1. Opening of the Session :—The House met at Twelve o'clock, at noon, pursuant to a Proclamation of His Excellency the Governor, bearing date the fifteenth day of June, 1870; the Speaker took the Chair. The Clerk then, by direction of the Speaker, read a copy of the said Proclamation, as follows :—

“ third year of Her Majesty's Reign.

“ By Command,

“ CHARLES COWPER.

“ GOD SAVE THE QUEEN!”

2. Writs issued and Returns made during the Recess :—The Speaker reported as follows :—  
(1.) That in pursuance of the direction of the Electoral Act of 1858, he had issued Writs for the Election of Members to serve in this present Parliament, viz. :—  
For The Hastings,—in the room of Horace Dean, Esquire, who during the last Session was declared, by the Committee of Elections and Qualifications, not to have been duly elected.  
For Gold Fields South,—in the room of Ezekiel Alexander Baker, Esquire, resigned.  
(2.) That these Writs had been duly returned to him, with the respective Certificates endorsed thereon of the election of the following gentlemen,—  
Horace Dean, Esquire, to serve as Member for The Hastings; and  
Ezekiel Alexander Baker, Esquire, to serve as Member for Gold Fields South.
3. Members Sworn :—  
Horace Dean, Esquire, having taken the Oath and subscribed the Roll, took his Seat as Member for the Electoral District of The Hastings.  
Ezekiel Alexander Baker, Esquire, having taken the Oath and subscribed the Roll, took his Seat as Member for the Electoral District of Gold Fields South.

4. The Clerk summoned. (*Regina v. Alderson—Bribery.*)

The Speaker informed the House as follows:—

(1.) That during the recess the Clerk had been summoned in the case above cited to have and produce, at the Police Office, in Windsor, on a day named in the summons, the Writ issued at the late General Election for the election of a Member to serve in the Legislative Assembly for the Electoral District of Windsor;—that the Clerk had represented to him his inability, under the 14th Standing Order, to produce the said Writ without the leave or order of the House (at the time unattainable), and that he himself had declined to assume the responsibility of authorizing in the Clerk a disregard of the explicit direction of the Assembly.

(2.) That the Clerk had reported to him that, in obedience to the summons, he attended at the Police Office in Windsor, and when called upon to produce the said Writ respectfully declined to do so (explaining to the Bench the position in which he was placed), whereupon the case was adjourned for one week, for the purpose of obtaining the opinion of the Attorney General as to the power of the Bench to compel production of the document; that he attended on the day of the adjourned sitting—the Bench in the meantime having been advised by the Attorney General that they had the power to compel production of the Writ, but after being marked as an exhibit it should be returned to the custody of the Clerk;—that the Clerk then offered to *produce* the Writ, but the attorney conducting the prosecution insisted upon having either the original document or an attested copy *put in* as evidence; the Clerk allowed him to make a copy, and certified to its correctness. That the case having then proceeded, and the accused having been committed for trial to the next Court of Quarter Sessions, to be held at Windsor on the 2nd August current, the Clerk was bound over to attend on that day;—that he attended accordingly, and produced the Writ, without relinquishing the possession of it, and the case was concluded.

The Speaker then laid upon the Table the correspondence that had taken place on the subject.

Ordered, on motion of Mr. Cowper, to be printed.

## 5. Message from His Excellency the Governor:—The Usher of the Black Rod, being admitted, delivered a Message, "That it is the pleasure of the Governor that this Honorable House do attend His Excellency immediately in the Legislative Council Chamber."

The House went, and being returned, adjourned, on motion of Mr. Cowper, at twenty-five minutes before One o'clock, until Three o'clock This Day.

The House resumed, pursuant to adjournment.

## 6. Papers:—Mr. Cowper laid upon the Table the undermentioned Papers:—

(1.) Report and Minutes of the Proceedings of the Intercolonial Conference, held in Melbourne, in the months of June and July, 1870.

(2.) Return shewing the Distribution of the Police Force on 1st July, 1870.

(3.) By-laws under the Municipalities Act, 31 Vict. No. 12, sec. 158, of the undermentioned Boroughs:—

Borough of Newcastle		Borough of Mudgee
Borough of Waverley		Borough of Paddington.

(4.) Correspondence respecting the introduction of Female Domestic Servants from the United Kingdom.

(5.) Despatches respecting Imperial Troops in the Australian Colonies.

Ordered to be printed.

## 7. Committee of Elections and Qualifications:—The Speaker, pursuant to the requirement of the Electoral Act of 1858, laid upon the Table his Warrant appointing the Committee of Elections and Qualifications for the present Session, of which the following is a copy:—

## "LEGISLATIVE ASSEMBLY.

"Given under my Hand at the Legislative Assembly Chamber, Macquarie-street,

"Sydney, this eleventh day of August, in the year of our Lord one thousand  
"eight hundred and seventy.

"W. M. ARNOLD,  
"Speaker."

## 8. Election Petition:—The Speaker laid upon the Table an Election Petition, which had been addressed to him, from Robert Burdett Smith, of Sydney, in the Colony of New South Wales, complaining of the election and return of Horace Dean, as the Member for the Electoral District of The Hastings, as being an undue election and return, on the ground that at the time of the said Horace Dean's nomination and election, and also at the time of his return, he was not a naturalized subject of Her Majesty; and alleging that he (Petitioner) was a candidate at the Election for The Hastings, and ought to have been returned instead of the said Horace Dean, and claiming to be declared the sitting Member for the said Electoral District; and praying that the said Petition may be dealt with as the law directs.

Ordered to lie on the Table.

9. Ordnance Land Act Amendment Bill:—Mr. Cowper having presented this Bill, intitled “*A Bill for confirming the Transfer to the Secretary at War in England from the Principal Officers of Ordnance there of certain Lands in New South Wales and for amending the Ordnance Land Act of Council 1840,*” read a first time, *pro forma*.
10. The Governor's Opening Speech:—The Speaker reported that the House had this day attended the Governor in the Legislative Council Chamber, when His Excellency was pleased to deliver an Opening Speech to both Houses of Parliament, of which, for greater accuracy, he had obtained a copy, which he read to the House as follows:—

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. I have in accordance with the expectation held out at the commencement of the last Session of Parliament, summoned you thus early for the despatch of business in the hope that the period may prove seasonable and convenient.

2. The very important subject of Law Reform has engaged the attention of my Government, and a Commission has been issued to make a full inquiry into the state of the Statute Law of the Colony, and to submit proposals for the consolidation and amendment thereof. A like inquiry will also be made into the practice and procedure of our Courts of Justice, with a view to their simplification and the removal of the inconveniences arising from the separation of jurisdiction in Law and Equity. The high qualifications of the gentlemen who have undertaken this duty give promise of valuable reform in the Laws of the Country and the Administration of Justice. Several very important Bills are in course of preparation under the supervision of the Commission, and will, it is expected, be ready for presentation at an early date. Amongst these are measures for the consolidation and amendment of Criminal Law and Procedure, of Common Law and Equity Procedure, and of the Insolvency Laws and Law of Lunacy.

3. A Commission has also been issued to inquire into the operation of the Gold Fields Laws and Regulations; and, I hope that the exhaustive inquiry upon which the Commissioners have been instructed to enter, may enable the Government to propose a measure by which the great interest of gold-mining will be put in a position for its thorough and most profitable development.

4. Despatches from the Secretary of State, and other correspondence having reference to the question of Military protection, will be submitted to Parliament. The withdrawal of the remaining detachments of Her Majesty's Land Forces renders necessary the immediate consideration of the means by which they shall be replaced, although I feel assured that adequate protection by sea will be afforded by the Imperial Navy.

5. The several Governments of the Australasian Colonies having been invited to meet in Conference, at Melbourne, to consider the desirability of the establishment of a Customs Union, and the removal of all restrictions upon Intercolonial Trade, with various other matters affecting the whole group, this Government accepted the invitation, and two of its members attended accordingly. Copies of the proceedings will at once be laid before you. Upon the more important questions which came under discussion no definite resolutions were arrived at, but the spirit in which all subjects of mutual interest were discussed will, it is hoped, open the way to important and beneficial results.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

6. The Estimates of Expenditure for the year 1871 are being prepared and will be submitted to you without delay, together with such Supplementary Estimates for 1870 as have been found inevitable. These have been brought within the narrowest limits.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

7. I feel assured that you will join with me in deep sympathy for the great suffering occasioned to a large and industrious portion of the community by the disastrous floods. Every aid has been rendered by the Government to relieve urgent cases of distress, and I rely upon the energy of the people to overcome the losses and deprivations to which, by the calamitous visitation of Providence, they have been subjected.

8. The continuance and wide extension of the extraordinary rainfall, which had commenced before I last addressed you, have by affecting the general prosperity, and obstructing trade with the interior, proved prejudicial to the Public Revenue; but it is confidently anticipated that by careful economy the ordinary expenditure for the year will be kept within the receipts.

9. You will be invited to consider the expediency of consolidating the Public Debt, and of making special provision for the deficit remaining from former years. A scheme will also be submitted for a loan to enable the Government to proceed still further with the Railway works, for the construction of Lunatic Asylums, and other Public Buildings which are pressingly required, and for carrying out Immigration. The expenditure incurred for the highly important objects above-mentioned will be valuable as a means of affording employment, immediately upon their arrival, to the Immigrants who may be introduced.

10. The policy indicated in a former Session of abolishing the system of *Ad Valorem* Duties will be adhered to.

11. The intelligence received from Europe by late Mails gives much ground for expecting a steady and encouraging revival of prosperity in relation to wool and other leading products of the Colony, which have been lately so much depressed. And it is at the same time very gratifying to observe that the confidence of capitalists at home in the resources of this Country, and the energy of its people, has become such as to secure for our Debentures a higher rate than they have ever before attained.

12. Very anxious consideration has been given to the subject of Railway extension at reduced cost. Propositions will be submitted for the prolongation of the Northern, Western, and Southern Lines, and for the construction of a line in the South-western District of the Colony.

13. The temporary provision made for the maintenance of the Superannuation Fund having been exhausted, it is imperatively necessary that this subject should be dealt with in the course of the present Session.

14. Other important measures have been prepared, and are in the course of preparation, which will be brought under your consideration at an early period; some of these have been mentioned to you on a previous occasion.

15. I regard with great satisfaction the prospect of advantage which the Australasian Colonies may expect from the approaching Intercolonial Exhibition. It cannot fail to bring into favorable view the advance and high character of our Industries, and to develop the resources of this Country, whilst it will at the same time afford much information and gratification to all who may have the opportunity of visiting it. Our thanks are due to the Agricultural Society and the gentlemen under whose auspices the Exhibition has been designed and prepared.

16. I trust that the Divine Blessing will attend your counsels and guide you to adopt such measures as may tend to advance the welfare and happiness of the community whose interests are committed to your care.

Mr. Bawden then moved, and Mr. Spring seconded the motion,—

(1.) That a Select Committee be appointed to prepare an Address in reply to the Speech delivered by His Excellency the Governor on opening this Session of the Parliament of New South Wales.

(2.) That such Committee consist of Mr. Church, Mr. Dodds, Mr. Garrett, Mr. Hill, Mr. Phelps, Mr. Robertson, Mr. Samuel, Mr. Spring, and the Mover.

Question put and passed.

And the Committee retired to prepare the Address.

And Mr. Bawden having brought up the Address prepared by the Committee, the same was read by the Clerk, by direction of the Speaker, as follows:—

*“ To His Excellency the Right Honorable SOMERSET RICHARD, EARL OF BELMORE, a Member of Her Majesty’s Most Honorable Privy Council in Ireland, Governor and Commander-in-Chief of the Colony of New South Wales, and Vice-Admiral of the same.*

“ MAY IT PLEASE YOUR EXCELLENCY,—

“ We, Her Majesty’s loyal and dutiful subjects, Members of the Legislative Assembly of New South Wales, in Parliament assembled, desire to express our loyalty and unfeigned attachment to Her Most Gracious Majesty’s Person and Government, and to offer our respectful thanks for Your Excellency’s Speech.

“ 2. We are glad that it has been found practicable to call Parliament together so soon after the close of last Session.

“ 3. We are pleased to learn that the Law Reform Commission has already entered on its very important duties, and we heartily join with your Excellency in the hope that the result of its labours will be valuable, and that speedy reforms in the Laws of the Colony and in the Administration of Justice will follow.

“ 4. We shall be prepared to give our earnest attention to any measure suggested by the labours of the Gold Fields Commission with a view to the more thorough development and profitable working of gold-mining throughout the Colony.

“ 5. We shall be willing to concur in such legislation as may be rendered necessary by the withdrawal of the Imperial Troops.

“ 6. We cordially join with your Excellency in expressing a deep sympathy with those of our fellow colonists who have suffered by the recent disastrous floods. It is satisfactory to us to know that in urgent cases of distress proper assistance has been rendered by the Government.

“ 7. The heavy rainfall since the commencement of the current year prepared us for a decrease in the revenue, but we are glad to be assured that there is a probability of the expenditure of the year not exceeding the receipts.

“ 8. We share with Your Excellency the great satisfaction which the prospect of the approaching Intercolonial Exhibition holds out of bringing into favourable view the advance and high character of our productions, and of its being calculated to facilitate the development of the resources of the Colony.

“ 9. The favourable reports received from Europe in relation to our Colonial products, and the high prices obtained for our Debentures are highly satisfactory, and together cannot fail beneficially to affect all the interests of the Colony.

“ 10. It is also gratifying to hear that several important Bills will be submitted to Parliament at an early date. We shall be prepared to give them our careful attention.

“ 11. The Estimates of Expenditure shall have our best consideration.

“ 12. We unite with Your Excellency in the hope that the Divine Blessing will attend our counsels, and guide us to adopt such measures as may tend to advance the welfare and happiness of the community whose interests are committed to our care.”

Mr. Bawden then moved, and Mr. Spring seconded the motion,—That the Address in reply to the Governor’s Opening Speech, as read by the Clerk, be now adopted by this House.

Debate ensued.

Sir James Martin moved, That the Address be amended, by the insertion of the following paragraph between paragraphs 11 and 12:—

“ We regret that your Excellency has been advised to delay for so long a period the filling up of the important office of Secretary for Lands, and we feel ourselves constrained to express to your Excellency our opinion that the arrangements under which the Law Officers of the Crown discharge their functions are not such as to command our approval.”

Debate continued.

Questions on Notice Paper for to-day:—

(1.) Suspension of Mr. Moriarty:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 1,—If he will state the specific charge or charges under which the Government have thought it their duty to suspend Mr. Moriarty from his office?

(2.) Government Cash Balances in Banks:—Mr. Farnell asked the Colonial Treasurer, pursuant to Notice No. 2,—The debtor and creditor actual available cash balances in the Government Bank in the Colony on the 8th August, 1870; and in London, to date of latest advices,—

(4.) The Lodgments?

(5.) Civil Service Superannuation Fund?

And the distribution of the above balances?

Mr. Samuel answered,—Even if so disposed, it would be impossible for me to give the information asked for by the Honorable Member, as no "debtor cash balances" can possibly be "available" in the Government Bank either in the Colony or in London. Mr. Cowper answered,—A warrant was issued for Ashdown's arrest on the 26th of March, and executed on the 28th; prisoner admitted to bail, to appear on 1st of April. He was kept under police surveillance as far as practicable up to that date. He absconded by lying on board a coaster and getting away thence to a vessel ten miles outside the Heads, which vessel the police had under observation until she cleared the Heads. It is fair to say that the Master did not knowingly assist Ashdown to escape. The Inspector General of Police gave his evidence on the 29th of March.

(2.) Mr. Hoskins asked the Secretary for Public Works, pursuant to Notice No. 2,—What is the total ascertained amount of the defalcations of Archibald Ashdown, late Accountant of the Railway Department, up to the 31st July, 1870?

(8.) I will read the instructions furnished to the Bank :—

“ The Treasury, New South Wales,  
“ 14th June, 1870.

“ Sir,

“ By direction of the Honorable the Treasurer I have the honor to hand you, herewith, for transmission to England, in the usual manner, by the outgoing mail of this month, the undermentioned Debentures, of the aggregate nominal value of £450,000, being the balance of sums authorized to be raised under the nineteen Loan Acts specified on the face of such Debentures :

“ Series I. 3.—Nos. 6,533 to 8,382—1850 of £100 each ... ..	£185,000
“ Series J. 3.— ” 901 to 1,270—370 of £500 each ... ..	185,000
“ Series K. 3.— ” 273 to 352—80 of £1,000 each ... ..	80,000
<hr/>	
2,300	<hr/> £450,000

“ These

“ These Debentures, it will be observed, have a currency of thirty years, and provide for interest at the usual rate from 1st July next.

“ In forwarding this issue to your managing Director in London, I am desired to request that you will have the goodness to inform him that it is not the wish of the Treasurer to have these Securities placed upon the market for immediate sale unless it should appear to him that a more favorable time for their negotiation is not likely to again occur during the present year. In that case Mr. Larnach may be requested to sell sufficient Debentures to realize a *net sum* of £322,709 12s. 6d., or, in round numbers, £323,000—that being the amount actually required to complete the various services authorized to be carried out under the nineteen Acts of Parliament above referred to, after writing off appropriations for Public Works and other purposes which have been abandoned or rendered impossible. The Debentures remaining unsold to be cancelled and returned to the Colony as early as practicable.

“ Having regard to the high position which the Securities of this Colony have long maintained in the London market, Mr. Samuel has fixed the minimum price of the present issue at 98 per cent., although, judging from recent quotations, he hopes that par at least may be obtained for these Debentures, should Mr. Larnach deem it for the interest of the Colony to negotiate them at once.

“ I am also desired by Mr. Samuel to inform you that it is his intention, in the event of these Debentures not being negotiated, to avail himself of that portion of the agreement with your Bank for the conduct of the London Financial Agency of the Colony which relates to advances on Government Securities, so as to obviate the necessity for remitting to London the necessary funds to meet claims falling due on 31st December, and 1st January next. This advance, with other provision, which will be made in due time, will be sufficient to meet these claims, which are as follows :—

“ 31st December, 1870—Short-dated Debentures issued under 29 Victoria,	
“ Nos. 4 and 5, 4th instalment	£100,000
“ 1st January, 1871—Debentures issued under 18 Victoria, No. 40	100,000
“ 1st January, 1871—Interest on Debentures, say	220,000
“ 1st January, 1871—Pensions, &c., January–June, 1871	3,000
	£423,000

“ These securities will be handed to you by Mr. George Layton, the Accountant to the Treasury, to whom you will please give an acknowledgment, should they be found in order. You will also be good enough to effect the usual nominal insurance thereon, on behalf of the Government.

“ Herewith, you will also receive two copies of the “ Ways and Means ” papers for the present year, as submitted to the Legislative Assembly by the Treasurer on 17th February last, when making his Financial Statement. With these will be found statements of the Public Debt of the Colony to 31st December last, shewing in the sixth column the sums yet to be raised under the nineteen Acts stated in the Debentures of the present issue.”

“ I have the honor to be,

“ Sir,

“ Your obedient servant,

(Signed) “ HENRY LANE.”

Address in reply to the Governor's Opening Speech:—On motion of Mr. Cowper, the Assembly proceeded to Government House, there to present to the Governor their Address in reply to the Speech His Excellency had been pleased to make to both Houses of Parliament on Opening the Session,—

And, being returned,—

The Speaker reported that the Assembly had been to Government House, and there presented to the Governor their Address in reply to His Excellency's Opening Speech, and that His Excellency had been pleased to give thereto the following Answer:—

MR. SPEAKER AND GENTLEMEN OF THE  
LEGISLATIVE ASSEMBLY,—

It affords me much satisfaction to receive the expression of your sentiments of loyalty and unfeigned attachment to Her Most Gracious Majesty's Person and Government.

I am glad to be assured that you will be prepared to give your earnest and careful attention to the measures which will be submitted to you, or which may be suggested by the labours of the Commissions which have been recently issued, and that you are willing to concur in such legislation as may be rendered necessary by the withdrawal of the Imperial Troops.

Government House,  
Sydney, 17th August, 1870.

BELMORE.

2. Questions on Notice Paper for to-day:—

(1.) *Question No. 1, and Answer thereto, expunged by order of the House. See entry 6 in Votes and Proceedings No. 10, of Friday, 26th August.*

(2.) Custom House Documents:—Mr. Wilson asked the Colonial Treasurer, pursuant to Notice No. 2,—

(1.) Has the Collector of Customs issued an order refusing the public access to Custom House documents—as has been the invariable practice—whereby the merchants are prevented from obtaining the necessary particulars to enable them to recover the drawback on exportation of goods?

(2.) If so, has the Treasurer sanctioned such order?

Mr. Samuel answered,—I must say, in answer to this as to the previous question, that I knew nothing of the matter until the Honorable Member called my attention to it. I sent the question for report, and I now read the Collector of Customs' answer:—"The order to which Mr. Wilson refers was not intended to include the drawback officer's papers, which have been for many years accessible to the public—contrary, I believe, to the practice of every other port. Literally speaking, however, the order does prohibit access to all public documents without special permission; and I am not sorry that the question has been raised, as the practice is a great abuse, leading to other abuses and frauds, and is in no way necessary to the obtaining of any legitimate drawback. The Board of Customs have very stringent regulations prohibiting any access to such papers."

(3.)

- (3.) Roads from Trunkey and Tuena to Carcoar :—Mr. Driver asked the Secretary for Public Works, pursuant to Notice No. 3,—
- (1.) Are the Government aware that the roads from Trunkey to Carcoar, and from Tuena to Carcoar, are almost impassable?
  - (2.) Has any money been expended upon such roads; if not, will any be expended, and when?
  - (3.) Was the sum of £250 at any time voted, or promised, for the repair of the five miles of road from Tuena to the Abercrombie River?
  - (4.) Was such sum ever expended upon such road?
- Mr. Sutherland answered,—
- (1.) The roads from Trunkey to Carcoar, and Tuena to Carcoar, have been surveyed, but not proclaimed.
  - (2.) No money has been expended on these roads. £300 has been applied for, and some expenditure will be made when the proclamation is completed.
  - (3 and 4.) The road Laggan *via* Tuena to the Abercrombie River has been placed on Schedule. The votes for 1869 and 1870, amounting to £490, are now available, but have not been issued, as there is no trace of any application having been made for same.
- (4.) Road from Tea-pot Swamp to Carcoar :—Mr. Driver asked the Secretary for Public Works, pursuant to Notice No. 4,—
- (1.) Has the road from Tea-pot Swamp to Carcoar *via* Coombling Creek been surveyed; if so, when?
  - (2.) Has such road been proclaimed?
  - (3.) Do the Government intend to proclaim and open such road immediately?
- Mr. Sutherland answered,—

  - (2.) Yes.

- (1.) What are the names of the persons who became sureties for the appearance at the Central Police Office of Archibald Ashdown, late Accountant of the Railway Department, to answer a charge of embezzling public money?
  - (2.) What is the amount of money the said persons rendered themselves respectively liable for, in the event of Ashdown's failing to appear at the Central Police Office to answer any charge which might be preferred against him by the Government?
  - (3.) Has the amount of money for which Ashdown's sureties rendered themselves liable respectively, in the event of Ashdown's failing to appear at the Central Police Court to answer any charge which might be preferred against him by the Government, been declared forfeited; and has the full amount specified in their respective bail bonds been paid into the Treasury?
- Mr. Cowper answered,—
- (1.) Mr. Samuel Bennett and Mr. Frederick Holle.
  - (2.) £100 each.
  - (3.) Upon the petition of the sureties to the Executive, the matter was referred to the consideration of the Crown Law Officers, and the Attorney General expressed his opinion in these words :—  
"I may be permitted to suggest that the Crown should not take a profit of £200 from his bail. Perhaps it may be deemed a sufficient enforcement of their obligation as sponsors for his due appearance if one-half of the amount were demanded. I am myself considerably impressed with the feeling that the bail might, when suddenly called upon to give security for Mr. Ashdown's reappearance on remand, not unreasonably have trusted to the character which the Government itself had up to that moment recognized by employing him in a responsible public position."  
Under these circumstances the bail was reduced one-half.
- (6.) Funds available for completion of Railway to Bathurst :—Mr. Piddington asked the Colonial Treasurer, pursuant to Notice No. 6,—
- (1.) What is the amount of cash in the possession of the Government available for the completion of the Western Line of Railway to Bathurst?
  - (2.) In which bank or banks is the said cash deposited?

- (7.) Annual Expenditure of the Colony :—Mr. Piddington asked the Colonial Treasurer, pursuant to Notice No. 7,—When the Return of the Annual Expenditure of the Colony from 1856 to 1869, ordered by the House on the 16th of March last, will be laid upon the Table?
- Mr. Samuel answered,—A large portion of the information has been prepared, and it is expected that the Return will be ready to be laid on the Table of the House during next week.
- (8.) Loans Account :—Mr. Piddington asked the Colonial Treasurer, pursuant to Notice No. 8,—
- (1.) What is the total amount of liabilities on the Loans Account outstanding on the 30th June, 1870, being appropriations for public works and other services authorized to be provided for by loans, remaining unexpended on that date?
  - (2.) What is the total amount of cash in the possession of the Government available for the construction of the said public works?
  - (3.) In which bank or banks is the cash deposited, and the several amounts?
- Mr. Samuel answered,—I beg to refer the Honorable Gentleman to my answer to his Question No. 6.
- (9.) Funds available for completion of Railway from Musclebrook to Murrurundi :—Mr. Hoskins asked the Colonial Treasurer, pursuant to Notice No. 9,—
- (1.) What is the amount of cash at the present time in the possession of the Government available for the completion of the Great Northern Railway from Musclebrook to Murrurundi?
  - (2.) In what bank or banks is the said cash deposited?
- Mr. Samuel answered,—I regret that I must decline to give the information asked by the Honorable Member, for the reason stated in my answer to the Question No. 6 on the Paper of this day.

3. **Vacant Seat**:—Sir James Martin moved, That Joseph Eckford, Esquire, the Member for the Electoral District of Wollombi, having become an Insolvent Debtor, within the meaning of the Laws relating to Insolvent Debtors, his Seat as such Member has thereby become, and is hereby declared to be, vacant.

Petition received.
5. **Motion for Adjournment**:—Mr. Wilson moved, That this House do now adjourn.

Whereupon, on motion of Mr. Samuel, the Speaker left the Chair, and the House resolved itself into the said Committee.

No. 5.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 18 AUGUST, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Courts of Petty Sessions at Dandaloo:—Mr. Lord asked the Colonial Secretary, pursuant to Notice No. 1,—When Dandaloo, on the Bogan River, will be proclaimed as a place for holding Courts of Petty Sessions; and if the necessary provision has been made for building a Lock-up and Court Room at that place?

Mr. Cowper answered,—I referred the application upon this subject to the Inspector General of Police in February last, and his answer is to this effect—he transmits copy of a specification for the erection of a Court House and Lock-up, &c., at Dandaloo, and an abstract of the tenders obtained for the performance of the work; and at the same time states that—“If the expenditure be approved, the amount should be charged in anticipation of the Vote for Court Houses and Lock-ups for the current year.” He also goes on further to say—“Although, as I have already reported, a Police Station and Court of Petty Sessions are much required at Dandaloo, I think there are other requirements at least equally pressing, and as two mounted constables and a tracker would be the smallest force which would be efficient at Dandaloo, it becomes a question (now the establishment is being reduced) how the men are to be provided, some of the stations being already left with only one constable.” Under these circumstances it did not seem to me desirable to comply with the request while there were so many other similar demands of a more urgent character. The matter, however, shall be again brought under consideration at the earliest moment.

- (2.) Gaol at Forbes:—Mr. Lord asked the Colonial Secretary, pursuant to Notice No. 2,—If any provision has been made for the building of a Gaol at Forbes?

Mr. Cowper answered,—This is also a question of some difficulty. It appears that the population of Forbes is only about 600, and, according to the estimate of the Colonial Architect, the erection of a gaol there will cost £1,000,—a sum of money wholly disproportionate to the population. I may also state that the vote applicable to purposes of this kind has been so largely drawn upon for places more evidently requiring these buildings, that the Government have not been in a position to order the erection of a gaol at Forbes.

- (3.) Extension of Railway to Murrurundi:—Mr. Farnell asked the Secretary for Public Works, pursuant to Notice No. 3,—Whether any, and if any, what decision has been arrived at in the matter of the Petition from certain of the inhabitants of Murrurundi, presented by Messrs. Dodds, Hoskins, and Burns, praying that the Northern Railway shall be extended to the town of Murrurundi, instead of remaining at Blandford?

Mr. Sutherland answered,—A decision was arrived at by a previous Government, which I see no reason to alter. It was to the effect that the present site for the terminus is the only practicable one, as, in the event of future extensions, the line through the township of Murrurundi would be on a steep gradient. Messrs. Dodds, Hoskins, and Burns were informed of that decision on the 29th July last.

(4.) Appropriations for Services provided for by Loans :—Sir James Martin asked the Colonial Treasurer, pursuant to Notice No. 4,—If he will state, for the information of the House,—

(1.) What are the various services, for the completion of which the sum of £323,000 is required, as stated in the letter of the 14th June, which he read on Tuesday to the House; and how much is to be appropriated to each service?

(2.) What is the nature and extent of the "other provision," referred to in the above letter, beyond the advance on debentures, which is to be made to meet the claims due in London on the 31st December and 1st January next, amounting to £423,000?

(3.) What are the works "now in progress," to which he referred in his answer to my seventh question, put to him on Tuesday last?

Mr. Samuel answered,—

(1.) The information asked for by the Honorable Member in Question No. 1 will be found fully detailed in a Return prepared by the Auditor General, which I will presently lay upon the Table, together with another Return certified by that officer, shewing the amount short-raised under the various Loan Acts.

(2.) The nature and extent of the "other provision" referred to will depend much on the state of the London Account in September next, and the words "other provision" are intended to convey to the Bank that further remittances will be made, if necessary, to meet the engagements of the Government at the end of the year.

(3.) The same reply I gave to No. 1 Question will apply to this,—that the information will be found in the statements which I will presently lay on the Table.

As there seems to be some misapprehension with regard to loans for public works, I think it advisable to state that ever since the introduction of Responsible Government the proceeds of Debentures, issued under Acts of Parliament for public works and other services authorized to be provided for by loan, have been credited to a separate account called "The Loans Account," and the issues therefrom have been charged against the respective appropriations for the services for which such issues have been required. It has never been the practice to set apart specially the proceeds of any particular loan for carrying out the works or objects for which such loan was authorized. Such an arrangement as this, where the money has to be raised in England, and in many cases not available for years, in consequence of the difficulty at times of negotiating our securities, could not be carried out without great inconvenience and detriment to the Colony.

(5.) Mudgee Road :—Mr. Neale asked the Secretary for Public Works, pursuant to Notice No. 5,—

(1.) Is the Government aware that the Mudgee Road from the Railway Station, at Wallerawang, is in a dangerous and almost impassable state; if so, what steps are being taken to repair it?

(2.) Has any portion of the sum of £5,000, voted last Session for the repair of the Mudgee Road, been expended upon it; and if so, how much?

Mr. Sutherland answered,—

(1.) The Government are aware that the unmetalled portions of the Mudgee Road are bad, as all unmetalled roads, with much traffic, must inevitably be after such a season. The vote of £5,000 was not available until 7th May, but tenders were invited in anticipation of same on 4th February, and accepted on 25th February, for works to the whole amount available. The rains commencing on 11th March have made it impossible for the contractors to proceed with the greater portion of these contracts.

(2.) £1,518 16s. 1d. have already been expended out of the £5,000 vote.

(6.) Expenditure of gross amount voted in Supplementary Estimates for 1869 :—Mr. Farnell asked the Colonial Treasurer, pursuant to Notice No. 6,—If any portion of the sum of £84,515 unpaid on the 31st December, 1869, and voted in the Supplementary Estimates for 1869, and previous years, is still unpaid; if so, what amounts?

Mr. Samuel answered,—I regret that I cannot reply to the question to-day, as it will take some time to prepare the returns, and I would draw the attention of Honorable Members to the inconvenience which arises from asking questions of the Government which involve a great deal of labour in preparing returns at such short notice. It is to be borne in mind that the officers have their proper duties to attend to, and that to prepare these returns they must be taken away from them. The practice has recently grown up of asking questions, the answers to which involve the preparation of returns, which were formerly obtained by motion. Honorable Members who have been Ministers must be fully aware of the inconvenience arising from the present practice.

(7.) Government Cash Balances in Banks :—Mr. Farnell asked the Colonial Treasurer, pursuant to Notice No. 7,—The debtor and creditor cash balances in the Government Bank in the Colony, on the 15th August, 1870, and in London, to date of latest advices,—

(1.) The Consolidated Revenue Account?

(2.) The Loan Account?

(3.) The Church and School Fund?

(4.) The Lodgments?

(5.) Civil Service Superannuation Fund?

And the distribution of the balances?

Mr. Samuel answered,—I am sorry to say that I cannot supply the Honorable Member with the information he asks, but, so far as possible, it will be furnished when the Financial Statement is made. Even if I were so disposed, the question is put in such a shape that it would be almost impossible for me to answer it. I cannot conceive of any cash balance that can remain in a bank to the debit of an account.

(8.) Abstracts of Public Accounts for 1869 :—Mr. Piddington asked the Colonial Treasurer, pursuant to Notice No. 8,—When will the Abstracts of Public Accounts for the year 1869 be laid upon the Table of the House?

Mr. Samuel answered,—The Abstract will be ready in a few days, when it will be laid upon the Table of the House.

## 2. Papers:—

(1.) Mr. Samuel laid upon the Table, An Account of the Appropriations for Services provided for by Loans, to 31st December, 1869, inclusive, as authorized by the Loan Acts 17 Vic. No. 34 to 32, Vic. No. 13. (*See Answer to Question No. 4, above.*)

Question put and passed.

Mr. Samuel answered,—I would refer the Honorable Gentleman to the answer given by me to Question No. 1, put by the Honorable Member for Newcastle, that the Government will bring in a Bill to authorize the deduction of it from the amount due to the Borough Council of Newcastle.

(5.) Road from Gunning to Burrowa :—Mr. Watson asked the Secretary for Public Works, pursuant to Notice No. 5,—

(3.) How much of the money so raised has been expended on Railways?

Mr. Samuel answered,—I regret that the Honorable and learned Member should continue to ask me questions of an almost similar nature to those which I have already replied to. The answers which I gave to the questions of the Honorable Member last night, with reference to loans, would, I had hoped, have shown it was impracticable to separate the money raised by loan in the manner indicated by his questions of to-day.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 23 AUGUST, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Return of Writ:—The Speaker reported that the Writ issued by him on the 17th August, for the Election of a Member to serve for the Electoral District of West Sydney, in room of John Robertson, Esquire, whose Seat had been declared vacant by reason of his acceptance of the office of Secretary for Lands, had been duly returned, with a Certificate endorsed thereon of the Election of "John Robertson, Esquire," to serve as such Member.

2. Member Sworn:—The Honorable John Robertson, Esquire, having taken the Oath and subscribed the Roll, took his Seat as a Member for the Electoral District of West Sydney.

3. Questions on Notice Paper for to-day:—

- (1.) Minor Roads—Cemeteries—Commons:—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 1,—Is it the intention of the Government to bring in during the present Session any Bills for dealing with the questions of Minor Roads, Cemeteries, and Commons, respectively; and if so when, in each case respectively?

*Mr. Robertson* answered,—I hope to-morrow to be able to bring in the Minor Roads Bill, as I have no doubt, I shall. With regard to the Bills for dealing with Cemeteries and Commons, respectively, I have not had time to look into the matter, but perhaps my honorable friend will be willing to postpone the question with reference to them until Friday.

- (2.) Amendment of Land Law:—Mr. G. A. Lloyd asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Is it the intention of the Government to introduce any measure during the present Session to amend the Land Law, so as to make the country more attractive to population, and to retain in it the present inhabitants?

(2.) If the Government have such intention, when will the Bill be brought forward?

*Mr. Robertson* answered,—Before replying to the Honorable Member, I would like to point out that it is quite a matter of opinion whether it is possible to make the country more attractive to population by land legislation, and, therefore, the question is scarcely one within the rules of Parliament, yet I do not wish to refuse to give the Honorable Member any information within my knowledge. Recognizing, as I do, and as I am sure every Member of the House will do, the great difficulty of making the law more attractive or more pleasing to the people, my honorable friend will see that any measure with that object will require considerable and anxious thought and careful preparation. Now, this is a question to which I have given much consideration during many years, and I think I see a mode by which improvements may be made in the present law, but I do not think it is likely—this being the second Session this year, and in view of all the perplexities and difficulties surrounding this most troublesome question of administering the lands—that Government will be prepared to bring in a measure this Session.

- (3.) Government Advertisements in Newspapers:—Sir James Martin asked the Colonial Treasurer, pursuant to Notice No. 3,—

(1.) What sum has been expended by the Government in advertising during the first six months of the present year, and how much has been paid to each newspaper?

(2.) How much, if anything, still remains due to each newspaper in respect of advertising during such six months?

(3.) How often has the Railway Time-table appeared in the *Empire* and *Sydney Morning Herald*, respectively, as a paid advertisement, between the 1st of May and the 11th of August in the present year; and what is the cost of each advertisement?

Mr.

- Mr. Samuel answered,—
- (1.) £1,395 14s., as per return which I will presently lay on the Table.
  - (2.) Nothing, so far as known to the Treasury.
  - (3.) It has never appeared in either paper as a paid advertisement.
- (4.) Railway Trucks for Conveyance of Live Stock:—*Mr. Bawden*, on behalf of *Mr. Dangar*, asked the Secretary for Public Works, pursuant to Notice No. 4,—
- (1.) When are suitable trucks and yards, for conveyance of sheep and other stock, to be placed on the railway line at Wallerawang or Mudjee Junction?
  - (2.) Are yards in course of erection; if not, when will they be?
- Mr. Sutherland answered,—
- (1.) Cattle trucks and sheep vans for the conveyance of live stock are being used on the Government Railways, and more trucks and vans will shortly be constructed to meet the growing requirements of this traffic.
  - (2.) Stockyards have been erected at Wallerawang.
- (5.) District Courts at Narrabri, Warialda, and Walgett:—*Mr. Bawden*, on behalf of *Mr. Dangar*, asked the Colonial Secretary, pursuant to Notice No. 5,—Have the Government any intention of establishing District Courts at Narrabri, Warialda, and Walgett?
- Mr. Cowper answered,—I find that the establishing of District Courts at Narrabri, Warialda, and Walgett, would entail very great expense. Suggestions have been made for the establishment of a Court at Walgett in connection with a suggestion for a new Circuit Court extending from Wentworth on the south to Walgett on the North, including Bourke. The whole arrangement, as I have recently stated, with regard to the establishment of District Courts, will shortly be brought under the consideration of Government, and all these questions will then be dealt with.
- (6.) Roads from Narrabri to Willow Tree.—Approaches to Cox's Creek and Breeza Bridges:—*Mr. Bawden*, on behalf of *Mr. Dangar*, asked the Secretary for Public Works, pursuant to Notice No. 6,—Are the Government aware of the dangerous and impassable state of the roads from Narrabri to Willow Tree; that the approaches to Cox's Creek and Breeza Bridges are swept away, and if any immediate steps will be taken to repair the same?
- Mr. Sutherland answered,—The Government are aware that the road over the black soil plains, Narrabri to Willow Tree, is as bad as all unmetalled roads over such soil must be when constantly inundated, and that the approaches to Breeza Bridge have been injured. Contracts have been let, and the repairs to the bridge will be completed as soon as the weather permits.
- (7.) Estimates for 1871:—*Mr. Farnell* asked the Colonial Treasurer, pursuant to Notice No. 7,—When will the Estimates for 1871 be laid upon the Table of this House?
- Mr. Samuel answered,—They are now being prepared with as great despatch as possible, and there will be no unnecessary delay in submitting them to Parliament.
- (8.) Examiner of Titles—Real Property Act:—*Mr. W. Forster* asked the Colonial Secretary, pursuant to Notice No. 8,—When will the papers with reference to the appointment of Examiner of Titles, ordered by this House on the 9th February, 1869, be laid upon the Table?
- Mr. Cowper answered,—I hope to be able to lay them on the Table to-morrow.

    - (2.) Return to an Address in reference to "Committals from Police Office at Young," adopted by the Legislative Assembly, on motion of *Mr. Watson*, on 31st March, 1870.  
Ordered to be printed.
5. Tumut-street, Adelong:—*Mr. E. Brown* presented a Petition from certain Inhabitants of Adelong, representing that Tumut-street, in the Town of Adelong, which forms part of the Main Road to Tumut and other places, is in such a bad state of repair as to be almost impassable, thereby causing great loss and inconvenience to those who use the said street; and praying the House to take the subject into consideration.  
Petition received.

    3. Fencing;
    4. Clearing roads, lanes, paths, or the like;
    5. Mortuary, or receiving-house, at Redfern;

Mr. Robertson answered,—I fear it is very improbable, in view of the present state of the public business, that the Government will be able to bring in Bills of the kind indicated this Session.

(2.) Railways.—Main Roads:—Mr. Macleay asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) When will the Government Policy as regards the extension of Railways be submitted to this House?

