10. The Governor's Opening Speech:—The Speaker reported that the House had this day attended the Governor in the Legislative Council Chamber, when His Excellency was pleased to deliver an Opening Speech to both Houses of Parliament, of which, for greater accuracy, he had obtained a Copy, which he read to the House as follows:—

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. The completion of the business of last Session, including the passing of the Appropriation Act, before the close of the year, has enabled me to call you together at a time when it is thought that it will be most convenient for you to attend to your Legislative duties.

2. During the recess, the attention of the Government has been directed to carrying into effect some of the Acts which you lately passed, and negotiating with the neighbouring Colonies in reference to matters the settlement of which had become imperatively necessary.

3. The Industrial Schools Act has been brought into operation, by the purchase and fitting out of a Vessel, on board of which a number of boys rescued from a life of vice and misery have been already placed under a course of training such as will enable them to become useful members of society; and steps are in progress to establish other Schools under the provisions of the Act, including one for female children.

4. Under the Public Schools Act the Council of Education has been appointed, and all the Schools in the Colony entitled to ask for assistance under that Act have now been brought within its operation; and twenty-six new Public Schools have been established on the application of residents in the localities in which such Schools are situate.

5. Immediately after the prorogation, two Members of the Government proceeded to Melbourne, to confer with the Government of Victoria upon the best means of terminating the inconveniences which had been caused to large numbers of residents in both Colonies by the collection of Duties on Goods carried across, or by way of, the River Murray. These negotiations resulted in an arrangement which since the first of February last has been acted upon, and has given satisfaction to the people on the Borders, but which will require the sanction of Parliament to give it full legal effect. A Bill for that purpose will shortly be laid before you.

6. In March last, Members of the Governments of the Colonies of New South Wales, Victoria, New Zealand, South Australia, Queensland, and Tasmania, assembled in Melbourne for the purpose of determining upon some plan which, at a moderate expense, fairly contributed by each Colony, would enable them all to have frequent and rapid communication with the rest of the World, and more especially with Europe and America. An agreement for that purpose received the unanimous assent of the Conference, the particulars of which will be submitted to you without delay.

7. During the past year, the various Railway Works, for which contracts had been made, were somewhat retarded, from causes beyond the control of the Government. Those works have since been prosecuted with greater vigour, and every effort will be made to complete, at the earliest possible period, the lines which have already been sanctioned; and Parliament will be asked to supply the necessary funds for further extensions.

8. The large additions to the Gaols at Darlinghurst and Maitland, authorized during the last Session, are drawing towards completion, and the means for the discipline and employment of criminals undergoing punishment are now considerably improved.

9. The calamitous floods with which during the last fortnight the Colony has been afflicted, have been productive of a distress greater and more widely spread than the distress caused by any similar visitation. The liberality of the public will no doubt be such as greatly to relieve those who have suffered by this calamity, but the assistance of the Government was felt to be necessary, and aid from the public funds has been afforded. You will be invited to sanction this expenditure.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

10. The Estimates of Expenditure for the ensuing year will shortly be laid before you. The Revenue derived from Customs' Duties has not, during the past six months, reached the estimated amount, and this circumstance, together with the expiry of the Package Duty Act at the end of the year, may render it necessary to submit to you measures to sustain the Public Income. By the sale of Debentures to the extent of £832,000, in May last, the Government will be enabled, without stopping any necessary public works, to meet all its engagements for the current year, including the payment of the Treasury Bills for £343,700, which will fall due on the 1st day of January next.

11. The damage done by floods to Roads and Bridges in different parts of the Country will involve some additional expenditure upon works of that character beyond the amount provided during the last Session, but an outlay of that kind I doubt not will be readily acquiesced in.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

12. A number of Bills will shortly be submitted to you for consideration, amongst which will be Bills for establishing Municipalities throughout the Country, for amending the Land Laws, for increasing the efficiency of the Volunteer Forces, and for the better management of Lunatics. These Bills will be introduced without delay.

13. It is with much satisfaction that I have to announce to you the termination of the lawlessness and insecurity which so long prevailed in the District of Braidwood. There is reason to hope that the crime of bushranging in the Colony is at length effectually checked.

14. Notwithstanding the distress and danger arising from the floods to which I have referred, there are grounds left for congratulation. From all parts of the Colony reports have reached the Government of a nature such as to lead to the expectation of a season of great abundance, and consequent prosperity. I sincerely hope that, under Divine Providence, your labours will be so guided as to render this abundance as widely beneficial as possible. Mr.

Mr. Lee then moved, and Mr. Walker seconded the motion :—

(1) That a Select Committee be appointed to prepare an address in reply to the Speech delivered by His Excellency the Governor-in-Chief on opening this Session of the Parliament of New South Wales.

(2.) That such Committee consist of Mr. John Stewart, Mr. Farnell, Mr. Nowlan, Dr. Lang, Mr. Lucas, Mr. Pemell, Mr. Roberts, and the Mover.

Question put and passed.

And the Committee retired to prepare the Address.

And Mr. Lee having brought up the Address prepared by the Committee, the same was read by the Clerk, by direction of the Speaker, as follows :—

“ To His Excellency the Right Honorable SIR JOHN YOUNG, *Baronet, Knight  
“ Commander of the Most Honorable Order of the Bath, Knight Grand Cross  
“ of the Most Distinguished Order of St. Michael and St. George, Captain  
“ General and Governor-in-Chief of the Colony of New South Wales, and  
“ Vice-Admiral of the same.*

“ MAY IT PLEASE YOUR EXCELLENCY,—

“ We, Her Majesty’s loyal and dutiful subjects, the Members of the  
“ Legislative Assembly of New South Wales, in Parliament assembled, desire to  
“ express to Your Excellency our loyalty and attachment to Her Most Gracious  
“ Majesty’s person and Government, and to offer our respectful thanks for Your  
“ Excellency’s Speech.

“ 1. It is satisfactory to us to be informed that steps have already been  
“ adopted to bring into operation the Acts of last Session which were passed for  
“ the benefit of the neglected and destitute classes of society.

“ 2. The agreements entered into with the neighbouring Colonies for  
“ affording facilities for commercial intercourse on the River Murray, and for  
“ establishing more satisfactory means of communication with Europe, America,  
“ and other parts of the world, will receive our anxious attention.

“ 3. We shall be glad to concur in any plans of Railway Extension calcu-  
“ lated to open the Interior, and render the resources of the Colony more available.

“ 4. In common with Your Excellency we deeply sympathize with the  
“ sufferers from the late calamitous floods, and shall give our best consideration to  
“ any measures submitted for their relief.

“ 5. We shall be animated by a strict regard for the public welfare, in  
“ giving our attention to the financial circumstances of the Colony, and the other  
“ important measures about to be submitted to us ; and, under Divine Providence,  
“ we hope with Your Excellency that our labours will tend to advance the public  
“ credit, and to increase the prosperity of all classes of Her Majesty’s subjects.”

Mr. Lee then moved, and Mr. J. Stewart seconded the Motion,—That the Address, in reply to the Governor-in-Chief’s Opening Speech, as read by the Clerk, be now adopted by this House.

Debate ensued.

Question put and passed.

11. Adjournment :—Mr. Martin,—intimating that he had it in command from the Governor to state, that His Excellency would be pleased to receive the Address of the Assembly in reply to his opening Speech, at half-past Three o’clock to-morrow, moved, That this House do now adjourn until To-morrow, at three o’clock, for the purpose of proceeding to Government House, there, at half-past Three o’clock, to present to the Governor their Address, in reply to His Excellency’s Opening Speech.

W. M. ARNOLD,  
*Speaker.*

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

THURSDAY, 4 JULY, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Children in Randwick Asylum:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) The number of deaths that have taken place among the Children in the Randwick Asylum during the last six months, specifying the number for each month?

(2.) Had the Children any extra nurse attendance during the above period?

Mr. Parkes answered,—The Rev. A. H. Stephen, the honorary secretary to the Randwick Asylum, writes as follows:—

|   |                |
|---|----------------|
| “ There was at Randwick Asylum in the Month of January, 1867... 1 death |                |
| “ ” February, ... 1 ”   |                |
| “ ” March, ... 27 deaths  |                |
| “ ” April ... 35 ”  |                |
| “ ” May ... 6 ”   |                |
| “ ” June ... 5 ”  |                |
|   | —              |
|   | Total ... 75 ” |
|   | —              |

“ Extra nurse attendance was afforded the children during that period. There were 400 children lying ill at one time with the prevailing epidemic—*measles*. The attendants (female), as well as the persons engaged in teaching, were all relieved from their ordinary duties during this visitation, and their services were rendered available as *nurses*, so that the work of attending to the sick, ordinarily performed by one person, was shared by twenty. The kind and untiring attention of those persons, who seemed to vie with each other in their endeavours to alleviate the sufferings and to meet the wants of the sick children, was such as to elicit the most cordial approval of the Board of Management. When the epidemic had so far subsided that it was necessary for the servants to return to their usual duties—when, that is to say, out of 500 children under treatment, 400 were convalescent, then an extra nurse was engaged, who remained until matters in the hospital had returned to their normal condition.”

- (2.) Catholic Orphan School at Parramatta:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 2.

(1.) Is the Catholic Orphan School at Parramatta supported in whole or in part from the Public funds?

(2.) Is it true that, on a visit to that Institution by the Colonial Secretary on a late occasion, he found the School transformed into a Nunnery, the lady at the head of the establishment being styled the Reverend Mother?

(3.) If such is the case, has the Government adopted any means to put a stop to this mal-appropriation of the public money?

(4.) Has the Government considered the propriety of abolishing both the Protestant and Catholic Orphan Schools with a view to the establishment of one unsectarian school for the reception of “pauper” orphans, simply on the ground of their being paupers, and altogether irrespective of sect, creed, or colour?

Mr. Parkes answered,—Papers were laid upon the table yesterday, which will afford the honorable member the information he asks for.

(3.)

- (3.) Commission of Inquiry into state of Crime in Braidwood District :—  
Mr. Josephson asked the Colonial Secretary, pursuant to Notice No. 3,—
- (1.) Whether, since the late Prorogation of Parliament, a Commission was issued by the Government “to inquire into the state of crime and bushranging in the Braidwood district”?
  - (2.) What is the date of such Commission?
  - (3.) Who were the Commissioners named therein?
  - (4.) Has any inquiry been made and evidence taken under such Commission?

- Mr. Byrnes answered,—A sum of £1,700 will be placed on the Estimates for 1868, for an extension of the Telegraph Line from Morpeth to Port Stephens.
- (5.) Alleged Speech at Dinner given to late Denominational School Board :—*Mr. Macpherson* asked the Colonial Secretary, pursuant to Notice No. 5,—Whether he has any objection to state the name or names of the Member or Members of the Assembly referred to in certain words made use of by the Colonial Secretary in his speech at the dinner given to the late Denominational School Board on the 26th of January last, which words are reported in the *Sydney Morning Herald*, of the 26th January, to have been as follows :—“But he had been surprised that gentlemen—members of both Houses—not only members of the democratic lower branch, but also members of that House which was so lofty that hardly any improper feeling could be supposed to actuate it—had applied to him to get their friends appointed under the Council of Education—(laughter)—and he had been surprised to find that this had been the case in regard to hon. gentlemen who had been most loud in denouncing the system. (Laughter.)”?
- Mr. Parkes answered,—I hope I shall not be considered disrespectful if I decline to answer the question of the honorable member. I cannot admit that I am responsible, more than other honorable members, for what newspapers make me say on public occasions out of doors.
- (6.) Commission of Inquiry into Working of Customs Department :—*Mr. Driver*, on behalf of Mr. S. Brown, asked the Colonial Treasurer, pursuant to Notice No. 6,—Do the Government intend to lay upon the table of the House, the Report of the Commission appointed to inquire into the working of the Customs Department?

  - (2.) If so, will such papers include copies of all Executive or Ministerial Minutes and Telegrams, or any Account of the expenditure caused by the employment of such person or persons?
- Mr. Parkes answered,—
- (1.) The papers relating to the employment of special constables in pursuit of the bushranger Thomas Clarke and his associates will be laid on the Table at an early date.
  - (2.) The papers will afford full information respecting the employment of those persons.
- (8.) Irregularities and Defalcations in Railway Department :—*Mr. Forster* asked the Secretary for Public Works, pursuant to Notice No. 8.—
- (1.) Is it the intention of the Government to place before the House, at an early date, any papers relating to the alleged irregularities and defalcations of C. Eastwood in the Railway Department?
  - (2.) If so, will such papers include copies of all letters or statements of the late Accountant, Mr. Walker, in his own defence; and of any Ministerial Minute or Minutes relating to any proposed method of checking the Railway accounts?

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 11 JULY, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Electric Telegraph between Clarence and Richmond Rivers:—*Mr. Hart*, on behalf of *Mr. Robertson*, asked the Secretary for Public Works, pursuant to Notice No. 1,—Whether it is the intention of the Government, during the present Session of Parliament, to provide for the extension of a Telegraph Line from the River Clarence to the River Richmond?

*Mr. Byrnes* answered,—The extension of a Telegraph line to the Richmond River is not contemplated by the Government, but if applied for under the guarantee system, the application will receive their favourable consideration.

- (2.) *Mr. Justice Meymott*:—*Mr. Forster* asked the Attorney General, pursuant to Notice No. 2,—

(1.) Is it true that *Mr. Justice Meymott*, District Court Judge for the Northern Districts, has on two occasions failed or neglected to hold a Court at *Wingham* at the time appointed for that purpose, but particularly in April last?

(2.) Have the Government received any report or explanation of the circumstances under which *Mr. Justice Meymott* failed or neglected to open a Court at *Wingham*, in April last?

(3.) Is such report or explanation considered satisfactory by the Government?

(4.) What steps do the Government intend taking in consequence, either to mark their sense of *Mr. Justice Meymott's* conduct, or to prevent such occurrence in future?

*Mr. Martin* answered,—I am not aware that *Mr. Meymott* failed or neglected on two occasions to hold a Court at *Wingham* at the time appointed for that purpose. In August last *Mr. Meymott* did not hold the Quarter Sessions and District Courts appointed in that month to be held at *Grafton*, and he was called upon by me to explain the reason of his absence on that occasion. His answer, although not considered entirely satisfactory, was thought sufficient to prevent any further steps being taken beyond an expression of dissatisfaction, and a caution against further negligence of the like kind. If the honorable member desires to see the correspondence, I shall have no objection to lay copies of it upon the Table of the House. In reference to the neglect to hold a Court at *Wingham* in April last, I received the following letter from *Mr. Meymott*:—

“Taree, Manning River,  
“April 1st, 1867.

“SIR,—

“I have to inform you with regret that I am compelled to allow the District Court at *Wingham* to-morrow to lapse. I have come thus far, 65 miles, raining nearly all the time, over swampy country nearly all under water, crossing dangerous creeks and rivers, with only wretched hovels to rest in, with the desire to perform my exceedingly arduous duties, and all in vain, for on my arrival here this afternoon I learn that the creek or river between this and *Wingham* is bank high. *Mr. Caffrey*, a Magistrate, nearly lost his life in swimming his horse across it this afternoon, and *Mr. Thurlow's* Clerk, who was with him, returned, and made this report. Two witnesses in a libel case, set

“down

"down for trial at Wingham, have returned, from the same cause, and the landlord of the Inn at which I am now staying, also a witness in that case, assures me that he will incur any penalty or responsibility rather than risk the journey. 3. Questions on Notice Paper for to-day :—
  - (1.) Mr. Martin answered,—This matter is now under the consideration of the Government.
  - (2.) Telegraphic Communication with Jervis Bay :—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 2,—Is it the intention of the Government to take the necessary steps to connect the Light-house at Jervis Bay, by Electric Telegraph, with the Port of Sydney?  
Mr. Byrnes answered,—The Select Committee of the Legislative Council on Light-houses in 1863, recommended that lines of Electric Telegraph should be extended to the several Light-houses along the coast of the Colony. The connection of the Light-house at Jervis Bay with Sydney was recommended by the Superintendent of Telegraphs in his Report of 18th February, 1865, and this, with several other similar schemes is now under the consideration of the Government.
  - (3.) Gaol Chaplain instigating to Insubordination :—Mr. J. Public Schools Regulations :—Mr. Macpherson asked the Colonial Secretary, pursuant to Notice No. 4.—Whether it is the intention of the Government formally to move the adoption by the House of the Public Schools Act of 1866 Regulations, recently laid on the Table of the House, or simply to allow them to acquire the force of law by effluxion of time?  
Mr. Parkes answered,—As the Regulations acquire the force of law under the Act, if not disallowed by express Resolution of both Houses of Parliament within one month from the time of their being laid on the Table, it is not necessary for the Government to make any motion on the subject.
4. John Macpherson and others, Gold Miners at Nundle :—Mr. Pickering presented a Petition from John Macpherson and others, Gold Miners residing at Nundle, representing that they, having been duly authorized to mine in the Police Reserve, Nundle, became involved in a dispute with a person named John Schofield, mining on the same land—which dispute was referred by the Nundle Bench to the Gold Commissioner in Armidale—but that Petitioners have been summarily ejected from their claim, without any reason assigned ;—and praying investigation of the correspondence in the case, with a view to either re-instatement in the claim or other relief in the premises.

(1.) “That” this House views with alarm the present inadequate and uncertain supply of water to the city and suburbs of Sydney, and, dreading the lamentable consequences that must ensue to the health and life of the inhabitants, if by drought or other cause that supply should become exhausted or diminished, is of opinion that it is the duty of the Government to institute an inquiry by competent persons for the purpose of ascertaining what amount of reliance can be placed on an unlimited and constant supply of water being obtained in all seasons from our present source of supply, and, if that source should be considered unequal to meet our requirements, then that immediate measures should be adopted for securing to the city and suburbs of Sydney a more reliable and plentiful supply of pure water.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 17 JULY, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Telegraphic Extension to Port Macquarie:—Mr. Forster asked the Secretary for Public Works, pursuant to Notice, No. 1,—

Is it the intention of the Government to extend the Electric Telegraph to Port Macquarie?

Mr. Byrnes answered.—It is the intention of the Government to extend the Electric Telegraph to Port Macquarie.

(2.) Audit of Accounts of Curator of Intestate Estates:—Mr. Garrett asked the Attorney General, pursuant to Notice, No. 2,—

(1.) Whose duty is it to Audit the Accounts of the Curator of Intestate Estates?

(2.) What period has elapsed between the last Audit of said Accounts, and the temporary appointment of Mr. Liardet?

(3.) What was the nature of such Audit or inquiry, and the result thereof?

Mr. Martin answered,—

(1.) Any Judge of the Supreme Court. But the duty has been usually performed by the Primary Judge in Equity.

(2.) The last Audit before the temporary appointment of Mr. Liardet in June, 1866, was on 5th February, 1866.

(3.) No objection to the accounts having been made by the Primary Judge, I presume the Audit was satisfactory.

(3.) Civil Service Superannuation Act:—Mr. Forster asked the Colonial Secretary, pursuant to Notice, No. 3,—

Is it the intention of the Government to introduce during the present Session any alteration or amendment of the Superannuation Act?

Mr. Parkes answered.—This question is at present in a state which does not enable me to give so explicit an answer as I could desire. Some time ago the position of the Superannuation Fund was, with the sanction of Parliament, referred for the consideration of a well-known actuary. That gentleman's report has been sent in to the Superannuation Commissioners, but has not yet reached me. I understand that the report states that, in order to put the Superannuation system which has been introduced in this Colony on a sound basis, a sum of not less than £290,000 from the public revenue will be necessary. Perhaps the honorable member will repeat his question some little time hence, when this report has been considered.

(4.) Amendment of Land Law:—Mr. Forster asked the Secretary for Lands, pursuant to Notice No. 4,—When is it intended by the Government to give effect to the promise, contained in His Excellency's Opening Speech, of both the present and preceding Session, to introduce a measure for the alteration or amendment of the Law relating to Public Lands?

Mr. Wilson answered.—The measure alluded to in His Excellency's Opening Speech will be introduced with as little delay as possible.

(5.) Suspension of Operation of certain provisions of the Stamp Duties Act:—Mr. Forster asked the Colonial Treasurer, pursuant to Notice No. 5,—

(1.) By what authority do the Executive Council, upon the Honorable the Treasurer's recommendation, take upon themselves to suspend the operation of the Stamp Duties Act in terms of the Minute of the said Council, dated April 4, 1867, and laid upon the Table of this House, on July 3, 1867?

(2.)

(2.) Has the opinion of the Crown Law Officers been obtained to the effect that the Executive Council is legally authorized so to suspend the Law, and that such suspension has legal effect, or is equivalent to an Act of Parliament?

(3.) If so, is it held by the Government that the Executive Council has a like authority over all Statutes?

Mr. Eagar answered,—

(1.) The action of the Executive Council in the matter referred to is based upon the responsibility of Ministers to Parliament.

(2.) No opinion has been obtained from the Crown Law Officers, of the nature stated by the honorable gentleman.

(3.) It is not held by the Government that the Executive has authority over any Statute.

I may add for the information of the honorable member and of the House, that the precedent of a former Government has been followed in this instance. Under an Executive Minute of December, 1865, when the honorable member for Wellington was Treasurer, the operation of that portion of the Stamp Act, under which Widows were chargeable with a succession duty of 10 per cent., was suspended, pending an amendment of an obvious defect in the law. In July, 1866, a similar suspension was authorized by the present Government, in relation to Widowers, who were in like manner subject to a succession duty of 10 per cent. The Executive Minute now referred to carries out the intention of the Legislature as expressed in the 4th Schedule of the Stamp Act, but which is liable to doubt from an omission in the 3rd Schedule. A Bill to remedy these defects will be introduced by the Government during the present Session.

(6.) Widows and Families of Constables Carroll and Kennagh :—Mr. Hart asked the Colonial Secretary, pursuant to Notice No. 6,—Is it the intention of the Government to place any sum of money on the Estimates as Compensation to the Widows and families of Constables Carroll and Kennagh who were killed whilst in the pursuit of bushrangers?

Mr. Parkes answered,—Of the four men murdered at Jinden, Carroll and Kennagh left wives and children, and Phegan left an orphan child. The Government will consider itself bound to submit to Parliament a sum of money to be divided amongst these persons.

## 2. Papers :—

(1.) Mr. Parkes laid upon the Table the undermentioned Papers :—

(1.) Correspondence (Telegraphic and otherwise) between the Honorable G. Verdon, Melbourne, and the Honorable The Colonial Secretary, Sydney, respecting the Postal Conference.

Ordered to be printed.

4. Oyster Fisheries Protection Bill :—Mr. Wilson moved, "That" this Bill be now read a second time.

Debate ensued.

Mr. Mate moved,—That the Question be amended by omitting all the words after the word "That" with the view to inserting in their place the following words "The Order of the Day for the second reading of the 'Oyster Fisheries Protection Bill' be discharged, and the Bill be referred to a Select Committee for consideration and report, with power to send for persons and papers,—and that it be an instruction to the Committee to take Evidence, and report on the subject of Fisheries generally.

(2.) That such Committee consist of the following Members, viz. :—Mr. Macleay, Mr. Driver, Mr. Wilson, Mr. Thornton, Mr. Farnell, Mr. Macpherson, Mr. Hannell, Mr. Tighe, Mr. White, and the Mover."

Question,—That the words proposed to be omitted stand part of the Question,—put and negatived.

Question,—That the words proposed to be inserted in the place of the words omitted, be there inserted,—put and passed.

Whereupon, Question,—That the Order of the Day for the second reading of the "Oyster Fisheries Protection Bill" be discharged, and the Bill be referred to a Select Committee for consideration and report, with power to send for persons and papers,—and that it be an instruction to the Committee to take Evidence and report on the subject of Fisheries generally.

THURSDAY, 18 JULY, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Reprieve of Michael Connors, convicted of and sentenced for Murder;—Mr. Forster asked the Colonial Secretary, pursuant to Notice, No. 1,—

(1.) Is it true that Michael Connors, or a man named Connors, convicted of, and sentenced for, the murder of an old man under circumstances of great aggravation, at the Bathurst Assizes in April last, was subsequently reprieved, without any recommendation from either the Judge or jury before whom the case was tried, and after the Executive Council had determined that the sentence should take effect?

(2.) If so, under what circumstances, and upon whose and what recommendation was such reprieve granted?

(3.) Did the responsible advisers of His Excellency the Governor, jointly or severally concur in, or dissent from, the course taken?

(4.) Have the said responsible advisers given utterance to, or placed on record, any formal opinion in the matter?

Mr. Parkes answered.—It is true that a prisoner named Michael Connors, convicted of murder at the Bathurst Assizes in April last, and sentenced to death, was reprieved by His Excellency the Governor, with whom, as the representative of Her Majesty, the prerogative of mercy rests. His Excellency gave his reasons, as required by the Royal Instructions, for extending mercy to the prisoner, and the Judge who tried the case concurred in those reasons. His Excellency's Minute will be laid on the Table of the House.

*Mr. Driver withdrew the Question standing in his name, No. 2.*

(2.) Will any steps be taken to open the same?

Mr. Wilson answered,—

(1.) The road alluded to by the honorable member has not been proclaimed, as it was not considered of sufficient importance to warrant the expenditure of the large sum that would be required for fencing.

(2.) Steps will be taken to open the road when a Bill, shortly to be introduced, authorizing the erection of gates, shall have passed into law.

Whereupon Motion made by Mr. Hart, and question put,—That the Order of the Day for the second reading of this Bill be discharged.

With reference to Question No. 1, the only information which the Government has is comprised—1st, in the advertisement issued by the Oriental Bank Corporation, London, inviting tenders for the last Debentures sold—and 2nd, in an extract from a letter by the last mail, addressed to the Oriental Bank here by its London office, and communicated to me by the local manager on the 15th instant.

These

These documents I now read for the information of the honorable member and the House, and in answer to the question he has now added, I may state that the conditions were originated by the Oriental Bank alone, and were in no way suggested by the Government here.

" 5. Scrip certificates will be issued to subscribers on allotment, and exchanged for Bonds on the payment of the instalments in full.

" 6. Subscribers paying in full on allotment, or at the dates of the several instalments, will receive a discount of five per cent. on their payments.

" 7. The above loans are for the extension of public works in the Colony of New South Wales, of a re-productive character, including railways, telegraphs, harbours, river navigation, and roads.

" 8. All tenders must be made in the annexed form and will be received by the agents for the loan on and after Monday next, until the amount of the loan is subscribed, but not beyond the 20th instant at 2 o'clock. All applications will be recorded and considered strictly in the order in which they are received.

" Oriental Bank, Corporation,  
" Threadneedle Street, London,  
" 10th May, 1867.

" Form of Application.

" To the Oriental Bank Corporation.

" I enclose the sum of £            and request you will allot me £            in Bonds of the New South Wales Government Loan, authorized by the Acts 26th Victoria, No. 14, and 27th Victoria, No. 14, and I hereby agree to accept such bonds as may be allotted to me and to pay the instalments when due, in terms of your advertisement of 10th May, 1867.

" I am,  
Your obedient servant,

" Name in full.  
" Profession or business.  
" Address.  
" Date."

Extract from letter from Oriental Bank Corporation, London, to Oriental Bank, Sydney, handed to Treasurer, 15th July, 1867 :—

" On the 10th May, so soon as it appeared probable that peace would be maintained, we resolved to advertise the loan for £832,000, as we had previously advised you. The enclosed advertisement will acquaint you with the terms of issue, and you will see that the instalments reach up to the 1st December next, although it is probable that, with the cheap money we now have, the discount of 5 per cent. may induce prepayment of a large part of the amount. The price of 85½, with a discount, was recommended by our brokers, in preference to naming a lower price for the issue, as calculated to affect the quotation of the other loans less, and as the amount was rapidly subscribed and the scrip is at a premium of 2 to 2½, without any great or permanent fall in the other securities, we think it may be considered a successful operation."

- (1.) Michael Connors, convicted of, and sentenced for, murder :—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 1.

With reference to the case of Michael Connors, which formed the subject of my questions, and of replies thereto by the Honorable the Colonial Secretary, on Thursday, July 18, and also of the Minute of His Excellency the Governor, laid before this House on the same day, are there any documents—whether Minutes, Correspondence, Memorials, or Petitions—other than the said Minute, in possession of the Government, or of His Excellency the Governor, capable of throwing light upon the case, which might be laid before this House ?

Mr. Parkes answered,—I hold in my hand certain Papers relating to the case of Michael Connors. They consist of two petitions addressed to his Excellency the Governor, in favour of a reprieve, and Mr. Justice Faucett's report to the Executive Council on the case. If the honorable member desires it, the papers can be laid on the Table.

- (2.) Navigation of the River Manning :—Mr. Forster asked the Secretary for Public Works, pursuant to Notice No. 2.

What steps have the Government taken, or do they intend taking, towards opening or improving the Navigation of the River Manning ?

Mr. Byrnes answered,—As the new dredge for the Harbour of Sydney is not yet completed, the Government is not in a position to carry out the promise made during last session, to send the old dredge from Sydney to the Manning ; but as soon as the new dredge is finished, the Government will make arrangements for redeeming its pledge to the honorable member, with the least possible delay.

