S

SPEAKER (*continued*):—

ELECTION OF:—

The Honorable Francis Michael Burke proposed and elected, 5-6.
Presented to Governor, 6.

NEWSPAPER REPORT OF PROCEEDINGS IN PARLIAMENT:—

Reports letter of apology from Editor of *The Sun* newspaper respecting incorrect report of a Question asked in Parliament by an Honorable Member, 131.

RULINGS OF:—

That an amendment to the question that the Constitution (Amendment) Bill be now read a second time, which sought to leave out all words after the word "That," and insert the words "the Bill be postponed until steps have been taken to secure the co-operation of all classes of the community in a non-party effort to deal with the grave financial and industrial dangers which threaten the State, and with the widespread and increasing unemployment," was out of order as it was not drawn in accordance with amendments to the second reading as contemplated by Standing Order No. 253, 36.

That, while the Honorable Member's contention that a motion respecting the appointment of a Select Committee to enquire into the Business Methods of Private Banks in New South Wales dealt with a matter beyond the Legislative control of the State Parliament, and therefore should not be discussed by the House, might be correct, the question of appointing a Select Committee was a matter entirely in the hands of the House. He pointed out that as New South Wales was a component part of the Federation, it was within the province of the House to consider any subject it might deem fit, and, if necessary, make representations to the Federal Government thereon, and that he would therefore be reluctant to restrict the right of the House to discuss the appointment of a Select Committee to inquire into the matter, 98.

That although the closure had been moved and carried before the Honorable Member, Mr. Bavin, had addressed himself to the motion before the House, the Honorable Member was entitled to reply under the Standing Orders. If the Honorable Member in the course of his reply happened to go outside the scope of the motion he would call him to order, 102.

That, upon a motion for the adjournment of the House under Standing Order No. 49, which was interrupted by the application of the Closure under Standing Order No. 175, before Debate had been entered upon, the Honorable Member had no right of reply as the motion had not been discussed and there was, therefore, nothing to which he could reply, 103.

That he could not uphold the contention that a motion respecting certain statements made by Professor Anderson, Professor of Philosophy of the University of Sydney, was not in order on the ground that the mover should be called upon to establish the accuracy of the statements contained therein, inasmuch as, during the course of the Debate, both sides of the question could be put before the House, 280.

That Mr. Speaker Meagher had ruled that it was not competent to amend a message to the Legislative Council conveying the determination of the Assembly respecting amendments made by the Legislative Council, and he ruled that it was not competent to debate the Question, 318.

On motion for adjournment under 49th Standing Order:—

That a motion to discuss the appointment of Mr. C. J. Goode as Chief Transport Commissioner was out of order, inasmuch as discussion of the subject would anticipate Debate which could take place on the Financial Statement, or upon the Estimates, which were now before the House, 389.

That a motion to discuss the action of the Government in suppressing official reports in connection with the conduct of Mr. Goode, Chief Transport Commissioner, was out of order, as there was ample opportunity on the Budget, which was then before the House, to discuss the matter referred to, 494.

Ministerial Statements:—

That it was competent only for the Leader of the Opposition to speak, after the making of, by the Premier or a Minister, 501.

DEPUTY:—

Adjourns House, pursuant to Sessional Order at 6 p.m., 202, 204, 221, 346.

Leaves Chair for period, 543, 544; (*Chair subsequently taken by Mr. Speaker*), 548.

Resumes Chair at specified hour, 543, 544.

Takes Chair during absence of Speaker, 185, 187, 193, 195, 197, 201, 203, 205, 207, 209, 213, 215, 217, 219, 223, 241, 251, 259, 265, 267, 345, 531.

Reports acknowledgment from His Majesty of address of condolence on death of H.R.H. The Princess Royal, 197.

Directs Serjeant-at-Arms to conduct Counsel (2) to Bar of House, 198.

Allows 3^d of Bill to be taken forthwith, 199, 249.

RULINGS OF DEPUTY:—

That an Order of the Day was the property of the House, and that being so, its position on the Business Paper was not affected by the seat of the Honorable Member originating the question becoming vacant. The Order of the Day was therefore properly before the House, and it was entirely a question for the House to decide whether it should proceed with the Order of the Day, 190.

That, in the absence of special knowledge of the circumstances and of the nature of the meetings held for the purposes of Communistic propaganda, he would not rule the motion out of order on the ground that it was not specific and of recent occurrence, before the Honorable Member had informed the House of the facts of the case, 220.

That a motion respecting the use of public school buildings for the holding of meetings for Communistic propaganda was an urgent question, and the motion was therefore in order, 220.

That the Honorable Member, Sir Thomas Henley, had no right of reply as the motion before the House had not been discussed, and there was therefore nothing to reply to, 221.

On motion for adjournment under 49th Standing Order:—

That, in the absence of definite knowledge, and as attention had only recently been directed to the question of the appointment of Food Inspectors, he would not rule the motion out of order on the ground that it was not of recent occurrence, 213.
