HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,

AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. In addressing you personally for the first time, I avail myself of the opportunity to congratulate the Colony upon the possession of Political Institutions which, if the spirit of wisdom and moderation inspire your counsels, are well calculated, under the blessing of Providence, to develop, in the highest degree, the energies of the people, and the resources of the country.

2. The sitting of Parliament having already occupied four months of the present year, I did not feel justified in withdrawing you from your private pursuits at an earlier period.

3. I have much pleasure in announcing to you that the condition of the Revenue is satisfactory, and that the important portion of it arising from the Customs continues to increase. The Gold Fields of the Colony are still advancing in number and productiveness.

4. The result of the Census which has been just completed shews that, notwithstanding the severance of Queensland, there has been during the last five years an increase of nearly one hundred thousand in the population, which now amounts to upwards of three hundred and fifty thousand. It is an encouraging fact that this large increase is substantially in the Suburban and Country Districts.

5. I trust that the measures which will be submitted to you will receive your candid and careful consideration. Some of them have already been under the consideration of Parliament, and urgently demand your attention. A speedy and satisfactory settlement of the Land Question becomes daily of more pressing importance; and it is an object of great interest to provide for the constitution of the Legislative Council on an Elective basis.

6. The Bills for the Management of the Gold Fields, and for dealing with the Chinese Question, may be considered of scarcely less moment. These subjects require early and anxious deliberation.

7. The condition of the Gaols and Penal Establishments of the Colony has engaged the earnest attention of the Government, with a view to the adoption, as far as practicable, of those improved methods of Secondary Punishment which exist in the more recently constructed Prisons of the Mother Country. I recommend the subject to your consideration as one in which, by judicious regulations, humane and efficient provisions may be combined with great eventual saving to the State.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

8. The Supplementary Estimates for 1861, and the Estimates for the year 1862, will be forthwith submitted to you.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,

AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

9. It is highly gratifying to me to be able to state that the Commissioners are making such arrangements as will secure the adequate representation of the Colony at the London Exhibition of 1862.

10. I have great satisfaction in informing you that the disputes which have hitherto surrounded the contracts for Railway Works undertaken by Messrs. Peto, Brassey, and Co., and which presented so serious an impediment to their satisfactory progress, are now adjusted. A contract has been signed for the completion of the lines at present authorized, which will be ready for traffic to all the terminal points within the coming year. A proposal for extended Railway Works will be found in the Estimates.

11. The unprecedented fall of Rain throughout the Colony during many months past has occasioned extraordinary difficulties in maintaining, in even passable condition, the main lines of Road. These difficulties have, as far as possible, been met by unusual exertions to make the amounts provided by the liberality of Parliament for Road purposes quickly available, and very considerable improvements have thus been effected.

12. The contracts for largely extending Telegraphic Communication, recently sanctioned by Parliament, have been completed, and so soon as Queensland has finished the line within its own boundary, our connexion with that Colony will be perfected. The general success of the Telegraphic scheme will justify further extensions.

13. The negotiation with the Government of Victoria with reference to the Customs Duties on goods crossing the Murray from that Colony has been re-opened. This question, when considered in an amicable spirit, appears to present no insuperable difficulties, and I hope that an equitable settlement of it may be effected. Your attention will be invited to a Bill to empower the Government to conclude a Treaty upon this subject.

14. Much inconvenience has arisen from the absence of any general system of management for the Police Force, and a Bill will be laid before you for the purpose of placing the Constabulary of the Colony, so far as circumstances will admit, upon the same footing as prevails in the Mother Country, and in several of the Colonies. I recommend the matter to your early attention.

15. In bringing forward, from time to time, such measures as are most urgently required, the Government will be guided by the progress of the Public Business. I trust that, by judicious arrangement, the present Session may be concluded within a reasonable period, and that, in future, the meeting of Parliament may, under ordinary circumstances, be limited to that portion of the year which is most generally convenient for the attendance of the Representatives of the Country Constituencies. I am persuaded that such a practice would be productive of most beneficial results; whereas, if the Sessions of Parliament be continued during nearly the whole year, not only does the burden fall heavily upon the Members of the Legislature, but the proper performance of the Executive duties of the Government must be seriously impeded.