- (3.) Navigation of the River Macleay :—Mr. Forster asked the Secretary for Public Works, pursuant to Notice No. 3,—What steps have the Government taken, or do they intend taking, towards carrying out the vote of this House, of December 20, 1866, for an Address to the Governor, praying His Excellency to cause to be placed on the Estimates, a sum not exceeding £5,000, for opening and improving the Navigation of the River Macleay ?

Mr. Martin answered,—Mr. Mant's accounts as Sub-Gold Commissioner and otherwise, I believe have been adjusted with the exception of the accounts relating to certain Miners Rights and Traders Licenses said to have been transmitted by him to the late Gold Commissioner Mr. Griffin, who is no longer in the Public Service, and who, although frequently applied to in reference to this matter, has hitherto failed to give the necessary information to the Government.

  - (1.) "That" this House views with alarm the present inadequate and uncertain supply of water to the city and suburbs of Sydney, and, dreading the lamentable consequences that must ensue to the health and life of the inhabitants, if by drought or other cause that supply should become exhausted or diminished, is of opinion that it is the duty of the Government to institute an inquiry by competent persons for the purpose of ascertaining what amount of reliance can be placed on an unlimited and constant supply of water being obtained in all seasons from our present source of supply, and, if that source should be considered unequal to meet our requirements, then that immediate measures should be adopted for securing to the city and suburbs of Sydney a more reliable and plentiful supply of pure water.
  - (2.) That an Address, embodying the foregoing Resolution, be presented to His Excellency the Governor.—
 

Upon which Mr. Lucas had moved, by way of Amendment, that all the words after the first word "That" be omitted, with the view of inserting in their place the following words,—“a Select Committee, with power to send for persons and papers, be appointed to consider and report upon the best means of ensuring a sufficient and permanent supply of pure water for the county of Cumberland, this city, and suburbs.

OF THE

## LEGISLATIVE ASSEMBLY.

FRIDAY, 26 JULY, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Benevolent Asylum, Bathurst :—Mr. Thornton asked the Colonial Secretary, pursuant to Notice No. 1,—Whether the Government intend to erect a Benevolent Asylum in the town of Bathurst, or whether they would assist a public subscription for that purpose, according to the usual custom in such cases?

Mr. Parkes answered,—The Government has no present intention of erecting a Benevolent Asylum in the town of Bathurst. Should the inhabitants raise a fund for the purpose, the same assistance will be given in this case as in others.

- (2.) Telegraphic Line, Emu Creek :—Mr. Thornton asked the Secretary for Public Works, pursuant to Notice No. 2,—Whether it is the intention of the Government to extend the telegraphic line, so as to connect Grenfell, Emu Creek, with the main line?

Mr. Byrnes answered,—It is the intention of the Government to extend the telegraphic line, so as to connect Grenfell, Emu Creek, with the main line.

- (3.) Fish River Creek Bridge :—Mr. Lucas asked the Secretary for Lands, pursuant to Notice No. 3,—What steps have been taken to re-construct the Fish River Creek Bridge, which has been carried away by the late floods?

Mr. Wilson answered,—Mr. District Surveyor Fisher was requested to report on the 17th instant, and has been since reminded.

- (4.) Bridge on Cudgegong Road, at Rylstone :—Mr. Lucas asked the Secretary for Public Works, pursuant to Notice No. 4,—Whether he has received a report from the Officer for the District of Mudgee, with reference to the re-constructing of the Bridge over the Cudgegong River at Rylstone; if so, how long will it be before the re-constructing will commence?

Mr. Byrnes answered,—A report was received yesterday morning. The matter has been referred to the Lands Department, as to the necessity for re-constructing the Bridge, and no further steps can be taken in the matter till the report from the proper officer shall have been received.

- (5.) Harbour of Refuge, Trial Bay :—Mr. Forster asked the Secretary for Public Works, pursuant to Notice No. 5,—What steps have the Government taken, or do they intend taking, in carrying out the proposal for constructing a Harbour of Refuge at Trial Bay?

Mr. Byrnes answered,—All preliminary surveys and plans for the formation of a Harbour of Refuge at Trial Bay have been made; but the project involves the employment and utilization of prison labour, and the Government have not come to any final determination on this part of the subject yet.

- (6.) Floods Relief at Braidwood and Araluen :—Mr. Forster asked the Colonial Secretary, pursuant to Notice No 6,—

(1.) Was any relief afforded by the Government to sufferers by floods in the districts of Braidwood or Araluen, or adjacent districts?

(2.) What was the nature of such relief?

(3.) Was the relief specially applied for, and by whom?

(4.) Through whom, or by whose agency, was the relief distributed?

(5.) What precautions were taken to prevent fraud or abuse of the public charity?

(6.) Were the local Magistrates, or Benches of Magistrates, employed or consulted in the distribution?

Mr. Parkes answered,—A letter, dated the 7th June, was received from the Police Magistrate at Araluen, informing the Government that great distress existed from the effects of a previous flood in that district, and applying for relief either in the shape

shape of pure charity or of employment on the roads. After the great flood, towards the end of June, a telegram was received from the Flood's Relief Committee in these words: "Another flood—fearful distress in Araluen—diggers complain of starvation—1068 relieved already—Relief Fund all but expended—what must be done?" This relief, it will be observed, had been afforded entirely from private sources. On receipt of this telegram, I immediately telegraphed to Mr. Rodd, the Member for the Southern Gold Fields, who, as I was aware, had a very extensive knowledge of the district. My telegram asked "What are the facts—In what way can the Government best afford relief to meet urgent cases that admit of no delay—Will you, in conjunction with the Police Magistrate, undertake the duty?" I also telegraphed to the Relief Committee "In what way do you suggest that relief should be afforded?" The replies to these telegrams confirmed the state of distress as at first represented, and suggested that relief should be afforded by employing heads of families in repairing the roads that had been damaged by the floods. The sum of £400 for this purpose was paid to the credit of Mr. Rodd, Mr. Blatchford of Araluen, and Dr. Alley, one or other of whom superintended its expenditure. The Police Magistrate had left, or was on the eve of leaving, the district, and there was no other Magistrate at Araluen. Every precaution was taken that could be taken under the circumstances to see that there was no fraud or abuse in the distribution of the aid afforded.

- (7.) Floods Relief—Rivers Manning, Hastings, and Macleay:—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 7,—What steps have the Government taken, or do they intend taking, towards the relief of sufferers by floods upon the Rivers Manning, Hastings, and Macleay?

Mr. Parkes answered,—No representations have been made to the Government in reference to sufferers by floods upon the Rivers Manning, Hastings, and Macleay.

- (8.) Thomas Cosolan or Carolan, Conditional Purchase, Milbang, Goulburn:—Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 8,—Was the Crown Lands Agent at Goulburn, instructed by the Minister for Lands (or, if not, by whom) to charge Thomas Cosolan, farmer, of Milbang, with having made a false declaration with reference to the improvements on his conditional purchase at Milbang, at Goulburn, on the 10th July instant?

Mr. Wilson answered,—In consequence of representations made to the Government, instructions were, on the 25th April last, issued to the Land Agent at Goulburn, to prosecute Thomas Carolan (not Cosolan) for making a false declaration as to his having resided on his conditional purchase, made on the 14th January, 1862, under section 13 of the Crown Lands Alienation Act. The case was heard before the Bench of Magistrates at Goulburn, on the 10th instant, and resulted in the committal of Carolan to take his trial at the Circuit Court, on 7th October next.

- (9.) Mr. W. C. Bennett, Commissioner for Roads:—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 9,—

(1.) What amount of money has been paid per month as salary, to Mr. William Christopher Bennett, Commissioner for Roads, from June 1st, 1866, to June 30th, 1867?

(2.) What amount of money has been paid per month to Mr. William Christopher Bennett, Commissioner for Roads, as travelling allowance, from June 1st, 1866, to June 30th, 1867?

Mr. Byrnes answered,—

- (10.) Road down Burragorang Mountain:—Mr. Lackey, on behalf of Mr. Roberts, asked the Secretary for Public Works, pursuant to Notice No. 10,—When the formation of the Road down the Burragorang Mountain, for which this House, last Session, voted the sum of £1000, will be proceeded with?

Mr. Byrnes answered,—Arrangements have been made with a contractor to proceed to Burragorang with the surveyor next week, when the work will be commenced without further delay.

(11.)

- (11.) Murdering Bridge, Nattai, Great Southern Road:—*Mr. Lackey*, on behalf of *Mr. Roberts*, asked the Secretary for Public Works, pursuant to Notice No. 11,—Are the Government aware that the bridge on the Main Southern Road, known as the Murdering Bridge, near Nattai, was carried away by the late rains?

If so, when will the re-construction be proceeded with?

*Mr. Byrnes* answered,—The Government is aware that the bridge on the Main Southern Road, known as the Murdering Bridge, near Nattai, was carried away by the last flood. Tenders have been invited for the re-construction of this Bridge, and will be opened on Tuesday next.

- (12.) *Mr. Charles Moore*, Commissioner to Paris Exhibition:—*Mr. Samuel* asked the Colonial Secretary, pursuant to Notice No. 12,—If it is the intention of the Government to re-instate *Mr. Charles Moore*, as Commissioner to the Paris Exhibition?

*Mr. Parkes* answered,—I cannot answer this question by a simple negative. *Mr. Moore* was relieved from his duties as Commissioner at Paris, on the following letter from the Executive Commissioner:—

“ Paris Exhibition, 1867.

“ Sydney, 20th April, 1867.

“ Sir,

“ I have the honor to acknowledge the receipt of your letter of the 18th instant, informing me that *Mr. Charles Moore* had not arrived in London or Paris, by the mail which left this on the 24th December last, and that nothing had been heard of him, by either *Captain Mayne* or *Mr. Montefiore*, up to the 26th of February.

“ 2. This information causes me the deepest regret and great misgivings as to the effect of *Mr. Moore's* absence at that critical period upon the position of the Colony in the Exhibition.

“ 3. *Mr. Moore* received positive instructions to proceed with all possible expedition to Paris—and *vid Marselles*. My colleagues and I expected, and he himself assured us, that he would be in that city on or about the 12th of February. The importance of expedition was impressed strongly upon him and he was well aware of it. He was the bearer of all the information and instructions, in the absence of which his Colleagues in Paris and London are put to so much inconvenience, yet he remained, as I ascertained yesterday, so long in Ceylon, that it was unlikely that he could arrive in either city before the 5th of March!

“ 4. I cannot forbear saying that this delay on *Mr. Moore's* part is, in my opinion, inconsistent with due attention on his part to the important duties he was entrusted with, and undertook to discharge.

“ 5. I deem it right to mention to you that, in my inquiries to day respecting *Mr. Moore's* movements, I heard for the first time that, whereas the Commissioners had voted and paid him ‘£400, for his passages to and from Paris, and his expenses while there,’ he nevertheless applied for, and obtained, a free passage to Ceylon, which the Peninsular and Oriental Company had some time previously promised to allow the Secretary to the Commission, if he should be sent to Paris; and, further, that this was not contemplated by my colleagues or myself when the £400, above alluded to, was granted to him, nor was it reported by him to us.

“ I have, &c.,

“ T. A. MURRAY,

“ Executive Commissioner.”

“ The Honorable,

“ The Colonial Secretary.”

Nothing has come to the knowledge of the Government, to disprove the statements in *Mr. Murray's* letter.

Under these circumstances the Government is unable to re-instate *Mr. Moore*.

- (13.) No 6 Contract, Great Western Railway Line:—*Mr. Buchanan* asked the Secretary for Public Works, pursuant to Notice No. 13,—

(1.) The names of the different persons who tendered for No. 6 Contract on the Western Line, and the amount of each of their tenders?

(2.) The name of the person whose tender was accepted?

*Mr. Byrnes* answered,—I have no objection to give the name of the successful tenderer—*Mr. James Mackenzie*, of Victoria, whose tender was £34,357 16s. I can give all the other amounts, without the names, if that will satisfy the honorable member.

2. Road to Punt over George's River:—*Mr. Macpherson* presented a Petition from *Thomas Lord* and others, proprietors and inhabitants of the south side of George's River, having access to Sydney by the Punt to *Tom Ugly's Point*, setting forth that they have no road to the punt except on sufferance through *Mr. Holt's* property, which has caused great inconvenience to the petitioners; and praying that a certain road, stated to have been surveyed during 1865, be proclaimed without any unnecessary delay.  
Petition received.

3. Coal Mine, Bundanoon Creek, Berrima District:—Mr. Morrice presented a Petition from Geo. Hy. Rowley, P.M., Charles S. Nicholson, and others, representing that a Mine of superior Coal has been discovered at Bundanoon Creek, a few miles from Sutton Forest, in the Berrima District, and four miles from the Great Southern Railway Line, on property taken up on mineral rights by a Mr. Martin Larkin; and praying that a siding may be granted on the railway line for a depôt for the coal of the said mine, and that a special rate may be made for the carrying of coal on the Great Southern Railway.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

THURSDAY, 1 AUGUST, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Industrial Schools in Inland Towns:—Mr. Dodds asked the Colonial Secretary, pursuant to Notice No. 1.—Whether it is the intention of the Government to establish Public Industrial Schools, at or near any of the large inland towns, and whether means have been taken to select suitable sites for that purpose, in any such localities?

Mr. Parkes answered,—The Government has no immediate intention of establishing Industrial Schools in large inland towns.

- (2.) Mr. Inspector Johnson (Council of Education):—Mr. Robertson asked the Colonial Secretary, pursuant to Notice No. 2.—

Has the attention of the Council of Education been called to the want of grammatical construction of the Report of Mr. Inspector Johnson?

Is it the opinion of the Council that a person displaying such gross ignorance of the English language as Mr. E. Johnson has displayed in his Reports, &c., respecting the Orphan Schools at Parramatta, recently laid upon the Table of the House, should be retained in the Public Service as an Inspector?

I allude to the following:—

In the Report, Suggestions, &c., of E. Johnson, respecting the Roman Catholic Orphan Schools, Parramatta, the following passages occur:—

“The quality of the writing did not exceed *moderate*.”

“The teacher should not rest satisfied till her *instructions has been received*.”

“In other subjects the attainments are literally nothing.”

“And the children should *receive recreation* in the play-ground at the end of “every hour.”

Mr. Parkes answered,—The attention of the Council of Education has not been called to the want of grammatical construction of the Report of Mr. Inspector Johnson. Mr. Johnson was employed by the Government, and not under the direction of the Council of Education, in this particular business. I may add that the Council of Education is quite satisfied with Mr. Johnson's knowledge of the English language. Of the four examples given by the Honorable Member, three are perfectly correct. The error in the other arises from a typographical mistake, which I can shew by Mr. Johnson's manuscript.

- (3.) Mr. W. C. Bennett, Commissioner for Roads:—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 3,—Did Mr. William Christopher Bennett, Commissioner for Roads, at any period between January 1st, 1866, and December 31st, 1866, apply for an increase of salary, or emoluments?

If so, what were the reasons assigned for such application, and what was the purport of the reply of the Secretary for Public Works to the same?

Mr. Byrnes answered,—Mr. Bennett did apply for an equipment allowance during the year 1866. The reasons assigned for such an application, and the purport of my reply are contained in a paper which I will lay on the Table of the House.

2. Paper:—Mr. Byrnes laid upon the Table, Copy of Minute,—Commissioner for Roads to the Honorable the Secretary for Public Works (dated 7/6/66).

Ordered to be printed.

3. Vacant Seat:—The Speaker reported that he had this day received a letter from David Buchanan, Esquire, resigning his Seat as a Member for the Electoral District of East Macquarie,—which letter he then read to the House, as follows:—

“ Sydney, 1st Aug<sup>r</sup>, 1867,  
“ Legislative Assembly.

“ To the Honble.

“ The Speaker of the Legislative Assembly,

“ Sir,

“ I beg to resign my seat as one of the Representatives for the Electorate  
“ of East Macquarie.

“ I have the honor to remain,

“ Sir,

“ Yours, very respectfully,

“ DAVID BUCHANAN.”

Whereupon Mr. Martin moved, That the Seat of David Buchanan, Esquire, a Member for the Electoral District of East Macquarie, hath become, and is now vacant, by reason of the resignation thereof by the said David Buchanan, Esquire. Question put and passed.

4. Motion Withdrawn:—Mr. Cummings withdrew the Motion, No. 1 on the Notice Paper for to-day.  
5. Postponements:—The Orders of the day, Nos. 1 to 6, inclusive, of Government Business, postponed, consecutively, on motion of Mr. Martin, until to-morrow.  
6. Motion Dropped:—Mr. Windeyer not making the Motion, No. 2 on the Notice Paper for to-day, it dropped.  
7. Rev. Mr. Dillon, Roman Catholic Chaplain, Cockatoo Island,—The adjourned Debate, on motion of Mr. Robertson,—

“ (1.) That this House having taken into consideration the papers laid before it, relating to the dismissal of the Rev. Mr. Dillon from the office of Roman Catholic Chaplain, at the Penal Establishment at Cockatoo Island, disapproves of the course taken by the Government in the matter.

“ (2.) That an Address be presented to His Excellency the Governor with the fore-

OTHER BUSINESS—ORDER OF THE DAY:—

1. Future Governors Salaries Reduction Bill; second reading.
-

## New South Wales.

No. 20.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

FRIDAY, 2 AUGUST, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question on Notice Paper for to-day:—

Mr. Henry Burne:—Mr. Macpherson asked the Attorney General, pursuant to Notice,—

(1.) Whether the Mr. Henry Burne lately appointed Police Magistrate and Clerk of Petty Sessions at Araluen, is the person who was removed from the same offices at Wentworth by the former Martin Administration?

(2.) If so, for what reason was he removed, and on what grounds has he been reinstated?

Mr. Martin answered,—Mr. Henry Burne, the gentleman referred to by the honorable Member, entered the public service as Extra Clerk in the Survey Office in May, 1847. In January, 1849, he was appointed Extra Clerk in the Crown Lands Office. In April, 1857, he was appointed Clerk of Petty Sessions at Binalong; and in August, 1859, he became a Clerk in the Crown Law Department. In July, 1860, he was appointed, by Mr. Cowper, Police Magistrate at Wentworth, which office he held until July, 1864, when he was removed from it for having shewn ignorance of the duties of a Police Magistrate by the illegal imprisonment of two persons. This course was advised by the Executive Council, on the ground that it was necessary to protect persons in the remote interior from wrongful imprisonment at the hands of public officers, whether arising from ignorance or otherwise. The Council, however, considering the creditable manner in which Mr. Burne performed the duties of Clerk of Petty Sessions for some years, advised that he should be again employed in that capacity, when a suitable opportunity occurred. Mr. Burne made no application for re-employment until the early part of this year, when he was told by me that his claim would be considered. When the office of Police Magistrate and Clerk of Petty Sessions at Araluen fell vacant, I thought it expedient, without any application being made by Mr. Burne or any one in his behalf, to recommend him for that appointment. I did so, because I thought he had been sufficiently punished for the two mistakes to which I have referred, that it was not likely he would again fall into the like error, and that his long previous service was entitled to recognition.

2. Money recovered from Waste of Gold Minted:—Mr. Pickering presented a Petition from Henry Roman, as Chairman of a certain Public Meeting of Gold Miners, and persons interested in Gold mining pursuits, residing upon the Rocky River Gold Fields, representing that a large sum of money has been recovered from the waste of the gold minted at the New South Wales Branch Royal Mint during the past eleven years—and that the same cannot, with equity, be placed to the credit of the General Revenue, but is, in fact, the property of the mining community; and praying inquiry into all the circumstances connected with the recovery of the said money, and its future appropriation.

And the same having been read by the Clerk, by direction of the Speaker,—  
Petition received.

- (1.) Telegraphic Communication to "the Weatherboard":—Mr. Ryan asked the Secretary for Public Works, pursuant to Notice No. 1,—Is it the intention of the Government to extend Telegraphic communication to the Weatherboard—If so, when?

Mr. Byrnes answered,—The opening of the railway to the Weatherboard is a mere temporary arrangement for the accommodation of the public, the line not having been yet taken over from the Contractors. There being no intention on the part of the Government to build a station at that place, there will be no telegraphic communication between that point and the head office in Sydney, except for railway purposes.

The Government has likewise been in communication with the Sydney Municipal Council urging them to take the necessary measures to intercept the solid matter carried down by the drains of the streets, and it is hoped that the remonstrances of the Government in this respect will receive proper attention on the part of the municipal authorities.

"That" this House views with alarm the present inadequate and uncertain supply of water to the city and suburbs of Sydney, and, dreading the lamentable consequences that must ensue to the health and life of the inhabitants, if by drought or other cause that supply should become exhausted or diminished, is of opinion that it is the duty of the Government to institute an inquiry by competent persons for the purpose of ascertaining what amount of reliance can be placed on an unlimited and constant supply of water being obtained in all seasons from our present source of supply, and, if that source should be considered unequal to meet our requirements, then that immediate measures should be adopted for securing to the city and suburbs of Sydney a more reliable and plentiful supply of pure water.
- (2.) That an Address, embodying the foregoing Resolution, be presented to His Excellency the Governor;—
- Upon which Mr. Lucas had moved, by way of Amendment, that all the words after the first word "That" be omitted, with the view of inserting in their place the following words,—“a Select Committee, with power to send for persons and papers, be appointed to consider and report upon the best means of ensuring a sufficient and permanent supply of pure water for the county of Cumberland, this city, and suburbs.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

THURSDAY, 8 AUGUST, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Bridge over Bredbo River, Queanbeyan and Cooma Road :—Mr. Graham asked the Secretary for Public Works, pursuant to Notice No. 1,—If it is the intention of the Government to place upon the Estimates for this year, a sufficient sum of money for the erection of a Bridge over the Bredbo River, on the high road from Queanbeyan to Cooma?

Mr. Byrnes answered,—The Government is aware of the necessity for a Bridge over the Bredbo River, and as soon as a report is received from the Commissioner for Roads—who is now on his way to the south—will take into consideration the propriety of placing a sum on the Estimates for the purpose—if the ordinary road vote should prove insufficient.

- (2.) Bailliere's Gazetteer and Directory :—Mr. Samuel asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) What is the number of copies of Bailliere's New South Wales Gazetteer, and also of Bailliere's Directory, that have been purchased by the Government?

(2.) What is the total amount paid for copies of each work?

Mr. Parkes answered,—In the early part of last year 800 copies of Bailliere's Gazetteer of New South Wales were purchased by the Government for the sum of £963. The larger number of these copies were placed by the Colonial Agent in London in the libraries of the different Chambers of Commerce and other similar public institutions throughout the United Kingdom. Other copies have been distributed in a similar manner in foreign countries. The object in these distributions of the work in question was, to render the information, descriptive of the Colony, which it contains, generally accessible.

The only copies of Bailliere's Directory purchased by the Government, of which I have any knowledge, are ten bought by the Inspector General of Police, and one by the Government Astronomer. The cost was, I believe, about £13 15s.

- (3.) Orphan Schools :—Dr. Lang asked the Colonial Secretary, pursuant to Notice No. 3,—Whether it is the intention of the Government to take any steps during the present Session of Parliament, for the discontinuance of public support to the two Denominational Orphan Schools at Parramatta, and the establishment of an Orphan School, under Government supervision, to be equally available for all denominations, on the basis of the Public Schools Act of last Session of Parliament?

Mr. Parkes answered,—The Government has not decided upon any such course as is indicated by the Honorable and Reverend Member's question. The subject of the management of the two Orphan Schools at Parramatta is under consideration, and an early decision will be come to.

- (4.) Temporary Asylum for Houseless and Homeless Poor :—Dr. Lang asked the Colonial Secretary, pursuant to Notice No. 4,—Whether it is the intention of the Government, during the present Session of Parliament, to authorize any expenditure for the establishment of some receptacle, of an economical character, in this metropolis, to afford temporary accommodation for the houseless and homeless poor?

Mr. Parkes answered,—The subject has not been considered.

(5.)

- (5.) Mr. W. L. Murchison :—Mr. Burns asked the Secretary for Lands, pursuant to Notice No. 5,—When the amount, paid by, Mr. W. L. Murchison, on the 29th March, 1866, in excess of what was afterwards found to be payable on his conditional purchase at Jones' Flat, in the district of Gundagai, will be refunded? Mr. Wilson answered,—An order on the Treasury for this amount, £29 5s. Od., was forwarded to Mr. Murchison on the 22nd ultimo, immediately on the receipt of the Report of the Surveyor, that the whole of the land applied for was not available.

Mr. Parkes answered,—

(1.) The ship "Vernon" was proclaimed a Public Industrial School by proclamation, published in the *Government Gazette*, 10th May last.

## VOTES AND PROCEEDINGS

OF THE

# LEGISLATIVE ASSEMBLY.

TUESDAY, 20 AUGUST, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

(1.) Bridge across the Murray River:—*Mr. Phelps*, on behalf of *Mr. Landale*, asked the Secretary for Public Works, pursuant to Notice No. 1,—

(1.) Whether the Governments of New South Wales and Victoria have agreed on a site for the bridge across the Murray, between Moama and Echuca,—towards the erection of which a sum of money has been voted by this House?

(2.) When is it probable that this highly necessary work will be commenced?

*Mr. Byrnes* answered,—

(1.) Both Governments have agreed on Echuca as the best site for the bridge across the Murray. The sum of £10,000 was voted in 1862 for the erection of a bridge at Moama, since which it was proposed by the Victorian Government that a railway and road bridge should be built at Echuca, to cost £32,000. A sum was placed on the Estimates for 1867 of £6,000, to make up the moiety of this expense, which this Government agreed to contribute.

(2.) No time can be fixed for the commencement of the work, in consequence of the difficulty alluded to of expending money at Echuca, which was voted for Moama.

(2.) Alleged conduct of Visitors of Lunatic Asylums in Railway Carriage:—*Mr. Tighe* asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) Has any report been made to the Government concerning the conduct of three gentlemen employed in the Public Service, at a salary of £100 a year each, as Visitors of Lunatic Asylums—who, on the 1st instant, caused a railway passenger to be requested to retire from a Government railway carriage, that they might have the exclusive use of the same—and who further required a whole railway carriage to be placed at their service, when the passenger referred to refused to withdraw?

(2.) If any such report has been made, do the Government intend to make inquiry, or take any proceedings, with reference to the conduct of those gentlemen?

*Mr. Byrnes* answered,—

(1.) No official report has been made to the Government on the subject; but on enquiry, since the question was put on the paper, it appears that, on the 1st inst., *Dr. Macfarlane* was seated in a saloon carriage, when *Dr. Roberts*, *Mr. Owen*, and subsequently *Dr. Bedford*, entered the same carriage. As the train was about to start, *Dr. Bedford* asked *Mr. Higgs*, who was in charge of the train, whether *Dr. Roberts*, *Mr. Owen*, and himself, could not have a compartment for themselves as applied for, and sanctioned by the Government. *Mr. Higgs* asked *Dr. Macfarlane* if he had any objection to take a seat in another carriage. *Dr. Macfarlane* objected. *Mr. Higgs* then offered to put on another carriage, when *Dr. Macfarlane* said he would go into another carriage, and did so. On *Dr. Macfarlane's* return, *Mr. Higgs* explained to him that it was previously arranged that those gentlemen, as visitors of the Lunatic Asylums, were to have a separate compartment when they travelled on duty by railway, with which explanation he appeared to be satisfied.

(2.) The Government do not consider it necessary to take any proceedings in the matter.

2. Paper :—Mr. Byrnes laid upon the Table, Particulars of " Passengers by certain Railway Trains" (*In reference to Question 2, asked by Mr. Lucas, and recorded in Votes and Proceedings of 13 August, 1867, Entry 1*).

Question put and passed.
7. Newcastle Co-operative Steam-Tug Company's Bill ("*Formal*" Order of the Day), on motion of Mr. Mate, read a third time, and passed.

LUCAS** to move, That this House will, on Friday, the 6th September, resolve itself into a Committee of the Whole, to consider of an Address to the Governor, praying that His Excellency will be pleased to cause to be placed on the Estimates for the year 1868, a sum not exceeding £1,500, to compensate **Mr. Thomas Woore**, for services performed in surveying a railway line between Sydney and Goulburn.
2. **MR. FORSTER** to move, That this House is of opinion, that the uncertainty created in the minds of honorable members of this House, and of the public generally, by certain statements contained in His Excellency the Governor's Opening Speeches of the past and present Sessions, having reference to the proposed introduction of a measure for the alteration or amendment of the Laws relating to Public Lands, and by the subsequent delay of the Government in giving effect to the said statements, is calculated more or less to interfere with the conduct of business in this House, and otherwise to prejudice the public interest.

New South Wales.

No. 30.

## VOTES AND PROCEEDINGS

OF THE

# LEGISLATIVE ASSEMBLY.

WEDNESDAY, 21 AUGUST, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Vessels proceeding to sea without compliance with Steam Navigation Act:—

Mr. R. Stewart asked the Colonial Treasurer, pursuant to Notice No. 1,—Is the Government aware that steam vessels have been allowed to proceed to sea without the provisions of the Steam Navigation Act being complied with?

Mr. Eagar answered,—In answer to the honorable member's question, I beg to say that it has been reported to me that a steam vessel, engaged in the intercolonial trade, has been allowed to proceed to sea, from time to time, during the past twelve months, without, as I am informed, having complied with the provisions of the Steam Navigation Act. The case referred to is now the subject of correspondence between the Steam Navigation Board and myself; and the matter is not yet determined.