(2.) Are surveyors paid for the survey of such portions which have been subsequently cancelled?

Mr. Robertson answered,—

(1.) I would like to reply to the Honorable Member, but I confess I scarcely understand the meaning of his first question, because my honorable friend has not said what lands he alludes to; but I presume he refers to lands that have been taken up under conditional purchase, and that the object of his question is to ascertain whether it is the intention of the Government—where parties have taken up these lands, and, so far as they were able with the information they had, have complied with the law, in such special cases—to make provision for the sale of these lands. If that is his meaning, the Government does intend to bring in such a Bill.

(2.) These surveys are paid for only where they are made use of by the Government.

(5.) Superannuation Fund:—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 5,—

(1.) What amount of claims (if any), in round numbers, or approximately, against the Superannuation Fund on account of pensions, or retiring allowances, or gratuities, remains at present unpaid?

(2.) What provision do the Government intend making to meet existing or prospective claims against the Fund?

Mr. Cowper answered,—

(1.) The information, so far as I have been able to obtain it, under the short notice given by my honorable friend, is, that the claims, in round numbers, amount to £1,000.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 2 SEPTEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

*Mr. Lee not asking Question No. 1, it dropped.*

- (1.) Lock-up for West Maitland:—Mr. Lee asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Are the Government aware that, owing to the want of a Lock-up in West Maitland, the Police for several months past have been compelled to travel a distance of over two miles with drunkards and other offenders apprehended by them, frequently occupying the time of three constables, when one would be sufficient?

(2.) Will the Government take steps to remedy this immediately, by providing such a building?

Mr. Cowper answered,—Urgent representations have, for a long time past, been made for the erection of a Court-house and public buildings, but the Lock-up has only recently been swept away by the floods. The gaol accommodation at East Maitland is, for the present, at least, amply sufficient; but the question as to the necessity for immediately erecting a Lock-up at West Maitland shall be considered without delay. The site of the former Lock-up would seem to be objectionable.

- (2.) Police Magistrate, Forbes:—Mr. Lord asked the Colonial Secretary, pursuant to Notice No. 3,—

(1.) Has the Police Magistrate of Forbes been sent to Grenfell?

(2.) If so, is it the intention of the Government to allow the Police Magistrate to remain at Grenfell, or to order his removal to Forbes?

Mr. Cowper answered,—When Mr. Dalton was recently appointed Police Magistrate at Forbes, he was instructed to reside at Grenfell. I gave that instruction under the impression that Grenfell was the place where the larger population resided, and more especially the miners, for whose more immediate purposes the Police Magistrate and Gold Commissioner was appointed. I have to-day received two telegrams upon this subject from the police; the first is from Forbes, and it states—“Estimated population of Municipality of Forbes, ten miles by five miles, 3,200, including 200 miners, and 1,200 souls in the township.” The other is from Grenfell, and states—“1,000 miners, 1,500 others—total, 2,500.” No doubt it is a difficult point to determine where this officer can be most advantageously situated; meantime I have instructed Mr. Dalton not to fix his residence at Grenfell, as the subject is under reconsideration.

- (3.) Prisoner Thomas H. Thompson:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Is it true that a person named Thomas H. Thompson was convicted of cattle-stealing at Port Macquarie about eighteen months ago, and that, on appeal, the conviction was quashed, on the ground of misdirection by the Judge, and the prisoner discharged from custody on or about the 23rd March last?

(2.) Is it true that the same prisoner was re-arrested on or about the 3rd of May, and lodged in Berrima Gaol, where he now lies?

(3.) Will the Colonial Secretary state on what charge this man was re-arrested, and the grounds of his present detention in Berrima Gaol?

Mr. Cowper answered,—

(1.) Yes, it is quite true.

(2.) Yes; he was re-arrested, and placed in Darlinghurst Gaol.

(3.) To serve a sentence of ten years, passed upon him in February, 1869, for cattle stealing; he is now in Parramatta Gaol.

*Mr. Buchanan withdrew Question No. 5.*

(4.)

- (4.) The Prisoner Gray :—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 6,—  
If he has any objection to state the reasons which influenced the Government in commuting the sentence of death passed upon John Gray for the murder of his wife, to imprisonment for life with hard labour?

Mr. Cowper answered,—I may state, shortly, that the ground upon which the Government took the course adopted was the doubtful sanity of Gray, and an expression of opinion from the Judge that he did not consider the sentence of the law ought to be carried out.

*Mr. Buchanan withdrew Question No. 7.*

- (5.) Breech-loading Rifles :—*Mr. Farnell*, on behalf of Mr. Windeyer, asked the Colonial Secretary, pursuant to Notice No. 8,—

(1.) Have the Government received from England the breech-loading rifles ordered from England by the late Government?

(2.) If not, have the Government taken any further steps to obtain such arms?

*Mr. Samuel* answered,—The late Government applied to the Imperial Government for 2,500 Schneider Rifles to be presented to the Colony, which application was refused. The present Government then directed that the arms should be purchased through the Colonial Agent, and an indent was accordingly forwarded for breech-loaders of the most approved pattern, such as had been adopted by Her Majesty's Forces. From letters received from Captain Mayne it appears that it has not yet been determined whether the "Martini Henry" or the "Henry" weapon will be used in the British Army. Six rifles of the latter pattern have been received; and advices have been received by this Mail that six of the former have been shipped for experimental use.

- (6.) Bridge over the Murray, at Echuca :—*Mr. Jennings* asked the Secretary for Public Works, pursuant to Notice No. 9,—Whether any communication has been received from the Victorian Government as to its intention to proceed with the erection of the Intercolonial Bridge over the Murray, at Echuca?

*Mr. Sutherland* answered,—No.

- (7.) Road near Micalago :—*Mr. W. Forster* asked the Secretary for Public Works, pursuant to Notice No. 10,—

(1.) Has a Petition—dated in or about June last, from certain residents at or near Micalago, praying the Government to open, or cause to be opened, an old line of road, about three-quarters of a mile in length, alleged to be wrongfully closed by Thomas Kennedy and Mrs. Lenan, and passing through lands in their possession—been received by the Government?

(2.) If so, what course has been taken, or is intended to be taken in the matter?

*Mr. Sutherland* answered,—

(1.) Yes.

(2.) The Petition has been referred to the District Surveyor for report; but, owing to matters of more urgency, he has not been able as yet to inspect the road.

- (8.) Expenses of Imperial Troops :—*Mr. Bawden*, on behalf of Mr. Fraser, asked the Colonial Secretary, pursuant to Notice No. 11,—

(1.) Have the expenses of Imperial Troops in this Colony been entirely defrayed by the Colony for any time past; and if so, for how long?

(2.) If otherwise, what proportion has been defrayed by the Colony?

*Mr. Cowper* answered,—A capitation allowance of £70 per annum for Royal Artillery, from 1st April, 1867, and of £40 for Infantry, from 1st January, 1868, has been paid under the Military Contributions Acts of 1865 and 1867. The Imperial Government repaid 11s. per man per annum, for internal maintenance of barracks. The numbers for which such allowances were paid were limited by the Act to 212 Artillery, and 359 Infantry.

2. Matrimonial Causes Bill :—The undermentioned Petitions, against the passing of this Bill, were presented by the Members named :—

(1.) From the Roman Catholic Clergy and Laity of Wagga Wagga, in the Diocese of Goulburn. By *Mr. Macleay*.

(2.) From the Roman Catholic Clergyman and Laity of Penrith. By *Mr. Ryan*.

(3.) From the Roman Catholic Clergyman and Laity of the District of St. Leonards, North Shore. By *Mr. Tunks*.

(4.) From the Roman Catholic Bishop of Maitland, Clergy and Laity of West Maitland, and the surrounding District. By *Mr. Butler*.

(5.) From Roman Catholic inhabitants of Morpeth and the surrounding District. By *Mr. Jennings*.

(6.) From Roman Catholic inhabitants of Maitland. By *Mr. Dillon*.

Petitions received.

3. Mr. George Richard Dibbs :—*Mr. Watson* presented a Petition from George Richard Dibbs, of Sydney, Merchant and Shipowner, alleging that he has suffered inconvenience and loss, arising from the manner in which the Customs Laws are administered by the Collector of Customs; and praying inquiry into the allegations contained in his Petition, with a view to relief in the premises. And the same having been read by the Clerk, by direction of the Speaker,—  
Petition received.

(2.) *Mr. Cowper* laid upon the Table a Letter from the Colonial Architect, forwarding a plan of the land and buildings in Macquarie-street, Sydney, occupied as a School of Industry; also a plan of certain land in Victoria-street, and a sketch design for a new School of Industry to be erected thereon.

  - (5.) Would not a diminished rate of speed, such as would amply suffice for coal traffic, occasion less wear and tear, and consequently be less expensive than the present goods trains ?
  - (6.) Does the cost per train per mile run, recently stated in this House, include the expense of maintaining the line, the wear and tear of rolling stock, and the salaries of the whole staff of officials ?

No. 13.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 6 SEPTEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Euroka Run:—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 1,—  
 (1.) Has the sum of £1,200 been returned to the lessees of Euroka Run, in the Bligh district?  
 (2.) If so, under what circumstances, and by whose authority was this done?

Mr. Samuel answered,—

(1.) Yes.

(2.) The circumstances connected with this case are as follows:—

The fair annual value of the "Euroka" Run was appraised by Mr. Rodd, as sole appraiser, on the 10th October, 1865, at £420; but Mr. Rodd omitted to make the declaration prescribed by the 12th clause of the 23rd section of the Occupation Act. Subsequently, however, on the 6th November following, the omission was remedied by Mr. Rodd making a declaration in due form. The rent so determined was paid under protest, on the ground that the Government valuator had not made the declaration, as required by the Act, before entering upon the consideration of the matter referred to him. The question of delay in making these declarations was brought under the notice successively of Mr. Plunkett and Sir James Martin, as Attorneys General, who advised that the omission did not invalidate the appraisements, which were therefore held as valid. More recently, however, a re-appraisal was allowed in a parallel case under a decision of the late Secretary for Lands, Mr. Forster, on the ground that although, doubtless, the Crown Law Officers were rightly of opinion that the failure of the Government appraiser to make the legal declaration in due form, and at the fitting time, did not invalidate the appraisement,—yet, notwithstanding, the lessee was entitled to the presumption that, in consenting to abide by his single decision, all legal guarantees would be faithfully given and assured. After a re-appraisal was allowed in this case, the lessee of "Euroka" renewed his claim for a re-appraisal of that Run, and it was not thought proper to oppose the application any longer, and a re-appraisal was therefore sanctioned. The rent, at old rate of £420 per annum, was paid under protest, from the commencement of the tenure—1st January, 1866. The Run was re-appraised at £120 per annum, and the overpayment of £300 per annum for four years—in all £1,200—was authorized to be refunded, on the 26th April last, by the authority of the late Secretary for Lands, Mr. Forster.

- (2.) Quit-rents:—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 2,—  
 (1.) The amount of quit-rents due to the Government?  
 (2.) Is it the intention of the Government to institute proceedings for the recovery of all moneys due to the Government from this source?

Mr. Samuel answered,—

(1.) £45,000.

(2.) The Government have the question now under consideration.

(3.)

(3.) Appeal to Privy Council (*The Queen v. Macpherson*):—Mr. Macleay asked the Colonial Secretary, pursuant to Notice No. 3,—

(1.) Has the appeal by the late Attorney General of New South Wales to the Judicial Committee of the Privy Council, against the decision of the Supreme Court in the case of the "*Queen v. Macpherson*," been prosecuted with the knowledge and approval of the present Government?

(2.) If so, will the Colonial Secretary state what was the object of the prosecution of such appeal?

(3.) Was counsel retained on behalf of the Supreme Court of New South Wales, or were any steps taken to have the matter fully and fairly argued before the appellate tribunal?

(4.) Have any sums of money, and if so, what, been remitted to England, for the prosecution of the appeal since the acceptance of office by the present Government?

(5.) What will be the cost to the country of the whole affair from first to last?

Mr. Cowper answered,—

(1 and 2.) The proceedings on the appeal to the Privy Council were instituted by a former Government, and as the prosecution of the defendant had been directed by Resolution of the Assembly, transmitted through the Speaker to the Attorney General, the present Government did not consider it ought to interfere in the matter.

(3.) The parties to the appeal were the Attorney General and the Defendant, Mr. Macpherson; the Supreme Court was not a party, and could not have been represented before the Privy Council. Counsel were retained on behalf of the Attorney General, and notice (it is believed) was given by the Solicitors acting for the Government in England, to Mr. Macpherson, in the usual way.

(4.) No sums of money have been remitted to England for the prosecution of the appeal since the acceptance of office by the present Government.

(5.) No account of costs in this matter has yet been received from the Law Agent of the Government.

(4.) Harbour Defences:—Mr. Macleay asked the Colonial Secretary, pursuant to Notice No. 4,—

Have the Government any intention of proceeding with the Fortifications of Port Jackson, as recommended by a Select Committee of the Assembly some years ago, and approved of by the whole House; or do the Government intend to provide in any way for the defence of the City and Harbour?

Mr. Cowper answered,—It is hardly probable the Government will proceed with the fortifications of Port Jackson, as recommended by a Select Committee of the Assembly some years ago in its integrity; but the Government do intend to provide for the protection of the City of Sydney and its Harbour, and have taken active steps for the accomplishment of that purpose. In all probability a Board will be appointed, to whom will be entrusted that particular duty. The Government are now dealing with the question, and will be prepared to take decided steps in order to meet the requirements in this particular matter.

(5.) Military Defence of the Colony:—Mr. Parkes asked the Colonial Secretary, pursuant to Notice No. 5,—Whether any Bill will be introduced this Session to make better provision for the Military Defence of the Colony; and if so, whether such Bill will provide for a Militia Force?

Mr. Cowper answered,—The Crown Law Officers have been instructed to prepare, and are now engaged in the preparation of, a Bill to make better provision for the Military Defence of the Colony; but whether such Bill will provide for a Militia, or for a force of another character, is not yet quite determined.

(6.) Immigration:—Mr. Parkes asked the Colonial Secretary, pursuant to Notice No. 6,—Whether it is the intention of the Government to bring in the Bill prepared by the Select Committee of last Session for the promotion of Immigration?

Mr. Cowper answered,—It does not appear at present likely that the Government will be able to deal with the question of Immigration this Session.

(7.) Road through Coal-mining Districts:—Mr. Brookes asked the Secretary for Public Works, pursuant to Notice No. 7,—Whether it is the intention of the Government to place on the Estimates the sum of £9,000 for the making of a main road through the mining district leading to the townships of Pitt Town, Waratah, Old and New Lambton, Wallsend, and Platsburg?

Mr. Sutherland answered,—The question of the management of the public roads in connection with the expenditure thereon is now under the consideration of the Government, and their decision will, as soon as practicable, be submitted to Parliament.

(8.) Emu Creek and Tyagong Gold-fields.—Committals from Police Office at Grenfell:—Mr. Baker asked the Colonial Secretary, pursuant to Notice No. 8,—When the Returns moved for by him in April last, relative to the Emu Creek Gold Field, and the Police Office at Grenfell, will be laid upon the Table of this House?

Mr. Robertson answered,—Next week.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

FRIDAY, 9 SEPTEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Attendance of Police at Divine Service on Sundays:—Mr. M. H. Stephen asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) Have the Constables of the Police Force any and what opportunity of attending Divine Service at least once on Sundays?

(2.) If not, can arrangements be made for affording them such opportunity; and if so, will such arrangements be made?

Mr. Cowper answered,—In reply to the Honorable and learned Gentleman's question I would read a memorandum forwarded to me by the Inspector General of Police. "I conclude that the question has reference more particularly to the Sydney Police, as in the country the duties can usually be arranged, without difficulty, so as to allow of any of the Police who desire it regularly attending places of worship when there are such in the neighbourhood. In Sydney the duties of the Police are even more arduous on Sundays than on other days—in preserving order in the Parks, and other places of public resort; besides which, Police are required for attendance at places of public worship, to prevent disturbance and annoyance in the neighbourhood, and, as there are five times as many churches as police constables available for duty, it is difficult to provide for the efficient performance of that duty. The Police, however, on night duty, can, if they desire it, attend Divine Service on Sundays, and the day duty men relieved at 6 p.m. can attend evening service. For the above reasons, and considering the very limited force at my disposal for duty in the city and suburbs, now extending so considerably in population, it is impracticable to make arrangements for allowing the Police more leisure on Sundays, consistent with the due protection of life and property, and the preservation of order."

- (2.) Bridges and Roads in Braidwood District:—Mr. Baker asked the Colonial Secretary, pursuant to Notice No. 2,—What proportion of the £5,000, which was voted last Session for the repair of Bridges and Roads injured by the recent floods, was expended in the Braidwood District?

Mr. Cowper answered,—

Repair of Bridge on Nowra and Braidwood Road ... ..	£10	0	0
„ Road from Braidwood and Moruya Road, <i>viz</i> Kiara to Moruya	60	0	0
„ Causeway Road from Braidwood to Sergeant's Point ... ..	20	0	0
Road from Moruya to Major's Creek ... ..	100	0	0
„ Braidwood to Araluen ... ..	140	0	0
Repairs to Bridges on Road from Nowra to Braidwood ... ..	20	0	0

£350 0 0

I may state that this vote, although taken to repair damages done by floods, was the only fund from which the Government had the means of paying for blankets and other necessaries supplied to sufferers by floods.

(3.)

- (3.) Messrs Doyle's Ulumbie Run :—Mr. Dangar asked the Secretary for Lands, pursuant to Notice No. 3,—
- (1.) Is it true that Messrs. Doyle's Ulumbie Run, in the district of Liverpool Plains, was appraised according to law, and when a refund was applied for it was refused?
  - (2.) Did the Chief Commissioner of Crown Lands refuse to accept the appraisal of such run?
  - (3.) Did this officer, in so refusing to accept the appraisal of this run, do so with the sanction and under the advice of the Minister for Lands, or on his own responsibility?
- Mr. Robertson answered,—
- (1.) The run was appraised recently under a description grossly inaccurate, and therefore, when a refund was applied for, it was refused.
  - (2.) The Chief Commissioner, it appears, refused to take any action in the appraisal, because it was based on erroneous representations of the run and its boundaries, as exhibited on a plan placed before the Appraisal Court by the lessees.
  - (3.) It does not appear that the Chief Commissioner sought or obtained the sanction of the Secretary for Lands, but he seems to have acted under the 10th chapter of the regulations under the Crown Lands Occupation Act. I am informed that the lessees had a personal interview with the Chief Clerk of the Crown Lands Occupation Department, and, so far as he understood them, they concurred with him, and were satisfied that they had no claim to any refund.
- (4.) Rifles for Volunteer Force :—Mr. Wilson, on behalf of Mr. Parkes, asked the Colonial Treasurer, pursuant to Notice No. 4,—Whether he is in a position to explain to the House why the Colonial Agent in London did not carry out the instructions of the late Government, conveyed to him by the Colonial Secretary's letter of September 16th, 1868, to purchase 2,500 Snider or other improved Rifles, for arming the Volunteer Force; and whether the letter of credit for this purpose, remitted to the Colonial Agent on the same date, has been operated upon for any other service, or has remained unexpended in London without the knowledge of the Government, as would appear to be the case, by the statement made to the House, in answer to a Question, on the 2nd instant?
- Mr. Couper answered,—The late Government first asked for the presentation of the rifles, and wrote to Captain Mayne instructing him to ascertain if the request of this Government would be complied with, and in case of refusal to purchase the required arms. The reply of Captain Mayne was to the effect that a despatch had been sent to the Colony referring to the rules laid down some years since for the supply of arms to Colonies, and that there was no reason to doubt that they would be supplied under those rules, which provide for arms being furnished on loan,—ammunition on payment. No letter of credit was sent by the late Government—a Minute of Mr. Eagar, the then Colonial Treasurer, being as follows :—“Finding, since my Minute of 16/9/68, that there is no Parliamentary provision for the purchase of these rifles, I considered it right to take the opinion of the Cabinet as to whether a vote of the Assembly should be anticipated, and it was decided that the credit applied for should not be issued until a vote be taken for this Service.” The present Government accepted the offer made of the loan, under the regulations referred to; but the matter was kept in abeyance by the Imperial Government until September, 1869, when a despatch was received, notifying that they would not be issued to the Colony without payment. The present Government then sent instructions to Captain Mayne to purchase the most improved rifles, without delay, and funds were at the same time placed at his disposal for the purpose. The papers will be laid upon the Table.
- (5.) Euroka Run :—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 5,—If he will state the name of the occupier of the Euroka Run, to whom £1,200 was paid back?
- Mr. Couper answered,—Messrs. W. W. and Edward Brocklehurst.
- (6.) Harbour Defences :—Mr. Farnell asked the Colonial Secretary, pursuant to Notice No. 6,—Is it the intention of the Government to adopt the elaborate scheme of harbour defence proposed by Mr. Cracknell?
- Mr. Couper answered,—The Government is not aware of any scheme of harbour defence having been proposed by Mr. Cracknell.
2. Papers :—Mr. Couper laid upon the Table the undermentioned Papers :—
- (1.) Correspondence respecting the disposal of Imperial Stores to Colonial Governments.
  - (2.) Return to an Address in reference to “District Court at Burrowa,” adopted by the Legislative Assembly, on motion of Mr. Watson, on 19th August, 1870.

*Question:—*

1. MR. W. FORSTER *to ask* THE COLONIAL SECRETARY,—  
 (1.) Is the admission of any of Her Majesty's subjects to serve as Volunteers under the "Volunteer Force Regulation Act of 1867" regulated or determined by the choice of the Volunteers themselves, and is such choice ascertained by any mode of election, whether by ballot or otherwise?  
 (2.) If so, under what provisions of the said Act is such exercise of choice on the part of the Volunteers, or such mode of election, or the rejection of any of Her Majesty's subjects willing to serve as Volunteers, held to have been authorized?  
 (3.) Has it come to the knowledge of the Government that any person willing to serve as a Volunteer has been rejected on account of his belonging to any religious denomination, or any political party?

## GOVERNMENT BUSINESS—ORDER OF THE DAY:—

1. Lunacy Bill; second reading.

## FRIDAY, 16 SEPTEMBER.

*Question:—*

1. MR. WINDEYER *to ask* THE COLONIAL SECRETARY,—  
 (1.) Was a man named Jacob Harris tried at Maitland Quarter Sessions, on Monday last, for detaining a post office letter?  
 (2.) Was the principal witness for the Crown one Maria Louisa Jones?  
 (3.) Did it not appear at the trial that the said Maria L. Jones had been convicted of stealing £112, and had lately served a sentence in Maitland Gaol for that offence; that she had also been twice convicted of other larcenies, and had been a notorious prostitute in Sydney for fifteen years, going under the names of Dixon, Hilton, Healy, and Spurgeon?  
 (4.) Is it not the fact that at the trial this witness committed such gross and palpable perjury that the jury not only acquitted the prisoner, but the Crown Prosecutor there and then filed an information against her for detaining the very same letter that she had sworn she had given to the prisoner Harris?  
 (5.) Is it not the fact that though the Crown Prosecutor said he was ready to proceed with the case at once, Mr. District Judge Simpson allowed the woman Jones to leave the Court on her own recognizance to appear the next day, she being unable to obtain bail, though he himself stated that her recognizances, as that of a married woman, were worthless, she having sworn in Court that she was married, and having produced her certificate of marriage?

(6.) Is it not the fact that this woman, virtually convicted of perjury by the verdict of the jury, and of trying to convict an innocent man of a crime, was not only thus allowed, being unable to find bail, to leave the Court on a worthless recognizance, though an information was filed against her, but that the amount of her recognizance was £10, whilst the recognizance of Harris, to appear as a witness against her, was fixed at £20 ?

(7.) Has the attention of the Attorney General been drawn to the fact that none of the cross-examinations of the woman Jones, disclosing her character at the investigation of the charge before the Newcastle Bench, appeared upon the depositions, and that thus the Attorney General and Crown Prosecutor were unable to judge of the merits of the case, and an innocent man was put upon his trial ?

(8.) Is the Attorney General aware that considerable scandal was caused by the treatment of the woman Jones by Mr. Judge Simpson throughout the proceedings ?

  - (2.) If so, under what provisions of the said Act is such exercise of choice on the part of the Volunteers, or such mode of election, or the rejection of any of Her Majesty's subjects willing to serve as Volunteers, held to have been authorized?
  - (3.) Has it come to the knowledge of the Government that any person willing to serve as a Volunteer has been rejected on account of his belonging to any religious denomination, or any political party?

Mr. Cowper answered,—

(1 and 2.) The law makes no such provision.

(3.) I have heard of such regulations, recently, and have requested explanation from the Lieutenant Colonel commanding the Volunteers.

- (2.) Examiner of Titles:—Mr. M. C. Stephen asked the Colonial Secretary, pursuant to Notice No. 2,—

Mr. Robertson answered,—

(1.) The Commissioners of Crown Lands act as appraisers for the Government in determining the fair annual value of runs as the leases fall in; also, in re-appraising the value of runs during the currency of the leases, when such value has been so diminished by reason of sale or withdrawal from lease, or otherwise, as the Government think warrants such re-appraisal. They are also employed in appraising the increased grazing capabilities of runs in order to determine whether extensions of lease can be granted on account of improvements under the provisions of the 15th clause of the Occupation Act. They are expected to furnish the Government with such local information as may be necessary to bring to an issue questions of overlapping or disputed claims to lease, and to report generally with regard to the definition and adjustment of the boundaries of runs. They are also required to report on tenders for new runs, and as to the occupation and stocking of new country acquired by tender. It is also their duty to recommend the reservation from sale of any land which may be required to secure an adequate supply of water so as to admit of the beneficial occupation of back country, to repress trespasses on Crown Lands, illegal timber cutting, and generally to protect the interests of the Government in the pastoral districts under their charge.

(2.)

(2.) No; but the matter shall be inquired into.

(3.) In the alienation and leasing of land the utmost care is taken to preserve convenient thoroughfares; and wherever the alienation of old tracks has been authorized, the Surveyor General has endeavoured to provide better roads. NOTICES OF QUESTIONS AND MOTIONS AND ORDERS  
OF THE DAY.

---

FRIDAY, 16 SEPTEMBER.

*Questions:—*

1. MR. WINDEYER *to ask* THE COLONIAL SECRETARY,—
  - (1.) Was a man named Harris Jacob tried at Maitland Quarter Sessions, on Monday last, for detaining a post office letter?
  - (2.) Was the principal witness for the Crown one Maria Louisa Jones?
  - (3.) Did it not appear at the trial that the said Maria L. Jones had been convicted of stealing £112, and had lately served a sentence in Maitland Gaol for that offence; that she had also been twice convicted of other larcenies, and had been a notorious prostitute in Sydney for fifteen years, going under the names of Dixon, Hilton, Healy, and Spurgeon?
  - (4.) Is it not the fact that at the trial this witness committed such gross and palpable perjury that the jury not only acquitted the prisoner, but the Crown Prosecutor there and then filed an information against her for detaining the very same letter that she had sworn she had given to the prisoner Harris?
  - (5.) Is it not the fact that though the Crown Prosecutor said he was ready to proceed with the case at once, Mr. District Judge Simpson allowed the woman Jones to leave the Court on her own recognizance to appear the next day, she being unable to obtain bail, though he himself stated that her recognizance, as that of a married woman, was worthless, she having sworn in Court that she was married, and having produced her certificate of marriage?
  - (6.) Is it not the fact that this woman, virtually convicted of perjury by the verdict of the jury, and of trying to convict an innocent man of a crime, was not only thus allowed, being unable to find bail, to leave the Court on a worthless recognizance, though an information was filed against her, but that the amount of her recognizance was £10, whilst the recognizance of Harris, to appear as a witness against her, was fixed at £20?
  - (7.) Has the attention of the Attorney General been drawn to the fact that none of the cross-examinations of the woman Jones, disclosing her character at the investigation of the charge before the Newcastle Bench, appeared upon the depositions, and that thus the Attorney General and Crown Prosecutor were unable to judge of the merits of the case, and an innocent man was put upon his trial?
  - (8.) Is the Attorney General aware that considerable scandal was caused by the treatment of the woman Jones by Mr. Judge Simpson throughout the proceedings?
2. MR. HOSKINS *to ask* THE SECRETARY FOR PUBLIC WORKS,—
  - (1.) Is Mr. James H. Thomas, late Engineer of Existing Lines of Railways, employed as an officer in the Public Works Department?
  - (2.) If so, what is the nature of the duties at present discharged by Mr. Thomas?
  - (3.) What emolument does Mr. Thomas receive for performing such duties, and from what fund is his salary or emolument paid?
3. MR. WINDEYER *to ask* THE SECRETARY FOR PUBLIC WORKS,—
  - (1.) Are the Government aware that a large portion of the mud now being raised by the Dredge at the Hexham crossing on the Hunter is being discharged in the main channel of the river, opposite Tomago?
  - (2.) Will the Government take immediate steps to prevent this filling up of the river?
4. SIR JAMES MARTIN *to ask* THE COLONIAL TREASURER,—
  - (1.) How much of the sum of £178,840 3s. 1d., mentioned in page 19 of the Loans Accounts Papers laid on the Table on the 18th August last, was expended in the purchase of Railway Materials, and how much in advances to the Railway Commissioners?
  - (2.) Of what did such Railway Materials consist; when were they paid for; and (if by more than one payment) what was the amount of each such payment?
  - (3.) When were such advances made to the Railway Commissioners; how much was each advance; for what purpose was each advance made; and to what object was each advance applied?
  - (4.) How much was paid for the extension of Riley-street to Palmer-street, including ornamental railing for portion of the Domain, and from what fund was such expenditure defrayed?
  - (5.) What amount has been received by the Government as proceeds of the sale of Crown Lands in Woolloomooloo Bay since the passing of the Act 29 Vic. No. 23?
5. MR. BUCHANAN *to ask* THE COLONIAL TREASURER,—
  - (1.) Will the Colonial Treasurer give the parallel case referred to in his answer respecting the Euroka Run, on the 6th instant?
  - (2.) Will there be any objection to lay on the Table of this House the whole of the Correspondence and Memoranda respecting the re-appraisalment of Euroka, and the refund of £1,200, and the receipt for the money?

  - (4.) That the settlement, alienation, and improvement of Crown Lands, should be further encouraged by extension of the area at present open to selection without competition by any single purchaser, and by relaxation or modification of the condition of residence upon lands conditionally purchased, or open to conditional purchase.
  - (5.) That in consideration of the reduction of the minimum price of Crown Lands sold, or intended for sale by auction, existing conditional purchasers who are not in arrears, or who have fulfilled all legal obligations, should be offered facilities for converting their tenures into absolute freeholds by cash payments in commutation of all amounts payable by such conditional purchasers upon their holdings, and by relaxation or modification of the condition of residence thereon.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 20 SEPTEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Case of Harris Jacob, tried at Maitland Quarter Sessions:—Mr. Windeyer asked the Colonial Secretary, pursuant to *amended* Notice No. 1,—

(1.) Was a man named Harris Jacob tried at Maitland Quarter Sessions, on Monday last, for detaining a post office letter?

(2.) Was the principal witness for the Crown one Maria Louisa Jones?

(3.) Did it not appear at the trial that the said Maria L. Jones had been convicted of stealing £112, and had lately served a sentence in Maitland Gaol for that offence; that she had also been twice convicted of other larcenies, and had been a notorious prostitute in Sydney for fifteen years, going under the names of Dixon, Hilton, Healy, and Spurgeon?

(4.) Is it not the fact that at the trial the Crown Prosecutor there and then filed an information against her for detaining the very same letter that she had sworn she had given to the prisoner Jacob?

(5.) Is it not the fact that though the Crown Prosecutor said he was ready to proceed with the case at once, Mr. District Judge Simpson allowed the woman Jones to leave the Court on her own recognizance to appear the next day, she being unable to obtain bail, though he himself stated that her recognizance, as that of a married woman, was worthless, she having sworn in Court that she was married, and having produced her certificate of marriage?

(6.) Is it not the fact that this woman was not only thus allowed, being unable to find bail, to leave the Court on a worthless recognizance, though an information was filed against her, but that the amount of her recognizance was £10, whilst the recognizance of Jacob, to appear as a witness against her, was fixed at £20?

(7.) Has the attention of the Attorney General been drawn to the fact that none of the cross-examinations of the woman Jones, disclosing her character at the investigation of the charge before the Newcastle Bench, appeared upon the depositions, and that thus the Attorney General and Crown Prosecutor were unable to judge of the merits of the case, and an innocent man was put upon his trial?

Mr. Cowper answered,—Perhaps the best way of answering this question will be for me to read the letter of Mr. District Judge Simpson to the Under Secretary of the Law Department:—

“ East Maitland,  
17th September, 1870.

“ Sir,

“ I have the honor, in reply to your letter of the 15th instant, respecting certain questions to be asked by Mr. Windeyer, in the Legislative Assembly, to reply as follows, for the information of the Government:—

(Question No. 1.) Yes.

(2.) Yes.

(3.) It did not appear in evidence at the trial that the said Maria Jones had been convicted, &c., &c. The cross examination of the witness tended to shew that such was the case—that she had been convicted of other larcenies, and that she had been a notorious prostitute in Sydney for many years. She was asked questions about all these matters by Mr. Windeyer, in a tone and style of which I did not approve, although I did not express my disapproval. The witness several times appealed to me for protection against the “bullying”—as she termed it—of the counsel, and I informed

informed her that they were questions which she need not answer. She did admit that she had gone by various names, and she swore that three of the persons mentioned had been her husbands. She was asked by Mr. Windeyer whether one of these alleged husbands was not still alive (not her present husband), and I informed her that this was a question which she was not bound to answer. Upon this Mr. Windeyer remarked that I should not have given this intimation, and observed that he had never before heard a Judge do such thing. The view I entertained of the matter was, that it was my duty to tell a witness that she need not answer a question tending to criminate herself, although I am aware that the refusing to answer such a question is a privilege of the witness herself. I must here mention that before this question was put she had sworn that in May last she was married to a man named "Jones," and she had produced a certificate to that effect from the Registrar at Newcastle.

(4.) It is not a fact that the witness committed such gross and palpable perjury, that the jury not only acquitted the prisoner, &c., &c. It is a fact that the jury acquitted the prisoner after retiring for a very short time—and it is also a fact that the Crown Prosecutor then and there filed an information against Mrs. Jones for detaining the very same letter that she had sworn she had given to the prisoner "Harris." Whether, in fact, Harris's relation of the matter (that he had given the letter to Mrs. Jones, and that she had never returned it to him) is the correct one or not, remains to be proved; and the principal evidence against Mrs. Jones on her trial will be that of Harris himself.

(5.) The fifth question may be answered by a simple Yes; but I think it advisable to make some explanation in reference to it. Mrs. Jones, residing at Newcastle, was suddenly converted from a witness into a prisoner. The Crown Prosecutor was ready, but not at all anxious, to proceed with the trial at once. It would in my opinion have been very unfair to have done so before the same panel of jurors, most of whom had probably been in Court during the trial of Harris. Mr. Windeyer had made some very improper remarks, in an audible tone, about retributive justice and punishment following immediately on crime (I had to call him to order for making observations about a matter in which he was not professionally concerned). The prisoner herself seemed scarcely to realize her position, and wished a postponement of the case. The Crown Prosecutor very properly thought this only reasonable, and I decided that the case should not proceed that afternoon. The prisoner was without friends, and perhaps even acquaintances, in Court; her husband "Jones" was in Newcastle. She wished to go home to consult her husband about her position, obtaining bail, &c., and I thought it only an act of justice to permit her to do so. Then arose the difficulty about permitting her to go. She could not obtain bail. Her own recognizances were, as I stated, worthless. After consideration I determined to discharge her till the following morning, giving special instructions to the Sergeant of Police from Newcastle to have her well watched. He informed me that her husband was a hard-working labouring man, and, so far as I can remember, I was led to believe from the police that there was very little reason to apprehend that the woman would not appear. I ordered her recognizances to be taken,—not because I thought they would be worth anything, but because I thought that the formal taking of the recognizances might induce her to make her appearance, even if she had the least intention of not doing so. The prisoner duly appeared the next morning with her husband, and asked for a postponement until next Session. This I granted, there being no opposition on the part of the Crown. She remained in custody, as the bondsmen had not come up. At this time she was represented by counsel, and upon his application I ordered her to be discharged whenever sufficient bail was given to the satisfaction of the Police Magistrate at Newcastle for her appearance at the next Sessions, or at such other time and place as the Attorney General might appoint; in the meantime the prisoner to remain in gaol. The recognizances of the husband, for his wife's appearance, were duly taken before me.

(6.) The recognizances of Mrs. Jones were fixed at £10; as they were legally worthless, and merely taken for the reason before stated, it seemed to me immaterial whether £10 or £100 were named; but as the recognizances of the former prisoner, Harris, were binding, I fixed the amount at £20 to secure his attendance as a witness. The Attorney General has not requested my report with reference to Questions 7 and 8, but with respect to the latter I beg to state that, as far as I am able to ascertain, no scandal whatever has been caused by my treatment of the woman Jones throughout the proceedings. I have received assurances of sympathy from almost all the members of both branches of the profession, whilst the conduct of Mr. Windeyer has, on all hands, been most severely condemned."

I hold in my hand two letters addressed to me by several solicitors and barristers at Maitland, stating, "That no scandal has been caused by the conduct of Judge Simpson throughout the proceedings referred to;" and among the names I see those of Messrs. Gorrick, Mullens, Chambers, Colquhoun, and other leading men of the profession.

2. Motion for Adjournment:—Mr. Windeyer moved, That this House do now adjourn.

Debate ensued.

Question put and negatived.

3. Questions on Notice Paper for to-day:—

(2.) Mr. J. H. Thomas, late Engineer of Existing Lines of Railways:—Mr. Hoskins asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) Is Mr. James H. Thomas, late Engineer of Existing Lines of Railways, employed as an officer in the Public Works Department?

(2.) If so, what is the nature of the duties at present discharged by Mr. Thomas?

(3.) What emolument does Mr. Thomas receive for performing such duties, and from what fund is his salary or emolument paid?

Mr. Sutherland answered,—

(1.) Yes.

(2.) The inspection of all imported rolling stock, machinery, permanent way material, &c., and the superintendence—as Inspecting Engineer—of the manufacture of the rolling stock, &c., constructed in the Colony.

(3.) £550 per annum, paid from the Votes for Railway Rolling Stock.

(3.)

(3.) Dredging in Hunter River:—Mr. Windeyer asked the Secretary for Public Works, pursuant to Notice No. 3,—

(1.) Are the Government aware that a large portion of the mud now being raised by the Dredge at the Hexham crossing on the Hunter is being discharged in the main channel of the river, opposite Tomago?

(2.) Will the Government take immediate steps to prevent this filling up of the river?

Mr. Sutherland answered,—

(1.) The Government is not aware that such is the case.

(2.) The Government will cause inquiries to be made; and if the statement be found correct, immediate steps will be taken to prevent the filling up of the river.

(4.) Loans Accounts:—Mr. Wilson, on behalf of Sir James Martin, asked the Colonial Treasurer, pursuant to Notice No. 4,—

(1.) How much of the sum of £178,840 3s. 1d., mentioned in page 19 of the Loans Accounts Papers laid on the Table on the 18th August last, was expended in the purchase of Railway Materials, and how much in advances to the Railway Commissioners?

(2.) Of what did such Railway Materials consist; when were they paid for; and (if by more than one payment) what was the amount of each such payment?

(3.) When were such advances made to the Railway Commissioners; how much was each advance; for what purpose was each advance made; and to what object was each advance applied?

(4.) How much was paid for the extension of Riley-street to Palmer-street, including ornamental railing for portion of the Domain, and from what fund was such expenditure defrayed?

(5.) What amount has been received by the Government as proceeds of the sale of Crown Lands in Woolloomooloo Bay since the passing of the Act 29 Vic. No. 23?

Mr. Samuel answered,—

(1.) £176,590 13s. 2d. for railway materials, and £2,249 9s. 11d. as advances to the Commissioner for Railways, as shewn in the Loans Account attached to the Ways and Means papers laid on the Table of the House on 17th February, 1870.

(2.) Of rolling stock, permanent way materials, and other stores in stock or in transit from England at 31st December, 1869. The sum of £176,590 13s. 2d. is the balance of a general account for store purchases. That account is debited with the cost of all railway materials and stores purchased either in England or the Colony, and is credited monthly with the value of all issues therefrom for railway purposes. If divided into single payments, and the stores separated, so as to show when each transaction was made and paid for, it would involve a voluminous return.

(3.) The £2,249 9s. 11d. referred to in answer to the first Question, is the amount which was at the debit of the Commissioner's advance account at the close of the year 1869, and is made up of nearly three hundred different items, the particulars of which could not conveniently be given in the form of an answer to a question. I may, however, state that a large portion of that sum has since been adjusted.

