent to carry out State significant development is granted by the Land and Environment Court.

Item [2] makes a minor clarifying amendment relating to objectors to designated development to take account of objectors to State significant development (being development that would be designated development if it were not declared to be State significant development).

Item [3] provides that environmental impact statements for State significant infrastructure must be prepared in the form prescribed by the regulations (rather than

in the form approved by the Director-General), consistently with other provisions of the Act relating to environmental impact statements.

- (e) Manager, Assessment and Prevention,
- (f) Manager, Licensing Services,
- (g) Senior Assessment Officer,
- (h) Assessment Officer,
- (i) Adjudication Officer.

Explanatory note

The proposed amendment to the *Explosives Act 2003* makes it clear that the restructure within the NSW Police Force that included the replacement of the Security Industry Registry with the Security Licensing and Enforcement Directorate does not and did not affect the delegation of the Commissioner's functions under that Act.

Under the amended provision, the cancellation of a vehicle will have effect immediately and not after the giving of 14 days' notice to the registered operator of the vehicle, as at present. Item [1] also provides that a third-party policy in relation to a motor vehicle is not cancelled until the day on which the registered operator of the vehicle is given notice of the cancellation of registration. (Clause 7 of the *Road Transport (General) Regulation 2005* provides that the date on which a registered operator is taken to have been given notice is, if the notice is sent by mail, the fourth working day after the notice was posted or, if the notice is delivered to the person personally, the date when it is so delivered.)

Item [2] provides that it will not be an offence under section 18 of the Act (which prohibits the use of an unregistered registrable vehicle on a road or road related area) if the registered operator of the vehicle has not been given notice of the cancellation of registration.

Explanatory note

Item [3] of the proposed amendments to the *Security Industry Act 1997 (the Act)* clarifies that patrolling, protecting, watching or guarding property involving the use of any dog, rather than a patrol dog, is a security activity. The amendment is made for the purposes of consistency with legislation of other jurisdictions.

Item [4] makes it clear that providing advice in relation to certain security items and providing advice in relation to the identification and the minimisation of risks are separate security activities.

Item [5] defines the terms **bodyguard** and **crowd controller** to provide greater clarity on the work of a bodyguard or crowd controller that constitutes a security activity. Items [1], [2], [6] and [7] make consequential amendments.

Section 4 of the Act sets out activities that are **security activities** for the purposes of that Act. The Act also provides that it is an offence for a person to carry on security activities unless the person is appropriately licensed or is employed by the holder of an appropriate licence.

Item [8] makes it clear that the restructure within the NSW Police Force that included the replacement of the Security Industry Registry with the Security Licensing and Enforcement Directorate does not and did not affect the delegation or sub-delegation of the Commissioner's functions under the Act. As a result of the amendments, the question of whether a contributor is an invalid, or is physically or mentally incapable of performing his or her duties, is to be determined by STC having regard to medical advice furnished by one or more persons or bodies nominated, or one or more persons who are members of a class of persons nominated, by STC (under section 22). Similarly, an employee retired through infirmity may be required to submit himself or herself for medical examination by one or more persons or bodies nominated, or one or more persons who are members of a class of persons nominated, by STC (under section 50).

The amendments supersede clause 18 (5) of the *Health Services Regulation 2008*, which is consequentially repealed by Schedule 2.

1.22 Sydney Olympic Park Authority Act 2001 No 57

- (10B) No dealing that requires the consent of the holder of a security interest may be registered in relation to an access licence until the expiry of the prescribed period unless, before the expiry of that period, the holder of the interest:
 - (a) has lodged with the Director-General a notice of the kind referred to in subclause (5) (d), or
 - (b) has notified the Director-General that the holder does not propose to seek registration of the interest in the Access Register.

[12] Schedule 10, clause 23

23 Entitlements held by 2 or more co-holders

Two or more co-holders of a replacement access licence are taken to hold the access licence:

- (a) if the Minister has a record of the shares in which the former entitlement was held immediately before the appointed day, in the same shares as the former entitlement was so held, or
- (b) if the Minister has no such record, but within 2 months after sending a written request to the co-holders seeking information as to their shareholding the Director-General receives:

- (i) a notice, signed by or on behalf of each of them, by which they agree as to the shares in which they hold the access licence, or
- (ii) a notice, signed by any one of them, to the effect that legal proceedings have been commenced for the purpose of obtaining a declaration as to the shares in which they hold the access licence,
in the agreed shares referred to in the notice under subparagraph (i), or in the shares determined pursuant to the legal proceedings referred to in the notice under subparagraph (ii), as the case may be, or
- (c) in any other case, as tenants in common with the entitlements conferred by the licence under section 56 apportioned equally between them.

