(1.) Approaching Departure of His Excellency Sir William Denison for India :—

W. DENISON,

*Message No. 1.*

*Governor General.*

The Governor General lays before the Legislative Assembly a Despatch with which he has been honored by one of Her Majesty's Principal Secretaries of State, conveying to him the necessary authority for quitting New South Wales without delay, in order to proceed to India to assume the Government of the Presidency of Madras.

The Governor General is aware that some inconvenience may perhaps result from his departure at the commencement of the Session of Parliament, but it was necessary that Parliament should meet as early as possible, and it was equally necessary that no delay should take place in the assumption by His Excellency of the Government of Madras.

The Governor General avails himself of this opportunity of expressing his confidence that the Members of the Assembly will be guided in their deliberations by an anxious desire to forward the best interests of the Colony.

SIR,

I have much pleasure in conveying to you the necessary authority for quitting New South Wales, in the event of your accepting the offer, which has been made to you through the Secretary of State for India, of the Government of Madras, as you may find it expedient to repair to that Presidency without delay.

I cannot allow the connection which has so long existed between you and this Department to cease, without expressing the high sense which Her Majesty's Government entertain of the energy and ability with which you have invariably performed the very responsible duties intrusted to you, to the great advantage of the Colonies over which you have presided.

I have, &c.,

GOVERNOR SIR W. DENISON,

J. RUSSELL.

&c., &c., &c.

Ordered to be printed.

*Message No. 2.*

*Governor General.*

A Bill intituled, "*An Act to amend the Titles to Land Act of 1858, and to legalize certain signatures thereunder,*" as finally passed by the Legislative Council and Assembly, having been presented to the Governor for the Royal Assent, His Excellency has, in the name of Her Majesty, assented to the said Bill, and has this day transmitted it to the Legislative Council to be numbered and forwarded to the proper Officer for enrolment, in the manner required by law.

*Government House,*

*Sydney, 11th January, 1861.*

10. Colonial Bank of Australasia Incorporation Bill:—Mr. Blake presented a Petition from certain Directors of the Colonial Bank of Australasia, praying for leave to introduce a Bill for the Incorporation of the said Company,—  
And Mr. Blake having produced the *Government Gazette* and the *Sydney Morning Herald* newspaper, containing notice for four consecutive weeks in the months of December, 1860, and January, 1861, of the intention to apply for such Bill,—  
Petition received.
11. The Governor General's Opening Speech:—The Speaker reported that the House had this day attended His Excellency the Governor General in the Legislative Council Chamber, where His Excellency delivered an Opening Speech to both Houses of Parliament, of which, for greater accuracy, he had obtained a copy, which he then read to the House at length, as follows:—

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

I have availed myself of the earliest opportunity of obtaining your advice and assistance after the Dissolution of the late Parliament, in order that no unnecessary delay may take place in passing several measures of urgent importance, some of which occupied the attention of Parliament at the close of last year.

2. Bills for constituting an Elective Legislative Council, and for reforming the administration of the Crown Lands, will be forthwith presented to you. Measures will also be laid before you, having for their object legal and social improvements.

3. Notwithstanding the commercial depression which has prevailed during the past year, it is gratifying to me to be able to assure you that the general condition of the Colony is satisfactory. While deeply lamenting the disastrous floods with which, more severely than had ever been known since the foundation of the Colony, some Districts have been visited, we have, nevertheless, especial cause to be grateful to Divine Providence for a bountiful harvest and for the abundance of our pastoral productions. Ample employment, at remunerative rates, exists throughout the various rural districts, crime and intemperance are diminishing, justice is administered throughout the Colony with more efficiency than formerly, and the continued applications for the establishment of Municipal Institutions shew that the advantages of local self-government are more generally appreciated.