- (2.) Correspondence respecting Sale of Government Debentures:—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice No. 2,—

(1.) What is the nature of the omissions represented by stars in the various letters in the Correspondence between the Government and the Oriental Bank Corporation, laid on the Table by the Colonial Treasurer, by order of this House?

(2.) Does the Correspondence laid on the Table, include all matter that has been the subject of communication between the Government and the Oriental Bank Corporation, since the last Correspondence was produced?

Mr. Eagar answered,—

It will be more convenient, and make what I am about to state more intelligible to the House, if I give precedence to the honorable member's second question.

In answer to this question, I beg to say that the Papers, which I had the honor to lay upon the Table, on the 13th instant, are in strict compliance with the Order of the House—which directs that "Copies of all Correspondence between the Government and the Oriental Bank Corporation, the Financial Agents of the Government, relative to the sale or disposal of the Government Debentures, since the production of the last Correspondence"—shall be so laid on the Table. In answer to Question No. 1, I have to state that the omissions in the Return, indicated by stars, comprehend all those matters in the Correspondence referred to, which do not relate to the sale or disposal of Government Debentures. If the honorable member will turn to page 6 of the Correspondence, he will find omissions, indicated by stars, at the commencement and ending of the extract from Mr. Murray's letter of 18th May, 1866. I will now read the whole letter to the House, and from this will be seen the nature of the omissions throughout.

" I am, Sir,

" Your most obedient servant,

" S. MURRAY,

" Actg. Manager."

I have to apologize to the House for delaying them so long—but it becomes necessary—in the face of the honorable member's question—to show that I have exercised a proper discretion in excluding from the papers information on matters of detail not connected with the "sale or disposal of the Debentures," and, therefore, not within the scope of the Order of the House.

- (3.) Bridge over Macquarie River at Wellington:—Mr. Samuel asked the Secretary for Public Works, pursuant to Notice No. 3,—Is it the intention of the Government to make provision on the Estimates for the ensuing year, for the erection of a Bridge over the Macquarie River, at Wellington?

Mr. Byrnes answered,—Yes. The sum of £8,000 will be placed on the Estimates for 1868, for the erection of a Bridge over the Macquarie River, at Wellington.

- (4.) Certain Officers of Road Branch of Public Works:—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 4,—Are the Chief Clerk and the Accountant of the Road Branch Department of Public Works required to find security for the faithful discharge of their duties?

Mr. Byrnes answered,—Yes. £1000 each.

- (5.) Sewerage of Lunatic Asylum, and Roman Catholic Orphan School, Parramatta:—Mr. Macpherson asked the Secretary for Public Works, pursuant to Notice No. 5,—

(1.) Have the Municipal Council of Parramatta been consulted with reference to the Sewerage of the Lunatic Asylum, and the Roman Catholic Orphan School, of Parramatta?

(2.) Has the Secretary for Public Works received any communication from the Municipal Council of Parramatta on this subject; and if so, what is the nature and purport of this communication?

(3.) Is it the intention of the Minister for Public Works to take any notice of the representations of the Municipal Council of Parramatta, with reference to the subject referred to; and if so, what?

Mr. Byrnes answered,—

(1.) The present members of the Municipal Council of Parramatta were not consulted with reference to the sewerage of the Lunatic Asylum, and the Roman Catholic Orphan School of Parramatta. The work is being carried out under a plan prepared during the time of the late Administration, with a slight alteration, and at the instance of the Municipal Council over which I presided as Mayor, for four years.

(2.) I received a letter from the present Mayor of the Municipal Council of Parramatta, dated 28th June, stating that the Council could not co-operate with the Government in carrying out the work, in accordance with the present plan, because it would, in their opinion, create a nuisance.

(3.) It is not the intention of the Government to take any notice of the representations of the Municipal Council, because the question has been long and well considered, both by the late and present Governments.

- (6.) Bridge over the Wollondilly, Marsden's Crossing, Goulburn:—Mr. Garrett, on behalf of Mr. Driver, asked the Secretary for Public Works, pursuant to Notice No. 6,—

(1.) What officer made the surveys and sections, in 1862, for the Bridge over the Wollondilly, at Marsden's Crossing Place, near Goulburn?

(2.) Was not the Bridge, subsequently constructed, washed away during a flood in that river?

(3.) Has the same site been selected for constructing the new Bridge?

Mr. Byrnes answered,—

(1.) No surveys and sections were made by any officer for the Bridge over the Wollondilly, at Marsden's Crossing Place, near Goulburn, in the year 1862; but the original site of the Bridge was selected by Mr. Moggridge in 1860, and a contract taken for a low level Bridge in 1861. It was found necessary, in consequence of the alluvial nature of the approaches, to add two spans to the structure, which were completed in 1862.

(2.) Yes. The Bridge was washed away during a flood in the year 1864.

(3.) The site selected for the new Bridge is a short distance lower down stream.

GOVERNMENT BUSINESS—ORDER OF THE DAY

1. Land Laws Amendment and Freehold Settlement Bill; second reading.
-

New South Wales.

No. 31.

## VOTES AND PROCEEDINGS

OF THE

# LEGISLATIVE ASSEMBLY.

THURSDAY, 22 AUGUST, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Certain Children sent to Orphan School, Parramatta :—Dr. Lang asked the Colonial Secretary, pursuant to Notice No. 1,—Whether he is aware that four children of a family, of which both parents are alive and in health, have been sent to one of the orphan schools at Parramatta during the present week?

Mr. Parkes answered,—On the application of the Very Reverend S. J. A. Sheehy, the admission of four children, named Byrne, into the Roman Catholic Orphan School at Parramatta, was sanctioned. Mr. Sheehy stated in his application, that the father of the children was alive, but that he had lately attempted suicide, and cannot, or will not do anything to maintain them; that the mother is lame, and in great distress; and, further, that she is spoken of very highly.

- (2.) Bushranger "Thunderbolt" :—Mr. Pickering asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Is it the intention of the Government temporarily to increase the Police Force in the Northern Districts, or to despatch a special party, with the view to the capture of the bushranger "Thunderbolt"?

(2.) Has any additional assistance been given to the ordinary police in these districts for the furtherance of this object?

Mr. Parkes answered,—I think the honorable member will see that it would be extremely injudicious to state publicly what steps may be taken to effect any purpose of this kind. Any such statement must necessarily tend to defeat the object of the Government, and the only good that could result from it would be good to the bushranger. I may add, however, that I shall be very happy to inform the honorable member, for his satisfaction, if he will do me the favour of seeking the information, exactly how the case stands.

- (3.) Great Southern Railway :—Mr. Morrice asked the Secretary for Public Works, pursuant to Notice No. 3 :—

(1.) What date is fixed for the opening of the Railway Traffic to Bowral and Sutton Forest, on the Southern Line?

(2.) Are the Government aware that the rails are laid on the Southern line to Sutton Forest Station?

(3.) When does the Contract time expire for the erection of the Passenger Station at Sutton Forest?

(4.) When does the Contract time expire for the erection of the Goods Store at the Sutton Forest Station?

(5.) What is the amount of penalty for non-performance of these works within contract time?

(6.) Does the Government propose to enforce the penalties in case of non-performance of Contract within time?

(7.) What dates have the Contractors allowed them to complete the Railway line to Marulan and Goulburn?

Mr.

Mr. Byrnes answered :—

(1.) No time has been fixed ; but the line will be opened at the earliest period possible—certainly within three months from this date.

(2.) Yes.

(3.) 16th September, 1867.

(4.) 31st October, 1867.

(5.) £20 per week for Station Contract, and £5 per week for Goods Shed.

(6.) Yes, unless good reason can be shown why the penalties should not be enforced.

(7.) 4th March, 1868, to Marulan.

Mr. Faviell's first contract to Goulburn was to be completed on 1st December, 1867 ; but, from circumstances over which neither the Government nor the contractor had any control, the contract time will be exceeded, and the line to Goulburn will not be completed till September, 1868.

(4.) Road from Deniliquin to Echuca :—Dr. Lang asked the Secretary for Public Works, pursuant to Notice No. 4. Whether it is the intention of Government to make any provision in the Estimates for the ensuing year for the construction of a road from Deniliquin to Echuca, on the Murray River ?

Mr. Byrnes answered,—It has not yet been determined by the Government to make provision in the Estimates for the ensuing year for the construction of a road from Deniliquin to Echuca—the matter is under consideration.

2. Paper :—Mr. Wilson laid upon the Table, Return to Order, in reference to "John Macpherson and others, gold miners at Nundle,"—made by this House, on motion of Mr. Pickering, on 23rd July, 1867.

3. Federal Council Bill (No. 2) :—Mr. Parkes having presented this Bill, Bill, intituled "A Bill to authorize the appointment of Members of the Executive Council to be members of a Federal Council of the Australasian Colonies,"—read a first time.

Ordered to be printed, and read a second time on Wednesday next.

Question,—That the words proposed to be inserted in the place of the words omitted be there inserted,—put and passed.

Question then,—That the Bill be re-committed,—put and passed.

Whereupon, on motion of Mr. Wilson, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole, for the re-consideration of this Bill. WEDNESDAY, SEPTEMBER 18.

GOVERNMENT BUSINESS—ORDER OF THE DAY :—

1. Land Laws Amendment and Freehold Settlement Bill; second reading.
-

## New South Wales.

No. 34.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

WEDNESDAY, 28 AUGUST, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question on Notice Paper for to-day:—

Steamer "Pearl":—Mr. Forster asked the Secretary for Public Works, pursuant to Notice,—

(1.) From whom, under what circumstances, for what purpose, and on what terms, was the steamer "Pearl" purchased by the Government?

(2.) Has she been found suitable, or has it been found necessary to make alterations in the vessel, to render her suitable for the intended purpose?

(3.) What has been the cost of such alterations?

(4.) Was the purchase made by inviting tenders, and if so, was the lowest tender accepted?

Mr. Byrnes answered,—

(1.) The steamer "Pearl" was purchased by the Government from Mr. E dye Manning, under the following circumstances: It was reported by the Engineer-in-Chief for Harbours and Rivers, that the increased distance which the silt had to be conveyed from the Dredge employed in the Shoalhaven River rendered it necessary that a Steam Tug should be employed, and the "Pearl" was purchased for the purpose accordingly. The terms of the purchase were £2,400.

(2.) The vessel as she stood, when offered to the Government, was not considered suitable; but it was stated by the before-named Engineer, that, if certain alterations were made, she would be suitable. After some negotiation, Mr. Manning agreed to allow £250 off the amount of his tender, which was £2,650, towards them. The offer was accepted. £2,400 was paid for the steamer, and the alterations were effected at the Fitz Roy Dock. The "Pearl" has since been found admirably suited to the purpose she was purchased for.

(3.) The cost of the alterations, as before stated, was £297 17s. 8d.

(4.) The purchase was made by inviting tenders; the lowest tender being that for the "Culloden," which was declined because of the great age of the vessel, and again, because her size and draught of water rendered her quite unfit for the River; besides which, her working expenses would have been considerably more than those of the "Pearl." All the other tenders were above that for the "Pearl."

2. Paper:—Mr. Parkes laid upon the Table, Report on Vaccination, for the year 1866. Ordered to be printed.

3. Presbyterian College Bill:—Mr. Wilson moved, That the following Message be carried to the Legislative Council:—

MR. PRESIDENT,

The Legislative Assembly, having had under consideration the Legislative Council's Message, dated 8th August, 1867, requesting its concurrence in certain Amendments made by the Council in the Presbyterian College Bill,—

Disagrees from the Amendment in page 1, Title,—1st,—Because the designation "Saint Andrew's" is strongly distasteful to a large majority of the Presbyterians of Scotland and the North of Ireland; 2nd,—Because the designation "Saint Andrew's" has already been appropriated as the name of the Church of England Cathedral in Sydney; and 3rd,—Because when it was agreed to strike out the word "Presbyterian," and to substitute the word "Queen's," as a neutral designation, unobjectionable in any quarter, those who insisted on "Saint Andrew's" would not agree to any compromise.

Disagrees

- Disagrees from so much of the Amendment in the Preamble as omits the words "The Presbyterian College,"—for the reasons given above.
- Amends the Amendment in the Preamble, by omitting from the words *inserted*, the words "Saint Andrew's College," in which Amendment it requests the concurrence of the Legislative Council.
- Agrees to the Amendments in page 1, clause 1, line 22.
- Agrees to the Amendment in page 2, clause 1, line 1.
- Disagrees from the Amendment in page 2, clause 1, line 6,—for the reasons given above.
- Agrees to the Amendment in page 2, which substitutes a new clause for clause 3.
- Disagrees from the Amendment in page 2, clause 4, line 29,—for the reasons given above.
- Agrees to the Amendment in page 2, clause 5, line 35.
- Disagrees from the Amendments in page 2, clause 5, lines 37, 38, and 39,—1st,—Because a large proportion, probably two thirds, of the entire subscription will be derived from persons of the class of artizans and small settlers, who will not be able to contribute more than one pound each; 2nd,—Because this franchise will never be exercised more than once, viz., in the election of the twelve councillors, who will certainly be the most prominent men of their communion in the Colony; and 3rd,—Because the possession of that franchise will elevate the industrial classes in their own estimation, and give them an interest in the College which they would never have in any other way.
- Agrees to the Amendment in page 2, which adds a proviso to the end of clause 6.
- Agrees to the Amendment in page 2, clause 8, line 54.
- Amends the Amendment in page 3, clause 10, by omitting therefrom, the words "of Saint Andrew's,"—in which Amendment it requests the concurrence of the Legislative Council.

No. 35.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question on Notice Paper for to-day:—

Mr. W. C. Mr. Byrnes answered,—A list of the Officers required to find security, including his own name, was furnished by the Commissioner for Roads at the request of the Minister, on 15th August, 1866, with a note stating that the amount of security, if any, required from the Commissioner, would perhaps be determined by the Minister. VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

WEDNESDAY, 11 SEPTEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) *Re Feast v. Northcote*—Liverpool Magistrates (Administration of Justice):—Mr. Macpherson asked the Attorney General, pursuant to Notice No. 1,—Whether any inquiry has been made with reference to a decision of the Liverpool Bench of Magistrates in the case of *Feast v. Northcote*, which was tried at Liverpool on 9 November, 1866, and if so, what has been the result of such inquiry?

Mr. Martin answered,—Inquiry has been made with reference to the decision referred to, and the result has been, that one of the two Magistrates who joined in that decision has been superseded from the Commission of the Peace, and the other has resigned.

- (2.) Water Supply:—Mr. Ncale asked the Government, pursuant to Notice No. 2,—  
(1.) Have any steps been taken by the Government for the appointment of a Commission to inquire respecting the Water Supply of the City and Suburbs of Sydney, in accordance with a Resolution passed by this House on the 9th August last?

(2.) If not, when will such a Commission be appointed?

Mr. Byrnes answered,—The Government are in communication with several gentlemen, with a view to making the appointment immediately.

- (3.) Roman Catholic Schoolmaster at Bega:—Mr. Egan asked the Colonial Secretary, pursuant to Notice No. 3,—If he would have any objection to lay on the Table of this House, Copies of all Correspondence with the Catholic Schoolmaster at Bega and the Council of Education, together with all Reports, and a Copy of his dismissal from office?

Mr. Parkes answered,—There is no objection to the whole of the papers relating to the removal of the Schoolmaster at Bega being laid upon the Table.

- (4.) Mr. E. G. Brown—Mr. Henry Naphthali:—Mr. Burns asked the Secretary for Lands, pursuant to Notice No. 4,—

(1.) The date of Mr. E. G. Brown's application for the 80 acres of land at East Blowing, near Tamut, conditionally purchased by Mr. Henry Naphthali on the 22nd August, 1866?

(2.) Why Mr. Naphthali's purchase has been declared cancelled by Mr. Brown's application, as per notice from the Department of Lands of the 13th August, 1867, the former party having resided upon and improved the land, and complied with the other provisions of the law?

Mr. Wilson answered,—The honorable member appears to be under some mistake in reference to this matter.

(1.) There was no land purchase of 80 acres made by Henry Naphthali on the 22nd August, 1866. There was an application for 60 acres on the 26th April, 1866, as an *additional* purchase, which had, however, been previously taken up by Mr. E. G. Brown, on the 22nd October, 1863, under clause 22 of the Act, in virtue of Freehold.

(2.) Naphthali's purchase of 60 acres was therefore cancelled, by letter of 13th August, on the ground of its having been previously purchased by Brown. It is not likely that Naphthali *resided* (as stated) on the said 60 acres, as residence on an additional purchase is not required, and the Surveyor besides reported him resident on his first purchase of 80 acres, made on the 22nd October, 1863, the declaration on which has been approved, and which is noted in the Office Registers as transferred to Robert Henry Hughes.

## VOTES AND PROCEEDINGS

OF THE

# LEGISLATIVE ASSEMBLY.

FRIDAY, 13 SEPTEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Public Pound at Cadia, District of Orange:—Mr. McKay asked the Secretary for Lands, pursuant to Notice No. 1,—Is it the intention of the Government to establish a public pound at Cadia, in the District of Orange, in compliance with a numerous signed petition from that quarter, and recommended by the Bench of Magistrates at Orange—And if so, when?

Mr. Wilson answered,—It is intended to establish a pound at Cadia, and the local Surveyor has been directed to recommend a suitable site with as little delay as possible.

- (2.) Establishment of Naval Head Quarters at Sydney:—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Have any proposals been made to the Government, by the Officer in command of the Naval Station, having reference to the establishment of Naval Head Quarters at Sydney, or offering any conditions in the event of such establishment taking place?

(2.) If so, what is the nature of such proposals, and what steps have the Government taken, or do they intend taking, in the matter?

Mr. Parkes answered,—I have no knowledge of any proposals of the kind having been made by the Officer in command of the Naval Station.

- (3.) Religious Ministration on board the Ship "Vernon"—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 3,—

(1.) Have any proposals been made to the Government, on the part, or on behalf, of any naval chaplain attached to any of Her Majesty's Ships of War, having reference to the performance of divine service, or other religious ministration, on board the Vernon?

(2.) If so, what steps have the Government taken, or do they intend taking, in the matter?

Mr. Parkes answered,—I am not aware of any proposals of the kind having been made. The Rev. George A. McDowall, Chaplain of H. M. S. Challenger, called on me about an hour ago, in consequence of having read the honorable member's notice in the newspapers, to offer his gratuitous services, in visiting and holding service on board the Vernon as a clergyman of the Church of England, but not as a Naval Chaplain. The Government will be glad to accept the offer made by this gentleman.

- (4.) C. W. Eastwood:—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 4,—

Was not a telegraphic message forwarded from the traffic manager, Great N. Railway, to the Head Office Public Works Department, Sydney, immediately subsequent to the discovery of the defalcations of C. W. Eastwood, late Clerk, Railway Department, representing that Eastwood was on board of a vessel in the harbour of Newcastle bound for California, and asking what steps should be taken in the matter—And will the Secretary for Public Works have any objection to lay a copy of the telegram on the Table of this House, and also state what steps, if any, were taken to prevent Eastwood's escape from the Colony?

Mr.

Mr. Byrnes answered,—No such telegram from the Traffic Manager of the Great Northern Railway was received at the Head Office of the Public Works Department; but on ascertaining that Mr. Eastwood was absent from duty on the morning of the 28th January last, I placed myself in communication with the Crown Solicitor, and learnt that Eastwood had left the Colony.

- (5.) Pitnacree Bridge :—Mr. Dodds asked the Secretary for Public Works, pursuant to Notice No. 5,—If any contract has been entered into by the Government for the construction of the approaches to the Pitnacree Bridge, the said bridge having been finished many months since? If so, what time has been given for the completion of the contract, and when is the bridge likely to be opened for public traffic?

Mr. Byrnes answered,—A contract has been entered into by the Government for the construction of the approaches to Pitnacree Bridge. The contract time for the completion of the approach has expired, but the completion of the work has been delayed: first, in consequence of a difficulty in obtaining possession of the land; and, secondly, because, in consequence of the injuries done to the river banks and the adjoining land by the last flood, it has been thought desirable to raise the levels of the approach, for which a sum of money has been placed on the Supplementary Estimates. When the Estimates shall have been passed, the work will be proceeded with without delay. It will probably be open for traffic about three months from this date.

2. Motion for Adjournment :—Mr. Driver moved, That this House do now adjourn.

Debate ensued.

    - (1.) Why were the tenders of Gilbraith and Bridge not accepted for the supply of Provisions for Her Majesty's Gaol, at Berrima, for the present year?
    - (2.) Was the Government aware that this tender was much lower than the one accepted, both being responsible men?
 Mr. Eagar answered,—
    - (1.) The tender of Gilbraith and Bridge was declined in consequence of its not being the lowest tender.
    - (2.) The honorable member is misinformed on the subject, the fact being as already stated.
  - (2.) Inquiry into Defalcations in Railway Department:—Mr. Tighe asked the Secretary for Public Works, pursuant to Notice No. 2,—Whether any letter has been received by him from any officer of his Department, respecting the Inquiry into the Defalcations in the Railway Branch—and not included in the correspondence recently ordered to be printed—and if so, whether there is any objection to lay it on the Table of this House?  
Mr. Byrnes answered,—I received a letter of date 20th of July last, from Mr. Rae, Under Secretary for Works, and late Commissioner for Railways, respecting the inquiry into the Defalcations in the Railway Branch of the Public Works Department, which there is no objection to lay on the Table of the House.

In explanation I may add, that the two main piers for central span are to be founded or secured by key pieces and split bolts on the rock; and that the piles in remaining piers are to be driven until they will not go more than half an inch with four blows of a twenty-five cwt. ram falling ten feet. ## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

WEDNESDAY, 18 SEPTEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Inquiry held on board the Ship "Vernon":—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) Is it true that an inquiry has been lately held on board the "Vernon," relative to charges of drunkenness, or other misconduct, against the Superintendent, Captain Mein?

(2.) If so, what has been the result of such inquiry?

(3.) Has such inquiry, or its results, in any way involved the fitness or good conduct of the chief officer, Captain Wycherly, and if so, how?

(4.) What steps, if any, have been taken by the Government, or do they intend taking in the matter?

Mr. Parkes answered,—

(1.) It is true that an inquiry has been lately held on board the "Vernon" of a character such as is indicated by the honorable member's question.

(2.) The inquiry shews that there has been a want of agreement and effective discipline amongst the officers, but that the boys have been well attended to, and are progressing favourably.

(3.) Mr. Wycherly, the chief officer, has been reported as ill-suited for the duties of his office.

(4.) The chief officer and one of the quarter-masters have been dismissed.

- (2.) Proposed Loan of £3,000,000;—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice No. 2,—If he will lay upon the Table of this House copy of the Agreement between Messrs. Joseph Kohn and Co., and the Government, for the borrowing of three millions?

Mr. Eagar answered,—There is no agreement between Messrs. Joseph Kohn and Co. and the Government for the borrowing of £3,000,000, and I am, therefore, unable to comply with the request of the honorable member.

- (3.) Correspondence between the Government and the Oriental Bank Corporation, respecting Financial Arrangements:—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice No. 3,—When will he lay upon the Table the Correspondence between the Oriental Bank and the Government, ordered by this House on the 27th August last?

Mr. Eagar answered,—I have directed the General Correspondence of the Oriental Bank with the Government, since 1st October, 1865, to be carefully looked through with a view to obtain the information required, which will be laid upon the Table at an early date.

- (4.) Proposed Railway Loan:—Mr. Thornton asked the Colonial Treasurer, pursuant to Notice No. 4,—If the Parliament consents to borrow one million, or such sum of money as may be required to complete the Railways to Bathurst, Goulburn, and Murrurundi, has the Government, or any member of the Government, made any *engagement* with Messrs. Kohn and Co., or any other person or persons, to raise the money through them, at the price stated in the last financial minute—if so, on behalf of whom is such engagement made—whether with Messrs. Frubling and Göschen, of London—or Messrs. Alberti and Oppenheim, of Paris and Frankfort?

Mr.

Mr. Eagar answered,—Whatever sum may be authorized by Parliament to be raised for Railway purposes, the Government is under no engagement to negotiate the Loan, except with the approval of Parliament. The conditional arrangement, referred to in the Financial Statement, is with Messrs. Kohn and Co., as agents for Messrs. Oppenheim, Alberti, and Co., of Paris, whose representatives in London, I am informed, are Messrs. Fruhling and Göschen.

- (5.) Police Magistrate and Clerk of Petty Sessions, Berrima :—Mr. Samuel asked the Government, pursuant to Notice No. 5,—Whether there is any deficiency in the Accounts of the Police Magistrate and Clerk of Petty Sessions at Berrima—if so, what steps the Government have taken in the matter ?

Mr. Martin answered,—The Government are not aware of any deficiency in the Accounts of the Police Magistrate and Clerk of Petty Sessions at Berrima. A short time since, certain queries were submitted to this officer by the Auditor General. Such queries not having been answered by him in due time, payment of his salary was suspended. It subsequently appeared that the delay in answering arose from the severe illness of the Police Magistrate; on his recovery his Accounts were properly adjusted and payment of his salary was thereupon sanctioned.

- (6.) Municipalities Act Amendment Bill :—Mr. S. Brown asked the Colonial Secretary, pursuant to Notice No. 6,—When will the Municipalities Act Amendment Bill be introduced ?

Mr. Parkes answered,—The Municipalities Bill will be introduced not later than the week after next. The subject has been delayed by the examination of a late Act, consolidating the Municipal Laws of Canada, and the consideration of one or two questions as to the expediency of extending the provisions of the new Bill beyond what was at first designed.

## LEGISLATIVE ASSEMBLY.

FRIDAY, 20 SEPTEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Payment of certain Railway Employèes on Holidays:—Mr. Driver asked the Secretary for Public Works, pursuant to Notice No. 1,—Is it true that the persons employed in the Traffic Department of the Great Northern Railway are paid for holidays—And, if so, how is it that Rule 31 is applied only to such persons, and not to the Railway Department generally?

Mr. Byrnes answered,—Yes. The men in the Traffic Branch are paid weekly wage and do not get extra pay for attendance on Sundays or holidays. The men in the Locomotive Branch are paid a very high rate daily wage, and are, therefore, only paid when at work. Mr. Byrnes answered,—The Commissioner for Roads is at present on a tour of inspection in the Braidwood district, having received special instructions to examine and report on the best means of communication between Braidwood and Marulan. VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 24 SEPTEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Quarantine Ground (for Stock), Newcastle:—Mr. Dangar asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Whether he is aware that the Quarantine Ground at Newcastle is totally unfit for the purpose for which it was intended, by reason of its exposed situation, and insufficient accommodation for such valuable stock as imported sheep?

(2.) Whether he is aware that, on the lauding of some valuable rams and ewes, imported by Mr. Orr about June last, no shelter was ready for them, whereby they were exposed to the inclement weather then prevailing, risking their loss?

(3.) Whether he is aware the food supplied by the Quarantine Keeper was not fit for their use, and that Mr. Orr's agent had to make arrangements for the supply of proper food?

Mr. Wilson answered,—

(1.) The Quarantine Ground is not unfit for the purpose; is not in an exposed situation; and there is sufficient accommodation for over fifty sheep.

(2.) On account of such a large importation as Mr. Orr's (54), and as the ewes and rams had to be kept separate, it was found necessary to erect an additional shed, and whilst this was being done, the keeper imprudently failed to put the ewes under cover for a few nights.

(3.) Mr. Orr's agent proceeded with the sheep to Newcastle, and made his own arrangement, as to food, at a price considerably below that allowed by the Act.

I may state further, that I am aware one of Mr. Orr's sheep died; the Government investigated into the matter, and it was discovered that this sheep did not die on account of the treatment it received, but on account of previous disease.

- (2.) Magistrate at Yass addressing a Public Meeting:—Dr. Lang asked the Colonial Secretary, pursuant to Notice No. 2,—Whether it has come to the knowledge of the Government, that a medical gentleman holding Her Majesty's Commission as a Magistrate of the Territory, in the District of Yass, has recently addressed certain violent and inflammatory language to a public meeting in that neighbourhood, and if so, whether it is accordant with the duty of a gentleman holding Her Majesty's Commission as a Justice of the Peace so to do?

Mr. Parkes answered,—The attention of the Government has been called to a speech on the past condition of the Irish people, which was recently delivered at Burrowa by a Magistrate of the Colony. There does not appear any reason for interference in the matter, which will be best left to the taste and good feeling of the Public.

- (3.) Mr. William Tyler, original contractor for Nepean (Railway) Bridge:—Dr. Lang asked the Secretary for Public Works, pursuant to Notice No. 3,—Whether it is the intention of the Government to pay Mr. William Tyler, the original contractor for the erection of the bridge over the Nepean River, for the work he had actually performed in fulfilment of his contract, at the time when his property was completely destroyed and himself totally ruined by four successive floods in the Nepean River; the amount claimed in the case being hitherto retained in the hands of the Government, in accordance with the usual course of procedure in such cases?

Mr.

Mr. Byrnes answered,—On the 11th of April 1865, Mr. Tyler applied to the Commissioner for Railways to have the retention money, amounting to £994 18s. 3d., paid over to him. The Government had formerly decided to release his sureties from their bond for £5000, and to give up the plant to the contractor, and they declined to make further concession in the matter. It is not the intention of the Government to interfere with the decision arrived at by their predecessors.

