NEW SOUTH WALES.

LANDS ACTS FURTHER AMENDMENT ACT OF 1880.

(REGULATIONS UNDER.)

Presented to Parliament, pursuant to Act 43 Vic. No. 29, sec. 30.

ALIENATION—PART I.

CHAPTER I.

PURCHASES WITHOUT COMPETITION—PURCHASE OF IMPROVED LANDS.

Applications.

1. Applications to purchase without competition lands on which improvements may exist should be in the form marked A hereto appended, and must be made to the Crown Lands Agent for the district, and during the currency of the lease or promise of lease under which the lands are held. For lands on proclaimed Gold-fields within areas reserved from conditional sale, applicants must be in authorized occupation of the portions sought to be purchased; but no person shall be entitled to make more than one of such purchases, unless the second, or any subsequent purchase, shall be distant more than three miles from each other.

Character and value of improvements.

2. The improvements must be the property of the applicant, must in all cases be of a fixed and durable character, must not have been previously used in support of a similar application, and must be so situated as to admit of measurement into portions corresponding with their value as hereinafter provided. Such value must be at least equal to £8 per acre on town lands, £2 per acre on suburban lands, and £1 per acre on other lands. The improvements in respect to applications made by pastoral lessees must be such as, in the opinion of the Minister, have been effected *bona fide* for the working and beneficial occupation of the land for pastoral purposes, and must not be less than £40 in value.

Improvements on reserved or conditionally purchased land.

3. No improvements made during the currency of conditional purchases, which may have lapsed or become forfeited, or been withdrawn on account of non-survey, or effected during the thirty days following the notification in the Government Gazette of the forfeiture, or the reversion to Her Majesty of such conditional purchases, shall confer a claim to purchase in virtue thereof. Improvements made during the existence of reserves from sale shall not confer a right of purchase, nor shall those made by lessees upon reserves from lease, or from conditional sale; but reserved lands, properly and sufficiently improved, as required by the foregoing regulation, prior to reservation, or prior to the 1st July, 1876, may be sold in right of improvements.

Area and form of measurement.

4. Every such purchase must be made in accordance with the general subdivision of the land whether town, suburban, or other land; and the right of purchase is limited to the allotments or portions containing the improvements, and to an area corresponding to the value thereof, and not exceeding half an acre of town land, 2 acres of suburban land, or land on a Gold-field within areas reserved from conditional sale, and not less than 40 or more than 640 acres of other land. Lands which have been measured by the authority of the Government must be taken in portions as measured, and if unmeasured shall be subject to the same general rules as to depth and proportion of frontage as are applicable to conditional purchases, but lands having a frontage shall be measured in a rectangular form, with a depth of not less than 60 chains. The total area to be sold in any run shall not exceed one twenty-fifth part of the total area of such run on the 1st January, 1878, or the commencement thereafter of the term of lease, unless in the case of any run out of which purchases in virtue of improvements have not already been made to the extent of double the one twenty-fifth part aforesaid, and in such cases up to double such twenty-fifth part in all of the area of the run. And the area so to be sold shall be taken up in blocks not exceeding four in number.

Price.

5. The minimum prices at which lands may be sold are—£8 per acre of town lands, £2 10s. per acre, or for any portion less than an acre, of suburban lands, or lands on proclaimed Gold-fields within

areas reserved from conditional sale, and £1 per acre of other lands. The price of town and suburban lands, and lands on proclaimed Gold-fields within such reserved areas, shall be fixed by the Governor in Council. Other lands may be sold at the minimum price, or the Minister may, without an appraisalment, fix a higher price, or he may have the price determined by appraisalment should he deem it advisable.

Lands in proclaimed Gold-fields.

6. Any person specially authorized by the Minister in that behalf shall be at liberty to dig and search for gold within lands in proclaimed Gold-fields, hereafter sold in right of improvements; and should the same be found to contain auriferous deposits, it shall be in the power of the Governor in Council to annul the sale, and thereupon the purchaser or his alienee shall be entitled to compensation for the sale other than auriferous of the land and improvements, such value to be determined by appraisalment.

Alienation not to affect injuriously adjacent Crown Lands.

7. No land, the alienation of which is likely to prejudice or affect injuriously the value of adjacent Crown Lands, shall be sold to a pastoral lessee.

Payment of purchase money.

8. If the purchase be approved such approval will be notified in the Government Gazette, and the applicant will be called upon to pay the purchase money and deed fee into the Colonial Treasury. Should such payment not be made within three months thereafter the claimant will be liable to a penalty equivalent to 10 per centum of the amount; and should the full price, including the penalty, not be paid within six months from the date of such notice, the claim to purchase may be treated as lapsed, and the land may be brought to sale by auction.

MISCELLANEOUS SPECIAL ALIENATIONS.

Applications.

9. Applications from the owners in fee of adjacent land, in the following classes of cases, should be in the form marked B hereto appended, viz. :—

For the reclamation and purchase of land below high-water-mark.

For the closing and purchasing of unnecessary roads.

For the purchase of lands to which no way of access may exist, or which may be of insufficient area for conditional or auction sale, and cases of similar character.

For the rescission of reservation of water frontage.

Plan and particulars required.

10. A plan must be forwarded, showing with accuracy the land applied for, the position of adjoining land of the applicant or other proprietors, and all other particulars necessary to illustrate the intention of the applicant and the effects of compliance with the application.

Deposit.

11. Every application must be accompanied by a receipt showing that a deposit of £5 on account thereof has been lodged in the Colonial Treasury, which will form part of the purchase money if the application be complied with, but will be returned if it should be refused. But should the application not be proceeded with by the applicant when called upon, this deposit will be forfeited.

Notification of approval.

12. If the application be approved, such approval will be notified in the Gazette, and the purchase money and deed fee must be paid into the Treasury, in accordance with the conditions hereinbefore set forth with regard to the purchase of improved lands. In cases of reclamation the issue of the deed will be suspended until the reclamation has been completed to the satisfaction of the Government.

APPRAISEMENTS.

Appointment of Appraisers.

13. Whenever it shall become necessary or desirable to hold an appraisalment, it shall be conducted in manner hereinafter mentioned (that is to say),—

The Minister will appoint one or more appraisers. The appointment shall be made in writing, shall be delivered to the appraiser or appraisers, and attached to the appraisalment when made; and such appraisalment shall, unless altered or vetoed by the Minister after the receipt of a report and recommendation from three such appraisers, be binding, final, and conclusive upon all persons and to all intents and purposes whatsoever.

In case of death or failure to act by Appraisers.

14. In case such appraisers or any of them die or become incapable to act before the making of their appraisalment, or fail to make their appraisalment within sixty days after their appointment, or within such extended time (if any) not exceeding thirty days, as shall have been duly appointed by them for that purpose, the matters referred to them shall be again referred to appraisalment as if no former reference had been made.

Appraisers to give notice of time and place appointed for appraisalment.

15. The appraiser or appraisers shall appoint a time and place for holding a Court of Appraisalment at some convenient place in the district; and shall give not less than fourteen (14) days' notice in writing thereof to all parties interested.

Appraisalment to be conducted in open Court.

16. The appraisalment shall be made in open Court, and upon due inquiry and consideration of any evidence, documentary or otherwise, which may be laid before the appraiser or appraisers by the claimant, or which may have been produced at their own instance or at the instance of the Government; and the appraiser or appraisers may examine the parties as witnesses on oath.

Appraisalment to be transmitted to the Minister for Lands.

17. Every appraisalment or award shall be in writing, and shall be transmitted to the Minister and deposited in his office.

CHAPTER II.

CONDITIONAL PURCHASES.

Purchases Conditional on Residence and Improvements.

Applications.

1. Applications for conditional purchase of unimproved land shall be in the form marked C hereto appended, and shall be tendered in person by the applicant to the Land Agent of the district, between the hours of 10 a.m. and 4 p.m. on any Thursday not being a General Holiday. Not more than one application will be received on the same day from the same applicant.

Purchases to be for benefit of Applicant. Penalty for evasion.

2. Conditional purchases must be for the exclusive use and benefit of the applicant, and cannot be made as the servant, agent, or trustee of any other person. Any contract or agreement for obtaining land by evasion of the law in this respect is void, and the land will be forfeited; and any persons who may enter into any such contract or agreement will be guilty of a misdemeanour, and the land will be forfeited.

Minors.

3. No person under the age of sixteen years can conditionally purchase Crown Land; and every applicant who may be under the age of twenty-one years will be required to state in his application his age on his last birthday and the date thereof.

Exclusion of certain lands.

4. The following classes of lands are excluded from ordinary conditional purchase:—Town lands; suburban lands; lands within proclaimed Gold-fields; lands under lease for mining purposes to any person other than the applicant; lands within areas bounded by lines bearing north, east, south and west, and distant 10 miles from the outside boundary of any city or town containing according to the then last published Census 10,000 inhabitants, or 5 miles from the outside boundary of any town containing 5,000 inhabitants, or 3 miles from the outside boundary of any town containing 1,000 inhabitants, or 2 miles from the outside boundary of any town or village containing 100 inhabitants; lands reserved for the site of any town or village, or for the supply of water, or reserved from sale for any public purpose; and lands containing improvements of a value not less than £40, admitting of being measured in conformity with the Regulations into a block not less than 40 acres, or any greater area, improved to the extent of *ten shillings* per acre in the aggregate.

Area of selection and deposit on application.

5. Applications must not be for less than 40 acres nor more than 640 acres, and the applicant will be required to pay to the Land Agent at the time of application a deposit of *five shillings* per acre upon the land applied for.

Conflicting applications.

6. Should more than one application and deposit for the same land, or any part thereof, be tendered at the same time, the Land Agent shall, unless all applications save one be withdrawn, forthwith determine, in the manner following, which application shall be accepted:—The Land Agent shall write on tickets of equal size the names of the several applicants, which tickets shall be placed (by the parties, should they desire to do so) in the box supplied to the Land Agent for the purpose; and the Land Agent shall, without looking, and in the presence of the parties, draw one ticket from the box; and the application to be accepted shall be that of the applicant whose name may be on the ticket so drawn, and the deposits paid by the remaining applicants shall forthwith be returned.

Notification to pastoral tenant.

7. The Land Agent shall within one week of any conditional purchase notify the same through the post to the pastoral tenant (if any) within whose leasehold such purchase shall have been made.

Interference by selections with each other.

8. Should it be found, subsequently to the selection, that the same land has been selected, wholly or in part, by different persons, the claimant whose application was first tendered to the Land Agent, in due form, with the prescribed deposit, shall be considered the purchaser. Should the applications be found to have been tendered simultaneously, a day may be fixed, of which sufficient notice shall be given by the Land Agent to the respective applicants, and the right to the land shall then be determined by lot, as provided in the last preceding section. In either case the deposit paid by the unsuccessful applicants shall be returned.

Boundaries.

9. Every application must contain such a description of the land selected as may admit of its ready identification; and if at the time of such conditional purchase the land shall not have been surveyed by the Government, temporary boundaries commencing from some well-defined point shall be determined by the conditional purchaser; and any dispute respecting such boundaries, between such purchaser and any person other than a holder in fee, may be settled by arbitration. If such land shall not be surveyed by the Government within twelve months from the date of application, the conditional purchaser may, by notice in writing to the Land Agent for the district, withdraw his application, and thereupon he shall be entitled to the return of any deposit paid by him; or he may have the land surveyed by any licensed surveyor authorized to make such surveys; and the expenses of such survey, in accordance with the scale of charges fixed by the Surveyor General, shall be allowed to such purchaser as part payment of his purchase money. No survey so made will, however, be recognised unless the plan thereof shall be duly transmitted to the Surveyor General within six months, and approved by him.

Form of measurement.

10. Crown Lands conditionally purchased shall, if measured by the authority of the Government previously to such purchase, be taken in portions as measured not exceeding 640 acres; but part of a measured portion may be taken subject to the approval of the Minister for Lands, and the payment by the

the selector at the time of application of the cost of subdivision. Unmeasured lands having frontage to any river, creek, road, or intended road, shall, if within the First Class Settled Districts, have a depth of not less than 20 chains, and otherwise shall have a depth of not less than 60 chains, and shall have their boundaries, other than the frontages, directed to the cardinal points by compass; and if having no frontages as aforesaid, shall be measured in rectangular blocks, and with boundaries directed to such cardinal points, but no frontage or boundary shall exceed 80 chains in a direct line. Should it seem to the Minister to be expedient, the boundaries of portions having frontages may be made approximately at right angles with, or measured across the frontage, and otherwise modified, and the boundaries of portions having no frontages may be modified, and necessary roadways and water reserves excluded from the measurement.

Occupation of selections.

11. Conditional purchasers must, within three months after the time of purchase, occupy the lands selected as their *bona fide* places of residence.

Payment of balance or instalment.

12. At or within three months after the expiration of three years from the date of any conditional purchase made heretofore, the balance of the purchase money, being 15s. per acre, or an instalment of such balance, at the rate of 1s. per acre, must be tendered (or forwarded through the Land Agent of the district) to the Colonial Treasurer, together with a declaration in Form D hereto appended, setting forth that the same has been resided upon continuously as required by law by the conditional purchaser or his lawful alienee, and that improvements have been made thereon to the value of not less than *ten* shillings per acre. Should, however, the land have been improved to the extent of *six* shillings per acre and duly resided upon, the holder may apply for an extension of the time for making the improvements to a further term of two years, and in such case, on completion thereof, a further declaration in the like form must be forwarded to the Land Agent setting forth that the land has been continuously resided upon by the holder, and improved to the value of in all *ten* shillings per acre.

13. Declaration in Form D hereto appended must in like manner be forwarded within three months after the expiration of *three* years from the date of any conditional purchase hereafter made, accompanied by an instalment of one shilling per acre of the balance of purchase money, and setting forth that the land has been resided upon continuously by the conditional purchaser, and that improvements have been made thereon to the value of not less than *six* shillings per acre. A further declaration in the like form must be forwarded to the Land Agent at the expiration of five years from the date of purchase, setting forth that the land has been continuously resided upon by the conditional purchaser, and improved to the value of, in all, *ten* shillings per acre.

Certificate of completion of conditions.

14. On the Minister being satisfied, after due inquiry, that the conditions of any conditional purchase have been duly completed by the purchaser, he will cause a notification to that effect to be forwarded to the holder of the conditional purchase for the time being. Until such a certificate has been issued no conditional purchase will be considered finally accepted by the Government, nor will the tender or acceptance of any interest or instalment or other payment on account of the balance of purchase money be held to have the effect of such acceptance.

Deferred payment of balance.

15. In the case of conditional purchases made prior to the 10th August, 1875, the payment of the balance of purchase money may be deferred from year to year, should interest thereon in advance at the rate of £5 per cent. per annum be paid to the Colonial Treasurer or Land Agent during the first quarter of each year. Payments at the rate of one shilling, or any multiple of one shilling, per acre, will at the same time, at the option of the purchaser, be received on account of the balance due, and a corresponding reduction made in future payments of interest; or the holder of any such purchase may, by notice to the Land Agent, bring his holding under the provisions of the law applicable to the payment of the balance by instalments, as hereinafter set forth.

Deferred payment on purchases after 10th August, 1875.

16. In the case of conditional purchases made after the 10th August, 1875, the balance of the purchase money when not paid at the expiration of the first three years shall be paid by annual instalments of one shilling per acre, inclusive of interest at the rate of £5 per cent. per annum, which instalments must be paid to the Colonial Treasurer, or Land Agent for the district, between the 1st January and 1st April in each year. Any conditional purchaser may pay at the same time two or more such instalments.

Default.

17. Any conditional purchaser who may make default in the conditions of his purchase whether as to residence and improvement, the transmission of declaration of the payment of balance or instalment thereof, or interest thereupon, will forfeit his deposit and any other sums which he may have paid, and the land conditionally purchased will revert or become forfeited to Her Majesty, and liable to be sold by auction, or again conditionally purchased on the expiration of thirty days after such reversion or forfeiture shall have been notified in the Gazette.

Conditional purchaser not at liberty to select other land except as an additional purchase.

18. No person who is now the holder of an original conditional purchase (except for mining purposes) upon which the conditions of residence and improvement have not been completed will be at liberty to make another conditional purchase, except as an addition as hereinafter provided to such original, unless he shall have duly alienated or abandoned the same, and shall have given due notice of such alienation or abandonment to the Land Agent for the district. No person who shall hereafter make any such original conditional purchase will be at liberty to make another within five years thereafter.

Transfer.

19. The holder of any incomplete conditional purchase made prior to the date of these Regulations, who may have resided for twelve months upon his selection may transfer the same to any person not being

a married woman or a minor under the age of sixteen years, by giving notice to the Land Agent of the district, in the form marked H hereto appended. Every such notice must be in duplicate, and signed in the presence of the Land Agent, a Magistrate, or a Commissioner of the Supreme Court. Forms of transfer (including a copy on parchment for registration under the Act 42 Victoria No. 26) may be obtained at each Land Office on payment of a fee of ten shillings sterling, which will be inclusive of the cost of registration in the General Office for the registration of Deeds; and no transfer of a conditional purchase will be recognized unless notified as hereby required. Every such notice (and copy) shall be forthwith forwarded by the Land Agent to the Department of Lands in Sydney for registration.

20. Conditional purchases made hereafter will not be transferable until five years from the date in each case of the original conditional purchase, and completion of the conditions of residence and improvements. Purchases upon which the conditions have been completed may be transferred in like manner at any time.

Conditional Purchase in Gold-fields.

Applications.

21. Applications for the conditional purchase of unimproved lands within proclaimed Gold-fields, and not being within areas excepted by special proclamation nor occupied for gold-mining purposes, shall be tendered to the Land Agent of the district, in the form marked C hereto appended.

Conditions.

22. Such purchases will be subject to all the conditions set forth in the foregoing sections 1 to 20 inclusive, and to the additional conditions described in the next following clause, viz. :—

Special conditions.

23. Persons specially authorized by the Minister for Lands shall be at liberty, at any period, to dig and search for gold within the land selected; and should it be found to contain auriferous deposits, the same may be annulled by the Governor and Executive Council, on compensation, to be determined by appraisalment, for the value other than auriferous of the lands and improvements being paid to the conditional purchaser or his alienee.

Additional Conditional Purchases.

Applications.

24. Applications for additional conditional purchases of lands shall be addressed to the Land Agent of the district, in the form marked E hereto appended, but describing the proposed additional purchase by reference to that previously made, of which the area should be stated and all other particulars given, to admit of immediate identification.

Position of purchase.

25. Additional purchases must adjoin the original conditional purchase or each other, and must not exceed (with the area originally conditionally purchased) 640 acres.

Conditions and transfer.

26. Additional purchases shall be subject to all the conditions, save those of occupation and residence, provided for by the foregoing sections 1 to 20 inclusive, but shall for all such purposes be treated as forming with the original one conditional purchase. No additional selection may be transferred apart from the original until the conditions of residence and improvement applicable to the whole shall have been duly completed; but on completion of such conditions as hereinbefore provided the original and any additional purchases may be transferred together or separately in portions as respectively measured. No person will be entitled on transferring part of his holding to select other land in lieu thereof with the view of making up the total area to 640 acres.

Conditional Purchases in virtue of granted Land.

Applications.

27. Applications for conditional purchases of Crown Lands adjacent to lands granted in fee-simple in areas not exceeding 600 acres, and resided on by the applicant, shall be tendered to the Land Agent of the district, in the form marked E hereto appended, and describing the proposed conditional purchase by reference to the land in possession of the applicant.

Position of purchase.

28. The conditional purchase shall adjoin the land in possession of the applicant, and shall contain not more than may amount with that land to 640 acres.

Conditions.

29. The purchase shall be subject to all the conditions provided by the foregoing sections 1 to 20 inclusively of these Regulations, except that it will be sufficient that the purchaser should have resided for five years upon his freehold at the time of application, or should thereafter complete five years residence thereon, or on the land conditionally purchased, including the term for which he may have resided previously to the date of application.

Inquiries before a Commissioner.

Notice of inquiry.

30. Whenever by reason of any dispute or question as to the fulfilment of the conditions of a conditional purchase it shall become necessary or expedient to refer the claim of the purchaser to a Commissioner for inquiry, the Minister for Lands will cause due notice thereof to be transmitted to the conditional purchaser by letter addressed to his last known residence, but the non-receipt of any such letter will not prevent the inquiry proceeding.

Inquiry—Time and place and notice.

31. The inquiry shall be held at the Land Office of the district, or, with the approval of the Minister for Lands, some other convenient place, and the Commissioner shall cause due notice of the time and place appointed for the purpose to be served upon the selector, or posted in some conspicuous place upon the selection, and also to be served upon the complainant (if any) at least seven days before the time so appointed.

Inquiry

Inquiry to be upon oath.

32. Every inquiry shall be upon oath, which the Commissioner is empowered to administer, and shall be conducted in open Court, and in the presence of the selector should he desire to be present, and of the complainant if any; and each party shall be allowed to examine witnesses and to cross-examine the witnesses produced by the other party. If, after due notice as aforesaid, any selector or complainant should fail to be present, the inquiry may proceed *ex parte*; but the Commissioner shall use every exertion to ascertain the true facts of the case, and report the same for the information of the Minister for Lands. The inquiry may, when necessary, be adjourned from day to day.

Declaration and deposit.

33. No complaint other than a report from an authorized officer of the Government, against a conditional purchaser, of non-residence or other breach of the conditions of his selection, will be entertained unless verified by a statutory declaration, and unless it shall, in the opinion of the Minister for Lands, disclose such circumstances as to constitute a *prima facie* case for inquiry. Every such complaint must also be accompanied by a receipt showing that the sum of £10 has been paid to the Land Agent of the district as security for any costs that may be awarded against the complainant by the Commissioner, in the event of the complaint proving to have been unfounded.

Transmission and refund of deposit.

34. Land Agents will forward all sums so received by them to the Colonial Treasurer with other collections; but on the conclusion of any inquiry the amount so deposited, less such costs (if any) as aforesaid, will be refunded.

Summons of witnesses—Expenses.

35. Parties requiring summonses for the attendance of witnesses may obtain the same on application to the Commissioner appointed to hold the inquiry; but, except in the case of witnesses summoned at the instance of any such officer as aforesaid, will be required themselves to pay the expenses of such witnesses at the same rates as for attendance at a District Court.

Conditional Purchases for Mining Purposes.

Applications.

36. Applications for conditional purchase for the purposes of mining (other than gold-mining) of unimproved lands, or of lands held by the applicant under any lease from the Crown for mining purposes, shall be addressed to the Land Agent of the district in the form marked C hereto appended.

Conditions.

37. Such purchases shall be subject to all the conditions set forth in the foregoing sections 1 to 10, 14, 15, 17, 19 and 20 of these Regulations inclusively; but the deposit to accompany the application shall be 10s. per acre, the full price of the land being £2 per acre; and instead of the conditions of residence and improvement applicable to ordinary conditional purchases, will be conditional on an average expenditure of £2 per acre in mining operations (other than gold-mining) being incurred upon the land within three years. The term allowed for improvements may be extended by the Minister to five years on his being satisfied that at the end of three years from the date of the purchase not less than 24s. per acre has been expended in mining operations other than for gold, and provided that the balance of purchase money or interest thereon shall have been duly paid.

Special conditions.

38. On or before the expiration of three years from the date of purchase, or within three months thereafter, the balance of the purchase money may be tendered at the office of the Colonial Treasurer together with a declaration in the form marked F hereto appended, by the conditional purchaser or his alienee or some other competent person, countersigned by the Minister for Lands or an officer authorized by him; and a grant in fee simple will thereupon be made without reservation of minerals other than gold, notwithstanding the period of three years required in other cases shall not have expired. A grant may also be made in like manner of any portion, not being less than 40 acres, of a larger portion originally selected for purchase, upon its being shown that an expenditure has been incurred in such mining operations as aforesaid of an average sum of not less than £5 per acre on the land so to be granted; and in that case the purchase of the remainder of the land selected shall be rescinded, and any deposit paid thereon applied towards satisfying the balance of purchase money of the land granted. But if the Minister for Lands shall be dissatisfied with any such declaration of expenditure he will, cause the fact of the expenditure required to authorize a grant to be referred to arbitration under the Crown Lands Alienation Act of 1861, and the issue of a grant will in that case be deferred pending the result of such arbitration.

Adjoining purchases may be united.

39. Adjoining portions conditionally purchased for mining purposes may if held by the same owners or partners be treated as one holding and conditional purchase as regards the conditions and expenditure thereupon.

Conversion of selections into conditional purchases for mining purposes.

40. Any conditional purchaser of Crown Lands under clauses 13, 21, or 22 of the Crown Lands Alienation Act of 1861, or his lawful alienee, who may be desirous of converting his purchase into a conditional purchase for mining purposes, shall be at liberty to do so, on application in the form marked G hereto appended, to the Land Agent of the district, and payment to him of five shillings per acre, being the difference between the rate of deposit on the respective selections: Provided that, at the time of such proposed conversion, the original selection was not forfeited, or liable to be forfeited, for any breach of the conditions thereof.

CHAPTER III.

AUCTION SALES.

Sale by Auction and Selection after Auction.

Auction sale only of certain lands.

1. Excepting as hereinbefore provided, unimproved town and suburban lands will be sold by auction only. Country land will be measured and brought to auction on application as hereinafter mentioned, or otherwise as may be deemed expedient.

Area

Area of lots.

2. Lands will be brought to auction sale at the Land Offices, or other convenient places appointed by the Minister for Lands, in the districts in which they are situated, after advertisement of not less than one nor more than three months in the Government Gazette and in lots not exceeding in any case 640 acres.

Upset prices.

3. The upset prices of lands brought to auction sale shall be determined by the Minister for Lands, but shall not be less than—for town lands, £8; for suburban lands, £2; and for other lands, £1 per acre.

Applications.

4. Applications for the auction sale of lands should be addressed to the Minister for Lands, and must define, as clearly as may be practicable, the position and extent of the lands applied for; and each application must be accompanied by a receipt showing that a sum at the rate of sixpence per acre upon the area applied for has been paid into the Colonial Treasury. This deposit will form part of the purchase money if the land should be purchased by the applicant, but will be forfeited in the event of the land not being sold. Should, however, the land not be brought to auction within twelve months, or should it be sold to any other person, the deposit will be refunded.

Deposit at sale.

5. A deposit of 25 per centum of the purchase money of all lands sold by auction shall be paid by the purchaser at the time of sale; and should such deposit not be paid, the Land Agent shall again forthwith put up the land, and shall not accept any bid by the person who may have so failed to pay.

Payment of balance of price.

6. The balance of the purchase money, together with the deed fee, shall be paid to the Colonial Treasurer, or to the Land Agent of the district, within three months of the day of sale; and should the purchaser fail so to pay, the sale shall be void and the deposit paid shall be forfeited.

Selection of Crown Lands submitted to auction and not sold.

7. Lands other than town or suburban lands put up for sale by public auction, and not sold, may, if not withdrawn from selection by the Minister or authorized officer, be purchased without competition at the upset price; or, in case of a higher price having been offered for the same, and the sale not having been completed by payment within the prescribed time of the balance of the purchase money, then at such higher price provided that land so bid for shall not be thus open to purchase until after notification in the Government Gazette that the Governor in Council has declared such sale and contract void and the deposit paid thereon forfeited; and applications for such selection must be tendered, with the price of land, to the Land Agent of the district, in the form hereto appended, marked I. Such applications may be made on any day in the week except Thursday.

Sale of land within proclaimed Gold-field.

8. Any persons specially authorized by the Minister shall at any period be at liberty to dig and search for gold within any land hereafter sold by auction, or purchased after auction (in terms of the preceding regulation), within a proclaimed Gold-field; and should the land be found to contain auriferous deposits, it shall be in the power of the Governor in Council to annul the sale, and thereupon the purchaser or his alienee shall be entitled to compensation for the value, other than auriferous, of the land and improvements, such value to be determined by appraisalment.

CHAPTER IV.

* COMMONAGES.

Definition of Commoners.

1. Where a Common may be granted, all freeholders and householders within boundaries which may be defined by notice in the Gazette shall be entitled to use the Common; and such boundaries in the case of Town Commons will ordinarily be those within which Crown Lands are not open to lease under the Crown Lands Occupation Act of 1861.

Reservation in grants.

2. Grants of Commons will reserve the right of pasturage of horses and cattle in use by travellers, teamsters, and carriers for three days at any one time, or for such longer period as floods or other unforeseen natural causes may render unavoidable.

Municipal Trustees.

3. Where, at the time a grant of a Common is made, a Municipality includes the lands notified as above, the Municipal Council shall be the Trustees of the Common.

Other Trustees.

4. Where no Municipality may exist the Trustees shall be five in number, and will in the first instance, and pending the selection of Trustees under the Commons Regulation Act of 1873, be appointed by the Governor, with the advice of the Executive Council.

Temporary Commonage.

5. Crown Lands not reserved for or dedicated to any other purpose within the limits within which lands adjacent to any town are not open to pastoral lease, will ordinarily be devoted to temporary commonage, and placed, with any lands already set apart for that purpose, in the charge of the Trustees (if any) of the permanent Common in the same locality. Temporary commonage may, wholly or in part, at any time be exempted by the Government, for sale, lease, or other purposes; and shall be open to the pasturage of horses and cattle in use by travellers, teamsters, and carriers, for three days at any one time, or for such longer period as floods or other unforeseen natural causes may render unavoidable.

CHAPTER

* *Vide* Commons Regulation Act of 1873.

CHAPTER V.

MISCELLANEOUS.

Deed fees and delivery.

1. On lands purchased from the Crown a fee of £1 shall be payable on each deed of grant, and no deed shall be delivered until the stated fee shall have been paid. Deeds will be delivered at the Registrar General's Office, Sydney, to the grantee, or to any person holding his written order, duly attested by a Notary Public, Commissioner of the Supreme Court, or Justice of the Peace; or, on the application of the grantee, will be transmitted to any Land Agent for delivery.

Maps.

2. Maps affording information as to the position of Crown Lands open for sale will be furnished to the Land Agents in duplicate; and one copy will be periodically returned to the Surveyor General, in order that new sales and reserves may be entered thereon.

Land Agents.

3. Land Agents will, on all occasions, during office hours, afford information and assistance in filling up forms of application, and otherwise, free of charge, to persons desiring to purchase. Any alterations or erasures should be verified by the initials of the Land Agent.

OCCUPATION—PART II.

CHAPTER I.

PRE-EMPTIVE LEASES.

First-class Settled Districts.

1. Holders of land in fee simple whether granted, purchased, or conditionally purchased, may lease by pre-emption Crown Lands adjoining their respective holdings to the extent of three times the area thereof, if there be so much vacant land available, at an annual rental at the rate of £2 per section of 640 acres, but not less than £1 for any area up to 320 acres: Provided that such lands shall be taken where practicable in a block of rectangular form, of which the external lines shall be directed to the cardinal points by compass, except in such cases as it is found that existing lease boundaries, alienated or reserved land, or other obstacles, render such a course inadvisable or impracticable.

Land open to lease.

2. The leasehold will include only such Crown Land as may be open to, and not already under pre-emptive lease, or notified as a reserve, or improved to the value of £40 or upwards, admitting of being measured in conformity with the Regulations into a block not less than 40 acres, or any greater area improved to the extent of 10s. an acre, and shall not give any exclusive right to water necessary for the beneficial occupation of adjoining lands.

Mode of application.

3. Such leases may be obtained by application, on any day in the week except Thursday, in the Form K hereto appended, to the Land Agent of the district, and payment of the rent for the current year, or one-half the amount thereof, if applied for between 1st July and 31st December, and on the same being approved by the Minister for Lands, which will be duly notified in the Government Gazette, the applicant will be entitled forthwith to enter upon and occupy the land.

Only one lease to be granted.

4. Whenever any pre-emptive lease has been once granted in virtue of any portion or portions of land conferring upon the holders thereof the right of pre-emptive lease, no second or further pre-emptive lease shall be granted in virtue of the same portion or portions, notwithstanding that the pre-emptive lease so granted may have been alienated by the Crown, or become forfeited, or been transferred by the holder thereof.

Transfer of leases.

5. All pre-leases must be transferred simultaneously with the transfer of the conditional purchases, freeholds, or other holding in virtue of which such pre-leases have been applied for or granted, by giving notice to the local Land Agent in the form marked L, hereto appended.

Payment of rent.

6. The rent of all leases will be payable annually, in advance, to the local Land Agent, or at the Treasury, Sydney, between the 1st and 30th September of the year preceding that for which payment is made. Failure to pay the rent within that period will subject the lessee to the addition of a fine of 10 per cent. on the overdue rent; and if the rent and fine thus incurred should remain unpaid on the 31st December, the lease will be liable to forfeiture and sale at auction. Leases so sold will be held subject to all the conditions hereinafter provided with respect to auction leases.

7. With regard to leases applied for between the 1st July and 31st December, and granted during the first half-year of the ensuing year, the balance of rental for such ensuing year must be paid within two months from the date of the notification of the approval of the lease, otherwise a similar penalty to that before mentioned will be incurred; and at the expiration of a further period of one month, if the overdue rent and penalty is not paid, the lease will be liable to forfeiture and sale at auction.

8. With respect to any leases granted during the month of September (being the period prescribed for the renewal of leases for the ensuing year), or previous to the 31st December, the rent for the following year must be paid within two months of the notification of the approval of such leases in the Government Gazette, subject to the penalties specified in the foregoing Regulations.

PRE-EMPTIVE LEASES.

Second-class Settled and Unsettled Districts.

9. Holders of land in fee-simple, whether granted, purchased, or conditionally purchased, in the Second-class Settled or Unsettled Districts, shall be entitled to lease adjoining Crown Lands on the same terms and conditions, including forfeiture and sale by auction, as are hereinbefore specified with respect to be leasing of land in the First-class Settled Districts, and notwithstanding that any such land may form
part

part of a run under lease for pastoral purposes, or may in the case of being claimed by virtue of a conditional purchase, form part of an adjoining run, but no portion of any run so adjoining will be granted as a lease until all the available land within the pastoral lease in which the conditional purchase is situated shall have first been exhausted.

AUCTION LEASES.

10. Leases of lands may be put up for lease at auction at the Land Office of the district, either on application or otherwise, but no such sale of leases shall take place without one month's notice thereof having been given in the Government Gazette.

Period of leases.

11. Every such lease shall be for the then current year, and shall expire on the 31st day of December, but may be renewed for the ensuing year by payment to the Colonial Treasurer or to the Land Agent of the district, between the 1st and 30th September, of the rent for such ensuing year. Failure to renew as specified will render the lessee liable to the penalties prescribed by clause 7 of these Regulations with respect to pre-emptive leases.

Leases bid for but not paid for.

12. Any lease bid for, but the price of which may not be forthwith paid, shall thereupon be again offered for sale at auction.

Selection of leases not bid for.

13. The lease of any land which may have been offered for sale at auction and not bid for may be obtained on payment of the upset price to the Land Agent of the district.

CHAPTER II.

Administrative arrangements.

1. The business relating the occupation of Crown Lands under this and the following chapters III, IV, V, and VI inclusive, has been placed under the administrative control of the Minister for Mines.

Leases of Runs.

Conditions of renewal.

2. Existing leases or promises of lease for five years of runs of Crown Lands may only be renewed from time to time on their expiration, subject to all the conditions applicable to such leases when granted originally under the Crown Lands Occupation Act of 1861, as modified by the Lands Acts Amendment Act of 1875, the Lands Acts Further Amendment Act, 1880, or by these Regulations.

Issue of formal leases. Definition of boundaries.

3. Formal leases may be obtained on application, of any runs the boundaries of which have been determined by approved survey, or may have been found upon examination sufficiently defined to indicate the lands with certainty and consistently with the rights of the claimants of adjoining lands. Claimants of leases must afford any explanations or assistance that may be required by such officers as may be employed to estimate the extent and pastoral capabilities and appraise the rent of the runs, or in defining their boundaries; and if it should appear to the Government in any case that the claimant has refused or failed to afford such explanations, the officer will be instructed to define, and, where necessary, mark the boundaries, on such information as he may be able to obtain.

Survey of runs.

4. Any claimant who may desire to have his run or any boundary thereof surveyed should make application for the issue of instructions to some authorized licensed surveyor to perform the survey at the applicant's own cost. Such surveys must be conducted under the direction and control of the Surveyor General, and no survey will be considered entitled to recognition unless so performed, and unless a plan thereof shall have been furnished, conforming to the requirements of the Survey Department. In every such case, before issuing a lease, the Government will require to be satisfied that the boundaries are described with due regard to the rights of the Crown and of claimants of adjoining lands.

Surveys required by the Minister.

5. In any case in which the Minister may require the boundaries or any boundary of a run to be surveyed at the cost of the claimant of a lease, a computation will be made of the expense, not exceeding twenty shillings per mile, of such survey, or so much thereof as may be chargeable to such claimant, who will be required forthwith to pay the same into the Colonial Treasury. Any default in such payment will have the same effect as to the non-payment of the rent of the run.

Disputed claims.

6. Any disputed or overlapping claims to leases that may be found to exist, not already arranged or decided by competent authority, and not involving other interests than those of the respective claimants, will, unless where the Minister may be satisfied that either claimant has a clear right to the land in dispute, be referred to arbitration, pursuant to the 23rd clause of the Crown Lands Occupation Act of 1861.

Issue of leases.

7. Pastoral leases will be issued to the lessees from the Crown Lands Occupation Branch of the Department of Mines.

Fee. Registration.

8. A fee of £1 will be chargeable upon each lease to include the fee for enrolment in the office of the Registrar General.

Annual Rent.

Periods of payment.

9. The rent of all runs is payable annually, in advance, at the Colonial Treasury, in Sydney, on or before the 31st December of the year preceding that for which payment is made. Failure to pay the rent on the appointed day will subject the lessee to the addition of a fine of 8 per cent. on the overdue rent during the first three months that the payment may be in arrear, and of 10 per cent. if more than three months, and to the forfeiture of the lease if the rent and fines thus incurred should remain unpaid for six months after the rent day.

Moneys

Moneys will be received on account.

10. Sums of money will be received at the Treasury from holders of runs who may be desirous of lodging funds to meet payments falling due.

Appraisalment of Runs.

Appointment of Appraisers.

11. On the appointment, on or before the expiration of the term of any lease, or promise of lease, in force for the time being, of an appraiser by the Minister, due notice of such appointment will be given to the lessee or claimant of a lease. Such notice will be forwarded to the usual place of residence of the lessee or claimant, if known to the officer charged with the service of the notice; or, if unknown to him, will be delivered at the run about to be appraised.

Duties of Appraisers.

12. The appraiser or appraisers, when appointed, shall, in all cases before entering on the appraisalment, make an inspection of the run and an estimate of its extent and of its capability for pastoral purposes in a natural state; which estimate, with a statement of the nature and value of the improvements, distinguishing those made by the pastoral lessee from any which may have been effected on any conditionally purchased or other land which may have reverted to the holding of the quantity of land withdrawn from the original leasehold (if any) by sale, reservation, or otherwise, and of any other circumstances whereby the pastoral value of the run in an unimproved state may have been increased or diminished, shall be appended to the appraisalment when made.

Appraisalment.

13. The appraisalment will not include any land which may have been withdrawn from lease by sale or otherwise, unless a notice of the cancellation of such withdrawal shall have been published in the Government Gazette prior to the appraisalment; but any land, part of the original holding, which may by the forfeiture or lapsing of any conditional purchase or pre-emptive lease, or by the cancellation of a reserve wholly or in part, revert to a run must be duly taken into account in determining the fair annual value of the whole run.

Court of Appraisalment.

14. The appraiser or appraisers, having made the declaration prescribed by law, shall appoint a time and place for holding a Court of appraisalment at some convenient place in the district, and shall give not less than seven days' notice in writing thereof to the parties interested.

Appraisalment in open Court.

15. The appraisalment shall be made in open Court, and upon due inquiry and consideration of any evidence, documentary or otherwise, which may be laid before the appraiser or appraisers by the claimant of a lease, or at the instance of the Government, or which may have been produced at their own instance.

Estimation of capabilities of Runs.

16. In determining by appraisalment the fair annual value of a run for pastoral purposes, which must not be fixed at a lower rate than £1 per section of 640 acres (except for the first or second leases of a run, for which the rate must not be less than ten shillings), the appraiser or appraisers are not to take into account any improvements which may have been effected at the cost of the claimant of the lease, or any person through whom he may derive his right or claim, whether by the construction of dams or reservoirs for water, by fencing or laying down artificial grasses, by buildings or otherwise. The appraised annual value must, however, in all cases be so computed as to represent every advantage or source of profit, including facility of access to market, which the run may afford for the grazing of stock, whether sheep, cattle, or horses, whether such advantages have been availed of to their full extent or not, and must take into account any increased value arising from the general progress of settlement, or from any improvements effected otherwise than at the cost of such lessee; and the annual value so arrived at must be that which the appraiser or appraisers believe, without reference to any rent previously paid, to be the fair market rental value in average seasons for pastoral purposes of the lands comprised in such runs in an unimproved state.

Appeal and Veto by Minister.

17. The Minister may refer any appraisalment for the report and recommendation of three appraisers, and may thereafter alter or veto the same.

Fresh appraisalments.

18. If in any case it shall be made to appear that subsequently to the determination, by appraisalment of the fair annual value of a run, such value has been materially diminished by reason of the sale, or withdrawal from lease, or otherwise, of any of the land included in the appraisalment, or increased by any land which may have been sold or leased or reserved reverting to the run, or on its being ascertained that the area has been erroneously estimated at the time of appraisalment, a fresh appraisalment may be made.

Transfers.

Mode of application.

19. Holders of runs of which the leases have not issued may have their rights of lease transferred, by an application in the form N hereto appended, and bearing the signature of the person entitled to the lease, attested by a Magistrate, a Notary Public, or a Commissioner of the Supreme Court. On such application being recorded, the applicant will be debarred from all further claim to the lease, the right to which will thenceforth become vested in the transferee.

Runs of insolvents or parties absent or deceased.

20. In the event of the person entitled to the lease dying, or being declared insolvent, or being absent from the Colony, the application for transfer may be made by his legal representative, or the representative of his estate, but must be accompanied by a certificate from the Crown Solicitor of the applicant's power to effect the desired transfer.

Runs

Runs under lease.

21. After the issue of the leases, it will be competent for the holders thereof to assign and transfer the same to such persons, and in such manner and form as they may respectively think proper: Provided, however, that the operative words "transfer and assign" be used, and that no transfer shall be recognized by the Government until the same shall have been recorded in the General Office for the Registration of Deeds in Sydney, and notified in the form N hereto appended.

Transfers to carry all rights of the transferer.

22. Every transfer of a run will carry with it all rights of the transferer in connection therewith.

Separate applications.

23. A separate application must be made for the transfer of each run.

Fees.

24. A fee of £2 sterling must in every case be paid to the Chief Officer for the Occupation of Lands prior to the transfer being completed.

Dues in arrear.

25. No run will be transferred in respect to which any dues of the Crown are in arrear.

SUBDIVISION OF RUNS.

Runs may be subdivided.

26. Holders of runs may be allowed, previously to the issue of the leases, to subdivide their runs in portions of not less extent than will be sufficient for the maintenance of 4,000 sheep or their equivalent in cattle, and to obtain separate leases for the same, subject to the following conditions:—

Measurement.

27. The measurement (where necessary) of the boundary-lines shall be made at the cost of the applicant, under the direction of the Surveyor General.

Boundaries may be modified.

28. The Government will reserve to itself the right, in every case, of modifying the boundaries proposed for the subdivision, so far as it may be necessary to render them conformable to these Regulations.

Form of subdivision.

29. Every subdivision must be in a compact block of rectangular form, subject to such deviations as the general features of the country, the adoption of natural boundaries, and the shape of the run to be divided, may require.

Water supply.

30. The subdivision must be made so as to secure to each of the reduced runs a fair and adequate share of the water necessary for the beneficial use of the pasturage.

CHAPTER III.

NEW RUNS.

Tenders for runs.

1. Sealed tenders for runs may be deposited by the tenderers or their agents in a box to be kept for that purpose at the office of the Minister for Mines; and any tenders which may be transmitted by post will, immediately on their receipt, be placed therein unopened. The tender box shall be opened by the Board of Officers appointed for that purpose, at noon on the first Tuesday of every month, and no tender shall be deposited on that day after that hour. All tenders found in the box shall be recorded by the Board.

Disposal of tenders.

2. If there be only one tender for any run, the tenderer shall be entitled to the lease. If there be two or more tenders for the same run opened at the same time, the lease shall be granted to the person whose tender shall contain the offer of the highest premium; but if no one tender be higher than all the others, a fresh day shall be named, on which the persons making the highest tenders shall be at liberty to send in fresh tenders, which shall be dealt with as hereinbefore provided. Should two or more tenders embrace a portion of the same land, the common boundary may be determined by mutual consent, or by arbitration under the Crown Lands Occupation Act of 1861; but should such boundary not be determined within three months of the date of a notice in the Gazette, informing the parties of the conflict of their tenders, the whole of the lands tendered for may be leased by auction sale.

Forms of tender.

3. Tenders shall be made in the form marked O hereto appended. Tenders must be sealed, and indorsed "Tender for Run," and a separate tender must be made for each run.

Descriptions in tender.

4. Every tender shall contain a clear description of the boundaries of the run applied for, and the marks or natural features by which such boundaries are indicated, and also an estimate of its area and pastoral capabilities.

Deposit on tenders.

5. Every tender must be accompanied, under the same envelope, by a receipt showing that the sum of £2 10s. has been deposited in the Colonial Treasury; and in the event of the ultimate acceptance of the tender, the tenderer shall receive credit for the amount of such deposit in the first year's rent; and in the event of the tender being rejected, the amount shall be returned to the tenderer.

Area and capabilities of runs.

6. A run shall in ordinary cases consist of not more than 25 square miles; but should that area, in the opinion of the officer appointed to report on the tender, be insufficient in average seasons for the pasturage of 4,000 sheep or 800 cattle, the run may be enlarged to whatever area, not exceeding 100 square miles, may be necessary for that purpose.

Direction

Direction of boundaries in tender.

7. The Minister may cause the boundaries proposed in any tender to be modified so as to make the run a compact block of rectangular form, subject, however, to such deviations as the general features of the country and the adoption of natural boundaries may require, and subject also to the exclusion of water necessary to the beneficial occupation of adjoining lands.

Tenderers must point out their boundaries.

8. Tenderers for runs must be prepared to point out, on being called upon to do so by the officer employed to report on their tenders, the runs for which they have applied, and the boundaries thereof; and any tenderer who may fail therein will render his tender liable to be summarily rejected.

Notification of acceptance.

9. Any tender which may be accepted will be notified in the Gazette, and the tenderer will be required to pay his rent and premium (if any) computed for the period from the commencement of the current quarter to the 31st December ensuing, together with the assessment for the year, within sixty days from the date of such notification, under a penalty of the forfeiture of his deposit and of any interest in the lease, and such lease will thereupon be offered for sale by auction.

No right of occupation until rent is paid.

10. Until the first year's rent shall have been paid, the applicant will acquire no right whatever to the occupation of the land tendered for.

Runs to be occupied and stocked.

11. New runs must be occupied and stocked with not less than 200 cattle, or 1,000 sheep, within six months, or in the event of its being necessary to provide water by artificial means, within eighteen months of the notification of the acceptance of the tender, otherwise the run will be forfeited and may be leased by auction.

Tenure of runs at fixed rent and assessment pending appraisalment.

12. The runs may be held from year to year, subject to a rent of £10 per annum, payable in accordance with section 9 of these Regulations and to assessment under the increased Assessment and Rent Act of 1858, until an appraisalment shall be made of the fair annual value thereof for pastoral purposes, whereupon the holdings shall be converted into leases under the preceding sections and the runs shall cease to be liable to such assessment as aforesaid.

CHAPTER IV.

FORFEITED OR VACATED RUNS.

Sale by auction.

1. Leases of runs that may have been forfeited or vacated will be from time to time offered for sale by auction.

Minimum upset rental.

2. Each run will be put up at a minimum upset rental, in accordance with the 17th clause of the Crown Lands Occupation Act of 1861, and the lease will be sold to the person who may offer the highest premium for the purchase thereof.

Deposit.

3. The purchaser will be required to pay down, at the time of sale, a deposit equivalent to 25 per centum of the premium (if any) offered for the lease, together with the upset rent for the year, to be computed from the commencement of the current quarter to the 31st December ensuing, in default of which the auctioneer shall again forthwith put up the lease, and shall not accept any bid from the person so making default.

Balance.

4. The balance of the purchase money for the lease shall be paid into the Colonial Treasury in Sydney within three months of the day of sale, and in default of such payment the sale shall become void and the amounts paid by way of deposit shall be forfeited.

Balance unsold.

5. Runs, of which the leases may remain unsold, after having been twice offered for sale by auction, may be obtained on lease at the rent at which they shall have been last offered, on application to the Chief Officer for the Occupation of Lands, and payment of the rent from the commencement of the current quarter to the 31st December ensuing, unless in any case in which it may be considered expedient that the run should again be offered to lease at auction.

Notice of sales in Gazette.

6. All sales of such leases which may be offered at auction will be notified in the Gazette at least one month before the time appointed for such sale.

CHAPTER V.

LEASES FOR SPECIAL OBJECTS.

Mode of application.

1. Persons who may be desirous of leasing portions of land for any of the special purposes contemplated by the 38th clause of the Lands Acts Amendment Act of 1875, and the 19th clause of the Lands Act Further Amendment Act, 1880, may make their applications to the Minister for Mines,— setting forth respectively the position and extent of the portions they are desirous of leasing, the objects for which a lease is desired, the rent offered, and such other information as may tend to facilitate the disposal of their application.

Disposal of applications.

2. All such applications will be duly inquired into, and dealt with upon their merits, as may be deemed expedient by the Government; and in the event of any application being complied with, the intention to grant the lease will be announced in the Gazette for four consecutive weeks, and the applicant will be duly apprised of the conditions on which a lease will be granted and of the rent which he will be required to pay. Such leases will be for terms not exceeding five years.

LANDS ACTS FURTHER AMENDMENT BILL.
(MESSAGE No. 2.)

Ordered by the Legislative Assembly to be printed, 5 November, 1879.

AUGUSTUS LOFTUS,
Governor.

Message No. 2.

In accordance with the provision contained in the 54th section of the Constitution Act, I recommend to the Legislative Assembly the expediency of making provision for the necessary expenses connected with the Bill to amend the Land Acts of 1861 and the Act of 1875.

LEGISLATIVE ASSEMBLY.

NEW SOUTH WALES.

LANDS ACTS FURTHER AMENDMENT BILL.

(PETITION FROM PRESIDENT OF THE MURRAY SELECTORS' ASSOCIATION.)

Received by the Legislative Assembly, 10 March, 1880.

To the Honorable the Speaker and Members of the Legislative Assembly of the Colony of New South Wales, in Parliament assembled.

The Petition of the undersigned, the President of the Murray Selectors' Association,—

HUMBLY SHOWETH:—

That at a meeting of the Committee of the above Association held at Deniliquin, he was requested to sign on its behalf a Petition, and to forward the same to the Member for the District for presentation to your Honorable House, and to state that your Petitioners, through their President, were a large and important body of colonists, who, for the most part, have emigrated from the adjoining Colony of Victoria and settled in the District of Deniliquin, and who, by means of the Free Selection clauses of the Land Act of 1861 and the Amending Act of 1875, have been enabled to secure homes for themselves and families, and to become permanent colonists, combining in many instances the occupation of agriculturists with grazing, and possessing as individuals 500 and up to 5,000 sheep, besides cattle and horses.

Your Petitioners freely confess that had it not been for the Free Selection provisions in the Land Laws they would never have been enabled to have secured any land, because their limited capital would not allow them to go into the auction room to compete with the wealthy class, who seem determined to secure to themselves every acre of land rented from the Crown, not alone by purchase at auction but by purchase in virtue of improvements, by placing improvements upon the land to bar selection, by getting reserves made for water supply, reserves for access to back runs, railway reserves until surveyed, reserves for timber, and for every possible ostensible public purpose.

These reserves have been industriously studded with improvements, with the express object of preventing selection and of ultimately securing the land to wealthy individuals, shutting out settlement of population; and restraining the progress of the Colony.

Your Petitioners have for the most part large and healthy families, growing into manhood and womanhood, all anxious to secure land on their own account, and of settling, if possible, in the neighbourhood of their parents and friends, but there is no Crown Land now left save those reserves which it was expected would soon have been thrown open for population to settle upon, the selector paying the value of the improvements that may happen to be there. And your Petitioners viewed with satisfaction the provision made by your Honorable House for this purpose, and the provisions generally contained in the Amending Bill lately before the Legislative Council, and are desirous that the Bill, as it left your Honorable House, may become law.

But your Petitioners view with alarm the danger likely to threaten the progress of the Colony if the amendments proposed in the Legislative Council should become law.

Your Petitioners therefore humbly pray that your Honorable House will take the premises into your most serious consideration, and that you will maintain in their entirety all the main provisions in the Amending Land Bill as passed by your Honorable House, more especially those relating to reserves, to roads, to the abolition of the 31st clause in the Amending Act of 1875, and the reduction of improvements to 10 shillings per acre; and your Petitioners would also urge that no lands now reserved should be sold at what are called auction sales.

And your Petitioners, as in duty bound, will ever pray, &c., &c., &c.

R. H. CHERITON,
President.

LANDS ACTS FURTHER AMENDMENT BILL.

(PETITION FROM PRESIDENT OF THE WAKOOL AND EDWARD RIVER NEW SETTLERS' ASSOCIATION.)

Received by the Legislative Assembly, 9 March, 1880.

To the Honorable the Speaker and Members of the Legislative Assembly of the Colony of New South Wales, in Parliament assembled.

The humble Petition of the undersigned John Smith Horton, of Moulamein,—

HUMBLY SHOWETH:—

That there is a Society of inhabitants of this Colony, residing in the above district, known as the "Wakool and Edward River New Settlers' Association"; that on the 21st of February ultimo he, the said John Smith Horton, was President, and that at a meeting held on that day he was directed through its Committee to forward a Petition, humbly praying that your Honorable House, in the exercise of its wisdom, should not agree with the alterations recently made in a certain Bill for amending the existing Land Acts by the Honorable the Legislative Council, particularly those amendments affecting the mode in which the said Honorable Legislative Council propose to deal with Pastoral Reserves improved or otherwise; as also that your Honorable House in its wisdom will ordain that none of such reserves shall be sold at what is termed public auction.

That in pursuance of such instruction the undersigned, on behalf of such Association, desires to represent such matters to your Honorable House, and therefore humbly prays that your Honorable House will take the premises into your most serious consideration, and that you will maintain in their entirety all the main provisions in the proposed Amending Land Bill as passed by your Honorable House, more especially those relating to reserves to roads, the abolition of the 31st clause in the Amending Act of 1875, and the reduction of improvements to ten shillings per acre; and your Petitioner would also urge as desired that no land now reserved should be sold at auction.

And your Petitioner, as in duty bound, will ever pray, &c., &c., &c.

LAND OFFICE AT CONDOBOLIN.

No. 1.

Memorial.

The Memorial of the residents of certain portions of the Wellington and Lachlan Districts,—

To the Honorable the Minister for Lands,—

Showeth:—

1. That your memorialists are subjected to great inconvenience and expense, consequent upon the insufficient accommodation afforded to them for the transaction of their land business in the districts referred to.

2. That your memorialists are compelled to travel either to Hay or Forbes for the conditional purchase of land, the various land business in connection with pastoral pursuits, and also for attendance at the ordinary periodical Government land sales, necessitating journeys of from two (2) to four (4) four hundred miles.

3. That your memorialists, for the amelioration of the inconveniences complained of, respectfully suggest:—1st. That a new district be formed, extending westward to Merri Merrigal, eastward to Monwonga, northward to Gilgunnia, and southward to Woolengough; and 2nd. That Condobolin be appointed a place where in future all land business can be transacted by your memorialists.

4. That although many of your memorialists will still have long distances to travel, their journeys will be reduced more than one-half by the adoption of the proposed change, and they earnestly crave the favourable consideration of the Minister, trusting that he will be pleased to appoint a resident Government land agent at Condobolin aforesaid without delay.

Minutes on No. 1.

Perhaps the report of the Surveyor General should be asked for.—O.R., 30. Surveyor General.—W.W.S., 13 Sept., 1877. B.C., Mr. Ellis, 20 September.—P.F.A.

This petition is forwarded for the consideration of Mr. District-Surveyor Twynam. The boundaries of existing land district are shown on the attached map of the colony, and the site of the town of Hillston.—J. W. ELLIS (for Surveyor General), 20 October, 1877. Mr. District-Surveyor Twynam. Report accordingly by my B.C. memo.—E. TWYNAM, District Surveyor.

No. 2.

Memorandum from Mr. District-Surveyor Twynam to The Surveyor General.

Ministerial Petition for new Land District at Condobolin.—For report under B.C.

Goulburn, 11 January, 1878.

THE petitioners represent that they are subjected to much inconvenience and even hardship by the long journeys involved for transacting land business at Forbes and Hay, and when attention is directed to the distances from Condobolin to Forbes (60 miles) and from Euabalong to Hay (135 miles), I presume the difficulties and expense connected with such journeys will be admitted. The position, present status, and prospects of Condobolin undoubtedly point to it as one of the places where a land office should be established, and in my opinion the only question for consideration is the boundary of such district within the district assigned to my supervision. I am prepared to suggest a boundary, but of the country northward of the Lachlan River I know nothing, and the question of a boundary in that part should be referred to Mr. Surveyor Crouch, whose report is enclosed herewith. I cannot offer an opinion as to the suitability of the boundaries mentioned in the report by Mr. Crouch, inasmuch as I cannot identify them.

Premising that the boundary of a land district should be by lines or topographical features, capable of ready identification, I would beg to advise for adoption the following boundaries in the counties of Gipps and Dowling, viz., from the Lachlan River southerly by the east boundary of reserve from sale No. 313 and its prolongation to the north boundary of reserve 650; thence westerly by the last-mentioned boundary to the Bogandillon Creek; thence by that creek upwards to Lake Cowal, and by the western shore of Lake Cowal to Bland or Yeo Yeo Creek, and by that creek upwards to the boundary between the counties of Gipps and Bland; thence south-westerly by such boundary between the counties of Gipps and Bland, which is a line of fence to the northern boundary of the county of Bourke; and thence by the boundaries between the counties of Gipps and Bourke and Dowling and Cooper respectively to the Cocoparra Range; and thence by that range trending northerly to the Lachlan River. The boundary thus indicated would sever parts of the land districts of Forbes, Oxley, and Grenfell, and is designed so as to interfere as little as possible with other land district boundaries. I may here direct attention to the desirability of amending the police district boundary of Grenfell by making it coincident with the southern boundary of the county of Gipps as far as Marsden, and also of adopting the northerly continuation of the Cocoparra Range, as the boundary between the counties of Dowling and Nicholson.

A plan is hereto annexed in illustration of my suggestions, upon which the present land district boundaries are shown in red colour and the proposed boundaries in green colour, and upon which some of the places named in the petition are indicated in their relative position.

District Surveyor.

[Enclosure A.]

Memo. from Mr. Surveyor Crouch to Mr. District-Surveyor Twynam.

Petition for land district to be proclaimed for Condobolin.

In connection with your memorandum of the *20th instant relative to a petition for the proclamation of a new land district for Condobolin, I do myself the honor to state :—

1st. That I consider it would be to the public interests if the prayer of such petition were granted, as it is based on reasonable grounds. Within the past three years settlement has been proceeding rapidly down the Lachlan River. The quantity of land sold and selected at the Forbes Land Office having been very considerable, and at the present time there is but little available river frontage vacant in the counties of Forbes, Ashburnham, Gipps, and Cunningham. Persons now proceeding down the river from the direction of Forbes in search of positions for settlement are frequently diverted from settling in the counties of Dowling and Blaxland by finding that to select in such positions they would have to make journeys to the Land Office at Hay, an additional distance of about 160 miles.

2. I consider that it would be advisable to make Condobolin the head office. It is to the public convenience that the chief office of a land district should be in a town of some commercial importance, so that persons when dealing in land might be enabled to transact their ordinary business at the same time. Condobolin has latterly been making rapid strides as a business centre, whilst Euabalong and Hillston have made but little improvement.

3. Hereafter I think it will be found advisable to create a separate land office around Hillston; but I believe the present requirements of that part of the country will be amply met by the proclamation of a land district as described on annexed sheet. See sub-enclosure.

[Sub-enclosure.]

Memo. from Mr. Surveyor Crouch to Mr. District-Surveyor Twynam.

Description of proposed land district for Condobolin.

To include the counties of Blaxland, Dowling, Mouramba, and that portion of the county of Flinders within the police district of Forbes. Also that portion of the counties of Kennedy, Cunningham, and Gipps west of the following boundary, viz. :—A line from the junction of the Bogan River and the Kokopoi Ponds Creek, south-westerly to Trundle Lagoon; thence southerly to the point where the Island Creek diverges from the Lachlan River; thence downwards by the Lachlan River to the north-west corner of portion No. 10, parish of Cadow, county of Gipps; thence by a line bearing south to the north-east corner of water reserve No. 650, which forms the west boundary of portions Nos. 10, 12, 30, 29, 56, 57, 58; reserve No. 1,147, Nos. 59, 60, and part of No. 70, parish of Cadow; thence by the north boundary of water reserve No. 650 west to the Manna Creek; and thence by the western banks of the Manna Creek, Lake Cowal, and the Bland Creek, to its intersection with the boundary between the police districts of Forbes and Grenfell.

No. 3.

Memo. by The Deputy Surveyor General to The Under Secretary for Lands.

Memorial to make Condobolin a Land District Office.

Mr. District-Surveyor Twynam's and Surveyor Crouch's reports on the enclosed memorial to make Condobolin a land district office are now forwarded for the consideration of the Minister for Lands. See No. 1

The memorial apparently has been signed by sixty-nine persons, fifty-eight of whom are residents at Condobolin.

The boundaries suggested in the memorial include parts of Forbes and Oxley Land Districts. On inspection of the enclosed map it will be seen that the lower boundary of the Forbes district (shown by red lines) is from 105 to 110 miles below the town of Forbes, and that the town of Condobolin within that district is about 60 miles below Forbes.

The distance from the town of Hay, in the Oxley district, to the existing boundary between Forbes and Oxley on the southern side of the Lachlan River is from 155 to 160 miles, and on the northern side of that river about 185 miles.

Mr. Twynam proposed boundaries for district for Condobolin on the southern side of the River Lachlan as shown by green edging, and on the northern side of the river by a pencil edging, suggesting that the amended boundary for Forbes district be about 40 miles from the town of Forbes, and about 20 miles above the town of Condobolin, and that the proposed town boundary for Condobolin be about 80 miles below the town of Condobolin, and about 125 miles from the town of Hay, within the Oxley district.

Should Mr. Twynam's proposal, with a modification, in order to make district and county boundary identical, be adopted, about 45 miles of the Lachlan River frontage will be taken from the Oxley district, and about 65 miles from the Forbes district. The proposed new district consequently will have about 165 miles of river frontage.

The town most central for the proposed district, and convenient for the public, is a matter of importance in dealing with this application.

Mr. Crouch represents in his report "That the town of Condobolin is making rapid strides as a business centre, whilst Euabalong and Hillston have made but little improvement."

The town of Euabalong is of far more recent proclamation than Condobolin, Condobolin having been proclaimed in 1859, and Euabalong in 1873.

The town of Hillston is a private township, the Government township at Hillston not having been yet proclaimed. Allotments for sale have been measured, but not yet advertised for sale. Hillston will remain in the Oxley district.

The relative positions of Condobolin and Euabalong with the upper and lower boundaries of the proposed new districts are shown on the enclosed map. Euabalong is the most central, and occupies an important site on the river, and on account of being central it is more desirable as a place for a land office, and also on account of the greater portion of the river frontage in the vicinity of Condobolin and within the boundaries of the counties of Cunningham and Gipps having been alienated, and in the latter county a considerable portion of the land off the river frontage, but most entirely by auction sale; and for frontage land selections must be made in the counties of Dowling and Blaxland, but I am not aware whether Euabalong is a place of Petty Sessions.

Under all the circumstances, for the present I am inclined to think that unless Euabalong be made the district land office, the more desirable course will be to decline compliance with the memorial, and the boundary between Forbes and Oxley remain as at present.

Gentlemen,

Department of Lands, Sydney, 8 May, 1878.

See No. 1

With reference to your memorial requesting that a land office may be established at Condobolin, I am directed to inform you that from the report of the Surveyor General the Minister for Lands cannot grant a compliance with the prayer of the memorial, and has therefore decided that the boundary between the land districts of Forbes and Oxley shall remain as at present.

No. 5.

The Hillston Progress Committee to The Secretary for Lands.

Sir,

Hillston, Lachlan River, October, 1878.

Enclosed.

In accordance with instructions from the Hillston Progress Committee, we beg to hand you herewith a copy of the resolutions carried at a general meeting held at Hillston on the 4th inst., and to call your attention to the first resolution, which declares that a strong necessity exists for the establishment of a local land office at Hillston.

We beg to point out that the residents in this district labour under great disadvantages in not having a land office situated at Hillston, inasmuch as the slightest business, however trivial, in connection with the land office, entails on them a journey to Hay (in some instances a distance of more than 200 miles), and frequently a severe loss both in time and money.

The geographical position of Hillston is so central, and the surrounding district of such vast importance, that we feel assured that the advisability of speedily establishing a land office there will at once commend itself to your favourable notice. Acting, therefore, in accordance with instructions received from the Progress Committee, we do ourselves the honor of drawing your attention to the foregoing circumstances, and of requesting that you will take such steps as will lead to the establishment of a land office at Hillston.

We have, &c.,

JOHN O'DONNELL,

Chairman.

JOHN C. TEED,

Secretary.

[Enclosure.]

Copy of Resolutions carried at a General Meeting of the residents of Hillston, held October 4th, 1878.

1. That in the opinion of this meeting the establishment of a local land office is urgently called for, and would be productive of good to the district.
2. That a necessity exists for the holding of a District Court at Hillston, and that the Minister of Justice be accordingly requested to provide for the same.
3. That the Minister for Works be memorialized to make provision for improving the condition of the roads, and for bridging creeks in the district where a necessity exists, as well as for supplying tanks in requisite places on the roadside.
4. That the Minister for Lands be requested to reserve from alienation a sufficient area of land as a town common.
5. That a Progress Committee be formed to take steps to carry out the foregoing resolutions, and to take measures from time to time towards advancing the interests of the district.

The Progress Committee, Condobolin, to W. T. Coonan, Esq., M.P.

Dear Sir,

Progress Committee Rooms, Condobolin, 25 November, 1878.

I am exceedingly sorry to trouble you with so many of our difficulties, but prompted by the Committee I have no alternative. We had hoped to have seen ourselves placed side by side with Coonamble *re* land office, and as you are aware this matter had already been arranged you will experience very little trouble in getting this finally settled.

Believe me, &c.,

Submitted with previous papers herewith. A decision was given in April last on a memorial for the establishment of a land office at Condobolin, to the effect that no alteration should be made in the existing boundaries between Forbes and Oxley at present with a view to create a separate land office at Condobolin.—T.P.B., 10 Dec., 1878.

The Under Secretary of Justice, &c., to The Under Secretary for Lands.

Sir,

Department of Justice and Public Instruction, Sydney, 7 January, 1879.

Representations having been made as to the necessity for the division of the Oxley Police District, as at present constituted, and the creation of a new district with Hillston as its centre, I am directed by the Minister of Justice and Public Instruction to request that you will have the goodness to invite the Secretary for Lands to state whether or not it would be convenient to provide for a Land Agent at Hillston.

I have, &c.,

W. E. PLUNKETT.

Memo. by the Inspector of Land Offices to The Under Secretary for Lands.

THE Department of Justice states that representations have been made as to the necessity for the creation of a new police district, with Hillston as a centre, and desire to be informed whether it would be convenient to provide for a Land Agent there.

Hillston may be a desirable centre for a police district but it is not so for a land district.

There are papers herewith in reference to the establishment of a land office on the Lachlan River, and the Survey Department have recommended Euabalong as a centre, and I must say that in my opinion if any alteration is made in the boundaries of the Oxley district for the purpose of forming a new district, Euabalong should be the centre, and there the office ought to be placed.

I would suggest that these papers be referred to the Survey Office for any further report it may be thought desirable to make.

CHARLES OLIVER,

Inspector of Land Offices.

Minutes on No. 10.

Refer to Surveyor General as suggested.—W.W.S., 10 Jan., 1879, B.C.

Under a petition to establish a land office at Condobolin, reported on by the District Surveyor, it was pointed out (* B.C., 1 Feb., '78), that if a new land office between the towns of Forbes and Hay was necessary for the public convenience for land purposes, under the 13th and other clauses of the Crown Lands Alienation Act, that the town of Euabalong on the Lachlan River would be the most central, and that the boundaries for such district should extend from a point on the Lachlan River, about 35 miles below Forbes, to a point on that river about 25 miles above Hillston, to include parts of the Police Districts of Forbes and Oxley, and I see no reason to alter that recommendation. Hillston is 25 miles outside those limits, and I cannot recommend a land district officer for Hillston, and under the Crown Lands Act of 1875 it is not necessary that police and land district boundaries should be identical. A map showing existing police district boundary is enclosed.—ROBT. D. FITZGERALD (for Surveyor General.) B.C., 22 Jan., 1879. The Under Secretary for Lands.

Dear Sir,

Hillston, 11 January, 1879.

Adverting to the application made by the Hillston Progress Committee, for the establishment of a land office here, I have the honor to request that you will be so good as to let me know, for the information of the committee, what action, if any, has been taken by your department in the matter.

Hillston is about to be made the centre of a new police district, and its importance as regards its position and the character of the surrounding country call for consideration on the part of the Government in respect to the establishment of a means whereby settlement upon the lands can be facilitated. The town is about equi-distant from Euabalong and Mossgiel, and is in a direct line of communication with the country out towards Cobar, as well as in the direction of Booligal, whilst by the opening of a mail line to Rankin's Springs (65 miles) as is contemplated, it will be brought into connection with Sydney, *via* Wagga. The nearest land office is at Hay, a distance of 100 miles from Hillston, and considerable inconvenience and expense result to persons who in order to transact land business have to travel to that place. Relying therefore upon the favorable action of the department in the matter,

I have, &c.,

R. W. STEWART,

Hon. Secretary for Hillston Progress Committee.

J. Leary, Esq., M.P., to The Secretary for Lands.

Dear Sir,

Sydney, 21 January, 1879.

I have been requested by the Hillston Progress Committee to call your attention to the fact of the necessity for the establishment of a lands office at Hillston. It is understood that steps are being taken to have the office at Euabalong instead of at Hillston; this I am informed would not be the most advantageous position, as Hillston is a much more important town, and more centrally situated.

I have therefore to request that you will give this matter your attention, and oblige

Yours, &c.,

JOSEPH LEARY.

The previous letter on this subject would have been submitted but for the pressure of other matters; I can only refer to my former report, and that of the Survey Office, from which it will be perceived that the most desirable position for a land office between Forbes and Hay is at Euabalong. Mr. Hoskins approved of the reports on the 31st January last. I would point out that there is not the slightest necessity under the present law for police and lands district boundaries to be identical, and moreover the combination of offices in cases of large districts is objectionable, and has been found to be very inconvenient.—C.O., 9/4/79.

Petition.

To the Honorable James Hoskins, M.P., Minister for Lands, Sydney.

THE humble petition of the undersigned persons, residing in the Lachlan portion of the police district of Oxley, respectfully sheweth:—

1st. That in order to transact land business your petitioners have to travel distances of from 100 to 200 miles, and that they are thereby subjected to considerable expense and inconvenience, as well as loss of time, all of which would in a large measure be remedied by the establishment of a land office at Hillston.

2nd. That in answer to the letter from your department, dated 31st January, 1879, your petitioners beg to state that as regards wealth, resources, and population, Hillston and its surroundings are eminently more important than Euabalong, which consists of three public-houses, three stores, and two blacksmiths' shops, and gum-trees, and that it is also better suited for the proposed office in question, by reason of its central position, as is shown by the accompanying rough sketch, this being the opinion of the local Government surveyors, as is evidenced by the signature of one of them (Mr. Carter), whilst at the same time your petitioners feel bound to question the ability of the Inspector of Land Offices to pronounce an opinion on the subject, seeing that he has not been nearer than 100 miles to Hillston.

3rd. That the population of Hillston, including Gilgunnia, Mossgiel, and Euabalong (including Cudgellico), as furnished by the police, consists respectively of about 1,050, 670, and 300 inhabitants, and that having regard to the situation of Hillston as against Euabalong, an office at the former place would afford convenience to a larger number of persons than at the latter place, for whereas Euabalong is situated about 14 miles from the boundary-line of the Oxley and Lachlan Police Districts, Hillston occupies a central position, having Hay south-east and Booligal on the south, at a distance of 100 miles and 50 miles, respectively; Mossgiel on the west, 65 miles; Gilgunnia on the north, about 100 miles; Euabalong and Cudgellico on the north-east, 60 miles and 80 miles; Gunbar on the south-east, about 30 miles; and Rankin's Springs, about 70 miles.

4th. That a large proportion of the conditional purchases taken up at Hay during the last six months have been on account of land in the Lachlan portion of the district, which conditional purchases your petitioners believe are genuine, with the exception of apparently dummy selections applied for by relatives of the Errenbenderry and Mount Boorthumbla runholders, near Euabalong, and that the capacity of the runs in the neighbourhood of Hillston and Mossgiel as compared with these in the direction of Euabalong may be exemplified by the sheep returns for the current year, one run alone in the former section of country containing more sheep than all the runs in the latter put together.

5th. That if an office be opened at Euabalong the majority of your petitioners will remain in the same position as they are now in, having to travel to and from Hay, and further that your petitioners, considering the question of distance, feel that they are as much entitled to the benefit of a land office as the residents of other parts of the Colony, as for instance Corowa, 34 miles from Albury, and Moama, 45 miles from Deniliquin.

6th. In view of the foregoing circumstances therefore your petitioners request that you will be so good as to see fit to accede to their views in the matter, whereby immense service will be rendered to the promotion of legitimate settlement, and to the advancement of business interests, and inasmuch as such advantages

advantages will follow the opening of an office at Hillston your petitioners earnestly entreat you to pause ere you strike a death blow at their prospects, and at the healthful advancement of their district, by consenting to the establishment of an office at Euabalong.

And your petitioners, as in duty bound, will ever pray.

No. 19.

With reference to a petition presented by you from certain persons residing in the Lachlan portion of the Police District of Oxley, praying that a land office may be established at Hillston, I am directed to inform you that the Minister for Lands cannot accede to the prayer of the petitioners, as it had been previously decided that as soon as practicable a land office will be established at Euabalong.

W. T. Coonan, Esq., M.P., to The Secretary for Lands.

Sir,

Sydney, 21 June, 1879.

The residents of Hillston have sent me the accompanying plan, now enclosed to you, showing the necessity of establishing a lands office at that place. In my opinion a great boon would accrue to the residents around Hillston if a lands office were established.

W. T. COONAN.

Minute on No. 21.

Urgent.—The Under Secretary.—The Survey Branch should report which would be the most desirable place to establish a land office, Hillston or Euabalong.—J.H., 23/6/79. Register and send with previous papers to Surveyor General.—W.W.S., 24 June.

No. 22.

W. T. Coonan, Esq., M.P., to The Secretary for Lands.

Sir,

Temple Court, King-street, Sydney, June 23, 1879.

Referring to the interview Mr. Innes, J.P., of Condobolin, and myself had with you on the 16th instant about the establishment of a land office at Condobolin, I now beg again to request that the necessary steps may be taken with a view of acceding to the request made by Mr. Innes and myself. Condobolin is a rising town, situate on the Lachlan River, distant from Forbes and Parkes about 70 miles, containing a population of about 300 people, and surrounded by a fine agricultural district and a large population. Petitions have been forwarded from there and presented by myself, requesting the granting of a lands office, and I am informed that the matter, on being referred to the District Surveyor for report, such officer has already reported most favourably, having sent in a sketch showing the boundaries of the proposed district.

In August last Mr. Innes and myself had an interview with Mr. Farnell, the then Minister for Lands, and the papers being shown him he at once saw the justice of the claim and promised that a land office should be established with as little delay as possible.

The recommendations of Mr. Surveyor Fisher and Mr. Surveyor Crouch being in favor of this land office, I trust you will be pleased to accede to the request of the inhabitants of Condobolin, who have now to go a distance of 70 miles to select a piece of land, and in many instances twice that distance. The establishment of a land office at Parkes will in no way interfere with the granting one for Condobolin, as there are miles of country beyond Condobolin which cannot be embraced in the Parkes District. Knowing the country personally, having travelled over a great portion of it, I can safely say that you would be conferring a great boon on the residents of the district by establishing a land office as requested.

I have, &c.,

W. T. COONAN.

Minutes on No. 22.

Urgent.—Under Secretary.—Did Mr. Farnell, M.P., when Secretary for Lands, give any directions to the effect that a land office should be established at Condobolin? Have any steps been taken for having or towards having a land office at that place?—J.H., 23/6/79.

I cannot trace any record of such a direction. No steps have been taken towards having a land office established at Condobolin.—C.O., 27/6/79.

The only decision Mr. Farnell appears to have given was upon a report by the Survey Office, recommending Euabalong as the centre of the proposed district, and he then directed that the matter was to remain over for the present (then the 29th April, /78).—C.O., 27/6/79.

For the information of the Minister.—W.W.S., 28.

Mr. Coonan, M.P., should be informed that there is no record or evidence in writing in the Department of Lands of Mr. Farnell, M.P., when Minister, having promised that a land office should be established at Condobolin, but that Mr. Farnell was favourable to a land office being opened at Euabalong, as stated in Mr. Oliver's minute.—J.H., 3/7/79.

Sir, Department of Lands, Sydney, 5 July, 1879.

With reference to your letter of the 23rd ultimo, praying for the establishment of a land office at Condobolin, and stating that Mr. Farnell, M.P., when Minister for Lands, saw the justice of the claim and promised that a land office should be established there with as little delay as possible, I am directed to inform you that no record or evidence in writing can be traced in this department that Mr. Farnell, when Minister, ever promised that a land office should be established at Condobolin, but records exist that that gentleman was favourable to the establishment of a land office at Euabalong, which matter is now under consideration.

Extract from Letter from Mr. J. W. Grant to The Secretary for Lands.

Sir, Hillston, December 6, 1879.

Allow me also to urge the great want of a lands office at Hillston, as squatters from this district have in many instances to travel 100 miles to do business with the lands office, and the same distance back.

Previous papers now herewith. The Inspector of Land Offices.—T.P.B.

Referred to the chief draftsman in reference to the Minister's *memorandum of 23rd June last. * See minute on No. 22.
Although the paper upon which the memorandum mentioned should have come to me in June it appears to have been lost sight of in consequence of the papers having been taken for the purpose of being copied for Parliament.—C.O., 29 December, 1879.

The Inspector of Lands Offices.—The plans referred to in Mr. Twynam's report are not with these papers. Please let a search be made for them; probably the gentleman who copied for Parliament may be able to give some account.—J. W. ELLIS, 30 December, 1879.

I have obtained a map which I believe to be the one referred to by Mr. Ellis.—C.O., 8 January, 1880. The Chief Draftsman.

Hillston will be the best position for the land office in the district, shown on plan with blue edging, being the northern half of the Police district of Oxley, which district was far too large. A land office at Hillston would not interfere with the claims of Condobolin, which appears to be a place of considerable importance and an increasing tendency.—P. F. ADAMS, 14 January.

These papers are again submitted for the following reasons, viz.:—The original area of the Forbes district was about 9,212 square miles. The district of Parkes having been taken therefrom reduces that area to 5,776 square miles (approximately). Should Condobolin be proclaimed a district, and Hillston include the area shown within the blue edging, viz., the northern portion of Oxley (Hay) district, the area for Condobolin would be about 4,156 square miles, leaving Forbes only 1,620 square miles, or about 1-6th of its original area. The question now appears for reconsideration, whether under the circumstances of Parkes having been proclaimed a land district, whatever may be the importance of Condobolin on a decision being given by the Minister that Hillston be proclaimed, any further reduction should be made in the Forbes district for Condobolin at any future time.—P. F. ADAMS, 20 January. Under Secretary for Lands.

Under the circumstances above explained I would submit that there is no occasion to make Condobolin a land district, but that Hillston should be proclaimed as early as practicable.—W. W.S., 30 Jan. Approved.—J.H., 2 February, 1880.

Sir, Department of Lands, Sydney, 13 February, 1880.

With reference to that portion of your letter of the 6th December last, in which you urge the great want of a land office at Hillston, I am directed to inform you that, under the circumstances set forth in the report of the Surveyor General on the subject, the Minister for Lands has decided that Hillston is to be proclaimed a land district as early as practicable.

Sir, Department of Lands, Sydney, 13 February, 1880.

Adverting to my letter of the 5th July last, in reply to yours of the 23rd June previous, on the subject of the establishment of a land office at Condobolin, I am directed to inform you that under a report from the Surveyor General in the matter, a copy of which is enclosed for your information, there does not appear to be any necessity at present to create Condobolin a separate land office district. No. 23. See No. 22. Herewith.

2. Further I am to state that Hillston is considered the best position for a new land office, as it will include the northern half of the police district of Oxley, which is too large, without further interference with the district of Forbes. Steps will therefore be taken for the notification of the district of Hillston as early as practicable.

I have, &c.,
W. W. STEPHEN.

[Enclosure.]

Report of the Surveyor General.

THE original area of the Forbes district was about 9,212 square miles. The district of Parkes having been taken therefrom reduces that area to 5,776 square miles (approximately). Should Condobolin be proclaimed a district, and Hillston included, the area shewn within the blue edging, viz., the northern portion of Oxley (Hay) district—the area for Condobolin would be about 4,156 square miles, leaving Forbes only 1,620 square miles, or about one-sixth of its original area. The question now appears for reconsideration whether, under the circumstances of Parkes having been proclaimed a land district, whatever may be the importance of Condobolin, on a decision being given by the Minister that Hillston be proclaimed, any further reduction should be made in the Forbes district for Condobolin at any future time.

No. 4.

Mr. J. N. Gilmour to The Secretary for Lands.

Tender for a lease of a new run of Crown Lands. Second-class Settled, or Unsettled Districts.

IN accordance with the provisions of the Crown Lands Occupation Act of 1861, and of the Regulations made in pursuance thereof, I, John N. Gilmour, of Bathampton, Bathurst, do hereby propose to take a lease of the Crown Lands known as Dinner Gilgies, in the district of Wellington, which lands are particularly described in the Schedule annexed to this tender.

2. And in consideration of such lease, I am willing, and hereby offer to pay yearly, in advance, the rent of the said Crown Lands, as the same may be determined by appraisalment under the said Act.

3. And I do agree, that in the event of this tender being accepted, and of such acceptance being notified in the Gazette, I will, within sixty days after such notification, pay into the hands of the Colonial Treasurer, at Sydney, as and for the first year's rent of the said run, and pending such appraisalment as aforesaid, the sum of ten pounds, together with the sum of twenty pounds, being the assessment payable under the Increased Assessment and Rent Act of 1853; and also the sum of sterling, by way of premium for the said lease: that is to say:—

Under proposed amended description, I recommend that this tender may be accepted.—T. WARRE HARRIOTT, Chief Officer, Occupation of Lands, 11 July, 1878. Accepted, 78-3,636. Tenderer, Commission, and Treasury, 24 July, 1878.

No. 9.

Mr. Commissioner Fullerton to The Officer in Charge, Occupation of Lands.

Sir,

Occupation of Crown Lands, Dubbo, 7 May, 1878.

I do myself the honor to forward you my report upon the tender for a new run in the district of Wellington, of the month of December, 1872, called Wyregal, of Mr. Samuel Smith.

1st. The tender does not comprise any land under lease or license, or under promise of lease or license, or applied for in any prior tender.

2nd. In my opinion it is not advisable that any portion of the land tendered for should be withheld for any public purposes.

3rd. The description given in the tender correctly indicates the land tendered for sufficiently for identification, but would recommend it to be amended as annexed.

4th. The size and shape of the block are conformable to the 51st and 52nd sections of the Regulations.

5th. It is necessary to procure water by artificial means.

6th. This report is made after personal inquiry and inspection.

No. 19.

Mr. Commissioner Fullerton to The Officer in Charge, Occupation of Lands.

Sir,

Occupation of Lands, Dubbo, 26 March, 1878.

Referring to my report of 17th January last, on tender No. 2, of August, 1877, of Mr. D. D. Baird for a new run called West Wandoo Wandong, I have the honor to inform you that, in looking through the records of the office, I found a tender of Mr. Samuel Smith, No. 3, December, 1872, for a new run called Wyregall. This tender must have been misplaced during the confusion caused by removing the office from Wellington to Dubbo. On reference to the descriptions of these two tenders, you will find that they are for the same country, so that Mr. Smith's tender being of a prior date, he is entitled to the land; under these circumstances I must request to withdraw my report in favour of Mr. Baird's tender being accepted.

As Mr. Smith estimates the vacant Crown Lands at only 60 square miles, I beg to suggest that Mr. Baird and he be asked if they are willing to divide, there being nearer 120 square miles than 60. I have written to these gentlemen on the subject, and will forward their answers when received.

GEORGE FULLERTON,

Commissioner Crown Lands.

No. 20.

The Officer in Charge, Occupation of Lands, to Mr. Commissioner Fullerton.

Sir,

Occupation of Lands, Sydney, 27 March, 1878.

Referring to your report, dated the 17th January last, upon Mr. D. D. Baird's tender for a new run, to be called West Wandoo Wandong, I have the honor to inform you that the amended description proposed by you appears to me to include a considerable portion of Tomingly North, as I understand from the late Mr. Commissioner Daniel that run to be occupied, although not strictly in accordance with its original description; further, I am altogether ignorant of the position of Barrabadean Run, which cannot be determined until the hut is connected with some known point.

There appears, moreover, to be a prior tender by Samuel Smith for a new run, to be called New Wyregall, under somewhat similar description, not yet dealt with.

Under

No. 2 of August,
 1877.

No. 3 of Decem-
 ber, 1872.

Under these circumstances, Mr. Baird has been advised that his tender cannot be accepted under the description given in his tender, nor under that prepared by you, and that the vacant Crown Lands lying between Tomingley, Tomingley North, Bulgandramine, Burrill, Barrabadean, and Wandoo Wandong Runs, appear to be covered by the prior tender above referred to.

You should report at once as to the possibility of any vacant land remaining to satisfy Mr. Baird's tender after Samuel Smith's (of 1872), and on your reports the tenders will be provisionally dealt with, on the understanding that the tenderer or tenderers will apply for a survey of the proposed new runs under the provisions of the 41st clause of the Lands Acts Amendment Act of 1875, under which adjoining lessees will be obliged to contribute *pro rata* towards the cost of the definition of the several boundaries.

To aid in the preparation of the instructions for survey, which must issue from this department, I have to request that you will be good enough, with as little delay as possible, to illustrate your views of the claims of the existing runs on the accompanying tracing, and return the same to this office with your report. You should, at the same time, endeavour to ascertain what boundaries have been marked and possibly fenced without this department being informed.

And now with reference to your telegram received yesterday, I would suggest that you should be more careful in making your reports—there are so few outstanding tenders for country in the districts of which you have charge, that you should be thoroughly acquainted with all of them.

Fortunately no steps have been taken for the acceptance of Baird's tender, as recommended.

In reply to your letter of the 14th February last, I have the honor to inform you that Mr. Commissioner Fullerton did report, under date the 17th January last, on your tender noted in the margin, and that he proposed an amended description.

This latter, however, embraced apparently a considerable portion of the North Tomingley Run, as at present held: moreover there is a prior tender for the same country as yet undisposed of.

No. 22.

Mr. Commissioner Fullerton to The Officer in Charge, Occupation of Lands.

WELLINGTON and Bligh Commissioner Crown Lands report upon tender No. 2, of the month of August, 1877, in the District of Wellington, called West Wandoo Wandong.

Sir,

Occupation of Lands, Dubbo, 7 May, 1878.

I do myself the honor to forward you my report upon tender for a new run in the district of Wellington, of the month of August, 1877, called West Wandoo Wandong, of Mr. D. D. Baird.

1st. The tender does not comprise any land under lease or license, or under promise of lease or license, applied for in any prior tender.

2nd. In my opinion it is not advisable that any portion of the land tendered for should be withheld for any public purposes.

3rd. The description given in the tender correctly indicates the land tendered for sufficiently for identification, but would recommend it to be amended as annexed.

4th. The size and shape of the blocks are conformable to the 51st and 52nd sections of the Regulations.

5th. It is necessary to procure water by artificial means.

6th. This report is made after personal inquiry and inspection.

I have, &c.,

GEORGE FULLERTON,
Commissioner Crown Lands, Wellington and Bligh.

Minute.

See 78-2,528. This report is based on the extraordinary assumption on the part of Mr. Commissioner Fullerton that Mr. S. Smith, a prior tenderer for vacant country in this locality, will waive his claim in favour of Mr. Baird. The Commissioner's report on S. Smith's tender was also made in ignorance of Mr. Gilmour's earlier tender for half of the same land, see 78-3,040. Baird's tender may be declined as being for land included in prior tender of December, 1873, S. Smith.—E.D., 14 June, 1878.

Amended Description.—West Wandoo Wandong.

COMMENCING at the north-west corner of Burrill or Ten-mile Creek Run; thence running along the north boundary of that run till it strikes Harvey's Range; thence on the east by that range upwards till it strikes the south boundary of the new run Wyregal; thence on the north by that boundary until it strikes the east boundary of Barrabadean, about 1 mile from the south-east corner of that run; thence following that and the south boundary of that run till it strikes the Genanegy Run; thence that run downwards, to the starting point.

No. 23.

Mr. Commissioner Fullerton to The Officer in Charge, Occupation of Lands.

Sir, Occupation of Lands, Dubbo, 7 May, 1878.
 Referring to the matter—tender No. 3, December, 1872, Samuel Smith, Wyregall, tender No. 2, August, 1877, D. D. Baird,—1st. West Wandoo Wandong,—I have honor to report as follows, viz:—
 1st. I made a personal inspection of the country, and traced boundaries when necessary.
 2nd. I find the Barabadine Run, as described, includes a large portion of Genanguy and Bulgandramine Runs. I therefore suggest a revision of the boundaries of that run in accordance with amended description herewith.
 3rd. The lessee of Barabadine is willing to accept the description of the run as suggested.
 4th. There is a large portion of vacant country as per description annexed, which might be formed into two runs, as now recommended under separate cover.
 5th. I enclose separate descriptions of vacant Crown Lands as divided.
 6th. I have shown positions of various boundaries on the chart as near as possible.
 7th. The description under which Tomingly North was accepted is undoubtedly the correct one, as the other would encroach on Wallaba Run. The western boundary of that run is very indefinitely described. I am trying to arrange a boundary that will receive the approval of all parties concerned.
 8th. I have the honor to request that I may be furnished with a copy of the chart as it is now.
 I have, &c.,
 GEORGE FULLERTON,
 Commissioner Crown Lands, Wellington and Bligh.

Mr. Commissioner Fullerton to The Chief Draftsman.

Sir, Occupation of Lands, Dubbo, 18 May, 1878.
 The boundaries of the runs, viz: Haddon Riggs, Walaba, Mount Park, Back Myall Camp North, being in a very undecided and unsatisfactory state, I have arranged for the various lessees to meet me at my office, to try and come to a mutual arrangement in regard to them.
 For this purpose I have the honor to request you will be pleased to furnish me (as early as possible) with a tracing on the 2 miles to an inch scale of the supposed boundaries of these runs.
 I will then fill up the tracing according to agreement come to, and return same to you.

 Mr. Du Faur, 23 May, 1878.

No. 26.

Mr. Commissioner Fullerton to The Officer in Charge, Occupation of Lands.

Sir, Occupation of Lands, Dubbo, 5 June, 1878.
 Referring to my report upon the tenders noted in the margin, I have the honor to inform you that Mr. Gilmour, the lessee of Dinner Gilgies Run, tendered for by him in No. 1 of October 1872, waited on me a few days since, and stated that the country referred to was portion of that run.
 I find by his tender that he described the proposed run to include the vacant land surrounded by the runs named in the margin, viz: Bulgandrune, Mungaree East, Back Myall Camp, Wallaha, Barrabadean, Tomingly, Tomingly North, Croker's and Harvey's Range.
 In the notice of the acceptance of tender forwarded by you to this office on the 30th January, 1877, the description given places the run entirely to the north of the Tomingly North Run, and does not include any part of the land between that run and Barrabadean. Mr. Gilmour says he never saw this description. By it, you will see that to give Mr. Gilmour any country south of the Tomingly Runs, as part of his Dinner Gilgies Run, he would have a run divided into two parts, one portion being separated from the other by Tomingly North Run and its junction with Mungaree East Run.
 I felt it my duty to report this to you for consideration in connection with my former report.
 I have, &c.,
 GEORGE FULLERTON,
 Commissioner Crown Lands, Wellington.

Memo. by Chief Draftsman.

MR. GILMOUR'S tender, 1st October, 1872, Dinner Gilgies, included all vacant country between runs, viz: Bank Myall Camp North, Mingari East, Bulgandrune, Tomingly, Tomingly North, Harvey's Range, Barrabadean, Wallaba, estimated at 40,000 acres.

For some years little was known of the relative positions of these runs. In 1876, however, they had been defined, with the exception of Barrabadean and Walaba, and the tender was recommended for acceptance for such land as was then proved vacant, namely, about 25,000 acres.

The

The position of Barrabadean having been now determined by survey, it is proved that a further portion of country, covered by Mr. Gilmour's tender, of about 20,000 acres, is vacant Crown Lands. This was subsequently tendered for by Mr. Smith in December, 1872, but Mr. Gilmour claims that the land should be given to him, as earlier tenderer, it being from no fault of his that the department was not in a position to include it in the former acceptance.