16. From the Territory which New South Wales originally possessed, several important Colonies have been created, but she still comprises within her present limits a larger area than any other Australian Colony. In the vast extent of her pastoral, and the richness of her agricultural lands, in the value and abundance of her auriferous and mineral resources, some of which are peculiarly her own, and in the intelligence and enterprising spirit of her inhabitants, she possesses all the elements of a great and prosperous Nation. Much may be done by her Legislators to secure her rapid advancement and permanent prosperity; and I pray that the progressive improvement of the Colony, morally, socially, and politically, may, by the Divine favour, be the result of your deliberations.

Mr. Sadlier then moved, and Mr. Alexander seconded the motion :—

(1.) That a Select Committee be appointed to prepare an Address in reply to the Speech of His Excellency the Governor on opening the present Session of the Parliament of New South Wales.

(2.) That such Committee consist of the following Members:—Mr. Sadlier, Mr. Alexander, Mr. Atkinson, Mr. Burns, Mr. Dick, Mr. Dickson, Mr. Leary, Mr. Bell, Mr. Smart, and Mr. Weekes.

Question put and passed.

And the Committee retired to prepare the Address.

And Mr. Sadlier having brought up the Address prepared by the Committee, the same was read by the Clerk, on motion of Mr. Sadlier, as follows :—

*“ To His Excellency the Right Honorable SIR JOHN YOUNG, Baronet, Knight  
“ Commander of the Most Honorable Order of the Bath, Knight Grand Cross  
“ of the Most Distinguished Order of St. Michael and St. George, Captain  
“ General and Governor-in-Chief of the Colony of New South Wales, and Vice-  
“ Admiral of the same.*

“ MAY IT PLEASE YOUR EXCELLENCY,—

“ We, Her Majesty's dutiful and loyal Subjects, the Members of the Legislative Assembly of New South Wales, in Parliament assembled, desire to express  
“ to your Excellency our affection and loyalty to the Person and Government of our  
“ Most Gracious Sovereign; and to offer our respectful thanks for Your Excellency's  
“ Speech, on meeting us in Parliament for the first time.

“ We cordially reciprocate the feeling of congratulation expressed by Your  
“ Excellency upon the possession of the Political Institutions which the Colony  
“ enjoys;

“ enjoys ; and we trust that a spirit of wisdom and moderation will inspire our counsels, and guide us in the adoption of such measures as may be calculated to develop the energies of the people and the resources of the Colony.

“ We are glad to be informed that the condition of the Revenue is satisfactory, and that the Gold Fields of the Colony are increasing in number and productiveness.

“ We agree with Your Excellency in thinking that it is a matter of hearty congratulation that, notwithstanding the severance of Queensland, the population of the Colony has increased nearly 100,000 during the last five years ; and that it is also a matter of congratulation that this large increase is chiefly in the Suburban and Country Districts.

“ To the measures which will be submitted to us we shall give our careful consideration ; and we unite with Your Excellency in regarding a speedy and satisfactory settlement of the Land Question as becoming daily of more pressing importance. To provide for the construction of the Legislative Council upon an Elective basis is also a matter of great interest.

“ The Bills for the Management of the Gold Fields, and for dealing with the Chinese Question are, we admit, of scarcely less moment, and we shall be prepared to bestow upon them our early and anxious deliberation.

“ We shall enter into the consideration of the subject of Secondary Punishment with a just sense of its importance, and as demanding our earnest attention.

“ The Estimates, when submitted to us, shall receive our best consideration.

“ It is highly gratifying to us to hear that arrangements are being made to secure the adequate representation of the Colony at the London Exhibition of 1862.

“ We rejoice to learn that it is proposed to make further extensions of the Railways and Telegraphic Communications of the Colony. The maintenance and improvement of the Main Lines of Road throughout the Colony we recognize as matters of vital importance, and we are glad to find that efforts have been made to render quickly available the funds provided by Parliament for Road purposes.