4. The Government Securities continue to maintain a high value in both the English and Colonial markets.

5. It is highly gratifying to observe that the loyal and patriotic spirit which induced the Colonists to enrol themselves as Volunteers has suffered no abatement; and their zealous and steady perseverance in qualifying themselves for active military service deserves every commendation. I rely upon your liberality to make such provision as may be necessary to encourage and maintain the various Corps in a state of efficiency.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,

6. The Supplementary Estimates for the year 1860, and the Estimates for 1861, which were laid before the Assembly during the last Session, will be submitted to you, accompanied by a Memorandum explanatory of such alterations as have since appeared desirable.

7. The estimated revenue from the Land Sales during last year has not been fully realized. I trust, however, that a satisfactory settlement of the Land question may so inspire public confidence as to ensure, in future, a more desirable result. It is encouraging to know that the Gold Revenue, and the Receipts at the Mint, exhibit considerable increase, which justifies our looking forward with confidence to the greater development of this important interest. The apparent diminution in the gross Consolidated Revenue of the Colony for the year 1860, as compared with 1859, may be, in a great degree, accounted for by the separation of that portion of the territory which now forms the Colony of Queensland.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

8. No legal provision having been made for the Public Expenditure during the present year, a Bill for authorizing the payment of the Government Departments and other necessary services for a limited period, pending the passing of the Estimates, will be immediately presented to you.

9. The Parliament of Queensland having passed an Act appointing Commissioners for adjusting the Accounts of that Colony with New South Wales, in conjunction with Commissioners to be appointed for a like purpose by this Colony, a Bill will be introduced having that object in view.

10. The importance of determining the general scheme by which the means of transit for goods and passengers shall be supplied upon the main trunk lines of the Colony is continually increasing. It is hoped that the experience which has been gained on this question, and the information which will be supplied will enable you fully to consider it in all its varied bearings, and to arrive at a wise decision upon it. The proposal which was brought before the last Parliament will be submitted to you.

11. I recommend to your early consideration the propriety of making provision for the adequate representation of New South Wales, at the Exhibition of the Industry of all Nations, to be held in London in the ensuing year.

12. Her Majesty having been graciously pleased to appoint me to the Government of Madras, I shall not have another opportunity of personally addressing the Parliament of New South Wales. I therefore avail myself of this occasion to express the feeling of deep interest with which I shall ever regard a country with which I have been so long and so intimately connected, and I fervently pray that the blessing of Almighty God may be vouchsafed to you in all your deliberations, and may lead you to the adoption of measures conducive to the welfare and happiness of the people of New South Wales.

Mr. O'Brien then moved, and Mr. Dick seconded the motion,—

(1.) That a Select Committee be appointed to prepare an Address in reply to the Speech delivered by His Excellency the Governor General on opening this first Session of the fourth Parliament of New South Wales.

(2.) That such Committee consist of the following Members, viz.:—Mr. Caldwell, Mr. Douglas, Mr. Hart, Mr. Leary, Mr. McArthur, Mr. Robertson, Mr. Smart, and the Mover and Seconded.

Question put and passed,—

And the Committee retired to prepare the Address.

Mr. O'Brien having brought up the Address, prepared by the Committee, the same was read by the Clerk, on motion of Mr. O'Brien, as follows:—

*“ To His Excellency SIR WILLIAM THOMAS DENISON, Knight Commander of the Most Honorable Order of the Bath, Governor General in and over all Her Majesty's Colonies of New South Wales, Tasmania, Victoria, South Australia, and Western Australia, and Captain General and Governor-in-Chief of the Territory of New South Wales and its Dependencies, and Vice-Admiral of the same, &c., &c., &c.*

“ MAY IT PLEASE YOUR EXCELLENCY:—

“ We, Her Majesty's loyal and dutiful Subjects, the Members of the Legislative Assembly of New South Wales, in Parliament assembled, desire to express to Your Excellency our affection and loyalty to the Person and Government of our Most Gracious Sovereign; and to offer our respectful thanks for Your Excellency's Speech.

“ We are grateful to Your Excellency for having availed yourself of the earliest opportunity of summoning Parliament, in order that no unnecessary delay may take place in passing public measures of urgent importance.

“ We shall be prepared to give our best attention to the Bills for constituting an Elective Legislative Council, and for reforming the administration of the Crown Lands, as well as to those measures which have for their object legal and social improvements.

