UNDER STANDING ORDER 113A (*Precedence of certain Motions*) :—

Agreement for a franchise under the Local Government Act,—that although under a strict interpretation the application of such Standing Order was hardly allowable, he believed that the intention of the framers of the Standing Order was to allow such a motion, and he would allow it to go the vote, 40.

That when a motion was moved under, and the Debate adjourned, such motion became an Order of the Day, and did not take precedence, 55.

BILL OF SUBSTANTIALLY THE SAME PROVISIONS—STANDING ORDER 187 :—

PRIVILEGE :—

That he could not entertain as a matter of, the motion in reference to “the failure of the Government to investigate the allegation made by the *Labor Daily* newspaper as to the existence of a plot to bribe certain Members of Parliament ; as the question of privilege should only be raised as one of extreme urgency, and this subject could be discussed on the Financial Statement or the Estimates, 164.

ON MOTIONS FOR ADJOURNMENT UNDER THE 49TH STANDING ORDER :—

Statement by, on desirableness of giving the Speaker power to decide when the subject of a motion was of urgent public importance, 61.

RULINGS OF DEPUTY—ON MOTIONS FOR ADJOURNMENT UNDER THE 49TH STANDING ORDER :—

S

SPEAKER (continued) :—

RULINGS OF :—

- That after the hour specified under Standing Order No. 175b for the Committee and Report stages no amendment or Debate could be had on the adoption of Report from Committee of the Whole, 81.
- That an amendment to recommit a Resolution from the Committee of Ways and Means was not a rescission of motion as intended by Standing Order 188, but was specially provided for in Standing Order 333, and was in order, 199.
- That a motion for the adjournment of the Debate was not comprehended within the various stages of a Bill concerning which notice under Standing Order 175b had been given, and that being the case he must rule that the closure, just agreed to, was put under Standing Order 175, and not under Standing Order 175b, 200.
- That he was not satisfied that any additional expenditure would be incurred by the inclusion of an amendment in clause 2 of the Government Railways Amendment (Officers) Bill and a further Message from the Crown was not necessary, 276.
- That the Deputy-Speaker was correct in ruling that it was obligatory on him, the closure having been carried, to submit the motion to the House though the hour of 5.50 p.m., when under the Sessional Order the Debate should terminate, had passed, 293-4.
- That he could not uphold the contention that the House was not properly constituted because it had at its last sitting sat beyond 5.50 p.m., when under the Sessional Order the Debate should have been interrupted, 294.
- That the Constitution (Legislative Council) Amendment Bill could not be said to impose a charge on the consolidated revenue and therefore did not require a Message from the Crown, 304.
- On Motions for Adjournment under 49th Standing Order :—**
 - That, as the Standing Orders now stood he did not feel disposed to rule out of order a Motion respecting the reported recommendation of the Railway Commissioners for acceptance of Babcock and Wilcox's tender for steam-raising plant, &c., 50.
 - That a Motion "That the action of the Civic Commissioners in emptying garbage into the sea is destroying the fish and polluting the foreshores," was, in form an ordinary motion, and out of Order, 79.
 - That the subject of a Motion for the adjournment of the House under the 49th Standing Order to discuss "The pronouncement by the President of the Industrial Commission on the 5th day of November instant, to the effect that action by Parliament is inevitable when the results of the reduction of the living wage from £4 5s. to £3 14s. are considered" was not a matter which was *sub judice* and was in order, 116.
 - That the Debate on a Motion to discuss "The collapse of scaffolding at Dymock's new building, George-street, yesterday, resulting in serious injuries to three workmen" would anticipate discussion on the Estimates which had been tabled, and Mr. Speaker having enquired as to the probability of the Estimates being brought before the House within a reasonable time, and on being informed by the Honorable the Premier that it was fully anticipated that the Estimates of the Department of Labour and Industry would be dealt with by the House during the next fortnight, said that, having in view the provisions of Standing Order No. 110A, he would allow the Honorable Member to proceed, as he considered the subject-matter of the motion to be one of urgent public importance, 152.