“ The Bill to empower the Government to conclude a Treaty with the Colony of Victoria, as to the Customs Duties on Goods crossing the Murray from that Colony, shall receive our attentive consideration.

“ We are aware that evils have arisen from the absence of any general system of management for the Police Force, and shall be prepared to consider any proposal that may be made for remedying these evils.

“ It will afford us much gratification if, with due regard to the public interests, by any improved arrangements our Parliamentary duties may be in any degree lightened. We shall, nevertheless, be prepared to give our attendance in Parliament to such extent as the Public Service may seem to require, and we join with your Excellency in the aspiration that our labours may by the Divine favour aid in the moral, social, and political improvement of the Colony.”

Mr. Sadlier then moved, That the Address in reply to the Governor's Opening Speech, as read by the Clerk, be now adopted by this House.  
Debate ensued.

Question put and passed.

 Petition received.
2. Proposed Exclusion of the Chinese from the Gold Fields:—Mr. Hoskins presented a Petition from certain Miners and other Residents of the Rocky River Gold Fields, in Public Meeting assembled, praying that, for certain reasons therein set forth, this House would take into serious consideration the necessity, after a proximate date to be fixed by the House, of prohibiting the Chinese from working on the Gold Fields of the Colony.

 And Mr. Macleay having produced the *Government Gazette*, and the *Sydney Morning Herald*, *Empire*, and *Wagga Wagga Express*, newspapers, containing notices for four consecutive weeks, in the month of June, 1861, of the intention to apply for such Bill,—

At particular times, the quays and wharves, and most other public places may be seen crowded with idle children, who there learn to use bad language, to steal, and to practise every indecency. At particular times, the quays and wharves, and most other public places may be seen crowded with idle children, who there learn to use bad language, to steal, and to practise every indecency.   - (2.) If the Government intend to introduce a Bill, to remedy the present neglected state of the children of the lower classes, will it be shortly, or at the fag-end of the Session; and, will it be equitable, so as to provide, as far as it may be practicable, for the education of every neglected child in the Colony; or, will it be partial, so as to provide only for the education of a favoured few?

T. A. MURRAY,  
*Speaker.*

No. 27.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

FRIDAY, 18 OCTOBER, 1861.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question of Order (*Select Committees*):—Mr. Piddington moved, without Notice, That it be referred to the Standing Orders Committee, to consider and report whether the 7th Standing Order of the House of Commons upon Private Bills ought to be applied, as a Rule of Voting in Select Committees of this House, upon Private Bills.

Debate ensued.

Question put and passed.

2. Mrs. Mary Brown:—Mr. Caldwell presented a Petition from Mary Brown, widow of Jeremiah Brown, formerly Assistant Superintendent of the Penal Establishment at Cockatoo Island, representing that, by the death of her husband, who was in receipt of a Pension, she has been left in very straitened and dependent circumstances, with a large family,—and praying a favorable consideration of her case.  
Petition received.

3. Reverend W. B. Clarke:—Mr. Shepherd, as Chairman, brought up the Report from, and laid upon the Table the Proceedings of, the Select Committee, to whom it was referred, on the 20th September last, to consider and report upon the Evidence taken before a Select Committee of the Legislative Assembly, appointed on the 12th March last, having reference to the Services of the Reverend W. B. Clarke, in developing the great Mineral resources of the Colony.  
Ordered to be printed.

4. Question of Order (*Select Committees*):—Mr. Windeyer, requesting the ruling of the Speaker as to whether, in the case of a Meeting of a Select Committee having lapsed for want of a Quorum, it be competent for the Chairman of that Committee to convoke the Committee again, without reference to the House,—  
Mr. Speaker stated that, although at variance with the course laid down in May, (4th Edition) page 701, he found the practice of the Legislative Assembly of this Colony to have been, that in such cases the Chairman re-convoked the Committee without reference to the House. And that, while the points which such a question involves might very properly form the subject of a reference to the Standing Orders Committee,—yet, in the absence of any motion for such a reference, it was, in his opinion, expedient to adhere to the ordinary practice of this House.

5. Church and School Lands Bill:—On motion of Mr. Wilson, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole for the consideration of this Bill.