In my opinion Mr. Gilmour's claim should be held good, subject to his consenting to the land being dealt with as a subdivision of his original tender, and subject to payment of separate rent at the minimum price.

There will still remain about 28,000 acres in satisfaction of Mr. Smith's tender.—E.D., 11th June, 1878.

[Minutes on No. 27.]

Submitted for the approval of the Honorable The Minister for Lands.—E.D., 11th June, 1878. Mr. Gilmour's tender should be held as the first tender for the country still vacant under his tender.—J.S.F., 11th June, 1878.

No. 28.

The Chief Draftsman to Mr. J. N. Gilmour.

Sir,

Occupation of Lands, Sydney, 14 June, 1878.

With reference to a protest made on your behalf by Mr. Commissioner Fullerton, in which he draws attention to the fact that any vacant Crown Lands at the back of Bulgandramine were included in your tender for run Dinner Gilgies,—

(1st.) I have the honor to inform you that the tender for Dinner Gilgies was accepted under an amended description which was forwarded to you with authority to occupy that run on 10th November, 1876.

(2nd.) This amended description, under which the run has since been appraised, included all the country which at that date could be defined as vacant, the position of Barrabadean hut being then undetermined, the land between Bulgandramine, Barrabadean, and Tomingley could not be dealt with.

(3rd.) The Commissioner has recently reported your acceptance of a definite description of Barrabadean, subject to which and to your acceptance of revised descriptions of Tomingley and Tomingley North Runs hereafter referred to, the Honorable the Minister for Lands has been pleased to approve of such vacant land being dealt with under your accepted tender for Dinner Gilgies, subject also to a re-appraisal of that run.

Under these circumstances, I enclose a tracing in illustration of the group of runs held by you in this locality, the external limits of which may now be considered to be defined, and revised descriptions in accordance with the several tenures as there shown, and would request you to signify your acceptance of the same, with a view to the matter being finally disposed of.

At the same time as the land shown as Dinner Gilgies is severed from that already held under previous acceptance of tender, I would suggest that you should apply for the subdivision of the tenures as now shown.

It will be necessary that the concurrence of the lessees of the adjoining runs, Walaba and Wambanglang, be obtained to the position of the north and east boundaries of the Tomingley Runs, as now shown.

I have to request you will forward an early reply on this matter.

I have, &c.,

E. DU FAUR,

Chief Draftsman.

* N.B.—Since the date of the Commissioner's report, 7th May last, this run (Barrabadean) has been transferred to Messrs. Dowling and Martin, their acceptance of the revised description has now been requested, on which the final settlement of Dinner Gilgies must depend.

[Enclosures to No. 28.]

Amended Description.

Bulgandramine.—Estimated area, 43,000 acres. The Crown Lands within the following boundaries: (1.) On the west side of the Bogan River, commencing at a box-tree on the left bank of the Bogan River marked broad-arrow over *crv*; and bounded thence on the north-west by a line of fence in a generally south-westerly direction (passing near a whitewood tree marked broad-arrow over *III*) about five miles, until it meets a cross fence at the north corner of Tolma Run; thence by that cross fence bearing south 37 degrees 30 minutes east 1 mile 27 chains 80 links to a marked post; thence by the continuation of that fence in a south-easterly direction about 2 miles; and by its further continuation in an easterly direction about 2 miles to a stake near a box-tree marked broad arrow over *I*; thence by a further continuation of the same fence bearing east 5 miles to the left bank of the Bogan River at an oak tree blazed on four sides and marked broad arrow over *B*, about $\frac{3}{4}$ mile above the tree marked broad-arrow over *x* by Mr. Surveyor R. J. Campbell. (2.) On the east side of the Bogan River, commencing on the right bank of the Bogan River, opposite the oak tree blazed on four sides and marked broad-arrow over *B* as above described; and bounded thence on the south by a marked and fenced line bearing generally about north 80 degrees east 5 miles to a peg near a box-tree marked broad-arrow over *v*; thence on the east by a line bearing northerly (by west) about 8 miles to The Gilgies, on the road from Bulgandramine to Tomingley; thence by that road in a south-westerly direction to the right bank of the Bogan River.

Amended Description.

Tomingley.—Estimated area, 26,000 acres. The Crown Lands within the following boundaries: Commencing at a point on the Tomingley Creek where it is intersected by an east and west line passing 2 miles 40 chains north 45 degrees east of Tomingley Station; and bounded thence on the north by that line bearing west to a point thereon distant 7 miles from the range (Harvey's?) separating Tomingley from Wambangalang Run; thence on the west by a line bearing south until it meets a line bearing east from The Gilgies on the road from Bulgandramine to Tomingley; thence by that line bearing east to the range above-mentioned; thence by that range in a northerly direction to a point thereon bearing east from the point of commencement; and on the remainder of the north by a line bearing west, to the point of commencement.

Accepted by lessee, 78-3,458.

Amended Description.

Tomingley North.—Estimated area, 19,000 acres. The Crown Lands within the following boundaries: Commencing at the north-west corner of Tomingley Run, at a point bearing west 7 miles from the range separating Tomingley from Wambangalang Run, on a line passing through a point bearing north 45 degrees east 2 miles 40 chains from Tomingley Station; and bounded thence on the north by a line bearing west 5 miles; thence on the west by a line bearing southerly to the north corner of Bulgandramine Run at The Gilgies on the road from Bulgandramine to Tomingley; thence on the south by a line bearing east to the south-west corner of Tomingley Run; and on the east by the west boundary of that run being a line bearing north, to the point of commencement.

Accepted by lessee, 78-3,458.

Amended Description.

Myall Camp North.—Estimated area, 12,000 acres. The Crown Lands within the following boundaries: Commencing at a post near a double oak tree marked broad-arrow over E, bearing east 2 miles from Myall Camp; and bounded thence on the east by a marked and fenced line bearing north about 3 miles 50 chains to a stake near a pine tree blazed on four sides, the fenced south corner of Gum Swamp Run; thence on the north by that fenced line bearing west 5 miles or thereabouts, the fenced north-east boundary of Outlet Run; thence on the west by that boundary bearing south 3 miles 50 chains or thereabouts to the north-west corner of Myall Camp South Run; and on the south by the north boundary of that run, bearing east 5 miles, to the point of commencement.

Barrabadean.

Referring to a report from Mr. Commissioner Fullerton, under date of 7th ultimo, respecting the boundaries of the run noted in the margin (which as originally described conflicted with Bulgandramine and Genanaguy Runs), in which he intimates the acceptance of amended boundaries by the then lessee, I have the honor to request (as the run has since been transferred to yourselves) you will inform me whether you are satisfied with the boundaries as now shown on enclosed * tracing and in description, of which a copy is enclosed.

Enclosure.

*Appendix A.

The Commissioner was in error in his estimate of area; with a back line of $5\frac{1}{2}$ miles he estimated it at 10,000 acres, this line has been restricted to 5 miles, and yet the area included is 13,500 acres, the original estimate having been 9,600 acres.

I have to request you will forward an early reply on this matter.

P.S.—I have taken the opportunity of showing on the tracing at the same time the external boundaries of the runs named in the margin, which I understood to be also in your occupancy, and which have been marked with the exception of the portion of the back boundary of Gananaguy, between the north corner of Booral and the broad-arrow over VII tree at the north-west corner of the former run.

On your acceptance of the same revised descriptions will be forwarded if the recognized lessee endorses your consent with his own.

The internal lines have been shown on what appears to be the most convenient design.

With reference to your reports noted in the margin, respecting the disposal of vacant Crown Lands between Tomingley, Harvey's Range, Gunanaguy, and Bulgandramine, which have since been dealt with as communicated to you by letter of equal date,—I have the honor to point out that those cases should prove to you that more care and intimate knowledge of the records of your office are requisite in dealing with such important matters as tenders.

Tenders are referred to the Commissioners in order to obtain the benefit of their local information and their opinions in matters of doubt, not necessarily to be adopted, but as a guidance in dealing with such cases.

The clashing of Smith's and Baird's tender, and the non-satisfaction of the full claims of Gilmour's tender for Dinner Gilgies could not fail to have been detected in this office, before the tenders were finally disposed of, but should nevertheless have been guarded against in your first report.

Your suggestion as to subdivision of vacant country between Smith and Baird (even had the whole been available for the former of those tenders), was one which should only have been submitted as the result of an agreement between the conflicting tenderers—and its official submission to Mr. Smith was not likely to increase that gentleman's estimation of the department or its officials.

Sir,

Occupation of Lands, Sydney, 24 June, 1878.

Referring to your letter of the 18th ultimo, I have the honor to forward herewith tracing and lithograph as requested.

The boundaries of Mount Park are only defined so far as the lines marked * extend, thence they are shown on tracing under their original bearings. The eastern boundary of Haddon Riggs has not yet been defined; and of Wallaba and Wambangalong nothing further is known than the original descriptions which are on record in your office. It is for you to suggest on the information before you and on your local knowledge, some definition of their boundaries, which may fairly represent their claims to lease without any encroaching on vacant Crown Lands, should any such exist.

I take the opportunity of further enclosing copies of descriptions of runs held by Mr. Gilmour, which have been forwarded to that gentlemen for acceptance, showing also the manner in which it is proposed to deal with a portion of the vacant country; the remainder will be available for Mr. S. Smith's tender; but these descriptions have not been adopted, pending receipt of reply from lessee, the nature of which when received will be communicated to you.

Advise Mr. G. to that effect.—E.D. Referring to your letter of June 18th, respecting proposed amended description of Barrabadean Run, I have the honor to acknowledge receipt of such proposed description, as well tracing showing the same, and on behalf of myself and partner, Mr. William Martin, beg to state I am satisfied with the boundaries as so shown.

I conclude that, although the back boundary of Genangi, between the north corner of Boorall broad-arrow over VII tree at the north-west corner of the former run, is not marked, it will be marked as above when surveyed.

Mr. Sharpe, licensed surveyor, of Parkes, will be doing some work here shortly, and would, I think, complete the above unsurveyed boundary of Genangi as well as Barrabadean if he were so instructed. I am anxious to have the surveys completed.

In reply to yours of July 25th, and also having reference to yours of June 18th, I have the honor to hand you herewith enclosed tracing, as forwarded me by you. You will notice I have taken the liberty of drawing a red line from north-west corner of Burrell to the south-east corner of Barrabadean Run.

This alteration will make but a slight difference in area, and moreover the ground is so far, I believe, still unleased Crown Lands; but my fence runs thus, erected some time since on what I believed would be the boundary.

I have written Mr. Gilmour asking him to signify his consent to all the lines, both those already marked and those proposed, without delay, and I think if this tracing were forwarded him, he would at once attend to the matter.

With regard to Mr. Millington's survey, I paid that gentleman nothing direct, but referred him to the Sydney Department, believing that to be the proper course.

I am therefore not in a position to recommend the adoption of the line proposed by you, and marked red on tracing, which would deprive lessee of Wyregall of about 1,000 acres of his leasehold; at the same time it is open to you to come to an arrangement with such lessee (Mr. S. Sir, In accordance with your instructions, dated 27 July, 1878, I do myself the honor to report that I have surveyed the boundaries of Barrabadean Run, Wellington District, and forward plan thereof. I did not consider it necessary to make the measurement alluded to in paragraph 3 of instructions, as the Barrabadean hut is so close to the line forming the north-east corner of Genanagui Run, with the north-west corner of Booral Run, that I was enabled to fix the south boundary of Barrabadean Run without such measurement.

With reference to the marking of the south-east boundary of Genanagui Run, from the north-west corner of Booral Run to Burrell Creek, Mr. Dowling informed me that he did not wish to have those lines marked, as the fence is the recognized boundary.

Forwarded to head quarters, 10th September, 1877.—C. F. BOLTON, District Surveyor. Mr. Long,—Where is the application, if any?—T.H.L., 14 November, 1877. Deputy Surveyor General,—The portion herein referred to, with portions 31, 30, and 29, extend to a distance of 4 miles, and consequently appears to interfere with the administration of the Land law in an equitable manner. I have therefore brought the case under your notice, and also under a separate memorandum.—T.H.L., 14 November, 1877.

The above portion, with four similar measurements, made in right of a wire fence, extend to nearly 8 miles in length by 6 chains 26 links in breadth. I cannot recommend that such survey be received on account of improvements.—R. D. FITZGERALD (for Surveyor General), 21 Nov., '77.

Approved.—J.S.F., 6/2/78. Charting Branch. Mr. Wickham; then to Mr. Maclean.—T.H.L., 9 Oct., '78. This and eight other portions have been amalgamated with others and sent to auction, the improved purchase application being refused (see outside). Submitted whether payment should be allowed for these surveys.—H.W., 21 Oct., /78. No payment can be allowed for surveys so totally regardless of the responsibility of a surveyor towards the public estate.—P.F.A.

Mr. M. A. Maclean,—Portion has been amalgamated with other portion, and sent to auction. Any action necessary on improved purchase application enclosed?—H.W., 3 Mar., /79. Portion 33, parish of Moultrassie, not to be sold at present, being partly in T.S.R. 1,920, noted 30th March, 1878. 1 April, 1879.

Mr. Licensed-Surveyor Rigaut to The Surveyor General.

Sir,

Conargo, 24 September, 1877.

I have the honor to return the four enclosed instructions, and would recommend that they be re-issued to Mr. Licensed-Surveyor Scott, he having surveyed all the land on Steam Plain Run.

Mr. Kiddle informs me that all the land applied for by him, either for auction sale or improvement purchase, has been surveyed by Mr. Licensed-Surveyor Scott. I have, &c.,

No. 20.

Memorandum by Messrs. G. and T. H. Lewis.

Mr. Licensed-Surveyor Scott's surveys of improvement purchase for Lewis Kiddle.

THESE measurements have apparently been made by direction of Mr. District-Surveyor Bolton, but are unaccompanied by any applications. It is probable that the applications are from 76-129 to 145, sent to Mr. Lucas for measurement, 22 February, 1877, and not yet returned. Under these circumstances are the portions to go on for charting?—G.L., 26 Sep., 1877.

I cannot accept such surveys without authority, as there appears to be undue advantage taken over Crown lands. Such a system if continued will ruin the runs for other lessees hereafter; the plans may be charted, but the Deputy Surveyor General should be asked as to whether the portions can be allowed under the 2nd clause. There are precedents for allowing isolated cases, but these cases require special submission. A tracing showing them in one length would be the best.—T.H.L., 26 September, 1877.

A memo. has been sent to Mr. Bolton to cause applications to be returned.—26 Sep., 1877.

No. 21.

Mr. District-Surveyor Bolton to The Surveyor General.

Sir,

District Surveyor's Office, Wagga Wagga, 16 November, 1877.

I do myself the honor to return herewith ten applications by Mr. Lewis Kiddle for land in virtue of improvements on Steam Plains Run, Yanko Block A, county of Townsend. The applications cannot be connected with any particular piece of land, inasmuch as the descriptions in all ten applications are precisely alike, being in fact word for word the same. Under these circumstances, the only course left for me to adopt was to identify them arbitrarily with portions measured by Mr. Scott, containing similar improvements to those in virtue of which land is sought to be purchased.

I have, &c.,

C. F. BOLTON, D.S.

No. 19.

Mr. A. Armstrong to The Secretary for Lands.

Sir,

Bridge-street, 24 October, 1877.

I have the honor to hand herewith seventeen (see previous numbers) applications for the purchase of portions offered at Hay on June 20th, and purchased by auction on that date, and which blocks afterwards became forfeited auction purchases, and available only as auction selections.

I have reason to believe that such applications are illegally refused, and to request that the matter will receive your early consideration with a view to their acceptance.

I have, &c.,

A. ARMSTRONG.

Minutes on above.

The balance of purchase money paid lately by L. M'Bean was placed in "Suspense" on 28th September, and taken from suspense account on 11th October, 1877.—P.F.R.

It has been the custom to allow overdue payments to be received if tendered within a reasonable time. In this particular case the money was posted by Mr. M'Bean, the purchaser, before the expiration of the period allowed for payment, and reached the land agent the day after, and at once sent on to the Treasury, where it was placed to suspense account on the 28th September.

This was eleven days before the applications to auction select the lands by Mr. Armstrong, acting for Mr. Lakeman, of Hay, and which the Crown Lands Agent declined, under the circumstances, to accept.

I submit that the overdue balance should be accepted, especially as had Mr. M'Bean any reason for anticipating its refusal he could himself have taken the lots up at the upset price, minus the deposit forfeited by him.—W.W.S., 28 Dec., 1877.

According to the facts stated by the Land Agent, it appears that Mr. M'Bean's letter, containing the balance of purchase money, was posted at Deniliquin on the 20th September, 1877, and received by him on the 21st September.

The payment of the balance should have been made within three months from the 20th of June, and as the letter was posted only on the 20th September, and received by the Land Agent on the 21st September, it was a day too late, which rendered the sale and contract void, and the deposit liable to forfeiture.

The law is that the sale and contract shall be void, and that the deposit shall be forfeited. The Supreme Court has decided that the law does not, *ipso facto*, void the sale and contract and forfeit the deposit, but that there must be action taken by the Government to declare a forfeiture and a voidance of the sale and contract.

In view of this decision of the Supreme Court, that until the Government declares its will the forfeiture does not arise, I think the proper course is to prepare a minute for the Executive Council, for the purpose of declaring the sale and contract void, and for the forfeiture of the deposit. When this action is confirmed by the Executive Council and approved by His Excellency, the land should simultaneously be withdrawn from after auction selection by the Minister under the last proviso of the 25th section of the Crown Lands Alienation Act of 1861, and again offered at auction if deemed advisable.

As to Mr. Armstrong's application to purchase the land (previously purchased by M'Bean) as after auction selections, I am of opinion that he could not legally purchase them, because at the time of his application the Government had not declared the sale and contract void, and the Government had not declared the deposit forfeited—therefore Armstrong has no claim whatever to the land in question, as it was not open to sale. I am aware that the mode of proceeding here proposed has not hitherto been the practice of the Department, but after having given the matter careful consideration, and having referred to the decisions of the Supreme Court, I am convinced that the course here proposed is the legal and correct one.—J.S.F., 22/1/78.

N.B.—As a rule, after voidance and forfeiture the land should be withdrawn from after auction selection.—J.S.F., 22/1/78. Prepare minute to make void and declare forfeiture of deposit.—J.S.F.

Mr. A. Armstrong to The Secretary for Lands.

Sir,

Land Agency Office, 26, Bridge-street, Sydney, December 13, 1877.

Referring to my letter of date (*) 4th October, 1877, I have the honor to request that the case may receive your early attention, and my claim to the lands referred to receive due consideration.

I have also to call your attention to the case of Vivers and Dyter, at Murrurundi, in which the department decided that the selection made by Dyter was good (*vide* auction purchases at Murrurundi, lots 207 and 208, September 27th, 1876), although balance of purchase money was tendered and refused, and the Messrs. Vivers informed that the land could only legally be secured by auction selection.

The two cases present I apprehend the same features, and if my claim is legally refused action should be taken to secure the Messrs. Vivers possession of the land allowed to Dyter without delay.

I have, &c.,

J. McElhone, Esq., M.P., to The Secretary for Lands.

Sir,

Sydney, 21 December, 1877.

I have the honor to call your attention to the fact that some time since Mr. M'Bean bought a large quantity of land, I believe some 7,200 acres, by auction, on which he paid the usual deposit of 5s. per acre, but failed to pay the balance of 15s. an acre within the time allowed by law, and by neglecting to do this the 5s. per acre, which he paid as a deposit, was forfeited, and also all claim to the land.

I enclose you Mr. Armstrong's* note, which says that it has been decided to allow him to take the land by paying the balance of 15s. an acre.

If this is the fact I submit to you that the decision * * * as the 25th or 26th section of the Act says the deposit shall be forfeited if the balance is not paid in three months.

I have the honor to request that you will cause immediate inquiries to be made in this case, and if the facts are as stated that you will cause M'Bean's deposit of 5s. an acre to be declared forfeited according to law, and the sale of the land also be declared void.

I am given to understand by Mr. Armstrong that he or a friend of his tendered payment for this same land, and was refused. I have the honor to request that you will also cause inquiry to be made into this statement if it is true. I submit to you that the person so tendering for this land is entitled to get it, and should do so,

I have, &c.,

JOHN McELHONE.

No. 22.

Mr. A. Armstrong to The Secretary for Lands.

Sir,

Lands Agency Office, 26, Bridge-street, Sydney, December 28, 1877.

I am desirous of drawing your direct attention to certain applications lodged by Allan Lakeman and myself for seventeen portions of land, which were in accordance with the 26th clause of the Crown Lands Act of 1831 forfeited auction purchases, having been purchased at auction by Lachlan M'Bean, and

and the balance money not paid in accordance with the terms under which the purchase was made; comparison of dates will, I believe, prove that at the time of my tendering the applications the money had not been credited to the land purchased, but whether this is proved or not I respectfully submit that my applications for the land are strictly within the terms of the Act, and cannot legally be refused.

Yours, &c.,
A. ARMSTRONG.

No. 23.

Messrs. Maiden, Hill, & Clark to The Secretary for Lands.

Sir,

Sydney, 3 January, 1878.

Referring to the case (now under the consideration of the Government) in which Mr. Lachlan M'Bean, a pastoral tenant of the Crown, claims the ownership of 7,000 and odd acres land, purchased by him at the auction sale held at Hay on the 20th June, 1877, in virtue of 5s. per acre paid by him as deposit at time of purchase, and also by the payment of the balance of purchase money paid by him, and received by the Land Agent at Hay, on the 21st September last, we have now the honor to request that the Government will confirm Mr. M'Bean in the possession of the said land.

As the matter now stands, other persons have claimed the land as auction selections, for the alleged reason that Mr. M'Bean did not make payment of the balance within the three months required by the Act, and which those persons claiming say expired on the 20th September; but we most respectfully contend that as the money was forwarded by Mr. M'Bean, through the medium of "Her Majesty's Mail," before the expiry of the latter date, and as it really reached the Land Agent on the 21st September, it had virtually passed into the hands of the Government and out of the control of Mr. M'Bean; and we also contend that as the three months to pay the balance really included the 21st September, the date on which the money reached the Government Land Agent, Mr. M'Bean has made no default, but has strictly complied both with the spirit and letter of the Act.

We trust, therefore, that the Government will consider the case in all its bearings—the fact of the payment by Mr. M'Bean of the large amount of deposit—about £1,800—his *bond fides* in forwarding the balance at the date he believed it was due, and the hardship that would accrue should the Government, by taking an extreme view, cause Mr. M'Bean to lose not only the 5s. per acre already paid, but the land also. Of the claim made by the other parties, we say nothing, as it seems to us too preposterous, even if Mr. M'Bean lost the land, that they should benefit by his misfortune. And, with these remarks, we leave the matter in the hands of the Government, knowing well that every justice will be accorded to Mr. M'Bean.

We have, &c.,

MAIDEN, HILL, & CLARK.

Before I can give a decision in this case I require Mr. M'Bean's letter enclosing the balance of purchase money to the Land Agent, and if the letter cannot be produced I shall require a declaration by the Land Agent, stating the day and date when he received Mr. M'Bean's letter containing the balance. When I receive this information I will then consider the case.—J.S.F., 7/1/78.

Adverting to your telegram* of the 9th instant, and to my reply† thereto of the same date, I now beg to enclose herewith copy of correspondence between myself and the Treasury, respecting the acceptance after date of certain balances due upon land purchased here by Mr. Lachlan M'Bean on the 20th June last, and I venture to express the hope that the action taken by me will merit your approval.

If necessary, I shall verify upon affidavit as to the date of the receipt of the money by me; but in view of the date-stamps of the Deniliquin and Hay Post Offices respectively, as shown upon the envelope of the letter from Mr. M'Bean, which accompanied my first communication to the Treasury, this perhaps will hardly be required.

The acceptance of the money was approved of by you under date the 11th October, as shown by the slip received by me from the Treasury; and I may add, that in answer to an inquiry made by me at the time of preparing the final report of the sale, that department informed me that the balances should be accounted for in such report as having been paid there.

[Enclosure A to No. 27.]

The Land Agent, Hay, to The Under Secretary for Finance and Trade.

Sir,

Land Office, Hay, 22 September, 1877.

I beg to enclose herewith a cheque drawn in favour of the Treasury by Mr. Lachlan M'Bean for the sum of £5,557 15s., in payment of balances and deed fees on seventeen lots of land purchased by him at the auction sale held here on the 20th June last.

I have not passed the amount through the books of this office for the reason that under regulation 60, chapter 3, of the Lands Act Amendment Act, I do not feel warranted in accepting payment of balance money which does not reach me within three months of the day of sale. Mr. M'Bean's letter hereto annexed is dated from Deniliquin the 18th September, but the envelope (herewith) shows the Deniliquin post-mark of the 20th; whilst the date-stamp of the Hay Post Office is the 21st *idem*, i.e., a day behind time.

* Extract alluded to not with papers.

I have further to state that yesterday Mr. M'Bean called my attention by telegraph to the cheque being £200 in excess of the amount due, and it will be seen by the attached extract* from the Auction Sale Book of this office that he is correct in this.

I have informed Mr. M'Bean that the cheque will be sent to the Treasury to be dealt with.

[Enclosure B to No. 27.]

The Land Agent, Hay, to The Under Secretary for Finance and Trade.

Sir,

Land Office, Hay, 1 October, 1877.

With reference to the receipt for £5,557 15s., which came to hand this morning from your department, in respect of payment for balances of land, held in suspense pending the decision of the Minister for Lands, I beg to call your attention to the portion of my letter of the 22nd ultimo, in which I state I have not passed the amount through the books of this office, and to add that the action I took in the matter was equivalent to a refusal to accept the money, and therefore that I remitted it to your department to be received or otherwise dealt with as might appear advisable.

I have not supplied Mr. M'Bean with the usual or any receipt, and I think it right to take this opportunity to explain the absence of an entry of the amount in the books here.

Referring to your letter of the 1st instant, respecting remittance of £5,557 15s. for land, I have the honor to inform you that the Chief Inspector of Accounts is of opinion that you made a mistake in accepting the money after the time prescribed by law; but since you did accept it, you must enter it in your books as a suspense item, and show the remittance to Sydney.

In acknowledging receipt of your letter, dated the 9th instant, with further reference to a remittance of £5,557 15s. from this office, on account of balances and deed fees due upon land by Mr. Lachlan M'Bean, I beg respectfully to correct a mistake under which the Chief Inspector of Accounts seems to be labouring, in respect to the acceptance by me of the above amount.

The money came to me by post, and, as stated in my letter of the 22nd ultimo, I did not feel warranted in accepting it, nor would I venture to return it to Mr. M'Bean; and, therefore, it appeared to me that it would be the wisest course to adopt for me to send the money to the Treasury, as if tendered there direct.

The accounts for the month of September have been closed, but if, after this explanation, it is still held to be necessary to enter the item in the books, I shall of course do so, as now instructed.

N. C. O'NEILL,

No. 29.

The Land Agent, Hay, to The Under Secretary for Lands.

Sir,

Land Office, Hay, 14 January, 1878.

Adverting to your communication of the 10th instant, with further reference to the payment of balances on land purchased here by Mr. Lachlan M'Bean on the 20th June, 1877, I have the honor to state that as far as my memory goes, the letter in which that gentleman enclosed the balances in question was written from Holloway's public-house, which I understand is situated about 11 miles outside Deniliquin on the way to Hay, and near the road leading to Moulamein, and that having been sent to Deniliquin, it left there on Thursday, the 20th September, and arrived here on the 21st (Friday), as shown by the post marks on the envelope, which I presume can be found amongst the records at the Treasury.

Immediately upon the receipt of Mr. M'Bean's telegram from Moulamein of the 21st, I sent a reply inquiring when the cheque was sent, but later in the day, whilst returning from lunch, it occurred to me that I had not made the usual morning inquiry at the Post Office, and upon going there I discovered the letter referred to. This however, does not alter the complexion of the case, for the cheque coming as it did on the 21st, was a day behind time, and I did not care to venture to accept it as payment.

The cheque being payable at the Treasury only, was sent on there direct in the usual way, and in view of its late arrival here I felt it necessary to explain the circumstances fully to the Treasury, at the same time sending Mr. M'Bean's letter and the envelope.

Of course I do not know the object of the department in making inquiries into this matter, nor is it my business to seek information on that score; but I do think it right, sir, to bring under your notice the fact that sometime back (in October I think) forms of application, which had been prepared and filled up in Sydney, were tendered to me here in respect of the several lots of land purchased by Mr. M'Bean, and that the same thing has been repeated since on account of land purchased by Mr. James Tyson.

I am here to do my duty as an honest man and a faithful servant of the Government, and I am satisfied in this I shall earn your approval.

I am, &c.,

N. C. O'NEILL,

Crown Lands Agent.

No. 30.

Mr. A. Armstrong to The Secretary for Lands.

Sir,

Land Agency Office, 26, Bridge-street, Sydney, 28 January, 1878.

Referring to your decision respecting the conflicting claims of myself and Allan Lakeman with that of the auction purchaser of the lots noted in the margin, I have the honor to enter the strongest protest against the same, and to request that legal aspect of the case may be again brought under your review with the object of the true conditions and meaning of the 25th and 26th clauses of the Crown Lands Act of 1861 being observed.

The 26th clause of that Act is clear in defining that if a balance of an auction purchase be not paid within three months from the date of purchase, that such sale and contract shall be void.

The terms of this clause of the Act are clear and decisive, no power whatever being left in the hands of the Minister or the Executive Council to authorize after payment of the balance.

The 25th clause is also clear and decisive to the effect that the Minister may withdraw lands which have passed auction or which have been purchased and forfeited, and specially provides for after auction selection in either case at the upset price or such higher price as they were sold at, *less in either case the deposit, if any, paid thereon.*

I respectfully submit that this portion of the clause is clearly explanatory, that such lot may be selected any time previous to the Minister exercising the power given him by the last proviso of the 25th clause, and withdrawing such lots from after auction selection. The lots in question had not been withdrawn from after auction selection; therefore I submit that the application of self and Allan Lakeman is in every respect a legal one, and the first legal one tendered for the land in question, and one that cannot be set aside.

Again, if it be the law that the Executive must declare a forfeiture before such lands are open to selection, it is clear that all applications tendered for forfeited auction blocks hitherto are illegal, and the Department of Lands have acted erroneously in accepting such applications; and as the total of them must amount to some thousands, I have to request before your minute be carried into effect to reconsider such minute, before the titles to some thousands of acres are placed in jeopardy.

In

Sale at Hay
June 20th.
Lots S to W
CC to NN.

In conclusion, I have the honor to draw your attention to Supplement to the Government Gazette, issued 19th March, 1872, where the Department of Lands advertised specially that a large number of lots in the county of Cumberland were open to auction selection, specifying in each case the price of the lot, which price was in each case the upset price at the last sale less all deposits paid.

See No. 20.

Again, in the case of Messrs. Vivers v. Dyter, referred to in my letter dated 13th December last, in which case the purchaser omitted to pay upon due date and in which the Land Agent clearly did his duty in informing the Messrs. Vivers that he could not accept their payment tendered late, but that such lots might be selected at the price less the forfeiture, and after consideration of all facts the Department held that the purchase by auction selection at such place was legal, and could not be upset.

Telegram from Under Secretary for Lands to Land Agent, Hay.

12 February, 1878.

WITHDRAW from selection lots S to W, and CC to NN, of sale 20 June, 1877.

No. 33.

Messrs. Slade & Smith to The Secretary for Lands.

Sir,

Bridge-street Chambers, Sydney, 7 March, 1878.

We have the honor to address you on behalf of Mr. Lachlan M'Bean, with reference to your refusal to carry out the sale to him from the Government of 7,121 acres of land bought at auction at Hay, on the 20th June, 1877, at the upset price of £1 per acre.

It appears from our instructions that the deposit of 5s. per acre was paid upon the land at the time of sale, and a receipt given for the same to our client.

A cheque on Sydney for the balance of the purchase money (and £200 in excess), dated 20th September, 1877, was on that day posted by our client, addressed to the Land Agent at Hay, but owing to the postal arrangements the letter was not actually received by the Land Agent until the morning of the 21st September.

At the time the cheque was dated and given, viz., the 20th September, our client had the money at the Oriental Bank Corporation in Sydney, one of the Treasury Banks available for the purpose of meeting the payment in question.

The cheque was, according to the usual practice of Land Agents, forwarded to Sydney, with a notification that it had been received at Hay on the 21st September, instead of on the 20th.

The officers of the Treasury, however, instead of refusing to accept the cheque, caused it to be paid into the Government account at the Bank of New South Wales, who thereupon presented the cheque for payment, cashed it, and received the money for it. No notification was sent to Mr. M'Bean that the Government declined to accept his cheque as money, or refused to recognize the contract. If the cheque had been immediately returned to our client, he might have either taken up the land with the same money, viz., at 15s. an acre, or bought other landed properties; but instead of this, the Treasury, as we contend, waived any laches, if any, that had occurred by accepting and treating the cheque as money, and afterwards cashing it, with a distinct knowledge of the cause of forfeiture.

If the matter had even stopped there, we would submit that the Government, having dealt with our client on the basis that his cheque of 20th September was money, were precluded from afterwards repudiating their own acts, but it appears that the amount in question was in the Treasury books carried to the credit of a suspense account, and the matter referred to the Lands Office for instructions.

Afterwards instructions were given by the Lands Department, through the proper officer in that behalf, to accept the payment, and to give the usual receipt for the balance of purchase money.

This

This action of your department was in accordance with the course adopted on many former occasions by the responsible Ministers of the day, and was, we submit, the only one which could have been legally taken, having regard to the fact that the balance of purchase money had then been received by the Treasury, and the cheque given to represent it cashed and used.

Acting upon the instructions of your department, the Treasury transferred the balance from the Suspense Account to the credit of the Consolidated Land Revenue Account, and gave Mr. M'Bean a balance receipt for the same, and as Mr. M'Bean's cheque was for too much by £200, the Treasury paid that balance into his credit at the Oriental Bank without deducting any portion of it by way of penalty or fine, or in lieu of interest.

We contend, on behalf of our client, that under these circumstances the then Government, even if there ever was a cause of forfeiture, waived it by accepting the cheque as money, and that it is not now open to the Crown or its present advisers to repudiate the contract which was thereby created, and which entitled our client to receive grants of the land in question.

We have submitted the matter to eminent counsel, and are fortified by their opinions, as well as by the decision of the Privy Council in the recent case of *Davenport v. the Queen*, in claiming that the contract of purchase in this case between our client and the Crown was not "void," but merely "voidable at the option of the Crown," and that this option has been concluded by the acceptance of the cheque as money, and the granting of the receipt referred to.

We venture to hope that we shall not appeal in vain to the high sense of public honor which has at all times distinguished the responsible advisers of Her Majesty in this Colony, in asking you to take this matter again into your early and earnest consideration, and that you will not expose our client to the expense and delay of an appeal to the Law Courts of the Colony in order to obtain the due performance of the contract now subsisting between himself and the Crown with respect to the sale of these lands.

In the event, however, of your refusing to vary the determination at which you have arrived, we would respectfully request that no steps be taken to complicate the title to the land until we have had the opportunity of vindicating our client's claims in the Law Courts.

We have, &c.,
SLADE & SMITH.

Minutes on above.

This letter should, perhaps, be submitted with the papers in connection with the case, for the consideration of the Minister for Lands.—P.F.R., 26/3/78.

The attention of the Hon. the Minister is invited to the minute* (undated) herewith, to the effect that the balance of purchase money in this case was paid into suspense account on the 28th September last, and passed to revenue on the 11th October following, under the authority of the Under Secretary for Lands.—P.F.R., 29/3/78. * See minute to No. 19.

As the Minister declines to re-open this case, Messrs. Slade & Smith may be informed to that effect.—P.F.R., 20/5/78.

No. 34.

The Under Secretary for Lands to Mr. L. M'Bean.

Sir,

Department of Lands, Sydney, 13 March, 1878.

In reference to your purchase of Crown lands at Hay on the 20th June, 1877, of lots S to W and CC to NN inclusive, in the parish of Caroonboon, county of Wakool, I am directed to inform you that, in accordance with the 26th section of the Crown Lands Alienation Act of 1861, the sale and contract of the lands referred to has been declared void, and the deposit money on the same forfeited—the balance not having been paid within the time prescribed by law.

2. I am to add that the Colonial Treasurer has been advised to refund the sum of £5,557 15s., the amount paid by you in September last, in connection with the sale in question.

I have, &c.,
W. C. EDWARDS,

Sir,

Department of Lands, Sydney, 13 March, 1878.

In reference to the sum of £5,557 15s., tendered by Mr. Lachlan M'Bean as balance of purchase money on lots S to W and CC to NN of the sale of Crown lands held at Hay on the 20th June, 1877, and credited to suspense account on the 28th September last, I am directed to inform you that, as the sale and contract of the lands referred to has been declared void and the deposit money thereon forfeited, a refund of the sum in question may now be made to that gentleman.

Gentlemen,

Department of Lands, Sydney, 21 May, 1878.

In reference to your letter of the 7th March last, respecting the case of Mr. Lachlan M'Bean, the purchaser of lots S to W and CC to NN at the sale of Crown lands held at Hay on the 20th June, 1877, I am directed to inform you that the Honorable the Minister for Lands having given a decision in the matter, declines to re-open the case.

No. 37.

Mr. W. Clark to The Secretary for Lands.

Sir,

171, Pitt-street, Sydney, 15 July, 1878.

Referring to the interview you were good enough to accord to me on the subject of the forfeiture of land purchased at auction by Mr. M'Bean, and also of the deposit which he paid thereon, I have now the honor to place the matter again before you, and on his behalf to ask that you will give the whole circumstances of the case your kind consideration, and on your doing so I respectfully trust you will decide to cause the forfeiture of the deposit money to be reversed, and allow it to be repaid to Mr. M'Bean.

The facts of the case are already so well known to you that I need not recapitulate them here; I shall simply confine myself to asking you to consider the following points:—

1st. The largeness of the transaction and the heavy loss that would accrue to an old pastoral tenant of the Crown by the enforcement of the forfeiture of the deposit.

2ndly. The *bonâ fides* of Mr. M'Bean in making the payment of the balance, and the fact that he actually posted the money at Deniliquin the very day that it was due at Hay—it thus arriving *only one day* behind time, thus showing an evident desire on his part to complete the contract.

Lastly,—And I most respectfully submit, a most important feature in the case, the fact that had the Land Agent at Hay returned the cheque, as having been received too late, no time would have been lost and it would then have been in Mr. M'Bean's power to have protected himself either by at once appealing to the Minister to receive the balance or he could himself have taken the benefit of that clause in the Act which allows a third party to come in and pay the balance, taking the advantage of the original purchase deposit. Neither of those courses was open to Mr. M'Bean, who seeing his bank account charged with the cheque for the balance, naturally imagined that the Government had accepted his money and that his purchase was perfect.

In using this argument, I do not for a moment wish to justify Mr. M'Bean in his neglect to send the money to Hay within the proper time. His misfortune is only attributable to himself, but considering the relative position of the Crown and "a subject," it is a point, I submit, for your favourable consideration.

Neither would I ask for this refund were the Crown to be a loser. But the reverse is the case, as the land has again become the property of the Government and will be resold at the now higher value. The Government will thus be actually a gainer by Mr. M'Bean's loss of the land.

In conclusion, I ask the Government to restore to Mr. M'Bean the full amount he has paid for deposit and for the balance of the money, and if, after your careful consideration of the whole case, you see fit to do it, your decision will be gratefully acknowledged as an act of grace and clemency.

I have, &c.

WILLIAM CLARK.

The refunding of the deposit in this case means the reversal of the voidance of sale and reversal of forfeiture. If that were done the claim of Armstrong and Lakeman would be revived probably. As there is a conflicting claim involved I cannot disturb my previous decision.—J.S.F., 22/7/78.

The land should be again offered at auction at the upset price of £1 5s. per acre.—J.S.F., 22/7/78:

The Sub-Manager, Oriental Bank, to The Colonial Treasurer.

Sir,

Oriental Bank Corporation, Sydney, 6 September, 1878.

I have the honor, at the instance of Mr. Lachlan M'Bean, of Woorooma, to request payment of the sum of £166 14s. 9d., interest on the principal sum of £5,557 15s., refund of land purchases from the 1st October, 1877, to the 30th April, 1878, at the rate of 6 per centum per annum.

I beg to enclose Mr. M'Bean's authority to receive the money.

The previous papers above quoted will surely show the ground of the somewhat unusual claim preferred in this letter which is not at present apparent. Either this information should be given hereon, or the previous papers should be submitted.—W.W.S., 27th December, 1878.

On the 20th June, 1877, Lachlan M'Bean purchased at Hay at auction certain Crown lands, the sale of which was declared void, and the deposit forfeited by Executive minute for non-payment of balance within the time prescribed by the 26th section of the Crown Lands Alienation Act of 1861. The balance (£5,557 15s.) was, however, placed in suspense account at Treasury on the 28th September, 1877, but was ordered to be refunded on the 13th March, 1878, by letters to Mr. M'Bean and to the Treasury. This is an application for interest on the balance, £5,557 15s., during the time it was in suspense account.—P.F.R., 28/12/78.

Mr. A. Armstrong to The Surveyor General.

Sir,

Land Agency Office, 26, Bridge-street, 29 November, 1878.

I have the honor to hand herewith a printed copy of a petition which has been presented to Parliament, having reference to the lands shown on the plan noted in the margin, and to request that the fact of the claim therein described may be noted on such plan, pending further inquiry with reference to the claim of myself and Allan Lakeman.

1878.

Legislative Assembly, New South Wales.

Messrs. Lakeman and Armstrong.—(Petition of.)

(Ordered by the Legislative Assembly to be printed, 29 October, 1878.)

To the Honorable the Speaker and Members of the Legislative Assembly of New South Wales, in Parliament assembled.

The Petition of Allen Lakeman, of Hay, and Andrew Armstrong, of 26, Bridge-street, Sydney,—
Humbly Showeth:—

That on June 20th, in the year 1878, seven thousand one hundred and twenty-one acres, in the parish of Windowan, county Wakool, were offered at auction as lots S to W, and CC to NN, and sold to one Lachlan McBean at £1 per acre.

That the said Lachlan McBean paid deposit of 25 per cent. thereon, and that balance of purchase money was not paid upon its proper date.

That previous to its being paid, and while such lots were still available for purchase under the 25th clause of the Crown Lands Act of 1861, your Petitioners tendered applications with the sum of fifteen shillings per acre, being the price of such land in accordance with the terms of the said 25th clause (as well as with previous departmental precedents), together with deed fees at £1 each.

That the right of your Petitioners to purchase the land under the circumstances has been denied, and their applications after consideration have been refused by the Department of Lands.

That such lands were not withdrawn from operation of the 25th clause until after your Petitioners were informed that such lands were not open to auction selection at the date of their application.

That your Petitioners through such action of the Lands Department suffer a loss which they estimate at nine thousand pounds, in the belief that their applications have been legally and properly tendered.

Your Petitioners therefore humbly pray that your Honorable House will take this case into your earnest consideration, and in its justice decide that their title to such land stand, or that they shall be compensated for the loss sustained in the cancellation of such purchase.

And your Petitioners, as in duty bound, will ever pray, &c., &c.

ALLEN LAKEMAN.
A. ARMSTRONG.

No. 41.

Mr. A. Armstrong to The Under Secretary for Lands.

Sir,

Land Agency Office, 26, Bridge-street, Sydney, 10 December, 1878.

I have the honor to direct your attention to the various cases noted in the margin, which have been decided in a manner diametrically opposed to the departmental action for the past thirty years, sufficiently long to establish by custom, even if the meaning of the Act were doubtful, the fact that unless a balance of purchase money be paid within three months from date of purchase that such purchase is void and the lot open to selection after auction at sold price, less deposit; and, as no precedent can be found for the course adopted with reference to the lots now referred to, to request that the question of the legality of the applications for such lots by auction selection may be referred to the Crown Law officers.

I have, &c.,

ANDREW ARMSTRONG.

Minutes on No. 41.

The cases referred to in this letter by Mr. Armstrong are cases where certain parties purchased Crown lands at auction on the dates mentioned, but failed to comply with the 26th section of the Crown Lands Alienation Act of 1861, by paying the balance of purchase money within the required time.

Applications were then tendered to select after auction (25th section) the lands referred to, but Mr. Secretary Farnell declined to accept them on the ground that the lands were not open to auction selection, as the Crown had not declared its will—*i.e.*, declared the auction sale void—and the deposit forfeited for non-compliance with the provisions of the 26th section.—R.H.D., 30/12/78.

The grounds upon which the late Secretary for Lands gave his decision are fully stated in his minute* of the 22nd January, 1878. In accordance with that decision the lands are now under advertisement for auction sale.—W.W.S., 14/1/79.

No. 42.

Mr. W. Clark to The Under Secretary for Lands.

Sir,

171, Pitt-street, Sydney, 31 December, 1878.

I have the honor to direct your attention to a sale of certain lands, viz., lots A to Q—7,121 acres—advertised in Gazette No. 393; sale to take place at Hay, 17th January, 1879.

These lots of land were originally purchased by Mr. Lachlan M'Bean at auction, at a land sale held at Hay, 20th June, 1877; and on the area so purchased, 7,121 acres, he paid a deposit of 5s. per acre.

The balance, amounting to over £5,000, was therefore due at Hay on the 20th September, 1877; but on that day Mr. M'Bean posted the money at Deniliquin, and it therefore reached, *through the Post Office*, the Land Agent at Hay on the morning of the 21st September.

This was held to be *one day too late*, and for this reason the Government of the day decided to forfeit Mr. M'Bean's deposit, and cancel the sale to him. Now the land is again advertised for sale at a higher rate.

Notwithstanding the decision arrived at by the Government, there are numerous cases on record where money overdue has since been accepted on auction sales, not *one day* but weeks late.

I contend then that the action of the Government was of an extraordinary character, and that Mr. M'Bean, a subject of the Crown, has not been treated as others have, but that he has been treated with a severity unexampled in the history of Responsible Government in the Colony.

I therefore respectfully ask that the papers be laid before the Hon. the Minister for Lands, in order that the whole case may be thoroughly investigated and reconsidered; and should the Minister decide to go into the case, I also venture to hope that he will accord to me the honor of a personal interview.

I have, &c.,

WILLIAM CLARK.

Minutes on above.

The facts of this case are as asserted in Mr. Clark's letter. The balance of purchase money was received one day after the prescribed time, and the usual credit slip was given for receipt of the money at the Treasury.

The late Secretary decided, however, afterwards to void the sale and forfeit the deposit, and to send the land on again at 25s. per acre. This course is no doubt against the practice of the department for years previously. The Minister's reasons for it are stated in his minute* of the 22nd January, 1878, upon paper enclosed.

Mr. Clark now renews his protest against the course taken, and requests that the matter may be re-investigated and considered. With this view he urges that the land may be withdrawn from sale for the present, his client having, he considers, been treated with a severity never before shown to any one else under similar circumstances.—W.W.S., 11/1/79.

This land must be withdrawn from sale on the 17th instant, and I will afterwards bring the matter before the Cabinet.—J.H., 15/1/79. *Very urgent.* Withdraw at once in accordance with the Minister's memo.—P.F.R., 15/1/79. Withdrawn by telegram.—15/1/79. Papers returned to the Minister for Lands in accordance with his memo. of the 15th instant.—W.W.S., 28/1/79.

No. 43.

Mr. A. Armstrong to The Secretary for Lands.

Sir,

Land Agency Office, 26, Bridge-street, Sydney, 22 January, 1879.

Referring to my letters* of dates December 13th, 1877, December 17th, 1877, and December 18th, 1877, respecting the auction lots noted in the margin, I have the honor to point out that the papers do not show any precedents that since the very earliest initiation of the auction system in the Colony, the departmental practice has been to admit of purchase by auction selection of all forfeited country lots at the price of the balance of purchase money with deed fee.

This practice has continued unaltered since the passing of the Act of 1861, and has been in use long enough to have contracted the rights of usage. Several instances of land offered for sale from 1843 to 1859, upon which deposits were forfeited, being specially advertised for sale by auction selection by Government Gazette of date 19th March, 1872, many of which were not selected until the following 1877 and 1878, the purchases of which were ratified by the department, and in one case I hold the deeds of the land sold.

In no case has it been the custom of the department to submit such forfeitures for the consideration of the Executive Council, the wording of the Act of 1861, 26th clause, being clear that if the balance be not duly paid the auction purchase is void.

I therefore respectfully submit that any claims arising under the 25th clause (such voidance being in effect absolute) are entitled to the fullest consideration under both the strict reading of the 25th clause of the Act of 1861 and custom, fully established by precedent.

I have, &c.,

A. ARMSTRONG.

Précis of the Case.

Sale at Hay, 20th June, 1877. Lots S to W, CC to NN.

LACHLAN M'Bean purchased the above-mentioned lots at Hay on 20th June, 1877, and paid the deposit of 5s. per acre, the balance being due within three months from date of sale. On 20th September, 1877, as shown by the enclosed papers, Mr. M'Bean, at Deniliquin, posted to the Land Agent at Hay a cheque for the balance of purchase money, which was received by the Land Agent, Hay, next day, 21st September, 1877.

The Land Agent considered that as the payment was overdue (one day) he ought not to accept the amount, and he forwarded the cheque to the Treasury, where the amount was placed in suspense account on 28/9/77, and subsequently (on 11/10/77) credited.

On 9th October, 1877, at Hay, Andrew Armstrong and Allen Lakeman made application for these lots as after auction selections, and tendered purchase money, less the 5s. per acre deposit, which M'Bean had paid. The Land Agent refused their applications, as the land had been purchased by Mr. M'Bean, and endorsed their applications to that effect.

Mr. Armstrong then wrote to the Minister for Lands on 24/10/77, enclosing the refused applications, and stating that he had reason to believe that such applications were illegally refused, and requesting that the matter might receive his early consideration with a view to their acceptance. On 22nd September, 1877, Mr. M'Bean had written to the Treasury, calling attention to the fact that the cheque he had forwarded for the balance of the purchase money was £200 in excess. The Treasury found this to be correct, and after the amount had been credited as before stated (on 11/10/77) they sent M'Bean a refund order for £200. (A copy of this letter*, with the action noted thereon, was registered in this office on 23/11/78.) See No. 1.

On 13/12/77, Mr. Armstrong (for himself and Lakeman) again wrote to the Minister for Lands urging their claim, and quoting a case which they state is one the same as the one under consideration, in which the auction selection was allowed to stand.

On 21/12/77, Mr. McElbone, M.P., wrote to the Minister for Lands, enclosing a letter from Mr. Armstrong, urging that M'Bean's deposit should be considered forfeited, and Armstrong and Lakeman's auction selections be allowed.

On 3rd January, 1878, Maiden, Hill, and Clark wrote to the Minister for Mr. M'Bean, representing that as Mr. M'Bean had posted the cheque on 20th September that the money had then gone from his control, and was forwarded through the medium of "Her Majesty's Mails," and that Mr. M'Bean had made no default, as they contend that the 21st September was really included in the "three months," and with reference to Armstrong and Lakeman's claim they say it seems too preposterous, even if Mr. M'Bean lost the land, that they should benefit by his misfortune. On this letter being submitted to the Minister (Mr. Farnell), he wrote:—"Before I can give a decision in this case I require M'Bean's letter enclosing the balance of purchase money to the Land Agent, and if the letter cannot be produced I shall require a declaration by the Land Agent, stating the day and date when he received M'Bean's letter containing the balance. When I receive this information I will then consider the case.—J.S.F., 7/1/78."

The Land Agent was accordingly written to, and he replied that he sent M'Bean's letter, envelope, and cheque to the Treasury, the cheque being made payable to the Treasury; and, also, as he "did not care to venture to accept the cheque as payment," because it was overdue.

The Land Agent has also forwarded copies of correspondence, &c., showing that the dates already mentioned here are correct.

The letter from Mr. M'Bean and the envelope are not with the papers—are probably in Treasury Department still.

The case was then decided by Mr. Farnell (on 22/1/78), the deposit paid by M'Bean was ordered to be considered as forfeited, and the application of Armstrong and Lakeman for the land by after auction selections was refused (*vide* Mr. Farnell's memo. of 22/1/78, and the Under Secretary's memo. of 28/12/77). This decision was approved by the Executive Council on 11/2/78. Mr. Armstrong, on 28/1/78, wrote to the Minister for Lands, protesting strongly against the decision, urging that the law shows that his and Lakeman's claim to be allowed to select the land, less the 5s. per acre forfeited deposit, &c., quoting cases in support. (See his letter, 28th January /78.)

On 7/3/78, Messrs. Slade and Smith wrote in on behalf of Mr. Lachlan M'Bean, requesting that his claim might be allowed, and stating that if it were not the case would be taken to the Law Courts.

On 20/3/78, a memo. was written by Mr. Richardson, of the Auction Branch, saying "As the Minister declines to re-open this case, Messrs. Slade and Smith may be informed to that effect,"—which was done.

On 15 July, 1878, Mr. William Clark wrote, on behalf of M'Bean, asking for the reversal of the decision, and also asking that, if the decision is to stand, the forfeited deposit may, at least, be refunded.

Mr. Farnell, on 22/7/78, declined to accede to this request, and ordered that the land should be put up again at £1 5s. per acre—upset price. The land was consequently advertised to be sold on 17/1/79.

Mr. Clark having again written in on 31/12/78, requesting that the matter may be investigated by the Minister for Lands and re-considered, and should the Minister decide to go into the case he desires a personal interview,—the sale has been stopped, and the land withdrawn from sale, as ordered by the Minister on 15/1/79, and the minute also says, "I will afterwards bring the matter before the Cabinet."

MR. STONO has made a full and careful *précis** of this case, but I wish to have a case prepared for the *See No. 4. opinion of the Attorney General.

Messrs. Slade & Smith, solicitors for Mr. Lachlan M'Bean, in their letter to the Secretary for Lands, dated March 7th, 1878, contend, on behalf of their client, that as the Treasury Department received Mr. M'Bean's cheque in payment of the balance of purchase money, which, in point of fact, was £200 in excess of the proper amount; and that the Treasury paid the said cheque into the Bank of New South Wales, which Bank subsequently obtained the cash for the same from the Oriental Bank; that the contract of the sale of this land to Mr. M'Bean was completed by their doing so. The cheque of Mr. M'Bean was originally received by the Treasury into suspense account, but subsequently that department was instructed by the Secretary for Lands to accept payment, and to give the usual receipt for the balance of purchase money, which instruction was carried out, and the £200 paid in excess was returned to Mr. M'Bean.

Messrs. Slade & Smith contend, as they state, on the advice of eminent counsel, that, from the fact of the Crown having received Mr. M'Bean's cheque, they have waived any cause of forfeiture (if any existed),

existed), and they allege that it is not now open to the Crown to repudiate the contract they have entered into with Mr. M'Bean.

The point upon which I require the opinion of the Attorney General, for the information of the Cabinet, is whether the posting of a cheque by Mr. M'Bean on September 20th, 1877, at Deniliquin, the day when payment of the balance was due, although not received at the Land Office, Hay, where the land was sold, until the 21st, can be considered as a legal payment, seeing that the purchaser had posted or paid the cheque on the day required to complete the three months; and secondly, whether the fact of the Treasury having received cash for the said cheque, and having paid the same to the credit of the Government in the Bank of New South Wales, and further given Mr. M'Bean the usual receipt for the same by direction of the Secretary for Lands, can be held to have completed a legal contract to sell the said land to Mr. M'Bean. J.H.

Minute on above.

Forwarded to Crown Solicitor, as directed by Secretary for Lands.—W.W.S., 10 Feb., /79.

No. 46.

The Crown Solicitor to The Under Secretary for Lands.

Sir,

Crown Solicitor's Office, Sydney, 1 April, 1879.

I do myself the honor to return the papers relating to the conflicting claims of Messrs. M'Bean and Armstrong and Lakeman to be recognized as the purchasers of certain lands sold at Hay, and to state that I have submitted the same to Mr. Attorney-General Windeyer, who has advised thereon as follows:—

"I am of opinion that the Government are bound to carry out their contract with Mr. M'Bean. Without going into the nice question raised by the posting of the money on the 20th at Deniliquin, and suggested in the minute of the Secretary for Lands, it is quite clear to me that the Government, by accepting the money, paying it into their account, and sending a receipt for the balance of the purchase money, together with the surplus money paid in excess of the amount required, waived their strict rights as to the time of payment, and that the case comes within that of *Davenport v. the Queen*. L.R. appeal cases, 115."

I have, &c.,

JOHN WILLIAMS,
Crown Solicitor.

Minutes on above.

This decision, or rather opinion, has an important bearing not only on this but on other cases of a similar kind in which sales have been cancelled under the like circumstances. I believe there are two or three others, perhaps more. Submitted as to whether the grants be now issued to Mr. M'Bean as advised by the Attorney General.—W.W.S., 4 April, /79. Yes.—J.H., 5/4/79.

Inquire whether the amount lodged in the Treasury in payment of the balance of purchase money in respect of the land herein referred to is still in the Treasury.—C.O., 8/4/79.

On personal inquiry at the Treasury I am informed by Mr. Cronin that the balance of purchase money, £5,557 15s., was paid into the Oriental Bank on the 6th September, 1878.—R.H.D., 15/4/79.

Submitted. The balance of purchase money should be first called for.—C.O., 15/4/79.

The money has been repaid into the Treasury. Executive minute may go on to save delay; of course the voidance can only be carried out subject to the above.—W.W.S., 18 April, /79.

No. 47.

Minute for the Executive Council.

*Subject:—*Revocation of voidance of the purchase of certain land by Lachlan M'Bean.

Department of Lands, Sydney, 18 April, 1879.

For the reason stated in the within opinion of the Honorable the Attorney General it is recommended to His Excellency the Lieutenant-Governor and the Executive Council that the voidance of the purchase by Lachlan M'Bean of lots S, T, U, V, W, CC, DD, EE, FF, GG, HH, II, JJ, KK, LL, MM, and NN of the sale by auction, at Hay, on the 20th June, 1877, be cancelled, and that Mr. M'Bean be allowed to complete the purchase. JAMES HOSKINS.

Minutes on above.

The Executive Council advise, under the opinion of the Attorney General, that the voidance of the sale to Mr. Lachlan M'Bean of the several portions of land herein specified be cancelled, and the necessary steps taken to complete the purchase of the same.—ALEX. C. BUDGE, Clerk of the Council. Minute 79/23, 21/4/79. Confirmed, 29/4/79. Approved.—A.S., 21/4/79.

Mr. Delow—for notation in books, &c. Inform Mr. Lachlan M'Bean by his agents, after which papers may be sent in for deed.—J.G.B., 1/5/79. Treasury authorized to receive the money to revenue from suspense account on 6/5/79. Deed prepared, 15/5/79.

No. 48.

The Under Secretary for Lands to Messrs. Maiden, Hill, & Clark.

Gentlemen,

Department of Lands, Sydney, 8 May, 1879.

Sale at Hay, 20th
June, 1877.
Lots S, T, U, V,
W, CC, DD, EE,
FF, GG, HH, II,
JJ, KK, LL, MM,
NN.

I am directed to inform you, with reference to your letter of the 31st December, 1878, protesting against the cancellation of the purchase at auction by Mr. Lachlan M'Bean of the portions of land noted in the margin, that the said cancellation has been revoked, and that the necessary steps will be taken for the issue of the deeds of grant for the portions of land in question to your client.

I have, &c.,

W. W. STEPHEN.

LEGISLATIVE ASSEMBLY.

NEW SOUTH WALES.

CROWN LANDS.

(AUCTION PURCHASES SINCE 1861.)

Ordered by the Legislative Assembly to be printed, 3 December, 1879.

RETURN to an *Order* made by the Honorable the Legislative Assembly of New South Wales, dated 30th January, 1878, That there be laid upon the Table of this House,—

“ A Return of all Auction Purchases since the passing of the Lands Act
 “ of 1861, upon which the balance of purchase money was not paid upon
 “ their due dates, specifying in each case the dates upon which late pay-
 “ ments were received, and the name of the Minister or other person
 “ authorizing such receipt, and the names of the purchasers; also of all
 “ such lands which were selected after auction, with the names of the
 “ selectors, dates of selection, and price paid by auction selectors; also,
 “ of lots not yet selected, upon which deposits were paid, and upon which
 “ balances are overdue.”

(*Mr. Barbour.*)

CROWN LANDS.

No. 1.

RETURN, as supplied by the various Crown Lands Agents, called for by Mr. Barbour, showing the number of Auction Purchases since the passing of the Land Act of 1861, upon which the balance of purchase money was not paid upon the due dates,—specifying in each case the dates upon which late payments were received, and the name of the Minister or other person authorizing the receipt of such payment, and the names of the purchasers.

No. 1.

The Inspector, Bank of N. S. Wales, to The Secretary, Council of Education.

Dear Sir,

Bank of New South Wales, Sydney, 21 May, 1877.
I am informed that the Council of Education has decided to dispose of certain land in the township of Moruya, situated in the main street. As the allotment in question would suit our purpose for a branch Bank, I should be glad to know if the Council will accept a private offer, say of £500, for the allotment in question.

I am, &c.,

T. S. GREEN,
Inspector.

No. 2.

The Secretary, Council of Education, to W. S. Caswell, Esq.

Sir,

Council of Education Office, Sydney, 25 May, 1877:
I am directed by the Council of Education to acquaint you that a communication has been received from Mr. W. S. Green, offering, on behalf of the Bank of New South Wales, to purchase the Council's land at Moruya, consisting of lot 10 of section 11, for the sum of £500.

2. The Council would be glad to be furnished with a report from the Local School Committee as to the eligibility or otherwise of this offer.

I have, &c.,

GEORGE MILLER,
(For Secretary).

No. 3.

Memorandum from The Secretary, Council of Education, to The Inspector of Schools, Braidwood District.

(No. 77/7,927.)

Moruya.—Offer to purchase Council's land, lot 10 of section 11.

Council of Education Office, Sydney, 25 May, 1877.

An offer has been received from the Bank of New South Wales to purchase the Council's land at the above place for the sum of £500.

Will you be good enough to report as to the eligibility or otherwise of the offer.

GEORGE MILLER,
(For Secretary.)

No. 4.

Memorandum from The Inspector of Schools, Braidwood District, to The Secretary, Council of Education.

Moruya.—Your memo. No. 77/7,927 as to purchase of land at.

Braidwood, 31 May, 1877.

I CONSIDER the amount of £500 full value for the Council's land at Moruya, but, as more than one party may have contemplated bidding for it, should it be offered for sale I think it would prevent local unpleasantness if the site were sold by auction, and not privately. In this case a reserve of £500 could be placed on it.

J. C. MAYNARD,
Inspector, Braidwood District.

No. 5.

Mr. W. S. Caswell to The Secretary, Council of Education.

Sir,

Moruya, 5 June, 1877.

In reply to your letter of the 25th May last, I do myself the honor to enclose herewith the report and opinion of the Moruya Public School Committee on the subject of the sale of lot 10, sec. 11, town of Moruya.

I have, &c.,

W. STEWART CASWELL.

[Enclosure.]

In the matter of an offer to the Council of Education by Mr. Green, on behalf of the Bank of New South Wales, of £500, for allotment No. 10 of section 11, in the town of Moruya, county of Dampier.

The Public School Committee at Moruya having, by request of the Council of Education, considered the above proposition, unanimously resolve,—

That they are of opinion that a private individual might not accept the sum of £500 offered, but while the Committee are not prepared to assert that the allotment would fetch that sum at auction they advise that no lower amount should be accepted.

Taking into consideration the highly advantageous position of the land, and the uncertainty of an auction sale, the Committee recommend that the Council of Education should negotiate with the Bank, and offer to alienate for the sum of six hundred pounds (£600), a price which, while it will place the transaction beyond cavil, will also avoid the risk of a bad sale through bidders being deterred by so powerful an opponent as the Bank.

SALE OF GOVERNMENT LAND, MORUYA.

No. 1.

Memorandum by Mr. Superintendent Markham.

Cooma, 20 March, 1863.

Enclosed.

TRACING of the township of Moruya, showing the site selected by the Inspector General of Police for police buildings, &c., and which is likely to be sold if steps are not taken to prevent it.
Forwarded for the information of the Inspector General of Police, Sydney.

GEORGE MARKHAM,
Superintendent of Police.

Minute on No. 1.

Forwarded to the Surveyor General. The allotment required for a police station is part of that coloured red on the plan herewith. A narrow roadway, say 15 feet, should be laid out through it for the convenience of the Roman Catholics, who have the adjoining allotment.—JOHN M'LERIE, Inspector General of Police, 23/3/63.

No. 2.

Memorandum by Mr. Chief Draftsman Adam.

THE area edged red embraces an allotment of $\frac{1}{2}$ an acre, sold to Archbishop Polding and P. Birch. The remainder containing 1 acre is reserved for court-house; the Bench should be asked whether allotment 10, containing $\frac{1}{2}$ an acre of the reserve for court-house, could be spared for the police, and Captain M'LERIE informed that if the answer is favourable it will be recommended to the Secretary for Lands.

No. 3.

The Acting Surveyor General to The Bench of Magistrates, Moruya.

Gentlemen,

Surveyor General's Office, Sydney, 29 March, 1863.

The Inspector General of Police having made application for a portion of the reserve for a court-house in the town of Moruya, for a site for the police barracks in that town, I have the honor to request that you will be good enough to inform me whether allotment 10, containing $\frac{1}{2}$ an acre, as shown on the accompanying tracing of that reserve, could be spared for the purpose?

* See minute on No. 1.

Referring to your * blank cover of the 23rd instant, applying for a portion of the court-house reserve for a site for the police barracks in the town of Moruya, I have the honor to inform you that the Bench of Magistrates have been written to for their opinion as to whether allotment 10, containing half-an-acre of that reserve, could be spared for the purpose, and that, should their report be favourable, it will be recommended to the Secretary for Lands that the site applied for may be authorized.

Acting Surveyor General.

Sir,

Police Office, Moruya, 23 April, 1863.

* See No. 3.

In acknowledging the receipt of your *letter of the 29th ultimo, and in reply thereto we do ourselves the honor to state that we cannot consent to the appropriation of a portion of the land reserved for the court-house as a site for the police barracks.

We take the liberty of suggesting that a site should be selected on the reserve to the west of the Church of England and Wesleyan churches, a portion of which has been lately surveyed by Mr. Licensed-Surveyor Evans, but which ought not in our opinion to be alienated from its original purpose, unless a small lot in the way we now recommend.

We have, &c.,

The Inspector General of Police should be informed accordingly.

Mr. F.—Has Mr. Evans measured as stated? The instructions were, I think, for another reserve fronting the river, viz., section 4.—J.S.A., 12 May, 1863. No surveys have yet been received from Licensed-Surveyor Evans—8 June, 1863. The Inspector General should be informed as above.—J.S.A., 8 June, 1863. (The above minutes written in pencil.)

Sir,

Department of Lands, 15 June, 1863.

Referring to my *letter of the 29th March, on the subject of a site for police barracks at Moruya, I have now the honor to inform you that I have received a letter, from which it appears that the Bench of Magistrates do not consider it desirable that any portion of the land reserved for court-house, &c., should be appropriated to the purpose in question. * See No. 4.

2. The Bench have, however, suggested that a site should be selected from the reserve to the west of the Church of England and Wesleyan churches.

I have, &c.,

W. R. DAVIDSON,
Acting Surveyor General.

No. 7.

The Inspector General of Police to The Surveyor General.

Sir,

Police Department, Inspector General's Office, Sydney, 18 June, 1863.

I am in receipt of your letter* of the 15th instant, informing me that the Bench of Magistrates at Moruya have written to you objecting to any portion of the land reserved for court-house, &c., being appropriated for police barracks, and that they have suggested another site as more suitable. * See No. 6.

I have the honor to state that this is a matter not within the province of the Bench of Magistrates to decide. If there be sufficient space, the reserve for the court-house, &c., should also be appropriated for the lock-up and other police buildings.

The other site proposed is unsuitable for the purpose.

I have, &c.,

JNO. M'LERIE,
Inspector General of Police.

No. 8.

Memo. from The Acting Surveyor General to The Under Secretary for Lands.

THE enclosed* correspondence is the result of an application made by the Inspector General of Police for the appropriation, for a police barracks, of part of the land shown by a red edging on the accompanying tracing†, and which embraces allotments 8, 9, and 10 of section 11, in the town of Moruya. Allotment 8 has been sold at auction to Archbishop Polding. * See previous correspondence
† See enclosure to No. 1.

Allotments 9 and 10, containing each half an acre, have been set apart for a court-house, and it is understood that the court-house and lock-up have been erected on allotment 9.

The Bench of Magistrates at Moruya, to whom reference was made, have stated that they object to the appropriation of allotment 10 for police barracks, and at the same time have suggested that a portion of the reserve adjoining the lagoon would be suitable for the purpose. The Inspector General of Police states, however, that the locality suggested is unsuitable, and still urges that if there be sufficient space the court-house reserve should also be appropriated for public buildings.

Apart from other objections, it is questionable whether sufficient space remains unoccupied for police barracks within this reserve, and it may therefore be desirable to request Captain M'Lerie to state whether more space and better accommodation might not be obtained in one of the other reserves in the town.

B.C., 29th June, 1863.

W. R. DAVIDSON.

Minutes on the above.

Inspector General of Police, B.C., 7 July, 1863.—M.F.

The Superintendent of Police has inspected both the sites referred to, and states that the one selected by the Inspector General possesses advantages as a site for police buildings which the other does not. There appears to be no reason why the Bench of Magistrates should object to police buildings being erected on allotment 10, as there is ample room, and it is necessary that the police station should be adjacent to the lock-up. The roadway recommended might be allowed for the convenience of persons attending the church on the adjoining allotment.—EDMUND FOSBERY (for and in the absence of the Inspector General of Police), 24 August, 1863.

Further report of Acting Surveyor General.—M.F., 25 August, 1863.

There appears to be no other objection to the allotment being appropriated for police barracks, except that, urged by the Bench of Magistrates at Moruya, Captain M'Lerie considers the allotment suitable for the purpose, and is very desirous it should be granted.—W.R.D., 1 Sept., 1863. The Under Secretary for Lands.

Approved.—JOHN R. For the Acting Surveyor General.—M.F., B.C., 15 September, 1863. Mr. District-Surveyor Gordon for measurement, leaving a lane from Vulcan-street to the church between the court-house site and the site for police buildings.—J.S.A., 17 Sept., 1863. (Above minute written in pencil).

CROWN LANDS.

No. 1.

Messrs. Curtis & Gannon to The Surveyor General.

Sir, We have the honor to submit *application to purchase improved Crown Lands on behalf of our *See No. 2 client, Mrs. Mary Ann Seivl. Sydney, 9 September, 1872.
We have, &c.,
CURTIS & GANNON.

Minutes on No. 1.

The land herein applied for is not in my district. I think this should be sent to Mr. Wyndham.—
J. J. HIGGINS. Mr. Long, 14/11/72.

No. 2.

Mrs. Seivl to The Surveyor General.

Sir, Application for the purchase of improved Crown Lands. M'Donald's Creek, Liverpool Plains, 9 September, 1872.
Having erected the improvements detailed below, and which I estimate to be worth £300, I have the honor to apply that I may be permitted to purchase without competition, under the provisions of the Crown Lands Alienation Act of 1861, the Crown Lands on which they stand, and which are described hereunder.

The improvements referred to are now in my possession.

I have, &c.,
MARY ANN SEIVL

Nature of Improvements.

Woolshed, hut, and yards.

Description of Lands.

County of Buckland, near town of Murrurundi, adjoining the land of James Seivl, on Miller's Creek.

Minutes on No. 2.

Mr. Pretious, 20/9/72. Boobadil Run, district of Liverpool Plains, is held under a promise of lease by James Seivl.—A.O.P. Occupation of Lands, 26 September, 1872. Mr. Long, 9/10/72.
Mr. Licensed Surveyor Wyndham to measure if unobjectionable.—P.F.A., 19/11/72. Mr. Darby.—A. Dewhurst, 14 December, /72.

No. 3.

District Surveyor Evans to The Surveyor General.

Sir, Maitland, 14 September, 1872.
In reference to instructions of July 19th, respecting reserves on the droving road from Breeza to Jerry's Plains, I have the honor to enclose a tracing showing the position of reserve No. 454 in the Liverpool Plains District, county Buckland, part of which has been enclosed by Mr. James Seivl. Enclosed.

This is the reserve to which Mr. W. O. Browne, M.L.A., alluded when he asked the questions in the Legislative Assembly:—"1st. Whether a person named Seivl occupies a water reserve situated at the foot of Liverpool Range, near the road leading from Merriwa to Breeza? 2nd. Is he aware that Seivl levies a charge upon all travelling stock that are obliged to procure water there?" In answer to the first question, I have to state that Mr. Seivl does occupy this reserve, and has fenced off the water from the main road; he has also erected a woolshed (nearly new), hut, shed, and sheep-yard on the reserve; and partly on it and partly on his own land are yards, all represented on the tracing. These improvements are worth not less than £300.

In answer to the second question, I have to state that Mr. Seivl does make a charge for travelling stock; the place where they are watered however is on his own land. The only water on the reserve is in Miller's Creek (Jones' Creek being generally dry), which is cut off from the road by the fence.

I have marked the western boundary of this reserve, and the parts of the northerly and southern boundaries west of Seivl's 320 acres, and of portion 18. I have also re-marked the frontage corners, and on the fences the position of Seivl's southern boundary.

Mr. Seivl explained to me that he had applied to purchase in virtue of improvements part of this reserve. This application should not be granted, because the part he desires to purchase contains the only water on the reserve.

I have, &c.,
THOMAS EVANS,
District Surveyor.

Minutes on No. 3.

Mr. Herring.—Has any application been made by Seivl of the nature described in the last paragraph of this report? If so, can you let me see it.—J.W.E., 20 September, 1872.

I cannot trace any application to purchase improved land.—J.H., 25/9/72.

The enclosed report is now submitted for the consideration of the Honorable the Minister for Lands. The reserve was notified as from sale for travelling stock 5th December, 1871, and from lease 19th December, 1871. The improvements referred to apparently occupy the portion of the reserve on which is the most permanent, in fact the only water. I am not aware that Mr. Seivl has yet made any application to purchase. Under the 19th section of Crown Lands Occupation Act the road is illegally fenced.—J.S.A., for Surveyor General. Under Secretary for Lands, B.C., 26 September, 1872.

It

It appears that Seivl is in unauthorized possession of the reserve, and therefore he should be ejected. According to the report of the surveyor, I conclude that the portion of reserve occupied by Seivl should not be alienated.—J.S.F., 4/10/72. Mr. Pretious, 18/10/72.

No. 4.

Mr. A. O. Pretious to Mr. James Seivl.

Sir, Occupation of Lands, Sydney, 28 October, 1872.
The Government Surveyor having reported that you are in the unauthorized occupation of the water reserve No. 454, in the county of Buckland, Pastoral District of Liverpool Plains, on the road from Breeza to Jerry's Plains, on which you have erected a woolshed, hut, and sheep-yard, and a portion of which you have enclosed with a fence, I have the honor to inform you that I am under instructions to take proceedings for your ejection therefrom.

I have, &c.,

A. O. PRETIOUS,
Officer-in-charge.

No. 5.

Messrs. Curtis & Gannon to The Officer-in-charge, Occupation of Lands.

Sir, 229, Pitt-street, Sydney, 6 November, 1872.
We have the honor to reply to *letter of the 28th ultimo, addressed to Mr. James Seivl, of Miller's Creek, Murrurundi.

On the *9th September last we forwarded an application from our client, Mrs. Mary Ann Seivl, the lessee of the land said to be in the unauthorized possession of James Seivl, for permission to purchase the 300 acres on which the improvements are erected, mentioned in your letter. We are informed that such improvements were made on the land before the water reserve No. 454 was proclaimed. The improvements mentioned are the property of Mrs. M. A. Seivl. We shall be glad to hear from you, in reply to our letter of the 9th September last, that our client will be permitted to purchase. We hope that no proceedings will be taken pending settlement of this application.

We have, &c.,

CURTIS & GANNON.

Minutes on No. 5.

Instructions issued for the removal of all obstructions to the free use of the reserve by the public to Constable L. F. Ward, Merriwa, 11 November, 1872.

Memo. to Surveyor General to obtain a report from surveyor as to date on which the improvements were erected.—30/11/72.

No. 6.

Messrs. Curtis & Gannon to The Secretary for Lands.

Sir, Water Reserve No. 454, Liverpool Range.
229, Pitt-street, Sydney, 28 November, 1872.
We have the honor to call your attention to the alleged unauthorized possession by our client, Mrs. M. A. Seivl, of this land, and the correspondence thereon between the 8th May, 1871, and this date. Intimation has been sent our client, and you are reported to have said in the House, in answer to Mr. W. C. Browne, that instructions had been given to eject our client from the land. We have the honor to request permission to show our client's possession is not unauthorized and that you will for the present stay proceedings.

We have, &c.,

CURTIS & GANNON.

Minutes on No. 6.

Submitted, 29 November. To be heard of course.—J.S.F., 13/12/72. Mr. Pretious, 17/1/73.
For telegram to constable, asking what steps have been taken—to stay proceedings if nothing has been done so far.—A.O.P., 20/1/73.

No. 7.

The Under Secretary for Lands to The Surveyor General.

Memorandum.

[Urgent.] Department of Lands, Sydney, 29 November, 1872.
HAVING reference to the instruction* forwarded to Mr. Surveyor Wyndham on the 19th instant, respecting Mrs. M. A. Seivl's application to purchase, in virtue of improvements, 300 acres of land at Miller's Creek, and within reserve from lease No. 454 of 19th December, 1871, the Minister for Lands wishes the surveyor to be requested to report specially as to whether the improvements were erected before or after the date of notification of the reserve from lease.

T. H. JOHNSON,
(For the Under Secretary).*Minutes on No. 7.*

The application within referred to was forwarded to Mr. Wyndham on the 19th November. He will be so good as to report as requested within (urgent).—J.S.A., for Surveyor General, 3/12/72. Forwarded to Mr. Dewhurst, to be placed with instruction transferred on the 26th November, 1872.—EDWARD S. WYNDHAM, 6 December, 1872. Mr. Darby as above.—A. DEWHURST. Report required.

As

* See minute on No

As far as I can ascertain, it appears that the improvements in virtue of which the land is applied for were erected before the notification of reserve from lease No. 454 of 19th December, 1871, two shearings having been held in the woolshed, a part of the improvements referred to, and I consider that the first shearing, taking place in or about August and September, 1871, may be deemed sufficient evidence of erection of the improvements before notification of the reserve.—F. W. DARBY, 28 January, 1873.

The Surveyor General.—A. DEWHURST, 5 February, 1873. Surveyor's report herewith, 20/2/73. I conclude that under this report the application can be complied with.—W.W.S., 21 July, 1873. Approved.—J.S.F., 22/7/73. Now for measurement, if unmeasured.—Mr. Long, 23/7/73. Mr. Licensed Surveyor Darby to measure, if unobjectionable.—J.S.A. (for Surveyor General), 2 August, 1873.

No. 8.

W. C. Browne, Esq., M.P., to The Secretary for Lands.

Dear Farnell,

Singleton, 27 May, 1873.

I can't tell what I have done to you that you have not answered my last letter to you, but I presume you are overworked. I wish to call your attention to the fact that not one of the reserves between Jerry's Plains and Breeza is yet opened for travelling stock. Mr. Seivl has threatened to impound any stock that comes upon the reserve at the foot of the Liverpool Range, besides having it still enclosed by a fence. Those at the Wybong, Saddler's Creek, and the one proclaimed on Clift's run are still locked up and access refused to stock. I have received information from drovers and stockowners to this effect, and trust you will cause some speedy action to be taken in having them thrown open to the public.

I am, &c.,

W. C. BROWNE.

Minutes on No. 8.

Have we done anything in this matter? Some time since we promised to open the reserve.—J.S.F., 29/5/73.

It was proposed to lay an information against Mr. Seivl, but the case appears to have been put off, the constable bailiff charged with the duty being appointed a collector for the Electorate of Liverpool Plains. I think the Crown Lands Bailiff at Tamworth should be instructed to take the necessary steps for having these reserves at once thrown open, by preferring information against all intruders. It will probably be necessary that he should receive the assistance of a surveyor to indicate their exact position.—A.O.P., 2 June, 1873.

Approved.—J.S.F., 3/6/73.

Instruct Crown Lands Bailiff, furnishing him with copies of the reserves, as amended under Mr. Surveyor Evans' report. He should put himself in communication with this office.—A.O.P. Have we any knowledge as to the alleged leasing of these reserves or some of them? See Mr. Surveyor Evans' report of 14 September, 1872. The leases appear to have been cancelled. See notes on the report.—E. O'D. If not, communicate with the parties, and advise them that the Crown Lands Bailiff has received instructions to prefer information against trespassers, and ask them to state at once on what plea they hold possession. Advise Mr. Geary fully as to this also.—A.O.P., 6/6/73. Inform Mr. Browne of action taken.—A.O.P.

No. 9.

The Officer-in-charge, Occupation of Lands, to The Commissioner of Crown Lands, Liverpool Plains and Gwydir.

Sir,

Occupation of Lands, Sydney, 7 June, 1873.

I have the honor to request that you will be good enough to direct your bailiff to take the necessary steps for having the reserves on the droving road from Breeza to Jerry's Plains at once thrown open by preferring informations against all intruders.

I enclose copies of the proclamations of these reserves.*

I have, &c.,

A. O. PRETIOUS,

Officer-in-charge.

* Not with papers.

P.S.—In case of the Commissioner being absent, the Crown Lands Bailiff will at once take the requisite steps.

Sir,

Occupation of Lands, Sydney, 7 June, 1873.

In reply to your letter of the 27th ultimo,* I am directed to inform you that the Crown Bailiff at Tamworth has been instructed to take the necessary steps for having the reserves on the road from Jerry's Plains to Breeza at once thrown open by preferring informations against all intruders. * See No. 8.

Similar instructions had previously been given with respect to reserve No. 454, at the foot of the Liverpool Range, but the case appears to have been put off, the constable charged with the duty having been appointed a collector for the Electorate of Liverpool Plains.

Adverting to your letter of the 7th instant,* wherein I am directed through the local Commissioner to open up the droving road from Breeza to Jerry's Plains, I have the honor to request that before proceeding on this duty that you will be good enough to supply me with sketches of the reserves *en route*, without which I anticipate considerable difficulty in prosecuting intruders to a conviction.

On making application at the Survey Office here for information on the subject, I was informed that they could not afford me any until they had received sketches of these reserves from the Surveyor General's Office, for which they had already made application.

In conclusion, I trust it may not be considered premature on my part requesting to know whether I shall be allowed travelling expenses whilst engaged at this duty, and at what rate per diem.

Ascertain when these will be supplied to the Survey Office at Tamworth.—A.O.P., 24/6/73. Mr. Ellis,—Tracings might be prepared by contract in this instance.—J.S.A., 25/6/73.

Mr. Adam,—All necessary tracings have been supplied for Land Agents' use at Tamworth, Murrurundi, Scone, &c. At the Occupation Branch there are two draftsmen besides Mr. Du Faur. The reserves are shown on the county maps in office use, and it appears to me that these tracings should be made at Occupation Branch. The tracings are not required for Land Agent, but for Crown Bailiff.—J.W.E. Submitted.

A lithograph will be out shortly of county of Brisbane, which will show some of the reserves referred to. The present county map cannot be traced from excepting under great difficulty.—J.W.E.

Crown Lands Bailiff Geary to The Officer-in-charge, Occupation of Lands.

Sir,

Occupation of Lands, Tamworth, 21 October, 1873.

Referring to your letter of instructions directing me to open the droving road from Breeza to Jerry's Plains, I have the honor to report that on my arrival at travelling stock reserve No. 454, at Miller's Creek, I found Mr. James Seivl had fenced it off, preventing access to water, and upon inquiry, found Mr. Licensed Surveyor Darby measuring 300 acres out of the centre of the reserve for Mr. Seivl, by virtue of improvements, taking in all the water, and thereby rendering the reserve utterly useless so far as the public are concerned.

I enclose sketch of this reserve, made by Mr. District Surveyor Evans, with Mr. Seivl's 300 acres tinted green, also Mr. Darby's sketch and note to me. Enclosure A.

This being without exception one of, if not the most important reserve on the whole line of road, no part of which should in my opinion be alienated, I would therefore strongly urge that the land applied for should not be granted to Mr. Seivl under any circumstances. Enclosure B.

Reserves Nos. 18 and 19, on the road from Denman to Jerry's Plains, are within a paddock fenced by Messrs. J. H. and F. White, and reserve No. 21, on the road from Musclebrook to Wiseman's Ferry, is within a paddock of Mr. Francis White, of Edinglassie.

I have in each case given these gentlemen one month's notice to remove their improvements. Mr. White said that having renewed his leases to the 31st December, 1874, he considered he had a perfect right to occupy these reserves up to that date, or until the expiration of his leases.

I should therefore feel obliged by your informing me whether I am justified, under these circumstances, in treating the Messrs. White as in the unauthorized occupation of Crown Lands, and proceeding against them accordingly, as it appears to me inconsistent to do so in the face of these leases. I would suggest that in each case these reserves should be reserved from lease, to remove an impression, whether erroneous or not, that so long as they are not so reserved the Crown lessee has the best right to them.

I have given Mr. Reilley, of the Wybong, who is similarly situated to the Messrs. White, notice to remove his fence off reserve No. 24.

With

With the exception of the above-mentioned travelling stock reserves, the remainder on the line of road before referred to are now open to the public; Messrs. Clift Bros., of Breeza, having removed their fences, with the exception of a corner of reserve No. 9, which is in a paddock, but no practical inconvenience is thereby experienced.

I have, &c.,

Submitted for decision, 1 Dec., '73. The cancellation of the application would imply the confiscation of the improvements. The Surveyor General to Mr. Licensed-Surveyor Darby.

Memorandum of instructions. To be returned with reply. 4 November, 1873.

Subject.

Mr. Licensed-Surveyor Darby is requested at his early convenience to return instructions *5/73 as the land applied for by Mary Anne Seivl comes within travelling stock reserve No. 454, and cannot be alienated.

J. S. ADAM,

For Surveyor General.

Mr. Darby will be so good as to explain the reason why he measured the 300 acres for Seivl within the reserve.

Reply.

Recd. 10 Nov., '73.—F.W.D.

The instructions referred to 5/73 are herewith returned as requested.

My reason for measuring the 300 acres for Seivl was simply that I was instructed to do so by 73/5.—F. W. DARBY, Nov. 18, 1873.

The instructions were to measure if unobjectionable.—G.L.

Nos. 18, 19 and 21 have been cancelled, and that they are allowed sixty days to remove their improvements, but must commence at once, I have the honor to inform you that I have no means of knowing whether your instructions have been carried out except by visiting these reserves again.

I have therefore to request that you will be so good as to inform me if I am to do so.

No. 23.

Mr. Licensed-Surveyor Darby to The Surveyor General.

Sir,

Murrurundi, 29 November, 1873.

I have the honor to forward herewith plan of 300 acres of land applied for by Mrs. M. A. Seivl, Enclosed. as an improved purchase under the 8th section of the Crown Lands Alienation Act of 1861, in right of her leased run of Boobadil, District of Liverpool Plains.

Survey made under *memo. of 2nd August, 1873—

Improvements are—

Woolshed and wool-press, &c., value	£200
Sheep-yards and log fencing	100
Total...	£300

* See minute on No. 7.

I may add that the woolshed has been considerably lengthened lately.

The reserved road 150 links wide has been marked out instead of that surveyed by Mr. L. S. Neill, being more direct, is on better ground, and now in use by drovers and travellers.

The reserved road, one chain wide, has been marked out on account of local traffic. This portion being 300 acres completely overlaps reserve No. 454, 160 acres, as proclaimed in Gazette of 28th March, 1871. My instructions were simply to measure 300 acres applied for, but I trust I shall not be deemed as overstepping my duty in submitting that a portion of considerably less extent would meet the requirements of the applicant, say from 10 to 15 acres or even 20 acres, so that the woolshed and yards and any other necessary yards usually attached to such establishments would be included, having a frontage to Jones' Creek, and thereby allowing a distance along the creek (Miller's) southerly from the south-east corner of No. 10 of about 6 chains to allow of access to the water there obtainable by travelling stock.

I have only to add that the application by Mrs. M. A. Seivl, together with attached papers, and my memo. respecting date and erection of the improvements, were returned to the head office at the request of the Surveyor General on the 11th November, 1873.

I have, &c.,
F. W. DARBY,
Licensed Surveyor.

Minutes on No. 23.

To the Surveyor General.—I have not seen the correspondence referred to by Mr. Darby, but I respectfully submit that this land should not be alienated as measured. I believe that Mr. Seivl has no tangible claim to this land under the 8th clause of the Crown Lands Alienation Act, and also that if it be granted to him the public will suffer much inconvenience.

The area on plan and that referred to in this letter differ.—A. DEWHURST, December 19, /73.

Mrs. Seivl may be allowed to purchase 15 or 20 acres, which shall include the improvements herein mentioned; but I am strongly of opinion that no portion of the creek should be included in the above-mentioned area, because (if I have been correctly informed) the reservation of the water for travelling stock is more important than the reservation of the land.—J.S.F. B.C., 14/3/74. Surveyor General.

Mr. Darby to measure 20 acres, to embrace the principal improvements made by Mrs. M. A. Seivl. At the same time sufficient access should be left to the creek, no part of which is to be included in the measurement.—J.S.A., for Surveyor General, 30 March, /74. MEMORANDUM of subjects requiring explanation or completion in connection with the survey and plan of portion 65 of 300 acres, parish of Yarrimanbah, county of Buckland, transmitted by Mr. Licensed-Surveyor Darby, letter No. 73/70 of 29 November, and on which Mr. Darby's report in explanation is requested.

Subject.

MR. DARBY should explain why he measured the above portion, as it is in a valuable water reserve, and he was instructed to measure if unobjectionable.—P.F.A., 30.

Report.

THE objection was that the land applied for by Mrs. M. A. Seivl constituted a portion of (or the whole of) reserve No. 454; but the improvements in virtue of which application was made were shown to have been erected prior to the proclamation of this reserve (see my B.C. *report of 28 January, 1873). I therefore take it that the objection ceased to exist, and prior erection of the improvements gave applicant the prior claim, and consequently the survey of 300 acres in her favour. Referring to the subsequent instructions *if unobjectionable*, I considered that objections as above stated had ceased to exist.—F. W. DARBY.

I have the honor to call your attention to the fact that the reserve known as Seivl's, at the foot of the Liverpool Range, on the road between Jerry's Plains and Breeza, is not as yet available to the public, owing to Seivl having enclosed it, as will be seen by reference to the enclosed letter from Mr. E. J. Alcorn. I have therefore to request that you will cause immediate action to be taken in this matter.

I have, &c.,

In the matter of this reserve I decided that Seivl should be allowed to purchase 15 acres containing the improvements. The remaining portion of the reserve should be thrown open forthwith. The Crown Lands Bailiff to be instructed to open reserve.—J.S.F., 23/4/74. Mr. Pretious.

[Enclosure to No. 32.]

Dear Sir,

Singleton, 20 April, 1874.

I have just returned from a long journey over 300 miles with a draft of two hundred head of fat bullocks, and on reaching Reynold's, on the Mooki, made the next day to the round island, which is a day's journey, and on which is a reserve; I then had to pass through the Werra Lane, or, more properly speaking, a quagmire, where I had great difficulty in getting through, and from thence I had three-quarters of a mile to go to the reserve at the foot of the gap known as Seivl's Reserve,—but no reserve—as Mr. Seivl has it securely fenced in with split posts and five-wire; I was much disappointed in finding it so, for I had to proceed on to the next reserve on the Merriwa side, which was completely bare, owing I suppose to Mr. Seivl preventing the use of the reserve fronting water cut off at his place by travellers.

I beg, on the part of the drovers of stock and myself, that you will represent my grievance to the Minister of Lands, with the hope that he will take strenuous measures with Mr. Seivl, and I do believe unless followed up that he will take but little notice of any threat or warning from the authorities, and we expect that we shall have a continuance of the obstruction from that party on account of his grasping disposition.

I am, &c.,

E. J. ALCORN.

I have the honor to report that, agreeable to instructions contained in your *telegram of the 24th† ultimo, I summoned Mr. James Seivl before the Murrurundi Bench of Magistrates, on the 12th instant, and the case was dismissed. An objection was taken by Mr. Abbott, defendant's solicitor, that the reserve in question was not Crown Lands within the meaning of the Act, inasmuch as Crown Lands meant all lands vested in Her Majesty which have not been dedicated to any public purpose, and that a travelling stock reserve was no longer Crown Lands.

The Bench of Magistrates agreed with Mr. Abbott and dismissed the case.

Copy of information and Magistrates' decision enclosed herewith for your information. The remaining reserves on the droving road between Breeza and Jeiry's Plains are now open to the public.

† See minute on No. 23.

I have the honor to submit * plan of a portion of land No. 65, parish of Yarrimanbah, 19 acres 3 roods 12 perches, survey of which I have made in accordance with your B.C. †memo. of the 30th March, 1874. This

This survey includes the woolshed and yards, the shearers' hut, and about 12½ chains of log-fencing along the roadside, these being the principal improvements in virtue of which 300 acres are claimed by Mrs. M. A. Seivl.

Since my first survey, submitted with No. 73/70, some additions have been made to the woolshed, and I consider that the improvements now included are worth £280.

The portion only embraces the woolshed, yards, and shearers' hut, leaving a free frontage to Jones's Creek of 150 to 250 links, and a clear passage down from the road to Miller's Creek of 500 chains between No. 10 and this portion.

[*Enclosure B to No. 42.*]

Court-house, Murrurundi, 9 June, 1874.