“ It affords us satisfaction to hear that, notwithstanding the commercial depression which has prevailed during the past year, the general condition of the Colony is encouraging. While deploring with Your Excellency the disastrous floods with which some Districts of the Colony have been visited, we unite with Your Excellency in the feeling of gratitude to Divine Providence for a bountiful harvest and for a generally productive season.

“ We rejoice to hear that crime and intemperance are diminishing, and that in other respects the Colony is steadily advancing, morally, and socially.

“ We concur with Your Excellency in opinion that the Colonists who have enrolled themselves as Volunteers merit every commendation for their perseverance in qualifying themselves for active military duties, and we shall be prepared to make such provision as may be necessary to encourage and maintain the efficiency of the Service.

“ The Bills for authorizing the payment of the Government Departments and other necessary services for a limited period, pending the passing of the Estimates, and for appointing Commissioners for adjusting the Accounts of this Colony with Queensland, shall receive our best consideration.

“ We cordially agree with Your Excellency that the importance of determining the general scheme by which the means of transit for goods and passengers shall be supplied upon the main trunk lines of the Colony is continually increasing; and we shall cheerfully give our most anxious consideration to the proposed plan for constructing improved means of internal communication.”

“ We shall be prepared to entertain a proposal for making provision for the adequate representation of New South Wales, at the Exhibition of the Industry of all Nations, to be held in London in the ensuing year.

“ In offering our respectful congratulations to Your Excellency on your appointment to the Government of Madras, we regret that the Colony will be deprived of those services which have, during the continuance of Your Excellency's administration, proved so advantageous to the Colony. And we trust that, in whatever part of Her Majesty's dominions your Excellency's future lot may be cast, under the favor of Almighty God, you may enjoy every spiritual and temporal blessing.”

Mr.

Mr. O'Brien then moved, That the Address in reply to the Governor General's Opening Speech, as read by the Clerk, be now adopted by this House.

Debate ensued.

Question put and passed.

Mr. Cowper then stating that he had ascertained that the Governor General would be pleased to receive the Address to-morrow, moved,—

That this House do now adjourn until to-morrow, at Eleven o'clock, for the purpose of proceeding to Government House, there, at half-past Eleven o'clock, to present to the Governor General their Address in reply to His Excellency's Opening Speech.

Question put and passed.

The House adjourned accordingly, at Seven o'clock, until to-morrow, at Eleven o'clock.

SATURDAY, JANUARY 12.

MEMO.—The House to meet at Eleven o'clock A.M. this day, to proceed to Government House, and there, at half-past Eleven o'clock A.M., to present to the Governor General their Address in reply to His Excellency's Opening Speech.

TUESDAY, 5 MARCH, 1861.

1. The House met pursuant to adjournment; the Speaker took the Chair.  
Paper:—Mr. Robertson laid upon the Table further Correspondence relative to the case of the Barque "Norna."  
Ordered to be printed.
2. Crown Lands Alienation Bill of 1861—(*Point of Order*):—Mr. Robertson, offering a Notice of Motion for the restoration to the Paper of the Order of the Day for the further consideration in Committee of this Bill, which had been omitted under the view that it had lapsed by the adjournment of the House, after it had been read, on Friday last;—  
The Speaker said "he was of opinion, after mature consideration, that the Order of the Day for the further consideration in Committee of this Bill did not lapse by reason of the adjournment on Friday last; and that it ought still to appear on the Paper. The reading of the Order of the Day and the motion for the adjournment actually clashed, for the one was not quite concluded before the Secretary for Public Works proposed the other. No proceeding whatever was taken on the Order of the Day—the Speaker was still in the Chair when the adjournment was moved—that motion was quite in order, and was assented to by the House; and in his opinion the Order of the Day, under the circumstances, ought to be regarded simply as a "dropped Order."