The Chairman having reported the Bill, with an amendment, the House adopted the Report; and ordered the Bill, as so reported, to be read a third time this day week.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

THURSDAY, 24 OCTOBER, 1861.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Rule for Chairman's Vote in Select Committees on Private Bills:—Mr. Cowper, on behalf of the Chairman, brought up the following Report from the Standing Orders Committee, upon the Question of Order referred to the Committee on the 18th instant:—

THE Standing Orders Committee, to whom it was referred on the 18th instant, "to consider and report whether the 7th Standing Order of the House of Commons upon Private Bills ought to be applied, as a Rule of Voting in "Select Committees of this House, upon Private Bills," have agreed to the following Report:—

(1.) Your Committee find that the Standing Order of the House of Commons indicated, is not relevant to the question particularised by the Honorable Member on whose motion the present reference to your Committee is made;—that question being, as he, a Member of your Committee, states,—whether the Chairman of a Select Committee on a Private Bill ought to have both a deliberative and a casting Vote, or only a casting Vote.

(2.) Your Committee, having carefully considered this question, have the honor to recommend to your Honorable House the adoption of the following suggestion:—

That the Chairman of a Select Committee on a Private Bill ought to be entitled to vote on all questions in the same way as other Members of such Committee, and in case of an equality of votes, should exercise a second or casting vote.

Legislative Assembly Chamber,  
Sydney, 24 October, 1861.

T. A. MURRAY,  
Chairman.

Ordered to be printed.

2. Question of Order, (*Petition*):—Mr. Buchanan,—referring to the Petition received by this House on presentation by Mr. Piddington on the 17th instant, adverse to the Maitland and Morpeth Railway Company's Bill, then and now under the consideration of a Select Committee,—drew attention to the apparent identity of handwriting of many of the signatures thereto; and requested the ruling of the Speaker on the question, whether such identity would not invalidate the Petition. The Speaker said that, while by the Rules of Parliament every Petition is required to be signed by the parties whose names are appended thereto; yet, supposing a Petition to bear some counterfeit signatures (which, however, it might be difficult to prove such), if it also bore, on the same skin or sheet, even one genuine signature, such Petition was not invalid. While, therefore, he agreed as to the apparent identity of handwriting of some of the signatures to the Petition in question, there was sufficient in the general appearance of others to warrant him in believing that the latter were genuine, and that the reception of the Petition had been entirely warranted.
3. Ways and Means:—Mr. Weekes moved, pursuant to *amended* notice, That the Speaker do now leave the Chair, and the House resolve itself into a Committee of the Whole, to consider of the Ways and Means to meet the supply to be granted to Her Majesty, for the service of the year 1861-2.

Question put and passed.

Whereupon the Speaker left the Chair, and the House resolved itself into a Committee of Ways and Means accordingly.

The Chairman reported progress, and obtained leave to sit again at a later hour this day.

Whereupon, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole accordingly.

The Chairman reported that the Committee had agreed to the following Resolution:—

The Legislative Assembly having taken into consideration His Excellency the Governor's Message, No. 1, dated the 1st instant, cannot avoid expressing its regret that the Executive Government should deem it inexpedient to lay before this House any documents of a public nature, having reference to a matter of such vast public interest and importance as the late Nominations for Life to the Legislative Council, particularly upon the grounds set forth in the Message, namely, "in view to the public interest, and the confidence which should subsist on similar occasions."

On the contrary, it appears to the Assembly that the public interest, and the confidence which should subsist on all occasions between the Executive Government and this House, require all the documents specified in the Address of the 17th ultimo to be laid before the House.

The Assembly had no intention in that Address to make any claim for copies of private correspondence, but it feels compelled, in the performance of its duty to the Country, respectfully to pray that His Excellency the Governor will cause all documents of a public nature, specified in the said Address, which are now withheld, to be laid before the House.

Whereupon, Mr. Forster moved, That this Resolution be now adopted by this House.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

FRIDAY, 22 NOVEMBER, 1861.