(4.) £3,929 7s. 3d. from the following funds, viz. :—

*Consolidated Revenue Fund—*

	£	s.	d.
(Vote of 1866) For extension of Riley-street to Palmer-street, including an ornamental railing for the portion of the Domain in that vicinity; also for removing the present boundary wall of the Outer Domain, and enclosing additional land with an ornamental railing ... ..	2,500	0	0
(Vote of 1867) For dwarf wall and iron railing on the west side of the approach to the new Domain Gates, St. Mary's Road ...	579	7	3

*Loans, 29 Victoria No. 9, 1865—*

For dwarf wall and iron railing between the Domain and the reclaimed land in Woolloomooloo Bay, and for a gate to the same, and a new gate in Palmer-street... ..	850	0	0
---	-----	---	---

(5.) £5,921 15s. 9d.

Mr. Buchanan not asking Question No. 5, it dropped.

4. Committee of Elections and Qualifications—*Webb v. Kelly*:—Mr. Allen, as Chairman, brought up the Report from, and laid upon the Table the Minutes of Proceedings of, and of Evidence taken before, the Committee of Elections and Qualifications, relative to the Petition of Edward Webb against the return of Michael William Kelly as the Member for the Electoral District of Braidwood, which was referred to the said Committee on the 16th February last;—

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 22 SEPTEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Payments made to Members of Parliament for Services rendered to the Government:—Mr. Morrice asked the Colonial Treasurer, pursuant to Notice No. 1,—The several amounts received by Members of Parliament, other than Ministers of the Crown, for services rendered to the Government since the 1st January, 1867, specifying the names of such Members, and the services so rendered?

Mr. Samuel answered,—This question involves a large Return, which it will take some time to prepare; and I am not certain that, in a matter of this kind, the required information should not be procured by a resolution of the House.

*Mr. Buchanan withdrew the Question No. 2.*

- (2.) Mr. Caswell, Police Magistrate of Moruya:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 3,—

(1.) Has the Colonial Secretary received any complaints as to the conduct of Mr. Caswell, Police Magistrate of Moruya?

(2.) What was the nature of those complaints, and from whom did they emanate?

(3.) Did the Colonial Secretary take any action on receiving those complaints?

(4.) Has the Colonial Secretary since referred those complaints to be inquired into and reported upon by His Honor District Court Judge McFarland?

(5.) Will the Colonial Secretary state the exact point His Honor Judge McFarland is instructed to inquire into and report upon?

(6.) Did a deputation wait upon the Colonial Secretary in reference to this matter, and has the Colonial Secretary any objection to state the names of the gentlemen composing the deputation?

(7.) Has the Colonial Secretary any objection to state the substance of what passed between him and the deputation?

(8.) How stands the matter at the present moment between the Colonial Secretary and Mr. Caswell, the Police Magistrate of Moruya?

Mr. Cowper answered,—Petitions against and in favour of Mr. Caswell have been presented to me by deputations of persons resident at Moruya. In the present stage of matters I do not consider it expedient to enter into particulars. Judge McFarland has been appointed to hold an inquiry at Moruya, and the 24th October has been fixed upon for the investigation,—when all parties will be heard, and a report made by the Judge to the Government. Before the inquiry is proceeded with, the complainants will be required to state more distinctly than has yet been done the charges which Mr. Caswell will have to answer.

- (3.) Conveyance of the Mail to Dungog:—Mr. Buchanan asked the Postmaster General, pursuant to Notice No. 4,—

(1.) Has the Postmaster General received any complaints as to irregularities in the performance of the contract entered into with the Government by a gentleman named Johnston to carry the mail to Dungog?

(2.) What was the nature of those complaints?

(3.)

(3.) Is it true that many letters have been received by the Postmaster General on this subject, and never answered?

(4.) Will the Postmaster General insist upon a more punctual and regular performance by Johnston of his contract in future?

Mr. Egan answered,—

(1.) Yes.

(2.) That contractor Johnston failed to provide waterproof covering for the mails, and that the contents had been damaged in consequence; that the mailman, through negligence, had left a mail behind at Hinton; that late arrivals on various occasions had occurred; and that the mail was driven to a public-house before going to Clarence Town Post Office.

(3.) Several letters have been received by the Postmaster General, and all have been answered but one letter (received a few days since), which will be replied to when the inquiry thereon, which is now being instituted, is complete.

(4.) The Postmaster General has already fined contractor Johnston in connection with such of the complaints as have been substantiated; and has informed him that if he does not carry out his contract in a proper manner, it will be cancelled.

*Question :—*

1. MR. PHELPS to ask THE SECRETARY FOR LANDS,—
  - (1.) Is the Government aware that nearly all the established crossing-places for stock on the great rivers of the interior have been stopped by floods for nearly four months ?
  - (2.) That near these places is generally a high bank on one side, with a high bank on the opposite side, several miles distant, by having access to which stock can be crossed in any flood by steamers ?
  - (3.) That at most of these places these important natural crossings, in extreme floods, have for the first time been made apparent this year, in consequence of the unusual and continued high floods ?
  - (4.) That many of these places are not reserved, and the Crown tenants in occupation have prevented stock from crossing ?
  - (5.) Does the Government intend to take a broad and immediate action, for the benefit of the country at large, before these places are monopolized by purchase, to prevent individuals stopping all traffic (and that on Crown Lands) and travelling of live stock, by issuing instructions to the several officers in these regions to immediately report on such places, with a view to the lands so situated being declared reserved as crossing-places for stock and merchandize in times of high floods, or otherwise ?
  - (6.) In case Government consider it advisable to take such action, will it see fit to communicate with the Government of Victoria, urging corresponding action on their side of the Murray ?
  - (7.) Is the Government aware that while the rivers are in high flood, which may only continue three or four months longer, is the only time when these places can be marked off with certainty ?
  - (8.) Will the Government be prompt in seeing to these important matters ?

*Question :—*

1. MR. PHELPS to ask THE SECRETARY FOR PUBLIC WORKS,—
  - (1.) What progress is being made in the sinking of wells, and the finding of fresh water, on the road between Booligal and Wilcannia ?
  - (2.) Is the Government aware that that region of New South Wales is now, and has been for months, a vast plain, covered generally with rain-water ?
  - (3.) Has the Government given to the officers in charge of these well-sinkings instructions to map and report on such places as collect most readily the largest quantities of rain-water, with a view to making such places reserves for sinking tanks for storage of water when it happens that these regions get rains, to enable stock to travel ?
  - (4.) If not, does the Government intend to give such instructions this season,—it being so very exceptionally fortuitous for these most important objects, which have been so long neglected ?

## OTHER BUSINESS—NOTICE OF MOTION :—

1. MR. MORRICE to move, That there be laid upon the Table of this House, a Return shewing the several amounts received by Members of Parliament, other than Ministers of the Crown, for services rendered to the Government since the 1st January, 1867, specifying the names of such Members, and the services so rendered.

New South Wales.

No. 24.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 23 SEPTEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Return of Writ:—The Speaker reported that the Writ issued by him on the 20th August, for the election of a Member to serve for the Electoral District of Wollombi, in room of Joseph Eckford, Esquire, insolvent, had been duly returned, with a certificate endorsed thereon of the election of Joseph Eckford, Esquire, to serve as such Member.

2. Questions on Notice Paper for to-day:—

- (1.) Payment of Workmen on Great Northern Railway:—Mr. Buchanan asked the Secretary for Public Works, pursuant to Notice No. 1,—

(1.) Is it true that the workmen on the Great Northern Railway have to wait from ten to twelve, and sometimes fourteen days, before they get their wages, after they become due?

(2.) Have the men employed on the Great Northern Railway memorialized the Minister for Works to have their wages paid more punctually, as it involves them in both inconvenience and loss, their wages being kept from them so long after they become due?

(3.) Was any reply sent to that memorial; and, if so, what was the substance of that reply?

(4.) Has the Government caused notices to be posted up in the various Railway workshops, to the effect that the men will in future be paid only once a month, instead of fortnightly, as before, and what reasons have induced the Government to adopt such a system in paying workmen's wages?

Mr. Sutherland answered,—

(1.) At the commencement of this year the men were not paid on several occasions until after a delay of from twelve to fourteen days, owing to the supplies having to be voted by the Assembly monthly. There is always a lapse of from seven to nine days after the men's time has been made up before they are paid, and this arises from the necessity of transmitting the pay-sheets to Sydney, to be passed by the Treasury; in effect, however, the men are paid, after the first delay, regularly twice a month.

(2 and 3.) In April last a memorial was addressed by the men to the Engineer-in-Chief for Railways, and I requested Mr. Whitton to inform the men, in reply, that any delay that had taken place was unavoidable, in consequence of the Parliament not having voted the supplies, and that every means would always be taken to ensure punctual payment of wages.

(4.) The proposal to pay the men monthly has not yet been decided upon; but, in accordance with the strong recommendation of the Board appointed to inquire into the system of railway accounts, notice was given to the men that it was proposed to adopt monthly payments, with a view of ascertaining if they had any objection to that course.

- (2.) Volunteer Rifle Range:—Mr. Parkes asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Whether it has been represented to the Government that there is no embankment or other obstacle to stop the course of the bullets from the Volunteer Rifle Range?

(2.) Whether any sum will be placed on the Estimates, or other steps be taken, to obviate this danger?

Mr. Cowper answered,—From the inquiries I have made I have not been able to trace any representation made to the Government upon the subject. Colonel Richardson was, however, at the Colonial Secretary's Office in the course of the day, and stated to the Under Secretary that the subject was one worthy the consideration of the Government. It shall therefore be looked into.

(3.)

- (3.) Reserve at the Crookwell River:—Commander Onslow asked the Secretary for Lands, pursuant to Notice No. 3,—If he is aware that the piece of land reserved for the use of the public at the Crookwell River, near Goulburn, has been fenced in, and is used as a grazing paddock by a private individual?

Mr. Robertson answered,—I can only say that I am entirely unaware of it, but I have made inquiries to-day, and I have not been able to ascertain clearly to what reserve the honorable gentleman refers. If he will, on a slip of paper, describe the reserve, it will facilitate the matter, and it shall be further inquired into.

- (4.) Court House, Berrima:—Commander Onslow asked the Secretary for Public Works, pursuant to Notice No. 4,—Has any tender been accepted for the repair of the Court-house at Berrima; if so, when will the repair commence?

Mr. Sutherland answered,—No tender has been accepted, the amount asked being so large, but it is under the consideration of the Government whether it would not be advisable to erect a new building instead of repairing the old.

3. Committee of Elections and Qualifications—*Smith v. Dean*:—Mr. Allen, as Chairman, brought up the Report from, and laid upon the Table the Minutes of Proceedings of, the Committee of Elections and Qualifications, relative to the Petition of Robert Burdett Smith against the return of Horace Dean as the Member for the Electoral District of The Hastings, which was referred to the said Committee on the 18th August last;—

And the said Report having been read at length by the Clerk, by direction of the Speaker, as follows:—

“The Committee of Elections and Qualifications, duly appointed on the 11th August, 1870, under the provisions of the Electoral Act of 1858, to whom was referred, on the 18th August, 1870, a Petition from Robert Burdett Smith, against the return of Horace Dean, as the Member for the Electoral District of The Hastings, have determined, and do hereby accordingly declare:—

“1. That Horace Dean, Esquire, who was returned as elected by the Returning Officer, was not duly elected as a Member of the Legislative Assembly for the Electoral District of The Hastings,—the said Horace Dean not having, at the time of election, resided in the Colony five years after Naturalization.

“G. WIGRAM ALLEN,

“Legislative Assembly,  
“Sydney, 23rd September, 1870”—

Ordered, on motion of Mr. Allen, That the said Report, and Minutes of Proceedings, be printed.

4. Member Sworn:—Robert Burdett Smith, Esquire, having taken the Oath and subscribed the Roll, took his Seat as Member for the Electoral District of The Hastings.

The Speaker said this was the first occasion on which a Report similar to that just laid upon the Table had been made from the Elections and Qualifications Committee, and that therefore it might become of some importance, as a matter of precedent, to determine the proper course to be taken in a case of the kind. The practice of the House of Commons seemed to be hardly applicable to our Legislature. The practice there was, upon the taking of his Seat by a Member not returned by the Returning Officer, to order a certain officer to attend and amend the return. It seemed to him that it would be sufficient,—the Committee of Elections and Qualifications having decided, under the 74th clause of our Electoral Act, that a party was duly elected who was not returned by the Returning Officer—he having taken the oath,—to direct the Clerk to amend the List of Members, and to make a note in the Roll of the House of the causes for which Mr. Dean ceased to be, and Mr. Smith became, a Member, and this he proposed to do, unless the House saw objection.

5. Motion for Adjournment:—Mr. Garrett moved, That this House do now adjourn.

  - (2.) That near these places is generally a high bank on one side, with a high bank on the opposite side, several miles distant, by having access to which stock can be crossed in any flood by steamers?
  - (3.) That at most of these places these important natural crossings, in extreme floods, have for the first time been made apparent this year, in consequence of the unusual and continued high floods?
  - (4.) That many of these places are not reserved, and the Crown tenants in occupation have prevented stock from crossing?
  - (5.) Does the Government intend to take a broad and immediate action, for the benefit of the country at large, before these places are monopolized by purchase, to prevent individuals stopping all traffic (and that on Crown Lands) and travelling of live stock, by issuing instructions to the several officers in these regions to immediately report on such places, with a view to the lands so situated being declared reserved as crossing-places for stock and merchandize in times of high floods, or otherwise?
  - (6.) In case Government consider it advisable to take such action, will it see fit to communicate with the Government of Victoria, urging corresponding action on their side of the Murray?
  - (7.) Is the Government aware that while the rivers are in high flood, which may only continue three or four months longer, is the only time when these places can be marked off with certainty?

  - (2.) Is the Government aware that that region of New South Wales is now, and has been for months, a vast plain, covered generally with rain-water?
  - (3.) Has the Government given to the officers in charge of these well-sinkings instructions to map and report on such places as collect most readily the largest quantities of rain-water, with a view to making such places reserves for sinking tanks for storage of water when it happens that these regions get rains, to enable stock to travel?
  - (4.) If not, does the Government intend to give such instructions this season,—it being so very exceptionally fortuitous for these most important objects, which have been so long neglected?

(3.) The total receipts from Bishopthorpe Estate Fund from 1857 to 1869 amount to £15,335 16s. 1d. After deducting expenses of survey, sale, and management of estate, which amount to £1,883 8s. 9d., the surplus of £13,452 9s. 4d. has been paid, or is in course of payment, to the Treasury, under the authority of the Governor and Executive Council, by Minute dated 1857.

(4.) The Bishop's accounts shew that the revenue of the estate never did reach, in any one year, £1,800.

10. Sydney Female School of Industry Removal Bill; second reading.

OTHER BUSINESS—NOTICES OF MOTIONS:—

1. SIR JAMES MARTIN *to move*,—  
 (1.) That, by the various Acts, on the authority of which the Government issued in June last Debentures for £450,000, the power to make such issues was limited to such amounts as were necessary for the various works specified in such Acts respectively not exceeding the sums there mentioned, and could not properly be used to any greater extent than such necessity demanded, or for any purposes other than the works so specified.

(2.)

(2.) That it appears by a Return laid on the Table of this House on the 18th of August last, that such issue of Debentures included Debentures for works which by law were required to be paid for out of sums received for the sale of Crown Lands—for works which were no longer a charge upon the public funds—for works which had been long since completed and paid for, and for services which there was no longer any intention to carry out.

(3.) That the conduct of the Government in issuing such Debentures calls for the disapproval of this House.

(4.) That copies of the foregoing Resolutions be transmitted by Address to His Excellency the Governor.

THURSDAY, 29 SEPTEMBER.

*Questions :—*

1. MR. LORD to ask THE SECRETARY FOR LANDS,—
  - (1.) Is he aware that the Commissioner of Crown Lands for the Warrego District, in travelling to appraise Runs, takes with him a party whom he insists upon, in all disputed cases, acting as Umpire; and demands in every case, prior to his so acting, that a sum of £10 be paid him?
  - (2.) Has it come to the knowledge of the Minister that at a recent Court of Appraisalment, held on the Narran, the Commissioner positively refused to accept the names of any gentlemen proposed by the owners of Runs as Umpires, and insisted on this travelling Umpire's appointment; that, upon the gentlemen threatening to leave the Court, he so far compromised the business by agreeing to the names of the parties proposed by the owners of the Runs, upon condition that his nominee should in every alternate case be accepted on his behalf; and that in all cases in which he so acted he demanded and was paid the sum of £10?
  - (3.) Has the Commissioner of Crown Lands received any instructions from the Government to warrant him in acting in this manner; and will the Minister make proper inquiry into these statements?
2. MR. HILL to ask THE SECRETARY FOR PUBLIC WORKS,—Have any, and if so, what steps been taken towards the completion of the Bunnerong Road, leading from Randwick to Botany, for which purpose a sum of £1,500 was voted last Session?

1. Lunacy Bill; to be further considered in Committee.

---

FRIDAY, 30 SEPTEMBER.

*Questions :—*

1. MR. PHELPS to ask THE SECRETARY FOR LANDS,—
  - (1.) Is the Government aware that nearly all the established crossing-places for stock on the great rivers of the interior have been stopped by floods for nearly four months?
  - (2.) That near these places is generally a high bank on one side, with a high bank on the opposite side, several miles distant, by having access to which stock can be crossed in any flood by steamers?
  - (3.) That at most of these places these important natural crossings, in extreme floods, have for the first time been made apparent this year, in consequence of the unusual and continued high floods?
  - (4.) That many of these places are not reserved, and the Crown tenants in occupation have prevented stock from crossing?
  - (5.) Does the Government intend to take a broad and immediate action, for the benefit of the country at large, before these places are monopolized by purchase, to prevent individuals stopping all traffic (and that on Crown Lands) and travelling of live stock, by issuing instructions to the several officers in these regions to immediately report on such places, with a view to the lands so situated being declared reserved as crossing-places for stock and merchandize in times of high floods, or otherwise?
  - (6.) In case Government consider it advisable to take such action, will it see fit to communicate with the Government of Victoria, urging corresponding action on their side of the Murray?
  - (7.) Is the Government aware that while the rivers are in high flood, which may only continue three or four months longer, is the only time when these places can be marked off with certainty?
  - (8.) Will the Government be prompt in seeing to these important matters?
2. MR. BROOKES to ask THE COLONIAL TREASURER,—
  - (1.) Whether any and what site has been definitely selected upon which to erect the new Custom House at the Port of Newcastle?
  - (2.) Whether the attention of the Government has been directed to the probable extension of the trade of the port to the west of the site of the new coal staiths now in course of erection, and of the projected coal dock in the vicinity of Honeysuckle Point, as well as of the one contiguous to Bullock Island, and of the construction of jetties along the frontage now in course of reclamation in the immediate vicinity of the said Island?
  - (3.) If so, whether the Government are prepared to consider the propriety and expediency of further inquiry into the prospective advantages likely to accrue to the shipping interest of the port by the erection of the new Custom House in the locality indicated, and in view of the inevitable extension of the trade and of the chief loading places being established in this direction?

  - (3.) Has the Government given to the officers in charge of these well-sinkings instructions to map and report on such places as collect most readily the largest quantities of rain-water, with a view to making such places reserves for sinking tanks for storage of water when it happens that these regions get rains, to enable stock to travel?

*Questions :—*

1. MR. PHELPS to ask THE SECRETARY FOR LANDS,—
  - (1.) Is the Government aware that nearly all the established crossing-places for stock on the great rivers of the interior have been stopped by floods for nearly four months?
  - (2.) That near these places is generally a high bank on one side, with a high bank on the opposite side, several miles distant, by having access to which stock can be crossed in any flood by steamers?
  - (3.) That at most of these places these important natural crossings, in extreme floods, have for the first time been made apparent this year, in consequence of the unusual and continued high floods?
  - (4.) That many of these places are not reserved, and the Crown tenants in occupation have prevented stock from crossing?
  - (5.) Does the Government intend to take a broad and immediate action, for the benefit of the country at large, before these places are monopolized by purchase, to prevent individuals stopping all traffic (and that on Crown Lands) and travelling of live stock, by issuing instructions to the several officers in these regions to immediately report on such places, with a view to the lands so situated being declared reserved as crossing-places for stock and merchandize in times of high floods, or otherwise?
  - (6.) In case Government consider it advisable to take such action, will it see fit to communicate with the Government of Victoria, urging corresponding action on their side of the Murray?
  - (7.) Is the Government aware that while the rivers are in high flood, which may only continue three or four months longer, is the only time when these places can be marked off with certainty?
  - (8.) Will the Government be prompt in seeing to these important matters?

2. MR. BROOKES *to ask* THE COLONIAL TREASURER,—
- (1.) Whether any and what site has been definitely selected upon which to erect the new Custom House at the Port of Newcastle?
  - (2.) Whether the attention of the Government has been directed to the probable extension of the trade of the port to the west of the site of the new coal staiths now in course of erection, and of the projected coal dock in the vicinity of Honeysuckle Point, as well as of the one contiguous to Bullock Island, and of the construction of jetties along the frontage now in course of reclamation in the immediate vicinity of the said Island?
  - (3.) If so, whether the Government are prepared to consider the propriety and expediency of further inquiry into the prospective advantages likely to accrue to the shipping interest of the port by the erection of the new Custom House in the locality indicated, and in view of the inevitable extension of the trade and of the chief loading places being established in this direction?
3. MR. LACKEY *to ask* THE COLONIAL SECRETARY,—
- (1.) Is it true that a man named James Leard was convicted of horse-stealing at the Scone Sessions, in June, before Judge Simpson, and sentenced to eighteen months imprisonment?
  - (2.) Is it the case that he has been released from gaol, on giving two sureties of £50 each for his good behaviour, after having served but three months of his sentence?
  - (3.) Is it within the knowledge of the Government that within the last three years James Leard has been twice committed for cattle-stealing?
  - (4.) Are the Government aware that Leard's brother was liberated from gaol, a short time since, after having served something over two years, of a sentence of five years, for horse-stealing?

## Question :—

1. MR. PHELPS to ask THE SECRETARY FOR PUBLIC WORKS,—
- (1.) What progress is being made in the sinking of wells, and the finding of fresh water, on the road between Booligal and Wilcannia?
- (2.) Is the Government aware that that region of New South Wales is now, and has been for months, a vast plain, covered generally with rain-water?
- (3.) Has the Government given to the officers in charge of these well-sinkings instructions to map and report on such places as collect most readily the largest quantities of rain-water, with a view to making such places reserves for sinking tanks for storage of water when it happens that these regions get rains, to enable stock to travel?
- (4.) If not, does the Government intend to give such instructions this season,—it being so very exceptionally fortuitous for these most important objects, which have been so long neglected?

## OTHER BUSINESS—NOTICE OF MOTION:—

1. MR. HOSKINS to move, That this House is of opinion,—
- (1.) That, in order to secure the confidence of the public and contractors for public works in the justice and fairness of the decision arrived at by any Board appointed to decide upon tenders sent in for works about to be executed, and for which tenders were invited, in future all tenders for public works shall be opened in the presence of a Board of Officials, over whom the Secretary for Public Works, or a responsible Minister, shall, in every case, preside as Chairman; and that the various persons tendering, or their agents, shall be required to attend; and that the representatives of the daily press shall be apprised when tenders for public works will be opened.
- (2.) Tenders must be accompanied by bank notes or a bank draft in favour of the Chairman of the Tender Board for 10 per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers; such deposit to be forfeited in the event of the successful tenderer failing to complete the security within ten days of the acceptance of the tender.

(3.)

(3.) That in all cases the officer, in whose department the work is to be executed, shall furnish the Chairman presiding at the Board appointed for the opening of tenders for public works, with an estimate of the probable cost of the work, for which tenders have been invited—such estimate to specify, in detail, the cost of the various descriptions of work comprised in said contract, and to be laid on the table of the office where tenders are opened, for the information and guidance of the Board appointed to open tenders for public works.

(4.) That all persons tendering for public works shall, on application, be furnished by the Government Engineer with a printed copy of the conditions, specifications, and quantities of the different descriptions of work comprised in such contract, and the Public Works Department shall be empowered to charge for such printed documents.

(5.) That when tenders are opened for public works, the Chairman of the Board shall declare the name of the lowest tenderer; and, in all cases, contracts shall be given to the party who will undertake to execute the work for the lowest amount; provided that, after proper examination of the tender as to the conditions, &c., the Secretary for Public Works is satisfied of the ability of the party tendering to execute the work.

(6.) That an Address be presented to His Excellency the Governor embodying the foregoing Resolutions.

New South Wales.

No. 27.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 29 SEPTEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Commissioner of Crown Lands for the Warrego District:—Mr. Lord asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Is he aware that the Commissioner of Crown Lands for the Warrego District, in travelling to appraise Runs, takes with him a party whom he insists upon, in all disputed cases, acting as Umpire; and demands in every case, prior to his so acting, that a sum of £10 be paid him?

(2.) Has it come to the knowledge of the Minister that at a recent Court of Appraisement, held on the Narran, the Commissioner positively refused to accept the names of any gentlemen proposed by the owners of Runs as Umpires, and insisted on this travelling Umpire's appointment; that, upon the gentlemen threatening to leave the Court, he so far compromised the business by agreeing to the names of the parties proposed by the owners of the Runs upon condition that his nominee should in every alternate case be accepted on his behalf; and that in all cases in which he so acted he demanded and was paid the sum of £10?

(3.) Has the Commissioner of Crown Lands received any instructions from the Government to warrant him in acting in this manner; and will the Minister make proper inquiry into these statements?

Mr. Robertson answered,—I should scarcely be accurate, if I said that the Government had not heard it from a source to which they attribute some importance; but if the question be, do the Government know it, my answer must be in the negative. I have instituted inquiries into the matter, and, if the allegation be true, the conduct of the Commissioner is most objectionable.

- (2.) Bunnerong Road:—Mr. Hill asked the Secretary for Public Works, pursuant to Notice No. 2,—Have any, and if so, what steps been taken towards the completion of the Bunnerong Road, leading from Randwick to Botany, for which purpose a sum of £1,500 was voted last Session?

Mr. Sutherland answered,—On 20th June last a letter was addressed to the Town Clerk of the Sydney Corporation, to ascertain if any objection existed to the expenditure, on the ground of interference with the Water Reserves. No reply has yet been received, and the money has not consequently been expended.

- (3.) Necropolis at Haslem's Creek:—Mr. W. Forster asked the Secretary for Lands, pursuant to Notice No. 3,—

(1.) What is the nature of the proceedings lately adopted by the Government with reference to the Department or Office of Secretary to the Necropolis at Haslem's Creek, as well with reference to the Secretary himself as the clerks or other public servants formerly under his superintendence?

(2.) What arrangements have been, or are intended to be, made, for supervising the management of the Trustees of the several sections or Cemeteries of the said Necropolis, and for checking or inspecting their accounts?

(3.) Is there any amount due to the Treasury from the Necropolis Fund, or from any particular Trustees Fund; and, if so, how much?

(4.) What steps have been, or are intended to be, taken by the Government, to recover or enforce payment of this amount?

Mr.

Mr. Robertson answered,—

(1.) The office was cancelled, so far as I can understand, because there was no money to make payments to that officer.

(2.) I have doubts, whether, under the present arrangement, the Government have any right to inspect the accounts of the Necropolis, as that duty will now probably devolve upon the Trustees of the various sections. In accordance with the provisions of the 17th clause of the Necropolis Act of 1867, the Secretary will, however, have to furnish an Annual Abstract of the Accounts, verified by a solemn declaration made and subscribed in the form and to the effect required by the Act of Council 9th Vict. No. 9.

(3.) The expenses of management for the years 1868 and 1869, which were provided for by Parliamentary Appropriation, have not yet been recovered from the Trustees of the various sections. These expenses amount to £923 4s. 6d.

(4.) I am not aware that the Government have arrived at any determination with regard to this matter. It is in the department over which I have control, and I really have not had time, since I have been in office, to determine upon the course of submitting it to the Cabinet. I am therefore hardly in a position to say what steps will be taken.

(4.) Incorporation of the Village of Wickham:—Mr. Farnell asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Did the Colonial Secretary receive a Petition in June last from the Freeholders and Householders of the Village of Wickham, praying for incorporation. If so, has the Petition been published in the *Government Gazette*, in terms of the Municipalities Act of 1867; if not, when will the said Petition be published?

(2.) Has any Counter-Petition been received, or has any objection been made to the said incorporation of the village aforementioned; if so, by whom?

Mr. Cowper answered,—The Petition has been received, but action in the matter has been deferred, as the land sought to be incorporated forms part of the proposed Municipal District of Waratah, respecting which the Government is awaiting a reply to the letter addressed to Mr. Hannell, on the 2nd June last, as follows:—

“ Colonial Secretary’s Office,  
“ Sydney, 2 June, 1870.

“ Sir,

“ Referring to your letter of the 15th March last, communicating copy of a Resolution “ passed by the Waratah Incorporation Committee, on the subject of the suggested alteration in “ the boundaries of the proposed Municipal District of Waratah, I am directed by the Colonial “ Secretary to state, for the information of the Committee and the Petitioners, that the Govern- “ ment is not prepared, upon present information, to include in the projected Municipality the land “ belonging to the Australian Agricultural Company, which is referred to in the accompanying “ copy of a Petition received from the Chairman of that Company, or that comprised in the “ proposed Onibygambah Ward; but is prepared to incorporate with boundaries reduced by the “ extent of those lands, upon being satisfied by Resolution passed at a public meeting, that such “ incorporation would be consonant to the wishes of the residents within the restricted area.

“ I have, &c.,

“ (Signed) HENRY HALLORAN.”

  - “ (2.) That it appears by a Return laid on the Table of this House on the 18th of August last, that such issue of Debentures included Debentures for works which by law were required to be paid for out of sums received for the sale of Crown Lands—for works which were no longer a charge upon the public funds—for works which had been long since completed and paid for, and for services which there was no longer any intention to carry out.

  - (3.) Has the Government given to the officers in charge of these well-sinkings instructions to map and report on such places as collect most readily the largest quantities of rain-water, with a view to making such places reserves for sinking tanks for storage of water when it happens that these regions get rains, to enable stock to travel?
  - (4.) If not, does the Government intend to give such instructions this season,—it being so very exceptionally fortuitous for these most important objects, which have been so long neglected?

  - (4.) That all persons tendering for public works shall, on application, be furnished by the Government Engineer with a printed copy of the conditions, specifications, and quantities of the different descriptions of work comprised in such contract, and the Public Works Department shall be empowered to charge for such printed documents.
  - (5.) That when tenders are opened for public works, the Chairman of the Board shall declare the name of the lowest tenderer; and, in all cases, contracts shall be given to the party who will undertake to execute the work for the lowest amount; provided that, after proper examination of the tender as to the conditions, &c., the Secretary for Public Works is satisfied of the ability of the party tendering to execute the work.

No. 28.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 30 SEPTEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Crossing-places for Stock:—Mr. Phelps asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Is the Government aware that nearly all the established crossing-places for stock on the great rivers of the interior have been stopped by floods for nearly four months?

(2.) That near these places is generally a high bank on one side, with a high bank on the opposite side, several miles distant, by having access to which stock can be crossed in any flood by steamers?

(3.) That at most of these places these important natural crossings, in extreme floods, have for the first time been made apparent this year, in consequence of the unusual and continued high floods?

(4.) That many of these places are not reserved, and the Crown tenants in occupation have prevented stock from crossing?

(5.) Does the Government intend to take a broad and immediate action, for the benefit of the country at large, before these places are monopolized by purchase, to prevent individuals stopping all traffic (and that on Crown Lands) and travelling of live stock, by issuing instructions to the several officers in these regions to immediately report on such places, with a view to the lands so situated being declared reserved as crossing-places for stock and merchandize in times of high floods, or otherwise?

(6.) In case Government consider it advisable to take such action, will it see fit to communicate with the Government of Victoria, urging corresponding action on their side of the Murray?

(7.) Is the Government aware that while the rivers are in high flood, which may only continue three or four months longer, is the only time when these places can be marked off with certainty?

(8.) Will the Government be prompt in seeing to these important matters?

Mr. Robertson answered,—The matter generally has recently been brought under the notice of our Department, and steps are being taken to procure the fullest information upon the various points referred to.

- (2.) Custom House, Newcastle:—Mr. Brookes asked the Colonial Treasurer, pursuant to Notice No. 2,—

(1.) Whether any and what site has been definitely selected upon which to erect the new Custom House at the Port of Newcastle?

(2.) Whether the attention of the Government has been directed to the probable extension of the trade of the port to the west of the site of the new coal staiths now in course of erection, and of the projected coal dock in the vicinity of Honeysuckle Point, as well as of the one contiguous to Bullock Island, and of the construction of jetties along the frontage now in course of reclamation in the immediate vicinity of the said Island?

(3.) If so, whether the Government are prepared to consider the propriety and expediency of further inquiry into the prospective advantages likely to accrue to the shipping interest of the port by the erection of the new Custom House in the locality indicated, and in view of the inevitable extension of the trade and of the chief loading places being established in this direction?

Mr. Samuel answered,—

(1.) Yes. The site selected faces the Wharf at the corner of Watt-street.

(2.) The attention of the Government has not been directed to the matter in the way indicated by the Honorable Member's question.

(3.) Any site more distant from the entrance of the Harbour would be unsuitable for the Harbour Master's office.

(3.)

(3.) James Leard:—Mr. Lackey asked the Colonial Secretary, pursuant to Notice No. 3,—

(1.) Is it true that a man named James Leard was convicted of horse-stealing at the Scone Sessions, in June, before Judge Simpson, and sentenced to eighteen months imprisonment?

(2.) Is it the case that he has been released from gaol, on giving two sureties of £50 each for his good behaviour, after having served but three months of his sentence?

(3.) Is it within the knowledge of the Government that within the last three years James Leard has been twice committed for cattle-stealing?

(4.) Are the Government aware that Leard's brother was liberated from gaol, a short time since, after having served something over two years, of a sentence of five years, for horse-stealing?

Mr. Cowper answered,—Some of this information has been given in answer to questions by an Honorable Member on a former occasion, but I will answer again.

(1.) Yes.

(2.) Yes; on the recommendation of their Honors the Judges of the Supreme Court.

(3.) No.

ORDER OF THE DAY :—

1. Proposed Vote of Censure on the Government; resumption of the Adjourned Debate on the motion of Sir James Martin,—
 

“ (1.) That, by the various Acts on the authority of which the Government issued in June last “ Debentures for £450,000, the power to make such issues was limited to such amounts as were “ necessary for the various works specified in such Acts respectively not exceeding the sums there “ mentioned, and could not properly be used to any greater extent than such necessity demanded, “ or for any purposes other than the works so specified.

“ (2.) That it appears by a Return laid on the Table of this House on the 18th of August last, that “ such issue of Debentures included Debentures for works which by law were required to be paid “ for out of sums received for the sale of Crown Lands—for works which were no longer a charge “ upon the public funds—for works which had been long since completed and paid for, and for services “ which there was no longer any intention to carry out.

“ (3.) That the conduct of the Government in issuing such Debentures calls for the disapproval of “ this House.

“ (4.) That copies of the foregoing Resolutions be transmitted by Address to His Excellency the “ Governor.”

FRIDAY, 7 OCTOBER.

Question :—

1. MR. PHELPS to ask THE SECRETARY FOR PUBLIC WORKS,—
  - (1.) What progress is being made in the sinking of wells, and the finding of fresh water, on the road between Booligal and Wilcannia?
  - (2.) Is the Government aware that that region of New South Wales is now, and has been for months, a vast plain, covered generally with rain-water?
  - (3.) Has the Government given to the officers in charge of these well-sinkings instructions to map and report on such places as collect most readily the largest quantities of rain-water, with a view to making such places reserves for sinking tanks for storage of water when it happens that these regions get rains, to enable stock to travel?
  - (4.) If not, does the Government intend to give such instructions this season,—it being so very exceptionally fortuitous for these most important objects, which have been so long neglected?

OTHER BUSINESS—NOTICE OF MOTION :—

1. MR. HOSKINS to move, That this House is of opinion,—
  - (1.) That, in order to secure the confidence of the public and contractors for public works in the justice and fairness of the decision arrived at by any Board appointed to decide upon tenders sent in for works about to be executed, and for which tenders were invited, in future all tenders for public works shall be opened in the presence of a Board of Officials, over whom the Secretary for Public Works, or a responsible Minister, shall, in every case, preside as Chairman; and that the various persons tendering, or their agents, shall be required to attend; and that the representatives of the daily press shall be apprised when tenders for public works will be opened.

(2.)

(2.) Tenders must be accompanied by bank notes or a bank draft in favour of the Chairman of the Tender Board for 10 per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers; such deposit to be forfeited in the event of the successful tenderer failing to complete the security within ten days of the acceptance of the tender.

(3.) That in all cases the officer, in whose department the work is to be executed, shall furnish the Chairman presiding at the Board appointed for the opening of tenders for public works, with an estimate of the probable cost of the work, for which tenders have been invited—such estimate to specify, in detail, the cost of the various descriptions of work comprised in said contract, and to be laid on the table of the office where tenders are opened, for the information and guidance of the Board appointed to open tenders for public works.

(4.) That all persons tendering for public works shall, on application, be furnished by the Government Engineer with a printed copy of the conditions, specifications, and quantities of the different descriptions of work comprised in such contract, and the Public Works Department shall be empowered to charge for such printed documents.

(5.) That when tenders are opened for public works, the Chairman of the Board shall declare the name of the lowest tenderer; and, in all cases, contracts shall be given to the party who will undertake to execute the work for the lowest amount; provided that, after proper examination of the tender as to the conditions, &c., the Secretary for Public Works is satisfied of the ability of the party tendering to execute the work.

No. 29.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

TUESDAY, 4 OCTOBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Incorporation of Wickham:—Mr. G. A. Lloyd asked the Colonial Secretary, pursuant to Notice No. 1,—Have the Government come to any determination with reference to the Memorial, presented about three months ago by ninety Colonists, for the Incorporation of Wickham?

Mr. Cowper answered,—It seems that Mr. Farnell, the Honorable Member for Parramatta, on the 29th ultimo put a question to me on this subject. Since that time no further communication has been received from Mr. Hannell. The Government, therefore, will not wait any longer, but will proceed at once to the incorporation.

- (2.) Mr. District Court Judge Simpson:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Is it true that Mr. District Court Judge Simpson refused to try a case at Newcastle, namely, "Patrick and another v. the Waratah Coal Company," on the ground that he was a shareholder in the said Company?

(2.) Will the Colonial Secretary take steps to prevent any Judge of the land placing himself in a position which so materially interferes with the due and proper performance of his duties, and which results, as in the present case, in a total denial of justice?

Mr. Cowper answered,—I have received a communication from Mr. District Court Judge Simpson on this subject, and he states he did refuse to try the case of "Patrick v. the Waratah Company," on the ground that as a shareholder in the said company he had no jurisdiction in the matter. He says, "The case of 'Commercial Bank v. Balgarine and others,' in 3 Supreme Court Reports, page 29, is decisive upon the point. There Sir Alfred Stephen says, 'It is impossible to allow any case—under any circumstances—to be tried by a Judge who is interested in the matter. I do not put the case on the ground of any supposed bias, but on the ground that such a proceeding is contrary to just principles.'" Judge Simpson goes on to state, "My ruling did not amount to a total denial of justice. By consent of both sides it was arranged that the case should be tried by Judge Dowling in December next. The amount sued for was very small—10s. I think—and the Petty Debts Court could have disposed of the matter."

- (3.) Insecurity of Ceilings in Dwelling-houses:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 3,—

(1.) Has the attention of the Government been directed to the numerous and dangerous accidents occurring in Sydney from the fall of portions of the ceilings in dwelling-houses?

(2.) Will the Government introduce at once some measure by which Landlords may be compelled to look to this, by subjecting them to some severe punishment if they let dwelling-houses in a state dangerous to the lives and limbs of the people who inhabit them?

Mr. Cowper answered,—The Government is not aware of any accidents having arisen from the falling of plaster ceilings; and I do not think the Government should interfere in matters which are properly municipal. No doubt the Common Law provides a remedy against persons letting houses that are dangerous to their inhabitants, or to the public. No necessity has been shewn for special legislation in this matter.

- (4.) Yass Bridge:—Mr. Buchanan asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) The amount of the Contract for the erection of the iron superstructure of the Yass Bridge?

(2.) The amount paid to the Contractor previous to the iron superstructure being swept away from the top of the piers into the bottom of the river?

(3.) The amount paid to the Contractor since such occurrence?

(4.)

