RULINGS OF :—				
That questions without notice might be asked without limitation, as the Sessional Orders appointing the days for Government Business taking precedence had not yet been passed, 13.				
That the motion made for leave to move an amendment, on motion to go into Committee, would have the effect of blocking Supply. A motion moved under similar circumstances on 13th August, 1889, the Speaker in giving his casting vote stated that the carrying of the motion would have the effect of taking the Business out of the hands of the Government. The position in this instance was the same as that which had occurred on 21st December, 1910, when the late Mr. McCourt carried a motion for leave to move an amendment, the amendment was put to leave out all the words after the word "That" and insert other words, 20.

S				
SPEAKER (continued):—				
RULINGS OF (continued):—				
On the motion that leave be given to bring in the Glebe Wharfage Lands Bill a <i>Point of Order</i> was raised that this Bill involved expenditure, Mr. Speaker said he was not prepared to rule at that stage, 36.				
That the Order of Leave of the Women's Legal Status Bill did not mention what Bills it sought to amend, and was therefore out of Order, 71.				
That the Local Government (Amending) Bill was prepared in accordance with the Order of Leave and was in order; Mr. Speaker said the tendency of recent years in the Imperial Parliament was not to strictly construe the clauses of a Bill with the Order of Leave, but to allow as much latitude as possible, 75.				
That the Early Closing Bill was introduced on 27th August, 1915, and its Order of Leave did not mention the amendment of the Liquor Referendum Act passed into law since that date. Where vital principles were involved the Order of Leave must certainly state what Acts were proposed to be amended; the Bill was therefore out of order, 91-2.				
That it was too late to take an objection as to relevancy after the Committee had dealt with the Council's amendments in the Testator's Family Maintenance and Guardianship of Infants Bill, 105.				
That it was too late to take objection to the Council's amendments after the Committee had agreed to them in the Totalizator Bill, 251.				
That it was not competent to omit part of a Message—Government Railways (Amendment) Bill—about to be sent to the Council, as the Message was the result of the determination of the House, 204.				
That By-laws under the Meat Industry Act were laid upon the Table of the House and if objectionable they might be disallowed by motion, 204.				
Motion made under 49th Standing Order:—				
That the motion respecting permanent employees in the Railway Service who are compelled to exist on short pays was in order, as the only thing of which he could take official cognisance was the Business Paper, containing the Order of the Day for the resumption of the Committee of Supply, 88.				
That the action of the Railway Commissioners, respecting payments to employees on the tramways at Broken Hill, could be discussed on the Financial Statement, which was still under consideration, 140.				
That the motion respecting the failure of the Government to act promptly in the public interest with a view to immediately ending the present disastrous strike in the coal-mining industry was in order, as it would be seen that Industrial Laws were of a composite character, State and Federal. Mr. Speaker McCourt had held that where a matter could be dealt with by both State and Federal Parliaments, it might be discussed on a motion for adjournment, 178.				
That the motion respecting the necessity for limiting further the number of horse or pony Race Meetings during the continuance of the War, was not anticipating discussion, as the Estimates had already been passed, 238.				
DISSENT FROM RULING:—				
Respecting decision given in connection with Liquor (Amendment) Bill (No. 2) whereby the Attorney-General was allowed to withdraw a motion for the adoption of the Report on the Legislative Council's amendments, after the Division bells had been rung and the Bar closed, Motion negatived (<i>Mr. McGirr</i>), 183-4.				
DEPUTY SPEAKER:—				
Reports Deputy-Speaker's Commission to administer Oath to Members, 45.				
Appointment of Ernest Durack, Esquire, to act temporarily, on account of illness of T. H. Thrower, Esquire, 63.				
RULINGS OF DEPUTY (<i>Mr. Thrower</i>):—				
That the Forestry Bill was introduced in accordance with Standing Order 246; there was nothing in clause 1F of the Bill to say that an expenditure of over £20,000 would be exceeded, thereby infringing the provisions of the Public Works Act; the Bill was in Order, 55.				
RULINGS OF DEPUTY (<i>Mr. Durack</i>):—				
That the Liquor (Amendment) Bill did not come up to the requirements and was not prepared in agreement with the Order of Leave, and was therefore out of order, 125.				
SPECIAL ADJOURNMENT (See "ADJOURNMENT").