These documents were posted to Mr. Mara on the 29th of August. No further communication has been received from Mr. Mara or any other resident on the Bellenger River.

- (2.) Police Establishment, Bellenger River:—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Has any application been received by the Government from residents on the Bellenger River, for the establishment of a Lock-up, Court of Petty Sessions, and adequate Police Force, on that river, or in its vicinity?

(2.) If so, what steps have the Government taken, or do they intend taking, in the matter?

Mr. Parkes answered,—Such an application was received on the 18th instant, and will receive early attention. The subject had previously been under consideration, on the application of gentlemen interested in the district.

- (3.) Pilot, Bellenger River:—Mr. Forster asked the Colonial Treasurer, pursuant to Notice No. 3,—

(1.) Has any application been received by the Government from residents on the Bellenger River for the appointment of a Pilot to the said river?

(2.) If so, what steps have the Government taken, or do they intend taking, in the matter?

Mr. Eagar answered,—

(1.) An application of the kind was received at the Treasury on the 18th instant.

(2.) This application was referred to the Superintendent of Pilots, who reports as follows:—"Although there is an increase in the trade to the Bellenger, I should not feel justified at present in recommending the establishment of a Pilot there; the cost of which would be about £600 a year. The Bellenger is a small river, and the outlet to a limited extent of country only." Under this report, the Government do not contemplate any present action in the matter.

- (4.) Sewerage of Gaol, Lunatic Asylum, and Orphan School, Parramatta:—Mr. Farnell asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) Will the sewerage of the Gaol, Lunatic Asylum, and Orphan School, at Parramatta, be discharged into the Parramatta River, at a point near to Lennox Bridge?

(2.)

(2.) If so, will the Government, in the event of the said sewerage becoming a nuisance, and injurious to the health of the inhabitants of Parramatta, cause the same to be abated, or conduct the sewerage to a point where no injurious effects can arise therefrom?

Mr. Byrnes answered,—

(1.) The sewerage of the Gaol, Lunatic Asylum, and Orphan School, at Parramatta, will be discharged into the Parramatta River, under Lennox Bridge.

(2.) Yes; but no fears are entertained by the Government of any nuisance arising from the discharge of the sewerage at this point.

(5.) Mr. Garrett, P.M. for Bourke:—Mr. Lord asked the Attorney General, pursuant to Notice No. 5,—Has the Honorable the Attorney General arrived at any decision with reference to the Petition presented by me; praying the removal of Mr. Garrett, P.M., for Bourke—If so, will he state the result of such decision?

Mr. Martin answered,—I have arrived at a decision upon the Petition referred to. As to one of the matters complained of by the Petitioners, I have called upon Mr. Garrett for an explanation. As to the rest, I have intimated to the Petitioners that I do not see anything that justifies me in taking any action against Mr. Garrett. I informed them that I thought that some of the decisions complained of were questionable, but that the proper remedy for any mistake that may have been made was an application to the Supreme Court, and not to the Attorney General.

(6.) Estimates of Ways and Means:—Mr. Macpherson asked the Colonial Treasurer, pursuant to Notice No. 6,—

(1.) Does the Honorable the Colonial Treasurer hold himself responsible for the "authenticity of *all*" the information contained in a document attached to the "Estimates of Ways and Means, and entitled, Statement of the Particulars of the Public Debt of the Colony of New South Wales, on 31st August, 1867"; which document was laid on the Table of the House, and ordered to be printed, on the occasion of the Honorable Treasurer making his Financial Statement on 12th September?

(2.) Is the Honorable the Colonial Treasurer aware that in the above Statement there is at least one error, amounting to £282,801 15s. 6d., in the sum as stated to have been realized by the sale of Debentures and Treasury Bills. The total amount of Debentures and Treasury Bills sold is stated to be £7,664,130, and the total amount realized by sales is stated to be £7,661,520—shewing thereby a loss of only £2,610; whereas the actual loss involved is £285,411 15s. 6d.?

Mr. Eagar answered,—

(1.) I am undoubtedly responsible for the authenticity of all the information in the document referred to.

(2.) I was not aware that an error existed in this document, until the honorable member called my attention to it. I now find on examination and inquiry that the third money column is added up incorrectly—and having called upon the Accountant of the Treasury to explain how it is that a clerical error of this nature has occurred, I have been furnished with the following explanation.—"I prepared the Public Debt Statement in August last (so as to have it in a forward state), which included all Debentures sold up to the 22nd of that month, and then shewed the amount realized to be £7,357,028 4s. 6d. This statement was printed, but in the beginning of September I increased the issue under 29th Victoria No. 9 by £21,690, proceeds of £24,300 Debentures sold between the 23rd and 31st August, and handed the statement to one of the Clerks to make up the additions of the various columns affected by these sums; this he has done correctly in every case but the one referred to in the hon. member's question, which, in some unaccountable manner, he made £7,661,520, in place of £7,378,718 4s. 6d. In the press and hurry of business connected with the preparation of the Estimates and Financial Statements, I had not time to go over these additions myself, otherwise the error, which I much regret, might have been discovered before the document was laid on the Table of the Assembly."

(7.) Judicial and Magisterial Arrangements at Gunnedah, &c.:—Mr. Dangar asked the Attorney General, pursuant to Notice No. 7:—

(1.) Is it the intention of the Government to establish District Courts at Gunnedah, Narrabri, Walgett, Bourke, and Warialda?

(2.) Is it the intention of the Government to establish Courts of Petty Sessions on the Biree River, and Collarenebri, on the Barwon River?

(3.) Has the Clerk of Petty Sessions at Warialda been instructed to attend and perform duty at Moree and Bingera, receiving the usual extra travelling expenses for the same?

Mr. Martin answered,—The Government have not yet arrived at any determination upon the matter referred to in the first and second questions of the honorable member. The Clerk of Petty Sessions at Warialda has not been instructed to attend at Moree and Bingera. I have intimated to the Police Magistrate that I did not think it expedient to incur the expense which such attendance would involve.

(8.) Bridge at Bombala, Manaroo District:—Mr. Egan asked the Secretary for Public Works, pursuant to Notice No. 8:—

(1.)

(1.) Whether any application has been made by any person or persons for the erection of a Bridge over the river which runs through the centre of the town of Bombala, in the district of Manaroo?

(2.) If so, what have the Government determined on doing in reference to the same?

Mr. Byrnes answered,—

(1.) Yes; a Petition from the Inhabitants of the Town of Bombala, praying for the erection of the Bridge in question, was presented by the honorable member for Manaroo, who supported the prayer of the Petitioners.

(2.) A sum of £500 has been placed on the Estimates for 1868, for the Bridge.

(9.) Telegraphic Extension—Tamworth to Gunnedah:—Mr. Dangar asked the Secretary for Public Works, pursuant to Notice No. 9,—Has the necessary guarantee been received from the people of Gunnedah as to the extension of the Telegraph from Tamworth to that place, and if so, when will the work be commenced?

Mr. Byrnes answered,—The names of several gentlemen willing to enter into the necessary bond have been submitted to the Government and approved; and the Crown Solicitor has been instructed to prepare the bond.

2. Papers:—Mr. Parkes laid upon the Table the undermentioned Papers:—

(1.) Papers relating to appointment of Special Constables for apprehension of Bushrangers in Southern Districts.—(See Sec. 7 of Entry (1) in Votes and Proceedings of 4 July, 1867.)

5. Mrs. Harriette Nowland ("Formal" Motion):—Mr. White moved, pursuant to Notice, That there be laid upon the Table of this House, The valuation made by the Government Valuator, of two portions of land, the property of Mrs. Harriette Nowland, in the Town of Muswellbrook, taken for Railway purposes.

(1.) That, in the opinion of this House, it is expedient to raise a Loan of £3,000,000 for Railway purposes.

(2.) That the foregoing Resolution be communicated by Address to His Excellency the Governor.

The Chairman reported progress, and obtained leave to sit again so soon as a Point of Order, which had arisen in the Committee, should be decided in the House.

The Chairman then reported the Point of Order as follows:—

The honorable member for the Clarence (Mr. Robertson), and the honorable member for Northumberland (Mr. Tighe), having both risen to address the Chairman, and Mr. Robertson having first caught his eye, he had called upon that honorable member to speak. This being objected to by a section of the Committee, who asserted the prior right of Mr. Tighe—who also himself claimed it—Mr. Piddington proposed the following Question, which he (the Chairman) declined to put, under the impression that such a question could only be dealt with in the House, viz. :—"That the Honorable Member for Northumberland be now heard."

Whereupon the following Resolution was carried in the Committee:—That the Chairman leave the Chair, and report the following point of Order to the House:

—"Was the Chairman in order in refusing to put the following Motion, made by the Honorable Member for the Hawkesbury, Mr. Piddington,—'That the Honorable Member for Northumberland be now heard.'?"

The Speaker said, that, in his opinion, the Question was improperly rejected by the Chairman, and that, in such circumstances as those in question, it was for the Committee, as well as the House, to determine for itself who should be heard first.

Whereupon,

Whereupon, on motion of Mr. Martin, the Speaker left the Chair, and the Committee resumed.

And the Committee having continued to sit till after Midnight:—

THURSDAY, 26 SEPTEMBER, 1867, A.M.:—

The Chairman reported progress, and obtained leave to sit again at a later hour this day.

8. Messages:—The Speaker reported the following Messages from the Legislative Council:—

(1.) Presbyterian College Bill:—

MR. SPEAKER,

The Legislative Council having had under consideration the Legislative Assembly's Message, dated the 28th August last, in reference to "Saint Andrew's College Bill":—

1. Insists on the Council's Amendment in page 1, Title,—Because the General Assembly of the Presbyterian Church agreed, as shewn by Petitions now before Parliament, that the proposed institution should bear the name of "Saint Andrew's College," and it is desirable to give effect to the intentions of the only organ through which the sentiments of the general body of Presbyterians, as regards such matters, can be made known with authority.

2. Insists on so much of its Amendment in the Preamble as omits the words "the Presbyterian College," for the reasons offered above.

3. Disagrees to the Assembly's Amendment in its Amendment in the Preamble, which omits from the words *inserted* the words "Saint Andrew's College," for the reasons offered above.

4. Insists on its Amendment in page 2, clause 1, line 6, for the reasons offered above.

5. Insists on its Amendment in page 2, clause 4, line 29, for the reasons offered above.

6. Insists on its Amendments in page 2, clause 5, lines 37, 38, and 39,—Because these Amendments carry out the franchise proposed in the Draft Bill agreed to by the said General Assembly, and because the higher franchise will encourage more liberal contributions, and place the election of the first Councillors in the hands of those likely to exercise it with advantage to the proposed Institution.

7. And disagrees to the Assembly's Amendment in its Amendment in page 3, clause 10, which omits therefrom the words "of Saint Andrew's," for the reasons offered above in relation to the designation of the College.

Legislative Council Chamber,  
Sydney, 25 September, 1867.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

THURSDAY, 26 SEPTEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Municipal Incorporation of Northern Illawarra:—Mr. J. Stewart asked the Colonial Secretary, pursuant to Notice No. 1,—Why Northern Illawarra has not been incorporated under the provisions of the Municipalities Act of 1858, in pursuance of the Petition presented last April?

Mr. Parkes answered,—This district has not been incorporated, owing to the receipt, within the time allowed by law, of a Petition signed by a larger number of Petitioners for the annexation of three-fourths of the land described in the first Petition to the existing Municipality of Wollongong, and which Petition was regarded in the light of a counter-Petition, as published in the Supplement to the *Government Gazette* of the 23rd instant.

- (2.) Petroleum (*Mr. W. F. De Salis—Professor Lesly*):—Mr. J. Stewart asked the Secretary for Lands, pursuant to Notice No. 2,—When shall we receive the Papers relating to Petroleum, ordered on the 3rd December last to be laid on the Table; and further ordered, on the 5th July last, to be printed?

Mr. Wilson answered,—The Papers were laid upon the Table of the House on the 5th July last. With regard to the question of the honorable member, when they will be received, as a matter of course, it would be impossible for me to give him any information; but I have made inquiries, and have received the following statement from the Government Printer:—"The printing of this paper has been delayed in consequence of two pages of the manuscript having been lost or mislaid by Messrs. Gibbs, Shallard, and Co., to whom the engraving of the illustrations was entrusted. Every effort is now being made to procure another copy." The following is their letter.—"We have made repeated ineffectual efforts to procure another copy of the Petroleum pamphlet in Sydney, but hope for a favourable answer in a few days, when we will communicate with you. In case of disappointment in all the Colonies, we wrote per first mail after loss was discovered to America, and have no doubt we shall receive a copy from this source per steamer arriving here about November 30th."

- (3.) Place for Public Recreation, Windsor:—*Mr. Piddington*, on behalf of Mr. Walker, asked the Secretary for Lands, pursuant to Notice No. 3,—If it be the intention of the Government to grant the piece of land in Windsor known as the Church Green, to Trustees, for the benefit of the inhabitants, as a place of recreation; and if so, when?

Mr. Wilson answered,—It is the intention to grant the Church Green at Windsor, for recreation, to Trustees, of whom the officer commanding the Windsor corps of Volunteer Rifles will be one, a small portion of the land having been temporarily set apart for a parade ground. The land (containing about 19½ acres) has been measured, and the appropriation was included in the Abstract laid before Parliament in July last. The grant cannot issue in the present state of the law.

*Mr. Wisdom withdrew the question No. 4.*

- (4.) Accountant of Railway Department:—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 5,—Has the gentleman at present filling the office of Accountant of the Railway Branch, Department of Public Works, been required to find security for the faithful discharge of his duties?

Mr.

Mr. Byrnes answered,—The Accountant has been requested to find security to the amount of £1000 for the faithful discharge of his duties; but the necessary documents are not yet completed.

 Ordered to be printed.
4. Federal Council Bill (No. 2):—On motion of Mr. Parkes, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole; for the consideration of the Amendments made by the Legislative Council in this Bill. The Chairman having reported that the Committee had agreed to the said Amendments, the House, on motion of Mr. Parkes, adopted that report, and ordered that the following Message be carried to the Legislative Council:—

MR. PRESIDENT,

The Legislative Assembly has this day agreed to the Amendments made by the Legislative Council in the Bill intituled "*An Act to authorize the appointment of Members of the Executive Council to be Members of a Federal Council of the Australasian Colonies.*"

*Legislative Assembly Chamber,  
Sydney, 26th September, 1867.*

Speaker.

5. Land Laws Amendment and Freehold Settlement Bill (No. 2):—On motion of Mr. Martin, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole, for consideration of the expediency of introducing a Bill to amend the Land Laws, and to make better provision for the Freehold Settlement of the Colony.  
The Chairman reported that the Committee had come to a Resolution.  
*Ordered*, on motion of the Chairman (*made with the concurrence of the House*), that the said Resolution be *now* received.  
The Chairman then reported a Resolution, which was read a first time, as follows:—  
*Resolved*,—That it is desirable to introduce a Bill to Amend the Land Laws, and to make better provision for the Freehold Settlement of the Colony.  
Resolution then, on motion of Mr. Martin, read a second time, and agreed to.
  6. Railway Loan:—On the Order of the Day being read, for the further consideration, in Committee of the Whole, of the following Resolutions:—
    - (1.) "That," in the opinion of this House, it is expedient to raise a Loan "of" £3,000,000 for Railway purposes.
    - (2.) That the foregoing Resolution be communicated by Address to His Excellency the Governor,—
 The Speaker left the Chair, and the House resolved itself into the said Committee for such further consideration.  
The Chairman reported progress, and obtained leave to sit again so soon as a Point of Order which had arisen in the Committee should be decided in the House.  
The Point of Order, as stated to the House, was as follows:—  
The Resolutions referred to the Committee being under consideration, an Amendment had been submitted to leave out certain words after the word "of" where it occurs the second time in the first Resolution, with a view to inserting in their place other words—upon which Amendment the Question had been proposed from the Chair,—That the words proposed to be omitted stand part of the Question.  
Subsequently, after a discussion, another Amendment was submitted, proposing to omit all the words after the earlier word "That," with a view to inserting in their place other words.  
The Chairman, upon this, proposed to entertain so much of the second Amendment as preceded the first; which course being objected to, the matter was referred for the decision of the House.  
The Speaker said that, having looked carefully into authorities bearing upon the point, he thought the case was not free from doubt; but that, as the course proposed by the Chairman was in accordance with the precedent referred to in May (Foot-note 5, p. 280, Edition of 1863), his ruling was justified.  
On motion of Mr. Wilson, the Speaker then left the Chair, and the Committee resumed.  
The Chairman reported progress, and obtained leave to sit again on Wednesday next.
- The House adjourned, on motion of Mr. Martin, at twenty-five minutes after Eleven o'clock, until To-morrow at Three o'clock.

W. M. ARNOLD,  
Speaker.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

FRIDAY, 27 SEPTEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Mr. J. Griffiths :—Mr. Burns asked the Secretary for Lands, pursuant to Notice No. 1,—If Mr. Surveyor Sanderson has yet reported on the application of Mr. J. Griffiths for the return to him of the amount which he paid on his cancelled Conditional Purchase at Hellas Creek?

Mr. Wilson answered,—Mr. Sanderson has reported. His report I think was dated 27th August.

- (2.) School Books, &c., for Council of Education :—Mr. Burns asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Are the School Books and Stationery required by the Council of Education supplied under contract entered into after being publicly competed for in the usual way?

(2.) The names of the parties by whom books and stationery have been furnished for the Council during the half-year ending the 30th June, 1867, and the amount of their respective accounts for that period?

Mr. Parkes answered,—I have received from the Secretary to the Council of Education the following explanation,—

(1.) The School Books and Stationery required by the Council of Education are not supplied under contract entered into after being publicly competed for; but, as regards school books, under contract entered into by the late Board of National Education,—such contract requiring that six months notice should be given to the contractor before it can be terminated. Certified Denominational Schools are for the present supplied on the same terms.

(2.) Mr. J. J. Moore, School Books and Apparatus £596 7 0  
 „ J. Sands, Stationery ... .. 102 19 3  
 „ W. Moffatt, do. ... .. 12 0 0

711 6 3

- (3.) Collection of Electoral Rolls :—Mr. Dodds, on behalf of Mr. Lee, asked the Colonial Secretary, pursuant to Notice No. 3,—Is it the intention of the Government to introduce any measure this Session to alter the present mode of collecting the Electoral Rolls, or to discontinue such collection at the Government cost—substituting self-registration?

Mr. Parkes answered,—The Government has not considered the expediency of introducing any measure for effecting any such change in the present mode of collecting the Electoral Rolls as is indicated in the Honorable Member's question. I would wish to take this opportunity to explain what is being done in the collection of the Electoral Rolls. By an Act of last Session, it was determined by the Legislature that the Electoral Rolls for the future should be collected by the Police, and printed at the Government Printing Office. That has been done, and by the employment of type specially kept for the purpose, and keeping the matter standing, nearly the whole expense of yearly preparing the Electoral Rolls will be saved for the future. It is proposed to keep the Electoral Rolls standing, in the form I hold in my hand, which would only require such corrections as may be rendered absolutely necessary by change of residence, instead of the previous costly plan of reprinting the whole of the voluminous Electoral Rolls every year.

2. Motion for Adjournment :—Mr. Robertson moved, that this House do now adjourn.  
Debate ensued.  
Question put and negatived.
3. Petition of Thomas Larkin, (" *Formal* " *Motion* ) :—Mr. Roberts moved, pursuant to Notice,—

Debate ensued.  
Mr. Tighe moved, That the Question be amended, by adding at the end thereof the words, " and that it is the opinion of this House that the extension of the Railway to Murrurundi should be completed without delay."

## VOTES AND PROCEEDINGS

OF THE

# LEGISLATIVE ASSEMBLY.

TUESDAY, 1 OCTOBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Flood Relief, Hunter River Districts—Report on Survey of River:—Mr. Burns asked the Secretary for Public Works, pursuant to Notice No. 1,—When the statistical information, ordered by this House on the 24th July, 1867, relative to floods in the Hunter River Districts, and the Report of the Engineer in Chief for Harbours and Rivers on the survey of the Hunter, will be laid on the Table?

Mr. Byrnes answered,—The statistical information relative to floods in the Hunter River District, and the Report of the Engineer-in-Chief for Harbours and Rivers on the survey of the Hunter are in the course of preparation, and will be laid on the Table of the House as soon as completed—certainly before the end of this month.

- (2.) Messrs. John and George Graham—Conditional Purchases:—Mr. Burns asked the Secretary for Lands, pursuant to Notice No. 2,—Have the Messrs. Graham been informed of the revocation of the cancellation of their Conditional Purchases at Wambangalong Creek; and if so, when?

Mr. Wilson answered,—John Graham was informed on the 18th September. George Graham's conditional purchase has not been cancelled.

- (3.) Silt dredged up in Port Jackson:—Mr. Tunks asked the Secretary for Public Works, pursuant to Notice No. 3,—Is it determined by the Engineer-in-Chief for Harbours and River Navigation to deposit, at or near the Heads, the Silt dredged up in different parts of the Harbour of Port Jackson, instead of, as for some years past, utilizing the silt in reclaiming land at the heads of the bays adjoining the city and suburbs of Sydney, and thereby converting the sites of a threatening pestilence into places available for healthful recreation and usefulness; and if so, by whose or by what authority is the alteration to be made in disposing of the silt dredged up from the harbour?

Mr. Byrnes answered:—It is not the intention of the Government, or the Engineer for Harbours and Rivers, to discontinue the practice of utilizing the silt by reclaiming land at the heads of the bays adjoining the city and suburbs—that practice will still be continued to such extent as Parliament may be disposed to sanction annually, by voting money for landing the silt and forming ground; but as the new dredge will be a very powerful one, capable of raising from 1,500 to 2,000 tons of silt daily, it is the intention, after she has filled all the punts with the silt to be used for reclamation, to send the remainder outside the heads some three or four miles, and drop it into deep water; to land the whole of the silt this dredge could raise, would involve an additional expenditure of £12,000 per annum—it would be very inexpedient to limit the amount of the dredging, merely to the extent of land which the Government may be authorized to reclaim.

- (4.) Public School, Kirkconnell—Dr. Quinn, Roman Catholic Bishop of Bathurst:—Mr. J. Stewart asked the Colonial Secretary, pursuant to Notice No. 4,—If any Report has been made by the Teacher of the Public School at Kirkconnell, to the effect that Dr. Quinn, Bishop of Bathurst, had forbidden the Roman Catholic pupils at that school to continue their attendance thereat?

Mr.

Mr. Parkes answered.—A report has been received from the Teacher of the Public School at Kirkconnell, which represents that Dr. Quinn has forbidden the attendance of Roman Catholic children at that school. The same thing has been done in other cases. The following is a copy of the report referred to:—

“ Kirkconnell Public School,  
“ 17th September, 1867.

“ SIR,

“ I have the honor to inform you that the Roman Catholic Bishop of Bathurst has recently addressed a letter to Mr. James Murray, Kirkconnell, directing that no Roman Catholic children shall attend this school. The letter from his Lordship has already occasioned some of the Catholic children to be withheld from the school. On or about the 14th instant my school was visited, for the purpose of ascertaining the number of Roman Catholic pupils in attendance, by the Rev. Father Walsh, who also, about the same time, visited the Public Schools at Mitchell's Creek and Meadow Flat. Fifty-seven children attend my school, and of these ten are Roman Catholics.

“ I have, &c.,

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 2 OCTOBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Petty Sessions Arrangements at Tuena:—Mr. Alexander asked the Attorney-General, pursuant to Notice No. 1,—

- (1.) Why there is no Court of Petty Sessions at Tuena?  
 (2.) Is he aware that the Police Magistrate of Carcoar, who is paid for presiding at the Tuena Court, never does so?  
 (3.) That a prisoner has remained in the lock-up over seven days on a trifling charge, because no Magistrate could be found to hear the case?  
 (4.) Hundreds of pounds have been lost by reason of creditors not being able to get summonses, or, if obtained, there being no Court to try the causes?

Mr. Martin answered,—Mr. Dulhunty, the Police Magistrate of Carcoar, was, by letter dated the 28th June, 1866, directed to attend at Tuena once a month to hold a Court of Petty Sessions there, receiving for such attendance £25 a-year. He was, on the 1st of August last, relieved from this duty, and Mr. Keightley, the Police Magistrate at Rockley, was instructed to perform it in his stead, at the same remuneration. I have been informed that Mr. Dulhunty did not hold a Court at Tuena since November last, and he has been called upon to state why he did not do so. Mr. Keightley states, in a letter dated 13th August last, that he ought to receive £150 for attending once a month at Tuena, and his letter has been referred to the Inspector-General of Police for his report.

- (2.) Dr. Ross, J.P., Molong:—Mr. Forster asked the Government, pursuant to Notice No. 2,—With reference to an inquiry lately instituted, or understood to have been instituted, by the Government, into the conduct of Dr. Ross, J.P., of Molong, involving the fitness of the said Dr. Ross for the office of Magistrate, what has been the result of the said inquiry, and what steps have the Government taken, or do they intend taking, in the matter?

Mr. Parkes answered,—No inquiry has been instituted by the Government into the conduct of Dr. Ross, J.P., of Molong, involving his fitness for the office of Magistrate. Complaints and recriminations have been received from several Members of the Molong Bench, but the Government has arrived at no determination in the matter.

- (3.) Lost Registered Letters intended for Panama Mail:—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 3,—With reference to a package of registered letters lost, or understood to have been lost, some months ago, and which were sent, or intended to have been sent, by the Panama Mail,—

- (1.) In what place, or in what stage of transit, did the loss occur?  
 (2.) What is the number of letters lost?  
 (3.) What are the number and respective values—so far as the same can be ascertained—of money orders, or of other valuable enclosures lost?  
 (4.) What steps have the Government taken, or do they intend taking, by way of recovery of the said letters, or in satisfaction of the claims of parties who have incurred loss thereby?

Mr. Parkes answered,—

- (1.) It is impossible to say positively at what stage of transit the loss occurred, but an inquiry which was held into the matter left strong reason to suppose it took place after the letters left the Sydney office.

- (2.) Fifty.

(3.)

(3.) It will be necessary, if I give anything like a full answer to this question, to go at considerable length into detail. I hold in my hand an official return of letters included in this package which was lost, with the contents of each letter as far as they can be ascertained, and the only way that I see of answering the question is to read what were the contents of each letter. No. 1, contained a half sovereign. The contents of Nos. 2 and 3 are unknown. No. 4 contained a Money Order for the sum of £4 9s. No. 5 a small brooch. Nos. 6 and 7, contents not known. No. 8, a letter giving advice of an insurance. No. 9, draft for £40, and a Money Order for £10. No. 10, not known. No. 11, nothing of importance. Nos. 12 and 13, unknown. No. 14, a draft for £1,000. No. 15, a draft, amount unknown. No. 16, draft for the respective amounts of £1,000, £409 6s. 3d., and £36 3s. 9d. Nos. 17 and 18, no enclosures. No. 19, unknown. (No. 20, a Bill of Exchange for £10. No. 21, a Money Order for the sum of £7. Nos. 22, 23, and 24, Government Treasury Bills of the value of £300, issued in solo payable to bearer. No. 25, a collar and cuffs of needlework. No. 26, a Money Order for £1. No. 27, second of Exchange of a draft for £5. No. 28, Money Order for £4. No. 29, draft for £25. No. 30, writing only. No. 31, second of Exchange of draft for £5. No. 32, two sovereigns. Nos. 33, 34, 35, and 36, unknown. No. 37, a draft for £5. No. 38, Money Order for £6. No. 39, draft for the sum of £1. No. 40, a draft for 10s., and a gold keeper. No. 41, nothing of importance. No. 42, second of Exchange of draft for £15. Nos. 43 and 44, not known. No. 45, Money Order for £5. No. 46, not known. No. 47, Money Order for £3. No. 48, Promissory Note, amount not given. Nos. 49 and 50, not known.

(4.) In reply to this question, I am furnished with this information from the General Post-office:—"Immediately on a report of the non-arrival of these letters being received from the London Office, a Board was appointed to investigate and report upon the matter; the London office was communicated with by telegram, for information, as to the condition of bags and seals when received; the matter was placed in the hands of the police; the postal authorities at New Zealand, and the Panama Mail Company were communicated with, and the senders of letters were written to to furnish the particulars of the contents; which particulars, with the addresses of the letters, were forwarded to London, with a request that such steps, as were in the power of the authorities there might be taken to ascertain the fate of these remittances. Up to the date of the latest advice from England, none of the Money Orders or Drafts had been presented for payment, nor had any trace of the letters been detected. Beyond issuing duplicate Orders where Money Orders were forwarded the Government is unable to take any further steps."

(4.) Bridge across the Murray River:—Mr. Landale asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) Whether he is aware that in consequence of the floods in the Murray River, all traffic across that river is now suspended, owing to the non-erection of the bridge, the money for which was voted in 1862?

(2.) Are the plans and specifications for the bridge referred to sufficiently complete to enable the Government to call for tenders at once, and if so, is it intended to proceed with the work without further delay?

Mr. Byrnes answered,—

(1.) No communication has been received by the Government that, in consequence of the floods in the Murray, all traffic across that river is now suspended.