- (4.) Had the Contractor put in the cross girders, and otherwise secured his work?  
Mr. Sutherland answered,—
- (1.) £1,980.
  - (2.) £500.
  - (3.) £999 19s.
  - (4.) The Contractor could not have put in the cross girders, as the arches of the old bridge prevented their insertion.
- (5.) Government Debentures:—Mr. Campbell asked the Colonial Treasurer, pursuant to Notice No. 5,—
- (1.) Is it the practice of the Government, on the issue of Debentures, to have them at once placed on the Register of the London Stock Exchange?
  - (2.) Is the Colonial Treasurer aware that serious inconvenience and loss have been sustained by purchasers of Government Debentures on account of this matter not having been punctually attended to?
  - (3.) Whether the Colonial Treasurer can inform him whether Debentures sold in July, 1869, Series F 3, have yet been so placed?
  - (4.) Provided nothing has yet been done, what steps do the Government intend to take in the matter?
- Mr. Samuel answered,—
- (1.) I believe it is the practice of the Government Financial Agents to do so when a complete issue of Debentures is sent home for negotiation.
  - (2.) I am not aware of any serious loss having been sustained, although it has been represented to me that inconvenience has been experienced by the holders of Debentures purchased in the Colony, in consequence of a rule of the London Stock Exchange that Debentures negotiated here are not permitted to be quoted in the official list of that institution. I have applied to have this rule relaxed, but as yet without success. A correspondence upon the subject is still going on.
  - (3.) Not yet sold, according to last advices, pending decision by the Committee of the Stock Exchange.
2. Retail of Fermented and Spirituous Liquors Regulation Bill:—The undermentioned Petitions, in favour of the passing of this Bill, were presented by the Members named:—
- (1.) From certain Inhabitants of New South Wales, resident on the Manning River. By Mr. Smith.
  - (2.) From certain Mothers and Daughters of the Manning River. By Mr. Smith.
  - (3.) From certain Inhabitants of Forbes. By Mr. Lord.
  - (4.) From certain Inhabitants of Major's Creek, in the County of St. Vincent. By Mr. Brookes, on behalf of Mr. Baker.
- Petitions received.
3. Committee of Elections and Qualifications:—
- (1.) The Speaker informed the House that he had this day received a letter from Patrick Alfred Jennings, Esquire, the Honorable Member for The Murray, resigning his appointment as a Member of the Committee of Elections and Qualifications,—which letter he read to the House, as follows:—
- “ Warbreccan, Deniliquin,

- “ Sir,  
“ I have the honor to request that you will permit me to resign as a Member of the

“ manner and by a cause unforeseen by me.
- “ I am,  
“ Your obedient servant,  
“ P. A. JENNINGS.
- “ The Hon. The Speaker Legislative Assembly.”
- (2.) The Speaker then, pursuant to the requirement of the Electoral Act of 1858, laid upon the Table his Warrant appointing James Henry Neale, Esquire, to be a Member of the Committee of Elections and Qualifications for the present Session, of which the following is a copy:—
- “ LEGISLATIVE ASSEMBLY.  
“ *By the Honorable the Speaker of the Legislative Assembly*  
“ *of New South Wales.*
- “ Pursuant to the power in that behalf vested in me, as Speaker of the Legislative Assembly of  
“ New South Wales, by the Electoral Act of 1858, I do hereby appoint  
“ James Henry Neale, Esquire,  
“ being a Member of the said Assembly, to be a Member of the Committee of Elections and Quali-  
“ cations in the said Act referred to, during the present Session of the Assembly aforesaid, in the  
“ room of Patrick Alfred Jennings, Esquire, resigned.  
“ Given under my Hand at the Legislative Assembly Chamber, Macquarie-street,

“ (2.) That it appears by a Return laid on the Table of this House on the 18th of August last, that such issue of Debentures included Debentures for works which by law were required to be paid for out of sums received for the sale of Crown Lands—for works which were no longer a charge upon the public funds—for works which had been long since completed and paid for, and for services which there was no longer any intention to carry out.

WEDNESDAY, 5 OCTOBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Toll-gates at Mount Victoria and Nepean Bridge:—Mr. Ryan asked the Secretary for Public Works, pursuant to Notice No. 1,—

(2.) The Receipts and Disbursements at the Nepean Bridge during the months of August and September, shewing the net takings in each case?

Mr. Sutherland answered,—I will give an answer to the Honorable Member's question including a period dating further back than he has asked for. He has asked for a return of the receipts and disbursements for the last two months; but I do not think it would be fair to the public, who will be called upon to tender for these toll-gates in a few weeks, to confine myself to the months mentioned:—

Mr.

*Mr. G. A. Lloyd withdrew the Question No. 2.*

(2.) Examiner of Titles:—Mr. M. C. Stephen asked the Colonial Secretary, pursuant to Notice No. 3,—

(1.) Under what arrangement, and with whom made, was Mr. Pennington paid only half salary for performing the duties of Examiner of Titles after Mr. Dick's death was known to the Government?

(2.) If such an arrangement existed, was it not made on the understanding that the appointment was to be conferred on Mr. Pennington permanently?

(3.) Does the Government intend to pay Mr. Pennington the balance of salary appertaining to the above office, for the period which elapsed from the time of Mr. Dick's death till Mr. Pennington ceased to perform the duties?

Mr. Cowper answered,—Mr. Pennington was appointed *locum tenens* of Mr. Dick during his leave of absence for twelve months on half salary. Mr. Dick died in three months, but Mr. Pennington was permitted to remain in office for the remainder of the term. For the thirteen months during which Mr. Pennington was acting, he was paid half salary. No record appears of a promise that he should be permanently appointed, or paid more than half salary.

(3.) James Beales:—*Mr. Farnell*, on behalf of Mr. Watson, asked the Colonial Secretary, pursuant to Notice No. 4,—Has the Government come to any, and if so, what decision, on the Petition presented to the Colonial Secretary in April last, praying for a remission of the sentence passed on one James Beales at the Quarter Sessions held in Yass in January last?

Mr. Cowper answered,—No Petition appears to have been presented in April, nor at any time, respecting James Beales; but one was received from James Beales, in favour of his brother George Beales, at the end of May, 1870. Three Magistrates also signed the Petition, expressing their assurance that the conviction was wrong. After receiving the report of His Honor Sir Alfred Stephen, and on the advice of the Attorney General, His Excellency ordered the discharge of Beales, there being strong grounds for believing him to be innocent. George Beales was tried by Sir Alfred Stephen at the Goulburn Circuit Court, in October, last year. Of the decision Mr. James Beales was informed.

(4.) Post and Telegraph Office at Burrowa:—*Mr. Farnell*, on behalf of Mr. Watson, asked the Secretary for Public Works, pursuant to Notice No. 5,—Is it the intention of the Government to place a sum of money on the Estimates for the present year towards erecting Post and Telegraph Office at Burrowa?

Mr. Sutherland answered,—No.

2. Paper:—Mr. Cowper laid upon the Table a Despatch notifying that Her Majesty will not be advised to exercise Her power of disallowance with respect to the Promissory Oaths Act of 1870.  
Ordered to be printed.

3. Public Vehicles:—Mr. S. - "(1.) That, by the various Acts on the authority of which the Government issued in June last Debentures for £450,000, the power to make such issues was limited to such amounts as were necessary for the various works specified in such Acts respectively not exceeding the sums there mentioned, and could not properly be used to any greater extent than such necessity demanded, or for any purposes other than the works so specified.
- "(2.) That it appears by a Return laid on the Table of this House on the 18th of August last, that such issue of Debentures included Debentures for works which by law were required to be paid for out of sums received for the sale of Crown Lands—for works which were no longer a charge upon the public funds—for works which had been long since completed and paid for, and for services which there was no longer any intention to carry out.
- "(3.) That the conduct of the Government in issuing such Debentures calls for the disapproval of this House.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 7 OCTOBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.  
 Ham Common Resumption Bill:—Mr. Moses having *presented* this Bill, Bill, intituled "*A Bill to authorize the resumption and re-dedication of Richmond Hill or Ham Common,*"—read a first time.  
 Ordered to be printed, and that the second reading stand an Order of the Day for Friday next.
2. Questions on Notice paper for to-day:—
  - (1.) Well-sinking on Road between Booligal and Wilcannia:—Mr. Phelps asked the Secretary for Public Works, pursuant to Notice No. 1,—
    - (1.) What progress is being made in the sinking of wells, and the finding of fresh water, on the road between Booligal and Wilcannia?
    - (2.) Is the Government aware that that region of New South Wales is now, and has been for months, a vast plain, covered generally with rain-water?
    - (3.) Has the Government given to the officers in charge of these well-sinkings instructions to map and report on such places as collect most readily the largest quantities of rain-water, with a view to making such places reserves for sinking tanks for storage of water when it happens that these regions get rains, to enable stock to travel?
    - (4.) If not, does the Government intend to give such instructions this season,—it being so very exceptionally fortuitous for these most important objects, which have been so long neglected?

*Mr. Samuel* answered,—

    - (1.) All the wells and one tank are in progress. The only work required, not yet in hand, is the tank between Mount Munaro and Teryaweynga Lake, which cannot be proceeded with at present.
    - (2.) Yes.
    - (3.) Yes, in the vicinity in which they are employed. The officers of the Harbours and Rivers Department have also been making inquiries.
    - (4.) The Crown Lands Commissioner and Surveyors have been so instructed.
  - (2.) Mr. District Court Judge Simpson:—Mr. S. Brown asked the Colonial Secretary, pursuant to Notice No. 2,—Has the Honorable the Colonial Secretary sought for any further explanation, or received any further communication, from His Honor Mr. Judge Simpson, with reference to the charge brought against him by the honorable and learned Member for West Sydney, Mr. Windeyer, on the 20th of September last; if so, will he furnish the information to the House?  
*Mr. Cowper* answered,—I apprehend the letter to which the Honorable Member alludes is one signed by Judge Simpson, and dated 27th ultimo, which I will read to the House:—"I notice that Mr. Windeyer asserted in the Assembly, on Tuesday last, that my conduct in the case of *Regina v. Harris* was 'the talk of the place,' and that the common theme of observation was that the Judge must have known the woman Jones. I can only give you my assurance that this is utterly untrue. The gentlemen who signed the letter, addressed to you and the Attorney General, were all in Maitland and about the Court for fully a week after the trial, and they all deny the existence of any scandal as that suggested. Fortunately for me, nearly all the Hunter Members were in and about Maitland during the week, and they will, I am sure, be glad to state to you whether they ever heard any remarks at all made. I feel that I have been most grossly treated by Mr. Windeyer, and that an aspersion has been cast

cast upon me altogether unwarranted. If the common talk of the place was as stated by Mr. Windeyer, it is most likely that some of the Members would have heard it. Mr. Dodds, Mr. Lee, Mr. Campbell, Mr. Wisdom, Mr. Dillon, and Mr. Nowlan, would be able to tell you whether they ever heard anything, and if you ascertain from them the real state of the matter, I trust I am not going too far in asking you to state, in a public manner, what you have been able to learn. If any remarks were made at all, they were caused by Mr. Windeyer himself, who, I am informed, went about asserting that some time or other I had known the woman 'Jones,' and that in a private conversation I had told him so. I assert, upon my honor, that no such conversation ever did take place; that I never did tell Mr. Windeyer anything of the kind; and I assert also, on my honor, as a fact, that I never did know the woman; that I never spoke to her in my life, and that I never heard her voice before I heard it in the East Maitland Court-house, on Monday, the 12th instant, during the trial of Harris Jacobs. I beg that you will do me the justice of making this denial known in as public a manner as the suggestion was made. I am induced to bring this matter under your notice, not from any personal feeling, (though I would be quite justified, as one holding a judicial office, in soliciting your protection of my character against false charges made in Parliament,) but solely for the purpose of upholding the dignity of my office, and protecting the administration of justice."

I have not had this letter in my possession long enough to enable me to give it due consideration, but I have abstained from laying it upon the Table, because I am unwilling to obtrude personal matters upon the House. As, however, an Honorable Member asks for the information, I have felt it to be my duty not to withhold it.

*Mr. Allen withdrew the Question No. 3.*

- (3.) The Public Debt:—Mr. G. A. Lloyd asked the Colonial Treasurer, pursuant to Notice No. 4,—If he has any objection to lay upon the Table of this House the Statement of Public Debts sent to England, certified to by the Auditor General, by the Treasurer, and other Officers, and verified by His Excellency the Governor, referred to in the Treasurer's Speech of 29th September last; also copies of any Correspondence connected therewith?
- Mr. Samuel answered,—The papers to which the Honorable Member refers shall be laid upon the Table on Tuesday. I may say that I never used the word "public debts," but I referred to the public debt of the Colony.

- (2.) If so, why do they not appear in the Return laid on the Table of the House on 12th August?
- Mr. Samuel answered,—Yes; it appears that the Honorable Member gave two notices. In the first notice he did not include the words "other officers;" in the second this omission was supplied. By mistake the first notice was cut out of the paper, and sent to the Custom-house, and I did not notice it at the time. The amended return shall be given immediately.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 11 OCTOBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

*Mr. G. A. Lloyd, on behalf of Mr. Allen, withdrew the Question No. 1.*

- (1.) Boats for Burragorang :—*Mr. Farnell*, on behalf of Commander Onslow, asked the Colonial Secretary, pursuant to Notice No. 2,—Do the Government intend placing a sum of money on the Estimates for the purchase of two or more Boats for the use of the residents in the Valley of Burragorang during flood time?

*Mr. Cowper* answered,—At the instance of the Honorable Member who is the colleague of Commander Onslow, the Government have made provision, out of a fund at their disposal, for one Boat; which appears to be sufficient for the purpose.

- (2.) Grants of Land to Volunteers :—*Mr. Fitzpatrick* asked the Secretary for Lands, pursuant to Notice No. 3,—

(1.) Is there any official impediment to the transfer of the Orders for Free Grants of Land issued to certain Members of the Volunteer Corps, under the Act 31st Victoria No. 5, for long service?

(2.) If so, what is the nature of such impediment, and will the Government remove the same?

*Mr. Robertson* answered,—I think it must be clear that difficulties will arise with regard to these transfers unless regulations are framed for the purpose, and with that view I have prepared regulations for dealing with the question. Under the Volunteer Act, I am afraid Grants cannot be dealt with in a manner that will be satisfactory to the House or to the public, but as I have now only to deal with the administration of the law, I shall endeavour to administer it in its letter and in its spirit.

- (3.) Discharge of Railway Labourers :—*Mr. Butler* asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) Is it a fact that twenty-two Roman Catholics were recently discharged from a gang of about forty labourers employed by Government upon the Railway line?

(2.) Is it a fact that the place of those men was filled by Protestant labourers?

(3.) If those men were so discharged, is it a fact that they had been all, or nearly all, for a considerable time in this same employment?

(4.) If their place was so filled, is it a fact that the labourers who were put in their place were, many of them, taken from distant parts of the line; and that they had been all, or nearly all, only a short time in the employment of Government upon the Railway?

(5.) By what Government official or officials were those men discharged and Protestant labourers substituted for them, if such discharge and substitution took place respectively?

(6.) If so, what is the cause, real or alleged?

(7.) Do the Government intend to sanction the discharge of those men, if such discharge took place?

(8.) If such discharge took place, what action do the Government intend to take in regard to the official or officials who discharged those men?

*Mr. Sutherland* answered,—

(1.) 122 men were discharged during the months of August and September, but nothing is known as to their religion in this department.

(2.) No.

(3.)

(3.) The men discharged had been employed as extra hands at various times and for different periods, varying from 5½ to 32½ months.

(4.) Their places were not so filled. The men discharged were principally pick and shovel men; those retained were skilled labourers, and their services have also been since dispensed with.

(5.) No such substitution took place. The men were discharged in the usual way by the Engineer-in-Chief, on the recommendation of the Superintendent of Permanent Way.

(6.) Because their services were no longer required.

(7 and 8.) As the men were discharged in the usual way, when their services were no longer required, no action by the Government appears necessary in the case.

Having answered the Honorable Member's questions as far as possible, I may now say that the matter to which they refer had previously been brought under my attention. Inquiry was at once instituted, and the following report, made to me by the Engineer-in-Chief, will shew the result of that inquiry:—"The result of the inquiry conveys to my mind the distinct impression that the dismissal of these men was neither attributable to their religion nor politics; but solely because their services were no longer required in the Department. I do not believe that any man has ever been dismissed from or appointed to any office in any of my Departments, on account of his religion; but if such a thing can be proved to have taken place, I will recommend the dismissal of the officer who could so far forget his duty. In dealing with subordinates I look neither to their religion, country, or politics. I only want efficiency."

I have already informed the gentleman who in the first instance drew my attention to this matter that, if he is prepared with any further evidence of the truth of the allegations made, I will myself personally investigate the charges.

(4.) William Booth—Ulladulla Bench of Magistrates:—Mr. Garrett asked the Colonial Secretary, pursuant to Notice No. 5,—

(1.) Has any reply been received from the Ulladulla Bench to the Petition of William Booth, referred to them by the Government?

(2.) If so, of what nature is such reply?

Mr. Cowper answered,—I have received a reply from the Ulladulla Bench with reference to the petition of William Booth. Upon reading the depositions, however, I am disposed to entertain some doubts upon the subject, and have referred the documents to the Crown Law Officers.

(5.) Payment of Railway Workmen:—Mr. Lackey asked the Secretary for Public Works, pursuant to Notice No. 6,—

(1.) Is it true that the workmen on the Southern Line of Railway do not usually receive their wages till two, and sometimes three, weeks after they are due?

(2.) Will the Minister for Works see that they are in future paid punctually?

Mr. Sutherland answered,—

(1.) No.

(2.) Yes.

(6.) Unclaimed Deposits at the Sydney Mint:—Mr. Wilson asked the Colonial Treasurer, pursuant to Notice No. 7,—

(1.) Has any money, the value of certain unclaimed deposits at the Mint, been appropriated by the Government?

(2.) If so, what is the amount, and what steps have been taken to discover the depositors?

Mr. Samuel answered,—

Four parcels, amounting to £197 7s. 8d., paid into the Colonial Treasury on 12th July last, viz:—

A.	Gold received 31st October, 1856	...	...	...	£120	5	8
B.	" 19th March, 1857	...	...	...	45	19	10

					<hr/>		
					£197	7	8

A. The name of the owner of the first parcel is unknown to the Mint, the gold being found in the Escort Safe when the Escort service and its plant were transferred from the Colonial Treasury to the Mint.

B. The second parcel was deposited by a W. Southern, who never claimed the proceeds.

C. The two last parcels were forwarded anonymously by post to the Mint, and their owners have never been heard of.

2. Papers:—

(1.) Mr. Samuel laid upon the Table the undermentioned Papers:—

(1.) Further Return to Order in reference to "Customs Statistics," shewing the Seizures made by "Other Officers" of the Customs than Landing-waiters, from the 1st January, 1867, to 25th March, 1870. (See Answer to Question No. 4 in Votes and Proceedings, No. 32.)

(2.) Correspondence respecting Quotation of the Public Debt upon the Official Lists of the London Stock Exchange.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 19 OCTOBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Bowenfells Coal:—Mr. Neale asked the Secretary for Public Works, pursuant to *amended* Notice No. 1,—

(1.) Have the Government entered into a contract with the owners of one of the Bowenfells Coal Mines for a supply of coal for the locomotive engines running on the Western Line of Railway, at a lower price than is paid for coal supplied in Sydney?

(2.) Is it true that the Bowenfells coal is used only between the Mount Victoria and Rydal Stations?

(3.) Would it not be a saving to the country if Bowenfells coal were more generally used than it now is on the Western Line of Railway?

(4.) Will the Government adopt measures to bring the Western coal into more general use on the Western Line of Railway?

Mr. Sutherland answered,—

(1.) Yes.

(2.) Yes.

(3.) No; the coal is at present too earthy, and makes a large quantity of dirt in the fire-box, which would necessitate stopping the Engine on the road to clean out if the coal were used between Penrith and Mount Victoria.

(4.) Attention has for some time been directed to the working of this coal with a view to its more general use; but it has not yet sufficiently improved to admit of its being further used, either with convenience or economy.

(2.) Messrs. G. A. Lloyd & Co.:—Mr. G. A. Lloyd asked the Colonial Treasurer, pursuant to Notice No. 2,—If he has any objection to lay upon the Table of this House a Copy of a Letter addressed by him, as Colonial Treasurer, to Messrs. G. A. Lloyd & Co., dated about the end of 1859, or the commencement of 1860, after they had resigned the appointment as Agents for the Government of New South Wales in England, approving their conduct of that agency?

Mr. Samuel answered,—I have no objection, and will lay the letter upon the Table to-morrow.

*Mr. Brookes not asking the Question No. 3, it dropped.*

(3.) Carriage of Hay by Railway:—Mr. Garrett, on behalf of Mr. R. Forster, asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) Is he aware that a large portion of the hay sent down in trucks for sale at the Railway Terminus, Redfern, on Tuesday and Friday mornings, is by some mismanagement constantly arriving too late for the sale, and is in consequence compelled to remain in the trucks at the Station till the following market,—entailing loss of the use of trucks for the time-being upon the Government, and also seriously injuring the consignees of the hay?

(2.) Is it the intention of the Government to take any steps to ensure greater punctuality for the future?

Mr. Sutherland answered,—

(1.) No. There has been recently some slight delay in bringing in a few trucks of hay, owing to the large quantity to be conveyed, and the present inadequate haulage power. Every exertion has, however, been made to meet the requirements in this respect, and the latest Train with hay arrives at 11 o'clock, A.M.

(2.) Additional locomotives and trucks are in course of supply, and it is confidently expected that in a short time the Department will be able to meet all demands.

(4.)

- (4.) Sydney Grammar School :—Mr. Farnell asked the Colonial Secretary, pursuant to Notice No. 5,—
- (1.) Are the Government aware that the Trustees of the Sydney Grammar School have, in contravention of the Act of Parliament under which that Institution exists, reduced, by one-fourth, or thereabouts, the fees payable by the parents of the boys attending the school, without making any corresponding reduction in the capitation fees payable to certain of the Masters of the School?
  - (2.) Are the Government aware of the fact that, by reason of such reduction as aforesaid, the funds available for the payment of those Masters of the School who are not in receipt of capitation fees are insufficient for the purpose; and that in consequence of this the salaries paid to the Junior Masters are disproportionate to those received by the Foundation Masters?
  - (3.) Are the Government further aware that in consequence of such reduction, as aforesaid, the funds do not increase in such proportion to the increase of pupils as to enable the Trustees to engage a sufficient number of Assistant Masters at reasonable salaries?
  - (4.) Will the Government inquire forthwith into the affairs of the School, with a view to the adjustment of the salaries of the Masters, and the placing of them on a more equitable footing than that on which they at present stand?
- Mr. Cowper answered,—I am assured that the Trustees have done nothing in contravention of the Act. The Masters receive no fees, except what they are entitled to under the terms of the original agreements made with them, and they are paid in proportion to the value of their services. The Government does not interfere with the management of the School, which is placed by the Act of Incorporation in the hands of Trustees.
- (5.) Electoral Reform :—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 6,—
- What steps do the Government intend taking in regard to the question of Electoral Reform, and what has become of, or is intended to be done with, the Bill prepared by the Government last Session, for dealing with this question?
- Mr. Cowper answered,—As yet no determination has been arrived at; but if the state of public business will permit, a Bill will, if possible, be submitted to Parliament for dealing with the question during the present Session.
- (6.) Village Reserve at Nellanglo Creek :—Mr. W. Forster asked the Secretary for Lands, pursuant to Notice No. 7.—
- (1.) Is the Village Reserve at Nellanglo Creek, Yass River, or any portion of it, under lease to any person?
  - (2.) If so, to whom, and on what terms?
  - (3.) Is it usual to dispose of such Reserves by lease; and if so, how many of such Reserves are so disposed of at present; and how much in each case?
- Mr. Robertson answered,—
- (1.) Yes.
  - (2.) Charles A. Massey holds a pre-emptive lease of 380 acres in virtue of 850 acres, and the rent is £1 3s. 9d.
  - (3.) It seems that the practice has grown up comparatively recently. I will shortly lay a return upon the Table, exhibiting all the cases.
- (7.) Mr. Austin, Coroner for Grenfell :—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 8,—
- (1.) Is it true that a Mr. Austin has been appointed Coroner for the district of Grenfell?
  - (2.) Is it true that Mr. Austin, although practising as a medical man, has no diploma?
  - (3.) If the Colonial Secretary has no knowledge as to Mr. Austin being without a medical diploma, will he inquire into the matter, and inform the House of the result?
- Mr. Cowper answered,—Mr. Austin has been so appointed on the application of certain Magistrates and others, resident at Grenfell. I am not aware of his being a medical man, but as a rule I do not consider such a qualification any recommendation to the office.
- (8.) Mr. Caswell, Police Magistrate, Moruya :—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 9,—Will the Colonial Secretary lay upon the Table of the House a copy of the Correspondence in the matter of a complaint made by Mr. T. T. Gannon against Mr. Caswell, Police Magistrate of Moruya, to the Attorney General?
- Mr. Cowper answered,—I was not aware till yesterday of any such letter having been written, and I have not yet been able to read it, but it seems to me better to allow the investigation which is being conducted by Judge Macfarland to close, without being encumbered with fresh matter.
- (9.) St. John's College :—Mr. Buchanan asked the Colonial Secretary, pursuant to amended Notice No. 10,—Is it the intention of the Government, considering the number of Students in attendance at St. John's College—namely one—and further considering that the salary paid to the teacher of this one Student is £500, to take any steps to protect the public against this outlay until the number of Students so increase that the work of teaching may bear some reasonable proportion to the large salary paid?
- Mr. Cowper answered,—The salary of £500 is paid under the Affiliated Colleges Act, with which the Government at present has no intention to interfere.
- (10.) Court House at Cowra :—Mr. Garrett, on behalf of Mr. Driver, asked the Secretary for Public Works, pursuant to notice No. 11,—When will Tenders for the erection of the Court House at Cowra be called for?
- Mr. Sutherland answered,—On Tuesday next, 25th instant.
- (11.) Road from Carcoar to Forest Reef :—Mr. Garrett, on behalf of Mr. Driver, asked the Secretary for Lands, pursuant to Notice No. 12,—
- (1.) Has any report been received from Mr. District Surveyor Fisher upon the Petition from the Residents at and near Carcoar, praying for a road from Carcoar to Forest Reef?
  - (2.) When was such Petition received?
  - (3.) When was it referred to Mr. Fisher?
- Mr. Robertson answered,—
- (1.) Yes.
  - (2.) 29th July last.
  - (3.) 15th August last.

- (12.) Prisoner John Archibald :—*Mr. Garrett*, on behalf of Mr. Driver, asked the Colonial Secretary, pursuant to Notice No. 13,—
- (1.) Is it true that a prisoner named John Archibald has recently been placed in solitary confinement in Berrima Gaol?
  - (2.) If true, for what offence, and by whose orders?
  - (3.) Was any charge preferred against the said John Archibald; and, if so, was the same inquired into, and by whom?
  - (4.) Was the said John Archibald heard upon the said charge, or any opportunity afforded him of replying thereto?
- Mr. Cowper answered,—
- (1.) John Archibald was not in "solitary" but in "separate" confinement, which latter is not a punishment.
  - (2.) For no specific offence,—for security; the Visiting Justice, concurred in by the Sheriff.
  - (3 & 4.) No. The circumstances were inquired into by the Visiting Justice, and reported to the Sheriff.
- (13.) Mr. D. Flynn :—*Mr. Garrett*, on behalf of Mr. Driver, asked the Colonial Secretary, pursuant to Notice No. 14,—
- (1.) Was Mr. D. Flynn, until recently, a Contractor for the supply of Goods to the Police at Carcoar?
  - (2.) Has such Contract been cancelled; if so, when, and for what reason?
  - (3.) Is there any objection to lay upon the Table of this House any Reports or Correspondence in respect thereto?
- Mr. Cowper answered,—
- (1.) There has been no Government contract with Mr. Flynn at Carcoar; but the small supplies of firewood, &c., required for the Lock-up and Police Station were for some time purchased from him.
  - (2.) The Sergeant of Police at Carcoar has recently purchased from another party, as he reports Flynn did not give satisfaction.
  - (3.) There are some complaints from Mr. Flynn, and reports thereon, in the Inspector General's Office, and the subject is being looked into. The amount involved is but trifling.
- (14.) Reclamation of Blackwattle Swamp :—Mr. Allen asked the Secretary for Public Works, pursuant to Notice No. 15,—
- (1.) Have any Tenders been received by the Government for the reclamation of Blackwattle Swamp?
  - (2.) Has any Tender been accepted?
  - (3.) Is there a probability that this work will be soon commenced?
- Mr. Sutherland answered,—
- (1.) Yes. Tenders were on three separate occasions invited for this work :—  
1st. On the 26th October, 1869;  
2nd. On the 21st December, 1869; and  
3rd. On the 2nd August last.
  - (2.) The Government, in view of the public interest, did not consider it advisable to accept any of the Tenders, the lowest of which, for only a portion of the work, was £11,500, upwards of three times the amount that was paid for similar work at Farm Cove and Woolloomooloo Bay. This would have entailed a loss of about £7,785 on the portion offered to be reclaimed had the Tender been accepted, and a loss of £33,862 had the reclamation of the whole of the upper portion of the Bay been included at the same price.
  - (3.) Yes. Arrangements having been made with the Pymont Bridge Company, subject to Parliamentary sanction being obtained, for the purchase of their causeway and other property in that locality, which will enable the Government to reclaim the swamp at the head of Blackwattle Bay, at a reasonable price to the public. Tenders are now invited for the formation of a rubble-stone dyke, as well as for the filling in of the shallow portions of the swamp which can be got at from the shore. Should reasonable Tenders be received, the work will be immediately gone on with.

- (1.) Mr. Caswell, Police Magistrate, Moruya :—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 1,—Has the Colonial Secretary any objection to lay upon the Table of the House the requisition, with the names attached, sent to the Government, complaining of the conduct of Mr. Caswell, the Police Magistrate of Moruya ?

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 4 NOVEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Water Supply—Sydney and Suburbs:—*Mr. Garrett* asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) The total cost to the Country of the Royal Commission which sat some short time since to inquire into the question of Water Supply for the City of Sydney?

(2.) How many Commissioners were there, and how long did it take them to make their inquiry?

(3.) What was the total amount paid by the Government to each Commissioner?

*Mr. Cowper* answered,—I am not prepared to-day to answer these questions, but I will endeavour to obtain the required information by Tuesday next.

(2.) Clothing supplied to Government Institutions:—*Mr. Farnell* asked the Colonial Secretary, pursuant to Notice No. 2,—What amount the Government have paid during the years 1865–66–67–68 and 1869 for the supplying of winter clothing—viz., coats, waistcoats, and trousers—to the various Gaols, Lunatic Asylums, and Orphan Schools of the Colony; specifying the amount paid during each of the above years for each Institution; and how much of the several amounts has been paid for clothing made from cloth manufactured in the Colony?

*Mr. Cowper* answered,—The answer to this question will involve the preparation of a Return requiring lengthy searches. These searches are now being made, and the information shall be laid before the House as soon as I can obtain it.

*Mr. Farnell withdrew the Question No. 3.*

(3.) Court House, Grenfell:—*Mr. Garrett* asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) Are the plans for the new Grenfell Court-house ready?

(2.) When will the Government be in a position to call for tenders for that building?

*Mr. Sutherland* answered,—

(1.) Yes.

(2.) Tenders have already been invited; to be opened on the 22nd instant.

(4.) Burning of *Mr. Rodd's* Woolshed:—*Mr. Greville* asked the Colonial Secretary, pursuant to Notice No. 5,—Whether it is the intention of the Government to offer any reward for the detection and conviction of the persons, at present unknown, by whom *Mr. Rodd's* woolshed was, according to the verdict of the Coroner's jury, wilfully set on fire on the night of the 14th, or morning of the 15th October?

*Mr. Cowper* answered,—It is not customary for the Government to offer a reward in such cases, except to supplement rewards offered by parties interested. In this instance no private reward has been offered. The matter, however, is being investigated, and will be further considered.

(5.) Road from Braidwood to Araluen, *via* Reidsdale:—*Mr. Greville* asked the Secretary for Public Works, pursuant to Notice No. 6,—Whether any, and if any, what decision has been arrived at by the Government in the matter of the Petition presented to him in the month of August last, praying for aid towards the repair of the Road from Braidwood to Araluen, *via* Reidsdale?

*Mr. Sutherland* answered,—No decision has yet been arrived at, but the matter will be determined before the Schedules of Minor Roads are laid on the Table of the House.

(6.)

(6.) Duty on Goods per "Avoca":—Mr. Wilson asked the Colonial Treasurer, pursuant to Notice No. 7,—

(1.) The amount of duty received under the proposed new Tariff on goods imported per steam-ship "Avoca"?

(2.) The amount payable under the ad valorem duties on same goods?

(3.) The amount received as duty on printed books and periodicals per same ship?

Mr. Samuel answered,—

(1.) £185 11s. 2d.

(2.) £370 9s. 3d.

(3.) £13 13s. 9d.

The whole of the entries by the "Avoca" are not yet passed.

(7.) Gold Fields Commission:—Mr. Buchanan asked the Secretary for Lands, pursuant to Notice No. 8,—

(1.) Does the Government take any cognizance of the proceedings of the Gold Commission, appointed some time ago, at a cost up to this date of over £2,000?

(2.) Is it the intention of the Government to insist upon this Gold Commission performing and completing its duties expeditiously, and without any unnecessary delay?

(3.) Is the Government aware of what this Gold Commission is doing at the present moment?

(4.) Does the Government permit the members of this Gold Commission to throw up their duties in connection with it whenever they think proper, and give their attention to matters in no way connected with the purposes for which they were appointed?

(5.) Does the Government know where the members of this Gold Commission are at the present moment?

(6.) Is it the intention of the Government to put an end to this most expensive and notable farce without delay?

Mr. Robertson answered,—

(1.) I am not sure that this question is in order. It contains an assertion that may or may not be accurate; however, I do not desire to refuse to answer the question as far as I can. The Government have taken this mode of cognizance: They have received a Progress Report from the Commissioners, and are aware that they have carried out their Commission in accordance with its terms. If it be the wish of the House, I will lay that Progress Report upon the Table.

(2.) The Progress Report points out the time the Commissioners believed they would require, and in their view the Government concurred.

(3.) It would be difficult for me to say where the Gold Commissioners are at the present moment.

(4.) Of course, when gentlemen enter upon a Commission of this kind, they will not neglect all other business; but they will be paid only when attending to the business of the Commission.

(5.) As I have already said, it is impossible for me to say where they are at the present moment.

(6.) I object to answer this question; and I am sure Mr. Speaker will rule it out of order for the Honorable Member to describe a Commission duly appointed by a vote of this House as a farce.

(8.) Mr. Caswell, Police Magistrate, Moruya:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 9,—

(1.) Has the inquiry into the charges brought against Mr. Caswell, Police Magistrate of Moruya, been concluded?

(2.) If so, will the Colonial Secretary state the result to the House?

(3.) Will the Colonial Secretary now lay upon the Table of the House the Papers already asked for, viz., the Memorial (with the signatures attached) which was sent to the Colonial Secretary against Mr. Caswell, and the communication sent to the Attorney General by Mr. T. T. Gannon, J.P., complaining of Mr. Caswell's conduct; also, all other papers connected with the late inquiry?

Mr. Cowper answered,—I very much regret that the Honorable Member should continue to put questions upon this matter so closely on each other. A vast amount of party spirit has been introduced into this district in connection with it. I will not say whose fault it is, but there can be no doubt of the fact; and I think it would have been much better if the inquiry had been allowed to take the usual course. I have had some difficulty in considering the questions just put to me by the Honorable Member, and in deciding what course I should pursue as to answering them; but I hope I shall not be blamed by the House if I am somewhat reticent with reference to them. I may, however, give the concluding sentence in Mr. Judge Macfarland's report, though I abstain from expressing any opinion as to how far I may, upon full consideration, act upon it:—"I must add that the evidence and course of proceedings before me, with the memorial, counter memorial, further memorial, and certificates forwarded to me along with your letter of the 12th ultimo, plainly show that there exists a wide diversity of opinion amongst the people of the district of Moruya, Roman Catholics and Wesleyans, or many of them, on the one side, and Episcopalians and Presbyterians, or many of them, on the other, as to the confidence, or want of confidence, in which Mr. Caswell is held, and should be held, as the local Magistrate and Coroner, and that those opposite opinions are expressed with considerable warmth and frequency. Under all the circumstances of the case, I am of opinion—and I accordingly submit for your consideration—that no sufficient ground has been made out by the Committee, or individual complainants, for the removal of Mr. Caswell by the Government, contrary to his own desire, from Moruya to any other district (the utmost the Memorialists desired); but that he ought to be seriously censured for the improprieties of conduct enumerated in paragraph 4 of this report, and that his serious attention should be called to the failings referred to in 5th paragraph, with a view to their correction in future; and that if, at any time hereafter, Mr. Caswell can effect a voluntary exchange with another Police Magistrate, or other official of corresponding rank, his doing so should be facilitated by the Government, both for the sake of public peace and his own comfort."

(9.) Sydney Infirmary:—Mr. Flood asked the Colonial Secretary, pursuant to notice No. 10,—When will the Report and Evidence upon the Sydney Infirmary, ordered by this House on the 27th ultimo, be laid upon the Table of the House?

Mr. Cowper answered,—I have requested the authorities, or Directors of the Infirmary, to favour me with this document. I have not yet received it, but as soon as it reaches me, it shall be laid upon the Table—I hope by this day week.

(10.)

(10.) The Under Secretary for Lands :—Mr. Church asked the Secretary for Lands, pursuant to Notice No. 11,—Is it the case that Mr. W. W. Stephen, Under Secretary for Lands, is junior in the service to both Mr. G. J. Armytage and Mr. A. O. Pretious ?

Mr. Robertson answered,—If I were to answer the Honorable Member by the monosyllable No it would be perfectly correct. It seems, however, desirable,—as certain gentlemen, I presume judging my course of action by what would be their own, have indicated their belief that in the appointment of Mr. Stephen to the office of Under Secretary for Lands conduct unjust to other officers, and with dishonorable motives, had been practised by me—that I should state the circumstance under which the appointment was made. The fact is, that Mr. Stephen has been far longer in the chief Ministerial division of the Department of Lands than Mr. Armytage, and that Mr. Pretious is not, and has never been, connected with that division of the public service. Mr. Armytage entered it for the first time in January, 1867 ; Mr. Stephen entered it in November, 1858, nearly nine years earlier. Besides that, Mr. Stephen was connected with the central division of the Lands business long before Responsible Government, having entered upon it so long back as 1st July, 1852, and has been engaged in it ever since, with the only exception of about one year, during which he was engaged in the Colonial Secretary's Office. Mr. Armytage was, I believe, in the Surveyor General's Department from November, 1838, until 1st January, 1867, when he was removed to the Ministerial division of the Department of Lands, as I have before stated. The date of entry into the public service of the Colony of the three officers alluded to was respectively as follows :—

Mr. Armytage, 1st November, 1838.

Mr. Stephen, 1st July, 1852.

Mr. Pretious, 10th April, 1854.

In making choice of the officer to fill the vacancy of Under Secretary for Lands I was influenced alone by my knowledge that Mr. Stephen's experience of the Ministerial division of the Lands Department was far greater than that of any other officer there ; and I believe that he is far more able to perform the duties than any other of them, however able and valuable may be the other officers of the department for the duties they are performing. I may be permitted, I am sure, to read a letter written by me to Mr. W. W. Stephen four years ago, when I was out of office, and when certainly there seemed little prospect of any of Mr. Stephen's relatives becoming Members of this House. I do so because it has been broadly and falsely stated that the fact of two of his brothers being now Members of Parliament had some influence with me in recommending his appointment to the office he now fills :—

“ Sydney, 15th November, 1866.

“ MY DEAR MR. STEPHEN,

“ I have your note of yesterday's date, informing me that you are thinking of making application for the Clerkship at the Table of the Assembly, and asking me for a note stating my opinion of yourself and of your ability for that office ; or for a memorandum, in general terms, without reference to any particular office.

“ I prefer taking the latter course, because I do not know what may be the claims of any other gentleman for the present vacancy, and certainly not in consequence of any doubt of mine as to your ability to fill that or almost any other unprofessional office in connection with the Government of the Colony.

“ During many years while I was Secretary, you served in the Lands Department, and I had ample opportunity of observing, not only your ability for duties of difficulty, but also the very praiseworthy zeal with which you carried them out.

“ I may add that I should regret, for your own sake, and for that of the Department, your leaving it, because, in the event of Mr. Fitzpatrick or Mr. Moriarty being promoted, or otherwise removed from it, your claim to high office there, I think, could not be disputed.”

Having so long since expressed that opinion of Mr. Stephen, I was not very likely to fail to act upon it, and deprive him of the promotion to which I considered him entitled, merely because of any person, that there might be—as I felt there would be—who would make such base insinuations as have been made as to my motives in dealing with the matter as I have done.

2. The Eight-hour System of Labour :—

The Acting Traffic Manager having reported that there was great difficulty in determining which was the lowest Tender, and that much confusion would arise by the division of the Wool ordinary from greasy—it was decided to invite fresh Tenders without reference to light or heavy wool. (2.) Gold Fields Commission :—Mr. Buchanan asked the Secretary for Lands, pursuant to Notice No. 2,—

(1.) When was the Gold Fields Commission, presided over by Mr. Innes, appointed?

(2.) Has the Chairman, Mr. Innes, and the members of the Gold Fields Commission been paid, from the date of the appointment of said Commission up to the date of last payment, for every day in the interim, including Sundays?

(3.) If the above is true, has the Commission been paid for many days that they were not engaged on duty?

(4.) Has the Government employed Mr. Innes, the Chairman of the Commission, since the date of his appointment to that office, in any other capacity; and if so, in what capacity?

(5.) Was it on Mr. Innes' certificate that the members of the Commission were paid on Sundays?

(6.) Is it the intention of the Government to recover from the Chairman and members of the Gold Fields Commission all moneys paid them for Sundays and other days that they were not on duty?