1. The House met pursuant to adjournment: the Speaker took the Chair.  
Points of Order:—Petitions presented against Maitland and Morpeth Railway Company's Bill:—  
(1.) Mr. Piddington,—drawing attention to the Second Report of the Standing Orders Committee on the first Petition, (*see Votes and Proceedings No. 41, Entry 3,*) which states that one person whose name is appended thereto has repudiated all knowledge of it,—informed the House that there are two persons of that name; and that, although one of them had denied the signing, he had good authority for believing that the other had acknowledged to have signed.  
Whereupon, the Minutes of the Standing Orders Committee on the subject, as entered in the Committee's Minute Book, No. 2, pages 77–81, having been read by the Clerk, by direction of the Speaker,—  
The matter dropped.  
(2.) Mr. Piddington then drawing attention to the second Petition, ordered on the 14th instant to be printed, but the printing of which had been suspended by order of the House, during a reference made to the Standing Orders Committee on the 19th instant,—inquired what was to be done with this Petition, now that the Committee had reported upon it. (*See Votes and Proceedings No. 45, Entry 2.*)  
The Speaker ruled that the suspension of the printing was only in force during the reference to the Committee; and that the order for printing this Petition, made on the 14th instant, should therefore now be acted upon.
2. Paper:—Mr. Cowper laid upon the Table, Despatch from the Duke of Newcastle, dated 26th September, 1861, relative to the Question of the Separation of the Districts of the Clarence and Richmond Rivers from New South Wales, and their annexation to Queensland.  
Ordered to be Printed.
3. Metropolitan Corporation Bill:—Mr. Cowper presented a Petition from certain Citizens and Ratepayers of the City of Sydney against the passing of this Bill, as introduced. Petition received.
4. Pleuro-pneumonia:—Mr. Cowper moved, pursuant to notice,—  
(1.) That this House has heard with regret that the disease called Pleuro-pneumonia is spreading to an alarming extent on the Southern Border of the Colony.  
(2.) That the destructive nature of this disease renders it of the first importance that the Government should be empowered to take all necessary steps to stay its devastating progress.  
(3.) That in order to carry these views into execution, it is desirable that a special Commissioner should immediately visit the District in question.  
(4.) That this House recognizes the principle that any expense or cost thereby incurred, including compensation for cattle to be destroyed, should be provided by a Fund to be raised by a general Assessment on the Horned Cattle of the Colony—  
With the understanding that the Question be put on the proposed Resolutions *seriatim*.  
Debate ensued.

OTHER BUSINESS—NOTICES OF MOTION :—

1. DR. LANG to move, That the sentence passed by the Supreme Court, at Maitland, on the Rev. W. The Chairman obtained leave to sit again at a later period of the day, and reported the following *Point of Order*:—

The proposed Vote of £173,073 for Police, in the Estimates in Chief for 1862, being under consideration, a motion had been made for the omission therefrom of an item amounting to £1,650 for 6 Inspectors,—in discussing which an Honorable Member had referred to matters connected with the Burrangong Riots;—

Whereupon the Chairman had ruled the Honorable Member out of Order, on the ground that, according to Section (1) of the 36th Standing Order of the Assembly, when a Question is proposed to omit or reduce any Item of a Vote, Members shall speak to such Question only, until it has been disposed of.

The Speaker, considering the matter so referred to by the Honorable Member as irrelevant to the Question under discussion, sustained the ruling of the Chairman.

11. Sale of Liquors Licensing Bill:—The Speaker reported the following Message from the Legislative Council:—

MR. SPEAKER,

The Legislative Council having had under consideration the Legislative Assembly's Message, dated the 31st ultimo, in reference to the Sale of Liquors Licensing Bill, insists upon its Amendment in the said Bill, disagreed to by the Assembly,—

- (1.) Because the retention by the Publican of a lamp burning during the night is no less essential to the convenience of travellers and other guests than the accommodation required by clause 33 of the Act, and its requirement is for that reason alike exempt from the objection taken by the Assembly of its bearing oppressively upon a particular section of the community. (2.)