5, Cannon-street, London, E. C.,

HONORABLE SIR,

18 January, 1861.

By direction of His Excellency the Governor General, the Colonial Secretary of New South Wales has forwarded to me a copy of the Vote of the Honorable House of Assembly, by which it was unanimously resolved, on the 6th November, 1860, that the Thanks of that House be given to me, for the assistance which I had rendered with reference to the Steam Postal Arrangement between the Australian Colonies and England.

I respectfully beg that you will accept my grateful acknowledgments for this distinguished compliment, and that you will on my behalf assure the Honorable Members of the House that I am fully sensible of the marked honor which they have been pleased to confer upon me. It is far beyond the value of my services, and I feel that I owe it solely to their generous appreciation of the motives which led me to protest against a change, which had been sanctioned by the Lords Commissioners of her Majesty's Treasury, under a misapprehension of the wishes and interests of the Parliament and the people of New South Wales.

I have the honor to be, Sir,

Your Obedient Servant,

EDWARD HAMILTON.

To the Honorable the Speaker  
Of the House of Assembly,

In entering, as I do with the liveliest interest, upon the sphere of duty which the Constitution assigns me in the Administration of your affairs, I only hope the experience acquired in my past official service, to which you are pleased to refer in such flattering terms, may be found useful in my present position. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income.

The second part of the document provides a detailed breakdown of the company's revenue for the quarter. It shows that sales have increased by 15% compared to the previous quarter, which is a significant achievement. This growth is attributed to several factors, including a new marketing campaign and the introduction of a new product line.

The third part of the document addresses the company's expenses. It notes that while sales have increased, expenses have also risen, primarily due to the costs associated with the new marketing campaign and the production of the new product line. However, the overall profit margin remains healthy, indicating that the company is effectively managing its costs.

The fourth part of the document discusses the company's financial position at the end of the quarter. It shows that the company has a strong cash flow and a solid balance sheet. This is a result of the company's disciplined financial management and its ability to generate consistent revenue.

The fifth part of the document provides a summary of the company's performance and offers recommendations for the future. It suggests that the company should continue to invest in marketing and product development to maintain its growth. Additionally, it recommends that the company should focus on improving its operational efficiency to further reduce costs and increase profitability.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 4 APRIL, 1861.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question of Order :—The Speaker drew attention to the following Point of Order, which had arisen out of the Proceeding recorded in the Votes and Proceedings of yesterday, No. 47, Entry 7, under the head "Privilege" :—

While the Ballot demanded in that case was proceeding, attention was called to the state of the House, but he had abstained from taking the prescribed steps for ascertaining the presence of a Quorum, in pursuance of that call, on the ground that the process of balloting formed a part of the Proceeding sanctioned by the Affirmation which had just been made of the Question for the appointment of the Select Committee. He now desired to submit his view of the case, as so acted on, to the review of the House.

Discussion arose.

Mr. Hay moved, "That" the point of Order brought before the House by the Speaker, with regard to his declining to count the House, on the 3rd of April, during the process of balloting for a Select Committee, be referred to the Committee of Standing Orders, for its consideration and report.

Debate ensued.

Mr. Douglas moved, That the Question be amended by the omission of all the words following the word "That" at the commencement, with a view to the insertion in their place of the words, "Mr. Speaker's ruling in reference to the appointment "by ballot, on the evening of the 3rd instant, of a Committee to investigate certain "circumstances stated as a Question of Privilege, is in accordance with the opinion "of the House, but that it is expedient to refer the practice of balloting with open "doors to the Standing Orders Committee with a view to determine the rules in "reference to it."

Debate continued.

Proposed amendment by leave withdrawn.

And the Committee having continued to sit till after Midnight :—

FRIDAY, 5 APRIL, 1861. A.M.

A Question having been put, and the Voices given, the Chairman had declared that the "Ayes" had it,—whereupon an Honorable Member had called out "Divide," and, on division, had nevertheless voted with the "Ayes."—The Chairman, considering that the Honorable Member by calling out "Divide" had disputed his declaration, had given it as his opinion that that Member was therefore bound to vote with the "Noes;"—the correctness of which opinion had been questioned.