Mr. Robertson answered,—I do not think I can answer the questions of the Honorable Member as he has put them, but he will see the reason before I conclude. In answer to the first question, I say the 6th June, 1870. The second, third, and fifth questions I will answer by a letter written to me by Mr. Innes. To the fourth question, I desire to say that Joseph George Long Innes, Esq., Barrister-at-law, was duly appointed in the month of September to prosecute for the Crown at Wagga Wagga Circuit Court, on 3rd October last. In reply to the other questions I will now read the letter written to me by Mr. Innes, and it deals with the whole matter :—

“ Sir,

“ I desire without delay to set right some misapprehension that appears to exist upon the subject of the remuneration received by myself and the other members of the Gold Commission, more particularly with reference to our receiving payment for Sundays. While we are engaged in the duties of the Commission, we have received, and do receive, payment for Sundays as well as for other days.

“ 2. Some time before the receipt of the formal official letter of appointment (of date 11th June, and to which I shall presently make more particular reference), the Government did me the honor to propose for my acceptance the position of Chairman of this Commission. I do not desire to conceal that the question of remuneration was one which I regarded as a material question;—and those Members of the Government with whom I held communication upon the subject gave me clearly to understand that while my remuneration was to be at the rate of four guineas a day, the weeks were to be weeks of seven days, and upon this understanding I accepted the office.

“ 3. On the 13th or 14th of June I received the formal letter of appointment and instructions. Paragraph 4 of that letter is thus worded, ‘ Your remuneration will be at the rate of four guineas per diem while actually engaged in the duties of the Commission, and that of the other Members three guineas while so engaged. These amounts are to include all travelling and other expenses.’ On reading this paragraph I at once saw that, unexplained, it certainly was not in accordance with my view of the contract into which I had promised to enter. For that, inasmuch as we could not be expected actually to sit and take evidence, or otherwise actually discharge any of the active duties of the Commission on Sundays, the paragraph would, regarded in that view, exclude Sundays from the number of days for which we were to receive pay. So I immediately waited upon Mr. Moriarty, whose signature is to the letter, and pointed out to him why I took exception to the wording of the paragraph. Mr. Moriarty explained to me that the paragraph had been thus shaped specially in view of the contingency of the Commission adjourning the prosecution of its labours for any period, during which interim, of course, the members could not expect to be paid,—or in view of the other contingency, of one or more members being absent on private business for any days together. I of course admitted that there was good sense in that, and that that might remove my objection; but still, as I stated to Mr. Moriarty, I wanted the matter put more

more clearly, and with that view I made several efforts to see Mr. Cowper—the office of Minister of Lands then being vacant—to have the paragraph remodelled. I was, however, unable to see Mr. Cowper; and that Minister went away to Melbourne without my being able to bring personally under his notice what I desired. I knew, however, that we could practically test the question soon, and that before any serious harm could be done, by sending in our pay abstracts at the end of the then month, charging for the two intervening Sundays. Accordingly, the abstracts were sent in, with the two Sundays included. Had any demur been then made, the matter could easily have been set right one way or the other. For myself, I have no scruple in saying that I should have insisted upon either being paid for Sundays, or upon my daily remuneration being proportionately increased. For if I understand that I am to get £29 8s. for a week's work, I expect £29 8s., and not merely £25 4s.

"4. No demur was made to the charge for Sundays in those first abstracts; nor has there been any demur to any of the abstracts for the succeeding months, though uniformly we have charged for Sundays. I repeat, my understanding throughout has been that we were to be paid for Sundays, and I have only been paid in accordance with that understanding.

"5. I desire to add one word with regard to the certifying. I have certified to all the abstracts. I have certainly never desired to have this duty imposed upon me, and I have given all parties concerned clearly to understand that I have merely certified upon the statements made by the other members of the Commission. I am in no position (nor would I consent to accept any such position) to challenge the truth of what these other gentlemen in their abstracts say. Each member fills up his own abstract, and my certificate I look upon as merely certifying that the person who sends it in has been, during the period stated therein, one of the Commissioners employed under the existing Commission. The certificate itself is as follows:—'I certify that the above-named person was actually employed in the situation and during the period specified,'—the ordinary form of certificate for all Government employées, very few of whom, I take it, are on Sundays 'actually employed' in the sense now contended for.

"6. The particular object of my being called upon to certify, I confess I never could quite see (as I am only one of five—merely first among equals—having precedence, but not superiority), while, with regard to the actual service performed by the other members, I am often necessarily in ignorance of the fact. In effect, I desire to say that I am to be considered as responsible for the truth of my own abstracts only; and I do not suppose that those who are associated with me in the Commission would tolerate any necessity for my certificate to the truth of their own statement.

"7. In conclusion, I have to say that as I write this away from, and without having had any communication with, the other members of the Commission, I must be considered as writing the letter in my capacity merely as an individual member of the Commission."

With reference to the last question No. 6, the Honorable Member will see it is one which I should not like to answer without conference with my colleagues; and I have had no opportunity of such conference since the date of this letter.

2. Motion for Adjournment:—Mr. Buchanan moved, That this House do now adjourn.

Debate ensued.

Question put and negatived.

3. Question on Notice Paper for to-day:—

Dr. Badham:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 3,—

(2.) Who requested Dr. Badham to engage in this duty?

(3.) Has Dr. Badham sent in any report to the Government as to the result of his efforts?

(4.) Has the Government come under any obligation to defray Dr. Badham's travelling expenses for any fixed period?

Mr. Cowper answered,—I hope the House will not consider me wanting in courtesy if I decline to answer the questions of the Honorable Member, which I believe to be couched in insulting language to one of the most eminent scholars of the day, and who holds a high position in the University of Sydney: I mean Dr. Badham.

4. Motion for Adjournment:—Mr. Buchanan moved, That this House do now adjourn.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 11 NOVEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

*Mr. Garrett withdrew the Question No. 1.*

(1.) Road from Caloola to Tuena:—Mr. Webb asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) Is he aware that the road from Caloola to Tuena is in an impassable state?

(2.) How much of the £203 for the repair of the road from Caloola to Tuena, placed on the Schedule of 1870 for subordinate roads under the Department for Public Works, has been expended?

Mr. Sutherland answered,—

(1.) No.

(2.) £24 Gs. 8d. up to the date of the last correspondence.

(2.) Volunteer Artillery:—Mr. M. C. Stephen asked the Colonial Secretary, pursuant to Notice No. 3,—

(1.) Are the Government about to form two new Batteries of Volunteer Artillery?

(2.) If so, do the Government intend accepting the services, several times offered, of a proposed Battery to be designated, with the permission already obtained of the Duke of Edinburgh, "Prince Alfred's Own"?

Mr. Cowper answered,—Provision has been included in the Estimates for 1871 for two new Batteries of Volunteer Artillery; and I understand from Colonel Richardson that the parties who offered to be enrolled under the descriptive designation of "Prince Alfred's Own" will be offered positions in the Batteries.

(3.) John Byron, late Principal Warder at Cockatoo Island:—Mr. M. C. Stephen asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Was not the office of John Byron, late Principal Warder at Cockatoo Island, abolished on 31st December, 1869?

(2.) Is not the Government aware that Byron was then 62 years of age?

(3.) Did not Byron, having first served several months in the Police, enter the Government Service on Cockatoo Island on 14th March, 1852, and remain in it continuously till his office was then abolished?

(4.) Has his claim under the above circumstances to a pension under the Superannuation Act, or otherwise, been, or will it be, acknowledged?

(5.) What is the amount of pension or gratuity, if any, now being, or which has been paid to him; and if the same is less than that authorized under the above Act to a person 62 years of age after 18 years service, will his case receive further consideration?

Mr. Cowper answered,—

(1.) Yes.

(2.) Mr. Byron stated, on the 17th October, 1869, that he was 62 years of age. Captain Mann certified that he believed the statement to be correct.

(3.) Yes.

(4.)

(4.) Mr. Byron was paid by a daily rate from 14th March, 1852, to 30th June, 1860; from 1st July, 1860, by an annual salary. From the latter date only his claim to a gratuity, under the Superannuation Act, has been acknowledged.

(5.) The sum of £135 has been authorized as a gratuity for his service, from 1st July, 1860, to the date his office was abolished,—viz., 9 years. The service rendered by Mr. Byron, from 14th March, 1852, to 30th June, 1860, could not, having regard to the 11th section of the Superannuation Act, be made the foundation of any claim under that Act. It is not intended that his case shall receive further consideration.

(4.) Encroachment on the Enmore Road:—Mr. M. C. Stephen asked the Secretary for Lands, pursuant to Notice No. 5,—

(1.) Is he aware that a large encroachment exists on the Enmore Road, leading to the Electorate of Canterbury, and that this road was for half its width, with the encroachment thereon, as aforesaid, handed over by the Government to the Municipality of Newtown?

(2.) Is it a fact that the Municipality of Marrickville, who have the other half of the width of such Road, have been required by the Survey Department to carry out their curb-line immediately opposite such encroachment to the proper alignment, and that the effect of this will be to narrow the thoroughfare, so as to obstruct the traffic in a manner which will be dangerous to the public?

(3.) What steps in the matter will the Government take to secure freedom of traffic and the public safety on this road?

Mr. Robertson answered,—

(1.) For a short distance the breadth of the Enmore Road, according to the old adjoining grants, is much reduced, but no encroachment is believed to exist. The centre of the road, without reference to width, has been made the boundary of the Municipalities.

(2.) The foot-path on the Marrickville side has alone been aligned, owing to the narrowness of the street at the point referred to, and to the expectation that some arrangement would be made by the Councils interested to obtain by purchase, or otherwise, a strip of land on the Newtown side, to be added to the streets, which has been done in part. As regards the carrying out of the curb-line, no action has been taken by the Survey Department other than to refer a complaint to the Marrickville Council, and to draw their attention to the fact that under the Municipal Act any action must be taken by them in the matter. The present width of the road is 12 feet pathway and 22 feet carriage-way.

(3.) That will be a matter for consideration on the Government receiving an answer from the Marrickville Council, or on the Marrickville Council declining to give that answer.

(5.) Road from Carcoar to Tea-pot Swamp:—Mr. Garrett, on behalf of Mr. Driver, asked the Secretary for Public Works, pursuant to Notice No. 6,—

(1.) Has any report been received from the District Surveyor upon objections made against opening or proclaiming the road from Carcoar to Tea-pot Swamp; if so, what is the nature of such report?

(2.) Is the Minister aware that in consequence of the delay in opening such road it is almost impossible for resident farmers to get their produce to market?

(3.) Will the Government take immediate steps to have such road opened?

Mr. Sutherland answered,—

(1.) A report on the matter has been received from the Surveyor, under which it has been determined to proceed with the opening of the road.

(2.) No.

(3.) Yes, as soon as the necessary legal formalities will admit.

(6.) Road from Number One Swamp to Tea-pot Swamp Road:—Mr. Garrett, on behalf of Mr. Driver, asked the Secretary for Lands, pursuant to Notice No. 7,—

(1.) Have instructions been given to any, and what Surveyor, for the survey of a road from Number One Swamp (by Ford's Road) to its junction with the Tea-pot Swamp Road in Lewis Gordon's 791 acres?

(2.) If so, when were such instructions given?

(3.) Has any, and what portion been surveyed?

(4.) Why has such survey not been completed; is it intended to complete same?

Mr. Robertson answered,—

(1.) Instructions were issued to Mr. District Surveyor Fisher, on the 14th October, to report on an application for this road. His report has not yet been received.

(2.) Whether survey may be required is in great measure dependent on the facts contained in the report referred to. No instruction for survey has therefore as yet been given.

(3.) For the reasons stated, no survey has been made.

(4.) The foregoing three answers are a full reply to the fourth question.

(7.) Application by Grace and Party for a Gold Mining Lease:—Mr. Garrett, on behalf of Mr. Driver, asked the Secretary for Lands, pursuant to Notice No. 8,—

(1.) Has any application been made for a gold mining lease at Great Britain Reef, Junction Point, Tuena, by Grace and party; if so, what is the date of such application?

(2.) Has such application been heard or considered by the Court of Petty Sessions at Tuena; if so, what was the decision arrived at?

(3.) Is it a fact that from the great delay in settling this application a large number of persons are kept out of employment?

Mr. Robertson answered,—

(1.) Yes; 24th August, 1870.

(2.) It is not shewn by the papers in this office that the claim of these parties has been dealt with by the Bench at Tuena.

(3.) This is not known as a fact, although it is so stated in a letter of the applicants.

(8.) The Chief Assistant Engineer of Railways:—Mr. Byrnes asked the Secretary for Public Works, pursuant to Notice No. 9,—When the Papers, ordered by this House on 4th October, having reference to the case of the Chief Assistant Engineer of Railways, will be laid upon the Table?

Mr. Sutherland answered,—The Papers will be laid upon the Table on Tuesday next.

2. Paper:—Mr. Cowper laid upon the Table a Return shewing the cost of Winter Clothing supplied to Gaols, Lunatic Asylums, and Orphan Schools, during the years 1865-6-7-8 and 9, shewing the proportion of the material used therein made in the Colony. (*See Answer to Question No. 2 in Votes and Proceedings No. 48.*)  
Ordered to be printed.
3. Cumberland and Camden Bathurst-burr and Thistle Bill:—The Order of the Day for the further consideration in Committee of this Bill having been read,—the Speaker left the Chair, and the House resolved itself into a Committee of the Whole for such further consideration.  
The Chairman having reported the Bill with amendments,—  
Captain Onslow moved, "That" that report be now adopted.  
Mr. Flood moved, That the Question be amended, by omitting all the words after the word "That," with a view to inserting in their place the words "this Bill be now recommitted, for the purpose of considering a Proviso to be added to Clause 3, and considering a new Clause to stand Clause 11 of the Bill as printed."  
Question,—That the words proposed to be omitted stand part of the Question,—put and negatived.  
Question,—That the words proposed to be inserted in the place of the words omitted, be so inserted,—put and passed.  
Question then,—That this Bill be now recommitted, for the purpose of considering a Proviso to be added to Clause 3, and considering a new Clause to stand Clause 11 of the Bill as printed,—put and passed.  
Whereupon, on motion of Captain Onslow, the Speaker left the Chair, and the House resolved itself into a Committee of the Whole accordingly.  
The Chairman having reported the Bill with further amendments, the House, on motion of Captain Onslow, adopted that report, and ordered that the third reading of the Bill stand an Order of the Day for Friday next.
4. Retail of Fermented and Spirituous Liquors Regulation Bill:—The Order of the Day for the further consideration in Committee of this Bill having been read,—the Speaker left the Chair, and the House resolved itself into a Committee of the Whole for such further consideration.  
The Chairman reported progress, and obtained leave to sit again on Friday next.  
The House adjourned, on motion of Mr. Cowper, at four minutes after Eleven o'clock, until Tuesday next, at Three o'clock.

W. M. ARNOLD,  
*Speaker.*

Mr. Cowper answered,—In consequence of the question of the Honorable Member, I have referred to the Sheriff, and he states that "The information required by the several motions necessitates the collection of full particulars personally respecting each prisoner throughout the Gaols of the Colony. Six separate returns are being furnished from each Gaol where Quarter Sessions are held, and eleven where there are also Circuit Courts. The principal delay will be in the return of prisoners at present confined in Darlinghurst Gaol, for which there are (in reference to previous convictions) to be looked up 250 histories—some extending twenty years back. The Principal Gaoler reports that he will endeavour to have it ready in a month from this date. Then the returns will have to be transcribed and condensed in this office, which will be done with the least possible delay. The instruction for the return, including previous convictions, was received at this office on the 14th October."

(4.) Crews of the Steam Dredge "Pluto" and Tug "Pearl":—Mr. Buchanan asked the Secretary for Public Works, pursuant to Notice No. 5,—

(1.) Is it true that the crews of the Steam Dredge "Pluto," and her tender the "Pearl," have not received any pay for the last three months?

(2.) Will the Minister state to the House the reason of this, if such is the case?

Mr. Sutherland answered,—

(1.) No. There were two months arrears of pay due to the crews of the Dredge "Pluto" and the Tug "Pearl," but the amount due has been paid.

(2.) The delay has been occasioned by its having been necessary to charge the salaries of the master and crew of the "Pearl" to the credit balance of the vote for the "Pluto's" salaries, the contingent vote being exhausted.

(5.) Contract for Books and Stationery for the Council of Education:—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 6,—

(2.) If so, what are the date, terms, period of duration, and other particulars of the contract?

(3.) Were Tenders invited before the contract was entered into?

(4.) If so, was Mr. Ferguson, or if not Mr. Ferguson, who was the lowest Tenderer?

(5.) If Mr. Ferguson was not the lowest Tenderer, why was he selected by the Council of Education in preference to any other Tenderer?

Mr. Cowper answered,—I have been furnished by the Council of Education with the following answers to the Honorable Gentleman's questions:—

"(1.) A contract for the supply of School Books and Stationery has been entered into with Mr. John Ferguson, bookseller, of George-street.

"(2.) Mr. Ferguson's Tender bears date 5th June, 1869, and extends over a period of three years, from the 1st April, 1870. Other particulars are supplied in the accompanying schedules of prices, and letters to Tenderers.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question on Notice Paper for to-day:—

Cartage of Wool, &c., from Railway Station, Redfern:—Mr. Farnell asked the Secretary for Public Works, pursuant to Notice,—With reference to the question put by him on the 10th instant, respecting the contract for the cartage of wool, and other produce, from the Railway Station, Redfern;—Was the said contract given to Messrs. Woods, Shortland, and Co. with the sanction and concurrence of the Secretary for Public Works, seeing that the tender of Messrs. Woods, Shortland, and Co. for the cartage of goods from the Redfern Station was higher than the tenders of Messrs. Francis Wright, M. J. Ronan, H. Redman, and M. M'Grade; likewise, for parcels, higher than Messrs. Francis Wright, M. J. Ronan, H. Redman, and M. M'Grade; and, for wool, higher than the tenders of Messrs. M. J. Ronan, H. Redman, and M. M'Grade?

Mr. Sutherland answered,—Yes; but for wool the tenders of Francis Wright and M. J. Ronan were as high as that of the accepted tender. The reason for the acceptance of Woods, Shortland, and Co.'s tender was given in my reply to the Honorable Member's previous question. As I before explained, the contractors requested me to relieve them of this contract; but the same reason which induced me to accept their tender weighed with me in declining to accede to their request—namely, that inconvenience would arise by a change of contract in the middle of the wool season.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 18 NOVEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Court-house, Berrima :—Captain Onslow asked the Secretary for Public Works, pursuant to Notice No. 1,—Do the Government intend repairing the Court-house at Berrima; if so, when?

*Mr. Cowper* answered,—The Government have not arrived at any determination upon this matter, because, in considering it, it seemed to me a doubtful point whether it would not be better to pull down the present building and to erect another. The Colonial Architect having been referred to, entertains a rather different opinion, and thinks, upon the whole, it would be a better arrangement to repair the present Court-house. No determination has, however, been arrived at. The building was erected upon a scale far beyond the requirements of the district; but whether it can be so altered as to meet more than one object, and combine a Court-house and Lock-up, I cannot say. The expenditure required is very large, unless it can properly be laid out. The lowest tender is £1,157, and, judging from the way in which most of these contracts end, I should not be surprised if it amounted to £2,000 before the completion of the work. The expenditure of so large a sum in a work of this kind requires a good deal of consideration.

- (2.) The Railway Department :—Captain Onslow asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) Have the Government appointed a Board to inquire into the working of the Railway Department?

(2.) If so, have the Government any objection to laying the Report made by such Board on the Table of the House?

*Mr. Sutherland* answered,—

(1.) A Board was appointed in April last to inquire into and examine the previous and present mode of keeping the Railway Accounts, &c.

(2.) No.

- (3.) Loose Hay :—Captain Onslow asked the Secretary for Public Works, pursuant to Notice No. 3,—Have the Government come to any decision as to the rate to be charged for the conveyance of loose Hay?

*Mr. Sutherland* answered,—Yes.

- (4.) Clerk of Petty Sessions at Mudgee :—*Captain Onslow*, on behalf of Mr. M. H. Stephen, asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Has the Clerk of Petty Sessions at Mudgee been suspended; and if so, when was he suspended?

(2.) Has a Commissioner been sent up to inquire into any charges against him; if so, has any Report been made by the Commissioner?

(3.) Will the Colonial Secretary place the Report of the Commissioner on the Table of the House?

(4.) Has the Clerk of Petty Sessions at Mudgee been previously reported for deficiency in his public accounts, and time given him to make up the money deficient?

Mr.

Mr. Cowper answered,—The Clerk of Petty Sessions at Mudgee has been suspended from the 5th October last. After considering various modes of conducting the inquiry, I appointed as Commissioner a barrister of the Supreme Court, Mr. Owen, a gentleman of high character. He was entrusted with the performance of this duty, and has made a report which, having been at the Crown Law Offices for some days, I have not yet had time to read with sufficient care to enable me to determine upon the case. However, a decision will be come to as soon as possible, and the documents will then be laid upon the Table of the House. Under a previous Government this Clerk of Petty Sessions was deficient in his accounts for a short time, but the money deficient was paid up. I am not aware that any time was given him for that purpose. That case did not occur under the present Government.

(5.) Bridge over Jugiong Creek:—Mr. E. Brown asked the Secretary for Public Works, pursuant to Notice No. 5,—

(1.) Are the Government at present taking any steps to construct a Bridge over the Jugiong Creek, on the Great Southern Road, in the place of the one washed away by the recent floods?

(2.) If so, when is the new Bridge likely to be completed?

(3.) Are they aware that a private individual is plying with a Government Boat over that Creek, and making arbitrary and exorbitant charges for his own benefit; and if so, by whose sanction is this done?

Mr. Sutherland answered,—

(1.) Yes; cylinders have been cast and are being forwarded to Jugiong, and tenders have been invited for the superstructure.

(2.) In about nine months.

(3.) The Government Boat was put in charge of a man named M'Donald. The Government were not aware that he was making exorbitant charges. A telegram has been sent to stop this, if it is being done.

(6.) Military Defence of the Colony:—Mr. Parkes asked the Colonial Secretary, pursuant to Notice No. 6,—With reference to the information afforded to the House by the Government on the 6th September, have the Law Officers of the Crown prepared the Bill upon which it was said they were then engaged to make better provision for the Military Defence of the Colony; and if so, when will it be introduced?

Mr. Cowper answered,—No Militia Bill has, as yet, been prepared by the Crown Law Officers, and I have not pressed for the preparation of it, because circumstances have altered so much since the breaking out of the present war. The spirit for Volunteering is on the increase, the applications for enrolling being greatly in excess of what may be found necessary. The Government considers it to be of importance that no expensive organization should be determined upon without the fullest deliberation. The Commanding Officer of the Volunteers has been engaged in endeavouring to enrol Companies of Pensioners or discharged Soldiers, but not, as yet, with any great success. He has, however, taken steps for further action in the event of the news from England being of such a character as to give ground for apprehension. So far as I can gather, Colonel Richardson is rather in favour of a Regular Force, though limited in numbers, than a Militia. The Government is unwilling to incur any heavy expenditure which might prove to be needless; but will adopt such steps as, after consultation with the Defence Commission, may appear to be proper.

No. 58.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 23 NOVEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Railway Porters:—Mr. Wilson asked the Secretary for Public Works, pursuant to Notice No. 1,—Is it a fact that certain Railway Porters work fourteen and a-half hours on Sundays, for which they receive only half a day's pay?

Mr. Sutherland answered,—No. Those Porters who are paid half a day's pay on Sundays are not actually required to be on duty more than from three to five hours for attendance only at the arrival and departure of trains, as shewn by the time-table.

- (2.) Gold Fields Commission:—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 2,—

(1.) Has Mr. Baker, one of the members of the Gold Commission, drawn any money from the Government, in his capacity of Gold Commissioner, since the 30th September last?

(2.) If so, how much?

(3.) If Mr. Baker has drawn no money from the Government since the 30th September last, is there anything at present due to him; and if so, how much?

Mr. Samuel answered,—

(1 and 2.) No.

(3.) I answered on the 15th November last, and my answer was to the effect that Mr. Baker's claim for the month of October was £102 18s. No further claim has been received.

- (3.) Case of Dr. Beer:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 3,—Would he have any objection to lay upon the Table of this House all Correspondence connected with the case of Dr. Beer, including copies of any Despatches between His Excellency the Governor and the Right Honorable the Secretary of State for the Colonies, in reference to said case, and all other papers in connection with it?

Mr. Cowper answered,—I have looked casually through these papers, which are very voluminous, and I have some doubt whether the whole correspondence ought to be laid upon the Table of the House. But if the Honorable Member thinks it of sufficient importance, perhaps he will give notice of motion, in order that the matter may be brought under the consideration of the House in the usual way.

- (4.) Public Schools:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 4,—

(1.) Is it true that the Local Board of the St. Philip's Church of England Denominational School refused to recommend the application of Mr. F. T. Kerr to have his three children educated free; and, on application to the Council of Education, they also refused—the consequence of which is, that the said three children are attending no school whatever?

(2.) Does not the Public Schools Act make express provision for the free education of children whose parents are unable to pay for it?

Mr.

Mr. Cowper answered,—It is quite true that the Local Board of the St. Philip's Church of England Denominational School did refuse to recommend the application of Mr. F. T. Kerr to have his three children educated free, and that, on application to the Council of Education, they also refused; but it does not follow that these children are thereby deprived of the means of education. By the 17th clause of the Public Schools Act it is provided "Notwithstanding any regulation for the payment of school fees, any child whose parents or guardians shall be unable to pay such fees shall not on that account be refused admission into a public school or certified denominational school, but shall, on such inability being shewn, in such manner as to the Council of Education shall seem reasonable, be received and instructed in the same manner as the other pupils attending such school." Upon a proper application, therefore, to the Council of Education, and proof that the parent cannot afford to pay, the children will receive education.

- (5.) Mr. J. F. Mooney :—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 5,—Has Mr. J. F. Mooney, of Taralga, lately appointed to the Commission of the Peace, resigned that position; and if not, is it the intention of the Government to retain Mr. Mooney's name on the roll of Magistrates of the Territory?

Mr. Cowper answered,—Mr. Mooney was appointed a Magistrate upon the recommendation of certain residents in the district where he lives, and also of the Member of that district. No sooner had his name appeared upon the Commission than it was intimated to me that he was a publican. Upon inquiry, I found that between the period of Mr. Mooney's recommendation to the Government and his appointment to the Magistracy he had become a publican. I thereupon recommended the issue of a supersedeas, and his name was at once removed from the Commission of the Peace.

- (6.) Government Debentures :—Mr. G. A. Lloyd asked the Colonial Treasurer, pursuant to Notice No. 6,—

- (1.) Has he received by the Mail just arrived any telegraphic intelligence from England of the sale of our Debentures?
- (2.) What is the amount advised as sold?
- (3.) Does such sale include the whole of the £450,000 handed to the Bank on the 14th June, and known as the Tailings Loan?
- (4.) If not, how is the amount made up?

Mr. Samuel answered,—The Government have received no advices, but the Bank of New South Wales have received a telegram, stating that "the Government Loan has been taken up at an average of £98 13s. 7d." I know of no such loan as a "Tailings Loan."

- (7.) Rydal Railway Station :—Mr. Neale asked the Secretary for Public Works, pursuant to Notice No. 7,—

- (1.) The name of the Contractor or Contractors for the shunting work at Rydal Railway Station; and on what terms is the work being performed?
- (2.) Did the Government receive any offer or offers from other persons willing to perform the work; and if so, why were none of those offers accepted?
- (3.) Were tenders called for; and if so, was the lowest tender accepted?

Mr. Sutherland answered,—

- (1.) Messrs. Woods, Shortland, and Co., for two horses and driver, 22s. a day of 13 hours.
- (2.) Yes. The offers were in excess of the accepted tender.
- (3.) Offers were invited by the Traffic Manager from parties considered to be eligible to perform this important and exceptional service; the lowest tender was accepted in the usual way.

- (8.) Toll Rates :—Mr. Neale asked the Secretary for Public Works, pursuant to Notice No. 8,—Under the scale of tolls to be charged on and after the 1st January next on certain roads described in the *Government Gazette*, is the weight of the dray, cart, or waggon to be included in the weight upon which toll will be charged, or will the rate of toll depend upon the actual load carried upon the vehicle?

Mr. Sutherland answered,—Yes. The table of tolls to be charged on and after 1st January next states distinctly :—

"For every cart, dray, wain, waggon, or other vehicle, weighing, together with the loading thereof."

I attach table of tolls as proclaimed and widely advertised :—

"Department of Public Works,

Petition received.
5. Mr. John Byron:—Mr. Farnell presented a Petition from John Byron, of Cockatoo Island, representing that he held the office of Principal Warder at the Penal Establishment on Cockatoo Island, and continued in that position until the breaking up of the establishment, when he applied for a retiring allowance, under the Superannuation Act, and was informed that his length of service did not entitle him to such allowance, but only to a certain gratuity; and praying that his case may be taken into consideration, with a view to relief.

That it be referred to Mr. Speaker whether the Hon. Member for The Murrumbidgee can move, by way of amendment, to omit the word "corn" before the word "flour," the effect of which would be to impose a new duty upon "flour,"—an item not included in the Schedule of proposed Duties.

FRIDAY, 25 NOVEMBER, 1870, A.M.—

The Speaker said, that if the effect of the proposed amendment would be such as described, it seemed likely, if carried, to lead to inconvenience and irregularity; but he was not aware of any rule by which it could be excluded from the consideration of the Committee.

No. 60.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 25 NOVEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Coal Staiths at Newcastle :—Mr. G. A. Lloyd asked the Secretary for Public Works, pursuant to Notice No. 1,—Is it true that the Coal Staiths at Newcastle have been tested, and found not capable of discharging Coal without material alteration?

Mr. Sutherland answered,—It is not the case that the Coal Staiths at Newcastle have been, on trial, found not capable of discharging coal without material alteration. There is no truth whatever in the statements which have appeared in the telegrams inserted in the *Herald*, as coming from Newcastle, in reference to those Staiths. The preliminary trials which have been made of the Staiths have been most satisfactory, the few alterations requiring to be made being of the most trifling character, as will be seen on perusal of the accompanying telegram, received from Mr. Darley this day :—

“ 25th November, 1870.

“ I loaded a lighter with Lambton large coal this morning. The shoots worked well; but I find it necessary to remove upper valve, and enlarge aperture, as the large lumps block the way. I will have the lowering apparatus working to-day, and will then report how it acts.”

“ C. DARLEY.”

“ The Engineer-in-Chief, Harbours and Rivers.”

No. 61.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 29 NOVEMBER, 1870.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Moruya River:—Mr. Clarke asked the Secretary for Public Works, pursuant to Notice No. 1,—  
What steps have been taken towards removing obstructions at the entrance of Moruya River, for which purpose £300 was voted last Session of Parliament?

Mr. Sutherland answered,—This work was ordered to be carried out on the 10th of May last, and will be entered on as soon as the services of the diver and the gentlemen now engaged on the Wollongong Light-house can be spared—which will be, I suppose, in the course of a week.

- (2.) Minor Roads:—Mr. Clarke asked the Secretary for Public Works, pursuant to Notice No. 2,—  
When the Schedule for Minor Roads will be laid upon the Table of this House?

Mr. Sutherland answered,—The Schedule is in course of preparation, and will be laid on the Table of the House before the Road Estimates are brought on.

- (3.) The Unemployed:—Mr. Bawden asked the Secretary for Public Works, pursuant to Notice No. 3,—

(1.) What number of persons, calling themselves “unemployed,” have applied to the Government for employment during the last three months?

(2.) What number of such persons have been so employed?

(3.) Upon what works were they employed; and at what rate of wages per diem?

Mr. Sutherland answered,—

(1.) I am unable to state the number exactly—probably between 500 and 600.

(2.) 235 now employed, and free passes have been issued to 219.

(3.) Military roads to La Perouse's Monument, and to Middle Head, on contract work. I am unable to say what rate of wages per diem they earn.

- (4.) Land purchased by Mr. Andrew Clements:—Mr. Driver asked the Secretary for Lands, pursuant to Notice No. 4,—

(1.) Did Mr. Andrew Clements, on the 16th day of August, 1869, purchase 63 acres of land at Brown's Creek from the Government?

(2.) Was any portion of such land, at the time of sale, held under lease by another person?

(3.) Is it a fact that the land has been twice sold by the Government; if so, to whom, and on what dates?

(4.) Were improvements to a large extent made upon the said land by Mr. Clements?

(5.) Has any claim been made for compensation by Mr. Clements; and if so, when?

(6.) What action do the Government propose to take in respect to the said claim?

Mr.

Mr. Robertson answered,—

- (1.) On the 16th August, 1869, Mr. Andrew Clements did purchase 63 acres of Church and School Lands from the Government.
  - (2.) Yes; it was under lease to Mr. Patrick Sullivan.
  - (3.) No; it was twice advertised for sale, and on each occasion withdrawn—on the 21st December, 1861, then on the 19th December, 1865; and subsequently it was selected by Mr. Andrew Clements, which selection was not allowed, and his money was refunded to him.
  - (4.) I believe after Mr. Clements selected he made some improvements, including fencing, and the cultivation of a portion.
  - (5.) Yes, by Mr. Clements, through his Solicitor, Mr. J. G. Fletcher, last July.
  - (6.) The papers in the case were entrusted to Mr. District Surveyor Fisher, who believed he could arrange an amicable adjustment of the claims of the various parties interested. Mr. Fisher has been written to, in order to ascertain what has been done.
- (5.) The Tariff:—*Mr. G. A. Lloyd*, on behalf of Mr. Watson, asked the Colonial Treasurer, pursuant to Notice No. 5,—When will the Duties collected under the Measurement Tariff, recently introduced by the Government, and rejected by this House, be refunded?  
 Mr. Samuel answered,—The duties paid in excess of those, that may be ultimately sanctioned by law will be returned as soon as the Tariff is fixed. It is uncertain, at present, what amount will have to be returned.

(6.) Bridges over Broughton Creek and Broughton Mill Creek:—Mr. Parkes asked the Secretary for Public Works, pursuant to Notice No. 6,—

- (1.) What steps have been taken towards the erection of a Bridge over Broughton Creek, for which the sum of £400 was voted in March, 1869?
- (2.) What steps have been taken towards the erection of a Bridge over Broughton Mill Creek, in the Shoalhaven District, for which a sum of £700 was voted in April, 1870?

Mr. Sutherland answered,—

- (1.) Tenders were opened on the 13th September. The lowest tender was much above the amount voted. The Engineer for Roads recommended that fresh tenders be invited, but it was decided to offer the money to the Municipal Council of Kiama if they would carry out the work. A reply was received yesterday, refusing to undertake it.
- (2.) A tender was accepted on the 21st October, and the work is in progress.

*Mr. Parkes withdrew the Question No. 7.*

(7.) Kiama Harbour Works:—Mr. Parkes asked the Secretary for Public Works, pursuant to Notice No. 8,—Whether the Kiama Harbour Works are being proceeded with at the present time; and if such is not the case, when was the work suspended, and when will it be resumed?

Mr. Sutherland answered,—Instructions have now been issued to the Engineer-in-Chief for Harbours and Rivers to recommence operations at the Kiama Harbour Works. They were discontinued in September, 1869, the votes being exhausted; but they will be immediately resumed, if operations have not already been commenced. They would have been resumed sooner, but that there were no funds at the disposal of the Government for the purpose.

(8.) Land Titles Department:—*Mr. Farnell*, on behalf of Mr. Greville, asked the Colonial Secretary, pursuant to Notice No. 9,—Do the Government intend to take any action upon the Report of the Commission of Inquiry into the Land Titles Department, laid upon the Table of this House on the 9th September?

Mr. Cowper answered,—I will read a portion of a Minute from the Attorney General, shewing the course the first Law Officer of the Crown recommends the Government to pursue in reference to the Report of the Commissioners appointed to inquire into the working of the Land Titles Department. Sir William Manning says:—"Perhaps, under the circumstances, it may be found necessary to leave matters as they are for a short time, in the hope that the complaints and inquiry which have been made may have satisfied Mr. Burton that a less degree of rigidity and minuteness, and a more practical and liberal tendency in the examination of Titles are better adapted to the purposes of the Act. Should this be resolved on, it would perhaps be desirable to intimate to the Registrar General that the Government will not disturb the existing arrangements for a specified time, say twelve months; but at the end of that time the inquiry into the working of the department will be renewed."

2. Retail of Fermented and Spirituous Liquors Regulation Bill:—Mr. G. A. Lloyd presented a Petition from "Jas. Greenwood, M.A.," as Chairman of the Baptist Union of New South Wales, assembled in Bathurst-street Church, Sydney,—in favour of the passing of this Bill.  
 Petition received.

3. Papers:—Mr. Cowper laid upon the Table the undermentioned Papers:—

- (1.) Correspondence respecting the appointment and removal of Mr. Robert Coulson, as a Justice of the Peace. (*See Answer to Question No. 3 in Votes and Proceedings No. 55, of 17 November, 1870.*)
  - (2.) Further letter from Professor Owen respecting Exploration of the Wellington Caves.
- Ordered to be printed.

4. Business of the House:—The Speaker having called upon the Honorable Member for Camden, Captain Onslow, to proceed with the Motion standing in his name No. 1 on the Notice Paper for to-day,—

And Mr. Cowper offering to make a Motion, That the Orders of the Day be now read,—

The Speaker said that it was not competent for the Honorable gentleman to make the proposed Motion unless the Honorable Member for Camden waived his right to proceed with his Motion,—

And Captain Onslow having waived his right to proceed with his Motion,—

\* Mr. Cowper moved, That the Orders of the Day be now read.

Debate ensued.

Question put.

The

\* The Speaker subsequently expressed his opinion that the House could not proceed to the Orders of the Day on a day on which Motions had precedence until all such Motions had been dealt with under the 29th Standing Order.

The House divided.

Ayes, 21.

Whether it is competent for the Committee of Ways and Means—a Resolution for certain Duties having been the Question before the Committee on its last sitting day, and an amendment thereon submitted—to consider, and for the Chairman to put, a Resolution for the introduction of a Bill to renew the Stamp Act.  
The Speaker said that as he understood the question, the Government had submitted to the Committee a certain scheme of taxation involving several items, upon one of which a Resolution, and also an amendment on that Resolution, had been proposed to the Committee, and progress reported thereon. On its resumption, it was proposed to pass on from the Resolution and amendment of which the Committee were in possession to a subsequent item of the Government scheme.   - (2.) If so, under what circumstances was such visit made by Captain Hixson, or ordered by the Government, or were there any grounds for not extending to the vessel in question the exceptions in regard to the shipping of provisions, or other purposes of necessity, laid down in Lord Granville's Proclamation of the 19th of July last, in the case of belligerent vessels remaining in harbour for such purposes beyond the general limit of twenty-four hours?
  - (3.) *Questions :—*

1. MR. BUCHANAN *to ask* THE SECRETARY FOR PUBLIC WORKS,—
  - (1.) Is it true that there are three toll-bars on the road between Yass and Goulburn?
  - (2.) Is it true that a carrier with a waggon or dray of eight horses had to pay 2s. 3d. at each toll-bar before the regulations now in force took effect?
  - (3.) Is it true that under the present regulations a team that formerly paid 2s. 3d. at each toll-bar will now have to pay 14s. 9d.?
  - (4.) If this is the case, under what authority is it done?
2. MR. W. FORSTER *to ask* THE SECRETARY FOR LANDS,—
  - (1.) Is it a fact that the French Despatch steamer "Surcouf" was visited by the Harbour Master, Captain Hixson, with instructions from the Government to urge the immediate departure of the vessel, notwithstanding she was at the time getting up her steam for leaving the harbour, and was only detained by the delay which had unavoidably taken place on the part of shippers in shipping live-stock for provisions on board the vessel?
  - (2.) If so, under what circumstances was such visit made by Captain Hixson, or ordered by the Government, or were there any grounds for not extending to the vessel in question the exceptions in regard to the shipping of provisions, or other purposes of necessity, laid down in Lord Granville's Proclamation of the 19th of July last, in the case of belligerent vessels remaining in harbour for such purposes beyond the general limit of twenty-four hours?
  - (3.) Is it the intention of the Government in future to prohibit belligerent vessels from remaining in the harbour beyond twenty-four hours in any case, notwithstanding the exceptions referred to, even though the vessel in question at the time may urgently require provisions, or repairs, or may be detained by stress of weather?
3. MR. W. FORSTER *to ask* THE SECRETARY FOR PUBLIC WORKS,—
  - (1.) Has any spot been marked, or have any steps been taken by the Government, in order to define the distinction between that portion of the road between Goulburn and Gundaroo, for which Messrs. Huthwaite and Waddle are Trustees, and that portion of the same road, for which Messrs. Styles, Parker, and Donnelly are Trustees, or between these portions and other portions of the same road?
  - (2.) If so, at what point do these portions of the road in question begin and end, respectively?
4. MR. HOSKINS *to ask* THE SECRETARY FOR LANDS,—
  - (1.) How many persons, other than the Commissioners of Crown Lands, were appointed by the Government during the year 1870 to determine the fair annual value of runs for rent and assessment during 1871 and the succeeding years?
  - (2.) What are the names of the persons so appointed; and the amount which the Government have paid, or have engaged to pay, the said persons, as fees for the duties discharged by such appraisers?