(2.) Because no sufficient reason has been shewn for altering the existing law, which accords with the Amendment insisted on by the Council.  
But agrees to the Assembly's Amendment upon the Council's Amendment, and to the Amendment consequent thereon.

*Legislative Council Chamber,  
Sydney, 9 January, 1862.*

OF THE

## LEGISLATIVE ASSEMBLY.

TUESDAY, 14 JANUARY, 1862.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Re-assembling of Parliament:—The following Message from His Excellency the Governor, received and read:—

JOHN YOUNG,  
Governor.

Message, No. 17.

In answer to their Address of the 2nd instant, the Governor assures the Assembly of his concurrence in their desire to discontinue the practice of carrying on the business of legislation during the summer months.

It was under the conviction of the serious inconveniences arising from this practice, that in his Speech at the opening of Parliament, he suggested the desirability of an early termination of the present Session, and of limiting future Sessions to the season of the year most generally convenient.

The Governor does not anticipate that any difficulty will arise to prevent his calling Parliament together not later than during the month of May, so as to afford ample time for the transaction of the Public Business during the cooler months.

Government House,  
Sydney, 14th January, 1862.

No. 78.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

WEDNESDAY, 15 JANUARY, 1862.

1. The House met pursuant to adjournment; the Speaker took the Chair.  
Resignation of Mr. Quodling, late Inspector of Roads in the Northern Districts:—Mr. Forster, as Chairman, brought up a Progress Report from, and laid upon the Table the Proceedings of, and Minutes of Evidence taken before, the Select Committee to whom this subject was referred on the 26th November last, together with Appendix. Mr. Forster then moved, That the said Report and accompanying Proceedings, Evidence, and Appendix, be printed.  
And a Debate arising,—  
And an Honorable Member opposing the motion,—  
The Speaker ruled as follows:—The Debate, as well as the motion itself, *as opposed*, is irregular; for, although a motion for printing the Proceedings of a Select Committee is usually received as a matter of form,—still, the practice is, that such Proceedings must be complete,—which is not the case in the present instance. It is quite open to the House to order the printing of such Proceedings, if it think fit; but, in this case, the motion for the printing is opposed, and the rule is that none but unopposed motions can be made without notice. It is open to the Mover to give notice for a future day. Besides, a Sessional Order of the Assembly gives precedence to Government Business on Wednesdays.  
Mr. Morris then moved, That this House does not agree to the ruling of the Honorable the Speaker on the matter of printing a Report and Evidence of a Select Committee.  
Debate ensued.  
Mr. Morris' motion by leave withdrawn.

(1.) Mr. Weekes moved, pursuant to notice, for leave to bring in a Bill to appropriate and apply out of the Consolidated Revenue Fund of New South Wales, certain sums to make good the Supplies granted for the Service of the year 1861-2. Question put and passed; Ordered, that the Mover and Seconder prepare and bring in the Bill.  
(2.) Mr. Weekes having presented this Bill, Bill, intituled, "*A Bill to appropriate and apply out of the Consolidated Revenue Fund of New South Wales, certain Sums to make good the Supplies granted for the Service of the year 1861-2*",—read a first time, and ordered to be printed.  
(3.) Bill, on motion of Mr. Weekes, read a second time.  
Whereupon, on motion of Mr. Weekes, the Speaker left the Chair, and the House resolved itself a Committee of the Whole for the consideration of this Bill. The Chairman having reported the Bill without amendment, the House adopted the Report.  
(4.) Bill then, on motion of Mr. Weekes, read a third time, and *passed*.  
Mr. Weekes then moved, That the Title of this Bill be, "*An Act to appropriate and apply out of the Consolidated Revenue Fund of New South Wales, certain Sums to make good the Supplies granted for the Service of the year 1861-2*".  
Question put and passed.  
Whereupon Mr. Weekes moved, That this Bill be carried to the Legislative Council, with the following Message:—

MR.

Mr. Forster moved, That the Question be amended by the omission of the word "now," with a view to the addition, at the end, of the words "this day six months."

And Bill read a second time.