(2.) Plans and specifications for a bridge at Echuca are being prepared by the Engineer-in-Chief for Railways in Melbourne. The money voted in 1862 was for a bridge at Moama, and cannot be expended on the bridge at Echuca without the sanction of the Legislature.

(5.) Loan of Museum Buildings for a Ball, in honour of the Duke of Edinburgh:—Mr. J. Stewart asked the Colonial Secretary, pursuant to Notice No. 5,—

(1.) Whether the recently erected addition to the Museum has been leased, lent, or granted, for the purpose of being converted into a ball room, dancing saloon, or other receptacle, for the display of pomps and vanities?

(2.) If so, upon what terms, to whom, and by whom, has this building been diverted from the object to which it was dedicated by law, and erected at the public expense?

(3.) Whether the pomp and vanity exhibition will be open to the public?

Mr. Parkes answered,—

(1.) The use of the great hall of the Museum was granted by the Trustees to a committee of ladies, which, it was understood at the time, would represent the ladies of the Colony, in order that a Ball, of a more extensive character than could take place elsewhere, might be given in honour of the arrival of His Royal Highness the Duke of Edinburgh.

(2.) I believe persons will be admitted to this Ball in the usual manner.

2. Proposed Alterations in Land Laws:—Mr. Forster presented a Petition from J. H. Kemp, as Chairman of a certain public meeting of the Inhabitants of the Macleay River District, complaining of certain alleged evils arising to them from the establishment of the present uniform price of one pound per acre for land, and suggesting certain alterations in this and other respects, as regards the Land Laws; and praying consideration and redress.  
Petition received.

3. Land Laws Amendment and Freehold Settlement Bill (No. 2):—Mr. Martin having presented this Bill, intitled “*A Bill to amend the Land Laws and to make better provision for the Freehold Settlement of the Colony,*”—read a first time.  
Ordered to be printed, and read a second time to-morrow week.
4. *Ad-valorem* Duties:—Mr. Joseph presented a Petition from certain merchants and others engaged in commercial pursuits, drawing attention to the entire system of taxation in New South Wales, more particularly with reference to the *Ad-valorem* Duties; and praying the House to repeal the Act imposing *Ad-valorem* Duties, and to devise a more equitable mode of raising revenue.  
Petition received.
5. Paper:—Mr. Eagar laid upon the Table, Return to Order, in reference to “*Crown Lands Statistics,*” made by this House, on motion of Mr. Robertson, on 3rd September, 1867.  
Ordered to be printed.
6. Railway Loan:—On the Order of the Day being read, for the further consideration, in Committee of the Whole, of the following Resolutions:—
  - (1.) That, in the opinion of this House, it is expedient to raise a loan of £3,000,000 for Railway purposes.
  - (2.) That the foregoing Resolution be communicated by Address to His Excellency the Governor,—  
the Speaker left the Chair, and the House resolved itself into a Committee of the Whole, for such further consideration.  
The Chairman reported progress, and obtained leave to sit again to-morrow.
 The House adjourned, on motion of Mr. Martin, at twenty-four minutes after Eleven o'clock, until To-morrow, at Three o'clock.

W. M. ARNOLD,  
*Speaker.*

## VOTES AND PROCEEDINGS

OF THE

# LEGISLATIVE ASSEMBLY.

THURSDAY, 3 OCTOBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Impounding of Stock by a Poundkeeper off an adjoining Run:—Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Is it considered consistent with the legal and efficient discharge of his duty that a poundkeeper should impound stock off an adjoining run, not held by him?

(2.) Have any complaints been received by the Government of such conduct on the part of any poundkeeper?

Mr. Wilson answered,—

(1.) There is nothing in the present Impounding Act to prevent a poundkeeper from impounding stock off an adjoining run, not held by him, if he has received the authority of the owner of such run to do so.

(2.) No.

- (2.) Fortification of South and Middle Heads:—Mr. Tunks asked the Secretary for Public Works, pursuant to Notice No. 2,—Do the Government intend to commence erecting a Stockade, and fortifying South and Middle Heads, for which works money was appropriated last session of Parliament; and, if so, when, and if not, for what cause?

Mr. Byrnes answered,—It is not the intention of the Government at present to proceed with these works. It is still a matter of controversy in England what kind of guns and fortifications are best suited for the defence of harbours, and it has been thought prudent to delay the works in question until fuller information can be obtained, and so long as there seems no likelihood of any war arising in which the Home Government would be involved.

- (3.) Government Contributions in aid of Schools of Arts:—Mr. Tunks asked the Government, pursuant to Notice No. 3,—Is it the intention of the Government to pay the amounts in aid of Schools of Arts for the current year, in accordance with the conditions stated in the Estimates of Expenditure presented to Parliament last Session, or according to the terms of the Appropriation Act of the same Session of Parliament?

Mr. Martin answered,—It is not the intention of the Government to pay the amounts in aid of Schools of Arts for the current year, in accordance with the terms of the Appropriation Act of last Session, for this reason:—The money voted for Schools of Arts was voted in this way—In aid of Educational Institutions in the proportion of £1 to every £2 raised by private contribution; but in the Appropriation Act it is thus stated,—“In aid of Educational Institutions on condition that an equal amount be raised by public contributions.” So that it appears that the officers of the House who had the care of preparing the Appropriation Act made a mistake in the insertion of this item, and the Government have thought it their duty to expend this money, not according to the Act, which is thus mistaken, but in accordance with the actual vote of this House.

(4.)

(4.) Amendment of Customs Act (3 Vic., No. 3).—Mr. Joseph asked the Colonial Treasurer, pursuant to Notice No. 4,—Does the Honorable the Colonial Treasurer (in accordance with a promise made to a deputation from the Chamber of Commerce in July, 1866) intend, during this Session, to introduce a Bill to amend such portion of the Customs Act, 3 Vic., No. 3, 24 July, 1839, so far as to shorten the period within which consignees of goods should be required to pass import entries?

Mr. Eagar answered,—It is intended, at an early date, to introduce a Bill to amend so much of the Act, 9 Vic., No. 15, as relates to the collection of *Ad valorem* Duties; and in that Bill provision will be made to shorten the period within which consignees of goods will be required to pass import entries. The Act, 3 Vic., No. 3, to which the honorable member alludes, is already repealed in its entirety by the Act, 9 Vic., No. 15.

(5.) Regulation of Qualifications of Chemists and Druggists:—Mr. Roberts asked the Attorney General, pursuant to Notice No. 5,—Is it the intention of the Government to introduce, this Session, a Bill to regulate the Qualifications of Chemists and Druggists?

Mr. Martin answered,—It is not the intention of Government to introduce, this Session, such a Bill as that to which the honorable member refers.

2. Paper:—Mr. Eagar laid upon the Table, Statement of the particulars of the Public Debt of the Colony of New South Wales, on 31st August, 1867. (*In substitution of the Statement of the Public Debt, which was laid, with the Estimates of the Ways and Means, on the Table of the Legislative Assembly, and ordered to be printed, on 12th September, 1867.*)

Ordered to be printed.

Question put and passed.

Ordered to be printed.

5. The fact is that the road sought to be given in lieu of the one taken from Hickey's land being still in the Crown, it is held that the 16th Section of the Act IV William IV No. 11, which is the only legislation under which an exchange could be made, does not apply to the case.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 11 OCTOBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question on Notice Paper for to-day :—

Church and School Lands :—Mr. Stimpson asked the Secretary for Lands, pursuant to Notice,—Is it the intention of the Government to renew the leases, or to otherwise dispose of the Church and School Lands—which leases expire on the 30th June, 1868, by effluxion of time?

Mr. Wilson answered,—The Church and School Lands, according to the late decision of the Supreme Court, are held by the Crown in trust for the purposes for which they were originally set apart. It is competent, however, for the Legislature of this Colony to deal with them as it may think fit. Until an Act is passed providing for the disposal of them, or of the proceeds arising from their sale, it is not considered expedient to renew the leases which have already fallen, or those which are about to fall, in. Pending the passing of an Act, these lands can only be let, if at all, for periods not exceeding a year. It is not improbable that a Bill will be submitted for the consideration of Parliament in its next Session.

Field, at Nandi, Coonabarabran.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

THURSDAY, 7 NOVEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question on Notice Paper for to-day:—

Accommodation for holding Courts of Justice in Wagga Wagga:—Mr. Macleay asked the Premier, pursuant to Notice,—

(1.) Have not strong and urgent representations been frequently made to the Government within the last four years, by Judges, Magistrates, and others in authority, as to the want of suitable accommodation for holding Courts of Justice in Wagga Wagga?

(2.) Do the Government intend to provide the requisite buildings, and if so, when?

Mr. Martin answered,—Several representations have within the last four years been made to the Government in reference to the want of suitable accommodation for holding Courts of Justice in Wagga Wagga. In January last I visited the Court House in that town in company with the Police Magistrate, and, on my return to Sydney, I submitted certain proposed additions to it to the Department of Public Works. The Colonial Architect had, previously to those proposed additions being submitted, partially prepared plans of additions to the Court House, but they were not completed in consequence of the difficulty of making those additions without pulling down the building used as a Telegraph Office and the expense which such pulling down would have involved. Plans and specifications are now in course of preparation for the necessary addition to the Wagga Wagga Court House and for a new Telegraph Station and Post Office adjoining to it. Those plans and specifications will, I am told, be ready in about a fortnight, and the works will then be proceeded with, without delay.

No. 74.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 12 NOVEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Gold Escorts :—Mr. Rodd asked the Colonial Treasurer, pursuant to Notice No. 1,—

(1.) How many Gold Escorts are there maintained at the public expense—what is the cost of each, and the total cost thereof?

(2.) At what period do the Escorts leave the several districts?

Mr. Eagar answered,—As the most convenient mode of answering the Questions of the honorable member, I have caused a Return to be prepared, shewing,—

1. The number of Gold Escorts maintained at the public expense.

2. The total cost thereof.

3. The periods at which the Escorts leave their several districts.

As the account of the cost of each Escort is not kept separately (the service being carried on as a whole), I am unable to furnish the honorable member with any precise information as to such separate cost. The Return, however, which I shall presently lay upon the Table, gives the required information as nearly as practicable, and it will be seen that, at the rates for which the whole service is at present being performed, a reduction has been made upon last year's expenditure.

- (2.) Free Public Library :—Mr. Burns asked the Colonial Secretary, pursuant to Notice No. 2,—What steps have the Government taken, or do they intend taking, for the establishment of a Free Public Library, for which the sum of £25,000 was voted by this House in the year 1861?

Mr. Parkes answered,—The amount voted by Parliament would be insufficient for the establishment of a Free Library on a plan commensurate with the wants of this community. Some time ago the subject was under the consideration of the Government, and it was not thought expedient to ask further grants from Parliament in the present financial state of the colony.

- (3.) Road between Armidale and Port Macquarie :—Mr. Forster asked the Secretary for Lands, pursuant to Notice No. 3,—What steps have the Government taken, or do they intend taking, with reference to a Petition from certain residents at or near Port Macquarie, forwarded to the Government on or about September 24th, embodying a prayer to the effect that better provision might be made for repairing, or rendering more available for increased traffic, the road between Armidale and Port Macquarie?

Mr. Wilson answered,—The increase in classification of road will be considered when next road schedule is being prepared. Plans are in preparation and tenders will be invited immediately for bridge over Deep Creek. Section has been taken for bridge over the Ellenborough River—when drawing and estimate are made, the Government will be in a position to determine whether the sum required should be placed on the estimates or not.

- (4.) Roads between New England and the Rivers Manning and Macleay :—Mr. Forster asked the Secretary for Lands, pursuant to Notice No. 4.—What steps have the Government taken, or do they intend taking, towards repairing, or rendering more available for increased traffic, the two roads, namely—

(1.) Between New England and the River Manning?

(2.) Between New England and the River Macleay?

Mr.

Mr. Wilson answered,—

(1.) There is no through road between New England and the Manning River, and it is not at present proposed to make one.

(2.) A considerable sum has been expended in improvements on the Range between Armidale and the Guy Fawkes, and between the Guy Fawkes and Kempsey. The amount voted by Parliament has been expended in permanent improvements, chiefly in the vicinity of Nulla Nulla.

(5.) Proceedings in Equity Court—Attorney General *v.* Elliott and others :—Mr. R. Stewart asked the Attorney General, pursuant to Notice No. 5,—

(1.) Why proceedings were instituted in the Equity Court in 1864—the Attorney General *v.* Elliott and others ?

(2.) Have the proceedings been conducted under the supervision of an officer of the Attorney General's Department ?

(3.) Why have upwards of three years been occupied by the plaintiff in this case ?

Mr. Martin answered,—

(1.) The proceedings in Attorney General *v.* Elliott have been instituted by Mr. Hutchinson, who, under the authority of the Sign Manual, has obtained Letters of Administration of the goods of John Tebbutt, deceased, (a legatee under the will of Sophia Beeson)—whose interest has escheated to the Crown. Instructions for these proceedings were received by Mr. Hutchinson from the solicitor to the Treasury, England. The Attorney General is plaintiff, *pro forma* only.

(2.) The proceedings have been conducted by Mr. Hutchinson's solicitor, who has kept me informed of any steps taken in the suit.

(3.) The case has been delayed, by reason of the deaths of parties to the suit, and the taking of evidence. I am told that it will shortly be set down for hearing.

(6.) Documents in Police Office case—Eckhart *v.* Eckhart :—Mr. Windeyer asked the Attorney General, pursuant to Notice No. 6,—

(1.) By whose order were the documents in the case of Eckhart *v.* Eckhart, tried at the Central Police Office last week, allowed to be copied for publication in a newspaper ?

(2.) Is the Attorney General aware that it is the practice at the Central Police Office to furnish to the press, without payment, depositions and documents which the parties interested therein cannot obtain without payment ?

Mr. Martin answered,—I am informed by Captain Scott, that the documents in the case of Eckhart *v.* Eckhart were not allowed to be copied in his office for publication. Captain Scott further states that there were two reporters present taking notes ; that the letters read out in Court were afterwards returned to the defendant's attorney, and that copies of the depositions were furnished, by request, to the attorneys on each side, and paid for. It appears to be the practice at the Central Police Office to allow newspaper reporters to look over the depositions daily taken there, to enable them to give correct reports. It appears also to be the practice at that Office to permit the clerks, after office hours, to give, on payment of a small fee, copies of such depositions as may be required by persons, whether interested or not. I consider the practice of giving copies of the depositions, and of the documents referred to in the depositions in any case, to persons not interested in such case, objectionable, and I shall direct it to be discontinued.

(7.) Gaol at Dubbo :—Mr. Lord asked the Government, pursuant to Notice No. 7,—When is it the intention of the Government to make such additions to the gaol at Dubbo, as will afford the proper and necessary accommodation to parties confined in that building ?

Mr. Parkes answered,—Plans for improving and extending the accommodation in the Gaol at Dubbo are in preparation, and will shortly be ready. So soon as these plans are completed and approved, the works will be commenced.

(8.) *Re Yates*—Police Office case :—Mr. Windeyer asked the Attorney General, pursuant to Notice No. 8,—Has the Attorney General taken any steps to bring to justice a person named Yates, prosecuted at the Central Police Office, for throwing a corrosive liquid over the face of a young woman, but who was discharged by the magistrate trying the case, notwithstanding a strong *prima facie* case was made out against him ?

Mr. Martin answered,—I have requested the Inspector General of Police to take such further proceedings as he may think necessary, after inquiry into the circumstances of the case to which the honorable member refers. I have looked into the depositions, and the case disclosed in them does not appear to be of such a character as the honorable member's question would imply.

2. Paper :—Mr. Eggar laid upon the Table, Tabular Statements, (*in reference to Question No. 1 above*) containing,—

(1.) Return of Gold Escorts maintained at the Public Expense—(Estimated) cost and total cost thereof.

(2.) Periods at which the Escorts leave the several districts.  
Ordered to be printed.

3. Water Right, Burrangong Gold Fields—M'Grain and party and Deering (*"Formal" Motion*) :—Mr. Thornton moved, pursuant to Notice, That there be laid on the Table of this House, a Copy of all Correspondence between the Minister for Lands, the Attorney General, and any other person or persons, and all other official documents relating to the claim and dispute to a Water Right on the Burrangong Gold Fields, between M'Grain and party and Deering.

 Ordered to be printed, and read a second time on Friday week.
9. Export Duty on Gold :—*Mr. Rodd* moved, pursuant to Notice, That in the opinion of this House, the present Export Duty on Gold is unjust and impolitic; is injurious to the prosperity of our Gold Fields; a tax on an industry pursued under great difficulties; and ought therefore to be abolished.  
 Debate ensued.  
*Mr. Burns* moved the Previous Question.  
 Debate ensued.  
 Previous Question,—That that Question be now put,—put and negatived.
10. Motion Withdrawn :—*Mr. Rodd* withdrew the Notice No. 2 on the Notice Paper for to-day.

 Question put and passed.
13. Motion Withdrawn :—*Mr. Garrett* on behalf of *Mr. Driver*, withdrew the Motion No. 8 on the Notice Paper for to-day.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

WEDNESDAY, 13 NOVEMBER, 1867.

I. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Court-house at Cundletown:—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) Has any representation been made to the Government, showing the necessity or desirability of providing a Court-house at Cundletown, for purposes of Petty Sessions?

(2.) Is the Government aware that there is no suitable place or building for the purposes in question?

(3.) What steps have the Government taken, or do they intend taking, in the matter?

Mr. Parkes answered,—No representation appears to have been made to the Government on the subject. There is a Court-house at Wingham, twenty-two miles from Cundletown, and also at Tarce, recently erected, distant only seven miles from Cundletown.

and in other cases of a similar kind included in the said return?

Mr.

Mr. Parkes answered,—I have received a letter from the Secretary to the Council of Education, of which the following is an extract:—" Under the late Board of National Education one-fourth of the school fees paid in the six vested National Schools in Sydney was reserved and applied to various purposes in connection with the Schools, the remaining three-fourths being distributed among the Teachers in the rates of their respective salaries. When the Public Schools Act came into operation this arrangement was necessarily discontinued, inasmuch as Section 16 requires that all fees collected in any school shall be paid to the Teacher, and in consequence an additional sum of about £70 per month became payable to the Teachers in these schools. Pending the adoption of a scale of Teachers' salaries, and the determination of the number and rank of the Teachers to be employed in each school, the Council, early in the month of January, 1867, found it necessary, in consequence of the circumstances before stated, to pass a resolution limiting the remuneration of Teachers to the same rates as they received in 1866. This arrangement could be carried into effect only by deducting from the monthly salary of each Teacher the additional sum paid as school fees, which course the Council accordingly resolved to adopt."

2. Gold Duties Reduction Bill ("Formal" Motion):—Mr. Eagar moved, pursuant to Notice, That this House will, on Wednesday next, resolve itself into a Committee of the Whole, to consider the propriety of introducing a Bill for the reduction and gradual abolition of the Duty on Gold.

3. Richard Peard ("Formal" Motion):—Mr. Neale, on behalf of Mr. Alexander, moved, pursuant to Notice, That there be laid on the Table of this House, all correspondence and documents in connection with Richard Peard's claim under the Superannuation Act—Also letters from the Inspector General of Police to the Clerk of Petty Sessions at Goulburn respecting the said claim.  
Question put and passed.
4. Postponements:—The Orders of the Day Nos. 1 to 6, inclusive, postponed respectively, until to-morrow; No. 2 on motion of Mr. Wilson, and all the others on motion of Mr. Martin.
5. Supply:—The Adjourned Debate on the motion of Mr. Eagar, "That" the Speaker do now leave the Chair—upon which Mr. Macleay had moved by way of amendment, the omission of all the words after the word "That," with a view to inserting in their place the following words, *viz.*:—"this House disapproves of the financial policy of the Government, inasmuch as it contemplates the continuance of the present five per cent. *ad-valorem* duties, which have been found by experience to be of little use for the purposes of revenue or protection, while they have been most injurious to the trade of the Port of Sydney,—"  
Resumed and continued.

And the House continuing to sit until after Midnight;—

THURSDAY, 14 NOVEMBER, 1867, A.M.

Motion made by Mr. Driver, and Question,—That this Debate be now adjourned until to-morrow,—put (after debate) and negatived.

Debate on main Question continued.

Question put,—That the words proposed to be omitted stand part of the Question. The House divided.

Mr. Parkes answered,—I have obtained the following information from the Secretary to the Council of Education.

- (1.) There has been a temporary re-arrangement of salaries of teachers in six Public Schools in Sydney.

- (2.) To save the trouble of a monthly adjustment which would otherwise have been required to effect that object.

All these arrangements were of a temporary nature, as no final revision could be made until the *number* and *rank* of the teachers to be employed in each school had been determined. The *rank* of the teachers again depended upon the classification they might gain by examination, and up to the end of July it was intended that all teachers should undergo examination for this purpose. (3.) And why the Magistrates neglected to take bail in the same case, as by law required?

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

FRIDAY, 22 NOVEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

*Mr. R. Stewart withdrew the Question No. 1.*

- (1.) Obstruction to Public School Inspectors :—Mr. J. Stewart asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) If the Public School Inspectors have in any case been refused permission to inspect any School?

(2.) If so, by whom, and what School, or under what circumstances?

Mr. Parkes answered,—I regret to say that the Inspectors have been refused permission to conduct the examination required by law, in a Certified Roman Catholic Denominational School, in the City of Sydney. The School in question was brought under the operation of the Public Schools Act in the ordinary manner. The Teachers in it are servants of the Council of Education, receiving salaries from the Public funds, at the following rates :—

|                       |     |     |     |               |
|-----------------------|-----|-----|-----|---------------|
| Head Teacher (female) | ... | ... | ... | £72 per annum |
| Assistant do          | do  | ... | ... | 50 "          |
| Infant do             | do  | ... | ... | 60 "          |
| Pupil do              | do  | ... | ... | 15 "          |
| Do                    | do  | do  | ... | 15 "          |
| Total...              | ... | ... | ... | £212          |

As the matter may be followed by important results. I think it will be best to place the House in possession of full particulars. I will, therefore, with permission, read the Minutes of the Officers concerned.

“ Council of Education,

“ 20/11/67.

“ Memorandum to the Secretary.

“ In accordance with our programme of inspection, Mr. Jones and myself “ visited the certified Denominational Roman Catholic School at Pitt-street south “ this day, for the purpose of holding an examination. We find the School con- “ ducted in a manner as if the Council of Education had no existence. The more “ important regulations are not observed, and the spirit of the Public Schools Act “ is disregarded. The religious teaching is not confined to the time prescribed in “ article 72, section 6, of the regulations, but is continued during other parts of “ the day. For example—the Rev. J. F. Sheridan conducted a service at 11:20 “ A.M., which lasted at least for half an hour. This was in addition to the special “ religious instruction given from 9:30 A.M. to 10:30 A.M. Books of a purely “ religious character, as Reeve’s History of the Bible, are used during the hours “ required by the Council to be devoted to secular instruction. The Teacher has “ made no application for approved school books, nor, as she informs me, does she “ intend to apply for them, inasmuch as they have not been sanctioned by His “ Grace the Archbishop. The instruction is not regulated by the necessary “ documents—Time Table excepted.

“ In endeavouring to carry out the inspection we have met with great obstruc- “ tion, so that although we hoped to have finished the examination in one day, it is “ not likely to be finished, at the rate we are proceeding, in three.

“ Notwithstanding

“ Notwithstanding that our demeanour has been most conciliatory, the manner of the principal Teacher, and of one of the assistants, has been very offensive. Mr. Jones came into the Girls' School during the morning to complain that the former had, without being previously spoken to, and without the least provocation, rushed into the room where he was conducting the examination, and addressed him in language which he regarded as insulting. In consequence of this rudeness, he expressed to me a desire to discontinue the examination; but, being anxious to avoid any unpleasantness, I persuaded him to re-consider the matter, and to try, if possible, to finish the work he had begun. This he consented to do with great reluctance. At his most urgent request, I remained with him for a part of the time while the examination lasted.

“ At the close of the examination this evening, Mr. Jones repeated to me his wish, in order to avoid being subjected to further insults and annoyances, not to resume the examination of the School to-morrow; and as I have myself experienced discourteous and unladylike treatment from the Teacher in charge, I feel bound to join with him in requesting your advice, under the circumstances. It seems to me that there is an evident intention, on the part of those engaged in the teaching of the School, to render inspection next to impossible.

“ (Signed) E. JOHNSON,  
“ Inspector, Sydney District.

“ Sydney, 19th Nov., 1867.”

“ SYDNEY DISTRICT.

“ Memorandum to Inspector.

“ Your Memo. of this date on Pitt-street South R.C. School.

“ Although the proceedings you report have the appearance of pre-concerted obstruction, I think it would be well to make another effort to carry on the examination. By maintaining the conciliatory demeanour you have hitherto exhibited the opposition to your inspection may be softened, and the remainder of the work may be found more easy of accomplishment.

“ But should you find the obstruction and annoyance continued when you resume your duties in the School to-morrow, I advise that you should at once withdraw, and apply to the Council for directions.

“ I do not feel at liberty, without reference to the Council, to give you positive directions on this important matter.

“ Memorandum to the Secretary.

“ Pitt-street South R.C.

“ In accordance with the advice received from you yesterday, Mr. Jones and myself called again at this School this morning, for the purpose of completing, if possible, the examination. An incident occurred soon after my arrival, which will serve to exhibit to the Council the sort of treatment the Teachers consider proper and becoming in them to accord to the Council's officers. Upon my entering the Infant Class-room, the pupils—no doubt wishing to show the usual respect to a Visitor—attempted to rise, but the Teacher no sooner perceived the movement than, looking from me to the children, she called out to the latter, in loud and angry tones, “ Sit down! sit down!” Following the line of conduct I had mentally mapped out to myself, I took no notice of the circumstances, but passed out of the room. Shortly afterwards, whilst speaking to Mr. Jones in the Class-room, the principal Teacher abruptly entered and said, in a curt and unceremonious manner, that the Vicar General wanted us. Naturally struck with the mode in which it was sought to subject us to a species of indignity, we hesitated for a moment, but bearing in mind your advice, that we should continue to exhibit a conciliatory demeanour, we decided to put ceremony aside and obey the summons. The Vicar General, in the presence of another ecclesiastic and a layman—the Teachers and the bulk of the pupils being in the same room—then informed us that he had called at the School on the previous evening, for the purpose of learning the results of the examination; that complaints were then made to him respecting the manner in which the examination had been conducted; and that, in consequence of those complaints, he would not permit the examination to proceed. As he declined, in the most haughty and peremptory manner, to state in what way we had given offence, notwithstanding that I respectfully requested him to do so, we took our departure from the premises.

“ In justice to myself and my colleague, I cannot let this opportunity pass without appealing to the Council for protection against the discourteous and ungentlemanly treatment which, to-day and on Monday last, we have received from the Very Rev. the Vicar General. The manner in which he endeavoured to humiliate us to-day, in the presence of another ecclesiastic, a layman, the Teachers and the children of the School, I have already described. But on Monday

“ last

“last, whilst conducting the examination of the Surry Hills Roman Catholic School, the very reverend gentleman walked into the School at 4 p.m., and, without addressing himself either to me or to Mr. Jones, said to the Teacher, in the hearing of all the pupils, that he wanted the boys, and that they had no business in the School-room, as it was past four o'clock; words which the Teacher repeated to me.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

FRIDAY, 29 NOVEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Coal Shipped at Newcastle for various Ports :—Mr. Burns asked the Colonial Treasurer, pursuant to Notice No. 1,—

(1.) The quantity of Coal shipped at Newcastle for Singapore, Hongkong, Shanghai, Petropaulovski, United States, Java, Valparaiso, Victoria, New Zealand, Queensland, Tasmania, and South Australia, respectively, and for any other foreign or intercolonial destination, from the 1st October to the 31st December, 1866; and also from the 1st January to the 30th September, 1867.

(2.) The like information in reference to the exports *via* Sydney, during the latter period.

Mr. Eagar answered,—The information asked by the honorable member is comprised in a somewhat lengthy return which I hold in my hand; and perhaps the best mode of furnishing the information would be to lay this document on the Table, and move that it be printed, which I shall presently do.

- (2.) Guards on Mail Coaches between Tamworth and Armidale :—Mr. Wisdom asked the Colonial Secretary, pursuant to Notice No 2,—Is it the intention of the Government to place guards on the mail coaches running between Tamworth and Armidale?

Mr. Parkes answered,—The Postmaster General is of opinion that guards should be placed on the mail coaches running between Tamworth and Armidale, and the necessary instructions will be given to carry out this recommendation.

- (3.) Publicans as Trustees of Minor Roads :—Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 3,—

(1.) Has it been determined by the Government that publicans shall not be allowed to retain the position of Trustees for the expenditure of Minor Road Grants?

(2.) If so, when was that determination arrived at?

Mr. Wilson answered,—

(1.) Instructions have been issued that, in future, publicans are not to be appointed as Trustees for the expenditure of Minor Roads Grants.

(2.) These instructions were dated 16th instant, and for this reason—that the Government considered it advisable to take this course.

- (4.) Mr. Sub-Inspector Keegan—(Management of Police in Clarence District) :—Dr. Lang asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Have any charges been made against Mr. Sub-Inspector Keegan, lately in charge of the Clarence District?