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

FRIDAY, 27 JANUARY, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Refund of Customs Duties:—Mr. G. A. Lloyd asked the Colonial Treasurer, pursuant to Notice No. 1,—When will the money be refunded which was paid for Duties collected under the Schedules introduced by the late Government?

Mr. Lord answered,—The money is being refunded every day, as fast as the accounts can be checked and certificates signed.

(2.) Destitute Children's Asylum:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Is it true that the Protestant children at the Randwick Institution are not allowed to eat meat on Fridays?

(2.) If this is true, will the Colonial Secretary undertake to put an end to this abuse without delay?

Mr. Robertson answered,—

(1.) I have received some correspondence on this subject, which I will read. The first letter is as follows:—

“ St. Paul's, Sydney,  
“ 27th January, 1871.

“ My dear Sir,

“ In reply to Mr. Buchanan's question in the House as to the Protestant children in Randwick Institution being compelled to fast on Fridays, I would state, for your information, that some years ago it was deemed advisable, on sanitary grounds, that *all* the children should abstain from meat one day in the week. As the Roman Catholic children already did so on Friday, that day, for reasons of domestic convenience, was selected as the day of abstinence from meat for all. Pudding and treacle are given instead of animal food. The Protestant Chaplain has moved the Committee to repeal this regulation, as being, on religious grounds, objectionable. The Committee, by a majority, has declined to do so, on the ground that the arrangement is purely a sanitary and domestic one.

“ This is exactly how the matter stands at present.”

“ Yours very faithfully,

“ ALFRED H. STEPHEN,

“ Hon. Sec., Destitute Children's Society.

“ The Honorable the Colonial Secretary.”

I have also received a letter from Mr. G. F. Wise, the Honorary Treasurer, addressed to the Under Secretary, as follows:—

“ 27th January, 1871.

“ My dear Sir,

“ Referring to the above Notice of Motion, I herewith enclose a copy of a Resolution passed by the Board of Directors on 2nd November, 1870.

“ The

"The Diet Scale therein mentioned was drawn up and approved of by Drs. M'Farlane and Brown in 1858; was then adopted by the Board of Directors, and has been in force from that date (1858) to the present time.

"H. Halloran, Esq.,"

"Yours faithfully,  
"GEORGE F. WISE."

[Enclosure.]

"EXTRACT from Minute Book of the Society for the relief of Destitute Children at Randwick. Resolution of the Board of Directors passed at Board Meeting of 2nd November, 1870:—'That it is considered advisable that for sanitary reasons the children should have pudding only, and no meat, on one day in each week; and that therefore the Diet Scale which has been in use for upwards of twelve years shall be continued.'"

(2.) Whether the present practice is an "abuse" is a debatable matter, and cannot properly be brought before Parliament in the present form. I will, however, make further inquiry into the subject.

(3.) Mr. G. B. Suttor:—Mr. S. Brown asked the Attorney General, pursuant to Notice No. 3,—

Mr. Robertson answered,—

(1.) Yes, in his buggy, to the Gaol.

(2.) The officer who had him in charge has been suspended, pending further inquiry.

(4.) Richmond Bridge:—Mr. Moses asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) Have the Government made any arrangements with the Richmond Bridge Company for the purchase of the Bridge at Richmond; and if so, at what price?

(2.) If no arrangements have been made, do the Government intend compelling the Company to fulfil their part of the Charter, by maintaining a Bridge over the River at Richmond?

(3.) Considering the length of time the crossing of the River has been in an unsatisfactory state, and the exorbitant charge exacted for crossing, will the Government declare a Public Ferry at or near the present crossing, and cause a suitable Punt to be put on, at which a reasonable charge will be made?

Mr. Byrnes answered,—

(1.) No; but the Government intend to submit a proposition to Parliament to authorize and provide for the purchase of the Company's interest in the Bridge.

(2 and 3.) The matters referred to in questions 2 and 3, the Honorable Member will see, had better be dealt with at a future time.

Bamford, Esq., and the Colonial Secretary; between J. B. Bamford, Esq., and the Officer Commanding the Volunteer Forces, or any other of the Volunteer Authorities; and between any other person and the Colonial Secretary, or the officer aforesaid; and of all other Documents, Minutes, and Papers, relating to the formation or proposed enrolment of a Volunteer Battery of Artillery, with the name or designation of "Prince Alfred's Own."

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 31 JANUARY, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) The "Surcouf":—Mr. W. Forster asked the Colonial Treasurer, pursuant to Notice No. 1,—

(1.) Is it a fact that the French Despatch steamer "Surcouf" was visited by the Harbour Master, Captain Hixson, with instructions from the Government to urge the immediate departure of the vessel, notwithstanding she was at the time getting up her steam for leaving the harbour, and was only detained by the delay which had unavoidably taken place on the part of shippers in shipping live-stock for provisions on board the vessel?

(2.) If so, under what circumstances was such visit made by Captain Hixson, or ordered by the Government, or were there any grounds for not extending to the vessel in question the exceptions in regard to the shipping of provisions, or other purposes of necessity, laid down in Lord Granville's Proclamation of the 19th of July last, in the case of belligerent vessels remaining in harbour for such purposes beyond the general limit of twenty-four hours?

(3.) Is it the intention of the Government in future to prohibit belligerent vessels from remaining in the harbour beyond twenty-four hours in any case, notwithstanding the exceptions referred to, even though the vessel in question at the time may urgently require provisions, or repairs, or may be detained by stress of weather?

Mr. Lord answered,—

(1.) No. The French Despatch steamer "Surcouf" was visited by Captain Hixson to inquire the reason why the vessel had not sailed at the time it was guaranteed to the Government that she should sail.

(2.) The order to go on board was given to Captain Hixson by the late Colonial Secretary, in consequence of the vessel being in port on the morning of Saturday, the 3rd of December, after a promise had been made to the Government that the "Surcouf" should sail during the previous night. No application was made for an extension of the time laid down in Lord Granville's Proclamation.

(3.) The Government will endeavour, in their dealings with belligerent vessels, to offer every courtesy and convenience, consistent with preserving a strict neutrality, to the ships of both nations engaged in the war.

- (2.) Road between Goulburn and Gundaroo:—Mr. W. Forster asked the Secretary for Public Works, pursuant to Notice No. 2,—

(1.) Has any spot been marked, or have any steps been taken by the Government, in order to define the distinction between that portion of the road between Goulburn and Gundaroo for which Messrs. Huthwaite and Waddle are Trustees, and that portion of the same road for which Messrs. Styles, Parker, and Donnelly are Trustees, or between these portions and other portions of the same road?

(2.) If so, at what point do these portions of the road in question begin and end, respectively?

Mr. Byrnes answered,—No. The Government were not aware that any division was required by the Trustees, as no communication has been received from them on the subject.

(3.)

(3.) Unexpended Appropriations:—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice No. 3,—

(1.) What was the amount of the Appropriations by Parliament unexpended on the 31st December, 1870, exclusive of amounts written off?

(2.) What amount of such unexpended Appropriations is it estimated will not be required?

Mr. Lord answered,—I regret that I feel obliged to defer answering the honorable gentleman's question until the Financial Statement is made, which will be shortly. On that occasion the fullest information will be submitted to the House respecting the financial arrangements of the Government.

(4.) Post Office at Newcastle:—Mr. G. A. Lloyd asked the Secretary for Public Works, pursuant to Notice No. 4,—When will a Tender be accepted for the erection of the Post Office at Newcastle, the money for which was voted over two years ago?

Mr. Byrnes answered,—The sum of £7,000 was appropriated by the Loan Act for 1869 for the erection of public offices at Newcastle. A Tender was accepted for a Custom House for £6,500, leaving only £500 available for any other public office. It is not at present the intention of the Government to invite Tenders for the erection of a Post Office at Newcastle.

*Mr. E. Brown, on behalf of Mr. Lucas, withdrew Question No. 5.*

(5.) Appraisers of Runs:—Mr. Hoskins asked the Secretary for Lands, pursuant to Notice No. 6,—

(1.) How many persons, other than the Commissioners of Crown Lands, were appointed by the late Government during the year 1870 to determine the fair annual value of runs for rent and assessment during 1871 and the succeeding years?

(2.) What are the names of the persons so appointed, and the amount which the Government have paid, or have engaged to pay, the said persons respectively, as fees for the duties discharged by such appraisers?

Mr. Wilson answered,—There were no Fruit Trees imported into this Colony at the public expense, either from Portugal, or through Mr. Moore's visit; but I suppose the question asked by the Honorable Member has reference to some orange trees sent here at Mr. Moore's request by Señor Do Canto, from St. Michael's, at the Azores.

(8.) Amendment of the Electoral Law:—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 9,—

(1.) Is it the intention of the Government to introduce any measure for the amendment of the Electoral Law?

(2.) If so, when?

(3.) Is it the intention of the Government—by the introduction of such measure, or by any other—to take any steps to afford relief to the Electors of The Hastings in the matter of the Petition of 488 Electors of that District, presented to this House on Wednesday, 25th January, praying for increased representation, by division of the Electoral District into three new Electoral Districts?

(4.) If so, when, and to what extent?

Mr. Robertson answered,—

(1.) Yes.

(2.) So soon as the public finances will justify the Government in pressing it forward.

(3.) Provision will be made for increased representation for The Hastings.

(4.) My answer to question No. 3, my honorable friend will see, deals with question No. 4.

(9.) The Hastings Electorate:—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 10,—

Is it the intention of the Government to take any steps to afford relief to the Electors of The Hastings in the matter of the Petition of 465 Electors of the Police District of Macleay, presented to this House on Wednesday, 25th January, taking exception to the decision of the Committee of Elections

Elections and Qualifications, by which the Seat of Mr. Horace Dean was declared vacant, and Mr. R. B. Smith declared the Sitting Member for The Hastings, and praying that the Seat should again be declared vacant, Mr. R. B. Smith unseated, and a Writ issued for a fresh Election?

(2.) No report has been received, but arrangements will be made with the Commissioners to enable them to prepare and submit a report.

(3.) The amount available on the 6th June, 1870, was £2,000. The amount expended is £1,916 3s. 9d. I may add that there is a further sum of £1,000 voted for Water Supply on Gold Fields, which, perhaps, may be made available for the purposes of the Commission.

Mr. Byrnes answered,—

(1.) No application since that made by Mr. Forster on the 25th November last, to which a reply was returned that though the Government believed the road to be in a bad condition it was not so bad as to justify a deviation from the ordinary course, nor worse than many roads of greater importance.

Questions on Notice Paper for to-day:—

(1.) Appointment of Mr. W. J. Edwards to the Commission of the Peace:—Mr. Church asked the Colonial Secretary, pursuant to Notice No. 1,—Upon whose recommendation was Mr. Walter James Edwards, of Trunkey Creek, appointed to the Commission of the Peace?

Mr. Robertson answered,—It having been represented to the Government that an additional Magistrate was much required at Trunkey Creek, Mr. Edwards was appointed on the recommendation of Mr. Gold Commissioner Johnson, who, in reporting upon a Petition from certain persons against Mr. Edwards's appointment, says he "had no hesitation in selecting Mr. Edwards from amongst the intelligent miners. Mr. Edwards has sufficient means to employ labourers for mining purposes, and to maintain himself in an independent and respectable position." I have every reason to believe that Mr. Edwards is a most intelligent gentleman; and I am sorry the question has been put, because it is calculated to injure one who has been appointed to aid the Government and to accommodate the public.

(1.) What amount has been expended by the Government, during the year 1870, in repairing the House at Dawes's Point, formerly occupied by Colonel Carthew?

(1.) The expenditure is a merely nominal sum—somewhere about £29.

(2.) It is occupied by the Superintendent of Harbours and Pilots, who is also Captain of the Naval Brigade; and it is so occupied without charge for rent.

(3.) Alignment of Windsor Streets:—Mr. Piddington asked the Secretary for Lands, pursuant to Notice No. 3,—Is it the intention of the Government to align the streets of Windsor prior to proclaiming the Municipality; and if so, when will the work be commenced?

Mr. Wilson answered,—

(1.) Yes.

(2.) The Surveyor who has been instructed has left Sydney to commence this work.

(4.) Harbour Defences:—Mr. W. Forster asked the Secretary for Public Works, pursuant to Notice No. 4,—With reference to his questions and the answers thereto by the Hon. Secretary for Works, upon the Business Paper of 25th January, upon the subject of Defence and Fortification of the Harbour,—

Sir James Martin answered,—The first Report of the Law Reform Commission will probably be submitted shortly, together with a Bill for the consolidation and amendment of the Criminal Law, now nearly completed. That the present state of the law of this country, in denying adequate relief, remedy, or redress, in cases of infidelity to the marriage vow, is inconsistent with justice, and has necessitated application to this House for the remedy by private Bill, which should be obtainable on application to the Courts of Law.
  - (3.) That under such circumstances this House is of opinion that the Government should introduce a Bill, either this Session or early next, or at their convenience, to assimilate the law of this country in the matter of Divorce to that of England, with the important exception above stated.

(1.) Is it the intention of the Government to introduce a measure for the amendment of the law relating to Marriage?

(2.) If so, when?

(3.) Pending the introduction or passing of such a measure, what steps do the Government intend taking to remedy the grievances and difficulties alleged to have arisen, and to be constantly arising, from the operation of the existing law?

(4.) Have the Government inquired, or do they intend inquiring, into any of those cases in which the authority or jurisdiction of the Registrar General—particularly in regard to the alleged rights of persons applying to be placed upon the list of Registrars, or of persons authorized to marry—has been called in question; and is it the intention of the Government to sustain the decision of the Registrar General in all such cases?

Mr. Robertson answered,—

There is a sum of £6,000 on the Estimates that may be in some way involved in this matter, and the subject will, therefore, come under consideration when that sum is brought before the Committee of Supply.

(1.) Yes.

(2.) Not without special authority; but there is nothing to prevent their children making selections.

(2.) That, while cherishing the warmest affection for the Mother Country as well as the most devoted loyalty to Her Majesty the Queen, we can apprehend nothing but danger to this country so long as the British connection is maintained, and the British Troops withdrawn.

(3.) That, while Great Britain may at any moment be involved in war, it is incumbent upon her, so long as she holds these Colonies, to see to their proper security and defence, otherwise she involves us in a serious peril, while by her action in the withdrawal of her Troops she seems dead to this very grave responsibility.

(2.) That the present state of the law of this country, in denying adequate relief, remedy, or redress, in cases of infidelity to the marriage vow, is inconsistent with justice, and has necessitated application to this House for the remedy by private Bill, which should be obtainable on application to the Courts of Law.

(3.) That under such circumstances this House is of opinion that the Government should introduce a Bill, either this Session or early next, or at their convenience, to assimilate the law of this country in the matter of Divorce to that of England, with the important exception above stated.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 10 FEBRUARY, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) The Right Rev. Frederic Barker, D.D.:—Mr. Stewart asked the Attorney General, pursuant to Notice No. 1,—

(1.) Whether he is aware that the Registrar General has violated the 15th section of the Registration Act by including in the last published list of Registered Ministers of Religion the name of the Right Reverend Dr. Barker as resident at Bishopcourt, Sydney, when in fact that Reverend gentleman had left the Colony?

(2.) Will the Attorney General take any step to prevent similar violation of the law in future?

Sir James Martin answered,—

(1.) It is the fact that the Registrar General in the last published list inserted the name of the Right Reverend Dr. Barker as resident at Bishopcourt, although he was aware that at the time of such insertion he was absent from the Colony. He tells me that he so inserted the name because it has been his practice to write to the head, or to some officer of the various denominations for lists of Clergymen in their respective jurisdictions, and that the Bishop's name was returned in the list of the Clergy of the Church of England, and was therefore included in the published list.

(2.) There is no doubt the insertion of the Bishop's name, after he had left the Colony, was a mistake, but it will not occur again.

(2.) Post Office at Newcastle:—Mr. G. A. Lloyd asked the Secretary for Public Works, pursuant to Notice No. 2,—Is it the intention of the Government to put any sum on the Estimates for the erection of a Post Office at Newcastle?

Mr. Byrnes answered,—It is not the intention of the Government to put a sum of money on the Estimates at present for the erection of a Post Office at Newcastle.

(3.) Wages of Railway Employés:—Mr. Farnell asked the Secretary for Public Works, pursuant to Notice No. 3,—

- (4.) District Court at Grenfell:—Mr. Baker asked the Attorney General, pursuant to Notice No. 4,—Have the Government decided that a District Court shall be established at Grenfell; and if so, when it may be expected that such an establishment will be made, and the first sittings of the Court held?  
 Sir James Martin answered,—The Government has decided upon the establishment of a District Court at Grenfell, and the necessary proclamation will shortly be gazetted, but the first sittings of such Court cannot be held until after three months from the notification of the proclamation in the *Government Gazette*.
- (5.) District Court Judges and Crown Prosecutors:—Mr. Stewart asked the Attorney General, pursuant to Notice No. 5,—  
 (1.) Whether any of the District Court Judges, or Crown Prosecutors, are absent from the Colony with or without leave?  
 (2.) What are their names?  
 (3.) Is it known where they are?  
 Sir James Martin answered,—  
 (1.) Yes.  
 (2.) Mr. District Court Judge Francis, and Mr. Crown Prosecutor Forbes.  
 (3.) I believe they are both in Tasmania.
- (6.) The late Honorable Daniel Egan:—Mr. Buchanan asked the Attorney General, pursuant to Notice No. 6,—  
 (1.) Has Captain Evans, J. P., called upon the Attorney General, or Crown Solicitor, with the object of making affidavit in the case of the late Honorable Daniel Egan?  
 (2.) Has the Attorney General, or the officers under him, seen that Captain Evans has made such affidavit; if not, will the Attorney General state the reason of this?  
 Sir James Martin answered,—I did see Captain Evans, and I referred him to the Crown Solicitor, who informed him that it would be necessary, before commencing a prosecution, to be prepared with direct proof of the removal of Mr. Egan's body. The Crown Solicitor also informed him that he might proceed at once if he would make an affidavit directly charging any one with such removal. The Crown Solicitor at the same time suggested that, before making such charge, it would be better to wait the result of the further inquiries by the Police which were then being made, and Captain Evans stated that he thought so too. No further information has been obtained by the Police, nor has the Crown Solicitor since seen Captain Evans, but there is nothing to prevent that gentleman, if he is prepared to make a charge on oath before any Justice of the Peace against any one for removing the late Mr. Egan's body, having that charge at once investigated in the usual way.

 Ordered to be printed.

 Question put and passed.  
 Ordered to be printed.

 (1.) Mr. Buchanan moved, pursuant to Notice No. 3, for leave to bring in a Bill to limit the duration of all future Parliaments to three years.

 And Mr. Windeyer having produced the *Government Gazette*, and the *Sydney Morning Herald*, newspaper, containing notices for four consecutive weeks in the month of December, 1870, and the month of January, 1871, of the intention to apply for such Bill,—  
 Petition received.

## VOTES AND PROCEEDINGS

OF THE

## LEGISLATIVE ASSEMBLY.

THURSDAY, 16 FEBRUARY, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1) Pensions—Superannuation Fund:—Mr. Piddington asked the Colonial Treasurer pursuant to Notice No. 1,—

(1.) What is the total annual amount now payable as Pensions under the 27th Vict. No. 11, out of the Superannuation Fund?

(2.) What is the total annual amount of the deductions from the Salaries of Public Officers as contributions to the Superannuation Fund?

(3.) How much of the sum of £6,286 17s. 6d. upon the Supplementary Estimates for 1870 has been expended?

Mr. Lord answered,—

(1.) The annual amount of Pensions payable at this date is	... ..	£17,545	0	0
The annual amount of Pensions authorised for officers who have not yet retired is	... ..	1,746	6	8

Total	... ..	£19,291	6	8
-------	--------	---------	---	---

(2.) Total deductions from Salaries in 1870 ... .. £9,676 0 0

(3.) No portion of this amount has been expended.

(2.) Industrial School at Newcastle:—Mr. Farnell, on behalf of Mr. Buchanan, asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Is it true that some of the girls at the Newcastle Industrial School have had their hair cut off as a punishment?

(2.) Is it true that those girls are liable to, and some of them have been chastised or flogged with a cane?

(3.) If this is true, on whose authority is it done, and will the Colonial Secretary take measures to prevent its repetition?

Mr. Robertson answered,—

(1.) Such has been the case.

(2.) At least one of them was flogged many months ago, but my predecessor, Mr. Cowper, cautioned the Superintendent on the subject.

(3.) I cannot find any definite authority. The Superintendent appears to rely on a letter from the Colonial Secretary, dated 12th September, 1867, which letter does not appear to me to justify him. In regard to the other branch of the question, which is, whether I will take measures to prevent the repetition of such an act, I desire to say that so long back as the 10th January last, I referred a letter from the Superintendent of the Institution to the Inspector of Public Charities, desiring that officer to proceed to Newcastle, for the purpose of inquiring into the management of the Institution, and on the 14th January that gentleman reported to me a state of things which seemed to me to be very objectionable indeed. It was only fair to the Superintendent that he should have an opportunity of answering the report, which he had, and on the 28th of January he replied to it. That rejoinder seemed to me to require further communication with the Inspector of Charities, and I received his reply on the 9th of February. I have no hesitation in saying that in this, and in some other even more objectionable regards, I have much reason to feel dissatisfied with the conduct of the Superintendent, and that the question as to whether he shall remain in the public service is now under consideration of the Government.

(3.)

(3.) Wages of Railway Employés:—Mr. Brookes asked the Secretary for Public Works, pursuant to Notice No. 3,—

(1.) Whether, in the event of the proposed scheme of reduction in the wages of the men employed in the Railway Department being rejected by this House, the rate of wages previously paid will continue to be paid?

(2.) Will the said employés be paid on the former scale of wages for the interval between the notice for reduction and the decision of Parliament or otherwise?

Mr. Byrnes answered,—It is impossible to answer these questions at present.

(4.) Wages of Railway Employés:—Mr. Hoskins asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) What was the rate of daily wages the Government paid to the Engine-drivers, Firemen, Engine-cleaners, Permanent way Labourers, Guards, and Porters, during the month of January, 1871?

(2.) What is the rate of daily wages the Government have paid, or have engaged to pay, the same classes of Railway employés during the month of February, 1871?

Mr. Byrnes answered,—The answer to these questions will be found in a Return which I shall presently lay on the Table.

(5.) Belmore Bridge—Claim of Mr. Francis Bell:—Mr. Dodds asked the Secretary for Public Works, pursuant to Notice No. 5,—When will the amount offered by the Government to Mr. Francis Bell in liquidation of his claim for his contract for the Belmore Bridge, West Maitland, be paid?

Mr. Byrnes answered,—As soon as Parliament places the amount required at the disposal of the Government. A portion of the amount can be paid at once, from the balance unexpended of the vote for West Maitland Bridge.

  - (3.) That, while Great Britain may at any moment be involved in war, it is incumbent upon her, so long as she holds these Colonies, to see to their proper security and defence, otherwise she involves us in a serious peril, while by her action in the withdrawal of her Troops she seems dead to this very grave responsibility.

That the present state of the law of this country, in denying adequate relief, remedy, or redress, in cases of infidelity to the marriage vow, is inconsistent with justice, and has necessitated application to this House for the remedy by private Bill, which should be obtainable on application to the Courts of Law.
  - (3.) That under such circumstances this House is of opinion that the Government should introduce a Bill, either this Session or early next, or at their convenience, to assimilate the law of this country in the matter of Divorce to that of England, with the important exception above stated.

  - (3.) That, while Great Britain may at any moment be involved in war, it is incumbent upon her, so long as she holds these Colonies, to see to their proper security and defence, otherwise she involves us in a serious peril, while by her action in the withdrawal of her Troops she seems dead to this very grave responsibility.

  - (2.) That the present state of the law of this country, in denying adequate relief, remedy, or redress, in cases of infidelity to the marriage vow, is inconsistent with justice, and has necessitated application to this House for the remedy by private Bill, which should be obtainable on application to the Courts of Law.
  - (3.) That under such circumstances this House is of opinion that the Government should introduce a Bill, either this Session or early next, or at their convenience, to assimilate the law of this country in the matter of Divorce to that of England, with the important exception above stated.

TUESDAY, 7 MARCH.

OTHER BUSINESS—NOTICES OF MOTIONS.

1. MR. BUCHANAN to move,—
  - (1.) That, in the opinion of this House, the conduct of the British Government in withdrawing all its Troops from this country implies an intention to leave us without British assistance in the event of Great Britain being involved in war.
  - (2.) That, while cherishing the warmest affection for the Mother Country as well as the most devoted loyalty to Her Majesty the Queen, we can apprehend nothing but danger to this country so long as the British connection is maintained, and the British Troops withdrawn.
  - (3.) That, while Great Britain may at any moment be involved in war, it is incumbent upon her, so long as she holds these Colonies, to see to their proper security and defence, otherwise she involves us in a serious peril, while by her action in the withdrawal of her Troops she seems dead to this very grave responsibility.
  - (4.) That the Government of New South Wales should at once ascertain the intentions of the British Government on this head, and obtain from the authorities in England a clear statement of their readiness and willingness, in the event of England being involved in war, to undertake such a share in the defence of this country as our relationship and political connection imperatively demand.
  - (5.) That the foregoing Resolutions be communicated by Address to His Excellency the Governor.
2. MR. BUCHANAN to move, That, in the opinion of this House, the Government should dissolve the Gold Fields Commission, appointed on the 6th of June last, without delay.
3. MR. BUCHANAN to move,—
  - (1.) That, in the opinion of this House, the law of this country in reference to Divorce should be assimilated to the law of England and the adjacent Colonies, with the exception of that part of the English Divorce Law which denies to the woman equal rights to those of the man.
  - (2.) That the present state of the law of this country, in denying adequate relief, remedy, or redress, in cases of infidelity to the marriage vow, is inconsistent with justice, and has necessitated application to this House for the remedy by private Bill, which should be obtainable on application to the Courts of Law.
  - (3.) That under such circumstances this House is of opinion that the Government should introduce a Bill, either this Session or early next, or at their convenience, to assimilate the law of this country in the matter of Divorce to that of England, with the important exception above stated.
  - (4.) That the above Resolutions be communicated by Address to His Excellency the Governor.
4. MR. BROOKES to move, That this House will, on Friday next, resolve itself into a Committee of the Whole to consider the desirability of presenting an Address to the Governor, praying that His Excellency will be pleased to cause to be placed on the Supplementary Estimates for 1870 the sum of £9,000, for the construction of a main road to the various Townships of Pitt Town, Waratah, Old Lambton, New Lambton, Wallsend, Platsburg, and Brookes Town, situate in the Mining District of the Electorate of Northumberland.

No. 89.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 22 FEBRUARY, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Resident Gold Commissioner for Braidwood:—Mr. Greville asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Is he aware that serious inconvenience has arisen to Gold Miners in the district of Braidwood from the difficulty of obtaining the adjudication of the local Benches of Magistrates on their disputes?

(2.) Is it the intention of the Government to appoint a resident Gold Commissioner for that district?

Mr. Wilson answered,—

(1.) I am not aware that serious inconvenience has arisen to the Gold Miners in the district of Braidwood, from the difficulty of obtaining adjudication on their disputes.

(2.) It is not the intention of the Government to appoint a resident Gold Commissioner for that district, there being a resident Magistrate at Araluen.

- (2.) Printing for Council of Education:—Mr. Greville asked the Colonial Treasurer, pursuant to Notice No. 2,—

(1.) Has the attention of the Government been drawn to the circumstance that the tender of the Government Printer for printing for the Council of Education was £552 18s. 2d., or 95 per cent. advance on the accepted tender of Messrs. J. Sands & Co., which was for £283 10s. 10d.?

(2.) Is it the intention of the Government to resort more extensively than hitherto to the practice of getting printing for the Public Service done by the tender and contract system, in preference to getting it done at the Government Printing Office?

Mr. Lord answered,—

(1.) The Government Printer never tendered for the Printing for the Council of Education; though in a return recently presented to the Assembly it is erroneously stated that he did. In 1867, immediately after the Council of Education was established, a large quantity of urgent printing was done for it in the Government Printing Office. Mr. Sands's contract is only for a small portion, and commenced in 1870. No comparison of prices can therefore be made without going into the whole matter. The figures quoted in the return in question as the Government Printer's charges, are much in excess of the cost of the work—they are in fact incorrect.

(2.) It is not at present intended to extend the contract system for printing; because it is believed that the appliances at the command of the Government Printer enable him to perform work as well and as reasonably as it could be done by tender, if not more so.

(3.)

(3.) Removal of a passenger from a Railway Train:—Mr. S. Brown asked the Secretary for Public Works, pursuant to Notice No. 3,—Under what circumstances, and by virtue of what regulation, was a gentleman turned out of a Special Train, starting on Monday last from Goulburn to Sydney, after he had paid his fare and taken his seat?

Mr. Byrnes answered,—A ticket was obtained by a gentleman from the Station master, by means of some misrepresentation, whether intentional or not I cannot say. So soon as the mistake was discovered, the person who obtained the ticket was informed that it was contrary to the regulations to issue tickets for special trains, and that he could not therefore go in the special train in question.

(4.) Railway Accounts:—Mr. Samuel asked the Secretary for Public Works, pursuant to Notice No. 4,—What amount was due and uncollected on account of the Railways on the 31st December, 1870?

Mr. Byrnes answered,—£11,978 11s.

(5.) Railway to Scone:—Mr. Buchanan asked the Secretary for Public Works, pursuant to Notice No. 5, When will the Railway be open to Scone for traffic?

Mr. Byrnes answered,—About the middle of next month.

*Mr. Hoskins not asking Question No. 6, it dropped.*

(6.) Case of William Lorando Jones:—Mr. W. Forster asked the Attorney General, pursuant to Notice No. 7,—

(1.) Has the attention of the Government been drawn to the case of William Lorando Jones, lately convicted at the Quarter Sessions, Parramatta, of what appears to be legally known as “blasphemy,” and sentenced for the said offence to two years imprisonment, and a fine of £100?

(2.) If so, what steps have the Government taken, or do they intend taking, in the matter, with a view to mitigate any injustice done, or undue severity inflicted, as well as to prevent any such proceeding in future, and in particular to deprive Courts of Law of the power of adopting extraordinary means to check the spread of what a Judge may be pleased to consider infidelity?

Sir James Martin answered,—

(1.) My attention has not been drawn to this conviction and sentence otherwise than by the report of the trial in the newspapers.

(2.) The Government are not at present in a position to take any steps in this matter. I gather from the newspaper report that some point has been reserved for argument before the Supreme Court, in which case there will probably be a judicial decision on such point in about a fortnight. In the event of the conviction being upheld by the Supreme Court, or the point reserved being abandoned, His Excellency the Governor will doubtless consider the propriety of mitigating the sentence, if a petition asking for such mitigation should be presented to him. What advice my colleagues and myself may feel called upon to give His Excellency in reference to such mitigation, it would at present be irregular and improper for me to disclose. The Courts of law cannot be deprived of any powers which they now have, except by Act of Parliament. Should any of them arrogate to themselves powers which they do not legally possess, the superior tribunals can correct and restrain them.

(7.) Base Line for Trigonometrical Surveys:—Mr. W. Forster asked the Secretary for Lands, pursuant to Notice No. 8,—

(1.) Has the laying down of a base line for trigonometrical surveys at Lake George been abandoned by the Government, permanently or otherwise?

(2.) If so, under what circumstances?

(3.) What has been the total cost of the work hitherto, what time has been occupied upon it altogether, and how many men upon an average have been employed?

(4.) If the work be only temporarily abandoned, when is it likely to be resumed?

Mr. Wilson answered,—

(1 and 2.) No; the work was originally under the superintendence of the Astronomer, Mr. Smalley, but since the death of that gentleman the Surveyor General has been prosecuting the work.

(3 and 4.) In the absence of the Surveyor General, who is at present at Lake George, it is impossible to answer these questions.

(8.) Stamp Duties Act:—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice No. 9,—What amount was due and payable to the Government at the end of 1870 under the provisions of the Stamp Duties Act?

Mr. Lord answered,—

Probate Duty	...	...	...	...	...	...	...	...	...	£143	0	0	
Administration Duty	...	...	...	...	...	...	...	...	...	79	10	0	
											£222	10	0

It is impossible to arrive at a correct estimate of the amount absolutely due to the Government on the outstanding estates, in consequence of the duty varying from one to ten per cent., and the value of the real estate not being disclosed till the accounts are rendered, which in many instances exceeds the personalty.

(9.) Sydney Branch Royal Mint:—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice No. 10,—What amount is estimated as due by the Imperial Government to this Colony for money paid in excess of the actual expenditure for the Sydney Branch of the Royal Mint?

Mr. Lord answered,—By Despatch received last mail, the amount admitted to be due by the Imperial Government to the Colony on 24th December, 1870, was £7,959 12s. 8d.

*Mr. R. Forster not asking Question No. 11, it dropped.*

2. Paper:—Mr. Robertson laid upon the Table, Return to an Order, in reference to “Areas of Municipalities,” made by the Legislative Assembly, on motion of Mr. W. Forster, on 14th October, 1870.

Ordered to be printed.

3. St. Andrew's Parsonage Sale Bill ("Formal" Motion):—Mr. Allen moved, pursuant to Notice No. 1,—
- (1.) That the Bill to authorize the sale of St. Andrew's Parsonage in the City of Sydney, be referred to a Select Committee for consideration and report.
  - (2.) That such Committee consist of the following Members, viz.,—Mr. S. Brown, Mr. Clarke, Mr. Dodds, Mr. Farnell, Mr. King, Captain Onslow, Mr. Stewart, Mr. Stephen, and the Mover.
- Question put and passed.
4. Ways and Means:—The adjourned Debate, on the motion of Mr. Lord, "That" the Speaker do now leave the Chair,—
- Upon which Mr. Samuel had moved, as an amendment, the omission of all words after the word "That," with a view of inserting in their place the following words:—
- "(1.) The Estimates of expenditure for 1871, as submitted, are unsatisfactory, and ought to be withdrawn.
  - "(2.) That in any reconstruction of the Estimates this House is of opinion,—
    - "(1.) That the Salaries and Wages of Civil Servants, and of Mechanics and other labourers employed by the Government, ought to be readjusted upon a more equitable basis.
    - "(2.) That provision should be made for improved internal communication.
    - "(3.) That provision should be made for the settlement of claims and liabilities, and for the protection of vested interests arising out of the Superannuation Question, and a Bill introduced forthwith for this purpose,"—
- resumed and continued.

And the House continuing to sit until after Midnight,—

THURSDAY, 23 FEBRUARY, 1871, A.M.

On motion of Mr. Farnell, Debate adjourned (after Debate) until a later hour of the day.

  - (3.) That under such circumstances this House is of opinion that the Government should introduce a Bill, either this Session or early next, or at their convenience, to assimilate the law of this country in the matter of Divorce to that of England, with the important exception above stated.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

WEDNESDAY, 1 MARCH, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Road from Prospect to Smithfield:—Mr. Lackey asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Has the road from Prospect to Smithfield been proclaimed and marked out?

(2.) Is it the intention of the Government to open it for traffic; if so, when?

Mr. Wilson answered,—Mr. Surveyor Knapp has been instructed to report on the cost of fencing, and on the present necessity for the road being opened, the opening having been postponed in 1865 owing to the cost of fencing.

(2.) Amendment of the Land Law:—Mr. Fraser asked the Secretary for Lands, pursuant to Notice No. 2,—

(1.) Is it the intention of the Government, in the event of their being in power at the commencement of the next Session of Parliament, to introduce a measure for the purpose of carrying into effect the following Resolution of this House, adopted on the 25th day of November, 1870, viz.:—

“That this House is of opinion, that it is highly desirable that the upset price of Crown Lands at auction should be reduced, and that a Bill or Bills for this purpose, as well as with a view to offer increased facilities for the settlement and improvement of the country, should be introduced with as little delay as possible.”

(2.) Is it their intention to introduce any other material alteration in the present Land Law; and if so, to what effect?

Mr. Wilson answered,—

(1.) A Bill substantially of that character will be introduced next Session, if the Government should be then in office.

(2.) The Honorable Member is, I am sure, aware of the difficulties and complications of the question, and will therefore pardon me if I say that the Government will have various matters to consider, and that the advantage of postponing the measure till next Session will be obvious. Every consideration will be given to it during the recess of Parliament. I may say that, so far as the principles of the Bill are concerned, no great change will take place.

(3.) Land resumed for Railway Purposes:—Mr. S. Brown asked the Secretary for Public Works, pursuant to Notice No. 3,—

(2.) No; payment will be made as soon as the Conveyance (the draft of which is in the hands of Mrs. Stinson's Solicitor for perusal) is completed.

I may mention that a claim in this case was made and entertained in 1859. An offer was made by the Government at that time, which claimant allowed to remain in abeyance until January, 1870, when she made a fresh claim, which was acceded to in April, 1870. Mrs. Stinson was so informed at the time, and requested to forward Abstract of Title, which however was not received till November last.

(4.) The late Honorable Daniel Egan:—Mr. Buchanan asked the Attorney General, pursuant to Notice No. 4,—

(1.) Is it true that Captain Evans, J.P., waited upon the Crown Solicitor a short time ago, and, in reference to the removal of the body of the late Postmaster General, expressed his readiness to make affidavit to the effect that the Vicar General of the Roman Catholic Church said in his presence and hearing—"we ordered it to be done;" that the Crown Solicitor would not take an affidavit to this effect from Captain Evans, but asked him to make affidavit that the Vicar General of the Roman Catholic Church did remove the body?

(2.) Will the Attorney General state to the House what the authorities have done in the matter, and what they are doing, and whether they intend to increase the reward for the discovery and apprehension of the perpetrator or perpetrators of this very grave offence?

(3.) Is it the intention of the Government, without further delay, to convey the remains of the late Postmaster General back to their original resting place, with the usual accompaniments of respect? Sir James Martin answered,—

(1.) The Crown Solicitor informs me that he did not at any time ask Captain Evans to make an affidavit that the Vicar General, or any other person, removed the body of the late Mr. Daniel Egan. He further states that he prepared two forms of information, either of which Captain Evans might have used if he had thought fit, and handed the same to him for perusal. He adds that, a day or two afterwards, Captain Evans called upon him and again stated that he was willing to make an affidavit that the Vicar General told him, "We did it," when the Crown Solicitor told Captain Evans that, if he believed that statement, he could not understand why he had not made use of one of the forms of information he had handed to him, which merely set out that he had just cause for suspecting and believing that some person (to be named by him) had committed the offence, to which he replied, that "he would not take upon himself to say that he suspected any persons, as, if he did, they might proceed against him," and he then left.

(2.) The police have made inquiries in all quarters where it was probable that information might be obtained. The Government have not determined to increase the reward.

(3.) The Government do not know where the remains of the late Postmaster General now are. If they had such knowledge, they do not consider that it is within their power, or, if within their power, that it is any part of their duty as responsible Ministers to convey those remains back to their original resting place. If they did consider that they had such power, and that any such duty was imposed upon them, they think that they would still be unable to perform it with "the usual accompaniments of respect," if by those words some religious ceremony, gone through by a Roman Catholic Priest, is to be understood. No member of the Ministry has yet been ordained as a Priest by a Roman Catholic Bishop, and the Ministry have no power to compel any Roman Catholic Priest to perform the suggested re-interment with the usual or with any other accompaniment of respect.

(5.) Mr. George Cowdrey—Railway Trial Surveys:—Mr. Sutherland asked the Secretary for Public Works, pursuant to Notice No. 5,—

(1.) The date of the notice to Mr. George Cowdrey, surveyor, that his services would be dispensed with?

(2.) The names of all officers employed on Trial Surveys, where employed, and what salaries and allowances in each case?

(3.) The name of each officer whose services have been dispensed with, and date of same; the salaries and allowances paid, and from what fund?

(4.) The probable time required to complete the Trial Surveys on each line; and if the salaries are paid from Loan, the amount of interest on same, in each case?

Mr. Byrnes answered,—

(1.) 1st December, 1870.

(2.) There are no officers employed on Trial Surveys.

(3.) Mr. Jamieson	...	...	...	...	£300 Salary	£200 Allowance.
Mr. Kennedy	...	...	...	...	300 "	200 "
Mr. Palmer	...	...	...	...	300 "	200 "
Mr. Mann	...	...	...	...	300 "	200 "
Mr. Melrose	...	...	...	...	300 "	200 "
Mr. Francis	...	...	...	...	300 "	200 "

Messrs. Mann, Melrose, and Francis, were employed temporarily in the office when notice was given that their services were to be dispensed with, and while so employed received no field allowance.

The services of the above named gentlemen were dispensed with on 31st January, 1871; their salaries were paid from Vote for Trial Surveys (Loans.)

(4.) From Yass to Albury, and from Murrurundi to Tamworth, about 15 months. Supposing each Surveyor to receive the full salary and allowance (£500 per annum) the interest in each case would be, at 5 per cent, £25 per annum; in all £150 per annum.

2. Assent to Consolidated Revenue Fund Bill (No. 2):—The following Message from His Excellency the Governor was delivered by Mr. Lord, and read by the Speaker:—

BELMORE,

Petition received.