Harry Vincent Geary charges James Seivl with unlawfully occupying certain land at Miller's Creek, reserved for public purposes.

Harry Vincent Geary, sworn, saith:—I am Crown Lands Bailiff for Liverpool Plains, and reside at Tamworth; I know defendant; I have heard information read—it is correct; I charge defendant with being in occupation of a travelling stock reserve; the land described in the Gazette now produced is the land referred to in my information; the said reserve is numbered 454 (Gazette produced); I know the land—I have seen it; the occupation consists of a fence running from north to south across reserve, fencing off access to the water at Miller's and Jones' Creeks; on my visiting this reserve I found Mr. Seivl in occupation by claiming the improvements and fences; Mr. Seivl also told me that he would allow neither travelling stock or anything else to come on the reserve, excepting his own personal friends by his permission; he also told me that he charged the public for watering upon his private property, but that he would not allow them to do so on the reserve set apart for their use; the main road from Brezza to Jerry's Plains runs through this reserve; the fence runs between said road and the creek, and prevents the public from having access to the water; the fence runs right across the reserve; I can't say when the fence was put up—defendant claimed it as his; I knew nothing of the fence before I visited it; I saw the land on the 1st June, the fence was still there.

Examined

Examined by defendant's solicitor: I was at the said land in October last; that was the first time I was there about these reserves; I said I had come on an unpleasant mission; Mr. Seivl told me about the surveyor—I saw him there; defendant then told me that he claimed 300 acres on this reserve by virtue of the improvements erected on them; I believe said reserve is on the Boobadil Run; the lessee of this run is Mrs. Seivl, the mother of the defendant; I do not know that these proceedings have been initiated at her request; Seivl told me that Surveyor Darby was there under instructions to measure 300 acres of land for him by virtue of improvements erected upon it; I saw Mr. Darby; I had a conversation with him about the 300 acres which Seivl claimed to purchase; he is a licensed surveyor; Darby said he was there under instructions from the Lands Department, or some competent authority; I then left, leaving Mr. Seivl in possession of the land; I believe Mr. Seivl showed me a letter about the reserve, but I can't remember what it contained; I went to the reserve on the 1st June last, looked at the fence and then returned; I cannot swear from my own knowledge that defendant was in possession of the said reserve on the 1st June, I believe he was; I did not find him occupying said land on 1st June or on any day since; Mr. Seivl told me last night that he had the land and would keep it.

Re-examined: Mr. Seivl claimed the land in October last, also in June instant; he said "I still claim the land and will keep it."

By the Bench: The land measured by Mr. Darby was within the reserve; Mr. Seivl never showed me any authority, lease, or license; he only claimed the land by virtue of improvements; I am duly authorized by the Government to prosecute cases of this nature; I produce my authority.

Murrurundi Police Court, Tuesday, 9 June, 1874.
Before Messrs. P. W. Wright, A. Brodie, G. G. Brodie, and A. J. Kingsmill, J.P.'s.

UNLAWFUL OCCUPATION.

James Seivl was, for the third time, charged, on the information of Henry Vincent Geary, with being in unlawful occupation of certain lands reserved from sale for the accommodation of travelling stock.

Mr. Newman appeared for the plaintiff. Mr. Abbott, for the defendant, objected to the case being allowed to proceed, on the ground that the Bench had no jurisdiction, it being laid down in the Act, from which he quoted, that where a question of title was involved, the exercise of the jurisdiction of the Justices of the Peace was ousted; and such a question was involved in the present case. He also pointed out that where an objection such as this was to be raised, it should be stated at the commencement of the proceedings, before endeavouring to gain a decision of the case on its merits. Mr. Seivl claimed the right to occupy or to purchase this reserve by virtue of the improvements to the extent of £300 or £400 made by him thereon, before the land was granted by the Government as a reserve.

Mr. Newman replied, admitting the law as laid down by Mr. Abbott was very plain, but questioning the right of defendant to occupy this land; he showed by quotations from this statutes relating to the point, that where any person was found so occupying, unless they claimed the right to do so under some license or other authority, they should be liable to conviction and penalty. He argued that the 14th section of the Justices' Act gave their Worship authority to deal with this case.

After some further arguments had passed between the legal gentlemen, Mr. Abbott read a letter dated May 8, 1871, written on behalf of Mrs. Mary Ann Seivl, lessee of the Boobadil Run, by Mr. Newman, making application to the Government for the reserve in question to be cancelled, on the ground that improvements to the extent of £500 had been made thereon by the applicant, before the land was proclaimed a reserve, and also, that the cattle and sheep thereon would be interfered with if travelling stock were allowed to pass through it.

The Bench subsequently decided to proceed with the case until the question of title became involved.

Henry Vincent Geary, Crown Lands Bailiff for Liverpool Plains, residing at Tamworth, deposed that he knew the defendant, James Seivl; the information he had heard read was correct; the land he charged Mr. Seivl with unlawful occupation of was extension No. 454, published in the Government Gazette of December, 1871. (*Gazette produced.*) [Mr. W. E. Abbott, J.P., here took his seat on the Bench.] He knew the land in question; the occupation consisted of defendant's having erected a fence running from north to south, cutting off access to the waters of Millar's or Jones' Creek; on visiting the reserve, he found Mr. Seivl in occupation, and defendant claimed the improvements—the fence, and said he would allow neither travelling or any other stock to trespass thereon, except perhaps that of his personal friends; he also said he charged the public for watering on his private property, but would not allow them the use of the reserve; witness had been authorized to open these reserves; a road ran through the reserve to the river, from one selection of Mr. Seivl's up to his purchased land.

By the Bench: He could not say when the fence was put up, or whether it was there before the reserve was made.

Examination continued: He knew nothing of this reserve before he was sent there especially; he saw the land on June 1; the fence was still there; between his first and second visit he saw defendant, who said to him, on finding that he was going again to visit the place—"You may save yourself the trouble; the improvements are there still, and there they will remain."

By Mr. Abbott: He was there for the first time in October last; he did tell Mr. Seivl that he had come there on unpleasant business; the defendant told him that he claimed the right to purchase 300 acres of this reserve, by virtue of the improvements which he had made upon it; he also informed witness that the surveyor was then on the premises; he believed the reserve was on the Boobadil Run, of which the lessee was Mrs. Seivl; he was not aware that these proceedings were instituted by Mrs. Seivl; he saw Mr. Darby, the surveyor, there in October last; he was authorized to measure 300 acres which Seivl claimed the right to purchase; Darby said he had instructions to measure the land; he did not remember whether he told him Seivl had a right; from his information, witness left Mr. Seivl in possession; he remembered defendant showing him a letter; Mr. Seivl's name was certainly not mentioned therein as the lessee.

Mr. Abbott: "Will you swear that defendant was in possession on the 1st June?"

Witness: "I did not see him there."

Mr. Abbott: "Will you answer my question—yes or no?"

Witness: "Defendant was not there, he may have been in Murrurundi."

Mr. Abbott: "You have sworn in the information that Mr. Seivl was found unlawfully occupying certain lands on the 1st of June: did you find him so occupying on this date?"

Witness: "I am morally certain he occupied the land; from defendant's own admission he knew he was in unlawful occupation of the land."

To Mr. Newman: He lived in a house at Tamworth; although he was now in Murrurundi he occupied that house; defendant claimed the improvements on the ground, and spoke of them as he had already stated.

By the Bench: The land Mr. Darby measured was part of what was enclosed in Seivl's; he received instructions from head quarters that 15 acres of the reserve were to be allowed to Mr. Seivl.

To Mr. Newman: Defendant never told him he had a lease or other authority to occupy the land.

By Mr. Abbott: He was the person authorized to lay information of this kind; he had no objection to produce his authority. (*Document put in.*)

Mr.

Mr. T. M. Newman, having been sworn as a witness at the request of *Mr. Abbott*, deposed that he was the attorney for the plaintiff in the present case.

Mr. Abbott: "Do you recollect writing this letter, and applying on behalf of *Mrs. Seivl* for permission to purchase this land?"

Mr. Newman: "I object to the question, being a witness and attorney for the plaintiff." The Bench overruling the objection, the witness said he had no doubt he wrote the letter, but he had no distinct recollection of doing so; it was addressed to the Under Secretary for Lands, and was about a water reserve for travelling stock.

Mr. Abbott again submitted that the whole question of title was involved.

The Bench decided that their jurisdiction was ousted on account of the question of title being involved, and they could not therefore deal with the case.

James Hoskins, Esq., M.P., to The Secretary for Lands.

Sir,

108, Pitt-street, 30 June, 1874.

With reference to the interview I had with you on Friday last, the 26th instant, in company with *Mr. James Seivl*, acting on behalf of *Mrs. Mary Ann Seivl*, lessee of the Boobadil Run, Macdonald's Creek, county of Buckland, Liverpool Plains, respecting the reserve No. 454 on that run, I have been requested on behalf of the parties interested to apply to you to grant the lessee of the said run a reasonable period (in fact sufficient time) to enable *Mrs. Seivl* to have the fencing removed which she has had erected on that portion of the said reserve which you have decided shall be opened for the use of the public.

I trust you will consider the application made by *Mrs. Seivl* very reasonable, seeing that the said fencing and other improvements have been erected for some years, in fact for a long period before an extension of reserve No. 454 was granted; indeed the lessee of the said run was ignorant of its being in contemplation to extend the area of the said reserve until after it was notified in the Gazette.

Mrs. Seivl's object in making this application is to prevent a recurrence of the disagreeable proceedings that have on three or four occasions taken place recently, viz., *Mr. James Seivl* having to appear at the Police Court, Murrurundi, to answer a summons at the instance of the Crown Lands Bailiff, *Mr. Geary*, for enclosing the said reserve with a fence.

Madam,

Department of Lands, Sydney, 27 May, 1875.

I beg to inform you, in reference to your application to purchase, in virtue of improvements, portion 65, containing 19 acres 3 roods 12 perches, in the parish of Yarrimanbah, county of Buckland, that the Honorable the Secretary for Lands having authorized me in that respect, I have appointed Mr. F. W. Darby, of Gunnedah, appraiser on behalf of the Government. If you are satisfied that the land in question shall be valued by him alone, you will please sign the form sent herewith, marked "A"; if, however, you wish to appoint an appraiser to act on your behalf, you will sign the form "B" annexed. In this case you will be required to pay the costs of such appraiser, and of the umpire who will then have to be appointed, and upon forwarding the same to Mr. Darby, he will proceed herein to act on behalf of the Government. You will of course understand, that unless an appointment, in either form A or B, be forwarded to him, within sixty days from this date, he will proceed with the appraisement, in accordance with 3rd clause of the 28th section of the Alienation Act.

2. In appointing an appraiser you will be so good as to sign your name in full.

I have, &c.,

LINDSAY G. THOMPSON,

(For the Under Secretary).

P.S.—These instructions are issued in lieu of those of 10th September, 1874.

No. 56.

Application for purchase of improved Crown Lands.

Sir,

108, Pitt-street, 18 June, 1875.

Having erected the improvements detailed below, and which we estimate to be worth £400, we have the honor to apply that we may be permitted to purchase without competition, under the provisions of the Crown Lands Alienation Act of 1861, the Crown Lands on which they stand, and which are described hereunder.

The improvements referred to are now in our possession.

We have, &c.,

THE MERCANTILE BANKING CO.,

Nature

Nature of Improvements.

A woolshed, drafting yard, paddock, shearers' and men's huts. Mr. James Glass will point out to the surveyor the locality indicated in this application.

Description of Land.

320 acres, county of Buckland, parish of Yarrimanbah, Miller's Creek Run.

Minutes on No. 56.

Miller's Creek Run, District of Liverpool Plains, is held under a promise of lease by James Seivl.—A.O.P. Occupation of Lands, 23 June, 1875.

Mr. Licensed-Surveyor Capper to measure if unobjectionable.—G.L., for Surveyor General, 2/7/75. Transmitted to Mr. District Surveyor Dewhurst, as the land applied for is not in my district.—JAMES CAPPER, Gunnedah, 13/7/75.

Mr. Wyndham, for action.—A. DEWHURST, 5/8/75.

The land applied for is on reserve No. 454. It is claimed by the lessee that the improvements were made prior to reservation of the land, but this there is some reason to doubt. The land was applied for by a former lessee, and I believe the application refused.—E. S. WYNDHAM, 18/11/75.

No. 57.

Mr. District Surveyor Dewhurst to The Surveyor General.

Sir,

Tamworth, 10 December, 1875.

In compliance with your * memorandum dated July 2nd, 1875, transmitted to Mr. Licensed-Surveyor Capper, I have now the honor to report that the lands applied for in virtue of improvements fall within reserve No. 454. This reserve has been made for the convenience of travelling stock, and lies on the main road from Merriwa to Boggabri, Gunnedah, &c. * See minute on No. 56.

I have respectfully to refer you to the map of the county of Buckland, and you will at once perceive the importance of retaining this reserve intact for the purpose for which it was designed.

Mr. Licensed-Surveyor Wyndham appears to believe that the improvements applied for were erected since the reserve was proclaimed. I am of the same opinion.

It might perhaps therefore be desirable in the first instance to refuse Mr. Glass's request on this ground, leaving it for him to prove that they were erected prior to the proclamation.

In any case I could not report in favour of alienating this reserve.

I have, &c.,

The Under Secretary for Lands to J. Hoskins, Esq, M.P.

Sir,

Department of Lands, Sydney, 22 February, 1876.

* See No. 56.

Referring to an *application, dated the 18th June last, made by you on behalf of the Mercantile Banking Company to purchase in virtue of improvements 320 acres, in the county of Buckland, parish of Yarrimanbah, on Miller's Creek Run, I am directed to inform you that, under a report received from the Surveyor General, it appears that the land in question is situated within reserve No. 454, which must be retained intact for the purpose for which it was designed, and therefore the application cannot be complied with.

I have, &c.,

W. W. STEPHEN.

No. 61.

Mr. J. Glass to The Under Secretary for Lands.

Dear Sir,

Miller's Creek, Murrurundi, 10 May, 1876.

* See No. 60.

In reply to yours of the *22nd February last hereto annexed, addressed to Mr. Hoskins in reply to that gentleman's letter of 18th June last year, applying, on behalf of the Mercantile Bank to purchase 320 acres on account of improvements on the Miller's Creek Run, which said improvements happen to be situate upon a portion of reserve No. 454, I now, on behalf of said Bank, beg to call your attention to the following facts:—

In the first place, the improvements in question were erected previous to the proclamation of this reserve.

In the second place, the reserve has been considerably extended or enlarged, with a view, it was understood, to allow the lessee to secure improvements, and as there are other reserves in the neighbourhood this one is unnecessarily large since its extension.

Should the Bank's application be granted in full, viz. 320 acres, there will be sufficient land left for all necessary purposes, and commanding the best watered portion of the creek.

The land applied for does not contain any permanent water, but is valuable and in fact indispensable to the lessee of the run, as upon it are erected the woolshed, shearing paddocks, yards, &c.,—improvements of the value of over £600.

Enclosed.

The Bank are willing to reduce the area of their application from 320 to 250 acres, and take the land to run back from the creek full length of reserve, as per red pencil line on tracing herewith.

I therefore have the honor to request that the peculiar circumstances of this case be taken into consideration, and that the application be reconsidered in this amended form; and lastly, that this may be regarded as a special case, and be referred to the Honorable the Minister for Lands himself for his decision on the matter.

Yours, &c.,

JAMES GLASS,

pro Mercantile Bank.

P.S.—The red pencil line does not include all the fencing to the northward.

The reserve as originally notified includes all the fencing, and I think it would be better to allow the Bank to purchase that as shown upon the tracing.

It includes all the improvements, and would not exceed 150 acres in area, or thereabouts, and thus take away less of the reserve and leave plenty of water in the creek upon the extended portion of reserve, and be better for all concerned.

JAMES GLASS.

The Under Secretary for Lands to Mr. Appraiser Darby.

Sir,

Department of Lands, Sydney, 17 June, 1876.

One enclosure.

Referring to former instructions sent to you for your guidance in the appraisal of lands, I now forward the documents necessary to enable you to appraise the value of the land particularized in the annexed schedule, and which was applied for under the 8th clause of the Crown Lands Alienation Act of 1861.

I have, &c.,

LINDSAY G. THOMPSON,

(For the Under Secretary).

NOTE.—The 28th section, clause 6, of the Crown Lands Alienation Act of 1861 provides that a single appraiser or arbitrator must make his award within *sixty days* after his appointment, or within such extended time, if any, not exceeding thirty days, as shall have been duly appointed by him. Failure on part of any appraiser or arbitrator to comply with the terms of this section will, in the absence of sufficient explanation, involve the forfeiture of half the amount of appraisal fee, *i.e.* ten shillings in each case.

These instructions have issued in lieu of similar ones,* dated respectively 10th of September, 1874, and 27th May last, which you failed to carry out.

Appointment of Appraiser by Government.

WHEREAS Mary Ann Seivl, of M'Donald's Creek, in the Colony of New South Wales, has applied to purchase, in virtue of improvements, certain Crown Land situate on the Boobadil Run, a description whereof is set out in the schedule hereinafter written: Now I, the Under Secretary for Lands, having been duly authorized by the Minister for Lands, in pursuance of the powers vested in him under and by virtue of the Crown Lands Alienation Act of 1861, do hereby appoint F. W. Darby, of Gunnedah, in the Colony of New South Wales, to be the appraiser on behalf of the Crown to appraise the value of the said land, and the price to be paid by James Seivl, the present lessee of the run, for the purchase thereof.

[Urgent.]

Mr. J. Glass to The Under Secretary for Lands.

Sir,

Miller's Creek, Murrurundi, 18 July, 1876.

Referring to my letter of the 10th of May last,* in which I made an amended application to purchase 250 acres in virtue of improvements on behalf of the Mercantile Bank, and requested that the application might be put before the Minister for Lands for his decision, Mr. Surveyor Loder is now on the run making surveys. I would therefore request that you will place the application referred to before the Minister for Lands at once, in order that it may be dealt with immediately and instructions sent to Mr. Loder to make the necessary survey while here.

* See No. 61.

Miller's Creek Run, Liverpool Plains, 250 acres, purchase in virtue of improvements.

I may add that, if more land is required for travelling stock reserves, a large one can be made on the head of Coulston's Creek, about three miles further on towards the town of Merriwa, the same being unoccupied Crown Lands, and could be described as follows:—Four square miles, district of Merriwa, on the extreme head of Coulston's Creek; bounded on the north by the Liverpool Range, and extending south two miles by one mile deep on both sides of Coulston's Creek, along the stock road leading from Breeza to Merriwa.

This would include both sides, the head of Coulston's Creek, as the stock road runs along the creek, which creek contains permanent water and the country unoccupied.

Yours, &c.,

JAMES GLASS.

Statutory Declaration.

I, James Seivl, of the Mooki Springs, Liverpool Plains, in the Colony of New South Wales, do hereby solemnly and sincerely declare as follows:—

1st. I am well acquainted with the Miller's Creek Station now owned by Mr. James Glass, and which formerly formed part of the Boobadil Station, the property of Mr. James Seivl.

2nd. I also know the reserve No. 454 which was made thereon; previous to the time when that reserve was made and notified I had erected upon a part of the land included within the same a woolshed, huts, paddocks, and sheep-yards, and also cleared a portion of the land, and the same were upon the said land when and before it was notified to be a reserve.

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of an Act made and passed in the ninth year of the reign of Her present Majesty, intituled "An Act for the more effectual abolition of Oaths and Affirmations taken and made in various Departments of the Government of New South Wales and to substitute Declarations in lieu thereof and for the suppression of voluntary and extra-judicial Oaths and Affidavits."

Appraisement by Mr. Appraiser Rebello.

APPAISEMENT wherein the intending purchaser has not complied with the provisions of clause 28, subsection 3, Crown Lands Alienation Act of 1861.

To all to whom these presents shall come, I, Joseph Rebello, of Wellington, in the Colony of New South Wales, send greeting:—

WHEREAS on the _____ day of _____, in the year of our Lord one thousand eight hundred and seventy _____, Mary Ann Seivl, of McDonald's Creek, in the Colony aforesaid, applied to purchase 19 acres 3 roods 12 perches of land situate at Yarrimanbah, in the said Colony: And whereas, on the 23rd day of June, 1877, I was duly appointed by the authority of the Minister for Lands, to be appraiser on behalf of the Crown, to fix and determine the price or value to be paid by James Seivl for the purchase of the said land: And whereas, on the last-mentioned date, notice of such appointment was given to the said James Seivl: And whereas the said James Seivl, having allowed the period limited by the Crown Lands Alienation Act of 1861 to elapse without having concurred in my appointment as sole appraiser, or having appointed an appraiser to act on his own behalf, I have entered upon the consideration of the value of the said land, and have heard and considered the evidence produced before me: Now, I, the said Joseph Rebello, do hereby declare the sum of one pound per acre to be the value of the said land,

land, and do appraise and fix that sum as the amount to be paid by the said James Seivl for the purchase thereof. And I assess and fix the costs of this appraisement payable to me at the sum of ten shillings and sixpence, which said sum I direct shall be paid by the Minister for Lands.

In witness whereof I have hereunto set my hand, this 21st day of September, A.D. 1877.
JOSEPH REBELLO.

No. 69.

Mr. J. Glass to The Secretary for Lands.

Dear Sir, Glasston, Murrurrundi, 3 October, 1877.

Referring to the application made by the Mercantile Bank for 640 acres of land on Miller's Creek Run, to be allowed to purchase the same in virtue of improvements erected thereon, viz, woolshed, &c. &c.,—this land is a portion of travelling stock reserve No. 454, but there is evidence of the fact that the improvements were erected previous to the reservation from sale of the land in question. Furthermore, three successive Ministers of Lands have within the last twelve or eighteen months promised that at least 320 acres of this reserve No. 454 would be granted under this application. A less area would be valueless to the owner of the run. A woolshed is of no value unless there is access to it, and room for the necessary shearing arrangements round about it.

I repeat, the promise has been made by yourself in the first instance, next by Mr. Baker, then by Mr. Driver, and lastly, acted upon to some extent by yourself. But since then I am told the matter has been re-submitted to you by some of the officials of the Lands Department, and that you have reconsidered the matter and reversed your former order.

In virtue and upon the strength of the promises made by Ministers to grant this application, additional buildings have been erected and additional improvements and extensions made to the woolshed and appurtenances to the value of £500 or £600. I submit that I was, under the promises made to me, justified in going to this large expenditure; and lastly, I most respectfully press my claim upon your attention. I claim it as a matter of right, because the woolshed was erected before the land was reserved from sale. I claim it as a matter of justice, because my application was approved, and the land as I said before promised me by three successive Ministers of Lands.

I therefore rely upon these rights and promises, and trust that you will do me that justice in this case to which I am entitled and the performance of which I have a right to demand.

Yours, &c.,
JAMES GLASS.

Telegram from Senior-constable Bowen to Officer-in-charge, Occupation of Lands.

WATER Reserve, Miller's Creek, on Glass's Run, is completely fenced in by Mr. Glass, who has lately sold out and is about removing to New England.

I have not yet received my appointment nor authority as Crown Lands Bailiff for this district.

E. M. WEBB BOWEN,
Senior-constable.

Minutes on No. 74.

Should name run, and on receipt of authority should take steps for the immediate removal of the obstruction.

The surveyor has been directed by telegram to return the papers on which he was instructed to measure the land for sale to Mr. Glass.

These papers are therefore forwarded to Mr. Lewis, with a view to the Occupation Office being informed when the opening of the reserve to the public shall have become practicable.

Mr. Lewis.

Gazette Notice.

Department of Lands, Sydney, 15 February, 1878.
It is hereby notified, that the person mentioned in the subjoined list will be permitted to purchase, under the 2nd clause of the Crown Lands Acts Amendment Act, the portions of land specified against his name.

2. The purchase money must be paid into the Colonial Treasury, Sydney, within three months from the date of the publication of this notice, under a penalty of an addition to the appraised value of 10 per cent.; and should that increased price not be paid within a further period of three months, the claims to purchase will lapse, and the lands will be brought to auction.

The Under Secretary for Lands to Mr. J. Seivl.

Sir,

Department of Lands, Sydney, 15 February, 1878.

I am directed to call your attention to the * notice in the Government Gazette of this date, * See No. 76. from which you will perceive that you will be allowed to purchase, under the 2nd clause of the Crown Lands Acts Amendment Act of 1875, portion 65, containing 19 acres 3 roods 12 perches, parish of Yarrimanbah, county of Buckland, on Boobadil Run; and I am to request that you will have the goodness to pay into the Colonial Treasury the sum noted in the margin, being the price at which the land has been £20 16s. 6d. appraised, inclusive of the deed fee.

2. Under the 4th clause of the Regulations, the amount stated must be paid in the manner pointed out within three months from the notice in the Government Gazette, under a penalty of an addition of 10 per cent. to the price; and should the price, together with such penalty, not be paid within a further period of three months, the claim to purchase will lapse and the land be brought to auction.

Mr. Landers,—

Has Mr. Higgins returned the papers in Mr. Glass's application to purchase reserve 454 in right of improvements?—G.L., 23 April, 1878.

Telegram sent to District-Surveyor Dewhurst for return of papers on the *7th February, 1878. * 16, see No. 79. Papers not yet returned.—E.J.B., 24 April, 1878. Mr. Geo. Lewis.

A reply was received from Mr. Dewhurst stating that he had telegraphed to Mr. Higgins to return the instructions, but without receiving a reply. Mr. Higgins has been instructed to return all the papers without delay. Mr. Higgins should be required to return the papers.—R.D.F.G., 26 April, 1878.

Approved.—J.S.F. Telegram sent to Mr. Higgins, 27 April, 1878.

I have carefully considered the circumstances in this case, and I have come to the conclusion that portion 65, parish of Yarrimanbah, containing as measured 19 acres 3 roods 12 perches, be granted under the 11th section of Act of 1861, in full satisfaction of claims stated to exist.

The remaining portion of the reserve to remain intact, and to be at once thrown open to the public.—J.S.F., 9/5/78.

Reserve 454, extension for travelling stock, notified 5th of December, /71, was reserved from lease as No. 85, notified 19 December, 1871.—R.S., 11 May, 1878.

No. 83.

Hanley Bennett, Esq., M.P., to The Secretary for Lands.

Sir,

Legislative Assembly, 15 May, 1878.

Please to favour me with reply. What decision has been arrived at in the case of Mr. James Glass, of Miller's Creek, Liverpool Plains, brought under your notice by question in the House, at the instance of Mr. McElhone, M.P., with reference to a portion of reserve No. 454 being granted to Mr. Glass? On the other side is a statement I have received in reply to inquiries from me respecting Mr. Glass's position in the case under review.

- 1st. It appears that when reserve No. 454 was made, there was a woolshed and other improvements made on the land to the value of £700.
- 2nd. An application was made about this time by the then lessee, James Seivl, to purchase 320 acres in virtue of the improvements made thereon.
- 3rd. In order that Mr. Seivl might be allowed this privilege, the area of the reserve was increased to 640 acres.
- 4th. I am informed that the 320 acres was measured for Mr. Seivl, but afterwards this area of 320 was reduced to 19 acres.
- 5th. When Mr. Glass bought from Seivl, he renewed the application for the restoration of the 320 acres instead of the 19 acres. Pointing out that the woolshed would be useless, he was allowed about 250 acres, if not 320 acres.
- 6th. I am informed that this land is of no special value to Mr. Glass, except that the principal head station improvements are erected thereon; and so far as water is concerned, there has not been any for the last two-and-a-half years, but Mr. Glass has allowed travellers to water on his purchased land without charge, but not so his predecessor, Mr. Seivl.
- 7th. It also appears that the amended application of Mr. Glass for 320 acres was reduced to 250, on which reduced area was granted by Mr. Secretary Garrett, leaving about 390 acres for camping purposes, which is absolutely useless as a reserve for watering and camping purposes, there being no permanent water on it; but I am informed there is permanent water on a public reserve about six miles from reserve No. 454, on the west side of the range on Coulston Creek.

Yours, &c.,

HANLEY BENNETT.

Hanley Bennett Esq., M.P., to The Secretary for Lands.

Sir,

Tamworth, 8 August, 1878.

I do myself the honor to state for your information, that on Monday, the 5th instant, I visited Mr. James Glass's selection, Miller's Creek, county Buckland, parish of Yarrimanbah, for the purpose of satisfying myself as to the nature and value of the improvements erected upon acres of land, in virtue of which Mr. Secretary Garrett granted to Mr. James Seivl, from whom Mr. James Glass purchased, which land Mr. McElhone states forms part of reserve No. 454. The improvements consist of—

- 1st. Of about 47 acres land, fully cleared, which I estimate at £6 per acre, £282.
- 2nd. Two miles of fence, split posts and rails and wire, at £75 per mile, £150.
- 3rd. Woolshed on the most improved plan, with drafting yards and every other requisite, compartments for carrying on sheep-shearing and wool-pressing, and which, from the nature of the material and superior workmanship in its erection, I estimate at the lowest calculation, £1,400.
- 4th. Shearers' hut, stock-yard, and other minor improvements, £50; total, £1,882.

Yours, &c.,

HANLEY BENNETT.

Police Station, Murrurundi, 28 September, 1878.

SENIOR-CONSTABLE Bowen respectfully begs to return the attached *letter from the Officer-in-charge of Occupation of Crown Lands, and to request that he may be furnished with a map or plan of the reserve at Miller's Creek, as he has been informed by a surveyor in this district that without such map or plan it would be quite impossible for any one who was unacquainted with the locality to be able to define the boundaries of this reserve. * See No. 86.

The Senior-constable would also respectfully request to be informed more clearly what the necessary steps to be taken to throw the reserve open are.

He has been quite unable in consequence of pressure of police duty to attend to this matter sooner.

E. M. WEBB BOWEN,
Senior-constable.

Minutes on No. 87.

To the Inspector General, for the information of the Department of the Occupation of Lands. These constable bailiffs often complain of the difficulty they experience in fixing localities so as to enable them to take definite action.—JAMES GARLAND, Superintendent, 30/9/78. The Inspector General, &c., &c., &c., Sydney. The Chief Officer, Occupation of Lands.—E.F., I.G.P., B.C., 2 October, 1878.

The Senior-constable holds the authority of the Minister for Lands for preferring informations against trespassers on Crown Lands, which he should make use of for the repression of all such trespasses. Necessary steps must depend upon circumstances. If the reserve is fenced in, and the bailiff is not in a position to prefer an information for want of evidence as to the person by whom the trespass has been committed, he should have the fencing removed after notice to the ostensible owner, forwarding an account of any expenditure he may have to incur to this office, with a view to his being reimbursed.—T.W.H., 4/10/78. Surveyor General should be requested to furnish plan of reserve.

No. 90.

J. McElhone, Esq., M.P., to The Secretary for Lands.

Sir,

Sydney, 25 January, 1879.

I have been advised that Mr. Higgins has got the water reserve at Miller's Creek fenced in from the public, and in consequence of this, stock coming from Liverpool Plains can get no water from the time they leave the Mooki River until they get to Coulson's Creek, this side of the range, near 40 miles, as there is no water but at Miller's Creek in that distance. Mr.

Mr. James Seivl and Mr. James Glass tried to purchase a portion of this reserve for improvements made on it, knowing them to be on this reserve.

It would be a gross wrong to the public to sell any portion of it.

Mr. Farnell promised to have it opened, and I think ordered it to be done. But I am told Mr. Higgins has it all fenced off. I have the honor to request that you will give imperative instructions to have all fencing and other obstructions at once removed off this reserve, which is so much wanted for stock coming to market.

I have, &c.,

JOHN McELHONE.

Minutes on No. 90.

Mr. Stobo,—Find out from Mr. George Lewis, Reserve Branch, the No. of this reserve and its position, whether withdrawn from lease, and if so, can we take steps to remove fence.—J.H., 28/1/79. Mr. McElhone, M.P., should be informed of the nature of Mr. Farnell's decision, *19/12/78, and papers should be sent to Occupation Branch to have the necessary steps taken to have reserve kept open for use of the public. Mr. McElhone also to be so informed.—J.H., 29/1/79. Occupation Branch,—Submitted with reference to instructions already given to the Crown Lands Bailiff. Nothing further seems necessary. Sir,

Legislative Assembly Chambers, 29 January, 1879.

A few days previous to the present Government coming into power, Mr. Secretary Farnell, at my solicitation, agreed to reconsider the claim of James Glass, of Miller's Creek, district of Murrurundi, to purchase, in virtue of improvements, part of reserve No. 454, — acres, situated county of Buckland, parish of Yarrimanbah. Mr. Glass's claim to the land is based upon the minute of Mr. Secretary Garrett. Forwarded through the Inspector General of Police, for the information of the Lands Department.—
 JAMES GARLAND, Superintendent, 12/3/79. The Chief Officer, Occupation of Lands. B.C., 14 March, 1879.—E.F., Inspector General of Police.

[Enclosure to No. 94.]

Sergeant Abbott to The Officer-in-charge, Occupation of Lands.

Police Office, Murrurundi, 10 March, 1879.

SERGEANT Abbott, Acting Crown Lands Bailiff, reports for the information of the Chief Officer, Occupation of Lands Department, that on the 7th March he inspected the reserve described in the attached tracing, and finds it is still all enclosed, and that a lane is fenced through it for the passage of stock about the middle of the reserve and not where track is shown on tracing; it is in a line with the fence lane through the A. A. Company's property, and at a considerable distance back from the portion marked red in tracing and pencil mark showing homestead at the end of reserve where it joins conditional purchase of W. Murray. The fence starts out from Jones's Creek, where some trees are marked and no doubt the correct boundary. There is no fence between the conditional purchase, 320 acres, J. Seivl, and the reserve, but the lane runs through both, effectually cutting off the reserve and water from travelling stock.

The sergeant found an old man resident near the station who had drawn the stuff for the fence which was erected by Mr. James Glass, and who showed the sergeant the boundaries, he having been present when the surveyor marked it out.

We could not find the pegs between the reserve and the conditional purchase of J. Seivl on the creek, although my informant had often seen it; it now appears to have been destroyed. A tree in the creek near this supposed line is marked broad-arrow over 65, and likely to have some bearing on the matter; perhaps further information can be given from Lands Office if this tree is the boundary or not.

The Acting Crown Bailiff has furnished as correct report as his knowledge of land matters will admit and awaits further instructions, but would request that, in the event of his having to act, he may be furnished with particulars of the boundary pegs or marked trees, and also that this or some other tracing may be returned to produce in Court. The piece No. 65 round the old woolshed is not fenced in, and if the tree in the creek marked 65 is the starting point it would contradict the tracing, as it shows the track to go between the reserve 65 and the creek.

Mr. Glass is at present in Sydney endeavouring to sell the run.

CHARLES ABBOTT,

Sergeant of Police.

P.S.—Should the Acting Crown Bailiff have to take proceedings and the case be defended, he would like to call two men as witnesses who have lived in the neighbourhood for many years and know who put up the fence where the surveyor marked the track to come, and can he promise these or other witness any and what expenses. The place is twenty-seven miles from Murrurundi Court.

CHARLES ABBOTT,

Sergeant, Acting Crown Lands Bailiff.

Minutes on Enclosure to No. 94.

Surveyor General can be requested to supply tracing of plans. The removal of the fence upon each side of road, where it is evidently within the reserve, would probably be the readiest way of obtaining access for the public to the water.—T.W.H., 18/3/79. Sir,

Department of Mines, Sydney, 8 October, 1879.

Complaint having been made by John McElhone, Esq., M.P., that you have obstructed by fencing the road from Breeza to Merriwa so that access cannot be obtained to the travelling stock reserve No. 454 on Miller's Creek, I am directed by the Minister for Mines to inform you that unless you provide ample facilities for passage of stock through the reserve 454, and access to water therein, proceedings will be at once taken to remove your fence from the reserve.

Sir,

With reference to your *letter of the 26th ultimo, complaining that Mr. Glass obstructs by fencing the road from Breeza to Merriwa, so that access cannot be obtained to the travelling stock reserve No. 454, on Miller's Creek, I am directed by the Minister for Mines to inform you that Mr. Glass has been apprised that, unless he provides ample facilities for the passage of travelling stock through the reserve No. 454, and access to water therein, proceedings will be at once taken to remove the fence from the reserve.

Mr. G. H. Holmes to The Under Secretary for Lands.

Sir,

21, Exchange Buildings, Pitt-street, Sydney, 9 October, 1879.

I have the honor to draw your attention to the reserve noted in the margin, 500 acres of which are at present unenclosed with $\frac{1}{2}$ mile frontage to creek water, and about 140 acres enclosed upon the decision of the Minister for Lands granting my client, James Glass, 250 acres.

Reserve No. 454, County Buckland, Liverpool Plains District.

I am directed to request that you will be good enough to recommend to the Honorable the Minister for Lands, that this matter be allowed to remain in abeyance until the resumption of Parliament, when it is intended to move for the papers and a Select Committee to fully investigate the matter. I may mention this was attempted to be done last Session, but being late towards the adjournment of Parliament for recess, Mr. Bennett, M.P., was advised to withdraw his motion by several Members (the Minister for Lands included), and bring it forward next Session; to this Mr. Bennett consented. My client is so satisfied of his legal rights, that he is prepared to allow his claims to be made the closest investigation, and in the meantime the public interests will not suffer in the least.

This is a most important matter to my client; I therefore trust you will give his application favourable consideration.

I have, &c.,

Mr. G. H. Holmes to The Under Secretary for Mines.

Sir,

21, Exchange Buildings, Pitt-street, Sydney, 9 October, 1879.

I have the honor to draw your attention to the reserve noted in the margin, 500 acres of which are at present unenclosed, with half a mile frontage to creek water, and about 140 acres enclosed on the decision of the Minister for Lands granting my client, James Glass, 250 acres.

Reserve No. 454, county of Buckland, district of Liverpool Plains.

I am directed to request that you will be good enough to recommend to the Honorable the Minister for Mines that this matter be allowed to remain in abeyance until the resumption of Parliament, when it is intended to have the papers and a Select Committee moved for, to fully investigate the matter. I may mention this was attempted to be done last Session, but being late towards the adjournment of Parliament for recess, Mr. Bennett, M.P., was advised to withdraw his motion by several Members (the Minister for Lands included) and bring it forward next Session; to this Mr. Bennett consented. My client is so satisfied of his legal rights that he is prepared to allow his claim to be made the closest investigation, and in the meantime the public interests will not suffer in the least.

This is a most important matter to my client; I therefore trust you will give his application favourable consideration.

I have, &c.,

G. H. HOLMES.

Minutes on No. 107.

Proceedings taken under the direction of the Minister for Lands were in this case stayed, by instruction of Under Secretary for Mines, and no further action has been taken by this Office. This must be forwarded to Under Secretary for Mines with papers, as it may refer to some further action of which I am not aware.—T.W.H., 14/10/79.

The writer may perhaps be informed that if Mr. Glass comply with the requirements in the letter of the 8th instant it is probable no further action will be taken, pending the settlement of his alleged claims. In the meantime the Inspector of Stock may be supplied with a tracing of the reserve and asked to mark upon it the position of the fence, and to report whether provision has been made for travelling stock to obtain free access to the reserve and to water.—H.W., 17/10/79.

Submitted. Approved.—E.A.B., 21/10/79. Copy of above minute of 17/10/79 sent to Chief Inspector of Stock with tracing.—22/10/79. The Chief Officer, Occupation Branch.—H.W., B.C., 22/10/79.

Mr. G. H. Holmes to The Under Secretary for Mines.

Sir,

21, Exchange Buildings, Pitt-street, Sydney, 15 October, 1879.

I have the honor to acknowledge the receipt of your letter* of the 8th instant, addressed to my client, Mr. James Glass, stating that complaints have been made by Mr. McElhone that obstruction by fencing exists upon the road from Breeza to Merriwa, so that access cannot be obtained to the travelling stock reserve No. 454, on Miller's Creek, and unless ample facilities are provided for the passage of travelling stock and access to water therein proceedings will ensue. I am directed to advise you that there is about 500 acres of the reserve referred to unfenced with a frontage of over $\frac{1}{2}$ a mile to the creek, which is now running thereby, giving the public every facility to feed and water their travelling stock. I also have to request that you will be good enough to give the matter every attention and inquiry before a decision be arrived at.

J. McElhone, Esq., M.P., to The Secretary for Mines.

Sir,

Sydney, 15 October, 1879.

• See No. 105.

I have the honor to acknowledge receipt of letter* dated 8th October, in reference to Miller's Creek Reserve No. 454, and to again request that you will give immediate and positive instructions to the Stock Inspector at Tamworth to destroy or remove at once all fencing and obstructions on this reserve. I shall be compelled to bring the matter under the notice of the House as soon as it meets. For over four years this reserve has been closed against the public, and in many cases drovers have been compelled to pay £1 per lot on cattle and sheep to water them on this reserve. In dealing with such persons as Mr. Glass it is useless to warn them—they have had notice several times to remove obstructions off this reserve and take no notice of it.

I trust that instructions will be at once sent to the Stock Inspector to at once remove all obstructions off this reserve. I have already pointed out that it is the only water to be had between the Mooki River and Coulson's Creek, near 30 miles, and as the summer has now set in it is absolutely necessary that this reserve should be open to water stock.

I therefore trust that immediate instructions will be sent to the Stock Inspector to remove all obstructions off the reserve which impedes the free access of the stock to water.

I have, &c.,
J. McELHONE.

CROWN LANDS.

No. 1.

Mr. J. Crowley to The Surveyor General.

Application for the purchase of improved Crown Lands.

Sir,

Richmond, 2 January, 1872.

Having erected the improvements detailed below, and which I estimate to be worth £450, I have the honor to apply that I may be permitted to purchase without competition, under the provisions of the Crown Lands Alienation Act of 1861, the Crown Lands on which they stand, and which are described hereunder.

The improvements referred to are now in my possession.

I have, &c.,

JOHN CROWLEY.

Nature of Improvements.

Stock-yard worth £100, cottage worth £350, on Goangra Reserve, on Tory Wee Waa Station, two allotments—two acres each allotment.

Description of Land.

County of , district of , parish of , town of Liverpool Plains, allotment , section , on the Namoi River, 20 miles above Walgett.

Minutes on No. 1.

Tory Wee Waa Run, in district of Liverpool Plains, is held under a promise of lease by John Crowley.—G.M. Occupation of Lands, 22 January, 1873. Mr. Long, 30 January, 1873.

Applicant may be informed that the land herein applied for is within reserve 75 from lease, Gazette, 1862. That had he made application to secure his improvements within a year of such notification his claim would have been admitted, but that his right of purchase without competition has now lapsed and cannot be revived but by his again becoming lessee of the land.—G.L., 22 January, 1873.

In reply to your letter of the 8th ultimo,* applying to purchase in virtue of improvements two portions of two acres each, on Goangra Reserve, Tory Wee Waa Run, I am directed to inform you that the land in question is situated within reserve from lease No. 75, which was gazetted in 1862.

2. I am to add that, had the application to secure your improvements been made within a year of such notification your claim would have been admitted, but your right to purchase without competition has now lapsed and cannot be revived only on again becoming lessee of the land.

T. G. Dangar, Esq., M.P., to The Secretary for Lands.

Sir,

Legislative Assembly Chambers, Sydney, 12 May, 1873.

I do myself the honor to state that Mr. John Crowley, the lessee of the run called Tory Wee Waa, on the north side of the Namoi River, in the district of Liverpool Plains, has built his homestead upon a reserve which, with the exception of where his house stands, is a purely flooded country, and not at all required for public purposes.

It was one of those reserves marked by Mr. Surveyor G. B. White many years ago, and now seen to be unnecessary.

Under these circumstances I have to beg of you a cancellation of this reserve.

I have, &c.,

THOMAS G. G. DANGAR.

Enclosed, A.

Letter from John Crowley, 16th April, 1873, enclosed.

Minutes on No. 3.

APPLICATION in right of improvements within reserve 13, Liverpool Plains. The reserve from sale 13, of notice 17th July, 1862, reserved from lease at the same date, was a recommendation by the late Mr. Surveyor Debenham, who reported the site as necessary for a future village, and I believe the most suitable portion of the reserve for that purpose is situated on the north side of the river, nearly ten years having elapsed since the reserve was proclaimed.

Probably Mr. Licensed-Surveyor Christie's report should be obtained. The map of the Liverpool Plains District shows the site to be a crossing-place of the roads up and down the river and from the Castle-reagh. Since writing the above I find that Mr. Debenham states in letter, 21st November, 1861, that the traffic from Maitland *via* Coonabarabran to the Barwon comes on the Wee Waa and Walgett route to Cooangra, and the country is in flooded seasons mostly inundated, but at Cooangra the land is beyond the reach of floods.

Copy of report
enclosed, B.

Enclosure B.

Mr.

Mr. Long,—I believe these cases are dealt with by you, and that probably the previous papers should be considered with this application.—J.W.E., 21st May. Deputy Surveyor General.

The report of the surveyor should probably be obtained.—G.L., 21st May, 1873.

It may be obtained if the applicant is willing to pay for it. I do not think the expense of obtaining such reports should be thrown on the Government.—R.D.F., 21 May, 1873.

Mr. Johnson,—Applicant should be applied to, in accordance with Deputy Surveyor General's memorandum of the 21st instant. The cost of report will be six guineas.—G.L., 24th May, 1873.

Submitted. Inform.—4th. Await further action.—14th July, 1873.

[Enclosure A to No. 3.]

Mr. John Crowley to T. G. Dangar, Esq., M.P.

Dear Sir,

Kircargo, Pilliga, 16 April, 1873.

Might I take the liberty of asking you to do me a favour, namely :—I find that I cannot have a piece of ground on which I have built my house put up for sale without competition because it is on a reserve.

I have written to Mr. Moses on the subject. He tells me that if I can show that the reserve is not actually required for public purposes that I can have it cancelled.

Now, as there is a large reserve on the opposite side of the river to me, and I never yet knew my side to be used as a reserve, and from your own intimate knowledge of the country, perhaps you would be kind enough, with Mr. Moses's help, to try and have it cancelled for me.

I am, &c.,

JOHN CROWLEY.

[Enclosure B to No. 3.]

Mr. Surveyor Debenham to The Surveyor General.

Sir,

21 November, 1861.

In compliance with paragraph 4 of your circular, dated July 29th, 1860, I have the honor to draw your attention to the question of proclaiming a reserve at Goangra, on the Namoi River, distant about 25 miles from Walgett.

2. The country between Wee Waa and Walgett, fronting the Namoi River, is in flooded seasons mostly inundated, therefore not well adapted for town reserve. About Goangra the land is beyond the reach of floods.

3. The traffic from Maitland, *vid* Coonabarran to the Barwon, comes on to the Wee Waa and Walgett line of road at Goangera.

4. As the traffic on the main line from Maitland to Walgett is annually on the increase, it might be hereafter desirable to form a township at Goangera, to afford accommodation also to the travelling public.

5. There is a large reserve a few miles higher up the Namoi, at the junction of the Gill Gill Creek, but that the land in that vicinity is liable to be inundated and not adapted for a town reserve.

I have, &c.,

JNO. DEBENHAM,
Surveyor.

Minute.

Ask Mr. Debenham to recommend a specific site for the proposed village reserve at Goangera.—A.G.M., 28th December.

No. 4.

Mr. J. Crowley to The Secretary for Lands.

Sir,

Kircargo, Pillega, 19 May, 1873.

I respectfully beg that you will be good enough to cancel a reserve numbered 75, situate on the north and south banks of the Namoi River, embracing portions of the Tory Wee Waa and Goangra Runs.

This reserve is generally termed "The Goangra Reserve."

I have, &c.,

JOHN CROWLEY.

(Presented by Mr. Dangar, M.P.)

Minutes on No. 4.

This reserve was recommended by the late Surveyor Debenham, who in report 21st November, 1861, represented "that the country between Wee Waa and Walgett fronting the Namoi is in flooded seasons mostly inundated, therefore not well adapted for town reserve. About Goangra the land is beyond the reach of flood. The traffic from Maitland *vid* Coonabarran to the Barwon comes on to the Wee Waa and Walgett line of road at Goangra, and as the traffic on the main line from Maitland to Walgett is annually increasing it might hereafter be desirable to form a township at Goangra to afford accommodation also to the travelling public." As the question of travelling stock routes is under consideration, and this apparently being a crossing-place, Mr. Licensed-Surveyor Christie should be asked to report.—J.W.E.

Mr. Licensed-Surveyor Christie is requested to report.—R. D. FITZGERALD (for Surveyor General), 25th August, 1873.

From personal knowledge I am able to say that this reserve contains the most suitable site I know of for a town within 40 miles of Walgett. On the south side it consists chiefly of dry open plain, slightly higher than the surrounding country, and above flood-mark. On the north side there is also high ground, which would be valuable as a camping ground when the river was in flood. At the river, about the centre of the reserve, there is a good crossing-place. Parties travelling down the north side of the river to Walgett usually cross here. I am not aware that it has been much used as a crossing-place for stock. I would therefore recommend that the reserve be maintained in its present form, to allow the best site for a township being selected when it is thought desirable to establish one in this neighbourhood.—WM. HERBERT CHRISTIE, licensed surveyor, 12 September, 1873.

The above report has been obtained on the enclosed application presented by Mr. Dangar, M.P., to the Honorable the Minister for Lands, and it would appear undesirable to cancel the reserve.—RON. D. FITZGERALD (for Surveyor General), B.C., 22 September, 1873. Surveyor General's Office. Approved.—J.S.F., 11th October, 1873. Under Secretary for Lands. Inform.—13th.

Extract from said report having reference to subject under consideration quoted herein.

Mr. J. Crowley to T. G. Dangar, Esq., M.P.

Dear Sir,

Kercargo, Pillega, 19 May, 1873.

Not with papers.

I am in receipt of yours of the 3rd instant, and in reply beg to forward you all the information I can glean in Walgett relative to the reserve I want cancelled.

Herewith.

I also enclose a tracing from the map in the Walgett Police Office, by which you will see that the reserve in question is numbered 75, but no area is given. I have made a calculation as nearly as I can by the scale marked on the map, viz., 4 miles to the inch, and I make the area 5,175 acres.

I am sorry to say that I could not find the Gazette it was proclaimed in—it must be one of very old date.

This reserve is marked on the map as reserved from conditional purchase. You will also see by the tracing that it embraces both sides of the river.

Thanking you for the trouble you are taking in the matter,—

I am, &c.,
JOHN CROWLEY.

I would most respectfully request you to be good enough to cancel portion of the Goangra Reserve, situate on the northern side of the Namoi River, about 40 acres.

The * form enclosed is a conditional purchase. Send to Land Agent, acknowledge receipt, and inform the writer to the above effect, adding that if the land is part of a reserve it is not open to conditional purchase, and that on the fact being ascertained the application will be cancelled.

If the intention was to purchase under the 8th clause, he should have used the proper form of application for that purpose.

In reply to a letter addressed to T. G. Dangar, Esq., dated 14th July, 1873, in which you desire to know if I am willing to pay the cost of surveyor's report for cancellation of as much of the reserve 13 on the Tory Wee Waa Run as I have made application to purchase, I have much pleasure in paying the expense, and herewith forward a cheque to you for £6 6s. for that purpose.

I shall feel obliged by your having the matter attended to without delay.

I am, &c.,
JOHN CROWLEY.

Minutes on No. 9.

The sum of £6 6s. has been credited this day on the within-described account.—W.N. B.C., Under Secretary for Lands, 29 August, 1873.—G.E. I

I reported on this reserve on the 12th September last, and to that report I now refer. As the cancellation asked for, 40 acres for the purpose of being alienated in virtue of the improvements, might materially interfere with any future design to be made for a town, I still think it would be more desirable to retain the reserve in its present form, and I presume the applicant (Mr. Crowley) if allowed in the meantime to occupy and retain possession of his improvements would be in no worse position than if the land was actually alienated to him. If a special report is required on the 40 acres of land actually applied for, it will be necessary for me to visit the locality before reporting.—Wm. HERBERT CHRISTIE, licensed surveyor, 18th October, 1873. Mr. Long.—30 October, 1873.

The Under Secretary for Lands to The Crown Lands Agent, Wee Waa.

Sir, Department of Lands, Sydney, 16 September, 1873.

In forwarding to you the enclosed informal application (together with a cheque for £10) made by Mr. John Crowley, to purchase under the 13th section of the Crown Lands Alienation Act 40 acres of land, situated on the north bank of the Namoi River, and forming part of the Goangra Reserve, I am directed to request that, as the land therein alluded to appears to be identical with a portion for which Mr. Crowley has already advanced an application to purchase in virtue of improvements erected thereon, you will be good enough to communicate with him, and ascertain whether it is his intention to purchase the land in question under the 13th or 8th section of the Act referred to.

2. I am to add that, in the event of his deciding to adopt the latter course, you will return the cheque and furnish him with a proper form of application (viz., Form A), which should be duly filled in and forwarded direct to this department; but if however he is desirous of taking up the land under the 13th section of the Act, you will apprise him that he should tender a formal application to you, after that part of the reserve on which his improvements are situated has been revoked. Sir, 16 September, 1873.

With reference to your letter of the 16th ultimo, enclosing an application (accompanied by a deposit of £10) to conditionally purchase 40 acres situated on the north bank of the Namoi River, and forming part of the Goangra Reserve, I am directed to inform you that it appears the land in question is identical with that already applied for by you, in virtue of improvements, and on account of which you recently paid the sum of £6 6s. to cover the cost of a surveyor's report, as to the advisability of cancelling so much of the reserve alluded to as would admit of your application being complied with.

See No. 8.

2. I am to add that the Land Agent at Wee Waa (Mr. C. E. Smith) has been requested to communicate with you, in order that it might be ascertained under which clause of the Act (13th or 8th) you desire to purchase the land. See No. 10.

3. In the event of your wishing to purchase in virtue of improvements, the deposit money will be returned, and you will be supplied with the proper form of application—viz., form A—which after being duly filled in should be forwarded direct to this department.

4. The land cannot be selected under the 13th section of the Act until after that part of the reserve on which your improvements are situated has been revoked. I have, &c.,

The Under Secretary for Lands to T. G. Dangar, Esq.

Sir, Department of Lands, Sydney, 27 October, 1873.

Referring to the letter presented to you from Mr. John Crowley, applying for the cancellation of reserve No. 75, on the north and south banks of the Namoi River, I am directed to inform you that as, under a report received from the Surveyor General, the reserve in question contains the most suitable site of a town within 40 miles of Walgett, it is deemed inadvisable to cancel it. The application cannot therefore be complied with. I have, &c.,

The Land Agent, Walgett, to The Under Secretary for Lands.

Sir,

Land Office, Walgett, 21 November, 1873.

See No. 10.

In reply to your letter of the 16th September last, addressed to the Land Agent, Wee Waa, respecting an application by Mr. John Crowley to purchase 40 acres of land situated on the north bank of the Namoi River, and forming part of the Goangra Reserve, I do myself the honor to inform you that, having communicated with Mr. Crowley on the subject, he has expressed his desire to purchase the land in question under the 13th section of the Crown Lands Alienation Act.

I have therefore returned his cheque for £10, and apprised him that he should tender a formal application to me, after that part of the reserve on which his improvements are situated has been revoked.

The Surveyor General to Mr. Licensed-Surveyor Christie.

Sir,

See No. 14.

1873.

I have to request your immediate attention to my instructions by telegram of 1st November,

Enclosed is a copy of telegram and also of Minister's decision for your guidance in dealing with this matter.

I am, &c.,

J. S. ADAM,

(For S. G.)

P.S.—On reference to this decision you will perceive that the Honorable the Minister for Lands desires to know whether, after inspection and mature consideration, you still think the 40 acres should not be measured, and if so large an area ought not to be measured; whether 2 acres, or several 2-acre portions, might not be measured.

No. 17.

Mr. Licensed-Surveyor Christie to The Surveyor General.

Sir,

Narrabri, 31 March, 1874.

Herewith,
Enclosure A.

I have the honor to transmit herewith the plan of a portion of land containing 23 acres 1 rood, No. 1, in the parish of Kercargo, county Denham, applied for by John Crowley, in virtue of improvements under section 8 of the Crown Lands Alienation Act of 1861, and measured by me in accordance with your letter of instructions of the 16th February.

See No. 16

The improvements on this portion consist of dwelling-house, out-houses, large stockyard, and garden; estimated value, £400; are in the possession and occupation of applicant, and situated on Tory Wee Waa Run, and on reserve from lease No. 75 and reserve from sale No. 13.

Herewith,
Enclosure B.

I also transmit tracing showing the proposed boundaries of the parish of Kercargo, in which this portion is situated. The area of the portion is less than the minimum (40 acres) generally allowed, but in accordance with the Hon. the Minister for Lands' decision (in this particular case) of the 9th December, 1873, has been measured between the roads and the river, and, whilst securing to applicant his improvements, will interfere but little or not at all with any design that may hereafter be made in laying out a township on this reserve.

It will be seen from the plan that 40 acres measured with the usual depth of 60 chains would not embrace all the improvements (it would require about 73 acres), and further, that such a measurement would cut through the heart of the highest ground and render the reserve on the north side of the river useless for township purposes. Under these circumstances I am still of opinion that it would be very undesirable to allow 40 acres to be measured with the usual depth, and that if the present survey cannot be allowed, as being less than 40 acres, or not strictly in accordance with the Regulations, it would be better to retain the reserve in its present form and refuse Crowley's application altogether.

I have, &c.,

WILLIAM HERBERT CHRISTIE,

Licensed Surveyor.

Minutes on No. 17.

Submitted. The reserve from lease was notified in 1862, therefore the lessee's claim to purchase has long since expired; but as it is also a reserve from sale, the interests of the reserve are so far secured that the land cannot be alienated to any other person.

Applicant may perhaps be informed. Mr. Christie ought not to have measured this portion, and under the circumstances the admission of his account for same is questionable.—G.L., 28th May, 1874.

Plan should not be received, but the surveyor should be paid for the survey, having been made under directions.—R.D.F.

The improvements being situated on a reserve from lease made in 1862, it is submitted that the land cannot be sold, but the improvements are protected by the reserves.—ROBT. FITZGERALD, for Surveyor General, 29th July, 1874.

Applicant should be informed that the land applied for by him, being within a reserve from lease, he has no claim to purchase without competition, and, as the land is also reserved from sale, he is so far secured that it cannot be sold to any other person.—G.L., 4th June, 1874.

As these papers have been probably misdirected, they are now returned to the Surveyor General.—A: DEWHURST, November 30th, 1877. District Survey Office, Tamworth.

*Not with papers
as not bearing
on subject under
consideration.

These papers were sent to Mr. Dewhurst in connection with * instructions, 19th November, 1874, for design and subdivision of village of Goangra. It appears that the Deputy Surveyor General's memorandum of 29th July, 1874, has not been submitted. After action has been taken thereon the papers should be forwarded

forwarded to Mr. Dewhurst. With reference to the instructions quoted above, it is not clear whether the portion measured by Mr. Christie forms part of the site for the proposed village. If not, Mr. Dewhurst should be requested to report on this case specially, in view of the enclosed papers, as to whether there would be any objection to alienate the land.—R.D.F., for Surveyor General.

These papers, through some inadvertence, appear to have been sent to Mr. Dewhurst. It is clear the land applied for is situate within reserve from lease notified in 1862. From these papers it is also clear that the Deputy Surveyor General recommended Mr. Christie's repeated reports that the reserve shall remain intact, and that to this course the approval of the Honorable the Minister for Lands is attached. The applicant should not longer remain uninformed of the state of the case probably?—G.L., 5th January, 1875.

The Deputy Surveyor General's memorandum is submitted for the Minister's approval.—4th February, 1875. Mr. Crowley should at once be apprised that the land applied for in virtue of improvements cannot be alienated to him. The existence of the reserve protects however his improvements.—W.W.S., 8th. Approved.—T.G., 10th February, 1875.

See preceding
minute of
Deputy Surveyor
General.

Add that in case of its being found expedient to revoke the reserve at some future time the opportunity of purchasing will of course be again afforded him.—W.W.S., 10th.

No. 18.

The Under Secretary for Lands to Mr. J. Crowley.

Sir,

Department of Lands, Sydney, 16 February, 1875.

Referring to your application of the 16th August last to have 40 acres, on which you have made improvements, withdrawn from sale on Goangra Reserve, with a view of your purchasing the same under the 8th clause of the Crown Lands Act, I am directed to inform you that, from a report received from the Surveyor General, the sale of the land in question is considered objectionable; your improvements are however protected from sale during the existence of the reserve. I am to add that if it is found at some future time expedient to revoke the reserve, the opportunity of purchasing will be afforded you.

Re Mr. John Crowley's case Tory Wee Waa Run.

Dear Sir,

Parliament, New South Wales, Sydney, 23 December, 1879.

With reference to our conversation and your official letter on the above subject, I beg to enclose you a letter I have received from Mr. Crowley upon the subject, which may throw some light on the matter.*

Semi-official
letter written by
Minister, not
inserted in letter-
book.
* Enclosed.

In the meantime I am collecting further information for your guidance. The simple facts are these:—Mr. Crowley's old head station improvements were so decayed he resolved to erect new ones.

Heavy floods prevailing, he removed and erected new ones, costing a deal of money, some short distance from the old ones (in sight), at the time not knowing it was a reserve, being the highest ground. The reserve is part of Goangra Village Reserve, but on the opposite side of the river. Where the improvements are erected will in no way interfere with the reserve.

Mr. Crowley's improvements on the land on which such are were measured in Mr. Farnell's time by Licensed-Surveyor Christie, but the Surveyor General refused to approve of his selling the land.

I think Mr. Crowley wants about 16 acres. I feel sure you will look into the case, and see the justice of including Mr. Crowley's case in the Bill to be introduced legalizing certain conditional purchases and other cases. Mr. Crowley's is a hard case. We have many similar precedents.

Mr. J. Crowley to Mr. T. G. Dangar.

Dear Sir,

Richmond, 18 December, 1879.

I received yours. I saw by the *Herald* that you had moved in the House for papers. At present Mrs. Crowley is in Sydney. I know I have not got one letter, I may have the other: they were both from the Surveyor General. I don't think they were worth much. It was the Surveyor General that put a stop to my getting it. It was applied for twice—once in Farnell's time, and Garrett's. Farnell took the most trouble, and sent Christie to survey it. Christie surveyed about 12 or 16 acres; he started from a gum-tree on the bank of the river, and finished at a peg about 12 yards from the corner of the yard. Half he measured is swamp; it was all water last winter, only where the house and yard stood. All he surveyed is inside the road.

Sir,

Legislative Assembly Chamber, Sydney, 26 December, 1879.

I do myself the honor to acknowledge the receipt of your letter of the 13th instant, informing me no particulars could be found in the office with reference to Mr. John Crowley's application for land on Tory Wee Waah Run, or any papers connected therewith, so as to be able to place before Parliament the papers moved for by me and granted by the House.

In reply, I beg to say in a former letter I conveyed to you some particulars on this head, and a letter from John Crowley bearing upon the subject.

Enclosed.

I have communicated with Mr. Crowley for information, and now enclose you a further letter from him relating thereto.

In my last, I was in error as to the quantity of land Mr. Crowley applied for, it being 40 acres. I fancy some record can be found in the Surveyor General's Office, or in Mr. Licensed-Surveyor Christie's measurements.

See No. 19.

I trust you will be disposed to grant Mr. Crowley the 40 acres upon which his head station improvements stand.

Dear Sir,
I received yours of the 19th instant. I am sorry to say I cannot find the letter—40 acres was applied for. It was you or Moses that put in the application. Christie did not survey more than 12 or 16 acres. I will come to Sydney on New Year's Day; I will come down to Tattersalls as soon as I get into Sydney. If you are about there you can see me, and if nothing can be done the matter had better be dropped. I am very much to blame for not taking care of the letters, they were only good to refer to.

Dear Sir,
I enclose a further letter from Mr. John Crowley. This, I hope, with previous ones, will enable you to understand the case and enable the papers to be produced. It seems a very hard case. Mr. Crowley built where his old station stood years before reserve made; they are worth over £1,000. I feel sure you will see he gets justice, and allowed the 40 acres applied for; the portion measured some 16 acres upon which improvements stand.

Dear Sir,
I received yours last night. I wrote you to meet me on the 1st of the year at Tattersall's, if you could. Kercargo Reserve is part of Goangra Reserve; the improvement is in the same place as the old house was, and is worth £1,000. The improvements could not be done for that amount now. (40) forty acres was the amount applied for at first. If I can get the bit that is measured that will satisfy me.

Sir,

Department of Lands, Sydney, 7 September, 1869.

* Can't be traced

In reference to your * letter of the 23rd ultimo, applying to purchase 2 acres near Hargraves, I am directed to inform you, that if your object is to purchase the land under the 8th clause of the Alienation Act, you should apply in the form A appended to the Alienation Regulations.

* Can't be traced

Referring to your * letter of the 16th September, 1869, applying to purchase in virtue of improvements 2 acres of land in the parish of Hargraves, I am directed to inform you that, as the land in question is not within a gold-field, nor under lease to you, it cannot be alienated under the 8th clause of the Crown Lands Alienation Act.

2. I am to point out to you, that if you are prepared to fulfil the conditions of *bonâ fide* residence, you may conditionally purchase 40 acres to embrace your improvements, or you can have that area brought to sale by auction.

I have, &c.,

No. 3.

Mr. D. Cleary to The Secretary for Lands.

Sir,

Lewis' Ponds, Hargraves, 4 September, 1871.

* See No. 2

I beg to state, in reply to your * letter of the 4th July, informing me that I cannot purchase the 2 acres of land applied for on the 16th September, 1869, in virtue of my improvements, under the 8th clause of the Crown Lands Act, as the land in question is not within a gold-field, nor under lease to me,—

1. I beg to state that this 2 acres of land is within a gold-field reserve, and as such has been improved and applied for by me.

2. I humbly beg to submit that there must be some mistake regarding the position of this land.

I am aware that this 2 acres of land has been reported on as being within a gold-field by the Gold Commissioner for the district.

It was also surveyed some time since by Mr. W. Anderson. I therefore respectfully request that you will be pleased to reconsider the matter. Having gone to a great deal of expense in improving the land, I do not wish it to be brought to sale at auction.

Application by Daniel Cleary to purchase unimproved Crown Land without competition, under the 13th section of the Crown Lands Alienation Act of 1861.

Original application not with papers.

APPLICATION to select 40 acres of land at Lewis' Ponds, near Hargraves, county of Wellington, parish of Hargraves, on the west side, and bounding the road from Tambaroora to Louisa Creek, and being between Hickey's 30 acres 1 rood, portion 3, and William Pilley's 2 acres, also opposite Cleary's 27 acres 2 roods, portion 2, lot 17.

DANIEL CLEARY.

Police District of Mudgee, 28 September, 1871, at 3-20 o'clock.

RECEIVED from Daniel Cleary, of Hargraves, the sum of £10 sterling, being a deposit of 5s. per acre on 40 acres of unimproved land, situated at Hargraves, in the county of Wellington, and which I have selected by a written application, as a purchase under the 13th section of the Land Alienation Regulations, dated 1st November, 1861.

Sir,

Department of Lands, Sydney, 29 February, 1872.

I am directed to inform you that the application made by you at Mudgee on the 28th September last, for the conditional purchase of 40 acres of land, has been cancelled, because the land applied for is situated within the population boundary of the town of Hargraves. See No. 4.

(2.) Enclosed is a *form which on being filled up and forwarded to the Treasury, signed by you, together with your deposit receipt, will enable you at once to obtain the refund of the deposit paid on account of the above. * Usual refund form, not with papers.

No. 7.

Mr. D. Cleary to The Secretary for Lands.

Sir,

Lewis' Ponds, Hargraves, 31 May, 1872.

In reply to your *communication of the 29th February last, informing me that my conditional purchase of 40 acres of land has been cancelled because the land applied for is situated within the population boundary of the town of Hargraves, also notifying me to forward my deposit receipt and the £10 paid on the selection of the 40 acres will be refunded to me, in reference to the above, I beg most respectfully to draw your attention to the following facts in connection with this matter:—

1. I beg to refer you to a letter received by me from the Lands Department, 7th September, 1869. See No. 1. The application was forwarded as directed.

2. I would also draw your attention to the Department's letter of the 4th July, 1871. See No. 2.

3. I also draw your attention to my reply to the same, on 4th September, 1871. See No. 3.

4. I also draw your attention to Department's letter of 20th October, 1871, copies of which I attach hereto. I also attach hereto a copy of my letter of the 4th September, 1871. See No. 5.

5. Having waited for a reply to my letter of the 4th September, 1871, until the 28th September, and not wishing to jeopardise my improvements by further delay, I obeyed the instructions of the Minister for Lands and selected 40 acres of land embracing my improvements, which selection I was full justified in, by the Department's letter of the 20th October, 1871, in which my application to purchase 2 acres is the second time refused; and after my stating the facts to the department, that the 2 acres had been reported on by the Gold Commissioner for the district, and also surveyed by Mr. Surveyor Anderson. After free-selecting the land, I immediately built a house on the land, and have fulfilled all the conditions of *bonâ fide* residence from that time at very great expense; I also fenced in a further portion of the land, cleared at great cost, and placed the same under crop. I have also the whole of the timber on the ground ready to enclose the remainder of the 40 acres with a good split three-rail fence.

I estimate the value of my improvements on the 40 acres at the very least £150, and the greatest portion of this expense has been incurred by me through my being deceived and obeying the instructions of the Lands Department, and by their positively refusing to allow me to purchase the 2 acres of land according to my first application.

I therefore humbly submit that I have been most unjustly dealt with by the Lands Department in this matter, and I earnestly and respectfully request that the Honorable the Minister for Lands will consider the hardships of my case, inasmuch as I have been entirely acting under the instructions of the Lands Department.

I beg further to draw the attention of the Minister for Lands to the following facts:—That the land is purchased on each side of this 40 acres (as shown in application to select); that there are no traces of gold in the locality, although the Louisa Creek Diggings has been opened a great many years; since that the land has been reported on by the Gold Commissioner as not auriferous; that I have 60 acres of purchased land near it; that although there has been a commonage gazetted it has only been partly surveyed, and there is not as yet any control exercised over the commonage by any body of trustees, and that my application to purchase (if not my free selection) was made before the commonage was gazetted. See No. 4.

I respectfully decline to withdraw the £10 deposit and to return the deposit receipt, except I am remunerated to the extent of my improvements, namely, £150 (one hundred and fifty pounds).

Yours, &c.,

DANIEL CLEARY.

The Under Secretary for Lands to Mr. D. Cleary.

Sir,

Department of Lands, Sydney, 25 July, 1872.

With reference to your* letter of the 11th ultimo, respecting your conditional purchase of 40 acres at Mudgee, which was cancelled on account of its being within the population boundary of Hargraves, I am directed to inform you that as the purchase in question was illegal the cancellation must stand. * Can't be traced.

2. I am to state that, although at the time of application for the 2 acres alluded to in your letter, the land was outside the gold-fields boundary, it has since been included by proclamation in the Government Gazette within it, and the 2 acres are now about to be appraised for you under the 8th clause of the Crown Lands Alienation Act.

Declaration by Mr. D. Cleary.

Declaration of conditional purchaser, under the 13th section of the Crown Lands Alienation Act of 1861, in cases where there has been no alienation of land.

I, DANIEL Cleary, of Hargraves, do solemnly and sincerely declare that I am the lawful owner, by conditional purchase, under the 13th section of the Crown Lands Alienation Act of 1861, of the land hereunder described, and that improvements consisting of a house, fencing, clearing and stumping, and to the value of £100, have been made on such land; and I declare further, that the said land has been my *bonâ fide* residence continuously from the period of selection and first occupation to the present date, and that no alienation of the land has been made by me. I make this solemn declaration, conscientiously believing the same to be true, and by virtue of the provisions of an Act made and passed in the ninth year of the reign of Her present Majesty, intituled "*An Act for the more effectual abolition of Oaths and Affirmations taken and made in various Departments of the Government of New South Wales and to substitute Declarations in lieu thereof and for the suppression of voluntary and extra-judicial Oaths and Affidavits.*"

Mr. D. Cleary to The Secretary for Lands.

Sir,

Lewis' Ponds, Hargraves, 20 June, 1876.

With reference to a conditional purchase made by me on the 28th September, 1871, of 40 acres, parish of Hargraves, I would respectfully draw your attention to the fact, that although I have completed the purchase of the land, by paying the balance of £30 and making the necessary declaration on the 11th March, 1875, no survey of the land has as yet been made; and as I am anxious to have the boundaries determined, I would respectfully request that you will cause the survey to be made as soon as possible.

No. 15.

M. Fitzpatrick, Esq., M.P., to The Secretary for Lands.

Sir,

251, George-street, 26 November, 1877.

In 1869 Daniel Cleary applied to purchase in virtue of improvements 2 acres of land which the Gold Fields Commissioner for the district had reported as within a gold field reserve, in the parish of Hargraves. His application was however refused, on the ground that the land was not within a gold-field, and he was advised to select 40 acres, to embrace the improvements which he had made. This he accordingly did in September, 1871; but in February, 1872, his selection was cancelled, on the ground of its being within the population boundary of Hargraves; and he was informed that as his selection had then been included within the gold-field, he would be allowed the 2 acres originally applied for, and that the land was about then to be appraised for him under the 8th clause.

This appraisal was never carried out. Meantime Cleary, in November, 1874, made necessary declaration and paid interest to 31st December, 1874, and in March, 1875, he paid up the balance of purchase money upon the conditional purchase—40 acres—which he has improved then and since to the extent of £150.

Under these circumstances, and the fact that all trace of the papers in the case—both of the improvement purchase and the conditional purchase—has long since disappeared from the records of your department, it is my object on the present occasion to urge for your favourable consideration that this is one of the cases which can be properly dealt with and justice done only by means of special legislation, and I have therefore the honor to request that you will cause the necessary steps to be taken leading to that result.

I have, &c.,

MICHL. FITZPATRICK.

Minutes on No. 15.

It appears that the original correspondence relating to both the applications (that is, one under section 8 for 2 acres, and subsequently the conditional purchase now referred to) to purchase 2 acres, and the selection of 40 acres in 1871, have been mislaid; but it is clear that the applicant received advice from the department that it was open to him to make both applications, neither of which has enabled him to obtain the land, nor has the balance of the conditional purchase paid in 1875 been refunded.

It is submitted that, in consideration of the circumstances, the land had better be measured and reported on by the local surveyor, with a view to the propriety being considered of including the selection in the next special Bill.—A.O.M., 14th March, 1878.

Sir,

Lewis Ponds, near Hargraves, 6 March, 1878.

I have the honor to address you on a matter of great importance to me, and to complain at the same time of the erroneous injustice done me by the officials of the Department of Lands, which will be plain to you on a perusal of the accompanying papers, hoping that the looking through them won't be trespassing too much on your valuable time.

The land referred to in the attached papers has not been surveyed as yet, although the whole of the purchase money and deed fee has been paid for years since. By seeing justice done me in this matter, and causing the Department of Lands to furnish me with the deeds of my free selection you will be doing me an incalculable service. If the Minister for Lands is not willing to give me the land, let him pay me for my improvements and return me my purchase money, and I am willing to give up all claim to the land.

No. 20.

Mr. W. Pilley to The Secretary for Lands.

Honorable Sir,

Hargraves, 24 August, 1878.

I beg to state for your information that Mr. Licensed-Surveyor Robertson has a few days ago measured (40) forty acres of land on the Hargraves Common, and within 2 miles of the town of Hargraves, in the county of Wellington, a portion of which is also the Hargraves Racecourse, which has been used by the people of Hargraves town as such for the last twenty-five years; and this measured land is also a very short distance from an auriferous gold reef, known as the Blackfellow's Reef, which has been for years worked for gold-reefing purposes, and the direct line of this gold-bearing reef is measured into this lot of land to Mr. Daniel Cleary, and only about eight (8) acres of this measured (40) forty acres of land is improved, the remaining (32) thirty-two acres unimproved.

Upon the foregoing objections I humbly beg to request that you will take this case into your honorable consideration, and cancel so much of this lot of 40 acres as is measured unimproved, and only grant the sale of the (8) eight acres or thereabouts that is improved, and exclusively only the land upon which the improvements are erected; as many residents in this locality are debarred from purchasing any larger lots of land than (2) two acres, being confined in their purchases, or nearly so, to the areas upon which their improvements are erected.

And hoping your kind attention to this matter as soon as possible, and by doing so you will oblige me.

I beg also to state, for your honorable information, that I am a land proprietor adjoining the (40) forty acres now measured, and resident for the last twenty-five years, and that I have always been given to understand that I could not extend my purchase by selecting any land unimproved adjoining my original purchase, being always anxious to do so, through being on the Hargraves Common and within the distance from the town of Hargraves which debars free selection.

Mr. Licensed-Surveyor Robertson to The Surveyor General.

Sir,

Wellington, 17 October, 1878.

I have the honor to transmit herewith the plan of one portion of land containing 40 acres, numbered 147, in the parish of Hargraves, county of Wellington, applied for by Daniel Cleary under the 13th section of the Crown Lands Alienation Act of 1861, surveyed in accordance with instructions dated 31st May. Copy of plan enclosed.
See No. 19.

The term of residence on this portion has expired. The improvements consist of fencing worth £25, clearing £32—in all about £57.

The portion of No. 98 of 2 acres (shown on plan by broken lines) appears to have been measured by Mr. Licensed-Surveyor Anderson, on Daniel Cleary's verbal application, but the portion has never been purchased.

J. J. ROBERTSON.

Minutes on No. 21.

Mr. Finch,—I see by the pencil note above that you require these papers. I suppose you have the others. I cannot accept the plan until the other papers are acted on.—T.H.L., 24th January, 1879.

Daniel Cleary, void conditional purchase—Special Bill.

The surveyor has misunderstood the instructions forwarded to him, in view of the decision of the 21st March, 1878, and has measured the whole area applied for, with a view to its being alienated under the proposed Validating Act. To this survey an objection has now been made by one W. Pilley, on the grounds that the land is on the Hargraves Common, and encroaches upon the racecourse, which has been in use for the last twenty-five years. The portion is within the Hargraves temporary common, but does not appear to interfere with the racecourse, although adjacent to it. It does not appear that the alienation of the whole area applied for was intended unless the merits of the case would warrant such a course, and as, apart from the protest herein referred to, the alienation of the full area would seem to be objectionable, it is submitted that the justice of the case would be fully met by the alienation (under special Bill) of the land improved—between 8 and 10 acres, and shown by red tint on the accompanying tracing. The voiding of the conditional purchase should take place, it is presumed.—ROBERT D. FITZGERALD, for Surveyor General. B.C., 7th March, 1879. See No. 15.

[Enclosure A to No. 21.]

Report by Mr. Licensed-Surveyor Robertson.

In transmitting the accompanying plan, I have the honor to furnish the following report:—

On the 16th September, 1869, Daniel Cleary applied, under the 8th clause of the Crown Lands Alienation Act of 1861, to purchase 2 acres. Misald.

He was informed by the Lands Department, in a letter dated 4th July, 1871, that as the land was not within a gold-field or under lease to him, he would not be allowed to purchase under that clause, but that he could conditionally purchase 40 acres and upwards, if he was prepared to fulfil the conditions of residence, &c. Cleary again wrote the department, stating that he was sure the land was within a gold-field, and that therefore he was entitled to 2 acres, to which he received a reply on the 20th October, 1871, stating that his application was refused. See No. 2.
See No. 7.
See 5.

Acting upon the suggestion contained in the letter referred to above (dated 4th July, 1871), Cleary applied at the Lands Office, Mudgee, on the 28th September, 1871, for 40 acres, under the 13th clause of the Crown Lands Alienation Act of 1861, with which he tendered the required deposit—£10, and for which he holds a receipt. On the 29th February, 1872, he received a letter from the Lands Department, stating that his conditional purchase application had been cancelled, owing to the land being within the Hargraves temporary common, and instructing him how to obtain a refund of the deposit. Cleary did not obtain the refund, but at the end of three years paid the interest on the balance, and on 11th March, 1875, he paid the balance in full. See No. 4.
See No. 6.

He states that at the time he received notice of the cancellation he had improved the land to the value of about (£80) eighty pounds, consisting of a hut, which has since been removed, in addition to the improvements shown on my plan. See preceding enclosure.

I have known Cleary since about the middle of the year 1872, and can state from my own knowledge that he resided upon the land from that time until the three years had expired. I am of opinion that he has faithfully carried out the conditions of residence.

In submitting the above statement, I would respectfully point out that although Cleary was informed in February, 1872, that his application for 40 acres had been cancelled, even then he was not told that he could purchase 2 acres, and, as at that time he had made considerable improvements on the land, he appears to have relied on the statement made in the letter from the Department of Lands, of the 4th July, 1871, and proceeded with the improvements, and carried out the conditions of residence. See No. 2.

I have no other objection to the sale of the land, except that it is within the Hargraves population boundary, and not open to conditional purchase.

J. J. ROBERTSON.

No. 22.

The Chief Commissioner of Conditional Sales to Mr. W. Pilley.

Sir,

Department of Lands, Sydney, 18 April, 1879.

With reference to your letter of the 24th August last, objecting to the measurement made on account of the conditional purchase noted in the margin, on the ground that the land is on the Hargraves Common, and encroaches upon the racecourse, I am directed to inform you that the portion is within the Hargraves temporary common, but does not appear to interfere with the racecourse, although adjacent to it. As a fact, however, the surveyor acted under a misunderstanding of the instructions issued to him, as it was not, and is not now, intended to alienate the whole of the portion to Mr. Cleary, but only the part containing his improvements, between 8 and 10 acres. See No. 20.

Sir,

Department of Lands, Sydney, 18 April, 1879.

Referring to Mr. Licensed-Surveyor Robertson's measurement of your conditional purchase noted in the margin, with a view to its being alienated under the proposed Validating Bill, I am directed to inform you that the surveyor has acted in this instance under a misunderstanding of the instructions issued to him on the Minister's decision.

It was not intended that the whole area should be measured and alienated, nor is Mr. Hoskins prepared to approve of such; but only so much of the land containing your improvements, between 8 and 10 acres, as shown by red tint on the accompanying tracing.

The necessary steps will at once be taken to have this portion duly included in the Schedule to the proposed Bill.

I am to add that in the meantime the selection has been formally declared void, and refund voucher is now enclosed, which will enable you to obtain a return of the deposit money paid.

Mr. D. Cleary to D. Buchanan, Esq., M.P.

Sir,

Lewis Ponds, Hargraves, 26 April, 1879.

You will see by the accompanying paper* how I am persecuted by the Lands Department; and as you are proverbial for your love of justice and fair play, and at all times willing to act the poor man's friend, I make bold in asking you to expose the fraud intended to be perpetrated on me by the Department for Lands, by calling for all the papers in my case to be laid before the Parliament, and so let the public see how things are done in the Lands Office.

I first made †application for 2 acres. I was sent a form from Sydney to fill up for same, which I did do. Some time after I am written to, telling me that my application is refused, as the land in question was not within the boundary of a gold-field, but for me to select it. I answered that letter, showing as clearly as possible that it was within a gold-field; all to no use,—the Surveyor General would not have it so, and I got an answer to that effect, leaving no alternative but to select the land. I built a house, fenced and cleared a portion of the land, and put in a crop. To my surprise, I am then ordered off the land; that it is cancelled, as it is within the population boundary of Hargraves. I refused to give up my title, I completed my improvements and residence term on the land, made my declaration‡ to that effect, paid interest§ on the balance due on the 40 acres, and next paid the residue|| of the purchase money, deed fee, &c.

I wrote to Mr. Fitzpatrick about the matter, also to Sir John Robertson,* who informed me† by return of post that Mr. Farnell, the then Minister for Land, had promised him that instructions would be sent to the surveyor to measure and report upon it at once, with a view to have it included in schedule in a Bill to be brought before the House to legalize certain lands taken up under similar circumstances.

I now again get another letter, telling me that I will actually get only that portion of the land which I have in cultivation and improved.

I maintain that every sod of the 40 acres is improved. I have cleared all the underwood off it, and killed all the timber on it. As for the common, it was not proclaimed when I selected the land. I suppose the next thing that I will be told about it is, that I cannot get it as it is not within the Colony of New South Wales.

Hoping that you will see justice done me in this matter, as I can make a solemn declaration that this land stands me in not less than £10 per acre,—

I have, &c.,

DANIEL CLEARY.

40 acres, 28th September, 1871, Mudgee, cancelled, within the Hargrave temporary common and population boundary.

With reference to the letter of the 10th instant, addressed to you by Mr. Daniel Cleary, further respecting the case of his cancelled conditional purchase noted in the margin, requesting that he may be allowed the whole area applied for, and not only that improved, I am directed to inform you that this matter has been fully inquired into by the Minister for Lands, who sees no reason to disturb his previous decision in the case, which was conveyed to you on the *19th ultimo.

No. 30.

Mr. Licensed-Surveyor Robertson to The Surveyor General.

Sir,

Ironbarks, 28 August, 1879.

With reference to your instructions of 23rd May, I would most respectfully draw your attention to certain facts in connection with this case, as I do not expect to be at Hargraves until the end of September. My returning this paper unacted upon need not delay the resurvey, because if it is still found necessary to curtail the portion the instruction to do so can be again sent to me before that time.

See No. 21.

See No. 2.

By referring to my letter of 17th October, 1878, it will be found that Cleary applied for 2 acres in September, 1869, and it was not until July, 1871, that he received a reply, stating that he could conditionally purchase. Had that reply been sent to him soon after he wrote he could have legally selected the land, as the temporary common and population boundary were not notified until 1870 and 1871 respectively. I would also point out that Cleary has carried out all the conditions, both of improvements and residence, and that it is now nearly 4½ years since he paid the balance of the purchase money—£30.

If Cleary is only allowed about 10 acres his three years' residence will have been wasted; as in the event of the surrounding land being thrown open to conditional purchase at any future time he would not be able to make any additional selection, but would again have to carry out the conditions of residence.

With regard to the land encroaching on the racecourse, I would beg to explain that when I first measured the land I took in a small portion of it.

It has been so little used of late years that I thought it was merely a track. Before sending in my plan I heard from Cleary that a petition was being taken round for signature by William Pilley, objecting to the sale of the land on account of this encroachment. I took my camp back to Hargraves, a distance of 20 miles, and altered the survey so as to exclude the racecourse. I also saw Mr. Pilley, who appeared satisfied, and said he would not offer any further objection. I may state that Pilley and Cleary are neighbours, and have not been on good terms for some years past.

The Hargraves temporary common embraces an area of about 16,000 acres, and would carry fully twice as many stock as there are on it.

The population of the town is decreasing, as it is merely a mining township, and the gold-field is almost exhausted. This being the case, the withdrawal of 40 acres from the common would not injure any one.

I am induced to make this further report, as Cleary is an industrious struggling man, having a large family depending on him, and I know that the loss of this land would be severely felt by him. As before stated, the resurvey can be made next month if required.

With reference to your instructions of 23rd May, 1879, and to my report of 28th August, 1879, I have the honor to state that I expect to be camped in the neighbourhood of Hargraves for the next ten days, and I would respectfully request that if a resurvey is required the papers may be forwarded to me as soon as possible.

Minutes on No. 31.

Mr. Landers.—Inform by telegram that resurvey should be made as directed by the Minister—that is of the improved land only. Memorandum of instructions should be returned to the surveyor by post.—R.D.F., 8 Oct., 1879.

Memorandum returned to Licensed-Surveyor Robertson.—8 October, 1879.

Mr. Finch, 8 October, 1879.

It has been personally represented by D. Cleary that since the survey was made and before he was informed that only from 8 to 10 acres would be alienated (subject to special legislation), viz., between 27th August, 1878, and 18th April, 1879, he had placed valuable improvements on that part of the 40 acres not embraced by the 8 or 10 acres. It is therefore submitted whether a further report in view of the above should not be obtained from the surveyor or Conditional Purchase Inspector, with a view to re-submitting the case for further consideration, should the statement prove correct.—ROBERT D. FITZGERALD, for Surveyor General, 18 November, 1879.

Having regard to the enclosed reports and other facts, that the applicant was advised in 1871 that he could apply for the land by conditional purchase, and that his conditional purchase made in September, 1871, was not finally cancelled until April, 1879 (after balance of purchase money had been paid, and conditions of purchase declared to, in 1875), I must say that I think he should be allowed to retain, under special Bill, the whole 40 acres, and not merely the portion of that area upon which his improvements are situated.—A.O.M., 18 November, 1879.

I concur with the Chief Commissioner. As the report of Mr. Licensed-Surveyor Robertson, dated August, 1879, places this matter in quite a different light to what it originally presented when the case was previously brought before me, I am of opinion that the full area applied for by Cleary (40 acres) should be included in the validating Bill.—J.H., 19 November, 1879.

IN re survey of land applied for by D. Cleary, resurvey should be made as directed by Minister—that is of improved land only.

Memo. of instructions by post.

No. 33.**Memo. by Mr. D. Cleary.**

I, DANIEL Cleary, beg respectfully to lay before the Surveyor General the following facts relative to an application of mine for certain land situated at Lewis' Ponds, near Hargraves, on the 23rd August, 1869.

I made application to the Minister for Lands for 2 acres of land, by virtue of improvements, situated at Lewis' Ponds, near Hargraves. On the 20th October, 1871 (two years after), I received intimation from the department that, as the land applied for was not within a gold-field, the application must be refused, but was informed by the department that I could conditionally purchase 40 acres. I accordingly did so, paid the balance of purchase-money, &c. (receipt for which I hold), went to a great deal of expense, to the extent of about £200, fencing and improving the said land, when I received another letter stating that the 40 acres of land in question had been cancelled, owing to its being within the population boundary of the town of Hargraves. See No. 23.

About seven years afterwards I again received a letter from the department, informing me that the surveyor had been instructed to survey the said 40 acres. Acting upon this information, I went to the expense of about £50 in further improving the land, and had just completed the improvements when I received a letter to the effect that the surveyor was acting under a misunderstanding when he surveyed the land, and therefore the cancellation must stand; but I was further informed that since my application for the 2 acres, the said 2 acres had been included within a proclaimed gold-field, and were then about to be appraised for me under the 8th clause of the Act.

(The above presented by Mr. Hurley, M.P. (Hartley), with following letter appended thereto.)

Sir,—I would beg to recommend the consideration of Mr. Cleary's case, having received notice from the department that he could have the land, and on the strength of such notification improved it.

I think the land should be given, or an allowance made him, for the mistake of the department.

The Honorable J. Hoskins, Esq., M.P.,

Secretary for Lands.

I am, &c.,

J. HURLEY.

Sir, Department of Lands, Conditional Sales Division, Sydney, 27 November, 1879.

Adverting to the correspondence which has taken place relative to the cancellation of your selection noted in the margin, I am directed by the Minister for Lands to inform you that in view of a further and more recent report from the Survey Department, which places this matter in quite a different light to that it originally presented when previously considering the case, he has determined that the entire area (of 40 acres) of this purchase shall be included in the schedule of the proposed Bill for validating the sale of Crown Lands in this and similar cases.

CROWN LANDS.

No. 1.

Mr. T. Smith to The Secretary for Lands.

Sir,

Penrith, 12 June, 1874.

In pursuance of the conditions annexed to the 30th clause of the Crown Lands Occupation Act of 1861, I have the honor to request that the portion of Crown Lands hereunder described may be leased to me for special purposes under clause 110—lease for special objects; namely, 100 acres on the Blue Mountains, on the south side of the old Bathurst Road, about two miles from Emu Plains, in the county of Cook, district of Penrith, bounded by the old Bathurst Road on the north side running south. Some portion of this land I think is adapted for the growth of mulberry trees for feeding silkworms; and as I have a large quantity of cuttings on hand that I wish to plant out, I beg to offer £1 per year for the above 100 acres for the term of five years.

I am, &c.,

THOMAS SMITH.

Minutes on No. 1.

The land should be described definitely from a given starting point, say such as a marked tree, in order that I may ascertain whether the granting of the application would interfere with other occupations or be otherwise objectionable on public grounds.—A.O.P., 3 July, 1874.

* See No. 2.

Thomas Smith *informed accordingly. 7 July, 1874.

No. 2.

The Officer-in-Charge, Occupation of Lands, to Mr. T. Smith.

Sir,

Occupation of Lands, Sydney, 7 July, 1874.

Referring to your *letter of the 12th ultimo, applying for permission to lease 100 acres of Crown Lands at the Blue Mountains, for the purpose of growing mulberry trees for silk culture, I have the honor to inform you that the land should be described definitely from a given starting point, say such as a marked tree, in order that I may ascertain whether the granting of the application would interfere with other occupations or be otherwise objectionable on public grounds.

I have, &c.,

A. O. PRETIUS,

Officer-in-charge.

No. 3.

Mr. T. Smith to The Secretary for Lands.

Sir,

Penrith, 8 July, 1874.

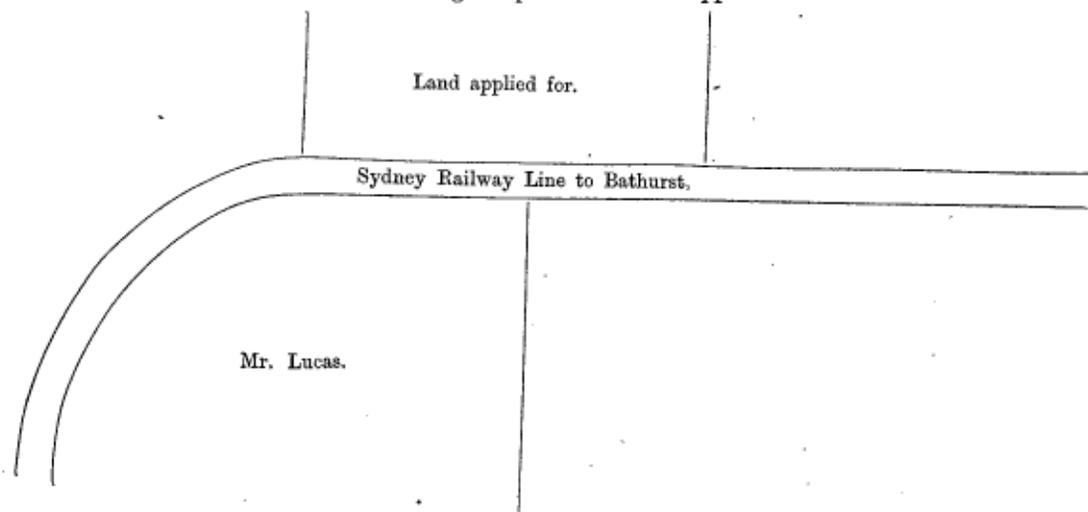

In answer to *yours of yesterday, asking for a starting point of the 100 acres of land I applied for on the 12th of June for mulberry trees for silk culture, the starting-point is at a culvert the south side of railway line opposite land purchased by Mr. Lucas, running on the east by a deep gully bearing south 33 chains; then on the south by a line running west 33 chains; then on the west by a line bearing north 33 chains to railway line; and then along the railway line bearing east 32 chains, to point of commencement.