(2.) Have any complaints reached the Government relative to the management of the Police in the Clarence District during the period Mr. Keegan was in charge of the District?

(3.) Have any steps been taken by the Government to hold an investigation into such charges and complaints?

Mr. Parkes answered,—I have received the following statement from the Inspector General of Police :—

“(1.) Charges have been made against Sub-Inspector Keegan, which have been investigated. One of perjury was heard before the Bench of Magistrates at Grafton, and dismissed.

“(2.)

" (2.) Complaints have been made regarding the management of the Police in the Clarence District, in connection with the charges preferred against Mr. Keegan, by some of the residents there; but prior to the period when the complaints were first made against Mr. Keegan, I was informed from all quarters that both officer and men were most efficient. Many of the Magistrates and others still maintain this opinion.

" (3.) The charges have been investigated, as far as practicable. The most serious complaint forms the subject of an action at law, in which Mr. Keegan, as plaintiff, recently received damages; but it is understood that a new trial will be moved for. Sub-Inspector Keegan has been removed from the district.

" (Signed), Jno. McLERIE,  
" Inspector General of Police."

No. 88.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

THURSDAY, 5 DECEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Superannuation Act of 1864:—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 1,—Is it the intention of the Government to introduce, during the present Session, any Bill to amend the Superannuation Act?  
Mr. Parkes answered,—About a year ago an Actuary was appointed to inquire into the state and prospects of the Superannuation Fund. This gentleman's report estimates the value of present liabilities under the Act at not less than £290,000, and suggests that any Bill to amend the law should provide for the payment of all pensions and allowances that have hitherto arisen, or that may arise during the next ten years, out of the Consolidated Revenue Fund. These statements and propositions, made apparently on authority, are sufficient to suggest great difficulties in effectually dealing with the question; and the Government, after much consideration, is of opinion that Parliamentary inquiry ought to precede legislation. As it is desirable that the present session should be brought to a close, and Parliament convened early next year, it does not appear expedient to make any attempt, in the existing state of things, which would probably fail in leading to a satisfactory settlement.
- (2.) Trustees for Minor Road Grants:—  
(1.) Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 2,—  
(1.) Have any complaints been received by the Government of the conduct of any publican or publicans acting as Trustees for the expenditure of Minor Road Grants?  
(2.) If so, against whom, and by whom were such complaints preferred?  
Mr. Wilson answered,—  
(1.) Complaints of the nature indicated have been made.  
(2.) As no good can arise from giving the honorable member the information asked for, I must decline doing so.
- (2.) Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 3,—Has it been determined by the Government that persons who cannot read or write shall not be allowed to retain the position of Trustees for the expenditure of Minor Road Grants?  
Mr. Wilson answered,—It has been determined by the Government, that persons who cannot read and write shall not, in future, be appointed Trustees for the expenditure of Minor Road Grants.
- (3.) Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 4,—Is it the intention of the Government to remove all publicans from existing Minor Road Trusts, and also all persons who cannot read or write?  
Mr. Wilson answered,—It is not the intention of the Government to interfere with the Trustees who have the expenditure of the present grants.
- (3.) Messrs Lennon and Cape, as Government Brokers:—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice No. 5,—Did Messrs. Lennon and Cape, the Government Brokers, receive written instructions relative to the sale of £219,000 Government Debentures, of which £135,000, sold to the Mutual Provident Society, formed part?

Mr.

Mr. Eagar answered,—No written instructions were furnished to Messrs. Lennon and Cape, as Mr Lennon was daily in attendance at the Treasury for the purpose of personal conference with me.

(4.) Railway Line from Singleton to Muswellbrook :—Mr. White asked the Secretary for Public Works, pursuant to Notice No. 6,—

(1.) What is the date of the new Contract for the Permanent Way on the Railway line from Singleton to Muswellbrook?

(2.) What time has been allowed for the completion of the Contract?

(3.) Have the Contractors yet commenced the works?

(4.) When will Tenders be called for the erection of Station Buildings at Muswellbrook and along the line?

Mr. Byrnes answered,—

(1.) The date of new Contracts for the Permanent Way is 1st November, 1867.

(2.) The time allowed for the completion of the Contract is 14 months from 1st October last.

(3.) The Contractors have not yet commenced laying the Permanent Way, but I am informed they have contracted for 4,500 sleepers, to be delivered at different stations along the line,—a portion of which has already been delivered at Singleton.

(4.) Tenders will be invited for the erection of the Station Buildings not later than the 24th instant, which will afford ample time to have them completed simultaneously with the Permanent Way.

2. Gates on Public Roads Bill :—Mr. Wilson moved, That the following Message be carried to the Legislative Council :—

MR. PRESIDENT,

The Legislative Assembly, having had under consideration the Legislative Council's Message, dated 9th October, 1867, requesting its concurrence in certain Amendments made by the Council in the Gates on Public Roads Bill,—

Disagrees from the Amendment in page 1, clause 1, lines 20 and 21,—Because the interpretation of "Cultivated land" becomes necessary under clause 2, as passed the Assembly.

Disagrees from the Amendment in page 1, clause 2, line 25,—Because the fencing is required not for the public convenience but for the protection of the owner of the land.

Disagrees from the Amendment in page 2, clause 2, line 1,—for the like reason.

Disagrees from the Amendment in page 2, clause 2, line 2,—Because the proposed Amendment would seriously interfere with the working of the Act.

Disagrees from the Amendment in page 2, clause 2, lines 3 to 7,—Because the clause as originally passed is more in accordance with the intention of the Bill.

Amends the Proviso proposed to be added at the end of clause 2, by inserting between the words "the" and "right" the words "now existing"; by converting the word "right" into "rights"; by omitting the words "of the Crown to fence off any such road whenever the Minister shall think such fencing necessary or proper nor that"; by omitting the words "or be intended to pass to require the same to be fenced off pursuant to"; and by inserting the word "under" before the words "the Act of Council "passed in the fourth year of the reign of His late Majesty King William "the Fourth,"—in which Amendments it requests the concurrence of the Legislative Council,—Because the Proviso, as amended, while it protects all existing rights, is more in accordance with the spirit of the Bill.

Disagrees from the Amendments in page 2, clause 4, line 18,—Because the clause as passed the Assembly is more consistent with clause 2 as now amended.

Disagrees from the Amendment in page 2, clause 4, lines 18 and 19,—for the like reason.

Disagrees from the Amendment in page 2, clause 4, lines 20 and 21,—for the like reason.

Disagrees from the Amendment in page 2, clause 4, line 21,—for the like reason.

Disagrees from the Amendment which proposes to add a Proviso at the end of clause 4,—Because the proposed Proviso is not necessary under the Bill as now amended.

And agrees to all the remaining Amendments.

Sydney, 5th December, 1867.

Speaker.

## LEGISLATIVE ASSEMBLY.

THURSDAY, 12 DECEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question on Notice Paper for to-day:—

Certain Lands specially dedicated:—Mr. J. Stewart asked the Secretary for Lands, pursuant to Notice,—

(1.) To which of the public purposes, or for which of the Sites specified in Section 5 of the Crown Lands Alienation Act, have 13 acres and 23 perches of Crown Land near Goulburn been dedicated to a Roman Catholic Episcopal Residence?

(2.) What words in Section 5 of the Act aforesaid authorize the dedication of 18 acres 3 roods and 1 perch of Crown Land near Goulburn for a Roman Catholic Diocesan Seminary?

(3.) On what authority, in what manner, and for what purpose, have 24 acres of the Parramatta Domain been dedicated to the Roman Catholic Orphan School?

(4.) Have these lands been vested in the Clergy solely, or have the laity any right or interest in them?

(5.) How many separate portions of land have been dedicated to public recreation within the Town of Kiama?

(6.) What is the total area of land dedicated to public recreation, to water supply, and commonage in Kiama?

Mr. Wilson answered,—

(1.) The land in question has been dedicated under the 5th Clause of the Alienation Act, as being for a public purpose, and being of a kindred character to the purposes therein specified. It has been the practice of all Governments to make grants for the residence of Bishops and Clergymen.

(2.) The words for any "College, School, Mechanics' Institute, Public Library, Museum," &amp;c.

(3.) By the passing of the Act 20 Vict, No. 55., the Governor, with the advice of the Executive Council, was empowered to dispose of the Parramatta Domain as waste lands of the Crown, with the exception of a portion thereof, not less than 200 acres, to be reserved for a park. The land above referred to does not form a part of that which has since been appropriated for a park, and the dedication has been carried out in accordance with the 5th Section of the Alienation Act. The land has been given as an addition to the 29a. 2r. 2Sp. dedicated in 1864, and which is to be used for farm purposes in connection with the Roman Catholic Orphan School.

(4.) The lands, although dedicated, have not been granted. For the land dedicated for an Episcopal Residence, a grant will issue to the Bishop and his successors. The land given to the Orphan School will be granted to Trustees, to be approved of by the Government.

Amended Randwick and Coogee Roads Trust Bill:—Mr. Wilson having *presented* this Bill, intituled "*A Bill to amend the Act known as the Old Botany Randwick and Coogee Roads Trust Act 18 Victoria No. 14,*"—read a first time.  
Ordered to be printed, and read a second time to-morrow.
2. Messages:—The Speaker reported the following Messages (received yesterday) from the Legislative Council:—

## (1.) Gates on Public Roads Bill:—

MR. SPEAKER,

The Legislative Council having had under consideration the Legislative Assembly's Message, dated 5th December, 1867, in reference to the Gates on Public Roads Bill, insists upon its Amendments in the said Bill:—

Because it considers that such Amendments, whilst preserving and improving the valuable features of the Bill, are necessary for saving private rights.

And disagrees to the Assembly's Amendments in the Proviso at the end of Clause 2;—

Because the Proviso as proposed to be altered—when read in connection with the prior words which the Assembly proposes by its disagreement from the Council's Amendments to restore, and which expressly extinguish the existing statutory right to fencing—would prove to a great extent inoperative and illusory.

Disagrees from the Amendment which proposes to add two new clauses, to the following effect, after clause 147—"A Health Officer shall be appointed in certain Boroughs," and "Duties of Health Officer,"—Because the advantages to be obtained from the appointment of any such officer would not be commensurate with the cost of such appointment, which cost must necessarily diminish the Municipal Revenue for other useful purposes, and because the power is given in other provisions to adopt necessary measures for the preservation of the public health.

Disagrees from the Amendment which proposes to add a further Proviso at the end of clause 162,—Because any such provision would impair the action of Municipalities for general municipal purposes, and would render it impossible to carry out, in particular localities, important improvements for the general benefit; and because it would in effect be prejudicial to the public interest by converting the wards of a Municipality into separate municipal bodies.

And agrees to all the other Amendments made by the Council in the Bill.

OF THE

## LEGISLATIVE ASSEMBLY.

FRIDAY, 20 DECEMBER, 1867.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

*Mr. Lucas not asking the Question No. 1, it dropped.*

- (1.) Horse and Cattle Ferry between Milsom's Point and Circular Quay:—*Mr. Burns*, on behalf of *Mr. Windeyer*, asked the Colonial Treasurer, pursuant to Notice No. 2,—

(1.) By whose authority were the proprietors of the horse and cattle ferry, running between Milsom's Point and the Circular Quay, allowed to form a landing place near the Government Boat-sheds?

(2.) Is anything paid to the Government for the exercise of such right of landing?

(3.) Are the proprietors of the said ferry, in consideration of their having such right of landing, bound by the Government to the observance of any conditions insuring in any way the accommodation of the public?

(4.) Are the Government aware that much inconvenience is caused to the public by the steam-ferry there plying being often taken off for other purposes?

(5.) As there is no public ferry across the Harbour between the City and the North Shore, will the Government consider the propriety of leasing the said landing place on conditions ensuring the convenience of the public, or the propriety of establishing a public steam-ferry?

*Mr. Eagar* answered,—

(1.) By the authority of the Government.

(2.) No. The landing is effected on that portion of the Quay which is set apart as a general landing place for all harbour steamers free of charge.

(3.) No. The proprietors of the ferry are only bound to the same observances as are exacted from the proprietors of other steamboats which make use of the wharf.

(4.) No complaints have been received on the subject.

(5.) The landing-stage is private property, and, therefore, the Government could scarcely interfere otherwise than to compel the proprietors to remove it altogether. Such a course it is considered, under present circumstances, would be a great public inconvenience. ## VOTES AND PROCEEDINGS

OF THE

# LEGISLATIVE ASSEMBLY.

THURSDAY, 16 JANUARY, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

The Speaker, immediately on taking the Chair, expressed to the House his regret for his recent unavoidable absence of three days in consequence of ill-health, and thanked the House for its kind indulgence during that interval.

2. Questions on Notice Paper for to-day.

(1.) Captain Shanks, late Pilot:—Mr. Burns asked the Colonial Treasurer, pursuant to Notice No. 1,—Whether the Government intend to make any, and if any, what provision, by way of pension or otherwise, for Captain Shanks, late Pilot, who was nearly drowned in performing his duty on the occasion of the late gale at the Heads, and has since become insane?

Mr. Bagar answered,—It is intended to submit, for the approval of Parliament, in a Supplementary Estimate, a sum of money in the case referred to; but the amount is not yet determined.

(2.) Court-house, West Maitland:—*Mr. Driver*, on behalf of Mr. Eckford, asked the Secretary for Public Works, pursuant to Notice No. 2,—Whether any portion of the Supply asked for is to be appropriated towards the erection of a New Court-house at West Maitland, on the premises of Alderman Gorrick?

Mr. Byrnes answered,—No.

(3.) Parliamentary Librarian:—*Mr. Garrett*, on behalf of Mr. Burdekin, asked the Government, pursuant to Notice No. 3,—What steps have been taken by the Government to carry out the recommendation of the President and Speaker, in reference to the appointment of a Librarian, made in pursuance of a resolution of this House?

*Mr. Parkes* answered,—With respect to the Question of the honorable and learned member, I can only state generally what has taken place. Under date of 25th October a letter was received, signed by the President of the Legislative Council and the Speaker of this House, recommending for the office of Librarian Mr. Robert Cooper Walker. With reference to this letter, a Minute was written by myself and referred for the consideration of the President and the Speaker. That Minute I think I had better read. “With reference to the appointment of a gentleman to the office of Parliamentary Librarian, and the recommendation of Mr. R. C. Walker for this office by the Honorable the President of the Legislative Council and the Honorable the Speaker of the Legislative Assembly, it appears to the Government that certain special qualifications, which are rarely acquired, apart from the peculiar taste that leads to their acquisition, are almost indispensable in the person to be appointed. No objection to Mr. Walker on any personal ground is raised, but it is submitted that the convenience to honorable members and the general advantage to the Library would be great, if a gentleman of some literary ability, and especially with a bibliographical knowledge of authors and the various editions of their works could be secured for this office. The Colonial Secretary is of opinion, speaking rather as a Member of Parliament than as a Minister, that complaints may be justly made of the manner in which the Library is managed. There is a want of methodical arrangement of the books, and the attendance has certainly been irregular and unsatisfactory. Nor have the new books added from time to time been of a character, even in politics and history, to keep the Library up to the level of contemporaneous literature.”

“The

"The Colonial Secretary is anxious to recommend for this appointment a gentleman who has received the entire approval of the President and Speaker, but he hopes the suggestions which he now offers will receive their consideration." In reference to this Minute, a communication was received from the President of the Legislative Council generally admitting the objections taken to be valid, and indeed concurring in them.

At that point the matter rested for some time, when the question was submitted to members of the Government, and at this meeting of the Cabinet, the Government came to the decision that, if the recommendation of Mr. Walker were still pressed by the President and the Speaker, they would raise no further objection but recommend his appointment to the Executive Council. But when this communication was made to the President and Speaker, the President adhered to his concurrence in the objections taken by the Colonial Secretary, and the Honorable the Speaker wrote a separate letter stating his entire approval of the character of Mr. Walker and his fitness for the office. The President on the other hand, who had already concurred in the objections raised by myself, adhered to his concurrence in those objections; and so the matter now stands.

If I might be allowed, although I am at all times slow to express an opinion at variance with the opinion of the Honorable the Speaker of this House, I should say that the Assistant Librarian might for some time continue to conduct the duties of Librarian.

(4.) Great Southern Railway Line, Nattai—Bowral—Sutton Forest:—Mr. Morrice asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) When does the contract for laying the permanent way, by Messrs. Larkin and Wakeford, on the Great Southern Railway from Nattai to Bowral, Sutton Forest Station, to Faviell's contract, terminate, or when should it, according to their contract with the Government, and how long a time did the Government delay them by not supplying them with materials in proper time to go on with the work, and how much longer time do they claim in consequence?

(2.) Is it because Messrs. Larkin and Wakeford are using the Railway daily to Sutton Forest, that the public are deprived of the use of it and put to inconvenience?

(3.) Is it the intention of the Government to alter the present charges and Time Table on the Great Southern Line?

Mr. Byrnes answered,—

(1.) To Bowral and Sutton Forest on the 2nd July, 1867, and to the end of the contract (the commencement of Mr. Faviell's contract) on 2nd March, 1868. As the time for the execution of the works commenced from the date on which the contractors received notice of the permanent way materials having arrived in the Colony (2nd March, 1867), no delay was occasioned by the Government. The contractors have not applied for an extension of time.

(2.) The public are not deprived of the use of the Railway to Sutton Forest, to which trains run in accordance with published Time Tables.

(3.) The subject is under the consideration of the Government.

(5.) Panama and P. and O. Company's Mail Services:—Mr. Lucas asked the Minister representing the Post Office, pursuant to Notice No. 5,—Whether he will lay on the Table of this House, a Return shewing,—

(1.) The dates of departure from England and the arrival in Sydney—also the dates of departure from Sydney and arrival in England—of each mail *via* Panama, during the year 1867?

(2.) The number of letters and newspapers, forwarded by each mail boat, to and from New South Wales—also the number and class of passengers by each boat to and from Sydney?

(3.) The like information with reference to the P. and O. Company's mail boats?

Mr. Eagar answered,—There will be no objection to lay these Returns on the Table, with the exception of those which relate to passengers. The arrangements of these companies as to passengers are not subject to the control of the Postmaster General and consequently there are no materials for furnishing an answer with reference to that point.

3. Paper:—Mr. Eagar laid upon the Table, Return to Order, in reference to "Correspondence between the Government and the Oriental Bank Corporation," made by this House, on motion of Mr. Joseph, on behalf of Mr. Samuel, on 17th December, 1867.

Ordered to be printed.

And the same having been read at length by the Clerk, by direction of the Speaker,—

Petition received.

6. Customs General Regulation Laws Amendment Bill ("*Formal*" Order of the Day):—

Mr. Eagar moved, That this Bill be now read a third time.

Question put, and Division called for; but there being no Tellers for the Noes, no Division could be had, and the Speaker declared the Question to have passed in the affirmative.

Bill then read a third time, and, on motion of Mr. Eagar, *passed*.

Mr. Eagar then moved, That the Title of this Bill be "*An Act to amend 'An Act to provide for the general Regulation of the Customs in New South Wales' as to the time allowed for entering Goods.*"

Whereupon, Mr. Eagar moved, That the Bill be carried to the Legislative Council with the following Message:—

*Questions:—*

1. MR. THORNTON *to ask* THE SECRETARY FOR PUBLIC WORKS,—  
(1.) If he is aware that quantities of the refuse from the Kerosene Works, on the North Shore, are thrown into the harbour, causing injury to various properties and persons, contaminating the waters, destroying the fish, and creating a great nuisance in the vicinity?  
(2.) Will the Minister cause immediate inquiry to be made, with the view to a suppression of the evils complained of?
2. MR. J. STEWART *to ask* THE ATTORNEY GENERAL,—Whether there is any, and what truth in the following statement, reported in the *Herald* of January 23rd as a speech made by Sir A. Stephen, when pronouncing judgment on Kelly and Payne, at Deniliquin,—  
“A new wing was at present being completed at Darlinghurst.  
“This wing contained ranges of solitary cells, some of which were under ground, out of sight and hearing from above; and in these cells would be placed prisoners misbehaving themselves; and if they there made any noise they would be gagged and left to lie there for days—sometimes a week, and even a fortnight, in total darkness.  
“He hoped that, at the next Sessions of Parliament, the same Bill would be introduced here for the suppression of Bushranging, as now in force in England for the suppression of Garotting—there a garotter is sentenced to fifteen years penal servitude, but before commencing his sentence is flogged with a cat-o'-nine-tails (a hard knot being tied on the end of each lash and intermixed with wire) until the blood pours off the culprit's back in streams”?

2. MR. NEALE *to move*, That there be laid upon the Table of this House a Return shewing,—  
(1.) The number and names of prisoners confined in the various Gaols of the Colony within the last two years, who have died in Gaol, or who have been sent to a Lunatic Asylum; and also, how many of those sent to a Lunatic Asylum have been punished while in Gaol for breach of the Gaol Regulations, stating respectively the number of cases that have occurred in each Gaol, the nature of Gaol offence, the punishment inflicted, and by whose order.

VOTES, AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 26 FEBRUARY, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Refuse from Kerosene Works thrown into the Harbour :—Mr. Thornton asked the Secretary for Public Works, pursuant to Notice No. 1,—

(1.) If he is aware that quantities of the refuse from the Kerosene Works, on the North Shore, are thrown into the harbour, causing injury to various properties and persons, contaminating the waters, destroying the fish, and creating a great nuisance in the vicinity?

(2.) Will the Minister cause immediate inquiry to be made, with the view to a suppression of the evils complained of?

Mr. Byrnes answered,—

(1.) The attention of the Government was drawn to this matter by the Engineer in Chief for Harbours and Rivers, on the 19th instant.

(2.) The Crown Solicitor has been invited to take the necessary steps to remedy the evil complained of, and I may add that the Police have been put in motion.

- (2.) Alleged statement by Chief Justice at Deniliquin, in delivering judgment on Kelly and Payne:—Mr. J. Stewart asked the Attorney General, pursuant to Notice No. 2,—Whether there is any, and what truth in the following statement, reported in the *Herald* of January 23rd as a speech made by Sir A. Stephen, when pronouncing judgment on Kelly and Payne, at Deniliquin,—

“A new wing was at present being completed at Darlinghurst.

“This wing contained ranges of solitary cells, some of which were under ground, out of sight and hearing from above; and in these cells would be placed prisoners misbehaving themselves; and if they there made any noise they would be gagged and left to lie there for days—sometimes a week, and even a fortnight, in total darkness.

“He hoped that, at the next Sessions of Parliament, the same Bill would be introduced here for the suppression of Bushranging, as now in force in England for the suppression of Garotting—there a garotter is sentenced to fifteen years penal servitude, but before commencing his sentence is flogged with a cat-o'-nine-tails (a hard knot being tied on the end of each lash and intermixed with wire) until the blood pours off the culprit's back in streams”?

Mr. Parkes answered,—Of course I cannot be expected to answer for the accuracy of the report of what His Honor may have said at Deniliquin. There certainly are no such cells as are here spoken of in the Darlinghurst Gaol. Some time ago—I think about eighteen months ago—it was determined to erect a new portion of that prison, consisting of three wings in the form of the letter Y. This form was adopted to suit the peculiar shape of the vacant piece of ground. The longer of these wings is built and now occupied. There are no cells of any description whatever in the wing, except the ordinary living cells, all of which are uniform in size and arrangement; but in one of the short wings it is intended to have six dark cells, just the same kind of cells which are built in all the more improved prisons of the mother country, and which honorable members may see in the gaol at Berrima. This portion of the new building as yet is not commenced, and when these dark cells are erected they will be all above ground, or on the same floor as the first course of ordinary cells. As to the intention of gagging, no such system as that prevails in Darlinghurst prison, and of course it cannot prevail in these dark cells which, as yet, only exist on the plans of the new improvements.

2. **Tariff**:—Mr. Lucas presented a Petition from certain Journeymen Confectioners of New South Wales, complaining of the existing Tariff as regards certain articles connected with their trade, and praying relief.  
And the same having been read at length by the Clerk, by direction of the Speaker,—  
Petition received.
3. **Papers**:—Mr. Parkes laid upon the Table the undermentioned Papers:—  
(1.) Documents in reference to Inquiry into the condition and management of Lunatic Asylums in Great Britain, and the appointment of Dr. Manning as Commissioner thereof.  
Ordered to be printed.  
(2.) Return to Order, in reference to "Charges made by Roman Catholic Dignitaries against Public School Inspectors," made by this House, on motion of Mr. Oatley, on 25th February, 1868.  
The Speaker's attention being called to the fact that the honorable member for West Maitland (Mr. Lee), had committed an assault upon the honorable member for Central Cumberland (Mr. Macpherson),—  
And a discussion arising,—  
Mr. Samuel moved, That the conduct of the honorable member for West Maitland (Mr. Lee) in striking the honorable member for Central Cumberland (Mr. Macpherson) within the precincts of this House, is in the highest degree disorderly, disgraceful, and reprehensible.  
Debate ensued.  
And Mr. Robertson proposing to amend the Question by the addition of the words,—“and that the honorable member be expelled from this House,”—which proposed Amendment was objected to by Mr. Martin as inadmissible,—  
And Mr. Lee having offered his apologies to the House for what had occurred, and withdrawn,—  
Mr. Martin moved, That this House do now adjourn.  
Question put and passed.  
Whereupon the Speaker left the Chair, and the House stood adjourned, at twenty-five minutes after Five o'clock, until to-morrow at Three o'clock.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

THURSDAY, 27 FEBRUARY, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.  
Question on Notice Paper for to-day :—  
Piracy and Kidnapping in Islands in South Pacific Ocean :—Dr. Lang asked the Colonial Secretary pursuant to Notice,—  
(1.) Whether Government are aware that a system of piracy and kidnapping has been in progress for years past, on the most specious pretences, in various groups of islands in the Southern Pacific Ocean, principally under the British, but also under the American and French flags?  
(2.) Whether Government have brought the subject under the notice of the naval authorities on this station, so as to put an end to the atrocious proceedings that are perpetrated, from time to time, by unprincipled men on the native inhabitants of various groups of islands in the Pacific?  
Mr. Parkes answered,—The Government is aware that persons have been taken away from the islands in the Pacific Ocean for some years past, in a similar manner to the manner referred to by the honorable and reverend Member. This matter of the natives of these islands being, as it is thought, decoyed away for different purposes, has recently been brought under the notice of the Government by His Excellency the Governor himself, and the Government is now in communication with the naval authorities on the subject.
2. West Maitland Water Supply and Embankment Bill :—Mr. Dodds presented a Petition from certain Landholders and Tenants residing on the Hunter River, in the district of Maitland, against the present passing of the said Bill with the proposed extensive powers of embankment.  
Petition received.
3. Yesterday's Adjournment :—Mr. Martin made to the House an explanation of the course taken by him in moving its adjournment yesterday.
4. Privilege (Disorderly Conduct of Yesterday) :—Dr. Lang moved, "That" Mr. Lee, the Member for West Maitland, and Mr. Macpherson, one of the Members for Central Cumberland, having each committed an assault,—the one on a Member in the presence of the House, and the other on a Member in the immediate precincts of the House,—are both guilty of a high offence against the dignity of this House,—and that for such offence this House directs the Attorney General to prosecute them.  
And the honorable members referred to in the said Motion having respectively, in their places, expressed regret for the said disorders,—  
Debate ensued.  
Mr. Lucas moved, That the Question be amended by omitting all the words after the first word "That," with a view to inserting in their place the words,—“the conduct of the honorable member for West Maitland (Mr. Lee) in striking the honorable member for Central Cumberland (Mr. Macpherson) in this House, is in the highest degree disorderly, disgraceful, and reprehensible, and this House instructs the Sergeant-at-Arms to prevent the honorable member for West Maitland (Mr. Lee) from entering this Chamber during the next three months.”  
Debate continued.  
Question put,—That the words proposed to be omitted stand part of the Question.

3. MR. FORSTER to move, That there be laid upon the Table of this House,—
  - (1.) A Return of the cost of Steam Postal Communication with Great Britain by way of Panama, since the commencement of the contract to the date of Return, specifying, separately, the cost of each monthly mail as well as of each of the several stages of communication—that is to say, the cost between Sydney and the Isthmus, the cost across the Isthmus, and the cost between the Isthmus and Great Britain; also, in each case, the rate per annum, and the cost of each letter or newspaper, so far as the same can be approximately estimated.
  - (2.) A Return extending over the same time of the number of, and revenue derived from, letters, newspapers, or packages, conveyed by the said route between this Colony and Great Britain; shewing the number and revenue each way to and from the Colony, and by each mail.

4. MR. ROBERTSON to move.—That, in the opinion of this House, the course taken by the Government in failing to carry out Mr. Speaker's and the President of the Legislative Council's recommendation of a gentleman to the office of Parliamentary Librarian, is an invasion of the powers of the House with regard to the appointment of its own officers, as expressed and claimed by resolutions agreed to by the Legislative Assembly on the 25th January, 1860, as follows:—
 

“That it is the opinion of this House, that, in order to maintain the dignity and usefulness of the office of Speaker, all the Clerks and other officers of the House ought to be appointed by the Executive, upon the recommendation of the Speaker of the Legislative Assembly.”