4. St. Andrew's Parsonage Sale Bill :—Mr. Windeyer presented a Petition from certain Parishioners of Saint Andrew's, in the City of Sydney, against the passing of this Bill.

6. Ways and Means :—On the Order of the Day for the resumption of the Committee of Ways and Means being read,—  
Mr. Lord moved, "That" the Speaker do now leave the Chair,—  
And Mr. W. Forster not moving the contingent amendment standing in his name on the Notice Paper,—  
And Mr. S. Brown proceeding to move the contingent amendment standing in his name,—  
Mr. W. Forster requested the ruling of the Speaker, whether the proposed amendment was in order, as referring indirectly to certain financial proposals of the Government now under consideration, but not yet reported upon, by the Committee of Ways and Means.  
Debate ensued.  
The Speaker said that the proposed amendment would be irregular if it were intended to refer to proposals now under the consideration of the Committee of Ways and Means; and in any debate that might arise thereon, the restrictions imposed by Parliamentary usage must be complied with,—and directed the attention of the House to the practice of the House of Commons respecting amendments on going into Committee of Supply, or of Ways and Means, as laid down in May, 6th Edition, p.p. 556-7.  
Mr. S. Brown then moved, pursuant to Contingent Notice, That the Question be amended by omitting all the words after the word "That," with a view to inserting in their place the words "this House does not approve of the Financial propositions of the Government."  
Debate ensued, and, on motion of Mr. Samuel, adjourned until To-morrow.  
The House adjourned, on motion of Sir James Martin, at thirteen minutes before Eleven o'clock, until To-morrow, at Three o'clock.

W. M. ARNOLD

## OTHER BUSINESS—NOTICES OF MOTIONS:—

1. MR. BUCHANAN to move,—
  - (1.) That, in the opinion of this House, the conduct of the British Government in withdrawing all its Troops from this country implies an intention to leave us without British assistance in the event of Great Britain being involved in war.
  - (2.) That, while cherishing the warmest affection for the Mother Country as well as the most devoted loyalty to Her Majesty the Queen, we can apprehend nothing but danger to this country so long as the British connection is maintained, and the British Troops withdrawn.
  - (3.) That, while Great Britain may at any moment be involved in war, it is incumbent upon her, so long as she holds these Colonies, to see to their proper security and defence, otherwise she involves us in a serious peril, while by her action in the withdrawal of her Troops she seems dead to this very grave responsibility.
  - (4.) That the Government of New South Wales should at once ascertain the intentions of the British Government on this head, and obtain from the authorities in England a clear statement of their readiness and willingness, in the event of England being involved in war, to undertake such a share in the defence of this country as our relationship and political connection imperatively demand.

  - (2.) That the present state of the law of this country, in denying adequate relief, remedy, or redress, in cases of infidelity to the marriage vow, is inconsistent with justice, and has necessitated application to this House for the remedy by private Bill, which should be obtainable on application to the Courts of Law.
  - (3.) That under such circumstances this House is of opinion that the Government should introduce a Bill, either this Session or early next, or at their convenience, to assimilate the law of this country in the matter of Divorce to that of England, with the important exception above stated.
  - (4.) That the above Resolutions be communicated by Address to His Excellency the Governor.
4. MR. BROOKES to move, That this House will, on Friday next, resolve itself into a Committee of the Whole to consider the desirability of presenting an Address to the Governor, praying that His Excellency will be pleased to cause to be placed on the Supplementary Estimates for 1870 the sum of £9,000, for the construction of a main road to the various Townships of Pitt Town, Waratah, Old Lambton, New Lambton, Wallsend, Platsburg, and Brookes Town, situate in the Mining District of the Electorate of Northumberland.
5. MR. BUCHANAN to move, That, in the opinion of this House, the Government should introduce a Bill to reduce the Salaries of future Governors of this Colony to £5,000.
6. MR. W. FORSTER to move, That this House will, on Friday next, resolve itself into a Committee of the Whole, to take into consideration the Petition of 465 Electors of the Police District of Macleay, in the Electoral District of the Hastings, presented to this House on Wednesday, January 25, and ordered

ordered to be printed on Friday, January 27, taking exception to the decision of the Committee of Elections and Qualifications, by which the Seat of Mr. Horace Dean was declared vacant, and Mr. R. B. FORSTER to move, That this House will, on Friday next, resolve itself into a Committee of the Whole to consider the Petition of John Gale, of Queanbeyan, Newspaper proprietor, relative to the postal charge upon the carriage of Newspapers, presented to this House on 1st March, with a view to a more equitable adjustment of the said charge.

ORDER OF THE DAY:—

- (2.) Case of Joseph Clarence Ross :—Mr. Smith asked the Attorney General, pursuant to Notice No. 2,—
- (1.) Whether inquiry has been made into the decision pronounced by the Police Magistrate, Captain Scott, in the case of J. C. Ross, charged with setting fire to his premises in Market-street?
- (2.) If so, what is the result of such inquiry?
- Sir James Martin answered,—About a month ago I read through the very voluminous depositions taken in this case, and came to the conclusion that there existed no reason for ordering any further investigation, or taking any further steps in the matter.
- (3.) Discharge of Sewerage into the Harbour :—Mr. Leary asked the Secretary for Public Works, pursuant to Notice No. 3,—
- (1.) Are the Government aware of the serious injury that is likely to arise from the sewerage flowing into the Harbour of Port Jackson?
- (2.) If so, do they intend to take any action in this matter?
- Mr. Byrnes answered,—
- (1.) This matter has been frequently brought under the notice of the Government by the Engineer-in-Chief for Harbours and Rivers, and repeated applications have been made to the City Corporation to adopt proper means to arrest the discharge of silt into the Harbour, but without any beneficial result.
- (2.) The Government has now the matter under its consideration, and should it have power to compel the Corporation to adopt means to remedy the evil, Legislative action will be sought in regard to it. I hold in my hand a list of some thirteen communications which have been made to the City Corporation with regard to this matter.
- (4.) Unproclaimed Gold Fields :—Mr. Baker asked the Secretary for Lands, pursuant to Notice No. 4,—
- (1.) Are the Government aware that there are several small Gold Fields unproclaimed as such, and that the Gold Miners are suffering much inconvenience thereby, particularly in consequence of selections of land being made on such unproclaimed Gold Fields under the 13th clause of the Land Act instead of under the 14th clause?
- (2.) Do the Government intend taking steps to proclaim the small Gold Fields at present unproclaimed?

Mr.

Mr. Wilson answered,—

(1.) There are several localities where a few Miners are at work which have not been proclaimed as Gold Fields, but I am not aware that the Miners have suffered much inconvenience from selections having been made in such localities.

(2.) Reports have been requested from the Gold Commissioners as to the propriety of making additional reserves on some of the localities indicated.

(5.) Importation of Orange Trees :—*Mr. Farnell*, on behalf of Mr. Tunks, asked the Secretary for Lands, pursuant to Notice No. 5,—

(1.) Were the Orange Trees referred to in the answer to Question No. 7, of date the 31st January last, sent to this Colony at the request of Mr. Moore by Don José Do Canto, from St. Michael's, at the Azores, on Mr. Moore's private account, or were they forwarded to the Botanic Gardens for public purposes?

(2.) What was the date of their importation?

(3.) Were they accompanied with any statement of the result of Don José Do Canto's inquiries into the orange tree disease, as promised by that gentleman to Mr. Moore at Paris?

(2.) They were imported in August, 1868.

(3.) They were not accompanied by any statement of the result of Señor José Do Canto's inquiries into the orange disease, but at a subsequent period that gentleman wrote a letter to Mr. Moore on the subject, the contents of which were made known to the public through the press.

(6.) Floods Prevention in Hunter River District :—*Mr. Lee* asked the Colonial Secretary, pursuant to Notice No. 6,—

(1.) Have the Government considered the Report of the Commissioners appointed to inquire into Floods prevention in the Hunter River District?

(2.) If so, do they intend taking any action, by legislation thereon, to assist and compel owners of property to perform such works as might mitigate the disastrous effects of these floods upon the town of West Maitland, as well as the district?

*Mr. Robertson* answered,—The Honorable Member is no doubt aware of the great importance of the report to which he has alluded, and he will have, I dare say, in his mind the last two paragraphs of that report. I have always been most anxious about this matter, and incurred some expense without the authority of Parliament in furtherance of the objects of the Commission, but it has been a question whether the Government should take special steps for the protection of a private town. I can however promise the Honorable Member that I will bring the subject before the Government at as early a date as possible.

(7.) Petition of Charles Brook :—*Mr. Buchanan* asked the Attorney General, pursuant to Notice No. 7,—

(1.) Has the Government received a Petition from one Charles Brook, complaining of illegal treatment received by him at the hands of the Ulladulla Bench, and praying for redress of the same?

(2.) Is it the intention of the Government to cause an inquiry to be made into the conduct of the Ulladulla Bench in reference to the complaint of Charles Brook?

(3.) Will the Government lay the Petition in question before the House?

Camperdown Cemetery Trust Bill :—*Mr. Windeyer*, as Chairman, brought up the Report from, and laid upon the Table the Minutes of Proceedings of, and of Evidence taken before, the Select Committee for whose consideration and report this Bill was referred, on 21st February, 1871, together with Appendix.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 7 MARCH, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Public Schools:—Mr. Leary asked the Colonial Secretary, pursuant to Notice No. 1,—

- (1.) What sums of money have been expended by the Council of Education on the various schools throughout the Colony?
- (2.) The date on which each sum was advanced?
- (3.) The locality in which each school aided by the Council of Education is situated?
- (4.) The character of the school—whether Public or Denominational—and where Denominational, the particular denomination of each school?

Mr. Robertson answered,—I must ask for the postponement of this question for a short time. I shall most likely be in a position to give the Honorable Member an answer next week.

- (2.) Amendment of the Marriage Law:—Mr. W. Forster asked the Colonial Secretary, pursuant to Notice No. 2,—With reference to his question and the answers thereto by the Hon. the Colonial Secretary on the Business Paper of Wednesday, February 8, relative to certain cases in which the authority or jurisdiction of the Registrar General, particularly in regard to the alleged rights of persons applying to be placed upon the list of Registrars, or of persons authorised to marry, has been called in question,—

- (1.) What is the result of the Colonial Secretary's conference with the Registrar General?
- (2.) What decision has been arrived at by the Government after having taken the matter into consideration?

Mr. Robertson answered,—I must also ask that this question be postponed. The Government have been very much involved in other business, and have not been able to deal with this matter.

- (3.) Wallsend Railway Line:—Mr. Brookes asked the Secretary for Public Works, pursuant to Notice No. 3,—

- (1.) The number of passengers carried to and from Newcastle, on the Wallsend line of Railway, for the six months ending 31 December, 1870?
- (2.) The quantity of goods traffic (including coal) for the same period?
- (3.) The total amount of revenue received during the period named for goods and passenger traffic (coal included)?
- (4.) The average number of trains per day passing to and fro between Wallsend and Newcastle?
- (5.) The average running miles per day to and fro performed by each locomotive employed in this traffic between Wallsend and Newcastle?

Mr.

Mr. Byrnes answered,—

(1.)	9,652½.								
(2.)	Goods ... ..					tons.	cwt.	qrs.	
	Coal and Coke ... ..					1,199	12	0	
						116,492	17	1	
									117,692 '9 1
(3.)	Passengers ... ..					£491	16	0	
	Coal and Coke ... ..					5,844	13	0	
	Goods ... ..					431	7	6	
									£6,767 16 6

(4.) Five.

(5.) 114 miles; only one engine employed.

(4.) Sheriff's Bailiff at Parramatta (Mr. John Taylor):—Mr. Brookes asked the Attorney General, pursuant to Notice No. 4,—

(1.) Whether any complaint has been made to the Government relative to the conduct of the Sheriff's Bailiff (Mr. John Taylor) at Parramatta, during the recent municipal elections of that municipality; and if so, what action does the Government intend taking in the matter?

(2.) Is the Government aware that the said John Taylor, whilst holding the office of Sheriff's Bailiff at Parramatta, also carries on the business of a house and estate agent, of auctioneer and money lender, and that he also acts in the capacity of paid correspondent of the *Sydney Morning Herald*, as well as Accountant to the Savings Bank?

(3.) Is it in accordance with the rules and regulations of the Public Service that a salaried officer of the Government shall be allowed to follow the several occupations herein referred to?

Sir James Martin answered,—

(1.) A complaint of this character was, on the 4th February last, made to me by Mr. John Good, of Parramatta, but I did not consider it necessary to take any steps in reference to such complaint. I am informed by the Sheriff that Mr. Taylor has stated to him that he took an active part in the elections referred to, conceiving that as a ratepayer he was entitled to do so. On Mr. Taylor's appointment he was required to give up the business of an auctioneer, but was permitted, with my sanction, as Attorney General, to continue to act as agent for certain house and land proprietors, for whom he represented that he had so acted for a long time; and also to retain his post as accountant of the Savings Bank. The question of his being permitted to act as correspondent for a newspaper was never raised. In December, 1868, Mr. Taylor was told, in answer to an application made by him for permission to act as auctioneer, "that his request could not be complied with, and that the same objection applied to any form of business for the public."

(2.) The Sheriff informs me that Mr. Taylor states that he has "not acted in the capacity of auctioneer (other than at Sheriff's sales) since he received the permanent appointment," that he is "not a money lender," and that he is nominally a correspondent to the *Sydney Morning Herald*.

(3.) The Sheriff further informs me that he has received no complaint or representation with respect to these avocations of Mr. Taylor. The one last named is, I think, inconsistent with his position as a salaried officer of the Government, and he will be instructed to abandon it.

(5.) Railway Sheds:—Mr. Sutherland asked the Secretary for Public Works, pursuant to Notice No. 5,—

(1.) What is the balance unexpended on vote of £12,000 for constructing Railway Sheds?

(2.) What is the amount expended on each work from that vote?

(3.) Is the £124 now on the Supplementary Estimates required to complete the Sheds at Penrith?

Mr. Byrnes answered,—

(1.) Nil.

(2.)	New Engine Shed, Honeysuckle Point ... ..	£426	8	10
	Goods Shed, Newcastle ... ..	1,610	1	1
	Goods Shed and Sheep Wharf, Waratah ... ..	143	12	7

£12,172 16 9

(3.) Yes.

(6.) Mr. Liardet, formerly Secretary to the Necropolis:—Mr. W. Forster asked the Secretary for Lands, pursuant to Notice No. 6,—

(1.) Has Mr. Liardet, formerly Secretary to the Necropolis, proffered any claim to the Government for payment of salary, or for money on account of services of any sort?

(2.)

- (2.) If so, does the Government admit, in any degree, the justice of the claim?  
 (3.) Is it the intention of the Government to pay Mr. Liardet; and when?

Mr. Wilson answered,—

(1.) Mr. Liardet, late Secretary to the Necropolis, has made two claims, one for £62 10s., being arrears of salary, and also a claim for £515 15s., being an additional £250 per annum, said to have been promised to him, but of which there is no record.

(2.) The late Government decided that the £62 10s., for which provision has been made on the Supplementary Estimates, should be paid Mr. Liardet, after deducting £45 8s. 9d., the amount of the deficiency found to occur after investigation of the accounts in the Necropolis Office.

(3.) The present Government see no reason to alter the decision arrived at by the late Government.

- (7.) Mr. Freeman, late of the Lands Department:—Mr. W. Forster asked the Secretary for Lands pursuant to Notice No. 7,—

(1.) Has Mr. Freeman, lately a clerk in the Lands Department, been a defaulter in the matter of any public moneys, or failed to account for any such moneys entrusted to him, by or for the Government?

(2.) If so, to what extent, and under what circumstances?

(3.) What steps have the Government taken, or do they intend taking, in the matter?

Mr. Wilson answered,—Mr. Freeman is not known to be a defaulter in the matter of any public moneys, but since 1867, sums amounting to in all £50, for incidental expenses, have been advanced to Mr. Freeman, for which vouchers have not been received. An investigation into these accounts is now being made.

- (8.) Grants of Land to Volunteers:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 8,—Are volunteer cadets after the usual term of service, being the number of years served by the ordinary volunteers, supposed to get a grant of land from the Colonial Government; and if this is not the case, will the Colonial Secretary state the reason why?

Mr. Robertson answered,—They are not. The reason is, that the law does not so provide.

*Mr. Farnell not asking Question No. 9, it dropped.*

- (9.) Wallsend Railway Line:—Mr. Brookes asked the Secretary for Public Works, pursuant to Notice No. 10,—

(1.) Whether it has come to the knowledge of the Hon. the Minister for Public Works, that the inhabitants of Wallsend, Newcastle, and the surrounding neighbourhood, are desirous of having a train put on the Wallsend line, to run to and fro at a fixed period each day (Sundays excepted), for the convenience and accommodation of passengers; and if so, when is it the intention of the Minister to commence operations?

(2.) Is it the intention of the Government to provide a suitable platform for the convenience of passengers at the Wallsend Station; and if so, when?

Mr. Byrnes answered,—

(1.) The question of having a daily passenger train on the Wallsend Line appears to have been brought under the attention of the late Secretary for Public Works, who directed inquiries to be made; but the proposal was not favourably received by the Wallsend Company, as it was feared the running of a Passenger Train would interfere with their coal traffic.

(2.) The site of the Wallsend Station is not the property of the Government, and it is not considered desirable that the expense of erecting a platform there should be borne by the Government.

- (10.) High-street Embankment, West Maitland:—*Mr. Farnell*, on behalf of Mr. Lee, asked the Secretary for Public Works, pursuant to Notice No. 11,—

(1.) Are the Government aware of the incomplete state of the High-street Embankment, West Maitland?

(2.) If so, will they cause this work to be proceeded with and completed without delay?

(3.) Is there any amount upon the Estimates for 1870 for this work?

Mr. Byrnes answered,—

(1.) Yes.

(2.) Yes.

(3.) It is proposed to defray the cost of the repairs out of the vote for Incidental Expenses to to Wharfs, Bridges, and other Public Works.

- (11.) Claim of Mrs. Jane Dixon:—*Mr. Garrett*, on behalf of Mr. Dodds, asked the Secretary for Public Works, pursuant to Notice No. 12,—Has any decision been arrived at by the Government with respect to Mrs. Jane Dixon's claim for compensation for certain property alleged to have been destroyed by fire from one of the Railway locomotives employed near Branxton, on the Northern Railway; and if so, what is the purport of such decision?

Mr. Byrnes answered,—Yes; on 29th April, 1870, it was decided, after full inquiry, that there is not sufficient evidence to show that the fire originated from sparks from the engine, and the applicant was so informed.

*Mr. Garrett, on behalf of Mr. Dodds, withdrew Question No. 13.*

Whereupon the Speaker left the Chair, and the House resolved itself into a Committee of Ways and Means.

The Chairman reported that a Point of Order had arisen in the Committee, and obtained leave to sit again so soon as that Point of Order had been determined in the House.

The Chairman then reported the Point of Order as follows:—

A certain Resolution having been proposed to the Committee as one motion, an Honorable Member demanded that the items composing such Resolution should be dealt with seriatim, and the Chairman having proceeded so to deal with the items, the Honorable Member for the Murrumbidgee objected to such a proceeding, on the ground that the Resolution having been submitted as one motion it was not competent for the Colonial Treasurer to propose the items in detail, unless the Resolution as a whole were first withdrawn.

The Speaker said there was no Parliamentary Rule to prevent any Member from moving an amendment in any part of the Resolution submitted to the Committee, provided an amendment had not been moved in a subsequent part of such Resolution; and thus it would be in the power of any Member to require a vote to be taken on each item in the Resolution which had been originally moved—by means of successive amendments.

Whereupon, on motion of Mr. Lord, the Committee resumed.

And

And the Committee continuing to sit until after Midnight,—

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 9 MARCH, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Printing for the Council of Education:—Mr. Greville asked the Colonial Treasurer, pursuant to Notice No. 1,—

(1.) How came the various items, making a total of £552 18s. 2d., alleged to have been the amount of a tender made by the Government Printer for certain work specified, to be placed in a Return ordered by this Assembly to be printed on the 15th November last?

(2.) By whom were the figures furnished, and upon whose authority?

(3.) What are the particulars of the error which is said to exist in regard to this sum; when was it discovered, and what is the total amount?

(4.) How was the overcharge, admitted by the Government Printer to have been made, adjusted, and when; and, if it was "allowed for in the final settlement with the Council by reductions from other accounts," from what other accounts was the overcharge deducted?

Mr. Lord answered,—Questions 1 and 2 are answered by the Secretary to the Council of Education, and 3 and 4 by the Government Printer. The Answers are to the following effect:—

(1.) When tenders were invited for Printing for the Council of Education, a schedule was drawn up showing the rates to be charged by each person tendering. The rates previously charged by the Government Printer were then placed in an additional column, with a view to a comparison of the prices formerly paid, and the prices offered in the tenders. The Government Printer did not furnish a tender then, or at any other time.

(2.) The figures were furnished by the Secretary of the Council of Education, from vouchers in the office.

(3.) The figures £552 18s. 2d., represent an estimate on the basis of the rates originally charged by the Government Printer. Their inaccuracy arises from some of these rates being excessive. The overcharge was discovered, perhaps eighteen months or two years ago, but there is no record of the precise date. The actual cost of the work in question was £314 9s. 1d.

(4.) The overcharge was allowed for by writing off the sum of £123 6s. 7d. from the amount to the debit of the Council of Education. The last account was rendered on the 10th September, 1870. The whole amount charged to the Council of Education for work done at the Government Printing Office, was paid into the Colonial Treasury, partly by transfers from the Vote for Public Instruction to the Vote for Stores and Stationery, and the Vote for Printing and Bookbinding, respectively, and partly by direct payments to Revenue.

(2.)

(2.) John Farrell :—*Mr. King*, on behalf of Captain Onslow, asked the Attorney General, pursuant to Notice No. 2,—

(1.) Whether John Farrell, who was convicted of Cattle Stealing in 1864, and whose sentence is not yet expired, has been granted a license for a Public House within the same district in which he committed the offence?

(2.) If so, what are the names of the Magistrates who granted such license?

(3.) Whether Farrell's wife, who, in 1865, was also convicted of Cattle Stealing, is or is not in the management of that Public House?

(4.) Whether Farrell's son, who has lately been convicted of the like offence, was discharged at the Water Police Office on the ground that there was not sufficient evidence against him?

(5.) Whether the Magistrate so deciding was one of those who granted Farrell's license?

(6.) Whether the Attorney General means to take any steps in reference to the above matter?

(7.) Whether he (the Attorney General) has received any Official representation on the subject; and if so, from whom?

Sir James Martin answered,—

(1.) The John Farrell referred to, who obtained a publican's license, is identical with the offender convicted in 1864, for maliciously wounding cattle. His sentence expired prior to his obtaining such license.

(2.) Messrs. John Evans, Edward S. Hill, and John Kettle.

(3.) Farrell's wife resides with her family on the licensed premises.

(4.) Farrell's son was charged under the 17th Vic. No. 3, sec. 5, with having portions of the carcass of a stolen beast in his possession, for which he could not satisfactorily account, and the Bench (two Justices) disagreeing, there was no adjudication, and the prisoner was discharged.

(5.) One of the Magistrates who sat in the case (*Mr. Kettle*) was one of those who granted Farrell's license.

(6.) Supposing the Magistrates to have acted improperly in the above matters, I can take no steps against them beyond recommending their removal from the Commission of the Peace, but I would not be justified in making such recommendation unless it were shewn that they acted partially or corruptly either in granting the license or dismissing the case already referred to. Of such partiality or corruption there is no evidence before me at present, but I will cause inquiry to be made into the circumstances under which such license was granted, and such case was dismissed.

(7.) I have received an official communication on the subject from His Honor the Chief Justice.

2. Motions Withdrawn :—*Mr. W. Forster* withdrew the Motions standing in his name Nos. 14 and 16 on the Notice Paper for to-day.

Lloyd*, as Chairman, brought up the Report from, and laid upon the Table the Minutes of Proceedings of, and of Evidence taken before, the Select Committee for whose consideration and report this Bill was referred on 1st February, 1871, together with Appendix.  
Ordered to be printed.

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 15 MARCH, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Warders of Wagga Wagga Gaol:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 1,—

- (1.) Is it true that the Warders of Wagga Wagga Gaol have received no pay for 1871?
- (2.) Is this neglect to pay those men regularly of common occurrence?
- (3.) Will the Colonial Secretary look into this matter, with the view to the redress of so great a grievance?

Mr. Robertson answered,—I think the most satisfactory mode of replying to the Honorable Member's question will be to read a minute I have received from the Sheriff on this matter. He says, "The salaries for these officers were forwarded in the regular course by cheques to the Gaoler, whose receipts therefor are in this office; for January salary, dated 8th February; and for February, 9th March. A letter, dated the 10th instant, has been received from the Gaoler, stating that the cheque for January had not reached him. I have telegraphed that he has acknowledged its receipt; and for explanation. The cheque has not been presented at the Bank, and the Manager has been requested to suspend its payment. The pay of the officers of Wagga Wagga and other Gaols is issued so soon as it can be obtained from the Treasury after the receipt of the Abstracts from the Establishments, which are never delayed in this office."

(2.) Messrs. Asher and Co.:—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 2,—

- (1.) Is there any record in the books of the Treasury of a sum of money having been returned to Messrs. Asher and Co.?
- (2.) If this is the case, was this money paid by Asher and Co. to the Government for a license to sell spirits?
- (3.) Will the Colonial Treasurer state the reasons which caused the return of this money?
- (4.) Was there any application made to the Government for this money by a Member of this House, and was that Member in any way connected with the firm which received the returned money?
- (5.) If this is the case, will the Government give the name of the Member of this House who so acted?

Mr. Lord answered,—

- (1.) Yes. £16. 3s. 3d. on 13th January, 1869.
- (2.) Yes. £20 on 23rd October, 1868, as Fee upon a wholesale Wine and Spirit Merchant's License.
- (3.) As it was considered a great hardship that a License Fee should be paid for the whole year (1st January to 31st December, 1868), while the License did not recommence until 23rd October, it was recommended by the then Treasurer (Mr. Eagar), concurred in by his successor (Mr. Samuel), and decided by the Executive Council, that a refund of a portion of the amount should be made.
- (4.) Application was made by a Member of the House, who was connected with the firm of Asher and Co.
- (5.) Mr. James Hoskins.

*Captain Onslow withdrew the Question No. 3.*

(3.)

(3.) Ashfield and Redfern Railway Stations:—Mr. Hill asked the Secretary for Public Works, pursuant to Notice No. 4,—

(1.) Is the Minister for Works aware that in repairing the approach to the platform at the Ashfield Station, the road has been made in such a manner that all the water will be thrown on to the pathway, and that the latter not having been repaired or formed, will in wet weather be more than before impassable for foot passengers?

(2.) Will the Minister see that a proper pathway is formed from the platform to the gate, and from thence to Elizabeth-street?

(3.) When will additional sitting accommodation be provided at the Redfern Station?

Mr. Byrnes answered,—

(1. and 2.) The approach road is not finished; proper drainage will be provided when completed.

(3.) Additional sitting accommodation will be provided for in the new Station Buildings, the drawings for which are nearly completed.

(4.) Admission of a Reporter to the Ministers Room:—Mr. Hart asked the Attorney General, pursuant to Notice No. 5,—

(1.) Is it a fact that a Reporter to the *Sydney Morning Herald* was admitted to the Ministers Room, on Thursday evening last, and was that Reporter there during the time the Solicitor General, Mr. Windeyer, delivered his speech, after strangers were ordered to withdraw from the House?

(2.) If so, by whose authority was he admitted?

Sir James Martin answered.—It is a fact that a gentleman who reports for the *Sydney Morning Herald* was in the Ministers Room on Thursday during the delivery, I believe, of all the speeches made after strangers were ordered to withdraw. I presume that this gentleman was admitted by the authority of a Minister, in the same way as it is customary to admit other strangers to that room. If his presence in that room has been the means of publishing a report of a debate which the House desired to withhold from the public, the Government regret that the circumstance should have occurred.

2. Papers:—Mr. Robertson laid upon the Table the following Papers:—

(1.) Fourteenth Annual Report of the Municipal Council of Sydney on Sewerage and Water Supply.

11. Government Savings Bank Bill:—Mr. Samuel moved, That the following Message be carried to the Legislative Council:—

MR. PRESIDENT,

The Legislative Assembly having had under consideration the Legislative Council's Message dated 26th October, 1870, requesting its concurrence in certain Amendments made by the Council in the Government Savings Bank Bill,—

Agrees to the amendments in pages 1 and 2, clauses 1, 2, and 4.

Agrees to the amendments in page 2, clause 5, line 28.

Disagrees to the latter part of the amendment in page 2, clause 5, line 29, viz.:—"shall so soon as the same shall from time to time amount to the sum of five thousand pounds,"—and disagrees to the amendment in line 29, and the amendment in lines 30 to 32, in the same clause,—

Because whilst the Government guarantee interest on deposits, they would be unable to invest and receive interest on such moneys so deposited until the same amounted to £5,000,—and because it may not at all times be possible to invest in Government securities, as they may not be held for sale by the Government or be obtainable in the local market—in such event it would then be desirable to lodge such moneys for a limited period with the local Banks on interest, until Government securities can be obtained.

Agrees to the amendment in page 2, clause 5, line 37.

Agrees to the amendments in page 3, clauses 10, 11, and 13.

Disagrees to the amendment in page 4, omitting clause 15,—Because it is conceived to be only just that the expenses of the administration of the Act should be paid out of the moneys received under its authority, as provision is therein made guaranteeing payment of all deposits, interest thereon, and any deficiency, should such arise, out of the Consolidated Revenue Fund.

VOTES AND PROCEEDINGS  
OF THE  
LEGISLATIVE ASSEMBLY.

THURSDAY, 23 MARCH, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Land Statistics :—Mr. Bawden asked the Secretary for Lands, pursuant to Notice No. 1,—When will the returns relative to "Land Statistics," ordered by this House on the 7th December last, be laid upon the Table?

Mr. Wilson answered,—The return will require a great deal of labour in the compilation. It is being gone on with, but I am sorry to say that, in consequence of there being so many returns in hand, it will be some little time before it can be laid upon the Table of the House.

- (2.) Intestate Estates Department :—Mr. Buchanan asked the Attorney General, pursuant to Notice No 2,—

(1.) Has the Government had occasion to find fault with the management of the Intestate Estates Department of the Supreme Court?

(2.) Has the Government discovered any irregularities or mismanagement in the above Department; and if so, will the Government state the nature of those irregularities?

(3.) Has the Government directed the Government Inspector of Accounts, or any other officer, to inquire into this matter; and if so, has the Government received any report from its officer, and will the Government lay that report upon the Table of the House?

Sir James Martin answered,—On the 8th July last the Colonial Secretary, at the instance of the Attorney General, caused an examination to be made by the Inspector of Accounts into the books of Mr. Crouch, the clerk in charge of the Intestacy Accounts under the Curator. On the 6th January last, the Inspector reported certain irregularities and defalcations on the part of Mr. Crouch, which defalcations the Curator has been called upon to make good. Certain recommendations were made by the Inspector, to ensure greater accuracy, which recommendations have been directed to be carried into effect. The Inspector's report is a very long one, and I do not think it would be of any advantage to the public to print it.

- (3.) Road from Windsor to Riverston Railway Station :—Mr. Piddington asked the Secretary for Lands, pursuant to Notice No. 3,—If the sum of £300 appropriated for the purpose of fencing the new road from Windsor to the Riverston Railway Station has been duly expended; and if not, what is the intention of the Government with regard to this Vote?

Mr. Wilson answered,—The £300 has been paid to Mr. A. H. M'Culloch as compensation for the fencing of this road, but I am not in a position to say whether the fencing has been commenced or not.

2. Tolls at Camperdown Toll-gate :—Mr. S. Brown presented a Petition from certain Residents of Ashfield, Enfield, &c., complaining of the rates of Toll levied at the Toll-gate at Camperdown; and praying the House to take the matter into consideration, with a view to relief.  
Petition received.

3. Stamp Duties Acts Continuation Bill, No. 2 ("Formal" Order of the Day),—on motion of Mr. Lord, read a third time, and passed.

No. 108.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 28 MARCH, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Public Schools:—Mr. Leary asked the Colonial Secretary, pursuant to Notice No. 1,—

- (1.) What sums of money have been expended by the Council of Education on the various schools throughout the Colony?
- (2.) The date on which each sum was advanced?
- (3.) The locality in which each school aided by the Council of Education is situated?
- (4.) The character of the school—whether Public or Denominational—and where Denominational, the particular denomination of each school?

Mr. Robertson answered,—On the 7th instant I received from the Council of Education a letter, in the following words—"The Council of Education will most willingly supply the information requested, if sufficient time be allowed for the purpose; but as the answers to these inquiries would involve an entire transcription of the Council's ledgers for the years 1867, 1868, 1869, and 1870, comprising about 50,000 items, it has not been found possible to furnish them in the short period that has elapsed since notice was received on the subject.—W. WILKINS, Secretary." Yesterday I caused a communication to be made to the Council, as a reminder, and received the following reply:—

"On reference to my B. C. Memorandum of the 7th instant, No. 71-1927, it will be observed that, regarding Mr. Leary's questions as intended to apply to all expenditure on account of Schools, and not to School buildings merely, it was stated that it would be necessary to transcribe the ledgers of this Department for the years 1867, 1868, 1869, and 1870. This work it is estimated will occupy two efficient clerks at least six weeks, and will fill about four reams of closely ruled paper. The staff of the office has been engaged during the current month in preparing the Council's Annual Report, which is required by the Public Schools Act to be rendered to the Government by the 31st instant, and was consequently unable to compile the information asked for. It is not in the power of the Council to afford any further reply at present; but the preparation of the information sought will be proceeded with at once.—W. WILKINS, Secretary."

Now, I am inclined to the opinion that this information will be very valuable, and will therefore take steps to obtain it.

- (2.) Police Magistrate at Wollombi:—Mr. Eckford asked the Attorney General, pursuant to Notice No. 2,—Have the Government, in dealing with the question of retrenchment, had their attention called to, or have they fully considered, the case of the Police Magistrate at Wollombi, whose salary had been virtually reduced from £400 per annum to £335 per annum, before any per centage was deducted under the retrenchment scheme of the Government?

Sir James Martin answered,—The Government have not had their attention called to, nor have they considered this case more fully than any of the other cases included in their proposals for retrenchment. The Police Magistrate at the Wollombi was Clerk of Petty Sessions there, with a salary of £175, before his appointment to his present office. On his appointment as Police Magistrate his salary was fixed at £300, being £100 less than his predecessor, but being also an increase of £125 on his own former salary. The reduction proposed in the Estimates is on the salary of £300. This gentleman, in addition to his salary as Police Magistrate, is Land Agent, for which office he receives pay. He also receives certain allowances for attending at Ellalong.

(3.)

(3.) Sydney Infirmary :—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 3,—

- (1.) Is it true that a patient was lately refused admission to the Infirmary, and that the same patient was shortly afterwards found dead in Hyde Park?
- (2.) Had this patient applied more than once for admission to the Infirmary?
- (3.) Why was his application refused?
- (4.) Were there any patients accommodated on the floor of any of the wards when the patient referred to was refused admission?
- (5.) Is there no officer of the Infirmary to ascertain whether patients, refused admission as this man was, are in a dying state or not?
- (6.) Is it the intention of the Government to hold the person who refused this patient admission responsible for his death?

Mr. Robertson answered,—

- (1.) This cannot be answered at present, as the deceased person cannot be identified. Patients are, however, refused occasionally from the want of beds, and from the unfitness of certain cases.
- (2 and 3.) Cannot be answered, for reasons given in reply to question No. 1. I may add that further inquiry shall be made through the police in order to identify the deceased.
- (4.) Patients are never accommodated on the floors of the Infirmary.
- (5.) Applicants for admission are always examined by some of the Honorary Staff of the Infirmary, who alone are responsible for their refusal.
- (6.) Up to this time the Government have no knowledge of any such refusal, but it is not my purpose to leave this matter in its present state, if I can find out who the deceased was, and the circumstances of his case.

2. Paper :—Mr. Robertson laid upon the Table, By-Laws of the Borough of Redfern.  
Ordered to be printed.

3. Postage on Newspapers :—Mr. Bawden presented a Petition from Messrs Balmer and Hobson, Newspaper Proprietors, praying the House to consider the propriety of adapting to the case of Newspapers the principle of a graduated scale of charges, as applied to Letters.  
Petition received.

4. Seat of Ezekiel Alexander Baker—Gold Fields South :—Mr. Lord (*with the concurrence of the House*) moved, without notice, That the Clerk have leave to return to the Treasury the three vouchers handed in to the Committee of Elections and Qualifications on 21st October, 1870, being Appendices B 1, 2, 3, to Report on "Seat of Ezekiel Alexander Baker—Gold Fields South."  
Question put and passed.

5. Yass Roman Catholic Church Land Bill :—Mr. Fitzpatrick presented a Petition from the Rev. Patrick Dunne, of Goulburn, praying for leave to bring in a Bill to enable the Trustees of certain allotments of land in the Town of Yass granted to Henry O'Brien and others as Trustees of the Roman Catholic Church at Yass to sell a portion of the said land and to provide for the application of the proceeds thereof,—  
And Mr. Fitzpatrick having produced the *Government Gazette*, and the *Sydney Morning Herald* and *Yass Courier*, newspapers, containing notices for four consecutive weeks in the month of March 1871, of the intention to apply for such Bill,—  
Petition received.

6. Road from Phoenix Park through Wallalong and Bowthorne Estates—Punt at Wallalong ("Formal" Motion) :—Mr. Eckford, on behalf of Mr. Dodds, moved, pursuant to Notice No. 6, That there be laid upon the Table of this House, all Papers, Letters, Minutes, Accounts, Proclamations, Plans, &c., as to the opening of the road from Phoenix Park through the Wallalong and Bowthorne Estates, and as to the erection of a Punt-house at, and the placing of a Punt across the Paterson, at Wallalong.  
Question put and passed.

7. Tolls at Camperdown Toll-gate ("Formal" Motion) :—Mr. S. Brown moved, pursuant to Notice No. 7, That the Petition presented by him on the 23rd March, from certain Residents at Ashfield, Enfield, &c., praying for a reduction in the rates of toll levied at the Camperdown Toll-gate, be printed.  
Question put and passed.  
Ordered to be printed.

8. Consolidated Revenue Fund Bill, No. 3 ("Formal" Order of the Day),—on motion of Mr. Lord, read a third time, and passed.

Mr. Lord then moved, That the Title of this Bill be "*An Act to apply certain Sums out of the Consolidated Revenue Fund of New South Wales towards the Services of the year 1871 and of the previous year.*"

Question put and passed.

Whereupon Mr. Lord moved, That this Bill be carried to the Legislative Council, with the following Message :—

MR. PRESIDENT,

Government House,

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 29 MARCH, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Mr. Archibald Campbell, late Registrar in Insolvency :—Mr. Buchanan asked the Attorney General, pursuant to Notice No. 1,—

(1.) Has the Chief Commissioner of Insolvent Estates made any charges against the late Registrar, Archibald Campbell ?

(2.) What was the nature of these charges ?

(3.) Was there a Board appointed to inquire into this matter; and if so, what decision did said Board arrive at ?

(4.) Did the Executive Council come to any conclusion on the subject; and if so, what ?

Sir James Martin answered,—The Chief Commissioner made certain complaints against the late Registrar, Mr. Archibald Campbell, charging him with numerous acts and omissions showing inefficiency, which was attributable to two distinct causes, namely, a defect of legal competency and training, and the infirmities of advancing years. A Board of Inquiry was appointed, and they reported that nothing seriously reprehensible was proved against Mr. Campbell; they did not, however, think he possessed the necessary legal knowledge and training required for certain portions of his duties; but they stated that the highest character was given as to his ability as an accountant, to which office he was originally appointed. They recommended that his services as accountant be continued, and that he should be relieved from other duties. The death of Mr. Campbell appears to have occurred before any action was taken by the Government on the Report. Upon an examination by Mr. Thomson, the Inspector of Public Accounts, certain deficiencies were found to exist in Mr. Campbell's accounts, which it would appear were made good by the retention of some salary due to Mr. Campbell at the time of his death.

- (2.) The Fortifications :—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 2,—

(1.) How much money has been expended on the Sydney Fortifications up to this date ?

(4.) Was this money expended with or without Parliamentary sanction ?

(3.) The amount cannot be stated at present, but the information will be given as speedily as possible.

(4.) No money has been expended without Parliamentary sanction.

- (3.) Superannuation Fund :—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 3,—

(1.) Is it the intention of the Government to deduct from the salaries of the Civil Servants four per cent. for the Superannuation Fund, as well as five per cent. and seven per cent. by way of retrenchment ?

(2.) Is it the intention of the Government to deal with the question of the Civil Service Superannuation Fund this Session ?

Mr.

Mr. Lord answered,—

- (1.) The deductions directed by the Superannuation Act will continue to be made, and they will be calculated on the salary to be paid.
- (2.) The Government have not determined to deal with the Civil Service Superannuation Fund this Session.