I have, &c.,

THOMAS SMITH.

* See below.

P.S.—I have enclosed *sketch showing the position of land applied for.—T.S.

*Minutes on No. 3.*

The land applied for appears to be portion of a mineral lease of 240 acres not yet declared forfeited, though not renewed by any payment of rent since 1869.—E. O'D., 27/7/74. The land appears to have been leased previously for mineral purposes. There will probably be no objection to a compliance with this application. Ask the Constable Bailiff to report.—A.O.P., 28 July, 1874.

No. 4.

Mr. A. O. Pretious to Police Bailiff, Penrith.

Sir, Occupation of Lands, Sydney, 29 July, 1874.

I have to inform you that Mr. Thomas Smith has applied for permission to lease 100 acres of Crown Land, starting from a culvert on the south side of the railway line opposite to Mr. Lucas's purchased land, about two miles from Emu Plains, for the purpose of growing mulberry trees to feed silkworms, and I have to request that I may be favoured with a report as to whether you are aware of any objection to the granting of Mr. Smith's application.

The land appears to have been leased previously for mineral purposes.

The culvert shown on the tracing* enclosed is the starting-point according to the description, and the deep rocky gully is the eastern boundary also referred to in the description. The distance from the culvert A to the point C is 33 chains, then the line west as per description from C to D is a little under the length in consequence of meeting the boundary of Donald Ross's 17 acres; thence a line northerly from D to G to the railway line would be about 33 chains. This would give a slight excess of area; the dotted line D F would leave an area of about 100 acres.

From the tracing you will perceive that the 100 acres of land leased by Smith embraces a portion of four allotments of land now in the occupation of Messrs. Reading and another. The latter parties have recently purchased the allotments in question, and subsequently to the lease of 100 acres being granted to Smith. Smith's lease dates from the 18th August, 1874, and Reading's application to purchase, November 30th, 1874. As I still hold your instructions to survey the land applied for by Reading, and was not aware that the survey had been carried out; but it appears that Mr. Reading obtained the services of Surveyor Binsted, who probably was unaware of Smith's previous lease—hence the difficulty that has now arisen.

*Some of the

are probably the
ones referred to.

The enclosed tracing from actual survey, and the accompanying *documents will furnish you with the necessary information. Awaiting further instructions,—

WHAT has been done in the matter of Smith's special lease at Lapstone Hill, which clashes with J. R. Reading's auction purchase there, and the question of boundaries of which was referred (I think) to Licensed Surveyor Pitt some months ago for report?—T.G., 15/3/76.

Minutes on No. 16.

Mr. Licensed Surveyor Binsted was instructed to mark the lease and to forward a plan of it. This instruction was returned on the 28th January, 1876, by Mr. Binsted, with a request to be supplied with a description of the lease required to be marked. It does not appear that any further action was taken, for the last paper cannot at present be found, but I have discovered that application for a description of the lease has not been made to the Occupation Branch.—A.J.S., 15/3/76.

Description of Mr. Thomas Smith's special lease for silk culture, viz. :—

100 acres on the Blue Mountains, on the south side of the old Bathurst Road, about 2 miles from Emu Plains, in the county of Cook, district of Penrith.

The starting point is at a culvert the south side of railway line, opposite land purchased by Mr. Lucas, running on the east by a deep gully bearing south 33 chains; then on the south by a line running west 33 chains; then on the west by a line bearing north 33 chains to railway line; and then along the railway line bearing east 32 chains to point of commencement.

No. 17.

Mr. Licensed-Surveyor Pitt to The Surveyor General.

[Urgent.]

Sir,

Springwood, 19 June, 1876.

Mr. Surveyor Deering has kindly transferred to me (being in the neighbourhood) his instructions to survey the 100 acres of land leased to Thomas Smith for silk culture, in the parish of Strathdon, near Emu Plains. As this lease of Smith's apparently clashes with Mr. Reading's purchased land, as shown on the tracing accompanying my *letter, dated 12th November, /75, I have the honor to request that you will be kind enough to send me a tracing and instructions to Springwood, how I am to measure the 100 acres referred to.

No. 18.

Minute by Mr. Draftsman Peyton.

DEPUTY Surveyor General.—On 30th November, /74, Mr. E. Reading applied to purchase 40 acres described as being near "the Tank" on the first Zigzag. This application was sent to Mr. District-Surveyor Evans, who transferred it to Mr. Licensed-Surveyor Pitt to measure.

A notification was received from Occupation of Lands Office subsequently to the effect that a lease had been granted for the purpose of silk culture to Mr. T. Smith, under Gazette notice 18 August, 1874, and that the Hon. the Minister for Lands had directed that the land be measured without delay. Mr. Licensed-Surveyor Pitt was instructed accordingly.

Mr.

Mr. Pitt now reports that the land he has been instructed to measure embraces part of four portions which were measured by Mr. Licensed-Surveyor Binsted and sold to Mr. E. Reading and another.

A reference to plan C 566-1,507 shows that the above-mentioned portions were actually sold at auction sale as lots A to D of sale at Penrith, on 11th June, /75, portions 50, 51, 52, to E. Reading, and 53 to J. Sangster.

Mr. Pitt having reported now awaits further instructions, and the case is submitted for your consideration.

In dealing with this it may be observed that two things appear certain—first, that a lease has been granted to Smith; and secondly, that the portions above-mentioned were subsequently sold; but that the lease granted includes these portions may be reasonably questioned—the description is in fact itself conflicting.

It is suggested however that if the surveyor be directed to measure a line 32 chains along the railway, starting from the culvert, and to measure lines south from each extremity sufficiently long, to include 100 acres, and to make the southern boundary an east and west line, that he will then measure in accordance with the description as far as its conflicting nature renders that practicable, and that the lease will not then embrace portions 50, 51, 52, and 53.

S.L.P., 5th July, /76.

Minutes on No. 18.

It is recommended that rather than make any attempt at a survey of Mr. Smith's lease steps should be taken for its cancellation, both on the grounds of inconsistent description and want of *bonâ fides* as to the purpose for which the lease was obtained. That inconsistencies in a description should be taken advantage of by the Government for the cancellation of a lease is not a course that could be generally recommended; but where a lease has been granted to the public detriment and upon false grounds such inconsistencies should, I think, be made the most of in the public interest. If this suggestion be adopted, so much of the land claimed by Mr. Smith as is deemed necessary for public recreation should, I think, be dedicated for that purpose, and the remainder (if any) be subdivided in small lots and sold at public auction.—ROBT. D. FITZGERALD (for Sur. General), 14 July, /76. B.C., the U. S. for Lands.

The papers respecting the lease cannot, it appears, be found in the Occupation Branch. The existing lease, having been granted prior to the Act of 1875, is illegal and inoperative, if conflicting with land legally sold.—A.O.M.

This lease was granted by my predecessor; for that reason, and inasmuch as the honor of the Crown has been thereby pledged, and there is no proof before me of the want of *bonâ fides* on the part of the lessee, I cannot see my way clear to take the very unusual course of cancelling the lease he holds. By a recent communication handed to me by the lessee, and which I handed on Monday last to the Deputy Surveyor General with a sketch, it appears Smith is willing to accept his area exclusive of the portions sold to Reading. Under these circumstances the survey should proceed, as I have already directed should be proceeded with; and the *bonâ fides* of the lessee remain to be exhibited by his action when he has been put into possession of his land with properly defined boundaries.—T.G., 21/9/76.

No. 19.

Mr. T. Smith to The Secretary for Lands.

Sir,

Penrith, 14 September, 1876.

I beg to inform you that I am put to great loss and inconvenience in consequence of the ground leased by me for silk culture at Zigzag not being surveyed. The wire and fencing material is on the ground, and my men are now waiting to commence enclosing same; but I am unable to make a start, as the surveyor, Mr. Pitt, has not yet commenced to mark it out, and he informs me that no instructions have yet been received by him where to survey. I understood when in Sydney that he had received definite instructions respecting the surveying of the land herein referred to. This delay prevents me from fencing, and therefore nearly all the trees that I planted out last year have been destroyed by the cattle, and those I have lately planted will, I am afraid, be subject to similar treatment unless the land is surveyed, so as to enable me to enclose same. I therefore trust that you will kindly give the necessary instructions again, as I feel sure that you are not aware of this delay.

I have, &c.,
THOMAS SMITH.

Pitt, letter No. 76/36, of 10 October, and on which Mr. Licensed Surveyor Pitt's early report in explanation is requested.

Subject.

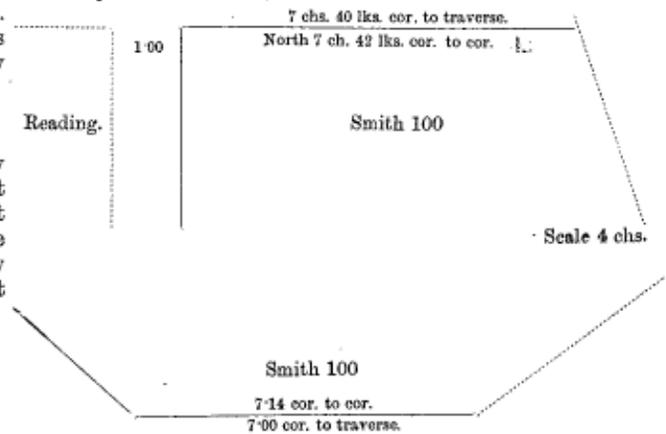

Mr. Pitt is requested to state the actual length of boundary lines terminating in corners c & b, as it does not appear from Mr. Pitt's plan whether traverse lines Nos. 1 and 12 coincide with parts of the east and west boundary lines of portion No. 94. It is desirable that Mr. Pitt should illustrate his explanation by diagram on a large scale. Mr. Pitt is requested to give this matter his immediate attention, as the case is very urgent.—P.F.A., 18/10/76.

Mr. Pitt's explanation is not sufficiently clear in the absence of a sketch. Mr. Pitt should supply this as requested in the first instance. Attention is further drawn to the fact that the length, 8 chains 42 links, now given by Mr. Pitt, does not agree with that shown on plan.—P.F.A., 23/10/76.

West boundary, 8 chains 42 links, 8 chains 40 links, to traverse from Reading's north-west corner; east boundary, 7 chains 14 links; 7 chains to traverse.

No. 27.

Mr. T. Smith to The Surveyor General.

Sir,

"Red Cow Inn," Penrith, 13 October, 1877.

I am in possession of a lease of about 100 acres of land situated at Lapstone Hill, near Emu Plains, for the purpose of sericulture, in accordance with clause 30 of the Crown Lands Act of 1861; and having erected the improvements detailed below, which I estimate to be worth £150, I have the honor to apply that I may be permitted to purchase without competition, under the provisions of the Crown Lands Amendment Act of 1875, the Crown Lands on which they stand, and which are described hereunder. The improvements referred to are now in my possession.

I may mention that, through some mistake of the Department of Lands, 30 acres of the best of the land of my leasehold was put up and sold by auction to Mr. Reading, which has greatly depreciated the value of my land. I therefore trust that you will allow me to purchase the 100 acres referred to at the upset price of (£1) one pound per acre, as the Government have surveyed me off 30 acres of bad land instead of the 30-acre choice lot sold to Mr. Reading.

I have, &c.,
THOMAS SMITH.

Nature of Improvements.

The improvements consist of clearing, fencing, and planting out mulberry and other trees for the purpose of sericulture.

Mr. M. Bayley to The Under Secretary for Lands.

Dear Sir, 134, Pitt-street, 18 February, 1878.

I have the honor to state that, in conformity with your instructions, I have visited and carefully inspected the land situate in the parish of Strathdon, county of Cook, applied for by Thomas Smith, to be purchased in virtue of certain improvements, and found that sufficient improvements had been effected to comply with the Act.

In conjunction with Mr. Wright, on the part of applicant, we proceeded to assess the value of the property, after appointing an arbitrator. My assessment was £250 and that of Mr. Wright was £130. Not being able to agree we called in the services of Mr. Harris, the arbitrator, who fixed the value at £130, and I now beg to enclose you the papers referring to the matter.

See preceding papers.

* Preceding papers.

THE enclosed papers* were withdrawn from the Executive Council for further consideration before final confirmation of the sale to Mr. T. Smith in virtue of improvements.

It will be seen that the granting of the special lease to Smith was originally approved by the present Minister for Lands, and that the application to purchase was directed to go on by Mr. Garrett.

The Deputy Surveyor General having recently inspected the land and the improvements, the Minister has desired me to refer the papers to him for any observations he may have to make with regard to the same before deciding what course should be pursued.

W.W.S., 15 July, '78.

Minutes on No. 36.

Approved.—J.S.F., 17/7/78.

I have no hesitation in recommending that the sale should not be carried out. It is obvious that there are no *bond fides* in the case. Within a few days Mr. Smith altered his intention of applying for a lease from one for a quarry to one for the culture of silk. Mr. Smith has held the lease at a rent of £1 for nearly five years, and the only progress made in that time towards the production of silk is the erection of some fencing and the recent planting of a few apple trees and mulberry cuttings, which I have no doubt would be found to be no bar to the immediate subdivision of the land into villa sites for sale should it be granted to Mr. Smith. The so-called improvements I consider to be of no value, and that set upon the land to be grossly under-estimated, being only 1s. above the lowest upset price per acre of ordinary country land. Judiciously subdivided it would fetch from £20 to £30 per acre.—ROBT. D. FITZGERALD, for Surveyor General, 18 July, 1878.

In submitting the above report as to the value of the land, improvements, &c., I think it due to the Government appraiser to point out that he assessed the value of the land at £250, or about £2 per acre, and that it was Mr. Smith's appraiser who valued it at £1 per acre—an award which was upheld by the umpire. I am also aware that Mr. Bayley took some trouble to arrive at a correct estimate of the value of the improvements—that question having been referred to him also; and in his note enclosed, I think, shows that he gives very fair reasons for arriving at the conclusion that they were of sufficient value to entitle the applicant to purchase. As to whether the improvements were actually made for the purposes for which the lease was originally granted (*viz.*, for sericulture) is not of course a question which came under Mr. Bayley's cognizance. It now rests of course with the Minister to decide whether, under the circumstances, the action taken in the case can be revoked.—W.W.S., 24 July, '78.

Enclosed.

A statement of the facts of the case should be made for submission to the Attorney General for his opinion thereon.—J.S.F., 6/9/78.

[Enclosure to No. 36.]

Mr. M. Bayley to The Under Secretary for Lands.

Note referred to.

Dear Sir,

134, Pitt-street, 22 July, 1878.

In reference to our conversation of this morning as to the extent of improvements made by Mr. Smith on the 100 acres (portion 94), situate in the parish of Strathdon, county of Cook, I made a minute examination of the property, and was fully convinced from my own observation and from particulars I gleaned that the requisite improvements had been made.

They consist of the clearing and planting of about 10 acres of land, together with fencing. The latter I set very little value on; but the former I am convinced, from the size and closeness of the surrounding timber, could not have cost less than from £9 to £10 per acre for clearing alone. To this must be added the trenching the ground and value of the trees planted.

I remain, &c.,

M. BAYLEY.

Mr. C. Moore and others to The Under Secretary for Lands.

Sir,

167, Pitt-street, Sydney, 6 August, 1878.

We, the undersigned residents of Sydney, humbly pray that the land applied for by Mr. Smith as a lease for sericulture at Wascoe's Siding above Emu Plains, on the Great Western Railway, in the county of Cook, be reserved from sale for recreation and as a village site, with the usual portions set apart for burial purposes.

We append a sketch* of the land applied for.

And, as in duty bound, your petitioners will ever pray.

Minutes on No. 37.

This matter was referred to the Attorney General for his opinion as to whether the Government could refuse to carry out the sale of the land, having in view the action already taken by them in the case, and the provisions of the 28th section with regard to appraisements. The opinion* of the Attorney General was to the effect that the Government was bound legally and equitably under the circumstances to carry out the sale. A protest against the alienation of the land has been lodged by a few residents of Sydney. It is submitted, in view of the Attorney General's opinion, that the protest cannot at this juncture be entertained.—J.McG., 3/12/78.

No. 38.

Minute by Under Secretary for Lands.

APPLICATION of Mr. Thomas Smith to purchase in virtue of improvements land held by him under special lease.

The facts of this case are as follows:—

Mr. Thomas Smith obtained a special lease of 100 acres of land near Emu Plains, Penrith, under clause 31 of the Crown Lands Occupation Act of 1861 (now repealed) for a period of five years from the 1st January, 1874, to 31st December, 1878, the object for which the said lease was applied for being that of sericulture.

The form in which these special leases were granted was in the shape of a letter conveying special authority to occupy, but was held to be equivalent to all intents and purposes to a formal lease.

I have mentioned this for the purpose of giving full information,—not that I believe the Minister for Lands wishes to raise any question as to the legality of the mode in which the lease was granted.

In October, 1877, Mr. Smith applied to purchase the land in virtue of the improvements effected by him during the currency of the lease, a right which was ordinarily conceded in the case of leases issued previously to the passing of the Lands Amendment Act of 1875, which contains a prohibitory provision as regards the right to purchase. See clause 38.

The application was approved by Mr. Garrett, then Minister, and the case was therefore sent on for appraisal in the usual way. Mr. Bayley, the Government appraiser, assessed the land at £250. Mr. Smith's appraiser valued it only at £130, which latter valuation was confirmed by the umpire. Mr. Bayley also, it will be seen, reported that the improvements were of sufficient value to carry the right of purchase. The appraisal was then submitted to and approved by the Executive Council, being the final stage before the completion of the purchase, but was withdrawn previously to the minute being confirmed, as the Minister desired to make inquiry as to some representations made to him against the sale being allowed, which will be found detailed in the enclosed *minute of the Deputy Surveyor General of the 18th July last, who states his opinion that the land has been grossly undervalued, that the purpose for which the lease was granted has never been carried out, and that its sale to Smith would entail a considerable loss of the public revenue.

* See minute on No. 38.

The question on which an opinion is desired is, whether the Government can now legally or equitably refuse to carry out the sale, for the reasons stated by the Deputy Surveyor General and in the public interests, having in view the proceedings already taken in the matter, and the provisions of the Crown Lands Alienation Act of 1861, as to cases referred to appraisal.

Opinion of Attorney General.

Re Mr. Thomas Smith's application to purchase land leased by him under s. 30 of Crown Lands Occupation Act.

An application to purchase having been approved by the Minister and sent for appraisal, I am of opinion that the Government is bound by that appraisal, however incorrect it may be deemed (in the absence of actual fraud). See 25 Vic. No. 1, s. 28, sub-s. 4, and 25 Vic. No. 2, s. 23, sub-s. 4.

I do not think that, having in view the proceedings taken already in this matter, the Government can legally or equitably refuse to carry out the sale merely because the land is undervalued, unless a clear case of fraud is made out, which, judging from the papers submitted, does not seem to be the case here.

The Under Secretary for Mines to The Under Secretary for Lands.

Sir,

Department of Mines, Sydney, 2 June, 1879.

I am directed by the Minister for Mines to request that you will please to move the Minister for Lands to cause the following to be supplied, for the information of Sir John Robertson and the Minister, respecting a special lease for sericulture at Lapstone Hill, Bathurst Road, granted to Mr. Smith, viz. :—

- 1st. What is the date of the first application?
- 2nd. Who was the Minister for Lands?
- 3rd. What was the first Ministerial action and its date?
- 4th. Has any land been alienated in virtue of improvements under the special lease clause of 1875.
- 5th. If so, please give particulars.
- 6th. Was there any Ministerial instruction of a general kind, and for future guidance of action, with regard to sales of such specially leased land, ever given by any Minister; and if so, has it been revoked, and by whom and how?
- 7th. And what has been the practice in regard to sales of land improved under special lease clause where the proviso as to right of purchase is inserted and where the proviso is not inserted?

I have, &c.,

HARRIE WOOD,

Under Secretary.

No. 48.

Précis of the Case.

On the 12th June, 1874, Mr. Thomas Smith applied, pursuant to the 30th clause of the Crown Lands Occupation Act of 1861 (now repealed) for a special lease of 100 acres of land, situate at Wascoe's Siding, county of Cook, for the purposes of sericulture.

The Constable Bailiff was requested to report if there was any objection to the granting of Mr. Smith's application on public grounds.

On the 6th August, 1874, the Bailiff reported that there was no objection to the lease in question. On this report the officer in charge of the Occupation Office, without reference to the Survey Office, recommended that the lease should be granted, as it was in furtherance of a new industry.

Mr. Farnell, the then Secretary for Lands, approved of this recommendation, and on the 18th August, 1874, it was notified in the Gazette for public information that Mr. Smith was permitted to lease the land.

On the 24th September, 1875, Mr. Licensed-Surveyor Pitt was instructed to carry out the survey of the land applied for.

On the 12th November, 1875, Mr. Pitt reported that the land claimed by Mr. Smith embraced part of four portions, viz., 50, 51, 52, and 53, purchased at auction sale by Messrs. Reading and Sangster on the 11th June, 1875, and requested to be supplied with a tracing showing what form the measurement should take.

The question of interference between the lease and the land sold at auction arose from the lease being granted with a description inconsistent throughout, the application not having been referred to the Survey Office.

The Deputy Surveyor General submitted that where a lease had been granted to the public detriment, and upon false grounds, any inconsistencies in the description should be taken advantage of and made the most

most of in the public interest ; and further, that the lease applied for by Mr. Smith should be cancelled on account of the false grounds upon which it was obtained, and recommended that if his suggestion was approved of so much of the 100 acres claimed by Smith as might be deemed necessary for the purpose of public recreation should be dedicated for that purpose, and the remainder subdivided into small lots and offered at auction sale.

Upon this recommendation the Secretary for Lands, Mr. Garrett, stated that as the lease had been granted by his predecessor the honor of the Crown had thereby become pledged, and as there was no proof before him of the want of *bonâ fides* on the part of the lessee, he could not see his way clear to take the unusual course suggested by the Deputy-Surveyor General, viz., that of cancelling the lease. Mr. Garrett also stated that, as Smith was willing to take his land, exclusively of the portion sold to Reading, the survey of his lease should be forthwith carried out as previously directed by him, and that the *bonâ fides* of the lessee should remain to be exhibited by his action when he was put into possession of his land with properly defined boundaries.

On the 14th September, 1876, Mr. Smith wrote to the department stating that he was put to great inconvenience by the non-survey of his land. All the trees he had planted were destroyed by the cattle.

Mr. Garrett thereupon gave instructions that the survey should be carried out immediately.

On the 10th October, 1876, Mr. Pitt, licensed surveyor, surveyed the land as portion 94, of 100 acres, and upon this report Mr. Garrett wrote, "Expedite action on this case, which has been delayed some time already." This completed the action as regards the lease.

On the 13th October, 1877, Mr. Smith applied to purchase, in virtue of improvements, the 100 acres herein referred to.

The application, upon being referred to the Occupation Office was indorsed—"Applicant is the lessee of 100 acres of land in the position indicated in his application ; right of purchase in respect of improvements was not debarred." Upon this Mr. Garrett ordered an appraisal.

On the 9th January, 1878, Mr. Marshall Bayley was instructed to appraise the land and the improvements in virtue of which the land was applied for.

On the 15th January, Mr. Smith appointed Mr. John Wright to act as appraiser on his behalf.

Mr. Bayley's estimate of the value of the land was £250 ; Mr. Wright's, £130. As the appraisers were unable to agree they appointed an umpire, Mr. J. Harris, who fixed the amount to be paid by Mr. Smith at £130.

On the 18th February Mr. Bayley forwarded to this department the papers in the case, together with a statement to the effect that he had inspected the improvements and found them to be of sufficient value to entitle applicant to purchase in virtue thereof.

On the 19th June the award was submitted for the approval of the Governor and Executive Council, but was withdrawn by Mr. Farnell after approval, but before confirmation, for further consideration.

The papers were subsequently referred by the Under Secretary, at the instance of the Minister, to the Deputy Surveyor General, for comment, as that gentleman had previously inspected the land. Mr. Fitzgerald wrote :—"I have no hesitation in recommending that the sale should not be carried out. It is obvious that there is no *bonâ fides* in the case. Within a few days Mr. Smith altered his intention of applying for a lease from one for a quarry to one for the culture of silk. Mr. Smith has held the lease at a rent of £1 for nearly five years, and the only progress made in that time towards the production of silk is the erection of some fencing and the recent planting of some few apple trees and mulberry cuttings, which I have no doubt would be found to be no bar to the immediate subdivision of the land into villa sites for sale should it be granted to Mr. Smith. The so-called improvements I consider to be of no value, and that set upon the land to be grossly under-estimated, being only one shilling above the lowest upset price per acre of ordinary country land. Judiciously subdivided it would fetch from £20 to £30 per acre."

The Under Secretary, in submitting the minute to the Minister, said that the point to be determined was whether under the circumstances the action taken in the matter could be revoked.

Mr. Farnell thereupon decided that the facts of the case should be submitted to the Attorney General for his opinion.

On the 2nd October, 1878, the Attorney General gave the following opinion :—

"An application to purchase having been approved by the Minister and sent for appraisal, I am of opinion that the Government is bound by that appraisal, however incorrect it may be deemed (in the absence of actual fraud), see 25 Vic. No. 1 section 28, sub-s. 4, and 25 Vic. No. 2, section 23, sub-s. 4. I do not think that, having in view the proceedings already taken in this matter, the Government can legally or equitably refuse to carry out the sale merely because the land is undervalued, unless a clear case of fraud is made out, which judging from the papers submitted does not appear to be the case here."

On the 6th August a letter was received from Messrs. Moore, Clarke, Macintosh, and others, protesting against the sale of the land applied for by Smith, and requesting that it might be set apart for the purposes of recreation.

On the 20th December they were informed in accordance with the Attorney General's opinion on the subject. Upon the opinion of the Attorney General, Mr. Farnell decided that the Executive Minute recommending sale of the land should go on for confirmation.

The minute was confirmed by the Council on the 7th October, 1878, and on the 22nd October Mr. Smith was called upon by notice in the Government Gazette to pay the appraised value, which he did on the 7th November following.

L.G.T., 2/6/79.

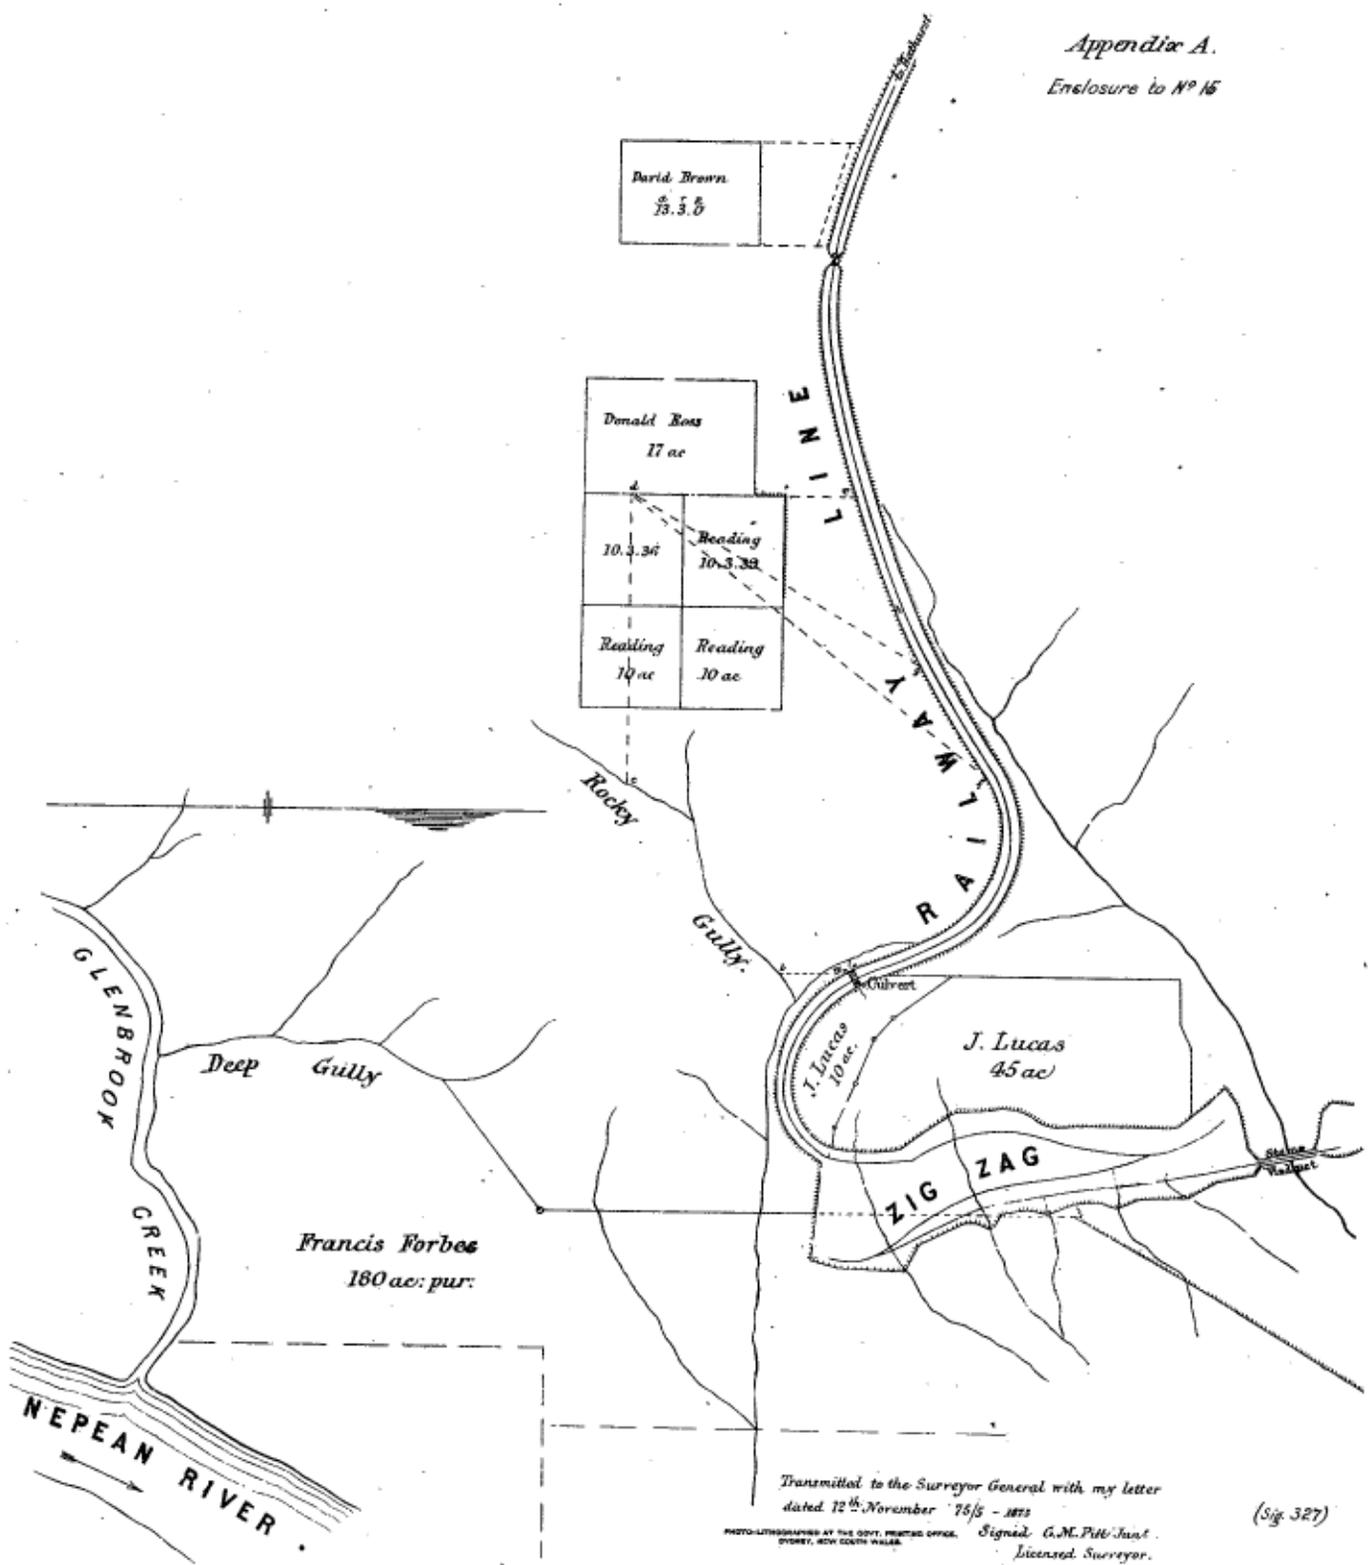

Minutes on No. 48.

With reference to the alleged value of the land sold to Mr. Smith, I would observe that Mr. E. Fairfax purchased land immediately adjoining, at public auction, at £1 16s. per acre, i.e. far less than was put on Mr. Smith's land by Mr. Bayley, the Government appraiser.—W.W.S., 3/6/79.

The deed of grant for this portion of 100 acres to be prepared.—J.H., 11/6/79. Deed prepared.—16/6/79.

No. 293 of 1876.

Application by Charles Herbert White for the conditional purchase, without competition, of 640 acres unimproved Crown Land.

Received by me, with a deposit of £160, this 26th day of October, 1876, at 10 o'clock,—

CHARLES L. C. BADHAM,

Agent for the Sale of Crown Lands at Urana.

Sir,

26 October, 1876.

I am desirous of purchasing, without competition, under the Crown Lands Alienation Act of 1861, the portion of unimproved Crown Land hereunder described, containing 640 acres; and I herewith tender the sum of £160, being a deposit at the rate of 5s. per acre on the area for which I apply.

I am, &c.,

C. H. WHITE,

Mr. F. Jenkins to The Chief Commissioner of Conditional Sales.

Sir,

Buckingham, Narandera, 4 August, 1877.

On the *13th June last †I applied to the Minister of Lands, Sydney, under the Improvement Act, for portion 170, of 160 acres of land, on the Columbo Creek, parish Morundah, county Urana, adjoining my portion of 200 acres, for a dam and tank, and which I have been to a great expense in erecting to secure water for my stock.

I saw by one of the local papers that the same portion, 170, had been selected since by a man named White, who has a selection of 500 acres on the south side of my portion.

I wrote to Mr. Badham, the Crown Lands Agent, Urana, and he desired me to write to you and explain the matter. Hoping you will give it your earliest consideration, as my stock are wholly depending on that part of the creek for water, as you could see by the map that portion of the creek contains all the water from the dam,—

Mr. District-Surveyor Bolton to The Surveyor General.

Sir,

District Surveyor's Office, Wagga Wagga, 21 August, 1877.

I do myself the honor to return herewith E. H. White's application for 640 acres, in the parish of Morundah, county of Urana, embracing portion No. 40 and adjacent land. The land to the north of portion 40 was measured by Mr. Licensed-Surveyor Scott as portion 94 (*vide* his letter of 5th June, 1877), but he does not seem to have measured the balance on the south side of No. 40; why, I cannot say. It will be seen by Mr. Scott's plan* that the land taken up by White embraces the Widgiawa and Morundah Run boundary fence, in itself worth more than £40.

It will also be observed that the accompanying applications by Mr. Cochrane and Mr. Jenkins are for some of the land applied for by White, and in virtue of the same improvement, *viz.*, the run fence, &c. The run fence was up long before it was contemplated to revoke the Yanko Reserve; and whoever is the owner should, I think, be entitled to purchase land in virtue of it.

I have, &c.,

C. F. BOLTON,

District Surveyor.

Minutes on No. 8.

Forwarded to Mr. District-Surveyor Bolton, who may see from the enclosed tracings,* papers, &c., that the portion (94) measured by Mr. Scott, together with portion 40, comprises the whole of the land applied for by the conditional purchaser, although the area applied for cannot be embraced within the limits of the description. Applicant would not be entitled under his description to any land south of portion 40. In reference to the improvements, I would draw attention to the incompleteness of Mr. Scott's report; he values the fencing at £40 (allowing only half value, it is presumed, for the fence on boundary between 40 and 94), but does not state who owns it. The value per mile of the fences running north and south is not stated. If the fence between 94 and 40 is worth £80 per mile, it will certainly protect an area of 40 acres or upwards, measured in accordance with regulations. A design should be submitted as early as possible, showing a portion or portions to embrace the fences accordingly, or the value on such portion, and value per mile should be stated. The position of the land applied for in virtue of improvements cannot be definitely determined, but they are, it is presumed, intended for land on either side of the boundary fence. Only improvements made prior to date of the conditional purchase should be taken into consideration as against the conditional purchase.—CHARLES E. FINCH, for Surveyor General, B.C., 29th November, 1877. Mr. District-Surveyor Bolton.

Mr. District-Surveyor Bolton to The Surveyor General.

Sir,

District Surveyor's Office, Wagga Wagga, 12 September, 1878.

I beg to acknowledge the receipt of your B.C. of 29th November, 1877, and, in reply, I do myself the honor to report that the boundary fence of Widgiewa Run was erected by Mr. James Cochran, and cost over £80 per mile, and as Mr. Jenkins did not contribute towards the payment for the cost of the fence, I do not think he has a right to any land in virtue of it; and the value of the north and south fence, which is not worth more than £60 per mile, would not entitle him to 40 acres in virtue of it; hence I think his application should not be entertained. Mr. Scott evidently refers to improvements effected by White. I consider Mr. Cochran's fence would, in its present stage, entitle him to 60 acres, as etched blue.*

‡ See No. 20.

From this report it appears that James Cochran, the lessee of Widgiewa Run, who *applied for 100 acres of land in virtue of improvements, is entitled to purchase 60 acres, being the northern part of portion 40, parish of Morundah, the improvement being the boundary fence between Widgiewa and Morundah Runs. Francis Jenkins, the lessee of Morundah, † also applied for land (120 acres) in virtue of improvements, of which the fence referred to above forms part; but as that fence was erected by the lessee of Widgiewa, and the other improvements are not of sufficient value to entitle the owner to purchase, his application cannot be allowed. The improvement purchase referred to entirely severs C. H. White's conditional purchase, portions 40 and 94, the one part being portion 94 of 255½ acres, and the other being 139 acres of the southern part of portion 40. It is therefore suggested that the applicant be allowed the alternative of retaining either of those areas, in satisfaction of his conditional purchase, or of having the whole conditional purchase declared void. Each of the parties interested may appeal to appraisal, so far as his claim may be affected by decision on the above recommendation. In view of the request contained in ‡78-43,147 conditional sale, the conditional purchaser should receive a refund on 185½ acres, as the land described in his application and measured for him, including the 60 acres above referred to, contains only 454½ acres.—ROBT. After action in Conditional Sales Branch forward to Survey Branch, in order that Cochrane's improvement purchase application may be dealt with. Under this decision refund of deposit on 185½ acres should be made to White, who should also have the option of retaining portion 94, of 255½ acres, or the southern part, 139 acres of portion 40, receiving refund of deposit on the area not accepted, or he may have his purchase *declared void.—F.H.W., 9 April, 1879. The conditional purchaser, C. H. White, has applied for, and paid the fee, for an appraisalment of the value of the improvement (fence) erected by the lessee of the Widgiewa Run, Mr. Cochrane. I request Mr. Lindsay Thompson to see that there is no unnecessary delay in having the appraisalment held, and it is my direct and positive instruction that Mr. Rebello shall not be employed by the Government in any way in connection with the said appraisalment, and that the conditional purchaser as well as the other parties interested in this appraisalment shall receive fourteen days' notice in writing of the day when such appraisalment will take place. The Chief Commissioner of Conditional Sales to Mr. C. H. White.

Sir, Department of Lands, Conditional Sales Division, Sydney, 8 May, 1879.

With reference to your letter of the 12th August last, applying for a refund of deposit on 185½ acres of your conditional purchase, that area not being available, I am to inform you that your request will be complied with at an early date; but in the first place I am to state that a further reduction will have to be made in the area of this selection in consequence of the improved purchase of James Cochran (60 acres), which has been approved, and cuts your selection into two parts, containing respective areas of 255½ acres and 139 acres (*vide* enclosed* sketch), consequently you will only be able to hold one of the portions, in satisfaction of your purchase.

I am, therefore to inquire which of the portions you would wish to hold as your conditional purchase. You are, however, at liberty to have the whole of your selection declared void, and the deposit refunded if you prefer the adoption of that course. An early reply is requested.

I have, &c.,
A. O. MORIARTY,
Chief Commissioner.

J. McElhone, Esq., M.P., to Mr. Stobo.

Dear Sir,

Will you ask the Minister for Lands to stop the appraisalment in case of Cochrane's conditional purchase, and Chas. H. White's conditional purchase, Urana, and to stop all proceedings pending further inquiry, and oblige,—

Sydney, 10 June, 1879.
Yours, &c.,

Mr. A. G. Martin to The Secretary for Lands.

Sir, 287, George-street, 11 June, 1879.

In reference to the Chief Commissioner's letter of the 8th May last, wherein he states that a further "reduction will have to be made in the area of selection in consequence of the improvement purchase of James Cochrane (60) sixty acres, which has been approved, and cuts your selection into two parts, consequently you will only be able to hold one of the portions in satisfaction of your purchase; I

am therefore to inquire which," &c., &c., I have the honor, on behalf of Mr. Charles H. White, to object to the alienation of the said land to Mr. James Cochrane, because the improvements (fencing), in virtue of which he desires to purchase is under the value of forty pounds (£40). I therefore request that a special appraisalment may be entered upon to determine the value of improvements on his selection.

I herewith append cheque for one guinea, the usual fee in such cases.

I have, &c.,

ALEX. G. MARTIN.

Appointment of Appraiser.

Appointment of appraiser by the Minister for Lands to determine the value of improvements forming matter of dispute.

WHEREAS Charles Herbert White, on the 26th October, 1876, conditionally purchased the land specified below, through which passes the boundary fence of the Morundah and Widgiewa Run, and the surveyor reports that as the fence is the property of James Cochran, the lessee of the Widgiewa Run, and worth £60, his claim to purchase 60 acres should be entertained: And whereas C. H. White protests that the improvements effected by the lessee upon his purchase are not of the value of £40: Now I, the Under Secretary for Lands, having been duly authorized by the Minister for Lands, in pursuance of the powers vested in him under and by virtue of the Crown Lands Alienation Act of 1861, do hereby appoint Henry Baylis, of Wagga Wagga, in the Colony of New South Wales, to be the appraiser on behalf of the Crown, to appraise the value of the said improvements effected by James Cochran, and existing on the land at the date of Charles Herbert White's conditional purchase, viz., 26th October, 1876.

In witness whereof I have hereto set my hand, this 8th day of July, 1879.

W. W. STEPHEN.

Description.

454 acres 3 roods, in the parish of Morundah, county of Urana.

I, the within-named Henry Baylis, do solemnly and sincerely declare that I am not directly or indirectly interested in the matter referred to me, and that I will faithfully and honestly, and to the best of my skill and ability, hear and determine the matters referred to me under the Crown Lands Alienation Act of 1861.

No. 26.

The Under Secretary for Lands to The Police Magistrate, Wagga Wagga.

Sir,

Department of Lands, Sydney, 8 July, 1879.

The Secretary for Lands having deemed it advisable that you should be specially appointed to act as appraiser in the case of the Crown *versus* James Cochran, I am directed to state for your guidance certain facts connected with the matter which are not fully set forth in the accompanying letter of appointment.

See No. 25.

454 acres 3 roods,
in the parish of
Morundah,
county of Urana.

On the 26th October, 1876, Mr. Charles Herbert White conditionally purchased the land specified in the margin, and on the 1st November, 1876, Mr. James Cochran, the lessee of Widgiewa Run, applied to purchase, in virtue of the fence which divides the Morundah from the Widgiewa Run, a part of the same land.

You will thus see that the persons concerned in the result of the inquiry are Mr. C. H. White and Mr. James Cochran respectively, and you will understand that the Crown, in the interests of which you have been appointed, is the representative of the former, and that Mr. Cochran forms the second party to the appraisalment.

The provisions and requirements of the law respecting appraisalment are contained in the 28th section of the Crown Lands Alienation Act of 1861, and the additional regulations published in the Government Gazette of the 27th September, 1876, *copies of which are forwarded herewith; and while

*Not necessary.

urging

urging the necessity of the strictest adherence to the whole of these, I am particularly to draw your attention to the fact that the appraisal must be conducted in open Court, and that fourteen days notice in writing of the time and place appointed for the holding of it must be given to every person interested in the case.

When the value of the improvements is being determined, their character, dimensions, construction, and uses should be critically investigated, and a letter containing a comprehensive and detailed description of them forwarded to this department.

The award, when transmitted, should be accompanied by a report containing the name of the place where the inquiry was conducted, the date upon which it was held, the names of the persons to whom the required notice was given, the names of those who supplied evidence and were present during the investigation, and a statement showing whether the witnesses were examined upon oath.

It is desirable that the *tracing forwarded to you herewith for your guidance should be returned with the position of the improvements shown upon it. *See enclosure to previous papers.

In conclusion I may observe that due diligence should be used by you in furnishing an award, and care taken to guard against any informality which might render the appraisal nugatory.

I have, &c.,

W. W. STEPHEN.

P.S.—I am to add that the Secretary for Justice and Public Instruction has been apprised of your appointment to act as appraiser in this case.

Sir,

Department of Lands, Sydney, 8 July, 1879.

In reply to your letter of the 11th ultimo, requesting that the improvements effected by James Cochran, the lessee of Widgiewa Run, upon the conditional purchase of your client, Mr. C. H. White, specified in the margin, may be determined by appraisal, I am directed to inform you that in view of the urgency and importance of the matter, the Secretary for Lands has specially appointed Mr. Henry Baylis, of Wagga Wagga, to act as appraiser on behalf of the Government. In these circumstances, Mr. James Cochran will have the option of concurring in the appointment of the Government appraiser, or appointing an appraiser on his own behalf; but Mr. Baylis has been instructed to give your client not less than fourteen days' notice in writing of the time and place appointed for the holding of the appraisal, in order that he may have an opportunity of producing evidence on his own behalf. 454 acres 3 roods, in the parish of Morundah, county of Urana, selected at Urana 29th October, 1876.

Sir,

Department of Lands, Sydney, 8 July, 1879.

I am directed by the Secretary for Lands to intimate that events have occurred which render it necessary to obtain the services of Mr. Henry Baylis, Police Magistrate at Wagga Wagga, as appraiser, to determine the value of the improvements on certain land in dispute between the Crown and the lessee of Widgiewa Run. It is hoped that, in view of the circumstances and the urgency of the case, no objection to the appointment of Mr. Baylis will be raised by the Secretary for Justice and Public Instruction.

Application for the purchase of improved Crown Lands.

Sir,

Buckingsong, 10 July, 1879.

Having applied for the improvements detailed below, and which I estimate to be worth £78, I have the honor to apply that I may be permitted to purchase, without competition, under the provisions of the Crown Lands Acts Amendment Act of 1875, the Crown Lands on which they stand, and which are described hereunder.

The improvements referred to are now in my possession.

The Police Magistrate, Wagga Wagga, to The Under Secretary for Lands.

Sir,

Police Office, Wagga Wagga, 12 July, 1879.

I have the honor to acknowledge receipt of your letter of 8th instant, enclosing papers connected with my appointment as appraiser in the case of the Crown *versus* James Cochran.

1. I do not understand from your letter whether or not I am to be sole appraiser in this matter; and if not so, I request that you will inform me whether or not Mr. James Cochran has been called upon to appoint an appraiser on his behalf, or whether I am required to give him notice to do so.

2. By the regulations the Court of Appraisement is to be held at some convenient place in the district. Will you kindly inform me if I am to hold the Court at Urana, the most convenient place for the parties interested, or at this place, Wagga Wagga. By the printed forms forwarded to me the cost of an award by a single appraiser is fixed at 10s. 6d. My coach fare to Urana and back will be £3, and I shall have to incur other expenses while staying there. Is there any regular form of notice to be given of the time fixed by me for holding the Appraisement Court? No forms of notice are amongst those sent to me. I deem it my duty to inform you that I have been on intimate friendly terms with Mr. James Cochran and his family for the last eighteen years, which is well known to the people in this district, and I should therefore have wished some other than myself had been appointed to this duty.

HENRY BAYLIS, P.M.

Minutes on No. 32.

This case was not disposed of by me, but the letter conveyed sufficient information for the guidance of Mr. Baylis. He may be informed that he has not been appointed as sole appraiser, and that Mr. Cochran has been communicated with by this department and informed that within sixty days from Mr. Baylis's appointment he should concur in his appointment as sole appraiser, or appoint an appraiser on his own behalf, and that if he should fail to take either of these courses and communicate with Mr. Baylis, Mr. Baylis will, under the provisions of the 3rd clause of the 28th section, hold himself to be appointed by and act on behalf of both parties. The appraisement should, it is submitted, be held at Urana. Mr. Baylis may, it is presumed, be informed, with reference to the fees payable to him, that whatever expenses he necessarily incurs will, on the approval of the Minister, be liquidated; and in respect to the 3rd paragraph of his letter, that any notice, so long as it is intelligible and made in accordance with the regulations, will suffice. Attention is specially invited to the concluding paragraph of the letter.—H.A.G.C., 26/7/79. Approved.—J.H., 26/7/79.

It appears from the enclosed *report from the Charting Branch that a measurement according to existing regulations can be made to include the lessee's improvements. This is decisive of the matter at issue under the appraisal, except that the area protected by the improvements is some acres less than under the surveyor's estimate. The conditional purchaser should take advantage of the option already offered him, otherwise his selection is liable to cancellation.—A.O.M., 22 October, 1879.

Approved. Steps should be taken, without delay, to notify the conditional purchaser of the award, and a refund voucher sent to him for the portion which he cannot obtain.—J.H., 23 October, 1879.

The measurement in right of the lessee's improvements should be made from the northern part of portion 40. The Deputy Surveyor General will please give the surveyor instructions to that effect.—J.H., 4 December, 1879.

Instructions sent to Licensed-Surveyor Lipscombe to measure accordingly.—W.F., 5/12/79.

Appraisalment by Mr. Baylis.

To all to whom these presents shall come—

I, Henry Baylis, of Wagga Wagga, in the Colony of New South Wales, Police Magistrate, send greeting:—

Whereas on the *8th day of July, in the year of our Lord 1879, I was duly appointed by the Minister for Lands, and on the †22nd day of July, in the year of our Lord 1879, by James Cochran, of Widgiawa, in the Colony of New South Wales, as the sole appraiser to fix and determine the value of the improvements said to exist on certain Crown Lands described in the margin, conditionally purchased by Charles Herbert White, at the date of such conditional purchase, a description of which improvements and land is set out in the schedule in the paper writing hereto annexed, marked A: And whereas I have entered upon the consideration of the value of the said improvements, and have heard and considered the evidence produced before me, by or on behalf of the Minister for Lands and the said James Cochran: Now I, the said Henry Baylis, do hereby declare the sum of £49 10s. 7d. to be the value of the said improvements at the date referred to, and do appraise and fix that sum as the value thereof; and I assess and fix the cost of this appraisalment payable to me at the sum of 10s. 6d., which said sum I direct shall be paid by the Minister for Lands.

In witness whereof I have hereto set my hand and seal, at Urana, this 18th day of August, in the year of our Lord 1879.

HENRY BAYLIS,
Appraiser.

Minutes on No. 35.

Mr. M'Lean,—Will you be good enough to state whether the lessee's improvements can be included in an area measured in accordance with the regulations, and in what manner the conditional purchase will be affected by the measurement.—H.A.G.C., 30/8/79.
[Urgent.]

A measurement according to existing regulations to include the lessee's improvements can be made extending from Colombo Creek to the road on eastern boundary of portions 9 to 4, 40 and 41. (See tracing, blue tint.)—W. A. M'LEAN, 30/8/79. The Under Secretary for Lands.

This measurement completely severs the conditional purchase. The lessee will, it is presumed, be allowed to purchase an area in right of his improvements, and the selector, who will doubtless choose portion 94, as containing his improvements and the larger area, allowed the alternative of retaining one portion or obtaining a refund of deposit upon the whole area. It will be seen that Mr. F. Jenkins, whose run adjoins that of Mr. Cochran, denies that, as reported by the surveyor, the fence was erected at the sole expense of Mr. Cochran. In the sworn evidence, however, Mr. Jenkins makes no reference to ownership, and Mr. Cochran makes a statement corresponding to that of the surveyor.—H.A.G.C., 2/9/79.

For decision.—W.W.S., 30.

The Chief Commissioner of Conditional Purchases, for report.—J.H., 6/10/79.

No. 36.

Mr. Appraiser Baylis to The Under Secretary for Lands.

Sir,

Police Office, Wagga Wagga, 20 August, 1879.

Referring to your letter of 8th July last, forwarding to me my appointment as appraiser on behalf of the Crown, in the case of a claim made by Mr. James Cochran to be allowed to purchase, in right of improvements, on the land specified in the margin, I have the honor to state that, on the 23rd July last I received from Mr. Cochran his formal concurrence in the appointment, which I now enclose, and that I then caused a notice (the original of which I also enclose), to be served on Mr. Cochran and Mr. White, fixing the holding of the Appraisalment Court at the Court-house, Urana, on the 18th August instant, at noon.

I accordingly attended there at the time appointed, and opened the Court. As Mr. Cochran was the claimant in the case, I directed him to bring forward his evidence first, and afterwards Mr. White gave his evidence and called his witnesses.

In the course of the examination of Mr. White, Mr. Cochran wished to ask him questions in reference to Mr. White having turned sheep of his (Cochran's) off the land; but I promptly stopped him, as the questions referred altogether to some supposed injury inflicted by White, and were beside the subject then before the Court.

The fence in question is shown to have been a boundary fence, dividing the Widgiawa Run from the Morundah Run, consisting of 13 chains and 92 links of split pine posts and 6 wires, and 65 chains and 35 links of 4-railed split pine posts and rails. It was erected to enable the lessee (Cochran) to work his run to the greatest advantage.

On

On a perusal of the evidence taken by me, you will perceive how very widely the witnesses who were called on either side differ in their estimate of the value of the fence. I myself have known the fence since it was first erected. I last saw it in March, 1878, and it struck me as utterly absurd for the witnesses Moffat and Ratke to value it at only £14 per mile. Had they valued it at £40, or even at £30 per mile, I should most probably have attached very considerable weight to their testimony.

Herewith.
* Appendix D.

Agreeably to your instructions, I made Mr. White mark upon the *tracing the situation of his improvements, which consist of boundary fences, a house, and the usual out-offices of a dairy farm, and a portion of ploughed ground. They are shown on the tracing by the letters A and B.

After carefully considering the evidence, I arrived at the decision to fix the value of the fence at £50 per mile, being the lower estimate given by Mr. Jenkins. The tracing shows two pieces of fencing, extending from the creek northerly to the boundary fence. Mr. Cochran wanted to have them valued in with the boundary fence; but as my instructions were confined to ascertaining the value of the boundary fence alone, I declined to take those cross-fences into account. Before closing the Court I declared to the parties interested the amount of my award.

I have, &c.,

HENRY BAYLIS, P.M.,
Appraiser.

No. 37.

Mr. Appraiser Baylis to The Under Secretary for Lands.

Sir,

Police Office, Wagga Wagga, 20 August, 1879.

See No. 35.

In forwarding the accompanying award in the case of the Crown against James Cochran as to the value of a boundary fence erected by James Cochran on land which was conditionally purchased by Charles Herbert White on the 26th October, 1876, consisting of 454 acres and 3 roods, in the parish of Morundah, county of Urana, and which fence existed at the time the said conditional purchase by Charles Herbert White was made, I have the honor to state that the appraisalment was conducted strictly in accordance with the requirements of the 28th section of the Crown Lands Alienation Act of 1861, and the Additional Regulations respecting appraisalment published in the Government Gazette of 27th September, 1876; and that fourteen days notice in writing of the time and place appointed for the holding of it was given to Charles Herbert White and James Cochran.

The inquiry was conducted in open Court at the Court-house, Urana, on the 18th August, 1879, and during the investigation there were present the following persons, who were examined as witnesses upon oath:—On the part of the claimant—James Cochran, Patrick Hartnell, Constantine Francis Bolton, Francis Jenkins, and Patrick Breen; and on the part of the Crown—Charles Herbert White, Archibald Moffat, Robert Ratke, and John Hagerstie.

Enclosed, A.

With respect to the evidence, the documentary part of which is forwarded herewith, and the general merits of the case, I may state there appears to be a very wide difference of opinion as to the value of the fence in question. The estimate of value given by the witnesses Moffat and Ratke, who were called to give evidence by Charles Herbert White, namely, £14 per mile, convinced me that they were incompetent to form anything like a correct estimate of its value. I preferred to rely upon the evidence of Mr. F. Jenkins and Mr. District Surveyor Bolton, who were, so far as I knew, altogether disinterested in the result of the case, and who are gentlemen of great practical experience in such matters. I therefore valued the fence at the lowest estimate given by Mr. Jenkins, namely, £50 per mile, and I declared my appraisalment of the value of the boundary fence comprised within Mr. White's selection to be £49 10s. 7d.

The character and uses of the improvements were fully entered into at the time their value was being determined, and a complete and detailed description of them is given in the enclosed report.

I have, &c.,

HENRY BAYLIS,
Appraiser.

[Enclosure

Urana, 18 August, 1879.

EVIDENCE taken at Appraisement Court to determine the value of a boundary-fence erected by James Cochran on land conditionally purchased by Charles Herbert White.

At a Court of Appraisement holden by me, Henry Baylis, Esquire, sole appraiser, at the Court-house, Urana, on the eighteenth day of August, in the year of our Lord one thousand eight hundred and seventy-nine, at noon, to appraise the value of a portion of the boundary-fence between the Widgiwa Run and the Morundah Run, comprised within the 454 acres and 3 roods of land conditionally purchased by Mr. Charles Herbert White, in the parish of Morundah, county of Urana, on the 26th day of October, 1876, the following evidence was adduced.

Present:—Mr. Charles Herbert White and Mr. James Cochran.

James Cochran, being duly sworn, on his oath saith as follows:—I am the lessee of the Widgiwa Run, in the county of Urana; the tracing now produced to me shows the portion of 454 acres and 3 roods of land which have been conditionally purchased by Mr. Charles Herbert White; that land includes a portion of the boundary-fence between my run and Mr. Francis Jenkins's run, Morundah; that boundary-fence was erected by me at my own cost; the fence is a four-railed split fence, with morticed posts and of pine timber; it was erected in 1865; it is a sheep and cattle proof fence, dividing my run from the Morundah, and it was erected by me to separate my stock from the Morundah stock; at that time I had sheep on my run, and the Morundah Run had both sheep and cattle upon it; the fence cost me £80 per mile, and in October, 1876, it was of the same value to me; the post and rails fence included in the conditional purchase of Mr. C. H. White is 65 chains and 35 links, and there is also 13 chains and 92 links of a split post fence with 6 wires, which cost me £60 per mile; there is also a piece of cross-fencing 5 chains and 16 links in length, and another piece of 3 chains and 25 links on the same land; the last-mentioned two pieces of fencing were erected for dividing my paddocks; the total of the wire-fencing is 22 chains and 33 links, all of which is of 6 wires, except the small portion of 3 chains and 25 links, of which I am not certain about—it may be only of four wires; I claim 88 acres in virtue of the fences erected by me on the land.

In answer to Mr. White: I had no cattle at the time I erected this boundary-fence.

JAMES COCHRAN.

Taken and sworn before me, at Urana, this 18th day of August, 1879,—

HENRY BAYLIS, J.P.,
Appraiser.

Patrick Harnett, being duly sworn, on his oath, saith as follows:—I am overseer to Mr. James Cochran, on the Widgiwa Run; I know the fence dividing the Widgiwa Run from the Morundah Run; it was a sheep and cattle proof fence at the time Mr. White took up his selection; the continuation from the post and rail fence to the creek which was a 6-wire fence was in good repair at that time, and served all the purposes it was intended for, in keeping the sheep and cattle apart; the two pieces of wire fencing shown on the plan, as crossing from the creek to the boundary-fence, the longest is of six wires, and the shorter piece is of five wires.

In answer to Mr. White: The four-railed boundary-fence was in a good state of repair, and was sheep and cattle proof when you took up your land; there might have been some of the posts bound up with wire; I have not seen any forked sticks there for propping up the fence; when you came there the fence was not equal to a new fence; I have never seen any cattle going through that fence; one portion of the post and rail fence is in a swamp, which has been occasionally covered with water; the water leaves the swamp when the creek ceases to run; I cannot say if the fence was barked when it was first erected; I know the wire fence, the posts were split, and of medium size; I do not know what was the number of the wire used in it; the short piece of wire fencing from the creek to the boundary-fence is not cattle proof—it is sheep proof; I do not know the height of it.

To Mr. Cochran: It is often the case that even new posts have to be bound up with wire, the pine being a very brittle wood.

Witness—HENRY BAYLIS, J.P.

Taken and sworn before me, at Urana, this 18th day of August, 1879,—

HENRY BAYLIS, J.P.,
Appraiser.

Constantine Francis Bolton, being duly sworn, on his oath saith as follows: I am a district surveyor, and the county of Urana is under my supervision; I know Mr. C. H. White's selections on the boundary of the Widgiwa and Morundah Runs; I know the boundary fence dividing those runs, and lying between the main road from Urana to Narrandera, and the Colombo Creek, forming part of the northern boundary of the Widgiwa Run; I first saw that fence in 1867 (September), and I last saw it in August, 1878; the selection by Mr. White takes in a portion of the boundary fence of about 65 chains, and I estimated it at about £1 per chain; the fence was in good repair when I inspected.

To Mr. Cochran: I have been on the staff of the Survey Department about sixteen years and connected with the department about twenty-two years, and in the course of my duty I have had to make numerous reports on cases similar to this; I knew that the wire fencing from the termination of the post and rail fence to the creek existed at the time I made my inspection, but I did not estimate in my valuation of the boundary fence; I valued the post and rail fence comprised within Mr. White's selection at about £1 per chain, and gave in a lump sum of £60 as my valuation of it; I know that this fence was put up for the *bonâ fide* working of the station, being a boundary fence, and that the fence was erected some time anterior to 1867.

To Mr. White: I saw this fence in 1867; I did not put any valuation on the fence then as I had no occasion to do so; when I saw it again in 1878 it was not in as good repair as when I saw it in 1867—it had suffered from age as of course; when I last saw it, it was a fence that would keep stock which were ordinarily controllable out or in; I saw that it had undergone repair, but I did not notice that any of it had been propped up; I did not examine minutely every rod of fencing, but I put a value upon the fence; I do not know when the wire fencing was put up.

C. F. BOLTON.

Taken and sworn before me, at Urana, this }
18th day of August, 1879,—

HENRY BAYLIS, J.P., Appraiser.

Charles Herbert White, being duly sworn, on his oath saith as follows:—I am the party who on the 26th October, 1876, conditionally purchased the portion of land shown on the tracing now produced, consisting of 454 acres and 3 roods, in the parish of Morundah and county of Urana; I have resided on the land since I selected; my residence is near the north-east corner, and is shown on the plan by the letter A*; I have sunk a well at the house and a dairy-yard at the rear of the house, also an underground dairy at the back of the house; I have enclosed the whole portion with a fence, from the north-east corner along the Narrandera Road to Mr. Cochran's boundary fence, with a post and six-wire fence; from the boundary fence to the south-east corner and along the south boundary by a post and top-rail and five-wire fence; a small portion of the creek boundary by a post and rail fence, which has yet to be wired; and the north boundary is a post and three stout wire fence; I have put up no subdivision fences; at the time I selected the land there was a four-railed split post upon it, which I believe was not barked when erected; Mr. Cochran's people were mending up this boundary fence for twelve months after I had selected it, and until I had got my south boundary fence erected; the fence was in a dilapidated condition; it was a fence that could not have been taken up and used for any other purpose; there may have been a few of the rails that could have been put to use as a fence again; the fence stands in a swamp, and the land there has been used as a bye-wash from Mr. Jenkins's dam on the creek; at the time I selected the land I saw cattle belonging to both Mr. Jenkins and Mr. Cochran walk through the fence; at the time I selected the land the fence was worth about 5s. 6d. per chain, that is for the post and rail fence, and the

*See Enclosure D
to No. 36.

the wire fence was worth about 7s. 6d. per chain for the six-wire, and for the five-wire fence about 5s. per chain; I omitted to state that I had ploughed a portion of my land of about 10 acres near the creek, at the point now marked B on the tracing.

In answer to Mr. Cochran: About a fortnight after I had selected my land I was informed that you claimed land there in virtue of the boundary fence; Mr. Jenkins also sent me a notice claiming £120 for the fence; I kept the land and enclosed it; the boundary fence is still there, and it has not been used by me in any way; I have never been interfered with by you or by Mr. Weir in the possession of the land nor persecuted in any way; some time ago I cut the little wire fence for the purpose of getting to the brickyard, and some of your sheep came in on to my land.

C. H. WHITE.

Francis Jenkins, being duly sworn, on his oath saith as follows:—I am lessee of the Morundah Run; I know the boundary-fence between Morundah and Widgiewa Run; the fence cost about £80 per mile, and there were other expenses attached to it; I knew the fence in October, 1876, and the fence served all the purposes it was erected for up to the time Mr. White took up his selection; the remainder of the fence outside Mr. White's selection still is a boundary-fence between the runs, and answers its purpose.

To Mr. White: I have been along the fence many times previous to your selecting it; there might have been a post or two bound up; there are not many bound up now; I have not been along the fence for the last three years, but before that I was often along it; I believe the timber was all barked before it was put into the fence, but I cannot be sure now; the water always overflowed into your swamp whenever the creek rose high; I have often seen the place covered with water.

To the Appraiser: When Mr. White selected the land the fence was worth £50 or £60 per mile, that is, allowing for its wear and tear, but it cost considerably more—over £80 per mile; the post and wire portion of the fence was worth at the time the land was selected by Mr. White as much as it cost when it was put up—about £60 per mile.

Taken and sworn before me, at Urana, this }
18th day of August, 1879,—

FRANCIS JENKINS.

HENRY BAYLIS, J.P., Appraiser.

Patrick Breen, being duly sworn, on oath saith as follows:—I am a fencer; I know the four-railed boundary-fence between Widgiewa and Morundah Runs, and also the split post and wire fence on the land selected by Mr. White; a fence like the post and rail fence could not be put up at the present time for less than £70 per mile; I cannot put a price on the wire fence, as I do not know the cost of wire.

To Mr. White: I was boundary-riding along the fence on the land you have selected at the time you selected it; it was in a good state of repair at that time; I have never known any sheep to go through it from Widgiewa, or to come from Mr. Jenkins's side; cattle had broken a post of it occasionally, and I had to repair it; I have not seen any of it propped up with forked sticks, except when I found a post broken; I propped it up the best way I could until I could get a new post to repair it with; I do not remember ever seeing any of the posts that were rolled through at the lowest mortice-hole; I could not put any value upon the fence at the time you selected it; if the fence had been taken up at the time you selected it I could not now say what quantity of it could have been used again as a fence.

Taken and sworn before me, at Urana, this }
18th day of August, 1879,—

PATRICK BREEN.

HENRY BAYLIS, J.P., Appraiser.

Archibald Moffat, being duly sworn, on his oath saith as follows:—I am a farmer and grazier, residing on the Morundah Run; I have seen the four-railed boundary-fence which intersects Mr. White's selected land; I have seen other portions of the same fence, over the plain to the eastward of Mr. White's; I am aware that the fence within Mr. White's land is in a swamp; I believe the timber was not barked when the fence was erected; the bark is on nearly all the posts now, and on a great many of the rails; in October, 1876, I saw the continuation of the same fence, and where the land was dry the fence was standing up, but where it was swampy the fence required continual patching; taking one mile with another throughout the length of the boundaries the fence in October, 1876, was worth £14 per mile, and it is not worth that sum now by a long way; I value the pieces of wire fencing near the creek at £8 15s. 1d.; I own a selection on the Morundah Run.

In answer to Mr. Cochran: My father also owns land on the Morundah Run, up to the Widgiewa boundary-fence; the fence keeps your sheep out from our land; that is to the best of my belief.

Taken and sworn before me, at Urana, this }

HENRY BAYLIS, J.P., Appraiser.

Robert Ratke, being duly sworn, on his oath saith as follows:—I am a farmer, living on the Colombo Creek; I know the four-railed boundary fence on Mr. White's selected land at Morundah—I first saw it about five years ago; I have seen water in the swamp up to the second rail of the fence; the water came out of the bye-wash from Mr. Jenkins's dam; the water lasts there from the rising of the creek in September until about February; the fence, when I saw it first, about five years ago, was not so bad as when I saw it about two years ago or three years ago; before Mr. White selected it, it was propped up in several places, and there was wire round a good many of the posts; I saw that the fence was broken down, and horsemen were driving cattle in and out from either side; I have seen the boundary riders continually patching up the fence comprised within Mr. White's land; half of the post and rails were rotten; had the fence been taken up three or four years ago and removed to any other place it could not have been again erected as a fence; when the fence was first put up its outside value was about £70 per mile; about three years ago it might have been worth £14 or £15 a mile at the outside; I have valued the wire fencing on the selection of Mr. White between the post and rail fence and the creek at £8 15s. 1d.

Taken and sworn before me, at Urana, this }

John Hagerstie, being duly sworn, on his oath saith as follows:—I am a fellmonger, living on the Colombo Creek; about two years and a-half ago I was felling trees in the swamp now enclosed by Mr. White's selection; being there at that time I frequently saw Mr. Cochran's and Mr. Jenkins's boundary riders repairing the fence running through the swamp on Mr. White's land; it was propped up; I was there a long time, and constantly saw the boundary riders doing it; I am not capable of putting any value on it at that time; but now it is valueless as a fence, as there are several panels of it down; I saw it two days ago.

In reply to your letter* relative to Mr. C. H. White's conditional purchase of 640 acres, as applied for by him on the 26th October, 1876, on Colombo Creek, and a portion of which was in dispute with Mr. Cochran, I have the honor to inform you, on behalf of Mr. White, that he elects, in terms of the said letter, to take portion No. 94, containing 255 acres 3 roods, in satisfaction of his application, and beg to request that a refund may be made to him for the area disallowed.

I also desire to point out that upon the surveyor informing Mr. White that there was not 640 acres available under his application, that he on the 14th June, 1877, applied for an additional conditional purchase, situated at the north-east corner of portion 94; and as Mr. White is desirous of obtaining this additional conditional purchase, I therefore beg to request that under the circumstances of his case that his application, if unobjectionable, may be allowed to stand.

Charting Branch, as to additional conditional purchase. It is within my recollection that upon reference to the original additional application it will, I think, be found that the Deputy Surveyor General was specially asked as to whether the area applied for should be considered as adjoining the first conditional purchase by the intersection of the road (see sketch). The Deputy Surveyor General accepted the application as adjoining, and he this day told me that he considered the lands to adjoin an improvement purchase application which has been made by Jenkins, but no improvements are shown by the surveyor on his plan of survey, made in June, 1877, of this (170) and other portions.—F.W.R., 12th December, 1879.

CROWN LANDS.

No. 1.

Application for conditional purchase by Mr. J. T. Ellison.

C.P. 75-1.

John Thomas Ellison, 40 acres, at Penrith, on the 11th March, 1875, under the 13th section. County of Cook, parish unnamed, 40 acres, near Lawson's 100 acres on the Bathurst Road, at Springwood, between Lawson's 100 acres and his 640 acres. This land is marked by naked tree-lines originally selected by William Hutchinson, and transferred to George Manns, since declared forfeited.

Mr. J. T. Ellison to The Secretary for Lands.

Sir,

Springwood, Great Western Railway, 28 May, 1875.

With reference to the forthcoming sale of land at the Police Office, Penrith, on Friday, 11th proximo, I have the honor to call your attention to lot E on the enclosed* placard.

2. I may inform you that about six months ago I applied for a selection called Hutchinson's, containing 40 acres, and adjoining W. Lawson's 100 acres grant, to be forfeited, as the original selector had left the district. Some time afterwards I saw by the Government Gazette that my request had been complied with, and I immediately went to the Land Agent at Penrith, and, not without some demur on the part of Mr. Cleeve, selected the ground. I have since fenced, cleared, and erected a house upon the land, and in every way complied with the Regulations of the Lands Act. 3.

3. I have reason to believe the land in question is the piece marked lot E in the enclosed placard ; and if I am correct in my surmises, I hope you will give the matter your earliest attention and cause the ground to be withdrawn from sale. Unfortunately I have mislaid the letters from your office on the subject, so that I do not know the number. However, if you will kindly request your clerk to see if the lot E is land situated at Springwood, in the county of Cook, originally selected by W. Hutchinson, and transferred to George Manns, you will confirm a favour upon

Penrith, 11 October, 1875.

I received your letter on the 6th, stating that Mr. Pitt was instructed to measure my selection No. 7 of 40 acres at Springwood. I beg to inform you that he has not measured it, nor noticed me that he was coming. I also paid £10 for a lease of 40 acres mineral land in the month of June, 1873, at the Grose River; and have had a man in charge ever since, and as Mr. Pitt has not measured the land I have not been able to proceed on with the work.

I have selected a block of land at Springwood, and have written twice to the Crown Lands Office and to Mr. Pitt, asking to have it measured, as I cannot make any improvements to the land, for the road is disputed ; and I also leased a block of coal land at the junction of the Nepean and Grose Rivers in 1873, and have been paying a man £1 per week since to look after it, and have not been able to proceed with the work as the lands have not been measured.

Would you permit me the twelve months' lease which I paid for, and also have the land measured, as I had to leave off work, not knowing what land I was working on.

Sir,

Penrith, 3 April, 1876.

I beg to inform you that my selection of 40 acres at Springwood is disputed by Thomas Ellison, as he claims 14 chains frontage of the block of land which I have selected, and there are no pegs down to see where the surveyor has measured. On referring to the Crown Lands Agent here I find that Ellison is not entitled to the land he claims.

Hoping, sir, that you will look into this, as I am not able to proceed on with the fencing until I hear from you,

Minutes on No. 12.

There seems to be a difficulty arising from the writer not being able in the absence of the pegs to recognize the precise boundary or the frontage measured by Mr. Pitt. A copy of the surveyor's plan would probably remove the difficulty occasioned to the selector. Tracing requested.—A.O.M., 6/4/76. Survey Branch.

Mr. L.-S. Pitt.

The boundaries are all properly marked. Mr. Reid called on me the other day, and stated that he had no difficulty in tracing his boundaries. Minutes on No. 17.

The Crown Lands Agent, Penrith, is requested to state whether Mr. Reid was aware in making this transfer without including the additional conditional purchase of 40 acres made this year that the latter is liable to forfeiture, *vide* 24th clause of the Lands Acts Amendment Act of 1875, and the 40th clause of the Regulations thereunder.—W.B. (for the Commissioner), 3rd August, 1877.

Mr. Reid says that he was not aware that by transferring his conditional purchase of 40 acres his additional conditional purchase was liable to be forfeited; he will see Sproule to-morrow, and make necessary arrangements.—J. No. 18.

Report by Inspector of Conditional Purchases.

Report by George Smith, Inspector of Conditional Purchases, respecting the selection of Michael Reid, made at Penrith, on the 18th March, 1875. Parish unnamed, section 13, portion 61.

Sir,

I have the honor to report that I visited and inspected the above described conditional purchase on the 28th July, 1877, and that I found the selector then not resident upon his selection.

The

The land, which consists of a little clearing, the rest natural bush, and comprises 40 acres, is not occupied and used by Michael Reid as his residence, and the selector, who follows the avocation of baker, in Penrith, had at the time of my visit made the improvements hereunder particularly described, the value of which I estimate at the sums respectively stated, viz. :—

80 rods substantial two-rail split fencing, 4s.	£16 0 0
40 rods cockatoo fencing, very old, 2s.... ..	4 0 0
32 rods cockatoo fencing, very old, running across selection, 2s.	3 4 0
1½ acre stumped and cleared, £3	3 15 0
Sapling skeleton of a hut	1 0 0
Gunyah and cooking-place	nil.
3 acres burnt off, not stumped	3 0 0
	£30 19 0

From the appearance of the land and the circumstances stated in the following remarks I am of opinion that the selector has not been continuously resident upon the selection.

This selector carries on his business in Penrith, a distance of fourteen miles from this selection. I met him on horseback on the selection, in fact riding away from it, and he turned back with me. From some admissions I find that he has not continuously resided here.

There is an old man in charge, living in a wretched hovel built of bark, the back being an old tree; inside were lots of old clothes and rags forming a bed, certainly not fit to live in.

There is a savage bull-dog at the door on a chain; this creature was without doubt more fit to occupy the inside than the poor old man. The cockatoo fencing was put up by Ellison adjoining, and the 3 acres were also cleared by the same person. For the two years and four months nothing has been done except about two months' work.

Selector showed me where an old hut had been, but burned down about nine months since. This is not a *bond fide* residence.

Springwood, 29 July, 1877.

I am informed that I am reported as being a non-resident on my selection at Springwood. I beg to inform you that I am now residing and have done so since my land was measured, only occasionally when I had to go to town for supplies for myself and men.

I trust, sir, you will also take into consideration the great loss I have had through some person unknown burning down the residence which I built and lived in. I can bring respectable witnesses to prove I have resided on my land, and I have receipts to show that I paid £20 for clearing and stumping, and also £17 9s. for fencing; and I am now building a residence in place of the one which was burnt, as you will see by the Inspector's report, who was on my land on Saturday.

I cannot come myself. Will you kindly let Mrs. Reid know if I may proceed with the building, as both myself and men are out of work now.

Hoping, sir, you will grant me this favour,

At Penrith, in the beginning of 1875, I conditionally purchased 40 acres of land, situate at Springwood, county of Cook, and afterwards made an additional conditional purchase of 40 acres. In July last I transferred the original conditional purchase to Mr. John Sproule, but now find that by so doing I would forfeit the additional, which I do not desire.

Under the circumstances I respectfully request that the transfer may not be confirmed, and Mr. Sproule, as certified below, does not wish it confirmed.

I have got two selections at Springwood; there is a selector that joins me by the name of Ellison; he is claiming the most part of my frontage, and will not permit me to go on with my fencing. I would meet you at the station—it is only ten minutes' walk to my selection—and then you will see, dear sir, that he is taking 14 chains of my frontage, and he has got his own 40 acres, and, I am informed, a great deal more land than his own.

Dear sir, I trust you will grant me this favour, and I shall not be troublesome to you any more.

The Chief Commissioner of Conditional Sales to Mr. M. Reid.

Sir,

Conditional Sales Division, Department of Lands, Sydney, 19 November, 1877.

I am directed to invite your attention to the notice in the Government Gazette of the 14th No. 23. instant, by which you will perceive that your claim to the conditional purchases made by you at Penrith on the 18th March, 1875, and 15th March, 1877, has been referred by the Minister for Lands to Commissioner Johnson for inquiry, in accordance with the 25th clause of the Lands Acts Amendment Act of 1875, and the Regulations relating thereto, as to the fulfilment by you of the conditions thereof.

No. 25.

Report by Mr. Commissioner Johnson.

REPORT of an inquiry held at Penrith on the 30th January, 1878, by the Commissioner for the Metropolitan Division, respecting the Conditional Purchases of Michael Reid, made at Penrith, on the 18th March, 1875, and 15th March, 1877.

Sir,

I have the honor to transmit herewith, for the consideration of the Honorable the Minister for Lands, minutes of evidence taken at an inquiry under the Lands Acts Amendment Act of 1875, held by me in pursuance of the reference notified in the Gazette of the 14th November, 1877, in the matter of the above-described conditional purchase.

Enclosed.

See No. 23.

The claimant having been duly served with notice of the time and place of holding the inquiry was present thereat.

The following facts bearing upon the fulfilment by the selector of the conditions of purchase were elicited in evidence, viz. :—

As the claimant was not actually resident on the selection at the time of the Inspector's visit, in July, 1877, the evidence of his witnesses corroborates the fact stated by him, that within one month of the date of the selection he occupied the land, and was resident thereon until the hut in which he lived was accidentally burned down. Some delay appears to have occurred in re-erecting it, and it also seems that in the first instance it was not built upon the actual selection until properly defined by survey, but this

this I consider immaterial. The claimant would appear, from the evidence of his witnesses, who from their position and means of being acquainted with the facts deposed to by him, are unquestionably reliable, to have relinquished his business in Penrith, leaving his family in charge of it, to enable him personally to fulfil the condition of residence on his selection, which I am of opinion he has fairly carried out, although the fact of his bakery being still in existence in Penrith, some 14 miles distant from the conditional purchase, may naturally have excited the suspicion of Mr. Inspector Smith as to the *bonâ fide* nature of his occupation.

I have therefore to report that I find such conditions to have been fulfilled, and to recommend that this conditional purchase be sustained.

I have, &c.,

WHITTINGDALE JOHNSON,
Commissioner.

Evidence alluded to.

Before Whittingdale Johnson, Esq., Commissioner.

Court-house, Penrith, 30 January, 1878.

Referred 14th
November.

INQUIRY under the provisions of the Lands Acts Amendment Act 1875, into the matter of the alleged failure of Michael Reid to fulfil the condition of residence on his conditional purchases of 40 acres and 40 acres, respectively, situated in the county of Cook, parish unnamed, selected at Penrith, on the 18th March, 1875, and 15th March, 1877.

George Smith, Inspector of Conditional Purchases, on oath, states: On the 28th July, 1877, I visited the original selection of 40 acres, the subject of this inquiry; I met the claimant, Michael Reid, on the road, and he returned with me to the selection; there was a bark gunyah on the land, in which an old man was residing; there was the skeleton of a new hut, and 80 rods of two-rail substantial fencing, which I valued at £16; 72 rods of sapling fencing, at 2s. per rod, £7 4s., and 1¼ of land cleared, £3 15s.; also 3 acres partially burned off, £3; I valued the skeleton hut at £1; the claimant informed me that there had been a hut on the land, which was burned down about nine months prior to my inspection; I am aware that the claimant is a baker, residing in Penrith, about 14 miles from the selection; I formed my opinion that the claimant was non-resident from the condition of the gunyah, which was apparently occupied by the person in charge.

Examined by claimant's attorney: I saw the site of the residence which the claimant stated had been previously burned down; he stated that the place he was erecting was for his future residence; I have this morning ascertained that the claimant's business as a baker is carried on by his son; I valued the improvements at £30 9s.; I met the claimant near his selection; I have only inspected the selection on one occasion.

Taken and sworn before me, at Penrith, }
this 30th January, 1878,—

WHITTINGDALE JOHNSON, Commissioner.

GEORGE SMITH,

Inspector of Conditional Purchases.

Michael Reid, on oath, states: I am the claimant in this case; within one month of the date of selection I built a hut on the land, and resided there the greater part of my time, for twelve months or more, when it was accidentally burned down; I could not for a time obtain materials for the erection of a new hut; the original hut was erected in error on some adjoining land until after my selection was measured, when I arrived on to my own land; from the time I selected I ceased to personally carry on the business of a baker in Penrith, which I handed over to my son and daughter; the skeleton hut mentioned by the inspector has been completed at a cost of £23; it is a slab hut of two rooms, with verandah and boarded floors; the selection is my own *bonâ fide* property and residence, and I live there the greater part of my time; in fact I am always there, unless absent on necessary business; all the improvements are on the original selection.

Taken and sworn before me, at Penrith, }
this 30th January, 1878,—

WHITTINGDALE JOHNSON, Commissioner.

MICHAEL ^{his} REID.
mark.

James John Riley, on oath, states: I am a Magistrate of the territory, and a resident of this district for many years; I know the claimant in this case; for the last twelve months I am aware that his business as a baker has been conducted by his son and daughter; the latter has given me the receipts for moneys paid during that period; I know that the claimant has for the last two years been continually absent from Penrith.

Taken and shown before me, at Penrith, }
this 30th January, 1878,—

WHITTINGDALE JOHNSON,
Commissioner.

JAMES JOHN RILEY.

John Kingdon Cleeve, on oath, states: I am Clerk of Petty Sessions and Land Agent at Penrith; the claimant, previous to his selecting the land in question, lived opposite to me in Penrith; I know that since that period he has been continually absent from the town, and that his family have carried on the business of his bakery; at the time he made the application for the land, I impressed upon him the necessity of residence upon it within one month in order to fulfil the conditions required by the Act.

Taken and sworn before me, at Penrith, }

WHITTINGDALE JOHNSON,
Commissioner.

Declaration by Mr. M. Reid.

Declaration of Conditional Purchaser, under the 18th section of the Crown Lands Alienation Act of 1861.

I, MICHAEL REID, of Springwood, do solemnly and sincerely declare that I am the lawful owner, by conditional purchase, under the 13th section of the Crown Lands Alienation Act of 1861, of the land hereunder described, and that improvements consisting of clearing, fencing, and two-roomed house, and to the value of £60, have been made on such land; and I declare further that the said land has been the *bonâ fide* residence continuously of myself from the period of selection and first occupation to the present date. And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of an Act made and passed in the ninth year of the reign of Her present Majesty, intituled "*An Act for the more effectual abolition of Oaths and Affirmations taken and made in various departments of the Government of New South Wales and to substitute Declarations in lieu thereof and for the suppression of voluntary and extra-judicial Oaths and Affidavits.*"

No. 31.

Mr. M. Reid to The Secretary for Lands.

Dear Sir, Springwood, 5 April, 1878.
I saw the Crown Lands Agent here to-day, and he informs me that he has sent the money down to Sydney which I paid for my 40 acres of free-selected land at Springwood.
Would you kindly favour me by getting my deeds written out, as I have two purchasers waiting to buy the land, and I may lose the chance of selling it.
Mrs. Reid will call on Monday to see you.

Hoping

Hoping, sir, you will grant me the favour. I would come myself for them, but I cannot leave my little son here alone.

I am, &c.,
MICHAEL REID.

CROWN LANDS.

No. 1.

M. Fitzpatrick, Esq., M.P., to The Secretary for Lands.

Sir,

100, Pitt-street, 12 December, 1873.

On behalf of Mr. Richard Dines, I have the honor to request that you will cause to be measured for sale by auction, and offered at an early date, 9,000 acres of land on the Merriwa Run, and 1,000 acres on the Mobindri Run, both in the Gwydir District, in positions to be more particularly pointed out to the surveyor appointed for the purpose.

I have paid the usual guarantee deposit, for which I enclose the Colonial Treasurer's receipt, and beg that the measurement may be gone on with as quickly as possible. See Enclosure. £250.

There is a peculiarity in this case, to which I invite attention.

There are on the Merriwa Run certain water reserves which, although described in a general way in the Gazette, have never been marked on the ground or measured, and as Mr. Dines's proposed purchases will be influenced by these reserves, which of course he does not seek to disturb, he would take it as a particular favour if the surveyor were instructed in the first instance to survey and mark the reserves, thus rendering more definite Mr. Dines's application. I have, &c.,

MICHL. FITZPATRICK.

[Enclosure to No 1.]
New South Wales.

[No. 16,386]

RECEIVED from Richard Dines the sum of two hundred and fifty pounds sterling, for deposit of 6d. an acre on 10,000 acres on the Merriwa and Mobindri Runs.
£250.

The Treasury, 12 December, 1873.

R. A. CANTER,
Pro Treasurer.

Entered.—H.D.

Minutes on No. 1.

Mr. District-Surveyor Greaves, for measurement, if unobjectionable, making necessary reserves for access to water or other purposes, also the roads to be reserved or made road frontages to portions. The usual reduction off the scale fees for survey to be made; portions having frontage to roads, rivers, or creeks to have a depth of not less than 60 chains.—J.S.A. (for Survr. Genl.), B.C., 17th December, 1873.

Forwarded to Mr. Licensed-Surveyor Russell, who is requested to furnish a design of the measurement of the land herein applied for, showing all roads in use, and necessary reserve roads for approval. The country being generally open and level, a reduction of 10 per cent. will be made on all portions less than 200 acres. He can mark the reserves* mentioned in Mr. Dines's letter, but at the cost of that gentleman.—W. A. B. GREAVES, 20th January, 1874. * See foregoing, No. 1.

Mr. District-Surveyor Greaves,—This is now out of my district.—FRANK RUSSELL, 7th March, 1874. Transferred from Mr. Russell to Mr. Licensed-Surveyor Duffy.—W. A. B. GREAVES, 27th March, 1874.

No. 2.

M. Fitzpatrick, Esq., M.P., to The Under Secretary for Finance and Trade.

Sir,

100, Pitt-street, Sydney, 12 December, 1873.

Please receive the sum of (£250) two hundred and fifty pounds guarantee deposit on Mr. Richard Dines's application to have 10,000 acres of land on the Merriwa and Mobindri Runs, in the Gwydir District, measured for sale by auction. £250.

M. FITZPATRICK.

Minute on No. 2.

The sum of £250 has this day been credited at the Treasury as guarantee deposit on the within-mentioned land.—G.E., Treasury, 12 Dec., /73. B.C., The Under Secretary for Lands.

No. 3.

Mr. R. Gordon to The Secretary for Lands.

Sir,

Ivanhoe, *via* Yetman and Boggibilla, 8 August, 1874.

I, with three others (I acting as agent for the other three), viz., Robert Ronald M'Donald, Henry Allen M'Donald, and Richard Powell, selected each 320 acres on the Whalan watercourse, county Stapylton, R. R. and H. A. M'Donald selecting on the west side of the watercourse and Richard Powell and myself on the east side.

We selected the land in Warialda, on 9th July, and the Nos. in the Land Agent's conditional purchase book are 918, 919, 920, and 921.

On August the 5th we came to take possession of our different selections, and to reside on them, when we found that Mr. Licensed-Surveyor Duffy had measured the land we applied for in auction blocks, and in such a way that we could not get our proper complement on both sides, viz., two 320-acre blocks on each side.

We can get 521 acres on the west side, and 763 acres on the east side, which will answer our descriptions, making 1,284 acres, the total amount we require.

We are satisfied to take the land as it is measured, viz., 521 acres on one side and 763 on the other, if you will permit us; and it would do away with the necessity of re-surveying the land.

We do not get as much frontage by taking it this way, but we run further back off the flooded land on to the sand ridges, which we prefer.

Trusting you will take the matter into consideration, and favour us with a reply at your very earliest convenience.

We have, &c.,

ROBERT D. GORDON, Agent for
ROBERT RONALD M'DONALD,
HENRY A. M'DONALD,
RICHARD POWELL.

Mr. Duffy is requested to furnish the plans of the portions measured for auction sale herein referred to at his earliest convenience, and to report on this letter as to whether any suitable adjustment of the conditional purchases to the areas measured can be made. Of course each conditional purchase must stand on its own merits, and any such adjustment as that suggested by applicants cannot be entertained.—**ROBT. D. *No. 4.***Mr. Licensed-Surveyor Duffy to The Surveyor General.**

Sir, Coopoomoranbilla Station, Macintyre River, 30 September, 1874.

I have the honor to transmit herewith the plan of eight portions applied for under the 23rd clause of the Crown Lands Alienation Act, and measured by me in accordance with your instructions of the 17th of December, 1873.

See minute on
No. 1.

Portions 40 to 46 are all subject to inundation when the Macintyre River overflows its banks.

The Whalan is not a running stream, it is only fed by the overflow of the Macintyre River.

The land is only fit for grazing purposes, and can be used for nothing else. For such it is very fair; and I consider £1 per acre on an average for back and frontage blocks quite its value.

I have, &c.,

J. C. DUFFY.

Minutes on No. 4.

Portions 42 and 43 to be struck out of plan; Mr. Duffy has been required to amend.—**W. A. B. GREAVES**, The Surveyor General.—**W. A. B. GREAVES**, 12/10/74. For auction sale.—**A. J.**, 20/3/75.

*No. 5.***Mr. Licensed-Surveyor Duffy to The Surveyor General.**

Sir, Coopoomoranbilla Station, Macintyre River, 30 September, 1874.

I have the honor to transmit herewith the plan of seven portions in the parish of Merriwa, in the county of Stapylton, applied for under the 23rd clause of the Crown Lands Alienation Act of 1861, and measured by me in accordance with your instruction* of the 17th December, 1873.

* See minute on
No. 1.

I beg to state that portions 42, 44, 45, and 46 are subject to inundation in time of floods, nevertheless the land is good for grazing purposes, but unfit for cultivation, owing to the hard black nature of the soil. I consider £1 per acre a fair value for the above portions.

I have, &c.,

J. C. DUFFY,

Licensed Surveyor.

Minutes on No. 5.

The Surveyor General.—**W. A. B. GREAVES**, 12 Oct., 1874. Portions 41, 42, 44, to 46 have been conditionally purchased and resurveyed. Portions 40 and 43 may now go to auction sale.—**W. D. A.**, 5 Aug., 1875.

*No. 6.***Mr. Licensed-Surveyor Duffy to The Surveyor General.**

Sir, Coopoomoranbilla, Macintyre River, 30 September, 1874.