RULINGS OF DEPUTY :—

- That an appeal having been lodged in the case of the Crown v. Babcock, Wilcox, Ltd., the discussion of a motion of Censure regarding the action of the Government in advising the Lieutenant-Governor to approve of a contract between the Railway Commissioners and Babcock and Wilcox, might be prejudicial to the appeal. He, therefore, would regard the matter *sub judice*, and ruled the motion out of order, 252.
- That a Motion to adopt a new Standing Order, to rescind certain Standing Orders and amend other Standing Orders, embraced only one resolution, and the closure having been applied to that Question he must put the question as it appeared on the Business Paper, 100.
- That the closure having been carried, it was his duty in accordance with Standing Order No. 175, to put the Question to the House even though the hour of 5.50 p.m., when under the Sessional Order the Debate should terminate, had passed, 291.
- That he could not uphold the Point of Order that the Lotteries and Art Unions (Amendment) Bill empowered the Governor to make regulations prescribing "the fees to be paid for any permit or other document" the Bill originated an impost, and should have been introduced in the Assembly and preceded by a Message from the Governor, 331.
- On Motions for Adjournment under 49th Standing Order :—**
 - That a Motion to discuss "The action of the Civic Commissioners in emptying garbage into the ocean," was of recent occurrence and in order, 104.
 - That a motion to discuss "The serious condition of distress existing in the northern coal-mining towns, particularly in the town of Cessnock, as disclosed by a deputation of townspeople to the Premier yesterday" was specific and of recent occurrence, and in order, 364.
- Dissent from Ruling :—**
 - Respecting decision that a Motion to adopt a new Standing Order, to rescind certain Standing Orders and amend other Standing Orders embraced only one resolution, and the closure having been applied he must put the question as it stood—negated, 112-13.

SPEECH (See "MEMBERS").

STANDARD OF LIVING (See also "BASIC WAGE") :—

- Motion made (Mr. Stuart-Robertson) for appointment of a Select Committee to inquire into and report upon what is a proper standard of living in the State of New South Wales—negated, 77.
- Motion made (Mr. Lang) for adjournment of the House under the 49th Standing Order to discuss the statement of the President of the Industrial Commission in his judgment delivered yesterday, wherein he described the majority decision of the Commission as "the ill-omened decision to expedite the attempt in New South Wales to lower the standard of living by judicial action," negated, 328.

SPEAKER (*continued*) :—

ELECTION OF :—

The Honorable Francis Michael Burke proposed and elected, 5-6.
Presented to Governor, 6.

NEWSPAPER REPORT OF PROCEEDINGS IN PARLIAMENT :—

Reports letter of apology from Editor of *The Sun* newspaper respecting incorrect report of a Question asked in Parliament by an Honorable Member, 131.

RULINGS OF :—

That an amendment to the question that the Constitution (Amendment) Bill be now read a second time, which sought to leave out all words after the word "That," and insert the words "the Bill be postponed until steps have been taken to secure the co-operation of all classes of the community in a non-party effort to deal with the grave financial and industrial dangers which threaten the State, and with the widespread and increasing unemployment," was out of order as it was not drawn in accordance with amendments to the second reading as contemplated by Standing Order No. 253, 36.

That, while the Honorable Member's contention that a motion respecting the appointment of a Select Committee to enquire into the Business Methods of Private Banks in New South Wales dealt with a matter beyond the Legislative control of the State Parliament, and therefore should not be discussed by the House, might be correct, the question of appointing a Select Committee was a matter entirely in the hands of the House. He pointed out that as New South Wales was a component part of the Federation, it was within the province of the House to consider any subject it might deem fit, and, if necessary, make representations to the Federal Government thereon, and that he would therefore be reluctant to restrict the right of the House to discuss the appointment of a Select Committee to enquire into the matter, 98.

That although the closure had been moved and carried before the Honorable Member, Mr. Bavin, had addressed himself to the motion before the House, the Honorable Member was entitled to reply under the Standing Orders. If the Honorable Member in the course of his reply happened to go outside the scope of the motion he would call him to order, 102.