5. Resignation of Mr. Quodling, late Inspector of Roads in the Northern Districts:—The Speaker, advertng to his ruling on the Point of Order in this matter (recorded in Entry No. 1 above), stated that, having had time to look further into the subject, he had now arrived at the conclusion, that the general Rule, as observed in the House of Commons, under which he had given his decision, was over-ridden, so far as Mr. Forster's motion was concerned, by the 29th Standing Order of the Assembly, which declares as follows:—"it shall always be in order, on the presentation of any document, except a Petition, for the Member presenting it to move, "without previous notice, that it be printed." He therefore took the earliest opportunity afforded him of correcting his decision, in order that the Honorable Member, whose motion had been declared irregular, might have the opportunity of repeating it, at once, if desirous of doing so.

But no motion being made in consequence of this explanation, the matter dropped.

6. Loan Bill, 1862:—

(1.) On motion of Mr. Weekes, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole, for the consideration of this Bill.

The Chairman having reported the Bill without amendment, the House adopted the Report.

(2.) Bill, then, on motion of Mr. Weekes, read a third time, and passed.

Mr. Weekes then moved, That the Title of this Bill be "*An Act to enable the Government to raise a Loan for certain Public Works, and for other purposes.*"

Question put and passed.

Whereupon Mr. Weekes moved, That this Bill be carried to the Legislative Council, with the following Message:—

MR. PRESIDENT,

The Legislative Assembly having this day passed a Bill, intituled, "*An Act to enable the Government to raise a Loan for certain Public Works and for other purposes,*" presents the same to the Legislative Council for its concurrence.

*Legislative Assembly Chamber,*

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND  
GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. In releasing you from further attendance in Parliament, I am happy to be able to congratulate you upon the successful result of your labours during this long and arduous Session.

2. Various measures of great importance have been completed, and several Acts have been passed calculated to develop the interests to which they have reference.

3. Prominent among the Acts passed during this Session, are those which relate to the Alienation and Occupation of Crown Lands—the Gold Fields—the Police Force—the Administration in Insolvency—and the Licensed Publicans.

4. By these enactments, questions of deep concern to the social and material advancement of the community—some of which have for years past agitated the public mind—have been determined.

5. The provision which you have made for the establishment of Juvenile Reformatories, for increasing the number of Primary Schools, and for other Educational objects, and for the improvement of our Lunatic Asylums, Gaols, and Penal Establishments, is proof of an enlightened and philanthropic spirit. The funds granted for these purposes shall be administered with an anxious desire to carry out the intentions with which they have been so wisely placed at the disposal of the Government.

6. The large sums which you have appropriated for the Extension of Railway and Telegraphic Communication shall be used with a strict regard to their economical expenditure.

7. I have had much pleasure in forwarding to the Duke of Newcastle the Address which you presented to me for transmission to His Grace, in reference to his Despatch respecting the separation of the Clarence and Richmond Districts from New South Wales, and I congratulate the Colony upon the determination which has been arrived at by the Imperial Government.

GENTLEMEN

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

8. I thank you for the Supplies which you have voted for the Public Service. It will afford you much gratification to learn that during the past year there has been a considerable increase, under every head of the Revenue, over the amount realized for the year 1860.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND  
GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

9. The funds which were so liberally placed by Parliament at the disposal of the Commissioners who undertook the duty of providing for the representation of New South Wales, at the Exhibition of the Industry of all Nations, to be held in London during the present year, have enabled them to accomplish the object entrusted to them. Their zealous exertions will, I sincerely hope, be rewarded by the high position in which the Colony will be placed from this additional proof of its numerous and valuable resources.

10. In bringing this Session to a close, I thankfully acknowledge the diligence and perseverance which you have shewn in the performance of the duties devolving upon you as Members of the Legislature. You are now returning to your homes, where many of you have extensive influence to exercise, and duties to perform of hardly less moment than the labours from which you are now released; and I entertain a confident assurance that, under the guidance of Divine Providence, that influence will be so used, and those duties so performed, as to promote a spirit of order and goodwill among all classes of the community.

11. I now prorogue this Parliament to Thursday, the twentieth day of February next.

T. A. MURRAY,  
*Speaker.*