No. 120.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

WEDNESDAY, 18 MARCH, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

*Mr. Farnell, on behalf of Mr. Tunks, withdrew the Question No. 1.*

- (1.) Two Registrars of Metropolitan District Court:—Mr. Forster asked the Attorney General, pursuant to Notice No. 2,—

(1.) Is it a fact that there are two Registrars, or two persons jointly discharging the duties of Registrar, of the Metropolitan District Court, one at a salary of £500, another at a salary of £400 per year,—the same amount of security having been exacted in both cases?

(2.) If so, is there any difference between the functions of the two officers in question, and what peculiar circumstances, in comparison with those of other District Courts, are considered to authorize the joint appointment and additional expense incurred thereby?

Mr. Martin answered,—

(1.) Upon the establishment of the District Courts in 1859, two persons were "appointed to execute jointly the office of Registrar" of the Metropolitan District Court, pursuant to the provisions of the 32nd Section of the Act (22nd Victoria, No. 18). One of these gentlemen, (Mr. Maxwell) had been Registrar of the Court of Requests, at a salary of £500 a year, for many years prior to his appointment as a Registrar of the District Court, and the same salary was continued to him under the latter appointment. The other District Court Registrar (Mr. Yarnton), who entered the Government service for the first time in 1859, was appointed at a salary of £400 a year. The same amount of security is required in both cases.

(2.) The functions of the two officers are regulated by the Judges, pursuant to the provisions of the same enactment. The much larger amount of business transacted in the Metropolitan District Court than in any other District Court of the Colony, was, I believe, the reason for the appointment of the additional Registrar.

- (2.) Night Shelter and food for Casual Poor, &c., of Sydney:—Dr. Lang asked the Colonial Secretary, pursuant to Notice No. 3,—Whether it is the intention of Government to make any provision, during the present Session of Parliament, in the shape of a night shelter and an allowance of food for the casual poor of this city, as also for persons discharged with infirm health from the Infirmary?

Mr. Parkes answered,—I fear I cannot hold out any promise that any provision of this kind will be made by the Government. The expenses incurred by Government for purposes of this character are so very large, amounting altogether to nearly £70,000 per annum, that it seems very desirable that every effort should be made to induce the same kind of means to be resorted to here to meet cases of this kind as are resorted to in the mother country, that is, private effort. I do not think I can hold out any expectation that any provision of this kind will be made.

- (3.) Mr. John Spencer, of Gundagai:—Mr. Macleay asked the Colonial Secretary, pursuant to Notice No. 4,—Why has the letter of Mr. John Spencer, of Gundagai, dated 16th May, 1867, claiming compensation for losses sustained by him in the year 1854, owing to the action of the Government, not been acknowledged or answered by any Department of the Government?

Mr. Bagar answered,—On 20th November, 1867, the honorable member for the Murrumbidgee put the following questions to the Colonial Secretary, in relation to this matter, viz.:—

(1.)

(1.) If he has received a letter from Mr. John Spencer, of Gundagai, dated 16th May, 1867, claiming compensation for losses sustained by him in the year 1854, owing to the action of the Government?

(2.) If so, why has that letter not been answered?

It was considered that the answer then publicly given by my honorable colleague, namely, that "The claim of Mr. Spencer was disposed of ten years ago and can hardly be re-opened now," sufficiently met the necessity of the case; but as the attention of the Government is again drawn to the subject, a communication will be made to Mr. Spencer at an early date.

(4.) Public Expenditure for January and February, 1868 :—Mr. S. Brown asked the Colonial Treasurer, pursuant to Notice No. 5,—

(1.) Has the expenditure of the country for the months of January and February last been reduced by the sum of £10,000 a month, in accordance with the vote of credit granted the Government for those months, and if so—

(2.) How has that reduction been carried out?

Mr. Eagar answered,—

(1.) No reduction has been made in the expenditure of the country for the months of January and February, 1868.

(2.) The total amount expended for the services of the present year, up to yesterday, is within the sum authorized by the Act 31st Victoria, No. 23.

2. Sydney Boundaries Amendment Bill :—Mr. S. Brown presented a Petition from the Council of the Borough of Paddington, under the signature of the Mayor and the seal of the Corporation, against the prayer of the Petition upon which the said Bill was introduced.

Petition received.

3. Sydney Common Improvement Act Amendment Bill :—Mr. Driver, as Chairman, brought up the Report from, and laid upon the Table the Minutes of Proceedings of, and of Evidence taken before, the Select Committee, for whose consideration and report this Bill was referred on 16th March, 1868.

Ordered to be printed.

Mr. Driver then moved, That the second reading of this Bill stand an Order of the Day for Friday next.

Question put and passed.

4. Motion for Adjournment :—Mr. Parkes moved, That this House do now adjourn.

Debate ensued.

Question put and negatived.

5. Pre-emptive rights of Free Selectors :—Mr. Burns presented a Petition from the free-selectors, freeholders, farmers, &c., of Gundagai, Tumut, Adelong, and its vicinity, praying that some measures may be passed for the protection of free-selectors in the enjoyment of their pre-emptive rights,—setting forth at the same time the existence of a particular grievance in this respect.

Petition received.

6. Coal Mine, Bundanoon Creek, Berrima District (*"Formal" Motion*) :—Mr. Alexander moved, pursuant to Notice, That the Petition presented by him on 16th March, from the inhabitants of Goulburn and its vicinity, respecting a coal mine at Bundanoon Creek, near Sutton Forest, be printed.

Question put and passed.

Ordered to be printed.

7. Treason Felony Bill :—

(1.) Suspension of Standing Orders :—Mr. Martin moved, and Mr. Robertson seconded the motion, That the Standing Orders be suspended with a view to the passing through all its stages in one day of a Bill for the better security of the Crown and Government of the United Kingdom and for the better suppression and punishment of seditious practices and attempts.

Debate ensued.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

THURSDAY, 19 MARCH, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Polling-place at Ennis :—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) Has any application been received by the Government for the establishment of a polling-place at Ennis?

(2.) If so, what course have the Government taken, or do they intend taking, in the matter?

Mr. Parkes answered,—Such an application was received last Saturday afternoon; referred, as is usual, to the Returning Officer on the afternoon of Tuesday; and reported on by that officer yesterday. This report is to the effect that he was not aware that the residents in the neighbourhood of Ennis felt the want of a polling-place; and that he does not think it requisite from the fact that Hursley, only three miles from it, is a polling-place, and that Carney's, about seven miles higher up the Hastings, is also a polling-place. He adds, however, that Ennis is more central than either of the other polling-places on the Hastings, as regards the population. In view of the last part of this report it is not improbable that Ennis may be made a polling-place; but I need hardly observe that it is a matter requiring some consideration. No delay has occurred or is likely to occur in dealing with it.

- (2.) Court House, Port Macquarie :—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Has any application been lately made to the Government for altering the plan of the Court-house at Port Macquarie?

(2.) If so, what course have the Government taken, or do they intend taking, in the matter?

Mr. Martin answered,—Application has been lately made to the Governor and Executive Council by certain residents of Port Macquarie, objecting to the plan already determined upon. The application so sent in has been referred to the Secretary for Public Works, and the Colonial Architect for his report.

- (3.) Field of Mars and Eastern Farms Common :—Mr. Tunks asked the Attorney General, pursuant to Notice No. 3,—What steps have the Government taken, or do they intend taking, in reference to the Petition recently presented to them by the Trustees and Commoners of the Field of Mars and Eastern Farms Common?

Mr. Martin answered,—This matter has been under the consideration of the Government, and will be determined upon by them at an early date.

- (4.) Public Expenditure for the year 1868 :—Mr. S. Brown asked the Colonial Treasurer, pursuant to Notice No. 4,—Whether it is the intention of the Government to make such a reduction in the Public Expenditure for the present year as was contemplated by the vote of credit granted for the months of January and February last?

Mr. Eagar answered,—The Government have acted upon the Vote of Credit in the way in which they understood it, namely, by keeping the expenditure for January and February, 1868, within the amount authorized for those two months.

Mr. Garrett withdrew the Question No. 5.

2. Motion for Adjournment :—Mr. S. Brown moved, That this House do now adjourn. Debate ensued.

Government House,  
Sydney, 19th March, 1868.

4. Pre-emptive Rights of Free Selectors :—

Mr. Windeyer moved, pursuant to Notice, for leave to bring in a Bill to exempt from taxation any property of the Corporation of Sydney situate within the limits of any neighbouring Municipality and to include within the boundaries of the City of Sydney a piece of land known as No Man's Land.  
Question put and passed.
6. Motion for Adjournment :—Mr. Robertson moved, That this House do now adjourn.  
Debate ensued.  
Question put and negatived.
7. Supply :—The Order of the Day for the resumption of the Committee of Supply having been read,—On motion of Mr. Eagar, the Speaker left the Chair, and the House resolved itself into the said Committee.  
The Chairman having reported that there was not a Quorum present in the Committee, the Speaker counted the House, and, there being a Quorum present, the Committee resumed.  
The Chairman having again reported that there was not a Quorum present in the Committee, the Speaker counted the House, and, there being a Quorum present, the Committee resumed.

New South Wales.

No. 123.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

MONDAY, 23 MARCH, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Light-house, Broken Bay:—Mr. Tunks asked the Colonial Treasurer, pursuant to Notice No. 1,—

(1.) What steps have the Government taken towards placing a Light at the entrance to Broken Bay?

(2.) What progress has been made with the Survey of the entrance to Broken Bay, with a view to the publication of a cheap chart of the same, as a harbour of refuge in stormy weather?

Mr. Eagar answered,—It will be convenient that I should answer the honorable gentleman's second question first—that is, in relation to the "progress made with the survey of the entrance to Broken Bay, with a view to the publication of a cheap chart of the same, as a harbour of refuge in stormy weather." The survey has just been completed of Broken Bay by Captain Sidney, and I produce it for the inspection of honorable members, though I do not intend to lay it on the Table of the House. It is intended immediately to lithograph this in a cheap form, and have it on sale for the public. So that, in respect to the progress made, the survey is completed.

In reference to the first question, I may state that a sum of £500 has been placed on the Estimates for 1868, for the erection of a Light-house on Barrenjoey; but Captain Sidney, after making a survey, appears to think this is not a proper place for a light. He has written a letter to me upon the subject, which I think it will be well to read, and has forwarded it to me with the survey:—

"20th March, 1868.

"DEAR SIR,

"I send our new plan of Broken Bay. I shall abstain from giving any opinion about the position of a light, but should suggest that a Commission or Committee should discuss the question before deciding, remembering the grave error committed in regard to the Cape St. George Light-house.

"Yours very truly,

• "FRED. W. SIDNEY,

"Captain, R. N.

"To the Honorable G. Eagar."

The probability then is, that if the money be voted, the Government, before taking any active steps in the matter, will appoint a Commission or Committee to inquire upon the most desirable site.

- (2.) Applications to purchase and reclaim Land under 9th and 12th clauses of Crown Lands Alienation Act:—Mr. Tunks asked the Secretary for Lands, pursuant to Notice No. 2,—When will the Return having reference to applications to purchase and reclaim Land under the 9th and 12th clauses of the Crown Lands Alienation Act, ordered by this House on the 5th November last, be furnished?

Mr. Wilson answered,—This return will be prepared within a fortnight or so, so far as it can be from the data in the Lands Department.

- (3.) Toll-house on Pennant Hills Road, near Parramatta:—Mr. Lackey asked the Secretary for Lands, pursuant to Notice No. 3,—

(1.) Do the Government intend establishing a toll-house on the Pennant Hills Road, near Parramatta?

(2.) Have they any information as to the probable amount of receipts from such toll?

(3.) Could they state the probable cost of land and building to be erected thereon?

(4.)

(4.) From such information as they have, do they believe that the amount of traffic on this road is sufficient to warrant them in erecting a toll there?

Mr. Wilson answered,—

(1.) It is the intention of the Government to erect a toll-house on the Pennant Hills, near Parramatta.

(2.) Yes; the Trustees of the Road estimate the probable revenue of the first year at £100.

(3.) I cannot give a very satisfactory answer to the third question, as the arrangements in the first instance will be of a temporary character and not expensive.

(4.) The erection of this toll-gate has been determined on in accordance with the representations of the Road Trustees, and the recommendation of the officer despatched to report in the matter.

(4.) Transfer of Lands Conditionally Purchased:—Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 4,—

(1.) Will the Government cause to be laid on the Table of this House, immediately, a copy of a circular letter addressed to Land Agents recently, relative to the sale and transfer of additional conditional purchases under the Crown Lands Alienation Act?

(2.) For what reasons, under what section of the Crown Lands Alienation Act, or under what regulation issued in pursuance thereof, was the circular in question issued?

Mr. Wilson answered,—

(1.) I hold the circular in my hand, and will lay it on the Table of the House.

(2.) No particular section of the Alienation Act or regulation directly applies to this case; but the course taken was held to be in accordance with the provisions and spirit of the Act. I would observe, that the prohibition to alienate applies to the land conditionally purchased only until the conditional purchase is completed.

(5.) Cattle Disease Act of 1866—Government Punt on Barwon River:—*Mr. Burns*, on behalf of Mr. Dangar, asked the Secretary for Lands, pursuant to Notice No. 5,—

(1.) Do the Government intend to renew the Cattle Disease Act of 1866, which expired at the end of the present Session?

(2.) If not, do the Government purpose transferring the balance under the Act, (by asking the sanction of the House) to any account which will give the stockholders the benefit of the amount, such as the Sheep Diseases or Brands Act of 1866?

(3.) Do the Government contemplate removing the Government punt from Collarenetri, on the Barwon River, to the serious injury of that place?

(4.) Is it true that the Government punt at this place, though completed some time, is unable to be worked, and if so, for what reason?

(5.) Do the Government purpose taking any steps to render this punt available to the public?

Mr. Wilson answered,—

(1.) The present Act does not expire until the end of the next Session of Parliament. The Government, however, do not intend to collect any further contribution under this Act, of which proclamation will shortly be made.

(2.) No. The balance has, in the meantime, been carried to the Consolidated Revenue, where it will be available, should it be required, for the purpose for which it was originally collected.

(3.) A petition has been received from the inhabitants of the district, praying for the removal of the ferry to another site; but as the matter has been referred for the report of the local surveyor, no decision has been arrived at in the matter.

(4.) The trustees of the punt, to whom funds were issued for the formation of approaches, &c., have suspended operations, pending the settlement of the question of site.

(5.) The punt is available, except in the matter of the approaches, which now awaits this reference.

2. Paper:—Mr. Wilson laid upon the Table, Copy of Circular Letter, addressed by the Under Secretary for Lands, on 11th March, 1868, to Crown Lands Agents, relative to transfer of lands conditionally purchased. [*In reference to Question (4) above.*]

Ordered to be printed.

3. Sydney Taxation Limitation and Boundaries Extension Bill:—Mr. Windeyer having presented this Bill, Bill, intituled "*A Bill to exempt from Taxation any property of the Corporation of Sydney situate within the limits of any neighbouring Municipality and to include within the boundaries of the City of Sydney a piece of land known as No Man's Land,*"—read a first time.

Ordered to be printed, and read a second time on Friday next.

4. Motion for Adjournment:—Mr. Robertson moved, That this House do now adjourn. Debate ensued.

Question put and negatived.

5. Pre-emptive Rights of Free Selectors ("*Formal*" Motion):—Mr. Burns moved, pursuant to Notice, That the petition presented by him on the 19th March, from the free-selectors of the District of Adelong, Tumut, and Gundagai, relative to the pre-emptive rights of free-selectors, be printed.

Question put and passed.

Ordered to be printed.

6. Applications to reclaim Land having Harbour Frontage in Sydney (*"Formal" Motion*):—Mr. Tunks moved, pursuant to Notice, That the Return to an Order on the motion of Mr. R. Stewart on the 29th December, 1863, in reference to applications to reclaim land having harbour frontage in Sydney, laid on the Table of this House on the 14th June, 1865, be printed.

Question put and passed.

Ordered to be printed.

7. Supply:—The Order of the Day for the resumption of the Committee of Supply having been read,—Mr. Eagar moved, "That" the Speaker do now leave the Chair, and the House resolve itself into Committee of Supply.

Mr. Robertson moved, That the Question be amended by omitting all the words after the word "That," with a view to inserting in their place the words, "before proceeding to the consideration of the Estimates of 1868, this House ought to be furnished with a detailed Schedule, exhibiting the mode in which the intended reduction of £120,000 is to be made."

Debate ensued.

Question put.—That the words proposed to be omitted stand part of the Question. The House divided.

 (4.) What was the daily average attendance at that school, according to the report of Mr. Inspector Harris?

 (1.) A Return of the cost of Steam Postal Communication with Great Britain by way of Panama, since the commencement of the contract to the date of Return, specifying, separately, the cost of each monthly mail as well as of each of the several stages of communication—that is to say, the cost between Sydney and the Isthmus, the cost across the Isthmus, and the cost between the Isthmus and Great Britain; also, in each case, the rate per annum, and the cost of each letter or newspaper, so far as the same can be approximately estimated.

4. MR. ROBERTSON to move, That, in the opinion of this House, the course taken by the Government in failing to carry out Mr. Speaker's and the President of the Legislative Council's recommendation of a gentleman to the office of Parliamentary Librarian, is an invasion of the powers of the House with regard to the appointment of its own officers, as expressed and claimed by resolutions agreed to by the Legislative Assembly on the 25th January, 1860, as follows:—  
 "That it is the opinion of this House, that, in order to maintain the dignity and usefulness of the office of Speaker, all the Clerks and other officers of the House ought to be appointed by the Executive, upon the recommendation of the Speaker of the Legislative Assembly."
5. MR. ROBERTSON to move, That this House will, on Friday, April 3rd, resolve itself into a Committee of the Whole, to consider of the following Resolutions:—

 (2.) That an Address, embodying the foregoing Resolution, be presented to His Excellency the Governor.
6. MR. S. BROWN to move, That, in the opinion of this House, the conduct of the Government in entering on the expenditure of £11,000 for the erection of Receiving Houses at the Redfern Railway Station and the Necropolis, without first obtaining Parliamentary sanction for such expenditure, was not warranted by the circumstances of the case, and invades the rights of Parliament in a manner which calls for the condemnation of this House.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Police Magistrate, Araluen:—Mr. Garrett asked the Attorney General pursuant to Notice No. 1,—Is the Police Magistrate at Araluen (who is also Clerk of Petty Sessions, &c.) supposed to be in daily attendance at the office in the same way as other Clerks of Petty Sessions?

Mr. Martin answered,—The Police Magistrate at Araluen is frequently required to be absent from his office for the purpose of inquiring into and determining disputes between gold diggers. Under these circumstances, he is not required to be in attendance at his office during office hours, in the same way as Clerks of Petty Sessions are so required. He is required, during the usual office hours, to be attending to his public duties, either at his office or at such other places as his duty may call upon him to visit.

- (2.) Reconstruction of Certain Public Departments:—Mr. S. Brown asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Has any reconstruction of the Public Departments under the control of the Honorable the Colonial Secretary been effected or attempted by the Government since that honorable gentleman's speech to his constituents, on or about the 5th of February, 1866?

(2.) Have any permanent reductions been made in the expenditure of those Departments since that date, and, if so—

(3.) To what amount, and in what manner?

Mr. Parkes answered,—I decline to answer this question;—

(1.) Because it appears to me to be framed with the intention of being made offensive.

(2.) Because it refers to matters outside the House with which the honorable member has nothing whatever to do.

- (3.) Money estimated for the erection of Receiving Houses in connection with the Necropolis:—Mr. S. Brown asked the Secretary for Public Works, pursuant to Notice No. 3,—

(1.) Has the sum of £11,000, or any portion of the same (and if so, how much), placed upon the Supplementary Estimates for 1867, to be raised by loan, for the erection of Receiving Houses at the Railway Station and the Necropolis, been expended, and, if so—

(2.) Out of what fund has such sum been paid?

Mr. Byrnes answered,—

(1.) Yes; the sum of £5,913 17s. 9d. has been paid up to the present date.

(2.) Out of the Consolidated Revenue Fund, in anticipation of a vote of Parliament.

- (4.) Public School, Urabadella River:—Mr. Egan asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Is there any Public School established on the western side of the Urabadella River?

(2.) What is the daily average attendance of children at that school?

(3.) Has any application been made for aid to a Denominational School at the same place, and what was the result of that application?

(4.) What was the daily average attendance at that school, according to the report of Mr. Inspector Harris?

(5.) Is the Colonial Secretary aware that the Public School is not approachable for two-thirds of the year, and is not at any time available for young children?

Mr. Parkes answered,—With reference to these questions, I have received the following memorandum from the Secretary to the Council of Education:—

(1.) "A Public School is established on the western side of the Tuross River, at Urabadella.

(2.)

(2.) "The daily average attendance of children at that school, according to the last return, is 17.

(3.) "No application has been made for aid to a Denominational School at the same place.

(4.) "Mr. Inspector Harris did not report the daily average attendance at the Public School, but found nineteen pupils present when he visited the school.

(5.) "Except in times of heavy rain, when it would be impossible for children to attend any school, there is no real difficulty in the way of pupils attending the Public School.

NOTICES

1. MR. ROBERTSON to move, That, in the opinion of this House, the course taken by the Government in failing to carry out Mr. Speaker's and the President of the Legislative Council's recommendation of a gentleman to the office of Parliamentary Librarian, is an invasion of the powers of the House with regard to the appointment of its own officers, as expressed and claimed by resolutions agreed to by the Legislative Assembly on the 25th January, 1860, as follows :—  
 " That it is the opinion of this House, that, in order to maintain the dignity and usefulness of the office of Speaker, all the Clerks and other officers of the House ought to be appointed by the Executive, upon the recommendation of the Speaker of the Legislative Assembly."

 (2.) That an Address, embodying the foregoing Resolution, be presented to His Excellency the Governor.
3. MR. S. BROWN to move, That, in the opinion of this House, the conduct of the Government in entering on the expenditure of £11,000 for the erection of Receiving Houses at the Redfern Railway Station and the Necropolis, without first obtaining Parliamentary sanction for such expenditure, was not warranted by the circumstances of the case, and invades the rights of Parliament in a manner which calls for the condemnation of this House.

No. 126.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 26 MARCH, 1868.

1. The House met pursuant to adjournment ; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Bridge over Shoalhaven River, District of Braidwood :—Mr. Rodd asked the Secretary for Public Works, pursuant to Notice No. 1,—Is it the intention of the Government to place upon the Supplementary Estimates for 1868 a sum of money for the erection of a Bridge over the Shoalhaven River, in the district of Braidwood ?

Mr. Byrnes answered,—Yes.

- (2.) Reidsdale Road :—Mr. Rodd asked the Secretary for Lands, pursuant to Notice No. 2,—

(1.) Have the Government received from the District Surveyor his report upon the Reidsdale Road ?

(2.) If so, what is the nature of the said report ?

Mr. Wilson answered,—The report on the Reidsdale Road has been received. I hold that report in my hand, and shall be happy to shew it to the honorable member.

- (3.) Mining Lease of Mr. A. D. Shepherd, Adelong :—Mr. Rodd asked the Secretary for Lands, pursuant to Notice No. 3,—

(1.) Have the Government received any report respecting the mining lease of Mr. A. D. Shepherd, situate upon the Adelong Creek Gold Field ?

(2.) If so, is there any objection to the same being laid upon the Table of this House ?

Mr. Wilson answered,—Yes—in December last, from Gold Commissioner Clarke. The papers, however, have since been returned to that officer for his further report, which, when received, will be laid on the Table of the House, if desired.

- (4.) "Fenian" Demonstration, Great Western Railway Works :—Mr. Garrett asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Whether the Government were possessed of any information as to the intended demonstration of certain persons styled "Fenians" on No. 5 Contract of the Great Western Railway works, on the 17th March instant ?

(2.) If so, what steps did the Government take, if any, to prevent such demonstration taking place ?

(3.) Has the attention of the Government been drawn or given to the fact, that the demonstration did take place, that certain loyal and well-disposed persons were mobbed and brutally ill-used on that occasion by the persons engaged in this demonstration, who otherwise conducted themselves in such a way as to excite alarm among the peaceable portion of the residents in the vicinity of the demonstration, and used language insulting to the institutions and Government of the country ?

(4.) If the attention of the Government has been drawn or given to the above circumstances, what steps have the Government taken to punish those engaged in them, or to prevent a recurrence of similar dangerous and illegal practices, and to protect the lives of Her Majesty's loyal subjects in the part of the colony alluded to ?

Mr. Parkes answered,—Several reports reached the Government of an intended demonstration, on the 17th instant, on No. 5 Contract of the Western Railway. Some of these reports represented that the intended demonstration would be in  
the

the form of a funeral procession in honour of the three men executed at Manchester. In consequence of these reports, a detachment of police stationed in the Western District, under Mr. Superintendent Lydiard, were ordered to the ground, with instructions to prevent any such procession taking place and to preserve the peace. The reports before the Government do not represent that any persons were mobbed or brutally used, or in any way molested. I will read the greater part of Mr. Lydiard's report. Mr. Lydiard says:—"There was not much difficulty in stopping the men from marching; in fact, it was arranged on a previous Sunday that the men should collect, and at the priest's request they should separate. Many men told me that they were much pleased that there was no march—that they were obliged to shew or they would be marked men. After the men had dispersed, many went to their tents, some took to dancing, others went down the line to a public-house. There were no fights or any other disturbance whatever."—"Toohey, the originator of this demonstration, was entirely deserted. He was walking about alone, and said to one of my men, 'You might as well put a ball through me, I am entirely deserted.' I subsequently went down to the public-house where most of the Irishmen had gone. They were then dancing and amusing themselves. I left the line about 4.30 p.m., to send information to Sydney. Senior-sergeant Grainger and party remained on the Section all night."

- (5.) Telegraph, Tamworth to Gunnedah and Narrabri:—*Mr. Lord*, on behalf of Mr. Dangar, asked the Secretary for Public Works, pursuant to Notice No. 5,—Have the necessary guarantee bonds for the construction of the Telegraph from Tamworth to Gunnedah and Narrabri been signed and completed; and if so, when will Tenders be called for the commencement of these works?

*Mr. Byrnes* answered,—The bonds for these extensions have not yet been completed. Tenders will be invited so soon as the bonds are executed.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

MONDAY, 6 APRIL, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Sydney Residence for Commodore :—Mr. Lord asked the Colonial Secretary, pursuant to Notice No. 1,—Is it the intention of the Government to make provision for a residence in Sydney for the Commodore commanding the Naval Squadron on this Station ?

*Mr. Martin* answered,—It is the intention of the Government to submit to Parliament a proposal, having for its object the providing a residence in Sydney for the Commodore commanding the Naval Squadron on this station.

- (2.) Communications with Prisoner O'Farrell in Gaol :—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Has it come to the knowledge of the Government, that before the trial of the prisoner O'Farrell, now under sentence of death for having attempted the life of H.R.H. the Duke of Edinburgh, several interviews and conversations took place in gaol between the said prisoner and certain visitors, having reference to the crime charged against the said prisoner, the substance of which conversations has been since published in various ways, to the effect that the said prisoner admitted that he had committed, and had for a long time intended to commit, the crime in question, as agent and confederate of a secret and treasonable association ?

(2.) Has it come to the knowledge of the Government, that any such conversation took place between the said prisoner and a medical man, the substance of which has been since published ?

(3.) If so, was such medical man an officer of the gaol, and has he, or any of the gaol authorities, been called to account by the Government, with reference to the said conversations ?

(4.) Did any such interview or conversation take place between the said prisoner and the Colonial Secretary, or any Minister, or the Speaker, the substance of which has been since published ?

*Mr. Parkes* answered,—I have noticed certain publications purporting to be reports of conversations between the prisoner O'Farrell and other persons. The Visiting Surgeon of Darlinghurst Gaol denies the accuracy of any such report, so far as it concerns him; and no other medical man has seen the prisoner in gaol. *Contingent*

*Contingent Notice of Motion :—*

1. MR. FORSTER to move (*as an Amendment on the Motion for going into Committee of Supply*), That it is the opinion of this House,—
  - (1.) That the general circumstances of the Colony, and in particular the state of the public service and of the public finances, render considerable retrenchment of the public expenditure absolutely necessary.
  - (2.) That it is the duty of the Government to carry such retrenchment into effect with as little delay as possible, by a general and thorough reorganization of all the public departments, and in particular by reduction of the number of persons employed therein, as well as of all salaries in excess of the service rendered.
  - (3.) That it is expedient to amend the Superannuation Act of 1864, with a view to the more complete abolition of all pensions and retiring allowances not subject to its provisions, by a more equitable apportionment of the benefits conferred by the said Act, and by further extending such benefits to all classes of public servants.
  - (4.) That it is highly desirable to economize the expenditure upon public works, and to render more equitable the distribution thereof, by such further extension of the municipal principle as may tend to withdraw such expenditure from the control and supervision of the Central Government, and to place a larger share of the burden thereof upon the districts and the parties chiefly benefited thereby.

 (5.) What will be the nature of that reply ?
2. MR. GARRETT *to ask* THE SECRETARY FOR PUBLIC WORKS,—

 (3.) VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

WEDNESDAY, 15 APRIL, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Mr. William Emery:—Mr. Garrett asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Upon what grounds was the conditional purchase of Mr. William Emery, of seventy-two acres of land at Good Dog, Shoalhaven, made on the 25th June, 1863, cancelled by "special permission of the Secretary for Lands," as stated in a letter to Mr. Emery on the 8th of January last?