That, upon a motion for the adjournment of the House under Standing Order No. 49, which was interrupted by the application of the Closure under Standing Order No. 175, before Debate had been entered upon, the Honorable Member had no right of reply as the motion had not been discussed and there was, therefore, nothing to which he could reply, 103.

That he could not uphold the contention that a motion respecting certain statements made by Professor Anderson, Professor of Philosophy of the University of Sydney, was not in order on the ground that the mover should be called upon to establish the accuracy of the statements contained therein, inasmuch as, during the course of the Debate, both sides of the question could be put before the House, 280.

That Mr. Speaker Meagher had ruled that it was not competent to amend a message to the Legislative Council conveying the determination of the Assembly respecting amendments made by the Legislative Council, and he ruled that it was not competent to debate the Question, 318.

On motion for adjournment under 49th Standing Order :—

That a motion to discuss the appointment of Mr. C. J. Goode as Chief Transport Commissioner was out of order, inasmuch as discussion of the subject would anticipate Debate which could take place on the Financial Statement, or upon the Estimates, which were now before the House, 389.

That a motion to discuss the action of the Government in suppressing official reports in connection with the conduct of Mr. Goode, Chief Transport Commissioner, was out of order, as there was ample opportunity on the Budget, which was then before the House, to discuss the matter referred to, 494.

Ministerial Statements :—

That it was competent only for the Leader of the Opposition to speak, after the making of, by the Premier or a Minister, 501.

DEPUTY :—

Adjourns House, pursuant to Sessional Order at 6 p.m., 202, 204, 221, 346.

Leaves Chair for period, 543, 544; (*Chair subsequently taken by Mr. Speaker*), 548.

Resumes Chair, at specified hour, 543, 544.

Takes Chair during absence of Speaker, 185, 187, 193, 195, 197, 201, 203, 205, 207, 209, 213, 215, 217, 219, 223, 241, 251, 259, 265, 267, 345, 531.

Reports acknowledgment from His Majesty of address of condolence on death of H.R.H. The Princess Royal, 197.

Directs Serjeant-at-Arms to conduct Counsel (2) to Bar of House, 198.

Allows 3^d of Bill to be taken forthwith, 199, 249.

RULINGS OF DEPUTY :—

That an Order of the Day was the property of the House, and that being so, its position on the Business Paper was not affected by the seat of the Honorable Member originating the question becoming vacant. The Order of the Day was therefore properly before the House, and it was entirely a question for the House to decide whether it should proceed with the Order of the Day, 190.

That, in the absence of special knowledge of the circumstances and of the nature of the meetings held for the purposes of Communistic propaganda, he would not rule the motion out of order on the ground that it was not specific and of recent occurrence, before the Honorable Member had informed the House of the facts of the case, 220.

That a motion respecting the use of public school buildings for the holding of meetings for Communistic propaganda was an urgent question, and the motion was therefore in order, 220.

That the Honorable Member, Sir Thomas Henley, had no right of reply as the motion before the House had not been discussed, and there was therefore nothing to reply to, 221.

On motion for adjournment under 49th Standing Order :—

That, in the absence of definite knowledge, and as attention had only recently been directed to the question of the appointment of Food Inspectors, he would not rule the motion out of order on the ground that it was not of recent occurrence, 213.

