Rights of the Terminally Ill Bill 2001

Explanatory note

This explanatory note relates to this Bill as introduced into Parliament.

Overview of Bill

The object of this Bill is to provide a legislative framework for the rights of terminally ill persons to request and receive assistance to terminate their lives voluntarily. Under this framework, a terminally ill person may be assisted by a medical practitioner to administer a substance to himself or herself. If the terminally ill person is physically unable to administer the substance, the person can nominate a person to do this.

The Bill provides protection for persons providing such assistance and sets up safeguards against possible abuse of the right recognised by the Bill.
Outline of provisions

Part 1  Preliminary

Clause 1 sets out the name (also called the short title) of the proposed Act.

Clause 2 provides for the commencement of the proposed Act 3 months after the date of assent, unless sooner commenced by proclamation.

Clause 3 defines certain words and expressions used in the proposed Act.

Part 2  Request for and giving of assistance

Clause 4 enables a patient with a terminal illness who is experiencing pain, suffering or distress to an unacceptable extent to request that patient’s medical practitioner to assist the patient to terminate the patient’s life.

Clause 5 empowers the medical practitioner (in due course) to assist the patient to terminate his or her life, or to refuse to give assistance.

Clause 6 makes it an offence for a person:
(a)  to give or promise any reward or advantage, or
(b)  to cause or threaten to cause any disadvantage,
   to a medical practitioner or other person:
(c)  for assisting in terminating a life, or
(d)  for refusing to assist in terminating a life, or
(e)  for the purpose of compelling or persuading the medical practitioner or other person to assist or refuse to assist in terminating a life.

This clause also prevents the gift or promise of any such reward or advantage from being legally enforced or retained.

Clause 7 sets out the conditions that must be satisfied before a medical practitioner may provide assistance under the proposed Act.

Clause 8 provides that a medical practitioner must not give assistance under the proposed Act if there are palliative care options reasonably available to the patient to alleviate the patient’s pain, suffering and distress to levels acceptable to the patient.
Clause 9 deals with the situation where the patient requesting assistance under the proposed Act is physically unable to sign certificates. In this case the patient may nominate a person to sign in his or her place.

Clause 10 allows a patient who sought assistance to rescind his or her request at any time. The medical practitioner must then destroy the patient’s certificate of request and note the fact on the patient’s medical record.

Clause 11 makes it an offence to procure the signing or witnessing of a certificate of request by deception or improper influence. A person who commits this offence forfeits any financial benefit that might follow from the death of the patient concerned.

Part 3  Records and reporting of death

Clause 12 sets out the information that a medical practitioner giving assistance under the proposed Act must keep as part of the patient’s medical record.

Clause 13 facilitates the recording and notification of a death resulting from assistance given under the proposed Act.

Clause 14 requires a medical practitioner who gives assistance under the proposed Act to send to the State Coroner a copy of the death notification required under the Births, Deaths and Marriages Registration Act 1995 and so much of the patient’s medical record as relates to the terminal illness and death of the patient.

Clause 15 enables the State Coroner to report to the Attorney General on the operation, or any matter concerning the operation, of the proposed Act. The Attorney General must cause a copy of the report to be tabled in each House of Parliament.

Part 4  Miscellaneous

Clause 16 provides that action taken by a medical practitioner or other health care provider in accordance with the proposed Act does not constitute an offence, or an attempt or conspiracy to commit an offence, or the aiding, abetting, counselling or procuring the commission of an offence, against the Crimes Act 1900 or any other Act or law.
Clause 17 provides that a certificate of request for assistance under the proposed Act is admissible and prima facie evidence before a court of the request contained in the certificate.

Clause 18 provides that a will, contract or other arrangement is not valid to the extent that it would affect whether a person may make or rescind a request for assistance under the proposed Act or give or refuse to give that assistance. This clause also provides that contractual obligations are not affected by the making or rescinding of a request for assistance under the proposed Act.

Clause 19 provides that insurance contracts are not affected by the making or rescinding of a request for, or the giving of, assistance under the proposed Act.

Clause 20 confers immunity from civil or criminal action and professional disciplinary action for anything done in good faith and without negligence in compliance with the proposed Act.

Clause 21 allows the Governor to make regulations for the purposes of the proposed Act.

Clause 22 confers jurisdiction on Local Courts for offences against the proposed Act.

14 Medical record to be sent to coroner

(1) As soon as practicable after the death of a patient as the result of assistance given under this Act, the medical practitioner who gave the assistance must send to the State Coroner a copy of the notice given to the Registrar under section 39 of the *Births, Deaths and Marriages Registration Act 1995* and a copy of so much of the medical record of the patient (including that required by section 12 to be kept) as relates to the terminal illness and death of the patient.

Part 4 Miscellaneous

16 Construction of Act

(1) Despite any provision of the Crimes Act 1900 or any other Act or law, an action taken in accordance with this Act by a medical practitioner or by a health care provider on the instructions of a medical practitioner does not constitute an offence against the Crimes Act 1900 or any other Act or law, or an attempt to commit such an offence, a conspiracy to commit such an offence, or an offence of aiding, abetting, counselling or procuring the commission of such an offence.

(2) Assistance given in accordance with this Act by a medical practitioner or by a health care provider on the instructions of a medical practitioner is taken to be medical treatment for the purposes of the law.

18 Effect on construction of wills, contracts and statutes

(1) Any will, contract or other agreement, whether or not in writing or executed or made before or after the commencement of this Act, to the extent that it affects whether a person may make or rescind a request for assistance under this Act, or the giving of such assistance, is not valid.

(2) An obligation owing under a contract, whether made before or after the commencement of this Act, is not to be conditioned on or affected by the making or rescinding of a request for assistance under this Act or the giving of that assistance.
Clause 19

(2) A professional organisation or association or health care provider must not subject a person to censure, discipline, suspension, loss of licence, certificate or other authority to practise, loss of privilege, loss of membership or other penalty for anything that, in good faith and without negligence, was done or refused to be done by the person and which may under this Act lawfully be done or refused to be done.

(3) A request by a patient for assistance under this Act, or giving of such assistance in good faith by a medical practitioner in compliance with this Act, does not constitute neglect for any purpose of law or alone constitute or indicate grounds for the making of orders under the Guardianship Act 1987.

(4) A health care provider is not under any duty, whether by contract, statute or other legal requirement, to participate in the provision to a patient of assistance under this Act.