*Mr. Buchanan withdrew the Question No. 4.*

- (4.) Importation of Maize :—Mr. Bawden asked the Colonial Treasurer, pursuant to Notice No. 5,—

Is the Government aware that Maize, the produce of the Tweed River, in this Colony, and shipped to this port *via* Brisbane, in the Colony of Queensland, will have to be transhipped to Melbourne, owing to its being shut out from this market, in consequence of the duty now charged upon Grain?

(2.) Is it the intention of the Government to give instructions that all such shipments, the produce of this Colony, *via* Queensland, shall be admitted into the ports of New South Wales duty free?

Mr. Lord answered,—

- (1.) All Maize imported into this Colony from Queensland will have to pay duty under the new Tariff, unless some arrangement can be made with the Queensland Government in reference to Maize, the growth of this Colony, so imported, for its identification here.
- (2.) An endeavour will be made to effect such an arrangement.

*Mr. G. A. Lloyd, on behalf of Mr. Greville, withdrew Question No. 6.*

- (6.) Immigration :—Mr. G. A. Lloyd asked the Colonial Secretary, pursuant to Notice No. 7,—Have the Government any intention of introducing a measure during the present Session to encourage a judicious stream of Immigration to this Colony?

Mr. Robertson answered,—Not during the present Session.

- (6.) New Taxation :—Mr. S. Brown asked the Colonial Treasurer, pursuant to Notice No. 8,—

(1.) Do the Government intend to introduce any new taxation by which to raise an equivalent amount to that intended to have been raised by the doubling of the *Ad Valorem* Duties, the proposed tax on wheat and flour, and the other proposed taxes to which the Committee of Ways and Means have refused assent?

(2.) If so, what are the taxes to be proposed?

(3.) If not, what course do the Government intend to take in reference to the instalment of the Deficiency Loan due this year, and the amount of deficiency at the end of last year, as shown by the statement of Ways and Means laid upon the Table of this House?

Mr. Lord answered,—

(1. and 2.) The Government do not intend to adopt the course to which the Honorable Member refers. The Bill for the amendment of the Stamp Act, by which the Public Revenue will be increased, will be shortly submitted.

(3.) The Government intend to pay the public engagements as they fall due.

- (7.) Police Magistrate and Gold Commissioner for Gulgong :—Mr. Church asked the Attorney General, pursuant to Notice No. 9,—When do the Government purpose appointing a Police Magistrate and Gold Commissioner for Gulgong?

Sir James Martin answered,—In a day or two.

- (8.) Amendment of the Electoral Law :—Mr. Bawden asked the Colonial Treasurer, pursuant to Notice No. 10,—Is it the intention of the Government to introduce a measure for the equalization of the representation of the Colony; if so, when?

(3.) No; the amount was withdrawn from the Bank by means of cheques signed by Messrs. Hargraves and Thomas Russell, the latter of whom was appointed a Trustee in lieu of Mr. Bridge, on the 22nd November, in consequence of representations made by Mr. Hargraves that Mr. Bridge had declined to act; Mr. Bridge, however, having denied that he had in any way resigned his trust, he was accordingly re-appointed a Trustee on the 30th November.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

TUESDAY, 4 APRIL, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

(1.) Main Western Road :—Mr. Buchanan asked the Secretary for Lands, pursuant to Notice No. 1,—

(1.) Is it the intention of the Government to alter that portion of the Main Western Road near Molong, called Smith's Lane; if so, by what or whose authority has the alteration been deemed necessary?

(2.) Have the inhabitants of Molong ever petitioned Government to have the road altered; if not, by what authority has the Government deemed it necessary to make any alteration?

(3.) Has the Government entered into any contract or other stipulation with any person in regard to this part of the road, or the intended alterations that are to be made; if so, will the Government give the name of the person, and specify the nature of the contract or agreement entered into?

(4.) Is the Government aware that the inhabitants of Molong, by Petition some few years back, protested against any alteration being made in this portion of the Main Western Road, as it would deprive the public of their right and use of the water frontage to the Molong Creek, if the intended alteration be carried out?

(5.) Is it usual for the Government to cause alterations to be made in roads, except by Petition; if not, has the Government received any Petition in the present case, and from whom?

(6.) Will the Government lay upon the Table a copy of all papers or other communications that have passed between any person and the Government, in regard to this matter?

(7.) In the event of the road being altered, does the Government intend to expend any money on the new road in making it passable for teams during the wet weather; if so, how much?

(8.) How much money has the Government caused (within the last three or four years) to be expended in repairing the present portion of this road, and will the money so expended thereon be of any use to the public if the new line of road be adopted?

(9.) Is the Government aware that the new line of road (now marked out) will be worse in wet weather than the old one, and will it not be the means of depriving the public of nearly two miles of frontage to the Molong Creek?

(10.) Does the Government intend to compensate Mr. Chas. Blakely and Mrs. Hellin for taking the new line of road through their private land?

*Mr. Byrnes* answered,—In the absence of the Commissioner for Roads, the following are the best answers I can give to the Honorable Member's questions :—

(1.) Yes; the alteration has been deemed necessary for the purpose of procuring a better line of road for the use of the general public.

(2.) There is no record of any such Petition. The alteration has been considered advisable from the representations of the Road Superintendent that the present line is unsuitable, being across a black alluvial flat, and the road in one place has been partly washed away by floods.

(3.) The Government has not entered into any contracts or stipulations for works on this deviation, other than small tasks to facilitate traffic, and the erection of some fencing on the properties of Mrs. Helland, Mr. Johnson, and Mr. Smith.

(4.)

- (4.) No record of any such Petition.
- (5.) It is usual for the Government to cause alterations to be made in roads, especially when such alterations are for the benefit of the public. There is no record of any Petition in the case.
- (6.) No objection, if required.
- (7.) The usual vote of £50 per mile will be expended on this length of road when proclaimed.
- (8.) The exact amount expended cannot at present be ascertained, as it would take considerable time to look up vouchers for this length. It will be of no use when the deviation is proclaimed.
- (9.) The Government are not aware that the proposed deviation will be worse than the old lines; on the contrary, it is considered to be a great improvement. Nor are they aware that the public will be deprived of nearly two miles of frontage to the Molong Creek, as the length hitherto available is about 200 yards.
- (10.) The Government will be prepared to deal with any claims for compensation which may be sent in.

- (2.) *Vote for Minor Roads*:—Mr. Lucas asked the Attorney General, pursuant to *amended Notice No. 2*,—Does he intend to materially reduce the minor roads money, and make the payments of such money conditional that a proportion of the expenditure on those roads shall be contributed by the people residing in the district; or does he intend to introduce a Supplementary Estimate increasing the amount to the sum voted for 1870?

*Mr. Byrnes* answered,—The Schedule showing the proposed expenditure for Minor Roads will be laid upon the Table in a few days, when Honorable Members will have an opportunity of expressing their opinions upon it.

- (3.) *Business of the Session*:—Mr. Buchanan asked the Attorney General, pursuant to *Notice No. 3*,—Is it the intention of the Government to deal with any of the following subjects this Session:—

- (1.) Immigration.
- (2.) Electoral Reform.
- (3.) Reduction of the Governor's and other high salaries.
- (4.) Triennial Parliaments.

- (8.) Increased Water Supply to Sydney.
- (9.) Civil Service Superannuation Act.
- (10.) Payment of Members.
- (11.) Law Reform.
- (12.) Reform of the Upper House?

*Mr. Robertson* answered,—In the absence of my honorable and learned friend the Attorney General, I beg to say that, with the exception of Internal Communication, it is not contemplated by the Government to deal with any of the subjects alluded to.

*Mr. G. A. Lloyd* withdrew *Question No. 4*.

*Mr. Moses* withdrew *Question No. 5*.

- (4.) *Borough of Wagga Wagga*:—*Mr. Alexander*, on behalf of Mr. Stephen, asked the Colonial Treasurer, pursuant to *Notice No. 6*,—Whether the expenses of the first election of Aldermen and Auditors of the Borough of Wagga Wagga have been paid; and if not, when will they be paid?

*Mr. Lord* answered,—The expenses of printing and advertising (£12 Ss. 6d.) were paid last August. No other accounts appear to have been received.

2. *Motions withdrawn*:—

- (1.) *Mr. Hoskins* withdrew the Motion standing in his name No. 2 on the Notice Paper for to-day.
- (2.) *Mr. G. A. Lloyd* withdrew the Motion standing in his name No. 3 on the Notice Paper for to-day.

3. *Customs Laws Consolidation and Amendment Bill ("Formal" Motion)*:—*Mr. King* moved, pursuant to *Notice No. 4*, That the Petition presented by him on the 31st March, from *Mr. J. B. VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 5 APRIL, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day :—

- (1.) Police Magistrate at Newcastle :—Mr. G. A. Lloyd asked the Attorney General, pursuant to Notice No. 1,—

(1.) Has he received a letter from a resident in Newcastle respecting the conduct of the Police Magistrate in issuing a warrant for the apprehension of a boy named Connolly, for stealing a peach?

(2.) Is it true that the boy was kept in the lock-up two days and nights, and bail refused?

(3.) Will the Attorney General take any notice of this proceeding?

Sir James Martin answered,—

(1.) Some weeks ago I received a letter from Peter and Eliza Connolly, of Newcastle, complaining of the arrest, incarceration, and fining of their son, Peter Connolly, a lad of 13 years of age, for being with other lads, who were not prosecuted, in an orchard where self-sown peaches were growing.

(2.) I am informed by the Police Magistrate that the lad was apprehended at night, because it was thought that he was hiding during the day, and that he was in custody less than thirty-six hours.

(3.) He was found guilty of taking a quantity of peaches, and fined six-pence for damages and ten shillings by way of penalty. I entirely disapprove of the arrest, and have directed my disapproval to be communicated to the Police Magistrate.

- (2.) Incorporation of Township of Old Lambton :—Mr. Brookes asked the Colonial Secretary, pursuant to Notice No. 2,—

(1.) Whether a Petition, duly signed and certified by the inhabitants of the Township of Old Lambton, has been presented, praying for the Incorporation of the same?

(2.) Has the time specified in the Act expired after which proclamation of the proposed Municipality may be legally made?

(3.) If so, when will proclamation be made creating the said Township into a Municipality, in compliance with the prayer of the Petitioners?

Mr. Robertson answered,—

(1.) Yes, and gazetted in the Supplement to the *Government Gazette* of the 17th December last.

(2.) Yes.

(3.) It will be dealt with so soon as the objections raised to the incorporation shall have been sufficiently inquired into and disposed of, and that probably will be in a week or ten days.

(3.)

(3.) Daily Train to and from Wallsend:—Mr. Brookes asked the Secretary for Public Works, pursuant to Notice No. 3,—

(1.) Is it the intention of the Government to make provision for a train to run daily to and from Wallsend, at a fixed hour each day, for the accommodation of passengers; and if so, when?

(2.) Are the Government aware that, by the Saturday night's train from and to Wallsend, the passengers thereby are charged full fare each way, whilst those from Waratah, travelling by the same train, are only charged one fare for the double journey?

(3.) Is it the intention of the Government, now that their attention has been called to this fact, to re-adjust these rates, so that passengers from Wallsend may be placed on the same footing as those from Waratah travelling by the same train?

Mr. Byrnes answered,—

(1.) The Wallsend Coal Company, to whom the line from Wallsend to the Junction belong, are unfavourable to the running of a passenger train at a fixed hour each day, as it would interfere with their coal traffic. The Government cannot therefore establish the running of such a train.

(2.) The Government are aware that the passengers to and from Wallsend are charged by the Saturday night train full fare each way, and this is in accordance with the agreement made with the Wallsend Company, who receive a portion of the money. Passengers from Waratah are granted return tickets at a fare and a half. The line is, however, exclusively a Government line.

(3.) If the Wallsend Company will consent to a reduction of the charge, the Government will have no objection.

2. The Tariff:—Mr. King presented a Petition from certain Ironfounders and Engineers, praying that Pig Iron may be withdrawn from the list of dutiable goods mentioned in the Schedule to the Customs Duties Bill, now under consideration.  
Petition received.

(1.) Mr. Robertson laid upon the Table a Despatch respecting the Report of the Acting Inspector of Prisons relative to Prison Discipline in England.  
Ordered to be printed.

(2.) Return to an Order in reference to "Importation of Fruit Trees," made by the Legislative Assembly, on motion of Mr. Tunks, on 28th March, 1871.

Ordered to be printed.

(3.) Return to an Address in reference to "Claim of Messrs. Buckland and Northwood for alleged loss of Water-frontage at Woolloomooloo Bay," adopted by the Legislative Assembly, on motion of Mr. Wilson, on 8th November, 1870.

4. Stamp Duties Act Amendment Bill ("Formal" Motion):—Mr. Lord moved, pursuant to Notice, That this House will, to-morrow, resolve itself into a Committee of the Whole to consider of the expediency of introducing a Bill to amend the Stamp Duties Act of 1865.  
Question put and passed.

5. Motion Withdrawn:—Mr. W. Forster withdrew the Motion standing in his name No. 2 on the Notice Paper for to-day.

6. Customs Duties Bill:—Mr. Lord having moved, That this Bill be now read a second time,—

Mr. W. Forster requested the ruling of the Speaker whether this Bill ought to be proceeded with, as containing provisions not authorized by the Resolution from the Committee of Ways and Means, upon which it is founded.

The Speaker said, that the provisions of a Bill are not limited to the terms of the Resolution agreed to in Committee, but that the necessary powers and regulations for giving effect to Resolutions imposing new taxation are found in Acts of the Imperial Parliament founded on such Resolutions of Ways and Means.

Debate then ensued on the motion for the second reading of the Bill.

LEGISLATIVE ASSEMBLY.

THURSDAY, 6 APRIL, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Richmond Bridge Company:—Mr. Moses asked the Secretary for Public Works, pursuant to Notice No. 1,—

(1.) Have the Government given the Richmond Bridge Company permission to put a Punt on the River Hawkesbury, at Richmond, and to collect tolls therefrom?

(2.) Are the Government aware that the charges made by the Company to the public for crossing are more than they are authorised to collect by their Charter?

(3.) Are the Government aware that the Punt used is not suitable for the traffic, and that the lives and property of persons are endangered by crossing in it?

(4.) Have the Company offered to sell the Bridge to the Government; and if so, at what prices?

(5.) Have the Government caused an inspection and valuation of the Bridge to be made by their Engineer (Mr. Moriarty); if so, at what amount did he value it?

(6.) As the Company clearly have no intention to maintain a bridge over the river, do the Government, under the circumstances, intend taking steps, by introducing a Bill to dissolve the Company, or otherwise, to remove the great inconvenience the public are put to?

Mr. Byrnes answered,—

(1.) No permission appears to have been given to the Company to put a punt across the River Hawkesbury at Richmond, or to collect Tolls therefrom.

(2.) A complaint from the Mail Contractor has been received to this effect.

(3.) No.

(4.) Yes, for £9,000.

(5.) The Government has not caused an inspection and valuation of the bridge to be made by Mr. Moriarty, but Mr. Bennett has conferred with that gentleman, and they considered the approximate value of the bridge, if in good order and condition, to be £6,000. Mr. Bennett, however, points out that a large sum will be required for new sheathing, extension of bridge, and other imperative works, to render it available, and the probability of future floods rendering further extensions necessary.

(6.) No determination has yet been arrived at.

- (2.) Miners Rights and Business Licenses:—Mr. Baker asked the Secretary for Lands, pursuant to Notice No. 2,—Do the Government intend to make arrangements so that Miners Rights and Business Licenses can be obtained in Sydney at some Government Office, instead, as was the case some few weeks since, of persons residing in Sydney having to send to some Gold Commissioner in the country to obtain such documents?

 (3.) Are the Government aware that the Messrs. Berry, or others, are erecting huts on the said Island; and if so, is it by the sanction of the Government that they are so doing?

Mr. Wilson answered,—

(1.) This Island is reserved from conditional purchase under Notice dated 16th April, 1862, and instructions have been issued for the subdivision of it for sale.

BELMORE,  
Governor.

*Message No. 32.*

In accordance with the provisions contained in the 54th Clause of the Constitution Act, the Governor recommends, for the consideration of the Legislative Assembly, that provision be made for defraying, out of the Consolidated Revenue Fund of New South Wales, the expenses of the various Departments and Services of the Colony for the month of April, in the year 1871, at the rates which have been sanctioned for the year 1870.

Electoral Lists:—Mr. Stewart asked the Attorney General, pursuant to Notice,—

(1.) Whether he is aware that the police, in collecting the Electoral Lists for Sydney, enter as qualified electors the names of persons who are merely members of a Club?

(2.) Will the police be instructed to prevent such persons from being entered on the Electoral Lists?

(3.) Is it the opinion of the Attorney General that members of a Club are entitled to be registered as electors, though they have no residence and no property in the electorate?

Sir James Martin answered,—

(1.) I am not aware whether the Electoral Lists for Sydney are so made out, but I have heard that they are.

(2.) The Government has no power to direct the collectors of the Electoral Lists to omit any names from such Lists.

No. 119.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

WEDNESDAY, 19 APRIL, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Treasury Bills:—Mr. G. A. Lloyd asked the Colonial Treasurer, pursuant to Notice No. 1,—
- (1.) Will the Treasury Bills falling due on the 30th April for £343,200 be paid by the issue of fresh Treasury Bills for the same amount?
  - (2.) If so, how long will such Bills be current, and what rate of interest will they bear?
  - (3.) Will they be open to public competition, and tenders be invited for them by advertisement?
  - (4.) Will a minimum price be placed upon them, and that price be made known before the tenders are opened?
  - (5.) Is there any truth in the statement that a large portion of them are already promised, and a price fixed for them?
  - (6.) What is the price so fixed?
  - (7.) What did the last issue of Treasury Bills for the same amount realize net to the Revenue?
  - (8.) What amount, if any, was paid for brokerage on the sale of them?

Mr. Lord answered,—

- (1.) As intimated by His Excellency the Governor's Message, No. 24, the Government will be prepared to issue fresh Treasury Bills in lieu of those falling due on 30th instant. Meanwhile arrangements have been made to pay off the latter at the Government Bank of New South Wales on the due date.
- (2.) The Bill about to be introduced will provide for a currency of twelve calendar months from the date of the Bills, at a rate of interest not exceeding five per centum per annum.
- (3.) Yes.
- (4.) A minimum price will be fixed, but not made known before the tenders are opened.
- (5. and 6.) No.
- (7.) £338,681.
- (8.) £1,262.

- (2.) Government Employés:—Mr. Buchanan asked the Colonial Treasurer, pursuant to Notice No. 2,—

- (1.) Is it true that a number of men who have been employed by the Government on the Defence Works have not been paid a fortnight's wages due to them, besides a claim they have put in for overtime?
- (2.) Have these men called at the Treasury for payment of what is due to them, and is it true that they have been turned away from the Treasury unpaid, besides having been insulted and threatened by some of the officers of that department?
- (3.) Have the men above referred to any claim against the Government; and if so, why is there any delay in settling it?

Mr. Lord answered,—

- (1.) The services of the men, temporarily employed on the Defence Works, were dispensed with on the 16th instant. As they had been paid *monthly*, lists of pay and allowances due to them for the broken period had to be prepared before payment from 1st to 16th could be made.
- (2.) The men called at the Treasury, and were referred to the Superintendent of Stores, in order that their claims might be made to that officer, and the pay lists prepared by him. They were not "insulted and threatened" by any officer of the Treasury Department.
- (3.) The list of claims, computed and certified in terms of the Audit Act, was received at the Treasury yesterday afternoon; was passed through the Examining and Account Branches, and payment made in the forenoon of to-day.

(3.)

(3.) *Walgett Mail*:—Mr. Buchanan asked the Minister representing the Post Office Department, pursuant to Notice No. 3,—

- (1.) Has any complaint been made with respect to the mail leaving Walgett before all other mails from Sydney have arrived in that town?
- (2.) How many days do the mails remain at Walgett before being dispatched or forwarded on?
- (3.) Has the Postmaster General been asked to make any alteration in the time-bills to enable the numerous mails to catch the outgoing one, and so remedy the evil?
- (4.) Why does the Postmaster General object to making the slight alteration when the benefit accruing therefrom would be so great?
- (5.) Is the Postmaster General aware that in consequence of this it takes a considerably longer time in the transit by this route than by going a round of 75 miles each way *viâ* Bourke. Our letters from Sydney reach us in five days, why should a return by the same route take ten days?

Mr. Lord answered,—

- (1.) Complaint has been made by one individual (a resident of Brewarina) of the mails leaving Walgett before the arrival there of the mails from Brewarina and Talawanta.
- (2.) Mails due on Tuesday remain in Walgett 67 hours, and those due on Saturday 43 hours.
- (3.) Yes, by the person above referred to.
- (4.) Because such alteration would necessitate the correspondence arriving at Bourke from Sydney, Dubbo, and other places, for persons residing between Bourke and Walgett, being detained at Bourke for a considerable time. The alteration was moreover reported as unnecessary by the Postal Inspector, who has just returned from the locality.
- (5.) Under present arrangements letters, &c., dispatched from Brewarina and Talawanta *viâ* Bourke do reach Sydney quicker than if sent *viâ* Walgett, but the Brewarina residents can make use of the still more expeditious route *viâ* Cannonbar once a week. In framing tables the Postmaster General has to consider the general interests, in preference to those of the residents at one particular locality.

(4.) *Filibustering Expedition*:—Mr. Stewart asked the Attorney General, pursuant to Notice No. 4,—

- (1.) Whether any despatch has been received from the Imperial Government referring to the filibustering expedition telegraphed by February mail?
- (2.) If so, will it be laid before Parliament?

Sir James Martin answered,—

- (1.) No such despatch has been received from the Imperial Government, but a letter has been received from the Agent General of this Colony in reference to this matter.
- (2.) The Government have not yet determined whether they will lay the letter referred to upon the Table of the House; at present I do not think it will be of any utility to take that course.

2. *Mrs. Eliza Colwell*:—Mr. Buchanan presented a Petition from Eliza Colwell, of Wombelong Creek, in the District of Bligh, alleging that she has repeatedly applied to the Government for a lease of a Run occupied by her, called Wombelong South, and that such lease has not yet issued; and praying for inquiry into the matter, with a view to a lease of the said Run being granted to her. VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 21 APRIL, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

*Mr. Stewart withdrew Question No. 1.*

- (1.) Crossing at Black Creek:—Mr. Farnell asked the Secretary for Public Works, pursuant to Notice No. 2,—Have the Government taken, or do they intend to take any, and if any, what, steps for the repair of the crossing over Black Creek, near Branxton, on the Great Northern Road, in compliance with a Petition from the inhabitants of the locality, presented by Messrs. Wisdom, Farnell, and Burns in September last?  
Mr. Byrnes answered,—The only funds available for the road in question are the proceeds of the Toll-bars. The Road Superintendent reports that the crossing has been repaired as far as funds will admit, and now presents no obstacle to traffic.
- (2.) Sydney Railway Station:—*Mr. Farnell*, on behalf of Mr. Leary, asked the Secretary for Public Works, pursuant to Notice No. 3,—Is the Minister for Works aware that the Public are greatly inconvenienced at the Sydney Railway Station on account of the insufficient attendance in the giving of railway tickets; if so, will the Minister direct his attention to this matter?  
Mr. Byrnes answered,—The Traffic Manager has informed me that some little inconvenience did occur during the recent holidays, but that steps have since been taken to avoid inconvenience in future.
- (3.) Case of Dr. Beer:—Mr. Buchanan asked the Colonial Secretary, pursuant to Notice No. 4,—  
(1.) Is it the intention of the Government to comply with the order of this House, by placing all the papers in Dr. Beer's case upon the Table?  
(2.) If so, when will the papers be produced?  
Mr. Robertson answered,—The Government have some doubt whether a further reference ought not to be made to this House before this order is complied with. They will be in a position to determine upon this matter in a day or two. I may say that the reason of the Government being careful in this matter is mercy to Dr. Beer. Certain of the papers are of such a character that the Government are of opinion it will be scarcely fair to him to publish them.
- (4.) Court House for West Maitland:—Mr. Buchanan asked the Secretary for Public Works, pursuant to Notice No. 5,—  
(1.) Is it the intention of the Government to comply with the wishes of the large population of West Maitland, so frequently expressed by Petition to this House, and otherwise, to the effect that the absence of a Court House in West Maitland is felt as a serious inconvenience?  
(2.) If so, when does the Government intend to commence the building of said Court House?  
Mr. Byrnes answered,—It is not the intention of the Government to comply with the wishes of the petitioners for the erection of a Court House in West Maitland at present.
- (5.) Marine Board Bill:—Mr. Garrett asked the Hon. Member for Orange (Mr. Samuel), pursuant to Notice No. 6,—What course does the honorable gentleman intend to take with regard to the Marine Board Bill which was introduced by him, and which stands as an Order of the Day for second reading on the Business Paper of this House?

WEDNESDAY, 26 APRIL, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Special Auditors for Borough of Newtown:—Mr. Dodds asked the Colonial Secretary, pursuant to Notice No. 1,—

(1.) In appointing Special Auditors to audit the accounts of the Borough of Newtown, have the Government given instructions that the Special Audit shall be confined to the current year, or to any limited period?

(2.) Have the Government instructed the Special Auditors to perform their work in a single day, in accordance with the wording of the 184th clause of the Municipalities Act of 1867, to the effect that a Special Audit shall be held upon “*a day* to be appointed by such Auditors”; and to report “forthwith” (after such audit on the day appointed) in accordance with the provisions of clause 185 of the Municipalities Act?

(3.) If such instructions have not been given, will the Government state the nature and limits of the duties which the Auditors referred to are required to perform?

Mr. Robertson answered,—I think I can best answer my honorable friend by reading the letter of instructions to the Auditors, which is as follows:—

“Sydney, 23rd March, 1871.

“Sir,

“I am directed by the Colonial Secretary to inform you that His Excellency the Governor, with the advice of the Executive Council, has been pleased to appoint you, together with William Henry Mackenzie, Esquire, to be Special Auditors for the Borough of Newtown, in accordance with the provisions of section 184 of the Municipalities Act of 1867, and to add that you shall not commence your functions until required so to do by fifty Electors of the Borough, or by any Creditor or Creditors of the same—by writing under the hand of such Electors, or Creditor, or Creditors respectively.

“I have, &c.,

“HENRY HALLORAN.

“A. H. Richardson, Esquire,  
“George-street, Sydney.”

I think if the Honorable Member will read the 10th section of the Acts Shortening Act he will see that the law he relies on does not support his view. However that is only my opinion; I am not a lawyer.

(2.) Unclaimed Balances in Savings Bank:—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice No. 2,—Has the Government received the amount of Unclaimed Balances in the Savings Bank belonging to deceased prisoners, authorised under the provisions of the Act of Parliament recently passed; if so, what amount?

(3.) Has the same person received another Government contract in Newcastle?

(4.) Is it the intention of the Government to issue fresh tenders?

Mr.

Mr. Byrnes answered,—

(1.) Yes.

(2.) On the 12th of December last Jesse Burley's tender was accepted for £596; on the 30th of December, however, he alleged that, having erred in his calculations, he was unable to carry out the contract at that price, and submitted a fresh offer, considerably above the amount available, which the Government declined to accept on the 6th January, 1871. The work is not being proceeded with, as the vote under the 17th clause of the Audit Act has lapsed.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

THURSDAY, 27 APRIL, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

- (1.) Civil Service Superannuation Fund:—Mr. Buchanan asked the Attorney General, pursuant to Notice No. 1,—

(1.) Is it the intention of the Government to continue exacting contributions from the Civil Servants towards the Superannuation Fund, while at the same time admitting that the hopelessly bankrupt state of that fund precludes the possibility of those Civil Servants ever deriving any benefit from it?

(2.) Will the Government give those Civil Servants, from whose salaries they are at present deducting four per cent. by way of contribution to the Superannuation Fund, a guarantee that the advantages held out to them under the Superannuation Act will be strictly and honourably upheld; or failing this, will the Government undertake to pay them back all they have contributed to the Superannuation Fund, with interest at the rate of five per cent.?

Sir James Martin answered,—

(1.) While the Superannuation Act remains in force its provisions will be carried out.

(2.) The Government cannot give guarantees for the payment of public moneys without Parliamentary authority.

- (2.) Government Debentures:—Mr. Samuel asked the Colonial Treasurer, pursuant to Notice No. 2,—Have any fresh instructions been sent to England relating to the sale of the £407,100 Debentures transmitted on the 6th of October, 1870, beyond those forwarded by the late Treasurer? Mr. Lord answered,—Yes. Instructions were sent on 30th December, 1870, urging the necessity for realising the whole of the issue of £407,100.

- (3.) Road between Yass and Queanbeyan:—Mr. W. Forster asked the Secretary for Public Works, pursuant to Notice No. 3,—What steps have the Government taken, or do they intend taking, towards making provision for the road between Yass and Queanbeyan?

Mr. Byrnes answered,—I presume the Honorable Member refers to No. 65 on Schedule for 1870, Southern Roads, viz., "Main Southern Road near Yass, *via* Morunbateman, Ginindera, and Canberra, to Queanbeyan;" if so, an amount has been placed on Schedule for 1871, now under consideration.

VOTES AND PROCEEDINGS

OF THE

LEGISLATIVE ASSEMBLY.

FRIDAY, 28 APRIL, 1871.

1. The House met pursuant to adjournment; the Speaker took the Chair.

Question on Notice Paper for to-day:—

Maitland District Council:—Mr. Buchanan asked the Secretary for Lands, pursuant to Notice,—

- (1.) Has the Government discontinued issuing to the Maitland District Council the sums voted by Parliament for roads in its district, which by law are under its control?
- (2.) If so, under whose supervision have the road grants been expended since the Government has discontinued handing them over to the Council.
- (3.) Is it the intention of the Government to resume payments to the Maitland District Council as formerly; if so, when?

Mr. Wilson answered,—The sum voted for the Maitland District Council was withheld by order of the late Government. I am not aware that the roads have been under their supervision since. There is at the present time a Bill before the Parliament having for its object the dissolution of the District Council, and the Government will not take any action in this matter until they see how the House will deal with this Bill. If this Bill become law the District Council will then be dissolved. I have received a Petition, signed by five out of the seven District Councillors, asking that the sum may be handed over to them. There is one other reason which would cause a little delay; the law provides that the number of District Councillors shall be proportioned to the population. As soon as the Census shall have been taken the Government will see how many additional trustees it is in their power to appoint. When the original appointment was made the number was nine; since that time the population has increased, and I believe the number they will now be entitled to have will be about twelve.

2. Motion for Adjournment:—Mr. Buchanan moved, That this House do now adjourn.

Debate ensued.

Notice was taken that there was not a Quorum present,—

Whereupon the Speaker counted the House, and there being only Nineteen Members present, exclusive of the Speaker, namely,—Mr. Buchanan, Mr. Byrnes, Mr. Dillon, Mr. Dodds, Mr. Driver, Mr. Farnell, Mr. W. Forster, Mr. Garrett, Mr. Hill, Mr. Lackey, Mr. Leary, Mr. G. A. 1. The House met pursuant to adjournment; the Speaker took the Chair.

Questions on Notice Paper for to-day:—

(1.) Whether his attention has been called to the case heard at the Central Police Office on Friday last, in which a Magistrate of the Territory was summoned for the maintenance of his illegitimate child?

- (2.) Whether the Attorney General means to take any steps in the matter?

*Mr. Robertson* answered,—

The Honorable the Attorney General procured a copy of the depositions, and caused a communication to be sent to the Magistrate referred to, but cannot say what action will be taken until the Magistrate's letter has been received.

- (2.) Camperdown Toll-gate:—*Mr. G. A. Lloyd*, on behalf of Mr. S. Brown, asked the Secretary for Public Works, pursuant to Notice No. 2,—

- (1.) Have the Government considered the Petition of certain residents at Ashfield, Enfield, &c., in reference to the Tolls payable at the Camperdown Toll-gate, presented to this House on the 23rd of March last?

- (2.) If so, do the Government intend to comply with the request therein contained, and lower the Tolls payable at the said Toll-gate?

*Mr. Byrnes* answered,—

- (1.) Yes.

(2.) No change can be made in the rates during the present year, as the Bar is now leased; the whole of the Tolls collected are spent on this road, and are not sufficient to keep it in repair.

- (3.) Threatening Letter to His Excellency the Governor:—*Mr. W. Forster* asked the Attorney General, pursuant to Notice No. 3,—

- (4.) If so, how long have the Government been in possession of such information?

- (5.) Is it intended to institute any criminal prosecution in the matter?

- (6.) If not, what course do the Government intend taking?

*Sir James Martin* answered,—On the 17th of May, His Excellency the Governor received, through the post, a letter addressed as follows:—"Private: To Earl Belmore, Government House, Sydney." The letter was in these terms:—"Sydney—Beware and take no thought of the morrow, for before '7 (seven) days are over you will be a dead man. Alter that sentence at once (no play mind.)" This letter was immediately placed in the hands of the Inspector General of Police, who without delay caused inquiries to be instituted. It was discovered that the monogram on the envelope was the monogram of a large mercantile firm in this City. The head of that firm was immediately communicated with, and, with the assistance of that gentleman, the writer of the letter was ascertained

ascertained to be a lad of about 13 years of age, who had just been taken into the establishment on his leaving school. From the answers given by the boy himself, and from other circumstances, the Inspector General came to the conclusion that the letter was sent merely, as the boy stated, as a bit of fun. Under the circumstances this case is not considered to be one in which a criminal prosecution should be ordered, and the Government do not intend taking any further steps in the matter.

  - (2.) Was the money refunded to Government; and if so, by whom, and when?
  - (3.) Was Mr. H. J. Lodge dismissed from office, or allowed to resign; and if the latter, upon what grounds?
  - (4.) Are the Government aware that the present Postmaster and Telegraph Master at Moruya, Mr. T. C. Lodge, is a brother of the late Postmaster, and that he is a minor?
  - (5.) Who recommended Mr. T. C. Lodge for his present office?

  - (7.) Who are the sureties for Mr. T. C. Lodge?
  - (8.) Is it with the authority of the Government that the present and late Postmaster equally perform the duties of the Telegraph and Post Offices, and that both those public offices are conducted on the premises wherewith the said Mr. H. J. Lodge prints and publishes the "Moruya Telegraph" newspaper?
  - (9.) What amount of money passed through the hands of the Telegraph Master at Moruya in his official capacity during the year 1870; as also in his official capacity of Postmaster during the same period?

Mr. Robertson answered,—

- (1.) Mr. H. J. Lodge, the late Postmaster at Moruya, did not remit his balances on Money Order Account in compliance with the Regulations, and was accordingly suspended. At the period of his suspension his balance amounted to £300.
- (2.) The Postmaster paid this amount on the 18th April, 1871.
- (3.) The irregularity having occurred in his accounts as Postmaster in his capacity of Money Order Agent, he was dismissed from that office. The office of Electric Telegraph Station Master, which he held in conjunction with the other, he was allowed to resign.
- (4.) Yes. Nothing is known respecting his age.
- (5.) Messrs. Clarke and Greville, at the instance of several influential residents in the district.
- (6.) Messrs. J. M'Keon and W. Burns, of Moruya.

The late Postmaster has been expressly prohibited access to either office. The duties of both offices are conducted on the premises formerly used for the same purpose. Mr. T. C. Lodge was required to resign all connection with the "Moruya Telegraph" newspaper before he received the appointment, and it has been ascertained that he has done so. The Government is not aware of any proceedings on the part of Mr. H. J. Lodge in connection with that newspaper.

(5.) If any decision has been come to, will the Honourable the Postmaster General reconsider that decision?

Mr. Robertson answered,—

(1.) No application has been received from the inhabitants of Goodgood on the subject of postal communication.

(2.) The position of Goodgood is unknown to the Post Office.

(3.) Yes. It is not intended to comply with request.

(4.) Michelago, 12 miles; Cooma, 28 miles. No information as to the number of the population within a radius of 10 miles. There are reported to be only twelve householders within a radius of 5 miles.

(3.) Goodgood School:—Mr. Hart asked the Colonial Secretary, pursuant to Notice No. 4,—Has any application been made to the Council of Education to provide a teacher for a school at Goodgood, in the District of Monaro?

Mr. Robertson answered,—In reply to the question of the Honorable Member I desire to read a letter signed by Mr. Wilkins, the Secretary to the Board of Education, in which he says:—"It does not appear from the records of this office that an application has been made to the Council of Education to provide a teacher for Goodgood, in the District of Monaro, nor can Goodgood be identified with any other locality in the district from which an application has been received."

(4.) Goulburn, Queanbeyan, and Cooma Mails:—Mr. Hart asked the Colonial Secretary, pursuant to Notice No. 5,—If the Postmaster General is aware of the delay and irregularity that have lately taken place in the conveyance of the Mails between Goulburn, Queanbeyan, and Cooma, and will any steps be taken to ensure punctuality?

Mr. Robertson answered,—The Postmaster General is aware that irregularities have recently occurred on this mail line, the causes as alleged by the contractor, and to some extent corroborated by the local Postmasters, having been the flooded state of the rivers, and the serious illness of one of the mailmen. The mails are now reported as being conveyed with punctuality, but the contractor has been fined, and directed to place a sufficient number of mailmen on the line, and a boat at the Bredbo River, in order to provide for similar emergencies.

Quarter Sessions having been established at Bega, and discontinued at Eden, the Lock-up at Bega, has been constituted a Police Gaol, and the Gaol at Eden has been abolished. Mr. Samuel (*with the concurrence of the House*) moved, "That" that Report be now adopted. Mr. Windeyer moved, That the Question be amended, by omitting all the words after the word "That," with a view to inserting in their place the words "this Bill be now recommitted." MR. SPEAKER,

The Legislative Council having had under consideration the Legislative Assembly's Message, dated 17th May, 1871, requesting its concurrence in certain Amendments made by the Assembly in the "Sydney Meat Preserving Company's Incorporation Bill," disagrees to the Amendment in Page 4, which proposes the omission of Clause 11 and the insertion of a new Clause in lieu thereof,—

1st. Because in the case of the Goulburn Meat Preserving Company, assent was given by Parliament, during the present Session, to the restriction of the liability of Shareholders to the amount of capital subscribed for.

2nd. Because having reference to the nature and objects of the Company, to which this Bill relates, this Council is of opinion that it is neither necessary, nor desirable, to impose upon the Shareholders any liability beyond the amount which they have agreed to subscribe.

3rd. Because this Council considers that the proposed Amendment would tend to encourage the creation of indebtedness, and because the credit dealings, to which the business of the Company is likely to give rise, will probably be with persons, and commercial Companies, fully competent to protect themselves.

4th.

4th. Because the obligation imposed by the Amendment, to which this Council has assented, to add the word "Limited" as part of the designation of the Company, is appropriate only to Companies with liability restricted to subscribed capital, and is a sufficient protection, if any be required, in the case of this Company.

And agrees to the other Amendment made by the Assembly in this Bill.

Legislative Council Chamber,  
Sydney, 8th June, 1871.

T. A. MURRAY,  
President.

“Industrial Progress of New South Wales” :—Mr. G. A. Lloyd asked the Colonial Treasurer, pursuant to Notice,—

(1.) As the Government appear indisposed to print for gratuitous circulation, at the expense of the country, the 127 pages of the “Industrial Progress of New South Wales,” which describes “*New South Wales in 1870*,” will they grant the use of the form and allow it to be printed at the Government Printing Office, on condition that the cost of the paper and the time employed in printing is paid for?

10. Prorogation :—After which His Excellency was pleased to make to both Houses of Parliament the following Speech :—

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. It affords me much satisfaction to be at length enabled to relieve you from further attendance on your Parliamentary duties.

2. During the Session now about to terminate, several measures of considerable importance have been passed.

3. By extensive and judicious retrenchments, and by a considerable increase in the public income, means have been adopted which there is reason to hope will result in placing the public finances on a satisfactory footing. Recent events in Europe, as well as the withdrawal of the Imperial Troops, rendered it necessary that steps should be promptly taken to place our seaports in a state of defence, by the construction of Fortifications, and the raising a permanent Military Force, capable, with our efficient Volunteers, of making those Fortifications effective. The Act passed for the establishment of this Force, and the provision made for its maintenance, will be regarded, I hope, as a proof that the people of this Colony are prepared to defend these shores from foreign aggression, even should the recent Imperial policy with reference to the Colonies be adhered to. The passing of these and other important measures must be matter of general congratulation.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

4. I thank you for the Supplies which you have voted, and the desire which you have manifested to maintain the public credit. It will be the duty of the Government to see that those Supplies are expended with a due regard to economy.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,  
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

5. It must be a matter of much congratulation to you that the Public Securities are in a most satisfactory position, and that there is every reason to believe that the Loans which have been sanctioned will be raised on advantageous terms. The Public Works, including the Railway Extensions in progress, have been carried on during the past year with as much rapidity as possible. The means now placed at the disposal of the Government for these works will be applied with all reasonable despatch towards their completion. The long continuance of wet weather, and the severe floods which have occurred in various parts of the Country, have caused much distress ; but it is hoped that, under Divine Providence, a more favourable season may be looked for during the remainder of the year.

6. I now declare this Parliament prorogued until Tuesday, the first day of August next.

W. M. ARNOLD,  
Speaker.