RULINGS OF :—

That references by the Leader of the Opposition (*Mr. Lang*), to certain evidence given before the Royal Commission appointed to inquire into the issue of Licenses for Greyhound Racing, were a violation of the rules of Debate governing matters which were *sub judice*, and stating reasons, 11–12.
 That before ruling that certain remarks made by the Deputy-Speaker to the Deputy-Leader of the Opposition should be dealt with on a Motion of Censure, and not as a matter of Privilege, he would hear the remarks of the Leader of the Opposition thereon, 18.
 That he could not uphold the contention of the Leader of the Opposition (*Mr. Lang*), that the Finance (Bookmakers' Taxation) Bill did not correspond with the Resolution from Ways and Means upon which the Bill was founded, 45.
 That a motion of urgency, for the suspension of Standing and Sessional Orders to consider a motion relating to the trial of unemployed workers charged with riotous behaviour in connection with the Tighe's Hill Eviction Case was out of order, as the subject matter of the motion was *sub judice*, 137.
 That a motion of urgency for the suspension of Standing and Sessional Orders to consider a motion relating to the action of the police in using batons upon certain citizens of Lithgow was out of order, as the subject matter of the motion was *sub judice*, 141.
 That it was not necessary, as was contended by the Leader of the Opposition, for the notice in writing respecting allocation of time for Debate under Standing Order No. 175a to be given to the various Party Leaders concerned before the House actually adjourned, and that the requirements of the Standing Order had been substantially complied with by the intimation having been given by the Minister verbally to the House, 179.
 On motion for adjournment under 49th Standing Order :—
 That although the question arose as to whether a motion which dealt with the action of the police at a recent inquest held at Wollongong, could be entertained in view of the fact that the Estimates had been tabled, he would allow the subject-matter of the motion to be discussed, as a matter of urgent public importance, having ascertained that the Debate upon the Financial Statement would not be resumed for several days, 43.
 That, as the Debate on the Financial Statement would not be resumed within a reasonable time, and in view of the provisions of Standing Order No. 110a, he would allow discussion upon a motion for the adjournment of the House under Standing Order No. 49, respecting the stoppage of food relief to proceed, as he considered the subject-matter of the motion to be of urgent public importance, 65.

SPEAKER (*continued*):—

LEGISLATIVE COUNCIL OF NEW SOUTH WALES—

ELECTION OF MEMBER TO:—

Message from Lieutenant-Governor, announcing issue of Writ for (and forwarding copy thereof to Legislative Assembly), reported; Writ read by Clerk, 123-124, 169, 395-397.

Directs that taking of votes of Members of the Legislative Assembly for, be set down as an Order of the Day for the day appointed for the holding of (*and take precedence*), 125, 171, 397.

Directs Clerk to read order of Day for; declares Ballot open; directs that doors be locked, and later, unlocked; inquires at the appointed hour, whether any Member present desires to vote and declares Ballot closed, 167, 187, 429.

RULINGS OF:—

That he could not accept a motion, "That the Petition be read," as it was contrary to the terms of Standing Order No. 98, which provided that "the only question which shall be entertained by the House, on the presentation of any Petition, shall be 'That the Petition be received,'" 55.

That a Point of Order that clause 2 of the Sydney Corporation (Elections) Bill constituted the same question, not only in substance but in identically the same words as sub-clauses (1) and (2) of clause 3 of the Sydney Corporation (Amendment) Bill already agreed to by this House during the present Session should have been taken on the second reading, but, although irregular at the then stage, he would not refrain from giving a ruling upon an important matter. He pointed out to the House that, while it was a rule in both Houses that no question should be offered which was substantially the same as one upon which their judgment had already been expressed in the current Session, the important point was that judgment must have been expressed upon the Bill as a whole—consequently the rule did not apply as between the various stages of Bills, the different stages being intended as so many opportunities of reconsideration. He therefore ruled that the passage of the Sydney Corporation (Amendment) Bill was only pending, and it was competent for this House to proceed with the Bill which embodied some of the provisions of clause 3 of the Sydney Corporation (Amendment) Bill which was then before the Council, 93.

That, although an amendment made by the Legislative Council in the Public Works (Port Kembla Electricity) Amendment Bill might impose a charge upon the Crown and require a Message from the Governor, the practice and usage of the House over a long period, supported by several rulings by previous Speakers, clearly showed that it was not competent to take a point of order upon an amendment made by the Legislative Council in a Bill after the report of the Committee had been made to the House, 357.

DEPUTY:—

Adjourns House, pursuant to Sessional Order at 10-30 p.m., 29, 35, 39, 43, 46, 50, 54, 58, 68, 88, 95, 108, 110, 127, 130.