Explanatory note

Item [1] of the proposed amendments to the *Water Management Act 2000 (the Act)* clarifies the circumstances in which a person may apply to the Minister for an access licence that is a specific purpose access licence. An application may be made if it is permitted by either the regulations made under the Act or a relevant management plan, but subject to any restrictions set out in a relevant management plan.

Item [2] ensures that the provisions for the determination of applications for an access licence are consistent with the provisions that provide for when such applications may be made.

Item [3] enables a private irrigation board to fix termination charges in connection with the board ceasing to supply water to a landholder or former landholder (whether because of the transformation of the landholder's water entitlement to an access licence or otherwise). Currently, the power to fix such charges is limited to cessation of supply because of a transformation. Item [4] makes a consequential amendment.

Item [6] makes similar provision in relation to the fixing of termination charges by private irrigation trusts as is made in relation to private irrigation boards. Item [5] makes a consequential amendment.

Item [7] enables the Minister to issue an evidentiary certificate in relation to water allocations debited or otherwise withdrawn from the water allocation account for a specified access licence.

Items [8] and [9] make provision for matters of a savings or transitional nature consequent on the enactment of the proposed amendments.

Item [10] corrects an incorrect reference.

Items [11] and [12] include provisions in Schedule 10 to the Act (which provides for the conversion of former entitlements under certain previous water legislation to access licences and approvals under the Act) to give effect in the Act to standard provisions that are routinely included in the regulations each time a water source is transferred to the Act from the previous water legislation. This will remove the need for separate inclusion of the provisions by regulation each time a water sharing plan commences.

Schedule 6 General savings, transitional and other provisions

1 Effect of amendment of amending provisions

- (1) An amendment made by Schedule 1, 2 or 3 to an amending provision contained in an Act or instrument is, if the amending provision has commenced before the Schedule 1, 2 or 3 amendment concerned, taken to have effect as from the commencement of the amending provision (whether or not the amending provision has been repealed).
- (2) In this clause:
amending provision means a provision of an Act or instrument that makes a direct amendment to an Act or instrument by:
 - (a) the repeal or omission of matter contained in the amended Act or instrument without the insertion of any matter instead of the repealed or omitted matter, or
 - (b) the omission of matter contained in the amended Act or instrument and the insertion of matter instead of the omitted matter, or
 - (c) the insertion into the amended Act or instrument of matter, not being matter inserted instead of matter omitted from the Act or instrument.

Explanatory note

This clause ensures that certain amendments, including amendments correcting errors in technical provisions (for example, headings indicating the section to be amended or directions as to where a new section is to be inserted) and rectifying minor drafting errors (for example, corrections in numbering of provisions, correction or insertion of cross-references, omission of unnecessary matter or insertion of omitted matter), will be taken to have commenced on the date the amendments to which they relate commenced.

2 Effect of amendment or repeal on acts done or decisions made

Except where it is expressly provided to the contrary, if this Act:

- (a) amends a provision of an Act or an instrument, or
- (b) repeals and re-enacts (with or without modification) a provision of an Act or an instrument,

any act done or decision made under the provision amended or repealed has effect after the amendment or repeal as if it had been done or made under the provision as so amended or repealed.

Explanatory note

This clause ensures that the amendment or repeal of a provision will not, unless expressly provided, vitiate any act done or decision made under the provision as in force before the amendment or repeal.

3 Effect of amendment on instruments

Except where expressly provided to the contrary, any instrument made under an Act amended by this Act, that is in force immediately before the commencement of the amendment, is taken to have been made under the Act as amended.

Explanatory note

This clause ensures that, unless expressly provided, any instrument that is in force and made under a provision of an Act that is amended or substituted by the proposed Act will be taken to have been made under the Act as amended.

4 Revocation of repeal

Section 29A of the *Interpretation Act 1987* applies to the repeal of Acts or instruments by this Act.

Explanatory note

The effect of this clause is to enable the Governor, by proclamation, to revoke the repeal of any Act or instrument or the provision of any Act or instrument repealed by the proposed Act. The Act or instrument or provision of an Act or instrument the subject of the revocation of repeal is taken not to be, and never to have been, repealed.

5 Regulations

- (1) The Governor may make regulations containing provisions of a savings or transitional nature consequent on the enactment of this Act.
- (2) Any such provision may, if the regulations so provide, take effect from the date of assent to this Act or a later date.
- (3) To the extent to which any such provision takes effect from a date that is earlier than the date of its publication on the NSW legislation website, the provision does not operate so as:
 - (a) to affect, in a manner prejudicial to any person (other than the State or an authority of the State), the rights of that person existing before the date of its publication, or
 - (b) to impose liabilities on any person (other than the State or an authority of the State) in respect of anything done or omitted to be done before the date of its publication.

Explanatory note

This clause enables the making of regulations of a savings or transitional nature having a short term effect and relating to incidental matters arising out of the proposed Act with regard to which no specific, or sufficient, provision has been made in the proposed Act.
