Motions of Dissent from Ruling of, 888, 993, 1341.

Obs. re privileges of House, 981.

SPEAKER, MR. (THE HON. SIR DANIEL LEVY, KT., B.A., LL.B.), RULINGS AND OPINIONS OF:

Addresses in Reply—Presentation, *obs.*, 76, 137.

Bardolph v. State of N.S.W.: Service of summons to produce *Votes and Proceed-ings*, *obs.*, 1462.

Dissent from Ruling: Under Standing Order 161 the Speaker has a discretionary power to put the question when debate has exceeded thirty minutes, but he is not directed to do so. Under Standing Order 175, the closure having been moved, *Mr. Speaker* was bound to put the question, 994.

The Premier having given an assurance that a matter (increase of hours of railway and tramway employees) was before the Court, and the leader of the Opposition not having questioned the statement, *Mr. Speaker* was bound to uphold the point of order taken and refuse to allow discussion. On a motion of dissent the hon. member could not question the accuracy of the Premier's statement, nor could he deal with the general application of the "*sub judice*" rule. Referring to the point of order raised by the hon. member for *Leichhardt* on the motion for the second reading of the Constitution Amendment (Legislative Council Elections) Bill—that the question of the validity of the measure was before the Court—what *Mr. Speaker* said on that occasion was that he did not think the second reading of that bill, which proposed to amend an Act the validity of which was being tested, was a matter that was before the Court, 888.

Notwithstanding sessional order that for the remainder of the session Government business only should be dealt with, the hon. member for *Phillip's* motion would be placed on the business-paper for tomorrow as "*Business of the House*," and under Standing Order 108 would have precedence of all other notices of motion and orders of the day, 1341.

Forestry (Amendment) Bill: A bill with the title of this measure did not infringe any part of the Governor's message. The contention that the bill was outside the order of leave, because, in the event of the appointment of a Commissioner for only six months, the salary paid would

22 August, 1933, to 13 February, 1934.

ASSEMBLY (*continued*):*Forestry (Amendment) Bill (continued)*:

be in excess of the amount already provided for by the Act, could not be upheld, 401.

Hansard Report—Personal explanation by hon. member for Marrickville, *obs.*, 1405.

Hours of Employment in Railway and Tramway Service: The question of whether a matter is *sub judice* was difficult of determination without knowing exactly what was before the Court. It had been customary for Mr. Speaker to refer to the Minister. He must accept the Premier's assurance that the matter was specifically before the Court, and the leader of the Opposition might not make reference to it, 814.

Legislative Council—Suit in Equity: Service of statement of claim, *obs.*, 236.

Legislative Council Elections: Receipt of Governor's Writ, 966; direction that taking of votes at four separate elections be set down as Orders of the Day for the 2nd, 16th and 30th November, and the 14th December, respectively, and take precedence over all other business, 966; calling of hon. members to obtain ballot-papers—method, 1187; opening and closing 1st ballot, 1188; 2nd ballot, 1193; 3rd ballot, 1333; 4th ballot, 1580.

Motion in Name of the Leader of the Opposition: It was not competent for an hon. member to move a motion on behalf of another hon. member unless he were a Minister of the Crown acting on behalf of another Minister, 652.

Newspaper Articles: Personal references to hon. members, *obs.*, 374.

Removal of hon. member: On a motion of privilege the hon. member for Phillip could not discuss the action of the Chairman of Committees in ordering the removal of the hon. member, which was a question of order, 1405.

Special Income and Wages Tax (Management) Bill: The amendment made by the Legislative Council in the bill was an invasion of the privileges of the Legislative Assembly which ought not lightly to be surrendered, 981.

"Sub-judice" Rule: In directing that the taking of votes for the election of members to the Legislative Council be set down as Orders of the Day for certain dates, Mr. Speaker was simply carrying out his duty under the Act No. 5 of 1933.

ASSEMBLY (*continued*):*"Sub-judice" Rule (continued)*:

No matter was being taken that was in any way *sub judice*. The only question was whether Mr. Speaker was right in carrying out the requirements of the Act referred to, 967.

Tramway Employees: Hours of Work: On a motion disapproving of certain action by the Minister for Transport, the leader of the Opposition could not discuss the hours of work of tramway employees, as that matter was then before the Industrial Commission, 1260 *et seq.*