In reply to your *letter (B.C. 21 August, 1874), I beg to state that I do not see how it is possible to make any suitable adjustment of the areas applied for to those measured.

* See minute on
No. 3.

From †sketch attached to application it appears that this is the land actually applied for, but description does not answer, as Sandy Camp is about 7 miles west of this place.

† See enclosure
to No. 3.

It also appears from sketch that portions 41, 42, 44, 45, and 46, parish of Merriwa, are included in this application, and 40, 41, 42, 44, 45, and 46, parish of Whalan, plans of which are transmitted with my ‡letters of 30th September, from which it may be seen that areas of portions on plan cannot in any way be made to agree with areas applied for.

‡ See Nos. 4 and
5.

The abovementioned land was surveyed by me in June, and the selections were made in July following. However, Mr. H. D. Gordon, agent for applicants, gave me to understand that though I surveyed the land prior to his selecting it I should have to resurvey in the areas he applied for.

Had Mr. Gordon applied to me for information respecting the areas of portions measured I should have given it him (which I think would not have been a breach of duty), and thereby he might have saved some trouble.

I have, &c.,

J. C. DUFFY.

Minute

Minute on No. 6.

Mr. Licensed-Surveyor Duffy's plans* are herewith. The conditional purchase applications were sent to Mr. Licensed-Surveyor Mathews on the 31st July last, and are still in his possession. They did not convey the intelligence that the land was already surveyed.—W. A. B. GREAVES, 12 October, 1874. * See enclosures to Nos. 4 and 5.

No. 7.

Mr. District-Surveyor Greaves to Mr. Licensed-Surveyor Duffy.

Sir,

District Surveyor's Office, Armidale, 1874.

Your attention is directed to your letter of the 30th September, forwarding plan of eight portions, parish of Whalan, and to portion No. 43, containing 324 acres. I have to inform you that portions 42 and 43 have been struck out of your plan and account, and to request that you will amend the area of 43, so that it shall not exceed 320 acres, and forward to me amended plan and account for the two portions only. See No. 4.

I have, &c.,

W. A. B. GREAVES.

No. 8.

Memo. by Deputy Surveyor General.

THE *descriptions evidently point to the land adjacent to R. Dines' 160 acres, which is no doubt the portion No. 1 referred to in the description of Robt. D. Gordon's conditional purchase, although the descriptions refer to "Sandy Camp," which Mr. Duffy states to be some 7 miles to the westward. Applicants evidently referred to the "Sandy Ridge," which they wish to have embraced by their conditional purchases as being above flood-line. Unless, therefore, some sufficient reason can be shown to the contrary, the conditional purchases should be measured in the positions indicated, the measurements already made being utilized as far as possible. * See minutes on No. 6.

The portions on the right bank of the Whalan might be measured as shown by blue lines, the excessive area being reserved as part of the road in connection with the stock route reserve *657, notified 1st July, 1874, if such reduced reservation would be sufficient at this place. * Not required.

The purchases on the south-east side of the Whalan might embrace portions 40 and 46, extending back to the south boundary of the latter, so as to include the "Sand Ridge," and bounded on the east by lines to include the area applied for in each case.

Mr. Duffy will be allowed payment for the survey already made, so far as he may be entitled to payment in view of the errors, discrepancies, and omissions set forth in the accompanying memorandum, in reference to which Mr. Greaves is requested to report. Enclosed.

I have, &c.,

ROBT. D. FITZGERALD

(For Surveyor General),

B.C., 11th December, 1874.

Minute on No. 8.

The discrepancies shown on tracing (herewith) are very discreditable, and unless Mr. Duffy can satisfactorily explain them, I shall be obliged to visit the ground and examine the measurements after re-survey, as directed in the minute hereon.—W. A. B. GREAVES, 17th December, 1874.

[Enclosure to No. 8.]

Memorandum by Mr. Finch, referred to in B.C. to Mr. District-Surveyor Greaves, dated 11th December, 1874.

1st. There is a discrepancy between the traverses of the right and left bank of the Whalan, as shown by red and black lines on the accompanying tracing.

2nd. In Mr. W. H. Christie's survey of portion 1 a lagoon is shown which would fall within the boundaries of portion 44, but is not shown in any way by Mr. Duffy.

3rd. The road from Coopoomoranbilla to Merriwa has been reserved with several different bearings along its course between points A and B. Unless there is some sufficient reason to the contrary (which certainly does not appear in this case), the road should be in a direct line.

4th. There does not appear to be any reason why all the portions shown on the accompanying tracing, as well as other adjacent portions measured at the same time for auction sale, were not shown on the same plans, whereby a great saving of time would have been caused, and the discrepancy referred to in the first paragraph would at once have been detected. All surveys for auction sale in one locality, and made at about the same time, should be shown on one plan, unless the size of it would be altogether inconvenient, or for some other sufficient reason.

5th. The lengths of lines marked * have been omitted.

6th. In traversing the frontage of portion 44 Mr. Duffy has infringed the 40th paragraph of Surveyors' Instructions.

7th. The calculation of areas is very inaccurate.

8th. No access left for portions 40, Whalan, and 44, Merriwa.

9th. Area of portion 43 excessive. (Mr. Greaves has drawn attention to this in his memo.* on letter of transmission.) * See No. 7

10th. There are also several minor errors and omissions to which attention should be drawn, as causing loss of time to the department in pointing them out and correcting them, viz.: (1.) The "Whalan" is called on the five plans under consideration "The Whalan," "The Whalan River," and "Whalan Creek." (2.) The areas of the portions adjacent to the portions represented on each plan are omitted, as also the parish name when the adjacent portions are not in the same parish. (3.) The boundary between the parishes of Merriwa and Whalan, which also forms the boundary between 47, Merriwa, and 52, Whalan, is not shown on the plans of those portions. (4.) The road between portions 41 to 46 and 47 to 57, parish of Merriwa, is not shown on the plan of the former portions, and does not scale "1 chain wide" on plan of portion 47. (5.) Connection between south-east corner of 47 and south-west corner of 46, parish of Merriwa, is omitted. (6.) The small watercourse shown as passing through portion 46, parish of Whalan, and entering portion 52, is not shown on the plan of the latter portion. This applies to the "Sandy Ridge" also.

Surveys by Mr. Licensed-Surveyor Duffy for Auction Sale.

THERE being several errors, discrepancies, and omissions in the surveys, as well as infringements of the printed instructions, Mr. District-Surveyor Greaves has been requested to report, under B.C. of this date.* * See No. 8. At the same time he has been instructed to cause the conditional purchases of R. D. Gordon, R. Powell, R.

R. R. McDonald, and H. G. McDonald to be measured as applied for. Their conditional purchases will cancel the measurements, or at any rate occupy the positions, of portions 41, 42, 44, 45, and 46, parish of Merriwa, and 40 to 42, and 44 to 46, Whalan.

The above surveys should remain "under reference," to await reply.

Mr. R. Powell to The Secretary for Lands.

Sir,

Yetman, 25 March, 1875.

I selected, on July the 9th, 1874, 320 acres on the Whalan River, Merriwa Run, county of Stapylton.

The surveyor (Mr. Mathews) has been surveying all round the neighbourhood, and has never yet received any instructions to survey mine. It is now over eight months since I selected; and I wrote to ask you to send the surveyor instructions to survey my land, as it has put me to considerable loss delaying so long, as I am frightened to go on with the improvements until I am certain of my boundaries.

I remain, &c.,

RICHARD POWELL.

The number of my selection in land book, Warialda, is 919.

Mr. R. Gordon to The Secretary for Lands.

Sir,

Ivanhoe, Yetman.

On July the 9th, 1874, I conditionally selected 320 acres at the Land Office, Warialda (which is now over eight months ago). My selection is on the Whalan watercourse, Merriwa Run, county of Stapylton.

The papers have never been sent to the licensed surveyor here (Mr. Mathews), and my land has not been surveyed yet, while three selections which were taken up one month after mine, viz., James Whelan's, J. McDonald's, and R. McDonald's, have been surveyed. I have at present fencing stuff (posts and rails) lying in the bush, and have been waiting nine months nearly to find the place or proper line to put the fencing on. Again, I do not know where to build, and in fact I am at a great loss by the land. I have not been surveyed in reasonable time.

Hoping you will be kind enough to have my application sent to the surveyor (Mr. Mathews) as soon as possible.

I remain, &c.,

ROBERT GORDON.

No. 12.

Mr. Licensed-Surveyor Mathews to The Surveyor General.

Sir,

Goondiwindi, 7 April, 1875.

Referring to my * telegram to you dated 29th March last, I now do myself the honor to submit a sketch and description showing proposed extension of reserve No. 171, notified 11th March, 1868.

This reserve as gazetted was "a square portion of 160 acres, surrounding a gum-tree marked n over i," but as there had been land measured adjacent by other surveyors I continued certain lines on so as to maintain a good design, and therefore the tree is not now in the centre. The tracing herewith shows the form of the reserve, and the proposed extension.

It appears to me to be very necessary that portion 48 of 74 acres, and part of the southern side of portion 59, should be withdrawn from sale, and notified as a reserve, in order to afford communication between reserve 171 and the Whalan watercourse.

The tracing shows the reserve carried on to the west 11 chains wide (the width of portion 74, and the 1-chain road), till it meets reserve 333, notified 23rd September, 1873, thus connecting these two reserves, and establishing communication from the Macintyre River to the Turkey Lagoon, and from thence to the Whalan watercourse, the water being permanent in each of these three places.

This secures permanent and abundant water supply to purchasers of land in the vicinity, and also to persons travelling or camping.

I have shown by a blue line where the reserve would intersect and encroach upon portion 59 of 160 acres.

The portions edged yellow have been surveyed by me, the untinted portions having been measured by other surveyors.

I respectfully beg to impress upon you the necessity for this extension, and request that it may be notified without delay.

I have, &c.,

R. H. MATHEWS,
Licensed Surveyor.

Description referred to.

ABOUT 340 acres, county of Stapylton, parish of Merriwa. The Crown Lands within the following boundaries: Commencing at a post marked broad-arrow over WE, on the eastern boundary of reserve 333, notified 23rd September, 1873; and bounded thence by a line east 21 chains 66 links; thence by a line north 30 chains 5 links; thence by a line east 46 chains 17 links; thence by a line south 30 chains 2 links; thence by a line east forming the southern boundaries of portions 59, 58, and 49, to the Whalan watercourse; thence by that watercourse downwards to the north east corner of portion 40 of 121 acres; thence by a line west, forming the northern boundary of portions 40, 43, 66, and 67, to reserve 333 before-mentioned; and thence by a line north, partly forming the eastern boundary of that reserve, 11 chains, to the point of commencement.

NOTE.—Where the reserve meets the Whalan watercourse the position is sketched only, as I was not in possession of tracings of original surveys.—R.H.M., Licensed Surveyor.

No. 14.

J. Hoskins, Esq., M.P., to The Secretary for Lands.

Sir,

108, Pitt-street, 22 April, 1875.

I have been instructed by Richard Dines, Esq., the lessee of the Merriwa Run, in the county of Stapylton, Gwydir District, to represent to you that a short time ago, about two months, a person of the name of George Sexton made a conditional purchase of 320 acres on the eastern boundary of water reserve No. 174, area 320 acres, on the Merriwa Run, in the county of Stapylton, described as Mayne's Lagoon.

The said reserve, which was published in the *Government Gazette in 1868, has not been withdrawn from lease, and was granted for the use of the lessee of the Merriwa Run, as it contains the only permanent water available for the cattle depasturing on the back part of that run for a distance of between 7 and 8 miles. * Not required.

The conditional purchase of Sexton has been recently surveyed by Mr. Mathews, licensed surveyor, and the western boundary of the said purchase, instead of being measured as described in the application, viz., adjoining to the eastern boundary of water reserve No. 174, has been extended for some distance inside the eastern boundary of the said reserve; and I have been instructed by Mr. Dines to state that if the boundaries of the said conditional purchase are allowed to stand as they have been measured the cattle belonging to him which have been depasturing at the back of the Merriwa Run, and which have hitherto obtained water at the only place available, viz., the aforesaid reserve at Mayne's Lagoon, will be deprived of the use of that necessary element for their sustenance, and the lessee will thereby sustain serious loss and injury through their straying away from their customary run.

I have been instructed by Mr. Dines to ask that you will please give the statement of facts set forth in this letter serious consideration, and that you will please direct that Sexton's conditional purchase may be again surveyed, in conformity with the description and boundaries described in his application, and that for the reasons specified in this communication the boundaries of water reserve No. 174 may remain the same as when they were gazetted in 1868.

I have, &c.,

JAMES HOSKINS.

No. 17.

Mr. Licensed-Surveyor Mathews to The Surveyor General.

Sir,

Goondiwindi, 14 May, 1875.

In reporting upon the *letter addressed to you by Mr. James Hoskins, on behalf of Mr. Dines, relative to the survey of George Sexton's conditional purchase, and the proposed modification of the boundaries of water reserve No. 174, at Mayne's Lagoon, Merriwa Run, I have the honor to enclose herewith a tracing showing, by a green edging, the modifications proposed by me, and, by blue lines, the original boundaries of water reserve No. 174. It was my intention to furnish you with this tracing as early as I could get the work plotted, as illustrating the reserve proposed by my letter, dated 7th of last month, and to submit that water reserve No. 174 should be cancelled, in order that the reserve as described by my letter just referred to might be notified in lieu of it.

* See No. 14.

Enclosed.

See No. 12.

See enclosure A to No. 12.

The reserve proposed by me is better for Mr. Dines, because it extends southward across the Whalan watercourse, and is also better for the interests of the public. (See small tracing with letter of the 7th of April, 1875.)

Water reserve No. 174, as originally described, contains only 320 acres, and, owing to the peculiar shape of the lagoon, if left according to that description it would interfere seriously with advantageous subdivision of the adjoining land, which is valuable, as may be judged from the fact of two conditional purchasers—George Sexton and Robert Cook—having already taken up selections there.

The reserve proposed by me contains upwards of 2,000 acres, and while it secures to Mr. Dines a greater extent of the lagoon, namely both ends thereof, where the water is abundant and permanent, it also leaves the remainder of the lagoon available for conditional or auction sale, so that ten portions can have frontage, besides affording to parties travelling with stock or otherwise along the road from Copsy-moranbilla to Bogabilla means of access to the water for camping, &c.

I have recently measured all the land in the vicinity for auction sale, on the application of Mr. Dines, before mentioned, and on reference to the tracing herewith it will be seen that portions 96, 103, 104, 106, 107, 108, and 109 have actual frontage, whilst portions 22, 24, and 110 have equal to frontage.

Mr. Dines is in error in stating that Mayne's Lagoon is the only permanent water on that part of the run. There is permanent water in the Turkey Lagoon, the Dirty Lagoon, and in several permanent lagoons along the Whalan watercourse, which traverses the middle of the run from end to end, in addition to about 10 miles frontage to the Macintyre River. In fact, Merriwa is one of the best watered runs, I believe the best in my district.

The design shown by the tracing herewith, according to which I have measured the land, appears to me to be the best which could have been adopted to meet the requirements of all parties; and I would therefore strongly recommend that the reserve, as originally gazetted, may be forthwith cancelled, and re-notified in accordance with the description and sketch forwarded to you with my letter of the 7th April, 1875.

I have, &c.,

R. H. MATHEWS,

Licensed Surveyor.

Minutes on No. 18.

No reason is assigned for the request that the preparation of these deeds should take place out of routine; and apart from the obvious irregularity of such a course, it must be apparent that the present applicant's wishes can only be complied with by delaying to the like extent the deeds of other parties.—A.O.M., 4/6/75.

The Minister will, perhaps, say whether Mr. Dines's request is to be complied with.—W.W.S., 8/6/75. I think not; the only cases I know of wherein such a course has been taken have resulted in difficulty thereafter.—T.G., 8/6/75. As Mr. Dines has paid the whole of the purchase money, I do not think it necessary that the preparation of the deeds should await the receipt of the final report.—T.G., 21/6/75. For preparation of deeds, as directed herein, and then return papers to me.—W.C.E., 24/6/75.

Mr. Edwards,—Lot M, portion 43, sold to R. Dines, appears to be a conditional purchase standing in the name of Robert M'Donald. Will you please take the necessary action as to refund and cancellation of sale.—L.G.J.B., 25/6/75.

No. 19.

Memo. by Mr. Licensed-Surveyor Duffy.

Explanation of *annexed Memo.

* See No. 8.

1. The discrepancy is caused by separate plans being made of the portions on the right and left banks of the "Whalan," as I had then no paper of sufficient size to contain all the portions, and being also requested at the time to send in the plans of these portions at my earliest convenience (B.C., 21st August, 1874). Having received this letter, I considered it necessary to furnish the plans as soon as possible. See minute on No. 3.

The plans were then drawn in a hurried manner, hence the discrepancies and omissions shown on tracing.

I find no errors on a careful examination and comparison of original field-notes with notes on tracing, except the errors made in the plotting of traverse and boundary lines of creek, which will be seen by comparing one tracing with the other, the tracing I furnished being taken from original plot of these portions for calculation of areas.

2. This is an omission; the lagoon is shown in its true position on my tracing, and as it will also be shown on my plan of Messrs. M'Donalds' conditional purchases, I hope this omission may be overlooked.

3. Little as the differences of the several bearings of the road are, if the road was in a direct line it would go over some ground that in wet weather might be impassable. In reserving the road with different bearings I did so in order that it might pass over the driest and best ground.

4. I fully concur with the remarks in this paragraph, but I hope the explanation given in first paragraph will be sufficient.

5. An omission, rectified on tracing.

6. No infringement, error in plotting.

7. I find on recalculation of the areas that they are generally accurate, and within the limits allowed in the 122nd paragraph of Surveyors' Instructions, and also 43rd paragraph.

8. I admit this oversight, which will be remedied in survey of conditional purchases referred to in paragraph No. 2.

9. This has been remedied by amended survey, amended plan of which has been transmitted.

10. All these minor errors and omissions are rectified on tracing, and as my plan of Messrs. Gordon's, Powell's, and M'Donald's conditional purchases will be a substitute for an amended plan, and as the surveys of all the portions are accurately performed on the ground, I trust the above explanations will be deemed sufficient, and that no reduction, except the percentage already taken off, will be made for the payment of these surveys.

I very much regret that these omissions, &c., should have been caused in the drawing of the plans, as I took every care and trouble over the field work, and also as causing a great loss of time to the department. I have, moreover, reason to hope that all my plans transmitted since that time have given little or no trouble; and it will be my endeavour in future to give every satisfaction.

I have made a note of forms of measurement suggested for the conditional purchases, which I will carry out as far as possible.

I have, &c.,

J. C. DUFFY,

Licensed Surveyor.

No. 22.

J. Hoskins, Esq., M.P., to The Secretary for Lands.

See No. 14.

Sir,

108, Pitt-street, 10 July, 1875.

On April* 22nd, in conformity with instructions received from Richard Dines, Esq., the lessee of the Merriwa Run, in the county of Stapylton, I did myself the honor to bring under your notice the circumstances that Mr. Licensed-Surveyor Mathews, acting, I presume, in accordance with instructions forwarded from the Survey Department in Sydney, surveyed the conditional purchase of George Sexton, who had previously applied for and had taken up a conditional purchase of 320 acres, which was described in his application as required on the eastern boundary of water reserve No. 174, previously granted for the permanent supply of water for the cattle belonging to the lessee of the run, Mr. Dines.

In my letter I stated that Mr. Mathews, instead of surveying the said conditional purchase as applied for, viz., that the western boundary of the said purchase should run parallel with the eastern boundary of water reserve No. 174, had extended the western boundary of the said purchase inside the boundary of the said reserve; and in a letter I have just received, Mr. Dines represents that as another surveyor was recently in the neighbourhood he obtained the services of that gentleman to remeasure Sexton's purchase, and finds that while Sexton's land has a frontage of 45 chains to Mayne's Lagoon, that 23 chains of the frontage of the said purchase are within the area of water reserve No. 174, and therefore quite different from the western boundary described in Sexton's application.

* Not with papers.

At the request of Mr. Dines, I beg to enclose a sketch* of the locality from which the encroachment upon the water reserve is perceptible, and an inspection of the sketch will also serve to show that the western boundary of Sexton's purchase *absorbs the greater portion of the deepest or permanent water in Mayne's Lagoon*; indeed, Mr. Dines, in his letter to me upon the subject, states that the shallow water in the lagoon is nearly always dried up during the summer season, and that if the boundaries of Sexton's purchase are allowed to stand as measured by Mr. Mathews he will be deprived of the use of the greater portion of the frontage to the only permanent water in the locality for the sustenance of his cattle; indeed, Mr. Dines states that the said water reserve is of the greatest importance to the occupant of the run, and that it is of equal importance to the Government, as if the frontage to the deepest portion of the water in Mayne's Lagoon were alienated, the run or adjacent Crown Lands will be depreciated in value, and the rent and assessment would probably be reduced in consequence.

Mayne's Lagoon is represented by Mr. Dines to be 4 miles from a river, and nearly 5 miles from the nearest permanent water, in an opposite direction.

I have been instructed by Mr. Dines to apply for an official remeasurement of the land comprised in Sexton's conditional purchase by *some other surveyor*, who may be furnished with the original application made by Sexton, in which the boundaries of the land applied for are clearly set forth; or that, before any portion of water reserve No. 174 may be revoked and included within the boundaries of Sexton's conditional purchase, Mr. Greaves, District Surveyor, may be requested to visit the locality and report upon the nature of the complaint preferred by Mr. Dines relative to Mr. Mathews's measurement of the conditional purchase of George Sexton.

Mr. Licensed-Surveyor Duffy to The Surveyor General.

Sir,

Tarulari, Moree, 18 August, 1875.

I have the honor to transmit herewith the plan of one portion of land in the parish of Whalan, in the county of Staplyton, applied for by R. D. Gordon, under the 13th section of the Crown Lands Alienation Act of 1861, and surveyed in accordance with instructions dated 23rd July, 1874.

I beg to state that applicant is residing in a gunyah on portion No. 44. He has material ready for building a dwelling-house, but refrained from doing so until his boundary-lines were marked out, as he wished to build on the highest ground, and did not know how far south his boundary would extend. There are no improvements thereon.

The work performed in surveying this portion is as follows:—I cut out the east and west boundary-lines of original survey of Nos. 41, 42, 44, and 45, also north boundary-lines of 44 and 45, made a reserved road on east boundary of portions 42 and 44, as shown on plan, ran the subdivision lines through Nos. 44, 45, and 41 (of original survey), to give proper area to each selection, called remaining parts of 44 and 45 No. 44, and marked the corners thereof.

I have, &c.,

Sir,

Tarulari, near Moree, 18 August, 1875.

I have the honor to transmit herewith the plan of one portion of land, containing 169 acres, numbered 42, in the parish of Whalan, in the county of Staplyton, applied for by Richard Powell, under 13th section of Crown Lands Alienation Act of 1861, and measured in accordance with instructions dated 23 July, 1874.

I beg to state that applicant is residing on the ground, and has made improvements to the value of £100 in stock-yard, fencing, and sheep-yards, as shown on plan.

The method I adopted in survey of this conditional purchase was to leave portions Nos. 40 and 46 of original survey as they were, except by marking a reserved road on their west boundaries, and cut off from portions 41 and 45 what made up the required area.

I have, &c.,

J. C. DUFFY, L.S.

[Enclosure A to No. 26.]

Applicant, Richard Powell; police district, Warialda; date, 9th July, 1874; time, 10 o'clock; area, 320 acres; section 13.

Description: County of Staplyton, parish unknown, 320 acres, on the east bank of the Whalan River, adjoining Robert David Gordon's selection of 320 acres, made this day, on the south, and running down the river (Merriwa Run).

No. 27.

Mr. R. D. Gordon to The Secretary for Lands.

Sir,

Ivanhoe, 9 September, 1875.

On the 9th July, 1874, I selected at the Warialda Land Office, under the 13th section of the Crown Lands Alienation Act, 320 acres, on the Whalan watercourse, county of Staplyton, parish of Whalan, Merriwa Run.

At the very time I was selecting this land Mr. Duffy, licensed surveyor, was in the act of surveying it into auction blocks.

Just twelve (12) months after Mr. Surveyor Duffy returned, under instructions from the Lands Office, and surveyed to me my 320 acres, cutting up the blocks he had originally measured, and surveyed at the same time 320 acres to a selector alongside of me, who took up land joining me on the same day that I did, viz., Richard Powell. On the 10th of September following (my selection being taken up) another selector, viz., Robert M'Donald, took 320 acres up, as originally measured by Mr. Duffy, and joining my selection on the east.

Now, I have occupied every day, and am now occupying and fencing my selection, and it has never been in any way forfeited or cancelled; yet strange to say, at Moree, on 22nd of May, just ten (10) months after Richard Powell and I selected, the Government sell by public auction, to Mr. Dines, the land which is embraced by my selection, Richard Powell's, and Robert M'Donald's.

And Mr. Dines is now endeavouring or has succeeded in getting the deeds for this land.

I hold the Land Office receipt for 5s. per acre, and so does Richard Powell and Robert M'Donald.

Now, as Minister for Lands, I would ask you what is the best course to pursue for myself and the other two selectors, who have asked me to write in their behalf also.

I want my selection from the Government. I am fulfilling and intend to carry out the conditions of my purchase.

Excuse my perhaps free way of writing, but oblige me, placing the matter so that Mr. Dines cannot buy land over my head from the Government, and that the Government cannot sell land to two parties and get paid by both for it.

If such should be law it will be of no use a man selecting at all, as he would not know the day the Government would sell again to another party.

The original numbers of the portions in my selection, and Richard Powell's and Robert M'Donald's, are:—Portions 40, 41, 42, 43, 44, 45, county of Staplyton, parish of Whalan.

I have, &c.,

ROBERT DAVID GORDON.

No. 28.

Memo. by Mr. District-Surveyor Greaves.

District Surveyor's Office, Armidale, 11 September, 1875.

* Not requisite.
† Not with
papers.

WATER reserve 174, at Mayne's Lagoon, by *Gazette notice of 11 March, 1868, is correctly shown upon tracing herewith. The measured selection of George Sexton, made subsequent to the reserve, encroaches upon it on the south bank of the lagoon, and embraces the most valuable portion of it. On the north bank another selection has been measured, which is also subsequent to the reserve, and also embraces the most valuable portion of it on that side, and by the tracing (which I suppose is correct) other encroachments have been made.

2. I was at Mayne's Lagoon in the end of November, 1864, and from what I remember of it, Mr. Mathews's proposed modification does not embrace the most suitable portion of it for water supply, and I should strongly recommend that no modification be permitted—its extension north and south, each for two miles, I would propose in the interest of the public estate.

3. Mr. Dines has rightly complained of the interference of Mr. Mathews, and a more unjustifiable case has not come before me; and I have remarked that whenever any concealment is necessary the papers do not pass through my office.

W. A. B. GREAVES,
District Surveyor.

Minutes on No. 28.

See No. 22.

Mr. Hoskins may be informed, in reply to his letter of 10 July, /75, that the present measurements of George Sexton's and Robert Cook's conditional purchases are objectionable, as encroaching on reserve No. 174, and that the surveyor will be instructed to amend them, in accordance with applications.—R. D. FITZGERALD (for Surveyor General), B.C., 26 Oct., /75. The Under Secretary for Lands.

After action return to Charting Branch. Cook's conditional purchase is not mentioned in Mr. Hoskins's letter.

No. 29.

Memo. by Deputy Surveyor General.

WHEN attention was drawn by letter to the fact that the conditional purchaser had applied for land then recently measured, and upon receipt of the plans the case of Gordon's, Powell's, R. R. and H. A. M'Donald's conditional purchases was looked into in connection with the surveys, and on the 11th December the District Surveyor was instructed to cause the necessary re-surveys to be made, in order that the conditional purchasers might be placed in possession of the lands they had severally applied for; at the same time the papers transmitting the plans of measurements for auction sale of the land covered by these conditional purchases, together with those of adjacent measurements, were placed under a cover, on which the several papers were enumerated, and on which a short statement of the case was made, together with a direction that the surveys were to remain under reference "to await reply" from the surveyor to a B.C. sent to him on one of the papers in question.

It now appears that one of these papers, together with the plan, has, notwithstanding the direction intended to prevent such action, been removed from the cover referred to, and the plan has been charted and the land sent to auction sale.

The land was offered for sale at Moree (a sub-office in Warialda district) on the 22nd May, 1875, the lots being J, K, L and N to Q were sold to Mr. Richard Dines.

It appears from papers that application was made by the auction purchaser to have the deeds prepared forthwith, without waiting for the "Final Report" of the sale to be sent in. Against such a course the Honorable the Minister for Lands objected, on the grounds that unless the case took its usual course these deeds would be prepared to the prejudice of other persons whose deeds would be delayed. Subsequently the Minister removed his objection, so far as regards the preparation of the deeds without waiting for the final report, but as the papers were prominently marked "Urgent," no doubt the minute of 21st June has been read as permitting the action to go on "Urgent" through all its stages; in consequence, the deeds have been prepared and delivered with extraordinary dispatch.

See minute on
No. 18.

I have failed to ascertain how the papers came to be removed from the cover referred to.

I have now to submit that the conditional purchasers have every right to the land claimed and held by them, and consequently the auction sale to Mr. Dines should be cancelled, and Mr. Dines should be requested to return the deeds of the land erroneously sold to him.

R. D. FITZGERALD
(For the Surveyor General).

28/9/75.

Minutes on No. 29.

Re-submitted, 17/11/75. If the conditional purchases were made before the auction sale there is no alternative to the course suggested in the latter part of this minute. These cases show again the absolute necessity of not issuing deeds out of the regular course, and also the impropriety of selling land by auction at any other office except that at which the land may be conditionally purchased. In future these courses must be avoided.—T.G., 18/11/75.

Should papers be sent to Mr. Thurlow, in order that a surrender of the deeds now held by the purchaser at auction (Mr. Dines) may be obtained.—H.O.R., 19/11/75.

Inform at once of decision. No surrender will be requisite, but the return of the deeds for cancellation on repayment of purchase money should be invited.—A.O.M., 19/11/75.

No. 30.

Mr. R. D. Gordon to The Secretary for Lands.

Sir,

Ivanhoe, 10 November, 1875.

I perceive by the Government Gazette that a water reserve has been gazetted on the Whalan watercourse, county of Stapylton, on the Merriwa Run, on the 12th of October last.

Now, my selection is embraced in this water reserve, and also that of Richard Powell.

I selected on 9th July, 1874, for myself, and as agent for Richard Powell, and have been residing, and am now residing upon the selection, and improvements are upon it of considerable value.

This land, after being selected by me in July, 1874, amongst others, by some oversight on the part of the Government, was sold to Mr. Dines amongst other land on 22nd May, 1875; and now, strange to say, my selection and that originally selected by Richard Powell are gazetted part of a water reserve. What the Government will do next is very hard to say.

The land selected has been occupied, and Mr. Duffy has surveyed it, and reported both Richard Powell and myself residing.

We have received no intimation of any sort from the Government, yet both selections are sold to Mr. Dines eight (8) months after we selected them, and now, strange to say, are gazetted as part of a water reserve.

Immediate attention to this would oblige.

I have, &c.,
ROBERT D. GORDON.

Minute on No. 30.

[Urgent.]

Mr. R. Powell to be informed that the survey made by Mr. Duffy, being portions 40 and 46 and portion 41 (measured 22nd July, 1875), being in all 320 acres, and situated in the parish of Whalan, county of Stapylton, is approved by me as his (Powell's) conditional purchase of 9th July, 1874.

Mr. R. D. Gordon to be informed that the survey made by Mr. Duffy on 19th and 20th July, 1875, being portion 42 of 320 acres, parish of Whalan, county of Stapylton, is approved by me as his conditional purchase made 9th July, 1874.—T.G., 7/2/76.

No. 31.

Mr. Licensed-Surveyor Mathews to The Surveyor General.

Sir,

Goondiwindi, 12 November, 1875.

Referring to my letter of the 14th May last, I beg respectfully to inquire what action has been taken relative to my proposed alteration of the reserve at Yarangooran or Mayne's Lagoon, being * water reserve No. 174, notified 11th March, 1868.

Shall the reserve be left as originally notified? Such being Mr. Dines's request.

Messrs. Dines, Sexton, and Cook are each desirous of having their boundaries settled, being anxious to fence.

I am now surveying on Merriwa Run, on which these selections are situated, and could attend to them immediately if I had your authority.

I earnestly request that you will expedite this matter as much as possible, as it has now been several months in abeyance.

DESCRIPTION of portion 42, in the parish of Whalan, county of Stapylton, containing 320 acres, exclusive of road on eastern boundary, surveyed as a conditional purchase for R. D. Gordon, on July, 1875: Commencing on the Whalan watercourse, at a north-west corner of portion No. 43 of 320 acres (R. M'Donald's conditional purchase, 320 acres); and bounded thence on the north-east by a line bearing 106 degrees 4 seconds and 7.78 chains; thence on the east by a line bearing south 69.84 chains to the south-west corner of No. 43 of 320 acres; thence by a line bearing west 56 links to the north-west corner of No. 53 of 160 acres; thence by a line bearing south 16.28 chains, to north-east corner of No. 44 of 90 acres 1 rood; thence by a line bearing west 39.7 chains to north-west corner of No. 44; thence by a line bearing north 76.70 chains, to a point on the Whalan watercourse, being north-east corner of R. Powell's conditional purchase of 320 acres (embracing Nos. 41, 40, and 46); thence by the Whalan watercourse upwards, to the point of commencement.

No. 45.

Messrs. R. D. Gordon and R. Powell to The Secretary for Lands.

Sir,

Sydney, 14 February, 1876.

I write to you on behalf of Richard Powell and myself, who selected land at Warialda on 9th July, 1874, and we have just now had a verdict against us in ejectment in the Supreme Court, although we have fulfilled all the required conditions up to the present time. But owing to some mistake in the Lands Department, Mr. Dines produced the deeds of the land (although we selected 10 months before), and is likely to deprive us of it.

We now ask you that if we obtain a *rule nisi*, and the action in Court is not settled between Mr. Dines and ourselves in the Supreme Court until our three years are expired, will we be required to have the improvements on at the end of the three years, although the case is not settled; then as to whether we are to have our land or not, you would oblige by letting us know at once.

We are, &c.,

RICHARD POWELL.

Extract from Votes and Proceedings of the Legislative Assembly.

Question:—

Land sold to Mr. Dines:—Mr. Bennett asked the Secretary for Lands, pursuant to Notice,—

- (1.) Did the Government sell to Mr. Richard Dines, of Merriwa Station, Macintyre River, land which had been ten months' previously selected by Robert David Gordon and Richard Powell?
- (2.) What time elapsed from date of sale of the portions of land to Mr. Dines till the deeds were issued for them?
- (3.) What is the name of the Land Agent who obtained these deeds on behalf of Mr. Dines?
- (4.) By whose authority were the selections of Robert David Gordon and Robert Powell sold to Mr. Richard Dines, they having been reported resident by the surveyor, and their selections having never been gazetted forfeited?
- (5.) Has he any objection to lay all the papers in this case upon the Table of the House?

Answer:—

Mr. Garrett answered,—

- (1.) Yes.
- (2.) The sale took place on 22nd May, and the deeds were issued 17th July, 1875.
- (3.) Mr. Hoskins.
- (4.) The land was brought to auction sale in the ordinary way, but in ignorance of the fact that it had been conditionally purchased.
- (5.) No; if asked for in the usual way.

No. 48.

Messrs. R. D. Gordon and R. Powell to The Secretary for Lands.

Sir,

Ivanhoe, 13 October, 1876.

With reference to the cases lately before the Supreme Court—*re* Robert David Gordon and Richard Powell's selection, in the county of Stapylton, and parish of Whalan—Richard Powell and myself are now applying for compensation on these cases.

Our agents are Messrs. Dawson & Son, solicitors, Sydney. As we have been put to great loss and inconvenience by the department selling our selections to the late Richard Dines (10) ten months after we had selected—as we had nearly fully improved the selections—as we were reported residing by the surveyor—and as our selections were never declared forfeited, we think we have a just claim on the Government for compensation.

We have been put to a great deal of expense defending the action of ejectment which was brought against us, and which we lost.

You would greatly oblige by agitating in the matter for us, and getting us the refund of £80 each, the deposit money on our selections, as well as using your influence for us in what we think is a just cause.

By attending to this you will greatly oblige.

Yours, &c.,

ROBERT D. GORDON,

No. 49.

Messrs. J. Dawson & Son to The Secretary for Lands.

Sir,

136, Pitt-street, Sydney, 18 October, 1876.

We have the honor to submit for your consideration the claim of Mr. R. D. Gordon upon the Government, under the following circumstances:—

On the 9th of July, 1874, Mr. Gordon applied for and conditionally purchased at the Lands Office of the district of Warialda 320 acres of land, county of Stapylton, parish unknown, and paid the sum of £80.

On the same day, and at the same place, Mr. Gordon conditionally purchased another portion of 320, situate in the same county and parish, in the name and as the agent of one of his employés, Richard Powell, and paid a further sum of £80 as a deposit.

Gordon and Powell occupied their selections within one month from the date of application.

On the 11th December, 1874, the District Surveyor (Duffy) was instructed to cause the necessary re-surveys to be made, in order that the conditional purchasers might be placed in possession of the land applied for, and at the same time the papers transmitting to the Lands Office the plan of measurement for auction sale of the land applied for. These conditional purchases were *inter alia* placed under a cover in the Lands Office, on which the several papers were enumerated, and a short statement of the case made, together with a direction that the surveys were to remain under reference "to wait reply" from the surveyor to a B.C. sent to him on one of the papers in question.

It was afterwards discovered that one of these papers, together with the plan, had (notwithstanding the direction intended to prevent such action) been removed from the cover referred to, the plan charted, and the land sent for sale by auction.

On

On the 22nd May, 1875, the land was offered for sale at Moree, a sub-office in the Warialda District, and purchased by the late Mr. Richard Dines.

It appears from papers that application was made by the auction purchaser (through his agents) to have the deeds of grant prepared forthwith without waiting for the "final report" of the sale to be sent in; and although this course was objected to by the Minister as unusual, and likely to lead to complications, the grants were prepared and delivered with most extraordinary dispatch.

On the 18th of August, 1875, Mr. Surveyor Duffy transmitted an amended plan, and reported conditional purchasers as resident.

On the *23rd September, 1875, the Surveyor General, to whom the matter had been submitted by minute, after recapitulating the facts of the case, reported that conditional purchasers had every right to the land claimed and held by them, and recommended that Mr. Dines's grants should be recalled and cancelled.

No declaration of forfeiture has been made by the Government, either previous to the issue of the grants or since, in accordance with the 18th section of the Act 25 Victoria No. 1 and the 17th section of the Act 39 Victoria No. 13.

On the 4th of November, 1875, Dines commenced two actions of ejectment, and upon the trials put in evidence six grants covering the two selections made by Gordon and Powell.

There was evidence of residence, &c., and a description notified by the Minister for Lands as approved, dated the 9th of February, 1876, under the 14th section of the Crown Lands Act Amendment Act, was tendered as evidence, but rejected by the Judge, on the ground that it had been obtained after action brought, and verdicts were returned for the plaintiff.

The defendants having obtained *rules nisi* for new trial, on the ground that the Judge who tried the cause was wrong in rejecting the evidence, the rules were argued before the Supreme Court on the 1st of September last, when new trials were refused, the Court holding that the Judge was right in rejecting the evidence, and that the Minister had no power to deal with the land, even by notifying the approval of the description, after the grants had issued.

Mr. Gordon has selected land, paid deposits, complied with the requirements of the law, and now finds himself ejected after an expenditure of about £1,200, besides which the land alone would be of an increased value.

Mr. Gordon, under the circumstances, thinks that he is entitled to compensation from the Government for the very heavy losses he has sustained, losses which have been occasioned solely by the issuing of grants to Mr. Dines of land which had already been conditionally sold, and with reference to which all the reports of the Government officers are in favour of Mr. Gordon.

Trusting this matter may receive a favourable consideration at your hands,

We have, &c.,

JOHN DAWSON & SON

(By THOMAS HUGHES).

Minutes on No. 49.

The circumstances are set forth in the minute on 75-16,045. The case has since gone to trial, and the selector has been defeated. This appears to have arisen chiefly from the defective or erroneous description given in his application, which the late Minister (Mr. Garrett) endeavoured, for the selector's protection, to remedy under the late Act, but too late to affect the verdict. It is for the Government to decide on the claim for compensation; I see no ground for recommending it.—A.O.M., 29/5/77.

The Surveyor General to The Under Secretary for Lands.

THE accompanying papers are those relating to the conditional purchases of Richard Powell and R. D. Gordon.

The conditional purchasers were the defendants in actions brought against them in the Supreme Court in the early part of this year by Richard Dines.

The result of the action was it is believed in each case in favour of the plaintiff.

The case is now submitted as to what action should be taken.

These are the cases in which the certificates of approved description were held to be invalid, having been issued after litigation had commenced. No action has been taken as to declaring the conditional purchases void or otherwise.—W.W.S., 27th October, 1876.

Urgent.—May be referred to the Crown Solicitor to ascertain the effect of the judgments in the above cases on the respective conditional purchases in question.—T.G., 28/10/76. W.W.S., B.C., 30th October, 1876.

The Crown Solicitor to The Under Secretary for Lands.

Sir,

Crown Solicitor's Office, Sydney, 13 December, 1876.

I have the honor to return the papers relating to the conditional purchases made by Richard Powell and R. D. Gordon, and to the actions against them in the Supreme Court by R. Dines, and to state that I am informed that only one case has been tried, that the case of Dines v. Gordon, in which a verdict was given for the plaintiff, and the Supreme Court has refused to set the verdict aside and grant a new trial, the Judges unanimously deciding that the verdict for the plaintiff, Mr. Dines, must stand.

A full report of the judgment of the Court appeared in the *Sydney Morning Herald* of date 6th September last. * A copy of the report will be found herewith.

The effect of the judgment is to declare that the grant to Dines gives the land to him, notwithstanding Gordon's claim as for a free selection made prior to such grant.

I have, &c.,

JOHN WILLIAMS,

Crown Solicitor.

[Enclosure to No. 51.]

Dines v. Gordon.

THIS was a motion to make absolute a *rule nisi* for a new trial. The facts were fully reported in our issue of the 2nd instant. The following are substantially the judgments delivered:—

The Chief Justice said: The plaintiff brought an action of ejectment to obtain possession of certain land. To prove his title he put in a grant in fee. The defendant claimed the land by virtue of a conditional purchase prior to the issuing of the grant. His application to conditionally purchase was put in evidence, and on the face of it there appeared to be some uncertainty in the description of the land wished to be purchased; for the purpose of getting rid of that difficulty he tendered in evidence a notification or certificate issued to him, under the 14th section of the Crown Lands Act Amendment Act (39 Victoria No. 13), which notification had been issued to him after the date of the plaintiff's grant, and also after the commencement of the action. That evidence was objected to, and the Judge (Mr. Justice Faucett) ruled that it was not admissible. The Court had to decide whether or not that ruling was right. His Honor was of opinion that the evidence was rightly rejected. By the words of the 14th section, it was contended, it was imperative on the Court to receive the notification as evidence as to what it was that the defendant conditionally purchased, the original description being so vague that it was uncertain what land the defendant had wished to select. There was no doubt that when the Legislature clearly and expressly said that an Act, or any section of an Act, was to have a retrospective effect, that the Court would so construe it—the Court was bound to obey, as the Legislature was supreme—and where its intention was clearly and unmistakably expressed, that intention was to be carried out. It was the duty of all persons to obey the Acts of the Legislature. Where, however, an Act contained no clear expressions that it was to have a retrospective effect, and where by giving it such an effect it would interfere with the vested rights of parties, and would destroy existing interests, it was to be interpreted so as to be a guide for the future rather than for the past. The manner in which Acts of such a kind as the one in question were to be construed was well expressed in the leading case of *Moon v. Durden* (2 Exch. 22).

The marginal note was as follows:—"The 18th section of the 8th and 9th Vic., cap. 109, which received the Royal Assent on the 8th of August, 1845, enacts that all contracts and agreements by way of gaming or wager shall be null and void; and that no suit shall be brought or maintained in any Court of law or equity for recovering any sum of money or valuable thing alleged to be won on any wager, or which shall have been deposited in the hands of any person to abide the event upon which any wager shall have been made. Held per Parke B., Alderson B., and Rolfe B. (Platt B., *dissentiente*), that the statute had not a retrospective operation so as to defeat an action for a wager commenced before the statute passed."

Rolfe B., at the commencement of his judgment, page 32, cited the section of the Act, and then went on to lay down the general rule, as follows:—"The general rule on this subject is stated by Lord Coke, '*Nova constitutio futuris formam imponere debet, non præteritis.*' And the principle is one of such obvious convenience and justice that it must be always adhered to in the construction of statutes, unless in cases where there is something on the face of the enactment putting it beyond doubt that the Legislature meant it to act retrospectively." Reference was then made to the case of *Fowler v. Chatterton* (6 Bing. 258) at some length. That case was disapproved of, and also the cases at *sisi prius*, on which it was founded. At page 37, the learned Baron continued:—"It remains only to show that the doctrine propounded by Lord Coke does not rest merely on his authority, or on its obvious consonance with natural justice, but has been recognized and acted upon in some important and well considered cases very analogous to that now before us." *Gilmon v. Shuter* was then cited in support of the doctrine, and the judgment continued:—"According to all reports of the case the Court seems to have decided solely on the ground that it would be a flagrant violation of natural justice to make the enactment applicable to existing contracts, even in the case of a statute declared to be necessary for the prevention of fraudulent practices commonly endeavoured to be upheld by perjury." Further on:—"These cases seem to me abundantly to confirm the accuracy of the doctrine laid down by Lord Coke. I do not mean to say that an enactment may not be so made as to have a retrospective operation. In some cases the Legislature has thought it just to make enactments retrospective, even at some sacrifice of general principle. But then it does so in express terms, and generally, I believe invariably, couples the retrospective enactment with the best indemnity in favour of vested rights which the nature of the case admits."

In the same case, Alderson B., at page 40, said:—"I think also that the plaintiff is entitled to our judgment in this case. In construing statutes, the general rule, as it seems to me, which ought to guide us in their construction is that which has been stated. They are not to be supposed to apply to a past, but to a future state of circumstances."

And further on:—"Here, no doubt, the Legislature were desirous of putting an end to gaming and wagers; but, unless the words imperatively require it, we ought not to make their prohibition retrospective, for it is contrary to the first principles of justice to punish those who have offended against no law; and surely to take away existing rights without compensation is in the nature of punishment. The words of the Act do not, as it seems to me, require this construction."

In the same case, Parke B., said as follows:—"The language of the clause, if taken in its ordinary sense, as in the first instance we ought to do, applies to all contracts, both past and future, and to all actions, both present and future, or any wager whether past or future. But it is as Lord Coke says, A rule and law of Parliament that regularly '*nova constitutio futuris formam imponere debet, non præteritis.*' This rule, which is in effect that enactments in a statute are generally to be construed to be prospective, and intended to regulate the future conduct of persons is deeply founded in good sense and strict justice, and has been acted upon in many cases." Also, "It seems a strong thing to hold that the Legislature could have meant that a party who under a contract made prior to the Act had as perfect a title to recover a sum of money as he had to any of his personal property, should be totally deprived of it without compensation. It is a still stronger thing to hold that if he has already commenced an action with an undoubted right to recover his debt and costs he should not only forfeit both, but also be liable, as he would in the ordinary course of a suit, to pay the costs of his adversary, by being obliged to discontinue or be non-prossed, or have his judgment arrested—where, although the words of the statute, construed literally, would have sufficed to stop the action. The Court held that such could not have been so intended, as there were no express words in the Act to prevent the maintenance of an action commenced before the Act was passed."

That case was discussed some time afterwards in a case from India, on the same statute, decided by the Privy Council, and by a decision of that tribunal the Court was bound—*Pettamberdass v. Thackoorseydass*, 7 p.c., 239—and the decision was approved of.

By decisions of the Court a conditional purchase would prevail against a subsequent grant of the same piece of land—it had been held that a grant in fee was an inferior title to a prior conditional purchase. The plaintiff relied on a grant issued to him on the 17th of July, 1875. The defendant based his claim on a conditional purchase of the same land made in July, 1874. So that if the conditional purchase was legally proved the defendant would be entitled to succeed.

To prove his defence, the defendant put in evidence his application to purchase; in it the description was uncertain. No length of lines was given, the commencing point was not defined; it was impossible to say what portion of land he had applied for; in fact by his application he would, before the law was amended, most unquestionably have taken nothing, the application would have been void for uncertainty.

Under such a state of circumstances he sought to avail himself of the provisions of the 14th section, a section passed for a very good purpose, and where well applied very beneficial. The Minister was authorized to notify to a person that he (the Minister) approved of his taking possession of and occupying a piece of land which he did not describe in his original application.

The Minister could give a title to the defendant to the land in question, although it was not included in or touched by the description of the land he applied to purchase. The Minister could go behind a grant and give to a conditional purchaser land he never applied to purchase.

By a liberal interpretation of the Act the Minister for Lands could altogether ignore and render void a good and valid grant. If the Court was so to construe the Act it would be a most extraordinary piece of *ex post facto* legislation.

If the Minister had that power he might exercise it without calling any evidence, without giving notice to the grantee, and deprive him of his rights and destroy his title altogether behind his back. Before he (His Honor) would so construe an Act, or hold that the Legislature had so intended, the words of the Act would have to be, beyond all question, clear and unambiguous.

His

His Honor was of opinion that the Minister could only grant a certificate under the 14th section, or approve of the amendment of a description while the land described was open to the Crown to deal with, only while no other than the person applying was there. When once conflicting interests arose, or as soon as a third person became interested, the Minister's power ceased. Errors could be amended so long as the Crown only would be affected.

While the land remained in the Crown the Minister could at any time before any other person became entitled exercise the powers conferred on him by the 14th section. To construe the Act otherwise would be to render persons liable to the grossest injustices, and to give the Minister for Lands most arbitrary powers.

Such an Act had no precedent in the Colony. The notification under the 14th section was issued after the commencement of the action, and many cases went to show that the rights of parties to an action could only be affected by what took place before the action was commenced. The Legislature could, of course, have enacted that the notification should be conclusive if issued pending an action, but they had not done so.

His Honor was of opinion that the evidence was rightly rejected, as the notification could not operate, if otherwise valid, after the commencement of an action.

That being so there was no need to decide whether or not the defendant had resided on the land conditionally purchased within a month of his purchase. His Honor was disposed to think that the evidence was almost clear beyond doubt that the defendant did not occupy within the prescribed time.

Mr. Justice Hargrave was of opinion that the Minister, under the plain words of the Act, was entitled to notify to the defendant that he (the Minister) approved of the description being amended, so as to include the land which he (the defendant) occupied and intended to conditionally purchase by the description in his application.

The notification or certificate only went to that length. *It was only evidence, it did not affect title in any way whatever.* The effect of the section was to render valid descriptions of land conditionally purchased which would be otherwise invalid. The notification here was perfectly valid.

His Honor was also of opinion that the notification was rightly rejected, as it had been issued after the commencement of the action.

Mr. Justice Faucett agreed with Mr. Justice Hargrave that the section was retrospective. It was impossible to read the words of the section with any other view. The Minister was authorized to issue such a notification.

The words were as clear and distinct as they could possibly be, and clearly showed that the Legislature intended the section to be retrospective.

The notification was merely a mode of expressing the satisfaction of the Minister, it was only evidence. The notification of the Minister's approval might refer to a selection made before the passing of the Act. The question arose then—Was the notification which issued after the commencement of an action admissible in evidence in that action? *His Honor was clearly of opinion that it was not admissible.*

Without express words a statute may not be constituted so as to render invalid that which before was valid in law. (His Honor went through the facts of case.) *The evidence was properly rejected.*

The rule was discharged with costs.

Memo. by Mr. Finch.

Mr. Harpur,—Required papers which stand noted "End of May," but cannot be found. They are required in order to deal with the above-mentioned and other plans which have been awaiting for some considerable time. They have to do with the following cases, viz. :—Robert McDonald, Richard Powell, and R. D. Gordon, auction sale lots J to Q of sale at Moree, 22nd May, 1875.—C.E.F., 11th September, 1878.

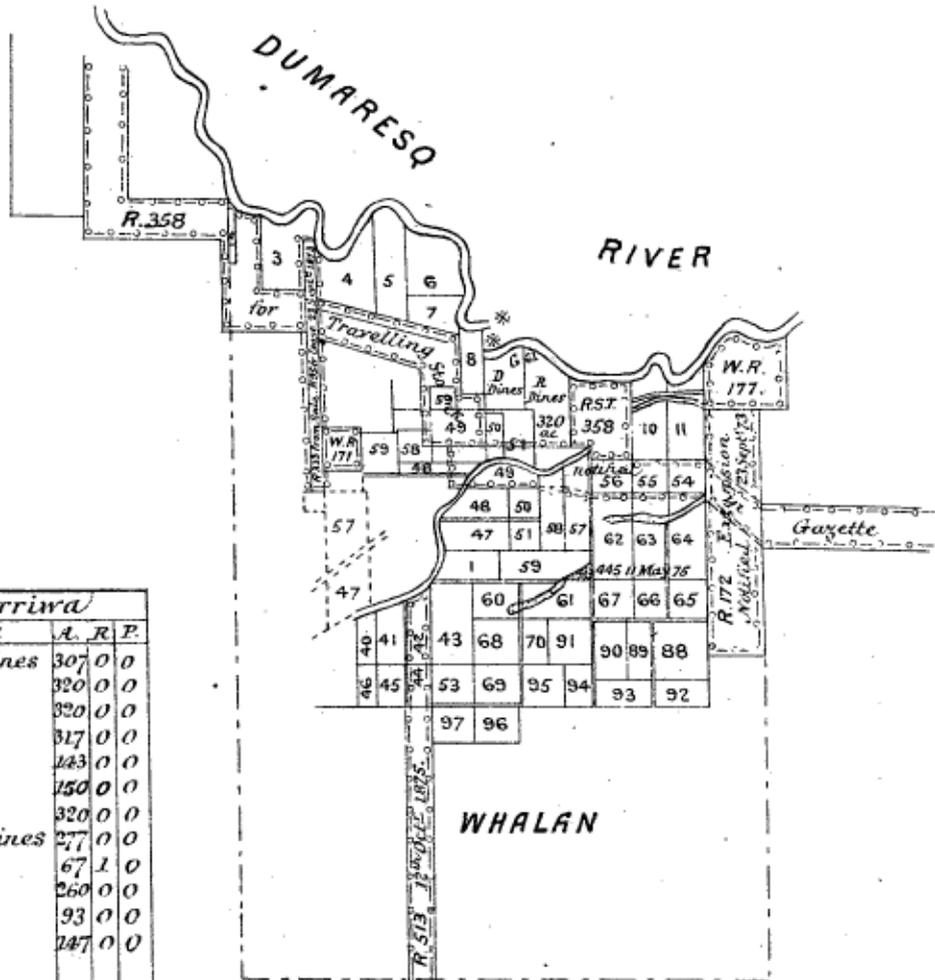

Mr. McDonald,—Let a careful search be made for the papers required, and inform me of the result.—H.H. 78/14,426.—Richard Powell. For refund of conditional purchase deposit. End of May. Papers herewith.—C.D.

APPLICATION OF MR. THOMAS HOLT TO RECLAIM AND PURCHASE LAND
AT PYRMONT.

No. 1.

The Hon. Thomas Holt, M.L.C., to The Secretary for Public Works.

Sir, Sydney, 9 September, 1861.
Herewith I beg to apply for permission to extend a wharf into Darling Harbour, from my property in Murray-street, Pyrmont, and in continuation of a line already sanctioned by the Harbour Master to my neighbour Major Christie, being 90 feet beyond high-water-mark on my northern boundary, and 130 feet beyond high-water-mark on my southern boundary, and having a total frontage to the harbour of 235 feet, and more particularly explained on the sketch hereunto annexed. Waiting favour of your reply, I have, &c.,
THOMAS HOLT. Enclosed.

Minutes on No. 1.

Mr. Moriarty, for report, 11 September, 1861.—J.R. I do not think extension should be allowed beyond a straight line from Major Christie's authorized extension with stone wharf (as marked in pencil on plan), but I presume this application must wait, with all similar ones, the settlement of the Land Bill.—E.O.M., 16 September, 1861. The Under Secretary for Public Works. Submitted, 4 October, 1861.—J.R. Permission cannot be given.—W.M.A., 8 October, 1861.

No. 2.

The Under Secretary for Public Works to The Hon. Thomas Holt, M.L.C.

Sir, Department of Public Works, Sydney, 11 October, 1861.
In reference to your letter of the 9th ultimo, requesting permission to extend a wharf into Darling Harbour from your property in Murray-street, Pyrmont, I am directed to inform you that under the present state of the law the Secretary for Public Works cannot sanction a compliance with your request. I have, &c.,
JOHN RAE. See No. 1.

No. 3.

The Hon. Thomas Holt, M.L.C., to The Secretary for Lands.

Sir, Camden Villa, Newtown, 21 November, 1861.
I have the honor to apply, in terms of the 9th clause of the Act for regulating the alienation of Crown Lands, for the permission of His Excellency the Governor, with the advice of the Executive Council, to extend a wharf into Darling Harbour from my property in Murray-street, Pyrmont, and in continuation of a line already sanctioned by the Government to my neighbour Major Christie, being 90 feet beyond high-water-mark on my northern boundary, and 130 feet beyond high-water-mark on my southern boundary, and having a total frontage to the harbour of 235 feet, and more particularly explained in the sketch hereunto annexed. I have, &c.,
THOMAS HOLT. Enclosed.

Minutes on No. 3.

Surveyor General, 26th November.—M.F. This may be referred in the first instance for the report of the Engineer-in-Chief for Docks and Harbours in regard to the possible interference by the proposed extension with the navigation of the harbour.—A.G.M., 16th January, 1862. Under Secretary for Works, B.C., 4th February, 1862.—M.F. Mr. Moriarty, B.C., 6th February, 1862.—J.R. After examination of the locality we are of opinion that permission to fill up to the pencil-line on the enclosed sketches may be granted to Mr. Holt.—A. G. M'LEAN, Surveyor-General. I concur in the above.—E.O.M., 25th November, 1870.

No. 4.

Michael Fitzpatrick, Esq., to The Secretary for Lands.

Sir, 100, Pitt-street, Sydney, 24 October, 1870.
In November, 1861, the Honorable Thomas Holt applied to you under the terms of the Land Alienation Act, then recently passed, for permission to extend a wharf into Darling Harbour in front of his property at Pyrmont. For reasons which need not be more than alluded to, the Government has not hitherto taken any definite action in respect to these Pyrmont properties. Mr. Holt is, however, still anxious to carry out his original intention. I have therefore the honor on his behalf to enclose a copy of his original* application, and also a copy of the sketch which accompanied it, and to request that the matter so long delayed may receive your early attention. I have, &c.,
M. FITZPATRICK. See No. 3.

[Enclosure.]

The Hon. Thomas Holt, M.L.C., to The Secretary for Lands.

Sir,

Camden Villa, Newtown, November 21, 1861.

I have the honor to apply in terms of the 9th clause of the "Act for regulating the Alienation of Crown Lands," for the permission of His Excellency the Governor, with the advice of the Executive Council, to extend a wharf into Darling Harbour from my property in Murray-street, Pyrmont, and in continuation of a line already sanctioned by the Government, to my neighbour, Major Christie, being 90 feet beyond high-water-mark on my northern boundary, and 130 feet beyond high-water-mark on my southern boundary, and having a total frontage to the harbour of 235 feet, and more particularly explained on the sketch; hereunto annexed.

I have, &c.,

THOMAS HOLT.

The Under Secretary for Public Works to Michael Fitzpatrick, Esq., M.P.

Sir,

Department of Public Works, Sydney, 6 December, 1870.

In reference to your letter of the 24th October last, I am directed to inform you that the Honorable the Secretary for Public Works has been pleased to approve of the application of the Honorable Thomas Holt, for permission to reclaim a portion of land in Darling Harbour, to the extent shown by pencil line in the tracing accompanying your communication.

I have, &c.,

JOHN RAE.

No. 6.

Description of Land.

2 roods §26 perches, more or less, county of Cumberland, parish of St. Andrew, at Pyrmont, Darling Harbour: Commencing on the high-water-mark of Darling Harbour, at the extremity of the line dividing the properties of Major Christie and Thomas Holt, and bounded thence on the north by a line bearing east about 90 feet to the limit line of extension, as laid down by the Engineer-in-Chief for Harbours and Rivers, &c.; on the east by that limit-line bearing about south 12 degrees east 232 feet; on the south by a line bearing west about 110 feet to the aforesaid high-water-mark; and on the west by that high-water-mark northerly, to the point of commencement.

No. 7.

Gazette Notice.

Department of Lands, Sydney, 20 January, 1871.

Reclamation of Land.

NOTICE is hereby given, that application has been made by Mr. Thomas Holt to reclaim and purchase certain land adjoining his property at Pyrmont, Darling Harbour, as particularized in the annexed description, and all persons interested are invited to state, within one month from this date, their objections, if any, why Mr. Holt should not be permitted to reclaim and purchase the land referred to.

No. 25.

The Trustees of Sir Edward Macarthur's Estate to The Secretary for Lands.

Sir,

Camden Park, Menangle, 21 October, 1873.

We have the honor to state that we are trustees (appointed under his will) of the estate of the late Sir Edward Macarthur, a portion of that estate being situated at *Pymont*. That certain allotments belonging to *Pymont*, bounded by Murray-street on the west, and the waters of Darling Harbour on the east, comprising Nos. 2, 3, 4, and part of No. 5, as marked on the plan of the estate, are held on lease by the Honorable Thomas Holt, Esq., he paying rent for the same to Sir Edward Macarthur's Estate.

We are informed that the area of the aforesaid allotments has been materially extended by the tenant, who is stated to have reclaimed the additional space from the shoal water which immediately fronted them and formed their proper boundary; and we are further informed that he, on application to the Office of the Minister for Lands, received a grant in fee of the area so reclaimed.

Under the belief that the Minister for Lands, at the time this grant was directed to issue, had not been informed of the real nature of Mr. Holt's tenure of the allotments, to which the reclaimed land forms the proper frontage, we have the honor to request that you will please to direct early inquiry to be made into the case, and if the grant to Mr. Holt encroaches, as we have reason to believe, upon the proper frontage of land belonging to the estate of Sir Edward Macarthur, that you will further be pleased to take the necessary steps for cancelling the grant in question.

We have, &c.,
WM. MACARTHUR,
JAMES K. CHISHOLM.

No. 26.

Mr. Surveyor Deering to The Surveyor General.

Sir,

Sydney, 24 November, 1873.

In compliance with your B.C. instructions to me of November, 1873, I have the honor to report on the joint application of the Hon. Sir William Macarthur and Mr. James K. Chisholm, as trustees of the estate of the late Sir Edward Macarthur, respecting a grant to the Hon. Thomas Holt, Esq., of a portion of reclaimed land, containing 2 roods 21 perches, situated at *Pymont*, Darling Harbour.

2. The facts I believe to be as follows:—

On the 1st July, 1856, the trustees of the late Sir Edward Macarthur's estate leased to Mr. Holt certain lands at *Pymont*, viz., allotments Nos. 2, 3, and 4, and part of 5, of the private subdivision known as the *Pymont* Estate. The lease was for ninety-nine years from the date mentioned. The land, I may add, forms a part of the original grant to Thomas Jones of 55 acres. The rent, in accordance with the terms of the lease, has always been duly paid by Mr. Holt.

There is therefore no mistake about the nature of Mr. Holt's tenure.

3. The first application made by Mr. Holt to the Government in connection with this matter was on the 9th September, 1861, and it was for permission to extend a wharf into the waters of Darling Harbour, in the front of the lands leased from the Macarthur Estate. Permission was not then granted, because the present Land Act, providing for such cases, was about becoming law. The Act became law on the 18th October, 1861, and very shortly afterwards, viz., on 21st November, 1861, Mr. Holt applied for permission to extend a wharf, as before, under the provisions of the 9th section of the present Act. *In making both these applications for extension of wharf Mr. Holt distinctly says, "from my property" in Murray-street. It would have been more correct to have said "from my leasehold property," &c.

It was not, however, until a third and final application was made, on 24th October, 1870, through Mr. M. Fitzpatrick, as agent, that permission to extend the wharf was granted.

4. I cannot see that Mr. Holt ever applied to purchase the area over which he designed to extend a wharf.†

* NOTE.—Since writing this, I observe that on the appraisalment paper marked "C" the word "leasehold" has been interpolated. The business was then at the final stage of completion, and it was rather late to set forth the tenure in its true light. There is also nothing to show when that interpolation was made, nor does it affect the applications, which are intended to set forth the claim of the applicant.—JOHN W. DEERING.

† He applied to extend a wharf from his property "in terms of the 9th clause" of the Alienation Act.—(Written by Chief Clerk.)

See minute on No. 25.

See No. 1.

See No. 3.

The matter appears to have been treated in the usual Gazette notification as if Mr. Holt had really so applied. This notification of 20th January, 1871, says that Mr. Holt has applied to *reclaim* and *pur-* See No. 7.
chase certain land at Pymont, Darling Harbour, and invites objections within one month.

For my own part I cannot see that Mr. Holt ever did more than to ask *permission to extend a wharf* in accordance with the custom, and the *9th section of the present Alienation Act.

At the same time it is evident that when the applicant, in asking for permission to extend, used the words "*from my property in Murray-street,*" that every officer dealing with the case supposed the adjoining land was Mr. Holt's freehold. It is not possible to put any other construction upon such words.

*Which provides only for sale. (Written by Chief Clerk.)

The 9th section of the Alienation Act clearly professes to deal with the "proprietor" only, and I believe that a proprietor is the possessor of a thing in his own right.

In April, 1871, the land was surveyed by Mr. Henderson, late District Surveyor, and upon his appraisal for the Government, and that of Mr. Fitzpatrick for Mr. Holt, the latter purchased the area of 2 roods 21 perches for the sum of £50. The grant was prepared on 1st June, 1872, and it was signed on the same day by His Excellency the Acting Governor, Sir Alfred Stephen, and was shortly afterwards issued to the Hon. Thomas Holt, Esq.

† The residue of the lease of 99 years, from 1st July, 1856 (first referred to), from the Macarthur Estate, with the reclamation grant of 2 roods 21 perches, has since been sold to Messrs. Goodlet & Smith, timber merchants, Sydney. This sale was on the 22nd November, 1872.

It is true that the trustees of the Macarthur Estate do not appear to have sent in an objection within one month, as per notification, but it is equally true that very few persons in the Colony examine the Government Gazette minutely.

The terms of the lease to Mr. Holt gave no right of purchase during its currency. It is, therefore, very clear that the grant of 2 roods 21 perches has been issued to the wrong person, and to that extent the Macarthur Estate is deprived of water frontage.

I have, &c.,

JOHN W. DEERING.

Minutes on No. 26.

It appears from this report that deed to Mr. Holt was issued erroneously, he not being the "proprietor" of the land, the reclaimed frontage of which was conveyed by such deed. It is clear from the 9th section of the Alienation Act that the "proprietor" of the adjoining land is the only person to whom the grant of the reclamation can legally issue. I would therefore submit that such steps as may be advisable should be taken for the surrender and cancellation of the deed which issued to Mr. Holt. I would further suggest that in every case of reclamation a certificate should be endorsed by the applicant on the papers before issue of deed, to the effect that the applicant is the owner in fee of the land in right of which the application has been made.—R. D. FITZGERALD, B.C., 28 January, 1874. The U.S. Lands.

The error was plainly with the Department of Lands. In his appointment of an appraiser Mr. Holt described the land as his "*leasehold*" property. Mr. Holt having parted with his interest, there would probably be nothing gained by communicating with him, but perhaps the present holders of the grant may be informed of the state of the case, and asked if they are willing to surrender it; and, if so, upon what terms.—A.O.M., 3/2/74.

The case was dealt all through as if the land was, as stated by Mr. Holt, *his own* property. The word *leasehold* was only inserted by Mr. Holt (being his own interlineation) in the appraisal form A., filled up and sent to him, which is not returned to this Department until the transaction is completed; the error can hardly be said therefore, as stated in minute of 3rd instant, to rest *with the Department of Lands*. The Minister does not wish to communicate at the present stage with Messrs. Goodlet and Smith. It is to Mr. Holt that the Government has sold, and apparently in error (we have no official cognizance of the buyers from him), and it is to him therefore we should apply in the first instance (setting forth the facts of the case), to surrender the deeds. Sir William Macarthur (through Captain Onslow, M.L.A.) complains of no reply having been given to either his letters of 21st October or 21st January last. He ought, of course, to have been apprised of the action being taken, a rule which has been laid down by me over and over again. He should now be informed of what has been done.—W.W.S., 8 Feby., 1874.

The appraisal is however made, and the documents returned before the application is approved.—A.O.M.

Sir William Macarthur to The Secretary for Lands.

Sir,

Camden Park, Menangle, 21 January, 1874.

With reference to our letter to you of the 21st October, 1873, and to your interim reply thereto, of the* 18th of November, I have the honor earnestly to request your attention to the matter of complaint submitted to you. We are informed, upon reliable authority, that the entire water-frontage, amounting to $\frac{3}{4}$ of an acre, of a highly-valuable portion of the Pymont estate, has been *granted* to the *lessee* of that portion, and that the said lessee has sold his lease from Sir Edward Macarthur, and with it the *fee simple* of the land he had reclaimed, and *obtained the grant of*. In the name of my co-executors and self I again appeal to you to redress the wrong thus done to the estate of the late Sir Edward Macarthur.

See No. 25.
*This letter was not entered in letter-book. Copy cannot therefore be furnished.

I have, &c.,

The Under Secretary for Lands to The Hon. Thomas Holt, M.L.C.

Sir,

Department of Lands, Sydney, 11 February, 1874.

Referring to the issue of a deed of grant, in your name, of certain land at Pymont, Darling Harbour, containing 2 roods 21 perches, under the 9th clause of the Crown Lands Alienation Act, I am directed to inform you that it has been represented to the Minister for Lands that the land in virtue of which you obtained the issue of the grant in question was not your property, but was only held by you under lease from the trustees in the estate of the late Sir Edward Macarthur, to whom the deed should legally have issued; and I am to request that you will surrender to the Crown the deed of the land illegally issued to you.

The Hon. Thomas Holt, M.L.C., to The Under Secretary for Lands.

Sir,

"The Warren," near Sydney, 13 February, 1874.

I have had the honor to receive your letter of the 11th instant, in which you ask me to surrender the deed of grant of 2 roods 21 perches land at Pymont, Darling Harbour, on account of its being illegally issued to me. In reply I beg to say that the said land was sold and conveyed by me to Messrs. Goodlet and Smith, on the 22nd November, 1872, and I believe that I not only had an undoubted right to purchase but also to sell the said land. I leased the said land of General Macarthur, with the intention (as his agent was well aware of at the time) of constructing a wharf, but I could not do so without the consent of the Government, and there was a delay of some years, in consequence of the Government having contemplated the construction of a railway to the Point, and therefore refused their assent, as the land I applied for to purchase and reclaim would be required.

I may add that I thought it was universally known that all the Pymont land was almost exclusively the property of the late General Macarthur, and let on 99 years' leases, which is nearly equivalent to a freehold, for that long term, provided that the conditions in the lease are fulfilled. My former neighbour, the late Major Christie, who had a similar lease, also purchased his water frontage of the Government and constructed a wharf, &c., which he subsequently mortgaged or sold to Mr. Billyard.

If the late Sir Edward Macarthur (who was living at the time), or his agents, had objected to my or any of his other tenants purchasing our water-frontages, surely he or they should have objected at the time, for it was frequently advertised in the daily newspapers, as well as in the *Government Gazette*.

Minutes on No. 34.

Submitted, 18th. I know of no means by which the error can now be repaired. The sale was advisedly made to Mr. Holt, to whom no mis-representations (or what is I believe technically called *equitable fraud*) can be attributed—he having set out his title as “leasehold.” The injury done to the estate of General Macarthur is however merely the privation of water-frontage (and possibly of the privilege of constructing a wharf) at the termination of the current 99 years lease, and I submit that this injury might fairly be recompensed by a moderate present compensation. It is not clear that the right to the reclaimed land being inherent in the possessor of the freehold under the Act, may not be recovered by such possessor from the holder of the deed, but this is a question for the parties to consider.—A.O.M., 19/5/74.

Memorandum by The Under Secretary for Lands.

In reference to the first paragraph of the Chief Clerk's minute enclosed, of date 19th instant, I would point out as I have done before (upon 73/6,910 Ms.) that Mr. Holt did not “set out his title as leasehold.” Mr. Holt's own application for the land must, I take it, be looked upon as the document in which he “sets out” the title, in virtue of which he claims to purchase under the 9th clause of the Crown Lands Alienation Act. In that application, dated 21st November, 1861, as also in all the official documents issued from this department, upon the strength of that application (which was approved on the usual joint recommendation of the Surveyor General and Engineer-in-Chief for Harbours) the land, in virtue of which he sought to reclaim, is distinctly designated as “his property.”

It was only after the application had been passed by this department, by ordering the land to be surveyed and appraised, that Mr. Holt, in the form sent to him for the appointment of an appraiser (see form C.) interlined in his own handwriting apparently the word “leasehold” before property.

It is not to be supposed that Mr. Holt had any idea that the omission or insertion of the word “leasehold” in his original application would have affected his case in any way, but there can, at the same time, be no doubt, that the department implicitly and naturally enough, in the absence of any official report from the proper quarter to the contrary, took it for granted that the land was *his property*, as he represented it to be.

This may have no bearing upon the case in a legal point of view, but as the Minister for Lands, I believe, intends to refer the matter to the Crown Solicitor, I have thought it as well to state the facts on this point, the more especially because I object to the statement that the error is “plainly with the Department of Lands.”

If there is any error it rests with the Survey Office, which is supposed to certify from the maps as to the nature of the applicant's title. It is hardly to be expected that the department, after the case having been passed through all its stages, prior to final approval, should be expected to look back for an alteration (of the nature herein alluded to), in a document issued under the authority of the department—an alteration too, made by the person solely interested in the case.

Mr. Surveyor Deering's report of the 24th November, 1873, is explanatory of the facts of the matter. The letters from Mr. Holt, and from Messrs. Goodlet and Smith, state what might have been expected—the former that the land was purchased from and duly conveyed by the Crown to Mr. Holt—and the latter that the land was purchased from Mr. Holt, to whom the department is referred for further particulars, &c.

Perhaps a legal opinion may be desirable as to whether the Government should or can take any steps as against the present or late grantees,—or to remedy the error that has been made, to the alleged detriment of the late General Macarthur's Estate.

T. Holt, Esquire, and to state that I have laid them before Mr. Attorney-General Innes, who has been pleased to write an opinion in the matter, a copy of which is as follows:—

"I would suggest that before resorting to any legal process, and for the present I have not considered what, if any, legal measures can be adopted, letters explanatory of the circumstances under which the alleged mistake is supposed to have arisen should be written to Messrs. Gentlemen,

Department of Lands, Sydney, 30 June, 1874.

Referring to your letter of the 13th ultimo, respecting the deed of grant of certain land at Pyrmont, Darling Harbour, applied for by the Honorable Thomas Holt, Esq., under the 9th clause of the Crown Lands Alienation Act of 1861, and granted to him on his application, I am directed to inform you that under the clause referred to reclaimed land can only be granted to the owner of the fee simple of adjacent land, and that the grant in question was issued to Mr. Holt upon his representation that the adjacent land was his property, which, it appears, it was not, he having been lessee of it only.

In these circumstances I am to point out that the grant is illegal; but it is considered advisable, before taking any steps, having in view its cancellation, to make you aware of the state of the case, with a view to some arrangement being, if possible, arrived at, by which the rights of the owners of this estate may be secured to the reversion of the water frontage, of which they would be deprived by the grant to others of the reclamation referred to.

Sir,

"The Warren," near Sydney, 6 August, 1874.

I have had the honor to receive your letter, dated 30th June, and beg respectfully to say, that in quoting an Act of Parliament, or an application to purchase under that Act, it is much to be regretted that you do not quote the *exact* words used in each case. *You say in your letter that under the 9th clause of the Crown Lands Alienation Act of 1861, "reclaimed land can only be granted to the owner of the fee simple of adjacent land," whereas, if you will please refer to the Act you will find it says to the "proprietor," and if you refer to my application, or rather applications (for I made more than one), you will find, I am certain, that I made use of the word "proprietor," which I was at that time, having purchased all the late General Macarthur's interest in the land for a full consideration, for the long term of 99 years, or three generations.

Copy-holders and leaseholders for more lives than one are clearly the "proprietors," and nothing but a breach of the covenants in their tenures could justify their landlords in invalidating their property rights.

But I may state further that it was solely in consideration of the water privileges that I was induced to lease the said land, jointly with Mr. Mort, whose interest I purchased previously to his leaving for England.

My attention was called to it by the late Major Christie, who had leased the adjoining land with the intention of constructing a wharf, that is, of course, with the permission of the Government, and purchasing the land necessary for that purpose. I well remember when I remonstrated with Mr. Allpot, the agent of the late General Macarthur, about the high rent, his pointing out to me the great value of the water-frontage for wharves, &c., which could not be constructed without permission from the Government, and of course purchasing the land necessarily required for that purpose. Our

* The Attorney General says so, and this is the whole difficulty, the agents of the estate being of the same opinion. (Written by Chief Clerk.)

See No. 34.

No. 30

See No. 38.

Our applications (Major Christie's and mine) were not only published in the *Government Gazette*, as required by law, but also in one or more of the daily newspapers. If, therefore, either the late General Macarthur, or his agent, had wished to prevent our constructing wharves and purchasing the land required for that purpose, they would have done so. But this was impossible, since the land was leased for that special purpose.

But supposing that there had been a special condition in the lease prohibiting the use of the water frontage of the land, for wharves, jetties, &c., and obtaining the necessary permission from the Government (in terms of the Crown Lands Alienation Act of 1861), to purchase and reclaim the land for that purpose, would it not have been contrary to public policy to render useless so much water-frontage within the City of Sydney?

I think such a condition would probably have been held to be null and void by the Judges of the Supreme Court. But there is no such prohibitory condition in the lease, and in my opinion there cannot be a shadow of a doubt that the owner of a lease for ninety-nine years is the "proprietor" of his leased land for that term, so long as he fulfils the conditions in his lease. I think it very probable that the word "proprietor" was deliberately used by the Legislature to meet cases of this kind, just the same as the words "living in the Colony" and not "resident in the Colony" was deliberately used by the Legislature in Queensland, in the Crown Lands Alienation Act, to meet the cases of conditional purchasers who might be *living* in the Colony when they made the application, but whose actual *residences* were in another Colony.

If the Act had made use of the words "the owner of the fee simple" (as you have inaccurately quoted these words in your letter), instead of the word, as it is in the Act, "proprietor," I would never have become the late General Macarthur's tenant,—consequently never have made an application to the Government to purchase and reclaim the water-frontage. I have already informed you that I had parted with all my right, title, and interest in the said lease to Messrs. Goodlet and Smith.

I have, &c.,

THOMAS HOLT.

Minutes on No. 39.

If Mr. Holt uses the word quote in the *strict* meaning of the term the wording of my letter does not amount to a *quotation*, although no doubt the Act and the particular clause of the Act are both specified. The letter purported to express the general effect of the Act in the words used by the Honorable the Attorney-General.

This may be pointed out to Mr. Holt, also that reference has been made, as desired by him, to his application, in which he states that he is certain he styled himself the *proprietor* of the land, and that in both the land is designated "*my property*." The word *leasehold* was inserted (apparently in his own handwriting) in the appraisal form, *after* it had been sent to him from this department.

If this alteration had been noticed it would probably have led to further inquiry and the rejection of Mr. Holt's application, as the case was dealt with all along on the supposition that Mr. Holt was the owner in fee-simple. As however it is evident that no satisfactory arrangement can be come to with the parties, the Minister for Lands directs that the papers be now referred back to the Crown Solicitor, for consideration as to whether any legal measures can or should be taken in the matter.

Refer accordingly after apprising Mr. Holt.—W.W.S., 10 August.

No. 40.

The Under Secretary for Lands to The Hon. Thomas Holt, M.L.C.

Sir,

Department of Lands, Sydney, 18 August, 1874.

Referring to your letter of the 6th instant, further on the subject of the deed of grant of certain land below high-water-mark, in front of your leasehold property in Darling Harbour, which was erroneously issued in your name, under the supposition that you were the proprietor of the adjoining land, and in which letter you take exception to my communication of the 30th June last, on the ground that the 9th clause of the Crown Lands Alienation Act was *misquoted*, I am directed by the Minister for Lands to point out to you that there was, in fact, no quotation from the 9th clause of the said Act made in my letter before alluded to, which purported to express simply the general effect of the provisions of the Act, in the words used by the Honorable the Attorney General when giving his opinion on the case. See No. 39.
See No. 38.

2. On reference, as suggested by you, to your application for permission to reclaim and purchase, and in which you state that you are certain you designated yourself the *proprietor* of the land adjoining that sought to be reclaimed, I find that you described the said land as "*my property*." In the appraisal form, however, issued to you from this department, and which was filled up in accordance with your own description, the word "leasehold" was, subsequently to its transmission to you, inserted before the word "*property*."

This interlineation is apparently in your own handwriting, and the Minister for Lands can hardly, therefore, understand how you could have considered yourself the proprietor, or owner in fee simple, in the proper acceptation of the term, or at any rate in such a sense as to entitle you to purchase under the 9th section of the Crown Lands Alienation Act.

3. The case was dealt with all along, in the absence of any intimation to the contrary from the officers who reported on it, as if the land was (as defined in your application) your property. Had the interlineation above referred to been noticed after the return of the appraisal paper to this office, it would no doubt have raised the question of your title, and prevented the final completion of the sale.

4. It has not yet, I am to state, been decided what legal steps, if any, should be taken in the matter, the papers having been forwarded for the consideration and opinion of the Law Officers of the Crown.

The Hon. Thomas Holt, M.L.C., to The Under Secretary for Lands.

Sir,

"The Warren," near Sydney, 27 August, 1874.

See No. 40.
See No. 38.

In your letter of the 18th August you are pleased to inform me that you had not mis-quoted, in your letter of the 30th June, the 9th clause of the Crown Lands Alienation Act, but that the words used "owner of the fee simple" purported to express simply the general effect of the Act; that is, you consider (if I understand you rightly) that the word "proprietor" is synonymous with the words "owner of the fee simple." The word "proprietor" used in the Act is a term so universally understood that there can be no doubt about its meaning, whatever there may be about that of "fee simple." Webster, in his Standard Dictionary, defines the meaning of "proprietor" to be "the person who has the legal right, and exclusive title to anything."

I respectfully submit that the exact words of the Act should be given in official correspondence, and not that which you may conceive to be the general effect of the Act. Lord Eldon said:—"The Court of Chancery is not at liberty to speculate upon what the Legislature might mean beyond what it has expressed." This right of property in the land leased of the late General Macarthur (before I sold my interest in it) I had unquestionably to the fullest extent for the term of ninety-nine years, in the consideration of the payment of £90, half yearly. I not only was the "proprietor" of the land, but also of the buildings thereon, which I bought and paid for, and of course could pull down, remove, and do what I pleased with the materials.

The late General Macarthur's proprietary rights to the land and everything thereon were, during the unexpired term of ninety-nine years, absolutely nil, provided that the said sum of £90 half-yearly was paid to him or to his trustees. It was in fact as much my property during the said term as if it were a Crown grant. Not only was I the proprietor of the land, but the fee simple also was actually vested in me or my assigns (according to Blackstone) during the currency of the lease. Blackstone says: "The fee simple or inheritance of lands is generally vested, and resides in some person or other, though divers inferior estates may be carved out of it, as if one grants a lease for 21 years, or more than one or two lives, the fee simple remains vested in him and his heirs, and after the determination of those years or lives the land reverts to the grantor or his heirs, who shall hold it again in 'fee simple.'" The heirs of the late General Macarthur must, therefore, wait patiently until the termination of the said 99 years, when the fee simple will revert to them; but in the meantime they must be content with the payment of £90 half-yearly as payment in full for all their proprietary rights.

I think it probable that the Honorable the Minister of Lands, as well as the Honorable and learned Attorney General have been deceived in this matter, in supposing that my tenure was similar to the short leases, clogged with stringent conditions, granted by some landlords to their humble tenants, which enable them to continue or cancel the leases at their pleasure.

I have, &c.,

THOMAS HOLT.

Minutes on No. 41.

Submitted 31st. All this is beside the real question, which is, that Mr. Holt has acquired through an error a grant of the fee simple of land abutting upon the frontage of the Macarthur Estate, of which, on his own showing, he was a tenant and not the proprietor. If it be the case that his ownership was, however, equivalent to a proprietorship, there should be no difficulty in admitting the right of the estate to enter upon the land granted on the termination of the lease (or proprietorship), which is all that is necessary for settlement of the matter. But it is probable that Mr. Holt and those to whom he sold may not take this view of their proprietary rights. It seems idle to pursue this correspondence with Mr. Holt. I respectfully submit that the Crown Solicitor might be invited to endeavour to bring about an arrangement with Messrs. Goodlet and Smith, who appear to be the present holders of the grant, whereby the reversion of the granted land to the estate with the leasehold may be provided for on termination of the lease.—A.O.M., 31st August.

Sir,

Department of Lands, Sydney, 18 March, 1878.

Referring to certain papers in connection with an application by a person named Holt, to reclaim certain land at Pymont, which was sent to you on the 18th August, 1875, I am directed to draw your attention to the fact that the papers have not as yet been returned to this department, and to request that the case may be dealt with as speedily as possible. The lands record is miscellaneous 75-5,163.

The Hon. Thomas Holt, M.L.C., to Messrs. Goodlet & Smith.

The Attorney General v. Holt and others.

Gentlemen,

"The Warren," Cook's River, 26 March, 1878.

* Not with papers.

I addressed you a *letter on August 28th, 1875, with reference to this matter, making a suggestion for settlement and an offer to yourselves for peace sake. You then declined my suggestion and offer, stating that you were perfectly satisfied with your position. Since then the decision of the Supreme Court on your plea has probably convinced you, as I have been convinced, that it is useless to resist the decree prayed for in this suit, viz., a recall of the grant of the land granted to me by virtue of my leasehold property in the adjoining land, on the ground of the grant having been improvidently issued.

I am powerless to make any offer of settlement to the Attorney General, as I have long since disposed of my interest both in the freehold and leasehold lands to you; but it seems to me that under the present circumstances there is a good opportunity for you to offer a settlement which will be satisfactory to all parties.

There can be no doubt that the Attorney General is acting in the interests of the Macarthur family, but the decree in this suit will vest the land, not in the trustees of Macarthur's Estate but in the Crown, and I am advised that the trustees will find some difficulty under our law in obtaining, without competition, the *fee simple* in the said land.

At any rate the Crown will probably not part with the fee as a matter of grace, without seeing justice between subject and subject, and would most likely insist on a lease being granted to you for the remainder of your term in the leasehold property. You would, however, then be in the hands of the Crown, and would be liable for the costs of defending this suit.

I therefore repeat my proposal that you should make an offer to the Attorney General to convey the freehold land to General Macarthur's trustees on the following terms:—The trustees to at once give you a lease of the said land upon the same conditions and for the same term as you hold the adjoining leasehold property by assignment from me; and that the trustees should pay you a fair sum for the value of the land, *i.e.*, the appraised value and the cost of reclamation, and also for improvements. If the latter part cannot be carried out, I am willing to repeat my former offer to give you the amount of the appraised value of the land, but I do this for the sake of obtaining peace, and without admitting that you have any claim against me.

It will be better for you to move in this matter, but if you do not I shall make a similar suggestion to the Attorney General to show my desire to comply with a hard law which would be unknown as between subject and subject.

I have, &c.,

THOMAS HOLT.

Dear Sir,

Holt *ats.* Attorney General.

Herewith we send you extract from Mr. Holt's letter to us of the 10th instant. You will see ^{Enclosed.} that it will be necessary for you to satisfy yourself as to the accuracy of the returns furnished by your department to the Legislative Assembly.

No doubt you can take it for granted that they are accurate, but what we desire is that you shall be able to speak positively upon the matters referred to in the questions contained in the extract which we send you, otherwise it will be necessary to subpoena you to produce the whole of the originals on a future day. We hope, however, that this will be unnecessary, as we are most unwilling to put you or your department to any such trouble.

Mr. Holt desires that you should be in a position to give categorical answers to the questions, and you may be sure he will be satisfied with nothing less. We are sure you will be able to comply with his requirements in this respect, and if so it will only be a matter of a few minutes to complete your evidence.

Yours, &c.,

WANT, JOHNSON, & WANT.

Extract alluded to.

My dear Mr. Johnson,

"The Warren," Cook's River, 10 February, 1879.

I have already intimated to you that I wish to ask the Under Secretary for Lands (Mr. W. W. Stephen) a few more questions when we meet at the Master's Chambers on Monday next, the 17th instant, and please to subpoena Mr. Stephen for that day, if you have not already done so. If Mr. Stephen will come prepared to answer my questions his examination need not last many minutes; and therefore Mr. Moriarty had better be subpoenaed for the same day and hour, or otherwise the Master may adjourn the Court if there is not another witness ready to be examined. I suggest that you should inform Mr. Stephen (in order that he may come fully prepared to answer my questions) that I intend to ask him:—

1. If I (the defendant Holt) ever applied to the Government for permission to *purchase*, or to *reclaim*, or to *fill in* the land on which I applied for permission to extend a wharf; if so, *how*, *when*, and *in what manner* did I make the application?

2. If it is possible I could have made an application to purchase the said land without his knowledge; if so, who is the responsible officer through whose hands the application would pass?

3. If it is not a fact that every person, with the sole exception of me (the defendant Holt), who applied for permission to extend wharfs, from the passing of the Crown Lands Alienation Act of 1861 to 1868 (when the correspondence on this subject was published by order of the Legislative Assembly), all, every one of the applicants, made use of one or more of the words *to purchase*, or *to reclaim*, or *to fill in*? This information Mr. Stephen will get from a Parliamentary paper—"Reclamation of land, Sydney Harbour.—Correspondence respecting"—printed by order of the Legislative Assembly, 23 March, 1868.

But Mr. Stephen must be able to speak with *confidence* of the facts, as recorded in this paper, and if he has any doubts he can refer to any of the original documents, or to the whole of them.

Sir,

Crown Solicitor's Office, Sydney, 28 August, 1879.

I have the honor to inform you that in the suit Attorney General *v.* Holt and others, the Primary Judge in Equity has decided against the Crown's claim to have the deed surrendered, and has dismissed the bill with costs.

It is proposed to appeal to the Full Court against this decision, and in doing so it is necessary to give security for the costs of the appeal, by bond, or by paying the sum of £100 into the hands of the Master in Equity.

It is desirable that the latter course be adopted, and I therefore forward a form of voucher ^{Enclosed.} signed by me, to be sent to the Treasury, if the Minister should be pleased to sanction the advance.

As this matter is urgent, I shall be greatly obliged by your bringing it under the consideration of the Minister as early as possible.

The Crown Solicitor to The Under Secretary for Lands.

Sir,

Crown Solicitor's Office, Sydney, 22 January, 1880.

I have the honor to return herewith the papers received by me from your department for the purposes of the suit *Attorney General v. Holt* and others, brought for the purpose of obtaining the recall of a grant of land at Pymont, issued to the Honorable Thomas Holt.

As you are aware, the Primary Judge in Equity decided against the Crown's claim, the decision was appealed from, and upon the hearing of the appeal the full Court, consisting of Mr. Justice Hargrave, Mr. Justice Faucett, and Mr. Justice Manning, upheld the decision of the Primary Judge.

I have since brought the matter under the consideration of the Attorney General, who has had a consultation with Mr. Davis, who appeared as Counsel for the Crown upon the hearing and has advised all through the case, and they are of opinion that no further steps should be taken by the Crown herein. I forward a copy of the opinion herewith.

I have, &c.,

JOHN WILLIAMS,

Crown Solicitor.

Minutes on No. 57.

Submitted.

In view of this letter, and seeing that the counsel for the Crown, Mr. Davis, in conjunction with the Attorney General, has advised that no appeal should be made to the Privy Council against the decision of the full Court, I presume no further action is required to be taken by this department. I presume, however, that the action taken in this case is not to be regarded as a precedent whereby applicants for land under the special clauses may receive deeds for same, although not the owners in fee simple of the adjoining land.—L.G.T., 20/2/80.

Under the advising herein no further action will, I presume, be taken, and the papers may be put by. With regard to the latter part of within memo., from Miscellaneous Branch, of course the case will not be taken as a precedent.—W.W.S., 27 Feb.

I concur.—J.H., 1/3/80. Mr. Finch.—J.M'G., 3 March, /80. Observed. Papers may now be put away at Records.—CHAS. E. FINCH, 11 March, /80.

Attorney-General v. Holt—Opinions.

THE Primary Judge having dismissed the information in this case with costs, and the full Court, consisting of Mr. Justice Hargrave, Mr. Justice Faucett, and Sir William Manning, having discussed the appeal on behalf of the Crown, and sustained the decision of the Primary Judge, it became necessary to determine whether the case should be carried any further, and an appeal asserted to the Privy Council. In order to a determination of that question, I, at the Attorney-General's request, met him in consultation. After very fully considering the circumstances under and for which the information was originally filed, and the course the case has taken, and the unanimous opinion of the full Court against the right of the Crown to succeed, I have come to the conclusion, in which the Attorney-General concurs, that such appeal should not be prosecuted.