MR. PRESIDENT,

The Legislative Assembly having appointed a Select Committee "to consider the Claims, if any, of the Rev. W. B. Clarke," and that Committee being desirous to examine the Honorable Edward Deas Thomson, Esquire, C.B., Member of the Legislative Council, in reference thereto, requests that the Legislative Council will give leave to its said Member to attend accordingly, on such day and days as shall be arranged between him and the said Committee.

*Legislative Assembly Chamber,  
Sydney, 17 April, 1861.*

The Chairman reported progress, and obtained leave to sit again to-morrow.

4. Messages:—The Speaker reported that while the House was in Committee of Supply the following Messages were received from the Legislative Council:—  
(1.) Commissioner at Newcastle Appointment Bill:—

MR. SPEAKER,

The Legislative Council disagrees to the Amendments made by the Legislative Assembly in the Bill intituled "*An Act to authorize the appointment of a Commissioner to Issue Writs of Summons and Arrest at the Port of Newcastle,*" for the following reasons:—

1st. Because, with the exception of Sydney, Newcastle, being the only Port of Entry and Clearance in the Colony for vessels arriving in and departing therefrom, is largely resorted to, and debts are incurred there, by masters of vessels and others connected therewith, which are not discharged, through the facilities of evading payment afforded by the opportunity of leaving the Port after Clearance, and, therefore, a practical and urgent necessity exists for the passing of such a measure as the present in reference to that Port; whereas no such necessity, as far as this Council is aware, exists in reference to other places.

2nd. Because the measure is an experimental one, of great importance, and it is desirable to see the effects of its operation at Newcastle (a place where grievances now exist for want of such a law), before extending it to other parts of the Colony where no such grievances, as far as this Council is aware, exist.

3rd. And further, as regards the proposed extension of the measure to Albury, because, that being an inland border town, such a provision would there be impracticable for any useful purpose.

*Legislative Council Chamber,  
Sydney, 17 April, 1861.*

W. W. BURTON,  
President.

Ordered, on motion of Mr. Dick, to be taken into consideration in Committee at a later hour this day.

- (2.) That the state of Internal Communication in the Colony is so very bad that it is almost impossible to convey goods into the Interior, or produce thence to the Seaports, or to market; that a large expenditure on the repairs of the public roads, or in the construction of tramways, has become absolutely essential to the vitality of the Colony.
- (3.) That the Colony possesses large sources of revenue lying dormant, and it is expedient that these should now be developed and applied solely to internal improvements.
- (4.) That goods free of duty are admitted into our ports to the amount of about four millions sterling annually,—it is both expedient and just that such goods should be subjected to specific and discriminating Duties of Customs, on such principles as will return the largest revenue, encourage home productions, and be at the same time as little burdensome to the industry of the Colony as possible.

1. MR. COWPER to move, That this House, having been informed that Petitions have been prepared with the view of being transmitted to Her Most Gracious Majesty, praying for the Separation of the Districts of the Clarence, New England, and Tenterfield, from New South Wales,—Resolves :—

(1.) That, in the opinion of this House, no further dismemberment of this Colony, by the separation of any territory lying between the thirtieth parallel of south latitude and the southern boundary of the Colony of Queensland, can now lawfully be made without the concurrence and consent of the people and Legislature of New South Wales, because by the issue of the said Letters Patent, defining the boundary between the said Colonies, Her Most Gracious Majesty has exercised and

and exhausted the powers reserved by the Act of the Imperial Parliament, passed to enable Her Majesty to assent to a Bill, as amended of the Legislature of New South Wales, to confer a Constitution on New South Wales, and to grant a Civil List to Her Majesty.

(2.) That such dismemberment by the Imperial Government would be in breach of the pledge of the Right Honorable the Secretary of State, as contained in His Grace's Despatch of 18 August, 1859.

(3.) That this House earnestly deprecates any such dismemberment, as being not only inexpedient on general grounds, but highly injurious to the interests of New South Wales.