Adjourns House pursuant to Sessional Order, 6 p.m., 120.

Allows 3^d of Bill to be taken *forthwith*, 73, 155, 228, 424, 425, 499.

Lays Paper on Table, 178.

Offers Prayer, 111, 115, 119.

Orders Council's amendments to be considered *forthwith*, 175, 361; *To-morrow*, 210, 234, 425, *later hour of day*, 270⁽²⁾.

Orders 3^d of Bill for *To-morrow*, 199⁽²⁾, 208, 209, 217, 220, 226, 228⁽²⁾, 257, 313, 337, 425, 493; *on specified day*, 195.

Takes Chair during unavoidable absence of Speaker, 25, 111, 115, 119, 137, 177, 183, 187, 189, 191, 195, 197, 201, 207, 211, 217, 223.

RULINGS OF:—

That the motion before the House was for the introduction of a Bill to provide for the reduction of the Members of the Legislative Assembly from 90 to 56, the leading principle of the motion being the reduction of the number of Members of the Legislative Assembly. Inasmuch, therefore, as the amendment to add certain words was subversive of that principle, he must rule it out of order, 48.

That, although it was after the time (10-20 p.m.) appointed by the Sessional Order for the interruption, in the House, of the proceedings on any Business then under consideration, he could not uphold the contention that under the operation of the Sessional Order no other Business could be transacted after 10-20 p.m., and that it was therefore not competent for the Minister to give notice of the guillotine,—and ruled that a verbal intimation under Standing Order No. 175B of the Business to be dealt with *To-morrow*, under that Standing Order, was not Business of the House in the ordinary sense, and it was competent for the Minister to give such notice, 72.

That, even if new clause 8 inserted in the Farmers' Relief (Amendment) Bill in Committee were out of order because it provided for a reduction of the interest rate from which the Crown would not be exempt, he had no power to recast it or have it taken out of the Bill: that could be done only by recommitting the Bill. It was not the practice to rule Bills out of order after they had been committed simply because of an irregularity which was capable of being corrected in Committee, or upon recommitment, and either of those courses might be properly adopted by the House in this case. For those reasons he would not rule the Bill out of order, 116.

That, although there might be no proposal to issue a regulation which would impose a license fee upon fruit trees used for domestic purposes, as was suggested in the motion sought to be discussed, the motion now before the House was that of "Urgency," and, therefore, he proposed to put that motion to the House, 211.

S

SPEAKER (*continued*) :—

- Lays on Table Warrant appointing Temporary Chairman of Committees, 6.
- Lays on Table copy of Governor's Opening Speech, 14.
- Lays Paper on Table, 25, 57, 145, 371, 459.
- Leaves chair for period, 230, 241, 351, 485, 497.
- Makes statement respecting non-appointment of Elections and Qualifications Committee, 6.
- Makes statement respecting paragraph in Press relating to Disorder in House, 57.
- Makes statement respecting ventilation of Assembly Chamber, 27.
- Makes statement respecting conduct of Police towards a deputation appointed to wait at Parliament House upon the Leader of the Opposition, 279.
- Makes statement respecting disorder in the House, 339.
- Re-elected as Legislative Assembly's Representative on the University Senate, 19.
- Reports presentation of Address to Governor Sir Philip Game, and reply, 439.