The ground on which the information was filed was, that Mr. Holt, being entitled only under a lease to and not being the owner in fee of the land in respect of which he made his application for liberty to fill in the land then covered by the waters of Port Jackson, and opposite the land of which he was in possession, was not entitled to be allowed to fill in and obtain a grant of such reclaimed land, and that his way of speaking of his land in respect of which he made such application was calculated to and did in fact lead to the belief that he was the owner in fee of the land in front of which he requested permission to fill in and reclaim, and that thus the officers of the Crown were induced to allow the application, and the grant was made. The information was filed in consequence of the attention of the Government having been called to the fact that Mr. Holt was only a lessee of the land in front of which he requested leave to reclaim, and obtained a grant, and to the wrong thus done to the owners of the reversion of the leased land by losing their water-frontage. The grant was accordingly sought to be recalled in order to prevent such a wrong.

Very soon after the information was filed Messrs. Goodlet and Smith, who had purchased from Mr. Holt, and who were accordingly made defendants, filed a plea setting up that they were purchasers for value without notice of any impropriety in the way, or circumstances in and under which the grant was obtained, and claiming that the grant being registered under the provisions of the Real Property Act, and they having their title under that Act, they were entitled to an absolute estate even as against the Crown. The validity of this plea came on for consideration before the Primary Judge, Mr. Justice Hargrave, when he overruled it but allowed it to stand for an answer. His Honor's judgment is reported in the

Not with papers. *Sydney Morning Herald*, of the 16th February, 1876, and a * copy from that report is herewith. From that judgment it will

be

be seen that His Honor expressed his opinion in such way as to indicate that the information was founded on good grounds, especially on that that Mr. Holt being only a leaseholder was not a "proprietor" within the meaning of the Crown Lands Alienation Act of 1861. Messrs. Goodlet and Smith appealed from that decision to the full Court, consisting of Sir James Martin, Mr. Justice Hargrave, and Mr. Justice

The decision of the Court was that the plea should be allowed to stand for an answer.

In consequence of various efforts for some arrangement by way of compromise the further steps in the suit were delayed. Such efforts, failing evidence was eventually taken, and the cause heard this year. The Primary Judge, when the case was before him alone, and also when before the full Court, held that the word "proprietor" did mean and include a leaseholder, and accordingly that the grant was not void. This, it will be seen, is an entirely different opinion from that expressed by His Honor in his judgment in the year 1876, a *copy of which is herewith. Mr. Justice Fauceit was of the same opinion. Sir William Manning, without expressing any opinion on that point, was of opinion that the circumstances did not warrant the interference of the Court to recall the grant. * Not with papers.

I have mentioned fully the circumstances leading to the filing the information and the hearing of Messrs. Goodlet and Smith's plea, because very strong remarks have been made in regard to those who advised the Crown in filing and proceeding with the information. Those who advised the Crown in the matter originally and throughout the proceedings were of opinion that the owner in fee of land was the only person who under the provisions of the 9th section of the Crown Lands Alienation Act of 1861, was entitled to a reclamation grant. They were supported in that by an opinion of the Attorney General of the day, when an application for a similar grant was made by Mr. Westworth. This opinion was put in evidence by Mr. Holt in this suit. It was an opinion given for the guidance of the Department of Lands, and stated that only the owner in fee simple would be entitled to such a grant. The very strong way in which Mr. Justice Hargrave expressed himself in this judgment in 1876, to which I have already referred, certainly led those who were advising the Crown in this matter to the conclusion that they had formed a correct opinion and the information was correctly framed. Down to the time when the case came on for hearing before the Primary Judge in this year there was no opinion or judgment indicating that the Crown advisers were wrong or that Mr. Justice Hargrave entertained an opinion different from that expressed by him in 1876.

Under all the circumstances of the case I do not think that the Crown is called upon to do more than it has done. It has at great expense laid all the circumstances of the case before the Court. The matter has been fully discussed. The Court have unanimously come to the conclusion that the grant should not be recalled and cancelled, the majority holding that Mr. Holt, although only a leaseholder was entitled to the grant if the Crown chose to make it. I do not think that the Crown is called upon to assume the Court is wrong, and proceed by way of appeal to the Privy Council. The Crown is justified in such a case and under the circumstances, in accepting as final the decision of the full Court. For these reasons, and without expressing any opinion of my own on the question raised by the information, I am of opinion that there should be no appeal.

G. C. DAVIS, 97, Elizabeth-street.

Attorney General v. Holt.

I ENTIRELY concur with the opinion given by Mr. Davis with reference to this case. It does not appear to me that the Crown is called upon to take any further action in the matter, and therefore I cannot advise an appeal to the Privy Council.

Précis of case.

1st. On the 8th March, 1875, Cridland took up as an after auction selection portion 74, parish of Warrie, county of Lincoln, being lot U of sale at Dubbo, on the 27th September, 1869. 2nd. At this date the portion was within travelling stock reserve No. 1, notified 30th October, 1874, and the portion 74 does not appear to have been formally withdrawn from selection after auction. 3rd. On the 30th November, 1875, the auction selection was cancelled, and the money authorized to be refunded. The amount has however never been drawn, but is now at the Treasury. Mr. Cridland was, it is here observed, fully aware in 1875 that the selection had been cancelled, as the letter from this department notifying such to him was shown me yesterday by Mr. Muston (the agent), who stated he received it a few days ago from Cridland himself. The portion 74 was excised from the reserve by notice of the 23rd September, 1876, that is, after the selection had been cancelled ten months. Submitted whether the cancellation of the auction selection be revoked, or whether the land be sent to auction.—R.H.D., 31st January, 1880.

See No. 3.

See No. 5.

The facts of the case being as above set out, it is submitted for decision of the Minister.—J.G.B., 2nd February, 1880. Under Secretary.

The subsequent cancellation of the reserve does not make the auction selection legal, but it seems rather a special case; and I have a recollection of one of a similar kind, when the land had not been formally withdrawn from auction selection, in which it was held that the sale could stand.—W.W.S., 2nd February.

The sale of this land to Mr. Cridland was void, through the portion being within travelling stock reserve, and the applicant was so informed on November 30th, 1875. I know of no provision in the law which will permit of my validating in 1880 a sale, even if the reserve has subsequently been revoked, which was invalid in 1875; therefore I cannot accede to the application, and the land should be sent on for sale by auction.—J.H., 2nd February, 1880.

Mr. Muston may be informed.—J.G.B., 3rd February, 1880.

See memorandum attached, for further action.

No. 7.

The Under Secretary for Lands to Mr. W. Muston.

Sir,

Department of Lands, Sydney, 10 February, 1880.

With reference to your letter of the 29th ultimo, relative to the application made on the 8th March, 1875, by James Cridland, for the portion of land noted in the margin, as an after auction selection, which was cancelled on the 30th November, 1875, for the reason that the land was within reserve No. 1, notified on the 30th October, 1874, and in which you request that the said cancellation may be reversed, on the plea that the land in question was excised from the reserve on the 23rd September, 1876, I am directed to inform you that the Minister for Lands is not aware of any provision in the law which would enable him to validate in 1880 a sale which was invalid in 1875; and I am to add that he is therefore unable to accede to your request.

See No. 6.

Mr. W. Muston to The Secretary for Lands.

Sir, Lands Agency Office, 113, Pitt-street, Sydney, 16 February, 1880.

See No. 7.

I have the honor, in reply to your letter of the 10th instant, to bring under your notice, that at the time of after auction selection by James Cridland, of lot U, portion 74, parish of Warrie, county of Lincoln, the local Land Agent was apparently not aware of any reservation, as he gave Cridland a clear receipt for the purchase money and deed fee, and that Cridland was not informed that there was any difficulty in the matter until more than eight months thereafter.

The county map, catalogue, plan, and index credit Cridland with ownership of lot U, which is now, and has been occupied by him since his purchase. I would also suggest that the reservation in this case is not a withdrawal within the meaning of clause 25 of Act of 1861.

The purchase of four adjoining lots by J. H. Stewart, and one lot by John Dowling, have been completed, though it would appear open to the same objection as in Cridland's case.

Before receiving notice of cancellation my client had gone to considerable expense in connection with his purchase, and had also lost the opportunity of making other purchases. I therefore respectfully request your re-consideration, and that he may be allowed to retain the land, or receive compensation for the loss inflicted on him by the cancellation of his purchase.

I have, &c.,

WILLIAM MUSTON.

Minutes on No. 8.

This case has already been before the Minister, who decided that as the sale to Cridland was illegal when made in 1875, as the land was reserved from sale, he could not legalize now. It is submitted that as this case has been settled, Mr. Muston be informed that the matter cannot be re-opened.—J.G.B., 23rd February, 1880. For decision.—W.W.S., 4th. Approved. I have already given a decision in this case, and see no reason for reversing it; the party had no right or title to retain possession of this portion of land, having been notified in 1875 by this department that his selection had been cancelled through being within the area of a travelling stock reserve, therefore he improved it at his own risk, and from his agent's letter appears to have been in unlawful occupation of it, and in my opinion has not advanced any valid claim for compensation.—J.H., 5th March, 1880. Inform.—R.H.D., 8th March, 1880. Mr. Muston, as above, 8th March, 1880.

Sale at Dubbo—
27 Sept., 1869,
lot U, portion 74

With reference to your letter of the 16th ultimo, in which you request that the cancellation of James Cridland's application to select after auction the portion of land noted in the margin may be re-considered, I am directed to inform you that the Minister for Lands sees no reason for reversing the decision he has already given in this case.

2. I am to add that as your client was notified in 1875 that his selection had been cancelled, he had no right or title to retain possession of the land, which he has therefore improved at his own risk, and, as it appears from your letter, has been in unlawful occupation of, and the Minister is consequently of opinion that no valid claim for compensation has been advanced.

TOWNSHIP AT MILLIE.

No. 1.

Application of Mr. J. Carney.

C.P. No. 73/8,376.

[Alienation Act, section 13.]

Land Agent's No. 113 of 1873.

Application by John Carney, for the conditional purchase, without competition, of 40 acres unimproved Crown Land, under section 13 of the Lands Alienation Act of 1861.

RECEIVED by me, with a deposit of £10, this 7th day of August, 1873,—

C. E. SMITH,

Agent for the Sale of Crown Lands at Narrabri.

Sir,

7 August, 1873.

I am desirous of purchasing, without competition, under the 13th section of the Crown Lands Alienation Act of 1861, the portion of unimproved Crown Land hereunder described, containing 40 acres; and I herewith tender the sum of £10, being a deposit at the rate of five shillings (5s.) per acre on the area for which I apply, and on which it is my intention to reside.

I am, &c.,

JOHN CARNEY,

Narrabri,

To the Agent for the Sale of Crown Lands at Narrabri.

Per JOHN W. ECKFORD, Agent.

Description.

County of Jamieson, 40 acres. Commencing on the right bank of Little Bumble Creek, about 1½ mile above the crossing of the reserved road from Narrabri to Moree, at the Wire Waterhole, and bounded by Crown Lands.

Minute on No. 1.

Mr. W. H. Christie, to measure if unobjectionable.—T.F.C. (for Surveyor General), 10 September, 1873.

No. 2.

Mr. Licensed-Surveyor Christie to The Surveyor General.

Sir,

Moree, 1 May, 1874.

Enclosure A.

I have the honor to transmit herewith the plan of a portion of land, containing 40 acres, No. 2, in the parish of Gordon, county of Denham, applied for by John Carney as a conditional purchase, under section 13 of the Crown Lands Alienation Act of 1861, and measured by me in accordance with your B.C. *memorandum of the 10th September. At the time of survey applicant had effected improvements consisting of bark gunyah, of the estimated value of £2, but was non-resident upon the land above described.

* See minute on No. 1.

Enclosure B.

With this letter I transmit sketch showing the proposed boundaries of the parish of Gordon in which this portion is situated.

I have, &c.,

WILLIAM HERBERT CHRISTIE,

Licensed Surveyor.

Applicant to show cause.—T.H.L., 27 October, 1874. Mr. Ellis, as to reserve 465, not shown on the map.—T.H.L., 27 October, 1874. Reserve 465 is included within the boundaries of reserve 656, notified the 1st July, 1874, and shown on the county of Denham.—G.L., 12 November, 1874. Seen.—T.H.L., 13 November, 1874. Applicant, with statutory declaration form, 30 November, 1874.* Applicant reminded, 16th March, 1875. No reply having been received to the above letters, submitted for forfeiture.—W.B., 14/6/75. Approved.—T.G., 28/6/75.

* The form mentioned cannot be supplied, as it is now obsolete.

No. 3.

T. G. Dangar, Esq., M.P., to The Secretary for Lands.

Sir,

Legislative Assembly Chamber, Sydney, 6 March, 1876.

I have been requested by many of the residents in the locality to ask of you to have a township proclaimed at Millie (Waterloo Creek), on the main road from Narrabri to Moree, about equidistant from either place (say 40 miles), and where the branch road down the Thalaba Creek to the Barwon River takes off. They wish it surveyed and sold.

A good deal of land would be purchased here, and free selectors becoming necessary owners. A post-office, pound, and public-house there now.

Unless this place is proclaimed a township forthwith, by reserve or otherwise, there will not be any ground left for the purpose, as the lessees of the run are buying it all up. I feel sure and trust this will receive your immediate consideration.

I have, &c.,

THOS. G. DANGAR.

Minutes on No. 3.

Mr. Dangar, by memorandum 8th May, asked the Minister what had been done in this matter.—J.W.E., 10 May, 1876. Reply given—would be forwarded for report of District Surveyor at once—J.W.E. Mr. District-Surveyor Dewhurst, for early report; and if desirable, he will submit a design and lay out a few allotments for sale.—T.F.A., B.C. 13 May, 1876. Mr. District-Surveyor Dewhurst.

As Mr. Licensed-Surveyor Christie is well acquainted with this particular locality, it would be desirable to report on the matter herein contained, and if necessary to prevent alienation of land

land suitable for a site for a village, to send a description of a reserve that may be proclaimed as early a possible, and that would include an area of about 2,500 acres.—A. DEWHURST, 18 May, 1876.

Urgent.—Mr. Dewhurst,—The locality herein referred to is Mr. Licensed-Surveyor Clements's district; and as that gentleman has been recently surveying in the neighbourhood, it is suggested that this matter be referred to him, as he is better acquainted with the unalienated land, and consequently more able to report.—WM. H. CHRISTIE, Licensed Surveyor, 1 June, 1876.

Mr. Clements, for report.—A. DEWHURST, 12 June, 1876.

No. 4.

Mr. J. Eckford to The Officer-in-charge, Department of Lands.

Dear Sir,

East Maitland, 4 May, 1876.

Allow me to call your attention to 40 acres of land which were selected by one John Carney, in August, 1873, and situated on Malaraway Run. The above having been declared forfeited some months since, I wish you to put the same to auction as soon as convenient.

No. 5.

Mr. Licensed-Surveyor Clements to The Surveyor General.

Sir,

Narrabri, 31 July, 1876.

Referring to your *B.C. date of instructions, 13th May, 1876, I have the honor to inform you that I have visited Millie, and examined the land from the junction of Gehan and Waterloo Creeks to Millie House, shown on the county map as Morehead and Young's 320 acres, portion No. 1. *See minute on No. 3.

(2.) The land adjoining Morehead and Young's purchased land is not suitable for a township, as the only permanent water in that locality is embraced by their land (portions 1 and 2, containing 320 acres each), and in winter the adjoining land is swampy.

(3.) There is a hole in Waterloo Creek, about two miles above Millie, the water in which lasts in ordinary seasons half the summer, and may be increased by damming the creek. This spot might be reserved as a site for a future town.

Commencing on Waterloo Creek at a point 50 chains below the junction of Waterloo and Gehan Creeks; and bounded thence on the west by a line north to Little Bumble Creek; on the north by that creek upwards one and a half mile; thence on the east by a line south to Waterloo Creek; and on the south by that creek downwards, to the point of commencement. This may be notified as soon as possible, for fear of defeat by conditional purchase.—A.D.

(4.) It would not be advisable to lay out any portion of a township at present; I do not think that sufficient land in it would be alienated to defray the cost of sale.

(5.) I would also recommend the cancellation of that part of reserve No. 944 (notified 12th October, 1875), which is south of Little Bumble Creek, as it militates against selection, and is of no use, the only water upon it approaching to being permanent will be embraced by the reserve which I now propose. Certainly not to be revoked at present.—A.D.

I have, &c.,

INGHAM S. CLEMENTS.

P.S.—Two selections have been taken up between this proposed reserve, and Morehead and Young's purchased land (portion No. 1), one of 320 acres by J. W. Eckford, and the other 640 acres by W. Gordon.—I.S.C.

Minute on No. 5.

This report is most unsatisfactory. The reserve proposed should, however, be notified, and I shall visit the locality myself, and take what steps appear necessary on the ground in the spring of the year.—A. DEWHURST, August 11th, 1876.

Sir,

Tamworth, 9 December, 1876.

* See minute on No. 4.

With reference to your memorandum*, dated 4th December, 1876, I have the honor to report that it cannot be desirable to have stock road from Narrabri to Moree encroached on by measured portions for alienation.

In this case the conditional purchaser is non-resident, and it would be desirable to cancel the measurement. I may mention that with the successive droughts we are unfortunately experiencing year by year in this district, it is with the utmost difficulty that stock can be travelled at all, and therefore the utmost possible facility should be afforded to the public, more particularly in times of such great depression.

Millie township laid out and submitted to auction between Narrabri and Moree.

I do myself the honor to request to be informed if this town has yet been laid out by the surveyor so instructed.

Many people are waiting for a township to be marked out here and land sold, and the public inconvenienced for the want of such. It is 70 miles between Narrabri and Moree, and no accommodation except in private hands, and if not done so all the land will be alienated.

I trust you will cause directions to be issued to the surveyor entrusted with the work to complete the matter as speedily as possible, it having now been a considerable time in his hands.

I have, &c.,

Mr. Dangar should be informed that the District Surveyor has been instructed to furnish a design, and will be reminded. The paper should then be returned to this branch for further action.—G.L. 5 October, 1877, Mr. Thompson. Forwarded to Mr. District-Surveyor Dewhurst, who will be good enough to expedite the survey herein referred to.—R. D. FITZGERALD (for Surveyor General). District-Surveyor Dewhurst, B.C., 31 October, 1877. I return this paper, as I hold the original instructions. I cannot go to Millie at present, as the drought is so severe. I am quite as anxious to do this work as Mr. Dangar is to get it done, as several important matters are standing in abeyance connected with it. Hotel charges are now £1 per night for a pair of horses.—A. DEWHURST, November 17, 1877. Mr. Dangar should be informed that, owing to the severity of the drought, the matter has not yet been proceeded with, but that a design will be furnished as early as practicable.—G. T. G. Dangar, Esq., M.P., to Mr. District-Surveyor Dewhurst.

My dear Sir,

Bullerawa, Namoi River, 26 January, 1878.

Yours of the 17th ultimo with enclosure I duly received. I have delayed replying to the same, in the hope of getting some necessary information upon the subject, but finding I cannot I return you the plan of the Millie county you enclosed me. I did apply that a village reserve should be made at Millie, at the request of my constituents; and considering all the circumstances, coupled with the fact that the distance from Moree to Narrabri is 70 miles, over a plain waterless country, I do not consider that the request in the interest of the public was an unreasonable one. All the land having been alienated in the immediate vicinity of Millie is no fault of mine, whatever it may be of the Government or their officers in failing to recommend in due time a suitable village reserve there, and which seems to me a want of foresight on their part.

Letter of the 17th and enclosure here referred to not with original papers.—W.M., Examiner.

It is evident, from the plan herewith returned, that a township can only be laid out upon existing vacant land, nor do I think I should incur the responsibility of saying where, and thus trenching upon the prerogative of the District Surveyor. I would suggest that the matter be sent to Mr. Surveyor M'Master, with directions to make a personal inspection of the site.

Yours, &c.,

T. G. DANGAR.

P.S.—Under the circumstances I can only suggest that the water frontage to creek marked X in pencil on plan sent back, or portion or all of reserve 1,061 be cancelled and town formed there, or on reserve 944.—T.G.D.

Mr. District-Surveyor Dewhurst to The Surveyor General.

Sir,

Boggabri, 22 April, 1878.

I have the honor to inform you that I have just selected a site for a village at Millie, and that to prevent defeat by conditional purchase, it is absolutely necessary that a reserve be immediately notified according to the following description:—

I am aware that the reserve as described will embrace land that has been alienated, and also a travelling stock reserve—but this is of no consequence whatever, as a modified description can follow, when the land desired for public purposes has been secured.

I beg most respectfully to urge that immediate action may be taken without further reference, or the land will be taken up by some person in the vicinity, which will totally defeat the object in view.

I have, &c.,

A. DEWHURST.

Description referred to.

Reserve for village at Millie: Commencing at the north-east corner of reserve No. 230, county of Jamison, notified 6th July, 1867; and bounded on part of the west by a line bearing north 2 miles, on the north by a line bearing east 3 miles; on the east by a line bearing south 4 miles; on the south by a line bearing west 3 miles; and on the remainder of the west by a line bearing north 2 miles to the point of commencement.

No. 22.

Mr. District-Surveyor Dewhurst to The Surveyor General.

Sir,

Tamworth, 27 April, 1878.

In compliance with your instructions,* dated 1st March, 1877, I have now the honor to enclose to you a tracing,† showing the site I have selected for a village at Millie, together with a rough plan of alienated and other lands in the vicinity,‡ showing the improvements that have been made, and the obstruction to traffic in other directions. * See minute on No. 10. † Enclosure A. ‡ Enclosure B.

You may observe that the site embraces part of the travelling stock road from Narrabri to Moree, and that it is in the main and most direct route. That owing to the erection of large dams by the lessees of the Malaraway Run, there is now no access to reserve No. 1,061 from the south.

That the site originally applied for for a village has been conditionally purchased, and therefore is no longer available—and also that, had that site been selected, it would have involved a detour of 3 or 4 miles, thereby greatly increasing the distance between Narrabri and Moree. The site I have selected is adjacent to "Eckford Scrub," while that applied for would have been nearly 4 miles distant from any. There are, however, no standing waterholes in the creek, and it will be necessary for the Government to incur an outlay of about £400 to construct a dam, as all water in this vicinity has to be conserved by artificial means.

Providing you are pleased to approve of this site, reserve No. 1,061 may be cancelled, and other measured lands may be brought to auction without further delay.

I may in conclusion call your attention to the telegraph line, that you may appreciate the circuit that has been made.

MEMORANDUM of subjects requiring explanation or completion in connection with the survey and plan of proposed design for village of Millie, parish of Gehan, county of Jamison, transmitted by Mr. District-Surveyor Dewhurst's letter No. 78/66, of 27th April, and on which Mr. District-Surveyor Dewhurst's report in explanation is requested.

Subject.

In transmitting design for proposed village of Millie, the regulations, as laid down in paragraphs 13 to 24 of surveyor's instructions have not been strictly complied with. Town and suburban boundaries should be described, and sites for public buildings, &c., should be indicated. Tracing annexed for additional information.

P.F.A.,

14 August, 1878.

Report.

Urgent.—I could not possibly show any design for town or suburban boundaries until I know whether instructions would be issued to alter the survey of portion No. 2. When in Sydney last May I pointed this out. Since that date the difficulty has grown, owing to a late survey made by Mr. Duffy of 60 acres adjoining No. 2, the plan of which was transmitted to you with his letter No. 78/39, dated 20th July.

The facts of the case are these:—No. 2 was a forfeited conditional purchase; it was re-selected by Eckford (the run lessee); I called on Eckford, and he expressed his perfect concurrence in my desire to re-survey the land, so as to let it lie north and south, instead of east and west. I still urge the propriety of altering the survey, and that of No. 43 adjoining. I shall then have much pleasure in recommending boundaries for the town, &c.

No. 28.
Petition.

To the Honorable the Minister for Lands.

The Petition of the undersigned residents of Mogil Mogil, the Mehi, Millie, and its vicinity, traders, teamsters, drovers, and other interested persons,—

HUMBLY SHOWETH:—

That your petitioners have heard with surprise and alarm that Mr. Surveyor Dewhurst has recommended a site for the township of Millie other than the one originally reserved, and where, in the opinion of your petitioners, so little convenience will be offered the public that, from every point of view, nothing but failure can result.

The original site, though causing the main road from Narrabri to Morce to make a detour of about 4 miles, junctioned the said road with roads leading out to the Mehi stations and those of Mogil Mogil, and thence down the Thalaba on to the Balonne and St. George's Bridge, and the whole of the traffic thereby, which must continue to pass through the original site, would have helped to make a township, and would have reaped great benefit therefrom. None of the traffic will pass within 4 miles of the proposed new site.

The original site is well watered, and otherwise so well fitted for a township that, in the opinion of your petitioners, the whole matter is worthy of most mature reconsideration.

Your petitioners therefore pray that you will be pleased to cause due inquiry to be made as to the truth of their allegations and the causes that have operated in making this proposed change of site, with a view, should it appear to you fit and proper, to the retention of the old and the rejection of the new site.

And your petitioners will, as in duty bound, ever pray, &c., &c.

Mr. George Lewis,—

The enclosed papers* have not yet been dealt with. I should like to know what action you intend to take, as I think portion 43, parish of Gehan, will have to be altered, as it is reported to interfere with the village of Millie. * See previous papers.

There is also an improvement purchase †application for 500 acres in the cancelled reserve 1,061, †See No. 14. which, on return of the papers, will be sent to surveyor for measurement.

The question of the site for a village should be referred to Mr. Dewhurst without delay.—G.L., 7 December, 1878.

No. 30.

Mr. District-Surveyor Dewhurst to The Surveyor General.

Sir,

Tamworth, 17 December, 1878.

I have the honor to acknowledge the receipt of a *petition signed by reputed residents of Mogil Mogil, the Mihi, and Millie, which you have been pleased to transmit to me with instructions to report thereon. * See No. 28.

In accordance with the letter I submit that, having carefully read over my previous letter on the subject, I am unable in any way to deviate from my recommendation, which was the result of most careful inspection.

I had hoped that the illustrative tracings I enclosed would have shown the best possible grounds for my course of action, and that when this protest was received at the head office it could be dealt with at once on its merits without further reference. In this I have been deceived, owing probably to my not having quoted the interests of persons most closely concerned.

I shall still refrain from touching on this subject, and endeavour to deal with the petition in as direct a way as possible.

In the first place, there did not exist any selected site for a village, but two inns had been built, around which it was hoped by the proprietors that a town would be surveyed. These inns had been erected, as it is stated, 4 miles out of the direct road to Moree from Narrabri, and I must contend that the prosperity of the owners should be held second to the convenience of the general public.

It is contended by the petitioners that in consequence of the action already taken in fixing a village site on the direct road to Moree, that the traffic from Narrabri to Mogil Mogil and other places lying to the westward will seriously be deviated. If such be the case, it can only be the result of good judgment on my part, to which however I can lay no claim, as open roads have been reserved together with drift ways for the passage of stock as nearly as possible in the direct route, and travellers and stock-owners travelling to and from Mogil Mogil will not probably pass through the newly designed village.

The question of water has been dealt with in my *letter 78/66, and a †plan is appended which shows that access to the reserve 1,061 has been effectually blocked by the construction of a dam which throws the water back nearly 2 miles.

Totally apart, however, from any petty local interests, I strongly recommend the retention of all reserves along or in the vicinity of the road from Narrabri to Moree (reserve 1,061 included); also the temporary reservation from sale of lands already measured for auction near the route; as, from a conversation I lately had with the Engineer-in-Chief for Railways, I understand a railway line is projected and will shortly be surveyed connecting the two towns.

I may further state that I am only awaiting the receipt of a plan of a survey lately made by Mr. Clements immediately to forward to you a description of a reserve that will stop further alienations along that route.

It is scarcely necessary perhaps to observe that the construction of a railway generally affects questions in connection with land that were previously considered satisfactorily disposed of.

If, however, reserve No. 1,061 is left intact, and the action taken with regard to the proposed village is confirmed, any case that can possibly arise will be provided for, always bearing in mind that *where the railway crosses the creek there must be the village.*

I have, &c.,

No. 31.

Minute by Mr. Draftsman Armstrong.

On the 6th March, 1876, Mr. Thomas Dangar requested, on behalf of many residents in the locality, that a village be laid out on the road from Narrabri to Moree, at Millie (Waterloo Creek). This letter was sent to Mr. District-Surveyor Dewhurst for report. On the 31st July, 1876, Mr. Licensed-Surveyor Clements reported that the only permanent water in the locality was 50 chains below the junction of Gehan and Waterloo Creeks. This land was reserved 20th November, 1876, No. 1,061.

On the 27th April, 1876, Mr. Dewhurst visited the locality, and reported that the site selected by Mr. Clements was not suitable, as access was cut off to the south by water thrown up from a large dam erected by the lessee of the run, and proposed in lieu thereof another site at the junction of travelling stock reserve No. 766 and Little Bumble Creek. This reserve was gazetted as No. 707, on the 20th May, 1878, and reserve No. 1,061 cancelled.

In October, 1878, a petition was received from residents interested in the village, protesting against the new site, and asking that the old one be retained. This petition, together with all papers, were forwarded to Mr. Dewhurst for report, who states he is unable in any way to deviate from his former recommendation, which was the result of careful consideration.

This report is submitted as to whether the site recommended by Mr. Dewhurst at the junction of travelling stock reserve No. 766 and Little Bumble Creek be adopted.

TOWNSHIP of Millie:—Mr. J. Answer by Mr. Hoskins.

Mr. Hoskins answered,—As the papers were not moved for in the ordinary way, nor even promised to be laid upon the Table of the House (an answer to a previous question being merely to the effect that there would be no objection to lay copies of the papers on the Table), no action has been taken in the matter. The papers are now to hand, and I have given instructions to lay out the village on the site recommended by the District Surveyor.

Minutes written on No. 36.

MILLIE papers returned by Mr. Surveyor M'Master to be copied for Parliament. To Ministerial Branch, Lands Office, to copy for Parliament.—W.F., 12 November, 1879. Mr. Rich.

Mr. Moses.—Report how this matter stands.—T.P.B., 15 November, 1879. The papers in this case are now herewith.—W.M., 17 November, 1879.

* See No. 32.

Submitted as to whether these papers are to be copied for Parliament, in the face of the *reply given by the Minister to the question asked in the House, see copy herewith.—O.R., 19 November, 1879.

There is no occasion to copy the papers, having in view the reply given by the Minister, and the delay that appears to have taken place in acting upon the case for the purpose of submitting this question has, I think, been quite unnecessary. The instructions to the surveyor as to the laying out of the village should I conclude be carried out as quickly as practicable.—W.W.S., 2 January, 1880.

Mr. Dangar, M.P., should be asked if he will call at this office and inspect the design for the village of Millie, as by his doing so the expense which will be incurred by the Department in copying and printing the papers may be avoided, and the delay incidental to the work may be obviated. Mr. Dangar, M.P., should be written to with as little delay as possible.—J.H., 6/1/80.

Perhaps Mr. Hoskins has misapprehended the state of the case. The surveyor was about preparing the plan when the papers were sent for to be copied. It is recommended that the papers may be sent back with an urgent request to expedite the matter, unless under the circumstances of Mr. Dangar objecting to the site approved by the Government. Mr. Hoskins might desire Mr. Dangar either to see the papers, or that they may be copied for Parliament before doing so.—P.F.A., 8 January, 1880.

Resubmitted for further instructions.—W.W.S., 8/1/80. These papers were returned to Survey Office before the above was submitted.—W.W.S., 10/2/80.

No. 40.

Minute by Mr. Draftsman Freeman.

Surveyor General's Office.

Memorandum.—The Millie village papers which were to be shown to Mr. Dangar, M.L.A., are still with me. Shall I return them to Miscellaneous Branch (Lands), as Mr. Dangar has not called?

W. FREEMAN,

Surveyor General.

13th January, 1880.

Minutes on No. 40.

Yes—it is of no consequence to us; Mr. Dangar wanted to see the papers, and I wished Mr. Freeman to explain them to him.—P.F.A., 14 January, 1880. Papers now returned to Miscellaneous Branch.—W.F., 14 January, 1880. The better plan will be to write to Mr. Dangar at once explaining the matter, and asking him if he wishes to see the papers. If not, the surveyor should then, as proposed by the Surveyor General, be instructed to expedite plan, &c.—W.W.S., 12 February, 1880. Approved.—J.H., 13 February, 1880.

The Under Secretary for Lands to T. G. Dangar, Esq., M.P.

Sir,

Department of Lands, Sydney, 18 February, 1880.

* See No. 33.

Adverting to my letter,* 7th May last, in reference to the question and answer in the Legislative Assembly on the 29th April previous, respecting the village of Millie, and stating that copies of the papers could not then be prepared for Parliament, as they had been forwarded to the District Surveyor

to

to enable him to carry out instructions as to laying out the village, I am directed to inform you that the papers referred to are at present in this department, and to inquire if you desire to see them; if not, the surveyor will at once be instructed to expedite plan, &c., of the village in question.

T. G. Dangar, Esq., M.P., to The Secretary for Lands.

Sir,

Parliament, New South Wales, Sydney, 27 February, 1880.

I have to acknowledge the receipt of your letter* of the 18th instant, referring to my† previous letter* of 7th May last, and question and answer in the Legislative Assembly of 29th April previous, respecting the village of Millie, informing me copies of the papers could not then be produced, for reasons stated in your letter, and further intimating to me that these papers are now in your office, and kindly stating I am at liberty to peruse them prior to being sent to the surveyor for action.

* See Nos. 41 and 32
† Qv. your.

In reply, I have the honor to request these papers be delayed in sending to the surveyor, as I have given notice for their production in Assembly, and you have intimated to me your intention not to oppose such.

A perusal, so far as I am personally concerned, would have done me, but many of my constituents are anxious in the matter, and wish to see the correspondence in print. Under these circumstances I hope the request will be complied with, else if return granted the same difficulty that arose before as to preparing them will arise.

No. 43.

Mr. District-Surveyor Dewhurst to The Surveyor General.

Sir,

Tamworth, 12 March, 1880.

In compliance with your instructions* I have the honor to enclose to you a lithograph of the county of Jamison,† on which I have drawn the proposed line of railway as surveyed from Narrabri to Millie, and the position of a reserve proposed for your approval, with a view to the design for a village and its suburbs, should the railway line be confirmed. I may take this opportunity of calling your attention to the fact that this extension to the Queensland border will leave the town of Moree a considerable distance on the right, and consequently that the village of Millie, which is situated on the direct road from Narrabri to Moree, will also be avoided. You will therefore at once observe that the proclamation or notification of another village reserve several miles down Waterloo Creek from Millie village, will not prejudice in the least degree the site of the latter, but, on the contrary, may tend to show that it has been very judiciously selected. As I note that all papers having reference to the village of Millie have been called for in Parliament, perhaps it would be desirable to add this letter to those written previously on the subject.

* These instructions not with original papers.

CROWN LANDS.

No. 1.

Application by Mr. R. Gamble.

[Alienation Act, Section 13.]

District of Inverell. Conditional Purchase No. 67 of 1875.
Application by Richard Gamble for the conditional purchase, without competition, of 120 acres unimproved Crown Land, under section 13 of the Lands Alienation Act of 1861.

Received by me, with a deposit of £30, this 22nd day of April, 1875, at 10:30 o'clock,—
W. CLARE CARDEW,
Agent for the Sale of Crown Lands at Inverell.

Sir, 22 April, 1875.

I am desirous of purchasing, without competition, under the 13th section of the Crown Lands Alienation Act of 1861, the portion of unimproved Crown Land hereunder described, containing 120 acres; and I herewith tender the sum of £30, being a deposit at the rate of 5s. per acre on the area for which I apply, and on which it is my intention to reside.

I am, &c.,
RICHARD GAMBLE,
(per J.S., Inverell).

To the Agent for the Sale of Crown Lands at Inverell.

Description.

County of Arrawatta, parish of Byron, 120 (one hundred and twenty) acres, being measured portion No. 203, and situated east of R. Stacy's additional conditional purchase of 40 acres.

No. 2.

Messrs. Wilson and Ranken to The Secretary for Lands.

Sir, 227, George-street, Sydney, 17 June, 1876.

On behalf of Michael* Gamble, who, on the 22nd April, 1875, selected at Inverell 120 acres, † we beg respectfully to request that the said selection may be cancelled and the deposit refunded, as the selection has not been surveyed within the twelve months from the date of selection.

We have, &c.,
WILSON & RANKEN.

Minutes on No. 2.

Mr. Landers.—Any survey yet? 30/8/76. Instructions for the measurement sent to Licensed-Surveyor Macharg, 16 Oct., 1875, not yet answered.—J.D., 4 July, 1876. Mr Blackman. Refund.—J.W., 15/8/76. Applicant, care of Messrs. Wilson and Ranken, with refund order, and agent and Treasury informed, 26 Aug., 1876.*

This land is now embraced by a conditional purchase made by John Neven (77/165); both descriptions appear faulty. It appears evident, both from the fact of reference being made to Stacy's conditional purchase (portion 200), and also that application was made by the first conditional purchaser for refund on account of non-survey, that portion 203 of 40 acres, which is situated near the southern boundary of the parish, was not that intended to be described. That portion has long since been surrounded by measurements. Conditional purchase 77/165 is now endorsed to the surveyor, presuming that it is the intention of the applicant to describe the vacant land east of portion 200, which stands in the name of R. Stacy. Let the conditional purchase remain with papers.—D.H., 5 Jan., 1878.

* Usual forms sent. It is not deemed necessary to furnish copies of them.—W.M., Examiner.

Messrs. Fraser and Anderson to The Secretary for Lands.

A. [Lands Acts Amendment Act 1875.]

Application for the purchase of improved Crown Lands.

Sir, Byron, Inverell, 25 July, 1877.

Having erected the improvements detailed below, and which we estimate to be worth £70, we have the honor to apply that we may be permitted to purchase, without competition, under the provisions of the Crown Lands Acts Amendment Act of 1875, the Crown Lands on which they stand, and which are described hereunder.

The improvements referred to are now in our possession.

Application for the conditional purchase, without competition, of unimproved Crown Land.

District of Inverell. No. 165 of 1877.
 Application by John Neven for the conditional purchase, without competition, of 120 acres, more or less,
 unimproved Crown Land. 13th section.

Received by me, with a deposit of £30, this 27th day of September, 1877, at 10 o'clock,—

W. CLARE CARDEW,

Agent for the Sale of Crown Lands at Inverell.

Sir,

27 September, 1877.

I am desirous of purchasing, without competition, under the Crown Lands Alienation Act of 1861, the portion of unimproved Crown Land hereunder described, containing 120 acres, more or less; and I herewith tender the sum of £30, being a deposit at the rate of 5s. per acre on the area for which I apply.

I am, &c.,

JOHN NEVEN,

Bannockburn, near Inverell.

To the Agent for the Sale of Crown Lands at Inverell.

Description.

County of Arrawatta, parish of Byron or Champagne, 120 acres, more or less, being the forfeited conditional purchase of Richard Gamble, taken up by him, or his agent, on the 25th August, 1875, and declared void 26th August, 1876, starting at a tree, No. 203, on the Main Road from Inverell to Bannockburn.

No. 5.

Messrs. Wilson & Ranken to The Secretary for Lands.

Sir,

227, George-street, Sydney, 31 October, 1877.

On behalf of Messrs. Frazer & Anderson, lessees of the Byron Run, we beg respectfully to protest against the selection of 120 acres taken up by John Neven, at Inverell, on the 27th September last, as the land so selected contains improvements of the value of £70.

John Neven's application was forwarded to Mr. Licensed-Surveyor Macharg on the 17th of the present month; and we have to request that J. Neven may be at once warned not to improve the land until the question of the value of the improvements is decided.

We have, &c.,

WILSON & RANKEN.

Minutes on No. 5.

Selector should be warned; letter should then be sent to surveyor, a course which Dr. Wilson requests may be taken.—W.B., 1/11/77. Selector warned, and Messrs. Wilson & Ranken informed, 20 November, 1877. This letter may be sent to the surveyor.—R.D.F.G., 24 November, 1877.

Referred to Mr. Licensed-Surveyor McHarg accordingly for survey, should the improvements be not in his opinion of a value and character and so placed as not to bar conditional purchase; but if they are of a value, character, and so placed that they can be included in a measurement of corresponding area, report should be made and sketch furnished, showing the position, character, and date of erection of the improvements, and proposed form of survey for the improvement and conditional purchase; provided the conditional purchaser is willing to accept the balance of area available, measured in accordance with the regulations.—F. W. RUTTER, for Surveyor General, 24/11/77.

No. 6.

The Chief Commissioner of Conditional Sales to Messrs. Wilson & Ranken.

Gentlemen, Department of Lands, Conditional Sales Branch, Sydney, 20 November, 1877.

In reference to your *letter of the 31st ultimo, stating that the conditional purchase of 120 acres made by John Neven at Inverell, on the 27th September, 1877, contained improvements belonging to your clients, Messrs. Fraser & Anderson,—I am directed to apprise you that Mr. Neven has been cautioned against improving the land in question, as his application will be cancelled should it be found, after inquiry, that the improvements alluded to are of sufficient value to bar selection.

Messrs. Duguid & Co. to The Under Secretary for Lands.

Sir,

Pitt and Bridge Streets, Sydney, 11 December, 1877.

Referring to the selection by our client, Mr. John Neven, of 120 acres of land at Inverell, on 27th September last, and the caution lately forwarded to him against improving such land, we have the honor to forward herewith six statutory declarations from Messrs. Andrew Murray, Henry Bevin, John M'Kenzie, William Pender, and John Burke, respectively, to the effect that the improvements on the selection are under the value of £40. We would therefore very respectfully urge that the matter be inquired into and settled with as little delay as possible, to allow of our client proceeding with his improvements.

Mr. Licensed-Surveyor M'Harg has just informed me that he has transferred the instructions to Mr. P. H. Henderson, licensed surveyor, who was working in the locality, and is therefore in a position to report.—F.W.R., 19 Dec., 1877. Mr. Licensed-Sur. Henderson.

[Enclosure A to No. 8.]
Statutory Declaration.

I, JOHN NEVEN, of near Inverell, in the Colony of New South Wales, free selector, do hereby solemnly and sincerely declare as follows:—

1st. That I have inspected and examined the whole of the improvements now standing and being upon the selection of one hundred and twenty acres, situated in the parish of Byron and county of Arrawatta, selected by me on the 26th day of July, 1877, and afterwards re-selected by me on the 27th day of September, 1877, and I estimate the total value of such improvements to be under £40.

2nd. That the said improvements were formerly erected and used on a selection of James M'Cubbin's, situated in the parish of Champagne, and after being inspected and examined by the Government officer appointed for that purpose, the said improvements were, on or about the 19th day of July, 1877, removed, and placed upon the said selection of 120 acres above referred to.

And I make this solemn declaration, &c., &c.*
Declared at Inverell, this 6th day of December, }

No. 9.

The Chief Commissioner to Messrs. Duguid & Co.

Gentlemen, Department of Lands, Conditional Sales Branch, Sydney, 19 December, 1877

In reference to your *communication of the 11th instant, respecting the conditional purchase of 120 acres, made by John Neven, at Inverell, on the 27th September, 1877, I am directed to apprise you that your letter will be sent to Mr. Licensed-Surveyor Henderson without delay for his report and survey of the land, should no objection exist, and on receipt thereof you will be further communicated with.

I have, &c.,

WILLIAM BLACKMAN,
(For the Chief Commissioner).

No. 10.

Mr. Licensed-Surveyor Henderson to The Surveyor General.

Sir,

Inverell, 6 March, 1878.

I have the honor to transmit herewith the *plan of a portion of land containing 95 acres 1 rood, numbered 203, in the parish of Byron, county of Arawatta, applied for by John Neven under the 13th section of the Crown Lands Alienation Act of 1861, and surveyed in accordance with instructions dated 11th October, 1877, and 19th December, 1877.

Applicant, John Neven, resides on the land, and has improvements on it of the value of £10, as shown on the plan. There are also other improvements on it, the basis of a conflicting claim for the land made by Messrs. Frazer and Anderson (see No. 2,064) of 8th August, 1877,† herewith. With John Neven's application are numerous documents, statutory declarations, containing valuations, and making statements which go to prove that not only is the erection made the grounds of Messrs. Frazer and Anderson's claim of less value than required by the Act, but that other circumstances (and particularly its having been previously used for a similar purpose) also militate against its efficacy.

The building is unfinished, is of weatherboards, roofed with galvanized iron, has no flooring, it is 22 feet long, 14 feet wide, walls 9 feet to eaves, is gable-ended; chimney weatherboard, slab, and iron; unfit for use; partition with one door and one outer door, no windows, two window-holes. The materials are not new; the building was erected apparently about the time stated in John Neven's declaration 19th July, 1877, on its present site. The house apparently has been occupied, but not on its present site.

Those who have made the statutory declarations stating that the value of the erection is less than £40 are fully competent to make such a valuation; wherefore I am not disposed to impugn their opinions; but if it is held that the erection contravenes the last clause of the 3rd section of the Lands Amendment Act as alleged, the valuation is immaterial.

P. H. HENDERSON,
Licensed Surveyor.

Minutes on No. 10.

It is submitted as to whether the improvements of the lessees can be considered either of a character or value to bar the conditional purchase.—R. D. The Chief Commissioner to Messrs. Duguid & Co.

Gentlemen, Department of Lands, Conditional Sales Branch, Sydney, 13 April, 1878.

With reference to your *letter of the 11th December last, on behalf of John Neven, respecting the value of the improvements on his conditional purchase, in right of which the lessees of the run, Messrs. Frazer and Anderson, claim the land, I am directed to apprise you that, under the report of the local surveyor, the Minister for Lands does not consider that the lessees are entitled to purchase. Your client will not therefore be disturbed on his holding on this ground.

surveyor's valuation, and have paid the usual fee of £1 ls. It is submitted whether, in view of the Minister's decision already given on the matter, an appraisalment should be instituted.—J. M'G., 18/11/78.

The appraisalment fee is paid for ascertaining the value of the improvements; and applicants are entitled to an appraisalment, as they dispute the valuation of the surveyor, &c. As to the improvements not being of a nature to warrant the sale to the lessees, that is a matter of opinion, not to be left merely to the licensed surveyor; and it has been before held that on this point the lessees have a right to be heard. The statements however in the enclosed †papers are certainly against the lessees.—W.W.S., † See previous

Messrs. Wilson and Ranken should be asked whether, after the long delay which has taken place in the settlement of this case, they intend to persevere with their application for appraisalment.—J.H., 23/12/78.

Messrs. Wilson and Ranken asked accordingly.—27 December, 1878.

Gentlemen,

Department of Lands, Sydney, 22 April, 1879.

In reference to your agents' letter protesting against John Neven's conditional purchase of the land specified in the margin hereof on account of its containing improvements, your property, of sufficient value to bar its sale to him, and requesting that an appraisal thereof may be made, I am directed to inform you that the Honorable the Secretary for Lands having authorized me in that respect, I have appointed Mr. Frederick Thomas Walker, of Armidale, appraiser on behalf of the Government, to appraise the value of the improvements. If you are satisfied that the improvements in question shall be valued by him alone, you will please sign the form sent herewith marked "A"; if, however, you wish to appoint an appraiser to act on your behalf, you will sign the form "B," annexed. In this case you will be required to pay the costs of such appraiser, and of the umpire who will then have to be appointed, and upon forwarding the same to Mr. Frederick Thomas Walker, he will proceed herein to act on behalf of the Government. You will of course understand that, unless an appointment, in either form A or B, be forwarded to him, within sixty days from this date, he will proceed with the appraisal, in accordance with 3rd clause of the 28th section of the Alienation Act.

Sydney, 18 July, 1879.

I have the honor to forward you a letter from Mr. John Neven, of Rocky Gully, Inverell, in reference to a conditional purchase of 120 acres, taken up by him at Inverell, on the 27th September, 1877; also, copy of letter sent him by Mr. Moriarty. Messrs. Fraser and Anderson have claimed the land in virtue of improvements—a hut which Neven states is not worth over £20. Neven states an appraisal fee has been paid. As it is now near two years since Neven selected, and he must have been put to great

loss and inconvenience by this sham claim, I have the honor to request that you will at once give instructions for an appraisal to be made of the value of the improvements, and would suggest to you that Mr. Rogers, Inspector of Conditional Purchases, may be appointed to value the improvements, as he is well qualified to value them, and is I believe, thoroughly honest.

[Enclosure to No. 19.]

Mr. J. Neven to J. McElhone, Esq., M.P.

Dear Sir,

I write this to ask you to assist me in my trouble, knowing you are ever ready to do anything that lies in your power for a poor free-selector. I will not weary you with a long epistle, but just briefly state the facts of my case to you, relying upon your generosity to assist me.

On 27th September, 1877, I selected at the Inverell Lands Office 120 acres, under the 13th section. Immediately after I took up my residence upon the ground, and commenced improving; a few weeks had only elapsed when the squatter came to me and told me that I could not have the land, as it was theirs under the improvement clause; that they had applied for 70 acres of it by virtue of improvements which (said improvements consist of an old hut) they value at £70. I took no notice whatever of this, and stayed on the land.

Copy attached.

In January, '78, Mr. Licensed-Surveyor Henderson came and measured the land to me; and on or about the 20th April, '78, I received a letter from the Commissioner for Lands (copy of which I herewith send you). Thus far so good. But Mr. Henderson discovered that there was not 120 acres in the block—that there was only about 97 acres. Upon knowing this I wrote to the Lands Department asking for a refund of the balance of the deposit money. I did not write applying for the refund till July last year, expecting that in the ordinary course of things the Government would acquaint me of having to receive a refund, when they knew there was not so much land as I had applied for. However, after waiting a reasonable time, I wrote them for the refund, when I receive immediately a letter saying, "that an appraisal fee had been paid in, and that it would have to go to a Court." Some short time after receiving this letter I got a circular stating that Mr. F. T. Walker had appraised the hut, and that I should be made acquainted when the case would come on. There have been two Courts of Inquiry held in Inverell, and yet I have heard nothing of mine. This suspense is really worrying the life out of me. Upon receiving Mr. Moriarty's letter I felt secure in my holding, and set hard to work, and have over £100 worth of improvements now on the selection. I have twenty tradesmen (carpenters, &c.) ready to swear that the old hut is not worth £20, and yet the squatter has the audacity to value it at £70. On the face of the letter from the Lands Department, 13/4/78, to me, how can they consent to an appraisal? Or if the matter is to come before a Court, what is causing the delay? Ah! sir, the squatter with his money can work the Lands Department all roads, and turn them all round his fingers at leisure. Here am I, poor man with a family, being harassed and worried so much that I scarcely know what to do; and as a last resource I write you asking you to see the Minister for Lands, and to ask him what are they doing in the matter. Several surveyors have visited the hut, and they all declare the thing next to valueless.

I will not trouble you with any more, leaving the matter entirely in your hands. Awaiting your reply.—
I am, &c.,

JOHN NEVEN.

Copy of letter alluded to in the previous enclosure.

Gentlemen,

Department of Lands, Conditional Sales Branch, Sydney, 13 April, 1878.

With reference to your letter of the 11th December last, on behalf of John Neven, respecting the value of the improvements on his conditional purchase, in right of which the lessees of the run, Messrs. Fraser and Anderson, claim the land, I am directed to apprise you that, under the report of the local surveyor, the Minister for Lands does not consider that the lessees are entitled to purchase. Your client will therefore not be disturbed in his holding on this ground.

Fourteen days notice was given. 40 acres can be measured in accordance with the regulations. I award £1 1s. as professional costs to R. P. Allen, solicitor, Inverell.

F. T. WALKER,
Appraiser.

[Enclosure A to No. 21.]

(B.)

Report by Mr. Appraiser Walker.

Report of Mr. Appraiser Walker upon the improvements effected upon portion containing 120 acres, in the parish of Byron, county of Arrawatta.

Sir,

6th October, 1879.

In accordance with your instructions, I have the honor to report that the improvements upon the above-mentioned portion were personally inspected by me, and that I found them to be of the following description and value:—

	£	s.	d.
Hut	40	0	0
Total	£40	0	0

These improvements were erected about July, 1877, by Fraser and Anderson, and are now the property of A. Cruickshank. They have not been previously used to satisfy a claim in virtue of improvements; they are of a fixed and permanent character, and render more beneficial the occupation and use of the land, and in every respect answer the requirements of the 3rd clause of the Lands Acts Amendment Act of 1875.

I have, &c.,
F. T. WALKER,
Appraiser.

The Under Secretary for Lands.

[Enclosure B to No. 21.]

Appointment of Appraiser by the Minister for Lands.

WHEREAS on the 27th day of September, 1877, John Neven, of Inverell, applied to purchase under the 13th section of the Crown Lands Alienation Act of 1861 120 acres of land, as hereunder described: And whereas Messrs. Fraser and Anderson (per Messrs. Wilson & Rankin), of Sydney, in the Colony of New South Wales, claim the land on account of its containing improvements, their property, of sufficient value to bar selection: Now I, the Under Secretary for Lands, having been duly authorized by the Minister for Lands, in pursuance of the powers vested in him under and by virtue of the Crown Lands Alienation Act of 1861, do hereby appoint Frederick Thomas Walker, of Armidale, in the Colony of New South Wales, to be the appraiser on behalf of the Crown, to appraise the value of the said improvements at the date of John Neven's application, viz., 27th September, 1877.

In witness whereof I have hereunto set my hand, this 22nd day of *July, 1879.

W. W. STEPHEN.

* This appointment, when forwarded to the appraiser (*vide Enclosure A to No. 18*) was 22nd of April, 1879, and was apparently altered by him to 22nd July, 1879.—W.M., Examiner.

Schedule referred to.

Portion of land containing 120 acres, parish of Byron, county of Arrawatta.

I am directed to invite your attention to the regulations of the 27th September, 1876, which require that 14 days' notice in writing should be given by the appraiser to the parties interested before proceeding with the appraisal.

I, THE within-named Frederick Thomas Walker, do solemnly and sincerely declare that I am not directly or indirectly interested in the matter referred to me, and that I will faithfully and honestly, and to the best of my skill and ability, hear and determine the matters referred to me under the Crown Lands Alienation Act of 1861.

Subscribed and declared this 3rd day of October,
A.D. 1879, before me,—
C. Ross, J.P.

F. T. WALKER.

[Enclosure C to No. 21.]

(A.)

WHEREAS I, A. Cruickshank, of Byron, Inverell, in the Colony of New South Wales, have made application through Fraser and Anderson to purchase certain unoccupied Crown Lands situate at parish of Byron, county of Arrawatta, a description whereof is set out in my letter to the Under Secretary bearing date ; and the Minister for Lands has intimated that he is willing to appoint Frederick Thomas Walker, Esq., of Armidale, in the Colony of New South Wales, to appraise the value of the improvements existing on the said land on behalf of the Government: And whereas I am desirous of concurring in the appointment of the said Fredk. Thomas Walker, as such appraiser as aforesaid: Now, therefore I, the said A. Cruickshank, do hereby nominate and appoint the said Fredk. Thomas Walker to be appraiser on my behalf, to the intent that, upon his being appointed by the Minister for Lands as appraiser on behalf of the Government, he may, as sole appraiser, determine the matters aforesaid.

In witness whereof I have hereunto set my hand, this 29th day of July, A.D. 1879.

A. CRUICKSHANK.

[Enclosure D to No. 21.]

Minutes of Evidence taken before Mr. Appraiser Walker.

The Crown v. Fraser and Anderson.

AND this deponent on oath saith:—My name is John Neven; I am a selector on Byron, residing on my selection, parish Byron, county Arrawatta; I reside on the land in dispute; I applied for this land on 27th September, 1877; I described it as 120 acres, more or less; when I applied for the land there was an old weatherboard unfinished building, no other improvements; it was an old weatherboard hut, 22 feet by 14 feet wide, 9 feet high, covered with galvanized iron, all old material; I value the whole construction at £30, and they were the only improvements on the land when I applied and took possession; I saw these improvements before on a piece of land in the county Arrawatta, in the parish of Bannockburn, about 3½ to 4 miles, between it and my present residence; I saw the hut pulled down in the beginning of July, 1877, between the 1st and 20th; on Friday, the 20th, I saw some of the stuff brought on to the land which I now occupy by a person named Richard Robinson, who is or was on Saturday in Mr. Cruickshank's employ; I saw the hut erected on the land

land on my selection, where it now stands; the hut is the same I saw $3\frac{1}{2}$ miles from my residence; there were two men working from Friday to Tuesday together, one of those men I met on Wednesday, the 25th July.

By Mr. Allen: The hut is divided into two compartments; the timber used is sawn stuff, weatherboard, and studdings; the timber was sound, but shattered; I lived in it; I am a labouring man of all work; I have not had experience as a builder; galvanized iron was worth £40 per ton in 1877; there was not much more than $\frac{1}{4}$ of a ton of iron on the roof; this does not include the chimney; there may be £1 worth of iron on the chimney.

of October, 1879, before me, — }
F. T. WALKER, Appraiser.

JOHN NEVEN.

And this deponent on oath saith:—My name is Henry Beven; I am a builder, residing at Bannockburn; I know John Neven's selection at Bannockburn, where he resides at present; I have seen a hut erected thereon; about two years ago I inspected the hut; I then valued it at £27 to £28 as it stands; it appeared to be an old building removed; the iron on the roof was not first-class; I know the value of stuff and work; the first cost of that building would be £38 6s.

By Mr. Allen: I have never been a selector; I earn my living chiefly by building; I rent a farm as well; I never knew galvanized iron to be worth more than £40 per ton in 1877; it would take three sheets more than a quarter of a ton to roof and build the chimney of the hut in dispute; I know the dimensions of the hut, they are 22 feet 2 inches by 14 feet, and height between 8 and 9 feet.

Subscribed and sworn at Inverell, this }
6th day of October, 1879, — }
F. T. WALKER, Appraiser.

HENRY BEVEN.

And this deponent, on oath, saith:—My name is Joseph Wesley Moore; I reside in Inverell; I am a builder; I know Neven's selection at Bannockburn; in December last I saw the improvements on the selection, a weatherboard shell of a building, covered with galvanized iron; I examined it well; I examined it thoroughly; I value it at £31 11s.; I arrived at that calculation by items.

Examined: In December last I inspected the hut in dispute; I then valued iron at £40 per ton; I know how much iron would be necessary to cover the building, including the chimney; in February last I gave a certificate that the value of the hut was under £40; I would erect a similar building of those dimensions, 22 x 14, by 9 feet high, for £38.

Re-examined: I never saw the hut in September, 1877.

Subscribed and sworn at Inverell, this }
6th day of October, 1879, — }

J. W. MOORE.

And this deponent on oath saith:—My name is John Burke; I live in Inverell; I am a carpenter; I know Neven's selection on Byron Run; in November, 1877, I went and examined the improvements on that selection; I found a stud and weatherboard hut. [*Mr. Allen objected, as the witness had not seen the hut in September.*]

Subscribed and sworn at Inverell, this }
6th day of October, 1879, — }
F. T. WALKER, Appraiser.

JOHN BURKE.

Mr. Mayne and Mr. Hindmarsh withdrew from the case, the latter threatening to report me to the Minister for Lands.

Asked Neven if he had more witnesses to call; said he wished to consult his lawyers.

Adjourned for ten minutes.

On re-appearing, Neven said he would withdraw from the case, as he could see how the case was going. I then called on the defence.

Mr. Neven remained in Court the whole of the case, but declined to ask any questions.

And this deponent on oath saith:—My name is John Sinclair; I reside at Inverell; am an auctioneer; I know a portion of land selected on Byron Run by John Neven; I know that on the 27th September, 1877, there was a two-roomed weatherboard cottage covered with galvanized iron, all sawn timber 24 x 14, about in September, 1877; it was worth £45 at the least; this building had been erected 3 or 4 miles from its present position; it never was used as an improvement purchase under the second clause of the Crown Lands Amendment Act 1875; I had this building erected on the first occasion myself; I was then manager for Messrs. Fraser and Anderson; it cost about £60 when new.

F. T. WALKER, Appraiser.

JOHN SINCLAIR.

And this deponent on oath saith:—My name is John Cameron; I am a drover; I know Neven's selection on Byron; in August, September, or July, I helped to build a hut; that now stands on Neven's selection; I was there when the hut was completed, all but the windows; it consisted of sawn timber with iron roof; my opinion is that in September, 1877, it was worth £50.

F. T. WALKER, Appraiser.

JOHN CAMERON.

And this deponent on oath saith:—My name is James Duff; I reside at Bannockburn; I know Neven's selection on Byron, applied for in September, 1877; there was a two-roomed cottage, weatherboard and sawn studs, roofed with galvanized iron, built on sleepers; I have seen a good many similar buildings put up; I consider in September, 1877, that it was worth from £45 to £50.

Subscribed and sworn at Inverell, this }

F. T. WALKER, Appraiser.

JAMES DUFF.

Mr. Allen here asked to be allowed, as Mr. Hindmarsh had forced in evidence to a date subsequent to 27th September, 1877, to be allowed the same latitude, the evidence to be taken for what I considered it worth. Allowed.

And this deponent on oath saith:—My name is George Seagrott; I am a builder, living in Inverell; I know Neven's selection on Byron; I was there about three weeks or a month ago; I inspected a building on Neven's selection; it was a building 22 x 14, stud and weatherboard, galvanized iron roof, two rooms; I consider it is now worth £42; the building has deteriorated since erection.

GEORGE SEAGROTT.

And this deponent on oath saith:—My name is George M'Lachlan; I reside at Inverell; I am an engine-fitter, and have done bush-carpentering; I visited Neven's selection on Byron about a month ago; there was a two-roomed weatherboard building, stud and weatherboard, galvanized iron roof; I consider the value of it then was £35 to £40; two years ago it was worth £40.

This case occupied from 2 to 7 p.m., and the policeman asked if he should bring any candles.—F.T.W.

Minutes on No. 21

The date of the appointment of the appraiser was the 22nd April, 1879, but that date has been altered, and the 22nd July substituted apparently by the appraiser. Supposing this latter date were correct the award would be regular, provided the appraiser had extended the time thirty days with the concurrence of the parties; but there is nothing to show that this has been done, although such may be the case. I would explain that it is and has been the practice of the department to issue instructions (undated) and allow the appraisers to fill in the dates themselves, and inform the department accordingly. This custom originated from the fact of the appraisers having such large areas to travel over that it was impossible for them to act upon their instructions within the prescribed time. In conflicting cases, however, the instructions were dated; possibly Mr. Walker was guided by this rule when he altered the date herein. In either case, however, the award is out of date, not having been made within the time prescribed by the 6th subsection of the 28th clause. It is therefore submitted that it cannot be accepted.—L.G.T., 7/11/79.

The award cannot be accepted. Fresh instructions should be at once issued for another appraisal, and as Mr. Walker's conduct has been complained of he should not conduct the second appraisal. The Police Magistrate or resident surveyor might be asked to act.—9 Nov., 1879. The Minister has since stated to me his wish that the Conditional Purchase Commissioner should hold the appraisal.—W.W.S., 12 Nov., 1879. Instruct the District Commissioner to carry out the appraisal, and inform Mr. Duguid, for Neven, of action taken, also lessee.—J.M'G., 12 Nov., 1879. Mr. Bransby,—Please supply a tracing showing position of improvements in dispute on portion, for use of appraiser.—J.M'G., 12 Nov., 1879. Especially urgent by direction of Minister. Tracing now supplied.—12 Nov., 1879. S. Blythe, with forms and tracing, &c. Fraser & Anderson and John Neven informed.—12 Nov., 1879. Mr. Dillon, M.P., informed of action taken, and Mr. Blythe's attention specially drawn to Regulations of 27 September, 1876.—J.M'G., 19 Nov., 1879.

[Enclosure A to No. 22.]

Mr. J. Neven to The Secretary for Lands.

Sir,

Inverell, 6 October, 1879.

I have the honor respectfully to bring under your notice the following facts referring to the case mentioned in the margin.

Crown v. Fraser
and Anderson.
C.S. 78-9,541;
C.P. 77-165.
John Neven,
cond. purchaser

1. On the 27th September, 1877, I conditionally purchased from the Crown at Inverell, in the Colony of New South Wales, 120 acres, county Arrawatta, parish Byron or Champagne (being the forfeited conditional purchase of Richard Gamble, taken up by him or his agent, on 25th August, 1875, and declared void on 26th August, 1876), starting at a tree, No. 203, on the main road from Inverell to Bannockburn.

2. Shortly after the 27th September, 1877, Messrs. Fraser and Anderson (the then lessees of Byron and Bannockburn Runs), applied to the Crown to purchase my said conditional purchase, on the ground of the value of the improvements erected thereon by them.

In the month of December, 1877, I forwarded to the Minister for Lands, through my Sydney agents (Messrs. Duguid & Co.), six statutory declarations to the effect that the improvements erected on my selection by Messrs. Fraser & Anderson were under the value of £40.

4. On the 13th April, 1878, Messrs. Duguid & Co., as my agents aforesaid, received a letter from the Department of Lands as follows:—

"Gentlemen,

"Department of Lands, Conditional Sales Branch, Sydney, 13 April, 1878.

"C.S. 78-9,541;
C.P. 77-165.
Inverell, 120
acres, sec. 13,
27 Sept., 77."

"With reference to your letter of the 11th December last, on behalf of John Neven, respecting the value of the improvements on his conditional purchase, in right of which the lessees of the run (Messrs. Fraser & Anderson) claim the land, I am directed to apprise you that, under the report of the local surveyor, the Minister for Lands does not consider that the lessees are entitled to purchase. Your client will therefore not be disturbed in his holding on this ground.

"I have, &c.,

"Messrs. Duguid & Co.,

"Pitt and Bridge Streets, Sydney.

"A. O. MORIARTY,

"Chief Commissioner."

5. Immediately upon the receipt of this letter, I commenced and made improvements on the said land to the extent of about £142.

6. In the month of April, 1879, after effecting such improvements, I received a letter from the Department of Lands, dated 22nd April, 1879, informing me that Frederick Thomas Walker had been appointed Government Appraiser, to hold a Court of Appraisal as to the value of the said improvements on my said selection on the 27th September, 1877.

7. In the month of August, 1879, I received a letter dated Sydney, 16th August, 1879, from Mr. Walker, informing me that he would hold an Appraisal Court at Inverell on the 30th August, 1879, with a view to determine the value of the improvements in question.

8. I was present with witnesses at the Inverell Court on the said 30th day of August, 1879, but Mr. Walker failed to appear; I waited in Inverell the whole of that and two succeeding days at considerable expense, expecting the arrival of Mr. Walker to go into my case. As, however, he did not appear, and I could hear no word of his coming at the end of that time, I dismissed my witnesses and returned home.

9. On the 2nd October (!) I received a telegram from Mr. Walker, dated from Bundarra, 27th September, 1879, to the effect that he had been detained in Sydney through storms, and expected to be in Inverell on the following Thursday (the 2nd October). I rode a distance of 55 miles that night to Inverell, at which place Mr. Walker arrived at 11 o'clock a.m. the next day.

10. At 2 o'clock p.m. on the 3rd October, Mr. Walker opened the Appraisal Court at Inverell, when my attorney, Mr. Hindmarsh, applied for a postponement of the hearing of the evidence until the following Wednesday morning, in order to allow me time to secure the attendance of my witnesses (some of whom resided many miles from Inverell), upon which

Mr.

Mr. Allen, attorney for Mr. Cruickshank (the present lessee of Byron and Bannockburn Runs) opposed the application, and applied to have the case adjourned until the following Monday at 2 p.m., on the ground that he (Mr. Allen) would not be able to attend Court upon the following Wednesday.

Mr. Walker granted Mr. Allen's application, stating, as a reason that he could not wait to hear the case on the Wednesday, other pressing business demanding his attention elsewhere on the Tuesday, and if the matter were not heard on the Monday he (Mr. Walker) would have to postpone it for one month.

My solicitor under such circumstances agreed to an adjournment for one month rather than go into the evidence hurriedly, when Mr. Walker in a defiant and peremptory manner adjourned the Appraiser's Court until 2 o'clock p.m. on Monday, 6th October, 1879.

11. I was travelling almost from the time the Court rose until the following Monday morning endeavouring to obtain my witnesses, and then only succeeded in securing the attendance of four, being six less than I should have obtained had further time been allowed me.

12. On Monday, the 6th inst. (this day) the Court was opened by Mr. Walker, Messrs. Hindmarsh and Mayne appearing for me as my attorneys, and Mr. Allen as attorney for the lessee. For a full report of what took place at the so-called "hearing," I would respectfully direct your attention to the faithful report (taken by a short-hand writer) contained in the supplementary issue of the *Inverell Herald*, of the 8th instant. I would also direct your attention to the leading articles contained in the *Inverell Times* of the same date and the *Inverell Herald* of the 11th instant, hereto annexed and marked respectively *A, B, and C.

13. A perusal of that report will show that Mr. Walker was so remarkably inconsistent and even contradictory in his rulings that he must be either thoroughly incompetent to perform the duties entrusted to him or have been on this occasion *non compos mentis*.

14. "The unmistakable bias" referred to in the *Inverell Herald* of the 11th instant can, I respectfully urge, easily be distinguished by reading those portions of the *Herald* report, which show—

1st. That Mr. Walker said that he would admit documentary evidence subsequent to the 27th September, 1877, and afterwards refused to receive the document written by Pender (who I swore was dead), and whom I had seen write the document in question.

2nd. That Mr. Walker refused to allow Mr. Moore and Mr. Bourke (both builders, and consequently skilled witnesses) to give evidence as to what the "hut" was worth in September, 1877, and subsequently allowed exactly the same evidence by George Seagrott and George M'Lachlan to be received on behalf of the lessee of the run.

3rd. That Mr. Walker informed Mr. Hindmarsh "that he had no right to object to any questions put by Mr. Allen," and also that "he need not persist in speaking, as he would not be listened to."

And 4th. That during the whole hearing of the case Mr. Walker persistently interrupted and insulted my attorneys in the middle of their arguments, declined to admit evidence tendered by them, but admitted similar evidence for the other side, and behaved generally as an incompetent attorney for the lessee.

15. I would therefore respectfully request you to carefully peruse the report of the case in the *Herald*, and consider whether Mr. Walker is fit to hold the position of almost unbounded trust which he at present occupies.

16. In conclusion, I may add that even my opponents were astonished at the appraiser's behaviour, and I beg respectfully to request that you will cause such steps to be taken in order to procure me a fair hearing in support of my claim to the land in dispute as you may deem advisable.

I have, &c.,

JOHN NEVEN.

P.S.—I would add that Mr. Walker did not leave the town until Friday, the 10th instant, notwithstanding his alleged business engagements elsewhere on the previous Tuesday.—JOHN NEVEN.

* The document marked A, which is evidently the report of the evidence, is not with the original papers. B and C are the leading articles.—W.M., Examiner.

[Enclosure B to No. 22.]

Extract from the *Inverell Times*, Wednesday, October 8, 1879.

ON reference to our report of the case the Crown against Fraser and Anderson, in another column, it will be seen that one of the strangest cases, calculated to bring the administration of justice into contempt, occurred.

After a careful consideration of the matter (which is, of course, not now *sub judice*, the award of the appraiser being final), we are thoroughly at a loss to account for Mr. Walker's (to say the least of it) erratic conduct. His peculiar manner of opening the Court, his inaudible quotation from Longfellow (which certainly could have nothing to do with the case), his set and oft-repeated phrases, his many stultificatory rulings, and his attempted imperious treatment of Neven's attorneys, would lead to the belief that he is either wilfully or grossly ignorant of the manner in which the duties appertaining to his office should be discharged.

The remark made to Mr. Hindmarsh—"You can report me, and then you will get my billet"—shows not only small regard for the courtesy due from one gentleman to another, but also the feeling of insecurity prevalent amongst all Government officials whose qualifications for the positions they hold are of a doubtful character.

Without considering the actual proceedings in the case, the fact of Neven's attorneys having both been literally "hunted" out of Court in disgust, is a very significant fact that something must have been radically wrong in the conduct of the business on Monday, as it is a well-known fact that nothing short of a gentleman in blue with a warrant in his hand can ever put one of the "devil's own" to flight.

Moreover, although Mr. Hindmarsh (who had not been treated to that gentlemanly audience which is always conceded by those in judicial positions to the legal profession) "waxed rather warm," his subsequent apology should have at any rate relieved him from the low-minded insinuation contained in the words,—“You want my billet, sir.” Whether or not, the learned appraiser meant by the word "billet" some peculiar piece of wood in his possession we cannot say, but it is to be presumed he meant that which the uneducated classes mean by the expression, viz., a situation.

Mr. Mayne also, who, though pertinacious in endeavouring to impress an argument upon the tribunal before which he appears, always behaves as a gentleman and with becoming respect, was several times cut off in the rudest possible manner before having half explained himself, and finally gave up the contest with a remark anything but complimentary to the appraiser.

The attorneys in the case having intimated their intention of reporting Mr. Walker's conduct to the Minister for Lands, the correspondence will no doubt be published, containing many matters which cannot be commented on in these columns, and so we consign Mr. Walker to that which possibly the Government may do—oblivion.

[Enclosure C to No. 22.]

Extract from the *Inverell Herald and Central New England Advertiser*, Saturday, October 11, 1879.

Mr. Appraiser Walker.

THE extraordinary scene which occurred in the local Police Court on Monday last, during the hearing of the case *Crown v. Fraser and Anderson*, was one which, we are glad to think, is not often enacted in a British Court of Justice. From the rambling, incoherent reference to Longfellow at the outset, to the arbitrary, ill-considered decision at the close, the proceedings were a perfect parody upon justice—a ludicrous exhibition of incompetency and unfitness—a painful, humiliating proof of the lax manner in which appointments to responsible positions under Government are sometimes made.

The unmistakable bias in favour of the Crown lessee evinced by Mr. Walker, and the rude, unmannerly style in which he treated the selector and his solicitors, form a most unfortunate feature in the case.

To the selector the decision will naturally and inevitably appear unjust and one-sided in the last degree, while to the squatter it can hardly prove otherwise than unsatisfactory. Had the appraiser exercised the most minute forbearance, or even quietly let things take their course, his gross ignorance, injustice, and incompetency would probably have passed unnoticed. His tactics, however, were of an entirely opposite kind. He was evidently burning with a desire to impress upon everybody his

his depth of learning, his exalted office, and the clever and summary manner in which he would dispose of all legal technicalities. He gave the reins to his ambitious longings—with what result our readers are already acquainted. He proved himself utterly ignorant of the most elementary rules of evidence—he evinced a painful and decided leaning to the rich man's side—he grossly insulted the selector's solicitors, although treated by them with the most gentlemanly courtesy and forbearance—he brought unbounded ridicule on the Court by his absurd replies and interrogatories—and he ended by giving a decision, satisfactory to neither party.

Let us hope that we shall not be troubled with Mr. Walker's presence in Court again. The wonder is that he was ever appointed to the position he holds. It is surely not too much to expect that, before granting appointments to responsible and important posts under the Crown, the Government should satisfy themselves, by proper examination, that the candidates are fit and proper persons for the office. This is the rule in every instance in Great Britain; and had it been observed in this Colony, our readers would have been spared the disgraceful exhibition of Monday last.

Minutes on No. 22.

Mr. Walker's appraisal, and all other papers in connection with the matter, are herewith submitted. With respect to the charges contained in Mr. Neven's letter, as substantiated in many particulars by the local papers, as to the mode in which Mr. Walker conducted the appraisal, it appears to me that if true that officer is quite unfit for the position of Government appraiser. At the same time, I do not see that any steps can be taken without either affording Mr. Walker an opportunity of being heard in defence, and perhaps the best course will be that a thorough and official investigation should be made on the spot and without delay (or as early as possible) as to Mr. Walker's conduct, when all persons interested will be afforded the opportunity of giving their evidence.—W.W.S., 24 Oct., 1879.

The appraisal, if in accordance with the law, is binding upon the Government as a party. The enclosed representation does not disclose any ground upon which the appraisal could be set aside, and it is submitted that the question at issue should be dealt with on its proper merits apart from that of the conduct of the appraiser—which he should of course have an opportunity of explaining in reply to the charges made in the accompanying letter. I have noted on the appraisal document some points that seem to require elucidation.—A.O.M., 27 Oct., 1879.

No. 23.

The Secretary, Free Selectors' Society, Inverell, to J. Dillon, Esq., M.P.

Sir,

Inverell, 31 October, 1879.

At a public meeting held at Inverell yesterday, it was resolved,—

1st. That this meeting expresses its indignation at the extraordinary conduct of Mr. Appraiser Walker, in the case of the Crown *versus* Fraser and Anderson.

2nd. That this meeting adjourn, pending the action of the Government in the matter.

3rd. That the Secretary of the Free Selectors' Society communicate the same to the Government through Mr. Dillon.

I am, &c.,

W. PIGOTT,

Hon. Sec. F.S.S.

(Presented by Mr. Dillon, M.P.)

Minutes on No. 23.

Inform Mr. Dillon, M.P., that the award made by Mr. Walker is invalid, and that a fresh appraisal has been instituted, under the direction of Mr. Commissioner Blythe. Say also that the matter of Mr. Walker's conduct in the matter of the appraisal is being investigated.—L.G.T., 18/11/79.

Mr. Dillon, M.P., informed.—19th November, 1879.

No. 24.

Memo. by Under Secretary for Lands.

THE matter of the appraisal has now been dealt with on the papers belonging to the case. The award has been found to be informal, and a fresh appraisal will have to be held, instructions for which are being issued.

This need not, however, I would submit, prevent action on the complaint against the conduct of Mr. Walker individually, whatever course the Minister may determine to adopt.

The questions involved are quite distinct, and can be dealt with irrespectively of each other.—W.W.S., 11 November, 1879.

Minute by Minister for Lands on No. 24.

I wish the Inspector of Land Offices to proceed to Inverell as soon as possible and hold an inquiry into the allegations made relative to the manner in which Appraiser Walker conducted this appraisal and his conduct generally during the time the Appraisal Court was being held. Mr. Walker should have ample notice forwarded to him of the date when such inquiry will be made, so as to enable him, if he wishes to do so, to be present.—J.H., 13/11/79.

Inform Duguid & Co. of this decision, and then send papers to Mr. Oliver.—W.W.S., 13/11/79. Messrs. Duguid & Co. informed.—13/11/79. The Inspector of Lands offices as above directed.—J. M'G., 13/11/79.

No. 25.

The Under Secretary for Lands to Mr. Appraiser Blythe.

Sir, Department of Lands, Sydney, 12 November, 1879.

I HAVE to direct your especial attention to the 3rd clause of the Lands Acts Amendment Act, quoted hereunder, and to request that you will state in a separate letter, to be forwarded with your award, the position and respective value of the several improvements, and if they are of the character set out in that clause.

"Improvements

Referring to instructions sent to you for your guidance in making appraisements under the 28th section of the Crown Lands Alienation Act of 1861, I now forward the documents necessary to enable you to appraise the value of the improvements on the land particularized in the annexed Schedule, which has been applied for by John Neven

under

Enclosed.

“Improvements in respect of which sales may be made.
 “The improvement in respect of which any land may be sold and granted shall be any work or erection of a fixed character and such as would render more beneficial the occupation and use of the said land and which shall have been constructed erected placed made or maintained at the cost of the person applying to purchase in respect of any such improvements or of the person or persons either singly or continuously through whom such applicant claims and is entitled to the land whereon are such improvements Provided that such improvements have not at any time before been used for a like purpose.”

under the 13th clause of the Crown Lands Alienation Act of 1861. I may explain that the Crown lessee, A. Cruickshank, Esq., claims that the land contains improvements his property, of sufficient value to bar its sale to Neven.

2. You will be good enough to apprise Mr. A. Cruickshank and John Neven of the time and place of holding the Court of Appraisement in order that they may have an opportunity of producing evidence in their own behalf.

I have, &c.,
LINDSAY G. THOMPSON,
 (For the Under Secretary).

NOTE.—The 28th section, clause 6, of the Crown Lands Alienation Act of 1861 provides that a single appraiser or arbitrator must make his award *within sixty days* after his appointment, or within such extended time, if any, not exceeding thirty days, as shall have been duly appointed by him. Failure on part of any appraiser or arbitrator to comply with the terms of this section will, in the absence of sufficient explanation, involve the forfeiture of half the amount of appraisement fee.

Ms. 79-12,580...	The Crown v. A. Cruickshank.....	a. r. p. 120 0 0	Parish of Byron, county Arrawatta.

In making your award, you will be good enough to state the nature and value of the improvements on the above portion, and if possible the date of completion, and whether they are so situated as to be capable of being included within an area measured in accordance with the regulations commensurate to their value, viz.:—£1 worth of improvements for each acre of land.

[Enclosure to No. 25.]

Appointment of Appraiser by the Minister for Lands.

WHEREAS on the 27th September, 1877, John Neven of Inverell applied to purchase under the 13th section of the Crown Lands Alienation Act of 1861, 120 acres of land as hereunder described: And whereas Messrs. Frazer and Anderson (now A. Cruickshank), per Messrs. Wilson and Ranken, of Sydney, in the Colony of New South Wales, claim the land on account of its containing improvements, their property, of sufficient value to bar selection: Now I, the Under Secretary for Lands, having been duly authorized by the Minister for Lands, in pursuance of the powers vested in him under and by virtue of the Crown Lands Alienation Act of 1861, do hereby appoint Sydney Blythe, of Armidale, in the Colony of New South Wales, to be the Appraiser on behalf of the Crown, to appraise the value of the said improvements at the date of John Neven's application, viz., 27th September, 1877.

In witness whereof I have hereto set my hand, this twelfth day of November, 1879.

W. W. STEPHEN.

Description.
 Portion of land containing 120 acres, parish of Byron, county Arrawatta.

I am directed to invite your attention to the Regulations of the 27th September, 1876, which require that fourteen days notice in writing should be given by the appraiser to the parties interested before proceeding with the appraisement.

I, the within-named do solemnly and sincerely declare that I am not directly or indirectly interested in the matter referred to me, and that I will faithfully and honestly, and to the best of my skill and ability, hear and determine the matters referred to me under the Crown Lands Alienation Act of 1861.

No. 26.

The Under Secretary for Lands to A. Cruickshank, Esq.

Sir, Department of Lands, Sydney, 12 November, 1879.

In reference to your agent's letter protesting against John Neven's conditional purchase of the land specified in the margin, on account of its containing improvements, your property, of sufficient value to bar its sale to him, and requesting that an appraisement thereof may be made,—I am directed to inform you that the Honorable the Secretary for Lands having authorized me in that respect, I have appointed Mr. Sydney Blythe, of Armidale, appraiser on behalf of the Government to appraise the value of the improvements. If you are satisfied that the improvements in question shall be valued by him alone you will please sign the form sent herewith marked "A"; if, however, you wish to appoint an appraiser to act on your behalf, you will sign the form "B," annexed. In this case you will be required to pay the costs of such appraiser and of the umpire who will then have to be appointed, and upon forwarding the same to Mr. Sydney Blythe he will proceed herein to act on behalf of the Government. You will of course understand that unless an appointment, in either form A or B, be forwarded to him within sixty days from this date, he will proceed with the appraisement in accordance with 3rd clause of the 28th section of the Alienation Act.

2. In appointing an appraiser you will be so good as to sign your name in full.

I have, &c.,
LINDSAY G. THOMPSON,
 (For the Under Secretary).

The Under Secretary for Lands to Mr. J. Neven.

Sir,

Department of Lands, Sydney, 12 November, 1879.

Referring to your application of the 27th September, 1877, to conditionally purchase the land specified in the margin hereof, I am directed by the Minister for Lands to inform you that an objection has been lodged to the sale to you of this land, on account of it containing improvements of sufficient value to bar its selection; an appraisement has therefore been instituted between the Crown and the lessee of the run on which the land is situated, with a view to determine the value of such improvements at the date of your application; and Mr. Commissioner Blythe, who has been appointed appraiser on behalf of the Government, has been instructed to acquaint you of the time and place of holding the Court of Appraisement, in order that you may have an opportunity of producing evidence in support of your claim.

120 acres, parish of Byron, county of Arrawatta.

I have, &c.,

The Under Secretary for Lands to Messrs. Duguid & Co.

Gentlemen,

Department of Lands, Sydney, 13 November, 1879.

With reference to the appraisement by Mr. Walker of the improvements on the portion of land specified in the margin hereof, in dispute between your client, Mr. John Neven, and Messrs. Frazer and Anderson, and to your letter protesting against Mr. Walker's award, and complaining of his conduct in carrying out the appraisement, I am directed to inform you that the Secretary for Lands has approved of a searching inquiry being made into the circumstances of the case; and with a view of this, Mr. Oliver, Inspector of Land Offices, has been requested to proceed at once to Inverell.

Mr. Appraiser Walker.

I AM informed Mr. Appraiser Walker is at present at Coonamble, and that he has sufficient work in hand to detain him in the vicinity of that place for at least one month. Under these circumstances I have to request instructions as to whether I am to call upon Mr. Walker to attend without delay at Inverell, or whether the inquiry I am instructed to hold should be deferred until he has completed the appraisements referred to.

C.O., 14/11/79.

The Under Secretary.

Minute No. 29.

I do not think it desirable to defer inquiries of this nature; and the question is whether Mr. Walker should be allowed to carry out any more appraisements until the charges made against him have been disposed of.—W.W.S., 15 Novr., /79.

The Under Secretary for Lands to J. Dillon, Esq., M.P.

Sir,

Department of Lands, Sydney, 19 November, 1879.

With reference to the *letter presented by you from the Free-selectors' Society of Inverell, in which certain charges are preferred against the conduct of Mr. Appraiser Walker, for the manner in which he conducted the appraisement of the improvements in dispute between Messrs. Fraser and Anderson and John Neven, I am directed by the Secretary for Lands to inform you that the matter is at present being investigated.

I am further to state that the award made by Mr. Walker is invalid, and that a fresh appraisement has therefore been instituted, in which Mr. Commissioner Blythe has been deputed to act on behalf of the Crown.

[Very urgent.]

I WISH Mr. Stephen to have a telegram sent to Mr. Walker, the Government Appraiser, instructing him to at once discontinue making any further appraisements, and that he is to come to Sydney without delay, and bring all the official papers in his possession with him and report himself to the Under Secretary for Lands as soon as possible. As I shall require Mr. Walker to afford any explanation which may be required of him, relative to his conduct when acting as appraiser in the case of Fletcher *v.* Murphy, it would be advisable not to send the papers in the latter case to the Police Magistrate at Armidale for the present.

No. 36.

Mr. R. P. Allen to The Under Secretary for Lands.

Sir,

Inverell, 22 November, 1879.

I have the honor to inform you, on behalf of Mr. Alexander Cruickshank, the present lessee of Byron Station, and the purchaser thereof from Messrs. Fraser and Anderson, that he begs to acknowledge the receipt of your *communication, dated the 12th November inst., received by him a few days ago, * See No. 26. forwarding him forms of appointment of appraiser, and requesting him to concur in the appointment of Mr. Blythe as sole appraiser, or otherwise, in determining the value of certain improvements now the property of Mr. Cruickshank, existing upon a portion of land at the date of the selection thereof by John Neven on the 27th September, 1877, stating at the foot of the circular letter "these instructions are in lieu of those issued to Mr. Walker on 22nd April last, which he did not act upon within prescribed time, and which were consequently informal."

I am now instructed by Mr. Cruickshank to protest against any further appraisement being entered upon with reference to the value of the improvements in question, and to state that he declines to concur in the appointment of Mr. Blythe, or to appoint an appraiser on his behalf.

Mr. Walker, the duly appointed appraiser for both parties, after due notice to Mr. Neven and Mr. Cruickshank, and their full concurrence in the day fixed, and after hearing the evidence adduced on behalf of each party on the 6th of October last, made and completed his award on that date, whereby he determined the value of the said improvements at £40.

Mr. Walker's appointment by the Crown was dated the 22nd July* (and not the 22nd April), as appears in the award, and Mr. Cruickshank's concurrence in his appointment being dated the 29th July last, and the award thereunder having been made on the 6th October last (the latter date being the intended date fixed by Mr. Walker), the award therefore was made within the time prescribed by the 6th clause of the 28th section of the Act, and on that ground alone any further inquiry would be contrary to the Act. In addition to the above, and in support of Mr. Cruickshank's protest,† I would draw your attention to the 2nd clause of the 28th section, where it is imperatively provided that "after the making of any such appointment the same shall not be revoked without the consent of both parties, &c." In the face of these facts it is submitted that the present award is "final and conclusive," and that any further reference would be quite illegal.

I have given Mr. Blythe notice of Mr. Cruickshank's protest and objection to his acting in the matter.

I will be glad to hear that Mr. Walker's award is acted upon by the Minister for Lands without delay, and that Mr. Cruickshank's title to the land under Messrs. Fraser and Anderson's application of the 25th July, 1877, is complete.

I have, &c.,

R. P. ALLEN,

Solicitor.

* The date of Mr. Walker's appointment is 22nd April, and not 22nd July as stated herein, and therefore Mr. Cruickshank's concurrence was made on a date beyond the sixty days allowed by the Act for him to make it in.—J.M'G.

† This is not material. The appointment by Cruickshank being illegal, it is purely a case for a sole appraiser. (Written by Mr. Thompson.)

Minutes on No. 36.

This is a letter by Mr. Allen, solicitor on behalf of Mr. Cruickshank, the lessee, protesting against Mr. Appraiser Walker's award being disturbed. The award being informal, in consequence of not having been made within the prescribed time, a fresh appraisement is necessary. It is therefore immaterial whether Mr. Cruickshank declines to be a party to the appraisement or not. I presume Mr. Allen should be so informed. As the Minister directed that the papers in the case "Fletcher v. Murphy" should be sent to the appraiser, it is submitted whether the papers in this case should be sent to Mr. Blythe.—J.M'G., 5 Dec., '79.

Also the award is informal, not only on account of its being out of time, but because the fourteen days' notice was not given. The writer may be so informed and as above.—L.G.T., 8/12/79. To be informed to this effect.—W.W.S., 10/12/79.

Telegram from Under Secretary for Lands to Mr. Appraiser Blythe.

You must obtain the concurrence of Fraser and Anderson in your appointment or await their advice of the appointment of some one else as co-appraiser before you can take any steps at all. After your appointment is thus made complete, you will be in a position, within sixty (60) days therefrom, to give the fourteen days' notice of the date on which the Court is to be held. You should consult the provisions of the 28th section of Land Act, a copy of which was sent to you.

I have the honor to inform you that I am instructed by Mr. Alexander Cruickshank (the present lessee of Byron Station) to give you notice that he has protested to the Under Secretary for Lands against any further inquiry being entered upon in the above matter, which it appears has now been referred to you for re-appraisement by the Lands Department. Mr. Walker having made his award, which the Act says is "final and conclusive," any further reference must be illegal.

Fraser & Anderson v. Neven—Disputed improvements.

THERE does not appear to be anything calling for further explanation in connection with this case. The letter* 79-14,548, which is naturally a protest by Mr. Allen on behalf of the lessee, Mr. Cruickshank, against the upsetting of the appraiser's award† (79-12,580), does not disclose any features other than those which have already been commented upon, but merely attempts to show that the award was made within the prescribed time, Mr. Walker having been appointed upon the 22nd July, 1879, whereas in reality such is not the case, as Mr. Walker's appointment by the Government is dated 22nd April, 1879, which latter date was improperly erased and that of 22nd July substituted apparently by the appraiser, as explained in my memorandum of the 7th November last on 79-12,580. † Apart, however, from the award not having been made within the prescribed time (a circumstance which of itself would be sufficient to invalidate the appraisal), there remains another question to decide—that of the fourteen days' notice. The appraiser states that he gave fourteen days' notice to the parties, but admits that he was unable, through stormy weather, to be in attendance on the day fixed for the holding of the the Court, viz., 30th August.

The selector, who was in attendance on the above date, after waiting two days for the appraiser's arrival, had to return home and dismiss his witnesses. Neven received a telegram, dated 27th September, from Mr. Walker (on the 2nd October), stating that the Court would be held on the 2nd October. Neven attended and applied for a postponement, in order to collect his witnesses; but the appraiser refused to grant the request, but adjourned the Court until the following Monday (8th October).

It will be seen, therefore, that virtually only four days' notice was given to Neven, which it must be admitted was too short, seeing that Neven had to bring witnesses from some distance. On this ground also the appraisal could be set aside. My previous §memo. of 5th instant is again submitted.

10 December, 1879.

JAMES M'GUINN.

Minutes on No. 41.

* Mr. Cruickshank concurred in Mr. Appraiser Walker's appointment as joint appraiser, on the 29th July, and as there is a period of sixty-eight days between the 22nd April and 29th July, that concurrence was given eight days beyond the prescribed time, thereby making the award illegal, though doubtless its result would have been the same, whether made by a single or joint appraiser. This point is set out in full on *paper enclosed (79-12,580 Ms.). The claim of Mr. Cruickshank's solicitor, that Mr. Walker had extended the time (I suppose meaning within the terms of the 6th sub-section of the 23th clause, Alienation Act), will not, in this view, avail his cause. But, apart from this, there is no written evidence that he did extend the time at all.—L.G.T.

Shall applicant be so informed?—L.G.T., 11/12/79. Inform.—J.H., 12/12/79. I presume these papers should now be forwarded to Mr. Commissioner Blythe, in connection with the instructions issued to him on the 12th November last. Mr. Allen was duly informed on the 15th instant.—J.M'G., 18th December, 1879. Yes. Forward the papers as directed to the appraiser.—J.M'G., 18th December, 1879. Mr. Appraiser Walker to The Under Secretary for Lands.

Sir,

Sydney, 10 December, 1879.

In obedience to the request conveyed to me in your letter* of the 4th instant, from the Secretary for Lands, to the effect that I should return unacted on all instructions in my hands, I now do so; but as I am led to understand that this order has been given on account of decisions I have given in the cases of the Crown (Neven) v. Fraser and Anderson, and the Crown (Murphy) v. Fletcher, and also that it is the expressed intention of the Hon. the Minister for Lands not to continue employing me as an appraiser, I not only beg respectfully to protest against this action being taken, as by the 28th section of the Lands Act 1861, it is provided "that the appointment of an appraiser shall not be revoked without consent of both parties,"—but consider that before being condemned, I should be allowed to defend myself from the imputations which are thus cast upon my character, as I am in a position to prove that my decisions are strictly in accordance with the evidence taken at the Courts of Inquiry, and therefore request that an investigation be now held as to my conduct in both cases.