(2.) What is indicated by the said term of "special permission"?

(3.) Upon what clause of the Crown Lands Alienation Act of 1861, or under what Regulation made to carry out the same, is the authority to exercise such "special permission" based?

(4.) When will a reply be given to the letter of Mr. Emery, addressed to the Secretary for Lands on the 20th February last, in reply to his letter of the 8th January previous?

(5.) What will be the nature of that reply?

Mr. Wilson answered,—

(1.) On the application of Mr. Emery.

(2.) Because I consider that the selection should legally have been forfeited; but under the peculiar circumstances of the case, a refund of the deposit money was authorized.

(3.) Regulation 26.

(4.) Letter answered on the 9th April.

(5.) In reply to this question I had better read the letter itself, addressed from my department to R. W. Robberds, Esquire, Solicitor for Mr. Emery:—

"Department of Lands,  
"Sydney, 9 April, 1868.

" Sir,

" With reference to your letter of the 20th February last, on behalf of Mr. William Emery, stating that he is at a loss to understand the reason of the cancellation of the conditional purchase of 72 acres made by him at Shoalhaven, on the 25th June, 1863, and that as the proof furnished by him of his having complied with the requirements of the law was received by this department as satisfactory, he considers that he is entitled to a Deed of Grant of the land,—I am directed to inform you that the proposal to annul the purchase emanated from Mr. Emery himself, with the view to putting an end to the difficulties which arose out of the antagonistic claims of Isaac Barelay.

" 2. With regard to the intimation made to Emery, that his proof of residence was considered satisfactory, I am to state that it was found on subsequent investigation, as also from the sworn evidence in the case of James Emery v. D. McIlwrath, tried at Kiama, in January, 1866 (a copy of which has been furnished to the department), that the conditions of law as to residence never had been fulfilled by Emery, and that the Secretary for Lands cannot now therefore uphold him in his claim to the land, by approving of his 'declaration,' which is in direct contradiction of the evidence above alluded to."

(2.) No. 4 Contract, Great Northern Railway.—Bathurst Traffic Bridge:—Mr. Garrett asked the Secretary for Public Works, pursuant to amended Notice No. 2,—

(1.) The names of the contractors who tendered for No. 4 Contract, Great Northern Railway, and the prices of each?

(2.) The "quantities" by which the Commissioner arrived at the prices?

(3.)

(3.) Whether it is the intention of the Commissioner to erect the Bathurst Traffic Bridge by Government superintendence, instead of calling for tenders to contract for doing it in the usual way?

Mr. Byrnes answered,—

(3.) The present crossing of the Macquarie being on a bridge of a most temporary character, constructed from the debris of the Denison Bridge, it was necessary to arrange for the construction of an iron traffic bridge with the least possible delay. Tenders were accordingly invited for cast iron cylinders for piers. Those are now ready, and are being sunk under Government superintendence, to avoid any possibility of delay or disappointment in so hazardous an operation. Tenders will be invited for the superstructure in time to put on piers when constructed.

(3.) Wharf, Shoalhaven River:—Mr. Garrett asked the Secretary for Public Works, pursuant to Notice No. 3,—At what locality on the Shoalhaven River is it the intention of the Government to expend the £1,000 for a Wharf on that river, placed on the Estimates for this year, in the case of the same being voted?

Mr. Byrnes answered,—At Terrara, Bomadery, and Greenwell Point.

(4.) Fenian Society:—Mr. Pickering asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Is it a fact that overtures have been made to the Government, through the Honorable the Colonial Secretary, to prove the existence of a Fenian Society in this city, and to disclose its place of meeting, for the consideration of the sum of £500, or some or any other stipulated sum?

(2.) Has the Honorable the Colonial Secretary accorded and given an interview to one or more persons, with reference to the question asked?

Mr. Parkes answered,—I have no knowledge of any circumstance to which the honorable member's question can have any possible reference.

2. Motion for Adjournment:—Mr. Pickering moved, That this House do now adjourn. Question put and negatived.

3. Papers:—

(1.) Mr. Byrnes laid upon the Table, particulars relative to "Railway Carriages," (being answer to Question (3) (3) recorded in Entry 1, in Votes and Proceedings No. 136.)

Ordered to be printed.

(2.) Mr. Wilson laid upon the Table, Report on Pleuro-Pneumonia, dated 7 January, 1868, by the Chief Inspector of Sheep and Cattle.

Ordered to be printed.

4. Motion for Adjournment:—Dr. Lang moved, That this House do now adjourn. Debate ensued.

Question put and negatived.

5. Supply:—On the Order of the Day for the resumption of the Committee of Supply being read, Mr. Eagar moved, "That" the Speaker do now leave the Chair.

Mr. Forster moved, pursuant to *Contingent Notice*, That the Question be amended by omitting all the words after the word "That," with a view to inserting in their place the words "it is the opinion of this House,—

"(1.) That the general circumstances of the Colony, and in particular the state of the public service and of the public finances, render considerable retrenchment of the public expenditure absolutely necessary.

"(2.)

“(2.) That it is the duty of the Government to carry such retrenchment into effect with as little delay as possible, by a general and thorough reorganization of all the public departments, and in particular by reduction of the number of persons employed therein, as well as of all salaries in excess of the service rendered.”

“(3.) That it is expedient to amend the Superannuation Act of 1864, with a view to the more complete abolition of all pensions and retiring allowances not subject to its provisions, by a more equitable apportionment of the benefits conferred by the said Act, and by further extending such benefits to all classes of public servants.”

“(4.) That it is highly desirable to economize the expenditure upon public works, and to render more equitable the distribution thereof, by such further extension of the municipal principle as may tend to withdraw such expenditure from the control and supervision of the Central Government, and to place a larger share of the burden thereof upon the districts and the parties chiefly benefited thereby.”

Debate ensued.

Question put, That the words proposed to be omitted stand part of the Question. The House divided.

Ayes, 25.

OF THE  
LEGISLATIVE ASSEMBLY.

THURSDAY, 16 APRIL, 1868.

1. The House met pursuant to adjournment ; the Speaker took the Chair.  
Questions on Notice Paper for to-day :—  
*Mr. Garrett withdrew the Question No. 1.*  
*Mr. Samuel withdrew the Question No. 2.*
2. Supply :—The Order of the Day for the resumption of the Committee of Supply having been read,—On motion of Mr. Martin, the Speaker left the Chair, and the House resolved itself into the said Committee.  
The Chairman reported that a Point of Order had arisen in the Committee, and been referred for decision to the House ; and obtained leave to sit again so soon as that decision should be given.  
The Chairman then reported the Point of Order as follows :—  
Certain Estimates, as recommended by a Message from the Governor and referred by the House to the Committee, being under consideration, the Minister in charge thereof had proposed a vote *less* certain items therein contained, and a member of the Committee (not a Minister) had desired to restore one of the omitted items, —to which restoration the Chairman had objected.  
The Speaker ruled, that the entire Estimates having been referred to the Committee, it is not competent to withdraw any item without the action of the Committee itself—but that if any item be omitted by such action, the Committee cannot restore it.  
Whereupon, on motion of Mr. Eagar, the Committee resumed.

And the Committee having continued to sit till after Midnight,—

No. 140.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

FRIDAY, 17 APRIL, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Cases remittable by Benches of Magistrates to higher Courts—Discharge of a Jury by Mr. Justice M'Farland—(Administration of Justice):—*Mr. Garrett*, on behalf of Mr. Driver, asked the Attorney General, pursuant to Notice No. 1,—

(1.) Has any circular been issued to the Benches of Magistrates by the Attorney General, instructing them as to the cases which should be sent to the Supreme Court instead of to the Quarter Sessions?

(2.) Is it the intention of the Attorney General to issue such a circular?

(3.) Is the Attorney General aware that His Honor Mr. Justice M'Farland, at the last Sydney Quarter Sessions, without the consent of the Crown, discharged a jury in a case of perjury, on their not agreeing after deliberating on their verdict for two hours and a-half?

(4.) Was such a course in accordance with any precedent?

(5.) Is it intended to proceed further in the case referred to?

Mr. Martin answered,—No such circular has been issued, but it is my intention to issue one very shortly. I have not been made officially aware of the discharge of the jury to which the honorable member refers. Every Judge presiding at a criminal trial has the power in his own absolute discretion to discharge a jury, when he is satisfied that a reasonable time has elapsed, and that the unanimity of the jury can, by further delay, be obtained only through the sacrifice of honest conscientious conviction. In the case, *Regina v. Winsor*, decided in 1866, Chief Justice Cockburn stated that, in his opinion, five hours is not so long a time as that it can be fairly assumed that the jury might not, by further deliberation, have come to a unanimous conclusion; and I venture to entertain the same opinion, and to state that I think that the discharge of a jury on the ground of their inability to agree after a lapse of only *two hours and a half* was (if it occurred) an unwise exercise of the Judge's discretion, and, so far as I am at this moment aware, without precedent in any English Court. I cannot at present say whether any further proceedings ought to be taken in the case.

(2.) Rule for Incorporation of Municipalities—Arcas petitioned for in Shoalhaven District:—*Mr. Garrett* asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Is it the intention of the Government to sanction the incorporation as a municipality of an area of country embracing only the property of one proprietor, in case of such petition being submitted to the Executive?

(2.) What course do the Government intend to take with regard to the incorporation of the several arcas petitioned for in the district of Shoalhaven?

Mr. Parkes answered,—

(1.) The Government can scarcely be expected to have any intention where no case has been submitted for its consideration.

(2.) Petitions for the incorporation of certain arcas in the district of Shoalhaven, received before the passing of the present Act, lapsed from incompleteness, when the change in the law took place. Two other petitions have since been received, and have been returned as informal.

(3.) Withdrawal of sum estimated for Approaches to Punt over River Darling:—*Mr. Lord* asked the Secretary for Public Works, pursuant to Notice No. 3,—Under what circumstances, and for what reasons, did he withdraw from the Estimates-in-Chief the sum of £350, for completing the approaches to the Punt on the River Darling?

Mr.

Mr. Byrnes answered,—The sum of £1000 was voted on the Lands Estimates for 1863, for punt and approaches at Fort Bourke. The punt, with rope, &c., cost above £550, and tenders were invited for the approaches; but being considered too extravagant, the remaining £450 was, on the recommendation of the Engineer-in-Chief for Harbours and Rivers, entrusted to the Police Magistrate for completing the approaches, on the understanding that the amount available was not to be exceeded. The site recommended by the Police Magistrate was approved both by the Minister for Lands, and the Minister for Works. Mr. Garrett undertook the expenditure of the money on these terms, and spent the whole of the amount and £20 11s. besides, and then left the work in an unfinished state for want of funds. In May last, Mr. Lord, M.P., enclosed a letter from his constituents, requesting that an additional sum of £350 should be placed on the Estimates to complete the work. This amount was accordingly placed on the Estimates for the present year. In July last, a petition was presented by Mr. Josephson, M.P., from the inhabitants of Bourke, praying that the site should be fixed two miles below the township, at the confluence of the ana-branch. In consequence of this difficulty about the site, the amount was withdrawn from the Estimates, until further information can be obtained as to the wishes of the inhabitants with reference to the best site for the approaches. As soon as this difficulty is removed, the sum necessary for completing the work will be placed on the Estimates.

Claim to Salvage by Custom House Officers:—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice,—Are Custom House officers, having the use of Government boats and crews, permitted to claim salvage in cases where they may aid in saving property from vessels wrecked on the coast of this Colony?

Mr. Eagar answered,—I understand Customs officers in England are allowed to claim salvage, and the same rule would apply here, it being the policy of the Legislature and of the Courts to encourage the salvage of goods in every way. The permission, however, to claim it would depend upon the merits of each individual case.

Question put and passed.

And the Committee having retired to prepare the Address, and returned,—

Mr. Martin brought up the Address, which was read at length by the Clerk, by direction of the Speaker, as follows:—

*“ To Her Most Gracious Majesty Victoria, Queen of the United Kingdom of Great Britain and Ireland, Defender of the Faith, &c., &c., &c.*

“ MAY IT PLEASE YOUR MAJESTY,—

“ We, the Members of the Legislative Assembly of the Colony of New South Wales, in Parliament assembled, desire humbly to approach Your Majesty with the assurance of the continued and heartfelt loyalty and attachment, both of ourselves and of those whom we represent, to Your Majesty’s Throne and Person.

“ Your Majesty’s solicitude at all times for the welfare of your people is nowhere better appreciated than by your subjects in this remote portion of Your Majesty’s Dominions, and we hailed the sending of one of Your Royal Sons amongst us as a new and signal proof of the interest which you take in our affairs.

“ We received His Royal Highness the Duke of Edinburgh with such manifestations of loyalty and affection as became his exalted position, and our own sense of duty to the Monarch to whom, from principle and feeling, we are so warmly attached.

“ In the midst of the festivities which marked His Royal Highness’s reception, a most wicked and dastardly attempt was made by an assassin to take his life, at a time when he was surrounded by thousands ready to shield him from harm.

“ This great crime, committed by a person, without known accomplices, and but a short time resident amongst us, will not, we feel assured, be regarded by Your Majesty as a blot upon the fair fame of the Colony within whose borders it was perpetrated.

“ We confidently trust that it needed not the prompt and spontaneous outburst of horror and indignation which the crime called forth in all places and from all classes amongst us, to satisfy Your Majesty that the people of this Colony are not answerable for its commission.

“ We regard it as one of the greatest mercies that has been vouchsafed to us, that the assassin failed in his attempt, and that His Royal Highness was enabled to leave our shores, with restored health, and with every prospect of a speedy reunion with Your Majesty.

“ We, in common with all Your Majesty’s loyal subjects here and elsewhere, offer up our thanks to Almighty God, for having averted from Your Majesty, and from us, so great a sorrow as the accomplishment of the assassin’s intention would have caused; and we humbly pray that His Royal Highness may be long spared to Your Majesty, and to the Nation, which has learnt to regard Your Majesty more in the light of its parent than its Queen.”

Mr. Martin then moved, and Mr. Robertson seconded the motion, That the Address, as just read by the Clerk, be now adopted by this House.

Question put and passed unanimously and enthusiastically.

6. Supply (Order No. 1 of Government Business):—Mr. Egar moved, That this Order of the Day stand an Order of the Day next after the “Adjourned Debate on the Suspension of the Standing Orders.”

Mr. Forster moved, That the Question be amended by omitting the words “Adjourned Debate on the Suspension of the Standing Orders,” with a view to inserting in their place the words, “Order of the Day No. 6 of Other Business.”

Question put, That the words proposed to be omitted stand part of the Question. The House divided.

- (2.) Are the tests readily made, and results given, by the authorities of the Mint?
- Mr. Eagar answered,—I have not yet received the information from the Mint, and I shall be glad if the honorable member will give fresh notice for to-morrow, when I shall be prepared to give the answers.
- (3.) Prisoner O'Farrell—Dr. Carr:—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 3,—
- (1.) Did Dr. Carr, in pursuance of an order from the Colonial Secretary, visit the prisoner O'Farrell, lately executed for wounding with intent to kill H.R.H. the Duke of Edinburgh, and engage in conversation with him on philosophical subjects, and ask the prisoner his opinion or theory of the immortality of the soul?

(2.)

(2.) Was the said Dr. Carr remonstrated with by a warder in attendance, and asked to consider that he (Dr. Carr) was speaking to a man who in a few hours would appear before his God, or in words to the same effect?

(3.) Has an official report of the whole of this matter been made to the Superintendent of Darlinghurst Gaol, and the circumstances formally brought under the notice of the Colonial Secretary?

Mr. Parkes answered.—As I informed the House yesterday, Dr. Carr did visit the prisoner O'Farrell, upon an order making it necessary for the prisoner himself to desire the interview before Dr. Carr could see him. With regard to the rest of the question, I can only give a very general answer. I sent for Mr. Read, the Principal Gaoler of Darlinghurst, this morning, and I understood from him that the warder did make some report to him, such as is alluded to here. I requested that that report should be officially sent to me; but up to the time of my leaving my office it had not arrived. As the honorable member is aware, all official communications of that kind have to be sent through the Sheriff, and I expected this report to reach me before I came here; but up to the time I left my office it had not arrived.

(4.) Gates on Public Roads Bill:—Mr. Macpherson asked the Secretary for Lands, pursuant to Notice No. 4,—Whether it is the intention of the Government to take any further steps with reference to the Gates on Public Roads Bill, either during the present or next Session; and if so, what are their intentions with reference to it?

Mr. Wilson answered.—The Gates on Public Roads Bill will be introduced early next Session.

(5.) Road to Wollongong *via* Liverpool Dam:—Mr. Macpherson asked the Secretary for Lands, pursuant to Notice No. 5,—Whether—and if so, when—is the intention of the Government to open a road between the Dam at Liverpool and Wollongong, which was surveyed by G. M. Pitt several years ago, and for which the sum of £100 was voted for fencing the said road?

Mr. Wilson answered.—I do not think there was any money voted for the fencing of this road; I understood it was voted for its repair. It is not at present the intention of the Government to open this road officially, as the cost of fencing it (£327 10s.) would be greater than the importance of the road would warrant. But I may also state that the road is not obstructed; there are in the paddocks slip rails, and people are allowed to go through if they put them up after them.

(6.) Church and School Estates:—Mr. Macpherson asked the Secretary for Lands, pursuant to Notice No. 6,—Whether it is the intention of the Government to expose for sale any portion of the Church and School Estates; and if so, when?

Mr. Wilson answered.—It is not the intention of the Government to expose for sale any portion of the Church and School Estates during the present state of the law with regard to them.

(7.) Mr. District Judge Meymott—Session of Court at Kempsey:—Mr. Forster asked the Attorney General, pursuant to Notice No. 7,—

(1.) Has it come to the knowledge of the Government that, in consequence of the non-attendance of Mr. District Judge Meymott, or any other cause, the District Court, which ought to have been held at Kempsey in February last, was allowed to lapse?

(2.) If so, what were the circumstances under which the Court lapsed, in so far as the Government are acquainted with them?

(3.) Has any letter or communication been received from Mr. Meymott on the subject?

(4.) If so, has Mr. Meymott given a satisfactory explanation of his conduct?

Mr. Martin answered.—The District Court, which was appointed to be held at Kempsey on the 20th February, was allowed to lapse from the inability of Mr. District Court Judge Meymott, by reason of the flooded state of the country, to reach that place in sufficient time to enable him to hold Courts at Muswellbrook and several other places at the times appointed for holding such Courts respectively. It thus became necessary to appoint an additional Court to be held at Kempsey, after the 20th April, the day appointed for holding the Court at Grafton. The 8th of May was accordingly appointed for that purpose. The District Court Judge wrote to the Under Secretary to the Law Department a letter, dated the 28th February, informing him of the reason of his inability to hold the Kempsey Court, and enclosed a copy of the *Macleay Herald*, of the 24th February, containing a detailed statement of facts, which, in my opinion, relieved him from any blame for his non-attendance.

No. 141.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

THURSDAY, 23 APRIL, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Road from Singleton to Koukarah Creek, *vid* Dyring:—Mr. Burns asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) If the objections lodged by Mr. John Browne and others, of Singleton and elsewhere, against the opening for public use of the new road proposed to be made from Singleton, *vid* Dyring, to Koukarah Creek, have been considered and determined?

(2.) If, in the event of the objections being overruled, and the road dedicated to the public, it will be fenced off at the expense of the Government, and compensation afforded to the parties through whose lands it will be made to pass, for the damage they may sustain?

Mr. Wilson answered,—

(1.) The road has been confirmed, but the objection of Mr. Browne has received attention, although beyond the time allowed by law, and is with the Surveyor for report.

(2.) Fencing has been recommended, and will be given in either case where the road passes through enclosures existing at date of survey. No compensation for land taken can be allowed, as the deeds of grant reserved the usual right to make roads.

- (2.) Roads, Bellenger River:—Mr. Forster asked the Secretary for Lands, pursuant to Notice No. 2,—What course have the Government taken, or do they intend taking, with reference to any applications lately received from residents in or near the Bellenger River, for opening roads between the South Arm and the township at Hyde's Falls, and between the said township and the township at Boat Harbour; as also for setting aside certain land between the North and South Arm for the purposes of a Common?

Mr. Wilson answered,—The survey of a road from the South Arm to Hyde's Falls has been recently received, but not yet proclaimed. On the road from Hyde's Falls to Boat Harbour (as originally reserved in measurement of farms), a report has been received from the Surveyor, recommending certain deviations, in accordance with the wishes of the inhabitants. The works required in order to open the roads will cost a considerable sum, and the matter is still the subject of correspondence with the Surveyor. The matter of commonage has been referred for the report of Mr. Licensed Surveyor Hisborn.

- (3.) Pilot, Bellenger River:—Mr. Forster asked the Colonial Treasurer, pursuant to Notice No. 3,—What course have the Government taken, or do they intend taking, with reference to the latest application received from residents on or near the River Bellenger, for a Pilot at the entrance of the said river?

Mr. Eagar answered,—The Government are unable to comply with the application, for the reason formerly stated—namely, that it does not appear that the River Bellenger is of sufficient importance to warrant the establishment of a Pilot Station there. I may add, that the cost of such an establishment would be about £600 a-year.

(4.)

(4.) Police Protection—Cemetery—Bellenger River :—Mr. Forster asked the Colonial Secretary, pursuant to Notice No. 4,—What course have the Government taken, or do they intend taking, with reference to any applications lately received from residents on or near the River Bellenger, for Police protection, and for expenditure towards clearing and fencing a Cemetery or Cemeteries?

Mr. Parkes answered,—A petition on this subject was received the day before yesterday, and it will receive immediate consideration. I think it is likely that the necessary protection will be afforded. With respect to the application as to fencing a cemetery, no action has at present been taken, but it will be referred to the Secretary for Lands.

(5.) Savings Bank Extension :—Dr. Lang asked the Colonial Treasurer, pursuant to Notice No. 5,—Whether the Government, or the Managing Trustees of the Savings Bank, intend to take such measures as may be necessary to extend the benefits of that institution to the suburbs of Sydney, and to other more distant parts of the Colony where branches of the Savings Bank are needed, but have not yet been established?

Mr. Eagar answered,—I have made the needful inquiry, and am able to inform the honorable and reverend member, that this matter has been, and will be again, brought under the consideration of the Trustees; but nothing has been as yet definitely arranged.

(6.) Gold Alloy sent to Sydney Mint for Examination :—Mr. Thornton asked the Colonial Treasurer, pursuant to Notice No. 6,—

(1.) What is the practice at the Mint at Sydney, in respect to *gold alloy* sent there from any of the diggings in this Colony for purposes of test or analysis?

(2.) Are the tests readily made, and results given, by the authorities at the Mint?

Mr. Eagar answered,—

(1.) Metals and minerals generally, from whatever quarter received, are tested and analyzed at the Mint, on payment of charges according to a regulated scale,—a copy of which is annexed, and which I shall be happy to show to the Honorable Member.

(2.) The tests are made, and results given, in every case, with all possible expedition.

(7.) West Maitland Embankment in High-street :—Mr. Lucas asked the Secretary for Public Works, pursuant to Notice No. 7,—What amount has been expended by the Government upon the West Maitland Embankment in High-street, from the commencement of the work, either by contract or otherwise, to its final completion?

Mr. Byrnes answered,—The amount expended to date on the West Maitland Embankment is £2,824 8s. 9d. The work is not quite completed.

(8.) Church and School Lands :—Mr. Macpherson asked the Secretary for Lands, pursuant to Notice No. 8,—Whether it is the intention of the Government, during the present or next Session, to introduce any Bill with reference to the management or sale of the Church and School Lands; and if so, of what character?

Mr. Wilson answered,—The Government have not yet come to any determination as to what course to pursue with regard to the Church and School Lands. The question is still under consideration.

2. Mr. William Emery :—Mr. Garrett presented a Petition from William Emery, complaining of the cancellation of his selection of certain land at "Good Dog," as therein set forth, and praying relief.  
Petition received.

3. Motion for Adjournment :—Mr. Macleay moved, That this House do now adjourn.

No. 145.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

FRIDAY, 24 APRIL, 1868.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Vessels cleared outwards for the Hawkesbury, &c.—Vessels boarded by the Customs at Broken Bay:—Mr. R. Stewart asked the Colonial Treasurer, pursuant to Notice No. 1,—

(1.) What number of vessels cleared outwards for the Hawkesbury, Brisbane Water, and Broken Bay, during the year 1867?

(2.) What number of vessels were boarded by the Custom House Officer at Broken Bay during the year 1867?

Mr. Parkes answered,—During the year 1867, 58 vessels cleared out for the Hawkesbury, 159 for Brisbane Water, and 22 for Broken Bay; 540 vessels were boarded by the Customs Officer at Broken Bay in the same year.

- (2.) Time of Departure of Suez Mail in connexion with arrival of Interior Mails:—Mr. Burns asked the Colonial Secretary, pursuant to Notice No. 2,—If the Government intend to take any, and, if any, what steps towards bringing about a change in the time fixed by the Imperial authorities for the departure of the Suez Mail from Sydney, in view of the circumstance, that under the present arrangement the mails from the Southern and Western districts arrive at the General Post Office on the morning of departure about an hour too late for the outward letters to be selected and forwarded therewith?

Mr. Parkes answered,—The Postmaster General is of opinion that the attention of the Imperial authorities should be called to the inconvenience which the present arrangement for the departure of the mail steamer entails upon the colony, especially the country districts. By extraordinary exertions on the part of the officials, and by the suspension of the regulations it is necessary to observe with regard to the closing of the mails, the letters from the Southern and Western districts, arriving on the morning of the 28th March, were despatched in the mail of that date. The letters contained in the Southern mails, arriving in Sydney on the 23rd instant, have also been despatched. The Western mails did not arrive at the Weatherboard station in time for the train, and have, consequently, missed the opportunity of being forwarded.

- (3.) Mr. William Farrand, Police Magistrate of Forbes:—Mr. Lucas, on behalf of Mr. Macpherson, asked the Attorney General, pursuant to Notice No. 3,—

(1.) Has the Attorney General inquired into various charges against Mr. William Farrand, Police Magistrate at Forbes, as preferred at a public meeting, and also other charges made against him by the Clerk of Petty Sessions at Forbes?

(2.) What is the intention of the Government in respect to those charges?

Mr. Martin answered,—The charges have been inquired into, but no determination has yet been arrived at.

- (4.) Master Attendant of Lunatic Asylum, Tarban Creek—Superannuation Fund:—Mr. Farnell asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Is the Master Attendant of the Lunatic Asylum, Tarban Creek, appointed by the Governor, with the advice of the Executive Council—If not, why is four per cent. deducted from his salary and paid into the Superannuation Fund?

(2.) Is it right to make the said deduction—If not, will the Government repay to the said Attendant all moneys so deducted from his salary?

(3.) Are any other persons in the employ of the Government contributing to the Superannuation Fund who have not been appointed by the Governor, with the advice of the Executive Council?

Mr.

Mr. Parkes answered,—The Master Attendant of the Lunatic Asylum at Tarban Creek was appointed by the Superintendent. Four per cent. has been deducted from his salary in consequence of an error, originating in the Blue Book—the word “ditto” having been repeated as applying to him which should have referred to a previous name. Application has been made during the last three days for the refund, and the application will be considered, and no doubt complied with. It is believed that no other case of the kind exists.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. After an arduous and unusually protracted Session, it cannot but be gratifying to you that I am at length enabled to release you for a time from your Parliamentary labours.

2. I have to congratulate you on the passing of a considerable number of useful measures, the most prominent of which are the Border Duties, Postage, Volunteer Force Regulation, and Municipalities Acts, and the Act to amend the law for the Care and Treatment of the Insane. Some of these enactments had been long required, and the passing of them cannot fail to be of considerable advantage to the community.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

3. I thank you for the Supplies which you have placed at the disposal of the Government, for the purpose of enabling it to meet the current engagements, and to maintain the Public Credit. Some inconvenience has been caused by the delay which has taken place in the passing of the Appropriation Act for this year; but I trust in your wisdom and ability in future to find the means of preventing any similar inconvenience.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

4. It is with much pleasure that I am enabled to assure you that the Public Securities of this Colony have largely advanced in value, notwithstanding a considerable increase in the amount of our Public Debt. No circumstance has arisen to shake the confidence of capitalists in the stability of this Government, and entire faith is justly reposed in its power and determination at all times to meet its engagements with punctuality. By means of the Loans recently authorized, it is hoped that various important Public Works will be actively proceeded with, including the Northern, Western, and Southern lines of Railway. Every effort will be made by the Government to complete these lines so far as they have been authorized by Parliament without delay.

5. The present year has been made memorable by the visit to this Colony of one of Her Majesty's Sons, His Royal Highness the Duke of Edinburgh. The reception of His Royal Highness has been such as was anticipated from the loyalty and liberality of the people of New South Wales. The attempt which was made upon the life of our Royal Guest, happily frustrated by the interposition of Divine Providence, served but more fully to make manifest the attachment of all classes amongst us to the Throne and Person of Her Majesty. I congratulate you, and the Colony at large, on the noble display of sympathy and indignation which this great crime called forth.

6. I now declare this Parliament prorogued until Tuesday, the 16th June next.

W. M. ARNOLD,  
*Speaker.*