2. MR. COWPER to move,—

(1.) That the following Humble Address be presented to Her Majesty :—

We, your Majesty's most dutiful and loyal subjects, the Members of the Legislative Assembly of New South Wales, in Parliament assembled, approach Your Majesty with expressions of the warmest loyalty and attachment to your Crown and person.

Your Majesty's Principal Secretary of State for the Colonies, in transmitting the Commission of the Right Honorable Sir John Young, as Administrator of the Government of New South Wales, having intimated that His Excellency's Commission, as Governor-in-Chief, will be forwarded as soon as prepared, we are under the apprehension that, from the absence of any direct reference to His Excellency's appointment as Governor General, it is Your Majesty's intention to withdraw this distinction from the Governor of this Colony, notwithstanding that it has been enjoyed by His Excellency's two immediate predecessors; and we deem it our duty to lay before Your Majesty this our humble remonstrance.

Admitting unreservedly that with Your Majesty, as the fountain of all honor within Your Dominions, rests the power to grant or withhold this distinction, we venture nevertheless to deprecate the exercise of this power on the present occasion, and to pray that Your Majesty may see fit still to continue the distinction to Your Majesty's Representative in this Colony.

We desire also to avail ourselves of this opportunity to present to Your Majesty our humble Petition that, as in this, so in all other cases in which, by Your Majesty's Royal grace and favor, special privileges or advantages have been conferred on this Colony no abatement or diminution of those privileges or advantages may take place without an opportunity being afforded to Your Majesty's loyal subjects, the Inhabitants of the Colony, of Petitioning through their Representatives, and submitting their humble prayers and remonstrances to your Majesty's most gracious consideration.

(2.) That an Address be presented to the Administrator of the Government, praying that His Excellency would be pleased, at the earliest opportunity, to transmit the foregoing Address to the Principal Secretary of State for the Colonies for presentation to Her Majesty.

Question put and passed.

4. Supply of Water to the Metropolis:—Mr. Sutherland presented a Petition from W. Bland, as President of the Council of the Australian Medical Association, setting forth the high price and defective supply of Pure Water to the inhabitants of Sydney, and praying that steps may be taken to remedy these evils.

5. Dismemberment of the Colony:—Mr. Cowper moved, pursuant to amended notice, That this House, having been informed that Petitions have been prepared with the view of being transmitted to Her Most Gracious Majesty, praying for the Separation of the Districts of the Clarence, New England, and Tenterfield, from New South Wales,—  
Resolves:—

(1.) That, in the opinion of this House, no further dismemberment of this Colony, by the separation of any territory lying between the thirtieth parallel of south latitude and the southern boundary of the Colony of Queensland, can now lawfully be made without the concurrence and consent of the people and Legislature of New South Wales, because by the issue of the said Letters Patent, defining the boundary between the said Colonies, Her Most Gracious Majesty has exercised and exhausted the powers reserved by the Act of the Imperial Parliament, passed to enable Her Majesty to assent to a Bill, as amended, of the Legislature of New South Wales, to confer a Constitution on New South Wales, and to grant a Civil List to Her Majesty.

(2)

(2.) That such dismemberment by the Imperial Government would be in breach of the pledge of the Right Honorable the Secretary of State, as contained in His Grace the Duke of Newcastle's Despatch of 18 August, 1859.

(3.) That this House earnestly deprecates any such dismemberment, as being not only inexpedient on general grounds, but highly injurious to the interests of New South Wales.

(4.) That an Address be presented to His Excellency the Administrator of the Government, praying that His Excellency will be pleased to cause a copy of the foregoing Resolutions to be transmitted to Her Majesty's Principal Secretary of State for the Colonies.

Debate ensued.

Mr. Morris moved, as an amendment, That all the words after the word "House," in the 1st Resolution, down to the end of the 3rd Resolution, be omitted, with the view of inserting the words, "the good government of all portions of this Colony is of higher importance than its dismemberment, either by the alteration of the boundary lines of the adjoining Colonies, or by its separation into independent Colonies."

Debate continued.

Question put,—That the words proposed to be omitted stand part of the Question.