RULINGS OF :—

- That the urgency motion was the first in the process of suspending the Standing Orders and such a motion was in order before the Address-in-Reply had been adopted, 6.
- That it was not necessary to formally rescind a Sessional Order, the words of Standing Order 40, and the words "unless otherwise ordered" in the Sessional Orders allowed the greatest elasticity in fixing and varying the days and hours of sitting and the hour of adjournment, and a motion to suspend the paragraphs of the Sessional Order which provided for the termination of sittings at 10-30 p.m., was in order, though the House had some days previously negatived a motion providing for sittings after 10-30 p.m., 172.
- That a motion to disallow certain regulations under the Conveyancing Act, 1919, was irregular and out of order, as that Act, while providing for the making of regulations thereunder, contained no provision whatever for the laying of such regulations on the Table of the House, nor was there any means provided by which such regulations might be disallowed by the House. The House could express its disapproval of those regulations, but disallowance had a well-known technical meaning, and a certain well-defined effect, 354.
- That a Petition could only be read with the unanimous concurrence of the House, 385.
- That the urgency motion covering a specific motion having been agreed to it was not in order to move an amendment to the motion for the suspension of the Standing Orders to deal with that motion, 386.
- That he was not prepared to rule out of order an urgency motion relating to a notice of motion on the Business Paper on the ground that the latter was *sub judice*—if the substantive motion were moved he would, on particulars of the alleged pending litigation being supplied, be prepared to give a ruling on that motion, 451.

NEWSPAPER ARTICLES RESPECTING CONDUCT IN CHAIR :—

- Motion made (*Mr. Lang*), as a matter of Privilege, deprecating, *agreed to*, 336.

APPOINTMENT OF TEMPORARY CHAIRMAN OF COMMITTEES TO ACT AS DEPUTY :—

- Motion made (*Mr. Bavin*) as a matter of urgency for suspension of Standing Orders to consider, 71; Motion made (*Mr. Bavin*) that Mr. Deputy-Speaker Walker be empowered to call upon any Temporary Chairman of Committees to take the Chair as Deputy-Speaker, 72.

DEPUTY :—

- Directs Serjeant-at-Arms to remove Member from Chamber, 54, 116, 133, 157 (3), 209, 387.
- Directs Serjeant-at-Arms to request Member to attend in his place, 55, 157, 387.
- Makes statement respecting reasons why box for notices for adjournment under Standing Order 49 will not in future be in position, 142.
- Names Member as guilty of interrupting orderly conduct of House, 54, 157.

RULINGS OF DEPUTY :—

- That a Sessional Order providing for the House to terminate its sittings at 10-30 p.m. took effect immediately it was agreed to, and it being after that hour he must adjourn the House, 23.
- That it was the practice to take cognisance of disorder at any time and that a motion dealing with such disorder was in order though the adjournment of the House had been moved, 54.
- That although the closure was moved and carried before the Hon. Member moving the motion had spoken, the Hon. Member, as mover of the motion, was under Standing Order 175 entitled to reply, 98.
- That as the Sessional Order provided that Government Business only be dealt with, no motion under the 49th Standing Order could be entertained, 115.
- That a notice under Standing Order 175B of allocation of time for discussion of the Government Railways (Amendment) Bill was in order as far as the other stages were concerned, but it was in his discretion to set down the 3rd, and the notice should not cover that stage, 145.
- That he could not sustain a point of order "That the Income Tax Bill did not coincide with the resolution as reported from the Committee of Ways and Means" and the Bill was therefore in Order, 228.

Mr. Missingham :—

- That every Hon. Member who moved a motion had the right of reply after the closure had been carried, 104.
- That as the Sessional Order provided that Government Business only be dealt with, it was not in order to move the adjournment of the House under the 49th Standing Order, 112.
- On Motions for Adjournment under 49th Standing Order* :—
 - That a motion respecting the recent demand of the Lands Department on soldier settlers requiring them to give liens of half the returns on their farms was specific, urgent, and of public importance and in order, 65.
 - That as the Sessional Order provided that Government Business only be dealt with, a motion respecting the intention of the Water Board to dismiss a large number of employees owing to not being able to get loan money, and the action of the Government in preventing the Board from going on the loan market for money, could not be proceeded with, 142.

DISSENT FROM RULINGS :—

- Respecting a decision (*Mr. Deputy-Speaker Missingham*) that as the Sessional Order provided that Government Business only should be dealt with, it was not in order to move the adjournment of the House under the 49th Standing Order, *negatived*, 127.
- Respecting a decision (*Mr. Deputy-Speaker Walker*) when in response to a Point of Order that the Bill did not coincide with the Resolution of Ways and Means upon which the Bill was founded he ruled the Bill to be in Order, *negatived*, 253.