I came from Coonamble at great personal inconvenience in obedience to your telegram† of the 19th November, and have waited in daily expectation since the 27th (when I reported myself as therein ordered, to you) of being called upon to explain my conduct in those cases, but up to the present no such steps have been taken.

From the high praise which I received from the department when here in August last, for efficiency and quantity of work done by me, I am much surprised at the action now taken.

Since my appointment in May, 1878, I have travelled more than 8,000 miles, mostly, from the broken state of the country, on horseback, and disposed of more than 460 cases, containing nearly 53,000 acres of land (and had I not been re-called would have done at least fifty more by now), besides having inspected, with the concurrence of the department, more than 130 other cases, for which I only require the appraisement papers to complete, containing about 16,000 acres, much of it through strange and almost trackless country, at great personal risk from want of water during the drought. I can obtain testimony, as to my exertions for the Public Service from nearly all the Magistrates in the North, or Armidale appraiser's district, which contains about one-fourth of the whole Colony. And trusting that early attention will be given to my case, as I am losing the best weather for travelling, and fresh cases are accumulating,—

I have, &c.,
F. T. WALKER,
Appraiser.

P.S.—When Mr. Rebello, at your request, gave me instruction as to an appraiser's duty, he told me I had only to appraise land; and I again beg to draw your attention to the first twenty-eight cases given me, to do which I had to travel fifteen hundred miles, and I have frequently had to ride on Sundays, Christmas Day, and all holidays, to get up with my work, and have been frequently kept up writing till 3 o'clock in the morning, from want of accommodation at the small country hotels, besides riding all day.

The Under Secretary for Lands to Mr. R. P. Allen.

Sir,

Department of Lands, Sydney, 15 December, 1879.

With reference to your letter* of the 22nd ultimo, on behalf of Mr. A. Cruickshank, requesting that Mr. Appraiser Walker's award as to the value of the improvements on the land specified in the margin hereof, in dispute between Messrs. Fraser and Anderson and John Neven might be upheld, as the award referred to was made within the time prescribed by the 28th section of the Crown Lands Alienation Act of 1861,—I am directed by the Secretary for Lands to inform you that Mr. Walker's appointment as appraiser by the Government is dated the 22nd April, and not the 22nd July, as stated in your letter; the former date was improperly erased, and that of the 22nd July substituted; the award which is dated 6th October is therefore informal, in consequence of not having been made within the time prescribed by the Act. Apart from this, however, the fourteen days' notice of the day of the holding of the Court in question, as required by the Regulations of the 27th September, 1876, was not given to Mr. Neven by the appraiser, and on this ground also the appraisement is null and void.

MR. WALKER has handed in all cases which were in his hands unacted on. There are still some few cases out, which were posted to Mr. Walker, but which have not yet reached him.

What steps are to be taken towards the appraisement of these portions?

J. M'G., 16 Decr., 1879.

Minutes on No. 44.

Submitted. These unacted on cases refer to land situated in all parts of Mr. Walker's large district; directions are sought as to their disposal.—L.G.T., 16th December, 1879. For decision.—W.W.S., 23rd December, 1879. In reply to the Minister's personal inquiry, I have to state that Mr. Walker is still on salary.—L.G.T.

Mr. Walker's services as an appraiser temporarily employed by this department, being in my opinion of no value, seeing that his awards in important cases have been informal, and of course fresh appraisements will have to be made in those cases, I purpose making other arrangements for the conduct of appraisements in the district in which Mr. Walker was employed, and of course his services will be no longer required. Mr. Lindsay Thompson should see the Surveyor General, and ascertain from that gentleman the names of the most reliable surveyors in the district previously under Mr. Walker's charge, who can act as appraisers. I mean by the use of the word reliable surveyors officers whose previous services justify Mr. Adams in considering that they are persons of unquestionable and undoubted honor, and personal integrity, with the necessary intelligence to correctly interpret the instructions sent to them for their guidance in each case.—J.H., 31st December, 1879.

Sir,

Department of Lands, Sydney, 30 December, 1879.

With reference to your appointment as appraiser to determine the value of the improvements on the land specified in the margin, in dispute between Messrs. Frazer and Anderson and Neven, I am now directed by the Secretary for Lands to forward herewith all the papers in the case for your information, and I am to request that you will give the matter your early attention.

Sir,

Department of Lands, Sydney, 5 January, 1880.

I am directed to inform you that the Minister for Lands is of opinion that your services as an appraiser, temporarily employed by this department, are not of such value as might have been expected, seeing that your awards in important cases have been informal, and of course fresh appraisements have to be made.

Mr. F. T. Walker to The Under Secretary for Lands.

Sir,

Sydney, 16 January, 1880.

In reference to your *letter of the 5th instant, advising me that my services as appraiser had been dispensed with, on the ground that my awards in important cases were informal and involved the necessity of fresh appraisements, I have the honor to request that you will be good enough to apprise me of the cases to which you refer, and also that you will inform me why my services have been dispensed with, without as I believe is usual in such cases, calling upon me for some explanation as to the alleged irregularities.

I take this opportunity of referring you to my previous letter of 10th ultimo, †relative to my recall from my district, in which I asked for a hearing and investigation, and to which I have not received a reply.

I have, &c.,

Minutes on No. 47.

This is of course a matter for the consideration and decision of the Minister.—W.W.S., 22 January, 1880.

I have been prevented from writing any memorandum on this letter through ill health and the extreme pressure of other business requiring prompt attention. I do not consider it is necessary to call upon Mr. Walker, who was temporarily employed by this department as an appraiser, to offer any explanation, as he phrases it in his letter, in respect of his alleged irregularities. Mr. Walker's unfitness to act even temporarily as an appraiser is evidenced by the fact that his awards, when he presided as appraiser in cases of dispute between parties as to the value of improvements, have been found to be informal, therefore the Department of Lands has been put to the trouble and expense of initiating *de novo* fresh appraisements in all those cases. I can remember some of them—Neven's, Murphy's, Davis's, and one or two others since. Mr. Walker, in his letter of December 10th, 1879, refers to the number of appraisement cases he has carried out, but it should be explained that these were non-contentious cases, not involving any dispute between parties, but merely to appraise the value of the land applied to be purchased as improvement purchases,—a very simple duty which any man of average intelligence could perform; but an appraiser is also required to appraise in cases of dispute between parties, and his mode of procedure must be strictly in accordance with the 28th section of the Act of 1861 and the Regulations having reference to appraisements, and through Mr. Walker failing to comply with his instructions in this particular his awards in several cases were informal.

If Mr. Walker means by the phrase "alleged irregularities" the comments in both of the newspapers published at Inverell on the language he used to one of the attorneys engaged in the case *Fraser and Anderson v. Neven*, and his demeanour when conducting that appraisement, I can only say that as reported in the newspapers it appeared to me that his conduct on that occasion was the most extraordinary I ever heard of for a person representing the Government in a very important case. As Mr. Coonan, M.P., has moved in the Legislative Assembly for the papers having reference to the appraisement case of *Fraser and Anderson v. Neven*, as well as for a copy of the minute directing Mr. Walker's dismissal, it appears to be unnecessary for me to make any further remarks on the subject.—J.H., 28 February, 1880.

[Enclosure to No. 50.]

Proceedings referred to.

In the matter of the Crown (John Neven) v. the lessees of Byron Run, formerly Fraser and Anderson, now Robert* * Qy. Alexr. Cruickshank.

Minutes of proceedings taken at a Court of Appraisement held at Court-house, Inverell, on Thursday, the 4th day of March, 1880, before Sydney Blythe, special appraiser on behalf of the Crown, and sole appraiser, the lessees of Byron Run having failed to appoint an appraiser on their behalf within the sixty days required.

All parties interested having duly received fourteen clear days' notice of date of holding Court.

Mr. Hindmarsh, attorney, appeared for John Neven.

Mr. R. P. Allen, attorney, appeared for lessee of Byron Run.

Mr. Allen desired to have the following protest recorded:—"That inasmuch as Mr. Walker was duly appointed appraiser for the Crown, and that appointment having been concurred in by Mr. Cruickshank, lessee of Byron Run, and Mr. Walker having held an Appraisement Court and made his award, both parties having given evidence, that any further inquiry now is illegal and irregular."

Mr. Allen quoted in support the second sub-section of the 28th section of the Crown Lands Alienation Act, and contended that the appointment of Mr. Walker never having been revoked, he (Mr. Allen) appeared in conformity with notice without prejudice as to the effect of the previous award.

The appraiser took note of the protest, but decided to proceed with the case, and called upon Mr. Allen to produce his witnesses. Mr. Allen stated his principal witness had not yet arrived in town, and requested that Mr. Hindmarsh might open the case. Mr. Hindmarsh considered a gross injustice would be done to his client if he opened the case.

The appraiser failed to see how any injustice could be done to either party by their being first called upon to produce evidence to support their view of the value of the improvements.

After discussion it was agreed to apply for a postponement of the Court until 2 o'clock in the afternoon.

Court adjourned until 2 o'clock p.m. of same day.

On the Court resuming at 2 o'clock, Mr. Allen, for the lessees, proceeded to call his principal witness for the lessee of Byron Run—John Sinclair, who was duly sworn.

At this stage of the proceedings the attorneys requested a few minutes before proceeding, as there was a possibility of the matter being settled. After the lapse of ten minutes, Messrs. Allen and Hindmarsh stated a compromise had been come to on the following terms:—"Neven to give Cruickshank a pro. note at six months date for £15 15s. to be endorsed by Mr. Andrew Murray, and Neven to remove and deliver the material to the building to Cruickshank within two months. That in consideration of this being duly done Cruickshank, the lessee, abandons all claim to the land in favour of Neven the selector." Mr. Hindmarsh stated that the above was without prejudice to any action against the Government that his client Neven might be advised to bring.

Mr. Allen requested a record of the agreement being also on the part of Mr. Cruickshank without prejudice might be made.

This terminated the proceedings.

Special Government Appraiser.

Minute by Mr. J. M'Guinn.

Fraser and Anderson, now Cruickshank, v. John Neven.—Disputed improvements.

It will be seen from the award and report by Mr. Blythe, the appraiser appointed specially to investigate the dispute *in re* value of improvements on a portion of land claimed by the above-mentioned parties, that a compromise has been effected by the claimant, the terms of which are that Neven, the selector, agrees to give Cruickshank, the present lessee of the run, a promissory note for £15 15s., due six months hence, and further agrees to remove the improvements, the subject matter of dispute, and deliver same within two months to the lessee. For these considerations Mr. Cruickshank agrees to abandon all claim to the land in favour of Neven. Although this is apparently an amicable settlement of the dispute so far as the parties are concerned, and one that the Government might reasonably approve of under certain conditions, yet in view of the peculiar circumstances attending the case, and seeing that the claimant would appear to treat the arrangement as one not calculated to prejudice any action they may be advised to take against the Government, I think that it would have been well had the appraiser acted upon his instructions, and made his award; indeed, it seems doubtful whether the Government can legally or equitably recognize the compromise. The land at date of selection contained improvements, there is no evidence to show that these improvements were insufficient to bar selection—on the contrary, the action taken in the case (I refer to Mr. Walker's appraisement, which however has been upset) would lead to the belief that the land was fully improved. If then such was the case, Neven's selection was bad *ab initio*, and he can have no claim to the land; on the other hand, the result of the compromise might be taken as implying a waiving of the lessee's claim on the ground of the insufficiency of his improvements. If such a view is taken, and if the parties are willing to rest satisfied with the arrangements, I presume no difficulty will be thrown in the way of the settlement by this Department. The papers, I understand, are required by the Ministerial Branch, in order that they may be copied in compliance with an order of the Legislative Assembly.

J. M'G., 20 March, '80.

Minutes on No. 51.

Mr. Blythe, as appraiser, should have carried out the instructions issued to him to make the appraisement, and not have consented to the compromise—the question to be determined was whether the land was sufficiently improved to bar selection. It was not for the contending parties to agree to a disposition of the land, but for the Crown to determine to which of them it could legally be sold, and this could be done only by appraisement. Mr. Blythe has seemingly admitted the compromise with the right to each party to take any ultimate action they may deem fit, so that unless the Minister can see his way to accept what has been done, which will be very difficult, seeing that the parties have agreed to it without prejudice to any claims they may think they have against the Government, the case is really no further advanced than it was three months ago.—L.G.T., 22/3/80.

Mr. Blythe's action is certainly irregular and novel, and I doubt whether the Minister will see fit to recognize it.—W.W.S., 23/3/80. These papers should be forwarded to the Chief Commissioner of Conditional Purchases for his perusal and report thereon.—J.H., 30/3/80.

Strictly the proceedings here recorded amount only to this—that the appraiser has not carried out the appraisement, finding it unnecessary by reason of an agreement between the parties, and he has then become the medium of submitting their agreement to the Government. I concur in thinking that the latter was in the circumstances a proceeding beyond his province, more particularly as his jurisdiction had

had been questioned by one of the parties, and the arrangement in question professed to be without prejudice to the claims of either party against the Government. The effect of that arrangement is that the objection of the lessee to the conditional purchase of Neven is withdrawn on certain terms. With such terms or the carrying of them out the Government is not concerned, and I cannot recommend the Minister to accept any such concern by giving any formal consent to the proceedings. I should rather recommend that the parties be advised that the arrangement having been between themselves it must rest with them to carry it into effect, and that no further action in the matter be in the meantime taken by this department.—A.O.M., 12/4/80.

I am of opinion that the course suggested in the last paragraph of the Commissioner's minute is the most advisable to take under the circumstances. The parties should each be written to and informed fully in terms of that paragraph, and likewise that the agreement come to by the parties concerned is in no way binding on the Government, who do not admit or even recognize any claim by either of the parties to the appraisement as against the Crown. The appraiser should also be written and notified that he went beyond his instructions in recognizing the agreement said to have been arrived at by the parties interested. I wish to see the letters which I have directed should be sent to these parties before they are dispatched from this office.—J.H., 17/4/80.

Inform Messrs. A. Cruickshank, J. Neven, and S. Blythe of Minister's decision.—J.M'G., 28/4/80. Messrs. Cruickshank, Neven, and Blythe informed, 28/4/80.

See Nos. 52, 53 and 54.

The Under Secretary for Lands to Mr. Appraiser Blythe.

Sir,

Department of Lands, Sydney, 28 April, 1880.

In reference to your *letter, dated 10th March last, returning the papers in the case of the disputed claims which you had been specially appointed to investigate and have determined by appraisement, between Messrs. Fraser & Anderson and John Neven, to certain land described in the margin hereof, and stating that in consequence of a compromise which had been arrived at between the parties, the particulars of which you have detailed, one feature in it being that it shall not prejudice either claimant in any action he might be advised to bring against the Government, you did not think it necessary to proceed with the appraisement, I am directed by the Secretary for Lands to inform you that you entirely exceeded your instructions in recognizing the agreement referred to at all, inasmuch as your jurisdiction had been questioned by one of the parties, and perhaps the more so, as a principal condition of the arrangement might tend to place the Government in a position of difficulty if from any cause the arrangement said to have been arrived at between the parties failed of completion.

I am to ask that in future you will be good enough to recognize the expediency of carrying out to the letter any instructions which may be issued to you for the determination by appraisement of contending claims to purchase Crown Lands.

Sir,

Department of Lands, Sydney, 28 April, 1880.

In reference to the recent instructions issued to Mr. Commissioner Blythe to appraise the value of certain improvements with the view to determine your claim to certain land particularly described in the margin hereof, I am directed to inform you that I am in receipt of a communication from Mr. Blythe intimating that (without prejudice to any action you may be advised to take against the Government) you have effected a compromise with Mr. Cruickshank, in respect to the land. I am directed to inform you that such arrangement having been made between yourselves, it must rest with you to carry it out, and that no further action in the matter will in the meantime be taken by this department.

I am further to say that the Minister for Lands does not recognize the agreement arrived at between you as in any way binding upon the Government, who do not admit or even recognize any claim by you or Mr. Cruickshank, as against the Crown, to the land in question.

No. 2.

Mr. District-Surveyor Fisher to The Surveyor General.

Sir, In connection with my letter* of this date, paragraph 3, and your instructions† of 28th ultimo, I have the honor to recommend that reserves Nos. 26 to 35‡, notified 14th November, 1864, in the county of Ashburnham, be revoked, as they are not required in their present form for the beneficial occupation of adjacent Crown Lands, but reserve No. 25 should for the present be retained, as there is nearly permanent water in the Goobang Creek at the frontage of this reserve.

Camp, near Parkes, 25 September, 1875.

* Not required. † See minute on No. 1. ‡ Unnecessary.

2. Reserve No. 35 would be nearly identical with the reserve for camping ground for stock as proposed in my letter§ of this date, and should therefore be revoked, or the reserves would overlap each other on our maps.

§ Not required.

3. I find that the gold-miners occupy both banks of the Goobang Creek north of the prolongation of the northern boundary of the former township of Goobang produced easterly, and the land included in the following description should be reserved at once for the use of the gold-miners. The Great Northern Lead of gold crosses the creek on proposed reserve, viz. :—

Commencing on the left bank of the Goobang Creek, at the south-western corner of James M'Girr's conditional purchase, area 100 acres, being portion No. 5, in the parish of Kamandra, county of Ashburnham; and bounded thence on the north by a line bearing east to the north-east boundary of such portion; thence by a line bearing south 120 chains; thence by a line bearing west to the Goobang Creek; and thence by that creek upwards to the point of commencement.

I have, &c.,
EDWARD FISHER,
District Surveyor.

Application by Thomas W. Kelly, for the conditional purchase, without competition, of 120 acres unimproved Crown Land, under section 21 of the Crown Lands Alienation Act of 1861.

Received by me, with a deposit of £30, this 27th day of January, 1876, at 10.5 o'clock.

STEPHEN FREEMAN,

Agent for the Sale of Crown Lands at Forbes.

Sir,

27 January, 1876.

I am desirous of purchasing, without competition, under the 21st section of the Crown Lands Alienation Act of 1861, the portion of unimproved Crown Land hereunder described, containing 120 acres, which adjoins my conditional purchase of 200 acres, upon which I am now residing; and I herewith tender the sum of £30, being a deposit at the rate of 5s. per acre on the area for which I apply.

This is the first selection made by me in virtue of my conditional purchase of 200 acres.

I am, &c.,

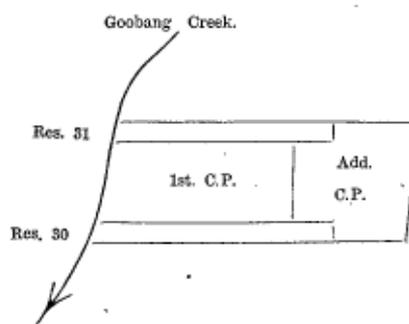

THOMAS W. KELLY,

Minute Paper for the Executive Council.

Recommending Revocation of Reserves and Reservation of other Crown Lands.

Department of Lands, Sydney, 31 January, 1876.

It is recommended to His Excellency the Governor and the Executive Council that the temporary reservation of the portions of land within described and particularized in a schedule annexed be now revoked, under the 6th section of the Crown Lands Alienation Act of 1861—the revocation to take effect at the expiration of thirty clear days from the date of notification in the Government Gazette.

It is further recommended that the portions of land also within described and particularized in a Schedule annexed be reserved from sale, under the 4th section of the Act quoted.

THOS. GARRETT.

The Executive Council advise that the several reserves specified in Schedule be reserved, in terms of the 6th clause of the Crown Lands Alienation Act of 1861, to take effect from the date specified. The Council also advise that the portions of land herein described be reserved from sale in terms of the 4th clause of the Act referred to.—A. C. BUDGE, Clerk of the Council. Minute 76/5; 1/2/76. Applicant, John Woods, senior; police district, Forbes; date, 17 August, 1876; time, 1 o'clock; area, 640 acres; section 14.

Description.

640 acres. County of Ashburnham, parish of Kamandra: Commencing at a pine stump, marked broad-arrow over B, at the south-west corner of reserve No 28, on the eastern side of the Billabong, lately revoked; thence up the creek so as to include all the available frontage between said pine stump and a tree on the eastern side of said Billabong, marked broad-arrow over A over 73; thence east, south, and west, to the point of commencement, so as to include 640 acres.

* See minute on No. 14.

WITH reference to my *instructions on conditional purchase 76/8, to Mr. Licensed-Surveyor Phillips, it is pointed out that at the date of application part of the land applied for was unavailable, as being within travelling stock reserve 19, which was not revoked until after the date of the purchase, consequently the conditional purchase of so much of the land is void. Applicant may, however, retain that part outside the stock route reserve (which still forms part of reserve 675), or, if he desires it, the whole purchase will be declared void, in which case conditional purchase 76/8, as well as 76/16, should be returned for voiding. It would be desirable to obtain applicant's election of either alternative in writing before making any survey.

B.C. to Mr. Fisher.

P.F.A., 27 Oct., 1876.

Minute on No. 15.

Returned to the Surveyor General with my letter of 17th November. As set forth in such letter, Mr. Licensed-Surveyor Phillips made a preliminary survey for Mr. Kelly, pointing out to him the lines he was justified in fencing on this application, also on conditional purchase 76/16, omitting altogether to notice that Kelly only applied for the land between reserves Nos. 30 and 31. Mr. Kelly has surrounded the land with a substantial fence, at a cost of over £320. He has also cleared, fenced, and cultivated over 12 acres, and erected a hut on his selection, and must have expended between £500 and £600 in all these improvements.

The inhabitants of Parkes are unanimous in requesting reserve No. 675, of 8th March last, should be cancelled, and Mr. Kelly permitted to retain the land he has improved as his conditional purchase, considering it would be an injury to the district if he was now deprived of these selections.

Mr. Kelly also contends that as Mr. Licensed-Surveyor Phillips pointed out to him the position in which he was to have the fences erected, and that only for this action he would not have included reserves Nos. 30 and 31 in his paddocks, he is entitled to the land as fenced; also that, should he be permitted to do so, he is quite willing to make additional selections to include such reserves; and as the land is not required as a reserve No. 675 may be cancelled and applicant permitted to select, if in accordance with the provisions of the Land Act, as I consider Mr. Licensed-Surveyor Phillips has by his survey, &c., compromised the Government in this matter. I may further state, Mr. Kelly's improvements, fencing, &c., would preclude any other person from selecting, as such improvements are worth more than £40 on both reserves. The Orange Road, between Messrs. Kelly and Woods's conditional purchases, must be retained 10 chains wide, as the land is naturally boggy.

I enclose a letter received from Mr. Kelly respecting his selection, objecting to surrender same.

Camp, near Parkes, 18 November, 1876.

E. FISHER,
District Surveyor.

[Enclosure

[Enclosure to No. 15.]

Mr. T. W. Kelly to Mr. District-Surveyor Fisher.

Dear Sir,

With reference to my selection, Mr. Phillips surveyed my land, and he had instructions to survey same from the Lands Office, and on the strength of his survey I have expended over eight hundred pounds (£800) in fencing, clearing, grubbing, and other improvements, so that if I have been led astray, and my title not good, it is ruinous to myself and family.

Parkes, 18 November, 1876.

I have, &c.,

THOS. W. KELLY.

Minute on above.

Returned to the Surveyor General in reference to my B.C. of this date on instructions of 27th October. Mr. Kelly objects to surrendering any of the land inside his fences, but is willing to select the additional area, viz., 228 acres, being the land on each side of his original selections, or 292 acres, if allowed; also to take up the land east of same and inside the paddock.—E. FISHER, District Surveyor, B.C., Camp, near Parkes, 18/11/76.

No. 16.

Memorandum by Surveyor General.

With reference to my instructions on conditional purchase 76/248 to Mr. L.-S. Phillips, it is pointed out that nearly the whole of the land applied for is within reserve 675, notified 8th March, 1876; and of that part outside reserve 675, part was within reserve 19, which was not revoked until 30th August, 1876, consequently only about 75 acres are available for this conditional purchase. Applicant may retain that portion, or, if he desires it, the whole purchase will be declared void. It would be desirable to obtain applicants election of either alternative in writing before making any survey.

Minute on No. 16.

Returned to the Surveyor General with my *letter of 17 Nov., 1876. Mr. Licensed-Surveyor Phillips has made a preliminary survey for applicant, pointing-out to him the land he would be entitled to fence. Although the land he has pointed out is not in the position set forth in the application, as it does not commence from the described starting point, neither has it any frontage to the Billabong Creek. (See my *tracing.) Applicant has fenced the land as pointed out by the Licensed Surveyor for the district. He has also cleared and ploughed some 15 acres, and cleared and grubbed the trees on some 100 acres, besides enclosing another small paddock. He must have already expended some £400 in improving the land, and it would be a very hard case to cancel his selection, as he would not have selected this land but that he was assured by Mr. Licensed-Surveyor Phillips it was open for selection, and that he was quite justified in commencing the erection of his improvements. All the inhabitants of Parkes are unanimous in considering reserve No. 675, of 8 March last, should be cancelled, and Mr. Woods's conditional purchase allowed to stand. It would reduce Mr. Woods to poverty if his selection was now declared void, and be a public loss to the district; and I consider Mr. Licensed-Surveyor Phillips, by recommending Mr. Woods to select and improve this land, has compromised the Government. I enclose a letter on the subject received from Mr. Woods.—E. FISHER, District Surveyor, Camp, near Parkes, 17 Nov., 1876.

[Enclosure to No. 16.]

Mr. J. Woods, senr., to Mr. District-Surveyor Fisher.

Sir,

Woods's Selection, near Parkes, 15 November, 1876.

I beg leave to lay before you the facts as to how I came to select the land which I now occupy.

It was Mr. Freeman, Land Agent at Forbes, that referred me to Mr. Phillips to ascertain whether the land I now hold was open for selection. Mr. Phillips informed me that it was, consequently I made a selection under his directions. The land now appears to have been shut from selection. Now, as it was a Government surveyor that put me on the land, I think it is not right that I should lose the land after having cleared and ploughed a great deal of the same land. There is no water on the land, nor any miners at work near it; so as I have spent so much money improving the same, I hope to get it, for the improvements will be of no use if the land be cancelled. So hoping that you will use your influence to let me have the land,

I remain, &c.,

JOHN WOODS, SENR.

Minutes on above.

Returned to the Surveyor General in reference to my B.C. of 17 November, on instructions of 27 October, 1876. Mr. Woods earnestly requests his case may receive favourable consideration, as if he is deprived of same he would be reduced to poverty.—E. FISHER, District Surveyor. B.C. Thomas Kelly's Conditional Purchase, 76/8.

APPLICANT should be informed that the greater part of his conditional purchase is within travelling stock reserve 19, notified *30th October, /74, which was not revoked until *30th August, /76, consequently so much of his purchase as applies to land within that reserve is void. He may retain the remainder (shown by pink tint on the accompanying tracing, which may be forwarded), as well as his additional purchase, or, if he desires it, the whole purchase may be declared void.

Although the travelling stock reserve has been revoked the land between its eastern boundary and Goobang Creek is still unavailable as forming part of reserve 675, notified 8th March, 1876.

Forbes, conditional purchase 76/8, 200 acres, 6 January, 1876.

Referring to your conditional purchase application for the land noted in the margin, I am directed to inform you that the greater part of your conditional purchase is within the travelling stock reserve No. 19, notified 30th October, 1874, and revoked on 30th August, 1876, and consequently so much of your purchase as applies to land within that reserve is void. You may, however, retain the remainder of the land, *i.e.*, the portion outside of the reserve in question, shown by the pink tint on the accompanying *sketch, as well as your additional purchase, or, if you desire it, the whole purchase may be declared void. Although the travelling stock reserve has been revoked the land between its eastern boundary and Goobang Creek is still unavailable, as forming part of reserve No. 675, notified 8th March, 1876.

In connection with your instructions of *27th October, 1876, returned with my letter of 17th instant, I have the honor to recommend that reserve No. 675, notified 8th March last, be cancelled, the land included in such reserve having been selected and improved by Messrs. Kelly and Woods, also all mining on such reserve having been abandoned for some time.

2. I would respectfully recommend the proclamation of the following reserve, which will include all tenements and improvements, also the site and approaches to the proposed bridge, on Orange Road, *viz.*:—Commencing on the left bank of Goobang Creek, at a point 10 chains north of an apple-tree marked broad-arrow over A over 73; and bounded thence by lines bearing east 4 chains, south 50 chains; thence west to the Goobang Creek; and thence by that creek upwards, to the point of commencement.

Progress Committee, Parkes, to The Secretary for Lands.

Sir,

Progress Committee, Parkes, 24 January, 1877.

* Qy. John.

A man named *James Woods having selected 640 acres of land under the 14th clause of the Lands Act, in the parish of Kamandra, county of Ashburnham, and having expended a large sum of money in improvements, informed this committee that he had received a notice from the Lands Department, dated 13th November, 1876, conditional purchase 76,248, declaring his selection to be void, being within the boundaries of reserve No. 675, notified 8th March, 1876.

See No. 20.

This

This committee having examined the position of the land in question, is of opinion that the whole of the reserve 675 is not required for the purpose of gold-mining, or for any other public purpose.

1. The main road from Parkes to Orange passes along the boundary of the said selection, and only a few acres upon the margin of the creek would be necessary for the purpose of watering stock and for a camping-ground.
2. The gold-miners of this district seem satisfied that no payable gold is to be found within the said reserve, having all abandoned it.
3. The said John Woods informs this committee, in making application at the Lands Office in Forbes for this selection and in applying to the local surveyor to survey the same was not told that the land in question was within a special reserve, and therefore in full confidence he had the land fenced in, cleared, and a portion of it ploughed, laying out altogether about £600 in improvements, which he must entirely lose if compelled to forfeit this selection.
4. If the Government persist in its determination not to revoke this reserve not only will the said John Woods be utterly ruined, but the district would in all probability suffer considerably, as intending settlers would be deterred in taking up land, lest their selections might also be declared void.

This committee therefore trusts that you will see fit to revoke the whole of reserve No. 675, except so much as you may deem necessary for the purpose of watering travelling stock and for a camping-ground.

1. That at the time such purchase was made the applicant was not aware the land he applied for was not available, or that the same formed part of reserve No. 675 and part of travelling stock route No. 19.

No. 28.

Mr. T. W. Kelly to D. Buchanan, Esq., M.P.

Dear Sir,

Parkes, 9 July, 1877.

Permit me to ask you to do me a favour, and my living depends on you to get for me what lawfully belongs to myself and my family.

I enclose you letter* and plan† received from the Minister of Lands, which you will kindly return. * See No. 19. † Not with papers
The land referred to in plan I have expended a thousand pounds on, so that the loss of it would leave me penniless. The local surveyor that was here was instructed to survey the land for me. The district surveyor, Fisher, was here about six months ago and held an inquiry, so that you will by referring to the Lands Office find his report. The land referred to in plan is not required for travelling stock reserve, which can be proved if only the Minister of Lands will take the trouble to refer to any Government official here. I hope and trust that you will take this matter up for me as speedily as possible.

There is a surveyor here at present who has been lately appointed for here, and he tells me this morning that he cannot survey for me till he gets word from Sydney. I believe that he is writing by this mail.

Trusting that you will overlook any errors, and also excuse me for trespassing so much on your valuable time; but it is the first time that I have myself personally, though not as a body, during the time that you have represented us, but I do appeal to you now in my greatest trouble.

I remain, &c.,

THOS. W. KELLY.

I beg to recommend this man's case to the favourable consideration of the Minister.

Referring to my letter of the 28th of May last,* covering a copy of a report from Mr. Warden Dalton on the subject of reserve No. 675, within the Billabong Gold-field, I have now the honor to enclose a copy of a letter subsequently received here from the above-named officer upon the same subject, and to request that you will be pleased to inform me what action is being taken by the Lands Department in the matter. * See No. 26. [Enclosure to No. 29.]

Mr. Warden Dalton to The Under Secretary for Lands.

Sir,

Warden's Office, Forbes, 6 July, 1877.

Permit me to draw your attention to my letter of the 21st May, 1877*, relative to reserve from conditional purchase or sale No. 675, on the extension of the Billabong Gold-field. I then recommended that so much thereof may be withheld from sale or conditional purchase as extends 40 chains eastward from that portion of Goobang Creek now forming the western boundary of said reserve No. 675; and that the remainder of such reserve be subjected to the provisions of the 14th clause of the Crown Lands Alienation Act of 1861. * See enclosure to No. 26.

I am informed that the whole of reserve 675 is about to be subjected to the operation of the 14th clause, and this, I am of opinion, would be highly prejudicial to the mining interest.

I have, &c.,

FREDERICK DALTON,

Warden, Lachlan.

Referred to Mr. District-Surveyor Fisher in connection with previous papers. Mr. Fisher will be good enough to report as speedily as possible upon the application for an extension to reserve 675.—R. D. FITZGERALD, for Surveyor General. District Surveyor Fisher, B.C., 4th August, /77.

Forwarded to Mr. Licensed-Surveyor Sharp for report as soon as convenient. I reported on 18th November last that all mining on this land was abandoned, and recommended a reserve as shown on sketch. The reserve as now recommended by Mr. Warden Dalton would include a large area of Messrs. Kelly's and Wood's selections, which I understood it was decided they should be permitted to purchase. A report is required whether the south-western portion of reserve No. 675, north of portion No. 21, parish of Kamandra, should be reserved in the interests of the gold-miners.—G. FISHER, District Surveyor. B.C., 27th September, 1877.

No. 30.

Messrs. Harbottle, Biddulph, & Alsop to The Surveyor General.

Sir,

Sydney, 23 July, 1877.

We have received a letter from one of our constituents, Mr. Thomas W. Kelly, of Parkes, respecting certain land selected by him some two years ago, and which he says the Lands Office is now seeking to take from him.

It may be seen from applicant's descriptions that he was aware of the existence of some of the reserves which cover that part of the land fenced in but not applied for by him.—C.E.F.

From his remarks it appears that the land in question was thrown open for selection in the usual way, the local surveyor had instructions to survey it, and the Land Agent had no notice of there being any reserve on this particular spot.

That part of the land fenced in fronting the road was not applied for by applicant; it formed part of reserve 30 mentioned in applicant's description.—C.E.F.

The selection was taken up by Mr. Kelly, and he has since laid out nearly £1,000 in improvements; he now informs us that it is sought to take away a portion of this selection, comprising all his frontage to the main road, and upon which the greater portion of the improvements have been made, and he asks us to use our influence by backing up his application that his selection will be allowed to stand.

The

The District Surveyor's report is in the Lands Office, and if reference is made to the Warden of the district, Mr. Kelly informs us he will report favourably on behalf of his application.

Required Mr. Fisher's report on the case.—P.F.A., 23rd July. District-Surveyor Fisher's report is 76-41,194 Al.—H.P.B. Mr. Fitzgerald. 25 July.—P.F.A.

See No. 31.

This letter is submitted for consideration in connection with my B.C. memo. of 25 July. It may be pointed out with reference to the statement that £1,000 have been expended in improving the land, that at the date of Mr. Surveyor Fisher's report (*after* applicant had been informed that his conditional purchase was to some extent illegal) the improvements did not exceed £600 in value; also that applicant has fenced in and improved upwards of 200 acres more than he described in his application.

It should also be mentioned that a report has been received from the Department of Mines pointing out the necessity of retaining for mining purposes at any rate so much of reserve 675 as lies within $\frac{1}{2}$ a mile of Goobang Creek.—ROB. D. FITZGERALD, for Surveyor General, 25th July, 1877.

No. 31.

Memorandum by Surveyor General.

Thomas William Kelly's Conditional Purchases 76-8 and 16.

See No. 19.

In view of Mr. District-Surveyor Fisher's report, it is submitted that applicant must accept one or other of the alternatives offered to him by letter dated 13th November, 1876.

The fact that the surveyor erroneously measured land for him contrary to his description (*i.e.* measuring some 500 acres embracing reserved land in satisfaction of two applications for a total of 320 acres) does not in any way legalize his holding any land, except so much of that applied for as was outside the travelling stock reserve 19 at date of application.

Mr. District-Surveyor Fisher has now been instructed to measure so much of the land applied for as was available at date of purchase, at the same time he has been informed that applicant has the option of a cancellation of the whole purchase.

As regards that part of Mr. District-Surveyor Fisher's report having reference to retention or otherwise of reserve 675, upon which Kelly has encroached by occupation, extracts have been taken and referred with other papers for consideration and separate action.

It may be pointed out that although the travelling stock reserve 19 has been revoked since date of Kelly's conditional purchases the land is not now available for conditional purchase, as it forms part of reserve 675, notified 8th March, 1876.

See Appendices.

See *tracing herewith.

ROB. D. FITZGERALD.
(For Surveyor General.)

[Enclosure to No. 31.]

Extract from Mr. District-Surveyor Fisher's report, dated 17th November, 1876—76-133.

3. Mr. Phillips acknowledges the receipt of instructions to measure T. Kelly's conditional purchase application No. 76-8, area 200 acres, on the 4th of May last, and for 120 acres additional conditional purchase, No. 76-16, on the 20th May; also that he made a preliminary survey to ascertain how far the frontage of such selections would extend down the Goobang Creek from J. McGirr's conditional purchase 100 acres, No. 201-3, about the 27th May, leaving temporary stakes to mark same * * * * Also in making such survey he must have made some mistake, as the line pointed out to Kelly as his boundary was not an east and west line.

4. Mr. Phillips's explanation is that he did not recognize reserves Nos. 30 and 31, or No. 675, and that our office had never furnished him with tracings showing such reserves or descriptions of same; also, it appears he placed temporary pegs to indicate the frontage for Kelly's 320 acres *as one block*, as the stake put down at his direction is 33 chains 41 links south of the north-west corner of fence, quite ignoring the description in Mr. Kelly's application, which was for 200 acres on the creek, and 120 acres east of such 200 acres; and Kelly appears to have had his fence erected on the lines pointed out by Mr. Phillips, and would not have placed them in their present position but for Mr. Phillips's original survey, and the directions he received from Mr. Phillips originally.

5. Mr. Phillips states, when making such preliminary survey he found Kelly's land would include some gold-mining leases, and that he informed Mr. Kelly he could not obtain the land on this account. This statement Mr. Kelly denies, and as Mr. Phillips still retained the instructions, and did not return them to the office for cancellation, also as he on the 4th of September, or three months after having made his preliminary survey, again charged Mr. Kelly a further sum of two guineas for amending the line he had originally marked on a wrong bearing * * * * Although Mr. Phillips states this second survey was for marking a line some $\frac{1}{4}$ chains further south than Kelly's land would extend—in either case Mr. Phillips's conduct is incompatible with his position as a Government officer, as he distinctly states he was aware Mr. Kelly's selections were illegal, yet he has charged him £12 2s. for surveying same, and still contends he was entitled to do so * * *

* See minute on No. 15.

In view of Mr. District-Surveyor Fisher's *report on copy of application herewith, from which it may be seen that applicant is not occupying the land described by him, and as the land described (as is also the land occupied) is for the most part within reserve 675, notified 8 March, 1876, and travelling stock reserve No. 19, notified 30th October, 1874, it is recommended that the conditional purchase should be declared void.

See No. 15.

Under the minute of the 27th October, 1876, applicant was offered the alternative of retaining so much of the land described as was available, but now, under the altered circumstances of the case, the land not being occupied in accordance with the description, the above recommendation is submitted.

As regards that part of Mr. District-Surveyor-Fisher's report having reference to the retention or otherwise of reserve 675, extracts have been taken and placed with other papers on the subject for separate action.

It

It may be pointed out that the travelling stock reserve 19 has been revoked, but this does not materially affect the matter of the conditional purchase either one way or the other, as may be seen from the accompanying tracing.

Since writing the above the accompanying letter has come under notice, in which a request is made to have the case included in schedule to a Bill to legalize certain purchases illegally made. Attention is drawn to this letter. At the same time it is pointed out that nearly one-third of the land occupied is available for conditional purchase, and that the remainder is within reserve 675, the retention or revocation of which is now under consideration in connection with a report from the Department of Mines recommending that all the land within half-a-mile of Goobang Creek should be retained as a reserve for gold-mining purposes.

Memorandum by Deputy Surveyor General.

Water Reserve 675, notified 8th March, 1876, Wellington District.

In order to deal with the question as to the necessity of retaining the abovementioned reserve, the following facts in connection with Messrs. Wood's and Kelly's conditional purchases, together with the accompanying extracts from Mr. District-Surveyor Fisher's reports on those purchases, should be taken into consideration.

See enclosure.

John Woods conditionally purchased 640 acres on the 17th August, 1876, which, both as described and as occupied, encroaches upon reserve 675. In consideration of such encroachment the voiding of the purchase has been recommended.

Thos. W. Kelly took up two conditional purchases, 200 and 120 acres, on the 6th and 27th of January, 1876, prior to the notification of reserve 675, but the former application embraces land partly within travelling stock reserve 19, which at date of the conditional purchase had not been revoked. Reserve 19 has since been revoked, but that part of the land applied for within it by Kelly now forms part of reserve 675. In addition to the land applied for, Kelly occupies about 200 acres of reserve 675, viz., the land comprised in the sites of reserves 30 and 31, which were revoked on the same day that reserve 675 was notified. Kelly has been informed that he can only hold so much of the land applied for by him as was available at the date of his purchase.

In the event of reserve 675 being revoked Messrs. Woods and Kelly should be duly informed.

Memorandum of Instructions to District Surveyor Fisher.

Memorandum of Instructions (to be returned with reply).

Charting Branch, Surveyor General's Office, Sydney, 25 July, 1877.

Subject.

MR. District-Surveyor Fisher is requested at his early convenience to cause action to be taken in view of the following:—

So much only of the land described in Thos. W. Kelly's conditional purchase application 76-8 as is outside travelling stock reserve 19 (revoked since date of conditional purchase) should be measured for applicant, together with the land described as his additional conditional purchase 76-16. The

The applications 76-8 and 16 were forwarded to Mr. Licensed-Surveyor Phillips on the 28th April and 16th May, 1876, and transferred in April last to Mr. Licensed-Surveyor Arthur Sharp.

Separate action will be taken with regard to reserve 675 as to its retention or revocation.

Mr. D.-S. Fisher.

No. 35.

Mr. H. Freeman to The Secretary for Lands.

16, Bridge-street, Sydney, 8 August, 1877.

Sir,
6th January, 1876, 300 acres.
24th " " 120 "
320 acres.

Mr. T. W. Kelly selected 320 acres at the Forbes Land Office on the dates respectively noted in the margin, and on his behalf I now respectfully submit for your consideration certain circumstances in connection with that selection which disclose a case of peculiar hardship.

My client having attended at the Forbes Land Office with the intention of acquiring a suitable tenure by conditional purchase, applied in due form for the area in question, and in answer to his inquiry was apprised by the Forbes agent that the land was noted on the office map as available to selection.

Relying on the accuracy of the official record, Mr. Kelly forthwith entered into possession, erected his dwelling, and before formally enclosing his purchase he applied to the local surveyor, Mr. Phillips, for an early measurement of the land.

It appears that the customary departmental instructions to measure, if unobjectionable, had in the meantime issued to the surveyor, and I am advised by Mr. Kelly that he begged Mr. Phillips to expedite arrangements for survey; Mr. Phillips, however, declined to survey until he received special payment for the service.

See Enclosure A.

This payment was accordingly made by Mr. Kelly (see receipt herewith, marked Enclosure No. 1) and the survey was effected.

Thus Mr. Kelly was induced to occupy, fence, and improve the land under colour of the survey effected by the proper officer of the Survey Department.

He constructed a store and dwelling-house costing £200, fenced the boundaries at a cost of £325, cleared and ringbarked the standing timber at an expense of £200, caused a deep well to be dug in the boundary of the creek at a cost of £130, and ultimately, after being in occupation of the land for a considerable period, my client cleared, ploughed, and sowed an extensive area now under crop at a cost of £300.

To his surprise and discomfiture, however, Mr. Kelly is now informed that his selection trespasses upon a travelling stock reserve which runs along Goobang Creek, and he is warned that about one-third of his purchase is void for that reason.

This extraordinary statement was at first received by my client with incredulity, inasmuch as he had relied upon the local Land Agent's official record and official assurance that the full area was available; and he further had been satisfied of the fact by the action of Mr. Surveyor Phillips, who measured the land and formally told Mr. Kelly that his selection was secure.

See Enclosure B.

Any doubt, indeed, that my client might possibly have had would have been dissipated by the re-survey or re-marking by Mr. Phillips of certain boundaries, for which further service that surveyor demanded (and obtained) an additional private fee of £2 2s. (See Enclosure marked B.)

There can be no doubt I presume that the Forbes Land Office map did not disclose any reserve in this locality; but it certainly is an extraordinary fact that Mr. Licensed-Surveyor Phillips, an officer of the department, who is expected to possess full knowledge of all reservations, and to survey accordingly, should have so completely and thoroughly misled my client.

I need hardly explain that had Mr. Kelly suspected the existence of such a reserve he would not have ventured to select within its limits, nor would he have incurred an expense exceeding £1,000 in improving the land.

The case now stands thus:—Mr. Kelly's improvements and cultivation trespass partially upon the site of an old travelling stock reserve.

Such reserve has never apparently been used for the purpose contemplated in its reservation, and further, the district surveyor, Mr. Fisher, has, so I am advised, furnished the department with a report suggesting the propriety of maintaining the selection by Mr. Kelly and the absence of public necessity for maintenance of the reserve.

The selector has, through the extraordinary conduct of an officer of the department and the absence of proper and necessary record, been induced to expend his hard-earned money in improving land which he cannot legally hold.

I now very respectfully submit the foregoing facts for your consideration, and in view of the action taken by you and your predecessors in numerous cases of infinitely lesser merit, I venture to beg that this case may be treated as one deserving special provision in the Bill now in course of preparation to legalize selectors on certain reserves.

I have, &c.,

HENRY FREEMAN.

This matter now only brought under my notice by the department; must be left for my successor.—R.D., 15/8/77. Put in Schedule of Validating Bill.—T.G., 20/8/77. The Secretary for Lands directs that the Crown lessee, Mr. Furlonge, may be informed through Messrs. Wilson & Rankin of the action taken in this case.—C.E.F., 13 Sep., 1877. Mr. District-Surveyor Fisher is requested at his early convenience, and with reference to my instructions (Form F), dated 25th July, to measure as Kelly's conditional purchase the full area applied for, the Secretary for Lands having decided to include the case in the Schedule to the next Validating Bill, in order that the sale of so much of the land as was within the travelling stock reserve may be legalized.

CH. E. FINCH,
(For Surveyor General).

Kelly's conditional purchases were surveyed by me on 30th and 31st August, in accordance with former instructions, and plan was forwarded on 20th September. Under these circumstances, I have the honor to request that I may be informed how to act in the matter.

Sir,

227, George-street, 15 September, 1877.

In answer to the Commissioner's letter of this day's date, relative to the conditional purchases of T. W. Kelly, of 200 and 120 acres, which are principally on a reserve, in which it is stated "that the Minister for Lands has approved, in view of the hardship that would be entailed upon the selector by the loss of the land that he has heavily improved, under the impression that the area was available, of the case receiving special provision in the Bill now in course of preparation to legalize selections on certain reserves," we beg to state that we are credibly informed that at the time of selection Mr. Kelly was well aware that the land was on a reserve, that he was warned not to improve the land, as it was reserved, and that he then stated that he had sufficient political influence to get the reserve cancelled; and on behalf of Mr. Furlonge, the lessee, beg that in the further consideration of this case the above statement may be taken into consideration.

Gentlemen,

Department of Lands, Sydney, 15 September, 1877.

With reference to the personal inquiries made by you on behalf of the Crown lessee, Mr. Furlonge, respecting the conditional purchase of T. W. Kelly, as noted in the margin, which intrudes upon a reserve, I am directed to inform you that the Minister for Lands has approved, in view of the hardship that would be entailed upon the selector by the loss of the land, which he has heavily improved, under the impression that the area was available, of the case receiving special provision in the Bill now in course of preparation to legalize selections on certain reserves.

Mr. Licensed-Surveyor Sharp to The Surveyor General.

Sir,

Parkes, 20 September, 1877.

I have the honor to transmit herewith the *plan of two portions of land, containing 200 and 120 acres, numbered 58 and 59, in the parish of Kamandra, county of Ashburnham, applied for by Thomas William Kelly, under the 14th and 21st section of the Crown Lands Alienation Act of 1861, surveyed in accordance with instructions dated 28th April and 18th May, 1876, to Mr. Licensed-Surveyor Phillips, transferred to me on 11th April, 1877.

At the time of survey applicant had effected improvements on No. 58 to the value of about £11, consisting of fencing (£1) and ring-barking, and on No. 59 to the value of about £237, consisting of fencing (£65), ring-barking (£4), hut (£8), clearing and cultivation (£160). This hut is the property of John Keenahan, and adjoining conditional purchaser on the east, who erected it there by mistake.

Kelly's hut, in which he resides, was erected by mistake a few chains to the west of No. 58. I informed him, however, that he must reside on his land, or otherwise it would be forfeited.

These portions are surveyed in the form shown, in accordance with your instructions of 25th July to Mr. District-Surveyor Fisher.

I have &c.,

ARTHUR SHARP,

Licensed Surveyor.

Minutes on No. 43.

This survey has not been carried out in accordance with the instructions. Instructions have now issued to Mr. Licensed-Surveyor Arthur Sharp to re-measure portion 59, to be altered so as to contain in the gross 120 acres (not exclusive of the proposed railway line, which should not be reserved); will stand as C.P. 77/36. The eastern part of 58 and the part to be cut off 59, in all 120 acres, will stand as C.P. 76/16. The balance of 58 (about 90 acres) will stand as C.P. 76/8, on which refund on deficit area will be made; and the land to the west of 58 and fronting the creek will be measured for disposal, by special Bill or otherwise.—1 July, /78.

No. 44.

Mr. Licensed-Surveyor Sharp to The Surveyor General.

Sir,

Parkes, 1 October, 1877.

In accordance with your instructions to Mr. District-Surveyor Fisher, dated *4th August, /77, ^{* See minute on No. 29.} and by him transferred to me on 27th September, 1877, I do myself the honor to report that from what I can ascertain that part of the Goobang Creek included in reserve No. 675 has not yet been properly tested as to its gold-bearing properties, and would therefore recommend that the frontage be still reserved for an average depth of about 40 chains from the creek, and that the remainder be thrown open to conditional purchase under clause 14.

The following description would I think include the auriferous portion of it, viz.:—Parish of Kamandra, county of Ashburnham: Commencing on the left bank of Goobang Creek, at a point due north, and distant 10 chains from the north boundary of portion No. 21; and bounded thence on the south by a line bearing east 60 chains; on the east by a line bearing north 24 degrees east about 87 chains to the south boundary of T. W. Kelly's conditional purchase, 200 acres (No. 58); on the north by a line bearing west to the Goobang Creek; and on the west by that creek downwards, to the point of commencement.

This would not interfere with Kelly's conditional purchase, which was applied for before the proclamation of reserve No. 675, and would only include some fencing belonging to John Woods, who informs me that he would be quite satisfied to lose that provided he were allowed to purchase the land outside of this proposed reserve.

In the event of this recommendation being adopted, I would recommend that the following reserve be made, to give access to water from the back country, viz.:—County of Ashburnham, parish of Kamandra: Commencing on the left bank of Goobang Creek, at the north-west corner of portion No. 21; and bounded thence on the south by a line bearing east (4) four miles; on the east by a line bearing north 10 chains; on the north by a line bearing west to Goobang Creek; and on the west by that creek downwards, to the point of commencement.

These two reservations would I think meet all public requirements.

I have, &c.,

ARTHUR SHARP,

Licensed Surveyor.

Minutes on No. 44.

Forwarded to the Surveyor General.

On this report from Mr. Licensed-Surveyor Sharp I would respectfully recommend the proclamation of the two reserves proposed by him, and that the remaining portion of reserve No. 675 be opened for conditional selection. I consider Messrs. Kelly and Woods should be allowed to select without opposition the land outside this reserve on which their improvements stand, and which they have already selected.—E. Mr. Finch,

On the enclosed papers Mr. Sharp has suggested the notification of a reserve, 10 chains wide, adjoining and to the south of John Woods's conditional purchase 76-248. As this may interfere with a recent proposal in reference to Woods's conditional purchase, and as it is very desirable that sufficient access to the back unsold lands should be preserved, will Mr. Finch be good enough to indicate on the enclosed *tracing the boundaries of the land that it is proposed to allow John Woods in satisfaction of his conditional purchase, in order that the question may be again referred to Mr. Fisher for his consideration. ^{* See Appendix.}

As far as I can remember, the Secretary for Lands decided that Woods should be allowed to retain as his conditional purchase so much of the land outside reserve 675 as was occupied by him. A reference to the papers in the case of Woods's conditional purchase would show clearly the decision in the matter.—C.E.F., 28 Dec., /77. Mr. G. Lewis.

By instructions to Mr. District-Surveyor Fisher, dated 25th July, 1877, Mr. Licensed-Surveyor Sharp was directed to measure "so much only of the land described in Thomas W. Kelly's conditional purchase application 76-8 as is outside travelling stock reserve No. 19 (revoked since date of conditional purchase xxx), together with the land described as his additional conditional purchase 76-16 x over xxx." A further instruction also issued (to Mr. Fisher) 13th September, 1877, to the effect that Kelly's conditional purchase 76-8 should be measured as applied for, the Secretary for Lands having decided upon including the case in the Schedule to the next Validating Bill.

This latter instruction did not reach Mr. Sharp before he had made the surveys, which, however, not being in accordance with the former instruction, a re-survey will be required, which Mr. Sharp is now requested to carry out as follows, viz. :—

That part of the first conditional purchase within travelling stock reserve (now within reserve No. 675) should be measured as one portion, to be disposed of by special Bill, or otherwise; portion 59 may stand as conditional purchase 77-36; 120 acres off the eastern end of portion 58 should be marked out as for conditional purchase 76-16, and the remainder, the western end (about 80 acres), of portion 58 may stand as the original conditional purchase, 76-8, on which a refund for deficient area may be made.

Copies* of conditional purchase applications 76-8 and 16, 77-36, together with a sketch† in illustration are forwarded herewith.

The proposed railway line should not be reserved, the boundary-line between portions 58 and 59 must therefore be altered, in order that 59 may embrace 120 acres only.

Mr. Commissioner Fullerton to The Officer in Charge, Occupation of Lands.

Sir,

Occupation of Lands, Dubbo, 8 July, 1878.

In reply to your letter of *7th May last, asking for a report as to the advisability of cancelling reserve from lease No. 15 extended, notified 14th November, 1864, within the boundaries of the East Billabong Run, I have the honor to inform you that I have visited the reserve, and also had interviews with Mr. Furlonge, the lessee of East Billabong Run, and a number of the residents in that locality.

I gathered from these interviews that in the opinion of these gentlemen it was advisable to cancel the reserve.

There are two selectors, named Woods and Kelly respectively, whose selections I understand are either wholly or in part on this reserve who have made very extensive improvements upon their selections. I called at their residences and waited some time, but was unable to see them. I left a note for each, and beg to say that as their interests are so large in the land no decision should be arrived at pending their replies.

Immediately upon receipt of such replies I will forward them to you.

Petition.

To the Honorable the Minister for Lands, Sydney.

Parkes, 15 July, 1878.

The petition of the undersigned, on behalf of the Inhabitants of Parkes and district, humbly sheweth,—

1. That a public meeting was held at Parkes, on the 10th July last, when the following resolutions were passed, viz:—

1. In the opinion of this meeting the extension of reserve 675, on the eastern side of the Goobang Creek, or the substitution of a water reserve in lieu thereof, is not desirable or necessary, and is opposed to the wishes and interests of the people of this district.

2. In the opinion of this meeting it is desirable that the Government should cancel reserve 675, and that the land, excepting (say) 20 chains frontage to the Goobang Creek, should be thrown open for selection, under the 14th clause of the Crown Lands Alienation Act of 1861.

3. That the foregoing resolutions be embodied in a petition and forwarded to the Minister for Lands.

2. That your petitioners would humbly submit that the opinion of the people should be carried out, inasmuch as the Warden, Mr. District-Surveyor Fisher, and Mr. Licensed-Surveyor Sharp have expressed a like opinion and reported accordingly, and your petitioners would respectfully request that the matter may be referred to them.

3. That your petitioners have been long resident in this town and district, and are convinced that the progress thereof has been much retarded by unnecessary reserves being proclaimed, thus preventing settlement. As affecting their interests in a business point of view, and the future welfare of the district, your petitioners feel they cannot urge this matter too strongly, and would humbly pray that you may be pleased to take the matter into your earnest and favourable consideration.

And your petitioners will ever pray.

Declaration.

[Schedule U.]

I, MOSES WOODS, of Parkes, free selector, do solemnly and sincerely declare that Mr. Licensed-Surveyor Phillips received from me on the 12th August, 1876, £3 3s., for the purpose to show me the land to free-select without encountering any objections and disputes. On that day he came out, pointed out the land to me which I thus free-selected, and now have improved to the value of £2,500. Mr. Phillips distinctly stated that the land was open for selection, and there could be no dispute. And I make this solemn declaration, conscientiously believing the same to be true, and by virtue of the provisions of an Act made and passed in the ninth year of Her present Majesty, intituled "An Act for the more effectual abolition of Oaths and Affirmations taken and made in various Departments of the Government of New South Wales, and to substitute declarations in lieu thereof, and for the suppression of Voluntary and Extra-judicial Oaths and Affidavits."

Mr. H. Margules to The Secretary for Lands.

Sir,

Not feeling justified in taking up your time with personal interviews, I beg respectfully to urge upon you a reply, if possible by return, in accord with your gracious note, taken when Messrs. Coonan and Beyers and myself waited upon you about a week ago, in reference to reserve No. 675 and the conditional selection of John Woods, senior.

Mr. Woods being a very feeble and blind old man, whose affairs are and were managed by his son, Moses Woods, would be completely destitute in his old age and helpless state if no steps are afforded to him to save him from prosecution by squatters.

His position being now a very dangerous one, since the reserve became a water reserve, the owner or lessee of the run can and will actually impound the cattle and horses of Woods from the ground he selected, just as Mr. Tom did to Judd on Scrubby Plain, about four weeks ago.

Mr. Woods presses me to urge upon you his case, which is supported by the people of the entire district.

Therefore I beg of you to cause, by return if possible, to issue a communication in accordance with your gracious decision, that he is permitted to occupy the land selected by him subject to legalization by Bill in Parliament accepted and passed, and addressed to me.

Memorandum by Surveyor General.

THE enclosed petition, embodying resolutions passed at a public meeting held in Parkes, is for the cancellation of water reserve No. 675, parish of Kamandra, county of Ashburnham, with the exception of 20 chains frontage to Goobang Creek, upon the eastern bank of which the reserve is situated.

It is submitted for the consideration of the Secretary for Lands that the petition be not granted, for the following reasons:—

- 1st. In view of the proposed travelling stock reserve from Parkes *via* Boree, Cabonne to Orange, the reserve as it now stands should be retained as a turn out for stock.
- 2nd. The easterly extension objected to by the petitioners should be retained as access to the large area of unalienated Crown Lands situated to the east and south of it.
- 3rd. The proposed extension of the railway from Orange to Parkes, &c., should also be kept in view.

And it is respectfully pointed out that when this extension is carried out the reserve will be required for stock waiting to be trucked, and from this point of view it is of particular value.

See previous correspondence.

With reference to paragraph 2nd of the petition in which petitioners state that their views are endorsed by Mr. Warden Dalton, Mr. District-Surveyor Fisher, and Mr. Licensed-Surveyor Sharp, it is respectfully pointed out that those officers all agree in recommending the retention of frontage to the creek of an average depth of 40 chains (*vide* copy of Mr. Dalton's report, also Mr. Sharp's report in letter No. 113, Mis. 77/10,893, and Mr. Fisher's B.C. thereon, all herewith).

Parkes, 4 September, 1878.

I have the honor to transmit herewith the plan of four portions of land, containing 92, 104, 120, and 120 acres, numbered 92, 93, 58, and 59, in the parish of Kamandra, county of Ashburnham, applied for by Thomas William Kelly, under the 14th and 21st sections of the Crown Lands Alienation Act of 1861, surveyed in accordance with instructions dated 1st July, 1878, Nos. 78, 36. See enclosure.

At the time of survey applicant was not resident on any of these portions, but was living in his licensed public-house, about 10 chains south of portions 92 and 93.

The improvements are as follows, viz. :—

On No. 92—Fencing, £1; clearing, £5; ring-barking, £4; total, £10.

No. 93—Hut, £8; fencing, £30; cultivation, &c., £50; total, £88.

No. 58—Fencing, £7; ring-barking, £6; total, £13.

No. 59—Fencing, £65; clearing, &c., £200; hut, £8, ring-barking, £3; total, £276.

I have altered the west boundary of portion 59 as instructed, thus leaving no reserve for the proposed railway line. As the reserve originally left was done in accordance with Mr. District-Surveyor Fisher's instructions, I would respectfully ask that I may be remunerated for the labour of altering it.

Sir,

"Kent Hotel," Pitt-street, Haymarket, 13 September, 1878.

About three weeks ago Messrs. Coonan and Beyers, M's.P., and myself waited upon you in respect to reserve 675, and the free-selection of John Woods, senior, supported by declarations, near the Goobang Creek, county of Ashburnham, near the town of Parkes, when you graciously promised and made note for the legalization of such selection, and the speedy advice of such fact to the said John Woods, senior, near Parkes; but up to date, though I have had the honor to address you on the subject twice, I received no reply, nor our agent, Mr. F. Fitzpatrick, 251, George-street.

But by letter of Mr. Moses Woods, to hand to day, it appears that he is advised of the refund of the deposit for said selection by the Chief Commissioner, Mr. A. O. Moriarty; hence Mr. Woods's legal standing is gone, if not speedily relieved by an advice of legalization as graciously promised by you.

A reply by return of post is anxiously looked for by,—

No. 67.

The Land Agent, Forbes, to The Chief Commissioner of Conditional Sales.

Sir,

Crown Lands Office, Forbes, 23 September, 1878.

The within communication having this day been handed to me, and the allegation contained in it, to the effect that I stated to an officer of the Lands Department "that Woods, in making application for the selection (noted in the margin), wilfully deceived and misled me," being at variance with fact, I have the honor to forward the document, and for your information to report the circumstance so far as I am conversant with them relating to Woods's application. See Enclosure A
No. 76-248.
John Woods,
senr.
17 August, 1876.
640 acres,
14 section.

On the 17th August, 1876, Mr. Woods appeared at this office, and produced a description (in the handwriting of Mr. John Phillips, the licensed surveyor in charge of the Parkes portion of this district) of 640 acres of land near Parkes, stating at the same time that he desired to select in accordance with it. On referring to the map then in use in this office I noticed that I had charted in pencil a new reserve (No. 675, of 8 March, 1876), evidently in or close to the locality of the intended selection, and it being impossible for me to identify the exact position of the land described I drew Mr. Woods's attention to the reserve, and inquired of him whether the reserve and his selection clashed. Mr. Woods stated that he could not tell, but that he thought not, or words to that effect. Thereupon, believing that the surveyor (in charge of only a small portion of the Forbes Land District) must know far better than I what land was available for selection in the locality, I received Mr. Woods's application, and pointed out to him what appeared to me to be substantially the land described, although in one or two of the boundaries errors appeared to have been made by Mr. Phillips.

Some time afterwards (about six or nine months, if my memory serves me), being in Sydney, at the Surveyor General's Office, in conversation with two gentlemen (draftsmen of the department), I was spoken to respecting Woods's purchase, and, if I mistake not, for the first time, was informed of its being partly on reserve 675. I related to the gentlemen in question, as well as I could from memory, and in the absence of all papers and plans, the circumstances connected with the selection, and, to the best of my belief, I mentioned the fact of Mr. Phillips having led Mr. Woods astray.

I certainly had no intention of imputing wilful deceit to Mr. Woods, and what I meant to convey was that Mr. Woods, through Mr. Phillips's error, had misled me.

The conversation was a very hurried one, it being past 1 o'clock on Saturday, and the officers of the department being in the act of closing work for the week.

It is absurd to suppose that Woods could have had any wilful intention to deceive me, as he evidently, up to the time of coming to select, knew nothing about the new reserve (675), and the mistake, if chargeable to anyone, must be laid at the door of Mr. Phillips.

The selection, if in the position I suppose, does not form part of any squattage, but is either wholly or in part within reserve from lease No. 19, of 14 November, 1864.

In conclusion, whilst trusting that this communication may not be considered out of place, I cannot in fairness allow a false conception of a conversation, hurried and unsupported by papers and plans, to be used against a gentleman who has proved himself by his upright conduct and enterprise to be one of the most valuable additions to the yeomanry of this Colony.

I have not, of course, replied officially to the letter, but have informed the gentlemen who lodged it that the matter would be referred to you.

I have, &c.,
STEPHEN FREEMAN,
Crown Land Agent.

[Enclosure A to No. 67.]

Mr. F. G. Brown to The Crown Land Agent, Forbes.

Sir,

A committee of inquiry having been instituted for the purpose of ascertaining particulars under which Mr. John Woods took up his conditional purchase on the Billabong Creek, and it having been asserted by an officer of the Lands Department that you stated that Woods, in making application for his land, wilfully deceived you and misled you by his statements, on behalf of the committee, I would respectfully request you to state if such is the fact.

I have, &c.,
F. G. BROWN,
Secretary.

[Enclosure B to No. 67.]

640 acres on Goobang Creek, near Parkes, applied for 17th August. — District of Forbes.

Statement of John Woods's case.

JOHN WOODS left Victoria in February, 1876, having a capital of £2,100, intending to make a settlement for himself and family upon the Crown Lands of this Colony. After careful examination and inquiry respecting the country around he finally decided to make his home near Parkes. With this intention he fixed upon a spot on the east bank of the Goobang Creek, and proceeded to Forbes to select. Upon making inquiries of Mr. Freeman, Agent for Crown Lands at Forbes, that gentleman told him that as there had been lately a large reserve proclaimed somewhere in the vicinity mentioned by Woods he had better see the surveyor for the district (Mr. Phillips), who could show him available ground. Woods accordingly saw Mr. Phillips, licensed surveyor, who accompanied him to the ground, and pointed out an area which he stated was Crown Land and available for selection.

Phillips then, at Mr. Woods's request, ran the lines of 640 acres (for which Woods paid £3 3s.), and afterwards wrote out a description from his survey, which he gave to Woods to guide him in applying for the land, which he presented to the Crown Lands Agent at Forbes, who, knowing that it came from Phillips, was satisfied that it was right, and so accepted Woods's application.

After the lapse of some time (Woods having meanwhile cleared, fenced, and otherwise improved much of the land) he received notice from the Lands Department that his selection was within reserve 675, and consequently void.

Mr. Woods immediately hurried to Surveyor Phillips, showing him the notice. Phillips set his mind at rest by telling him that if he removed his fence 20 chains from the creek it would be all right, and Woods, placing implicit confidence in this Government officer, acted upon his suggestion and proceeded with his improvements. And further, relying upon information given him by Mr. Licensed-Surveyor Phillips that he must get the selection, Woods has expended the whole of the capital (£2,100) which he brought from Victoria in improving the land, and has now 180 acres in crop.

After having, as he thought, made a home for himself and family, and expending his labour and money thereon, proceedings are instituted for the purpose of ejecting him, at the instigation of the Crown lessee, who doubtless hopes to reap the benefit of the unfortunate man's toil and money.

This action is being taken in face of reports having been called for and sent in by Mr. District-Surveyor Fisher, Mr. Licensed-Surveyor Sharp, and Mr. Warden Dalton, to the effect that it would not interfere with the interest of the public to cancel the reserve, but would in fact benefit the district.

Minutes on No. 67.

The case to be included in a Legalizing Bill. Withdraw from lease any portion of Mr. Woods's selection that is under lease to Mr. Furlonge.—J.S.F., 26/9/78. Petition from Inhabitants of Parkes.

To the Honorable the Minister for Lands, &c., &c., Sydney.

The petition of the undersigned inhabitants of the town of Parkes and district,—

Humbly sheweth:—

1. That your petitioners having heard that the Crown Lands Occupation Branch have determined to remove one John Woods from the land he possesses, situated on Goobang Creek, near Parkes (after fully investigating the matter), would respectfully urge the following reasons why Mr. Woods should not be dispossessed, viz:—

1. That the said John Woods left Victoria in the month of February, 1876, with a capital of £2,100, intending to make a settlement for himself and family on the Crown Lands of this Colony, and after careful examination and inquiry respecting the country around finally decided to make his home near Parkes. With this intention he fixed upon a spot on the east bank of the Billabong Creek (or Goobang Creek), and for the purpose of ascertaining if the land was available for selection he went to the Crown Land Agent, Forbes, who advised him, as there was a large reserve in the vicinity, pointed out, to consult the licensed surveyor (Mr. Phillips), who could give him all information with respect thereto, which suggestion Woods adopted.
2. That Mr. Licensed-Surveyor Phillips accompanied Woods to the ground, pointed out an area (and subsequently ran the lines) which he stated was Crown Lands and available for selection; and further, gave Woods a written description to guide him in applying for the land, which description he presented to the Crown Lands Agent, Forbes, and had his application made out therefrom by that gentleman, which application was then lodged and accepted.

3. That after the lapse of some time (Woods having meanwhile cleared, fenced, and otherwise improved much of the land) he received notice that his selection was within reserve 675, and was consequently void. Woods immediately sought the surveyor (Phillips), showing him the notice, and was told by that officer that if he (Woods) removed his fence 20 chains from the creek he would be clear of the reserve, and that it would be all right. Woods, naturally placing implicit confidence in the Government officer, acted upon his suggestion, removed his fence as directed, and proceeded with his improvements.
 4. That, relying upon the information of Mr. Licensed-Surveyor Phillips, Woods has expended the whole of his capital (£2,100), which he brought with him from Victoria, in improving the land, and has now some 180 acres under cultivation.
 5. That after having, as he thought, made a home for himself and family, and expending his all thereon, proceedings are instituted by the Crown Lands Occupation Branch (assumedly at the instigation of the lessee of the run) to dispossess Woods, and that in face of reports having been sent in to the Lands and Mining Departments by Mr. District-Surveyor Fisher, Licensed-Surveyor Sharp, and Mr. Warden Dalton, that the revocation of this reserve would not interfere with the interests of the public, and would in fact be of benefit to the district.
2. That under these circumstances your petitioners are of opinion that to dispossess Woods from his selection would be a great wrong and hardship, he being known in the district as an honest hard-working man, and would, if deprived of his land, be utterly ruined.
3. That under the circumstances, and taking into consideration that Woods came here a stranger, and was wholly misled by a Government officer (Mr. Licensed-Surveyor Phillips), your petitioners would humbly submit that it would be only just and right for the Government to include Woods's selection in a special Bill, or take such other steps in the premises as you may deem advisable to enable Woods to hold his land and earn a livelihood for himself and family.
- Your petitioners therefore humbly pray that you will be pleased to take the circumstances of the case into your earnest consideration, and afford Mr. Woods such relief in the premises as he appears justly entitled to, and your petitioners will ever pray, &c.

Subject—Reservation of Land from Lease.

Department of Lands, Sydney, 28 September, 1878.

It is recommended to His Excellency the Governor and the Executive Council that the portion of land in the parish of Kamandra, county of Ashburnham, included within John Woods, senr's., conditional purchase, be withdrawn from the Wyabray Run, under the 5th section of the Crown Lands Occupation Act of 1861.

JAMES S. FARNELL.

Minutes on No. 69.

Urgent.—The Executive Council advise that the portion of land herein described be withdrawn from "Wyabray Run" in terms of the Act herein specified.—A. C. BUDGE, Clerk of the Council, 30/9/78. Minute 78-42. Confirmed, 7/10/78. Approved.—H.R., 30/9/78.

C.S. Branch.—The conditional purchaser, John Woods, should be informed of the Minister's decision of 26th September, 1878, then return papers to Mr. Finch.—W. FREEMAN, 21 Oct., '78. John Woods, care of H. Margules, informed 21 October, 1878.

Mr. H. Margules to The Secretary for Lands.

Sir,

"Kent Hotel," Pitt-street, Sydney, 18 October, 1878.
To this date I have received no intimation of the case Woods (John) senior, county of Ashburnham, near Parkes, free selection on reserve 675, for special Bill, I therefore most respectfully pray that such very needed acknowledgment as to Woods's security may be vouchsafed to me without delay, as, except with such power, Woods is certainly at the mercy of any one who chooses to interfere with his land.

I have, &c.,

H. MARGULES.

Minute on No. 72.

John Woods' was duly informed of decision in his case, and the letter, dated 21st October, was forwarded to the writer's care.—C.E.F., 20 November, '78. The Chief Commissioner of Conditional Sales to Mr. J. Woods.

Sir,

Department of Lands, Conditional Sales Division, Sydney, 21 October, 1878.

With reference to your cancelled conditional purchase, noted in the margin, I have to inform you that the Minister for Lands has decided that the case shall be included in the Schedule of a special Bill, shortly to be laid before Parliament, for legalizing the sale of Crown Lands in this and other cases of a similar nature.

I have, &c.,

A. O. MORIARTY,

Chief Commissioner.

No. 74.

The Under Secretary for Lands to W. T. Coonan, Esq., M.P.

Sir,

Department of Lands, Sydney, 31 October, 1878.

With reference to the petition presented by you from the inhabitants of the district of Parkes, praying that, with the exception of about 20 chains frontage to the Goobang Creek, reserve No. 675 may be cancelled, I am directed to inform you that, under a report obtained from the Surveyor General on the subject, which is to the effect that in view of the proposed travelling stock reserve from Parkes, *vid* Boree, Cabonne to Orange, and extension of railway to Parkes, the reserve should be retained, the Secretary for Lands has decided that the prayer of the petitioners be not granted.

I am to add that the easterly extension of the reserve in question, also referred to in the petition, it is considered desirable to retain, as access to the large area of unalienated Crown Lands situated to the east and south of it.

I have, &c.,

W. W. STEPHEN.

Mr. J. Woods to The Chief Commissioner of Conditional Sales.

Sir,

Parkes, 11 November, 1878.

Certain correspondence with respect to action taken in the matter of John Woods's 640-acre selection in the county of Ashburnham having been addressed to Mr. H. Margules, I would beg to inform you that he has no authority to act for me, and request that no further information or communication be given him respecting the case, and that in future all correspondence relating thereto be addressed to Mr. F. G. Brown, care of Mr. A. Armstrong, Bridge-street, Sydney, my authorized agent.

I have, &c.,

CROWN LANDS.

No. 1.

Mr. J. H. Neale to The Secretary for Lands.

Sir,

409, Crown-street, Sydney, 24 July, 1876.

I do myself the honor to request that the land hereunder described, and upon which the survey fee has been paid, may be surveyed and offered for sale by auction.

Yours, &c.,

JAMES H. NEALE.

Land applied for.

About 40 acres of swamp land, situate in a southerly direction, about 1 mile from land applied for by me at the "Crushers," on the Great Western Railway, and to be pointed out by me to the surveyor, Mr. Pitt, who has instructions to survey the other land, and to whom I suggest this application be at once referred.

Minutes on No. 1.

The sum of £1 has been credited this day to Trust Fund Account.—W. NEWCOMBE, the Treasury, 25th July, 1876. Urgent. Mr. Neale states that Mr. Pitt, Licensed Surveyor, has arranged to survey adjoining land next week for him; and that if the application be at once forwarded it will probably be done at the same time.—A.O.M., Survey Branch, 25th July, 1876. Mr. Edwards. Forwarded to Mr. Licensed-Surveyor Pitt for survey, if unobjectionable, according to regulations.—T.S. (for Surveyor General), 10th August, 1876. Forwarded again to Mr. Pitt, as there is nothing to show why he returned this instruction.—J.F.L. (for Surveyor General), B.C., 14th October, 1876. I referred to this instruction in my *letter dated 11th October, 1876. Is anything further required?—G. M. PITT, 15th October, 1876.

See No. 4.

No. 2.

Mr. Licensed-Surveyor Pitt to The Surveyor General.

Sir,

North Richmond, 26 August, 1876.

I have the honor to state that I have forwarded to you, per this post, plans of several surveys on the Bathurst Road, which I have just completed, and also my accounts up to date.

I respectfully call your attention to the fact that during the whole of my experience I have never met with more difficult work than this, the country being so extremely rugged that one could scarcely travel over it, the back lines of nearly all the portions either ran across deep ravines, or followed the sides of precipitous cliffs; yet, notwithstanding these great natural obstacles, I made the survey with the theodolite, working by the back angle, marking every line and fixing every corner; you will thus see that under these difficulties a considerable amount of time was consumed in the survey, and consequently unusual expenses incurred. In making out my accounts for this work, I have charged, as will be seen, the additional 25 per cent. allowed me by the Minister for Lands, in accordance with *instructions, dated 24th February, 76-24.

* Not necessary

But if you will take into consideration the exceptional character of the work, I think you will admit the justice of making this Bathurst Road work an exception, and allowing me accordingly 50 per cent. on the scale of fees. Without leaving myself open to the charge of asking for an exorbitant remuneration, I beg to say that having made a careful estimate of the work performed, and the time incurred in its performance, I conscientiously consider myself entitled to the abovenamed increase. I therefore leave the matter entirely to your discretion.

I beg you will be kind enough to have the usual advance paid to my credit in the Bank of New South Wales, Windsor.

I find it is desirable that I should remove my account from the Commercial Bank. My father has his account there, and our names being alike it has caused a good deal of confusion in our accounts. I therefore request that you will be kind enough to have all moneys paid in future to my credit in the Branch Bank of New South Wales at Windsor.

I have, &c.,

GEORGE M. PITT, JUNR.

Minutes on No. 2.

No. 3.

Mr. J. H. Neale to The Secretary for Lands.

Sir, 409, Crown-street, Sydney, 11 September, 1876.
I have the honor to request that the undermentioned portion of land may be surveyed and put up to auction sale as early as convenient.

I have, &c.,
JAMES H. NEALE.

County of Cook.

Estimated area, about 100 acres, situate to the eastward of, and adjoining a portion of 40 acres, about a mile south of the Crusher's (or Katoomba), on the Great Western Railway Line, previously applied for by me.

Mr. Pitt is now surveying adjoining land, and if instructions were forwarded he would survey this lot also.

Minutes on No. 3.

The sum of £2 10s. has been credited this day to Trust Fund Account.—W. NEWCOMBE, the Treasury, 12 September, 1876.

Mr. Pitt will be good enough to exercise judgment in the areas in which he measures these lands; the quantity available is small; a continuous demand may be looked for; therefore I consider that the future demand must guide us in the determination of areas.—P.F.A., B.C., 13 September, 1876.

Forwarded to Mr. Licensed-Surveyor Pitt for survey, if unobjectionable, in accordance with B. C. hereon.—T.S. (for Surveyor General), 16 October, 1876.

See enclosure to No. 4.

I have surveyed this portion, the 100 acres shown on my plan dated 11th October, 76-37. I referred to the B.C. memorandum in my letter of same No. and date.—G. M. PITT, Licensed Surveyor, 20 October, 1876.

No. 4.

Mr. Licensed-Surveyor Pitt to The Surveyor General.

Sir, North Richmond, 11 October, 1876.

Enclosed.

* These instructions are not required to be furnished with copies.

I have the honor to transmit herewith plan of three portions of land, situate on the Bathurst Road at Crusher's, county of Cook, applied for to purchase by James Henry Neale, and five portions measured for sale, and surveyed in accordance with the regulations and *instructions dated August 10th, 76-63, September 13th, 76-97, and your instructions to District-Surveyor Fisher, June 29th, 76-313. The two latter instructions I have retained, as there are two or three more portions to measure.

I have, &c.,
GEORGE M. PITT, JUNIOR,
Licensed Surveyor.

Minutes on No. 4.

Records, carry on and return to me for issue for charting.—F.W.R., 8 November, 1876.

Received at Records 13 November, 1876.—J.R.M.

To the Charter.—Mr. Neale has called several times pressing the charting of these lands.—F.W.R., 13 November, 1876.

Surveyor General,—I think portion 56 should be reserved, or at least the south-west portion, from the boundary of the swamp on its south-western margin, along the perpendicular walls of rocks, merely for picturesque scenery.—T. H. LEWIS, 23 November, 1876.

Mr. Surveyor Deering will be good enough to examine and report whether he considers the design suitable in all respects, and that proper access has been left to adjacent unalienated Crown Lands.—P.F.A., 23 November, 1876.

Reported on 2nd January, 1877.—JOHN W. DEERING.

Mr. Stevens,—For auction sale of portions Nos. 50, 51, 52, and 55.—T.H.L., 21 March, 1877.

Application by Mr. J. H. Neale.

Volunteer Order Selection.

Application by James Henry Neale, of 409, Crown-street, for a grant of 50 acres of land, under clauses 44 and 45 of the Volunteer Regulation Act of 1867.

Received with Certificate, this 27th day of November, 1876, at 10 o'clock, by—

THOMAS H. NEALE,
Land Agent for Hartley District.

Sir,

27 November, 1876.

In virtue of the enclosed *Certificate, I hereby apply for a grant of 50 acres of unimproved Crown Land, hereunder described.

I am, &c.,
JAMES H. NEALE,

The Crown Lands Agent, Hartley.

409, Crown-street, Sydney.

Description.

County of Cook, parish of Megalong, at Katoomba: Commencing at a point 42 chains south, and thence twenty-one and a half chains (21½ chains) west from the south-west corner of my 50 acres, portion 53, to be bounded on the west by a line thence running south to the top of perpendicular cliffs, to be bounded thence on the south by top of said perpendicular cliffs, to be bounded on the north by a line running east from commencing point a sufficient distance to include area, and to be bounded on the east by a line thence south to the top of cliffs, so as to include the area applied for.

Minutes

Minutes on No. 5.

As the Deputy Surveyor General has under Mr. Surveyor Deering's *report of 2nd January, 1877, *See No. 7. directed that sub-division should be made under the Minister's decision, these papers are forwarded to Mr. Licensed-Surveyor Lindo accordingly.

The applicant should, in terms of the decision, pay for the three portions marked x^o 56, 57, and 58.—F.W.R. (for Surveyor General), 12 January, 1877.

Forwarded to Mr. Licensed-Surveyor Liddell for survey, to whom the adjoining mineral conditional purchase applications have been noted.

His attention is drawn to the letter 77/1081 alienation, requesting the reservation of a road through the land.—F. W. RUTTER (for Surveyor General), 16 February, 1877.

Replied to by my *letter of this date 77/16, and plan.—AND. LIDDELL, 3 July, 1877.

Volunteer Force.—Certificate for Grant of Land.

I CERTIFY that Private William Bradford, of the Parramatta Corps of Volunteer Rifles, has served as an efficient Volunteer for the prescribed period of five years, thereby entitling him, the said Private William Bradford, to a grant of land as specified in clauses 44 and 45 of the Volunteer Regulation Act of 1867.—Sydney, 25 October, 1876.

JOHN S. RICHARDSON,
Col., Commandant.

Sydney, 10 November, 1876.

IN consideration of value received, I, William Bradford, do hereby transfer to James H. Neale, Esq., all my right, title, and interest in the within land order, and to any land selected in virtue thereof.

Witness—JN. GORDON.

WILLIAM BRADFORD.

No. 6.

Mr. J. H. Neale to The Secretary for Lands.

409, Crown-street, Sydney, 29 November, 1876.

HAVING learned that my Volunteer land order purchase of 50 acres, made at Katoomba on the 27th instant, will interfere with marked lines of surveys already made, I have the honor to apply that my purchase may stand on condition of my paying the expense of alteration, &c., in survey of land, which I hereby agree to pay.

Your's truly,

J. H. NEALE.

Minutes on No. 6.

I think the application may be complied with; but it appears to me the cost of survey of the three portions marked * should be charged to Mr. Neale.—T.G., 29 November, 1876.

Forwarded to Mr. Surveyor Deering with reference to the decision given hereon as to subdivision of the lands affected.—F.W.R. (for Surveyor General), 6 December, 1876.

Reported on in connection with instruction No. 76/44. Report of 2nd January, 1877.—JOHN W. DEERING.

This report only touches the question of the necessity of reservation of the waterfall. Mr. Surveyor Deering does not recommend its reservation.—F.W.R., 15 February, 1877.

*See sketch appended.

No. 7.

Mr. Licensed-Surveyor Deering to The Surveyor General.

Sir,

Sydney, 2 January, 1877.

In compliance with your instructions* to me of 23rd November last, and of the 6th December last,* I have the honor to report having inspected the above described survey.

2. I am of opinion that the design is suitable, and that the lands have been laid out fairly with regard to means of access to present unsold Crown Lands.

3. I cannot perceive any public advantage to be gained by reserving the small waterfall upon portion No. 56. The distance from the "Crusher's" Platform is about a mile and a half, and for some distance through swampy country. There are many such waterfalls along the mountains. All the points of interest of any importance have recently been selected and officially reserved along the Western line of Railway. For the Government to retain every minor point of interest is prohibitory to public enjoyment, and the revenue properly due to a Government Railway.

To deny the public from purchasing and improving these minor attractions is simply to compress the railway traffic to a few fixed points, and with these exceptions to make the railway surrounded by a dreary blank, which is not really the case.

Natural scenery must no doubt be reserved, but experience has proved that National reserves with a single shed, or no accommodation, are a dead failure. Good accommodation for tourists at all these points would enliven the Western Railway Reserve wonderfully.

4. Believing in these suggestions, I beg to propose that the Volunteer land order selection of Mr. Neale be allowed to stand, as the place is only of minor importance. I may add that I was aware of this small waterfall many months ago, and would have reserved it if necessary.

I have, &c.,

JOHN W. DEERING.

Minutes on No. 7.

Portions may be received as measured, and subdivision carried out as directed in memorandum* of the Honorable the Minister.—R.D.F., 12/1/77. The Secretary for Lands* has decided that J. H. Neale should pay for portions 56, 57, and 58.—F.W.R., 12th January, 1877.

Mr. Rutter.—Do you mean that Mr. Licensed-Surveyor Pitt's account for survey of portions 56, 57, and 58 should be paid for by Mr. Neale? I do not see why he should pay for survey of portion 58, as it appears to be taken up as mineral conditional purchase by others. Can I obtain the papers, 76-42,265?—T.H.L., 21st March, 1877.

Mr.

*See minute on No. 6.

Mr. Lewis,—Mr. Neale evidently thought that the plan had been accepted; he told me so, hence his request and the Minister's reply; I have quoted correctly, I believe, the Minister's decision; I do not think that the survey of the Volunteer Order will affect 58 as I told Mr. North.—F. W. RUTTER, 21st March, 1877.

No. 8.

Mr. J. H. Neale to Mr. F. W. Rutter.

My dear Mr. Rutter,

19 February, 1877.

About a fortnight back I called at Mr. Stack's office and was informed that the charting of my Volunteer land order purchase, and the land surveyed for sale last October by Pitt, would be completed without delay.

I ascertained on Friday last that it had not then been returned to your branch; will you kindly have the matter expedited, so that the portion of land for sale may be offered without delay, and oblige,—

Yours, &c.,

JAMES H. NEALE.

Minutes on No. 8.

Mr. Stack, 76-36,086.—L.-S. Pitt, now in your branch, for action. Pray expedite matter.—F.W.R., 19th February, 1877. Mr. Stack,—Be good enough to expedite the charting, provided it takes no undue preference.—T.H.C., 20 February, 1877.

No. 9.

Mr. Licensed-Surveyor Liddell to The Surveyor General.

Sir,

Camp, Liverpool, 9 March, 1877.

In accordance with the minute* quoted, I have the honor to transmit herewith tracing showing how Volunteer land order 76/504 affects portion 57, parish of Megalong, county of Cook, part of which is applied for as mineral conditional purchase by Reynolds and North.

I have shown the position of the Volunteer land order as well as I can without actually measuring it.

From the decision of the Deputy Surveyor General on 77/265 alienation, portions numbers 50, 51, 52, and 55 may now go on for auction sale, the other portions having been selected.

THOMAS H. LEWIS,

21st March, 1877.

Mr. Rutter,—Are you aware of any road, or projected road, likely to pass through any of these portions which would be likely to delay sale?—THOMAS H. LEWIS, 22 March, 1877.

Mr. T. H. Lewis,—Application has been made by 76/1,081 for a road through the land applied for under Volunteer land order, which embraces parts of portions 56 and 57. The position of that Volunteer order is more particularly defined on 77/1,767 alienation herewith. I am not aware whether Mr. Licensed-Surveyor Liddell, who has the application 76/1,081, will think it necessary to extend the road into other portions.—F.W.R., 22 March, 1877.

Mr. Licensed-Surveyor Liddell to The Surveyor General.

Sir,

Eskbank, 3 July, 1877.

I have the honor to transmit herewith the plan of one portion of land, containing 50 acres, numbered 59, in the parish of Megalong, county of Cook, applied for by James H. Neale under the 44th and 45th sections of the Volunteer Regulation Act of 1867, and surveyed in accordance with* instructions dated 12th January, 1877, issued to Mr. Licensed-Surveyor Lindo, and re-issued to me 16th February, 1877.

I have reserved a road, as shown, into a gully, down which it is possible to make a bridle track.

The Surveyor General to Mr. Licensed-Surveyor Pitt.

Sir,

Surveyor General's Office, Sydney, 8 August, 1879.

I have to refer you to my* instruction dated the 5th day of November, 1879, respecting the * See No. 12. survey of Messrs. Reynolds and North's mineral conditional purchase 78-115 (Hartley), county Cook, parish of Megalong, 40 acres, dated 3rd October, 1878, and to request that the matter may receive your early attention. (2.) Should there be any cause of delay you will explain it, and at the same time state when it is probable that the information required will be supplied.

I am, &c.,

ROBT. D. FITZGERALD,
(For Surveyor General.)

Explanation.

My camp is now at Springwood. I shall finish there in about seven or eight days. I purpose then returning to Woodford. The surveys in that locality will take me about fourteen days (if fine weather) to complete. I shall then attend to this application.—Geo. M. Pitt, 11th August, 1879. Mr. Landers.—Has the plan of the abovementioned portion been received; if not perhaps another reminder might be sent to Mr. Pitt?—C. O., 30th December, 1879. Thomas Garrett, Esq., M.P., to The Secretary for Lands.

Sir,

Sydney, December 10, 1879.

I have the honor, on behalf of Mr. J. H. Neale, to apply to have the diagram upon the accompanying deed amended, in accordance with the description lodged by him when applying for the land and with the natural boundaries described by him; in his application for the land I may state that the cliffs on the south boundary do not bear to the north to anything like the extent shown in the diagram; but, as I am informed, are in the position shown by dotted lines. This matter is of urgent importance to Mr. Neale and it is advisable to have it quickly settled, because the land to the south of this 50 acres has been applied for as a mineral conditional purchase by Mr. J. B. North, and described by him as adjoining Mr. Neale's southern boundary. Mr. Neale is quite willing to surrender the deed for one correctly describing the land he applied for, and further to pay any expenses attached to making the amendment that you may think fair.

I have, &c.,

THOS. GARRETT.

Please let me have a report, with the papers having reference to this matter, and will Mr. Fitzgerald please ascertain whether the mineral conditional purchase of North has been measured, or what steps have been taken in reference thereto, and no further action should be taken pending the settlement of this question.—J.H., 10 Dec., 1879.

Mr. Landers,—Telegraph to Mr. Licensed-Surveyor Mackenzie (Blue Mountains) not to survey, but to report fully as to errors, if any, in survey by Licensed-Surveyor Liddell of Mr. Neale's Volunteer land order at Katoomba.

R.D.F., 7 January, 1880.

Minutes on No. 15.

The Deputy Surveyor General informed me that the Secretary for Lands has directed that he himself should visit the locality and report. Mr. Licensed-Surveyor Mackenzie's sketch and tracings given to the Deputy Surveyor General, 4 February, 1880, for his use.—F.W.R.

In accordance with instructions from the Secretary for Lands I have inspected the surveys by Mr. Liddell and Mr. Mackenzie and there can in my opinion be no doubt that Mr. Mackenzie is in accordance with the description given by Mr. Neale in his application, and that Mr. Liddell's is not. There is about 15 acres between this cliff as shown by Mr. Liddell and the "perpendicular cliff" referred to by Mr. Neale in his application, which should I think be included in the measurement for him, and a new deed be issued to him if legal after issue, on the surrender of the deed he now holds.—ROBT. D. FITZGERALD (for Surveyor General), 9 February, 1880.

It has been arranged that the Surveyor General should accompany Messrs. Neale and North and inspect the land in dispute, and report to me the result of his observations.—J.H., 1 March, 1880.

Mr. Licensed-Surveyor Mackenzie to The Surveyor General.

Sir,

Mount Victoria, 8 January, 1880.

In reply to your *telegram of to-day's date (returned herewith), I have the honor to inform you that I have already acted on previous instructions, bearing on the subject of re-surveying Mr. Neale's Volunteer land order at Katoomba, and beg to report as follows:—

On going over to inspect this land I found on examination that the ridges sloping off towards the cliffs broke off abruptly, and Mr. Liddell, when measuring, had followed round the steep embankment, making it the southern boundary instead of running down to the precipitous edges as described in Mr. Neale's application.

I therefore made a new survey under B.C. * instructions 58 of the 11th December, 1879, and obliterated the old lines.

Plot enclosed will show the difference existing between the old and new measurement; and if the original is to stand it will be easy to make the necessary alteration. Mr. Liddell's survey in itself, taking the embankment as the boundary, is, I have not the slightest doubt, perfectly correct, but the land thus measured cannot be accepted as being in accordance with the description of the applicant.

I would beg to be informed as early as convenient on the final decision of this case so that I may know whether or not to furnish a plan of the amended survey.