6. Crown Lands Alienation Bill of 1861:—Mr. Cowper moved, That the following Message be carried to the Legislative Council:—

MR. PRESIDENT,

The Legislative Assembly having had under consideration the Legislative Council's Message dated the 6th instant, requesting its concurrence in certain amendments made by the Council in the Crown Lands Alienation Bill of 1861,—

Agrees to all the amendments in Clause 1.

Disagrees from the amendment in Page 2, Clause 2, line 25; Because the effect of such amendment would be to make it necessary for persons under any future holding to be acquainted with the whole of the Orders in Council and Present Regulations, and would also cause them to be often in doubt how far any Order in Council is repugnant to this Act.

Disagrees from the amendments in Page 2, Clause 2, lines 26, 28, 33; Because no such exception ought to be made in respect of such Lands.

Disagrees from the amendment in Page 2, Clause 3, lines 36 and 37; Because the Crown Lands having, by the Imperial Parliament, been placed under the management of the Legislature of the Colony, the Governor ought not to exercise the power of making grants, or otherwise disposing of such Lands, except with the advice of his Responsible Ministers.

Agrees to all the amendments in Clause 4.

Disagrees

Disagrees from the amendments in Page 3, Clause 5, lines 2, 14, 15, and 16; Because it would prevent the making of grants of Land for the sites of public buildings or other public purposes.

Agrees to the amendment in Page 3, Clause 5, line 5.

Agrees to the amendment which proposes the insertion after Clause 5 of a new Clause, to stand Clause 6.

Disagrees from the amendments in Page 3, Clause 6, lines 18 to 20; Because the exception proposed to be made by that amendment would cause them unnecessary restriction as to the right of free selection, and is otherwise inexpedient.

Disagrees from the amendment in Page 3, Clause 6, line 20; Because such legislation would be an ineffective attempt to bind future Parliaments, and might act injuriously in reference to the future Land policy of the Colony.

Agrees to the amendment in Page 3, Clause 6, line 21.

Disagrees from the amendment in Page 3, Clause 6, lines 24 to 33; Because the new Clause proposed in lieu of the proviso does not sufficiently meet the case contemplated.

Disagrees from the amendment which proposes the insertion, after Clause 6, of a new Clause, to stand Clause 7; Because the original proviso in Clause 6 is maintained.

Agrees to all the amendments in Clauses 7, 8, 9, 10 and 11.

Disagrees from the amendment in Page 5, Clause 12, line 7; Because it would enable any wealthy man to shut up from free selection all the good land in the neighbourhood, and would also involve the selector in the difficulty of being uncertain whether any piece of land had not been applied for.

Disagrees from the amendment in Page 5, Clause 12, line 12; Because such deposit is excessive, and would withdraw from the free selector the capital required for improving the land.

Disagrees from the amendment in Page 5, Clause 12, line 20; Because it is consequent upon the carrying the proposed amendment in line 7, on Page 5, which has not been agreed to.

Agrees to all the amendments in Clauses 13, 14, 15, and 16.

Agrees to the amendments in Page 6, Clause 17, lines 10, 11, and 12.

Disagrees from the amendment in Page 6, Clause 17, lines 22 to 28; Because it would be very objectionable to place the Crown in the position of being required to enforce payment on a particular date, or in default to compel the forfeiture of the land.

Agrees to the amendment in Page 6, Clause 17, lines 30 to 34.

Agrees to the amendment which proposes the insertion after Clause 17, of a new Clause, to stand Clause 20.

Agrees to all the amendments in Clauses 18, 19, and 20.

Disagrees from the amendment in Page 6, Clause 21, line 54; Because it would remove a wholesome restriction.

Agrees to the amendments in Page 6, Clause 21, lines 54 and 56.

Agrees to the amendment in Page 7, Clause 22, line 1.

Disagrees from the amendment in Page 7, Clause 23, line 3; Because of the object of the amendment not being apparent.

Disagrees from the amendments in Page 7, Clause 24, line 12; Because consequential upon the disagreement to the amendment proposed in Clause 12.

Disagrees from the amendment in Page 7, Clause 24, line 14; Because consequential upon the disagreement to the amendment proposed in Clause 12.