I have, &c.,
R. BAYLIS MACKENZIE.

No. 21.

Mr. J. B. North to The Deputy Surveyor General.

Sir,

139, Pitt-street, Sydney, 8 January, 1880.

Referring to my conversation with you yesterday, with reference to Mr. T. Garrett's application on behalf of Mr. J. H. Neale for reserving of his Volunteer land order selection of 50 acres at Katoomba, I think it will be well to place before you the facts of the case, and I trust after perusal you will see that justice can only be done to me by an immediate order for special survey of my 40-acre mining conditional purchase, as applied for by me without any further hindrance. Three years ago J. H. Neale applied to the Minister to select by Volunteer land order part of two blocks of land there just measured in the usual form for auction, containing 140 acres, and instead of the usual form of selection, he applied to be allowed to select all round the cliffs. By the plan herewith you will see the form of the land he procured. In April, 1877, Neale having already fenced the land so as to block out the possibility of anyone approaching the selection, I afterwards made Mr. Licensed-Surveyor Liddell meet Mr. Neale at Katoomba, and surveyed in his presence and under his directions this 50-acre Volunteer land order. By direction of the Government a road was measured, at first opposed by Mr. Neale, as marked on plan herewith at mark A, but which was afterwards agreed to, when Mr. Liddell and I met Mr. Neale on the ground. This survey was forwarded by Liddell to the Department on July 3rd, 1877.

Plan accepted November, 1877, title issued July 1, 1878, and delivered to Neale with the plan on it as here. To this plan he makes no objection until November, 1879. In the meantime I have spent many hundreds of pounds in developing my discovery of coal on the 40 acres, and now, without any notice whatever to me, I casually hear that Licensed-Surveyor Mackenzie is surveying for Neale, under an order dated November 12th, 1879, to allow him to alter my boundaries, so that Neale can benefit by my expenditure. This I most respectfully and firmly protest against, because:—

No. 1. Liddell could not have made the mistake stated with Neale present at the survey. Note the care to define Neale's at the Cliffs by the numbers of transverse lines showing the exact position at the cliffs that he then wished.

No. 2. Because Neale has had possession of his title many months without objecting to it.

No. 3. Because I did not apply for my land until many months after the survey was accepted and mapped by the Government.

No. 4. Because I then asked and have frequently done so since, to have the survey made.

No. 5. Because Licensed-Surveyor Pitt wrote me as per letter herewith, marked B; as far back as November 19th, 1878, after having completed everything for Neale, and says, "It appears to me there is only one way to measure this land; I cannot alter your application, so whether you are present or not the survey will be in accordance. Again in October last year Pitt was at Katoomba, and to my manager, Garbut, excused himself from making the survey (being then camped close to Neale's house) by saying that he could not survey them as most of the land was inaccessible, but that it would be granted to me, as applied for, and that he would report the survey then.

No. 6. Because the traverse lines shown by the Surveyor Liddell from which the title deeds have been prepared confines Neale to certain specified limits; and the numbers referring to the tables are shown plainly on the plan, the copy of which is above.

No. 7. Lastly, Neale has his full 50 acres excluding roads now.

Yours faithfully,
J. B. NORTH.

[Enclosure.]

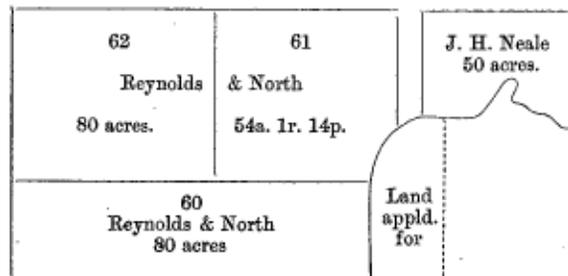

Mr. Licensed-Surveyor Pitt to Mr. J. B. North.

North Richmond, 19 November, 1878.

My dear Sir,

I am in receipt of your letter in reference to the survey of 40 acres of land for you at Katoomba; I only received the instructions yesterday. I have two or three portions to measure for Mr. Neale in the same locality, and intend to make arrangements after this week for the survey. Mr. Neale is to meet me on the ground. I will communicate with you again, and you can if you wish be present at your survey; but on looking at your description it appears to me there is only one way to measure the land. I cannot alter your application, so whether you are present or not the survey will be in accordance. I imagine the boundaries, or most of them, will be inaccessible.

Copy of Sketch in your Application.

Drop me a line if you want anything further. It is a pity Mr. Mylecharane would not transfer the instructions for your 100 acres to me; I could do it at the same time. My address for the next few days will be Camp, Blue Mountain Platform, care of Mr. Muir.

Mr. J. Neale to The Secretary for Lands.

Sir,

Sydney, 4 February, 1880.

Referring to previous correspondence as to the modifications of the boundaries of my Volunteer land order purchase of 50 acres at Katoomba, as described by diagram on the deed of grant for the same, and to your order referring the matter for the report of the Deputy Surveyor General, and which report has not yet been made, I have the honor to inform you that Mr. J. B. North, who is disputing the modification of the diagram I desire, in order to make it correspond with my original application for the land, is proceeding, I am informed, to fence in the portion of the land in dispute. I have therefore to request that you will cause him to be warned against such procedure at once, in order to prevent future complications and annoyance in dealing with the matter. In order to show that previous to my application to have the diagram upon my deed modified, Mr. North admitted my right to the land as I now claim it, he applied to have a road through it, as my land, to the valley below.

I have, &c.,

JAMES H. NEALE.

Minutes on No. 22.

[Very urgent.] Mr. North should be warned without delay not to erect any improvements on the land in dispute between himself and Mr. James Henry Neale at Katoomba, the land he applied for as a mineral conditional purchase not having been measured, and the matter being under consideration at the present time by this Department, as he is aware.—J.H., 4th February, 1880.

Sir,

Department of Lands, Conditional Sales Division, 4 February, 1880.

Adverting to the dispute between yourself and Mr. James Henry Neale as to the right to a certain piece of land at Katoomba, and which matter is now under reference to the District Surveyor, I am directed by the Minister for Lands to warn you, in view of representations made to this department to the effect that you are proceeding to fence the disputed ground, not to erect any improvements thereon, the land you applied for as a mineral conditional purchase not having been measured, and the matter being under consideration at the present time by this office.

I have, &c.,

The Chief Commissioner of Conditional Sales to Mr. J. H. Neale.

Sir,

Department of Lands, Conditional Sales Branch, 4 February, 1880.

Referring to your letter of the 4th instant, complaining that Mr. J. B. North is now proceeding to fence the portion of ground in dispute between yourself and him, at Katoomba, whilst the matter is still under reference to the District Surveyor, I am directed by the Minister for Lands to inform you that Mr. North has been warned by even date herewith not to erect any improvements on the land in dispute, the land he applied for as a mineral conditional purchase not having been measured, and the matter being under consideration at the present time by this office.

I have, &c.,

WILLIAM BLACKMAN,
(For Chief Commissioner.)

No. 25.

Mr. J. B. North to The Secretary for Lands.

Sir,

105, Pitt-street, Sydney, 11 February, 1880.

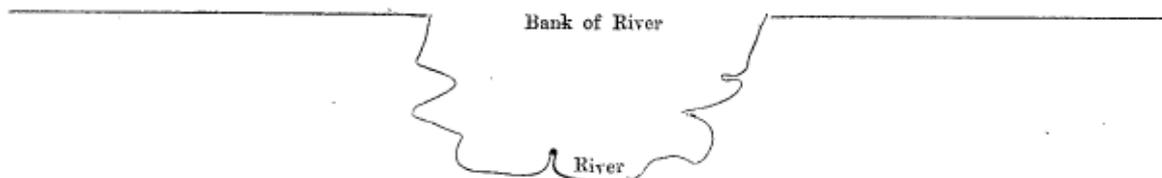

When I had the honor of an interview with you a few days ago on the subject of Mr. Neale's attempt to take from me part of my 40 acres mineral conditional purchase selection, I objected strongly to the secret way in which it was attempted, even more than at the attempt itself, and I stated then that it was reported at Katoomba that certain acts were committed at Katoomba by Mr. Neale which were not considered right; you then said it was my duty to report what I had heard.

I would now call your attention to the following:—Mr. Barber tells me that he pays Mr. Neale rent, by Mr. Neale's demand, for his permission to erect a hut on the Government reserve, and he has asked me to apply to you to prevent Mr. Neale making use of this means to obtain any right to apply by virtue of improvements for any part of the reserve. I find on reference that the land marked A on the plan was selected by Mr. J. H. Neale at the Lands Office, Hartley, on the 5th February, 1876, that the said land was put up to auction on December 22nd, 1871, and not sold, and that during the period from 1871 to 1876 the occupants Cooper, Cork, and Brady erected buildings and formed and stocked gardens to the value of £150 in addition to existing improvements, and that consequently when Mr. Neale selected the said land it was worth with improvements over £250, and improved to a value of nearly

nearly £4 per acre. By section 5 of Lands Act 39 Victoria, 1875, I read that no land can be selected with improvements of more than £40. I invite your inquiry into this, that if found as stated, in the interest of the public this may be dealt with. Mr. Neale has not improved this property by the expenditure of 1s.

I repeat my application to you, that before you deal with Mr. Neale's application for re-survey Mr. Liddell be called upon to give evidence, and that I may be present during his examination.

I again apply to you to allow me to inspect the papers in this case that I may be able to defend my rights, as I am credibly informed that Mr. Garrett and Mr. Neale have seen the papers, while I was positively refused to see any other than the plan when I first heard of the re-survey being made, and have since been refused permission to see them at all. I trust, if you feel it incumbent upon you to pass an adverse decision on my case, you will advise me before acting upon that decision, so that I may appeal to the only other tribunal to obtain my rights, for I maintain still that had I not accidentally found out that the surveyor was remeasuring the land, and so placed the matter before you, a miscarriage of justice would have followed without giving me the power to explain my case. I have taken the opinion of several influential surveyors and others competent, and find that by constant practice all lands selected on river banks are measured in form at foot—

and as this cliff is similar in form to a river bank I invite your attention to it.

I further call your attention to the fact that Mr. Neale was resident, and a constant visitor at the lands, that all the pegs—waddy sticks—and other marks were visible even on Saturday last, 7th instant, when I was there, and that the plan in your office is specially coloured exactly as surveyed. I have also seen the copy of this deed in the Registrar General's Office, which shows that the deed which he had in his possession eight months before complaining is also coloured exactly as surveyed.

You will find that the boundaries are so plainly defined, and the form of the land so distinct, that no man at all acquainted with the country could possibly be mistaken, much more one so accustomed to accompany surveyors as Mr. Neale has been on this land. You will please note again that Mr. Neale had fenced in this land of his for three years before he complained.

Further note that by the copy of the plan at Hartley (tracing of which I enclose), which is marked by Mr. Neale's application by cross lines over part of the 140 acres surveyed for auction, you will see that no part of the gully is included which he has now asked to be re-measured to him.

I would respectfully bring under your notice the fact that Mr. Licensed-Surveyor Liddell has surveyed this land according to application and by instructions from your department, Mr. Neale being personally present when such survey took place, to which he took no exceptions, and two months afterwards expressed himself to Mr. Liddell as fully satisfied after being shown the pegs. The plans were in the office for eleven months, during which time Mr. Neale never took exception, although he saw them constantly, and has since had the deeds in his possession eight months before raising the question, and I would respectfully submit that if Mr. Neale's present claim is granted it would establish a most dangerous precedent as well as be a great injustice to me.

Yours, &c.,

J. B. NORTH.

Mr. Landers.—Recall by telegram 80-1,529 conditional sales from Mr. Licensed-Surveyor M'Kenzie, sent to him on 13th January, 1880.—F.W.R., 7 February, 1880. R.D.F., 19 February, 1880. Noted, 19th February, 1880.—W. McL. Bring up with the Surveyor General's report re-submitted.—A.O.M., 12 February, 1880.

This letter with the other papers, which should not be separated, should be referred to the Deputy Surveyor General for report. The allegations in the first part of the letter, which have no reference to the matter in dispute between Mr. Neale and Mr. North, should form the subject of a second inquiry.—J.H., 19 February, 1880.

I can make no addition to my previous report, except that this land in dispute is not fenced, and that I saw no fence except one, on or near the western boundary of portion 59, that is, on or near the boundary between land previously purchased by Mr. North and portion 59, and therefore not on any line in dispute.—ROBERT D. FITZGERALD (for Surveyor General), 20 February, 1880.

Memorandum from Mr. J. G. Blaxland to The Under Secretary for Lands.

J. H. Neale's Volunteer land order selection.—Protested against by J. B. North.

It appears from within papers that Mr. Neale made a Volunteer land order selection on the 27th November, 1876, at Katoomba, and certain land was measured in satisfaction thereof, and deed issued 20th January, 1879. On December 10th, 1879, Mr. Garrett, on behalf of Mr. Neale, wrote to the department, returning the deed for amendment, as it was not for the land as applied for. Under instructions from the Minister the Deputy Surveyor General inspected the land measured, and by his report within recommends an alteration of survey in accordance with Mr. Neale's application, and this is submitted for the Minister's consideration. If approved, a new deed may issue upon surrender of the one outstanding. J.G.B., 14th February, 1880.

Minutes on No. 26.

Attention is drawn to the enclosed papers, conditional sales 80-4,699 and 5,860, re improvements on the land in dispute. Papers to hand since the case was under submission.—J.G.B., 17th February, 1880. For approval.—W.W.S., 18th February, 1880. Mr.

Mr. Long.—Inform Mr. Garrett for Mr. James Neale, of Katoomba, and Mr. J. B. North, of 105, Pitt-street, that Mr. Liddell the surveyor is at present in Sydney, and that the Minister for Lands will be prepared to meet them at his office at 11 a.m. on Monday, when Mr. Liddell and the Deputy Surveyor General will be present respecting the land in dispute at Katoomba.—J.G.B., 27th February, 1880.

No. 27.

Mr. J. H. Neale to The Secretary for Lands.

Sir,

Katoomba, 24 February, 1880.

Having heard in connection with the dispute between Mr. North and myself, *re* land at Katoomba, that I had expressed myself satisfied with the survey by Mr. Liddell, whereas as a matter of fact I was never asked anything about it, allow me to add, that my only object in taking up the land in question was to obtain the view from the cliffs, and therefore I could not approve of any survey that stopped short of them.

I have, &c.,

JAMES H. NEALE.

Minutes on No. 27.

There is no doubt as to the fact of the measurement by Mr. Licensed-Surveyor Liddell being other than that applied for. The precipice is a well marked and defined feature, and should have been adhered to. Mr. Mackenzie's measurement is the form in which the land should have been measured. The road applied for by Mr. North through the measurement for Mr. Neale should be continued down the gully and give access to the valley. Mr. North asked time and permission to indicate on the ground the line he wished to have measured, and in consideration of the large outlay he has expended on the land leased to him, I would suggest that his request be acceded to, and he be asked to point out for consideration as soon as possible.—P. No. 30.

Minute by Secretary for Lands.

THE Surveyor General and the Deputy Surveyor General have both inspected the 50 acres of land, measured by Mr. Licensed-Surveyor Liddell to satisfy the Volunteer land order application of Mr. James H. Neale, and both those gentlemen in their reports in effect confirm the statement of Mr. Surveyor R. B. Mackenzie in his report, dated January 8th, 1880, viz.:—That Mr. Licensed-Surveyor Liddell, instead of running down to the precipitous edges of the perpendicular cliff described as the southern boundary of the 50 acres for which Mr. Neale applied, had measured as the southern boundary of the land applied for by Mr. Neale a steep embankment above the cliff. Mr. Neale has applied both personally and by letter to be permitted to surrender his deed of grant, which erroneously described the 50 acres for which he made an application, the 50 acres so described being the land which was measured by Mr. Liddell to satisfy Mr. Neale's application, as well as to have the 50 acres measured in conformity with the description of the land he applied for, dated November 27th, 1876.

• See No. 29.

It appears to me that from the reports of the principal officers of the Survey Branch I have no other alternative than to accede to Mr. Neale's application; indeed I am of opinion that as a question of equity between the Crown and Mr. Neale he is entitled to be placed in possession of the land for which he applied, and that his interests should not be prejudiced in this manner by the erroneous measurement of land for him by Mr. Licensed-Surveyor Liddell.

I therefore decide that on Mr. Neale surrendering the deed of grant for 50 acres previously delivered to him the 50 acres are to be measured to satisfy his application in strict conformity with the land described in the said application, but that as the Surveyor General has suggested a road should be reserved through Mr. Neale's portion down the gully to afford Mr. North access to the valley from his land.

Mr. Neale should be asked to pay the sum of £14 15s. cost of survey of portions 56, 57, and 58, as shown on paper 76-42,262.

The Under Secretary for Lands to Mr. J. H. Neale.

Sir,

Department of Lands, Sydney, 24 March, 1880.

With reference to your letter of the 4th ultimo and previous correspondence, in which you request that the land measured in satisfaction of the application made by you at Hartley on the 27th November, 1876, under the Volunteer land order certificate noted in the margin, may be re-surveyed, I am directed to inform you that the Minister for Lands has decided that on your surrendering the deed of grant which has issued to you, a fresh survey shall be made in strict conformity with the land described in your application, a road being reserved through it to afford Mr. North access to the valley from his land.

2. I am further directed to request you to pay to the Colonial Treasurer the sum of £14 15s. (fourteen pounds fifteen shillings), being the cost of the necessary alterations in the survey of portions 56, 57, and 58, which sum the Treasury has by letter of this day's date been duly authorized to receive when tendered, and which you undertook in your letter of the 29th November, 1876, to pay.

With reference to the land in dispute between yourself and Mr. J. H. 2. I am to add that the road applied for by you through Mr. Neale's land will be continued down the gully so as to give access to the valley, and I am to state that your request that you may be allowed an opportunity of indicating on the ground the position in which this road should be measured has been acceded to, and I have further to request that you will point out for approval, with as little delay as possible, the route you desire this road to take.

Mr. J. B. North to The Secretary for Lands.

Sir,

105, Pitt-street, Sydney, 15 April, 1880.

I am in receipt of your favour of 1st instant, asking me to point out the road through the gully at Katoomba, and I shall as quickly as possible have the same marked out for your approval.

Before you give effect to your decision, to allow Mr. Neale to have re-survey made of his 50 acres Volunteer land order, so as to embrace the small point of land, I would invite you to reconsider whether in the interest of the public you are justified in parting with this piece of land to any one. I stated at my first interview with you that it was my intention immediately I obtained control of the land to vest it in trustees for the benefit of the public, while I learn that Mr. Neale's intention is just the opposite. Do you not think, seeing that the land yet belongs to the Crown, and in the opinion of so able a lawyer as Mr. S. C. Brown, would legally belong to me if to any one, that you could at once declare this a public recreation reserve, and now I offer without prejudice to my rights to consent at once to the proceeding.

If

If after mature consideration you find that it must be given to Mr. Neale, then I ask you to have the road from Katoomba platform to the disputed point again restored, as in the survey (plan herewith) which was made by Mr. Pitt, prior to Neale selecting at all, so that the public may at any rate go on the road to this point of land to see the waterfall and lovely view there found.

That others appreciate this view, and think it should belong to the public, I refer you to a letter from Dr. Brereton, in to-day's *Herald*, which I now enclose for your perusal.

Minutes on No. 35.

The Under Secretary for Deputy Surveyor General.—As Mr. North states in his letter that he represented that if possession of the portion of land to the edge of the cliff was given to him that it was his intention to have it vested in trustees for the benefit of the public, and as I know he never made any such statement personally to me, I wish Mr. Fitzgerald would please have a careful inspection of all Mr. North's letters to the Department on this subject, with the view of ascertaining by a perusal of those documents whether he ever made an offer in writing such as he states he did.—J.H., 16th April, 1880.

Mr. Paterson.—Are all the letters by Mr. North upon this subject registered under 80-2,691 alienation?—G.L., 22nd April, 1880. Yes.—A.W., 22nd April, 1880. There is nothing in the papers relative to such an offer by Mr. North.—ROBT. D. FITZGERALD (for Surveyor General), 22nd April, 1880.

Mr. Surveyor Mackenzie to The Surveyor General.

Sir,

In compliance with your B.C. instructions No. 15 of 22nd April, 1880, I have the honor to enclose herewith a sketch, showing design of a road, 1 chain wide, through portion No. 59, parish Megalong, county Cook, which I think, in the interests of the general public as well as those of the applicant for the Volunteer land order, Mr. Neale, would be the most suitable position to be laid out.

This commands a view of the country stretching out towards Wentworth Falls, as well as the waterfall shown on sketch, which can be seen to advantage from a rock at the southern end.

I have, &c.,
R. B. MACKENZIE.

[Enclosure.]

Re North and Neale.

I ASKED Mr. North when he would peg out the road; he asked a week, and nearly a fortnight has elapsed. Mr. Surveyor Mackenzie may now be requested to amend the measurement, laying out the road in the position he may consider most suitable, bearing in mind that it is not necessary that the road should be all of even width to allow room for works, &c.

P.F.A., 27th April, 1880.

No. 38.

Minute by Deputy Surveyor General.

In accordance with verbal directions from the Secretary for Lands I have visited the Katoomba Falls, and Mr. Neale has pointed out to me an access through his land which he is willing to give to the public.

I am of opinion that this approach, which is but slightly longer than the track at present in use (which is also through Mr. Neale's land), should be accepted, as it could only be shortened by taking it close to Mr. Neale's house. I should also recommend that the width be 50 links, so as to cause as little injury as possible, and that it be fenced and planted at the public expense.

It should, I think, be made a reserve rather than a road, as it can then be placed in trust. Such a reserve can be made with the consent of Mr. Neale; but I am of opinion that neither reserve nor road could, without such consent, have been resumed either under the Land Act or the Roads Act; the land, except as regards correcting of boundaries of portion 59, having been measured and accepted without reservation of such road, and as regards the Roads Act a road to a view not coming within the meaning of a parish road.

Where the reserve would leave Mr. Neale's land in proximity to the Fall it could, and I think should, be widened to all the space available, being the land in front of the Falls and not as yet included in any measurement.

11 May, '80.

ROBT. D. FITZGERALD.

Minutes

Minutes on No. 38.

Has this track or road been reserved? It appears to me to have been used by the public, who were desirous of viewing the Katoomba Falls on sufferance only—Mr. Neale not interfering.—J.H., 11/5/80. It has not been reserved, and has only been used on sufferance.—R.D.F., 11 May, '80.

I concur with the views of the Deputy-Surveyor General as embodied in this minute, which is to the effect that the existing road starting west of the Railway station and of Mr. Neale's portion 53 should be prolonged as a reserve, as suggested through his portions 69 and 70, and also through a part of his portion 59 when it is resurveyed; and that the reserve suggested in front of the Falls should be made out of any future measurement, as, in my opinion, the reserves recommended will afford the public all necessary access to view the waterfalls and valley. The necessary steps should be taken to have the resurvey of Mr. Neale's portion 59, as well as the survey and proclamation of the reserves referred to, made as soon as possible, and the reserves through portions 69 and 70 should be fenced as soon as the necessary measurements have been made.—J.H., 12/5/80.

Instruct Mr. Mackenzie under form F to mark out the reserve at once.—P.F.A., 14 May, '80.

Petition from Citizens of Sydney and others.

To the Honorable the Legislative Assembly of New South Wales, in Parliament assembled.

The humble Petition of the undersigned,—

SHOWETH:—

1st. That your Petitioners are residents of the Colony of New South Wales.

2nd. That it is of vital importance to the health, morals, and intellectual advancement of the inhabitants of our daily increasing capital, and to the interests of the Colony at large, that every available means for public and innocent recreation in the open air should be zealously preserved to the people.

3rd. That your Petitioners feel assured that the Government will at any cost maintain the rights and interests of the people, and that no personal or political influence, however potent, will ever be allowed to influence the action or bias the judgment of the Government in its consideration of the welfare of the people.

4th. That the Katoomba Falls and Fern Gully, western line, embrace all the essentials of a public picnic ground in the highest degree; and are for salubrity, natural beauty, accessibility, and cheapness combined, perhaps unrivalled in the Colony, being at present about 3 hours and expected shortly to be only 2 hours journey from Sydney, affording by the cheap Tourist's trains, to every working man and his family, an alluring, elevating, healthful, and practicable day's retreat.

5th. That in the opinion of one of the most eminent lawyers and legislators of Sydney this ground may yet be considered the property of the Crown, but if the Crown is bound to part with it it legally belongs to one of your Petitioners, who without prejudice to his claim is willing to waive his private interest in favour of the public.

6th. That should it ultimately be decided that the Crown has parted with the right of reservation and that the land is the property of another claimant, it would be desirable that the Government should resume it for the purpose of proclaiming it a public reserve, there being in all under 15 acres, no improvements having been made, and the land in the immediate neighbourhood having been taken up within the last six months at £2 per acre.

7th. That the Minister for Lands should declare the road to the proposed recreation ground, which was marked out by Government Surveyor Pitt before any land in the neighbourhood had been applied for, and which road has since been withdrawn at the request of a private individual. A well defined track marks the line of this road and shows how many already frequent this popular resort.

8th. That the land in question is of no value whatever, except for purposes of public recreation, and that it is therefore most desirable that it should be set aside as a public recreation reserve.

Your Petitioners humbly pray that your Honorable House will take the matter of this most important Petition into your most favourable consideration.

And your Petitioners, as in duty bound, will ever pray.

[Here follow 225 signatures.]

A similar Petition was received:—

On 11th May, from residents of the Colony of New South Wales; 177 signatures.

Sir,

Rose Bay, 1 June, 1880.

In accordance with your approval by Form "F," Instructions No. 80/17, of 14th May, 1880, Roll plan.
 of Reserve at Katoomba, on the Blue Mountains, I have the honor to herewith enclose a plan of the survey.

The lines, as they are run from the Bathurst and Sydney Road to portion No. 59 are the best that could be adopted, and were examined by Mr. Fitzgerald and myself prior to the survey, giving with a small expenditure an easy way of access for wheeled traffic from the Railway Station to the Katoomba Falls, the country consists of a sound loamy soil mixed with sandstone.

I have included all the land between the upper and lower perpendicular cliffs, as well as the corner between the upper cliffs and portion No. 61 to the south of Mr. Neale's Volunteer land order No. 59, from which height there is a splendid view of the whole valley and outstretching country to the south, as well as an easy track that can be used for getting in and out to the bottom ledges. The best view of both Falls is obtainable at the eastern end of line No. 31.

The road down Fern Gully, 25 links wide, is in places steep, wet, and rocky, and can only be used at present by those on foot.

The Reserve between the cliffs includes one mass of ferns of a good variety.

It is possible to get right round under the Katoomba Falls.

Water is permanent.

Date of survey 20th to 27th May, 1880.

Minute by Surveyor General to Under Secretary for Lands.

(Mis. 80-7,051.)

SUBMITTED for the consideration of the Secretary for Lands, that the defined area enumerated in the margin, and situate in the county of Cook, parish of Megalong, at Katoomba, be reserved from sale for public recreation, under the provisions of the 4th clause of the Crown Lands Act. LEGISLATIVE ASSEMBLY.

NEW SOUTH WALES.

KATOOMBA FALLS.

(PETITION FROM CITIZENS OF SYDNEY AND OTHERS.)

Received by the Legislative Assembly, 11 May, 1880.

To the Honorable the Legislative Assembly of New South Wales, in Parliament assembled.

The humble Petition of the undersigned,—

SHOWETH:—

1st. That your Petitioners are residents of the Colony of New South Wales.

2nd. That it is of vital importance to the health, morals, and intellectual advancement of the inhabitants of our daily increasing capital, and to the interests of the Colony at large, that every available means for public and innocent recreation in the open air should be zealously preserved to the people.

3rd. That your Petitioners feel assured that the Government will at any cost maintain the rights and interests of the people, and that no personal or political influence, however potent, will ever be allowed to influence the action or bias the judgment of the Government in its consideration of the welfare of the people.

4th. That the Katoomba Falls and Fern Gully, western line, embrace all the essentials of a public picnic ground in the highest degree; and are for salubrity, natural beauty, accessibility, and cheapness combined, perhaps unrivalled in the Colony, being at present about 3 hours and expected shortly to be only 2 hours journey from Sydney, affording by the cheap Tourist's trains, to every working man and his family, an alluring, elevating, healthful, and practicable day's retreat.

5th. That in the opinion of one of the most eminent lawyers and legislators of Sydney this ground may yet be considered the property of the Crown, but if the Crown is bound to part with it it legally belongs to one of your Petitioners, who without prejudice to his claim is willing to waive his private interest in favour of the public.

6th. That should it ultimately be decided that the Crown has parted with the right of reservation and that the land is the property of another claimant, it would be desirable that the Government should resume it for the purpose of proclaiming it a public reserve, there being in all under 15 acres, no improvements having been made, and the land in the immediate neighbourhood having been taken up within the last six months at £2 per acre.

7th. That the Minister for Lands should declare the road to the proposed recreation ground, which was marked out by Government Surveyor Pitt before any land in the neighbourhood had been applied for, and which road has since been withdrawn at the request of a private individual. A well defined track marks the line of this road and shows how many already frequent this popular resort.

8th. That the land in question is of no value whatever, except for purposes of public recreation, and that it is therefore most desirable that it should be set aside as a public recreation reserve.

Your Petitioners humbly pray that your Honorable House will take the matter of this most important Petition into your most favourable consideration.

And your Petitioners, as in duty bound, will ever pray.

[Here follow 225 signatures.]

G. A. CURRER.

I James Hicks of North Bulli in the Colony of New South Wales farmer do solemnly and sincerely declare that I am seized for an estate in fee simple of all that piece or parcel of land containing by admeasurement three hundred acres situate in the county of Cumberland and parish of Southend at Bulli in the said Colony Commencing on the beach and bounded on the south by a line bearing west sixty chains on the west by a line bearing north forty chains on the north by a line bearing east eighty-seven chains to the sea-coast and on the east by the sea-coast to the point of commencement which land (including all improvements) is of the value of six hundred pounds and no more, and is the whole of the land originally granted to Robert Marsh Westmacott by Crown grant under the hand of Sir George Gipps Knight Governor of the Colony dated the eighteenth day of October 1839. And I further declare that I verily believe there does not exist any lease or agreement for lease of the said land for any term exceeding a tenancy for one year or from year to year also that there does not exist any mortgage lien writ of execution charge or encumbrance will or settlement or any deed or writing contract or dealing (other than such lease or tenancy as aforesaid) giving any right claim or interest in or to the said land or any part thereof to any other person than myself. And I further declare that there is no person in possession or occupation of the said lands adversely to my estate or interest therein except as to about two acres of the said land at the south-east corner thereof which is in the possession of James Kennedy who also claims about 12 acres of the said land along the southern side thereof and the whole of the said land except as aforesaid is in my occupation and that the owners and occupiers of adjacent lands are as follows:—On the north George Somerville of Bulli aforesaid is owner and occupier on the west Charles Powell of Bulli aforesaid is owner and occupier and on the south James Kennedy is owner and occupier and that there are no deeds or instruments of title affecting the land to which the application relates in my possession or under my control other than those enumerated in the schedule hereto. And I further declare that I was married to my present wife on the tenth day of November, 1834. And I make this solemn declaration conscientiously believing the same to be true.

Dated at Sydney this 13th day of April 1865.

Grantee—Robert Marsh Westmacott. Date—18th October, 1839. County Cumberland, 300 acres.

VICTORIA by the Grace of God of the United Kingdom of Great Britain and Ireland Queen Defender of the Faith and so forth.

To all to whom these presents shall come greeting:—

Know ye that in order to promote the due settlement of our territory of New South Wales and in fulfilment of a promise made on or before the thirtieth day of April one thousand eight hundred and twenty-seven by His Excellency Lieutenant-Governor Sir Ralph Darling as Governor thereof and in consideration of the quit

quit rent hereinafter reserved and of the price of the redemption of the same we of our special grace have granted and for us our heirs and successors do hereby grant unto Robert Marsh Westmacott of Bulli Illawarra his heirs and assigns subject to the conditions reservations and provisos hereinafter mentioned All that piece or parcel of land in our said territory containing by admeasurement three hundred acres be the same more or less situated in the county of Cumberland and parish of Southend at Bulli: Commencing on the beach and bounded on the south by a line bearing west sixty chains on the west by a line bearing north forty chains on the north by a line bearing east eighty-seven chains to the sea-coast and on the east by the sea-coast to the point of commencement being the land promised to William Chippendale on or before the date above mentioned in fulfilment of a promise made to him by Sir Thomas Brisbane 29 November 1825 and possession authorized on 1st January 1831 as a small grant in lieu of the like quantity of which he received possession on 13th October 1829 being also the land advertised as No. 382 in the Government notice dated 14th June 1839 in favour of the said Robert Marsh Westmacott at the request of the promisee to be called "Clifton." With all the rights and appurtenances whatsoever thereto belonging To hold unto the said Robert Marsh Westmacott his heirs and assigns for ever Yielding and paying therefor yearly unto us our heirs and successors the quit rent or sum of two pounds and ten shillings sterling for ever from the first day of January one thousand eight hundred and thirty-seven unless the same shall be redeemed by the said grantee his heirs or assigns within twenty years from that date at the rate of twenty years purchase Provided nevertheless and we do hereby reserve unto us our heirs and successors all such parts and so much of the said land as may hereafter be required for a public way or public ways in over and through the same to be set out by the Governor for the time being of our said territory or some person duly authorized in that respect And also all stone and gravel all indigenous timber and all other materials the produce of the said land which may be required at any time or times hereafter for the construction and repair of ways and bridges for naval purposes and for public works together with the right of taking and removing the same And also all land within one hundred feet of high-water-mark on the sea-coast and on every creek harbour and inlet And also all mines of gold and of silver with full and free liberty and power to search for dig and take away the same And also the right of full and free ingress egress and regress into out of and upon the said land for the several purposes aforesaid And we do further reserve unto us our heirs and successors full power for us or our successors or for the Governor for the time being of our said territory to resume and take possession of all or any part of the said land not hereinbefore reserved which may be required at any time or times hereafter for any public purpose the value of the said land not hereinbefore reserved or for so much thereof as shall be so required and of any building standing on the said required land being paid by the Government to the party entitled thereto at a valuation fixed by arbitrators chosen as hereinafter mentioned And we do hereby declare that in every case of arbitration which may arise under and by virtue hereof one arbitrator shall be chosen by the Governor for the time being of our said territory and one by the then owner or owners of the said land which two arbitrators (before they enter upon the said arbitration) shall elect a third as umpire who shall determine any disagreement between the two said arbitrators But if the owner or owners of the said land shall refuse or neglect to choose an arbitrator on his her or their part within one calendar month after being required so to do by public advertisement in the Government Gazette or otherwise then both arbitrators shall be chosen by the Governor for the time being of our said territory which arbitrators shall also elect an umpire in the manner above mentioned Provided always that if the aforesaid quit rent shall be at any time unpaid for the space of twenty days after the same shall become due (although no formal demand shall have been made thereof) it shall be lawful for us our heirs and successors by our Governor for the time being of our said territory or other person duly authorized in that behalf to re-enter upon the said land or any part thereof with its appurtenances and thence to remove the said grantee his heirs and assigns and to hold the same and the rents issues and profits thereof to have receive and take to and for the use of us our heirs and successors until we or they shall therewith and thereby be fully paid and satisfied the quit rent due thereon and every part thereof and all arrears of the same due at the time of our said entry or which shall accrue due during the time of our possession by virtue thereof together with all costs and charges attending the non-payment of the said quit rent and our entry upon the said land Provided also that if the fees payable on this our grant be not paid and the grant claimed by the said grantee or some person lawfully authorized on his behalf within six calendar months after notice of its being ready for delivery shall be given in the Government Gazette or otherwise Or if the conditions reservations and provisos herein contained or any part thereof be not duly observed and performed by the said grantee his heirs and assigns then the said land shall be forfeited and revert unto us our heirs and successors and these presents and every matter and thing herein contained shall cease and determine and become absolutely void to all intents and purposes And it shall be lawful for us our heirs and successors by our Governor for the time being of our said territory or other person duly authorized in that behalf to re-enter upon the said land or any part thereof and the said grantee his heirs and assigns and all occupiers thereof therefrom wholly to remove In testimony whereof we have caused this our grant to be sealed with the seal of our said territory.

Given under the hand of Sir George Gipps Knight our Captain-General and Governor-in-Chief of our said territory and its dependencies at Government House Sydney in New South Wales aforesaid this eighteenth day of October in the third year of our reign and in the year of our Lord one thousand eight hundred and thirty-nine.

Contract of Sale—J. Wedderburn to J. Hicks.

Sydney, 4 November, 1858.

I HAVE this day sold to James Hicks, of Fairy Meadow near Wollongong, three hundred acres of land more or less, situate in Bulli, in the county of Cumberland, known as Chippendale's Farm, for the sum of six hundred pounds payable in cash, on execution of the conveyance by me. The abstract of title to be delivered by me to the purchaser, who is to prepare his own conveyance and send it for approval to my solicitors, Messrs. Bradley and Jones, within a fortnight from this date.

The purchaser is to take his conveyance under my power of attorney to Geo. King of Sydney, merchant; and I am not to be bound to produce or covenant for the production of or to obtain covenant for the production of any deeds or writings not in my possession, and any attested or other copies which the purchaser may require are to be obtained at his expense.

In case any objection or requisition should be made which I may be unable or unwilling to remove or comply with, I am to be at liberty to cancel this contract, and upon return of the deposit not any claim is to be made upon me for interest costs or damages or expenses whatsoever.

All deeds and papers relating solely to the land sold will on completion be handed to the purchaser, and I will covenant at his expense in the usual way for the production of such as relate to other lands.

JOHN WEDDERBURN,
by his attorney, G. KING.

Received a deposit of fifty pounds sterling (£50) on account of this purchase, from the aforesaid James Hicks.

(808.)

THE production of the original deeds set out on the abstract A. J. Wedderburn's title. 8 April, 1865.
T. B. Rolin, Esq.

Additional Requisitions.

1st. The power of attorney from Wedderburn, under which Mr. Geo. King executed conveyance to the applicant, should be produced.

2nd. There should be some verification of the fact recited in that conveyance, that Robert Scott was a mere trustee for Wedderburn, or otherwise his estate as mortgagee would have passed to the official assignee of Scott, whose estate was sequestrated. Mr. D. C. F. Scott will, it is believed, be able to afford this evidence, and he is the more fitted to do so as he has purchased the residuary assets of his late brother's estate.

3rd. Dower on any wife of John Wedderburn should be negatived, or will be noted on the certificate.

 Deposited, 29 November, 1858. Wedderburn to applicant—conveyance to Geo. King, his attorney.
 Search made to 15th instant.—W.B.

The application discloses that there is a dispute as to the southern boundary, and that the owner of the adjoining land has fenced in a portion of land, about 2 acres, which the applicant considers to be within his grant. In the issue of certificate the measurements of the grant may be followed and this disputed question left *in statu quo*. The Examiners however recommend service of special notice on the adjoining owner under the circumstances. We recommend this property to be passed under section 16, subject to dower in any wife of J. Wedderburn unless negatived.

Application No. 808—James Hicks.

Sir,

Registrar General's Department, Land Titles Office, Sydney, 9 June, 1865.

The above application has been made by Mr. James Hicks to bring 300 acres of land at Bulli under the provisions of the Real Property Act 26 Vic. No. 9.

By the 17th section of this Act it is enacted that the Registrar General may cause notice to be served personally on any person who may appear to have any interest in the land sought to be brought under the Act.

The applicant states that one James Kennedy is in possession of two acres, and claims twelve acres along the southern boundary of the land claimed by Mr. Hicks.

The Commissioners have directed me to forward to you a letter containing a notice, with tracing of the property, in order that you may cause the bailiff of your Court to make personal service on the person to whom the letter is addressed.

I also enclose a notice and tracing of the land, for the use of the bailiff.

You will have the goodness to procure the signature of the bailiff to the enclosed declaration as to the service of the notice.

The usual fee will be paid by this office.

I am, &c.,
E. G. WARD,
Deputy Registrar General.

No. 4.

Conveyance—J. Holt to Daniel Cooper.

To ALL to whom these presents shall come, I, Francis Graham Moon, Lord Mayor of the city of London, do hereby certify that on the day of the date hereof personally came and appeared before me, Robert Shuttleworth Gregson, named in the declaration hereunto annexed, being a person well known and worthy of good credit, and who did before me solemnly and sincerely declare to be true the several matters and things mentioned and contained in the said annexed declaration, pursuant to an Act of Parliament passed in the sixth year of the reign of King William the Fourth.

In faith and testimony whereof, I, the said Lord Mayor, have caused the seal of the office of Mayoralty of the said city of London to be hereunto put and affixed, and the indenture marked A, mentioned and referred to in and by the said declaration to be hereunto also annexed. Dated in London the twenty-first day of December, in the year of our Lord one thousand eight hundred and fifty-four.

REYNAL

I, Robert Shuttleworth Gregson, of No. 8, Angel Court, Throgmorton-street, in the city of London, gentleman, do solemnly and sincerely declare that the indenture bearing date the fifteenth day of December, one thousand eight hundred and fifty-four hereunto annexed, marked A, and made between James Holt, formerly of Sydney, in the Colony of New South Wales, but then residing in London, in England, Esquire, of the one part, and Daniel Cooper, of Sydney, aforesaid, merchant, of the other part, was duly signed, sealed, and delivered by the said James Holt, in the presence of Edward Eagar, of No. 4, Henrietta-street, Covent Garden, London, and me, the said Robert Shuttleworth Gregson, on the fifteenth day of December, one thousand eight hundred and fifty-four; and I further declare that the names Edward Eagar and Robert S. Gregson, thereto subscribed and set as witness to the execution thereof, are respectively of the proper hands writing of the said Edward Eagar and me, the said Robert Shuttleworth Gregson.

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of an Act made and passed in the sixth year of the reign of His Majesty King William the Fourth, intituled, "An Act to repeal an Act of the present Session of Parliament intituled 'An Act for the more effectual Abolition of Oaths and Affirmations taken and made in various Departments of the State and to substitute Declarations in lieu thereof and for the more entire suppression of voluntary and extra-judicial Oaths and Affidavits and to make other provisions for the abolition of unnecessary Oaths.'"

ROBERT GREGSON.

Declared at the Mansion House, London, this 21st day }
of December, 1854, before me,—

F. G. MOON, Mayor.

THIS indenture made the fifteenth day of December in the year one thousand eight hundred and fifty-four between James Holt formerly of the city of Sydney in the Colony of New South Wales but at present residing in London in England Esquire of the one part and Daniel Cooper of Sydney aforesaid merchant of the other part Whereas by an indenture of release bearing date the twenty-eighth day of March one thousand eight hundred and forty-six made between Joseph Roberts and Martha his wife of the one part and the said James Holt therein described as late of Sydney aforesaid but then in parts beyond the seas of the other part the land and hereditaments hereinafter described and released were for the consideration therein mentioned conveyed unto the said James Holt and his heirs to such uses upon such trusts and in such manner as the said James Holt should by any deed or deeds appoint and in default of appointment to the use of the said James Holt his heirs and assigns for ever And whereas the land described in the above in part revoked indenture was purchased for and with the moneys of the late Daniel Cooper the elder of London and was conveyed to the said James Holt as a trustee for the said Daniel Cooper as the said James Holt doth hereby admit and acknowledge and whereas the said Daniel Cooper the elder duly made and published his last will in writing bearing date on or about the fourth day of March one thousand eight hundred and fifty-two and thereby after making certain specific devises of his real estate but which did not affect the devise hereinafter mentioned the said testator gave and devised his residuary real estate (except trust estates and mortgages) subject to any annuities or other charges payable thereout or charged thereon to the use of the said Daniel Cooper party hereto his heirs and assigns for ever And whereas the said testator departed this life on or about the third day of November one thousand eight hundred and fifty-three and whereas the hereditaments hereinafter described and released form part of the said testator's said residuary real estate and whereas the said Daniel Cooper party hereto as such devisee of the said residuary real estate as aforesaid hath requested the said James Holt to appoint and convey to him the said land hereditaments comprised in the hereinbefore in part recited indenture which he hath agreed to do in manner hereinafter mentioned Now this indenture witnesseth that he the said James Holt in exercise and execution of the power of appointment given and granted to him by the

Letter attached to Faucett's Plan.

THE south-west corner of Mr. J. Kennedy's land is clearly defined by a black-butt tree marked on its four sides marked A on the plan: Proceeding from this corner pin and following down the southern boundary line, which is eligibly marked throughout, to its eastern point; commencing again at the south-east corner and running the line 2,600 chains at right angles with the southern boundary; on this line I come in contact with a fence erected by Mr. J. Hicks, cutting off at one end 3.48 chains of flat alluvial land; this fence is marked E and dotted red. Should this line be carried through, as intended by Mr. Hicks, it will deprive Kennedy of 18 acres 0 roods 28 perches of his richest land. To prove the correctness of this survey, I have measured across the head 2,600 to the north-west corner pin; I then measured across the land at the place marked BC on the plan 2,600; I then ran the north line down parallel with the southern line, and arrived at the points C and F.

I HEREBY acknowledge that the fence I have erected adjoining my south boundary is incorrectly placed, and that it is on James Kennedy's land. I undertake on request to remove same, and to place it on my proper boundary, the south-east corner, of which I declare to be a point as marked out by Mr. Faucett, and as delineated on the within map, being nearly mid-way between the two creeks, near three honeysuckle trees. I also agree to the boundary line as between myself and Kennedy as shown on the within map, and which is 26 chains in a direct line from Garraghty northern boundary.

THERE appears to have been some dispute about the northern boundary of this land. The applicant should be informed that, unless a survey is furnished by a surveyor licensed under the R. P. Act, the new certificate of title will issue and be just the same as contained in the old grant. A survey of the whole grant showing existing improvements along the boundary-line would be more satisfactory, and would remove all doubts for the future respecting the boundaries.

Some leases and agreements for sale produced are these disposed of.

Declaration of Mr. R. Waring.

I, RICHARD WARING, of Wollongong, solicitor, do hereby solemnly and sincerely declare as follows:—I am the attesting witness to a deed or agreement dated the 25th day of October, 1861, made between James Kennedy of Bulli, farmer, of the one part, and John White of the same place, yeoman, and which deed or agreement related to a proposed sale of Roberts' 160-acre grant at Bulli. I was present when the said James Kennedy and John White signed the said deed or agreement; I was present also when the said James Kennedy signed the receipt for eight hundred pounds attached to said deed or agreement. I declare that the said John White did not pay the said sum of £800 to said James Kennedy, the deed being signed by Kennedy on the understanding that it was to be given up only on payment of said sum of £800, and which was not then paid nor to the best of my belief has not since been paid. And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of an Act made and passed in the ninth year of the reign of Her present Majesty, intituled an "Act for the more effectual abolition of Oaths and Affirmations taken and made in various Departments of the Government of New South Wales and to substitute Declarations in lieu thereof and for the suppression of voluntary and extra-judicial Oaths and Affidavits."

Case No. 992.

Waterloo Warehouse, Sydney, 28 August, 1865.

Sir,

In reply to your letter of 25th instant, I have the honor to state the following:—

1. The power of attorney, Sir Daniel Cooper to Thomas Buckland, Esq., I have produced, and it has been perused by the Commissioners and returned to me.

2. Amongst the other papers handed in with Kennedy's deeds, you will find there is a plan prepared by Mr. Benjamin Faucett, of Wollongong, surveyor, and which particularly shows the boundary-line between Kennedy and Hicks, and which is 26 chains from Garaghty's northern boundary as delineated on said map. And by an endorsement on the map itself, Mr. Hicks has declared it to be correct, and as truthfully setting out the said line, and which he declares is 26 chains from Garaghty's said northern boundary; and as said northern boundary of Garaghty's was fenced at the time, and has been fenced for a great number of years, nothing can be a better starting-point. Hicks, moreover, declares Kennedy's north-east corner, on the beach, to be midway between two creeks, and near three honeysuckle trees, and I do not see how the line can be clearer or better shown than by this plan and declaration.

On Kennedy's behalf, therefore, I beg to request that he may not be required to incur the expense of another survey where it has already been so carefully done at an expense of six guineas to Kennedy, and the boundary definitely settled, giving Kennedy, who has acted throughout in a most *bona fide* manner, simply the land—26 chains across—he is entitled to hold, as deriving through the grantee Roberts.

I have, &c.,

Statutory Declaration by J. Kennedy.

I, JAMES KENNEDY, of Bulli, farmer, do hereby solemnly and sincerely declare as follows:—Through the agency of Mr. T. S. Harwood, I agreed to sell to Mr. John White my farm at Bulli, known as Roberts' 160-acre grant, for the sum of £4,000, £800 in cash and the balance to be paid in three years. At Mr. Harwood's request I signed an article of agreement to the above effect, as also a receipt for £800, although neither the said John White nor the said T. S. Harwood paid to me the said £800, or any sum of money on account thereof; it being understood at the time that I signed the deed simply as a matter of form to enable them to declare themselves owners, in order to them endeavouring to get up a Company to mine for coal on said land. No portion of the said agreement has been fulfilled by the said John White, or by any person on his behalf, and I declare that the same is void through non-performance on White's behalf; and moreover, that since the date of said agreement, Harwood and White having failed to get up a Company, no claims in respect to such agreement have ever been made on me: And I make this solemn declaration, conscientiously believing the same to be true, and by virtue of the provisions of an Act made and passed in the ninth year of the reign of Her present Majesty, intituled "*An Act for the more effectual abolition of Oaths and Affirmations taken and made in various Departments of the Government of New South Wales and to substitute Declarations in lieu thereof and for the suppression of voluntary and extra-judicial Oaths and Affidavits.*"

4. That until the remainder of the said purchase money shall be paid off the said Kennedy shall occupy the said lands and cultivate the same for his own use and benefit in such manner as he may think proper doing no damage to or interfering with the works connected with the said coal mine or roads thereto and said Kennedy and his servants shall not at any time cut down any standing timber except for the purpose of fencing the boundary-line of the said land about sixty or seventy rods Provided however that not any new cultivation shall be commenced by Kennedy upon any portion of the said land of which he shall receive notice in writing from White of an intention to occupy by any road or other work or building connected with the said intended mining operations.

5. The said Kennedy shall have the option of taking off any crop or crops of wheat or other grain which may happen to be upon the said land hereby agreed to be conveyed at the time of completion of the purchase or the value thereof shall be paid for by White to Kennedy and in case they shall not agree upon the sum to be paid for the same such sum shall within seven days next after request in writing by either of the said parties delivered at or addressed through the Post Office to the last known place of abode of the other of them be referred to the arbitration of two indifferent persons one to be named by each of the parties and a third to be by them named before entering upon the business of the reference and in default of either of the parties named as an arbitrator within seven days after such notice the subject of difference may be referred by the other of the parties to the arbitration of two indifferent persons to be by him alone named (of which immediate notice shall be given to the other of them) who may appoint such third person as umpire as aforesaid and in case such first referees cannot agree and shall neglect to appoint an umpire for the space of one calendar month he shall be appointed by the Attorney or Solicitor General for the time being on application of either of the parties for that purpose and the award of the said arbitrators and umpire or of any two of them shall be conclusive upon all persons interested therein so that the same be made in writing under their hands and seals within one calendar month after reference to them and each of the said parties shall obey the said award in all things and the submission shall be made a rule of Her Majesty's Supreme Court of New South Wales and the said parties respectively will submit to be examined upon oath relative to the matters referred and produce to the referees all accounts and papers in their respective custody or power concerning the same and further that if any action suit or other proceeding be commenced by either of the parties against the other of them who shall have made such request for a reference as aforesaid such request may be pleaded in bar and shall be a bar to any such action suit or proceeding and moreover that in case no award shall be made within the time herein before appointed for that purpose the Court in which any suit to be commenced by either of the said parties for that or other purpose shall be dependent may exercise all the personal authorities of the said arbitrators and umpire and the order of such Court whether judicial or extra-judicial shall be binding upon all parties.

6. That Kennedy shall not fell timber nor grant leases nor underlet the land or any portion thereof pending the completion of the contract.

7. That upon payment of the balance of the purchase money and interest Kennedy will at his own expense deduce and evidence a good title to the land and execute a conveyance of the same which shall be prepared at the expense of White and in which all necessary parties shall join so as to vest the land free from encumbrances in the said White his heirs or assigns for an absolute estate of inheritance in fee simple in possession.

In witness whereof the said parties to these presents have hereunto set their hands and seals the day and year first within written.

I, James Kennedy, of Bulli, near Wollongong, do hereby solemnly and sincerely declare that I served two letters purporting to be notices under the Real Property Act, marked outside, Land Titles Office, in case No. 992, one on Mr. Lahiff, at Wollongong, personally, and one on Mr. Faucett, by delivering same to Mrs. Faucett at Mr. Faucett's residence in Wollongong, he being absent at the time on the 25th day of May, 1866: And I make this solemn declaration, conscientiously believing the same to be true, and by virtue of the provisions of an Act made and passed in the ninth year of the reign of Her present Majesty, intituled "*An Act for the more effectual abolition of Oaths and Affirmations taken and made in various Departments of the Government of New South Wales and to substitute Declarations in lieu thereof and for the suppression of voluntary and extra-judicial Oaths and Affidavits.*"

Mr. J. Hicks to The Registrar General.

Sir,

Bulli, July 5, 1866.

In reference to the notice forwarded to me of the application of James Kennedy to have his land brought under the Real Property Act, I beg to state that I have no objection to a title being granted to him, fixing his northern boundary-line as published in your printed notice, viz.: Commencing at a point 26 chains north of Geraghty's land, and at a point nearly midway between two creeks, near three honeysuckle trees; but the line of fence he has erected in demarcation of the said boundary is in direct opposition of that description, as the accompanying sketch will clearly prove, and which I trust will receive your attention. Unfortunately Geraghty's south side-line is also a matter of dispute, so that it is impossible for me to decide this matter by that line; but M'Cauley's north line has been properly surveyed by a duly licensed surveyor, and left its owner in possession of a sufficiently definite description of the same.

For these reasons I humbly request that you order a survey before granting the said title, as I am willing to contribute one-half of the sums necessary to defray the expenses of the same, and I think Kennedy should contribute the remaining half, which survey must commence from M'Cauley's north line, and would finally settle a very important matter of dispute.

I am, &c.,

JAMES HICKS.

No. 29.

References to sketch.

LET the line AB represent the western boundary of reserved road also forming eastern boundary of three contiguous farms, viz.: those of M'Cauley, Miller, and Maddon, each being bounded by that line 22 chains, therefore the distance from A to B is 66 chains (3 x 22). Let CD represent the eastern boundary of reserved road also forming western boundary of three contiguous farms, viz.: those of Rose, Geraghty, and Kennedy, each being bounded by that line 14.26, and 26 chains respectively; therefore the distance from C to D is 66 chains, also 14 x 26 x 26. Therefore the line AB is equal to the line CD.

But CD commences on a point 1 chain south of AB, and therefore must terminate 1 chain south of it also; the reserved road between Kinahan's and M'Cauley's land being 1 chain in width.

The dotted line GH showing the line of fence in course of erection by J. Kennedy will terminate in point G, 1 chain north, instead of 1 chain south of B, thus encroaching upon my land to the extent of 2 chains.

And further, in a letter I received from the Land Titles Office, my land is described as being bounded on the west by a reserved road and continued line, &c. Then if the line GH be Kennedy's northern boundary, the first clause of that definition is rendered null and void. But it is not. Again referring to your description of his northern boundary, viz.: 26 chains north of Geraghty's land at a point nearly midway between two creeks, &c. He has entirely disregarded the former clause, adopting the latter only in erecting the line of fence. The line LK is 59 chains in length; the line DE is 65 chains in length. Now in measuring 26 chains north of Geraghty's land, the chain-line KF will cut the line DE in the point F (for it must be parallel to AB, and at right-angles to KL, as both AB and KF are bearing north), therefore a straight line connecting the points D and F, and produced to E, must be the northern boundary of Kennedy's land; for no point but F will fully answer your description; that is to say it is 26 chains north of Geraghty's land, and is about midway between two creeks. The dotted line GHI am ready to admit answers to the latter clause of the quotation, but fails to answer the former one; or in other words, it is midway between two creeks in its eastern termination between the mouths of these creeks, but it must be more than 26 chains north of Geraghty's land, and therefore I argue that the line DL must form the northern boundary of James Kennedy's land, and not the line GH as he maintains. I

I have also reason to believe that the lines bounding Geraghty's and Rose's lands on the south are incorrect also, owing to the obliteration of surveyor's marks, or other causes, but of M'Cauley's north line there can be no doubt, he being in possession of an authentic and definite description of it, so that a survey to be satisfactory must commence from that line.

I must apologize for this intrusion upon your valuable time, but at the same time urge as an excuse that 13 acres of the best of my land are at stake by this said dispute.

A definite description was written in this office of Kennedy's 160 acres, and Hick's 300 acres; it was written expressly to prevent future misunderstanding; was forwarded to and signed by each. It is quite unnecessary to reopen the question, Mr. Hicks having virtually agreed to the certificate we propose issuing to Kennedy.

To the Land Titles Commissioners,

Bulli, Woonona, 12 July, 1866.

With reference to the application of James Kennedy to have his land brought under the Real Property Act, I beg to request that you will order a survey to be made in accordance with the plan that has been sent to me from the Land Titles Office, before granting him a title.

The original marked line has been obliterated by clearing, and another substituted in direct opposition to the aforesaid plan, on the verbal delineation of his property, as issued in the notice from the Registrar General's Office. I therefore request that before his title be granted a proper survey be made by a competent surveyor.

Letter claiming compensation—Ellis & Co.

Sir,

89, Elizabeth-street, Sydney, 23 January, 1875.

On behalf of Mr. James Kennedy, of Bulli, we beg to give you notice that he claims compensation from the Assurance Fund for damage caused to him by a mistake of your officers or clerks in preparing his certificate of title, volume XXX, folio 59, under the following circumstances:—

Kennedy is the proprietor of J. Roberts's 160-acre grant; James Hicks is the proprietor of Chippen-dale's adjoining 300-acre grant. The descriptions in the original grants (now in your office) do not contain any mention of any reserved road as being the western boundary or part of the western boundary of these two grants, nor any reference to the parish map; in fact, the reserved road shown as such western boundary on the parish map and in the certificates of title afterwards issued to Kennedy and Hicks was not marked out till many years after the dates of these grants. In 1860, the boundary between the two farms being unfenced, a dispute arose between Kennedy and Hicks as to its position, Hicks having begun to fence in part of the land claimed by Kennedy as comprised in his grant. The land

was

If a mistake was made, it was in accepting Kennedy's description without a survey.

was measured by a Mr. Faucett, and the boundary line agreed to as shown on a plan prepared by him, and memoranda endorsed thereon signed by him and Hicks. This plan and endorsements are in your office [the Registrar General.] You will notice that it contains no mention of any reserved road as the western boundary. No such road, in fact, existed, whether it had *then* been laid out on the parish map or not; and the parties were, at all events, unaware that it had been reserved; and a definite natural mark, viz., three honeysuckle trees, was then and there agreed upon as the starting point, and an easterly line (it is not mentioned as due east) partly marked out by Faucett. This easterly line Kennedy proceeded to fence, and it remained for years the undisputed boundary between the parties. In 1865 Hicks applied to bring his 300 acres under the Real Property Act (application 808). On 10th August, 1865, Kennedy entered a caveat, on the ground that the description in the application was too indefinite and might include part of Kennedy's land. About the same time Kennedy lodged an application (No. 992) to bring his 160 acres under the Act by the description contained in his grant. Both parties attended before Mr. Dick, the then Examiner for Titles. Several times Kennedy produced the plan and agreement made before Faucett, and eventually both parties agreed that the boundaries shown by that plan should be adopted. Mr. Dick accordingly caused descriptions to be prepared and signed by Hicks and Kennedy. You will notice that in these descriptions appear for the first time the reference to a reserved road and the parish map; in fact, as Mr. Pearson, of your department, will inform you, this road, being then (1865) found on the parish map, was referred to in the description, to ensure, as it was thought, greater certainty. Kennedy had not the least suspicion that any words had been introduced into the description to vary its effect from that prepared by Faucett. Certificates were issued to both parties embodying these descriptions; but for some years afterwards they occupied according to the fence line as marked by Faucett, starting from the three honeysuckle trees. At last a dispute arose between them as to the expense of fencing the boundary, and Hicks discovered that a line due east* from the three honeysuckle trees would not fall 1 chain south of the northern end of the reserved road, but some distance to the north. He then brought an action for trespass against Kennedy. Mr. A. S. Huntley, plaintiff's surveyor, produced at the trial a plan of the *locus in quo* made by him from survey. It shows the fence on Faucett's line and the red line claimed by Hicks as the proper boundary. He stated in evidence that he had measured from the southern end of the reserved road, and marked off Rose's 60 acres and Gerraghty's 132 acres, giving each their proper frontage to the road, and then Kennedy's land; and that Kennedy's proper boundary, according to this system of measurement, was shown by the red line. He did not say that *grants* were occupied as shown by the red lines; on the contrary, he shows the occupation by the existing fences, by which it appears that Geraghty's northern boundary encroaches as much on what is stated to be Kennedy's, as Kennedy, according to this plan does on Hicks. But these fences indicate some forty years' possession; and the owner of Geraghty's land, not having obtained a certificate of title, is not bound by the parish map. If, therefore, Huntley's view is correct, Kennedy is deprived by Hicks of some 30 acres on one side which he cannot get back on the other. You will observe that Huntley determined the *southern* end of the reserved road by its junction with another road running along the coast. Now in 1860, when the parties with Faucett agreed upon the line to be adopted as the grant boundary (which line all parties, including Mr. Dick, thought they were following, by the descriptions prepared for the certificates) this coast road was not laid out, and did not exist even on paper. It is a parish road made some years afterwards. On the trial Hicks obtained a verdict for 40s., and on motion for a new trial the Judges held that Kennedy was bound by the reference to the parish map and roads shown thereon in his certificate; the Chief Justice intimating that, but for such reference (as indeed there can be no doubt), the decision would have been the other way.

Under these circumstances we submit that a mistake was made in inserting the reference to the parish map and the reserved road, by means whereof Kennedy loses about 30 acres of his best cultivated land, containing his farm improvements, &c. It is quite possible that the intersection of the coast road (made *after* Hicks and Kennedy had agreed to their boundary as shown by Faucett) with the reserved road *does not* show the southern boundary of Rose's grant, and that that boundary should, in accordance with the old fenced lines, be a little further north. Be this as it may, Kennedy is bound by the reference in his certificate to the plan to accept it as correct. It is obvious that the line established by the verdict is not that to which the parties agreed fourteen years ago; that Kennedy was quite unaware that his certificate was not in accordance with his application, and that he signed the description prepared in your office in good faith, thinking, as he was told, that they agreed with Faucett's plan and his possession. We hope, therefore, that you will feel yourself justified in reporting favourably on Kennedy's claim. He has lost nearly 30 acres of land, and been put to great expense. All the facts above stated either were given in evidence on the trial, appear on record in your office, or are known to Mr. Pearson.

We have no doubt we could obtain a certificate of the correctness of our conclusions therefrom from counsel on both sides (both now out of town).

Will the Examiner of Titles have the goodness to report on this case.—E.G.W., 4/2/75.

Draftsman will be good enough to state facts.—G.B., 5 February, /75.

The draftsman having reported hereon, we have only to say: 1st. We are personally unconnected with the application upon which was indorsed the certificate mentioned below. 2nd. We are forcibly struck by the fact that the description in certificate of title, volume XXX, folio 59, of which Mr. Kennedy complains, is that to which he himself agreed in writing. 3rd. So far, therefore, as any opinion is sought from us concerning the claim for compensation, we beg to report against it.—W. B. JONES, G. BURTON, 9th February, 1875.

Reply 75/131, 11/2/75. Private plan showing south boundary of Mr. Hicks' (formerly R. M. Westmacott's) 300 acres, parish Southend, returned to us.—16/2/75, ELLIS & MAKINSON, per C. J. O'CONNOR.

Faucett's plan shows the land as granted; it is no survey, but an enlarged copy of part of parish map.

Faucett shows the line to be due east and west.

The honeysuckle trees are not where they are represented to be by Faucett's plan.

West.

Not altogether so; he more particularly relied upon the north-east corner of J. Christison's 150 acres grant, the greater part of which is under the Act. When going to make this survey Mr. Huntley was requested by me to make this his starting point.

Required by the Act.

Faucett's plan shows that the line runs about midway between the two creeks, and is the grant line—the only line intended to be dealt with.—R.M.P., 8/2/75.

No. 36.

Report by Chief Draftsman.

IN *re* James Kennedy's application for compensation, I have to report on this case as follows:—Hicks was the first applicant (case 808) to bring his 300 acres under the Act. Before expiry of time for lodging caveat, one was entered by Kennedy, the adjoining owner on the south at the same time or thereabouts, bringing in his own 160 acres. In both instances application was made *only* for the land contained in the respective Crown grants deposited, the position of the land being shown by sketches taken from the Survey Office plan of the parish map. I have underlined the word "only," as this is a point of some importance, and will account for many subsequent acts by the department, and be made clear that the grant boundaries alone were treated with all through. A good deal of correspondence and several personal interviews ensued between applicants, Mr. Dick, and myself, relative to the land in dispute, and many attempts made by us to amicably settle their difference. Finally we requested them to furnish such a description of their respective pieces of land as they could mutually agree to. This was done, and certain words mentioned by Mr. Phillips, in his letter of 28th August, 1865, acting for Kennedy, were inserted in the descriptions, viz:—Midway between two creeks and near "three honeysuckle trees," *only on the supposition that the said trees were as shown by Faucett on his plan on the grant line.* At this time the actual extent of the encroachment was unknown to this office, both Mr. Dick and myself supposing the dispute to arise more from ill blood than actual loss of land. To ascertain the position of the encroachment and to show the line as agreed upon with creeks, &c., Kennedy was asked to furnish a plan of survey, Hicks to pay half. To this Mr. Phillips, for Kennedy, objected on account of expense, considering the agreement before mentioned sufficient without it. The plan by Mr. Surveyor Huntley, forwarded with Messrs. Ellis and Makinson's letter, clearly to me discloses the origin of the encroachment. The southern boundary of M'Auley's grant is fenced correctly, and in accordance with grant, but the northerly boundary seriously encroaches on Geraghty's 132 acres, and here the trouble commences, for Geraghty to get his area takes a slice from Kennedy, who again helps himself from Hicks. It is clear from this plan that both applicants applied for land that was not in their occupation. Had the survey asked for by letter of 23rd August, 1865, been insisted upon, the encroachments would have been disclosed, and the words "midway between, &c.," would never have been inserted in either agreement or certificate. The mistake from the commencement was the having anything to do with Faucett's plan, which now appears to be utterly valueless and untruthful, as showing the land in occupation of Kennedy and Hicks. For some few other remarks see margin to Messrs. Ellis and Makinson's letter.

No. 1.

Tender of Mr. F. Somers.

Tender No. 3, Feby., 1876. H.H. W.W.S. P.F.A. [N.] [Occupation Act, 1861.

Tender for a Lease of a New Run of Crown Lands—Second Class Settled or Unsettled Districts. In accordance with the provisions of the Crown Lands Occupation Act of 1861, and of the Regulations made in pursuance thereof, I, Fk. Somers, of 560 Crown-street, Sydney, do hereby propose to take a lease of the Crown Lands known as North Carragabal, in the district of the Lachlan, which lands are particularly described in the Schedule annexed in this tender.

2. And in consideration of such lease I am willing and hereby offer to pay yearly, in advance, the rent of the said Crown Lands, as the same may be determined by appraisalment under the said Act.

3. And I do agree that, in the event of this tender being accepted and of such acceptance being notified in the Gazette, I will within sixty days after such notification pay into the hands of the Colonial Treasurer, at Sydney, as and for the first year's rent of the said run, and pending such appraisalment as aforesaid, the sum of ten pounds, together with the sum of twenty pounds, being the assessment payable under the Increased Assessment and Rent Act of 1858; and also the sum of _____ sterling, by way of premium for the said lease, that is to say:—

	£	s.	d.
Rent, pending appraisalment	10	0	0
Assessment, do.	20	0	0
Additional yearly payment, offered by way of premium (if any)			
Total	£30	0	0

And in default of such payments, I agree to forfeit my deposit on this tender.

Given under my hand, this 14th day of January, A.D., 1876.

Reference to Commissioner for Report.

Sir,

Crown Lands Office, Sydney, 8 March, 1876.

I have the honor to transmit to you the accompanying abstract of tender opened on the 5th February for new runs stated to be in your district; and I have the honor to request that, as early as the nature of the duty will permit, you will report, for the information of the Honorable the Minister for Lands, on each tender, *separately*, as follows:—

1. Whether the tender comprises any land under lease or license, or under promise of lease or license, or applied for in any prior tender; or whether, after excluding any such land, sufficient will remain to constitute a run available for pastoral purposes.
2. Whether, in your opinion, it is advisable that any portion of the land tendered for should be withheld from pastoral lease for any public purpose.
3. Whether the description given in the tender correctly indicates the land tendered for, or sufficiently for its identification, or whether you would suggest that it should be amended.

No. 3 of Feb.
1876.
North Carraga-
bal. Fk. Somer

4. Whether the size and shape of the block are conformable to the 51st and 52nd sections of the Regulations, or if not, in what manner you would suggest that its area or boundaries should be modified.
5. Whether it will be necessary to procure water by artificial means.
6. If the description is altogether vague, or if you find it necessary to call upon the applicant to point out the boundaries described in the tender, and he fails to do so, you will report accordingly, to the end that the tender may be rejected.
7. If the land described in one tender be in fact identical with that comprised in any other tender, forwarded to you at the same time, you will report accordingly, and the tenders will be disposed of according to the respective amounts of premium offered.
8. If, however, it shall occur that two or more persons have thus applied at the same time for different runs, of which nevertheless part of one includes the whole or part of another, you should communicate with the applicants, with a view to an arrangement of the boundary by mutual consent; failing which, you will report in what particulars the respective tenders overlap one another, to the end that the matter may be referred to arbitration.
9. You will understand that your reports must in all cases be made after personal inquiry and examination, and that you will be held responsible for the actual boundaries of each run being so determined on the ground, prior to the acceptance of the tender for it, as to admit of recognition by applicants for adjoining lands, and of their applications being dealt with, without delay or risk of ultimate litigation.

Commissioner Futter to The Officer-in-charge, Occupation of Lands.

Sir, Crown Lands Office, Murrumburrah, 25 January, 1877.

Referring to the tender named in the margin, I have the honor to report that the country it indicates was originally included in the Carragabal Run, and apparently was also claimed by Wheogo, as shown in the enclosed correspondence.

A large portion of the country now forms part of the Wheogo Run, but whether this arrangement was sanctioned by the Government or not there is no record in this office to show. I do not quite see the grounds on which it is assumed the country is vacant, unless it is contended that as Carragabal has had a large block of country on the south side of the creek added to it, not included in the original description, it has no right also to the country on the north of the creek.

I have no knowledge whatever of the way in which this country was acquired by Carragabal, but consider that in any case the right of that run to the country to the north of the creek is indisputable, or, at least that it is only a question between that run and Wheogo, which question appears to have been settled by mutual agreement; and I therefore recommend that the tender of Mr. Somers be declined.

I have, &c.,

JOHN S. FUTTER,
Commissioner Crown Lands, Lachlan.

[Enclosures.]

Mr. F. F. Gibson to The Commissioner of Crown Lands, Binalong.

Sir, Bogo Bogalong, 5 October, 1865.

With reference to the runs Carragabal and Wheogo overlapping, I have the honor to enclose an amended description of the former, which if you will get put into effect will satisfy all parties concerned and finally settle the matter.

I also enclose a letter from the lessees of Wheogo agreeing to the proposed boundary.

I have, &c.,

Wheogo Station, 28 September, 1865.

We, the undersigned lessees of the Wheogo run in the Lachlan District, have arranged by mutual consent with Mr. F. Gibson, as agent for Mrs. Alice Gibson, lessee of the Carragabal Run, to make the boundary between the above runs as follows:—Commencing at the "long reach" and following the creek down to a point known as "Ben's yard," from thence by a line running north.

SOMERS's tender having been mislaid at Lands, after submission of Elliott's papers *re* claim for compensation, telegram to J. S. Futter, Esq., C.C.L. Lachlan, 20 March, 1877:—

Commissioner Futter to The Officer-in-charge, Occupation of Lands.

77/1,089—23 March.

Sir, Crown Lands Office, Murrumburrah, 22 March, 1877.

In compliance with the instructions contained in your telegram of the 20th instant, I have the honor to forward herewith copy of abstract of Fk. Somers's tender North Carragabal, another copy being retained in this office.

I have, &c.,

JOHN S. FUTTER,
Commissioner of Crown Lands, Lachlan.

I suppose this land is already under lease?—A.O.P., 22 March, 1877.

The papers giving decision in Gibson's case, Boga Bogalong and Carragabal, are not with me; probably with Mr. Pretious, *re* claim for compensation. Unless there is any action on those papers with which I am unacquainted, I have no reason to question the accuracy of Mr. Futter's views as set forth in his report of 25 January last.—E.D.

Office Memoranda in reference to 77/1,089.

Now that we have a copy of abstract of Mr. Somers's tender for a run called North Carragabal, perhaps Mr. Du Faur is in a position to verify Commissioner's report of 25 January last, 77/334.—G.M., 25 April, 1877.

Mr. Du Faur,—This tender may, I presume, be declined. Any further examination of survey necessary? Somers, per Hanson, for Cunneen propose, &c. (illegible).—A.O.P., 23 May.

Under the report of Mr. Commissioner Futter, there can be no doubt that the tender referred to should be declined.—E.D., 28/7/77.

Fk. Somers.

You will forward a report upon any documents which may exist in the local office not previously transmitted to this office, of date subsequent to acceptance of tenders.

A tracing will be
forwarded by to-
morrow's post.

You will be good enough to furnish any information you may have as to the position of the gum flat mentioned as the west boundary of the Wheogo Run.

Minute of Secretary for Lands.

Somers's tender for vacant country at Carragabal.

ANYTHING heard from Commissioner yet as to conflicting claims or promises? If not, submit case again with any further statements you may wish to make.—T.G., 8/10/77. Mr. Du Faur.

Acting Chief Officer's reply.

Of the land tendered for by Mr. Somers 10 sq. miles is included in description of Caragabal, which has been confirmed.

Wheogo Run claims west about 8 miles from Wheogo hut to a gum flat; this was an overlap with Caragabal—On the transposition of that run, mainly to the south side of the creek, the country claimed by Wheogo under the demand for lease in 48 was freed from dispute with Caragabal, but was not made vacant Crown Lands. If the gum flat to which Wheogo is undoubtedly entitled be situated 8 miles westward of the hut or more (of which fact I presume the local Commissioner has satisfied himself) fully one-half of the land tendered for by Mr. Somers (in addition to the 10 sq. m. already dealt with) would be included in Wheogo. In evidence of this view I submit enclosures to 77,334, showing that the alteration in position of Caragabal was made to obviate such known overlap in description; this was ratified by the local Commissioner and Officer-in-charge and the agreement which accompanied the letter of 5 Oct., 65 must be considered as part of the matter dealt with by the department, it having been duly lodged with the local Commissioner, who took subsequent action thereon.

Tregallana East, which is described vaguely as taking up all vacant land in that neighbourhood, though reported as "correctly described" by Mr. Commissioner Beckham in Feb., 58, covers in my opinion the N.W. corner of Mr. Somers's tender, the only remaining portion.

If it be said that Tregallana East is entitled only to the boundaries of Caragabal as held at the date of tender 58, it must be remembered that the shifting of Caragabal (done under authority, which has been upheld) encroached on the original boundaries of Tregallana East fully as much as it left additional country for it elsewhere. The whole matter was one of interchange carried out in the perfunctory manner which characterized Mr. Beckham's administration of the district throughout, but I submit that it is a matter which cannot at this long subsequent date be interfered with.—E.D., 10/9/79.

Minute of Secretary for Lands.

I DIRECT that Somers's tender be accepted for the portion of country indicated on paper herewith marked No. 1, subject to the production of any definite prior legal promise to lessees of Tregallana East.

T.G., 19/9/77.

No. 1. Commencing at the north-east corner of Caragabal Run, at a point north 3 miles from Ben's yards, on the Barbical Creek; thence in a line north about 4 miles; thence west about 3 miles; thence by the east boundary of Tregallana East Run, bearing south to the north boundary of Caragabal Run; and on the south by part of that boundary bearing east to the point of commencement. Estimated area, 75,000 acres.

Tregallana East. Tender accepted, 6 May, 1858. Caragabal Run modified in 1866. Communicated to Mrs. Gibson 30 May, 1867. Has any reply been received from Mr. Futter?—T.G., 10/10/77. Not yet.—E.D. Lease to issue if reply be not received by Monday next.—T.G., 10/10/77.

No. 14.

Messrs. Gibson Brothers to The Secretary for Mines.

Sir, Tiranna, Goulburn, 3 November, 1877.

We have received information that an application has been made by a Mr. Fred. Somers for a lease of Crown Lands deemed vacant by him and called North Carragabal. As the ground has been held by us as a part of the run East Tregalana we respectfully point out our claims and ask that the application may be declined, on the following grounds:—

1. That when the overlap of the Wheogo and Carragabal Runs necessitated the amendment of the description of Carragabal Run, we with Mr. Commissioner Beckham's approval, concluded that Carragabal would still form the southern boundary of East Tregalana and that there was no necessity to amend the description of East Tregalana, more especially as both runs were in our possession as tenants of the Crown.

2. That the adjustments of said boundaries of East Tregalana, Carragabal, and Wheoga, were made in a regular way by agreement with Messrs. E. S. Brown & Johnson the lessees of Wheoga and ourselves, sanctioned by the Crown Lands Commissioner of the district.

3. That the land which is now applied for has been appraised by Mr. Commissioner Futter, who has been over it and assessed it, and that we have always paid rent for said land.

4. That we have improved said land by fencing, tanks, &c., and have land thereon measured to us by right of such improvements.

5. That it would be unfair to us on all precedent hitherto carried out by the Lands Department, for in the whole matter referred to we have acted under directions of the Crown Lands Commissioner of the district in adjusting the overlapping and vague descriptions made by the first applicants for the runs referred to. We therefore hope you will favourably consider our objections to the new application.

We can substantiate by witnesses if required all we have stated in the foregoing.

We have, &c.,
GIBSON BROS.

Refer to Under Secretary for Lands, in whose department the matter is.—JOHN R., 7/11/77.

North Carragabal tender returned to me to-day by Under Secretary, undealt with by late Mr. Secretary Garrett.—E.D., 15/11/77.

This is a case in which I think the Government should protect the holders of old runs from any loss or damage to which the action of its officers may have rendered them liable.

It having become apparent that the claims to lease of Carragabal and Euroka Runs were in conflict, an agreement appears to have been entered into between the lessees to modify those boundaries in 1865, which was forwarded by Mr. Commissioner Beckham with a favourable report to the office and accepted by the Government, but the effect of such agreement on some adjoining blocks (held by the same lessees) was not brought under notice by the Commissioner or detected by the office—this was to exclude a portion of the country formerly covered by Carragabal from its amended description. By the wording of the description of Tregalana East, which was always bounded by Carragabal, this would fall into the latter run unless that be still held to be bounded by Carragabal as originally described—but another portion of Tregalana East was cut off (by the Commissioner's amended description) and added to Carragabal just equivalent to the area, on its other side, vacated by the latter run. There can be no doubt in my mind that the amendment proposed, and reported on by the Commissioner, was intended to leave all the runs in question (held by same parties) conterminous, and certainly not to exclude a small portion of about 5,000 acres from their midst. That the Commissioner was unable at that time, or neglected to make such clear, affords no warrant for such land being taken from its occupants twelve years afterwards and given to a new tenderer. I may add that the area in question is not sufficient to form an independent run, and has subsequently been almost wholly measured for sale.—E.D., 16 Feb., 78.

CROWN LANDS.

No. 1.

Application by Messrs. Wilson & Ranken to The Secretary for Lands.

Sir,

227, George-street, Sydney, 13 December, 1875.

On behalf of Mr. William Furlonge, lessee of the Balderogera Run, Wellington District, we beg to apply for the two reserves described hereunder. There are no reserves on this run, and the reserves applied for are absolutely necessary for its beneficial working.

We have, &c.,

WILSON & RANKEN.

Descriptions of Reserves proposed on Balderogera Run, Wellington District.

Area, about 2,000 acres. The Crown Lands within the following boundaries, viz.: Commencing at a point $\frac{1}{4}$ of a mile from the southern boundary of the Horse Paddock, on the Rocky Pond Creek, and extending up the said creek for $1\frac{1}{2}$ mile; also extending $\frac{1}{2}$ mile on the east bank of the creek and 2 miles on the west bank of said creek.

Area, about 2,000 acres. The Crown Lands within the following boundaries, viz.: Commencing at a point on the Little River, known as Reilly's Gate, and extending down that river for $1\frac{1}{2}$ mile, also extending for 2 miles on the east bank and $\frac{1}{2}$ mile on the west bank of the said Little River.

Minutes on No. 1.

These reserves are recommended to secure access to water from back country, pending the Commissioner's report.—A.O.P., 18 Dec., 1875.—T.G.

No. 4.

Application by Mr. T. Foran.

D. [Alienation Act, sections 13, 14, and 19.]

District of Molong.

No. 316 of 1877.

Application by Thomas Foran for the conditional purchase, without competition, of 640 acres, unimproved Crown Land.

Received by me, with a deposit of £160, this 9th day of August, 1877, at 10.15 o'clock,—

J. H. NISBET,

Agent for the Sale of Crown Lands at Molong.

Sir,

9 August, 1877.

I am desirous of purchasing, without competition, under the Crown Lands Alienation Act of 1861, the portion of unimproved Crown Land hereunder described, containing 640 acres; and I herewith tender the sum of £160, being a deposit at the rate of 5s. per acre on the area for which I apply.

I am, &c.,

THOMAS FORAN,

Goodrich.

To the Agent for the Sale of Crown Lands at Molong.

Description.

County of Gordon, parish of Warraberry, 640 acres, on the east side of Rocky Ponds Creek, adjoining the north side of James Carroll's conditional purchase of 400 acres, having a frontage to the creek downwards.

Minutes on No. 4.

Mr. Licensed-Surveyor W. B. Simpson to measure if unobjectionable.—H.E.W. (for Surveyor General), 7 Sept., 1877, B.C., 13/9/77. Transferred to Licensed-Surveyor Granter, 28th Dec., 1877.—W. B. SIMPSON.

No. 5.

Mr. R. P. Raymond to The Secretary for Lands.

Sir,

123, Pitt-street, Sydney, 17 October, 1877.

I am instructed by William Forlonge, Esq., to protest against the conditional purchase made at Molong on the 9th August last, by Thomas Foran, containing 640 acres, in the county of Gordon, and parish of Warreberry, as the land in question is embraced by a reserve supposed to be No. 140,* gazetted on 18th January, 1876.

I have, &c.,

R. PEEL RAYMOND,

Per H.O.R.

*See No. 2, date of Gazette, 21st January, 1876.

Minutes on No. 5.

Inform the writer of reference to the surveyor, then to Mr. Landers for despatch to Mr. Licensed-Surveyor W. B. Simpson, for report.—F. W. RUTTER (for Surveyor General), 27 Nov., 1877. Writer informed, 4 January, 1878. Returned to the Surveyor General, as these papers were placed by Mr. Licensed-Surveyor Simpson with other papers referring to Thomas Aubrey's conditional purchase 76-425. I furnished a report and sketch with my *letter of 25th instant, No. 78-94, and these papers should be placed with such report.—E. FISHER, District Surveyor, B.C., 28 November, 1878.

No. 6.

Mr. District-Surveyor Fisher to The Surveyor General.

Sir,

District Survey Office, Orange, 14 December, 1877.

Referring to *notification of 4th February, 1876, of water reserve 665, I have the honor to recommend that such reserve be re-proclaimed according to the following description, viz.:—County of Gordon, parishes of Rocky Ponds and Warraberry: Commencing at the point where the fence forming the southern boundary of the Horse Paddock crosses the Rocky Ponds Creek; and bounded thence by lines bearing east 40 chains, south 1 mile, west 2½ miles, north 1 mile, and east 2 miles to the point of commencement.

I have, &c.,

EDWARD FISHER,

District Surveyor.

*See No. 3.

Minutes on No. 6.

The fence referred to in the description is not known in the office. Mr. Fisher will be good enough to furnish a sketch showing the position of the proposed reserve.—R. D. FITZGERALD (for Surveyor General). Mr. District-Surveyor Fisher, 1 May, 1878.

Returned to the Surveyor General with a request I may be furnished with a tracing from county map, showing portions Nos. 3 and 16, parish of Rocky Ponds, county of Gordon, also Nos. 14, 15, and 16 in parish of Warraberry; also position of reserve No. 289 at junction of Rocky Ponds and Balderogery Creeks, to enable me to report whether this reserve No. 665 should be retained, as it appears there is a large extent of land reserved at this place.—E. FISHER, District Surveyor, B.C., 31 May, 1878.

Mr. Meares.—Let tracings be prepared without delay.—G.L., 10 June, 1878. *Tracing herewith; portions have only just been charted.—A.L.M., 19 Aug., /78. Mr. District-Surveyor Fisher.—G.L., B.C., 19 August, 1878.

*Not with original papers in consequence of not having been returned by Mr. Fisher.

No. 7.

Mr. Licensed-Surveyor Granter to The Surveyor General.

Sir,

Orange, 14 December, 1877.

(?) 4th. I do myself the honor herewith to draw your attention to the discrepancy in the description of water reserve 665, in the Gazette of (?) 8th February, 1876. It is described as Bolderogery Run, and in the pamphlet of reserves in the pastoral district of Wellington, it is described as on Catombil Run; a part of this reserve has been conditionally purchased by Thomas Foran, at Molong. I measured this conditional purchase as the applicant has considerably improved a part of it, and would suggest that the reserve be re-gazetted with the following description:—Starting at a tree marked (?) broad-arrow over R 655 on the eastern bank of the Rocky Ponds Creek, at the junction of that creek with the Parkes and Wellington Road; thence up the creek 1 mile; thence west crossing the creek about 2 miles; thence north 1 mile; thence east about 2 miles to the starting point.

(?) Broad-arrow over R. 665.

A description for charting will be more accurately seen from my plans of conditional purchases in that run. The plans will be transmitted in the course of a week or so.

I have, &c.,

JAMES GRANTER,

Licensed Surveyor.

Minutes on No. 7.

Referred for the consideration of Mr. District-Surveyor Fisher.—R. D. FITZGERALD (for Surveyor General). District Surveyor Fisher, 4 January, 1878. Returned to the Surveyor General, as I require tracings from Mr. Licensed-Surveyor Granter's plans to which he refers, especially that of Thomas Foran's conditional purchase, to enable me to report.—E. FISHER, District Surveyor, B.C., 14 January, 1878. Mr. District-Surveyor Fisher,—*Tracing of Thomas Foran's conditional purchase of 640 acres, portion 14, parish of Warraberry, county of Gordon, forwarded herewith.—J. W. ELLIS (for Surveyor General), 20 Oct., 1878.

*Similar to enclosure to No. 9.

*See No. 11.

Returned to the Surveyor General with my *letter of the 25th November, 1878, proposing amended boundaries for reserve No. 665. I have shown on tracing the original boundaries of this reserve as notified on 4th February, 1876, from which it is apparent that it included the greater portion of the frontage of portion No. 14, parish of Warraberry, county of Gordon. The reserve as now proposed will give ample access for lessees stock to the different parts of his run.—E. FISHER, District Surveyor, B.C., 25 November, 1878.

No. 8.

The Chief Commissioner to Mr. R. P. Raymond.

Sir,

Department of Lands, Conditional Sales Branch, Sydney, 4 January, 1878.

In reference to your communication* of the 17th October last, respecting the conditional purchase of 640 acres, made by Thomas Foran at Molong on the 9th August, 1877, I am directed to apprise you that the application was sent to Mr. Licensed-Surveyor W. B. Simpson on the 13th September, 1877, for his report and survey of the land should no objection exist, and on receipt thereof you will be further communicated with.

I have, &c.,

WM. BLACKMAN,

(For the Chief Commissioner).

*See No. 5.

No. 9.

Mr. Licensed-Surveyor Granter to The Surveyor General.

Sir,

Carcoar, 1 April, 1878.

I have the honor to transmit herewith the plan of one portion of land containing 640 acres, No. 14, in the parish of Warraberry, county of Gordon, applied for by Thomas Foran, under the 13th section of the Crown Lands Alienation Act of 1861, and surveyed in accordance with instructions* dated the 7th September, 1877, issued to Licensed-Surveyor W. B. Simpson. Date of survey, 28th November, (?) 1878; value of improvements, hut, £15; clearing, £40; total, £55. The applicant was resident during survey.

See Appendix A.

*See minute on No. 4. (?) 1877.

A great part of this portion is well adapted for agriculture; there is no permanent surface water on this portion, but some of the water-holes on the creek retain water during the greater part of the summer. Water can be obtained by sinking.

I have, &c.,

JAMES GRANTER,

Licensed Surveyor.

Minutes on No. 9.

Dealt with in Charting Branch.—W.H., 24 June, 1878. The reserve No. 665 has never been charted on the county map of Gordon, as the description is too indefinite. Mr. District-Surveyor Fisher has been requested to furnish a sketch showing the position of the reserve.—G. LEWIS, 7 Novr., 1878.

Mr. Houston.—The cancellation of reserve 665 has been recommended under a report from Mr. District-Surveyor Fisher, and the notification of a reserve to include 550 links from the north boundary of Thomas Foran's 640 acres, measured by Granter, and shown on enclosed sketch*.—G. LEWIS, 13 Decr., 1878.

*See one of the enclosures to No. 11.

Deputy Surveyor General.—Can the conditional purchase stand; as reserve 665 was notified on the 4th February, 1876, and although indefinitely described as regards its position on the county map, that reserve embraces partly the conditional purchase, since made, 9th August, 1877. That reserve has been cancelled, and another to be notified as above. The survey will have to be amended, excluding 35 acres.—T.H.L., 15 Jany., 1879.

I decide that the conditional purchase of Foran be included in a Validating Bill, and that the reserve be proclaimed as recommended by Mr. Fisher, District Surveyor.—J.H., 29/1/79.

No. 10.

Minute from Surveyor General to The Under Secretary for Lands.

[URGENT.] The position of reserve No. 665 being indefinite, the connection to the Horse Paddock being unknown in the office, and as conditional purchases may conflict with the reserve, it is submitted, for the consideration of the Secretary for Lands, that the defined area quoted in the margin, and situated on Rocky Ponds Creek, in the county of Gordon (being reserve 665), be reserved from lease pending report. About 1,000 acres.

Mr. District-Surveyor Fisher to The Surveyor General.

Sir,

Parkes, 25 November, 1878.

In reference to your instructions* of 1st May last, and 19th August, which, with other papers, I have the honor to return herewith, and would respectfully inform you I find Mr. Licensed-Surveyor Granter, when measuring portion No. 14, parish of Warraberry, county of Gordon, has included a portion of water reserve No. 665, as proclaimed on 4th February, 1876, and reports to that effect in his letter* of 14th December, 1877, and as I consider the lessee of this run should have access to the water in Rocky Ponds Creek, also to his leased lands on the head of such creek, and the Middle Arm Creek, I would respectfully recommend the proclamation of a reserve as shown on accompanying tracing, and set forth in accompanying description. * See minutes on No. 6.
* See No. 7.
Enclosed A.
Enclosed B.

2. I would also respectfully recommend that reserve No. 665, as notified on the 4th February, 1876, be revoked; and,

3. That Thomas Foran be allowed to retain the land to the south of the reserve, viz.:—from a point 20 chains south of an apple-tree marked broad-arrow over n 665, at the crossing of the fence forming southern boundary of Bolderogery Horse paddock, and the area, which will be taken from his conditional purchase, as measured by Mr. Licensed-Surveyor Granter, can be added at the back or to the east of portion No. 14.

4. There appears to be a spring at the north-west corner of portion No. 14, as measured, and Mr. Furlonge applies for access to this, which can be secured to him if the reserve, as now proposed by me, is proclaimed.

5. As there is a large area of Bolderogery Run, situated on the heads of the Rocky Ponds, Middle Arm, and Hyandra Creeks, the extension of this reserve southerly, as now proposed, is necessary to give the lessee of this run access to his leased lands, otherwise, as the land is likely to be selected, the settlers will prevent the lessee's stock from travelling across their conditional purchases or pre-leases.

6. If the reserve, as now proposed, should be proclaimed, Mr. Furlonge, junior, stated he would recommend his father to discontinue the action he has commenced against Thomas Foran for trespass on this run, also for obstructing the passage of stock across reserve No. 665, as proclaimed.

I have, &c.,

EDWARD FISHER,

District Surveyor.

Minute on No. 11.

Description prepared, also for No. 14, recommended to be reserved from lease as No. 157* on 16th December, 1878. * See No. 12.

Question.

BALDEROGERA Run—Billabong East Run :—Mr. Bowman asked the Secretary for Lands,—

(1.) For what reason and under what circumstances was portion No. 14 on the Balderogera Run withdrawn from lease for public purposes?

(2.) What is the definition of public purposes to which it is intended this withdrawal should apply?

(3.) What course do the Government intend to pursue in relation to the illegal selections of Woods and of Kelly on Reserve No. 576 on the Billabong East Run, county of Ashburnham?

Answer.

Mr. Hoskins answered,—

(1 and 2.) To prevent the possibility of the lessee bringing an action against a conditional purchaser whose selection might be considered as encroaching upon a reserve too indefinitely described to be placed upon the maps; which reserve it was therefore thought should not be a bar to conditional purchase.

(3.) It is proposed to include the selections in the Schedule of a Bill for legalizing certain conditional purchases.