Agrees to the amendments in Page 7, Clause 25, line 19.

Disagrees from the amendment in Page 8, Clause 26, lines 1 to 4; Because the amendment would cause a rejection of the usual clause in arbitration matters, and the power proposed to be given to a Judge to refer back any of the matters of arbitration for re-consideration ought not to be given.

Disagrees from the amendment in Page 8, Clause 26, line 32; Because the Minister is the proper officer to appoint the Umpire.

Disagrees from the amendment in Page 8, Clause 26, lines 33 to 35; Because the award of the Umpire ought to be final.

Agrees to the amendments in Page 9, Clause 28, line 23.

Disagrees from the amendments in Page 9, Clause 29, line 28; Because such a condition is wholly without precedent, and implies a distrust of the Assembly.

Disagrees to the amendment in Page 9, Clause 29, line 29; Because consequential upon rejection of the preceding amendment.

*Sydney, 8 May, 1861.*

Your Majesty's Principal Secretary of State for the Colonies, in transmitting the Commission of the Right Honorable Sir John Young, as Administrator of the Government of New South Wales, having intimated that His Excellency's Commission, as Governor-in-Chief, will be forwarded as soon as prepared, we are under the apprehension that, from the absence of any direct reference to His Excellency's appointment

Admitting unreservedly that with Your Majesty, as the fountain of all honor within Your Dominions, rests the power to grant or withhold this distinction, we venture nevertheless to deprecate the exercise of this power on the present occasion, and to pray that Your Majesty may see fit still to continue the distinction to Your Majesty's Representative in this Colony.

 (1.) That it is not expedient for this Colony to increase the Public Debt, further than by the sums voted this Session of Parliament, seeing that the interest on the debt already contracted is becoming oppressive, being about £180,000 annually, and that no provision has yet been made to liquidate any portion of such debt.  
 (2.) That the state of Internal Communication in the Colony is so very bad that it is almost impossible to convey goods into the Interior, or produce thence to the Seaports, or to market; that a large expenditure on the repairs of the public roads, or in the construction of tramways, has become absolutely essential to the vitality of the Colony.  
 (3.) That the Colony possesses large sources of revenue lying dormant, and it is expedient that these should now be developed and applied solely to internal improvements.  
 (4.) That goods free of duty are admitted into our ports to the amount of about four millions sterling annually,—it is both expedient and just that such goods should be subjected to specific and discriminating Duties of Customs, on such principles as will return the largest revenue, encourage home productions, and be at the same time as little burdensome to the industry of the Colony as possible.
17. MR. DALGLEISH to move, That there be laid upon the Table of this House a Tabulated Return, shewing the sectional area of the waterways or openings of the bridges, viaducts, and culverts, which, previous to Mr. Whitton's arrival in this Colony, it was intended to construct; also those planned on the Liverpool and Campbelltown Railway, or altered, by that officer; those portions which have been reconstructed in consequence of having been swept away by floods; how often such reconstruction has been repeated; those portions which have been repaired in consequence of damage by floods; how often such repair has been repeated, with note as to what steps were taken on each occasion to prevent a recurrence of damage; and, also, those works not in original plan which have been built when reconstructing or repairing the Line; giving the height and length of each bridge, viaduct, and length and area of each culvert; the height of the embankments at a distance of two chains on each side, measured from a common data line.

  - (2.) That His Excellency will cause similar Returns to be laid before Parliament annually.
22. MR. WALSH to move, That an Address be presented to the Administrator of the Government, praying that His Excellency will cause to be laid upon the Table of this House, a Return of all Criminal Cases in which the Crown has refused to prosecute, commencing on the 1st day of June, 1856, and specifying,—

  - (7.) In bail cases, the date of intimation of such determination to the committing Justices, and to the accused.
  - (8.) The amount paid to Witnesses for expenses, if any, in each case.
23. MR. WALSH to move, That an Address be presented to the Administrator of the Government, praying that His Excellency will cause to be laid upon the Table of this House,—
